LaDonna Hewett Saints Roost Queen

Donley County will be well represented in their July Centennial celebration by Saints Roost Queen LaDonna Hewett, daughter of Mr. and Mrs. Bob Hewett and sister to Darren and Jeffery.

LaDonna is a 5'2" raving beauty with dark brown hair and a walk like a princess treading on eggs. She glides on her 3" heels as if rolling on well oiled wheels. LaDonna said she has been wearing heels since 5th grade because she was so short, and she practiced wearing her heels going up and down stairs so that she wouldn't stumble the night of the pageant.

Last year, LaDonna was 2nd runner up to Queen Gina Spier. "I was surprised then that I had made it so far," LaDonna said, "And now I'm still not sure I'm not dreaming."

LaDonna received her GED because she had been so ill and missed so much school her last school year. The 17 year old has taken an English course at Clarendon College and plans to enroll in a full semester this fall. Marriage is in her plans for the future to Tom Butler, a CJC electronics student.

First runner-up is Tammy Deen, daughter of Mr. and Mrs. Ronald Deen of Lelia Lake. The 14 year old is another dark haired beauty and Tammy plans to finish high school and then go to college, but she isn't quite ready to declare a field of endeavor yet.

Second runner-up is Shalane Chamberlain, daughter of Mr. and Mrs. Will Chamberlain. Shalane was in the pageant last year and was the only blond to make the five finalists. Little petite Shalane is a senior this year and loves to ride horses.

Kim Taylor from Hedley and Kim Wilson were among the five finalists. These tall, dark beauties must have been proud to have been selected from among so many beautiful young girls.

Judging the pageant were Raymond Rameriz from Amarillo, Wonnell Schultz from Memphis and Trena Insminger also from Amarillo.

Attending as special guests were Miss Bob Wills and Miss Hall County. Representative Foster Whaley and his lovely wife also attended again this year as special guests.

Susan Henson raffled off three paintings audience members. Genella Eads won a painting by Delores Crump Ertha Cummins won a painting by Pat Archuleta and Debra Blaggs won a painting done by Mary Martin. Congratulations ladies!

Monday was Flag Day

Monday was Flag Day. A few merchants flew the flag in front of their stores and a few residents remembered Flag Day.

"The American Flag," said Woodrow Wilson a half century ago, "is the embodi-

ment, not of sentiment, but of a history, and no man can rightly serve under that flag who has not caught some of the meaning of that history."

The flag flies today as a sign that Americans, proud of their country's stirring heritage, are determined to carry the American dream forward.

When one girl enlisted in the US Navy, her non-conformist and conscientious objector brothers called her a "flag waving sister," and that became a proud title rather than a demeaning slander.

It would be hoped that all of us would be proud to be "flag wavers" rather than "flag burners." We have decayed for an era of flag wavers and fliers to forgetful folks who pretend patriotism is "sentimental trivia. I have no time for it."

The flag has given heart

and hope and strength to Americans ever since this nation was born. It has flown in times of trouble and times of triumph as a symbol of America's unquenchable ideals, ever since those ideals were first proclaimed. Let us fly this flag proudly, to show that we know what a privilege it is to be an American.

4-H Horse Club to met

There will be a play-day this Friday evening June 19th. We will meet at the rodeo arena at 7 p.m. Hope everyone will be able to attend. We need to prepare for the 4th of July.

Businesses not mentioned last week that did indeed give generously to the success of the pageant were Mr. Burger and two dinners

to the winner, and Dehyle's Veterinarian Clinic gave a generous cash prize; the Tumbleweed also gave a cash donation; Cornell &

Braddock Shell gave some gas, Peanuts Drive in gave two Mexican dinners. Thanks once again to all of Clarendon's businesses for

supporting this community pageant.

We will watch for the Queen and her court in our July parade.

Cancer fund drive went \$550 over goal

BY JEANICE WEATHERLY

personal time to be sure memorials are recognized and families are notified of gifts. This is an important responsibility, in addition to the duties of her office of

Donley County Citizens and workers combined to boost the total monies from the Donley Unit of the Cancer Society's fund drive \$550 over the goal set for the unit in 1982.

