Funds To Be Raised For Local Little League

The annual fund raising drive for the local Little League will be conducted Wednesday evening, June 2nd, beginning at 6 p. m. The house to house campaign will be carried out by boys of the Little League in full uniform. They will gather at the Little League Park at 5:30 on the above date. Your contributions will be appreciated.

The Little League Program is one of the most worthwhile projects in the community and affords not only recreation and entertainment for the youth of the community thru the summer but at the same time helps build good citizenship. A number of adults of the community devote long hours and work tirelessly to keep this program in operation.

It is hoped your contributions will be generous this year. Some 150 boys expect to take part in this season's activities, more than ever before. Your donations help defray expenses for uniforms, equipment, etc. An additional park is in the process of being constructed to the east of the present park to afford room for the increased number of teams. Much of the materials and labor have been donated.

When these young people knock at your door they will appreciate any donation given them. The Little League schedule of games will be released within the near future.

Junior High Promotion Program Wednesday

The Junior High School promotion program will be held next Wednesday, May 26 at 1 p. m. in the College Gymnasium.

The public is invited to attend.

School Closing Activities Begin With Baccalaureate Sunday At 8 p.m.

The main school closing activities begin Sunday night with the Baccalaureate service in the College gymnasium at 8 p.m.

This service will be followed by the Jr. High promotion program Wednesday afternoon at 1 p.m., the High School graduation exercises Thursday night at 8 p.m. and the College graduation exercises at 8 p.m. Friday night, May 28.

The program for the Baccalaureate Service is as follows: Processional, Mrs. Raleigh Adams; Invocation, Rev. W. R. Lawrence; song, high school choir; Sermon, Rev. Bob Ely, pastor of the First Methodist Church; song, high school choir; Benediction, Rev. Baldwin Stribling; Recessional, Mrs. Raleigh Adams.

The public is cordially invited to attend this service.

Farm Retraining Meeting Set For May 24

K. D. Vaughan is reminding the public that a meeting will be held Monday night, May 24th, at 7:30 p.m. in the school cafeteria to hear committee reports and make final decisions in regard to the Farm Retraining program in this area.

All interested citizens in and around Clarendon are urged to attend and take part in this discussion as it could have considerable bearing on the labor situation in the community.

RED CHECK TIME HERE AGAIN

Red check time has rolled around again and we are once more reminding our subscribers to check the date to the side of the name stamped on the paper to see if your subscription is due. If the date does not read 6-65 or beyond, then it is time to pay up once more. Please let us have your renewal promptly so that your name will not be dropped from the list.

May we remind our readers once more that we need any change of address immediately upon change. The Leader is charged 10 cents by the postal department for each paper not delivered. This soon uses up the price of a subscription. We will appreciate your cooperation in keeping our mailing list up to regulation.

ROGATION SERVICES TO BE OBSERVED AT ST. JOHN EPISCOPAL CHURCH

Sunday, May 23rd, at 11 a.m. the Rev. Evans Moreland, Rector of St. Andrews Episcopal Church in Amarillo will conduct the annual Rogation Planting Service to be held on the church grounds. He will then celebrate the Holy Communion in the Church.

The Junior Choir of St. Andrew Church with the choir director and organist will be in attendance at all phases of these services. Luncheon will be served on the grounds immediately concluding the service.

All members and interested parties are urged to be present for this occasion.

LITTLE LEAGUE UMPIRES TO MEET TONIGHT

Billy Jack Land, president of the Little League, has announced that a meeting has been called for tonight, Thursday, May 20th for all who will be serving as umpires for the upcoming little league games.

The schedule for the working dates of each umpire will be set at this time. Several umpires are needed so there will be less work on each one. Anyone who can not come tonight but will help with this important job, are requested to contact John Richey.

RED CROSS CAMPAIGN NOW IN PROGRESS

Flip Breedlove, chairman of the finance drive for the Red Cross, says that workers will be in the field this week working on the Donley County quota for this year. This is one of the most worthwhile projects to which you can give your money because so many people benefit from it.

A meeting was held in the community room of the Farmers State Bank last Tuesday evening and all workers were given their instructions and forms to be used in the campaign. Each worker donates his or her time for this project and we appreciate very much the fine spirit in which these workers are doing their job.

