32nd ANNUAL

OCT. 7th and 8th

Editors Note - The Clarendon Press wishes to apologize for not having pictures of the Hedley Cotton Queen candidates and the first bale of cotton pulled in the county. The film was misdeveloped and the pictures were ruined.

THIS BRONCHO is on his way to a touchdown.

Jack Nevins pulls first bale of cotton

Damp cold winds brought near freezing temperatures to Donley County, Tuesday, September 20 as a cold front moved into the area. The high Monday, September 19 was a scorching 94 degrees, when the cold front moved in dropping temperatures to a high of 60 and a low of 35 degrees on Tuesday. This brought Mr. Jack Frost's earliest visit to the county on record, according to Clarendon weatherman, Tommie Saye.

"The cold weather didn't damage the cotton," gin manager, W.B. Wiggins stated. "The hot hot, over 100 degrees weather for several days in a row with no rain hurt the cotton worse," said Virgil McPherson.

The weather didn't stop Mr. and Mrs. Jack Nevins from hand pulling Hedley's first bale of cotton. West Texas Gin ginned the bale September 23 with Virgil McPherson running the

suction. The cotton bale weighed 580 pounds, had 900 pounds of seed and was ginned from 2220 pounds of seed cotton.

It took four acres of cotton and 4 days for the Nevins and their helpers to pull the first bale.

The cotton will be bought by the Hedley Lions club and will be given away to some lucky ticket holder at the Hedley Cotton Festival, October 8th.

Howardwick revival Oct. 9-13

Bro. Jack Medford, an associate Evangelist with the Jimmy Netter Evangelistic Association of Fort Worth, Texas will be the preacher in the Revival at First Baptist Church, Howardwick, Sunday through Thursday, October 9-13.

Bro. Jack Medford and his wife, Thelma, live at Azle, Texas. They travel in their motor home to the churches where they give themselves in Service to the Lord, "Sowing God's Seed."

Everyone is invited to attend the services, Sunday morning at 10:45, Sunday night at 7:00 and each evening, Monday through Thursday nights at 7:00 p.m.

Bro. Al Burleson of the Howardwick Church will be leading the singing and Shelia Wade of Lelia Lake will be at the piano.

Come and enjoy the Fellowship and take a part in the music programs and hear Bro. Jack Medford as he brings a message from the Lord. He is a dedicated Evangelist.

Firemens Auxiliary to form

Several Clarendon Firemen's wives have expressed an interest in forming a firemen's auxiliary for our city fire department. The auxiliaries that have been formed in other towns have done much to assist their city fire departments. The Clarendon Firemen's Auxiliary wants to assist in projects such as Fire Prevention Week, provide food and drink when our firemen are fighting fires, assist in emergencies, help families who have had losses due to fire, and provide items for the fire department or ambulance, and help with equipment replacement. An effective auxiliary will work closely with the fire department to assist when and where they are needed.

On Monday, October 3rd at 7:30 p.m. there will be an organizational meeting at the fire station. All interested firemen's wives, EMS personnel or spouses are encouraged to attend.

Notices

ATTENTION RESIDENTS AND FORMER RESIDENTS OF Windy Valley community

There will be a reunion held at the Clarendon Community Center on October 9. Registration begins at 9:30 a.m. Potluck lunch will be served at 12:30. Everything will be furnished except your own covered dish of food.

Come enjoy a great meal, fellowship and lots of memories. See you there!

BAZAAR & GARAGE SALE Clarendon Masonic Hall Saturday, October 1st 9:00 a.m. to ??

Students must pick up tickets

Clarendon School students need to pick up their tickets for the Clarendon and Childress football game at either principal's office before the game Friday. If you don't pick up your ticket for \$1.50 at the principal's office you will have to pay \$2.50 at the gate. This applies to the Clarendon and Childress game only.

Community Action still has butter

Community Action office still has some butter left. For those who have not got their butter this month come by the office either Thursday or Friday and pick it up. The same rules apply to the butter as it did last week.

Hedley Lions Club Chili

A chili supper will be served by the Hedley Lions Club beginning at 5 o'clock Friday, October 7, 1983 in the old post office building. The menu includes chili, beans and crackers, cobbler, tea or coffee. The food will be prepared in the kitchen of the members of the Lions Club of Hedley. The price: Adults - \$3.00; Children (8 or under) - \$2.00. Everyone is welcome to the chili supper and the Hedley Cotton Festival.

Women's Aglow Fellowship

Monday, October 3 will be the next monthly meeting of the Women's Aglow Fellowship at the First Bank and Trust at 7:30 p.m. This is an interdenominational fellowship and we welcome women of all faiths to join with us for a great time of praise and worship.

Bronchos shutout Boys Ranch 28 - 0

The Clarendon Bronchos excited a large homecoming crowd Friday night with a 28-0 victory over the Boys Ranch Roughriders. This was the third straight shutout by the Broncho defense over their opponents. The Broncho's have now given up only 7 points in the first four games, while the offense has scored 153 points.

The Boys Ranch game has traditionally been a tough game and this one in the first half was no different. But the "Maroon Magic" controlled the second half and put 21 third quarter points on the board to secure the win.

The game began as a defensive struggle as neither offense could put together a sustained drive. However, the Broncho offense finally put together a score mid-way into the second quarter. With the ball at the Boys Ranch 36 yard line, QB Dvtron Howell made 7, Curly Weatherton added 16, then 7, and culminated the drive with a 17 yard scamper for the TD. Arlis Thomas added the extra point to put the Bronchos in front 7-0. The first half ended with the Bronchos holding a 1 touchdown lead.

The Bronchos making some offensive blocking adjustments at halftime scored on three of their first four second-half possessions. The Bronchos fifth play from scrimmage in the 3rd quarter produced an exciting TD run of 38 yards. By Rodney Smith, Rodney turned an apparent loss of yardage by slipping tackles and then outrunning the Roughriders secondary to the goalline. With only 1:55 gone into the 3rd quarter Arlis added his second extra point kick and the Bronchos led 14-0.

The next Boys Ranch possession lasted less than two minutes and the Broncho offense went to work again. At the Roughriders 45 yard line, Rodney took a pitch from QB Dvtron Howell and again outran the Boys Ranch coverage for his second TD of the game. This coming with 7:36 to play in the 3rd quarter. Arlis then made it 21-0. The Bronchos final TD came on a 1 yard run with 20 second left in the 3rd quarter by Stanley Gardner. Arlis made his 4th extra point kick and the Bronchos had a convincing 28-0 lead.

The Broncho defense held the Roughriders to 137 yards total offense - most of the coming after the game had been decided. The Bronchos allowed only 98 yards rushing - 50 yards of that coming on one lay by Roughriders Greg Adams in the 4th quarter. The Roughriders deepest penetration in the game was to the Clarendon 36, and that only was after they had taken over on downs in that same spot.