Genevieve Caldwell, president of the Donley Unit, attributes the success of the Cursade (fund drive) to the dedication of each person who volunteers to assist in this most worthy effort. Their success brought \$6,004 into the treasury. Combined with memorials the amount is \$6,525 for a grand total.

Divided into two categories, the chairpersons this year were Diane Chamberlain, Residential and Carol Bryant, Business. Organization of the residential drive included dividing the county into 12 sections. The business section remained as one sector and Bryant served again this year as chairman.

Mrs. Chamberlain's divisions were Dist. 1, Gloria Gage, Captain aides Leslie Schnauffer, Betty Veach, Alice Courtney, Bonnie Gooch, Oressa Delaney, V. Sharrar and Pat McCombs. District 2, with Mary K. Riley, captain aides Ethelyn Grady, Nell Barnhill, Mrs. Pat Kuhn, Carol Hall and Ivon Goodman.

June Price, was district 3 captain aides Judy Bland, and Melody Moreman. District 4 with Donna Mann and aides Wanda Nichols, Minnie Cannon, Evelyn Moore, Betsy Landers, Mrs. Rolle Brumley, Glenda Hawkins and Pauline Jones.

Valorie Ashcraft, district 5 with aides Eloise Ashcraft, Diana Chambliss, Rhonda Owens, Dell Moffett and Rabbit Osburn. Darlene Spier in district II with aides Naomi Phelan, Betty Phillips Mary Braddock, and Cula Jo Trout.

Other divisions were Vivian Allen, Chamberlain Community; Ruby Jewel Hardin, Ashtola; Linda Kay Bell, Martin; Susie Shields, Lelia Lake; Polly Sarich, Howardwick; Diane Mooring Naylor and Mary Ruth White Hedley. These persons with the residents who donated to the Cancer Crusade have combined to make the Donley Cancer Unit Outstanding in this area for their achievement.

Carol Bryant led the business sector of the Clarendon to an unprecedented 100% participation in 1981. She won recognition for her unit and the business community in Amarillo at a meeting last year. This year Carol and the involved businesses of Clarendon repeated this achievement. The only unit in this area and perhaps in the state to have such involvement in the business sector, residents and businessmen can be justifiably proud of their record last year and for a second time.

Annually the Bike-a-thon, under the direction of Crusade Chairman, Jeff Walker, who doubles as chairman for this event, is held for the youth of the unit to have a chance to participate in funding for cancer. In spite of weather which looked unco-operative this group of young persons added \$2,299.75 to the total for the drive.

Less visible than some of the dedicated workers is Barbara Cosper, unit treasurer and Memorial Chairman. Barbara, takes a lot of her

Mrs. Caldwell takes this opportunity to give special recognition, and extend her deep appreciation of service to Diane Chamberlain, Carol

Bryant, Jeff Walker, Barbara Cosper, the captains, their aides and the many generous persons who gave so that others might be helped in their battle against cancer.

Don't forget Day Sunday

Mrs. John Bruce Dodd felt that fathers needed some recognition for their part as bread-winners and the "other half", so, on June 19, 1910, Mrs. Dodd encouraged the recognition of Fathers in

Spokane, Washington. The Ministerial Association and YMCA supported her idea and the Washington state fathers were honored on a regular basis each June from that time forth.

In 1924, President Calvin Coolidge got wind of the Father's Day recognition in Spokane and decided it might not be a bad idea for fathers all over these United States. It was passed into law that the third Sunday of June would be Father's Day in which all fathers would be given the recognition, love and thanks they deserve for their efforts.

The official father's flower is the rose. If the father you are honoring is living, you would wear a red rose. If

your father has passed away, you would wear a white rose.

Don't forget to send a card or a rose to your dear old dad this Sunday, June 20th.

Remember, his was the cash that straightened your teeth, bought your first pair of roller skates and sent you to school.

Don't miss "Hangin Judge"

Virginia Browder's play, "The Hangin' Judge", a comedy dramatization, will be presented June 25, 1982 at 8 p.m. and July 3rd at 10:00 a.m. in the courthouse courtroom. There will be a \$2 charge for adults and a \$1 charge for children.

Come and find out who is the judge, you'll be surprised!