Breedlove says that any one who wishes to donate to the Red Cross and is not contacted by a worker can leave their checks at any of the banks in the county and the checks will be turned in to the Red Cross drive.

Judge Reynolds Dismisses Suit Against City

Hon. Charles Reynolds, Judge of the 100th Judicial District, dismissed the suit against the City in District Court here Monday, citing a previous Texas Supreme Court decision concerning a similar case in which a city was allowed to retain its appointees.

The suit, filed by J. A. Howard and others, dealt with restraining the City from paying the salaries of City Administrator M. B. Mitchell and Chief of Police, Gary Gerdes in accordance with an 1875 Texas statute which stated that a city could not hire such officials unless they had been resident of the city at least six months. A second Texas law was presented by the defense which gives the city government the right to appoint any officer or agent it deems proper for a particular job.

CONTRIBUTIONS TO CEMETERY NEEDED NOW

With the growing season now at hand, the annual drive is being made for contributions to help keep our cemetery beautiful.

Citizens Cemetery is one of the best kept cemeteries in this area and it is thru your generous donations that the Cemetery Board is able to make this possible. During the growing season, it takes extra help to keep the weeds and grass cut and especially so since the cemetery area is expanding almost yearly to include new lots.

You may mail your contributions to Lee Bell or hand it to Mr. Bell, Homer Bones or Chauncey Hommel, the men who make up the board of trustees.

The trustees have announced also that Ivan Holman, who has been the Sexton at the Cemetery for a long number of years, has retired and W. M. Ford has taken his place and will carry on the work in the same manner as in the past.

JAYCEE-ETTES TO SPONSOR RODEO QUEEN CONTEST

All Donley County girls between the ages of 15 and 19 are invited to enter the Rodeo Queen's Contest in conjunction with this year's 4th of July celebration.

The Clarendon Jaycee-ettes are again this year sponsoring the contest and invite all eligible young ladies to a soft drink party June 2 at 2 p.m. in the home of Mrs. L. L. Wallace. Special door prizes are being planned for the party.

Mrs. Delbert Robertson is Chairman of the contest and those interested in entering should contact her or the President, Mrs. Tom Higley.

Among the honors and prizes planned for the Queen and her court are handsome wardrobes from John's Men's Store. Contestants will be featured in special television programs on two Amarillo stations.

Receive Band Awards — Outstanding members of the band were named at the band concert last week. Left to right are: Bill Monk, most improved musician; Adele Barnhill, Broncho Band Spirit Award; Melissa McCully, John Phillip Sousa award to the outstanding senior; Brian Tucker, outstanding bandsman award for the Junior High Band; James Shadle, outstanding bandsman award for the beginning band.

YOUTHFUL CITIZENS VISIT LOCAL BUSINESSES

Youngsters in the first grade in Clarendon schools were guests of Mike McCully of the Post Office, George W. Estlack of the Donley County Leader, and the Fire Department this past week. They were accompanied by the Homemaking II class, Phil Anthony, and Mrs. Velma Bourland.

Each business firm gave the group a guided tour of their business and explained their service to the community. Earlier in the school year the Homemaking students observed these classes at work in the school room as well as on the playground. Now, nine months later, they were amazed how cooperative, interested, and sociable these youngsters had become.

Understanding "Little People" is a unit of Homemaking II and observation is the laboratory used for most of their discussions.

VACATIONS ON WEST COAST

Mrs. L. N. Cox returned home last week after spending the past month on the west coast. While away she visited relatives at Los Angeles, in the mountains north of San Francisco, Seattle, Washington, and enroute home visited her daughter and family, Mr. and Mrs. Joe Dilli and children at Kimbell, Nebraska.

SQUARE DANCE FRIDAY NIGHT

The Y Knot Twirlers will dance Friday night, May 21st, at 8:30 p.m. at Lions Club Hall. Students come at 7:30 p.m.

Mr. and Mrs. Gene Bulman and family of Bell, Calif. are visiting his mother, Mrs. George Bulman.

Parents of rambunctious children soon may be paying more attention to the activities of their offspring.

A bill passed by both Houses of the Legislature makes parents liable up to \$5,000 for damages done by their children. Measure now is in the hands of Gov. John Connally for his signature.