The Broncho backs were responsible for all Clarendon's 397 net yards. Glenn Weatherton rushed for 114 yards, 1 TD; Rodney Smith had 118 yards, 2 TD's and Stanley Gardner has 112 yards rushing and 1 TD. Smith's back to back TD's early in the third quarter of 38 yards and 45 yards were the game winner's for the Bronchos.

The Broncho schedule continues to get tougher as they travel to Childress. The Broncho's have won the last two meetings, last year's score being a 7-0 affair.

Outstanding Bronch Performances

Rodney Smith, 9 carries for 117 yds, 2 TD's, 6 tackles, 4 assists, 2 broken up passes and 1 interception called back.

Glenn Weatherton, 15 carries for 114 yards, 1 TD, 1 tackle and 2 assists.

Stanley Gardner, 10 carries for 112 yards, 1 TD, 3 tackles, 2 assists. Rod Keown, 6 tackles, 1 sack, 5 assists

Bryan Smith, 6 tackles, 1 assist, 4 broken-up-passes

NOTICE

Due to a change in our printing schedule, The Clarendon Press has to move their deadline date for advertising and copy from noon on Tuesday to noon on Monday.

Any copy or ads after that deadline, the Press can not guarantee to print in that week's issue.

This deadline will be effective starting with the October 6 paper.

Richard Gaines, 6 tackles, 3 assists, 2 interceptions, 2 broken up passes.

Arlis Thomas, 8 tackles, 1 assist, 4 extra points.
Bret White, 5 tackles, 6 assists.
Russell Alexander, 4 tackles, 4 assists
Jimmy Phillips, 3 tackles, 1 sack, 2 assists.
Jimmy Phillips, 3 tackles, 1 sack, 2 assists.
Dean Cearly, 4 tackles, 3 assists
Johnny Gaines, 3 tackles, 1 sack, 1 assist.

Bronchos to play Childress Friday

Another big game is on tap for the Clarendon Bronchos as they travel to Childress. It is a match-up of two teams that are surprises to the area as both are 4-0 and riding a highly touted offense and using a very strong defense to roll over their four opponents.

Childress has victories over Quanah 28-14, Memphis 18-7, Wellington 21-6, and last week they roll a very good Shamrock team out of the way by a 26-6 score which could have been worse. They are a team that is very ball-control minded and make very few mistakes offensively. The Bobcats are doubly dangerous on the other side of the ball as their defensive unit has caused their share of fumbles (8) and interception (4) and even more impressive is the tackles for loss (19-94 yds). This is the most impressive feature of the Cats - quickness. They are very hard tacklers and are confident in their play.

The four district 2-AA teams that have played Childress all have commented on the vast importance of their personnel and attitude. This coupled with the one thing that is not handling the ball on offensive or making a tackle on defense - Tradition. This is the winningest football team in the State of Texas for the last decade. It is a fact that all teams must face when preparing for the Bobcats.

The team is led from several defense directions by Boyd Johnston 138 lb quarterback that is the most improved player in the area and was chosen as the Class

3A Player of the Week against Shamrock last week in a 26-6 victory and it was the best of the four games he has played. John Waits is a defensive tackle (169 lbs) that is extremely quick and strong. No one has been able to block him yet. A very good leader by his play on defense.

Dewayne Brent is one of top all around players for Childress, a wingback (153 lb Sr), also at fullback and on defense he is a returning starter at outside LB. Kenneth Sims (150 lb Jr) is one in the long line of outstanding running backs for Childress. He has strength, quickness and more speed than any of the Broncho back attack.

Overall the Bobcats are very capable of throwing the ball as these are four outstanding receivers in Travis Anglin, Terry Smith, Dewayne Brent, and Stoney Hughes. The offensive line can block with the best of them as four linemen started last year.

Defense as every one knows will win more games and with a defensive line of Kyle Summers, John Waits, Joe Houston and C. A. Christy capable of stopping anyone. These along with a fine set of linebackers in Brent, Smith and Sims. But the impressive part of the defense is the secondary composed of Hughes, Ralph Freeman, Chris Castleberry and Keith Loter, these men have kept the end zone clear a large portion of the time.

The Bronchos are looking for a very good game and even through there are several injuries, the Bronchos will

JACK MEDFORD

Fun After 50 to meet

The Fun After 50 Club will meet Saturday, October 1st at 10:30 a.m. for a covered dish luncheon. Everyone come and bring a covered dish and enjoy the fun and fellowship.

Howardwick News

By ALICE HOOD

Allen and Lola Bartel returned home Tuesday night from a wonderful vacation in Branson, Missouri, a resort town in the Ozark Mountains. The 1397 Corp of Engineers of 1945 met there for a reunion. There were twenty-four present to enjoy this gathering after thirty-eight years. They had a lot of catching up to do! Visiting sight-seeing and wonderful food. The had a lot of their work at the college, where the students do all of their work to support their own school and lodged at the Branson Inn also dined there. This was a very special event for Allen, when the Bartels left the Ozarks, they stopped off in Antlers, OK to visit two of Lola's sisters, Hazel Hicks and Helen Graham.

Lynn Cherry was taken by ambulance to St. Anthony's Hospital in Amarillo Sunday, September 18. He had surgery Thursday and is in room 273. His daughter, Debbie Hamilton, reports that he is doing good but his visiting is limited at present. We wish him a speedy recovery!

Lynn and Genny Cherry are proud grandparents of a baby girl, born Thursday, September 22, 1983 to Doug and Lisa Cherry. Her name is Chelsey Jo and she has an older brother, Jacky, who is very happy to have a little sister. Congratulations to all! Also Thursday, Septem-

ber 22 was Lynn's and Genny's 29th Wedding Anniversary. What could be more precious than the gift they received, a grandbaby! All this took place the day Lynn had surgery.

Allen and Lola Bartel, and Charles and Lucille Boren took a drive in the Bartel's new van, Saturday. They drove to Amarillo to see the Ice Capades.

Guest speaker at the Howardwick Lions Club meeting Saturday was Don Myers of Berger, Administrator of Girlstown. He says there will be more room now. The facilities will now care for thirty girls, (including disturbed girls) where as before they could only handle fifteen.

Joe and Margaret Wells visited a cousin, Paul Crame, in Colorado Springs, Colo. They were in Littleton and had not reached their vacation destination when they received word that Joe's brother, J.C. had a heart attack. He was to take his wife Elizabeth home from the hospital the next day. She had a stroke in June.

Tuffy and Alta Reynolds had their children and grandchildren down from Amarillo this weekend, Guy and Cheryl Cloud and children, David, Michelle and Linda.

The Ladies Auxiliary of Howardwick will meet Monday, October 3 at 7 p.m. at City Hall in Howardwick.