Prosecuting lawyer, Berl Clinton; Defense Lawyer, Billy Ray Johnston; Court Bailiff, Shy Johnson; Sheriff Ketchum, Tex Selvidge; Deputy, Will Chamberlain; The defendant, Sheriff on his trail; the wife, Allie Mae Maxey; Good little kid, Lee

Gage; The quartette, Paul Hancock & who knows?; first jokerster, Bronnie McNabb; second jokerster, Jim Riley; hangman, Bobby Boston; madames, Bobbie Thornberry, Betty Boston; Hound dog shuffles; can can girls, Kay Bell, Amy Hancock, Melody Moreman, Tish Robinson; eye witness, Jenks Boston.

The play is presented by the Les Beaux Arts Club. You can't afford to miss it, in more ways than one.

Tickets may be purchased from Ruth Hancock, the First Bank and Trust, Bivens, or Sages. 125 seats available each performance.

Shrine's BBQ tickets on sale

Last July 4th, over 3,000 lbs. of prime beef was placed in a huge barbecue pit on the Bitter Creek Ranch the day before the big shindig downtown. It was lovingly tended by Shriners led by Jerrel Martin. The process began at 3 a.m. when a team went up to Wellington to pick up the beef. They cooked it all day until 8 p.m. and then stored it in old freezers to keep hot. The insulation would actually keep the meat so hot that some of it would still be cooking the next day.

McCully to play organ July 3rd

Music is the source of joy and enthusiasm no matter where or what the occasion. Mike McCully will bring his beautiful organ to the courthouse lawn and play it from 9 a.m. until the festivities end July 3rd. He will play when there is nothing going on such as a parade or fiddler's contest. Mike will play a wide variety of music for your enjoyment and pleasure.

This is a real treat for all of us and it will certainly make the day more pleasant as we shop the delightful booths on the square and eat our barbeque meal. Be sure to tell Mike how much you appreciate his music July 3rd!

Summer weight and work out

Thursday, June 17, you can take your sweaty socks, stinky towel and worn out shoes to the old gym next to the tennis court and lift weights, run track, play basketball, tennis or handball or just exercise free. Bring your own Doan's and Ben Gay, equipment will be provided.

Pete Land would put on about 300 lbs. of beans to cook the following day about 9 a.m. 100 pounds of beans cooks better and faster than 10 pounds of beans, so they say. The beans would be done by time to start serving the famed Shrine Barbeque to Donley County July 4th parade attendees.

This year, the chairman is Luther Butler who will assure all of us that there will be plenty of beef, beans, apple sauce, onions, pickles, bread and ice tea for ticket holders. "We increase the amount of beef we cook by about 250 pounds each year, but we may get 500 pounds this year because of the 100th celebration," Butler said.

Tickets are \$3.50 and may be purchased from Hensons, First Bank and Trust of Clarendon, Charles Grocery, Luther Butler, John Sarich or any Shriner member

Parade shaping up slowly

Some towns can boast a dozen floats regardless of their size, such as Hedley's Cotton Festival. Dumas recently had a parade with 60 floats in it this past week. The 100th celebration of Donley County's origination can boast seven official float entries!

Seven is certainly a lucky number, but wouldn't it be a great idea if more clubs, more organizations, more businesses, more charities, more groups would enter SOMETHING?

What if the members of the band wore their new uniforms? Or jeans and a white shirt and played "Star Spangled Banner?" What if high school clubs, such as FFA, FHA, FTA put officers on a car or truck and rode down the street or walked or

rode bicycles, horses or brooms? What if area clubs like 4-H, sororities, charities and working clubs like Lions, Outdoor Entertainment, Day Care, Scouts put on a uniform, wore a name tag, decorated a car, pulled a tractor or trailer and entered?

What if someone dressed their kids in clown suits? What if someone entered their dog dressed as a clown?

Boys Ranch is the only horse entry so far. There are no local entries other than the 7 floats to date. Don't wait until Saturday, July 3rd to do this because we need to know where to place you in the line up, we need to have a write-up for the announcers to use. Get going NOW with your plans and be original and clever or just plain-o but DO IT!

First Day of Summer June 21st

In past years, from 1904 to the present date, we have suffered temperatures ranging from 114 downward in the month of June. June 21st is the official first day of summer, and with the exception of two days earlier this month, we have not touched the hundred mark yet this summer.

