## Panthers repay Broncos

In last year's bi-district playoff game, the Panhandle Panthers, boasting an outstanding defense, were surprised and embarrassed by the Clarendon Broncos. The score was 49-28.

In what was characterized as this year's district championship game, the Panthers, vowing revenge, scored 49 points against a highly respected Broncho defense and won the game by a completely unexpected margin of 49-7.

What happened? Well, it was a combination of things. First, Panhandle played a superlative game. Running back Stacy Rusk, a remarkable athlete who combines great speed with size and strength, gained an awesome 290 yards on 29 carries against a normally stubborn maroon defense.

Clarendon suffered costly turnovers, as usually happens to the loser of a big "showdown" such as this one. And there were some legitimately questionable calls by the game's officials, judging from the game film.

In short, everything seemed to be turning up purple and gold last Friday night at Panhandle. It was a stunning defeat for the proud Broncos, but they will bounce back. At 5-2 for the season, they are still having a fine year. At 1-1 in district, they still have a shot at the championship (if Panhandle should suffer an upset) or at least a playoff spot (this year the UIL is allowing second place finishers to enter the playoffs for the first time ever).

It was clear from the first play from scrimmage that the

Clarendon team was due for trouble from Rusk and the men in stripes. The Panthers ran their favorite play, a sweep, and Rusk carried the ball from his own 36 yard line to the Broncho 15 for a 49 yard gain. The game film shows that he clearly stepped out of bounds at the Broncho 40, but there was no whistle and he was allowed to pick up an extra 25 yards.

Three plays later the Panthers scored from the 5 and took a 7-0 lead.

On the ensuing kickoff, sophomore Tailback "Boonie" Gardner make a fine return to the Broncho 38 yard line, and on the visitors' first play they seemed bound to produce some offensive fireworks of their own. Junior Tailback "Curley" Weatherthorn hit straight into the Panhandle line and gained 15 yards. But the Panther defense quickly stiffened and the Broncos were forced to punt. Junior kicker Arlis Thomas put the home team in a hole by hitting the "coffin corner" at about the 5 yard line.

Panhandle tried a few runs, to no avail, and Quarterback Todd Lamberson, son of the Panther coach, was sacked by Broncho defensive end Rodney Smith near the Panther goal line.

After fielding the punt near midfield, the Broncos drove the ball steadily to the Panther 15 yard line, mostly on keepers by junior Quarterback Dyron Howell, who was allowed a little running room by a Panther defense that was keying heavily on the Weatherthorns, David and Curly.

On fourth down at the 15 yard line, the Broncos lined up and kicked a field goal. It was good, but one game official called an obscure penalty against the offensive line that nullified the score. The second attempt by Arlis Thomas was no good, so the score remained 7-0.

Again the Broncos held the Panthers and forced them to punt, again setting up their offense near midfield. But Clarendon was also held and forced to punt. A 30-yard punt return by Rusk negated the field position advantage that Clarendon had held most of the first quarter.

As the second quarter began, Rusk broke loose for a 20 yard run on another sweep and, at the end of a 50-yard Panther drive, scored from

## Bronchos to battle Quannah Indians.

As if it were not hard enough to forget a game as the Broncos had with Panhandle last Friday in Panhandle, the Broncho football must prepare for an extremely tough group of Quannah Indians.

The good and most important fact is the two team from each district play-off set up. A loss does not eliminate a team from the play-offs. After last Friday there are two teams tied with 2-0 (Panhandle and Wellington), two teams tied at 1-1 (Clarendon and Memphis). There is a chance that everyone could beat the other creating several possible play-off teams.

Clarendon is still in the thick of the play-off spots. The team still needs the same support and spirit that has been shown this year. They still need the pat on the back and words of encouragement to continue to play.

Quannah has lost two district games and are out of the play-off race but they are very capable of helping to decide who will be our district play-off representatives. They have good team speed and fundamentally, they do a great many things correct. Speed in the skill spots and a quick defensive unit are probably the most respected facets of the team. Skipper Hodo (158 Sr.), Lang Cox (158 Sr.), Eddie Powell (165 Sr.) are the top skill players and add to that Robbie Hanis (150 Soph) and Stanley Payne (158 Soph), it creates a great many headaches for the Broncos. The lines are led by John Holocher (220 Jr.), Todd Carroll (205 Sr.), Doyle Pace (167 Sr.) and Jim Edmonds (148 Sr.).

Over all the team has not been out of a game this year although they are at 3-4 with wins over Archer City 7-0, Paducah 7-0, Chillicothe 45-18 and losses to Childress 9-8, Haskell 14-9, Memphis 20-7, and Wellington 19-14.

The team will be out to improve on their record and the coaches expect to play a tough team this Friday at Quannah.

It is another team, the Broncos have faced many this year that have wanted "revenge" or to get even. The Broncos are not responsible for last year and the task of revenge will be just as hard this year as the losing to the Broncos was last year.

## Free Eye

## Test

## Saturday

A free eye test for Glaucoma will be held at the Senior Citizens Building in Clarendon on Saturday, October 23 from 9:00 a.m. to 4:00 p.m.

Cohn Brister, Sight Conservation Chairman for the Clarendon Lions Club says the test is painless and takes less than five minutes.

Untreated glaucoma can cause blindness. If diagnosed and properly treated with medication, the disease can be controlled.

Anyone 18 years or older is welcome to have the test made. Brister urges all persons over age 45 to take advantage of this free testing clinic.

CLARENDON COLLEGE 1982-83 baseball cheerleaders (l to r) Judy Rogers, Sabrina Sellman, Amy Veener, Melanie Lomenick, LaDonna Hewett, Betty Jo Smith and Mary McNary.

## Junior College introduces Cheerleaders 1982-83

BY BOBBI DEMBOWSKI

The backbone of any organized sport are the cheerleaders. Clarendon College is proud to introduce the Basketball Cheerleaders for the 1982-83 season. Seven girls were chosen as "Home Game" cheerleaders, with only five of the seven going on the road with Men's and Women's teams. The home cheerleaders are as follows:

Mary McNary, daughter of Mrs. Jenni McNary, of Turkey Texas. Mary graduated from Valley High School and is a freshman at Clarendon. Although she has never been a cheerleader before, Mary was a pep squad member and has spirit. Mary enjoys

basketball and listening to music.

Melanie Lomineck, daughter of Mr. and Mrs. Melvin Lomineck of Hereford, Tex. Melanie is a freshman, majoring in Physical Education. She was a member of the Hereford Flag Cor. and enjoys swimming and horseback riding.

