Registration For Fall Term Of School Set For August 27th & 28th

Supt. K. D. Vaughan announced this week that the school calendar for the beginning of school had been completed and public registration would begin on Thursday, August 27 and college registration had been set for September 8th.

The high school registration is as follows:

August 27th: Senior registration 9 a. m. to 12 noon; Junior registration 1 p. m. to 4 p. m.

August 28th: Sophomore registration 9 a. m. to 12 noon and Freshman registration from 1 p. m. to 4 p. m.; Elementary school registration 9 a. m. to 4 p. m. in the elementary building.

All public school classes to begin at 9 a. m., Monday, August 31st. Lunch room will be open on this day and meal tickets will be on sale during registration.

Football workouts will begin Monday, August 17th. All interested in playing should contact Coach Jeff Walker.

A general faculty meeting will be held at 10 a. m. Wednesday, August 26th.

Parents of students who will be entering school for the first time are reminded of the necessary vaccinations prior to entrance. These should be taken care of now, so the student will be ready for the first day of school.

Clarendon Junior College registration for all day and night students will be held on Tuesday, September 8th. Classes will begin at 9 a. m. Wednesday, September 9th. September 23rd will be the last day a college student may register.

A general faculty meeting of college instructors will be held at 10 a. m. in the Administration building September 2nd.

HEDLEY CHURCH OF CHRIST MEETING SET FOR AUGUST 10-16

A revival meeting will be held at the Hedley Church of Christ beginning August 10 and continuing through August 16. Flavil Yeakley of Rockdale will be the evangelist and Jack Moore of Miami, Texas will be song director. Services will be held at 8 p. m. each evening. The public is extended a cordial invitation to attend any or all of these services.

LEADER CLASSIFIEDS GET RESULTS

More Weevils Are Found Above Caprock

Boll weevil infestations below the Caprock range from light to very heavy in some fields according to Flip Breedlove, County Agent of Donley County. The heaviest infestations are still in the Afton, East Afton area of Dickens County with the average infestation count running about 37%. The average infestation counts in fields checked in other nearby counties were: Kent, 17.4%; Motley, 10.1%; and Garza, 3.2%.

Don Rummel, area entomologist, says that weevil infestations have been found in at least 50 different fields above the Caprock in Crosby, Floyd, and Dickens Counties. Survey teams have reported several spotted weevil infestations near the Allmon and McCoy communities in Floyd County. According to Rummel, these infestations are further west than infestations found in the October survey of 1963.

JAYCEE SOFTBALL TEAM TO PLAY IN AMARILLO SUNDAY

The local Jaycee softball team has been in training this week in preparation for their participation in the Area Jaycee Softball Tournament which will be held in Amarillo Sunday, August 9th.

The Tournament is hosted by the Amarillo Jaycees and will include many Jaycee teams from throughout the area. Bill Hicks, chairman in charge, said the local team will be working out again tonight at the Little League Park. All Jaycees are urged to be present so that final details can be worked out. Hicks stated.

REPUBLICAN CANDIDATE TO SPEAK HERE AUGUST 12

Bob D. Price, Pampa, Texas, candidate for Congress will be in Clarendon August 12th and will meet at the City Hall with the Jaycees at their regular meeting that evening.

Mr. Price will give his views and platform. All interested persons are invited to attend. The meeting will be at 8 p. m.

LIONS CLUB NEWS

Mrs. Mildred Ritter, office manager for the Donley County ASCS office presented the program to members of the local Lions Club at their regular Tuesday luncheon and explained the general function and purposes of that office. The program was both interesting and informative.

Guests were Jim Nichols of Ft. Worth who is with the Engineering firm of Freese, Nichols and Endress, and John Just who has joined the Leader staff.

It was voted to have a Ladies Night Tuesday, August 25th at 8 p. m. at which time Boss Lion L. L. Wallace will give a report and show film on the International Convention held last month in Canada.

TWO NEW EMPLOYEES JOIN LEADER FORCE

The Leader has a new Linotype operator and a new compositor in the back shop.

Louis Ashford joined the Leader as operator last week, he and his wife Vickie moving here from Paducah where he has been employed on the Paducah Post. Mr. Ashford was reared at Paducah and was employed by the Tribune-Chief prior to going to Paducah.

John Just, a former employee of the Leader some 16 years ago, returned to the Leader force this week after completing 20 years in the service with Uncle Sam. His wife Ruth, daughter Ella Beth and sons, Frankie and Johnny have been making their home here while he has been on overseas duty. He returned to the states in April from a tour of duty at Vung Tau, Viet Nam. During his absence from the Leader he has spent three tours in Korea, one in Viet Nam in the far east and three years in Germany.

LOCALS ATTEND WORLD'S FAIR

Mr. and Mrs. J. R. Brandon, Mrs. Julia Herved returned home Friday after a trip to the World's Fair. While away they visited West Point, New York; the Franklin home at Hyde Park; Niagara Falls, Mammoth Cave, Kentucky and many other attractions. While at Niagara they crossed into Canada and viewed the fall from that point. All report a most enjoyable trip.

Leader Local Rate — \$3.50 a Year.

City-County Hospital Report Very Good

The Board of Managers of the Adair City-County Hospital met in a semi-annual meeting to review the operations of the hospital for the past six months and approved the financial statement. Dr. Geo. Smith met with the Board to present his report.

As unusual, the hospital is operating in the black. Mike McCully, Chairman of the Board, expressed the appreciation of the Board to Dr. Smith for the very fine job he is doing both in the field of medicine and management. There are very few hospitals operating in the black. Several hospital managers in the surrounding area have visited this hospital in an effort to pick up a few pointers to help get their hospital on a break-even basis.

