FARM NEWS

from County ASCS Committee

Release Of Cotton Allotments

This year again, as in the past several years, those farmers that will not plant their cotton allotments are urged to release the acreage to the County Committee for reapportionment. Each year considerable acreage is lost to both county and state by farmers failing to release their allotment. March 4, 1963, is the last day to release the allotment.

Cotton Pre-Measurement

Producers may, by paying for the service, have their cotton pre-measured and staked provided application for the service is filed in the County ASCS Office before March 29, 1963.

Reconstitutions

The time is very near for the planting of 1963 crops. If you are eligible for reconstitution, either combination or subdivision, please come to the office right away and talk with us about it.

Feed-Grain Signup

The 1963 feed grain signup is well underway in the county office. Several producers who did not clearly understand the program, have been to the office and we have figured the different ways that the program could be applied to their individual farm. Consequently, they now have a clearer meaning of the program.

If there is any phase of the feed grain program about which you have any questions, why not come to the office and let us try to help you?

Remember that the signup ends March 22.

Holiday

This office will be closed Friday, February 22, in observance of Washington's birthday.

CRUSADERS FOR CHRIST AT CALVARY BAPTIST CHURCH FRIDAY NIGHT

There will be a special Youth Fellowship Meeting tomorrow (Friday) night at the Calvary Baptist Church. The meeting will get underway at 7:30.

Bro. Lennard Forsythe, pastor of the Bible Baptist Church in Borger will bring the message. Bro. Forsythe is a young preacher who preaches the Bible. He will preach a message that will hold the interest of any young person.

There will be special singing by the young people from the visiting churches as well as local young people. If any of you young people like to sing for the Lord, you're welcome to come and sing. All young people are invited to attend this Youth Crusaders for Christ Meeting.

"It is hoped," Rev. Hill said, "that this will be the greatest youth meeting we have ever had. The last meeting we had, the church was filled."

Refreshments will be served after the meeting. See you tomorrow night at the Calvary Baptist Church.

MRS. HARRISON HALL JOINS BANK STAFF

Mrs. Harrison Hall, long-time Hedley resident, has accepted a position with the Farmers State Bank here in the bookkeeping department.

J. D. Swift, president of the bank, stated that the bank officials felt they were fortunate in securing the services of Mrs. Hall as she was formerly employed by the Security State Bank of Hedley.

NEXT SQUARE DANCE AND LESSONS MARCH 1

It has been announced that the next square dance and lessons will be held Friday, March 1, and not this Friday night. The group will meet at the same time and place as usual.

School Board Election Set For April 6

It will be election time for two school board members on April 6. In order for a candidate to have his name printed on the official ballot, it will be necessary for him to come by the school tax office at least 30 days prior to the election and make formal request that his name be placed on the ballot.

Two places on the board will be filled this year. The terms of Warren Hardin, current president of the board, and Freddy Chamberlain will expire. Whether or not these two men will be candidates for re-election is unknown at the present time.

On the same date of the school board election, April 6, another election will be held for which voters will vote to assume the Lelia Lake School bonded indebtedness. This is for public school purposes only and, actually, is a mere formality. Sometime ago the Lelia Lake District voted to consolidate with the Clarendon District and Clarendon voted to accept them. Both votes carried by big majorities. The bonded indebtedness of the Lelia Lake District now must be assumed by the Clarendon District which, of course, now includes the old Lelia Lake District.

Sixteen Local Jaycees Receive Awards

Sixteen members of the local Jaycees received "Spoke" certificates at their regular meeting Wednesday, Feb. 13th, presented by their president, Delbert Robertson. Robertson received the certificates at the Area I convention held in Odessa recently.

A new Jaycee, to receive a SPOKE award has to complete five mandatory requirements and receive a minimum of 100 points for optional requirements within a limit of 12 months from date voted into club. Only a new Jaycee can become a SPOKE which stands for Service, Participation, Orientation, Knowledge and Enthusiasm.

The names of those receiving certificates are: Delbert Robertson, Richard Tunnell, Chauncey Hommel, W. R. Bradshaw, Roland Hill, Hubert Kidd, Bill Hicks, Paul Hancock, Leonard Brant, John Payne, Rip Gilkey, Darel Harper, Fred Ketchum, John Morrow, Bill Ridenour, and Daniel Archuleta.

Former Resident Buried Here Tuesday

Funeral services for Mrs. Della Sue, former Donley County resident, were held Tuesday at Amarillo with burial in Citizens Cemetery here.

Mrs. Sue, 85, mother of the late John Heathington, died Saturday in an Amarillo hospital. She had made her home at Granbury, Texas, for several years prior to moving to Amarillo.

Survivors include a son, a daughter, 16 grandchildren, 33 great-grandchildren and eight great-great-grandchildren.

Pallbearers were grandsons, Frankie R. Sue, Billy W. Watson, Morris R. Watson, Joe F. Heathington, Keith Heathington and Don Heathington.

Attend the church of your choice.

Clarendon Jaycees Elect Directors

The Jaycees had the election of Directors for the local club on Wednesday night of last week and Chauncey Hommel was re-elected as director in the club. New directors elected were Dr. Richard Gilkey, Darel Harper and Robert Bain. The new directors replaced Hubert Kidd, Paul Hancock and John Payne. The directors will be installed at the Jaycee Installation Banquet which is to be held at the school cafeteria on March 29, 1963.

The other directors of the local club include Delbert Robertson, Richard Tunnell, Bill Hicks, Roland Hill and Bill Bradshaw. Out of the nine directors of the club will be elected the officers for the next Jaycee year and at present three directors have announced for President. They are: Chauncey Hommel, Bill Bradshaw and Richard Gilkey. Two have announced for Vice President: Roland Hill and Darel Harper; two for Secretary: Delbert Robertson and Robert Bain; and two for treasurer: Richard Tunnell and Bill Mac Hicks.

The above men will be campaigning for the respective offices until Wednesday night, Feb. 27th, when the elections are to be held. Members of the Pampa Jaycees will be present at the election and all local Jaycees are urged to be present to take part and elect the men that will be leading your club this next year.

