Electrical workers need city license

With the cooperation of an appointed Electrical Committee, a new electrical examination has been drawn up to be taken by all practicing electricians in the City of Clarendon as required by City Ordinance. Upon passing the examination with a 70 grade or better, an electrical license will be issued for a period of one year to be renewed annually. The fee for the initial license is \$25.00, and the license will be effective until December 31 of each year. Renewal fee is \$10.00. If you are a practicing electrician doing any kind of electrical work large or small, you need to come by Clarendon City Hall for your examination as soon as possible.

It is also required by City Ordinance for all electrical work to be inspected by the City Electrical Inspector. The fee for this inspection is \$10.00 for residential, and \$25.00 for businesses.

Correction

Howardwick City Hall announced Monday that there are four Aldermen running for the two vacant places in the upcoming elections. Stony Craft, Ray Green, Waldon Moore and Charlie Prickett are the four candidates competing for the two places on the city council.

Good Friday Service to be held at First Baptist Church

Why is April 1st this year called "Good Friday"? Some would say that any Friday is good for it is followed by two days off. But in religious terminology, it refers to that day almost 2000 years ago when Christ was crucified.

One has reservations about referring to that Friday as "Good". It would seem that a better description would be "bad" or "wicked" or some other negative title. The title "good" is in keeping with the total attitude of the Bible and Christian expression. It is taking a negative and destructive situation and converting it into a positive and creative experience. That "bleak" Friday, when men, because of fear of losing their religious authority to this person called "Jesus", banded together and incited the people to call for the death of a man whom they could not contend with. The political rulers can't p. 4

AMY HANCOCK

Miss Irish Rose

Miss Amy Ruth Hancock, daughter of Rev. and Mrs. Paul D. Hancock, was crowned Miss Irish Rose, Saturday before a capacity crowd at the National Guard Armory in Shamrock. Amy was selected from 29 area Colleen's competing for the Miss Irish Rose title in Shamrock's 37th St. Patrick's Day Celebration.

Amy, 15, a sophomore in Clarendon High School, is the youngest to receive the Miss Irish Rose crown and

also, the first from Clarendon to bring the title home. Amy was sponsored by Alpha Upsilon Epsilon Chapter of Beta Sigma Phi Sorority of Clarendon.

Named first runnerup was April Bursell, 17, senior, daughter of Mr. and Mrs. Chester Bursell of Miami.

Second runnerup was Traci Hutton, 17, the current Miss Canyon, daughter of Mr. and Mrs. Ben Yeager of Canyon.

Third runnerup was Becky

Bridges, 16, Miss Carson County, daughter of Mr. and Mrs. Truman Bridges of Groom.

Named Miss Congeniality in the Miss Irish Rose competition was Chrystal Breeding, 17, daughter of Mr. and Mrs. Jimmy Breeding of Samnorwood.

Miss Irish Rose, the first runnerup, and Miss Congeniality were awarded scholarships, trophies and red roses.

Ag. Extension Service meeting

"Your Color Personality" will be the main topic of the program Wednesday, March 30, at 8 p.m. in the Clarendon College Cafeteria.

The program is sponsored by the Donley County Agricultural Extension Service and will be presented by Lori Stephens, Color Analyst from Color and Design Co. Miss Stephens' education included an art degree in interior design from Bauder Fashion College in Arlington, a stint at the Fashion Institute of Design and Merchandising in San Francisco and intense color study with Veronica Bialik, Color Consultant and Designer for Textile Designs, San Francisco.

Her technical color analyst training was also in the Bay area under Dilly Lehnhoff.

This is the Viera System of Color, named for the late George Lawrence Viera of Beverly Hills, New York and Paris, one of the world's foremost color analysts. He analyzed the colors of such celebrities as Cary Grant, Barbara Walters, Jackie O., the Osmond family, Diana Ross, Audrey Hepburn and Cher.

According to Miss Stephens, nature has given everyone a personal "Color" personality, which leads us instinctively toward our best colors. However, the influence of parents, peers and fashion trends can jade our natural instincts as well as your self-image.

Are you feeling dull, listless and ineffective? Maybe you should enlist the aid of a color analyst, a product of the eighties who may be able to alter your outer and self images by bringing out your best with color.

The public is invited to attend and admission is free.

Educational programs conducted by the Texas Agricultural Extension Ser-

vice serve people of all ages regardless of socio-economic level, race, color, sex, religion or national origin.

Trees donated to Clarendon

Southwest Grown Christmas Trees Company of Phoenix, Arizona has given the City of Clarendon 100 Blue Eldarica pine seedlings to introduce this special tree to our area. The conifer shaped pine tree is relatively new to the United States, although it has been known throughout the desert regions of the Middle East for 2500 years. The seed was carried to the desert regions by Assyrian merchants who made gifts of the seeds to princes and governors along the caravan routes. The desert nobility, in turn demonstrated their power by creating dense forests in desolate areas where few other trees could even survive.

In the United States, results have proven eldaricas extremely suited to semi-arid regions where other coniferous species will not survive. Eldarica is drought resistant, existing in its native environment with a little as six inches of rain annually. It is fast growing, disease resistant, thrives in sandy soil, and withstands temperature ranges up to 120 degrees F. These trees have been sold as Christmas trees in Arizona and New Mexico for the past ten years and

High School sports banquet

The All Sports Banquet will be on Tuesday April 26, 1983 in the High School Gym. All parents and anyone of High School age and above that is interested in attending the banquet may do so by paying \$5.00 for the meal that will be catered by Dyers Restaurant out of

Martin Baptist to host Northam Singers

Martin Baptist Church is proud to announce that they will have the honor of hosting the number one "Group of the Year" in the Southwestern Gospel Music Association's Fan Awards, the Northam Singers!

The group is equally at home presenting a gospel concert, supplying the complete music program for revivals or "knocking doors" on visitation.

Members of the Northam Singers include Bruce Northam, 24, year old vocalist from Houston, who was named number one male vocalist of the year for the second time in the 1982 SWGMA.

Bruce is joined in the group by his wife, 22 year old Connie Northam who received honorable mention in the favorite female vocalist category at the recent awards.

Sharon Watts from Clute was named number one female vocalist of the year in the fan awards for the second time. Lisa Watts, also from Clute and sister to Sharon and Connie, received honorable mention in the favorite female vocalist category.

Mark Becker is from Boone, Iowa and was named number one musician of the year with Leonard Ehmscke, from Saginaw, MI, pianist

Farm meeting March 28

A farm meeting will be held at the Voc. Ag. Dept. in Hedley on March 28, at 7 p.m.

Hard-surfacing techniques using both the arc and acetylene welders will be demonstrated cutting skills with propane torches. This is an open meeting. Everyone is welcome.

Date was changed.

FRI. MARCH 25 6 p.m. Hedley Lioness Mexican Dinner in school cafeteria; \$4 adults and \$2.50 under 12.

and vocalist, named first runner up in the 1982 musician of the year awards.

The combination of their God-give musical talents and abilities along with their love for Christ make for an excit-

ing and enthusiastic presentation that will entertain as well as bless your heart.

Everyone is invited to hear this group March 27 and 28 at the Martin Baptist Church. Sunday from 11-6

and Monday thru Wednesday evenings at 7 p.m. Monday thru Wednesday evenings at 7 p.m. Monday evening is youth night and there will be noon Bible studies as well.

Hedley Lioness Club to host Mexican dinner

Anyone that has lived in this part of the country longer than a year has already become addicted to Mexican foods. Anyone who has lived in this part of the country longer than three years has learned how to cook up some mighty tasty dishes and if anyone has lived around here as long as the Hedley Lioness Club members have, you can bet your chili dipping spoons that the Mexican food will be bueno magnifico!

Friday, March 25th at the

Hedley Cafeteria from 6 p.m. until the napkins run out, all of the 25 members of the Hedley Lioness Club will bring a delicious specialty Mexican dish. They will also bring either a tasty salad and scrumptious dessert to round off the meal. What more could a glutton ask for? A good price for all of this, that's what.

Adults will pay \$4 a plate and children under 12 will pay \$2.50 a plate. Some of us are mighty good plate loaders and jugglers, so stand

back! After everyone has dined on the wondrous South of the Border dishes, stay for the games after. There will be Uno, 42, dominos and everything but Postman (onion breath prohibits the use of this party game).

Hedley Lioness Club is a service oriented club. Bring an appetite and join the good folks at their fund-raising dinner Friday, March 25 at 6 p.m. in the Hedley Cafeteria.

Little League meeting March 31

On March 31, 1983 at 4:00 p.m. there will be a meeting at the Little League field for all boys and girls who have not already signed up to play ball this summer. This will be the last date you can sign up. All children who will be 8 years old by August 1, 1983 will be eligible to play.

April 7, 1983 at 7:30 p.m. there will be a meeting at the

Barry Phillips home, 311 Montgomery, for all persons who are interested in coaching.

Our fund drive will begin April 23 and run through April 30. Also, on April 30 we will have a garage sale on Bylow's parking lot. The money raised will help pay for a new girls softball field, fencing for the Little League field and new equipment for

all teams. A major expense this year will be moving a West Texas Utilities from the softball field, which is going to cost us \$1200.00.

April 9, 1983 at 9:00 a.m., all boys who have signed up must be at the Little League field for tryouts and draft.

April 16, 1983 at 9:00 a.m. all girls who have signed up must be at the Little League field for tryouts and draft.

Easter parade baby contest Saturday

Make your plans to attend the Easter Parade Baby Contest sponsored by the Young Homemakers. The contest will begin at 7:00 p.m. on Saturday, March 26th in the Clarendon College Fine Arts Building. It should be a night of fun for the entire family.

Admission will be \$1.00 for adults and \$.50 for children at the door. There will be a drawing during intermission

for a stuffed Easter Basket donated by Gibsons Discount Center. Tickets can be bought at the door for \$.25 each.

Get your pictures taken with the Easter Bunny and/or the Clown. They will cost \$2.50 each.

All babies will be decked out in their Easter finest and will be presented to the audience. The MC's will be Mindy Choate and Patsy

Robertson. During the intermission, we will be entertained by the Hedley tap dancers. Music will be provided by Edie Robertson and Dan Hall will sing for the winners.

Remember, see Donley County's babies in their Easter best for the Easter Parade Baby Contest, Saturday, March 26th at 7:00 p.m. Proceeds will go toward equipment for the Clarendon Emergency Medical Service.

Clarendon College choir

College Choir spring concert

The Clarendon College Choir will present a concert on March 27, 1983, at 2 p.m.; Sunday in the Harned Sister Auditorium at Clarendon College. The program will be different from any ordinary concert because it will feature, both the choir and

C.J.C. art department. The concert will include many of the popular songs of today. Selections include a "Tribute to Air Supply," a medley of Anne Murray songs, "It was almost like a song" as recorded by Ronnie Milsap, and some songs from the

1950 and 1960's. The choir has coreographed movement to several songs and the photography department will present colored slides to coincide with the songs. The combined talents of the music and photography departments should provide an

afternoon of good entertainment. The Music department is under the direction of Joburta Helms. The Art and

Photography department is under the direction of James Ivy Edwards. Make plans to attend this concert.

