WATCHING LIBRARY Puppet Show.

Star puppeteers

Library Reading Club

Space Capers, the topic for the Texas Reading Club at the Burton Memorial Library, is a big hit with the kids in town. 104 kids under 5th grade have signed up. 34 kids from 5th thru 8th have signed up. This is only the second meeting of the Space Cadets, and the library was filled with youngsters ready to watch a puppet show and color space ships.

Mrs. Nelson works up the scripts and encouraged some four youngsters to work the delightful puppets. Lori Roberson, daughter of Pat and Linda; Trina Judd, daughter of Linda and Eddie; Tracy Baker, son of Ronnie and Peggy; and Dale Phillips, son

of Becky and Barry, all were called this summer and asked to participate in the program. They readily

agreed. They practice a time or two with Mrs. Nelson and then perform before the excited kids.

Bob Weatherton to play in All-Star Game

Clarendon High School's Bobby Weatherton will be a member of the North Squad in the Texas High School Coaches Association All-Star game Friday night July 23 in the Houston Astrodome. This game is held in conjunction with the Texas School Coaches Association Clinic.

Bobby had an outstanding 3 year high school career starting on varsity as a sophomore. He was named to the All-District teams 2 years and was named to the Amarillo Globe News Super Team his senior year. He was a Broncho Captain this year. He was a team leader for 2 consecutive district championships, a Bi-District championship, and played on teams that were 18-4 the last two years. His offensive and defensive talent help lead the

Broncho's to 16 straight wins dating back to Oct. 1980.

Bobby was nominated to the All-Star team by Head Coach Ted Allen and was selected by a committee for Region I. This is an outstanding experience for Bobby as there are only 4 players from the state selected from Class AA and only 33 on each team.

While in Houston Bobby will be staying on the campus of the University of Houston where work-outs will be held.

He will enroll at Lubbock Christian College in the fall.

This is a tremendous honor for Bobby, the coaching staff, his school, and community. Clarendon will be well represented by this young man Friday night in the Astrodome.

Roaring 20's Return to Clarendon

A Roaring Twenties reunion grew out of a business meeting held at the final dinner of the 55th class reunion of the classes of 1926 and 1927. The proposed date is in October, 1983. Now is the time to schedule and plan this exciting event.

This was a fantastic decade, so the opportunity to make the reunion as fantastic a reunion as the decade was.

Contact each other and collect a many names and addresses of classmates and turn that information into Tunney Kent, POB 82, Clarendon, 874-2641. Tunney will be instrumental in getting together a committee to plan the wonderful affair.

Anyone graduating in classes 1920 thru 1929 are invited to this reunion. This should be a lot of fun and will bring together friends from years past to see who has fulfilled their destiny.

Pressure

cooker-canner gauge testing clinic. July 23

There will be a PRESSURE COOKER-CANNER GAUGE TESTING CLINIC on Friday, July 23, from 9-12 noon in the Donley County Extension Office.

Each interested person should bring only the canner lid-gauges that are geared or have the rings can be tested.

There is no charge for the clinic and it is a good idea to have gauges checked before canning season or anytime the lid is dropped.

Educational programs conducted by the Agricultural Extension Service serve people of all ages regardless of socio-economic level, race, color, sex, religion, or national origin.

Thomas, Herman Tipton and Lorene Tipton.

Fred Russell Birthday Party

Fred Russell was honored on his 85th birthday with an open house given by his granddaughter Louise Butler and great-granddaughter Jenny Butler both from Reseda, Calif.

Those attending were Judy and Mike McCully, Della Allen, Minnie Bell Hicks, Lena and Billy Powell, E.A. Tipton, Bessie Hale, Bessie and Harvey Fitchie, Troy Guy, Norma Corgill, Sharon Mills, Blanche Gray, Abbye Warner, Louise Guy, Edythe Carter, Fred Carter, Elfreda and Jack Edwards, Genoah Lowe, Ruth and Mel Mells, Clara and F.O. Hodge, Jenny Butler, Louise Butler, Frank White Jr., Raymond Hinkle, Chloe Smith, Wanda Rolls, Kate Jones, Emma Shannon, Addierene Mahaffey, Bob Skelton, Thelma L. Hall, James and Bunny Owens, Ivy Dea Hinkle, Frank Reid and Janie Hill.

Persons sending wishes from Senior Citizens but were not able to attend were Homer Estlack, Athlyn Estlack, Mable Elmore, Polly Schulze, Henry Mann, Mae Pearl McDonald, Jay Gould, Rev. R.C. Jones, Alton Knox, Mary Hazel Van Zandt, Fanny Wilson, Royce Hall, Alma Bingam, Quata Phillips, Elsie Ogren, Verdine Tipton, Ruth Chaney, Odie Moss, Tinnie Smith, Oscar

4-H Horse club

There will be a play-day this Friday evening July 23rd at 7:00 p.m. at the rodeo arena. We hope everyone will be able to come.

County Eligible for Disaster Payments

An agricultural region covering 76 counties, involving parts of Texas, New Mexico and Oklahoma, including Donley County, were ravaged by spring and summer storms and will be eligible for various types of disaster assistance as announced by the Secretary of Agriculture, John R. Block.

Special disaster payments and other farm program benefits for cotton, wheat and feed grain will be provided to those farmers who qualify in this region centered in the high plains of Texas.

Special disaster payments, authorized by the Agriculture and Food Act of 1981 are as follows: Cotton: 20.5 cents per pound for crop losses in excess of 25% of the county crop. Wheat: \$1.75 per bushel for wheat losses in excess of 40% of the crop. Feed Grains: 15 cents per bushel for corn, 18 cents per bushel for grain sorghum and 15 cents per bushel for barley for any losses that exceed 40% of each of those three crops.

Those eligible for payment are producers on farms that are in compliance with the acreage reduction program for the commodity and that suffer a qualifying loss. Nonparticipants will not be eligible for any payment.