Odessa JC Tops Bulldogs One Point

The Clarendon Bulldogs barely missed winning over the Odessa Wranglers Tuesday night when they were defeated 50-59. Odessa's Ed Gardner sank a 20 foot set shot with five seconds left to nip the Bulldogs. Clarendon still had a chance by route of the free throw line but the free tosses were missed.

The game was close all the way with Odessa leading 27-24 at half time. Jim Boyd hit the basket for 16 points and Randall Murry 15 for the Bulldogs. Ed Gardner was high point man for Odessa with 31.

Music Program Friday Afternoon

The Clarendon Junior College Music Department, under the direction of Mrs. Velma Weaver, will present a special music program in the College Auditorium Friday afternoon. The program is entitled, "Sing Along With Mitch," and will feature Garry Moore's Ballet Dancers.

There will be two productions of the same program on Friday afternoon.

The first will be at one o'clock and will be for the elementary and junior high school students and the second, beginning at two o'clock will be for the high school and junior college students.

The public is cordially invited to attend either session, but there will probably be more room available at the two o'clock program. There will be an admission charge of 35c. This money will be applied toward new robes for the college choir.

Services For Mrs. J. H. Stephens Held At Hedley Tues.

Funeral services for Mrs. J. H. Stephens were held Tuesday in the Hedley Baptist Church with Rev. Gene Griggs, pastor, officiating, assisted by Rev. Earl Maddox of Pampa. Burial was in Union Hill Cemetery at Lakeview.

Mrs. Stephens, 70, died Saturday while visiting in Waco. She had been a resident of Hedley 20 years prior to moving to Pampa two years ago. She was a member of the Baptist Church.

Survivors include her mother, Mrs. Fannie Mae Roby of Waco; six sons, John W. Stephens of Hedley, Emmitt L. and Clarence, both of Pampa, Wilson Lee of Quail, O. D. of Wellington and J. T. of Snyder; six daughters, Mrs. Donnie Mae Selby of Hartley, Mrs. Fannie Jo Winegout of Pampa, Mrs. Evelyn Daniels of Robinson, Mrs. Jossie Zigenfuss of Neuhall, Calif., Mrs. Ruth Teague of Houston, and Mrs. Dorothy Nelson of Riverside, Calif.; also four brothers, five sisters and a number of grand children and great-grandchildren.

Bulldogs Meet WT Freshmen Tonight

The powerful West Texas State Freshman basketball team will invade Clarendon tonight for a game with the Clarendon Junior College Bulldogs. The game will get underway at eight o'clock in the new high school gymnasium.

In the first game between these two teams, played in Canyon on Feb. 8, the young Buffaloes edged past the Bulldogs by the narrowest of margins, 74 to 73. The game was close all the way with the freshmen winning the game on big Lee Norton's free throw with three seconds left on the clock. The Bulldogs played perhaps their best game of the season against the freshmen in Canyon and it will take another "best" game on their part to stay with the big and fast freshmen tonight.

The freshmen feature, in addition to Norton, three flashy backcourt men in Bobby McWilliams, Charles Mitchell and Gail Simpson. Mitchell was high point man in the first game with 23 points and Norton had 22.

The Bulldogs are gradually improving and have been playing some pretty good ball in their past few games. They are short on experience and height but are making up for it with hustle and determination. Coach Dorman has indicated that he will go along with a starting five of Max Courtney, Alvin Scott, James Allen, Jimmy Boyd and Randall Murry. Boyd, the leading scorer of the team, has been cold from the floor in the past few games, but Murry and Scott have taken up part of the slack with their improved play. Courtney is also improving and is one of the leading rebounders in the conference although he is not a consistent scorer. Allen has shown much improvement in the past few games. Others who are sure to see action include Bill Bentley, James Starkey and Garland Lancaster.

After tonight's game the Bulldogs will have only one home game left on this year's schedule. That will be against Frank Phillips College of Borger on March 1.

Bulldogs Play Amarillo Friday

Coach Don Dorman will take his Clarendon Junior College Bulldogs to Amarillo for a game with the Amarillo College Badgers on Friday night of this week. The Badgers are currently in second place in the Western Junior College Athletic Conference race behind the nation's number one junior college team, the San Angelo Rams.

In the first meeting of the Bulldogs and the Badgers, played here on Jan. 11, the Badgers won over the Bulldogs by a score of 81 to 62. The Badger attack is paced by the conference's leading scorer, Bob Dibbler. Other outstanding Badgers are Tobie Hall and Tom Westbrook.

The Bulldogs, who will be playing four games in six days, journey to Big Spring and San Angelo for games on Monday and Tuesday nights of next week. They will meet the always powerful Howard County College Jayhawks on Monday night and will go on to San Angelo for a game with the Rams on Tuesday night. In previous games against these two teams the Jayhawks defeated the Bulldogs 88 to 55 and the Rams won by a score of 81 to 59.

Services Held Friday For Fontayne Elmore

Funeral services were held Friday afternoon at the First Methodist Church for Fontayne Elmore, well known cattleman, with Rev. J. V. Patterson, pastor, officiating, assisted by Rev. Billy Hill, pastor of the Calvary Baptist Church. Burial was in Citizens Cemetery under the direction of Murphy Funeral Home.

Mr. Elmore, 59, died last Thursday morning in Adair Hospital here after a lengthy illness. He came to Clarendon in 1912 from Pilot Point, Texas. He was married to Mabel Eichelberger on December 16, 1928, at Clarendon. He was a member of the Methodist Church.

Survivors include his wife; one daughter, Mrs. Alvis Bentley of Amarillo; two sons, Gene Elmore of Clarendon and Jerry Elmore of the home; one sister, Mrs. M. R. Garrison of Vernon and five grandchildren.

Pallbearers were Joe Ritter, Pete Borden, Carl Naylor, Clyde Hudson, Rolle Brumley and Pete Kunz.

SHROVE TUESDAY PANCAKE SUPPER AT EPISCOPAL CHURCH

The annual Shrove Tuesday Pancake Supper will be held on February 26 in St. John Baptist Episcopal Mission Hall. The event is sponsored by the men of the church with the assistance of the women's group. Pancakes with all the trimmings will be served from 6:30 to 8:30 p.m. The public is cordially invited to attend.