McAnear-Gribble announce engagement

Mr. and Mrs. Jimmy McAnear of Clarendon are proud to announce the engagement of their daughter to Robert Richard Gribble, son of Mr. and Mrs. Robert Gribble of Ada, Oklahoma. The wedding will be held in the First Baptist Church here in Clarendon June 4th, 1983. Medina is a graduate from Clarendon Junior College and was a member of Phi Theta Kap a Honor Society. While attending Clarendon College, Medina was employed by the Donley County

Sheriff's Department. She is currently attending WTSU in Canyon as a Special Education major and is a member of the Council for Exceptional Children. Medina is currently employed by the Randall County Extension Office.

Robert is a graduate from Western Oklahoma State College in Altus, OK and has been employed as a Texas Highway Patrolman since 1978. Robert is currently stationed in Memphis.

MEDINA MCANEAR AND ROBERT GRIBBLE

State Comptroller Bullock mails sales tax payments

State Comptroller Bob Bullock has mailed tax payments to 974 cities who levy the one-percent city sales tax.

The taxes were for the period ending March 4, 1983. The three cities in Donley County, Hedley, Clarendon and Howardwick received a total of \$4,140.76.

Clarendon received \$2,818.01 this period. For the same period of 1982 they received \$5,740.61, only about half as much as last year. Clarendon has received to date \$25,313.22 which is a 21.43% increase over the \$20,844.73 they received for 1982 payments to this date. Hedley has received nav-

ments up to this period of \$1,352.33 compared to \$1,173.69 for a 15.22% increase from last years.

Howardwick is the only city down from last year. The received \$1,322.75 this year compared to \$1,094.03 last year making it a total of \$1,722.45 received this pay period from the \$1,780.60 for the same period last year with a 3.27% decrease.

State wide, these payments are running 4.5 percent behind last year. The March checks were for taxes collected on sales made in January and reported to the Comptroller by the end of February.

1926 Book Club meeting

On March 15, 1983, the 1926 Book Club held its regular meeting at 4:00 with Mary Hazel Van Zandt and Janice Johnston as hostesses. They served delightful coconut cake, nuts and

hot beverages to one guest, Verdine Herrington, and the following members: Dorothy White, Betty Veach, Frieda Tucker, Mary Thornberry, Helen Phelps, Hazel Monroe Evelyn Mann, Pauline Heath Kathrine Green, Oressa Delaney, Dessi Day, Thelma Bairfield, and Jesse Adams. The Easter theme was carried out in the table decorations.

Helen Phelps led the group in giving the Club Collect, and after a short business meeting turned the meeting to Dessi Day, who reviewed The Neighbors, by Jane Abbot. This interesting story told how Deborah Brent dares to return to the staunch New England town of Sweethome, after having eloped forty years before with a boy from the wrong side of the town. She returns uninvited, and since she is the first divorced woman to live in Sweethome, she is treated coolly by her half brother, Will Brent, and most of the town people who wonder if her money is ill-begotten and tainted.

Since gossip is the favorite past time, a young Congregational minister is on trial along with Deborah, as he tries to stop the malicious talk. Deborah, a good listener, encourages him and is always "cooking up something" for him and Father Duffy, the elderly Catholic priest. She also makes things easier for her nieces and nephew, as well as others.

Deborah has been disinherited from the family business years before, but the discovery of a newer will gives her ownership of the old family home, for which Will has been charging her rent, and gives to her an old employee who was about to be laid off the controlling interest business. Together they turn the company around just before it fails.

Deborah and the striving new minister eventually are accepted, and she continues to "cook up something" for those around her, as her roots are again growing in Sweethome.

The club wishes to express its appreciation to Dessi Day for this enjoyable review.

"Rudeness is the weak man's imitation of strength." Eric Hoffer

Surles-Riggs nuptials held

Kathrine Ann Surles joined Walter Wayne Riggs in holy matrimony March 19, 1983 in a candlelight evening ceremony held in the Liberty Baptist Church in Plano, TX. The 7:30 p.m. ceremony was conducted by Rev. Carl Elder, pastor of the church.

Mrs. Riggs wore a white, formal length gown of de-lustered satin highlighted by a bodice of Venice lace accented with seed pearls and a soft scoop neckline. The deep-cuffed bishop sleeves were accented by an attached chapel length train. She also wore a matching small, brimmed hat accented with a satin bow in the back. The bride carried a bouquet of Phalaenopsis orchids and stephanotis.

Kathrine is the daughter of Mr. and Mrs. Albert Surles, Jr. of Plano. The maid of honor was Kim Cooney, also from Plano. Attendants to the bride were: Michelle Batliner, Dallas; Alice Baber Hobbs, NM; Stacy Palmer, San Angelo and Helen Ann Parker of Clarendon. Jennifer Parker of Pampa was the little flower girl in the wedding ceremony.

Walter Riggs is the son of Mr. and Mrs. Wayne I. Riggs of Clarendon. The best man was Wayne Riggs of Clarendon and groomsmen were: Russell Hartsfield of Lubbock; Bryan Surles of Plano; Ken Confer and John Coffman, both of San Angelo. Brant and Brad Surles of Louisiana were the candlelighters.

Guests were seated by Chris Parker of Pampa, Stan O'Neil of Lamesa and Gary Wilcox of Norman, OK.

Mrs. Walter Riggs graduated from Texas Tech University in 1982 and was a member of Delta Delta Delta Sorority. She is currently employed with Leslies of Lester Melnick in Dallas.

Walter Riggs is a 1980 graduate of Texas Tech University where he was a member of the 76-77 Red Raider Football Team and belonged to the Alpha Tau Omega Fraternity at Tech. Walter was a State Bank Examiner with the Texas Department of Banking until 1982 and is currently employed as a loan review officer with BancTexas Dallas, NA.

The couple took a Caribbean Cruise for their honeymoon trip.

Teachers Appreciation Day

The Clarendon Future Teachers of America (F.T.A.) hosted a "Teacher Appreciation Day" affair on March 17, 1983, (St. Patrick's Day) 3:30 p.m. in Room 104 of Clarendon H.S. The following F.T.A.'ers decorated the room and tables in a St. Patrick's Day theme and brought refreshments. Tim Cole, Dyanne Johnston, Darcy Youngblood, Wendy McCombs, Kim Formway, Annette Watson, Dean Clearly, Lynn Alderson, Toni Michaels, Wayne Chambliss Tami Deen, Janet Risley and Jill Wallace and Miss Betty Veach, advisor.

Refreshments (sandwiches, chips, dips, cookies, coffee, punch) were served by F.T.A.'ers to high school, junior high and elementary school teachers. It was enjoyed by all in attendance. Attending were:

Mrs. Fuzz Mooring, English/Speech; Aleita Thompson, Sp. Ed.; Janice Johnston, FOM/English; Helen Land, 3rd grade; Pauline Heath, 5th grade; Norma Jones, 3rd grade; Ronald Boley, Band; Kay Hayes, English/Spanish; Dee Cox, Kindergarten; Freddie Jo Moreman, 2nd grade; Glenda Hawkins, Sp. Ed.; Frieda Tucker, 1st grade; Georgia Guinn, 2nd grade; Evelyn Mann, Migrant Aide; Pearl Hermesmeier, Sp. Ed. Aide; Thelma Shields, Music; Mary Beth Nelson, 5th grade; Mary Jo Hermesmeier, guest; Jeanne Mondragon, Sp. Ed. Jr. High; Mary White, Adm. Office; Cula Jo Trout, Adm. office; Floyd Guinn, Jr. High and Elem. Principal, Ethelyn Grady, Counselor; Chapter I; Sandra Wallace, Secretary; Bob Howell, High School Principal; Maurine Butts, Home Economics; Jean Stavenhagen, Librarian; Jeff Walker, Supt.; Diane Mooring, Chpter I/migrant; Betty Veach, Business Ed.

Refreshments and fellowship were enjoyed by all.

MRS. WALTER RIGGS

Cinderella comes to Amarillo

What child has never heard of "Cinderella"? What girl hasn't secretly wished to earn the right to wear a glass slipper and be the belle of the ball? Bring your children to see the classic fairy tale brought to life by the award-winning Houston Ballet troupe April 6 when it presents "Cinderella" to the public at the Amarillo Civic Center beginning at 8 p.m.

Star ballerina is Andrea Vodehnal who has several stunning costumes and many beautiful dances. The Prince is danced by Dennis Poole.

The construction artist and director is award winning Ben Stevenson. Mr. Stevenson has won two gold medals at the National Ballet Competition. The music is by Prokofiev, sets and costumes are designed and created by Peter Farmer.

Plan on taking the entire family to the Amarillo Civic Center for the delightful, fanciful, beautifully designed production of "Cinderella" this April 6th, Wednesday at 8 p.m. For tickets and further information, call 378-3096.

President's Honor roll at TSTI

Billie Ray Perry was recently named to the President's Honor Roll at TSTI-Amarillo, according to Mr. Ron DeSpain, General Manager of the Amarillo Campus. Membership to the President's Honor Roll is attained by maintaining a 4.0 grade average. Billie is majoring in Diesel Mechanics Technology and is

the son of Louise Perry of Cement, Oklahoma. He is also a graduate of Clarendon High School.

"BIBLE QUESTIONS ANSWERED"

"Why does the Church of Christ not have instrumental music in their worship?" Answer: Colossians 3:16- "Let the word of Christ dwell in you richly in all wisdom; teaching and admonishing one another in psalms and hymns and spiritual songs, singing with grace in your hearts to the Lord." Ephesians 5:19- "Speaking one to another in psalms and hymns and spiritual songs, singing and making melody in your heart to the Lord." James 5:13- "Is any of you in trouble? He should pray. Is anyone happy? Let him sing songs of praise."

Please address all your Bible Questions to the Clarendon Church of Christ, Box 861, phone 874-2495. The Bible answer will appear in this newspaper.

THOSE WHO SERVE ON OUR SCHOOL BOARD, SHOULD BE PEOPLE WITH A DEFINITE INTEREST IN OUR CHILDREN AND OUR YOUNG PEOPLE. A VOTE FOR DONALD WHITE ON APRIL 2ND, WOULD BE A VOTE FOR A MAN WHO SUPPORTS EVERY SCHOOL ACTIVITY.

Donald White has proven himself with our youth. He is capable as a spiritual influence, being an Elder in the Church of Christ. He is capable as an administrator being Administrator Assistant of Greenbelt Electric Co-op. He is capable as a father and parent, being the father of two outstanding boys.

VOTE ON APRIL 2ND, AT THE SCHOOL TAX OFFICE FOR DONALD WHITE FOR SCHOOL BOARD.

[Paid for by the Donald White for school board committee, Tom Harguess chairman.]

Letter to the Editor

Dear Editor
I am asking information regarding my ancestors. Any information the people of Clarendon or Donley County might give me would be greatly appreciated.
After moving to Clarendon

I discovered my great-grandparents originally came to Clarendon before the turn of the century with the railroad. His name was "James Walsh" and her name was Cynthia L. (Garner) Walsh. They opened a restaurant around the turn of the century in Clarendon. An advertisement in the Clarendon paper dated Sept. 20, 1901 reads "Walsh's new

Restaurant".

A deed was recorded in 1890 on April the 4th from R.E. Montgomery to James Walsh. Transferring Lots 11 and 12, blk 42.