It applies to 10 to 18 year olds who damage public or privately owned property.

Sponsors of the bill are Sen. Jack Hightower of Vernon and Rep. Willis Wheatly of Houston. They contend that stiffer penalties than the present \$300 maximum will curb vandalism.

Bill was promoted by the number of cases where homes and schools were being wrecked by vandals, but also it applies to such cases as false fire alarms and other acts of vandalism.

SHOWDOWN NEARING — As the end of the current Legislative session nears, legislators rapidly are approaching decision time on legislative and congressional redistricting, teacher pay raises and

new taxes. House passed a congressional redistricting plan which almost everybody is taking for granted will be drastically changed in the Senate and will have to be worked out in a conference committee. Meanwhile, the Senate cleared the way for adoption of a senatorial districting plan keeping control in rural areas.

One of the biggest crowds of the legislative session appeared Wednesday for House and Senate committee hearings on heatedly-contested bills by Texas State Teachers Association and Governor Connally to raise teacher pay.

Connally wants a 10-year graduated pay plan; TSTA insists on its plan for \$405 annual raises to all teachers.

Final approval of the record \$3,600,000,000 general budget bill for state government operation is expected in both houses by week's end. House Revenue and Tax Committee is looking carefully at all the serious revenue proposals in its deck.

Governor Connally has estimated there may be a need for a new tax bill as high as \$100,000,000 if school teacher pay raises are approved by the Legislature.

Where to get the money is the big question.

One thing for sure—he's opposed to a hike in the sales tax rate or extension of the present two percent levy to groceries and medicines.

Among the possibilities, however, are: restoral of the 50 cent corporation franchise surtax (back to \$2.75 per \$1,000 of capital, surplus and undivided profit) and once more boosting the seven per cent gas production tax. He already has recommended a cigarette tax increase.

KEY WATER BILLS PASSED—Session's top water bills, recommended by the Governor and water experts, have completed the legislative circuit and are ready to be signed into law.

Bills would authorize Texas Water Development Board to issue another \$100,000,000 in bonds for state purchase of storage in reservoirs and for local water projects; reorganize Texas Water Commission as water rights agency; and transfer statewide planning duties from the Commission to Texas Water Development Board.

A proposed constitutional amendment is pending to authorize issue of still another \$200,000,000 in water development bonds.

TERMS FIGHT ENDED—Senate summarily put an end to a week-long deadlock with the House over four-year terms for representatives coupled with increasing the Senate from 31 to 39 members.

Without ceremony, Senators killed proposed constitutional amendments for both Senate and House term extensions. They said, in effect, to the House: kill the 39-member Senate proposition if you choose, but there will be no term lengthening for legislators voted this session.

CARR WARNS LEGISLATORS Atty. Gen. Waggoner Carr warned Texas lawmakers they have a firm deadline to complete complete congressional redistricting by August 1 and 2 respectively.

In a memorandum to all legislators, Carr said the federal court may begin the reapportion-

SOCIAL ETHICS BILL DEAD —A House committee gave a bill to establish a course in "social ethics" in Texas schools a very unsociable reception after a subcommittee reported it back without recommendation.

Committee voted to postpone consideration of the bill for four weeks. With hardly more time than that left in the session, the action virtually killed the bill.

ALAMO FLAG TALKS BALKED—Governor Connally declined to sign a resolution calling for negotiations with Mexico for return of a battle flag captured at the Alamo because of "serious questions as to its constitutionality."

"It is highly doubtful that representatives of an individual state have the authority to enter negotiations of this nature with a foreign country," the governor said. "This is a very delicate proposition and falls within the responsibility of the State Department."

He applauded "sincere motives" of the legislative sponsors of the resolution.

FEDERAL EDUCATION BILL EXPLAINED — Texas Education Agency has called on local school officials to submit their plans for participating in the new federal education program, providing \$74,500,000 in aid for teaching children from low income families.

U. S. Office of Education will determine amount of federal money available to local districts on basis of census data.

Indications are that none of the money can be applied toward state's share of across-the-boards teacher pay raises.