The history of the traditional pancake supper, which is held locally each year, goes back many centuries, when it was designated as a time to use up all the leaven in the house before the fasting discipline of Lent began. The custom of meeting in the church for a pancake supper grew and then everyone attended service afterwards to confess their sins and to be assured of God's forgiveness.

Shrove Tuesday is the last day before the beginning of Lent on Ash Wednesday. Its religious use from which the name was derived, means to the "shriven" or absolved of sin. The Mardi Gras developed from the simple congregational meeting.

The Donley County Commissioners Court met in special session last Friday morning and approved a State Highway Commission Minute order No. 51954 dated Nov. 2, 1962, which deals with the east route of the proposed McLean to Hedley FM road. The order signed by three members of the court guarantees a 120 ft. right-of-way for the road extending north from a point on State Highway 203 6 miles northeast of Hedley.

The Donley County Commissioners Court asked for an extension of time on the Minute Order of the State Commission and asked for consideration of the westerly route coming into Hedley. After rechecking the two proposed routes, the commission informed the local county court that the east route was the choice of the commission. It was up to the County Court to go along with this order or possibly lose the road altogether. The approval of the minute order was signed by Commissioners Jess Finley, Clarence Reynolds and John W. Swinney. Frank Murray, Precinct 3, did not vote for approval.

A contractor's notice of Texas Highway Construction has been received by the Leader for publication in March asking for sealed proposals for constructing 6.855 miles of grading structures, base and surfacing from 5 miles south of Gray Co. line, south 6.855 miles. This will bring the McLeah-Hedley road to within approximately 1 1/2 miles north of the Red River crossing on the proposed easterly route.

College Teachers Attend Convention

Dean Oliver J. Abel and seven Clarendon Junior College teachers attended the Texas Junior College Teachers Association Convention which was held in Dallas last Thursday night, Friday and Saturday morning.

Attending from Clarendon along with the Dean were Mrs. Lucile Naylor, Mrs. Lorene Hart, Mrs. Velma Weaver, W. S. Rees, Delbert Reed, Weldon Day and Daniel Nutter. Mrs. Day, Mrs. Reed and Mrs. Rees also made the trip with their husbands. The only members of the faculty not making the trip were Coach Don Dorman and W. W. Pinkerton. They carried the basketball team to Lubbock and Roswell, New Mexico, for games Friday and Saturday nights.

Dean Abel, for the second consecutive year, presented the awards to the outstanding man and woman teacher at the annual banquet which was held on Friday night. Each year the association selects outstanding teachers from among the junior college teachers in the state and honors them at this banquet.

Jaycee Of The Month Named For January

The executive Board of the Clarendon Jaycees have selected Mr. Bright Newhouse Jaycee of the Month for the month of January, for the fine job he did in securing grain for the Grain for Boys Ranch Project. A total of 33,080 lbs. of grain was hauled to Boys Ranch which was a great asset to the boys in feeding of their livestock.

Bright works for the Soil Conservation Service and is a fairly new member of the Jaycees, but has worked on nearly every project and has been very good in attendance. He is presently serving as chairman for the agriculture and conservation committees of the local club.

TO THE PEOPLE OF THE 18th DISTRICT

By Congressman Walter Rogers

THE FREE WORLD'S ARSENAL

The United States has a clearly defined policy of keeping our powder dry and our arms at the ready. The cost is enormous to the taxpayers of this nation. But I know of no one who would see even one bayonet removed from our arsenal under the conditions existing in the world today.

I would like to tell you some of the things our country is doing to defend us. We are in the strongest, most flexible military position of our history. Let no one doubt that.

In the two-year period from January, 1961, to January, 1963, the United States increased by one-third the number of strategic delivery vehicles on station. These are our long-range bombers, our land-based and submarine-based strategic missiles. In these two years we have

doubled the number of these weapons on alert status, ready for use at any instant. These are the forces we would need to carry out the main burden of battle in a general nuclear war.

But the major mission of this force is to deter war by its capability to destroy the enemy's war-making potential, including not only his nuclear strike force and military installations, but also his urban society, if necessary.

In the same period, our general purpose air and ground forces have been boosted. In 1961, the U.S. Army was composed of 11 combat-ready divisions. Today its strength totals 16 divisions ready for combat — an increase of 45 percent. In 1961, we had 16 tactical fighter wings in the Air Force; today our tactical fighter wings total 21 — an increase of 31 percent.

One of the major areas of our defense buildup has been in what are called counter-insurgency forces, units ready to conduct guerrilla warfare anywhere in the world. These units are being developed under the spur of President Kennedy's conviction

that sublimated, indirect Communist aggression involving the use of guerrillas is the most likely form of aggression through this decade. Since January, 1961, the strength of our counter-insurgency forces has been doubled and re-doubled. This force is 540 percent stronger than it was two years ago.

General Maxwell D. Taylor, President Kennedy's military advisor, said in a speech recently: "Mindful of the dangers of atomic warfare, we require a military policy which takes as its primary purpose the deterrence of that disaster. At the same time, however, it must give due recognition to the need to cope with many situations short of general war. . . Happily, I believe that these objectives are thoroughly recognized and accepted in Washington today. When achieved, they will assure our leaders a wide range of choice when, at some future critical moment of our nation's history, they may be obliged to decide the issues of peace or war."

Defense Secretary McNamara recently told the House Armed Services Committee: "Last year I told this committee 'there is no question but that, today, our Strategic Retaliatory Forces are fully capable of destroying the Soviet target system, even after absorbing an initial surprise attack.' This statement is still true. We have a total of about 650 manned bombers on 15-minute ground alert and over 200 operational ATLAS, TITAN, and MINUTEMAN missiles on launchers and about 144 POLARIS missiles in submarines. And this force is rapidly expanding as additional MINUTEMAN and POLARIS enter our operational inventory." Secretary McNamara added, "Allowing for losses from an initial enemy attack and at-

tribution enroute to target, we calculate that our forces today could still destroy the Soviet Union without any help from the deployed tactical air units or carrier/task forces or THOR or JUPITER IRBMs."

