RAILROADS PRESENT THEIR SIDE OF THE PROBLEM

As Texas senators and representatives warm to their business of state government the legislative "hopper" at Austin is crammed daily with various and sundry proposed laws, a great many of which are aimed at reducing the state's expense and mounting debt. These measures, all no doubt carefully thought out by their sponsors, run the gamut from the much discussed transaction tax bill to an increased levy on cigarettes.

part of our highway costs and maintenance. For the past several decades Texas taxpayers have been pouring millions of dollars of tax money into building highways and each succeeding year pour millions more into their maintenance. Even today there is the clamor to construct additional highway mileage and to widen hundreds of miles of roads already built over the state to take care of the growing traffic upon them.

Highway Deaths Drop 57 Per Cent

CLOSER OBSERVANCE TRAFFIC REGULATIONS BRINGS ENCOURAGEMENT

AUSTIN, Feb. 1.—Unrelenting traffic enforcement along "death corridors" produced favorable results in 1938, Homer Garrison, Jr., state safety director announced today after reviewing fatal crash reports. Studies of 19 Texas highways on which fatal collisions most frequently occurred in 1937 revealed that 315 persons had lost their lives at the various locations. Highway patrolmen were concentrated along sections of these highways with instructions to guard against speeders and reckless drivers.

During the past year these "death corridors" became comparatively safe highways while the death rate was reduced over 57 percent. Where before the rate had been 315 persons, in 1938 it dropped to 134. Texas is the only state that is the expenditure of an enormous sum of tax money each year in maintenance, repair and replacement.

At the same time truck operation is serving to undermine the railroads, who build and maintain their own rights-of-way at their own expense and who contribute about \$7,000,000 annually in taxes for the support of our state, county and municipal governments, our schools and, incidentally, our highways.

In the legislative hopper at Austin are proposed bills which have for their purpose increasing the allowable load limit on trucks, which under the present statutes, stands at 7,000 pounds. For our legislators to approve such proposals is to increase our public tax burden and to add further to the chaotic condition that even now exists. Certainly if heavier loads are to be carried we can expect further damage and upkeep costs to our highways, all of which must fall on the shoulders of Texas taxpayers.

The smaller communities of Texas have a stake in this question, because they, more than the larger cities, have felt the effect of truck operation, not only from the standpoint of added taxes, but from the undisputable fact that trucks have served to destroy local business. Today these monsters of the highways invade our smaller communities with goods bought in great quantities at a much less cost than they could be purchased by the small town merchant, and undersell the men who have helped build and sustain the smaller towns of Texas.

If trucks are to use the highways let them do one of two things: either bear their part of highway construction costs and maintenance and their share of responsibility to the communities they serve, or build their own rights-of-way the same as the railroads have been compelled to do. If the present truck laws will be rigidly enforced and truck operators will quit asking for more public subsidy, Texas citizens, Texas communities and Texas business will be benefited.

We believe that we express the sentiment of our local citizens when we say let the present highway motor transport laws in Texas remain as they are!

Lost a Job Because She 'Couldn't Dance,' Then Became World's Best!

Eleanor Powell, appearing in "Honolulu" at the Pastime Theatre next Wednesday and Thursday, was named "The World's Greatest Feminine Tap Dancer" by the Dancing Masters of America five years after she was refused a job in a Broadway chorus on the grounds that she couldn't dance well enough.

When she was sixteen, Miss Powell's dancing teacher, Ralph McKernan, advised that she try for the New York stage. The youthful dancer made the rounds of the Broadway musical producers and learned that they liked her acrobatic and ballet dancing, but they wouldn't give her a job because she didn't know any tap steps.

Determined to succeed, she took ten tap lessons from Jack Donahue. After the course she worked alone for several weeks, and in 1934 she was given her "World's Greatest Feminine Tap Dancer" award. Then the dark-haired girl started her New York career in earnest. Her first show was "Follow Thru." In order, she next appeared in "Fine and Dandy," Ziegfeld's "Hot Cha,"

known to depend almost entirely upon this type of selective enforcement as a means of reducing traffic crashes.

"Our experiment has proved conclusively that firm enforcement at strategic crash points," Garrison said, "is necessary in order to bring to Texas a lowered death rate."

"The Varieties," George White's "Scandals" and the road show of "Crazy Quilt."

Miss Powell first came to Hollywood to appear in a small dancing role at another studio. She was preparing to return to Broadway when she was offered a screen test for a dancing bit in Metro-Goldwyn-Mayer's "Broadway Melody of 1936."

After her triumph in this picture she went to New York to star in the stage production, "At Home Abroad." Her next starring picture was "Born to Dance," followed by "Broadway Melody of 1938," in which Robert Taylor was again her co-star. Then came "Rosalie" with Nelson Eddy.

TEMPLE OF TRUTH

By the Apostle

The fish and skunk interests have been taken care of by the Legislature in several counties. Special laws covering fishing and trapping make it oke-doke for the fish, but the skunks are to catch hall columbia.

As a mixture of panacea and spite, we cite you to the bunch of lobbyists ganged up around the state capitol. Everybody and everything wants protection or a law to smother competition. Nobody has as yet asked for a law adjourning the legislature for five years. Another good point overlooked.

In this age, law has ceased to be a simple structure to protect us in our rights of "life, liberty and the pursuit of happiness." A district judge, if he is ornery enough, can over-ride the constitution and state laws. At least it has been done and was done recently. Attorney General Jerry Mann rises up to object to such procedure, and our prediction is that he will be the David to take care of the alleged Goliaths.

Somehow, our legislators are against letting the public in on anything much. I mean by this that the majority of lawmakers don't want anything published that can be a-

voided. County expenses for instance. Maybe we have too many lawyers in the legislature. Those who want the fair thing done had better get busy. There may not be many in the next legislature.

For many years the farmers have had county agents, A&M colleges, special agents and the "strong agricultural committee" of the head of the nation helping them, and they are in about the worst condition that they ever have been in. Queer, ain't it?

The old Apostle ain't smart. Not by a jugfull, but he can't understand why, after spending millions upon millions, without helping the farmer, the same old racket keeps on keeping on. Somebody must need a job, and the farmer ain't getting it either.

After all, put the price up to where he can make a profit, and the old boys will produce on the farm in a manner that will make your eyes bug out. When the money is coming in to him, he will show you how to make a success of a lot of things, and he won't need a bulletin to get the job done.

Why does a country that has had free education and the Christian religion as long as this nation has had them, have to sit up nights to figure out some way to keep from starving to death, much less saving the old home?

Practically all of the school news that we get for publication comes from the colleges. But it is in the grades that the foundation is laid. Why not hear more about the foundation head?

Ima Fizzle says that her boy friend, Red Kian, paid so much for her engagement ring that the wedding will have to be postponed for two years.

Some regulations laid down centuries ago have served mankind very

well when heeded. Those are the Ten Commandments. Pretty soon some yahoo will bob up and demand a more liberal interpretation of the Ten Commandments.

Bachelor Bill says nature never makes any mistakes, but a lot of folks evidently think that she left a lot to be finished up in the beauty parlor.

A scientist says a cheerful mind wards off disease. A surly bird catches the germ, as it were.

After watching the beacon light on the air line for some time, an old lady allowed as how a man had to have a lot of patience to keep it going. "That light has gone out 42 times since I been watching it, and he's lit it up again every time."

"Member way back when the only crooks running loose were the lightning rod agents?"

A fiddle makes real music. A violin has a lot of melody. But this swing stuff is plain assault and battery.

CHEVROLET SALES SHOW INCREASE OVER JANUARY

DETROIT—Continuing the advance that has been apparent ever since introduction of its new 1939 models, Chevrolet sold 51,966 new cars and trucks at retail in January, W. E. Holler, general sales manager, announced recently.

In the same month, Mr. Holler announced, Chevrolet dealers sold 114,375 used cars, or 8,925 more than in January 1938, and is an increase of 12,566 units or 31.7 per cent.

For the past three months, Mr. Holler pointed out, there has been a steady rise in the monthly percentage of increase over sales for corresponding periods in the 1938 model year. In November, the advance was slightly more than 6 per cent; in December it was 25.4 per cent; and in January, 31.7 per cent.