Chairman McCully stated that more people are making memorials to the hospital which is helping out considerably in the way of equipment. This equipment does remain in the hospital regardless of who the manager may be.

FARM NEWS

from County ASCS Committee

Performance

Our reporters are still in the fields measuring cotton, feed grains, diverted acres, and other soil bank base crops. If you have an excess acreage you will have until September 1, 1964, to dispose of the excess, pay the plow-up fee and report it to the county office. The charge for checking disposition of excess or designating additional diverted acres is \$4.00 per farm plus \$2.00 for each plot over one.

Farmers are reminded that they also have until September 1 to plow down their cotton to come within their domestic allotment and receive the 3½ cents per pound price support payment in the planted acres for the farm.

The farm will be required to stay with the feed grain to be eligible for the domestic acreage price support payment.

Clean Tillage On Diverted Acres
 Those producers who are keeping their diverted acres clean tilled this summer must sign a form requesting the approval of the County Committee. These clean-tilled diverted acreages must be seeded to an approved cover this fall.

If you have not signed a request for clean tillage, please come by the office at your earliest convenience and do so.

ACP Program
 Farmers who have carried out an ACP practice under the 1964 program, and all performance determinations have been made were mailed drafts last week. We still have plenty of ACP funds available for carrying out eligible practices.

A Thought "Conscience is that small still voice that makes you feel still smaller."

Mr. and Mrs. George Schollenbarger visited the last of the week with his sister and family Mr. and Mrs. W. D. Hibler, at Mangum, Okla.

HOSPITAL NOTES

Patients as of Wednesday August 5: Danny Phillips, Mrs. Ed Dishman, William Payne, Judy Hillis, Cecilia Mills, Mrs. Walter Lowe, George Thompson, Lillian Thomas, Bernice Womack, Bob Bell, Mrs. Lu Scarbrough, Carl Mulcahy, and Emily Hill.

Dismissals: Mrs. Dean Hill, Truman Thomas, W. B. Webb, and Mrs. Ruth Word.

Cancer Crusade Short Of Goal

Roland Hill, Cancer Crusade Chairman for the Jaycees, reports that the Crusade is short of the goal set with approximately \$270 contributed to date.

The Jaycee-ettes set up contribution tables at the Post Office Saturday and Hill said that plans are being made at this time for them to be set up again within the near future.

If you would like to do your part to help stamp out Cancer, the Jaycees ask that you mail your contribution to Roland Hill, Crusade Chairman, Clarendon, Texas. Mrs. Vera Lewis is in charge of Memorials to the Cancer Society for this county.

LEEPER NAMED JAYCEE OF THE MONTH

Lloyd Leeper was named Jaycee of the Month for the month of July. Leeper, an employee of Wallace Monument Company, received the greatest number of points under the new point system adopted by the club. Lloyd received his points by working many Jaycee hours, visitations to other clubs and for his 100 percent attendance at general meetings during July. Lloyd served as chairman for the renovating of the Little League Park just prior to the All Star games which were played here. He is one of the newer members of the local Jaycee club but is very enthusiastic toward all phases of Jaycee activities.

JAYCEE-ETTES PLAN SEMINARY

The Jaycee-ette meeting was held at Ann Hommel's Tuesday night. Plans were made for a Seminary that is to be held here in September. Billy Jean Moore was the guest speaker for the evening.

CORNELLS ATTEND SHERIFF'S CONVENTION

Mr. and Mrs. Bill Cornell and daughters were in Corpus Christi to attend the annual Sheriff's Convention. The Cornells went down Sunday. The convention lasted through Wednesday noon. Mr. Cornell is sheriff-elect.

ATTEND SHERIFF'S CONVENTION

Sheriff and Mrs. Truett Behrens attended the Sheriff's Convention held at Corpus Christi last week.

Leader Local Rate — \$3.50 a Year.

Greenbelt Authorities Make Application To Change Dam Site And Start Pipe Line

At a meeting of the Greenbelt Municipal and Industrial Water Authority Tuesday night, the engineering firm of Freese, Nichols and Endress presented a report on project revisions made necessary by the fact that; further borings and analyses of the foundations for a dam at the proposed site on the Salt Fork of the Red River below the mouth of Saddlers Creek have shown that the construction of a dam at the Saddlers Creeks site would be much more costly than previously estimated. The recommended Project revisions provide for two reservoirs in lieu of the Saddlers Creek Reservoir with a capacity of 60,000 acre feet to be constructed initially on the Salt Fork at the Highway 70 site which is the first satisfactory site upstream from Saddlers Creek site, and the other reservoir with a capacity of 20,000 acre feet to be constructed later on Lelia Lake creek.

The officers and directors of the authority signed an application to amend the present permit no. 1917 A to the Texas Water Commission to change the site of the dam and also an application to the Texas Water Development Board to separate the dam loan and pipe line loan so they can start construction pending the decision of the water board. Those attending from Clarendon were William J. Lowe, attorney for the authority and secretary and W. Carrol Knorpp, Treasurer and director of the authority. There was a large attendance of spectators from other member cities particularly from Quannah and Childress.

It is understood that it would cost an additional \$4,000,000 dollars to build the dam at the Saddlers Creek site than the new location due to an underground formation that would have to be filled and then might be risky. The new location of the dam would be directly above the Red River bridge crossing north of town and the filtration and water treatment plant would be on the rise north of Clarendon on highway 70.