Mr. and Mrs. Walsh had 13 or 14 children, three of which are buried next to Mr. and Mrs. Walsh in Citizens Cemetery. Their graves can be found on the front row. The tombstones read "James Walsh, Born 8-18-1856, Died 11-17-1911, "Cynthia L. Walsh, born 6-6-1861, died 4-5-1907", "Lola H. Walsh, born 9-11-1883 died 11-2-1895, "Pearl M. Walsh, born 9-11-1888 died 10-7-1888, "James H. Walsh Born 12-18-1889 died 12-21-1889. It is believed they were Catholic. They were also members of "Woodman of the World".

One of their children was William D. Walsh, born 8-30-1896 died 12-28-1973. William was my grandfather. He left Clarendon after his fathers death in 1912. He went to Amarillo and later married Mary Ellis Walsh. They had 9 boys. He opened a corner store, "The Star Market" and eventually developed "Walsh Food Service".

There was two daughters of Mr. and Mrs. Walsh that moved to Oklahoma after parents death.

Dick Walsh was general manager of JA ranch from 1895 to 1910. I have not been able to establish if he was related.

If you have any history or memories you could share with me, I would really appreciate it.

Sincerely,
Beverly Payne

Senior Citizens Mexican supper

Senior Citizens are sponsoring another Mexican supper this Thursday March 24th evening. People enjoyed the other so much they requested another just like the one last month.

Senior Citizens \$2.50 a plate and all others \$3.00.

BOB ANDIS, Chet Harbart with Bob Andis's dogs during a 4-H Dog Obedience class. and Taralena Bright pose

Dog obedience training to begin

A 4-H and adult dog obedience training project will begin meeting on Wednesday 23, from 6-7 p.m. at the Clarendon Community Center. The project will be conducted by Bob and Vera Lee Andis and will be an eight week course.

Each 4-H'er/adult must bring to the first class: 1) proof that their dog has had all necessary shots - Distemper-Hepatitis-Leptospirosis, Rabies and Parvo; 2) minor's

release signed by parent/guardian, and 3) leash and choke chain.

Any 4-H'er can enroll in the class free of charge. Adults can enroll for \$20.00.

This fee will be used to finance 4-H'ers who wish to compete in the 4-H State Dog Show, August 20, in San Antonio.

There will be a limited number of 4-H'ers and adults allowed to enroll, so don't

wait too long to call the County Extension office at 874-2141 to enroll.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages

regardless of socio-economic level, race, color, sex, religion, or national origin.

School menu

March 28 thru April 1st Monday Oven fried chicken steak with gravy, mashed potatoes, baked beans, apple sauce, hot rolls and milk.

Tuesday Enchiladas with cheese, brown beans, tossed salad, spanish rice, prune cake, and milk.

Wednesday Turkey with rice, english peas, mashed potatoes, jello and milk.

Thursday Chip o pie with cheese, buttered corn, tossed salad, cookies and milk.

Friday Easter Holidays.

\$1000 Reward offered

Cheryl's Farm Market between Hedley and Lelia Lake was broken into around Feb. 17 or 18. She is offering one thousand dollar reward for any information leading to the arrest and conviction of person or persons responsible for the theft of 2 compressors, 2 sets of cooling coils, and electricity converter and a telephone.

If you have any information which may help catch and convict those responsible call Cheryl Wiggins at 856-4101 or 856-3211

LOCAL

Panhandle Economic Program's annual seminar

"Your Future-A Sleeper, A Creeper, or A Leaper" will be the main topic of discussion in the upcoming Panhandle Economic Program's (PEP) annual seminar on Tuesday, March 29, from 7-9:30 p.m. at the Texas A&M Research and Extension Center in Amarillo.

Speakers on the program include: Financial Futures; Dr. Jim Owens, Professor of Finance, WTSU; The Nest - Greg Glenn, Broker/Owner Ada Realtors; Financial Planning - Carolyn Allison, Financial Management Inc.; Let Your Money Do The Working - Dayle Tipton, Vice-President in charge of Certificates of Deposit, American National Bank; and Your Attitude - Key to a Happy Life, Dick Marcear,

Minister, Central Church of Christ.

The public is invited to attend. For more information, Contact Cherri Brown, 874-2141 at the Donley County Extension office.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic level, race, color, sex, religion or national origin.

4-H Auction in Claude

Starting time is 9:30 a.m., Saturday, April 9, 1983, for the annual Armstrong County 4-H Farm Machinery Sale. This will take place at the American Legion Grounds, Claude. Items will

be many and varied, and not restricted to farm machinery. We welcome all consignments. Auctioneers will be Dulin and Reagan.

The 4-H clubs receive a small commission on all items handled. This money goes to finance 4-H activities conducted during the year. The 4-H girls will be operating a concession stand. Many bargains will be available. Everyone is cordially invited.

Friendship Quilting

Club news

The Friendship Quilting Club met in the home of Oddie Moss in an all day meeting Wednesday Feb. 9 with a delicious covered dish luncheon with Oddie making the main course of chicken and dressing.

A business meeting was held in the afternoon by President Edna Dishman and minutes read by Secretary Louise Aten. Roll call was answered with a Bible Verse. The next meeting will be with Annie Thomason in an afternoon meeting April 13.

Refreshments of tea and soft drinks were served in the afternoon. The members worked hard and finished the beautiful star quilt.

Also a lot of visiting was enjoyed by members. Ora Aten, Louise Aten, Murle Butts, Norma Corgill, Irene Jones, Lucille Luttrell, Yvonne Belle McDaniel, Vada Morrison, Clara Martin Mary Lee Noble, Annie Thomason, Jane Stevens, and the hostess, Oddie Moss. Visitors were Jane Watson, daughter of Clara Martin, of Beaumont; Illene Davidson of Little Sioux, Iowa, sister-in-law of Lucille Luttrell and Grace Ayers.

Hudgins

Quilting Club

met

The Hudgins Quilting Club enjoyed a delicious turkey dinner Saturday night at the Lelia Lake Community Center. Those present were Lacy and Mary Lee Noble, Deb and Pauline Koontz, Buster and Bertha Emmons, J.B. and Yvonne Belle McDaniel, Roy Lee and Barbara Helms and their daughter Paula Dauster and children Chris and Brandy from Gladwater, Texas.

SPRING SPECIAL ON GRASLAN BRUSH CONTROL:

FLY NOW, PAY LATER.

Order aerial-applied Graslan now and save all these ways:

- 1 Buy at 1982 price with guaranteed protection.
- 2 No payment required until December 15, 1983.
- 3 Extra discounts for payment before December 15.
- 4 Additional 4% discount when Graslan applied at Elanco's convenience.*

*We recommend application this Spring to get Graslan's brush control benefits a year earlier. Then, when the cattle market improves, you'll be ready with more grass for higher carrying capacities.

Graslan gets the brush. You get the grass.

Graslan is a totally new, proved effective approach to brush control. A high-density, pelleted herbicide that works through the roots of sand shiner, oak and other troublemakers... controls them for years in just one application. For early-order savings, see your Graslan Range Management Specialist. Or right now, call toll-free:

Green caters to 400 in Amarillo

Katherine Green's fame as a caterer has spread as far as Amarillo. Through her connection with the Helium Suppliers in Amarillo for her balloon bouquets, Katherine made contact with the Mr. and Mrs. Larry Oeschgers and with Mrs. Jack B. Kelley. Mrs. Kelley sponsored the recent Chet Atkins concert on behalf of the Amarillo Symphony.

Katherine began preparation for the Western Style dinner on Thursday. There were pounds of vegetables to be cut into fancy shapes,

frilled and chilled. There were dips to mix, fillings to prepare, and pounds of appetizers to make. Dixie Ward and Diane Mooring helped with much of the advance preparation. Katherine's mother, Mrs. Charles Dunn of Dallas came to help with the actual heavy work.

On Friday, March 18, the four foolhardy ladies began the maniacally last minute work and left for Amarillo at 4 p.m. They arrived at the Mrs. Larry Oeschgers beautiful, elegant home at five and began cooking at 6. They prepared Lone Star

Cavier, taco tartlets (an unusual and sought after treat), little pizzas, spinach balls, cheeses, fresh Hawaiian pineapple and strawberries as big as golf balls.

It wasn't until 2 a.m. that the crew managed to leave for Clarendon. They were tired, but thrilled because of the opportunity to visit with Chet Atkins, "I got to take him his plate myself," Katherine said with great pride.

"I've already got two other big engagements from them," Katherine said. One will be for 100 people in May to honor the Houston Heart

The Clarendon Press Thursday March 24, 1983

Specialist coming to Amarillo and another sit-down dinner for thirty for the Symphony Guild.

Chet Atkins presented a varied program utilizing all of his many talents. And Katherine Green and her Clarendon crew also demonstrated their incredible talents to 400 Amarillo folks. Mr. and Mrs. Caldwell from Clarendon were invited guests in attendance and they also applauded Katherine's fine cuisine.

The Lions Tale

By GENE ALDERSON

The Clarendon Lions Club held its regular meeting at noon on Tuesday at the Lions Hall with thirty members and one guest present. Following a fried chicken dinner Boss Lion Bivens led the Pledge of Allegiance followed by prayer by Lion Turner. Our secretary/treasurer Lion Chambliss reported that the financial condition of the club has improved considerably. We have recently given a \$120.00 scholarship to Clarendon College and will be sending a \$250 contribution to Girls Town in the near future.

Lion Homer Estlack arranged for our program today which was given by Jerry Hawkins of Clarendon College who gave us some interesting information about our fine local college. Less than 9% of the total budget for Clarendon College comes from taxes collected in Donley County. The college employees 58 full time employees who received a total of \$920,610 in salaries last year which is obviously a tremendous boost to the local economy. Local expenditures by the 394 full time students further enhance the value of the college to our community. The bonded indebtedness of the college will be completely paid off in 1988. One of the reasons for the college's continued growth in recent years is the fact that it offers both academic courses for those students who plan to go on to a four year college and vocational courses for those students desiring to learn a trade. Meeting adjourned.

Trees con't from p. 1

have become known as the Lone Star Christmas Tree in Texas, and could potentially become a profitable crop as Christmas trees. If anyone is interested in ordering these trees, information will be on file at City Hall.

The seedlings shipped to Clarendon will be given away one to a person on a first-come, first-served basis at Clarendon City Hall. Come by and get one if you are interested in trying this species of pine in our region.

Baptist con't from p. 1

were afraid of the treasonous act of having a man be declared "King"---Caesar feared such a proclamation. So they determined to silence such a person by putting Him to death. They thought they could silence God. Many have tried to do the same since only to discover the impossibility of such an act. But God took the actions of men and turned them into His will. That is why April 1st of this year is called "Good Friday". God took a tragic situation and through it and because of it gave hope to every living being in this world. He gave His Son that we could be brought back to God and given a life which He wants all to have--forgiveness--love--peace--acceptance--fulfillment--purpose--this all made possible because of Christ's death on that Friday afternoon almost 2000 years ago---thus "Good Friday".

Friday, April 1st at 12:00 noon and 7:00 p.m. in the sanctuary of the First Baptist Church there will be a slide presentation of the historical sites around which Christ was crucified (Mt of Olives, Upper Room Garden of Gethsemane, Golgatha, Garden Tomb). The noon service will last only 30 to 35 minutes. This will give you a few minutes after the service to go home and eat. The evening service will begin at 7:00 p.m. with basically the same presentation as that at noon, but added special music.

