Annual Bull Sale Set For Dec. ?

Flip Breedlove, County Agent and Secretary and Manager of the Rolling Plains Registered Beef Cattle Association, says that the officers and directors met on the night of the 8th of July in the Community Room of the Farmers State Bank in Clarendon. All officers and directors were present but two. Bill Bradley, President of the association, presided over the meeting.

The annual bull sale for this fall was set for December 2, 1964, in Clarendon, Texas. The sale will start at twelve noon on this date with Col. Walter Britten as the auctioneer.

Mr. J. D. Swift, President of the Farmers State Bank, told the directors that the Farmers State Bank would like to be host to another barbecue this next month for the association. The date was set for August 18th at the Clarendon Country Club. Mr. Bradley appointed a committee to send out invitations for the barbecue to members of the association, bull consignors to the sale, buyers and prospective bull buyers. These invitations will be mailed out in the next ten days stated Breedlove.

The speaker for the association barbecue on the 18th will be Congressman Walter Rogers. Mr. Bradley appointed an advertising committee with H. A. Green, Flip Breedlove, W. H. Cooke, III, Geo. Saunders and himself as members. The board voted to have the Donley County Leader to print the sale catalogs again this year. The board voted to have a big TV show again this year with Cotton John on Channel 4 and take herd bulls to be on the show just before the bull sale.

The president appointed a nominating committee for new officers and directors for next year. This election to be done by mail and the members of the committee were Tommie Potts of Memphis, Texas; Leonard Ford of Claude and R. Finch of Clarendon. Other committees were appointed and Breedlove says that things are well under way for the 1964 bull sale.

Mr. and Mrs. T. A. Dorsett of Mojave, Calif., and Mrs. Vera Huffman of Salt Lake City, Utah, visited their sister, Mrs. Ruby Hutton and Gayla last week. All visited a brother, Van McCoy at Childress over the week end.

No Notice Of Appeal Received By Officers Of Greenbelt Authority

Neither Dr. S. H. Townsend of Childress nor Bill Lowe, president and attorney for the Greenbelt Municipal and Industrial Water Authority, have received citations that the Authority was being sued by the Lewis Estate, owners of the land on which the proposed lake for the impounding of water may be located, it was learned last Friday.

Reports are that the Estate has filed an appeal against the Authority on the location of the lake site in Travis County (Austin). Both the Lewis Estate and the Collingsworth County Water Control and Irrigation District notified the Texas Water Commission that appeals would be filed when the Texas Water Development Board approved a loan of \$10,300,000 for the project in February.

Dr. Townsend reported Friday that Dan Henard, president of the Collingsworth County group, had written him that no appeal would be filed as far as his organization was concerned.

However, the deadline for filing has been set by the Texas Attorney General in early August instead of June 12 as originally announced.

"All of us thought that the date for filing appeals on action of the Texas Water Commission started from the date the Water Commission approved our application to the Texas Water Development Board," Dr. Townsend said.

"Then we learned that the Attorney General ruled that the date started from the date the Water Commission issued the permit," he added.

"If no other unforeseen complications develop, the City of Childress and City of Quanah will be using Greenbelt water next spring," he concluded.

It has been rumored that the dam site had been changed to north of Clarendon near the Highway 70 crossing. Directors have not received notification of any change to date but it is a fact that the Engineering firm in Fort Worth has had the area core-drilled and it is presumed they are preparing a feasibility report on the location, whether for a dam site or fill material.

DEPARTMENT HEAD

MRS. CONNIE CLIFFORD

Mrs. Clifford To Head New Department

Mrs. Connie Clifford has been employed by Clarendon Junior College to head the newly established Home Economics Department. Her original home is Woodsboro, Texas, where she was a high school graduate. Mrs. Clifford earned her B.S. degree in Home Economics from the University of Texas and was employed as a Home Economist with the Houston Lighting and Power Company for four and a half years. Her hobbies are gardening, cooking and sewing.

It is now possible for a girl to earn as many as 18 hours in Home Economics in Clarendon Junior College. Courses in this field are being offered for the first time this fall, constituting a major addition to the curriculum and facilities of the College. A modern, fully-equipped department will provide an ideal learning situation for those young ladies who will be interested in taking courses in Elementary Clothing, Textiles, Food Preparation, Elementary Nutrition, Meal Planning and Serving, and Consumer Problems. All courses are fully accredited.

from County ASCS Committee

Special recognition was given Friday, July 10, to Mildred Ritter, Office Manager of the Donley County ASCS and Ruby B. Blackman, Chief Clerk. Mr. W. H. Cooke, III, chairman of the County Committee, presented the award pins and certificates.