News From Clarendon College

HERE AND THERE

Aggie Club Tour

The Clarendon College Aggie Club made its annual tour last week. Mr. Delbert Reed, sponsor, and ten members left school on Thursday and drove to Kingsville. They spent all day Friday touring the King Ranch and observing the breeding and feeding programs. That night they stayed on the campus of Texas A & I college as guests of the school of agriculture. Saturday afternoon the club traveled toward Hillsboro, stopping occasionally to collect grasses along the way to

complete range plant requirements.

Just outside of Hillsboro the club observed the Neuhoff feedlots where the automatic feed conveyors attracted everyone's interest.

The club spent Saturday night at Waco, starting the trip back home on Sunday.

Choir Game Night

The college choir enjoyed a game night Tuesday at the canteen. Approximately thirty people were present, including choir members and their guests. Members of the faculty were also invited. Everyone divided his time rather equally between the refreshment table and the game tables. Everyone except Doug. He was more attracted to the food.

THIS AND THAT

Junior College Athletic Conference

Tennis teams from Clarendon College journeyed to Amarillo to compete in the tennis tournament conducted during the Western Junior College Athletic Conference May 7-8.

Johnny Lacy copped a victory in the men's singles, winning two out of three contests. Greg Wood also came out on top, outscoring his opponent in two out of three tries. Douglas Mitchell was unable to hit his winning stride and bowed to a strong opponent in Jerry Maukins from LCC.

Lacy and Wood teamed up in the men's doubles but went down against a strong twosome from LCC.

Karen Clements and Sandy Verden made good showings in the women's singles but were unable to bring off a victory. They did not enter the doubles competition.

Library Notes

by Mr. Nutter

Several friends, teachers and fellow students have contributed to the Bob Emil Kester Memorial Fund. The fund is to be used in purchasing books which will be placed in the shelves with a book plate in his memory. Several volumes have been ordered and should be ready for circulation soon.

Other memorial books recently presented include TEXAS FOLK AND FOLKLORE by Boatright, presented by Mr. and Mrs. Oscar

Thomas in memory of Miss Ina Nell Naylor; COW PEOPLE by J. Frank Dobie, presented by Mr. and Mrs. Kenneth Vaughan in memory of Russ Blackwell; FAR COUNTRY by L. Grace Erdman, presented by Mr. and Mrs. Otis Naylor in memory of Earl Hare.

A number of volumes have been given to the library during the school year. Persons contributing books include Mr. and Mrs. J. N. Weaver, Mr. and Mrs. William Ellerbrook, Congressman and Mrs. Walter Rogers, Mrs. Naomi Jay, Mr. and Mrs. M. P. West, Mrs. Bess Stricklin, Mrs. Fletcher Curry, Mr. and Mrs. Daniel Nutter, Mr. and Mrs. Delbert Reed, Mr. and Mrs. Pete Bromley, Mr. and Mrs. Jo McMurtry, Mr. and Mrs. Bud Moore, Mr. and Mrs. Oscar Thomas, Mrs. Homer Glascoe, and Mr. and Mrs. James Tucker. We are very appreciative of the generosity and thoughtfulness of these library friends, and will welcome gifts from other book lovers.

WHEN AND WHERE

Calendar of Events at CC
The calendar is crowded at CC during these last weeks of the spring semester, so better mark these red letter dates, students and faculty.

Final exams will be given on May 24, 25, and 26. We trust that no one will be inconvenienced by these dates. Schedules are available in the office.

The college big wheels (those who are finally eligible to wear a cap and gown) will practice for the big event on May 26 at 3:00 in the college gym.

Instructors will have a day to relax and loaf around on May 27. This is the day they will grade three or four exam papers, average grades, make reports—a few little things like that.

WHO AND WHAT

A Tribute

by Dean Johnson

We are often inclined to take for granted the generous things which others do for us. To insure that members of the college choir will not be guilty of such oversight, we take this means of expressing our appreciation to Mrs. Jessie Adams for her valuable contribution to the music program. Jessie has served as accompanist for the choir all year, giving freely of her time for regular and called choir rehearsals, practicing after school hours with groups and individuals, accompanying the choir on tours, play-

ing for various programs, all with no remuneration. None, that is, except for the admiration, respect, and gratitude afforded her by the entire college family.