The authority plans to build the pipe line first from Lelia Lake creek so Childress and Quannah can have good water by next summer although the water

will be pumped from the creek bed. It is hoped the contract for the pipe line can be let soon and construction of the dam started soon after the first of the year. It is to be specially noted that the Board of Directors also are giving notice to bidders for the construction of the pipe line. The bids are to be opened on September 3, 1964, at 10:00 a. m. It is understood that the Notice To Bidders will appear in the next issue of the Leader.

The estimated dependable yield of the initial Highway 70 Reservoir is somewhat greater than the estimated water requirements of the Authority as of Year 2000 including the estimated requirements of Memphis and Wellington. The estimated dependable yield of the Highway 70 Reservoir and the Lelia Lake Creek Reservoir is slightly greater than the estimated yield of the Saddlers Creek Reservoir plus the base flow of Lelia Lake Creek practicable of interception by infiltration wells or a well point system.

The sulphate content of the water from the Highway 70 Reservoir is estimated at approximately one half of the sulphate content of the water which would be obtained from the Saddlers Creek Reservoir. It is anticipated that the sulphate content of a mixture of water from the Highway 70 and Lelia Lake Creek Reservoirs will not be much greater than the sulphate content would have been from the Saddlers Creek Reservoir.

The sulphate content of the Revised Project is \$10,750,000 of which \$8,950,000 is for immediate construction and \$1,800,000 is the deferred cost of the Lelia Lake Creek Reservoir. It is proposed to finance the immediate cost, in the amount of \$8,950,000, by the sale of \$8,300,000 revenue bonds to the Texas Water Development Board and by the Board's purchase of a \$650,000 interest in the Highway 70 Reservoir. The estimated cost of the Saddlers Creek Project was \$10,300,000 of which it was proposed to raise \$8,200,000 from the sale of revenue bonds to the Texas Water Development Board and \$2,100,000 from the Board's (See GREENBELT on last page)

30 MILLION AMERICANS TO BE KILLED OR INJURED IN NEXT TEN YEARS

Thirty-eight million Americans will be killed or injured on the highways in 130 million traffic accidents in the next ten years.

This gruesome statistic is taken from a new Kemper Insurance study that reads in part like a script for a Hollywood super-shocker.

For years now insurance companies have been muttering - - mainly to themselves - - about unfit drivers; teen-age accident rates; apathetic attitudes toward highway hotrodders; and the high death and insurance rates that very evidently result from such causes. Small heed has been paid them, and little has been done about anything.

In their latest appeal, the companies of the Kemper Insurance Group point out that continuing indifference to traffic

abuses will eventually result in public restrictions.

Among other things, this would mean extra police, higher highway costs, additional upward pressure on insurance rates and the loss of driving privileges for many, instead of for only a dangerous few.

Kemper makes the valid point that people in a democracy should not let things come to such a sorry pass, but should try to do something about them.

Highway safety is the concern of all of us. Each of us should seek to maintain it in his own way: some by promoting safety through organizations; some by instigating action against the more obvious abuses; all by driving safely and with consideration for others.

Traffic experts have always agreed that a conscientious public attitude toward the road would cut the United States traffic rate in half.

Although its venom is relatively weak, the South American bushmaster is dangerous because of its size and the quantity of venom it injects.

MAR—The Multi-function Array Radar at White Sands Missile Range, N. M., was built for testing purposes as part of the NIKE-X anti-ICBM missile system. The three giant domes of MAR thrust up into the air appear to have been made with a giant ice-cream dipper. The radar complex has an acre and a half of floor space below ground under the domes. The sides of two of the domes are pierced with the radar's "eyes." The ultimate performance of NIKE-X against enemy ICBM's and submarine-launched missiles will depend largely upon the capabilities of MAR. (See July 27 edition of ANF for details.) The Electronic Systems Division of Sylvania Electric Products, Inc. is the prime sub-contractor for MAR.

McKee. Congratulations.

Mrs. Autry and son Raymond Hoggard returned home Tuesday from Aransas Pass where they visited relatives for two weeks.

Mrs. Crawford of Memphis is spending two weeks with her daughter, the Hobart Moffetts.

Mrs. E. G. Nivens of Lakeview visited her daughter, Mrs. Leon Kennedy Friday afternoon.

RATS -- THE BILLION DOLLAR PEST

COLLEGE STATION — Rats are more than filthy, distasteful pests, says the U.S. Department of Agriculture. These rodents annually cost Americans over a billion dollars in the food they eat and the property they destroy, not to mention the misery and death they cause each year from rat-borne diseases.

Few farm products are safe from their attack. Rats spoil grain, fish, fruit, meat, milk products and vegetables, and kill and injure poultry and livestock. Even wildlife is not safe from them. They cause as much damage to property as to products by their gnawing and burrowing, says the Department. Grain sacks, wooden containers, electrical wiring and building foundations are harmed by rats in

their quest for food.

The first step in ridding the farm or home of rats and mice is destroying the places where they live by cleaning up old trash piles and rat proofing buildings.

Killing the rats by the use of poison gases or poison bait is the next step in the fight against them, says the USDA. Poisoning is the most effective method of killing rats but care should be used to keep it away from children or animals. The anticoagulants are the most practical bait type poisons and calcium cyanide gas is effective in the rodent's burrows. Department warns that care should be exercised in the use of these gases.

Trapping is another method of controlling rats that may be desirable in homes where poisoned rats might cause an odor problem. However, the use of traps is only practical where there are a few rats or as a follow-up to poisoning.

The USDA adds small terriers, Airedales, cats and small bore rifles to the list of rat eradicators and recommends that neighborhood campaigns be organized to eliminate rats and the tremendous losses they incur.