Mrs. Ritter (our Molly) has recently completed 25 years of loyal service with the Department of Agriculture. Molly began working as a typist under the supervision of Mr. Flip Breedlove in May of 1938 at a salary of \$2.50 per day. The office was then known as the AAA Office. She was promoted to Chief Clerk in 1942 and became Administrative Officer of the PMA in June of 1943. The title of Administrative Officer was changed in 1949 to County Office Manager and the office became the ASC in 1954.

Before Molly started her career with the USDA she was a school teacher on the JA Ranch. It was while she was working there she changed her name from Mildred McCuan to Mrs. Joe Ritter.

Molly has been very active in civic affairs and church activities. There are very few organizations in the community of which she has not served as an officer. Presently she is Secretary of the local Chapter of the Order of the Eastern Star, Chairman of the local Civil Defense Board, Secretary-Treasurer of the District No. 2 ASCS Employees Association, and Secretary of the District No. 2 ASCS Safety Committee. She is a member of the Methodist Church where she serves as substitute teacher, member of Wesleyan Guild, and the local Chamber of Commerce.

Mr. Cooke, presented Ruby Blackman with her pin and certificate for completion of 10 years of loyal service with the USDA. Ruby started working for the PMA on July 13, 1953, as a temporary.

J. C. Estlack, Founder Of The Donley County Leader Dies Friday Morning

J. C. Estlack, founder of the Donley County Leader, died early Friday morning in a Wichita Falls hospital following an illness of several years.

Mr. Estlack was born February 18, 1882 at Littleton, Colorado. He moved with his parents to Old Tascosa at an early age and worked as an XIT cowboy. After a few years, the family moved to Clay County. He taught school several years prior to moving to Eunice, N.M., where he homesteaded land, taught school and operated the Lovington Leader at Lovington, N.M.

He passed through Clarendon numerous times in his early day traveling and became acquainted with the fact that Clarendon was noted as a school town. In order to provide better schooling for his five sons, he moved to Clarendon in 1919 and worked for the Clarendon News. A short time later he purchased a job printing business from W. P. Blake and operated this business until he established the Donley County Leader March 4, 1929. He remained with the Leader until 1942 at which time he received appointment as Clarendon Postmaster, a position which he held until his retirement in 1955.

Throughout his life, Mr. Estlack was interested in Geology and history and spent numerous hours searching for and collecting prehistoric fossils, Indian artifacts and later, semi-precious stones found in the native rocks of this state and surrounding states.

During his newspaper career, Mr. Estlack served as secretary and president of the Panhandle Press Association. He was recognized near and far for his column in the Leader "The Temple of Truth, by the Apostle," and for his contributions to the Newspaper business along with a devoted service to residents of the area which he served.

Funeral services for Mr. Estlack were held Saturday afternoon in the First Methodist Church with Rev. John A. English, District Superintendent of Childress, officiating. Burial was in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements. Grandsons served as pallbearers.

Survivors include his wife, Elizabeth; four sons, E. H. Estlack of Austin, Phifer I. Eastlake of Wichita Falls, Homer and George W. Estlack of Clarendon; a sister, Mrs. Rose Boyd of San Angelo; a brother, Raymond Est-

lack of Corpus Christi; 12 grandchildren and 14 great-grandchildren.

Little League Park Gets Face Lifting

The Clarendon Little League Park has undergone an overall face lifting the past few weeks in preparation for the District Little League Tournament which will be played here starting next Thursday, July 23rd. The Donley County Young Farmers repainted the pressbox and concession stand. The local Jaycees repainted the backstop, fences, and equipment house. The Jaycees also raked and cleaned the grounds. The paint was furnished by Foxworth-Galbraith Lumber Co., 1st Supply and J. & W. Lumber & Supply. The Jaycees wish to thank those who furnished the paint, and Albert Johnson, Jr., of the Highway Department for his assistance, and all those who helped in any way toward the completion of the project. Hubert Kidd, Jaycee President, stated that we have had good cooperation from everyone in making this Little League Park one of the finest in the area, and we are very fortunate in having the District Tournament here. He asks that you make your plans to attend all the games and help make the visiting teams and spectators feel welcome.

BRONCHO DRILL TEAM TO HOLD BAKE SALE

Military Manpower

The present Selective Service Law will not expire for another three years but one of the subjects sure to receive increasing attention in the months ahead is whether the "draft" again should be extended, or modified or abandoned altogether. The President has ordered a comprehensive study of the draft system. A bill introduced in the Congress would establish a Presidential Commission to study the draft and make recommendations. Another would require that the Secretary of Defense submit within one year an alternate to the draft based on a voluntary system of recruitment.