The President's Budget proposal for the coming fiscal year calls for defense expenditures totaling \$56 billion — an increase of \$2.6 billion over the current fiscal year and about \$10 billion more than 1960. The proposal calls for additional purchases of intercontinental ballistic missiles and for six more Polaris submarines. Stress is being placed on improving the non-nuclear general forces. Members of the Armed Forces on active duty at the end of 1964 are expected to number 2.7 million. Our reserve strength will total one million men and women. Part of our defense expenditure next year will go to continuing research and development projects — a new general purpose booster rocket for the national space program, ballistic missile defense systems, a variety of anti-submarine warfare projects, a new tactical fighter aircraft, the Defense Communications Satellite System, and a Mobile Mid-Range Ballistic Missile. All of these are important to our future security in a dangerous world.

President Kennedy pointed out in his State of the Union Address that we continue "to require the best defense in the world — a defense which is suited to the Sixties. This means, unfortunately, a rising defense budget — for there is no substitute for adequate defense, and no 'bargain basement' way of achieving it." The United States of America is the most powerful nation in the world. And Soviet Khrushchev knows it.

NATIONAL HONOR SOCIETY MEETING

Wednesday, Feb. 13, the Clarendon Chapter of the National Honor Society had its annual program of induction of new members in the College Auditorium. The student body, faculty and parents attended. Platform guests were Mrs. Justice, sponsor, and Kenneth Vaughan, superintendent. Billy Hearn and Jack Graves presented the flags as Sharon Williams led the Pledge of Allegiance. After the invocation by Robin Green, chapter president, Danny Ray gave a welcoming address.

Secretary Connie Williams invited the candidates for membership to the stage. They were: Judy Pittman, Molly Floyd, Jeannine Lowe, Steve Richerson, John Cearley, and James Bates, seniors, and Mary Louise Caldwell, Vicki Sloan, Betty Dever, Sandra Shults, Sandra Deyhle, Janet Goodman, Lynn Bourland, and Jack Robinson, sophomores. Speeches on the four qualities of members, "Scholarship," "Service," "Character," and "Leadership" were given by Shirley Mann, Shirley Moss, Marie Blackburn, and Dwight McAnear. Carol Spencer then examined the candidates and administered the pledge of the organization. Morris Ledger presented the new members with pins and cards. Jeannine Lowe gave an acceptance speech. Danny Ray closed the ceremony with a note of challenge to other Clarendon High School students. Molly Floyd led the Alma Mater and the meeting was dismissed.

1926 BOOK CLUB MEETING HELD TUESDAY

Mrs. W. M. Crain, president, presided when members of 1926 Book Club met at Patching Club House Tuesday afternoon, February 19.

The program was presented preceding the business session and Mrs. J. R. Porter was leader. Subject for the afternoon was "International Good Will." Mrs. Porter introduced Mrs. Javan Tucker, a native of Greece. The program was conducted on the order of a round table discussion with questions and answers. Mrs. Tucker told something of her life, home life, farm life, and city life in her native land and the religion of the peoples there. She spoke of the kind of government there and told of the effect of communism about them. When asked about her flag she stated that the American flag was now her flag since she had recently become a naturalized American citizen. She did comment, however, on the Greek flag. Mrs. Tucker is visiting her husband's people, Mr. and Mrs. Tom Tucker, and expects to join her husband in South America within the near future. Everyone enjoyed this most interesting program.

Mrs. W. C. Thornberry led the group in Club Collect. Hostesses for the afternoon were Mrs. C. B. Morris and Mrs. J. R. Brandon. Since Washington's birthday is remembered this month, the patriotic theme was carried out in refreshments and decoration. Attending were Mesdames C. E. Bairfield, E. S. Ballew, Homer Bones, Fred Chamberlain, Jr., W. M. Crain, A. J. Garland, Otis Naylor, J. R. Porter, W. C. Thornberry, Bill Williams, R. C. Bryan, W. E. Clifford, Miss Inez Blankenship; two guests, Mrs. Javan Tucker and Mrs. Blankenship; and the hostesses, Mrs. C. B. Morris and Mrs. J. R. Brandon. —Rep.

ASSEMBLY WOMEN TO PRESENT PROGRAM

The Women's Missionary Council of the Assembly of God Church, will present a special program in observance of National WMC Day during the morning worship service at the church on February 24. Theme of the program will be "Take My Best." It will include a visual demonstration and special music.

Some 6000 Women's Missionary Council groups across the nation will be presenting similar programs on WMC Day as a means of acquainting the entire church with the motivation and ministry of Assemblies of God laywomen, according to the Reverend Roy Eason, Pastor of the local Assembly of God church. Missionettes, the girls' auxiliary of WMC, will also participate.

Combined membership of WMC and Missionettes is 100,000 and their total cash giving to Assemblies of God ministries exceeds a million dollars annually.

Mrs. A. C. Shaddix, president of the WMC in the church here, says the group participates in the total program by assisting in the support of various mission-aries, and by supplying clothing, equipment, and other items to our American Indians; as well as assisting the needs of our local community.

Everyone is cordially invited to attend this special missionary program.

AUSTIN — Lawyers are wondering if the Texas Senate really passed a constitutional amendment resolution proposing that the voters give women equal rights.

Records show that this resolution passed the Senate 36-5. But it also shows that the Senate voted down an amendment which would have made it clear that the purpose of the proposal was to repeal all laws on the statute books which treat women differently from men.

When courts interpret the laws and the constitution, legislative intent is what they must determine. Records now show that the legislative intent of the Senate was not to repeal all the discriminatory laws about women.

This proposal, by Sen. William T. Moore of Bryan, has been defeated in the Senate many times before.

It now goes to the House of Representatives, which has passed it many times before.

TEXAS SELLS ITSELF — Legislators' proposals to add such slogans as "Lone Star State" and "Texas Has Everything" to auto license plates haven't found favor with Dewitt Greer, chief engineer for the State Highway Department.

"T-E-X-A-S is the only slogan this state needs," Greer told the House Appropriations Committee. He added that more wording on car tags just means additional expense.

"All law enforcement officers will tell you," Greer explained, "that the readability of the rest of the plate is lessened if you crowd in slogans."

PARKS-HIGHWAY TIE IN — Greer testified before the same committee during hearings on a bill by Rep. David Haines of Bryan to put state parks under the Highway Commission's jurisdiction.

Greer made it clear that his commission is not seeking an extra job. But he stated, "If you gave us the parks to administer, we would do an outstanding job of it."