AUE Sorority to sponsor Halloween Carnival

The Alpha Upsilon Epsilon Chapter of Beta Sigma Phi will again sponsor a Halloween Carnival for the enjoyment of all area children and for the area organizations and groups to raise some funds for their projects. The carnival will be held at the Clarendon Community Center on Saturday, October 29, 1983. Anyone interested in renting a booth space to sell their goodies or have a game booth should call one of the following members of the sorority: Kitty Proctor at 806-874-2036; Judy Bland, 806-874-2167 or 2445; or Fuzz Mooring at 806-874-

2218. Booth spaces rent for \$10.00. Please if you have a craft you would like to sell or anything, join in the fun and let's all give area children a good time.

Deadline for renting a booth space is October 26, 1983. Some ideas for a booth are ring toss, football throw, cake walk, balloon sales, spook house, go-fish game, coin toss, jelly-bean jar guess raffle items, balloon and darts throw and goodie sales.

There will be spaces available for anything you want to do. JOIN IN THE FUN! Contact an A.U.E. member today!

Pvt. Hartwick completes OSUT

Army Pvt. Danny K. Hartwick, son of Charlette J. Hartwick of 200 Wagon Trail, Ruidosa, N.M., has completed one station unit training (OSUT) at the U.S. Army Infantry School, Fort Benning, Ga.

OSUT is a 12-week period which combines basic combat training and advanced individual training. The training included weapons qualifications, squad tactics, patrolling, landmine warfare, field communications and combat operations. Completion of this course qualifies the soldier as a light-arms infantryman and as an indirect-fire crewman.

Soldiers were taught to perform any of the duties in a rifle or mortar squad. His grandfather, John W.

Hartwick, resides at 120 Sail Fish, Clarendon, Texas.

The private is a 1980 graduate of Ruidosa High School.

The Clarendon Press, is published every Thursday, at 106 S. Kearney and entered as Second Class Mail at the post office at Clarendon, Texas.

J.C. and Helen Woody, publishers and Editors. Subscription rates: \$13.00 a year outside Donley County and \$10.00 a year in Donley County.

Any erroneous reflection upon the character of any person or firm appearing in these columns will be gladly and promptly corrected upon being brought to the attention of the management.

Donley Cancer Unit meets

At the first meeting of the Donley Unit of the American Cancer Society this fall, held Monday, September 19, 1983, reports were given.

These reports included A.R. Henson on services to cancer patients, Kay Hayes, will receive the Public Education Pace Award for her work; July 4th parade entry, ACS float, created by Dennis Knowles and Don Stone.

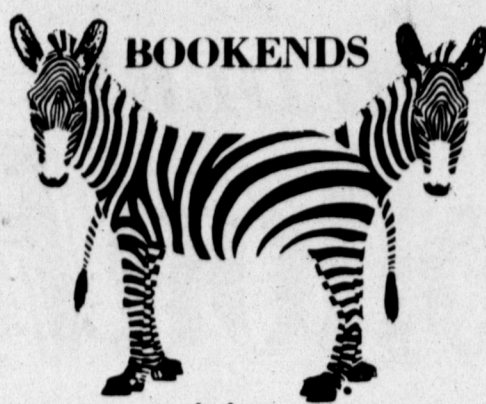

The Donley Unit received certification again this year. Awards were given to Jeff Walker, receiving the Golden Achievement Award; A.R. Henson, Quality of Life Award, and Award of Merit to all officers and helpers who contributed to the Unit's work the past year.

For upcoming campaign to stop smoking, GASO, the activities include films to be shown businessmen through clubs and organizations; Fresh Start Clinic (in Amarillo) to help stop smoking. he person wanting help can get help by telephone. Sandy St. John, representative, from Amarillo made the announcement.

Onita Thomas recently attended a meeting in Pampa concerning Can Surmount, which directly involves cancer patients. Working with her will be Peggy Cockerham, Maurine Butts and Ernest Chastain. At a later date, more information on Can-Surmount will become available.

Dennis Knowles, YAC (Youth Against Cancer) Chairman, reported on the very impressive conference this summer and told of YAC project plans for this fall. A full week of activities is planned with all of the Clarendon College organizations involved. Among the activities are a Talent Show, Volley Ball Tournament, Dance jails (at specified locations). Smokers will be asked to throw away their 'smokes' or go to jail and be released on a 50 cent fine. GASO will be held on November 17.

Present for the meeting were Diane Chamberlain, Sandy St. John, Radell Henson, Naomi Phelen, Leona Henson, Debbie Roberts and Onita Thomas. Also Mary Hazel VanZandt, Imogene Brumley, Susie Shields, Paul Bivens, Dennis Knowles, Ethelyn Grady, Jeff Walker and president Genevieve Caldwell.

by boo

Did you have a master teacher during your school years? School teachers are not ordinarily discussed in a library column, but with the recent clamor and uproar going on all across the country about the lack of quality teachers, one feels compelled to answer for at least one person from Clarendon. Quality teachers are around now and they have been here in Clarendon for a long time.

The title, master teacher, is being thought of as a way to designate a certain teacher who fulfills a prescribed set of qualifications and standards. Mere longevity in the teaching profession does not make one eligible for such distinction. For distinction and honor it is and must be as material rewards are few.

Think back to your school days. Was there a particular teacher who made you work harder than you ever had? Was there one who expected the very best from you? Was there one who when you didn't understand something, kept on explaining and showing until you knew how to solve the problem? Was there one who gave you a good grade and you were so proud of it because you knew that you had really worked for it? If you had one or several of these, you more than likely had a teacher who would have been a master teacher.

Going to school here in Clarendon from first grade through junior college...I feel that there were nine teachers who truly enriched my life. If some of my age who attended school at the same time wonder why only nine were chosen, remember Marguerite Goodner taught my class English for three years in high school and two years in junior college. Every few days I find myself thinking of one or several of these dedicated people. So much is owed to them by every student they taught.

A teacher has an absolutely awesome influence upon a child from age six (five now) through eighteen. It doesn't stop either when school days are finished. A whole lifetime is affected by these master teachers.

Let us not fail to tell the master teachers in our life how we feel. It would be sad to think that some of the most remarkable people we encounter in our lifetime just may be feeling and wondering if we thought that they were not qualified to teach properly.

Those of you who collect books or just like to keep all of your favorite ones, may like to know that those dust jackets are very important. Modern first editions must be in fine condition and complete with dust jacket to be of value. Without one the value is considerably less. Most collectors will automatically reject book club editions. Here are a few prices for such books: Bradbury, Ray, "The Martian Chronicles, Garden City: 1953, author presentation copy...\$40; Burroughs, Edgar Rice, "Tarzan of the Apes," Chicago: 1914, acorn device at foot of spine...\$2,000; Caldwell, Erskine, "God's Little Acre," N.Y.: 1933...\$50; Fitzgerald, F...Scott, "Tender is the Night," NY: 1934...\$400; and Mitchell, Margaret, "Gone With the Wind," NY: 1936...\$500. These are the high priced ones and others range from \$6.50 on up. Most books have very little value and they must be in mint condition. Do save the really fine and beautifully printed children's books. More will be written on these later.