Whatever the approach, the objective of the studies would be to provide the President and Congress with the facts so that they could properly evaluate two fully developed systems, one voluntary and one compulsory, for meeting the Nation's military manpower requirements.

President Johnson has noted that we may have drifted from the original idea of universal military conscription based on the belief that all should share the obligations of military service equally in accordance with

a fair and just system. How have we drifted? The central facts are these: The draft now calls on the average only about 90,000 men a year in a Nation in which 1.4 million youths each year reach the age of 18. No more than 670,000 of those 1.4 million youths annually reaching 18 will be needed for military service so long as our military manpower requirements remain constant at 2.7 million men. Only about 58 percent of those theoretically eligible will ever serve in uniform. Although many Americans think of our present system as one requiring universal military service, 42 percent of eligible men will, for one reason or another, be excused from serving. Our armed forces simply do not need all the young men becoming eligible for the draft.

Exempted from service are men with criminal records or moral shortcomings, men who are mentally or physically below "standard" (and "standard" is arbitrary and subject to change), men who can stay in college until they reach 26 and thus beyond reach of the draft, men whose employers can make a case for their being essential, men who marry early.

Only one man in every 30 now in the Armed Forces is a draftee. However, one of the arguments

against doing away with the draft is that young men no longer "join up." One study indicates that approximately 20 percent of first-term Army enlistees did feel that the draft was of "some influence." But 63 percent, the study indicated, probably would have joined the Army in any case. Advocates of plans for substituting a voluntary system for the draft say that enlistment rates could be increased by boosting pay in lower enlisted grades and by lowering eligibility standards.

Each young man between the ages of 18 and 26 must face the real possibility that he may be called into the Army. "Draft status" is of paramount importance for young men as they make plans for education, marriage, a career, their futures. To a very large segment of our population, these young men and their families, decisions regarding the draft have a very direct and personal impact.

I believe we should embark on serious and realistic studies to determine whether or not our military manpower requirements can be fully met through a system of voluntary recruitment. Perhaps the results of such studies will indicate that there is no satisfactory alternative to the draft, but I believe such studies should be made. A great strength of our legislative process is that it permits study, reflection, and debate in advance of decisions on vital issues. So it is with questions affecting the draft. By going to work on the problem now, Congress will be well prepared to make sound, responsible decisions when next called upon to consider the Selective Service law and its impact.

Chevrolet dealers sell more cars than anybody Because they sell great cars

Chevrolet Impala Sport Coupe

Chevelle Malibu Sport Coupe

Chevy II Nova Sport Coupe

Corvair Monza Club Coupe

Chevrolet has brought a whole new kind of excitement to everyday driving this year—with 5 different lines of cars and 45 different models.

And whether you're cushioned in the bucket seat of a luxurious Chevrolet Impala Super Sport or behind the wheel of the roomy Chevelle, you'll feel it:

Whether you're gobbling up a hill in a thrifty Chevy II or making tracks on a sandy beach with a rear-engined Corvair, you'll feel it.

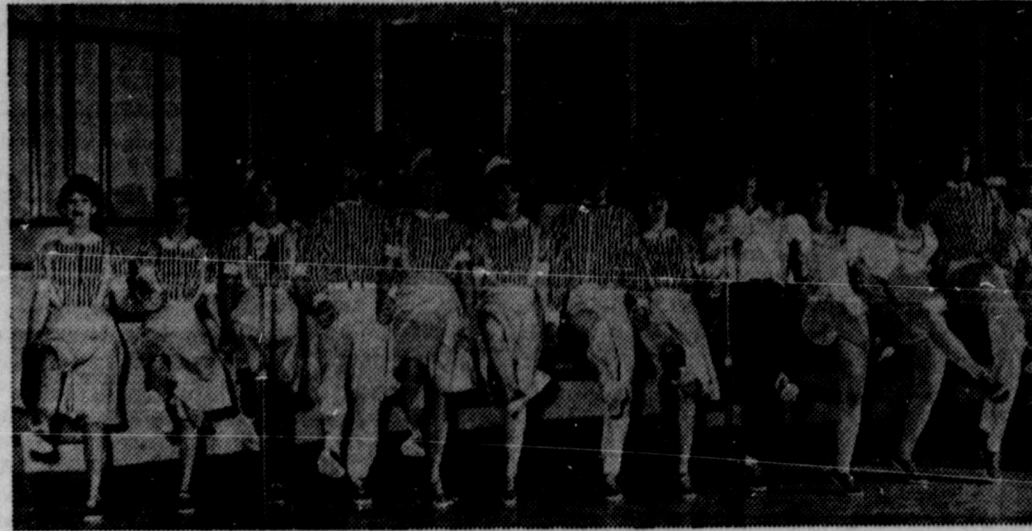

So why not stop in at your Chevrolet dealer's soon and see what we mean.