If abnormal weather prevented the planting of any of the program crop on the farm, the farm will still be eligible for the payment.

Low yield rates for cotton will be 20 1/2 cents per pound.

The regular disaster payment rate would have been 23.67 cents per pound for cotton if it had not been adjusted.

Producers must apply for payment immediately to expedite the process. Producers who receive these disaster payments will have their ASCS deficiency payments for 1982 reduced. Any bushels or pounds for which a disaster payment is made will not receive a deficiency payment.

The disaster payments will also affect the FHA emergency loans. The FHA and ASCS are required by law to coordinate activities to assure that the producer does not get duplicate benefits.

If 100 acres of cotton had been planted, the yield might have been 500 pounds, the disaster yield would give 375 pounds and a disaster payment rate of .205.

If 85 planted acres of cotton had been hailed out with no production, and

C.U.A. of 15, you would figure $85 \times 375 \times .205 =$ a payment of \$6,535.38.

There will be many new teachers in the school system, but the boards will not meet until later next month to declare these new prospects official teachers. When that occurs, you will be informed of the new additions.

School to Start August 25

School is not past of summer vocabulary until the end of August. That is as it should be, since we spend enough time confined within the walls of that institution during the year. Yet it is time to remind parents of some of the facts of life: school will begin September 1 and now is not too early to prepare.

There will be Teacher-In-Service meeting August 19 and Friday, August 20 will be Teacher Workday-Registration at Clarendon High School. Teachers will have another work-day August 23 and another In-Service August 24. Then, the magic of summer will vanish on August 25 when the Fall term will officially begin.

Clarendon Junior College will have a faculty meeting August 27. The Dorms will open August 29 for those who may wish to come early. Pre-registration is an on-going process at this time. Classes at CJC will begin September 1. Freshman

orientation will be August 30 and the cafeteria will open at that time. All registered students will need to pay their registration fees by August 20 to assure them of reserved classes. There will be many new

Soft ball Tournament

First year Girls Little League Softball was represented at Dumas in an All Star Tournament.

Out of the four teams from Clarendon, eleven girls were picked for the All Star team. This is in the 11-12 year old bracket. The girls picked were Lori Roberson, Buffle Hancock, Selena Kennedy, Jennifer Davis, Amy Johnson, Tina Shields, Bridgette Page, Tina Alexander, Glenda McLaren, Larinda Pettit, and Sharon Bright. Coaching the girls were J. Sharrar and Linda Dunham, with the help of Jerry Chamblis and Mrs. Davis.

The tournament fielded teams from Pampa, Dumas, Borger, Fritch, High Plains East (Clarendon) and High Plains West (Panhandle).

Sheriffs Report

- Arrests
- 7-13 Public Intoxication.
 - 7-14 Passing a forged Imp.
 - 7-14 Possession of Drugs
 - 7-16 DWI
 - 7-18 Possession of Marijuana
 - 7-18 Outstanding warrant Beaumont
 - 7-18 Public Intox.
 - Total arrests 7
- Offense Reports
- 7-13 Attempted Burglary
 - 7-17 Assault.
 - 7-13 Indecent exposure
 - Total 3 offense reports

Chris Simmons, son of Mrs. Marsha Kirk of Amarillo and grandson of Richard and Allie Mae Maxey, won the senior title of the Soap Box Derby held in Amarillo July 18. It took almost four hours of racing action before Chris was named the winner. Chris drove a car sponsored by Amarillo Steel Fabricators.

This was a double elimination tournament. The first opponent the girls played (Friday night, July 16) was Pampa. Pampa won the game. The second opponent was Fritch (Saturday night, July 17). The girls played real well but Fritch came out the winner.

Being first year team the girls learned a lot about the game and are waiting for next season.

Slavin receives BA degree from Trinity University

Trinity University awarded 378 undergraduate degrees during commencement ceremonies held May 8, 1982. The commencement address was delivered by Elspeth Rostow, Dean of the Lyndon B. Johnson School of Public Affairs at the University of Texas at Austin. Trinity President Dr. Ronald Calgaard presented the degrees.

Ken Kelly Slavin received a Bachelor of Arts in Political Science and a Concentration in Business Administration, cum laude. He is the son of Mr. and Mrs. Clyde Slavin of Clarendon, Texas.

Notice of Elections

There will be a school board election August 14, 1982 at the Hedley Lions Club from 7 a.m. until 7 p.m. to elect two new board members to replace the two who resigned. Absentee voting will begin July 26 and end August 10. Those running for school board are Larry Helms and Cheryl Wiggins.

Teletype machine makes arrests easier

A new teletype machine has recently been installed at the sheriff's office, reports Jimmy Thompson. The advantage of this machine is that now, a report can be made within 15 seconds of any past history of offenses. An individual can be stopped, his tag number, drivers license number, past record, any wants out on the individual, anything pertaining to a driving record can be obtained within seconds so that the reporting officer may know if there is any priors on the individual.

The advantages of this are

Two on Texas Tech Dean's List

Forty-seven entering freshmen have been awarded 1982-83 Texas Tech University Scholarships for academic excellence, based on their performance on college entrance examinations.

The \$200 fall scholarships are renewable in the spring semester for students meeting grade requirements at Texas Tech.

Recipients include, from Clarendon, Spencer Hayes, son of Mr. and Mrs. James F. Hayes, of Clarendon.

Two Clarendon residents are among more than 1700 Texas Tech University students listed on the Dean's Honor Roll for the 1982

The Clarendon team was well represented at the games with fans, consisting mostly of parents. Thanks for the support!

The girls were devastated to learn that the tournament

would be fast pitch. They had only been taught slow pitch! They were thus handicapped and slowed down and as a result, lost the tourney.

many. Now, an individual cannot escape while a lengthy check is made. Information is simply typed into the teletype and if there is a record anywhere in the United States, Puerto Rico or Canada, that information will feed back into the Donley County Sheriffs office immediately.