From 1905 until 1968, the lowest June temperature was 40. In recent years, we have not reached quite that low, but this month, our low has been 49 and our high for June has only been 98. We still have a few weeks left in June in which we can get hot hot!

The rainfall for the past years has been full of real gully washers for June. In 1904, the first recorded year, the rainfall for June was 10.75, in 1921, it rained 11.37 inches in June alone! We have only had .94 inches in June and a mere 9.75 for the entire year to date.

Last year, by June 25, Clarendon area had only had 6.68 inches of rain for the entire year, and 1.61 inches for the month of June. The high, to that date, was a hot 109 while the low was a nice 45. We are wetter and cooler so far this year. I for one, am quite satisfied with that arrangement.

Home Ventilation saves money

During spring and fall periods when average outside air temperatures are comfortable (82 degrees or below), whole house or attic fans can be used to pull outside air into the home and remove heat. However, this practice may not be desirable for those with allergy

problems.

A whole house fan is usually installed in a hallway ceiling or other convenient locations so that it can pull air through any or all the rooms. Air flow will depend on having windows or doors that will open in each room to admit air. Then openings must be adjusted to equalize the air flow or to control the velocity of air through the room.

Whole house fans should be rated to provide an air flow of 10 cubic feet per minute for each square foot of house area. Thus, a 1000 square foot home would need a whole house fan rated at 10,000 cfm.

Where fans are installed in the ceiling to exhaust air out through the attic, be sure there is enough attic ventilator outlet. Attic screened vents should have a 1.75 square feet of area per 1000 cfm of fan capacity. These

may be gable vents, under eave vents or roof vents.

When whole house fans are installed in ceilings they should be covered when central air conditioners are used to prevent excess attic heat from entering the home through the fan openings.

Homes with low levels of ceiling insulation will benefit from attic ventilation, since air will try to rise as it is heated.

Attics can be ventilated by providing adequate outlet vents near the peak of the roof along with the same amount of inlet vents at the eave. Both inlets and outlets should be uniformly distributed to provide uniform placement of attic air.

Research with attic ventilation has shown that attic temperatures can be reduced substantially by

providing about one square inch each of vent outlet and inlet per square foot of ceiling area.

Highway 287 repair

Work in Donley County is included in a major highway rehabilitation and safety program approved by the State Highway and Public Transportation Commission.

District Engineer Lewis H. White said the work in this area is part of a continuing effort to modernize and increase the safety characteristics of roads and highways which are worn out or inadequate for today's traffic.

The 1983 State Highway Safety and Betterment and

Farm to Market Road Improvement program will provide improvements to 3,908 miles of highways.

The program includes 656 projects in 198 counties in the state.

Approximately 61 percent of the financing included in the program is on US and State numbered highways, 37 percent is for FM and RM roads and 2 percent is held in reserve.

The program includes work which will upgrade existing highways to handle larger volumes of traffic than present designs can accommodate efficiently. The work also will enhance safety and will reduce the amount and kind of maintenance necessary to protect the public's investment in the highway network.

In Donley County, US 287 from hall county line, north 2.1 miles, seal coat costing \$25,300-C will be done.

MRS. RICKY JOE GUY Nees
Belinda Bryant

Bryant-Guy Nuptials

Belinda Bryant of Clarendon and Ricky Joe Guy of Memphis exchanged wedding vows Saturday evening, June 12, 1982 at the Presbyterian Church in Clarendon with Buff Hearn, minister of the First United Methodist Church of Memphis officiating.

The bride is the daughter of Carol Bryant of Clarendon and Bo Bryant of Amarillo. Mr. and Mrs. Troy Guy of Memphis are the parents of the groom.

The bride was given in marriage by her father and wore a formal gown of all over white chantilly lace designed with a Queen Anne neckline of re-embroidered lace and pearls. Her fitted bodice formed a natural waistline. Long-sleeved fitted lace sleeves which swept to back fullness and extended into a cathedral length train. She wore a matching lace veil edged with pearls. Silk illusion edged with lace fell to fingertip length. A scalloped blusher completed the headpiece. Her bridal bouquet was of all white silk roses, stephanotis and lilac cascading into love-knot lace bow streamers and tiny lavender ribbon tinders.