Make those garage sales and secondhand stores and "another man's junk may be your treasure" type places. You may find a fortune. Furthermore, if you would like to adopt any family motto it is "Buy, don't sell."

Senior Citizen Dance
 Senior Citizens will have a dance at the Senior Citizens Hall, Tuesday, October 4, from 8-11 p.m. Come and enjoy yourself.

Sr Cit closed Fri and Sat
 October is the government's new year. This is the traditional time to change schedules, fees, budgets and concepts in most government funded agencies. Donley County Senior Citizens Center receives a \$37,000 grant this year for serving food at the center each day. This grant is on the stipulation that the center serve 99 meals a day and match this money with over \$4,000.
 The current 6 day schedule helps serve more meals a week, but doesn't really help the total meals a day obligation because the total is divided by 6 thereby reducing the actual number of meals a day. If this sounds confusing, try to read the grant!

In an attempt to reduce the budget expenses of an additional meal, extra staff and utilities, this 5 day schedule was offered by Katie Dvorak to the Board of Directors of the DCSC and accepted unanimously. The days the center will be closed, Friday and Saturday, were chosen because this measure would give the staff a 2 day weekend and still serve the popular Sunday meal.
 The Board of Directors will totally reorganize the first of October. If you are interested in being a Board Member or would like to participate in the new changes and innovative moves of your center, contact Katie Dvorak or Waldon Moore.

TWO SPRINKLES A DAY

Most of us are familiar with the problems encountered when one attempts to give medicines to small children. Tablets or capsules may be too large to swallow. Chewable tablets or liquids may have an unpleasant taste. And suppositories may be inconvenient to use.

Administration of **theophylline** has been a particular problem. This popular and effective antiasthmatic is used in a variety of bronchial conditions to ease breathing. It has a short duration of action and, therefore, must be given several times daily. It is used to prevent asthmatic symptoms and, therefore, must be given for weeks and months at a time.

A novel dosage form has been created to overcome the problems associated with providing theophylline to children (and to adults who have difficulty swallowing capsules or tablets). A special capsule containing tiny, tasteless beads of theophylline is opened and the contents sprinkled on any soft food such as ice cream or pudding. The beads of medicine are specially designed to release medicine over several hours. It is often possible to give the "sprinkle form" of theophylline only two times daily rather than the four times daily required with conventional dosage forms.

mother, Florine Bennett and Bill.

Teresa, Larry and Renee Watson had lunch with the L.A. Watsons Monday.

The Lions Tale

By GENE ALDERSON

The Clarendon Lions Club held its regular meeting at noon on Tuesday at the Lions Hall. Twenty-six members and six guests were present. Boss Lion Henson called the meeting to order following the meal. After the regular opening ceremony, Program Chairman Billy Ray Johnston called on Lion Ronald Gooch who had arranged for six members of the Donley County 4-H Horse Project to bring our program. Lee Smith was the first speaker followed by Monte Hollar, Lisa Burch, Steve Porter, Lesia Fuston and David Porter.

Each 4-H'er told us about a different part of their project or about the available 4-H projects. Meeting adjourned.

Telephone office at Abstract

General Telephone Company has announced a change in the Local Service Agency in Clarendon from the Dolores Crump Art Studio to the Donley County Abstract Co., 307 S. Sully. The business hours are Monday thru Friday 9:00 a.m. to 12:00 noon and 1:00 p.m. to 5:00 p.m. Jimmy Bennett, Operations Manager for General Telephone, said the change become effective October 3, 1983.

"The local service agency will have all the advantages of a business office, allowing customers to call billing or service personnel direct," Bennett said. "In addition, customers will be able to save money by taking advantage of services offered through the service agency such as picking up phones which can be taken home and plugged into GTE Phone Mart jacks or returning phones when discontinuing service."

Bennett said customers can use the service agency to:

- *Pay their telephone bill.
- *View a display and/or catalog to order telephone instruments.

- *Call the billing center direct concerning billing questions.

- *Call the business office direct to install, add or discontinue service, or for other service needs.

In addition, customers can use the service agency to:

- *Have telephone instruments tested to determine if they require repair.

- *Bring phones for minor repairs. Phones can be replaced if major repairs are necessary.

- *Return phones when discontinuing service to avoid the charge to have the company send an employee to pick up the phone, or the cost of purchasing the phones.

- *Pick up phones, take the phones home and plug them into GTE Phone Mart jacks to avoid the premise visit charge.

- *Purchase miscellaneous equipment, including GTE Phone Mart jacks to avoid the jack charge and premise visit charge that applies if the company makes the installation.

- *Purchase house wiring to do the wiring or repair of bad wiring to save the wiring charge and premise visit charge if the company does the work.

Bennett said, "The local service agency gives customers a convenient location to allow them to take advantage of the cost-saving service available which allows customers to participate in the maintenance of their service."

Yours For The Asking... A Complimentary 8 x 10 Full-Color Portrait Of Your Family.

We serve the financial needs of thousands of families, but we serve them one at a time. To thank our present customers...and to make new friends...we have chosen a highly personal gift, a beautiful portrait photograph. It symbolizes our personal approach to financial services and your uniqueness to us.

May we take your portrait? Just call or come by, and we will schedule your appointment with our professional photographer. You will receive a beautiful 8x10 color portrait, at absolutely no cost to you! Additional portraits will be available, but you are under no obligation to make a purchase.

So accept this Special Gift and enjoy the lasting memory that portraits bring. Your family will love you for it.

Limit one offer per family, please.

Lucy Bishop celebrates 92 birthday

A party honoring the occasion of the 92nd birthday of Mrs. Lucy Bishop was hosted by the activities director of the Medical Center Nursing Home, Mrs. Vera Johnson, together with daughters, Mrs. Wanda Tilger of Athens, Texas and Mrs. Alice Lacy of Quanah, Texas; also granddaughter, Mrs. Cheryl Galley of Amarillo on Friday afternoon, September 15.

The scene of the party was in the dining room of the center which was decorated appropriately for the occasion. The serving table held the lovely birthday cake, specially fashioned with an iced Cinderella doll in pastel colors centering the large cake. Cake and punch were served to the following registered guests: Susie Kidd, Willene Judd, Nelda Jackson Doris Braddock, Margie Bennell, Rita Mills, Veta Mahaffey, Doyce Swearingen, Shirley Booth, Margie Fricks, Ollie Tyler, Hazel Campbell, Willie Putman, Gertrude Reid, Billy Ray Johnston, Edna Hudson, Velma Heathington, Marie Hill, Bernice Littlefield, Mae Noblet, Minnie Cannon, Jess Wood, Bulah Carlisle, Ola Killough, Vera Johnson, Nora Leathers, Nona Nelson.