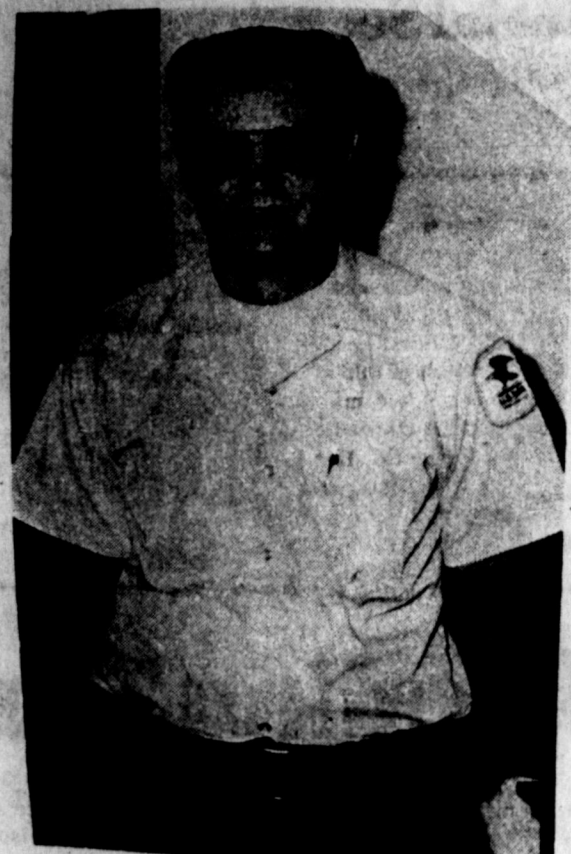

Sheriff Thompson will attend a school on the finer points of the teletype operation and use in Austin later this summer. He will then return and give that training to all of the officer personnel.

Students from Clarendon include: Brent L. Hardin and James F. Hayes Jr.

Senior Citizens

Game night is Tuesday night, July 27 at 7:30 p.m. Exercise is Monday thru Friday at 11 a.m. and Monday thru Wednesday from 2 p.m. until 7.

Lunch is served Sunday thru Friday starting at 11:00 a.m. Please come and join your friends in these activities.

BOB McCOMBS

Postmaster McCombs helps out at Memphis

Post Master Robert McCombs has been missing for several weeks in the environs of the Clarendon Post Office. This is due to the fact that he has been called to Memphis to fill the spot vacated by Post Master, Gene Lindsey. McCombs will run the Memphis office until November. In his absence, Francis

Ivey is the temporary officer in charge. She is ably assisted by Arlis Mooring and Jeanice Weatherly who will keep things running smoothly in our own Post Office. McCombs has been the Post Master in Clarendon for the past 6 years and an employee with the Postal Service for 18 years.

Alabama Visitors

James and Iris McNear from Decatur, Alabama visited in the home of Granville and Frankie McNear last week. This was their first visit to Texas and the first time to meet their McNear relatives. Until about 4 years ago they thought they were the only McNear left.

Jeanie Echals, daughter of Granville and Frankie, located them. In 1980 Granville, Frankie, Jeanie and their son, Dwight of Pateau, Okla., visited them and informed them they had lots of relatives left particularly in Donley County and encouraged them to come and meet

them. They came last week. After meeting most of the Clarendon McNear's at an ice cream party in the City Park Tuesday night. They realized there will be McNear's around for quite some time. They were very impressed with the flat plains and wide open spaces of Texas and proud of their new found relatives.

They have a son, Tim and a daughter, Cherry. They hope in the near future to bring them to see the Lone Star State and to meet their relatives they never knew they had.

MANAGING YOUR MONEY

You may be able to get more for your money - if, believe it or not, you watch more television.

A television show aptly called MONEYWORKS tries to help different people handle different financial problems.

Early Americans used white shells called wampum for money.

DO YOU KNOW?

Every year, we use thousands of gallons of water, little realizing how valuable it is. Our factories use more water than any other material. Here are some facts you may not know about this precious resource.

• On the average, a family of four uses more than 90,000 gallons of water a year.

• Drinking water is the cheapest utility Americans enjoy today. Unlike the telephone, electricity, or gas, it's absolutely essential.

• Water is free. What people pay for in their water utility bills is the necessary processing of water - the gathering, treating, pumping, storing, distributing, and replacing that water utilities do 24 hours a day.

• The Federal Safe Drinking Water Act has done much to keep our drinking water clean and pure. However, John Stacha, President-elect of the American Water Works Association, says it must be amended to make sure that its health standards are issued with adequate scientific basis.

• The result of amending the Act - and pricing water reasonably - could be a more plentiful, safer water supply for us all.

Hightower pleased with disaster aid approval

Commenting that he was "extremely pleased that Secretary Block and the President have finally acted on our original June 23rd request for disaster aid," Congressman Jack Hightower said he felt the bipartisan effort had been productive. Last Thursday, Agriculture Department officials and Governor Bill Clements made the official announcement of aid to farmers in West Texas, recently devastated by intense rain and hail storms that destroyed important crops. On June 23rd, Hightower, Rep. Kent Hance and Rep. Charles Stenholm sent a letter to the Block officially requesting the aid and inviting U.S.D.A. officials to inspect the damage in Texas. This was the first formal request of any kind and the trio followed that up after the inspection with another letter of July 12th reaffirming the need for aid. The July 12th letter spelled out what steps Agriculture Secretary Block should take.

"I felt that some kind of help was absolutely essential for many people in West Texas although it may not save others who will go under due to the general farm depression," Hightower commented. "I hope that the amount of assistance the U.S.D.A. has decided on will provide meaningful assistance and be of real economic help. If the Administration and Secretary Block had supported our Farm Crisis Bill, perhaps farmers would have been better able to handle these natural disasters as well as being better off generally." Hightower said.