RADIOACTIVE FALLOUT — ITS DANGERS AND EFFECTS
T. G. Holmig and Bobye Riney* COLLEGE STATION — When a nuclear weapon explodes on the surface of the earth, thousands of tons of dirt and debris are lifted into the mushroom cloud. This material mixes with radioactive elements produced during the explosion and forms radioactive fallout. This dust like material is carried by the winds and can contaminate thousands of square miles downwind. The first particles of fallout usually require from 30 to 45 minutes to reach the ground and almost all has fallen within 24 hours. Two types

of radiation are produced by the elements in fallout — Gamma Rays and Beta Particles.

Gamma rays are like X-rays and can penetrate deep into most materials including our body. When they do, they destroy or damage living cells. If enough cells are injured, that is if the radiation count is high enough, people or animals sicken, perhaps die, depending on the amount of radiation received. Gamma rays, however, do not damage or make food and water radioactive when passing through it.

Beta particles, the other hazard, can be stopped by the thickness of clothing. However, if these particles come in direct contact with bare areas of the body, severe burns will result. The major concern is to keep this type of radiation out of your body. For this reason, contaminated food and water, that is food and water with beta particles on or in it, should not be consumed.

Nuclear radiation is measured in terms of roentgens. Since a total dose of 200 roentgens over a 36 hour period would make most people ill and a dose of 450 roentgens will result in many deaths, it is apparent that avoidance of high intensity radiation is imperative.

FALLOUT SHELTERS NEEDED BY EVERYONE

Fourth in a Series on Civil Defense by

T. G. Holmig and Bobye Riney COLLEGE STATION — Since massive shielding is the only known protection from gamma radiation, everyone needs some type of shelter from radioactive fallout. This shelter need not be expensive or fancy, but it should be carefully planned to protect the family.

The simplest and least expensive shelter is one included in the home when it is constructed. It can serve a dual purpose as an extra bedroom, utility or recreation room, photographic darkroom, or other facility. Underground shelters can also be built near the home. The cost, size, location, amount of protection, and ventilation are some factors to consider when building a shelter.

If a fallout shelter cannot be constructed, a suitable area in the home should be located and steps taken to make it as safe as possible. The safest places in homes are usually basements, hallways, large closets or rooms with no windows.

In addition, nearly every community has buildings that offer some protection. The safest part of a multi-story structure is in the center of the middle floor. The government is designating certain areas of large buildings as shelters and stocking them with survival supplies.

Though different type structures provide varying amounts of protection from fallout, it is important to know how much protection is needed. If the dose level is high, an underground shelter will be needed for adequate protection.

But above all remember that any shelter is better than none. Even tunnels, mines, caves, and culverts would provide some emergency protection.

At one time the Alamo was claimed by the City of San Antonio, the Roman Catholic Church and the U.S. Government.

Algoa, Texas, in northern Galveston County, was named for a British ship which was driven ashore in the 1900 hurricane.

McMurtry-Liston Vows Exchanged In Impressive Ceremony

In a double ring ceremony read Saturday evening, Aug. 1, Miss Marcia McMurtry of Clarendon became the bride of Jack D. Liston Jr. of Amarillo, son of Mr. and Mrs. Jack D. Liston, 1801 Austin. Nuptials were solemnized in the First Presbyterian Church in Clarendon, the Rev. Baldwin Stribling officiating. The ceremony followed a musical prelude of traditional wedding selections by Julia Beck, organist, and Neil Barnhill, soloist.

The bride is the daughter of Mr. and Mrs. J. Alfred McMurtry of Clarendon. She received her formal education in the Clarendon schools and at St. Stephens Episcopal Schools in Austin, Trinity College in San Antonio, and Washington University in St. Louis, Mo.

Her three sisters, Connally, Marilyn and Christina, were

bridal attendants at the wedding, as was Mrs. R. C. Craig of Amarillo, a cousin of the bridegroom. The young women wore identical gowns of emerald green chiffon with matching Doir bow headpieces. They carried cascade arrangements of golden delight roses.

Mrs. Liston was given in marriage by her father. Her bridal gown of candlelight peau de soie was fashioned with an empire bodice of hand-run Alencon lace, the decollete neckline edged with lace scallops and a sprinkling of seed pearls enhancing styling of the bodice marked at the waistline by a bias fold of the peau. The controlled skirt, with full length chapel train, held appliques of jeweled Alencon lace. The bride's finger-tip veil of bridal illusion was attached to a headpiece of peau

MRS. JACK D. LISTON, JR. - nee Marcia McMurtry

de soie. She carried white jaspette orchids and white butterfly roses arranged with stephanotis in cascade fashion.

James Prowell was best man and groomsmen were Tom Edgar of Washington, D. C., R. C. Craig, Robert Liston and Joe Bob McCart.

Following the ceremony a reception for the couple was held in the McMurtry home, 417 West 5th in Clarendon, with members of the houseparty including Misses Dana Boston, Sharon Price, Nancy Collins and Mesdames Richard Klein, Richard Roberts, Paul Fields and Tom Marsh, all of Amarillo; Miss Janice McCollough of Houston and Mrs. Jim Rose of Midland; and Misses Sue Yankie and Pamela and Linda Palmer, Clarendon. After the reception the couple left for Mexico City and Acapulco and on their re-

turn will be at home at 3407 Speedway, Austin.

Both Mr. and Mrs. Liston will be junior students at the University of Texas this fall, Marcia majoring in medical technology and her husband in history. He attended prep school at the Principia in St. Louis, Mo., later studying at Rollins in Winter Park, Fla., before transferring last year to West Texas State University at Canyon.