Scientists track down drought-tolerant factors in plants

Scientific detective work which has just led to the release of seven new drought-tolerant germplasm lines of cotton was spotlighted at the 74th annual field day of the Texas Agricultural Experiment Station (TAES) in Lubbock Tuesday, Sept. 13.

Research efforts to develop plants with above-average tolerance to drought stress have been ongoing for many years at the Lubbock center, just north of Lubbock International Airport on FM 1294. They have consisted of cooperative efforts in a multidisciplinary Plant Stress and Water Conservation Research Program involving TAES, the U.S. Department of Agriculture-Agricultural Research Service, and Texas Tech University.

The work was featured at one of the four major stops for visitors to the field day at the Texas A&M University Agricultural Research and Extension Center. Dr. Charles Wendt, professor of soil physics, and Dr. Jerry Quisenberry, cotton geneticist and TAES director of the USDA-ARS group, explained the work.

This stop was alongside the rainout shelters which the scientists use to provide controlled water and stress conditions for the tests. The seven new germplasm lines was on display.

"In these shelters, we're looking at the basic mechanisms of drought-tolerant cotton," Quisenberry said.

Lucy Bishop is seated behind her lovely birthday cake. Standing are [L-R] Mrs.

Wanda Tilger, Mrs. Cheryl Galley and Mrs. Alice Lacy.

Eva Phelps, Hazel Cummings, Notie Howard, Ruth Dodson, George McKee, Cleo Murff, and Peggy Hudson.

Before refreshments were served, the group was entertained by piano selections by Billy Ray Johnston with guests accompanying with rhythm band instruments. "Happy Birthday" was sung by the group. Each guest made a silent birthday wish with several voicing their wish.

Mrs. Bishop is the third oldest of eight children of the Mr. and Mrs. C.D. Bailey family, pioneer residents of Lamar County, Texas. She was married in 1918 to A.M. Bishop of Wood County, Texas now deceased and

He explained that a cotton plant normally has four xylem bundles, or vascular systems, which draw water from the soil. But some exotic varieties have as many as six.

From the initial germplasm source known as Texas 25, which has five vascular bundles, the scientists went on to develop and release the seven new drought tolerant varieties.

Other work being conducted in the rainout shelters, Wendt noted, includes screening of exotic cotton types by USDA, early season drought tolerance in grain sorghum, screening of turf samples for drought tolerance, late season drought tolerance in grain sorghum, and the influence of growth regulators on water use in cotton.

In addition to the drought-tolerance, major stops included weed control, grapes and development of cotton varieties to improve yield and fiber quality.

Visitors also toured the Soil Testing Laboratory of the Texas Agricultural Extension Service, the greenhouses and facilities of the Texas Forest Service, and viewed displays of agricultural computers and software, and agricultural equipment.

The field day was a cooperative presentation of TAES, Extension, the High Plains Research Foundation, USDA-ARS and the Texas Forest Service.

Teenage drug and alcohol

We all know the problem. Millions of teenagers are already abusers and many more are threatened by drugs and alcohol. But when will we be willing to admit that those teens are in our communities, our schools, and our homes—not someone else's? Can we ever stop feeling helpless—and act?

Now you can join a dramatic community-wide campaign to fight school-age substance abuse.

On November 3 and 10, KVIL-7 will broadcast THE CHEMICAL PEOPLE, a two-part series especially designed to bring concerned parents and citizens together and offer them guidelines for helping our young people. Hosted by First Lady Nancy Reagan, this unprecedented effort has the participation of over 30 national organizations, and nearly 300 local PBS stations all across the country.

THE FACTS:
The single leading cause of death among 15-24-year-olds is drunk driving.

Roughly two-thirds of all Americans try an illicit drug before they finish high school.

Over one-third have illicitly used drugs other than marijuana.

One in 16 high school seniors smoke marijuana daily.

34 percent of high school seniors regularly abuse drugs.

About one in 16 drinks alcohol daily; 42 percent regularly abuse alcohol, with most of them starting chemical use between the ages of 11 and 14.

While the use of many illicit drugs is declining from peak levels attained in the 70's, substance abuse in America is the highest of any developed country in the world.

9th Annual Allsup's Marathon Oct. 1

The 9th Annual Allsup's Marathon, Half-Marathon and 10 Kilometer road races are slated to begin October 1st at 7 a.m. in Clovis, N.M. Over 400 entrants are expected to enter this year's races, coming to Clovis from all over the United States.

The Allsup's Roadraces, sponsored by Allsup's Convenience Stores, Inc., offer runners a flat, asphalt

running surface with a choice of the 26.2 mile full marathon, 13.1 mile half marathon and the 6 miles 10 kilometer course.

Over 150 trophies are available for the winners in this year's event. For men: first three overall and 0-14, 15-29, 30-39, 40-49, 50-59, and 60 plus age groups in all three races. For women: trophies will be awarded to

the first three overall and 0-14, 15-29, 30-39, 40-49, and 50 plus age groups in all three events. In addition, every finisher will receive a quality tee shirt.

All running enthusiasts are invited to compete in this year's Allsup's Fall classic. You may register until Sept. 30th, 1983 by writing Allsup's, Inc., Box 1907, Clovis, N.M. 88101. Attention Jack Crow, or by calling (505)

709-2311. Registration fee is \$7 prior to Sept. 24th and \$9 after the 24th. All proceeds go to the Clovis Roadrunners Club.

Football con't from p1 show up to play. Coaches commented about the Boys Ranch Game. "It was the best defensive game we have played this year. A lot of players gave an extra effort to keep the momentum going during the first half, when the offense was dragging. After the half we were able to go back and do what we had set out to do with our game plan."

Mr. and Mrs. Homer Bones celebrated 50th Wedding Anniversary

Mr. and Mrs. Homer Bones celebrated the 50th year of their marriage Sunday afternoon, September 18, 1983 in the Fellowship Hall of the First United Methodist Church of which they are members.

On September 24, 1933, Homer Bones and Viola Shackelford were married in her home in Canyon, Texas. Mr. Bones is retired from self-employment as a mechanic in Clarendon. Mrs. Bones began work with Texas Department of Human Resources in 1959. In 1977, she transferred to the Texas Department of Health and retired March 31, 1983.

They have two children, Mrs. William E. Price of Marble Falls, Texas and Jerry W. Bones of Mesa, Arizona; five grandchildren, and one great grandson.

FHA Installation

The Clarendon FHA had officer and member installation Service Monday night. Afterwards, the mothers and FHA members had a salad supper.