Amy Kennon, daughter of Mr. and Mrs. Carton N. Kennon of Canyon, Tex. Amy is a sophomore transfer from W.T. majoring in general business management. She was a band member in high school and enjoys art, music and horseback riding.

LaDonna Hewett, daughter of Mr. and Mrs. Bob Hewett of Clarendon. LaDonna graduated from Clarendon High and is a freshman at C.C. Her major is elementary education and she enjoys riding horses and being cheerleader.

Betty Jo Smith, daughter of Mr. and Mrs. Billy Jo Smith of Gimere Tex. Betty Jo is a freshman, majoring in psychology. She was a high school cheerleader for nine years and enjoys dancing, running and handcrafts.

The other two cheerleaders who will cheer for home games only are: Sabrina Sellman, daughter of Mr. and Mrs. Richard Sellman of Cherokee Tex. Sabrina was a cheerleader

for Cherokee High School for four years and now a freshman at C.C. Her major is elementary education and she enjoys riding horses and being cheerleader.

Judy Rogers daughter of Mr. and Mrs. Don Rogers of Hereford Tex. Judy is a freshman, majoring in legal secretary. She was a high school pep squad member

and enjoys softball, and horseback riding.

All seven girls work hard every day learning new cheers and practicing old ones. Clarendon College would like to wish them luck and thank them for their support.

## Absentee Voting under way

Absentee voting for the November 2 General Election began Wednesday, October 13 and will run through Friday, October 29.

Any Qualified voter of the State of Texas may vote absentee if he expects to be absent from the county of his residence on election day; who will be 65 years or older on election day; who because of sickness, physical disability or confinement in jail or because of religious belief cannot appear at the polling place on election day.

P. C. Messer, county clerk, announced that his office will be open on their regular business hours, Monday thru Friday 8:30 a.m. until 5:00 p.m. They are closed on Saturday and Sunday.

Absentee voting is conducted by two methods: 1. Voting by mail; and 2. Voting by personal appearance in the county clerk's office.

Those persons voting by mail must mail an application for a ballot to the county clerk's office. The clerk will then mail the ballot to the person requesting it, who then vote the ballot and mail it back to the clerk. If it is returned in any other manner, it shall be void and not counted.

The application for an absentee ballot to be voted by mail must state the applicant's permanent address and the address to which the absentee ballot is to be mailed.

Qualified voters who, after the beginning of the period for absentee voting, apply for

an absentee ballot on the grounds of expected absence from the county, and who are absent from the county when they apply for the ballot and expect to be absent from the county during the clerk's regular office hours for the remainder of the absentee voting period, must state this in his application. The envelope containing the application for ballot must be post-marked outside the county. The ballot must be mailed to the voter at a point outside the county.

Qualified voters may make application for an absentee ballot up to 60 days before absentee voting begins, but the ballot will not be mailed to the voter until after the absentee voting period starts.

A voter who become ill or suffers a physical disability 5 days or less before election day and will be unable to come to the polls may vote absentee in this way. He shall make a written request signed by him or signed by a witness at the voter's direction, and the witness shall present it at the clerk's office. The clerk will send the voter a ballot by the person presenting the request. The voter may select any person 18 years of age or older who is not a relative to present the request for a ballot or to deliver the marked ballot back to the clerk.

Donley County does not have any write-in candidates, but there are a few around the state. Write-in candidates who have filed with the Secretary of State are: For

Governor: Steve Warshell and L.A. Sims; for Railroad Commissioner, Debbie Lazar and U.S. Senator, L.A. Sims, Darryl Anderson and Leonard Mark Bennett; Attorney General, Diane Sarge.

The 1982 General Election ballot contains lists of candi-

dates from four political parties: Democrats, Libertarian, Republican and Citizens.

Also listed on the ballot are six proposed constitutional amendments which Texas voters are being asked to vote on. (List of these proposed constitutional amendments are on page 2.)

## Mrs. Santa Contest gets under way

It isn't too early to be considering who you might consider to be nominated as the Mrs. Santa for 1982. November will be over with before you know it and the second week in December will be the deadline and the Late Night Shopping community party.

This will be the third year for the annual event that has found two very special ladies in out county who could qualify to be Mrs. Santa. Last year's Mrs. Santa was Virginia James and she was certainly a good candidate.

List in a letter of the qualities such as appearance, disposition, good deeds, charity, jolliness, a special way with children and so on that you think Mrs. Santa would need to possess in working with all of those elves and her hard working husband, Santa Claus. Write us a letter and drop it by the newspaper office.

As in the past, we will take the letters out of town to be selected. We will get an objective view and the Mrs. Santa will be notified the

evening of the Late Night Shopping community party. Santa Claus will give her a smacking big kiss, a red rose and her picture will be on the front page of the paper.

We know that there are many wonderful choices out there. Mothers, grandmothers, neighbors, friends and so on. Write now, let's hear about your idea of who Mrs. Santa should be. We appreciate the efforts to help us in the past.

## Charlie Waters and Jerry Hodge in Clarendon

## PUBLIC NOTICE

### BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS

#### GENERAL ELECTION NOVEMBER 2, 1982.

#### PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 1 proposes a constitutional amendment that prohibits any state ad valorem tax. Receipts from previously authorized state ad valorem taxes that are collected after the effective date of the proposed amendment shall be deposited to the credit of the general fund of the county collecting the taxes and may be expended for county purposes. Taxes collected before that date shall be distributed by the legislature among educational institutions eligible to receive those funds under prior law. The proposed amendment also repeals a section of the Constitution levying an ad valorem tax for a construction fund for 17 state colleges and universities.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment repealing the state property tax."

#### PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 62 as amended by Senate Joint Resolution 10 proposes a constitutional amendment that would eliminate the \$80,000,000 ceiling on state welfare aid during any fiscal year. The amendment would set the state welfare spending limit at \$160,000,000 for the 1982-1983 biennium.

The amendment further provides that, for each subsequent biennium, the maximum amount spent for state welfare shall not exceed one percent of the state budget.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to provide assistance through the appropriations process to needy persons and to place a ceiling on payments for needy dependent children at one percent of the state budget."

has to raise \$3,800 out of special efforts, such as craft shows, donations. Each person makes a contribution towards the 19,923, which goes toward the meals and the 25 cents helps defray the \$3,800.

They also have a budget of \$14,972 to provide meals for the handicapped and sick. People who are unable to come to the center for their meal...\$9,633 is subsidized by the federal government, the center has to raise \$1,030 and \$4,309 is contributions for the meals themselves. The break down for preparing the food, etc. comes to about \$2.56 per meal.

This year some of the government funds, such as social services and transportation were completely deleted from the budget.