Haines' proposal is an alternative to Gov. John Connally's suggestion that the Parks Board be combined with the Game and Fish Commission.

Rep. Haines said he thought Greer's agency could and should take over the parks, and make each highway district responsible for the parks in its district.

"If the parks were improved," Haines stated, "it would increase highway travel, which would increase gas consumption. And that would increase the gas taxes to the highway commission, so they would have a high stake in doing a good job."

DEATH OF POLL TAX? — If the rest of the Senate feels like the Senate committee on constitutional amendments, the poll tax may be on its way to extinction.

Committee gave a nine-to-two approval of Laredo Sen. Abraham Kazen's bill to submit to the people a constitutional amendment that would kill the poll tax as of February 1, 1965.

The two "no" votes in committee came from Sen. George Parkhouse of Dallas and Sen. Galloway Calhoun, Jr., of Tyler. "Ayes" came from Sens. Kazen, Charles Herring of Austin, Roy Harrington of Port Arthur, Don Kennard of Fort Worth, Culp Krueger of El Campo, Walter Richter of Gonzales, Aaron Schwartz of Galveston, Franklin Spears of San Antonio and Jack Strong of Longview.

If Kazen's bill passes the full legislature, voters would make the final decision in the 1964 general election. So far, every state that has voted on the federal constitutional amendment to do away with poll taxes, except Mississippi, has voted to drop it. "COLOR-BLIND" TAX — Rep. Howard Green of Fort Worth introduced a bill to make the poll tax "color blind."

Green called the race notation on voter registration forms useless and outmoded. Furthermore, "It is an additional bar to full citizenship."

He believes his bill will pass with little opposition, but there are many who consider the race notation a necessary aid to voter identification. ANTI-POLLUTION BILL — A bill to give a county health officer the power to enter and check business establishments and manufacturing plants "to discover threats to the public health" from air or water pollution was revived by Rep. Bob Eckhardt of Houston. He failed to get it passed in previous sessions. Governor Connally is support-

ing the new bill. ATTORNEY GENERAL DONATIONS OPPOSED — Contributions from oil companies to finance investigations by the attorney general to see if competitor's oil wells are slanted would be outlawed under a bill introduced by Rep. Ben Barnes of DeLeon.

Nearly \$300,000 in contributions from major — and some minor — oil companies was used by former Atty. Gen. Will Wilson to make such surveys in East Texas.

Atty. Gen. Waggoner Carr told Representative Barnes that the \$80,000 recently appropriated by the legislature will be sufficient for his investigations.

So Barnes filed a proposal which would make it illegal for the attorney general to accept money from anyone to investigate or prosecute anything.

PARENTAL PAY PLAN — Fifty per cent of a man's weekly wages could be attached to pay child support if Tyler Rep. Ben Jarvis' bill becomes a constitutional amendment.

COUNTY UNIT CHANGE PROPOSED — Rep. George T. Hinson of Mineola it's time someone started doing something about "modernizing county government." So he has introduced a bill to require county commissioners to be elected by the county at large.

Each county precinct would have to put up resident candidates, which, Hinson explained, would assure continued local representation through pooled knowledge of each precinct's problems, and prevent the largest community from filling a commissioners court with its own residents.

Hinson believes his county-at-large election plan would get commissioners from all precincts to work at all times for the best interests of the entire county.

If his bill becomes law, Hinson sees it as a forerunner to eventual, economical pooling of the resources — capital, road machinery, manpower and equipment — of all a county's precincts into one central unit.

DO 'EYES' HAVE IT? — A proposal by Rep. Bill Walker of Cleveland that the state song be changed from "Texas, Our Texas" to "The Eyes of Texas" has been referred to a study subcommittee which includes no Texas exes.

Subcommittee chairman Gene Hendryx of Alpine is a Sul Ross graduate. One member, Rep. Howard Green of Fort Worth, finished at T.C.U., and the third member is an ex-Aggie — Rep. Richard C. Slack of Peecos.

Some interested legislators have suggested that the "Eyes of Texas" might be made more palatable if the opening bars of the "Aggie War Hymn" were added.

But a state association of music clubs has indicated that the Aggies aren't the only ones opposed to a change of the state anthem.

A&M DIRECTORS NAMED — An ex-Aggie, a "Harvard man," and a graduate of Case Institute of Technology were named by Governor Connally to six-year terms on Texas A&M College's board of directors.

L. F. (Pete) Peterson of Fort Worth, recently named president of A&M's Former Students Association; Gardiner Symonds, head of Tennessee Gas Transmission Company of Houston, who received a master's degree from Harvard; and Case graduate Dr. A. P. Beutel, director of Dow Chemical Company, are Connally's nominations.

Senate will vote on seven other college board appointments this week. But the date it will consider the A&M appointments has not been set.

BEACH BEHAVIOR — "We have a terrible situation in regard to littering on Padre Island," says Nueces County Judge Noah Kennedy.

Kennedy and two other Corpus Christi officials appeared before a House committee to speak in favor of a bill by Rep. James Lattimore of Corpus Christi which would allow Gulf Coast counties to regulate speeding and littering on public beaches.

MEDIATION SERVICE BACKED — Sen. D. Roy Harrington of Port Arthur believes the creation of a state labor-management mediation service would be a good move.

He says it would be "good for management, good for labor, and most important of all, good for the public."

A good mediation service could avert many a potential breakdown in labor-management negotiations, he said. By providing a knowledgeable but neutral third party, it could shorten many long and costly work stoppages or lockouts, the Port Arthur salon believes.

UNION SUES TEC — A suit against the Texas Employment Commission has been filed by the AFL-CIO.

Labor union accuses three TEC commissioners and four employees of "pro-employer lobbying." Petition also alleges use of state funds for research and preparation of pro-employer amendments to the State Unemployment Compensation Act.

"These actions violate state law prohibiting state employees from influencing legislation or legislators," claims the union.

Sen. Culp Krueger of El Campo, sponsor of one of the TEC bills, says the suit is just another AFL-CIO smoke screen to hide the real issue — which is their opposition to the appointment of J. E. Lyles as labor's representative on the commission.

LBJ LAW HIT — Rep. O. H. (Ike) Harris (R-Dallas) has introduced a bill to repeal the so-called "Lyndon Johnson law."