Of the 33 counties in the 13th Congressional District, 32 are covered in the U.S.D.A. announcement. Also included are Baylor, Kent, Knox and Floyd counties which will become part of the 13th District in January, 1983, because of Texas redistricting. Special disaster payments will be made primarily to cotton, wheat and feed grain producers to help them survive the high crop losses.

While the bulk of the disaster aid will not be available to farmers until the end of the year, some money may be released earlier.

The disaster relief money is completely federal, but it shows the value of cooperation between state and federal officials. Both U.S. Senators from Texas have been trying to put pressure on the U.S.D.A. to release some aid. Congressmen

Veterans Administration

The Veterans Administration is warning residents to beware of persons making telephone calls to solicit contributions to support VA activities.

The VA has reports of solicitors elsewhere allegedly stating the contributions are needed because of federal budget cutbacks. They further state that a representative will stop by the home to pick up the contribution, said the Director, Waco VA Regional Office.

Rules for Living

- Always keep a close check on your tongue, say less than you think.
- Make promises carefully and keep them faithfully.
- Never miss an opportunity to say kind and encouraging words to or about others. Praise good work regardless of who did it.
- Be genuinely interested in others and their welfare, regard others as people of importance.
- Be cheerful, hide your pains, worries and disappointments under a pleasant smile.
- Let your good qualities speak for themselves. Discourage gossip, make a rule to say nothing unless it is something good. Do not discuss other's faults.
- Be careful to other's feelings. Do not humor at the expense of the other fellow.
- Pay no attention to ill natured remarks about you. Simply live so that no one will believe them.

CLARENDON PRESS and The Donley County Leader, published every Thursday at Clarendon, Texas, 79226, Box 1110, 316 B South Kearney, and entered as Second Class Mail at the post office at Clarendon, Texas. J.C. and Helen Woody, publishers and Editor. Subscription rates: \$12.00 a year outside Donley County \$9.00 a year in Donley County. Any erroneous reflection upon the character of any person or firm appearing in these columns will be gladly and promptly corrected upon being brought to the attention of the management.

Senator Bill Sarpalius Reports

DISASTER RELIEF

AUSTIN - Cotton farmers now will be able to hang on for one more year, because of the disaster relief that Agriculture Secretary John Block decided to give out recently.

The relief should be in the neighborhood of 20% cents a pound times 75 percent of last year's cotton crop. Disaster relief could not have been more appropriate than it was this year. The weather has created what is probably the worst weather disaster we have ever had. Close to 2 million acres of crops were destroyed. This represents about two-thirds of the cotton that was to be grown in our district this year. The value of this crop is close to \$400 million.

The U.S.D.A. also should approve some money for soil conservation practices. We don't have any specifics on this yet. Considering the late date, the only practice that would interest most farmers in our area probably would be to plant a cover crop.

While the bulk of the disaster aid will not be available to farmers until the end of the year, some money may be released earlier.

The disaster relief money is completely federal, but it shows the value of cooperation between state and federal officials. Both U.S. Senators from Texas have been trying to put pressure on the U.S.D.A. to release some aid. Congressmen

A "Santa Claus School" was opened in Albion, NY to train men to play the part of Santa Claus. Six students enrolled for the one week course.

FIRST BANK & TRUST OF CLARENDON

Brannigan-Mooring Greek Saga

The Holiday Inn's bus runs every 15 min. In order to find out what we could do with our baggage, I was to go once again that long way back around to B.A. which seemed a lot farther as we didn't want to miss the bus. The man said to get a cart downstairs and take the baggage through The Door marked "Authorized Personnel Only" to tell the officer at the door our problem. I got back on the double--found a line of carts on a rack downstairs, but the crazy thing wouldn't come out backwards. When I went to the front end, I found that for only a dollar in the slot

they could come out easily. Flew back to load the baggage and again headed for The Door. Miracles happen and they let me pull the load back through. Went over to the Check-in counter and explained things. They told me we couldn't check anything until in the morning--even though the Moorings had done so. The man who helped us off the plane was there and had been looking for the four of us. He wanted to give us vouchers to spend the night at the Hilton Hotel and for two meals each--but I still couldn't check the baggage. They didn't know how the Moorings had been able to do so. So, I take the

vouchers and one of the ladies help me back through The Door--which proved to be the last time. I was glad because it was becoming a nemesis to me. They had called the Hilton and we would be picked up for the night--luggage and all, then brought back in the morning. (These tips are getting expensive, but we couldn't handle it very well otherwise).

It seems every one helping can just go so far and another has to take it from there. I think we should pay by the mileage of walking and service rendered as soon go quite ways so you feel like a pretty good tip--then the next one goes farther or gets you through more detail and you try to tip in regard to the first one. One fellow helped us about a block, but still need to tip him.

Our vouchers are for \$10.00 each for dinner -- we thought of what that would buy -- but the least thing they had on the menu was \$10.75 as a meat dish. Tena decided on the salad bar, B. J. and Daddy could use steak and baked potato which included the salad bar -- I was going to help Daddy eat his, as he never eats very much, but he also wanted warm milk. Before we came back from the

salad bar. Daddy said he couldn't stay as he felt too bad and needed to go to bed. By the time I came back, the food was served -- the bill was \$21.95 and I hadn't ordered anything for myself, which was fortunate as I had to eat all of Daddy's-- did bring the warm milk to the room. B.J. bought some cigarettes at the gift shop for \$1.20 a pack.

We have vouchers for a \$4.50 breakfast -- but we may have a continental breakfast of toast and jam with a drink for that much.

We haven't been able to sleep -- went to bed at 11 o'clock and woke up at 2:30 a.m. -- So I just got up. Feb. 10, 1982 will be the longest day of our lives. From 5 o'clock a.m. Wed., in Athens (which was 9 o'clock p.m. in Texas Tues.) until 9 p.m. Wed. Texas time (which is twenty-four hours), then not to be in bed until 11 o'clock makes the sun total of twenty six hours, and it was Wednesday.