Anyone who has ever eaten a Clarendon Senior Citizens lunch, knows how delicious it is. They are not only well prepared and nutritious but pleasing to the eye.

### Grievance Committee met

The Donley County Grievance Committee met Oct. 13, at 2 p.m. in a called session by County Judge, W.R. Christal, chairman.

The Grievance Committee consists of the chairman, who does not have a vote; Sheriff William J. Thompson; County Tax Assessor-Collector, Wanda Smith; County Treasurer, Freida Gray; County Clerk, P.C. Messer; County Attorney John C. Knorpp and four members of the Grand Jury appointed by the Commissioner Court, who were: Adrain Youngblood, Burl Hollar, Duane Garman and Bessie Fichte.

They met for the purpose of hearing grievances brought forth by County Attorney John C. Knorpp on the matter of salary and travel expense. The County Attorney's salary of \$968.93 a month was raised by a unanimous vote to \$1,100 a month. He receives a travel allowance of 20 cents per mile, and asked for the state rate of 23 cents per mile. This request was refused to the Commissioners Court.

Freida Gray county treasurer was receiving a salary of \$771.75 per month and asked that her salary be raised to comply with the other elected officials salaries of \$968.93 a month for County Clerk P.C. Messer; County Judge, Billie Christal; and Tax Assessor-Collector, Wanda Smith; Sheriff, William J. Thompson receives \$1,074.94 while W.O. Weatherly, Hedley Justice of the Peace receives \$750.14 monthly. Tunney Kent receives \$750.14.

The Grievance Committee voted unanimously to raise the County Treasurer salary to comply with other elected county officials.

#### PROPOSITION NO. 3 ON THE BALLOT

Senate Joint Resolution 8 proposes a constitutional amendment that would exempt machinery and equipment used in the production of farm and ranch products from taxation. No dollar limits would be imposed and the exemption would apply to corporations and partnerships as well as to families and individuals.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment exempting implements of husbandry (agricultural machinery and equipment) from ad valorem taxation."

#### PROPOSITION NO. 4 ON THE BALLOT

House Joint Resolution 77 proposes a constitutional amendment that would authorize the Legislature to set a four year maximum term of office for board members of certain water districts and conservation and reclamation districts.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the Legislature to provide terms not to exceed four years for members of governing boards of certain water districts and conservation and reclamation districts."

#### PROPOSITION NO. 5 ON THE BALLOT

House Joint Resolution 119 proposes a constitutional amendment that would authorize Tarrant and Bee counties to hold county-wide elections to abolish the county treasurer's office by majority vote.

Should the county treasurer's office be abolished, the duties, powers, and functions of that office would be transferred to the county auditor or the successor to the auditor's functions.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to abolish the office of county treasurer in Tarrant and Bee counties."

#### PROPOSITION NO. 6 ON THE BALLOT

Senate Joint Resolution 62 proposes a constitutional amendment that would raise the constitutional interest rate limit on state general obligation bonds from 6% to 12%. The new 12% ceiling does not, however, apply to bonds issued by the Veterans' Land Board.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment increasing the maximum interest rate allowed on state general obligation bonds to a weighted average annual interest rate of 12%."

to the 5 yard line to make the score 14-0.

Another good Clarendon kickoff return, this time by Rodney Smith, brought the ball out to the Broncho 38 yard line. But on third-and-one, David Weather-ton was stopped cold at the line of scrimmage and Thomas was forced to punt again. He got off another fine kick, again backing the home team up against their own goal line at the 5.

Then seniors Brad McGuire and Todd Muse combined to sack Lamberson on a third down passing attempt, and the Panthers had to punt from their own 1 yard line.

Taking the ball at the Panther 45, the Broncho offense seemed determined to take advantage of such good field position. On a third down power play, full-back David Weather-ton cleared out a hole for tailback Curly Weather-ton, who broke through the purple defense for 24 yards to the Panther 12. Then Howell gained 10 more on a keeper to the 2.

The game was poised at a crucial turning point. A Clarendon touchdown seem-

ed almost inevitable.

But it was not to be. On first-and-goal from the Panther 2 yard line, David Weather-ton attempted a dive play. He fumbled the ball and the Panthers recovered. A replay of the game film reveals that he may have been down (i.e. his knee touching the ground) before the fumble, which would have negated it and given the Bronchos three more downs in which to score. Unfortunately, though, it was ruled a fumble.

Just before halftime, senior Safety Kelly Hill intercepted a Lamberson pass at the Broncho 5 yard line and returned it to the 38, but time ran out before the visitors could mount another drive.

As the second half began, Rusk fumbled the ball at his own 32 and the Bronchos recovered, smelling touchdown and comeback. They moved the ball to the 20, but from there Howell launched a pass intended for Kelly Hill near the goalline. The pass was intercepted by the Panthers, who quickly regained the momentum by driving steadily to the Broncho 20 yard line. There another controversial play occurred.

Rusk ran a familiar sweep

to his left and raced down the sideline to the Broncho 4 yard line, where he was tackled by Curly Weather-ton. Rusk fumbled while clearly still upright, and Kelly Hill recovered the fumble. Then senior Noseguard Ken Dorris hustled in and dove for the loose football, hitting Hill. A yellow flag flew.

Somehow, Panhandle retained the football and Clarendon was penalized for "piling on," though Rusk, the only Panther player amidst about five Bronchos, was never touched by Dorris. One play later Panhandle scored again, making it 21-0 and drastically reducing Clarendon's comeback hopes.

Such hopes were diminished further a few minutes later when Rusk burst through the middle of the Broncho defense for a 61 yard touchdown run, upping the lead to 28-0.

But the Bronchos did not give up. Rodney Smith had another fine kickoff return to the 43 yard line, and on first down David Weather-ton duplicated Rusk's feat by powering right through the heart of the Panther defense and into the open field for a

57 yard touchdown run. The Bronchos went for a 2-point conversion, but Howell was sacked on a pass attempt, leaving the score 28-6.

On their next possession, the Bronchos, trying desperately to narrow the margin, attempted a screen pass to Tigh End Kelly Hill. Howell's pass, though, was intercepted by an alert Panther defensive end who ran 30 yards into the Broncho end zone. 35-6.

On the next Broncho kickoff return, David Weather-ton ran the ball out to the 40, where he was tackled and landed on his back still clutching the football. He landed hard, though, and the impact with the ground caused him to fumble. It should have been ruled no fumble, but it wasn't.

The Panthers took the ball and scored again on a Lamberson touchdown pass. 42-6.