The FHA would like to thank all the mothers for coming out in the bad weather.

Many friends and relatives were present to help them celebrate the happy occasion and wish them many more years together.

Thompson attends ROTC

Cadet William S. Thompson, son of William J. and Aleta E. Thompson of Clarendon, Texas, received practical work in military leadership at the U.S. Army ROTC advanced camp, Fort Riley, Kan.

The six-week camp, attended by cadets normally between their third and fourth year of college, includes instruction in communications, management of survival training.

Successful completion of the advanced camp and graduation from college results in a commission as a second lieutenant in either the U.S. Army, Army Reserve or National Guard for the cadet.

Thompson is a student at Panhandle State University, Goodwell, Okla.

1926 Book Club holds first meeting of fall season

The 1926 Book Club launched a new club year Tuesday evening, September 20, 1983, with a salad supper at the Patching Clubhouse. The salad dishes brought by members were beautiful and delicious. Hostesses for the occasion were Katherine Green and Oressa Delaney. The fall theme was emphasized in the decorations on the buffet table in the dining room and on quartette tables in the club room.

Following the supper, a short business meeting was conducted by the president, Mrs. Rachael Butler, who led the reading of the Club Collect. A treasurer's report was given and it was announced that dues would remain the same as last year.

The program consisted of reports of the members' summer activities, which covered a wide range of work and play.

Alpha Upsilon Epsilon

The Alpha Upsilon Epsilon Chapter of Beta Sigma Phi began its year with Beginning Day Activities on August 29 and September 13. The chapter members met at the Patching Club House and began these meetings by repeating the Opening Ritual and following the order of business beginning with roll call, treasurer's report, correspondence announcements and committee reports.

Some special business discussed was the Little Miss and Master Donley County Pageant, which will be in January this year because of scheduling at Clarendon Junior College. More news will follow on this pageant at a later date. The chapter also decided to donate \$180 to the Clarendon Volunteer Fire Dept. to send three men to an E.M.T. course at Clarendon Junior College on September 1.

Also discussed was the Halloween Carnival to be sponsored by the chapter on Saturday, October 29 at the Clarendon Community Center. An article on this accompanies this one in this weeks paper. The chapter discussed further plans to attend the Beta Sigma Phi Texas Northwest Area Convention at Vernon, Texas on October 22-23. Seven members are planning to attend this two day convention with a theme of "Roaring Twenties". All are extremely excited about that fun-filled, information-packed weekend. The chapter decided to enter their 1982-83 Scrapbook in the Scrapbook contest at the convention.

It was decided that members would do the lawn work for the Patching Club House on Saturday, September 17. President Denise Grady passed out chapter notebook materials for all members' notebooks. Prospective pledges were discussed and it was decided that they would be invited to a Model Meeting on Tuesday, September 27 at the Patching Club House at 7:30.

Holly Gerner was the lucky gift winner. The members stood and recited the closing ritual and the meetings were adjourned.

The hostesses for the 1st meeting of these Beginning Day activities were Denise Grady, Holly Gerner, Jeanne Mondragon. The second meeting was hosted by Leslie Schnauffer and Judy Bland.

Remember, the next meeting, members, on September 27, 1983 at 7:30 p.m. in the Patching Club House.

Board of Aldermen meeting

The Board of Aldermen of the City of Clarendon met in regular session on September 13, 1983 in the Board Room, City Hall at 7:30 p.m.

Members present were Mayor James Kuhn, Aldermen J.G. McAnear, Lloyd McCord, James Sharrar and Gene White.

Member absent was Alderman Richard Bell.

Others present were City Secretary Donna Edwards, Jim Roberts, J.C. Teague, Barney and Jean Baten, Lonnie Taylor, William H. Lockeby, and Shelia Vernon.

*Minutes of the August 23, 1983, meeting were read and approved.

*Moved for the adoption of a resolution, and the motion carrying with it the adoption of the resolution and order prevailed by the following

vote. All Ayes, 0 Noes. The resolution is as follows:

WHEREAS, be it resolved that the City of Clarendon has adopted an 8% increase in total tax revenues from properties on the tax roll.

ADOPTED by the City Council of the City of Clarendon on this the 13th day of September, 1983.

*Mr. J.C. Teague asked the Board to close dedicated roads through his acreage as he plans to develop the property. The Board advised Mr. Teague to go ahead with the development as the City had no plans to build any roads through this property.

*Bids were opened for the sale of lots 10, 11, and 12 in Block 81, O.T. Accepted the highest bid of \$801.50 from Mr. Wm. H. Lockeby.

*Approved a Work Study

for the library for 55 hours per month for 8 months.

*Motion carried to send Jim Roberts to school to become qualified as City Electrical and Plumbing Inspector.

*Motion carried to have Bailey Estes install metal window covers on the west and north sides of the City Hall Building.

Accented the proposed

1983-84 Budget for the City of Clarendon.

Bills incurred by the City in the month of August, 1983, were presented and ordered paid.

*Nominations for the Donley County Appraisal Board were tabled until next meeting.

*There being no other City business at this time, motion carried to adjourn.

Whatever Happened to.....

Robert Moss?

Robert Moss is the son of Clarence and Oddie Moss of Clarendon. He also has two sisters in Clarendon, Irene Gerner and Shirley Osburn. Robert (Bob) has one daughter, Candy, and two sons, Randy and Bill Moss, all living in Lamont, California, and another son, Larry, living in Lubbock, Texas. Bob's two grandchildren are Jathan Moss of Clarendon, and Deanna Moss of Lubbock.

Bob grew up in Clarendon and before moving away in the early 1950's, he worked for Homer Bones and Heath Furniture. He lived at one time in Memphis, where he worked for Lemons Furniture and also at Borger, where he was employed as serviceman by Keith Appliance. He now lives in Lamont, California, with his wife Dora. Dora's Hobbies include raising

exotic birds, and harassing her brother-in-law, Rabbit Osburn!

The following article about

5 years and \$7,000 homebuilt plane ready for maiden flight

Reprinted from the Lamont Reporter, Lamont, California.

by LEONEL MARTINEZ

Robert Moss's wife has taken up birds as a hobby, but the Lamont resident has gone one step farther. He wants to fly...in a "vari-eze" home-built airplane that he has constructed in his backyard.

Moss began the project in May of 1978 and has invested approximately \$7000 in it, not bad considering a production model would cost closer to five times that much

and not deliver as much in the way of performance. Moss himself is president of the Experimental Aircrafts Association, Bakersfield Chapter 71. It is the biggest club of its type in the country, with eight homebuilts being flown in the Bakersfield Chapter alone.

"All my life, I've wanted an airplane," said Moss. "This is the only way I could afford it." He began flying in 1975 after taking ground school at Bakersfield College and lessons at Bakersfield Airport.