The college is not the only recipient of her talent and unselfish service. She is the pianist for the First Baptist Church, which is a major task in itself, as well as a busy wife, mother, and grandmother.

Thank you Jessie, for your patience, dependability, and loyal support. Our association with you has been a pleasant one, indeed.

ALDERSON CHEVROLET

CLARENDON, TEXAS

TO THE PEOPLE OF THE 18th DISTRICT

By Congressman Walter Rogers

THE PAPERWORK JUNGLE
Federal agencies require and request more than one billion reports a year from business, industry, and the public. We Amer-

icans each year fill out the equivalent of more than five Government forms for every man, woman, and child in the country. One estimate of total cost—including the time required to make the reports—is \$20 billion.

Recently a House subcommittee issued a summary of its investigation into the problem, and it is expected that corrective action will result.

Some reports are mandatory. The income tax returns to the Internal Revenue Service are perhaps the best-known examples of mandatory returns. Many reports to the Government are voluntary, however, and a large segment of the public apparently is unaware that a substantial volume of Federal reports and paperwork is neither specifically authorized by statute nor specifically funded in any appropriation act of the Congress. The fact is that aside from the tax-collecting and regulatory agency programs there are relatively few mandatory reporting systems.

Bureaucrats in the departments and agencies have taken few positive steps to clarify the voluntary status of their reports. In some cases, the subcommittee found, administrators have used deceptive language in the wording of questionnaires with the apparent intention of misleading the public into believing that a voluntary report is required by law. A statement such as this may appear on a form: "Under authority of Public Law... Section... we are requesting you to supply the following information." Most persons, I'd think, would interpret that statement to mean that Congress specifically authorized the survey. However, the citation of law may refer to nothing more than a continuing general authority granted by Congress for an agency to inquire into, for example, "the extent of illness and disability" of the U. S. population.

The public has a two-fold stake in Government paperwork—as taxpayers, whose tax dollars go to support agency programs which generate the need, real or imagined, for data called for in the reports; and second, as respondents furnishing the information to the Government. While the costs to the Government, and thus to the taxpayers, can be estimated with some accuracy, it is difficult to assess the total impact through unnecessary man-hours of work and worry imposed

upon our people. Some Federal administrators seem to have little regard for the costs, direct and indirect to the public. The Internal Revenue Service told the subcommittee that the average time necessary for completing the "Individual Income Tax" form—the long Form 1040—was 20 minutes. The time required is more like 20 hours, as the IRS people must know. It would not be possible for an expert typist to copy some Form 1040's in 20 minutes, and that time would not include the hours necessary to assemble the needed data, do the arithmetic, and read and digest the complex tax regulations in an effort to avoid overpayment. Despite agency claims to the contrary, it was the conclusion of the investigating subcommittee that the IRS Form 1040 alone costs the public over \$1 billion each year to complete, averaging man-hour costs between hired accountants and taxpayers.

One Bureau of Customs form for entry and clearance of vessels at U. S. ports requires that merchant ships record the number of guns they mount. This form has undergone little change over the years, pointing up what is true of many Government forms: They are based on outdated or outmoded laws. The requirement that merchant ships report on guns they mount dates back to 1790. No change has been made to simplify the reporting forms—and so the paperwork mounts.

The other day we were watching television when some of this modern dancing was going on. Seriously, I wonder what the wild native savages from Africa would think of some of our native shindigs...

My four year old grandson is fast becoming an expert on windmills. He can identify all of the leading brands including some that haven't been manufactured in the last several years. He wants a drink of water from each well he sees, and has no sympathy for these so-called modern individuals who install a certain beep-beep pump... Even though he is somewhat a fan of our friend Cotton John he just can't understand his being willing to brag on a pump above a windmill... He has been trying to get me to re-

member the brand of windmill that in years gone by was sold by Sears Roebuck.... Someone please help me out... If you have a good windmill picture send it to me and I will pass it along for his scrap-book.... and for goodness sake be sure and tell me the brand name.