Still another controversial fumble occurred, late in the fourth quarter. Broncho quarterback Dyron Howell ran a keeper deep in his own end of the field and was tackled but never lost possession of the football. The Panther tackler, however, also had his arms around the ball. Though the ball was never separated from Howell, it was ruled a Panther fumble recovery.

The Panhandle starters, still in the game, seemed determined to reach the magic number 49, which they did on another touchdown pass in the game's final minute.

It was a night of frustration for the Clarendon contingent. But the district race is still undecided.

The Maroon must remember, as Scarlett did, that "tomorrow is another day".

**7th Grade lose to Panhandle**

Under a dark and threatening sky the Panhandle Panthers Cubs took the first kick off from the 7th grade Colts, making three first downs in a row, before slowly driving yard by yard down the field until they made a touchdown and ran the extra point over for two points. They had managed to control the football all except 1 minute of the 6 minute first quarter.

The Colts had only 1 minute before the second quarter, taking the kick off they made about six yards, then on the next play made a first down, before the quarter ended.

The Colts were unable to move the ball and turn it back to the Panther Cubs who started their second touchdown drive. They did the same as before, driving the ball down field on short gain, making enough yards for first downs to keep the drive alive and scored their second TD with 2:10 minutes left in the second quarter making it a 14-0 ball game for the Panther Cubs.

The second half saw the Panhandle kicking off to the Colts, after a short carry back, Brad Shadle made a good 20 yard run for the first down. But on the second down, a penalty found them with a third down and about 25 yards for a first. Brad took the pitch back, going down the right side, then cut to the middle of the field, with Panther Cubs breathing down his collar, all the

way, put the Colts on the board for 6 points, but the extra points failed, making it a 14-6 game for Panhandle.

The fourth quarter was like the first, with the Colts dominating the ball for most of the quarter. They made another TD and extra point, making it a 22-6 game. The Colts took the ball the last time with only 16 seconds left on the board, they threw a pass, making good yardage, but the clock ran out...leaving the 7th grade Colts on the short end of a 22-6 ball game.

**8th Grade's streak ends 20-6**

The sun is covered by the clouds moving in from the west, and occasionally a drop of water begins to fall. The game is started 15 minutes early but the rain still came in roaring like a spring thunderstorm.

Panhandle Panthers got the ball and on their first possession they moved in for a touchdown. The kick was good and the score at the end of the first quarter was 7-0.

The rain got worse and the Colts couldn't move the heavy water soaked ball nor could they tackle Panhandles big man, who continued to get more slippery. The Panthers scored on another drive in the second period making the score 14-0.

The Panthers kicked off to the Colts and on a sweep right from the 25 yard line, Marcos Smith ran for a 75 yard touchdown leaving a string of fallen Panthers. The conversion failed and it was then 14-6.

The second half is much like the first with lots of rain, mishandled balls, and slippery bodies. The Colts couldn't get outside any more. But the Panthers did finally score again making the final score 20-6.

**JV loses to Panthers 28-0**

The rain stopped but the field is plenty wet and slippery. With this kind of field conditions the table is set for many errors, especially for a high risk offense.

A bad snap from center on the punt attempt gives the Panthers the ball on the Broncho 5 yard line. First down and it only took one down and the Panthers were on the board. Then a pass play on the conversion for 2 more, making the score 8-0.

After the kick off the Bronchos still had a little trouble moving the ball and again they punted. The Panthers again went to the air and the Broncho interfered with a Panther receiver on the Broncho 7 yard line. Again the Panthers went up the middle on first down for a touchdown. The conversion failed, making it 14-0.

The Panthers kick to the Bronchos when again a slick ball slips and the Panthers have it on the Broncho 26 yard line. Again they scored and the conversion was good. The score was 22-0.

The Bronchos start the second half off by kicking. The defense holds and the Panthers punt. The Broncho offense moved the ball to the Panther 10 but again fail to score.

The defense caused a fumble and the Bronchos offense again have the ball on the Panther 8 yard line, but 4

downs later the Panthers take over and again thwart a Bronco score.

The third quarter saw a good defensive effort by both teams with little offense and no scores.

Midway through the fourth quarter, the Panthers use the middle screen pass for a 52 yard touchdown. The conversion failed, making the final score 28-0.

## 1983 Farm Program - Cotton, Wheat, & Feed Grains

Recent announcements and regulation changes have been made that will affect the 1982 farm program. Listed below are the details as we have them "today".

1. For all programs (cotton, wheat and feed grains) - Sign-up began October 1st and will continue through March 31, 1983.

2. Notices of Yields and Permitted Base Acres for wheat and feed grains were mailed to producers on September 30th. Cotton notices will be mailed in the near future.

3. Advance payments - Diversion and deficiency advance payments will be made to producers if requested at the time you sign up; but don't expect to get paid the day you sign in the program.

4. Neither off-setting nor cross compliance will apply to any of the 1983 programs.

5. Cotton Program Details

A. An 20% reduction is required for producers to be eligible for the 1983 program. In addition, a voluntary 5% additional diversion may be set aside for payment.

The additional diversion for pay will be computed on your 1983 planted acres within the farm permitted acreage. The required diversion is also computed on the actual acreage planted within your permitted acreage. Therefore, if you plant less than your maximum permitted, your required conserving use acres would be less.

B. The 1983 acreage base will be the same as your 1982 base if you participated in the 1982 program or if you certified to zero planted acres in 1982. The base on farms that did not participate or did not report will be set on an average of the 1981 and 1982 planted acres.

C. The 1983 target price is 76c per pound and the 1983 loan rate is 55c per pound based on strict low middling 1-1/16 inch cotton, Micro-naire 3.5 through 4.9.

D. The payment rate for

the additional diversion will be 25c per pound.

The estimated deficiency payment for 1983 has been set at 12.8c per pound.

At sign-up time a farmer can request an advance payment based on 50% of the estimated deficiency rate (6.4c x yield x intended planted cotton acres) and 50% of the additional diversion.

E. Program participation entitles you to be eligible for loans, deficiency payments and additional diversion payments if you sign up for the additional diversion.

F. Land designated for conserving use must have been devoted to row crops or small grains in two of the last three years. The designated acreage cannot be mechanically harvested and cannot be grazed during the six months principal growing season.

7. Wheat Program Details

A. A 20% reduction is required for producers to be eligible for program benefits. 10% of this reduction (10% x base) will draw a payment. The balance is a minimum required. Farmers who plant fewer than their permitted acres (80% of the farm base) will be allowed to devote fewer acres to conserving use. EXAMPLE: 100.0 acres feed grain base - 50.0 acres planted - your conserving use acres would be 6.3 acres plus 10.0 acres required for a total of 16.3 acres.