We invite you to be with us as we reflect back on what Christ has done for us, hoping that this Friday service will help each of us to appreciate the work of Christ for us.

Banquet con't from p. 1

Pampa. The name of the person attending the banquet and the money for the ticket may be turned in to either Carrie Howell or Sandra Wallace at the High School, Joyce Keown at 400 E. 3rd, or Onita Thomas at Dr. Gilkey's office. Deadline for paying is Friday April 22 but the earlier you pay the better it will be.

Troop 180

By LYNN WIGGS AND ATHENA BELL

Wednesday, February 16, Troop 180 had a Thinking Day. Shannon Myers, got a letter from Switzerland. It showed some pictures of one girl scout place to stay.

Wednesday, February 20, Troop 180 started working on leather work necklaces. We finished them the next week.

On Wednesday, March 2, 1983, we did leather bead work. And we also ordered our Kaleidoscout shirts. And on March 9, 1983, we made signs and also Jennie Porter got the Chicken Pox. She went home with a high temperature.

On Saturday 12, 1983, we went to Kaleidoscout. It was at the Pampa Mall. On the way back we stopped at the Jericho Cemetery and done rubbings and ate a snack. Next meeting on March 16, 1983.

Lemons named

to TSTI Honor Roll

Grant Douglas Lemons was recently named to the Vice-President's Honor Roll at TSTI. Ron DeSpain, the General Manager of Amarillo TSTI Campus announced that membership to this prestigious honor roll is attained by maintaining a 3.5 grade average.

Grant is majoring in Diesel Mechanics Technology. He is the son of Mr. and Mrs. Jerry Bob Lemons of Brice Rt. He graduated from Clarendon High.

THE HOME LABORATORY

In the not too distant past, the laboratory examination of blood and urine was within the domain of the chemist...and for good reason. Testing required skill, analytical instruments, reagents, test tubes, flasks, and so forth. Today, in many hospitals and commercial laboratories, complex instruments are available for the analysis of blood and urine. These machines "automatically" measure amounts of glucose (sugar), minerals, waste products, and chemicals. Highly skilled technologists and technicians maintain and use these remarkable instruments.

But some formerly complex laboratory tests have been simplified to the extent that the typical consumer can perform examinations in the home. The diabetic, for example, can measure levels of glucose in the blood or urine by simply placing a small disposable plastic strip in the fluid and observing for color changes. The presence of blood in the stool can be detected with a kit designed for that purpose. And home pregnancy tests are now available and are widely used.

The future will probably provide additional tests for the "home laboratory". Your pharmacist will continue to supply testing products and instruct patrons in their use.

Sound Cash Management = Increased Earnings for our Depositors \$10,044,785

1982 was a year of remarkable progress for Vernon Savings. Our total assets grew significantly, giving us even greater strength in the financial market. That strength is the trust and confidence our customers place in us.

Our depositors earned more than 10 million dollars in 1982, an increase of more than 2 million dollars over 1981. We know this is a reflection of the sound cash management and creative financing that we find necessary in today's economy.

With the March opening of our new branch office in Dallas and the expansion of our home office in Vernon, we feel 1983 promises new strength for Vernon Savings.

Trust our Brand of Financial Management and make it yours in 1983.

Mr. David Stevens came to Clarendon from Wichita Falls. This is his first year at C.H.S. He has been selected F.T.A. Teacher for March. He teaches Ag. I, II, IV.

KIM FORMWAY was selected F.T.A. of March. Kim is a sophomore at C.H.S. She is very active in F.T.A. She is also in F.H.A. and band and the flag corp.

He is co-advisor for F.F.A. and a Jr. Class sponsor. Welcome to C.H.S. Mr. Stevens.

where a person was arrested for driving while intoxicated 21 times and never went to jail. S. B. 1 will keep DWI offenders from consistently slipping through the system. We can no longer keep laws that make lax probation available over and over again. Another major tenant of S. B. 1 is the allowing for rehabilitation and treatment of alcoholics in lieu of jail

time. It would serve neither the offender or society to lock up an alcoholic without getting to the actual source of his problems. S. B. 1 will now go to the Texas House of Representatives. We are fortunate to have many strong supporters in the House, not the least of which is Speaker Gib Lewis. We are confident that the House

will act as sensibly as the Senate and pass this bill so Texas can start eliminating some of the hundreds of needless deaths on our highways due to drunk drivers. We would like to hear your comments on S. B. 1 or any other legislation before the Legislature. Please write to Senator Bill Sarpalius, P. O. Box 12068,

Austin, Texas 78711 or call (512) 475-3222.

The first representative assembly in America convened at Jamestown, Virginia, July 30, 1619.

The deepest lake in the world is Lake Baikal in the Soviet Union. At some points it is more than a mile deep.

Senator Bill Sarpalius Reports

SAFER STREETS

AUSTIN -- The Texas Senate this week made it clear that it can no longer tolerate the highway carnage caused by drunk drivers in this state. State Senators voted 28-1 in favor of Senate Bill 1; the DWI Bill we sponsored and worked on for almost two years. There were attempts on the Senate floor to lessen the strength of the bill, but

when it came down to the final vote, 28 of the 29 Senators present supported our legislation. They agreed with us that it will provide Texas with the best possible DWI laws. S.B. 1 increases both the severity and assuredness of punishment for those people convicted of DWI. Specifically, the bill stipulates that first offenders can now face jail time

from three days to one year and will be fined from \$100-\$2000. The second time offender, under S. B. 1, will face a mandatory three days to two years in jail and a fine of \$300-\$2000. S. B. 1 requires that a third time offender face a fine from \$500-\$2000 and a possible maximum sentence of five years in the Texas Department of Corrections. A DWI offender whose offense resulted in serious bodily injury to another person would face an additional six months in jail and an extra \$500 fine. S. B. 1 also abolishes for DWI cases the use of deferred adjudication, which resembles probation except that the offense is never recorded on the offender's record. So, not only does S. B. 1 deal with first offenders, but it also cracks down on repeat offenders. There is a case in Tarrant County

Donley Cancer unit meets

With the Cancer Crusade set for next month, the chairpersons for this year were announced at the March 14 meeting as Darlene Spier, for the business section and Debbie Roberts for the residential area. President, Genevieve Caldwell, stressed the fine work of the Donley County Unit of the American Cancer Society and the persons who work to carry on the fight against the dreaded disease, cancer.

Jeff Walker has been named chairperson for the annual Bike-a-thon which is held here in Donley County each year early in May. More will be announced about this event later.

This year's goal for the Donley County Unit in the Cancer Crusade is \$6,500. Each year for the past several years the local chapter has exceeded the goal due to the generous residents of Donley County and the dedicated persons who work on the crusade.

Donley County has a great number of persons who are either helped or have family members who are aided in some way through this chapter, or have in the past been aided.

Chairman Redell Henson reported on distribution of materials to cancer patients in Donley County.

Dennis Knowles, Clarendon College Chairman, reported films had been shown to about 120 persons at the college. Knowles reported a much expanded program for the college is upcoming for next year. Several organizations at the college have combined and will unite in their effort to raise money for the Cancer Crusade from this time.

A most enjoyable program was given by board member, Dr. R.L. Gilkey, on his recent trip to China and the hospitals there following the business session.

Saturday, March 26, 1983 is the American Cancer Crusade kick-off date in Amarillo. The agenda includes brunch at 10 a.m. (and those attending will need reservations) and the welcome speakers, Dr. James Cornette, Duane Hubbard and Bill Rice. At 12 noon there will be a tour of the Don and Sybil Harrington Cancer Center and at 12:30 the program will be concluded.

Everyone is invited to attend the meeting at 1500 Wallace Boulevard, in Amarillo, Saturday, March 26.

Attending the meeting were Redell Henson, Barbara Coper, Sandy St. John, Amario: Darlene Spier and

Naomi Phelan. Also Dennis Knowles, Mary Hazel VanZandt, Ken Dorris, Warren and Ruby Jewel Hardin and Mary Ruth White were in attendance.

Present too were Frankie Henson, Genevieve Caldwell Jeff Walker, Margaret Wells Sugie Shields, Dr. R.L. Gilkey, Debbie Roberts, Dianne Chamberlain and Paul Bivens.

Class of '63 planning 20 year reunion

Plans are being made for our twenty year reunion. It will be held on Saturday July 2, 1983. We are having difficulty in obtaining addresses for the following classmates: David McBrayer Mike Van Deventer, Vernon Morris, James Childers, Jeannie Waller, James Watson, Gary Fitzgerald, Johnnie Lemons, Alvis Hawthorne, Carol McDonald, Roy

The Value Of Postage Stamps

Two postage stamps may appear to be alike and yet, to the practiced eye of the philatelist, entirely different. That difference could spell dollars in value. It's all in the perforations. Identical appearing stamps can vary from as few as seven "perfs" to as many as 17. Some with unusual perforations have become valuable collector's items.

Most of today's postage stamps (and those of yesterday as well) are either square or rectangular in shape. Some postage stamps have been issued only to add "philatelic charm" and colorful variety but experienced collectors dismiss them as postage stamps.

Homeowners may use equity

Legislation designed to let homeowners use their equity as collateral on loans for certain purposes was introduced March 10 by Senator Chet Brooks D-Pasadena.

The legislation would allow homeowners to use the equity, or increased value, in their homes as collateral for such purposes as family medical emergencies, college education, business opportunities or to supplement retirement income. Currently, Texas homeowners are forbidden from using that asset as collateral for a loan except for home improvement purposes.

The enabling legislation prohibits more than one secondary mortgage lien on the property and sets of \$2500 minimum loan amount. It also provides a secondary mortgage lien may not exceed 80% of the homeowner's equity. In addition, the equity could be used as collateral only after both spouses completely understand that transaction through full disclosure and creditors comply with the limitations of the legislation.

In addition to the enabling legislation setting out the restrictions of this financial transaction, a constitutional amendment will allow voters to add a fourth exemption to the homestead exemption for this limited purpose. If approved by the legislature this session, voters would have the opportunity to vote on this measure November 8, 1983.

Lone Star Gas announces expansion

Lone Star Gas Company today announced an average billing plan for its more than one million residential customers in Texas. According to senior vice president Harry Merritt, "Those who enroll will be billed an average of the most recent 12 months based on their consumption record." Though the billed amount would fluctuate slightly each month, the

effect of average billing is to reduce variations experienced by most consumers from spring through winter. "Those who participate," said Merritt, "would be moderately overpaying during low consumption months and underpaying during periods of greater usage, such as the winter season when bills are typically high. We believe average billing

will materially assist family budgeting for it greatly reduces the considerable variations between low and high bills."

The program has been available in Dallas since 1977 on a test basis. About 900 customers are currently enrolled.

A case history from Dallas billing records for one customer shows a comparison for the November to January period. Under the plan the household paid \$47.48 in November, \$49.61 in December and \$55.09 in January, 1983. Had this household not enrolled, billing for gas used would have been \$59.46, \$107.43 and \$78.48 respectively. This household reduced its heating bill for the November-January period \$93.19 or 38 percent.

Lone Star will mail details of the plan to all customers.

OSBURN FURNITURE & APPLIANCE, INC.