Present law permits a candidate's name to appear on the ballot twice, thus permitting him to run for two offices at the same time.

CONVICT LABOR — Use of prison labor to improve state parks is under consideration.

This fact was brought out in a legislative hearing of the House Appropriations Committee.

Dr. George Beto, director of the Texas Department of Corrections, was asked about the prospect of using convicts to clean up and repair parks buildings. He replied that prison officials already are considering this.

CARR DISCUSSES PROSECUTIONS — Atty. Gen. Waggoner Carr and Polk County Dist. Atty. Sam Freas have held preliminary discussions toward possible state-county coordination of prosecutions for graft in Polk County.

Carr said the Polk County official has asked for help in prosecuting indictments returned by the county grand jury against four county commissioners and a county judge for malfeasance of office.

SECURITIES EXAMS — Securities dealers and salesmen will have to pass a written exam to get a license if a bill by Rep. Gene Fondren of Taylor becomes law.

SADLER SAVES FUNDS — Land Commissioner Jerry Sadler

says he is doing more work for less money.

Sadler has written the chairman of the Senate finance and House appropriations committees that he is asking \$82,000 less for 1964-65 operations than the present budget.

SULPHUR PINCH — Sulphur industry spokesmen have asked for a tax cut to help them fight competition from Louisiana, Mexico and elsewhere.

After hearing three Texas sulphur producers tell of declining sales, closed mines, worker layoffs and shrinking dividends, the House Taxation Committee assigned three members to make further study.

A bill proposing a cut of 37 cents per-long-ton in the Texas severance tax, now \$1.40, would equalize the rate with Louisiana.

Rep. Bill Walker of Cleveland is author of the bill for a \$1.03-per-ton rate.

DANIEL APPOINTEE REJECTED — Texas Senate has rejected confirmation of former House member Joe Ed Winfree of Houston as a member of the State Board of Control.

This action removed the veteran legislator from the office he has held the past seven months.

Senate was behind closed doors for an hour and 35 minutes. They confirmed a long list of Daniel appointees, plus some by Governor Connally. Winfree's was the only one turned down.

SOIL CONSERVATION DISTRICT NEWS

Grassed Waterways Grassed Waterways are natural or manmade water courses protected against erosion by a grass cover. They are an important part of a Soil Conservation program. They are important to all of us whether we live on the farm or reside in a town.

To you, the farmer, Grassed Waterways are important because they serve as safe outlets for terraces and diversions. In addition, they may provide a safe passageway for water that enters your farm from adjoining land.

Good Grassed Waterways are a must in controlling water erosion on many farms. If you do not have a grassed waterway or you have one that does not function properly, all other parts of the water control system for your farm or field may fail too.

The next time you have a heavy rain on your farm, take a look at the natural drainageways and low areas in your field. Are there finger gullies on the field and silt bars in the low areas? If so, you should consider the need for a Grassed Waterway.

Properly established Grassed Waterways can be a profitable area. Besides serving as a water outlet for the field, it can be used for hay, grass seed production or limited grazing.

To you the town people, Grassed Waterways are important in controlling erosion. Water coming from a washing field carries many tons of silt. If protection is not provided, this silt eventually makes its way to reservoirs and recreational areas causing untold damage. The next time you are on your favorite lake, walk up to the place where the water enters. See if there is a silt bar. This will tell you if the land is being protected from water erosion.

Grassed Waterways are like a foundation that supports a house. The Grassed Waterway may be supporting all of the water conservation measures on the farm. Make sure your water conservation foundation is strong.

The OLD RANCHER

TREE WINDBREAKS NEED CARE TO THRIVE -- KEEP THE COWS OUT!

Here's "The Old Rancher" again trying to do his part toward saving the soil.

Windbreaks serve essentially the same function for wind control that terraces serve for water control. As is true with terraces much is true with windbreaks in that one terrace can't, in all cases, control water erosion on a complete field. The same plans of design should be considered in establishing a windbreak.

Listed below are some things to think about in establishing your windbreak.

1. Two to five rows should be planted for best results.
2. Ten feet should be the distance between rows with 8-10 ft. between trees.
3. Arrange in rows as follows:
Row 1 — Shrubs placed on the windward side.
Rows 2 & 3 — Tall trees.
Rows 4 & 5 — A row of tall trees plus a shrub row on the leeward side or two rows of tall trees.

The best time to plant bare-rooted plants is from mid-January through February. Potted plants should be planted after the spring winds have diminished in late April or May.

These are general rules to be followed, but for detailed information and design contact your Soil Conservation District supervisors or Soil Conservation

Service technician. You may earn cost-share assistance through the ASCS program or Great Plains Conservation Program.

If I Were The Devil

If I were the devil and wanted to turn America into a communist hell, I think I would do something like this:

I would cultivate among the people the idea that the individual is nothing, the indiscriminate mass of people everything.

I would also seek to convince Americans that God and Christian ethics and an honest desire to make one's way in the world are old-fashioned.

I would get elected to office on the promise of helping everybody at someone else's ex-

pense. Then I'd treat the Constitution as a sort of handbook on the philosophy of government to be referred to only if it served my purpose.

I would increase the size and scope of government in every way possible going into every conceivable business in competition with established enterprises, paying the state's business losses out of the treasury. I would try to keep hidden how this could lead at the right time to the nationalization of industry.

I would thus create a government strong enough to give its citizens everything they want. Thus I could create a government strong enough to take from them everything they have.

By a combination of inflation and taxes, I would rob the very people I pretended to help until, if they ever should want to return to freedom, they couldn't—but would be completely dependent on the state.

Next, I would gradually raise taxes to 100 percent of income (we are one-third of the way there now) so that the state could have it all. Then I'd give back to the people enough to keep them alive and little enough to keep them enslaved. In the meantime I would take

from those who have and give to those who want until I killed the incentive of the presently ambitious man and satisfied the meager needs of the rest.

The police state would then be required to make everybody work, and the transformation of America from a republic to a second rate communist nation would be complete.

Do you see in this any similarities to what we have been doing for thirty years?

The communist slogan is, "From Anyone Who Has Something, to Anyone Who Wants Something." The difference between these two is the same as the difference between an alligator and a crocodile.