And don't be surprised if you see your neighbor there. More people do.

SIX FLAGS CAMPUS REVUE "DAZZLING" SUCCESS

Six Flags Campus Revue cast shows audience collegiate style of Can Can dancing during one of the hit show's big numbers. This year's musical variety production features 27 talented youngsters from 15 colleges and universities in Texas and the Southwest.

"One of the most dazzling amateur productions in local theatre history", wrote noted Dallas night club columnist and critic Tony Zoppi, of the DALLAS MORNING NEWS, of the 1964 Six Flags Campus Revue, "The Singing Flags."

The show, which opened at the Six Flags Amphitheatre recently, features 27 talented youngsters from 15 colleges and universities in Texas, Oklahoma, Louisiana, Colorado and Illinois.

Produced and directed for the third successive year by Charles R. Meeker, Jr., the lavish production concerns a musical junket through Six Flags celebrated theme park.

Mr. Zoppi continued his rave review with "the jet propelled show was professional from overture to finale, and credit a swinging 17-piece collegiate orchestra with a share of the show's success."

Jack Douglas, reviewing "The Singing Flags"

for the FORT WORTH STAR-TELEGRAM, wrote "a standing ovation plus four curtain calls let the college singers and dancers know they had a hit on their hands. Fast paced and surprisingly smooth, the show gives a real meaning to an over-used word rollicking."

The popular Campus Revue productions presented by Six Flags each season have attracted over half a million theatregoers since they were inaugurated in 1962. Performances of "The Singing Flags" are staged three times a night for the remainder of the summer until the show closes on September 7.

During the Fall and early Spring months, Six Flags talent scouts commence an annual tour of more than 100 colleges encompassing Texas and the Southwest auditioning talented undergrads for the Campus Revue.

In 1964 some 800 hopefuls auditioned with 27 copping the final honors.

thing the little books do — and it is no mean thing — they give the child the reading habit."

The writer is quick to point out that it isn't just any comic book. "These are not the ones designed for delinquents, adoles-

cents or morons — not the crime comics or the Cro-Magnon horrors, not the romantic comics, not even the adventure comics."

Warren Leslie's "Dallas Public and Private" "is not the story of an assassination; it is the story of a city — a city that did not trust itself to receive the President of the United States — and whose worst fears were far outstripped by a double murder that shocked the whole civilized world."

"Warren Leslie paints a brilliant portrait of this disturbed city and of the people who live in it. There are the 'yes and no' men who sit on the Citizens' Council — an absolutely unofficial, unelected and self-perpetuating group of businessmen in Dallas, and there are the relief families of the slums in West Dallas; there are the absolutists, who make up an unofficial third political party in the city; the compulsive right-wing women, the men who administer the law and the men who break it, the men of conscience who work to make unpopular causes palatable to the city, the silent minority of liberals."

Outsiders who have wondered about Dallas will find that Warren Leslie reveals not only what Dallas is and how it became what it is, but that he also raises questions which should be asked about every city."

For what it's worth although the author neither tries to give Dallas a white wash job nor a condemning he resigned as vice-president of Neinum-Marcus either before he wrote the book or before it was published.

Their fringed palms in air: I only know I cannot drift Beyond His love and care..."

There are at least two good reasons why parents should not do Junior's homework; in the first place they shouldn't and in the second place they can't...

The wicked in most any community stick together better than good folks. They believe that unless you hang together you will surely hang separately. They work together for their best interests even when they dislike each other personally. Usually this is not quite so true on the other side. They will split into factions within even the church, fall out over their club or lodge, and wage an all out war to be on the opposite of anyone with different political views.

"All men are born equal, but some outgrow it."

How true it is that we spend much of our time trying to impress those we scarcely know, and to please those from whom we hope to receive something in the future, and take for granted those we love the most. The fol-

lowing little verse called Whom We Love puts it in a nice way. "We flatter those we scarcely know,

We please the fleeting guest, And deal full many a thoughtless blow To those we love the best."

It is commendable to try to have a great future, but it is even better to live so as to have a great present.

Men still die with their bow on, and usually one of them on the accelerator.

Some folks seem to be heartless as a dove, but on closer examination turn out to be just tricky... Did you ever come up on the mother dove on her nest and have her pretend to be crippled. She would make-believe for all the world that she could be caught and I will never forget the first one we chased away. Some hundred yards away from her nest she would zoom to the side and back home again. So it is with some people who have a big to do in order to cope up their real problem...