Matron of honor was Mrs. Keith Topper of Clarendon. Bridesmaids were Laura Latimer of Austin and Susan Davis of Houston. Their formal gowns were of heliotrope pleats with a top cascading over the shoulders. They carried silk orchids with baby's breath and lace ribbons.

Best man was Rodney Guy, brother of the groom. Groomsmen were Rodney Hamilton and Randy Evans of Dallas.

Ushers were Blake and Brett Bryant, brothers of the bride. All the groomsmen and ushers wore Silver Blake tuxedo with a lavender carnation boutonniere.

The ring bearer was B.J. Hamilton, cousin of the bride and wore a white on white tuxedo fashioned identical to the groom's all white on white tails.

The flower girls were Haley Hamilton, cousin of the bride and Summer Moran,

cousin of the groom. They wore identical white with tiny lavender flower floor length dresses and had tiny lavender bow-streamers with baby's breath for their hair.

The beauty of the sanctuary was accentuated with palms, ferns and brass spiral candelabras leading to two identical silk arrangements on each side of the brass cross. White satin bows with streamers with a touch of English ivy were on each pew and flanked the aisle.

For something old the bride wore a diamond keepsake necklace given by her generations on her maternal side of the family from mother to daughter; something new was her gold watch given to her by the groom. For something borrowed she wore her grandmother's diamond earrings and for something blue she wore a garter made by Mrs. Wells, the groom's grandmother. The bride wore a 1961 penny in her shoe, a gift from the groom.

The organist was Mrs. Beryl Clinton of Clarendon. Soloist was Charles Clinton of Amarillo. He magnificently sang "Endless Love" accompanying himself on his electric piano which was hidden from the congregation. He sang this as the bride and groom lit their Unity Candle.

The mother of the bride chose to wear a fuchsia crepe formal draped at the neck with a short jacket. The mother of the groom wore a pleated street length dress of lavender crepe.

Mr. and Mrs. Troy Guy, parents of the groom, hosted a rehearsal dinner at the Branding Iron Banquet Room on the night preceding the wedding.

A reception followed the ceremony at the Clarendon Country Club. Serving the four-tiered white on white wedding cake with Debbie Hamilton, aunt of the bride. Cynthia Hardin served from the crystal punch bowls. Serving the groom's table were Tamara Lowe and Cheryl Gerner, cousins of the groom. The tables were adorned with crocheted white cloths which were handmade by the bride's great grandmother and the groom's great-grandmother.

Grandparents present were Mrs. R.A. Wells of Memphis, Mr. and Mrs. Clarence Hamilton of Clarendon and Mr. and Mrs. Troy Guy of Clarendon. Many guests from distances, including the bride's cousin from Athens, Georgia.

The bride attended Texas Tech and is presently employed by the Texas Department of Agriculture in Lubbock. The groom is a senior at Texas Tech and has played on the Red Raider basketball team for the last two years. He works part time at Gifford Hill Western in Lubbock. He will receive his B.A. Degree in the spring of 1983.

After a honeymoon to Acapulco, Mexico, which was a gift from the groom's cousins, the couple will be at home in Lubbock.

"HEART MEDICINE"

Patrons often request their "heart medicine" when having prescriptions refilled. There are many different types of medicines used in heart disease and, hence, there are many different "heart medicines". Here are a few common types:

***DIGITALIS GLYCOSIDES**-These are used in heart failure to slow the heart rate and improve the pumping of blood. Examples are digoxin, digitoxin, and digitalis leaf.

***ANTIARRHYTHMICS**-When the heart does not "beat" in a regular rhythm, an arrhythmia is said to exist. Antiarrhythmics help regulate an irregular heart beating action. Drugs used for this purpose include propranolol, quinidine, and procainamide.

***NITRATES**-These drugs are used to prevent and relieve the pain associated with angina...a characteristic pain in the chest. Isosorbide dinitrate and nitroglycerin are frequently used in angina.

***ANTICOAGULANTS**-Although the "blood thinners" have other uses, they are also used in heart disease to prevent clots from forming in the vessels of the heart. Sodium warfarin is a commonly dispensed anticoagulant.