I think it's called "Jet Lag" or something. I had dropped off to sleep after calling Linda and came to the decision I had left our toothbrushes in Athens. But I woke up early this morning thinking how we could get a toothbrush each before Daddy had to make the long, long walk to the elevator from our room and back after breakfast to brush his teeth if the shop didn't open until after 7 o'clock breakfast. Our room is the last one down the hall from the elevator. Also, had to remember to call Braniff to have a wheel chair and porter waiting at the terminal, how stupid I had been to forget about trying to check the luggage last night and a few other things. I also forgot to tell Linda where we were staying -- but it was a collect call as I couldn't find our telephone credit card -- it had been a month since we had used it.

But, after this much writing, I came to the realization the Moorings were on the eighth floor and we are on the seventh -- for the first time since we left Amarillo, they have not been in the next room -- they have been my "security blanket."

Found the toothbrushes while looking for something else, so I'm going to take a bath here at 4 o'clock a.m. Daddy didn't have a very good night either. We will be happy to get back home.

What a bath that was! The tub at the Acropolis is at least a third narrower than the regular size we have in our homes and they are founding on the bottom which keeps you working for your balance while you try to soap your body. They do make rinsing off easier, though, as you can rock your body from side to side and slosh off the soap -- unless the water is too cold and you're in a hurry. Tena, especially, has had some less than tepid baths during the past month -- their room was on the end of the building and I think the hot water didn't run that far. Also, we had had marble floors which were not too comfortable even with bath mats and we had to dress hurriedly in a not-so-well-heated bathroom. So, this bath felt especially good!!

No one slept last night. Called Tena and B.J. at 6 a.m. and they had been awake since 1 o'clock a.m. They had watched a movie and then sat by the window and looked at the Braniff part of the terminal. We realized that 1 o'clock here was 9 a.m. in Athens, thus time for going to breakfast for them, but past time for me. In fact, I didn't go to bed here in time to get up as I usually got up at 6 a.m. (that is a poser). We met for breakfast about 6:45 and had the loveliest meal. Eggs, toast, pancakes and whatever -- coffee and hot chocolate was but 80c, however, they brought the whole pot of coffee for refills. Then we fiddled around a bit--which was the most leisure time we have had in such a nice warm place during any of the travel time.

Then we had our luggage brought down and we came to the terminal about 8:45. We are now on a Boeing 727 -- Braniff headed for Dallas-Ft. Worth at 10:40, just twenty-five minutes late.

From up here, Chicago is covered with snow, the small lakes are iced over and

covered with snow, the country roads have not been opened to travel, looks like the people have not left home since the last snow. We are flying at 35,000 feet and I cannot even see a footprint anywhere in the snow.

After aches and turkey sandwich, we tried to catch a bit of a nap, but to no avail. At 12:15, we are crossing over Red River and beginning our descent to Dallas - Ft. Worth runway.

We went to Gate 6 -- a Braniff plane for Houston was having trouble with the front part and had already missed the departure time. It is warm and I went to the ladies room and shed one layer of clothing -- 45 degrees instead of 4 degrees as it was in Chicago. Due to the Houston plane not being able to move from our spot, it was announced that our flight would depart at Gate #9. We

With enough time, Daddy did walk it. Right shortly, we boarded and are taking off at 2 o'clock headed on the very last leg of our journey. For the last time, we have stuffed our things in the over-head compartment. (I simply am not built for that height and I strain all I have unless some tall, kindly gentleman helps.) This time, and the only time, we are straight across from Tena and B.J. with two people in between us -- we are all smiles. It is also our last take off and will soon be our last landing.

This flight is on a Braniff 727 also -- but we have one with a big Dallas Cowboy helmet painted on the tail and "Cowboys" written on each side of the nose of the plane. This has truly been an experience we'll never forget -- there have been happy times and sad times. It was sad especially to leave some behind, but our prayers are with them. Happy to have met others who had the "Common Denominator" for being in Greece as we had and how very encouraging everyone was. We did our best to help others, also. We will be very happy to see our families -- we have truly missed all of you, and hope never to have to be gone so long again.

Whatever the outcome of this trip--we know we had "direction from above" through prayers of so many and through our own submission to God's will.

We are thankful for the additional friendship and love we shared with so many in Athens -- and the great gift God has given this man who is putting service to others above all the money that has been offered to him. He is truly a Christian and a dedicated servant to those needing his service. Our prayer is that his health will endure the long hours he spends until his discovery is allowed to be used to help those from whom it is intended instead of being used only as experimental for 5, 10 or 20 years, or until others feel compelled to open it to the general public as this Dr. Alivazatos has done. He is still young in years, but working 24 hours a day will age him before his time. Would we go through the past month's experience again if it is necessary? In spite of all the air terminals, planes, cold and other conditions and situations -- too numerous to mention again, **We Certainly would.** And we would encourage anyone with a malignancy to go the same--just don't wait too late.

Home to our families -- friends -- and Home. Touching down at Amarillo, Texas 2:55 p.m. February 11, 1982. Your Loving Mother & Daddy.

Wedding Shower for Tina Pugh

A wedding shower honoring Tina Pugh will be held August 3 at 303 Ellerbee from 7 until 9 p.m. that Tuesday evening. It is a come and go affair for all of Tina's and Kent Mills' friends and relatives. Everyone is invited to attend.

To defrost ground beef quickly, sprinkle with the salt you planned to use for seasoning. It speeds the thawing processing.

Social Security

Q: I hired a gardener to do some landscaping and general gardening around my house this summer. I understand that I'm supposed to pay Social Security taxes on his wages and file a report with IRS. When should I do this?

A: If you pay a gardener or other household worker \$50 or more in cash wages in a calendar quarter, you must deduct Social Security taxes from the wages and pay an equal amount as the employer. Send the taxes and report

of the wages to the Internal Revenue Service before the end of the month after the calendar quarter--before July 31 for the second quarter of 1982. The report, Form 942 (Employer's Quarterly Tax Return for Household Employees), is available from local IRS offices.