Palo Duro Canyon State Park

Etched deeply in the high plains of the Panhandle, just south of Amarillo, lies a spectacular gorge, widely renowned for its scenic beauty. This is Palo Duro Canyon, a great 15,000 acre state park of Texas. You enter it on a road which winds for miles along the bottom of the vast gorge. You see many remarkable formations such as the "Lighthouse" and "Balanced Rock" which have been formed by centuries of erosion which created the Canyon. As you drive slowly along the Canyon's beauty is enhanced by constant changes in delicate coloring. Coronado explored the Canyon in 1541, and in 1876 Col. Goodnight drove the first wagon train down a huge rock slide into its great gulf. Palo Duro Canyon is easily reached on major highways through many of our towns, and is a high spot in places to go and things to see in General Telephone Country.

FLOOR CARE CAN BE MADE EASY

COLLEGE STATION — Research studies indicate that many homemakers dislike house cleaning, and floor care seems to be the most dreaded job, says Mrs. Eula J. Newman, Extension Service home management specialist.

Modern cleaning equipment used regularly and correctly gets rid of dust and soil the easy way, she adds. Increasing in popularity is the floor polisher. Sales for this time-and-energy saver increased about 28 percent in April, 1964, over the same per-

iod a year ago. Saving the floor also saves money, besides conserving time and energy. Floor coverings and wood floors last longer when proper care is given.

Versatile cleaning equipment is designed to scrub, wax and polish floors. There may be two sets of brushes, one for scrubbing and waxing and another for polishing. Felt or lamb's wool pads put on a fine finish and also help prevent slipping.

Mrs. Newman cautions that the electric floor polisher is not used with self-polishing wax. A long handled standard wax applicator or a clean dry cloth is preferred, and rubbing is not necessary for a good gloss.

AN ADEQUATE BREAKFAST IS IMPORTANT

COLLEGE STATION — Skipping breakfast is not a good idea at any age, and is particularly harmful for youngsters and teenagers, Extension Service food and nutrition specialists say.

The human body needs refueling regularly, and breakfast is the meal that follows the longest stretch of non-eating.

Research has shown that, without an adequate breakfast, fatigue sets in earlier, irritability is increased, work output is reduced, and virtually all reaction time slows down. School children do not learn as easily, for they lack energy and sometimes become behavior problems.

Lack of time is the most frequent reason given for skipping or skipping breakfast, says Mrs. Gwen Clyatt, Extension consumer marketing specialist, and Extension nutritionists. This shortage of time is mostly a habit and can be corrected by revising one's schedule and getting up a few minutes earlier.

Breakfast should be a family affair. Then everyone has the advantage of a good breakfast and the young people form a habit that will stand them in good stead the remainder of their lives.

A peanut plant requires a growing season of about five months without frost.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. C. R. Shields of Clarendon, Texas, announce the engagement and approaching marriage of their daughter, Darlene, to Billy Neal Spier, son of Mr. and Mrs. J. H. Spier, Jr., also of Clarendon.

The double ring ceremony will take place at the Clarendon Church of Christ August 21.

Keeping clothing immaculately clean actually extends its life, Extension Service clothing specialists emphasize. They remind that the National Institute of Drycleaning says it is unwise to specify "press only" for clothing which has been soiled with body oils. Pressing just sets these damaging soils into the fabric so they are harder to remove.

Visitors in the home of Mr. and Mrs. Johnny Leathers and boys for the past two weeks have been her parents, Mr. and Mrs. Clarence Murray of Gatesville, Texas. Also visiting through July 4th were Mrs. Leathers' brother and family, Mr. and Mrs. Clarence Murray, Jr., and children of Midland.

P. I. Eastlake and sons of Wichita Falls; Mr. and Mrs. E. H. Estlack of Austin, and Mr. and Mrs. Joe Estlack of San Antonio attended funeral services for their father and grandfather, J. C. Estlack.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. Charles Smith, New Glarus, announce the engagement of their daughter, Rachel, to James C. Graham, son of Mr. and Mrs. William Doyce Graham, Clarendon, Texas.

Miss Smith is a stenographer at the Agronomy Department, University of Wisconsin, and her fiancé is a graduate student in the Agronomy Department. A September 5th wedding is being planned.

CHAMBERLAIN CENTER NEWS

Chamberlain Community Center will meet Friday night, July 17. Everyone come. Bring a cake or freezer of ice cream. Mrs. Hester Shields and Mrs. Clyde Gilbreth, will be our hostesses.

The president would like to thank all who worked on our float and helped serve food July 4th. It's jobs like these that help make our 4th celebration a success. —Rep.

STATE CAPITAL
Highlights
AND Sidelights
by Vern Sanford
 TEXAS PRESS ASSOCIATION

AUSTIN — Local governments in Texas may be the main beneficiaries if state government winds up the current fiscal period with an \$80,000,000 surplus as Gov. John Connally predicts it might.