THEFT?

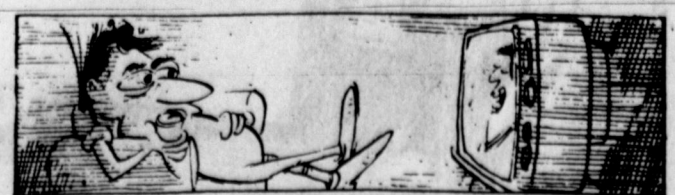

Theft of mail is a violation of Title 18, United States Code, Section 1708, which carries a maximum penalty of five years imprisonment and/or a \$2000 fine. Unfortunately, criminals pay little attention to the consequences of their immediate actions.
 The Postal Inspection Service is attempting to prevent theft of mail from all sources by informing and educating as many elements of society as possible. The USPostal Service is a principle victim but the ultimate victim is a business or individual who depends on mail for their livelihood and existence. The loss of a social security or retirement check addressed to an elderly or retired person can have devastating emotional and financial significance.
 Mail is most vulnerable at the point of delivery. An extra effort should be made by mail recipients to know their carrier's schedule and make every effort to be at home to personally accept delivery of valuable mail.
 Crime prevention can be a community effort. Everyone receives mail almost on a daily basis. This common ground for neighbors to become better acquainted and watch out for each others mail and mailbox. If a concentrated effort is made to protect your mail, potential mail thieves will not be given the opportunity to make you a victim.
 If you have information regarding theft of mail, contact your local Postal Inspector or Postmaster.

- Immediately advise the Postmaster or Postal Inspector when your mail has been stolen.

Medical Center News

Last Friday, June 4, 1982, The theme was based upon Exodus 20:12. "Honor thy Father and thy Mother, that

thy days may be long upon the land which the Lord thy God giveth thee." The first commandment of promise to his people.

Vera Johnson, activity director, welcomed everyone Larry White led in prayer. Mrs. Moss, Frank Reid, Norma Corgill, Alvie Moore, and Rosa Lee Watson sang two songs for us.

"Surely Goodness and Mercy will follow me.", and "Old Rugged Cross". Then we had several stories about our residents that were told by members of their families. We had some very interesting history told about Donley County and how they became members of our community.

Those giving reports were Mrs. Raymond Noakes, Amarillo; Mr. Leroy Leathers Lela Lake, Mrs. Connie

Henry, Brice, Mrs. Hazel Guy, Clarendon, Mrs. Curtis Schoffer, Groom, Mr. Elbon Naylor, Clarendon, Mrs. Alice Lacey, Mrs. Joe McMurtry, Mrs. Blanch Anderson, California. Mr. Leroy Luttrell, Clarendon and Sue Leeper read a report about Ava Naylor written by T.E. Naylor and we heard about many more events.

Visiting was enjoyed by all. While we were all being served refreshments, Mr. Moss and singers continued singing their closing song was "How Great Thou Art". Our table was covered with a beautiful lace tablecloth, crystal punch bowl, a beautiful flower arrangement from Mrs. Hudson's granddaughters wedding, Becky Hudson and a beautiful cake given to us by Mrs. Peggy Anderson from her daughters wedding, Kimbra Anderson, and several different kinds of cookies baked by the residents families.

All other tables were covered with white table cloths and decorated with flowers from Harlens Flower Shop.

We had 37 residents and 48 guests present. We had five residents that were not able to attend.

All present enjoyed visiting while they received refreshments.

We give special thanks to our Singers, Peggy Anderson, Becky Hudson, and Harlen's Flower Shop. Also all of our employees who work so hard to make this occasion a success, the nursing staff, kitchen, housekeeping and activity staffs.

These three stories were written on papers; so we will share these with our public.

NELLIE DAY

Nellie Day's story as told by her daughter, Blanch Anderson. Nellie came to Pampa in 1929 from Mexia. Her son Glen lives in Clarendon and her daughter in California. She was a school teacher before she married. Her husband Alvin was a mechanic and died in 1977. In her later years she enjoyed being grandmother to several families that she did babysitting for. She came to the Center a year ago.