Q: My daughter told me that the premium for my Medicare medical insurance may go up this month. Has it?

A: Yes. The basic medical insurance premium increased from \$11 to \$12.20 a month for the 12-month period starting July 1, 1982. The increase is necessary because medical insurance

costs have risen as a result of higher charges for medical services. By law, however, the premium increase cannot be more than the percentage increase in Social Security cash benefits during the previous year.

Q: I get monthly SSI payments because I'm disabled. A friend has offered me a part-time job doing paperwork for him. It won't pay much. Do I have to report it to Social Security?

A: Yes. You must notify Social Security immediately if you begin working while you are receiving disability benefits under either Security or SSI.

The Lions Tale

Effective And Tasty

'The Pill' For Dogs

The Clarendon Lions Club held its regular meeting at noon on Tuesday at the Lions Hall. There were 26 members, 1 new member, 6 guests and Lion Sweetheart, Jessie Adams present.

Following the regular opening ceremony including a lively song session led by Lion Billy Ray Johnston, Lion Tamer Messer introduced the following guests: Former Boss Lion David Davidson who now lives in Ennis, Tex.; James Stavenhagen of Shamrock who was the guest of Lion Mac Stavenhagen; Dan Townsend of Dallas who was the guest of Cohn Bristen; Bob Echols of Albany, Tex. who was the guest of Lion J.G. McAnear; Craig McKee of Los Angeles who was the guest of Lion G.W. Estlack; and Floyd Henson of Gallup, New Mexico, who was the guest of Lion A.R. Henson.

Acting Boss Lion Henson then presented membership applications from Clarendon's 2 new dentists Daniel L. Desilets and Dan Bentley Jr. They were sponsored by Lion Homer Estlack and were unanimously accepted by the club.

We were very happy to have for our program Jimmy Adams on the fiddle accompanied by Jerry Chamberlain on the guitar and Dana Chamberlain on the piano. Everyone enjoyed it.

You may have heard that there's a birth control pill for dogs, but did you know that it tastes good too? Veterinary researchers have found that a little pill is proving to be a real "taste-treat" for female dogs.

The canine birth control pill, Ovaban®, is certainly a treat for concerned dog owners, particularly for those who wish to breed their animals sometime in the future. It is a convenient, effective alternative to surgically spaying your animal.

Developed by Schering Veterinary, a leading manufacturer of animal health and veterinary products, Ovaban, an oral contraceptive, is the only canine birth control pill currently approved for use in breeding animals. In the seven years since its U.S. introduction, Ovaban has proven to be a safe, reversible and dependable method for controlling a female dog's heat cycle.

It works by creating a hormonal excess in the bloodstream, which signals the brain to shut down production of the heat-inducing chemical. Unlike human birth control pills, Ovaban is given once a day for only eight days, beginning at the first sign of heat. Treatment is not repeated until the animal again goes into heat, usually in about six months. When you wish to breed your dog, simply do not repeat the treatment. Your animal will be ready for breeding at her next heat cycle.

Dogs of all sizes, ages, and breeds have used the product successfully. In addition to birth control, Ovaban is effective in alleviating the symptoms of false pregnancy in dogs and in suppressing the heat cycle, a valuable consideration for show, field trial and other sporting animals.

Ovaban is available exclusively through your veterinarian.

Ross "Badger" Noles

Funeral services for Ross "Badger" Noles, age 69, were held at 2:00 p.m. on Sunday, July 18, 1982 in the Clarendon Church of Christ with Bright Newhouse, a Church of Christ Minister, and Tom Harguess, Church Pastor, officiating. Interment was in Citizens Cemetery with the arrangements under the direction of Robertson Funeral Directors.

ROSS NOLES

Mr. Noles died at 3:15 p.m. on Friday, July 16, 1982 of an apparent heart attack while working. He was born on November 19, 1982 in Wood County, Texas and had been a resident of Donley County since 1927 moving

here from Memphis. He had a horseshoeing business and had been a cowboy for several ranches while living here. He was a member of the Matador Cowboy Reunion Association in Channing and the Clarendon Church of Christ.

Survivors include one sister, Mrs. Oma Cain of Dallas, Texas and several nieces and nephews.

Casket bearers were James Owens, Dick Shelton, Mark Allen, Mike Newhouse, Earl Shields, and Jimmy Thompson.

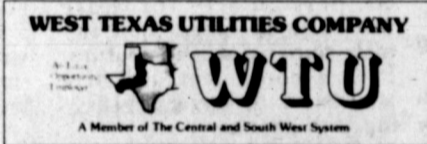

Paper makes up most of the waste found in the average American's trash can.

THE TUMBLEWEED

Clarendon, Texas

Hill-Moore Wed

Tina Marie Moore and Robert Bryan Hill were united in marriage on June 12, 1982 at 8:00 p.m. Rev. Lewis Ellis officiated the ceremony. The ceremony was held at the First Baptist Church of Hedley. The bride is the daughter of Mr. and Mrs. Joe Moore of Hedley. The Groom is the son of Mr. and Mrs. Ross Bryan Hill of Clarendon.

The Maid of Honor was Tonya Moore of Hedley. The Bridal Attendants were Millie Harlan of Clarendon and Melanie Hansard of Hedley.

The servers for the reception at the Bride's table were Jamie Butler and Penny Swearingen, both of Clarendon. The servers at the Groom's table were Susan Johnson and Carrie Moss, both of Clarendon.

The Best Man to the Groom was H.W. Harlan of Clarendon. The Groomsman were Tommy Funderberg of Lakeview and Kelly Hill of Clarendon. The ushers for the ceremony were Chris Ford and Jeff Topper, both of Clarendon.