Generally improved business conditions, plus the public's enthusiasm over the 1939 Chevrolet, featuring new type knee action and the exclusive vacuum gearshift with steering column control, is credited with the sharp upturn, Mr. Holler said. "The heavy volume of used cars," he added, "is especially gratifying. It shows that in spite of the increased new car business, this end of the dealers' operation is under complete control, so that dealers are in splendid position to move new cars and trucks."

Huge Telescope Lens Nears Installation

FORT DAVIS—Preliminary preparations have been made for installation of the 82-inch mirror, one of the costliest pieces of glass in the world, in the telescope at McDonald Observatory on Mount Locke, near here, probably in May.

The glass will be lifted by a crane 71 feet above the ground and taken through the shutter at the top of the huge dome. Four years were required to cast and polish the mirror to as near perfection as human ingenuity can devise. C. L. Cook, builder of the telescope for the contractors, Warner-Seasey of Cleveland, Ohio, and Harvey Shontz, observatory and telescope steel construction expert, are here making arrangements for installing the glass.

Contracts for hauling the mirror from Marfa, nearest railroad point, has been given C. D. Wilson, Fort Davis truck operator. The distance from Marfa to the summit of Mount Locke is 39 miles.

According to information, the mirror will be shipped from Cleveland in a baggage car under guard and packed in a steel case which in turn will be covered by a heavy wooden crate.

McDonald Observatory, owned by the University of Texas and operated jointly with Yerkes, Observatory of Chicago, is complete except for the installation of the mirror and adjusting numerous mechanical details.

Milling Sanatorium

MINERAL WELLS, TEXAS AN INSTITUTION WITH A NATIONAL REPUTATION FOR THE TREATMENT OF CHRONIC DISEASES

This is to certify that I have been cured of low blood pressure, my wife of high blood pressure and my daughter, Marie, of facial paralysis. I am now under the treatment of Dr. Milling for paralysis. I had a stroke about seven weeks ago, paralyzing my right side. I have been taking treatments for four weeks, and am now feeling fine and able to use my limbs about as well as I ever did. I can truthfully say Dr. Milling saved my life, and I can never praise him enough. I take pleasure in recommending Dr. Milling to you, for he can cure when all others have failed.

The Safety Sensation of 1939!

THE NEW Firestone CHAMPION

The Only Tire Made with the NEW SAFETY-LOCK CORD BODY and NEW GEAR-GRIP TREAD...

NEVER before in our experience has a tire met with such instant and unanimous approval as the new Firestone Champion Tire. It's the Safety Sensation of 1939! Our customers have started a word-of-mouth campaign that is making this the biggest selling tire we've ever had. Motor car manufacturers have been so impressed by its superior performance that they have adopted it for their 1939 models.

Why? Because the Firestone Champion Tire is an entirely new achievement in safety engineering.

Stronger Cord Body. This is accomplished first, by the use of a completely new type of tire cord called "Safety-Lock," in which the cotton fibers are more compactly interwoven to assure cooler running and provide greater strength. Then, the fibers in each individual cord, the cords in each ply and the plies themselves, are all securely locked together by a new and advanced Firestone process of Gum-Dipping which provides amazingly greater strength. And greater strength means greater safety.

More Non-Skid Mileage. The new Safety-Lock cord construction provides the extra strength needed for the use of the new, thicker, tougher, deeper Firestone Gear-Grip tread which delivers remarkably longer non-skid mileage. This sensational new tread is called "Gear-Grip" because of its unique design — it has more than 3,000 sharp-edged angles which grip the road with a sure-footed hold to protect against skidding and assure a safe stop.

Drive in today and equip your car with a new set of Firestone Champion Tires — the only tires made that are safety-proved on the speedway for your protection on the highway.

LOUIS MEYER
Only Three-Time Winner Annual Indianapolis 500-Mile Race

Champion race drivers, whose lives and chances of victory depend on tire safety, know tire construction and that is why they select and buy Firestone Tires for their cars.

Firestone LIFE PROTECTOR the Tire within a Tire

This amazing new Firestone development makes a blowout as harmless as a slow leak.

Should a blowout occur the exclusive Firestone Safety-Valve holds sufficient air in the inner compartments to support the car until it is brought to a safe stop.

METHODIST CIRCUIT NOTES

J. G. Walker, P. C.

Material to make up this communication is not very satisfactory. We like to say good things, but cannot go further than the truth. The outlook at Goldston Sunday was not what we expected. I think we had two good services, but the attendance was short of what it should have been. About church-going time, a fresh sandstorm threatened and it really made going very unpleasant. But we faced it for nine miles and really got joy out of it because we felt that it was our duty to do it. Just how the people living nearby felt after having failed to go, we do not know. Maybe they have allowed their conscience to become scared. Buildings can very soon become veneered by sandstorms and maybe some folks conscience are thus affected by them.

We are believing that we are due a little more serious thought in this matter, and will you allow me to direct your thinking?

There is a time when we will be called and we will have no say in the matter. In Mat. 24:29 we learn that the sun will be darkened, the moon will not give her light, the stars shall fall from heaven, and all powers of heaven shall be shaken. Then the Son of Man will come in clouds of heaven with power and great glory. He shall send his angels with a great sound of a trumpet. All nations will be called to judgment. Then you will go, sandstorms or not. Then we imagine that some people would be glad to be back in the Goldston community on a sandstormy day and go to church, and spend the entire day in trying to get right with the Lord.

Our worst sandstorms would look like a sun-shiny day. In Revelations 6th chapter, is a full description of the awful occasion. "The kings of the earth, and the great men and the rich men, and the mighty men and the chief captains, and every bondman and every freeman, hid themselves in dens and in the rocks of the mountains and said to the mountains and rocks: "Fall on us and hide us from the face of Him that sitteth upon the throne and from the wrath of the Lamb."

This will be the cry of all those who have failed to prepare to meet Him in the skies.

Meet us at Lelia Lake next Sunday at 11 a. m. and 2:30 p. m. Also Naylor in the evening.

(P. S. In no sense is this intended for any who were providentially hindered.)

BLINDFOLD TEST TELLS HUDSON COMFORT

In a unique test conducted in Detroit, seating comfort of Hudson's new Air-foam seats deserves the phrase "You can tell it blindfolded", according to official observers. In a room containing a number of automobile seats, visitors were invited to select the most comfortable cushions while blindfolded. Seats were shifted at intervals to obtain the most impartial results. Hudson Airfoam cushions scored 100% recognition for combining softness with firm support of the body. Photo shows how test was made.

ful results, Karper declared. Resistant varieties of Dwarf Yello, Standard Yello, Double Dwarf Yello, Early Yellow, or Sooner, Early White, Darso and Quadroon milos have been developed and either are already distributed to farmers or are now in process of distribution.

Further trials with the many resistant selections of these varieties will require several years to decide those superior in all respects. In the meantime, since the scope and damage of milo root rot disease is increasing so rapidly, and resistant varieties are the only solution, the best appearing selections have been

increased and distributed.

In 1938 at Chillicothe, Lubbock and Spur Experiment Stations the new resistant Dwarf milo yielded 12, 13, and 14 bushels more to the acre, at the respective stations, than the old susceptible variety. Virulence of the disease was from moderate to severe, but was prevalent throughout the High Plains country this year.

J. D. Strickland of Lorenzo public schools has sent in an interesting report on the success of Future Farmers of America in growing the disease resistant milo in that section.

Elton Ellison planted four

pounds of selected seed and produced 7500 pounds of threshed milo. He sold his excess seed for 3 and 4 cents per pound and realized \$240 from his work. All of his seed will be replanted in the Lorenzo area next year, and the community yield will reflect his good work, Strickland believes.

Henry Stence, another F.F.A. boy made 2200 pounds of milo from less than 2 pounds of seed, and Paul Scoggins made 3400 pounds of seed from his two-pound allotment. Thus with an initial planting

of eight pounds of blight resistant milo seed, there will be available in the Lorenzo community a total of 13,100 pounds of healthy resistant milo seed for next year.

Reports of this nature will be given at Austin January 21 to the State Certified Seed Growers meeting by Mr. Karper on Sorghums; P. C. Mangelsdorf, corn investigations; and D. T. Killough, cotton investigations—all of the Texas A&M Agricultural Experiment Station Staff.

Next Year To See Better Grain Seed

COLLEGE STATION—Within another year farmers and certified seed growers will be in possession of a sufficient quantity of disease resistant grain sorghum seed to replace entirely the susceptible varieties, according to R. E. Karper, agronomist, in charge of sorghum investigation for the A&M College Texas Experiment Station.