The plane was built from a kit and designed by Rutan Aircraft Factory in Mojave about 1977. There are presently about 500 of its type in the air. With a 22 foot wingspan, it weighs 500 pounds empty and boasts an 85 horsepower engine which can propel it at a cruise speed of 175 miles per hour for a 900 mile range. The two seater also conserves fuel with a rating of 35-40 miles per gallon.

"And you don't catch all the traffic," says Moss jokingly.

Moss said that the plane was a family project since he received much appreciated help from his wife and son. He particularly thanked his wife.

Joked friend Ruben Blunt who is in the primary stages of putting together his own home-built. "Any marriage that can withstand one of these is a strong marriage."

Indeed, the plane took many hours to construct and Moss spent "1/2 of my time at work, 1/2 of my time sleeping, and 1/2 of my time with the plane."

Moss is a refrigeration technician for Sears, Roebuck and Company, a job he does full-time which was quite a task when it came to allotting time for the project. All this was topped off by fighting the floodwaters which hit Lamont and caused his backyard to hold water six inches deep. Despite these inconveniences, Moss is scheduled to test fly the plane sometime this week.

The plane will have to be partially dismantled, however, before it can be removed from Moss's backyard which is surrounded by a wood fence. It is to be temporarily clipped of its wings, turned sideways, and taken out through the side gate.

"We measured it and it's the only way it can be done," said Moss.

He plans to transport the plane to Shafter Airport where its maiden flight is scheduled, but certain tests must be run first.

A representative from the Federal Aviation Administration is scheduled to examine the aircraft to see if everything is safe for an actual flight. If he okays it, Moss will be temporarily restricted to 40 hours flight time in a restricted area as an added precaution.

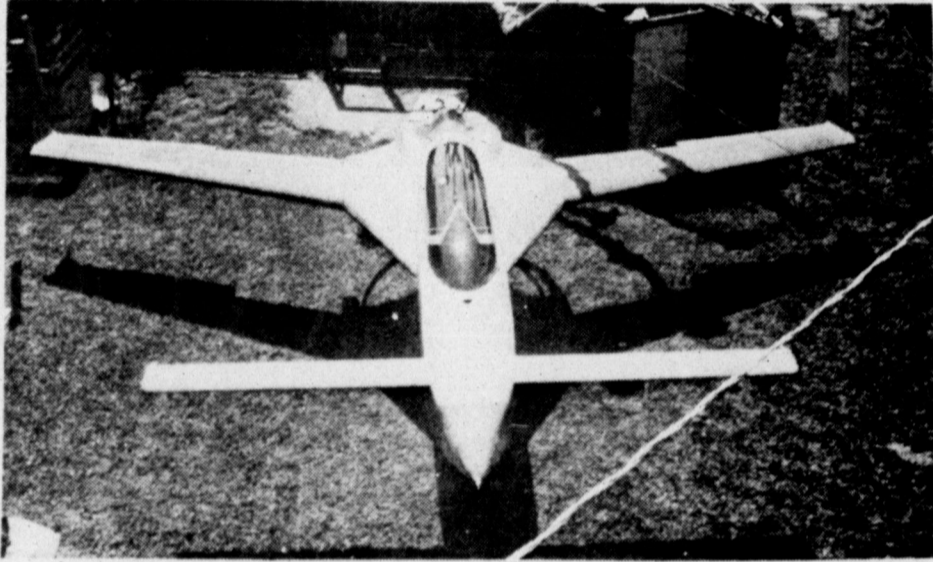

If no major problems are found after that time, he will be free to take his "Vari-eze anywhere."

Moss recalled an interesting account that relates to his plane-building aspirations.

"I always wanted to build a boat," he remembered, "and I thought that that was too hard. So what did I do?"

Clarence and Oddie Moss have received word in the last few days that their son did get his airplane out of the backyard, with the help of all his family. Bob now has his airplane at the airport and it has passed all the tests and inspections by the FAA. On Saturday, September 24, Bob took his airplane up for its first flight. Except for a couple of very minor problems, he reported that "It flew like a bird!" Bob has to get in 40 hours flying time in this particular type of aircraft before he can carry a passenger. He has already made the trip home to Texas with his family several times, piloting small aircraft.

Bob's family is hoping that he will soon have his flying time in and will be making them a visit in his home-made plane!

BOB MOSS built this airplane in his back yard.

Al Morrah Shrine Club holds annual appreciation supper

The Al Morrah Shrine Club held their annual appreciation hamburger supper, Sept. 26 at the Lion's Hall. This supper was held to express the Club's appreciation to all members, non-member and their families who helped make their July 4th barbecue such a big success.

The Club made more money this year than any previous year to help their Children's Hospitals and Burn Centers.

Charlie DeMoss, Club President stated he really appreciated all those who worked so hard to help the club achieve it's goal this year.

About 120 members, non-member and their families attended the hamburger supper.

MR. AND MRS. BOB MOSS

The word *panic* is derived from the name of a Greek god. Pan, it is said, could inspire overwhelming and sudden fear by his strange appearance.

Real hourly earnings for the average American worker rose in 1982 for the first time in four years. Between 1978 and 1981, they had fallen by 8.5 percent.

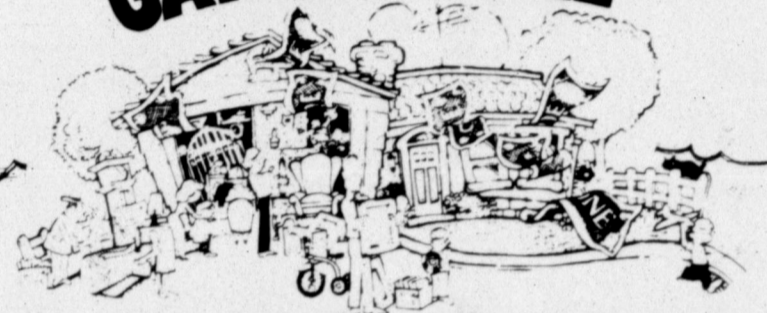

Some Americans attribute this economic upturn to the strong leadership of President Reagan. Those who want to participate in the election process can call Molly Gaylord at (202) 863 8710.

Another saving grace for the economy: The savings rate rose in both 1981 and 1982. It declined by nearly a sixth from 1976 to 1980. In 1982, it hit a six year high.

GOOD PSYCHOLOGY

Many Americans are getting rid of their tensions in an extremely positive and healthful way—they've taken up a sport. Whether you prefer tennis, swimming, golf or basketball, psychologists say, working up a sweat is really one of the best ways to relax. Then, after you've finished exercising, you can refresh yourself with a tall glass of iced tea, with a wedge of lemon on the side. It can put you in a good mood that could very well last throughout your day.