The Bride wore a formal gown of white silk designed with a Queen Anne neckline, accented by white lace and ribbon. Her long sleeves were of silk with a high cuff of lace with pearl buttons. The skirt was of silk with lace ribbons down the seams and

pink and purple carnations also down the seams. The long silk train was accented with lace flowers and ribbons. Her veiling of lace accented with lace flowers and ribbons was also the length of the train. The Maid of Honor and Bridesmaids wore long orchid silk dresses and carried long stemmed pink roses with streamers.

The Candlelighters were Terry Moore of Hedley and Andria Fancher of Amarillo. The Flower Girl was Leslie Harlan of Clarendon. She carried a white basket with pink rose petals. The Ring Bearer was Cory Fancher of Amarillo. He carried a white heart shaped pillow bearing rings.

The Groom wore a white tuxedo with tailed jacket with a white shirt and an orchid ruffle and a white bow tie.

The Best Man and Groomsman also wore white tuxedos with white shirts and orchid ruffles and white bow ties.

The pianist was Lisa Stewart of Hedley. The soloist was Sherrie Hill of Hedley. She sang "Endless Love" and "You take my Breath Away."

The church was decorated with an archway, two candleabras which were decorated with pink and orchid carnations and greenery.

Following the ceremony, a reception was held in the Fellowship Hall.

The Bride's Cake was decorated with pink roses and orchid daisies and served with pink punch. The Groom's cake was a chocolate layer cake decorated with penguins in a bridal gown and tuxedo. The cake was served with coffee. After the reception the couple was headed to Amarillo for the Honeymoon.

Bryan is employed by Greenbelt Water Authority. Tina is employed by Gibsons. The couple will be living in Clarendon.

MR. AND MRS. ROBERT BRYAN HILL

Lelia Lake News

by Jeanie Landerdale

Mr. and Mrs. F.A. Floyd visited his aunt, Rebecca Smith, in Floydada Tuesday.

Mr. and Mrs. Ronald Castner, Shannon Longan, and Richard Lewis were at the Phil Landerdale's Thursday night for homemade ice cream. July 16th was Phil's birthday and July 17th was Mary's.

Mr. and Mrs. David Wilson's granddaughter, April Stephens, from Quitaque is spending a week with them.

Mr. and Mrs. Andrew Henderson, their grandson, Clay Henderson and Shauna Landerdale went to Wonderland Park in Amarillo Saturday. Clay and Shauna had a great time. I'm not sure about Andrew and Avos.

Mr. and Mrs. Larry Wade and Roger visited Larry's parents, Mr. and Mrs. Omer Wade, in Abernathy over the weekend.

Mrs. Sue Thompson picked up her sister, Patty Browning, at the Lubbock hospital Wednesday. Sue brought Patty to their par-

ents, Mr. and Mrs. Harold Browning, to stay a week and start recuperating from knee surgery.

Mr. and Mrs. Lacy Lee Noble, Paula, Terry Lee, and Mark visited the Phil Landerdales Friday night.

Mrs. Nadine Hastey, daughter Pat Allen, Brad and Andree flew to Austin Sunday to visit with her daughter, Ava Hastey. They will return Tuesday.

Mrs. Earl Shields had to return to the hospital in Amarillo Thursday. We all wish her a speedy recovery.

Mrs. Herbert Shields visited and shopped in Amarillo Saturday. Hazel's father, Mr. Richard Lewis accompanied her and spent the day with his granddaughter, Mr. and Mrs. Phillip Casto and family.

Mr. and Mrs. Henry Hastey visited with Phil and Jeanie Landerdale Saturday night.

Mr. and Mrs. Harold Browning's sons Mr. and Mrs. Bill Browning from Frederick, Okla., and Mr. and Mrs. Sam Browning from Hart, Texas visited over the weekend.

Mr. and Mrs. Chuck Longan's son, Bobby Longan and grandson, Mike from Dallas spent the weekend with them.

Mr. Arthur Shields had to go into the Memphis hospital early Friday morning suffering from a kidney stone. He came home Sunday. He still has the stone but we hope no more pain.

Whoever had turtle #41 in the July 4th race, Taylor Ann Harbert saw it one day last week crossing the road in front of the Lelia Lake gin. Taylor Ann helped it get safely across the road so #41 is still going strong.

Mrs. Jerome Bowling went to Claude Saturday to bring her grandson, Brandon Duke home with her for a few days. Mrs. Bowling kept Brandon while Mr. and Mrs. Jimmy Duke stayed with their baby, it had a virus, in Northwest Texas Hospital. The baby is much better and got to come home Monday.

Visitors in Humpy Moores home this week are three daughters, Mrs. Nolan Martin of Little Rock, Arkansas, Sharon Moore from Washington, and Mr. and Mrs. John Mangum from Mc-Clean.

Mrs. Alena Nelson met her daughter, Jean and Dan Petty and sons in Amarillo Thursday. The boys, Kevin and Dennis, came home with Alena for a visit. Jean came to return them home to Dimmitt Monday.

Mr. and Mrs. Fred Ponder went to Palo Duro Canyon Sunday. Mrs. Ponder said they spent a very enjoyable day looking at the sights.

Mr. and Mrs. Gary Harbert and family attended the festivities in Claude Saturday. They met Laura's mother, Neoma Plank of Canyon, in Claude and had a belated birthday celebration for Chet Harbert.

Mr. and Mrs. J.B. McDaniel, Patrice Shields, and Stephanie Anderson, rode J.B.'s horses in the Claude parade Saturday. I understand they were even televised Saturday night.

Mr. and Mrs. Mike McCully had a float from "Judy's Saw and Sew Shop" of Lelia Lake in the Claude parade. We are proud of these people who take the time and trouble to represent Lelia Lake in local and out of town activities.

Mrs. Arthur Shields went to Tipton, Okla. Friday to pick up Mary Bingham who is going to visit with them this summer.

Mr. and Mrs. Ronald Castner visited with her mother, Merle Daniel in Sherman Friday. Ronald and Mary went on to Linden Saturday and spent the day with her father, Mr. and Mrs. Euley's birthday.