Extracted from a sermon by the Reverend Kenneth W. Sollitt, Pastor, First Baptist Church, Midland, Michigan, as delivered before the Michigan Baptist Convention and later published by The Freeman magazine, publication of Foundation for Economic Education Inc., Irvington-On-Hudson, New York.

New Way To Make Highways Safer Used

AUSTIN, TEXAS, February 7, 1963 — An expressway in San Antonio is safer now because the Texas Highway Department has found a way to make drivers "stay in the groove" in wet weather.

With diamond-bladed rotary saws the department sliced small grooves in 344,557 square feet of Interstate Highway 35, a strip which once had the highest wet-weather accident rate in San Antonio.

Until the Highway Department took saws to the problem, accidents had almost tripled in two years' time on the expressway section between Broadway and South Flores Street. Accidents had jumped from 42 in 1959 to 120 in 1961.

Engineers tried roughing up the unusually slick pavement with acid, resins and slurry seal with disappointing results. Then the Research Section of the Department's Highway Design Division at Austin suggested striating the strip with grooves 1/16-in. deep and 3/16 in. apart.

Accidents were reduced dramatically. During a 7-day period of rainy weather last November, not one accident occurred on the treated strip. Nearby on a stretch of similar distance on the same expressway, 12 vehicles were involved in skidding accidents during the same period.

Subsequent tests on the pin-striped highway indicate wet weather stopping distances are significantly reduced by grooving. Before the longitudinal saw cuts were made, it took 94 feet to brake to a stop in wet weather. Now it takes just 72 feet. Dry weather stopping distances remain about the same.

But in both wet and dry highway conditions, test drivers report, vehicles always skid in a straight line when braking on the grooved expressway. Before grooving, they say, vehicles were frequently wrenched out of the lane by quick-stop skidding.

Highway officials think the saw cut project is paying off quickly in a savings of property and human injury. They feel they have made an important beginning toward eliminating the menace of highways with abnormally high slick-when-wet coefficients.

LCC And NMMI Nip Bulldogs

The Clarendon Junior College Bulldogs lost two more games on the road last Friday and Saturday nights.

On Friday night the Lubbock Christian College team defeated the Bulldogs, 104 to 83, and on Saturday night the New Mexico Military Institute Bronchos dealt the Bulldogs a 99 to 78 defeat at Roswell, New Mexico.

Friday night's game saw the Bulldogs score their high for the season but also allowed their opponents their high. The hot-shooting Lubbock team took an early lead and were never behind after the first six minutes. They were ahead, 50 to 40, at the half. The Bulldogs cut the lead to eight points early in the second half but could never get any closer. Alvin Scott led the Bulldog scorers with 18 points and was followed by Randall Murry with 16 and Jimmy Boyd with 15. Murry hit 14 of 16 free throw attempts.

Saturday night's game took about the same pattern with the New Mexico team taking a quick lead and never relinquishing it. Score at halftime was 50 to 31 in favor of the Bronchos. The Bulldogs pretty well held their own in the second half but the damage had already been done in the first half. Murry led the point makers with 25. James Allen and Jimmy Boyd had 12 points each.

A new employee at George's Cleaners is Mrs. Velma Hester. Mrs. Hester's husband is with Shell Oil Co. She has had a number of years' experience in the Dry Cleaning business.

Mr. and Mrs. James D. Goulby of Hereford spent the day Saturday with her parents, Mr. and Mrs. Sam Spradlin.

HEDLEY NEWS

Mabel Bridges

Mr. and Mrs. Bill Johnson of Memphis visited the C. L. Johnsons Sunday.

Harry Boatright came home from a Memphis hospital Saturday. The Boatrights will be here all this week before they return to Boys Ranch.

Mr. and Mrs. Clifford Johnson visited the Charley Johnson family at Matorador last Thursday.

Mr. and Mrs. Billy Wiggins of Lubbock are the proud parents of a fine little daughter who arrived Feb. 18 weighing 3 lbs., 13 oz. She will be called Marchelle. Hedley grandparents are Mr. and Mrs. Nookie Wiggins and Mr. and Mrs. Sam Sanders. Great-grandparents are Mr. and Mrs. W. W. Wiggins and Mr. and Mrs. Rosco Land of Wellington. Congratulations.

Mr. and Mrs. Rodger Messer are the proud parents of a fine little son born Feb. 13 weighing 8 lbs., 2 oz., named Terry Neal. Hedley grandparents are Mr. and Mrs. Doodie Messer and Mr. and Mrs. C. T. Hayes. Great-grandmothers are Mrs. Tom Messer and Mrs. Hayes.

Mr. and Mrs. Bob Couch and baby of Hartley spent the week end with their parents, the Hudson Couches.

Mr. and Mrs. Pat Patterson and children of Ropesville spent the week end with the lady's parents, the Jap Shaws.

Hedley has quite a few on the sick list. Some are home from hospitals while others are still in hospitals: Mr. Rube Sargent, Mrs. A. P. Word, Mrs. Woodrow Farris, Mr. Harry Boatright, Mr. Tom Tate, Mrs. Harve Wilson, Mrs. T. J. Cherry and Miss Janet Floyd.

Neta Bailey fell on ice Friday and received a concussion. Glad

to report her doing nicely. Mr. and Mrs. O. S. Knowles of Borger visited Mrs. R. E. Darrell Sunday on their way to visit Mrs. Bill Knowles, who has been seriously ill in a Memphis hospital.

Ermo Malone passed away very suddenly at his home in Goodlet Sunday, Feb. 10. Funeral services were held in Goodlet Tuesday. Mr. Malone was a brother-in-law of Mrs. Carl Morris of Hedley. The Morris family attended the funeral.

Mrs. Bobby Stephens and baby of Amarillo is visiting her parents, Mr. and Mrs. Ernest Houdershell. Mrs. Stephens has been ill in an Amarillo hospital. Mrs. John Stephens spent several days in Amarillo with her son and family.

Mrs. Myrtella Deahl left Monday to visit Dr. and Mrs. Whitmore and family in Harrison, Ark.

Bill Stone moved Stone Grocery Store to Wellington this week. He had been in business here for years. We regret losing these fine people; also the store from Hedley. We wish them a successful business in Wellington.