Audits should be discontinued Lone Star official urges Congress

The Residential Conservation Service program required by Congress—and the companion Commercial and Apartment Conservation Service program soon to go into effect—are ineffective and should be discontinued, a Lone Star Gas Company official told Congress today.

Testifying before the House Energy Conservation and Power Subcommittee in Washington this afternoon, Lone Star Vice President Neal Hall said neither program merits continuation. "Neither program can ever be cost-effective and, as a consequence, places an unnecessary cost burden on Lone Star's customers," he told subcommittee members. "Lone Star urges repeal of both of these programs to the benefit of its more than 1.2 million customers who otherwise must continue to pay needlessly higher utility bills."

Hall's comments refer to Congress's mandate that utility companies must offer home energy audits to all eligible customers, and must soon begin offering similar energy audits to eligible commercial and apartment customers. These conservation programs are required by the National Energy Conservation Policy Act of 1978 and the Energy Security Act.

"Unlike the many conservation programs and information Lone Star historically has offered, the RCS program is not cost-effective for our customers," Hall said. The reduction in natural gas usage by customers who have had the RCS audits is minute, particularly when you realize that some 97 percent of customers neither want nor use this program, Hall continued. It has cost Lone Star, and ultimately the customers, some \$2.1 million to date. In other words, Hall said, the RCS program has achieved conservation at the cost of more than \$82 per

thousand cubic feet of gas conserved.

Speaking after the hearing, Hall added, "On behalf of its customers, Lone Star has opposed these programs since their inception." He also lauded Congressman Ralph Hall (D-Rockwall) for making the hearing possible. He said, "In doing so, the Congressman has provided consumers of this area an outstanding service."

Rep. Hall represents the 4th Congressional District of Texas.

Local sales tax payments increase

State Comptroller Bob Bullock sent checks totaling \$41.1 million in local sales tax payments to the 974 cities that levy the one-percent city sales tax.

"Last September, we were reporting the biggest allocation based on a single month's tax collections in the history of our state," Bullock said. "This month, with sales tax receipts running about one percent behind last year, shows us just how fast things can change."

September checks were for taxes collected on sales made in July and reported to the Comptroller by the end of August.

Clarendon: Net this payment \$4,990.06; comparable payment prior year, \$5,641.03; 1983 payment to date, \$64,336.51; 1982 payment to date \$61,618.33. Although payment was down over last year, Clarendon still had a 4.41% increase over last year to date.

Hedley: 1983 payment to date, \$3,919.98; 1982 payment, \$3,492.30 giving Hedley a 12.25% increase.

Howardwick: 1983 payment to date, \$5,836.06; 1982 payment \$6,489.45 making Howardwick a 10.07% decrease.

This gives the county a 3.48% increase over last year.

Memphis shows a 6.71% decrease from last year, while Estelline shows a 72.9% increase. However, this did not keep the sales from last year up enough giving Hall County a 5.21% decrease over last year at this time.

Tumbleweed

Talents deadline

Tumbleweed talents still needs entry forms from those planning on entering the Third Annual Tumbleweed Talents program to be held in the Clarendon College Fine Arts Center on Saturday, October 15, at 7:30 p.m. **Deadline for entry forms is Monday, October 3.** We still need enough people to enter the area-wide talent contest or special entertainment section of the program in order to fill the needed number of 30-35 acts for a successful performance.

Tumbleweed Talents has been a wonderful success the past two years. It has been an excellent opportunity for the large number of talented people in the West Texas Panhandle to share their talents with their fellow Panhandlers. Qualified judges from outside our immediate area will be judging the talent contest portion of the program. Over \$200 worth of beautiful trophies will be given to the top winners in each of the 6 categories. So if you are still thinking about entering the program and just haven't gotten around to it, be sure to get

your entry form in the mail today to Clarendon College, TUMBLEWEED TALENTS, Box 968, Clarendon, TX 79226, or bring the entry form by the Business Office on the Clarendon College campus. If you need entry forms or more information, please write or call us today. (806) 874-3571.

Reserved tickets will be going on sale beginning Monday, October 2, for the program. These reserved seats may be obtained by calling (806) 874-2574 between 8 and 5 o'clock or (806) 874-2389 after 5 o'clock.

Proceeds from Tumbleweed Talents will be going to the American Cancer Society this year as well as toward scholarships for eligible students in the PTK Honor Society and CJC Drama Club.

People from Kindergarten through Adult who enjoy performing for their local clubs, churches, and organizations are just the ones Tumbleweed Talents is looking for, so get your talent together and send your entry form in today. **Remember, the deadline for entries is Monday, October 3.** We need your help to make Tumbleweed Talents a success!

4-H Building on Experience

"4-H: Building on Experience" is the yearlong theme of the 4-H program in Texas and across the nation, and that theme will get special emphasis during National 4-H Week, Oct. 2-8.

A number of local activities and programs are being planned to support the 4-H theme, says Cherri Brown, county 4-H program coordinator with the Texas Agricultural Extension Service, Texas A&M University system.

"4-H: Building on Experience" highlights the educational projects which help young people gain practical

skills, develop good nutrition and health habits, explore career opportunities, generate leadership capabilities, and become involved as citizens in their local communities, the state and the nation.

The 4-H program is built on experiences of an impressive past, points out Brown. By providing useful knowledge to help youths develop as leaders of tomorrow, 4-H has enabled many young people to gain insights and experiences in careers they would enjoy. 4-H has also contributed to international understanding through exchange programs with countries

around the world. Youths from all backgrounds and walks of life can enjoy the unique learning experiences that 4-H has to offer, says Brown. Through their 4-H experiences, these young people can play an important part in a more satisfying and rewarding future for all Americans.

Clarendon School menu

Monday-Chicken nuggets, French fries, green beans, peanut butter and honey, hot rolls and milk.

Tuesday-Chip O Pie with cheese, tossed salad, Ranch Style Beans, graham crackers with peanut butter and honey, milk.

Wednesday-Bar-B-Q chicken green beans, hot rolls, potato salad, chocolate pudding and milk.

Thursday-Sliced turkey with gravy, buttered corn, mashed potatoes, hot rolls, apple sauce and milk.

Friday-Char burger on bun, French fries, lettuce and tomato salad, plum cobbler, cheese, pickles, onions and milk.

JV loses to Shamrock

Clarendon lost their first game of the season last Thursday at Shamrock.

The game was controlled by both defenses, as neither team was able to make a first down on their first three possessions. Clarendon was unable to move the ball as consistently as they have in the first two games. Clarendon's longest drive was a screen pass to Randy Crump which was good for 15 yards to the Shamrock 20 yard line. Shamrock overpowered the Broncos with their passing which totaled most of their yards.

Shamrock made the only score of the game early in the 4th quarter.

Clarendon plays their first home game against a bigger and better Canadian team. Come out and see Clarendon WHIP Canadian!