Breeding work with the object of developing resistant varieties of all of the better commercially important sorghums that are susceptible to Pythium root rot has been carried on with very success-

HEDLEY P. T. A. PAYS TRIBUTE TO ASSOCIATION FOUNDERS THURSDAY

The Hedley Parent-Teacher association observed Founder's Day, Thursday February 16th.

Despite the inclement weather, a nice crowd assembled. After a short business session, a mock radio program was presented. The announcer, Mr. Oldem Sweet, introduced the leader, Mrs. Clyde Bridges. After bringing greetings from the P. T. A. to the many visitors and members, the leader gave some outstanding facts about parent and teacher work.

The curtain was drawn back to the year 1897 just after the founding of our first Congress. A short play relating history was very much enjoyed.

Music was given by the music class of Hedley high school, under the direction of Mrs. R. Watkins.

A pageant, "As Told by Candles" was very interesting as well as beautiful.

After music by the Mather Singers, a tribute was paid the founders

ALVIN B. LONG RITES TUESDAY

Funeral services conducted at the St Johnson home at 10 a. m. Tuesday, were in charge of Rev. J. Perry King. Attending the casket were Marvin Hall, Enlo Crisp, Hugo Reamer, St Johnson, Dick Bell and Tom Otis, all personal friends of Mr. Long over a long period of years.

In charge of the beautiful floral tributes to this good citizen were Mesdames St Johnson, Hugo Reamer, Sam Spradling, Dick Bell, Tom Blassingame, Marvin Hall, Enlo Crisp and Miss Frances Morris.

Native of Christian county, Kentucky where he was born on March 2, 1878. He came to Texas in 1885 settling in Young county. On September 6, 1905 he married Miss Ola Briscoe in Graham. To this union two sons were born, Rex having died here in June of 1936, and for whom a cowboy funeral was held from the home of Cy Johnson. His father's funeral was held Tuesday from the same home.

Surviving are his wife and a son, Floyd, best known as "Buddy." A grandson Rex Jr., life and light of the grandfather's daily existence, also survives.

The family moved to Donley county about 1900, stayed a few years and then moved back to Young county. Again Donley county became the family home a few years later. Mr. Long followed farming, residing for a number of years in the Spade Flat community. For the past few months Mr. and Mrs. Long had been on the ranch of his sister, Mrs. M. T. Howard southwest of town.

His sisters are Mrs. M. T. Howard of Clarendon, Mrs. V. M. Davidson, New Castle; Mrs. Kate Bowers and Miss Willie Watson of Graham; Mrs. Mollie Ledbetter, Wichita, Kansas. Brothers are Chas. Long, Ft. Belknap; Henry of Canyon, Wint Long of Graham.

He was for the past thirteen years a member of the Baptist church of Hedley, having been converted at an early age.

OKLAHOMA MAN FINDS MARKETS

ON VISIT HERE TELLS HOW FARMERS DERIVED MORE FOR THEIR PRODUCTS

One of the most interesting visitors in the Leader office in many moons was that of Bob Kniseley of Wetumka Monday. Bob is secretary of their chamber of commerce, employed by the business men on full time. His business is to cooperate with the farmers in finding better markets for the products.

Peanuts of the Spanish type were grown in quantities that called for a better market than 52 cents a bushel. Bob hooked up with a Denison, Texas peanut oil mill and manufacturing firm and now the growers get 72 cents a bushel.

Watermelons are branded with a label, he said. They grow the blue rind Watson melon and get their seed from a Mr. Watson of Poolville, Texas. The melons are pruned along through the season and find a choice market. Bob says the market demands the Wetumka label after the first shipment to northern markets.

Butter, milk, and various other products are sold on the "co-op" basis. Kniseley explained. He holds from two to five farmer meetings a week. They tell him what they expect to grow, and Bob hunts the best markets. The growers get the service free, but it makes for a more prosperous people and better business all-round.

Mr. and Mrs. Kniseley and babe were guests of Mr. and Mrs. Geo. E. Norwood and Elise over the week end. Mrs. Kniseley and Mrs. Norwood were school mates of former years in Shawnee, Oklahoma.

RAILWAY EXPRESS SERVICE IS 100 YEARS OLD

Local agent G. L. Green calls attention to the fact that the railway express service started on March 4, 1839. The line extended from Boston to New York and the packages were carried in a carpet bag by one William F. Harnden. It was Henry Wells, William Fargo and Alvin Adams that brought the express service to the west later, the various companies bearing the names of these men.

DRUNK DRIVING CHARGE IS FILED HERE TUESDAY

A drunk driving charge was filed here Tuesday against Ferman Pruitt of Claude after he and a companion were arrested by local officers, Sheriff Guy Pierce said this morning.

His companion, J. A. McWhirter, pleaded guilty to drunkenness in a public place and was assessed a fine, Pierce said.

Pruitt Wednesday was in the county jail in lieu of a \$500 bond.

LAST RITES FOR HENRY TICE HELD HERE SATURDAY

Funeral services for William Henry Tice, 45, world war veteran who died at the Adair Hospital Friday afternoon after a short illness, were held Saturday afternoon at the First Presbyterian Church. Dr. Bryan Keathley of Mineral Wells, assisted by the Rev. Robert S. McKee, local pastor, officiated.

Death came to Mr. Tice about 12:30 Friday afternoon after physicians had vainly given blood transfusions. He became ill late Wednesday afternoon and was rushed to the hospital in a critical condition.

Mr. Tice had been a resident of Clarendon for only a short time having formerly been in business in Wellington and Mineral Wells. He was born at Bowie, Texas, July 28, 1893 and moved with his family to Hollis, Oklahoma at an early age.

He was graduated from the Hollis high school and attended college in Missouri. During the World War he served in the United States Navy.

Following the war he became connected in a partnership grocery concern in Wellington under the trade name of Whitesides and Johnson. Later he with O. B. Rayburn purchased the firm. He remained in Wellington until falling health caused his removal to Mineral Wells in 1932.

Mr. Tice was married to Miss Essie Patton of Clarendon here in 1926. She, his mother, Mrs. W. L. H. Fair of Dallas; a sister, Mrs. L. O. Buchanan of Hollis and an uncle, J. M. Tice, survive him. He is also survived by his aunt, Mrs. J. M. Tice and a nephew, Leroy Buchanan of Hollis.

Pallbearers for the funeral were Oscar Abernathy, Cleveland Hollis of Hollis, Oklahoma; Walter Jones of Tulsa, Ralph Royal of Wellington and Earl Cox of Panhandle.

Honorary pallbearers were Walker Hollis of Hollis, Okla.; O. B. Rayburn, M. E. Bell, Dr. J. Frank Johnson, all of Wellington, C. R. Johnson of Dalhart, Jess Cornell and J. C. Estlack of Clarendon.

In charge of the flowers were Mrs. C. J. Douglas, Mrs. Jess Cornell, Mrs. Regan Bryan, Mrs. Heekle Stark, Miss Dorothy Bogard, Mrs. A. D. Estlack, and Mrs. Marvin Warren.

Burial was in the Citizens cemetery of Clarendon.

NEW PAVING FOR COUNTY PROMISED

Eight miles of new hard surface road and approximately 12 miles of asphalt repair work are due on Donley county highways this summer, it was revealed by State Highway Engineer Julian Montgomery last week when he announced the 1939 program.

About four miles of asphalt will be laid on highway 88 from three miles north of Clarendon, past Salt Fork river. The other new paving will cover approximately four miles on highway 18 from Clarendon south toward Brice.

The grading and drainage work on highway 88 was done with WPA labor while the 18 base work is being completed by the Lehl Construction Company.

An asphalt seal coat will be applied from the Armstrong County line to Clarendon.

The Donley County work is a part of the state's \$1,773,206 summer program which will be distributed in 104 different counties.

CLARENDRON'S DEATH RATE REACHES NEW PEAK IN FIRST 51 DAYS OF '39

Topping a several year high, funeral services for 29 persons have been held in Clarendon during the first 51 days of 1939, it was learned today.

Eighteen persons died here from January 1, 1939 to February 21, 1939. Two have died away but were returned home for burial.

For the same period in 1938, twelve services were held in Clarendon, although the year's total of 78 deaths was higher by 23 than 1937 when 55 persons were buried.