B. The 1983 feed grain bases will be the same as it was in 1982 no matter whether you participated or not in 1982. (combined totals - grain sorghum, corn and oats, barley).

C. The 1983 target prices

acres to conserving use. EXAMPLE: 100.0 acre wheat base - 50.0 acres planted. Your conserving use acres would be 14.4 acres plus 5.0 acres required for a total of 19.4 acres.

B. The 1983 wheat base will be the same as it was in 1982 no matter whether you participated in the program or not in 1982.

C. The 1983 target price has been set at \$4.30 per bushel. The national average loan rate was set at \$3.65 per bushel for a regular loan and \$4.00 per bushel for wheat placed in the farmer owned reserve.

D. Producers may request an advance payment of 50% of the diversion payment and 50% of the projected deficiency payment at sign-up. The advance diversion payment is \$1.35 per bushel times the farm yield times 5% of the base. The advance deficiency payment is 32.5c per bushel times the farm yield x the acreage intended to be planted. The above payment rates equal 50% of the total rate.

E. Program participation entitles you to be eligible for loans, diversion payments and deficiency payments.

F. Land designated for conserving use must have been devoted to row crops or small grains in two of the last three years. The designated acres cannot be mechanically harvested and cannot be grazed during the six months principal growing season.

7. Feed Grain Program Details

A. A 20% reduction is required for producers to be eligible for program benefits. 10% of this reduction (10% x base) will draw a payment. The balance is a minimum required. Farmers who plant fewer than their permitted acres (80% of the farm base) will be allowed to devote fewer acres to conserving use. EXAMPLE: 100.0 acres feed grain base - 50.0 acres planted - your conserving use acres would be 6.3 acres plus 10.0 acres required for a total of 16.3 acres.

B. The 1983 feed grain bases will be the same as it was in 1982 no matter whether you participated or not in 1982. (combined totals - grain sorghum, corn and oats, barley).

C. The 1983 target prices

for feed grains have been set as follows: Corn, \$2.86 per bushel; Grain Sorghum, \$4.86 per cwt; Barley, \$2.60 per bushel; Oats, \$1.60 per bushel.

The national average loan rates are as follows: Corn, \$2.65 per bushel; Grain Sorghum, \$4.50 per cwt; Barley, \$2.16 per bushel; Oats, \$1.36 per bushel and Rye, \$2.25 per bushel.

D. Farmers may request an advance payment of 50% of the diversion payment and 50% of the projected deficiency payment at sign-up. The advance diversion payment rates are: 75c per bushel for corn and milo, 50c per bushel for barley and 37.5c for oats.

The advance deficiency payment rates are: 10.5c per bushel for corn, 10c per bushel for grain sorghum and 7.5c per bushel for barley. Advance deficiency payments are not authorized for oats.

E. Program participating entitles you to be eligible for loans, diversion payments, and deficiency payments.

F. Land designated for conserving use must have been devoted to row crops or small grains in two of the last three years. The designated acres cannot be mechanically harvested and cannot be grazed during the six months principal growing season.

Emergency conservation Program approved for Donley County

An initial allocation of funds has been received to help producers defer costs of restoring terraces, (standard and parallel) diversion terraces, waterways, dams and ponds, drainage systems, and water channels. Sign-up is now underway and will continue through November 12, 1982.

Cost-shares will be 64% of the actual cost. A farm inspection must be made before any construction work can begin.

**Shaller on Board of Directors**

Ted Shaller of Clarendon was recently elected to the

Donley County board of directors October 4, 1982. Shaller represents Zone 4 of the district. Shaller has been on the board for 2 years filling the unexpired term of Glen Wately.

The purpose of the Donley County SWCD, with headquarters in Clarendon is to promote sound soil and water conservation programs on farm and ranch lands within the district and to serve as a voice for farmers and ranchers on conservation matters and other issues affecting private property rights of landowners.

The board of directors coordinates the conservation efforts of various local, state and federal agencies and

other organizations and has authority to enter into working agreements with these governmental agencies and private concerns to carry out its purposes.

As one of five individuals serving on the district board of directors, Shaller will be responsible for district policies and procedures for carrying out the district program within the framework of the Texas soil conservation district law.

Shaller has been nominated for an Excellence in Grazing Management Award by the Texas Section Society of Range Management.

Shaller is married and has two sons, Steve and David. In Texas are 201 soil and

water conservation districts. Each is a legal subdivision of state government organized by local agricultural landowners with the assistance of the Texas State Soil and Water Conservation Board. Unlike most other legal subdivisions of state government, SWCDs do not have the power of taxation or eminent domain. All conservation programs managed by the districts are of a voluntary nature to the landowners or operators.

It takes 32,000 miles of Lone Star pipeline to deliver the gas you need. Manager of Construction Services Bill Becker is one of more than 4,000 Lone Star specialists who keep this system efficient—and growing.

### Lone Star people help keep gas first in efficiency.

Efficiency alone can't solve the problem of rising gas prices. We're buyers of gas, like you. And we deliver. Gas that cost us 18 cents in 1972 cost \$3.46 in mid-1982. And the cost can go up every month. However, we can control part of the gas bill you pay. We do it by getting gas from the wellhead to you as efficiently as possible. It's one of the biggest delivery jobs in the nation. It involves over 4,000 Lone Star people, 32,000 miles of pipeline and a huge investment in transmission, distribution and processing facilities. Yet all this accounts for only about 15% of your gas bill. The other 85% is the cost of gas itself. Efficiency alone can't solve the cost-of-gas problem. But it keeps the problem from compounding.

You and your family can protect your health. Here, from the experts at the U.S. Department of Health and Human Services, are some sensible suggestions to follow:  
• **Avoid cigarettes.** Cigarette smoking is the single most important preventable cause of illness and early death.  
• **Follow sensible drinking habits and use care in taking drugs.** If you drink, do it wisely, and in moderation. Even some drugs prescribed by your doctor can be dangerous if taken when drinking alcohol or before driving.  
• **Eat sensibly.** A sensible diet can reduce your risk of heart disease. If you are overweight, lose it. Overweight individuals are at greater risk for diabetes, gall bladder disease and high blood pressure.

• **Exercise regularly.** Almost everyone can benefit from exercise—and there's some form of exercise almost everyone can do.

## Mays-Tipton wed

Deena Cheryl Mays and Weston Dean Tipton were united in marriage on September 17, 1982 at 11 a.m. in a garden wedding. The Reverend Paul Heil officiated the ceremony.