A number of pre-nuptial courtesies were extended the couple during the weeks preceding their wedding. A skiing party at Lake Stockton was given by Mr. and Mrs. Percy Blackburn, and a brunch, also at the lake, was hosted by Mrs. James McCormick and Mrs. James L. Powell. A lakehouse dinner at Stockton was also given at the home of Mr. and Mrs. David Beck, co-hosted by Mr. and Mrs.

E. J. McCart Jr. and Mr. and Mrs. Paul Fields.

A patio party at the home of Mr. and Mrs. Robert Boston was hosted by their daughter Dana, and Jim Reid Barnhill; and a steak cookout by Mr. and Mrs. Bill Latham and Mr. and Mrs. Jess Latham was another outdoor party honoring the couple. A treasure hunt at the home of Mr. and Mrs. J. A. Whittenburg Jr. was followed by a dinner dance, co-hosts the Glenn Morrises and their daughter Georgia.

Among luncheons given were ones by Mrs. Steven Cowan and her daughter Lyn; the bridesmaids' luncheon by Mesdames Art Hanks, B. E. Walker and Joe D. Whittenburg; and the wedding luncheon in Clarendon by Mr. and Mrs. Walter Knorrp, Mr. and Mrs. Clyde Slavin and Mrs. Waymon Nobile. Dinner parties and showers included those by Mrs. Gary Barnhill of Clarendon; by Dr. and Mrs. William Price, Mrs. Jewell Langford, Mrs. Dick Bell, Mrs. J. A. Hedgecock, and Miss Shearer Fe Atkinson, and Mrs. Doug Mills of Pampa.

A luncheon by Mrs. H. L. Ratliff, Mrs. S. B. Whittenburg, Mrs. Roy Whittenburg and their daughters, Mrs. Allen Early Jr., Mrs. Harvey Ratliff Jr. of Lubbock, Mrs. Don Coltrin and Miss Mary Frances Whittenburg; a luncheon by Mr. and Mrs. Richard C. Cline Jr. and Mr. and Mrs. Tom Marsh; by Mr. and Mrs. Stanley Crowe and Mr. and Mrs. Richard Roberts; by Mrs. Henry Blackburn and Mrs. Richard G. Windsor; the spinster dinner by Mrs. R. C. Craig, and the rehearsal dinner in Clarendon by Mr. and Mrs. J. W. Collins and Mr. and Mrs. Ray Palmer. Jim Powell hosted the bachelor dinner.

COFFEE HONORS MRS. MILLARD WARD

Twenty five people attended the coffee last Monday at the Ashtola center building, given in honor of Mrs. Millard Ward, who is leaving our community. She will make her home in Amarillo, where she will move this week. Her many friends here will miss

her so much, but all wish her the very best of good wishes in her new home.

After the breakfast of donuts and coffee, Charlotte gave a short address using excerpts from a prayer written by Dr. B. B. King, the message was concerning our prayer life and our faith in God.

All who heard the message enjoyed and appreciated the inspirational message. After her address the ladies of the community presented her with a

going away gift.

Mrs. Van Knox and Mrs. Hubert Rhoades were the hostesses for this occasion.

Mrs. Katherine Lane and family have returned to their home at Pacifica, Calif. after having visited the past month with her mother, Mrs. Corida Thompson. Mrs. Lane's husband and older daughter came for her. Two of the children, Mike and Inita remained to spend the rest of the summer with their grandmother.

BRIDAL SHOWER HONORS MISS DARLENE SHIELDS

A bridal shower honoring Miss Darlene Shields, bride-elect of Billy Neal Spier, was given Saturday, August 1st, at Patching Club House.

Guests were greeted by Miss Ruth Richardson and presented to the receiving line. Misses Sharon Henson and Maudean Self presided at the registrar.

The dining table was laid with a white linen tablecloth arranged with silver and crystal. In the center was a lovely floral arrangement of white carnations and yellow gladioli accented with yellow tapers. Serving the guests cake and punch were Misses Sue Hill, Karen Hill, Nelda Stepp, and Sue McCord.

Mrs. J. C. Stepp played appropriate musical selections throughout the afternoon.

The lovely gifts honoring the couple were displayed on tables.

Among the fifty-six guests that registered were the following out-of-town: Mrs. Jack Holsenbeck, Kermit, Texas; Mrs. Gene Putman, Claude, Texas; Mrs. Larry Frankfather, Odessa, Texas; and Mrs. Collie Huffman, Jr. of White Deer, Texas.

Hostess for the courtesies were Miss Ruth Richardson, and Mesdames T. T. Allred, Carl Carter, Ira Page, Gordon Mann, Roy Crutchfield, H. G. Bobbitt, Herman Cross, Marjorie Harlan, Mark Allen, B. B. Joiner, Fred Bourland, Clyde Gilbert, J. I. Spurgeon, Olace Hicks, C. Huffman, Ola Price, Johnnie Johnson, Ed Mahaffey, Charlie Morgan, Odie Smith, Hazel Noble, Frank Thompson, and Louise Payne.

Mr. and Mrs. H. M. Breedlove and Dr. and Mrs. C. E. Deyhle and family spent last week at Lake City, Colo. They report fishing good and a delightful time. Enroute home they spent a day and night at Santa Fe, N. Mexico.

The pig market at Medford, Wisconsin, is the world's largest.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN, TEX.—State Board of Control is willing to go only halfway in the drive to take energetic tourist to the top of the capitol dome.

State purchasing and house-keeping agency asked for \$16,950 to open the dome to the fifth floor. Sightseers now must stop at the fourth floor landing. Board of Control looks with disfavor on tourists going 41 feet higher, to the tip top.