Only thirty-six funerals were held in Clarendon in 1936.

CLARENDRON'S DEATH RATE REACHES NEW PEAK IN FIRST 51 DAYS OF '39

Enumerators for Donley county schools will begin the yearly census March 1, County Superintendent G. W. Kavanaugh said today.

Census takers for the common rural schools are to be chosen by trustees of the districts.

School census must be taken during the month of March and no child can be enumerated later than March 31st.

"Every effort will be made to list every child in the county between the ages of six and eighteen years," Kavanaugh said.

Each child missed in the census means a loss of \$22.50 to the district in which the parents live. Should the census trustee fail to call for a list of any children, parents are urged to report to the principal of the school or to the County Superintendent.

All children of scholastic age must be rendered in the district where the parents reside regardless of all conditions.

Pupils will be transferred, in the month of July, from the districts where their grades are not taught. Those who are not listed in the census report can not be transferred.

WHEELER COUNTY TO NAME DONLEY LEAGUE JUDGES

Judges for the Donley County Interscholastic League meet, to be held in Clarendon March 17, 18, 19, will be named by Allen H. Kavanaugh, County Superintendent of Wheeler County.

Donley County Superintendent G. W. Kavanaugh will name the Wheeler county judges.

NEGRO ARRESTED HERE FOR MURDER OF HIS BROTHER

Wanted in Lancaster, Texas, for the murder of his brother in a dice game argument, J. D. McDonnell, 24, (colored) was taken into custody by officers here Wednesday morning.

Sheriff Guy Pierce and deputy Guy Wright made the arrest at the Whitlock Barber Shop where McDonnell had been employed for the past month.

McDonnell was under indictment and had defaulted bond in the slaying which occurred in September.

Sheriff Pierce said the fugitive allegedly stabbed his brother, Jesse McDonnell, formerly of Clarendon, when the latter objected to a loan of 15 cents. According to information from Pierce, the slayer following the affray, drove his brother about town, giving him whiskey, until death came.

A STORY OF A DIME, REMORSE AND AN HONEST MAN

"A man's conscience is his worst enemy, or in turn his best friend."

A small item with a worldly valuation of ten cents may go down in the history of Donley County as resulting in one of this section's most honest deeds.

Remorseful over the theft of a small screwdriver from the Caraway garage last fall, a man giving his address as Oklahoma mailed a letter of confession and apology, enclosing a dime, to F. E. Caraway manager of the business.

The letter:

"In this cardboard you will find a dime to pay for a small screwdriver I stole last fall. I got it out of the south parts room, up front. Very sorry I did it. Hope the right man gets the dime. Ask you to forgive me for the deed. I am sure God will."

The letter was signed with a name and an address.

Mr. Caraway answered the letter today commending the man for his honesty and his decision to do right.

JUDGING TEAMS TO COMPETE AT LUBBOCK

The dairy products and dairy cattle judging teams will leave for Lubbock, Thursday, February 17th, at noon. In the afternoon the group will stop at the Tierra Blanca Dairy Farm near Canyon for a workout, and will stop at Lubbock for the night where the dairy products team will receive a hard workout under the direction of Charles Gillham, brother of the local adviser, who was high point man of the collegiate contest at Fort Worth last spring.

Friday the dairy team will work out on dairy herds near Lubbock, and the dairy products team will continue their study of their events. Saturday the teams will compete with approximately 75 other high school teams in the annual Area I judging contests. The teams will return to Clarendon Saturday afternoon following the contests.

To the right is Morrow holding a lamb being groomed to compete for top honors by Bill Alexander.

NYA HOME WANTS TO BORROW STORED AWAY FURNITURE

Miss Eula Joyce Burleson, supervisor of the Clarendon NYA home this week asked that anyone having furniture stored away to please loan it to the home.

Minor repairs will be made on the furniture and varnishing will be done where needed, Miss Burleson said.

Listed as the articles most needed were dressers or dresser bases; one single bed with mattress and springs; sewing machine and a chest of drawers.

GILLHAM WANTS TO CONTACT HOG GROWERS

WILL VISIT SCHOOLS OVER COUNTY IN INTEREST OF BETTER STOCK

J. R. Gillham, local F.F.A. adviser, announced today that all prospective new agriculture students for the 1939-1940 term of school would be contacted in the near future in order to plan their project program for the coming school year. Gillham plans to visit all rural schools and Clarendon Junior High before the coming stock show in March.

LAST RITES FOR O. N. HEDGPETH HELD HERE WED.

Funeral services for Ollie Newton Hedgpeth, 76, 32-year Clarendon resident who died at the home of a daughter in White Deer Monday morning, were held at the First Baptist church here Wednesday afternoon at 2:30 o'clock. The Rev. J. Perry King, Clarendon Baptist pastor officiated. He was assisted by the Rev. Herman Coe, White Deer Baptist pastor.

Burial was in the Citizens cemetery.

Mr. Hedgpeth came to Clarendon from Gatesville, Texas about 1906. He was a pioneer employee of the Clarendon Light plant and the Clarendon Ice manufacturing company. He was born in Gatesville, September 2, 1862 and resided there until coming to Donley county.

He is survived by his widow, three daughters, Mrs. W. M. Hodges of Hereford, Mrs. T. C. Brown, Amarillo, Mrs. Harry Buchanan of White Deer; one son, C. C. Hedgpeth of Danville, Ill., and one brother of Gatesville.

Pallbearers were Gene Noland, Joe Goldston, Nathan Cox, Ralph Keys, Ed Hodges, and Dick Chunn, all of Clarendon.

COLLEGE QUEEN

When students of West Texas State College, Canyon, went to the polls to select their personality queen of the year, they chose Miss Gaynelle Douglas of Silverton, a junior. Miss Douglas is president of the College YWCA and is chairman of the newly formed Northwest Christian Council, a "Y" organization.

A St. Patrick party has been planned for March 17th. This is usually the big social event of the year when cares are laid away and wholesome games and other enjoyment take the fore front.

JUDGING TEAMS WIN CUPS AT PAMPA SATURDAY

The Clarendon F.F.A. judging teams won two of the four events held at Pampa, Saturday, February 18th, and placed fourth in the other two, in competition with twelve Panhandle schools. The poultry team returned to its winning ways, winning handsily with a total of 1101 to 1032 for McLean, White Deer, Claude, Perryton, Miami, Wheeler, Shamrock, Panhandle, Pampa, Canadian, and Canyon were other teams entering the contests.

Clarendon was high team in each of the five division in poultry judging, and in addition to ribbons for being high team, Harice Green received second place, and Carl Morris third place ribbons for high individual in judging Rhode Island Reds and barred rocks. Putman was second high individual in barred rocks, and Green was second high individual in judging eggs. Howard Gibbs was alternate for the team.

The dairy products team, composed of Joe Williams, Maschil Cole, and Johnny Leathers won the contest by the widest majority in any of the events. Williams was high point individual of the entire contest, and was high individual in judging milk and cream. Cole was second high man of the contest and was second individual in judging butter and cream, and third in judging milk. Leathers was fourth high man of the contest.

Russell Morris was beaten by one point for high individual honors in judging livestock, 266 to 265 points. Russell was high man in judging horses and fourth in judging hogs. Homer Hardin was second high individual in judging beef cattle, Frank Cannon was the third member of the team which placed fourth in the contest.

Bailey Estes was high individual in judging holsteins in the dairy cattle contest. Clyde Peabody and George Reeves were other team members and the team placed fourth in the event.

DONLEY LEADS IN REPAYMENT OF FEDERAL CROP AND FEED LOANS

The Emergency Crop and Feed Loans are available two weeks earlier this year, usually beginning the first of March and lasting until the first of June. These loans have been made each year since 1931, varying from 60 to 120 and 30 to 60 wheat loans. Donley county ranks as one of the best in the state for repayment of the loans, very few being unpaid. The Emergency Crop and Feed

PRIZE MONEY TO TOTAL OVER \$200

PREMIUMS LISTED IN ALL DIVISIONS BY DIRECTORS

Assurance that the fourth annual Donley County Fat Stock show Friday and Saturday, March 3 and 4, will surpass all former exhibits, was given by the board of directors following a meeting at the county agent's office Wednesday afternoon.

With an assured entrance list of approximately 250 animals in all divisions, the directors distributed \$200 for cash premiums in calf, pig and lamb departments.