PATTERNS FOR PROGRESS IN COMMUNITY DEVELOPMENT

The new look of Ballinger...

shining example of community development

One of the most important factors in community development comes when private businesses engage in building improvement and modernization. The new look of Ballinger is a shining example. Recently, a total of 20 stores, offices, plants and other firms have modernized with new fronts, new interiors, new lighting, and in some cases, complete new buildings. It gives Ballinger, literally, a new look... pleasant and inviting... a true PATTERN FOR PROGRESS in community development. Pictured at the left is the recently remodeled interior of The Ledger, Ballinger's thriving newspaper. Such development improves chances for continued economic growth and attraction of new industry, plus making it a better place to live, work and play. Growth conscious towns are invited to contact their local WTU manager for assistance from our area development representatives.

COMMUNICATIONS Your Tool for Progress

This coin telephone benefits you in TWO ways

First of all, it becomes a "friend in need" when a quick call is necessary... puts a telephone where you are and makes it available 24 hours a day. It is profitable to communities, too, providing new income when we are permitted to locate them on public property. There is an added advantage in some states where it can lower fire insurance rates because of the availability of prompt alarms. So the next time you see a coin telephone, consider it an example of convenience in Communications — Your Tool for Progress. You are invited to call our Business Office for information about income-producing booth locations.

Junior-Senior Banquet Highlights Week End Activities

The lovely school patio made an entrancing entry to the annual Junior-Senior banquet and prom held Saturday evening, May 15th, at the High School Cafeteria. The romantic call of Hawaii was felt as guests followed a winding candle luminary path past a realistic looking scene of a pig on spigots roasting for the feast ahead. The west patio wall also bore candle luminaries. Entrance to a beautiful tropical garden was made through a willow and bamboo thatched hut erected over the doorway.

The ceiling of the tropical garden setting was a rippling canopy of blue. The walls were also ripples of blue studded profusely with tropical flowers of many hues. A small thatched hut stood near the head table. The service area wall was a replica of a palm thatched council house.

Sextet banquet tables were appointed in white cloths, yellow and green candles, pink tropical flowers, and miniature ukelele favors were placed over the area. Interspersed among them were many lush coconut palm trees. Suspended from the ceiling over the orchestra area was the word ALOHA. It was made of styro-foam letters completely covered in real miniature mums of pastel hues.

Native servers wore Mou Mous and beach-comber attire and served a menu consisting of Angel Delight salad, Halibut, Green Beans, Sweet Potatoes, French Bread, Coconut Pie, and Iced Tea. Appetizers of fruit tidbits on hors d'oeuvre picks inserted in large fresh pineapples were es-

pecially attractive. The invocation was pronounced by Jeff Walker and Richard Thornberry presented the welcome. Kenneth Price gave the response. The Hawaiian War Chant was sung by Melinda Moore and Nelda Stepp. Mrs. Bill Todd, a senior class sponsor, paid tribute with her Aloha to the Seniors. In conclusion of the program, Jane Gilkey gave a delightful rendition of "Aloha Oe."

Tables were cleared for the Prom following the program. Music for dancing was provided by the Cords from Palo Duro High School, Amarillo. A color wheel with an array of colored lighting accented the beautiful decorations, the young people in their festive dress, and the dancing floor throughout the remainder of the evening.

Everyone reported a wonderful time.

8 RURAL ACCIDENTS IN DONLEY COUNTY

There were 8 rural accidents in Donley County during the month of April, according to Sergeant J. W. Wilson, Highway Patrol Supervisor of this area.

These crashes resulted in two persons injured and an estimated property damage of \$5,025.00.

The rural traffic accident summary for this county for the first four months of 1965 shows a total of 19 accidents resulting in no persons killed, four persons injured, and an estimated property damage of \$8,925.00.

School will soon be out. This will be the signal for summer vacations to begin, especially for the youngsters who will be popping out in all directions. They will be darting from behind parked cars, trees or shrubs. Watch for children coasting down sloping driveways and streets. Many will be looking for a place to swim or fish, and others will be roaming around aimlessly.

This means that motorists must be constantly on the alert at all times during the summer months for children darting from unexpected places. Remember, children are unpredictable. The Sergeant stated, "Let every child be a living warning sign."

In times such as this we find out how priceless true friends really are. We want especially to thank the doctors and nurses at the hospital who were so kind, and Bro. Ely who was our inspiration in our time of need and to each and everyone who sent food, flowers, and helped us in so many ways.