Should such a surplus be reached, Connally told reporters, it is "fairly" certain he will recommend abolishing the ad valorem tax on property for state revenue purposes and leaving that source exclusively to local governments.

Connally said \$20,000,000 of the expected surplus could be set aside in a special fund to retire college building bonds backed by ad valorem tax contributions.

In predicting that the surplus will not be less than \$35,000,000 and probably will reach the \$80,000,000 figure, the Governor

joined those who have contended all along that the general revenue fund will be so far in the black by 1965 that new tax problems will be eased if not erased.

Connally also said he contemplates submitting to the Legislature in stages the recommendations of his Committee on Education Beyond the High School.

He still plans to call a conference on morals and ethics but said he has not picked a time. However, he declined to say whether he would recommend fair employment and public accommodations legislation in order to maintain some state jurisdiction over civil rights under the new federal law.

ILLITERACY FIGHT STEPPEL UP — A quiet campaign is under way to mobilize South

Texas community facilities to combat an illiteracy problem which results in wasted lives and a damaged economy.

Fausto Toscano, an assistant to Governor Connally, is in South Texas determining what can be done at the local level to help stamp out the blight of illiteracy.

Toscano has visited seven South Texas counties attempting to establish local literacy centers to teach adults to read and write. He reports that in most counties in Southwest Texas illiteracy is far above the national average, and runs over 20 percent in some counties.

Texas Education Agency is engaged in the most intensive study of the problem ever undertaken in the state and the director of that study says the problem can be substantially solved in a few years by a concerted state-local effort.

CAPITOL HOSPITALITY — Texas Highway Department now has a team of travel information officers in the rotunda of the State Capitol. They are stationed in an illuminated tourism booth. This information team has the task of acquainting the thousands of visitors to the Capitol with the State's other tourist attractions.

NEW MANSION ASKED — Should Texas build a brand new \$500,000 governor's mansion? That is a subject of debate in the capital city.

Building Commission Director H. R. Nieman, Jr., has recommended a new structure to replace the 108-year-old mansion. Budget Director Bill Cobb also has testified in favor of the proposal.

Connally, a member of the Building Commission, supports the new mansion plan. But whether he will throw his full backing behind it depends on the state's financial condition when the Legislature convenes in January.

If a new mansion is constructed, Connally suggested the existing one be turned into a museum supported by nominal admission charges.

Other structures proposed in Nieman's \$8,084,330 budget request included a \$3,600,000 state finance building to house state fiscal agencies and a \$2,600,000 office building for legislators and their related services. Both would be located in the capitol area.

GOOD NEIGHBOR TRIP PLANNED — An August trip to Mexico City and to the four Mexican states adjacent to Texas is planned by Governor Connally, who said that much of this state's economic future is tied to lands south of the Rio Grande.

Connally hopes to improve relations with Latin leaders before the 1968 Olympics are held in Mexico City. Also he would like to link the Olympics with San Antonio's HemisFair which is scheduled for the same year.

REPUBLICANS HEAD FOR GOLDEN GATE — Nearly 500 Texas Republicans, "irrevocably committed" to Barry Goldwater for the presidential nomination, arrived in San Francisco last week end for the GOP national convention which started Monday, according to state GOP headquarters here.

Texas had 56 voting delegates, but state Republican headquarters reports 112 delegates and alternates had been named; 300 Texas guest tickets were issued; and six pages, six assistant sergeants-at-arms, six assistant doorkeepers and 68 honorary assistant sergeants-at-arms from Texas also had their credentials.

BUSINESS STRENGTH MAINTAINED — Texas' 40-month business upswing is the longest of the postwar era (except for the Korean War period), according to the UT Bureau of Business Research.

While the business activity index slipped two percent in May, average for the first five months of 1964 is seven percent above the same period in 1963.

"It now seems reasonable to expect that before any adjustment occurs, Texas business will surpass even the 45-month rise of business activity from October, 1949, to July, 1953," Bureau Director Dr. John R. Stockton predicted.

MENTAL HEALTH — County Judge C. L. Abernethy of Plainview heads a statewide committee which is taking a long, hard look at what Texans are doing about mental health problems.

The 112-member citizens committee expects to have its report ready by August. But comments at meetings have indicated strongly that the committee will tell Texans that mental health work should begin in the local community.

Judge Abernethy said the old

concept of isolating mental patients far from home is far less effective than treatment in their home towns.

FISHERMAN'S HEAVEN — Parks and Wildlife Department spokesmen expect the out-sized Amistad Reservoir, now being fashioned from the Rio Grande, Pecos and Devils Rivers, to be a heaven for fishermen.