Money Subscribed

The prize money was subscribed this week by local businessmen, county gins, nearby feed houses and civic organizations. The total amount donated was expected to top \$250 before show time. However, at least \$50 will be needed for exhibit expenses.

Ribbons will supplement cash awards and will go to grand and reserve champions and all money winners in all divisions.

Champion Worth \$25

The grand champion calf in this year's show will be worth \$25 in cash money. Winning the first in his section will be the first \$10 and the grand champion ribbon will carry the Lions Club prize of \$10 with an additional \$5 of show money.

Ten dollars will go to the winning pig with either an additional \$5 or a registered pig.

Bert Mayfield, local Duroc Jersey breeder has promised a registered pig should the grand champion be a Duroc, while Elba Ballew, Hampshire raiser will give a registered animal should the winner be a Hampshire. If another breed wins (outside Duroc or Hampshire), Mayfield and Ballew will donate \$2.50 each for a bonus.

The Clarendon Lions Club will also give the winner \$5.00.

The grand champion sheep will receive an additional \$2 from the show and \$5 from the Lions Club.

Although not definitely decided last night, the show location will probably be held in the Fink building on main street. The exhibit room will be in rear of the Minneapolis Moline tractor show room.

The ribbons and cash awards were set by the directors as follows:

RAILROADS PRESENT THEIR SIDE OF THE PROBLEM

As Texas senators and representatives warm to their business of state government the legislative "hopper" at Austin is crammed daily with various and sundry proposed laws, a great many of which are aimed at reducing the state's expense and mounting debt. These measures, all no doubt carefully thought out by their sponsors, run the gamut from the much discussed transaction tax bill to an increased levy on cigarettes.

To date, however, a tabulation has failed to show any proposal for collecting the overdue revenues which should be realized from one of the most subsidized agencies operating in the state at the expense of the taxpayers of every one of its political subdivisions. We have reference to the operation of trucks over highways, which have been built and are being maintained at public expense.

While we do not dispute the fact that truck transportation is an essential element in our business and economic progress and development, we do not believe that it should be permitted to become a destructive influence in our public life. It should be made to bear its rightful share of responsibility toward the communities which make possible its existence as an industry, and its fair

part of our highway costs and maintenance.

For the past several decades Texas taxpayers have been pouring millions of dollars of tax money into building highways and each succeeding year pour millions more into their maintenance. Even today there is the clamor to construct additional highway mileage and to widen hundreds of miles of roads already built over the state to take care of the growing traffic upon them.

This cannot but serve to further increase the public tax burden, for only from our several and sundry tax assessments can the money be raised for this purpose. For a greater part those who advocate that this be done are those who expect to profit.

A beneficent Texas public has already provided an almost tax free right-of-way to the truck operators of this state. Outside their gasoline taxes, as proved by records at Austin, these firms and individuals pay but a small part toward this heavy cost. It is almost insignificant and hardly worthy of consideration.

They use these highways as a place of business and without them being provided at public cost could not operate successfully in competition with other forms of transportation. Through their operations they help to damage and often destroy highways, thus necessitating

Highway Deaths Drop 57 Per Cent

CLOSER OBSERVANCE TRAFFIC REGULATIONS BRINGS ENCOURAGEMENT

AUSTIN, Feb. 1.—Unrelenting traffic enforcement along "death corridors" produced favorable results in 1938, Homer Garrison, Jr., state safety director announced today after reviewing fatal crash reports.

Studies of 19 Texas highways on which fatal collisions most frequently occurred in 1937 revealed that 315 persons had lost their lives at the various locations. Highway patrolmen were concentrated along sections of these highways with instructions to guard against speeders and reckless drivers.

During the past year these "death corridors" became comparatively safe highways while the death rate was reduced over 57 percent. Where before the rate had been 315 persons, in 1938 it dropped to 134.

Texas is the only state that is

known to depend almost entirely upon this type of selective enforcement as a means of reducing traffic crashes.

"Our experiment has proved conclusively that firm enforcement at strategic crash points," Garrison said, "is necessary in order to bring to Texas a lowered death rate."

the expenditure of an enormous sum of tax money each year in maintenance, repair and replacement.

At the same time truck operation is serving to undermine the railroads, who build and maintain their own rights-of-way at their own expense and who contribute about \$7,000,000 annually in taxes for the support of our state, county and municipal governments, our schools -- and, incidentally, our highways -- to say nothing of what they do in providing local payrolls in hundreds of communities to help keep business going.

In the legislative hopper at Austin are proposed bills which have for their purpose increasing the allowable load limit on trucks, which under the present statutes, stands at 7,000 pounds. For our legislators to approve such proposals is to increase our public tax burden and to add further to the chaotic condition that even now exists. Certainly if heavier loads are to be carried we can expect further damage and upkeep costs to our highways, all of which must fall on the shoulders of Texas taxpayers.

The smaller communities of Texas have a stake in this question, because they, more than the larger cities, have felt the effect of truck operation, not only from the standpoint of added taxes, but from the undisputable fact that trucks have served to destroy local business. Today these monsters of the highways invade our smaller communities with goods bought in great quantities at a much less cost than they could be purchased by the small town merchant, and undersell the men who have helped build and sustain the smaller towns of Texas.

If trucks are to use the highways let them do one of two things: either bear their part of highway construction costs and maintenance and their share of responsibility to the communities they serve, or build their own rights-of-way the same as the railroads have been compelled to do. If the present truck laws will be rigidly enforced and truck operators will quit asking for more public subsidy, Texas citizens, Texas communities and Texas business will be benefited.

We believe that we express the sentiment of our local citizens when we say let the present highway motor transport laws in Texas remain as they are!

Lost a Job Because She 'Couldn't Dance,' Then Became World's Best!

Eleanor Powell, appearing in "Honolulu" at the Pastime Theatre next Wednesday and Thursday, was named "The World's Greatest Feminine Tap Dancer" by the Dancing Masters of America five years after she was refused a job in a Broadway chorus on the grounds that she couldn't dance well enough.

When she was sixteen, Miss Powell's dancing teacher, Ralph McKernan, advised that she try for the New York stage. The youthful dancer made the rounds of the Broadway musical producers and learned that they liked her acrobatic and ballet dancing, but they wouldn't give her a job because she didn't know any tap steps.

Determined to succeed, she took ten tap lessons from Jack Donahue. After the course she worked alone for several weeks, and in 1934 she was given her "World's Greatest Feminine Tap Dancer" award.

Then the dark-haired girl started her New York career in earnest. Her first show was "Follow Thru." In order, she next appeared in "Fine and Dandy," Ziegfeld's "Hot Cha,"

"The Varieties," George White's "Scandals" and the road show of "Crazy Quilt."

Miss Powell first came to Hollywood to appear in a small dancing role at another studio. She was preparing to return to Broadway when she was offered a screen test for a dancing bit in Metro-Goldwyn-Mayer's "Broadway Melody of 1936."

After her triumph in this picture she went to New York to star in the stage production, "At Home Abroad." Her next starring picture was "Born to Dance," followed by "Broadway Melody of 1938," in which Robert Taylor was again her co-star. Then came "Rosalie" with Nelson Eddy.

Still Coughing?

No matter how many medicines you have tried for your common cough, chest cold, or bronchial irritation, you may get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel germs laden phlegm.

Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained. Creomulsion is one word, ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

TEMPLE OF TRUTH

By the Apostle

The fish and skunk interests have been taken care of by the Legislature in several counties. Special laws covering fishing and trapping make it oke-doke for the fish, but the skunks are to catch hail columbia.

As a mixture of panacea and spite, we cite you to the bunch of lobbyists ganged up around the state capitol. Everybody and everything wants protection or a law to smother competition. Nobody has as yet asked for a law adjourning the legislature for five years. Another good point overlooked.

In this age, law has ceased to be a simple structure to protect us in our rights of "life, liberty and the pursuit of happiness." A district judge, if he is ornery enough, can over-ride the constitution and state laws. At least it has been done and was done recently. Attorney General Jerry Mann rises up to object to such procedure, and our prediction is that he will be the David to take care of the alleged Goliaths.

Somehow, our legislators are against letting the public in on anything much. I mean by this that the majority of lawmakers don't want anything published that can be a

voided. County expenses for instance. Maybe we have too many lawyers in the legislature. Those who want the fair thing done had better get busy. There may not be many in the next legislature.