NOW'S THE TIME TO CALL YOUR AIR CONDITIONING SERVICEMAN

(Get a checkup before the heat's on.)

Right now your air conditioning serviceman can easily work your call into his schedule and get your unit ready to deliver dependable cooling through the summer ahead. We know that many people wait until the heat's on to install electric air conditioning or have their units serviced. Later on, your dealer or serviceman may have a waiting list.

PROPER INSULATION... Keeps in the Cool Air You've Paid For

Insulation comes in rolls, loose-fill or batts. Insulation is labeled with a R value showing its ability to resist heat. The better its insulating value, the higher the number. R values up to R 30 in the ceiling and R 18 in the walls are recommended for this area.

Check Caulking and Weatherstripping!

Check all windows and doors, install weatherstripping and caulking where needed. It will save on both heating and cooling costs. An almost invisible "gap" at the base of a standard 36" outside door is equal to a nine-square-inch hole in the side of your house. There are a number of easy-to-install felt and foam rubber products on the market to draft-proof doorways.

School Board minutes

Clarendon Independent School District Board Trustees met March 20th at 7:30 p.m. to conduct a regular business session. Those present were: Pres. L. A. Watson, VP Don Robinson, Sec. Susie Shields, members Bob Cole, Darrell Leffew, Ted Shaller and James A. McAnear Jr. Jeff Walker, Floyd Guinn and Bob Howell were also present to represent the schools.

A motion passed to accept the offer of compromise for delinquent taxes of the Chicago, Rock Island and Pacific Co.; cause #75B 2697 USA District Court of Illinois, eastern division.

A motion passed to contract for assessment and collection services with the DCA District for the CCISD. Contract effective 1 Jan. 83 thru 31 Dec. 83.

A motion passed to approve the band trip to Sandy Lake Band Festival providing requirements as specified by the band director as met.

A motion passed to approve the text book adoption for 1983.

A motion passed to certify the Board of Trustees candidate for the April 2 election.

A motion passed on a resolution that the Housing Authority of the City of Clarendon receive a waiver from payment of PILOT for previous years through 1982. The School Calendar for 1983-84 was accepted as recommended by the staff.

A motion passed for a contractual agreement with the Education Service Center (ES) for a Migrant Program for 1983-84.

The National Honor Society end of school trip to Dallas was approved for May 12-14.

Don Robinson made a motion, seconded by Darrell Leffew to approve the construction of a Homemaker facility and the renovation of the cafeteria and library building, also to negotiate a contract with William P. Underwood architect. Project not to exceed approximately \$200,000. It was passed.

Teachers were approved for the 1983-84 year as follows:

Elementary
Wanda Cornell, Renee Duncan, Helen Estlack, Bonnie Gooch, Ethelyn Grady, Georgia Guinn, Pauline Heath, Phoebe R. Heil, Norma Jones, Helen Land, Johnny Leathers, Earnestine Mooring, Freddie J. Moreman, Mary Beth Nelson, Thelma Shields, Karen Simmons, Bobbie Thornberry, Freida Tucker and Laura Wiley.

High School
Maurine Butts, Carrol Duncan, Mary K. Hayes, Carrie Howell, Janice Johnston, Darlene Mooring, Jean Stavenhagen, David Stevens, and Betty Veach.

Coaches
Ted Allen, Jack Hall, Sam Haynes, Bob Howell, Dudley Kelm, Ted Wiley and Norman Wright.

The Clarendon EMS Association meeting which was to be held on Monday, March 21, has been rescheduled for Monday, March 28 at 7:30 p.m. at the Clarendon Fire Department. Everyone is encouraged to be present.

One inch of rain over one acre of surface would weigh more than 113 tons.

Bullock cuts budget

When the cost of oil increased, everyone forecast a dire outlook for the population because no one would pay for oil. Now that the price of a barrel of oil has gone down, State Comptroller Bob Bullock is predicting that things will be bad for the state because income will be decreased. Is there never any balance?

The Comptroller cut his January estimate of expected state revenues. "We're cutting back what we expect to receive, but we've still got the biggest cash surplus in the country and the Legislature still has 17.8 percent more money than the last time they wrote a state budget," Bullock said.

Bullock cut \$318.9 million from oil production tax revenues he predicted in January. This oil price slump, reflected by a depressed Texas oil industry, also was indirectly responsible for a \$334.9 million cut in expected sales tax receipts and \$99.8 million less in interest income as state funds carry smaller balances and yield lower interest rates.

Together with smaller cuts in expected receipts from natural gas, motor vehicle and motor fuel taxes, Bullock cut a total of \$867.4 million from the estimate he gave lawmakers January 10.

Martin-Ashtola News

By NAOMI GREEN

Mr. and Mrs. W.D. Perdue of Amarillo visited Sunday afternoon with the Dane Perdues.

Mary Jo Hermesmeyer of W.T.S.U. visited her parents the Bud Hermesmeyers this weekend.

Doss Finley entered Hall County Hospital Friday for observation and tests. Results from tests should be concluded Tuesday with a possible release.

Terry Tittle of Canyon came Wednesday to visit the Vance Grays and Buster. Ismanell and Buster took her home Sunday.

Kay and Harold Green of Stinnett spent Thursday and Friday with the Skeet Browns. Hubert Rhoades joined the family for a visit Friday.

Charline and Buster Brown and Larry Grey flew to Las Vegas for a brief vacation last week.

Henry Hermesmeyer came from Las Cruces New Mexico for a weekend with home folks. He returned to the job at Clovis, New Mexico.

Mr. and Mrs. Skeet Brown visited Doss Finley at the Hall County Hospital Sunday afternoon.

Charles and Jerry Dunn of Dallas visited with their daughter, Kathrine Green and her family for the weekend. Kathrine catered a reception for Chet Adkins in Amarillo. Bernie and Charlie Dunn saw the show and Jerry, Diane Mooring and Dixie Ward were Katherine's assistants at the party.

Melba Risley went to Amarillo Thursday afternoon with Leane, Seth and Trish Thornberry. They visited with Lloyd Virgil's family in Amarillo, saw a show and spent the night with Jo Schollenbarger at Palisades.

Seth had an appointment with the ear doctor and will have to have tubes.

Mr. and Mrs. Ray Stricklen of Teneha, Texas visited the Charlie Hearn's this weekend. O.D. Hearne of Brownfield came Friday.

Mary, Christie and Little Jerry went to Hedley to help Josh Talley, son of Mr. and Mrs. Bill Talley celebrate his third birthday Saturday.

Bud and Sybil Brown of Groom visited Thursday evening with the Skeet Browns.

Charline, Roxene and Rhealeane Brown of Floydada were here Monday visiting with Vance Grays.

Melba Risley attended quilting Thursday at the home of Ann Bunyon.

Mr. and Mrs. Jeff Jones, Jennifer and Chris ate breakfast with Memaw and Papp Jones enroute back to A&M from their spring break trip to Amarillo and Pueblo Colorado.

Mr. and Mrs. Warren Hardin visited with her sister and her husband, Mr. and Mrs. Billy Cowan at Tulia Sunday. On the way over, they visited with the Lane Garvins and Leah Brooke at Silverton.

Mr. and Mrs. Lloyd Risley entertained Lucy and Mary Lee Nobbe and Buster and Bertha Emmons with dominos Tuesday night.

Karen and Denice and Aaron Bennett of Clyde, Texas spent Sunday night with Mr. and Mrs. Steve Reynolds.

Bill Bennett's brother L.C. Bennett has been in High Plains hospital the past week. Mr. and Mrs. Bill Bennett brought him home Monday.

Mr. and Mrs. Lloyd Risley were among others to enjoy the meeting at the Chamberlain community center Friday night.

Mr. and Mrs. Greg Bunyon, Jason and Kelley of Amarillo and Mrs. Flossie Reynolds were guests Sunday in the Steve Reynolds.

Sunday night Mr. and Mrs. L.A. Watson and Mr. and Mrs. Delmar Wiggs, Billy and Lynn and a college student had supper in the Jack Leeper home.

Ginger and Kevin McAnear have been out of school with the chicken pox. Mother, Bette has been under the weather with the flu. They are all on the road to recovery but awaiting Audra's turn with the pox.

Kersane and Christie Elliott and Bryan and Brandon Mason spent the week of spring break with their grandparents, the Clifford Jewetts.

Roslie Watson was one of the hostesses for Tony and Tammy Kuhn's shower given at the home of Paulette Kidd.

Fred and Ruth Mandrofsky visited with Mr. and Mrs. Lloyd Risley Saturday night.

Clifford and Stella Jewett got a well-broken ten year old quarter horse at Claude this week. Their son is making some progress with training the horse that broke an ankle for Clifford.

Naomi Green attended a luncheon honoring Katherine Green's birthday at the home of Elmonette Bivens Friday.

One wonders what frozen pond has trapped all those wild geese flying north these past few weeks!

Hedley News

Lindsey Canada passed away early Tuesday, March 22, 1983.

Don and Judy Yuree visited Saturday with their mother and stepfather Mr. and Mrs. Garland Gardenhire.

Vote on April 2nd for DONALD WHITE, for school board.

[Paid for by Donald White for school board committee, Tom Harguess chairman.]

COLLECTOR CARS

Useful Tips On Collecting Cars

A car didn't have to be a success in its own time to be considered desirable today. For example, the 1958 Edsel was a major disappointment to its makers when it first came out, yet it's highly sought-after by collectors these days. Studebakers are also valuable though the Studebaker company was bankrupted in 1966. Very popular are the 1955-57 Chevys, which have the reputation among serious car collectors as the best cars Chevrolet ever built.

Obituaries

Mrs. Gurrie Easterling Stewart

Funeral services for Mrs. Gurrie Easterling Stewart, age 71, were held at 3:00 p.m. on Saturday, March 19, 1983 in the First United Presbyterian Church in Clarendon with Dr. Ed Manning, Pastor, officiating. Interment was in Claude Cemetery in Claude, Texas with the arrangements under the direction of Robertson Funeral Directors.

Mrs. Stewart died at 1:50 p.m. on Thursday, March 17, 1983 in Amarillo Emergency Receiving Center from cold exposure. She was apparently knocked down and pinned under the tire of her automobile early Wednesday evening and was not discovered until approximately 10:00 a.m. on Thursday morning. She was freed by Clarendon Volunteer Fire Department rescue personnel using the Jaws of Life rescue tool. Clarendon EMS personnel treated her at the scene and transported her to Gilkey Clinic and then to AERC where she died approximately 45 minutes after arrival.

Mrs. Stewart was born March 2, 1912 at Abbott, Texas and married Dr. John Gordon Stewart on November 17, 1940 at Fort Worth, Texas. He died in 1969. She had been a resident of Clarendon since 1942 coming here from Fort Worth. She had been a school teacher and was a member of the First United Presbyterian Church in Clarendon.

Survivors include two sons Larry Stewart of Houston, Dennis Stewart of Amarillo; two sisters, Miss Effie East-

terling of Kingsland, Mrs. Dorcas Kelly of Dallas; two brothers, Wayne Easterling of Dallas, Estes Easterling of Kingsland; and four grandchildren.

Casket bearers were Lawrence Neece, Bill Spier, Buddy Wooten, Jimmy Roberts, Fred Clifford and Bill Stavenhagen.