Deena is the daughter of Mr. and Mrs. Loyd Mays and granddaughter of Mrs. Vera Johnson and the late C.A. (Penny) Johnson and the late Mr. and Mrs. L.T. Mays.

Weston Dean is the son of Mr. and Mrs. L.E. Tipton and the grandson of Mr. and Mrs. C.W. Horne and Mr. and Mrs. H.L. Tipton all of Howardwick.

Donna Johnson Roys of Pampa was Matron of Honor. Donna wore a voile apricot floor length dress and carried a single ecru silk rose with ecru lace and apricot ribbon streamers tied in love knots.

The Best Man was Bobby Mori of Fort Worth, a life long friend of Wes. He wore a brown suit accented with a ecru silk mum boutonniere. The ring bearer was Logan Mays of Clarendon and the son of Mr. and Mrs. Gary Mays. He was dressed in blue accented with a silk rose bud boutonniere. Logan carried a white satin pillow bearing wedding rings. Lynn Mays, brother of the bride, was usher for the bride and Lance Rogers was usher for the groom.

Judy McCully, the organist, taped several beautiful selections of the bride's favorites, "Indian Love Call", "More", "Laura's Theme" and "You Light Up My Life". Mrs. Jimmy Stewart registered the guest.

The groom was dressed in a brown jacket and beige trousers and accented with a silk ecru rose boutonniere.

Father of the bride, Loyd Mays, escorted Deena down the aisle decorated with alter post with fluted crystal vases and apricot candles and

bows. The bride wore a long candlelight beige dress with a matching lace jacket. The jacket was waist length with an oval neckline and butterfly sleeves. The dress was accented with candlelight beige bridal hat with turned up brim on the right side and shoulder length veil. Deena carried a traditional style bouquet of apricot Camellias with Baby's breath and apricot orange blossoms with floor length lace and apricot satin streamers tied in love knots and strands of seed pearls.

The bride's hand was given in marriage by her father who tucked it securely into the groom's hand. Reverend Paul Heil presented a beautiful wedding ceremony. Deena and Wes repeated their vows in front of a white lattice alter with two large white wedding bells accented with apricot Lillies and bows. The alter was flanked with wicker baskets of greenery and apricot candles in etched crystal vases. The brides table was covered with an ecru lace cloth over apricot. Beth Johnston, aunt of the bride, served the bride's cake made by her grandmother, Veral Johnson. The three tier cake was candlelight beige and accented with apricot roping and rosebuds. The bride and groom cake top was first used on the bride's grandparents' 25th wedding anniversary cake and on her parents' 25th wedding anniversary cake. Donna Roys served apricot sherbert punch. The groom's table was covered in a beautiful candlelight beige cloth trimmed in lace, handmade by his great aunt, Mrs. Verdie Tipton.

The groom's cake was served on an antique scalloped silver tray presented to his grandparents. Mr. and

Mr. and Mrs. Weston Dan Tipton and Logan Mays

Mrs. C.W. Horne, on their 25th wedding anniversary and then later presented to his parents on their anniversary. Dana Dean served the groom's chocolate cake made by his mother, Mrs. Sharon Tipton.

Bobby Mori caught the bride's garter and Vera Johnson caught the bride's bouquet. Wes and Deena were showered with rice made from beautiful rice bags by his Aunt Verdie as

they left for a short honeymoon in Ruidoso, NM at the Inn of the Mountain Gods.

The memorable ceremony and reception were captured in photographs by the bride's cousin, Gary Mays, Uncle Owen Johnson and brother, Lynn Mays.

The couple will make their home in Amarillo. The groom is employed at Forsey Manufacturing, Inc. and the bride is employed at Peat Marwick and Mitchell.

Mr. and Mrs. Harold Browning visited their son, Mr. and Mrs. Bill Browning, in Frederick, Okla., Monday.

Mr. and Mrs. Henry Haste's daughter-in-law and granddaughter, Jeanie and Jennifer Haste, from Elkhart, Kansas came Sunday to visit a few days. The Haste's daughter, Pat Allen and children, Brad and Andrew, and their son Barry Haste and Rhonda and Rhonda's sister, Teresa, all from Clarendon came to visit them Sunday.

This Saturday is Community Center. We eat at 7:30.

## Jessica Shields one year old

Jessica Shields celebrated her first birthday Oct. 3, at Mr. and Mrs. Herbert Shields' home. She was entertained with a party featuring Panda Bear decorations. Even the birthday cake was a Panda Bear. Jessica was too little to do much playing, but her brother, Josh, and lots of cousins and friends did lots of playing for her. Guests included Kari and Samara Shields, Tina and Tracie Shields, Gabriel and Xitali Menchaca, Shauna Lauderdale, Amy, Nathan, and Janan Koozt, Derek and Susie Shields, Carrie, Heather, and Renee Shields. Great-granddaddy Richard Lewis, Grandma and Grandpa Herbert and Hazel Shields big brother Josh and, of course, mom and dad, Brenda and David Shields were also there. Jessica is also the granddaughter of Mr. and Mrs. Roy Ritchie of Clarendon.

## Clara Mae Carter has party

Clara Mae Carter received a surprise birthday party Saturday afternoon, October 16. She was presented with a nice color TV set from her boys.

Refreshments were served by her sister Ted Carter. The table was covered with a lace table cloth over pink satin with an arrangement of pink roses in the center. The napkins read Clara Mae Carter Happy 75-1982. Also on the table was a silver candle holder which held a green candle.

Those attending were: Margrette and Cheater Carter, Bells; Zella and Clyde Carter; Leon and Ted Carter all of Sherman; Reed and Louise Carter, Dumas; Neel, Jon and Adam, Elkhart, Kansas; Bradis and Donald, Mr. and Mrs. Dick Dingler, Eunice and Henry Mann, Tinnie Smith, Emma Shannon, Ethel Lee Dodson and Frank Ried all of Clarendon.

## Look Who's New Kelley Lee Ann Bunyan

In case you haven't heard the word, Jason Bunyan would like to announce the birth of his sister Kelley Lee Ann, born October 6 at Northwest Texas Hospital, Amarillo.

She weighed 8 lbs. 9 ozs. and was 21 inches long. Our parents are Grey and Cindy Bunyan.

Grandparents are Mrs. Ann Bunyan and Steve and Dortha Reynolds of Clarendon. Our great grandparents are: Flossie Reynolds of Clarendon, Dorothy and Scotty Sullivan of Amarillo, and Mr. and Mrs. Vernon Bunyan of Wichita, Kansas.