Aquatic biologist Larry Campbell predicts that when the 6-million acre feet reservoir is completed in 1968 it will boast blue catfish from the Devil and Pecos; large-mouth bass from Lake Walk and Devils Lake, and flathead, blue and channel cat from the Rio Grande.

Underway are conversations leading toward a joint management program for the \$100,000,000 reservoir project with the Mexican government.

SHORT SNORTS Cigarette smokers are doing it again. Revenue from cigarette tax stamps increased \$568,048 in June over June, 1963, and more than \$600,000 over May.

A gold-painted guard rail was installed along a \$90,000,000 freeway section near Winnie in Jefferson County. Freeway connects downtown Houston with Beaumont. Highway Commission Chairman Herbert C. Petry, Jr., predicted it will save 21 lives a year.

Cotton still is big in Texas. Lt. Gov. Smith told the International Oil Mill Superintendents Association. During the last 10 years the state has produced an average of \$3,900,000 bales a year and more than \$1,600,000 tons of cottonseed, with an average value of \$715,000,000 a year.

State Hospital Board Executive Director Raymond Vowell has been appointed to two presidential advisory committees on mental retardation.

Governor Connally has named a planning committee of state officials to develop an administrative internship program in state government.

Republican candidates will attend a political school in Austin on August 20-22.

During the last week in June the State Securities Board okayed eight applications to sell \$2,055,300 in securities in Texas. A total of \$2,400,000 in additional applications were received the same week, but not processed.

Mr. and Mrs. Doyle Phillips and the Brigmans visited Sunday night in the home of Doyle's brother, Noah of Amarillo, where they were having a family reunion.

Mr. and Mrs. Carl Pittman and Judy and Mrs. Dora Adkins visited Mr. and Mrs. Billy Jack Jordan and family in Amarillo Sunday afternoon. Billy Jack and son, Kim, were in a car wreck last week. Kim received head injuries requiring 30 stitches to close the wound. He is improving satisfactorily.

"Once you've typed on an electric portable, you'll never type on a manual typewriter again!"

Coronet

- 5 repeat actions
- Fastest typing
- No pounding
- Even typing
- 10 clear carbons

Electricity lets you underline a full row of words just by holding down the key, rat-tat-tat, just like that. The same is true for dashes, spaces, dots and the letter "X" for crossing out.

Electricity lets you type as fast as you want even if you're a jumbled champ. And there's no jumbled letters, no jumpy lines, no uneven spacing.

Electricity does the work for you. There's no pounding the keys. And you can adjust the touch from featherlight to the same as a manual's.

Electricity gives you an expert's even touch on the keys. All letters are typed with the same even blackness... your typing looks perfect.

You adjust a dial and can make up to ten carbon copies. More important, the tenth is just about as clear and readable as the first.

SMITH-CORONA CORONET—Crisp, modern styling. Four decorator colors. Full office keyboard. Choice of many type styles. Lightweight all-steel carrying case. ONLY \$10 DOWN.

THE STATE OF TEXAS COUNTY OF DONLEY
In the Name and by the Authority of The State of Texas

Mrs. Arlie Woods, who resides outside the State of Texas at Route 1, Box 146, Austin, Colorado, the heirs and legal representatives of O. C. Hill, deceased, whose name and residence are unknown, and the respective unknown heirs and legal representatives of all the above named parties, the unknown owner or owners of the hereinafter described property and their heirs and legal representatives, whose names and places of residence are unknown, and any and all other persons, including adverse claimants, owning, or having, or claiming any legal or equitable interest in or lien upon the hereinafter described property delinquent to plaintiff herein for taxes.

YOU ARE HEREBY NOTIFIED that suit has been brought and is now pending in the Honorable District Court, 100th Judicial District, Donley County, Texas, wherein Clarendon Consolidated Independent School District is plaintiff; The State of Texas and Donley County, Clarendon Junior College, and the City of Clarendon are impleaded party defendants; and The Unknown Heirs and Legal Representatives of O. C. Hill, Deceased, Et Al are defendants, by the filing by said plaintiff of a petition on the 29th day of May, 1964 and the file number of said suit being No. 3149 and the nature of which is a suit to collect delinquent ad valorem taxes on the following described property, to-wit:

All of Blocks 128, 129, 130, 131, 132, 193, and 194 in the Original Town of Clarendon, Donley County, Texas, together with interest, penalties, costs, charges, and expenses of suit which have accrued and which may legally accrue thereon.