Henry C. Nivens

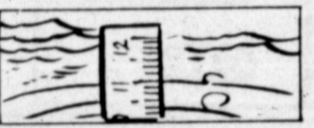

Henry C. Nivens, 87, passed away in Greenville Hospital in Greenville, TX, March 12. Services were at 2 p.m. Tuesday, March 15 at the Church of Christ in Hedley with Don Stone officiating. Burial was at the Rowe Cemetery under the direction of Spicer Funeral Home.

Mr. Nivens was a member of the Church of Christ, a Veteran of WWI and was a member of the Hedley American Legion.

Mr. Nivens was born May 14, 1895 at Parnell, TX and was a retired farmer.

Mr. Nivens is survived by two sons, Odell Nivens of Quinlan and Clyde Wayne Nivens of Grandville and two daughters, Mrs. Lee Miller of Quinlan and Mrs. Ila Lowell of Louisville and one brother, Fred Nivens of Estelline. He had eight grandchildren and eight great grandchildren.

Casket Bearers were: Alfred Johnson, Charlie Johnson, Walter Johnson, Manfred Snelson, M.C. DeBord and Clenn Taylor.

Portions of the Atlantic seaboard are sinking at a rate of about a foot per century.

"When a fellow says, 'It ain't the money, but the principle of the thing,' it's the money." Kin Hubbard

Greenbelt Electric Coop to request increase

On Friday, March 4, 1983, Greenbelt Electric Cooperative, Inc., headquartered in Wellington filed an application for an increase in its rates with the Public Utility Commission of Texas.

David Pruitt, General Manager of Greenbelt Electric, explained that the request is for an additional \$333,441 annually or 10.65% overall increase above current rates. "The amount of increase varies depending on the type of service, but our average residential customer will see his bill increase \$2.39 per month (3.3%)," Pruitt added.

"This is the first increase in rates for Greenbelt Electric since 1980. I realize our consumers' bills have gone up considerably since 1980 but that total increase has been for purchased power, and went directly to our wholesale supplier. This is the first time in that period that the Cooperative has sought to increase its revenues. Last year with the slow down in the economy, the effects of three years of inflation caught up with us. The Cooperative has certain financial criteria it is obligated by mortgage agreement to maintain and during the last three years its become impossible.

I'm very proud of our record of holding off an increase for three years. It has not happened by accident. The Board of Directors, Employees, and myself have sought out every way to utilize our dollars to their best potential. We have sought out the most economically operating vehicles that fit our needs, put special emphasis on preventive line maintenance to control overtime costs, and reduced our employment force by 11%.

But with everything we do here our major cost factor is purchased power. In December 1982 62.2% of our total expenses were for wholesale power. That is where our emphasis must be, in seeking ways to control that large cost, and we are doing that. Along with twelve other Cooperatives, we are studying the possibility of chang-

Texas littered more in 1981

-82

Texans littered their roadsides more than ever in 1981-82 and it cost more than \$17 million of their tax dollars to pick the trash up, according to the State Department of Highways and Public Transportation (DHT).

DHT Engineer-Director Mark Goode said, "The dollars spent to pick up litter, 35 percent more than a year earlier, come from the same budget that must also be used to repair potholes, mend guard rails and other necessary maintenance activities."

The 1981-82 trash pick-up total is two-thirds more than was spent in 1979-80 when the statewide cost reached \$10 million for the first time. During 1980-81, DHT spent \$12.2 million.

The department's entire maintenance budget for 1981-82 was \$308,098,210.

ing suppliers. We are looking at several alternatives to our present set up and one or more look promising. My goal remains to seek out the best long term deal for Greenbelt consumers.

At our Annual Meeting in April 1982 I told those attending that we were

Gophers damage highway

Some folks think that the Texas Highway Dept. has gone bonkers, what with driving a plow down the middle of the median, on the shoulder and in the bar ditches dragging a single plow behind in a crazy, haphazard manner. But, says Jack Eads from the Clarendon office, there is a plan to this crazy driving. Gophers are one of the largest problems with highway damage, says Jupe Johnson. Gophers will undermine the highway six to eight inches below the asphalt. Then normal traffic will drive over the tunnel and cave in the road. "There is a place north of Lelia Lake," Johnson said, "That one time had a hole eight inches deep and four to five inches wide." These holes are deep enough to be a problem to drivers and have to be filled in. The cost, estimates Jack Eads, to repair the gopher holes is around \$300.00 a mile while it only costs the state somewhere around \$75.00 an hour to plow in the poison to kill the rodents.

The plow digs a deep trench and buries the gopher poison. This is only effective during the months when there is no green plants growing since these roots would be the food of choice for the expensive varmints.

Red Ants are another pavement damaging problem. In some areas, they tunnel under the road and create cave-ins similar to those caused by the gophers. Ants, however, cannot be poisoned any longer because of environmental impact protection laws. They can be killed by pouring gas or oil into the holes, but this method is time consuming and short term kill.

There are only three gopher plows in this thirteen county district at present. The gopher poisoning plan is done every other year in ideal circumstances, but

Hints for Homemakers

Get Your Carpets Fresh
If your household includes children, pets or a busy entertaining schedule, you know that soils and spills can cause carpet odor.

Now, the people at one company, Allied Corporation, have come up with a fresh new idea to keep your carpets permanently odor-free through years of use. It's a new antimicrobial nylon carpet fiber, called Anso LV[®] with HaloFresh™ that repels bacteria and fungi which cause odor in carpets. It has a built-in protection that fights odor-causing agents—and it's safe for people and pets.

Now the carpets in your home can get fresh and stay fresh.

The U.S. is by far the world's largest importer of spices and herbs.

studying the need for a rate increase. Since that time we have analyzed every aspect of our operation and it is the opinion of the Board of Directors and myself that this increase is necessary to keep Greenbelt Electric viable as a supplier of electric service to our area."

since Donley Co. didn't poison last year, we will probably do it two years in a row to help catch up to the gopher population explosion.

Credit Cards that save money

Most credit cards don't save customers money, but the telephone credit card can save money for telephone users who make long-distance calls that could be charged to a Telephone Calling Card, the name for the industry's credit card, according to Jimmy Bennett, Memphis Operations Manager for General Telephone.

"There are service charges placed on special handled interstate and intrastate long-distance calls," Bennett explained. "The smallest service charge applies when operator-assisted calls, such as collect and third number billed, are made, and an even higher service charge applies for person-to-person calls. These service charges are added to the appropriate station-to-station rate applicable for the distance of the call and the time of day."

Bennett said in many cases the collect and third number billed calls could be made by using the Calling Card. "By using a Calling Card, the customer could save money since the Calling Card rate is less than the rate charged for collect and third number billed calls." As an example he said Calling Card users will save up to 50 cents per call on interstate calls if they use a Calling Card rather than third number or collect billing. Similar savings also apply for intrastate calls.

The manager continued by saying there are other advantages for using a Calling card. "Because of the increasing fraud associated with calls billed to a third number, some telephone companies are requiring verbal acceptance from someone at the third number before completing the call."

"Another advantage is the customers making calls with Calling Cards receive an itemized listing of the calls made and the charges for record purposes rather than accounting for calls made from coin phones which are paid for at the time the call is made."

Bennett said a relatively new benefit that is being expanded nationwide, where equipment can be tied into the nationwide automated Calling Card network, lets customers dial their own Calling Card calls direct, including the Calling Card billing information, all without the assistance of an operator.

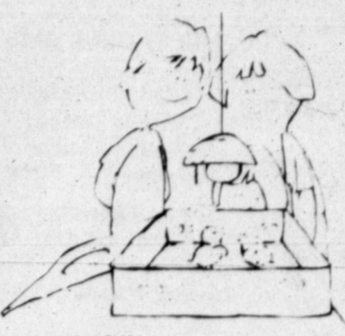

"In locations where this service is available, the Calling Card is verified electronically through the computerized network in seconds, and the call is completed once the number is validated. In locations where the service is not yet available, the operator will be able to verify the card number by using the same network," Bennett said.

"Calling Card calling can be convenient, less expensive, faster, and with the automated service, more flexible. If customers have occasion to make calls that cannot be dialed direct, the Calling Card is a necessity," he said.

Telephone company Calling Cards are issued at the request of the customer. There is neither a charge to receive the card nor interest applied to calls made by using the card. Customers interested in obtaining a Calling Card should contact the telephone company business office.

Doing MORE...With LESS! by the staff of THE MOTHER EARTH NEWS

HOW TO RAISE THOSE EASTER CHICKS

1983 TIME-N

Those little puffs of down sold in stores as Easter chicks can be raised to adulthood. In fact, your family can learn from the experience and the opportunity may help you decide that raising your own meat and eggs is a money-saving, fun project.

One of our readers, Ron Spomer, told us how he raised his backyard fowl when he acquired a brood of 75 baby chicks. First, Ron and his friend Tom secured a large fiberboard box (the type that washing machines and refrigerators are shipped in) from a friendly appliance man and placed it on its side in their garage. (Naturally, you set up if you're rearing only a few chicks.) They rounded out the inside corners of the box with sheets of cardboard to keep the chicks from bunching up in the ends and squashing each other. Then they hung a 100-watt light bulb (60 watts will do if you're using a smaller box) 18 inches above the "floor" of the makeshift brooder to serve as a heat source.

The two fellows simply placed a coffee can upside down in a "throwaway" aluminum pie plate to make a feeder. (The brood was initially fed commercial chicken starter that was purchased at a local hatchery. Hardware stores, feed stores, or even pet shops will probably have this feed.) Another such can and plate combination—with the addition of two sticks glued to the inner surface of the pan—worked as a waterer. (The sticks held the coffee can a quarter-inch above the pan's bottom and allowed the water to rise to that level.) Then Ron and Tom lined the bottom of the brooder with several layers of newspaper.

Once the little critters arrived and were placed in their new home, the fowl raisers cut an "air peep hole" high on each side of the box... to allow condensed moisture to escape, and to let the new parents watch the chicks without "raising the roof". Ron says the newspapers on the floor had to be changed every three or four days, but he and Tom soon learned to strew dried grass, leaves, and even light dirt on top of the paper to help absorb the droppings and keep the floor dry. When it was time to clean house, they simply lifted the newspapers by the corners and put the entire nitrogen-rich mess (paper and all) into their compost heap.

After three weeks, the duo moved all 75 chicks into a spare 8 X 5 building that had two south-facing windows. The southern exposure of the chickens' new quarters—plus the warm spring nights—allowed the men to eliminate the heat bulb. (Small-scale chick raisers might want to consider building the colony cage that's described in the free reprint mentioned at the end of this column. This easy-to-build cage will hold 10 to 12 grown chickens comfortably and can be placed in an unobtrusive corner of your back yard.)

Ron says that by this time the fledglings were consuming great quantities of both food and drink, so he and Tom had to build two more feeders and another waterer, all of which needed to be refilled every 24 hours. When the chicks were grown, they were transferred to a large barn and were allowed to roam at will over the 80-acre homestead. If you don't have the luxury of such acreage to let your poultry peck around in, the colony cage does an adequate job of housing a confined brood of chickens up to eating stage. And in case you have hens among your flock, the cage has two built-in laying boxes to collect eggs.