Jap Shaw bought the Conoco Service Station known as Hall Station from Mrs. Verda Hall last week. Jap is a pioneer resident of Hedley having been associated with other business here. He invites his friends to pay him a visit.

Mrs. Verda Hall is employed at Farmers State Bank in Clarendon.

Mrs. T. J. Cherry is visiting her daughter, the Royce Crisler family, in Plainview while convalescing from recent surgery.

Mrs. J. H. Stephens, 70, died in Waco Sunday while visiting her mother. Funeral services were held at 10:30 Tuesday in Hedley at the Baptist Church with the Pastor, Rev. Gene Grace, assisted by Rev. Earl

Maddox of Pampa. Mrs. Stephens lived in Hedley 20 years, moving to Pampa two years ago.

Survivors are her mother, Mrs. Fanny Raby of Waco; six sons and six daughters; a number of grandchildren. John Stephens of Hedley was her son. Burial was in Lakeview Cemetery.

Hedley friends extend sympathy to the family.

Cotton Micronaire Readings Available

Micronaire readings on samples of cotton submitted for classification under the Smith Doxey Program will be available on a fee basis during the 1963-64 season, according to the U. S. Department of Agriculture.

This service provides a measurement of fiber fineness of cotton as determined by airflow instruments. Fiber fineness is a quality factor important in spinning. Testing for micronaire readings is authorized under the Cotton Testing Service Act.

The micronaire reading service was introduced beginning November 1 of the 1962-63 season and was used extensively by farmers in West Texas and Oklahoma. The Altus Classing Office issued micronaire readings in forty-one percent of all cotton classed this season, reports C. E. Cox, officer in charge. Fifty-two per cent of the total bales classed by the Memphis, Texas, sub-office carried micronaire readings. A fee of eight cents per sample was charged for this service. The fee for the coming season will be determined by the U. S. Department of Agriculture and will be announced about May 1.

Applications for the testing service must be submitted by a gin owner to the Agricultural Marketing Service cotton classing office serving the territory in

which the gin is located. Samples submitted for classification from a gin that files an application for the micronaire service will be tested. Application should be submitted as soon as possible but no later than July 1. Several weeks are required to install equipment and test personnel to provide the testing service. Classing offices may be able to provide testing service to gins submitting applications after July 1 if a shortage of equipment and trained personnel occurs.

The gin that submits application for the service will be responsible for payment of test fee.

MAJOR HUDSON ANNOUNCES CANDIDACY FOR MAYOR

In making my announcement as a candidate for the office of Mayor, I wish to state that I have had past experience in the capacity and feel that I am fully qualified to fill the office. I am for economy in any way that will not be a hindrance to progress. I am in favor of moving the main office of City Hall to the ground floor and some improvements in the City Park believe can be done without an additional cost to the citizens of our city. Your vote and influence will be appreciated. Sincerely
Major B. Hudson

SOIL CONSERVATION DISTRICT NEWS

TERRACING

Do you plan to construct terraces on your cropland after your crops are harvested? If so, now is the time to start planning

and making arrangements to get the work done.

The type of terrace system needed on your land will depend on your soil type and how steep your land is. Level closed end terraces are usually suitable for soils that are of the moderately sandy type. For tight soils terraces with a slight grade are desirable. For these graded terraces to work satisfactorily they must have a grassed outlet for

them to empty excess water. Terraces must be emptied on native grass with good turf so erosion will not be a problem or into vegetated waterways.

Under no circumstances should terraces be emptied into road ditches. This is destructive to both the roads and your cropland. In some cases where it has been done it has washed out the roads where they are no longer passable and has cut deep ugly gullies across your cropland. This kind of thing can be cut to a minimum by constructing level terraces and blocking the ends of terraces that must come up to a road. The terrace may be emptied the other direction provided there is good grass surf that will not erode when excess water is emptied on it.

Contact your local SCS and ASC offices for technical and financial assistance with your terrace problems.

CLARENDON, TEXAS

From Our Mail Bag.

During the last month and since the mention of our book in The Sunshine Magazine published in Litchfield, Illinois, we have received letters and orders from almost every state in the union. Of course the orders were welcome and we also cherish the letters. A lady in Alabama wrote asking me to report on my family, politics, religion, etc. She was

really asking for it especially when we got down to the part about the grandson . . .

An order from Pennsylvania came from a man by the name of Clyde B. Friend. His hometown was Mill Run, Penn.

Mrs. C. E. England of Goodwell, Oklahoma, has already re-ordered some more books, and sent along several good thoughts such as the following:

"Even if your conversation is flat many people like to have it flatter."

"There are better ways of getting up in the world than hitting the ceiling."

"Knowing your limitations is the first step toward overcoming them."

"It is easier to get ulcers from what's eating you than from

what you eat." "You can mold mannerism but you have to chisel character." "If you find that life is empty, try putting something into it."

A farmer was asked if his cattle had been suffering from wheat poisoning this year. "Man," he replied, "they haven't gotten enough to help them yet, much less hurt."

Dr. Norman Vincent Peale passes along some advice on prayer in the form of eight simple rules called Prayer Conditioners:

As you pray listen deeply. Practice humility. Be willing to take God's answers rather than insisting upon your own.

Eliminate ill will and resentment from your heart for otherwise you nullify your prayer.

In your prayer spend twice as much time giving thanks as in asking.

Ask God what you can do for Him. He does so much for you.

Once each day pray for our country and for peace in the world.

Always include with your prayer a period of silence to feel God's presence.

Ever remember that God answers prayer in three ways: yes, no, and wait awhile . . .

In the case of the above Prayer Conditioners we didn't get very far down the list until we could see some of the weakness in our own prayer experience . . .

Mrs. C. O. Harper, whose letter comes from San Diego, California, sends us a very beautiful copy of the 23rd Psalm. This is one of our favorite chapters in the Bible. It helped to read it another time. Her husband was once a native of Lueders, Texas . . . Someone tell me where this place is . . .

Not only did we receive a letter from Mrs. C. E. England, but also an order from Gerald B. Ireland. Our old friend Geathel Cockrum sends us this gem: "To look around is to be distressed, to look within is to be depressed; look up to Christ and you will be blessed."

The Cradle of American Liberty is Faneuil Hall, in Boston.