For many years the farmers have had county agents, A&M colleges, special agents and the "strong agricultural committee" of the head of the nation helping them, and they are in about the worst condition that they ever have been in. Queer, ain't it?

The old Apostle ain't smart. Not by a jugful, but he can't understand why, after spending millions upon millions, without helping the farmer, the same old racket keeps on keeping on. Somebody must need a job, and the farmer ain't getting it either.

After all, put the price up to where he can make a profit, and the old boys will produce on the farm in a manner that will make your eyes bug out. When the money is coming in to him, he will show you how to make a success of a lot of things, and he won't need a bulletin to get the job done.

Why does a country that has had free education and the Christian religion as long as this nation has had them, have to sit up nights to figure out some way to keep from starving to death, much less saving the old home?

Practically all of the school news that we get for publication comes from the colleges. But it is in the grades that the foundation is laid. Why not hear more about the foundation head?

Ima Fizzle says that her boy friend, Red Kian, paid so much for her engagement ring that the wedding will have to be postponed for two years.

Some regulations laid down centuries ago have served mankind very

well when heeded. Those are the Ten Commandments. Pretty soon some yahoo will bob up and demand a more liberal interpretation of the Ten Commandments.

Bachelor Bill says nature never makes any mistakes, but a lot of folks evidently think that she left a lot to be finished up in the beauty parlor.

A scientist says a cheerful mind wards off disease. A surly bird catches the germ, as it were.

After watching the beacon light on the air line for some time, an old lady allowed as how a man had to have a lot of patience to keep it going. "That light has gone out 42 times since I been watching it, and he's lit it up again every time."

Member you hack when the only crooks running loose were the lighting rod agents?

A fiddle makes real music. A violin has a lot of melody. But this swing stuff is plain assault and battery.

Miss Margaret Kelly and Walter Knorpp Are Married at High Noon Saturday

One of the out-standing events of the social season was the marriage of Miss Margaret Anna Kelly to Walter Bugbee Knorpp. The beautiful, impressive ceremony was solemnized at high noon Saturday, February 18, at the Saint John's Episcopal Church.

This marriage cemented bonds between two families who played important roles in the early development of the Panhandle Plains country.

Mrs. Knorpp is the daughter of the late Mr. and Mrs. Martin Kelly and the grand-daughter of the late Charles and Harriett Lewis who settled at Old Clarendon sixty years ago. She was reared in Clarendon by her grandmother, Mrs. B. W. Chamberlain and was educated at the Hockaday School, Dallas and the University of Texas.

Walter Knorpp is the youngest son of Mr. and Mrs. Wesley Knorpp of Clarendon and Long Beach, California where the family is prominent in banking, financial and social circles. He was educated at Pomona College and the University of California. He is the grandson of the late Thos. S. Bugbee, one of the first Panhandle

settlers and ranchmen.

The groom is at present connected with the Donley County State Bank of which his father is president.

The vows were read by Bishop E. Cecil Seaman of Amarillo, as the couple and their attendants stood before an artistic background of pink and white gladioli and snapdragons and ferns. Lighted candles burned upon the altar.

Proceeding the ceremony Miss Mantle Graves at the organ played Londonderry and Melody in F. Wagner's Bridal Chorus from Lohengrin was played as a processional and Mendelssohn's Wedding March as a recessional. "Ah Sweet Mystery of Life" was played softly as the vows were read.

Miss Madeline Kelly, sister of the bride was maid of honor. She carried a colonial nosegay of rose-buds and sweet peas. Her dress was a soft blue print.

The bride, who was given in marriage by her uncle W. J. Lewis Sr., wore a beautiful navy blue sheer with pleated skirt and short jacket. She carried a formal bouquet of gardenias. The groom was attended by

Willard Hudson of Vernon. Martin Kelly, brother, and W. J. Lewis Jr., cousin of the bride were ushers.

Immediately following the ceremony a wedding breakfast was served in the lovely home of Mr. and Mrs. Fred Chamberlain to the wedding party and relatives. The rooms were decorated with pink and white roses. The beautifully arranged table had a center piece of white sweet peas. The bride's cake was pink and white. Mrs. W. J. Lewis presided at the table.

Miss Madeline Kelly and Miss Betty Caraway presided over the guest's book in which some sixty names were written.

Out of town guests were Mary Paul and John O'Brian, University of Texas; Mr. and Mrs. W. J. Lewis and Betty Lewis, Dallas; Mr. and Mrs. Emory Seager, Memphis; Mrs. H. G. Officer and daughter, Helen, Tulsa; Mr. and Mrs. T. L. Roach, Amarillo; Mr. and Mrs. Willard Hudson, Vernon; Lieut. and Mrs. Warren Milner, Dallas; Mr. and Mrs. J. R. Calhoun, San Antonio; Mr. and Mrs. Kelly and daughter, Dorothy, Lubbock; Mrs. Dan Rutledge, Elk City, Okla.; Mr. and Mrs. Wesley Knorpp of Long Beach, Calif.

The bride's traveling suit was of navy blue with red, blue and cream plaid coat. She wore an orchid and Lilly of the Valley bouquet lace front blouse, blue shoes, beige hat and gloves.

The couple left on an extended wedding trip to California and other Pacific coast points. They will visit the Grand Canyon enroute.

They will be at home in Clarendon after April 1st.

RHYTHMAIRE CLUB TO HOLD ANNIVERSARY DANCE TUESDAY NIGHT

Tuesday night, February 28th will mark the first anniversary to be celebrated by the Rhythmaire Club and plans are being arranged for another of its delightful dances, club officials announced recently.

It was one year ago when a handful of ardent dance fans met to organize a club that would bring good dances and good orchestral music back to Clarendon. The first dance held by the club was on the last day of February, 1938 and since that time it has grown into an organization each of its members are proud to belong to. The club has established a substantial reserve in the treasury despite the free dance that was held during December and a liberal contribution that was donated in the recent drive against Infantile Paralysis.

MISS MARGARET KELLY HONORED WITH SHOWER

Mrs. Geo. Ryan and Mrs. C. G. Stricklin entertained with a miscellaneous shower at the home of Mrs. Ryan Thursday afternoon from 3 to 6 o'clock complimenting Miss Margaret Kelly, bride-elect of Walter Knorpp. Mrs. Mollie Gray and Mrs. Gentry poured tea from the table which was very beautifully decorated with a wedding scene on a glass reflector with pink candles in crystal candelabra. Madolyn Kelly and Billie Jo Caraway helped with the serving while Miss Berkley Ryan helped with the entertainment. Tea was served to about fifty guests.

Eleanor Powell in a scene from "Honolulu"

A high spot of the new M-G-M musical hit, "Honolulu," coming to the Pastime Theatre next Wednesday & Thursday, is the sensational "Hymn to the Sun" number, danced by Eleanor Powell against an exotic Hawaiian setting. Based on a traditional ceremonial dance which has come down through the ages, the number provides a moment of beauty and artistry to a picture brimming with entertainment values.

MRS. ZORO HUDSON ENTERTAINS

Mrs. Zoro Hudson entertained the members of the Goldston young people's Sunday school class with a Valentine party in her home last Wednesday night. She was assisted by the class teacher, Mrs. Murphy Brock.

Mrs. Hudson led the group in a search for hidden hearts of which Miss Nova Cook found the greatest number and received the prize. Then followed a number of very interesting games. Billy and Helen Pedan received the prize as winners of the fumbled letter game.

Refreshments consisting of ice cream and cookie hearts were served in the dining room to twenty young people. The table was lighted by tall red candles and decorated with red hearts. Favors were dainty heart-shaped boxes of mints.

Before the guests departed the Valentine box was opened and the Valentines were distributed by Mrs. Brock. Those enjoying the occasion were Misses Almeda and Ozell Lewis, Helen and Ruth Pedan, Nova Cook, Nancy Miller, Johnnie Stewart, Mr. and Mrs. C. F. Brauen, Billy Pedan, Ralph, Joseph, Lamar and Hugh Stewart, Carl Dillie, H. B. Line, Willard and Buren Higdon, Demit Pope and Herman Mooring, Mr. and Mrs. Murphy Brock and Mrs. Line, also the host and hostess.

Mayes and hostess Mrs. Bagby.