"Structurally," said the Board, "the capitol dome is thoroughly safe for its intended and original purpose—which was not as a tourist attraction."

Cost of opening the dome to the public—complete with guide service, security, repainting and janitorial service—was estimated at an additional \$52,000.

Even opening the fifth floor landing is complicated enough, said the Board.

Included in its recommendations were \$4,000 for a grill to catch objects dropped from the lofty landing; \$3,000 for a ventilation system in the stairwell areas "to keep people from dropping out from exhaustion while climbing"; \$2,000 to run a water line and install a fountain; \$2,500 for annual repainting to hide the work of slogan-writers; and \$350 for a first aid kit.

COURT SPEAKS—Texas Supreme Court has declined to reconsider an earlier decision holding off pipe shipping rates set by the Railroad Commission in 1962 while they are in contest. High court refused the Commission's request for rehearing. Oil field truckers called for suspension of the new rates, claiming they give railroads an unfair advantage.

In another case heard by the Supreme Court, a railroad Com-

mission production formula for Fairway Field in East Texas, largest U. S. oil discovery in the last eight years, is under attack. W. L. Pickens brought the action to avoid the formulas for the field in Anderson and Henderson Counties. Pickens claims the formulas would allow neighboring leases to drain oil from under his property. Under the Commission order, allowables would be based 50 per cent on tract size and 50 per cent on acre feet of oil-bearing sand beneath. District court here has upheld the order.

Finance companies won a major battle with the State when the Third Court of Civil Appeals in Austin refused Regulatory Loan Commissioner Frank Miskell's motion for rehearing on the State's case against Termpian, Texas Public Finance, Beneficial Finance and Consolidated Credit.

Court affirmed the opinion of the 53rd District Court in Austin that the 1963 Texas Loan Act section which says a loan company cannot be licensed unless 51 per cent of its stock is owned by Texans is unconstitutional.

EDUCATION-JOB OPPORTUNITY—Texas Department of Public Safety is offering educational opportunities along with jobs for young men who can qualify.

Fifty will be selected between August and October for the DPS Law Enforcement Academy here. Graduates of the four-month school, covering 800 hour of instruction in 95 subjects, will fill vacancies in the highway patrol, license and weight, motor vehicle inspection or driver licensing division.

Young men 21 to 35 who can meet physical and mental requirements will be given qual-

ifying examinations on August 8, September 12 and October 10. School will begin on November 19. Students earn \$375 a month while in training and \$438 to \$453 a month on graduation.

REDISTRICTING—Fourth in a series of public hearings held by the Legislative Council Study Committee on Congressional Redistricting will be held in San Antonio. Legislators seek public opinion on the way to draft redistricting to conform with the U. S. Supreme Court edict. It's a matter which must be settled during the 1965 session.

Speaker of the House Byron Tunnell says he believes redistricting—both congressional and legislative—should be handled at the end of the session, after higher education proposals and tax matters are out of the way.

His idea conflicts with those of Governor Connally and Atty. Gen. Waggoner Carr who have said redistricting should be the first item on the Legislature's agenda.

PASSENGER TRAIN HEARING SET—Railroad Commission issued notice that it will hold hearings on the Texas and Pacific Railway's request to discontinue operation of two passenger trains now operating between Fort Worth and El Paso.

Fort Worth hearing will be held on September 15, and the El Paso hearing on September 17. Railroad claims it has suffered a net loss of \$200,000 on these trains over the past year.

FOOD STAMP PLAN—William M. Herndon, who administers the commodities distribution program for the State Department of Public Welfare, says the Federal Food Stamp Program, just passed by Congress, will take at least five years to filter down to into all counties which otherwise would participate in the surplus commodities distribution program.

Under the proposed program, low-income and no-income families may trade federally-applied stamps for food at any grocery store, instead of limiting their supplies to those items declared surplus commodities and distributed on a county-agent basis. Luxury and imported items will be exempt from the plan. Barred from the stamp "shopping" list are bananas, coffee, cocoa and tea.

But the switch must be gradual because current surpluses must be used up, and it has not been determined yet how much Congress will appropriate for the program.

YARBOROUGH ASKS FOR SCREWORM FUNDS—Sen. Ralph Yarborough's Austin office announced he has urged the Senate Subcommittee on Agriculture Appropriations to earmark \$5,500,000 to continue the screwworm eradication program in the Southwest.

Unless a barrier zone is established along the Mexican border, Yarborough said, reinfestation of "free" areas will occur and a \$12,000,000 investment in the program will be lost.

PARKS OVERCROWDED—

All state parks in Texas are overcrowded, says Director W. M. Gosdin.

Gosdin pointed out that 47,944 persons visited Corpus Christi State Park on Easter weekend and the level has held up through mid-summer. Other major parks such as Garner, Inks, Goose-Is, Iadn, Brownwood and Fort Parker handling capacity crowds.

A \$160,000 expenditure at Huntsville State Park provided only a third of the facilities that could be utilized, reports the parks chief.

New expansion projects at Falcon, Lake Whitney and Dam B will help take care of next year's visitors but probably won't come close to meeting demand for park facilities, Gosdin said.

APPOINTEE—Tom E. Beard County Attorney for Hill County, has been appointed by Governor Connally as District Attorney for the 66th Judicial District.

Beard, a Baylor University law graduate who is also the Democratic nominee for the position he was appointed to, succeeds the late Jerry E. Clark.

RETAIL SALES ON RISE—UP — Bureau of Business Research's seasonally-adjusted index of retail sales in Texas shows a two per cent rise in June. Bureau reports that in the first six months of 1964 retail stores recorded a rise of five per cent over the first half of 1963.