Words cannot express the deep feeling of gratitude and appreciation we have in our hearts for the many acts of kindness shown our loved one during her illness. May God's richest blessings be yours.

The family of Ernestine Bates

We are sincerely grateful for the many kindnesses and expressions of sympathy in the illness and death of our aunt. Especially do we thank the doctors and nurses at Adair Hospital for their kind attention. The relatives of Mrs. Artie Scaff

LOCAL STUDENT AND TEACHER TO ATTEND SCIENCE SYMPOSIUM

A student and teacher from Clarendon High School have been selected to attend the Fifth Texas Nuclear Science Symposium at the University of Texas, June 6-9, under the sponsorship of West Texas Utilities Company, it was announced today by S. B. Phillips, WTU president.

The student selected here to attend the sessions in Austin is Freddie McAnear. McAnear will be accompanied by Hubert Hill.

The symposium, which is for outstanding science students and their teachers, is sponsored jointly by the University of Texas and the Texas Atomic Energy Research Foundation, made up of

ten investor-owned electric utility companies in Texas, including WTU.

Selection of students and teachers to attend the symposium is made by the schools participating in the program. About 500 students and teachers will attend from throughout the state.

"The purpose of the symposium is to bring to high school science students and teachers information and lectures on nuclear physics and related topics by scientists, and to provide the student with opportunities to obtain answers to their questions on scientific careers and college curricula," Phillips said.

Mr. and Mrs. Gene Bulman and family of Bell, Calif. and Junior Bulman and children of Amarillo, also Mr. and Mrs. Billy Jack Land and sons and Mr. and Mrs. Pete Land of Clarendon were dinner guests in the home of Mrs. George Bulman Sunday.

Over 100 varieties of grapes are grown for wine-making in France.

Rotary flour mills were introduced into Italy from Greece in the second century B. C.

Caviar is prepared from the eggs of a fish called sturgeon.

Lloyd Risley, Clarendon, will put his double major in chemistry and mathematics to work next year at Clemson University, Clemson, S. C., under an assistantship in chemistry he recently accepted as an undergraduate at Southwestern State College, Weatherford, Oklahoma.

Risley applied for the assistantship at the suggestion of Dr. Harold White, assistant professor of chemistry and former student at Clemson.

After attending the University of Texas three years, Risley took

a break from college life and served in a top position with the United States air force from 1961 to 1964. Part of that time he was stationed in Turkey. He became interested in attending Southwestern while stationed at Altus AFB.

Risley started out as a pre-med student and still has aspirations along that line. "But that will have to wait for a while," he explained. "Research is another field I'd like to get into."

PERSONALIZED LICENSE PLATES AVAILABLE

New Texans have a new status symbol: Personalized, prestige auto license plates.

A bill approved by the Legislature and signed by Governor Connally May 6 authorizes issuance of personalized license plates upon payment of a \$10 fee in addition to normal auto registration charges.

Not only may Texans have their automobiles identified with distinctive one-of-a-kind license plates, but the Texas treasury will get a substantial boost, too.

It has been estimated that the measure may raise as much as \$5 million—or personalized plates on one of every dozen vehicles registered in the State. Ninety-five per cent of all fees will be paid to the State's General Fund.

The measure was recommended by Governor Connally to help finance the Texas program for tourism, recreation and State parks. The Governor also suggested that Texas join in an Interstate Tourist Compact for tourist advertising overseas to make known the attractions of the United States.

The bill will be administered by the Motor Vehicle Division of the Texas Highway Department, the agency responsible for registration and licensing of all vehicles in the State. The Highway Fund will receive five per cent of collections to defray administrative costs.

Although the bill does not become effective until 80 days after the Legislature adjourns, the Motor Vehicle Division will begin accepting applications at once. The estimated date that plates will be issued for use is on or about August 24.

Obviously only one plate of a kind may be issued. And it will go to the first applicant. Once a specific, personalized plate has been assigned to a motorist, it will be reserved for his use in succeeding years if his renewal application is submitted by January 1.

All applicants must be sent to the Motor Vehicle Division, Texas State Highway Department, 40th

& Jackson, Austin. Application forms now are available at the individual county tax assessor-collector's office. They must be accompanied by a \$10 personalized license registration fee. A similar fee, in addition to normal registration charges, will be required each year a personalized plate is issued.