The amount of taxes due each plaintiff and each impleaded Party Defendant, exclusive of interest, penalties and costs is as follows:

Clarendon Consolidated Independent School District	\$506.32
The City of Clarendon	\$450.16
State of Texas and Donley County	\$254.93
Clarendon Junior College	\$39.29
TOTAL	\$1250.70

Plaintiff and all other taxing units who may set up their tax claims herein seek recovery of delinquent ad valorem taxes on the property hereinabove described, and in addition to the taxes all interest, penalties, and costs allowed by law thereon up to and including the day of judgment herein, and the establishment and foreclosure of liens, if any, securing the payment of same, as provided by law.

All parties to this suit, including plaintiff, defendants, and intervenors, shall take notice that claims not only for any taxes which were delinquent on said property at the time this suit was filed but all taxes becoming delinquent thereon at any time thereafter up to the day of judgment, including all interest, penalties, and costs allowed by law thereon, may, upon request therefor, be recovered herein without further citation or notice to any parties herein, and all said parties shall take notice of and plead and answer to all claims and pleadings now on file and which may hereafter be filed in said cause by all other parties herein, and all of those taxing units above named who may intervene herein and set up their respective tax claims against said property.

You are hereby commanded to appear by filing a written answer and defend such suit on the first Monday after the expiration of forty-two (42) days from and after the date of issuance hereof, the same being the 14th day of August, A.D. 1964 (which is the return day of such citation), before the honorable District Court of Donley County, Texas, to be held at the courthouse thereof, then and there to show cause why judgment shall not be rendered for such taxes, penalties, interest and costs, and condemna-

ing said property and ordering foreclosure of the constitutional and statutory tax liens thereon for taxes due the plaintiff and the taxing units parties hereto, and those who may intervene herein, together with all interest, penalties, and costs allowed by law up to and including the day of judgment herein, and all costs of this suit.

Issued and given under my hand and seal of said court in the City of Clarendon, Donley County, Texas, this 2nd day of July, A.D. 1964.

ACP Assistance For Forage Sorghums

If you plan to apply for ACP cost-share assistance to plant forage sorghums on your diverted acres or other eligible land, you must make your application and have the sorghum seeded before August 1.

The assistance offered is as follows: seedbed preparation, \$1.50 per acre, seeding operation, \$0.75; and one-half the cost of the seed not to exceed \$0.05 per lb.

We think this is one of the best ACP practices offered and we hope that all producers who are interested in planting cane or other forage sorghums will take advantage of it.

Two Traffic Accidents In Donley County

The Highway Patrol investigated two rural traffic accidents in Donley County during the month of June, according to Sergeant J. W. Wilson, Patrol Supervisor of this area.

These wrecks accounted for one death, two persons injured and an estimated property damage of \$2,400.00.

The rural traffic accident summary in Donley County for the first six months of 1964 shows a total of 14 crashes resulting in three persons killed, 13 persons injured, and an estimated property damage of \$19,939.00.

"As of July 3, there had been a total of 1,060 fatal crashes in Texas taking the lives of 1,288 persons," the Sergeant stated. This is 174 more traffic deaths than for the same period of 1963. If traffic deaths continue at the present rate, 1964 will become the most deadly year in Texas history for traffic fatalities, not only exceeding the 1963 all time high of 2,729 deaths but going over the 3,000 fatality mark.

The veteran Patrol Supervisor stated, "This is not just a probability, but a possible reality, unless the motoring public becomes more thoughtful in regard to complying with traffic laws which would break the rising trend."

Mr. and Mrs. Freeman Helton and children of Oklahoma City visited the week end in the J. H. Helton home.

Mrs. A. T. Tolbert and Mrs. Ruby Elliott, also Dollie Wilkinson and Shirley Goncse shopped in Memphis Saturday.

Kenneth (Pete) Drake and family of Reno, Nevada, visited in the home of his aunt and family, Mr. and Mrs. Doyle Phillips, Friday night.

DAVEY JONES' LOCKER was the scene of this graduation ceremony for men of the 1st Special Forces Group stationed at Okinawa. Completing a rigorous 30-day Self-Contained Underwater Breathing Apparatus (SCUBA) diving school, ten graduates "passed in review," swimming by Col. Robert W. Garrett, Commander, to receive individual diplomas. The ceremony was held underwater to emphasize the special accomplishment of the men.

ATTEND FAMILY REUNION

The Doyle Phillips, Bill Brigmans, and Bill Cornells attended a family reunion at Elwood Park Sunday. Relatives came from San Antonio, Dimmitt, Dalhart, Dumas, Stinnett, Plainview, Hereford, Amarillo, Claude, Reno, Nevada, and Durango, Colo. There was plenty of good food and everyone enjoyed string music and gospel singing furnished by the Mayfield brothers. There were 64 present and all are looking forward to next year.