Biggest increases over the 1963 period were made by automotive dealers and stores dealing in women's ready-to-wear. But every retail category showed a rise, except meat-less grocery stores.

Short Snorts

State Education Commissioner J. W. Edgar still is looking into complex legal angles of an Eagle Pass school controversy in which former Odessa W. T. Poulos was dumped as superintendent two weeks after he was hired, in the wake of a school board election.

The highway and heavy construction industry in the U. S. cut its industrial accident rate in half between 1948 and 1961, according to Hugh McMillan, president of the Texas Highway-Heavy Branch, Associated General Contractors.

Yorktown Community Bank of Spring, Harris County, were chartered by State Banking Board.

Texas Employment Commission announced it had selected 200 youth counselors to work in the intensive Federal-State effort to rehabilitate unskilled and unemployed youth.

HEREFORD CHURCH OF CHRIST TO SPONSOR YOUTH FORUM

The Central Church of Christ Hereford, Texas is sponsoring a Youth Forum to be held the three days of August 2-4. The host group will include young people from the seventh grade thru college and people from this area are invited to attend.

Registration will begin about 2 p. m. Friday, August 21 with the Forum beginning at 4 p. m. Preparations are being made to accommodate some 300 visitors. Housing assignments will be made from 4 to 6:30 p. m.

Many noted speakers will appear on the program including Dr. Robert T. Clark, David Gatewood and others. Many young people will also participate on the program. The one entertainment session will be in the form of a Hootenanny talent program. Sunday morning worship services will be conducted by the young people.

Makes gifts more gracious. Possessions more prized.

OUR ENGRAVING DEPARTMENT IS AT YOUR SERVICE. HENSON'S

He kept telling her that he wasn't good enough for her after the wedding she decided he was an honest man.

I keep appointments on the dot. And spend time waiting-hence this rhyme. Procrastination? Tommy Rot! Promptness is the thief of time!

A good sermon is one that goes over our head and lands on our neighbor.

This and That:

This week a letter came from Mrs. Bertha Hayes, who is at this time staying with a son at Loma, Colorado. She has long been a real booster for our column and no doubt took the record for buying more copies of the book *Plowing' Out the Corners*. She sent copies to dozens of friends. She writes to ask how her son Bill is running in these parts. He is in the race for congressman at large on the Republican ticket. Not being a very good political observer we don't know what to write. If you have an idea pass it along to Mrs. Bertha Hayes Box 107, Rte. 1 Loma, Colorado. The son in Colorado raises registered horses. Bill lives at Temple Texas.

Katherine Stephens of Silverton, Texas is putting one of her hobbies on the cash market. It is a personally designed group of postcards offered for sale at ten cents each in many of the stores in the area. The pictures are as one would expect western scenes designed and draw by Mrs. Stephens. In addition to this hobby she does beautiful leather work along with helping on the ranch and other interests. Her childhood home was south of Claude in the Lakeview Community. This she didn't tell us to do, but send her a dime and request an autographed sample of her unusual postcard project.

Mr. Khrushchev spares no words in speaking forth his dislike for Mr. Goldwater. . . The friends of each will no doubt rejoice in their own way at these statements. . . This will likely be a campaign issue.

Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 3, 1964.

SENATE JOINT RESOLUTION NO. 6 proposing an amendment to Section 5 of Article VII of the Constitution of the State of Texas so as to remove the authorization to transfer not exceeding one per cent annually of the total value of the permanent school fund to the available school fund.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. Section 5 of Article VII of the Constitution of the State of Texas is amended to read as follows:

"Section 5. The principal of all bonds and other funds, and the principal arising from the sale of the lands hereinbefore set apart to said school fund, shall be the permanent school fund, and all the interest derivable therefrom and the taxes herein authorized and levied shall be the available school fund. The available school fund shall be applied annually to the support of the public free schools. And no law shall ever be enacted appropriating any part of the permanent or available school fund to any other purpose whatever; nor shall the same, or any part thereof ever be

supported or used for the support of any sectarian school; and the available school fund herein provided shall be distributed to the several counties according to their scholastic population and applied in such manner as may be provided by law."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors at an election to be held on the first Tuesday after the first Monday in November, 1964, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment to remove the authorization to transfer not exceeding one per cent annually of the total value of the permanent school fund to the available school fund."

"AGAINST the Constitutional Amendment to remove the authorization to transfer not exceeding one per cent annually of the total value of the permanent school fund to the available school fund."

Section 3. The Governor of Texas shall issue the necessary proclamation for the election and this amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER THREE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 3, 1964.

SENATE JOINT RESOLUTION NO. 10 proposing an Amendment to Section 51a of Article III of the Constitution of the State of Texas by adding a new Subsection to be known as 51a-2; giving the Legislature the power to provide, under such limitations and restrictions as may be deemed by the Legislature expedient, for direct or vendor payments for medical care on behalf of individuals sixty-five (65) years of age or over who are not recipients of Old Age Assistance and who are unable to pay for needed medical services; providing for the acceptance of financial aid from the Government of the United States for such medical payments; providing that the amounts paid out of state funds shall never exceed the amount that is matchable out of Federal funds for such purposes; providing that certain means relating to the correction or remedying of abnormalities of vision shall be included within such medical care service or assistance; providing for the necessary election, form of ballot, proclamation, and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 51a of Article III of the Constitution of the State of Texas be amended by adding thereto a new Subsection to be known as Subsection 51a-2, which shall read as follows:

"Subsection 51a-2. The Legislature shall have the power to provide by General Laws and to make payment for same, under such limitations and restrictions as may be deemed by the Legislature expedient, for direct or vendor payments for medical care on behalf of needy individuals sixty-five (65) years of age or over who are not recipients of Old Age Assistance, and who are unable to pay for needed medical services; providing for the acceptance of funds from the Federal Government for the purpose of paying such medical assistance; and pro-

vided that the amounts paid out of state funds for such purposes shall never exceed the amount that is matchable out of Federal funds; provided further, however, that such medical care, services or assistance shall also include the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision."