## Tax statements delayed

Property Tax statements will be late this year! Tax records for all seven tax entities principally in Donley County have been combined in the Appraisal District Office. All tax rates are now adopted and calculation of all tax statements are in progress; they will be combined in one envelope for economy in preparation and postage.

## HONEST ANSWERS TO FAIR QUESTIONS

Our Customers Are Concerned About The Cost of Quality Electric Service, and So Are We. Here's a Sample of the Questions They're Asking and the Answers We're Giving.

Q. Why is WTU asking for a rate increase?

A. There are three related reasons: inflation, the rising cost of capital, and WTU's massive construction program. Mainly, the request is based on capital expenditures during the past year.

Q. When was the last time you raised retail electric rates?

A. WTU has had only three rate increases in its history, while it has lowered rates 14 times. The last increase was February, 1982, and it amounted to an average of just over 8 percent.

Q. Why is WTU having to raise its rates again so soon?

A. The rate relief granted to us by the cities and the Public Utility Commission of Texas last time proved inadequate. It did not keep up with the cost of additional plant, inflation and high interest rates. Our revenues have not provided an adequate rate of return.

Q. What are other utilities doing about rates?

A. Without exception, all electric utilities are having to increase their rates. Some have been filing rate cases every year. Bill comparisons reported by the Public Utility Commission of Texas show that WTU's rates are second lowest among investor-owned utilities in Texas.

Q. Why are you building a big new plant? Isn't energy use declining?

A. Energy use in WTU service area is growing. This summer our peak demand reached 994 megawatts. Our current generating capacity is 1,054 megawatts. The summer peak left us with insufficient reserve margin. We will purchase power from neighboring utilities as a stop-gap measure, but the time has come when we must expand our own generating system, if we are to continue providing service our customers are used to.

Q. What would happen if you could not get a rate increase?

A. The financial condition of our Company would deteriorate rapidly. Our credit rating would suffer. We would no longer be in position to attract capital at reasonable interest rates to finance necessary major construction. We would have to pay higher interest rates at the expense of our customers.

### Heat's On By KATIE DVORAK

Chicken is my favorite, next to lobster and crab legs, but since we live a little too far in-land, let's talk chicken.

#### DANISH CHICKEN BREASTS

10 half breasts of chicken, boned and skinned  
10 strips Danish natural cream cheese  
2 eggs, lightly beaten  
¼ tsp. salt  
2 C fine soft bread crumbs  
4 TBS oil  
2 TBS butter or margarine  
On under side of each breast, tuck a strip of cream cheese beneath the long thin muscle or make a pocket with a sharp knife.

In a bowl, blend eggs and salt. Dip chicken into egg then coat with crumbs.

Heat oil and butter in skillet. Brown chicken briefly on skin-side about 1 minute turn and brown another minute. Transfer to baking pan. Cheese side down, bake at 350 for 20 minutes. Serve at once.

#### CHICKEN LASAGNA

1 broiler-fryer chicken cooked and cut in bite size pieces  
2 TBS oil  
1 medium onion, chopped  
1 can mushroom pieces  
1 can Italian-style tomatoes, cut in pieces (28 oz.)  
1 can tomato sauce (8 oz.)  
1 tsp oregano  
1 tsp basil  
1½ C cottage cheese  
½ lb. mozzarella cheese, shredded  
½ C grated parmesan cheese  
3 eggs beaten  
2 TBS sour cream  
1 tsp. salt  
¼ tsp. pepper  
1 pkg. lasagna noodles, cooked (8 oz.)

Fry onion and mushrooms about 3 minutes. Add tomatoes, sauce, spices. Simmer 15 minutes.

Mix cheeses, eggs, sour cream, salt and pepper.

Grease shallow baking dish and pour a little of tomato mix in bottom, add layer of noodles, cover with pieces of chicken, add cheese mix and then tomato sauce. Repeat layers, ending with sauce. Sprinkle remaining ¼ C parmesan cheese on top and bake at 375 about 40 minutes or until hot and bubbly.

To cook chicken, cut in parts and place in deep saucepan with 2 C water, 1 small onion, quartered; 1 rib celery with leaves; 1 tsp salt; and ¼ tsp pepper. Cover and simmer 45 minutes, remove and cool, remove meat from bones.

#### PLUM NUTTY CHICKEN

1 broiler-fryer chicken cut up salt  
2 TBS oil  
1 can (16 oz) whole plums  
1 C dry white wine  
1 pkg (6 oz) long grain and wild rice  
½ C toasted walnut pieces  
Sprinkle chicken lightly with salt, brown in oil, on each side. Reduce to low, cover and cook 10 minutes.

Rome and drain. Drain plums, reserving ½ C juice. Combine reserved juice with wine; add enough water to make 2½ C liquid. Add liquid to skillet. Stir in contents of rice and seasoning packets. Arrange chicken pieces over rice mix. Bring to boil. Cover tightly and cook over low heat until all liquid absorbed, about 25 minutes.

Quarter plums, removing pits. Arrange plums and walnuts over chicken and rice, heat through.

By NAOMI GREEN

Our neighborhood felt the loss of Terry Cole Sunday. Our sympathy is extended to the family.

Lily Knox spent several days with Nonie Hinders in Memphis last week. Nonie has been feeling under the weather.

Mary Green was in Pampa Wednesday for a Girl Scout meeting.

La Rue Pitman of Amarillo was with her parents the Tom Shadles Sunday.

Anna Porter from Lovington, New Mexico is spending some time this week with her daughter Mrs. Benny Clay.

Mr. and Mrs. J.R. Graham were in Lubbock Saturday to see the Cole family.

Missy Kidd and Cathy Holland made a business trip to Memphis Monday.

Katie and Carl Hall spent Wednesday to Sunday with the Royce Halls. Alma Hall of Amarillo came Saturday.

They all went to Hedley to see Buela and Durell Hall.

Mr. and Mrs. Charlie Hearne were in Houston for Charlie's check-up. He received a good report. They also visited their son, Billy and his family in Houston. They went on to Laredo and had a visit with daughter, Shirley and family, the Mickey Thomases.

Horace and Naomi Green were in Lubbock Wednesday for a reception for Robin Green one of the first graduates from Texas Tech Law School. The reception was honoring his book about divorce laws in Texas, "Divorce Without Defeat".

Mike Graham and the Horace were among other neighbors who saw the Cole family at Lubbock General Hospital Wednesday. Mike was back again Sunday to be with the family.

Fred and April Fink of Groom visited with the Skeet Browns Saturday.

Paula and Lea Brooke Garvin were in Amarillo Thursday for medical check-ups.

Ruby Jewel and Warren Hardin got a chance to play grandparents role. They have been waiting in the wings for over nine months. The real stage is even more fun than anticipated.