For FREE additional information on raising chicks and on THE MOTHER EARTH NEWS magazine, send your name and address and ask for Reprint No. 1011. Nice Nests for Nearly Nothing. Write to Doing MORE With LESS!, 105 Stony Mountain Road, Hendersonville, N.C. 28791 or in care of this paper. Copyright 1983 THE MOTHER EARTH NEWS, Inc.

Al Morrah Shrine Club met

The Al Morrah Shrine Club had their regular meeting at 7:30 p.m. in the Masonic Hall, March 21, 1983. Forty members and visitors were present including High Priest and Prophet Bob Reinhard and Asst. Ravan Ellwood Stein.

President Charlie DeMoss called meeting to order at 8:30 after a delicious meal was enjoyed by all. President reported that our candy sales went real well - \$400.00 was turned over to Khiva travel fund. We wish to thank all nobles and ladies for their hard work in selling the candy.

It was suggested and voted on that all nobles please try to sell as many tickets as possible for the 3-wheel cycle that Al Morrah Shrine Club is selling tickets for on 4th of July bar-b-q.

Asst. Ravan Ellwood Stein gave us a good talk on membership - on it's decline

and ways to try to build up our membership. Our president received a Khiva Jewel

at the last stated meeting for his outstanding work. Al

Morrah is very proud of our president.

Our reporter John Sarich is in the hospital and our prayers are with him.

Billy Powell

Recycle cans for profit

Now that spring is in the air, and it may tend to warm up some time this month, we are all looking for ways to trim down, brown up and keep active out of doors. When school lets out, there will be millions of eggs of energy turned loose in the streets with no real direction to focus on. How about considering collecting aluminum cans for sun, fun and money?

Barry Pinckert, Recycling Manager of the Budco, Inc. Recycling Center in Amarillo, said that the price for a pound of aluminum cans is now down to 24 cents.

Take your aluminum cans to the Budco, Inc. Recycling Center at 205 S. Philadelphia St. in Amarillo located by turning north off of I-40 onto Ross exit until you reach NE 3rd then turn each and go one block. Philadelphia crosses NE 3rd and you turn back north on Philadelphia for half of a block. If you get lost, call 373-8517.

NOTICE OF INTENT TO CHANGE TARIFF
Greenbelt Electric Cooperative, Inc. has filed a request with the Public Utility Commission of Texas for permission to amend a filed service charge tariff. The proposed Tariff Amendment would produce an additional \$8,100.00 in revenue annually based upon the twelve month period ending January 30, 1983 as the test year. This represents an increase in the gross operating revenue of the utility of approximately 0.27%. Copies of the tariff are on file with the Commission at 7800 Shoal Creek Blvd., Austin, Texas or at the Cooperative's office in Wellington, Texas. 9-4tc

STATEMENT OF INTENT TO CHANGE RATES
General Telephone Company of the Southwest, in accordance with the Rules of the Public Utility Commission of Texas, hereby gives notice of the Company's intent to implement a new schedule of rates in Texas effective March 18, 1983.
The proposed changes in rates will affect all customer classes and are designed to increase the Company's gross intrastate revenues by approximately 15 percent annually.
A complete set of revised rate schedules has been filed with the Public Utility Commission at Austin, Texas, and is available for public inspection in each of the Company's Business Offices in the State of Texas. A summary of the Company's rate filing has also been sent to the Mayor's Office of each affected Municipality.

PUBLIC NOTICE OF INTENT TO CHANGE ELECTRIC RATES

Notice is hereby given by Greenbelt Electric Cooperative, Wellington, Texas, [Utility] tends to change rates for electric utility services effective with all utility bills rendered to its consumers after April 4, 1983, or as soon thereafter as permitted by law. Changes are applicable in all areas, to which the utility provides electric utility service. All classes of customers are affected by the proposed changes. Proposed rates will affect a 10.54% increase in the operating revenues of the utility based upon the 12 month period ending November 30, 1982 as adjusted test year, \$333,441 revenues increase, \$195,205 is the wholesale power cost increase paid to the power suppliers, West Texas Utilities and Southwestern Public Service, and is being passed directly through to the consumers of Greenbelt Electric Cooperative, Inc.

Information of the proposed changes is effective to approval by the appropriate regulatory authority.

The statement of intent, including the proposed revisions of the tariff and schedules and a statement specifying in detail each proposed change, the effected proposed changes is expected to have on the revenues of the utility and the classes and numbers of utility customers effected is on file with the Texas Public Utility Commission, Austin, Texas; municipality of Howardwick, and in the office of Greenbelt Electric Cooperative, Inc., Wellington, Texas.

The statement of intent and copy of the complete rate filing package is available for public inspection in the office of Greenbelt Electric Cooperative, Inc., 706 10th St., Wellington, Texas.

STATE OF TEXAS
TO: The following named Defendant, namely, J.A. BARNETT, and if married,

his unknown spouse; each of said Defendants, if living, and if dead, the legal representatives of said Defendants; the unknown heirs of said Defendants, and the legal representatives of the unknown heirs of said Defendants, if the said unknown heirs are dead; the unknown heirs of the unknown heirs of said Defendants, and if the unknown heirs of the unknown heirs of the unknown heirs of said Defendants are dead, their legal representatives; and all other persons claiming any title or interest in the property hereinafter described.

GREETINGS:
YOU, AND EACH OF YOU, are hereby commanded to appear before the 100th Judicial District Court of Donley County, Texas, to be held at the Courthouse of said County, in the City of Clarendon, Donley County, Texas, on or before 10:00 o'clock a.m., on the 1st Monday after the expiration of forty-two (42) days from the date of issuance hereof, that is to say, at or before 10:00 o'clock a.m., on Monday, the 2nd day of May, 1983, and answer to the Petition of CHARLENE MARIE PHILLIPS, Plaintiff in Cause No. 4260, styled CHARLENE MARIE PHILLIPS, PLAINTIFF, VS. J.A. BARNETT, ET AL., DEFENDANTS, which Petition was filed in said Court on the 4th day of February, 1983, and the nature of which suit is as follows:

A Trespass to Try Title Suit in which Plaintiff claims that she has been lawfully seized and possessed of the following described property, land, and premises, situated in Donley County, Texas, to-wit:

FIRST TRACT: All of Block No. 5 in the town of Rowe, Donley County, Texas according to the map and plat of said Block as appears of Record in Vol. 19, on Page 345, of the Deed Records of Donley County, Texas.

SECOND TRACT: All that certain tract of land adjoining said Block No. 5, on the South, as follows: BEGINNING at the S.W. corner of said Block No. 5; THENCE South 67° East with the South line of said Block No. 5, 300 feet to S.E. corner of said Block No. 5, also the N.E. corner of this tract; THENCE South 23° West, 77.5 feet to S.E. corner of this tract, also North line of public road;

THENCE in a N.W. direction with said North line of the public road, 302 feet to the S.W. corner of this tract; THENCE North 23° East, 48 feet to the PLACE OF BEGINNING;

This tract includes all land lying South of said Block No. 5 and North of public road.

THIRD TRACT: 2 acres out of the L. Scarborough Survey in said County of Donley as follows: BEGINNING at an iron stake set in the ground, the original N.W. corner of the E.E. McGee homestead tract;

THENCE North 23° East, 52 vrs. to an iron pipe, the N.W. corner of this tract; THENCE South 67° East, 145 vrs. to an iron pipe, the outside N.E. corner of this tract; THENCE South 23° West, 153 vrs. to an iron pipe, the S.E. corner of this tract; THENCE North 67° West, 37 vrs. to an iron pipe, one of the S.W. corners of this tract; THENCE North 23° East, 101 vrs. to an iron pipe, the inside N.E. corner of this tract; THENCE North 67° West, 108 vrs. to the PLACE OF BEGINNING; Containing 2 acres of land; recorded in Vol. 33, Page 272, of the Deed Records of Donley County, Texas.

FOURTH TRACT: One acre of land situated immediately East and adjoining the above tract out of L. Scarborough Survey; BEGINNING at the S.E. corner of said 2 acre tract; THENCE North 23° East, 153 vrs. with East line of said 2 acre tract to the N.E. corner of said 2 acre tract, also the N.W. corner of this tract;

THENCE South 67° East, 37 vrs. to a stake, the N.E. corner of this tract; THENCE South 23° West, 153 vrs. to a stake, the S.E. corner of this tract; THENCE North 67° West, 37 vrs. to the PLACE OF BEGINNING; Containing 1 acre; recorded in Vol. 33, Page 337, of Deed Records of Donley County, Texas.

FIFTH TRACT: 1.83 acres of land out of the L. Scarborough Survey in said County of Donley as follows: BEGINNING at Bols d'arc post marked X on top the S.E. corner of Rowe Township as same is platted; THENCE North 23° East, 187 feet to a Bols d'arc post; THENCE South 67° East, 300 feet to a Bols d'arc post, the N.E. corner of this tract; THENCE South 23° West,

280.8 feet to an iron stake on North boundary line of public road, 110 feet North 23° East of center of main tract of F.W. & D.C. Ry. Co.; THENCE north 61 1/2° West with North line of public road, 302 feet to Bols d'arc post; THENCE North 23° East, 65 feet to PLACE OF BEGINNING; Recorded in Vol. 33, Page 336, Deed Records, Donley County, Texas, referred to original Deed in Vol. 17, Page 351.

SIXTH TRACT: Being situated immediately South and adjoining the E.E. McGee homestead tract of 4.83 acres of land; BEGINNING at S.W. corner of said homestead tract; THENCE South 23° West, 18 feet to North line of public road; THENCE South 67° East with North line of public road, 506 feet to the S.E. corner of this tract; THENCE North 23° East, 30 feet to N.E. corner of this tract, also the South line of said McGee homestead tract; THENCE with South line of said homestead tract, North 61 1/2° West to PLACE OF BEGINNING; This tract includes all land lying and being situated South of the E.E. McGee 4.83 acre tract and North of public road.

That Defendants unlawfully entered upon said property, and dispossessed Plaintiff therefrom and unlawfully withhold from her the possession of said property, land, and premises; and Plaintiff claiming title and possession in and to said property by reason of the ten year Statute of Adverse

Possession and Limitations; Plaintiff praying for Judgment for title and possession of said property, land and premises, costs of suit, and for other and further relief; all as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall properly execute the same according to law, and to make due return as the law directs. If this

Citation is not served within ninety (90) days after the date of issuance, it shall be returned unserved.

ISSUED AND GIVEN UNDER MY HAND AND SEAL OF SAID COURT at office in Clarendon, Donley County, Texas, this 16th day of March, 1983.

P.C. Messer
Clerk of the 100th District Court of Donley County, Texas

Board of Aldermen minutes

The Board of Aldermen of the City of Clarendon met in regular session on March 8, 1983, in the Board Room, City Hall at 7:00 p.m.

Members present were Mayor Shirley Clifford, Aldermen Gene White, James Kuhn, Lloyd McCord and Richard Bell.

Member absent was Alderman J.G. McAnear.

Others present were City Secretary Donna Edwards and Vonna Tunnell.

*Minutes of the February 22, 1983 meeting were read and approved.

*Vonna Tunnell asked the Board for permission to put down a trailer in the R-1 zone. After some discussion it was agreed that as this trailer's structure would be the modular type and would be put on a permanent foundation it would not violate City ordinance to be placed in the R-1 zone and permission was thereby granted.