"The Legislature shall have the authority to accept from the Government of the United States, such financial aid in the form of medical assistance on behalf of the needy individuals sixty-five (65) years of age or over who are not recipients of Old Age Assistance, and who are unable to pay for needed medical services, as such Government may offer not inconsistent with restrictions herein set forth."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at the General Election to be held on the first Tuesday after the first Monday in November, 1964, at which election all ballots shall have printed thereon the following:

"FOR the Amendment to the Constitution giving the Legislature the power to authorize vendor payments for medical care on behalf of needy individuals sixty-five (65) years of age and over who are not recipients of Old Age Assistance, and who are unable to pay for needed medical services; providing for the acceptance of funds from the Federal Government for the purpose of paying such medical assistance; and pro-

vided that the amounts paid out of state funds for such purposes shall never exceed the amount that is matchable out of Federal funds; provided further, however, that such medical care, services or assistance shall also include the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision."

Section 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and have the same published and held as required by the Constitution and the laws of the State of Texas.

Mrs. Doris Mills and children of Lubbock called on Mr. and Mrs. Bob Cole Saturday night and spent the night with her parents, Mr. and Mrs. L. A. Watson.

Mr. and Mrs. Jack Edens attended the Edens reunion at the City Park Sunday.

WOMEN TO WOMEN

Lt. Jozelle Neptune, WAC Selection officer for the Panhandle area, announced today that ten highly technical jobs have recently been opened to young ladies in the Women's Army Corps. These jobs, for which only men have previously been trained in the service, include cryptographic equipment repair, radio equipment operation, and air defense fire distribution system controller. These schools can be guaranteed before enlistment to young ladies who are qualified. Young women 18 to 34 who are interested in training in one of these technical fields or in over 100 other jobs can contact Lt. Neptune in Amarillo at 114 East 9th Avenue or the local army recruiter.

Visiting last week in the home of Mr. and Mrs. O. C. Watson were Mrs. O. C. Watson, Jr. of Colorado Springs, Colo.; Mrs. Kitty Lawler of Canyon; Mrs. Bill Clark of Lubbock; Ed Antrobus of El Paso; Edith Mercer, Mrs. Ben Sullivan and Ben Dell of Ft. Worth; and Mr. and Mrs. Gale Ledbetter and Gary of Amarillo.

CHAMBERLAIN COMMUNITY CENTER NEWS

The Chamberlain Community will meet at the center Friday night, August 7. Everyone is invited to come and play "42". Bring sandwiches, potato chips, and cookies. Drinks will be furnished by the hostesses, Mrs. Price Webb and Mrs. C. A. Wright.

VACATION IN WESTERN STATES

Mr. and Mrs. George Schollenbarger and Mr. and Mrs. James Gain of Iowa Park returned home last week after a vacation through the western states. While away they traveled through New Mexico, Arizona, California, Nevada, Utah, and Colorado visiting many of the tourist attractions along the way.

Mr. and Mrs. Clifford Newland and children of Whittier, Calif. have visited with his wife's parents, the W. W. Stevens in Austin and with other relatives in McAllister and Tulsa, Okla. Enroute home they visited the week end with his aunt, Mrs. Walter Hutchins, from there going on through Colorado, Wyoming, and to Yellowstone National Park before turning south to their home.

Those visiting Mr. and Mrs. G. D. Hillis last week were Edward Hillis of Rupert, Idaho; Tommie Hillis and family of Casper, Wyoming; Mrs. E. M. Carrick and daughter of Borger; Billy Hutton and family of Amarillo; Mary Foreman of Big Springs; and Mr. and Mrs. Forrest Hillis of Whittier, Calif.

Mr. and Mrs. Sid Stewart and family met a son, Jerry, at McKinney and all toured Six Flags as Arlington before going to Oklahoma City where they visited friends and relatives. They returned to Clarendon Saturday evening. Jerry is in the Navy.

Mr. and Mrs. Jim Bain of Waco announced the arrival of a son, July 18th. The young man has been named Paul. Mrs. James Bain spent the past ten days with the Jim Bains and Mrs. Jim Bains and sons accompanied her home Wednesday of last week, leaving Thursday to visit her mother at Clovis, N. Mex.

Mr. and Mrs. B. N. Adams returned home last Friday after a vacation in New Mexico. They attended a family reunion of Mrs. Adams' people at Albuquerque, visited W. G. Adams and family at Gallup, Raymond Adams and family at Bledsoe, and the White family at Levelland.

Consumers who received samples of foam-spray-dried whole milk at the U.S. Department of Agriculture's Food and Home Fair in April are indicating an enthusiastic response to the new product, according to the USDA. Scientists of USDA's Agricultural Research Service, who developed this experimental product, are working to improve it still further. Foam-spray drying is an inexpensive new process in which compressed nitrogen is injected into a milk concentrate before drying.

Mr. and Mrs. Glenn Hoggatt of Perryton visited relatives here the week end.

Mr. and Mrs. Bill Gerner and family of Borger visited last week with his mother, Mrs. E. H. Gerner and other relatives.

Jimmy Thompson of Pampa visited Wednesday night with his mother, Mrs. Margaret Thompson.