ORA NOAKES

Ora Noakes as told by Mrs. Arthur Noakes.

On May 24th, 1915, just 67 years ago, Ora Noakes and his four motherless boys ranging in ages from 10 to 4 years, left Dayton, Ohio and traveled to Union County, south Dakota in a wagon that he made himself. It was much like the mobile homes of today only of course it was drawn by horses.

Along the way they were refused water for themselves and their horses. One horse died on the way and Mr. Noakes worked ten days in the harvest fields to buy another one.

They were followed by Indians for two days on the Rosebud reservation. Because Arthur, then age five, beat up an Indian boy and an old Indian squaw chased him up a tree where he stayed 15 minutes throwing walnuts down on her.

It was late in August when they arrived in S. Dakota.

Brother Noakes is a retired minister of the Nazarine church. He was pastor at one time in Clarendon.

AVA BERNICE NAYLOR

Ava Bernice Naylor, as told by T.E. Naylor and read by Sue Leeper.

Ava Bernice Naylor came to Donley county in 1891. She was 3 years old at the

Wind damaged millions of acres

time. Even though she was very small, she remembers the old red team and wagon that brought her here.

She remembers chasing away the lobo wolves with the other kids. She lived in a three room dugout.

Ava started in the cattle business with two cows given to her by Mr. Bolin. She milked cows until she was 75 years old.

Ava saw the US capital before she saw Giles, TX.

Ava was 93 years old before she had to stop and rest for awhile.

Wind damaged 1.6 million acres of land in Texas during the December to May blow season, the US Dept. of Agriculture Soil Conservation reported this week.

George C. Marks, state conservationist for SCS, said this was a decrease from 1.9 million acres damaged during the last two years.

Counties reporting the most wind erosion were Cochran County with 95,400 acres; Gaines County, 95,000 acres; Wilbarger County, 85,750 acres; and Dickens county with 75,300 acres.

Marks said erosion would have been much higher this year had it not been for conservation tillage farming systems carried out by many farmers.

SCS defines damaged lands as that where soil removal or deposition by wind erosion has been enough to subject it to further erosion.

SCS has a new manager

Don Cox, a Texas Tech graduate and former Marfa resident, has taken Paul Loeffler's job at the SCS office. Paul moved to Alpine, just a few miles from Marfa.

"We both could have saved considerable money by not trading," Don said with a laugh in his blue eyes, "but we each wanted to make the change."

Don is originally from the Matador area and likes coming back up closer to his family. They spend quite a few weekends down that way.

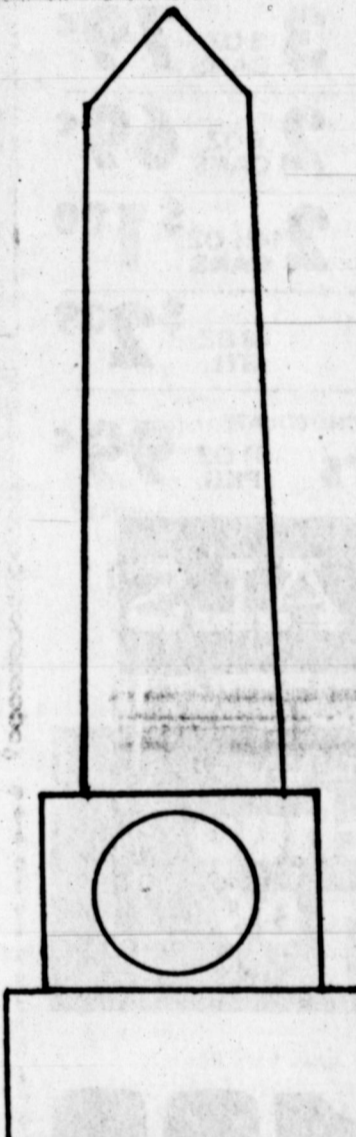

Don has his degree in Range Management thanks to his loving wife, Dee. She started at Texas Tech but went to work to support Don as he got his degree. Ten years later, Dee has her degree in elementary education from Sol Ross.

Don and Dee have two little girls, Cory age 8 and Cary, age 7.

Don loves to hunt and fish, but since coming here has been so busy remodeling his new home he hasn't had much time to get out to the lake.