Mary Green and Jerry and Christal made a business trip to Memphis Saturday and visited the Haskell Talleys. Enroute home they saw Mrs. Bill Talley and children at Hedley.

Melba Risley visited Friday with Leane Thornberry at Memphis. She also saw Mrs. Hawley Harrison at the hospital. She brought Seth home with her. Jo Shallenbarger of Palesades came for the weekend with her parents. Leane and Tricia came up Sunday and the family attended church services together. Leane took

Seth home.

Geneva Johnson and Evelyn Tolbert were in Amarillo Saturday and saw Robert Murphy and his wife, Ellen Collie and her husband, Frances Gafford and her daughter and Norma Hall. They also visited the new mall.

Mr. and Mrs. Skeet Brown had supper with Harvey and Rosa Lee Lockwood at Claude Friday night.

Mr. and Mrs. Doss Finley and Mr. and Mrs. Lloyd Risley were among others who attended the community center 42 party at Chamberlain.

Mrs. Florine Bennett, Annie Thomason and Yvonne Belle McDaniels went to Amarillo Tuesday to the new mall.

Mr. and Mrs. Lloyd Risley attended the Supper Club at Lacy and Mary Lee Nobles home Friday evening. Mrs. Florine Bennett and

Mrs. J.D. Wooton visited with Blanche Higgins at High Plains Hospital Thursday. They also saw Darren Miller a cousin of Florine's who is in the same hospital with a broken neck.

Mr. and Mrs. Pete Land went to Tulsa to see Mr. and Mrs. C.G. Cobb Sunday. Enroute home they visited with Mr. and Mrs. W.H. Fitzgerald at Silverton.

We had .20 to half inch of rain late evening Thursday. Crows are trying to dig peanuts before we get them dug. Horace says crows are worse during depressions. Maybe all Reagan needs to do is get a crow exterminator.

## New Ambulance delivered in Clarendon Friday

On Friday morning, October 15, a new ambulance was delivered to Associated Ambulance Authority in Clarendon for use by the local Emergency Medical Services teams. The unit had been on

order since early July. The ambulance is a new 1982 Ford high-top super-van. It came equipped on an extra length one-ton chassis with a 460 CID engine and dual battery system and included all emergency and interior lighting in addition to electric suction, power inside vent, dual front and rear thermostat controlled heating and air conditioning,

pip in oxygen supply with three outlets, 110 volt power inverter, large external storage compartment, electric auto engine throttle, siren/air horn/PA unit, backup alarm, external shoreline charging receptacle, dual fuel tanks, dual spotlights, and many other items. The interior and exterior were completely finished out prior to delivery and all that was not included were the medical radio, stretchers, and supplies which were already owned by the Ambulance Authority. The unit was ready for service, with all equipment in place by early Saturday afternoon. Thanks

to a lot of help from several people working on the changeover to minimize down time of a unit. For a short time, there were three partially equipped units in the garage instead of two fully equipped ones.

The new ambulance was purchased from Summers Ambulance Co. in Duncanville, Texas but was built by

the Collins Corporation in Hutchinson, Kansas and was delivered from there to Clarendon by Summers Sales Representative Blake Clifton. The cost of the unit was \$20,000 with the majority of the purchase funds coming from an interest bearing account which has been accumulated by the

Authority. The entities which comprise the Authority; the City, County, and Hospital District, each contributed \$2300 so that the unit would be paid for when it arrived and so that no loan was necessary.

The purchase was made possible by the tireless efforts of ambulance board members. Hospital Board President Ernest Barbee, County Judge W. E. Christal, Mayor Shirley Clifford, and Hospital Administrator Billy Ray Johnston. Authority Secretary Connie Pitts also put in many hours of accounting to accurately determine the financial status of the purchase. The original bid was for over \$26,000 but the board was able to reduce this amount without sacrificing quality. These board members have always seen to it that Donley County has the finest emergency medical equipment for the local Paramedics, EMTs and ECAs to work with and they constantly assess the needs and the funds of the Authority to assure that we have the finest EMS anywhere.

The backup ambulance, a 1972 Chevy Van, which was purchased when the City, County, and Hospital District took over operation of the ambulance service in that year, was traded in on the new unit. The main unit, a 1978 Chevy High Top Van, now has in excess of 70,000 miles on it and will be put

into use as a backup and transfer unit for approximately five more years.

The new ambulance has the capability of carrying three adult-stretcher patients and as decided by the board, will be equipped as a Mobile Intensive Care Unit as soon as a few more items have been added. The requirements for licensing of ambulances had not changed for many years in Texas and were severely outdated. Recently, the Texas Dept. of Health enacted a new licensing procedure which defines three levels of registration; Basic Life Support Unit, Advanced Life Support Unit, and Mobile Intensive Care Unit. A few items need to be added to both units to qualify the new ambulance as a MICU and the backup ambulance as an ALSU. The backup ambulance will have all of the items necessary to qualify as an MICU except a cardiac monitor.

Donley County should be very proud of this new piece of lifesaving equipment and of the board members who made it possible.

It is tentatively planned to have the ambulance on display somewhere in town very soon. An announcement of place and time will be made as soon as plans materialize. In the meantime, anyone interested in seeing the new ambulance is welcome to do so, just contact an EMS crew member.

## New Ambulance arrives

The Associated Ambulance Authority wishes to announce the arrival of a new ambulance, received this past week. The new ambulance replaces a 1972 model ambulance which has accumulated several thousand miles and it was deemed by the directors of the Associated Ambulance Authority that the time had come to replace the ambulance, thereby giving the authority two ambulances that could be used without fear of something going wrong at the wrong time. It is the desire of the Board of Directors to make the two ambulances rated as intensive care ambulances in the very near future.

The new ambulance was made possible by the Associated Ambulance Authority Board of Directors, which is made up of the Donley County Hospital District, the city of Clarendon and the County of Donley. The board members are president E. W. Barbee, Vice-president W. R. Christal and Secretary Shirley Clifford.

The new ambulance was welcomed by the paramedics, EMT and ECA personnel who work with the Associated Ambulance Authority. The Board of Directors and other interested persons were also present for the arrival of the ambulance. The Board of Directors are now in the process of purchasing a new cardiac monitor-defibrillator for the new ambulance along with other necessary items to rate our ambulances as intensive care units. A donation or memorial to a loved one would be appropriate in this instance to help secure the needed equipment. The cardiac monitor-defibrillator is a life saving piece of equipment and does need to be in its place on the new ambulance as soon as possible. If you are interested in donating a piece of equipment or securing a piece of