All applications must be accompanied by the applicant's name, address and classification of vehicle for which the personalized plates are intended—limited to passenger cars, trucks, tractors, trailers (not exceeding 10,000 pounds), busses or house trailers.

Motorists are requested to submit at least three choices for embossing on their personalized plates. Preference will be given to the first choice. If a prior application for the same inscription has not been received the special plate will be manufactured and sent to the county tax assessor-collector in the motorist's home county for delivery. The motorist may receive his personalized plates by surrendering his regular registration plates.

The motorists may want his license plates to bear the name of his dog, his wife, his mother-in-law—or even his own initials. He may want to call attention to his hobby, his business—or his

girl friend.

Characters on the personalized plates—either numbers, letters, or a combination of both, will be limited to six. Contrary to normal policy the use of vowels will not be prohibited.

PRICE OUTLOOK IS GOOD — Texas pork producers can look forward to good hog prices for the remaining months of 1965, says Extension Economist John G. McHaney. Hog numbers in the U. S. were down 9 percent on January 1, 1965 from a year ago. In Texas, they were down 24 percent, he said. The more favorable prices and improved outlook for the months ahead could encourage an expansion in farrowing but, if this happens, he added, prices and slaughter supplies probably would not be affected until late this year or early 1966.

FLORICULTURISTS TO MEET — Nurserymen, flower growers and landscape horticulturists will meet in Texas A&M University's Memorial Student Center, May 16-18, for their annual conference. The Growers Conference is sponsored by the Floriculture Section, Department of Soil and Crop Sciences of A&M. Topics for discussion range from poisonous plants to automated pot mums.

HEDLEY NEWS

Mabel Bridges

Rev. L. J. Crawford's family gathered Sunday in Hedley for their family reunion at Lions Den. Fifty children, grandchildren, and other relatives enjoyed every minute of the day. It was a special pleasure to have Rev. and Mrs. Noble Crawford, Baptist missionaries to Brazille who are home on one year furlough. Rev. Crawford has been in Brazille ten years and this is his second furlough. He is the son of Rev. L. J. Crawford and brother of Mrs. Vernie Wade.

Rev. Crawford had a Brazilian boy, Claude, with him. Claude was on his way to Chicago to attend Moody Institute. Claude talked in his native language, Portuguese, and Rev. Crawford interperfed. Rev. Crawford talked of his work, showed pictures, and explained native customs.

Friends who called were Mr. and Mrs. Tommy Bain, L. J. Burdine, Mesdames Eva Hill, Mary Clay, Vel Hansard, and Mr. and Mrs. J. M. Tidwell.

Mrs. Ray Moreman underwent surgery Wednesday in Groom Hospital. She is doing fine. David Moreman of College Station vis-

ited his mother over the week end.

Mr. and Mrs. Arthur Barnes of Pampa spent the week end with the lady's brother, Mr. and Mrs. H. G. Hartwell.

Mr. and Mrs. Jap Shaw, Mr. and Mrs. Ancil Adamson, and Mr. and Mrs. Andy Anderson spent the week end at Raton.

Mr. and Mrs. Morris Moore of Houston and former resident of Hedley visited friends here Thursday. Mr. and Mrs. Herman Horchelor of Goodnight accompanied them to Hedley.

Mr. Woodard, Hedley night watchman, has been a patient in Hall County Hospital several days suffering from a heart ailment.

The family of Mrs. Eva Hill met recently for their annual reunion at Anadarko, Okla., Indian City of the southwest. The night was spent at Butler Motel. Lunch was served Sunday at the Armory. Around 30 relatives were present. Eleven members were unable to attend. All too soon did this happy event come to a close and each one left looking forward to another reunion next year.

Mr. and Mrs. C. C. Clark of Anaheim, Calif. are visiting the lady's mother, Mrs. S. F. Blackwell and sister, Mrs. Charley Johnson.

Mr. and Mrs. Jerry Fincham and baby and Mrs. Lois Moffitt have bought the Marvin Whitfield home and are moving from Amarillo to Hedley. Jerry is employed by Metcalf Grocery store.