"It'll be a little slow for me until I learn my way around," Don said, "and I sure do want to get to know the folks here."

Stop by and visit with your new SCS man, Don Cox.

Scale 1"=1' Time Capsule

Wanda Phelan first began gathering information for a time capsule for Clarendon's 100th celebration.

Mr. James Edwards at Clarendon College assigned his class a project to design a monument for Donley County's 100th celebration. Chris Cummins spoke with Judge Christal and became aware of the idea of the time capsule. She then decided to combine her design with the time capsule project.

The monument will be in oblique form being approximately 58" tall. The four sided monument will have a circular representation on each of the sides of the first ranch, farming community, church and secondary school in the Panhandle. The first ranch was the JA Ranch, and along with it came the first farming community. The Episcopal Church is the oldest continuous church in the Panhandle, and the first secondary school in the Panhandle was what is now Clarendon Junior College.

Donley County Historical Survey Commission will erect this oblique on the court house square. It will be opened in the year 2000.

A scroll containing names of donors who helped defray expenses of the monument will be included in the capsule. If you are interested in having your name on the scroll or in anything connected with the monument, see Chris Cummins at the Court House, or Judge Christal or Sharon Wheatley at Busy Needle in Hedley or Wayne Riggs.

Hints for Homemakers TIPS TO HELP YOU

Many families these days have at least one member who must adhere to a special diet, be it low sodium, low cholesterol, sugar-free or some other restriction. This can pose extra problems for the family cook, preparing separate dishes aside from regular meals. Such special diets can become as simple as every day meals if you prepare the foods in quantity ahead of time.

More and more people are freezing their own complete dinners, to be heated up in just minutes, thanks to the convenience of the new Vacuum Seal-a-Meal® from Dazey. Seal-a-Meal® bags close with the touch of a finger and the vacuum action protects freshness, locking out flavor-stealing air and vapors.

The Lions Tale

BY GENE ALDERSON

The Clarendon Lions Club held its regular meeting at noon on Tuesday at the Lions Hall. There were 24 members, Lion Sweetheart Jessie Adams and six guests were present. T.A. Preston of Amarillo was the guest of Lion Jerry Courtney.

Following the regular opening ceremony (including singing), Lion Alderson introduced Pat White of Hedley who is the president of Alpha Upsilon Epsilon chapter of Beta Sigma Phi. She told us about the Saints Rost Queen's pageant which was held last Saturday. The Outdoor Entertainment Association asked their sorority to handle the Rodeo Queen contest starting last year. They accepted the task and changed the title to Saints Rost Queen an also changed the method of selecting the Queen. The contestant were judged by

out-of-town judges on poise and personality and after the top five were selected, each girl was asked a question and the final selection was based on their answers. Dignitaries attending the event included State Representative Foster Whaley.

The 1982 Saints Rost Queen is LaDonna Hewett. She spoke to us briefly about the contest. Also attending the meeting today was Jerry Floyd of Alpha Upsilon Epsilon and Frankie and Susan Henson of Xi Lambda Xi chapter which assisted with the contest this year.

Much effort went into preparing the contest and the final program. Public attendance was light. Why not plan now to attend this event next year and give them your support.

Fish Tales

BY KATIE DVORAK

All of the rain the area has been getting has been falling on the wrong side of the dam, according to Herman Mooring, the fishing expert. Fishing expert means that he can tell some pretty good whoppers and fry fish real well.

The lake depth has in fact

gone down a little from 64.57 to 64.39 feet. The lake temperature hasn't gone down because of rain since there hasn't been much rain in the lake. It is 66 degrees or so.

An official report has been made and the 46,000 fingerling bass were dumped into the lake and placed in some nice, soft moss beds to grow. Joe Kraai, Inland Fisheries Biologist said that about half of the fish would spawn next year.

The nursery pond is doing

fine and the bass in it are growing well. There will probably be some fish die between now and the date to put them in the lake later this summer.

Inez Downing caught a 7.13 lb black bass this past week. Jimmy Don Adams caught a 9 1/4 lb channel cat. One man caught a 8 1/2 lb walleye "nearly everyone catches a walleye, of some size," said Herman. The best news is that the white bass are schooling!