HIS NIBS LAID UP

When Judge R. Y. King became ill of a flu or something early in the week, he had the services of a trained nurse right from the beginning. The nurse happens to be his wife, and except for her services, he might have been ill for some time. Anyhow, he thought he was sick and went to bed, and acted the part. Others believe it to be a fact, including the Judge.

Mrs. Emma Weatherly and Mr. and Mrs. Bill Weatherly visited her daughter, Mr. and Mrs. Foxall at Memphis Tuesday evening.

Mrs. Ben Hall of Tidan N. M. visited with her brother R. Y. King and family Sunday.

CHEVROLET SALES SHOW INCREASE OVER JANUARY

DETROIT—Continuing the advance that has been apparent ever since introduction of its new 1939 models, Chevrolet sold 31,966 new cars and trucks in total in January, 1939, compared with 29,169 units in January 1938, and is an increase of 12,525 units or 31.7 per cent.

In the same month, Mr. Holler announced, Chevrolet dealers sold 114,375 used cars, or 8,925 more than in January 1938. Combined new and used car sales for the month were 136,341 units, as compared with 144,919 a year ago.

For the past three months, Mr. Holler pointed out, there has been a steady rise in the monthly percentage of increase over sales for corresponding periods in the 1938 model year.

Generally improved business conditions, plus the public's confidence over the 1939 Chevrolet, featuring the new type V-type motor and the exclusive vacuum control with steering column control, is credited with the sharp upturn, Mr. Holler said.

Huge Telescope Lens Nears Installation

FORT DAVIS—Preparatory operations have been made for installation of the 82-inch mirror, one of the largest pieces of glass in the world, in the telescope at McDonald Observatory, on Mount Locke, near here, probably in May.

The glass will be lifted by a crane 71 feet above the ground and taken through the shutter at the top of the huge dome. Four years were required to cast and polish the mirror to as near perfection as human ingenuity can devise.

Contracts for hauling the mirror from Marfa, nearest railroad point, has been given C. D. Wilson, Fort Davis truck operator. The distance from Marfa to the summit of Mount Locke is 39 miles.

McDonald Observatory, owned by the University of Texas and operated jointly with Yerkes Observatory of Chicago, is complete except for the installation of the mirror and adjusting numerous mechanical details.

Consider this: A lot of 5 property owners chose Capital Stock Company Fire Insurance because it provides definite protection of a known cash... because it is backed by financial surplus and capital stock, as well as legal reserves... because it maintains local agents for quick, courteous service when you're in trouble.

The Safety Sensation of 1939!

THE NEW Firestone CHAMPION

The Only Tire Made with the NEW SAFETY-LOCK CORD BODY and NEW GEAR-GRIP TREAD...

NEVER before in our experience has a tire met with such instant and unanimous approval as the new Firestone Champion Tire. It's the Safety Sensation of 1939! Our customers have started a word-of-mouth campaign that is making this the biggest selling tire we've ever had. Motor car manufacturers have been so impressed by its superior performance that they have adopted it for their 1939 models.

Why? Because the Firestone Champion Tire is an entirely new achievement in safety engineering.

Stronger Cord Body. This is accomplished first, by the use of a completely new type of tire cord called "Safety-Lock," in which the cotton fibers are more compactly interwoven to assure cooler running and provide greater strength. Then, the fibers in each individual cord, the cords in each ply and the plies themselves, are all securely locked together by a new and advanced Firestone process of Gum-Dipping which provides amazingly greater strength. And greater strength means greater safety.

More Non-Skid Mileage. The new Safety-Lock cord construction provides the extra strength needed for the use of the new, thicker, tougher, deeper Firestone Gear-Grip tread which delivers remarkably longer non-skid mileage. This sensational new tread is called "Gear-Grip" because of its unique design — it has more than 3,000 sharp-edged angles which grip the road with a sure-footed hold to protect against skidding and assure a safe stop.

Drive in today and equip your car with a new set of Firestone Champion Tires — the only tires made that are safety-proved on the speedway for your protection on the highway.

LOUIS MEYER
Only Three-Time Winner
Annual Indianapolis 500-Mile Race
Champion race drivers, whose lives and chances of victory depend on tire safety, know the construction and that is why they select and buy Firestone Tires for their cars.

Firestone LIFE PROTECTOR
the Tire within a Tire
This amazing new Firestone development makes a blowout as harmless as a slow leak.
Should a blowout occur the exclusive Firestone Safety-Valve holds sufficient air in the inner compartment to support the car until it is brought to a safe stop.

METHODIST CIRCUIT NOTES

J. G. Walker, P. C.

Material to make up this communication is not very satisfactory. We like to say good things, but cannot go further than the truth. The outlook at Goldston Sunday was not what we expected. I think we had two good services, but the attendance was short of what it should have been. About church-going time, a fresh sandstorm threatened and it really made going very unpleasant. But we faced it for nine miles and really got joy out of it because we felt that it was our duty to do it. Just after the people living nearby felt after having failed to go, we do not know. Maybe they have allowed their conscience to become seared. Buildings can very soon become veneered by sandstorms and maybe some folks conscience are thus affected by them.

We are believing that we are due a little more serious thought in this matter, and will you allow me to direct your thinking?

There is a time when we will be called and we will have no say in the matter. In Mat. 24:29 we learn that the sun will be darkened, the moon will not give her light, the stars shall fall from heaven, and all powers of heaven shall be shaken. Then the Son of Man will come in clouds of heaven with power and great glory. He shall send his angels with a great sound of a trumpet. All nations will be called to judgment. Then you will go, sandstorms or not. Then we imagine that some people would be glad to be back in the Goldston community on a sandstormy day and go to church, and spend the entire day in trying to get right with the Lord.

Our worst sandstorms would look like a sun-shiny day. In Revelations 6th chapter, is a full description of the awful occasion. "The kings of the earth, and the great men and the rich men, and the mighty men and the chief captains, and every bondman and every freeman, hid themselves in dens and in the rocks of the mountains and said to the mountains and rocks: "Fall on us and hide us from the face of Him that sitteth upon the throne and from the wrath of the Lamb."

This will be the cry of all those who have failed to prepare to meet Him in the skies.

Meet us at Lelia Lake next Sunday at 11 a. m. and 2:30 p. m. Also Naylor in the evening.

(P. S. In no sense is this intended for any who were providentially hindered.)

BLINDFOLD TEST TELLS HUDSON COMFORT

In a unique test conducted in Detroit, seating comfort of Hudson's new Airfoam seats deserves the phrase "You can tell it blindfolded", according to a number of automobile seats, visitors were invited to select the most comfortable cushions while blindfolded. Seats were shifted at intervals to obtain the most impartial results. Hudson Airfoam cushions scored 100% recognition for combining softness with firm support of the body. Photo shows how test was made.

ful results, Karper declared. Resistant varieties of Dwarf Yellow, Standard Yellow, Double Dwarf Yellow, Early Yellow, or Sooner, Early White, Darso and Quadroom milos have been developed and either are already distributed to farmers or are now in process of distribution.

Further trials with the many resistant selections of these varieties will require several years to decide those superior in all respects. In the meantime, since the scope and damage of milo root rot disease is increasing so rapidly, and resistant varieties are the only solution, the best appearing selections have been

increased and distributed. In 1938 at Chillicothe, Lubbock and Spur Experiment Stations the new resistant Dwarf milo yielded 12, 13, and 14 bushels more to the acre, at the respective stations, than the old susceptible variety. Virulence of the disease was from moderate to severe, but was prevalent throughout the High Plains country this year.

J. D. Strickland of Lorenzo public schools has sent in an interesting report on the success of Future Farmers of America in growing the disease resistant milo in that section.

Elton Ellison planted four

pounds of selected seed and produced 7500 pounds of threshed milo. He sold his excess seed for 3 and 4 cents per pound and realized \$240 from his work. All of his seed will be replanted in the Lorenzo area next year, and the community yield will reflect his good work, Strickland believes.

Henry Stence, another F.F.A. boy made 2200 pounds of milo from less than 2 pounds of seed, and Paul Scoggins made 3400 pounds of seed from his two-pound allotment. Thus with an initial planting

of eight pounds of blight resistant milo seed, there will be available in the Lorenzo community a total of 13,100 pounds of healthy resistant milo seed for next year.