*A resolution to waiver delinquent PILOT (payment in lieu of taxes) for the Housing Authority of the City of Clarendon was tabled until the next regular meeting pending further study.

*An ordinance outlining the requirements of the Federal Insurance Administration which the City shall adhere to in order to be eligible for the National Flood Insurance Program.

Ordinance
WHEREAS, the City of Clarendon wishes to establish eligibility in the National Flood Insurance Program and in order to do so must meet the requirements of Section 60.3 (a) of the Feder-

al Insurance Administration regulations.

NOW, THEREFORE, be it ordained the following measures shall be applied within the jurisdiction of the City of Clarendon.

Section 1 Permit Requirements

No person shall erect, construct, enlarge, alter, repair, improve, move, or demolish any building or structure without first obtaining a separate permit for each building or structure from the designated responsible person.

No man-made change to improved or unimproved real estate, including but not limited to buildings or other structures, mining, dredging, filling, grading, paving, excavation or drilling operations, shall be commenced until a separate permit has been obtained from the designated responsible person for each change.

No mobile home shall be placed on improved or unimproved real estate without first obtaining a separate permit for each mobile home from the designated responsible person.

Section 2 Application

To obtain a permit, the applicant shall first file a permit application on a form furnished for that purpose.

The form must be completed and submitted to the designated responsible person before the issuance of a permit will be considered.

Section 3 Review of Applications

The Flood Control Inspector, hereinafter referred to as the responsible person, is appointed as the "person" responsible for receiving applications and examining the plans and specifications for the proposed construction or development.

After reviewing the application, the responsible person shall require any additional measures which are necessary to meet the minimum requirements of this document.

Section 4

The responsible person shall review proposed developments to assure that all necessary permits have been received from those governmental agencies from which approval is required by Federal or State law, including Section 404 of the Federal Water Pollution Control Act Amendments of 1972, 33 U.S.C. 1334.

Section 5

The responsible person shall review all permit applications to determine whether proposed building sits will be reasonably safe from flooding. If a proposed building site is in a flood-prone area, all new construction and substantial improvements (including the replacement of prefabricated buildings and mobile homes) shall: (i) be designed (or) modified and adequately anchored to prevent flotation, collapse, or lateral movement of the structure, (ii) be constructed with materials and utility equipment resistant to flood damage, and (iii) be constructed by methods and practices that minimize flood damage.

Section 6

The responsible person shall review subdivision proposals and other proposed new development to determine whether such proposals will be reasonably safe from flooding. If a subdivision proposal or other proposed new development is in a flood-prone area, any such proposals shall be reviewed to assure that (i) all such proposals are consistent with

the need to minimize flood damage within the flood-prone area, (ii) all public utilities and facilities, such as sewer, gas, electrical, and water systems are located and constructed to minimize or eliminate flood damage, and (iii) adequate drainage is provided to reduce exposure to flood hazards.

Section 7

The responsible person shall require within flood-prone areas new and replacement sanitary sewage systems to be designed to minimize or eliminate infiltration of flood waters into the systems and discharges from the systems into flood waters and (ii) on-site waste disposal systems to be located to avoid impairment to them or contamination from them during flooding.

Section 9

DEFINITIONS. Unless specifically defined below, words or phrases used in this document shall be interpreted so as to give them the same meaning as they have in common usage and so as to give this document its more reasonable application.

"Base Flood" means the flood having a one percent chance of being equalled or exceeded in any given year.

"Development" means any man-made change to improved or unimproved real estate, including but not limited to buildings or other structures, mining, dredging, filling, grading, paving, excavation or drilling operations.

"Flood" means a general and temporary condition of partial or complete inundation of normally dry land areas from:

1. The overflow of inland or tidal waters.
2. The unusual and rapid accumulation or runoff of surface waters from any source.

"Flood Plain" or "Flood-Prone-Area" means any land area susceptible to being inundated by water from any source (see definition of "flood").

For the purposes of this ordinance, "Mobile Home" means a structure, transportable in one or more sections, which is built on a permanent chassis and designed to be used with or without a permanent foundation when

connected to the required utilities. It does not include recreational vehicles or travel trailers. The term includes but is not limited to, the definition of "mobile home" as set forth in regulations governing the Mobile Home Safety and Construction Standards Program (24 CFR 3282.7 (a)).

"Person" includes any individual or group of individuals, corporation, partnership, association, or any other entity, including State and local governments and agencies.

"Structure" means, for flood plain management purposes, a walled and roofed building, including a gas or liquid storage tank, that is principally above ground, as well as a mobile home.

"Substantial Improvement" means any repair, reconstruction, or improvement of a structure, the cost of which equals or exceeds 50 percent of the market value of the structure either (a) before the improvement or repair is started, or (b) if the structure has been damaged, and is being restored, before the damage occurred. For the purposes of this definition "substantial improvement" is considered to occur when the first alternation of any wall, ceiling, floor, or other structural part of the building commences, whether or not the alteration affects the external dimensions of the structure. The term does not, however, include either (1) any project for improvement of structure to comply with existing State or local health, sanitary, or safety code specifications which are solely necessary to assure safe living conditions or (2) any alternation of a structure listed on the National Register of Historic Places or a State Inventory of Historic Places.

*The above and foregoing Ordinance was read, passed and adopted at the meeting of the governing body of this City on the 8th day of March, 1983, by the following vote: All Ayes, No Nones.

*Paid bills incurred by the City during the month of February, 1983, exception of one bill from Eddie Floyd's Shop which needed further clarification.

Heats On

by Katie Dvorak

Have you ever wondered why some recipes get their name? A friend of mine said that some of these recipes in the paper sounded delicious until she looked at what went into them...uk! Maybe we give names to recipes in hopes that others will be fooled into tasting or trying them.

Take Monkey Bread for example. Why is it called Monkey Bread? Because it's so simple a monkey could do it? Because three monkeys turned loose in a kitchen concocted this recipe? Because people look like monkeys when they eat it? Who knows? But here are some various types of Monkey Breads. Try them J.O. You might just like them!

HERB MONKEY RING

- 1/2 C grated Parmesan cheese
- 1 TBS parsley flakes
- 1/2 tsp dried basil leaves
- 1/2 tsp garlic powder
- 1/2 tsp paprika
- 3 C Bisquick baking mix
- 1/4 C dairy sour cream
- 1/4 C milk
- 1/4 C melted oleo

Heat oven to 400. Grease tube pan, 10 X 4 inches. Mix cheese, seasonings and reserve. Mix baking mix, sour cream and milk until soft dough forms. Beat vigorously 30 seconds. Gently smooth dough into ball on floured cloth-covered board. Knead 10 times. Shape into 1" balls. Dip each ball into melted oleo, then roll in cheese mix to coat. Arrange balls about 1/4" apart in layers in pan. Sprinkle any remaining cheese mix over top. Bake until golden brown, about 20 min. Cool 5 min. Loosen edges from sides of pan; remove from pan.

MEXICALI MONKEY BREAD

- 1 pkg hot roll mix
- 1/4 C warm water
- 1 egg
- 2 TBS taco seasoning mix
- 3 TBS cornmeal
- 2 TBS sesame seed
- 2 TBS finely chopped green pepper
- 2 TBS chopped olives
- 2 TBS finely chopped pimiento

1/4 C melted oleo

Dissolve yeast from hot roll mix in warm water according to package directions, stir in egg. In another bowl combine flour mix and taco seasoning. Add mix to yeast mix and stir well. Turn dough onto lightly floured surface and knead one minute. Shape into a ball, grease and place in bowl, cover and let rise 30-45 min. Divide dough into 24 pieces, dip each ball in the melted oleo, then in the cornmeal mix. Arrange 12 balls in bottom of greased tube pan. Sprinkle olive, peppers and pimiento on top, cover with remaining balls. Cover and let rise til double.

Bake at 375 for 15 minutes. Cover with foil to prevent over-browning. Bake 5-10 minutes more. Immediately turn out of mold.

NENA HUNT'S MONKEY BREAD

- 1/2 C sugar
- 1/2 C warm water
- 1/2 C shortening
- 2 tsp salt
- 2 eggs
- 1 C milk, scalded and cooled
- 1 pkg dry yeast
- 1 C mashed potatoes
- 5 or 6 C flour

Dissolve yeast in warm water. Add sugar, salt and shortening in hot milk and let cool. Mix all together with mixer, adding flour a little at a time. Put in bowl and let rise 2 hours. Work down and set in refrigerator overnight. Work down. Pinch off small pieces about the size of a golf ball and dip each piece into melted oleo (1 stick) and place close together in tube pan. Put 2 rows of these in small rolls in tube pan and let rise till about doubled in bulk (about 3 hours). Bake at 400 for 20 min.

DORTHA REYNOLDS MONKEY BREAD

- 1 C milk
- 1 C mashed potatoes
- 1/2 C shortening
- 1/2 C sugar
- 1 tsp salt
- 1 pkg dry yeast
- 1/4 C lukewarm water
- 6 C flour
- 1/2 C melted oleo

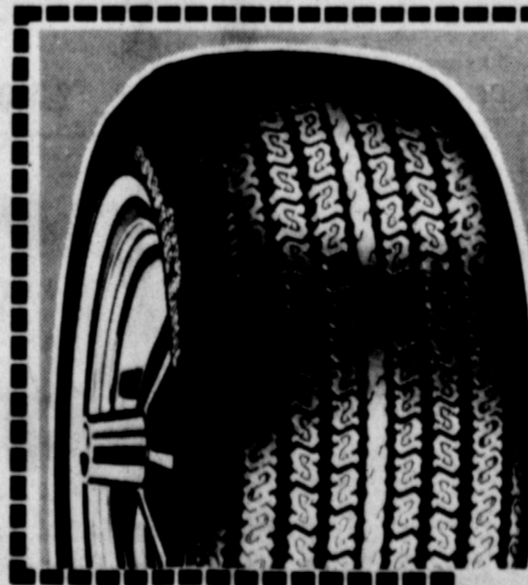

Scald milk. Add potatoes, shortening, sugar and salt. Cool. Soften yeast in water and add to mix. Add eggs and beat. Add 1 1/2 C flour and beat. Add remaining flour to make a stiff dough. Turn out on floured board and knead thoroughly. Place dough in greased bowl. Grease top of dough and cover. Let rise til doubled. Turn out on floured surface and knead lightly. Roll to 1/2" thick. Cut dough into 2" squares. Pull opposite corners of each piece. Dip into melted oleo. Place dough in tube pan or spring form pan in alternate positions. Let rise until double. Bake at 325 for 1 hour or less. Pull off as served.

NORMA CORGILL MONKEY BREAD

- 4 cans buttermilk biscuits
- 1/4 C sugar
- 1 tsp cinnamon

Sauce:
1 C brown sugar
3 tsp cinnamon
1 stick oleo
1/2 C nuts

Quarter biscuits. Put in paper bag. Add 1/4 C sugar, 1 tsp cinnamon and shake until biscuits are well coated. Place in greased bundt pan. Mix 1 C brown sugar, 3 TBS cinnamon, 1 stick oleo in saucepan; boil 1 min. Pour over biscuits. Sprinkle nuts on top. Bake 40 min. at 350. Turn out at once.