Reports of this nature will be given at Austin January 21 to the State Certified Seed Growers meeting by Mr. Karper on Sorghums; P. C. Mangelsdorf, corn investigations; and D. T. Killough, cotton investigations—all of the Texas A&M Agricultural Experiment Station Staff.

Continuing Leadership in VALUE

New JOHN DEERE Models "A" and "B" TRACTORS

DOWN through the years John Deere has recognized that tractor leadership which has been attained by giving highest quality and honest value can be continued only by offering an ever-increasing measure of value.

Only by driving the new John Deere Model "A" or "B" General Purpose Tractor can you fully appreciate the great progress which has been made. Check the John Deere for modern design, unexcelled vision, and easy handling . . . check it for simplicity, ability to burn the low-cost fuels successfully, and for strength . . . ask any John Deere owner about long life and the fine line of integral and drawn equipment available . . . check these tractors on your own ideas of what good general purpose tractors should be and you'll see why they continue John Deere leadership in tractor value. Ask for a demonstration.

Next Year To See Better Grain Seed

COLLEGE STATION—Within another year farmers and certified seed growers will be in possession of a sufficient quantity of disease resistant grain sorghum seed to replace entirely the susceptible varieties, according to R. E. Karper, agronomist, in charge of sorghum investigation for the A&M College Texas Experiment Station.

Breeding work with the object of developing resistant varieties of all of the better commercially important sorghums that are susceptible to Pythium root rot has been carried on with very success-

HEDLEY P.-T. A. PAYS TRIBUTE TO ASSOCIATION FOUNDERS THURSDAY

The Hedley Parent-Teacher association observed Founder's Day, Thursday February 16th. Despite the inclement weather, a nice crowd assembled. After a short business session, a mock radio program was presented. The announcer, Mr. Oldem Sweat, introduced the leader, Mrs. Clyde Bridges. After bringing greetings from the P.-T. A. to the many visitors and members, the leader gave some outstanding facts about parent and teacher work.

The curtain was drawn back to the year 1897 just after the founding of our first Congress. A short play relating history was very much enjoyed. Music was given by the music class of Hedley high school, under the direction of Mrs. R. Watkins. A pageant, "As Told by Candles" was very interesting as well as beautiful. After music by the Mather Singers, a tribute was paid the founders

and the Rev. Biggs honored our founders, Mrs. Birney and Mrs. Hearst.

A large cake in parent-teacher colors lighted with 42 candles, representing our years of work for child welfare, and a large candle for each of our founders, carried out the birthday theme.

Mrs. Bridges paid tribute to our Texas founder, Mrs. Ella Caruthers Porter; the state's president, Mrs. M. A. Taylor; the eighth district president, Mrs. C. T. Hunapillar of Panama and the Hedley president, Mrs. Clifford Johnson.

The P.-T. A. room mothers served angel food cake and hot punch to over 50 guests.

ALVIN B. LONG RITES TUESDAY

Funeral services conducted at the Si Johnson home at 10 a. m. Tuesday, were in charge of Rev. J. Perry King. Attending the casket were Marvin Hall, Enlo Crisp, Hugo Reamer, Si Johnson, Dick Bell and Tom Otis, all personal friends of Mr. Long over a long period of years.

In charge of the beautiful floral tributes to this good citizen were Mesdames Si Johnson, Hugo Reamer, Sam Spradling, Dick Bell, Tom Blasingame, Marvin Hall, Enlo Crisp and Miss Frances Morris.

Native of Christian county, Kentucky where he was born on March 2, 1878. He came to Texas in 1885 settling in Young county. On September 6, 1905 he married Miss Ola Briscoe in Graham. To this union two sons were born, Rex having died here in June of 1936, and for whom a cowboy funeral was held from the home of Cy Johnson. His father's funeral was held Tuesday from the same home.

Surviving are his wife and a son, Floyd, best known as "Buddy." A grandson Rex Jr., life and light of the grandfather's daily existence, also survives.

The family moved to Donley county about 1900, stayed a few years and then moved back to Young county. Again Donley county became the family home a few years later. Mr. Long followed farming, residing for a number of years in the Spade Flat community. For the past few months Mr. and Mrs. Long had been on the ranch of his sister, Mrs. M. T. Howard southwest of town.

His sisters are Mrs. M. T. Howard of Clarendon, Mrs. V. M. Davidson, New Castle; Mrs. Kate Bowers and Miss Willie Watson of Graham; Mrs. Mollie Ledbetter, Wichita, Kansas. Brothers are Chas. Long, Ft. Belknap; Henry of Canyon, Wint Long of Graham.

He was for the past thirteen years a member of the Baptist church of Hedley, having been converted at an early age.

FUNERAL SERVICES FOR MYLES HANEY ROBERTSON TODAY

Funeral services for Myles Haney Robertson, 68, who died at his home here Tuesday, were held at the First Baptist church here this afternoon at 2:30 o'clock. The Rev. J. Perry King conducted the ceremony.

A native Texan, Mr. Robertson was born in Austin October 15, 1870. He was a long time resident of Donley County.

He is survived by his wife and children, Dixie, Tracy, Carroll, Quincy, Sam, Ray, and Mrs. Ellen Rowden of Pecos; one brother, Eugene Robertson of Albuquerque, N. M.

NAVY MAN LEARNS THEOLOGY ON SEA

ABILENE, Texas.—Sailing in the Pacific ocean and taking Bible work in Abilene Christian College is what one Texas boy is doing.

J. C. Reed, of Hedley, Texas, a member of the navy aboard the U.S.S. Milwaukee which is at the present sailing in the Pacific ocean, has been taking ministerial work by correspondence for about nine months.

During the past year the ACC extension department had 535 students enrolled from about a dozen states. Included in the ones taking work in the department are teachers, ministers, home-makers, students in other colleges, hotel workers, and a sailor.

Brother of Clarendon Man Dies In Amarillo

AMARILLO, Feb. 22.—Funeral services for Horace Maynard Hefner, 73-year-old pioneer resident of Amarillo, were conducted at 4 o'clock Monday afternoon at the N. S. Griggs and Sons chapel.

Rev. E. B. Fincher, pastor of the Ellwood Park Presbyterian church officiated. Pallbearers were H. G. Hamrick, J. R. Neece, Hubert Cole, Frank Seeny, R. J. Broyles and John Lemons. Burial was in Llano cemetery.

Mr. Hefner died early Sunday morning at his home here following a long illness. He had been a resident of Amarillo for 28 years. He was a member of the Baptist church.

Survivors include five sons, J. L. A. C., C. F., J. M. and L. F. Hefner, all of Amarillo; four daughters, Mrs. W. C. Moore and Mrs. L. L. Flynn of Amarillo, Mrs. Arthur Semiorth of San Antonio and Mrs. A. B. Luper of Austin; a brother, A. O. Hefner of Clarendon and a sister, Mrs. Billy Barton of Sweetwater.

Mr. and Mrs. W. C. Stewart left today for their home in Dallas, after a weeks visit with friends here.

Drew Wilkerson of Skellytown visited his mother Mrs. Lala Wilkerson, over the week end.

OKLAHOMA MAN FINDS MARKETS

ON VISIT HERE TELLS HOW FARMERS DERIVED MORE FOR THEIR PRODUCTS

One of the most interesting visitors in the Leader office in many moons was that of Bob Kniseley of Wetumka Monday. Bob is secretary of their chamber of commerce, employed by the business men on full time. His business is to cooperate with the farmers in finding better markets for the products.

Peanuts of the Spanish type were grown in quantities that called for a better market than 52 cents a bushel. Bob hooked up with a Denison, Texas peanut oil mill and manufacturing firm and now the growers get 72 cents a bushel.

Watermelons are branded with a label, he said. They grow the blue rind Watson melon and get their seed from a Mr. Watson of Poolville, Texas. The melons are pruned along through the season and find a choice market. Bob says the market demands the Wetumka label after the first shipment to northern markets.

Butter, milk, and various other products are sold on the "co-op" basis, Kniseley explained. He holds from two to five farmer meetings a week. They tell him what they expect to grow, and Bob hunts the best markets. The growers get the service free, but it makes for a more prosperous people and better business all-round.

Mr. and Mrs. Kniseley and babe were guests of Mr. and Mrs. Geo. E. Norwood and Elise over the week end. Mrs. Kniseley and Mrs. Norwood were school mates of former years in Shawnee, Oklahoma.