This Saturday is our regular Community Center night. Hostesses will be Mr. and Mrs. Lacy Lee Noble and Mr. and Mrs. Phil Landerdale. We will eat at 7:30 p.m. Next Saturday, July 31st, we will have an extra Community Center gathering. We are going to have a chicken barbecue. EVERYONE IN THE LELIA LAKE COMMUNITY IS INVITED. Details will be in next weeks news.

HEMORRHOID MEDICINES

There are a number of prescription and nonprescription medicines available to ease the discomfort of hemorrhoids. Depending on actual ingredients of each, they are designed to relieve pain, burning, itching, swelling and inflammation.

Local anesthetics such as benzocaine reduce nerve transmissions from hemorrhoidal tissue and, hence, may relieve burning, itching, and pain.

Astringents such as zinc oxide protect underlying tissues and supposedly lessen the secretion of mucus and other materials. They help relieve irritation and inflammation.

Protectants such as white petrolatum and mineral oil promote healing and help prevent irritation that might otherwise be produced when hemorrhoids are exposed to fecal materials and air.

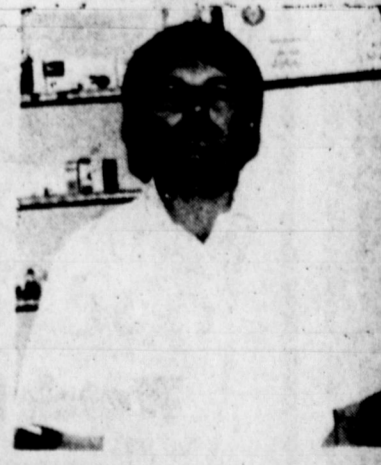

In addition to the above medicines which are found in ointments to be applied directly to hemorrhoids, there are other products which prevent aggravation of existing hemorrhoids. The stool softeners and laxatives are effective in this regard. Increasing the amount of fiber in the diet may be effective and often eliminates the need for laxatives.

Self-care of hemorrhoids is not always wise, however. Most authorities agree that a physician should be contacted when there is bleeding, protrusion, or seepage associated with hemorrhoids.

Chamberlain News

By MRS. HAWLEY HARRISON

Chamberlain Community Center held their regular meeting Friday night. Hosts and hostesses were Lloyd and Melba Risley and Lacy and Mary Lee Noble. A fair crowd attended. Hopefully more will make the next meeting.

Mrs. Ethel Dingler and Mrs. Brodis Ballew and Mrs. Clara Mae Carter visited Mrs. Eunice Mann in Hall County Hospital in Memphis Tuesday.

Misty Longan visited Teresa Risley last Tuesday. Mr. and Mrs. Tom Barbee of Quitaque spent last Tuesday night with Ernest and Roxie Barbee. They went to Amarillo to see their doctor Wednesday.

Larry and David Hicks of Amarillo visited Dennis and Loretta Harrison Friday evening.

Amy and Nathan Koontz spent Thursday night with Mr. and Mrs. D.R. Koontz. Lisa Cannon of Navasota is attending a twirling camp in Funtsville this week.

Mr. and Mrs. Homer Whitus and Mr. and Mrs. Bertie Patterson of Tyler spent Thursday and Thursday night with Mr. and Mrs. W.R. Chaney.

Anna Harrison spent the weekend in Amarillo with Larry, Sherry and David Hicks.

Mr. and Mrs. D.R. Koontz attended their Sunday School class party in the home of Mr. and Mrs. Charlie Hearn Friday night.

Mr. Heard Reeves of Wichita Falls spent the weekend with Mark and Vivian Allen and Mrs. Alma Reeves.

Tanya Duncan and Lance Shipp of ACU spent the weekend with her grandparents Mr. and Mrs. Frank Thomas.

Mr. and Mrs. John Sommers and sons Scotty and Nicholas of Dallas spent the weekend with Bud and Carmen Wright and Luz Taylor and class mates of "67", David Hardin, Jimmy Risley and son, Brent and Jackie Tolbert visited during the weekend having wonderful time.

Mr. and Mrs. W.R. Chaney attended the wedding of their granddaughter, Kathy Chaney and Mike Porter in Amarillo Saturday night.

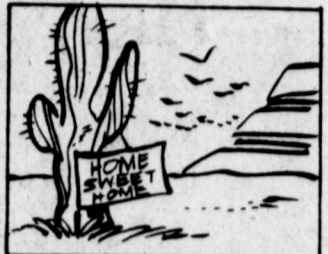

Mrs. Eunice Mann entered Hall County Hospital last Monday and came home Sunday. Those visiting her Sunday were: Red and Louise Carter of Dumas, Abe and Ruby Turner and April of Haskell and Gurvis and Frances Kennard and Jennifer of Amarillo. We are so glad she is able to come home.

Mrs. Genoa Lowe visited Mrs. Lilae Lowe Sunday

afternoon. Red and Louise Carter visited Mrs. Clara Mae Carter this weekend.

Mrs. Roxie Barbee will visit her mother Mrs. Cecil Price of Quitaque Tuesday and take her to her eye doctor in Childress.

Frank Cannon of Navasota is attending a Vocational Adjustment Counselor meeting in McAllen Texas next week.

Saguaros, which are huge cactuses found in Arizona, are often called "apartment houses of the desert" because they provide living quarters for so many bird species.

Look who's new

Who's New

Starla and Charles Michael of Goodwill, Okla. announce the birth of their son Charles DeKalb Michael III July 13 at 12:35 in the morning in Guyman. The young man weighed 7 pounds and 15 ounces.

Grandparents are Mr. and Mrs. Milton Mann of Higgins and Mr. and Mrs. Charles Michael Sr. of Wellington.

Great-grandparents are Mr. and Mrs. Michie Maupin of Turkey, Mrs. J.F. Michael of Wellington and Mr. and Mrs. O.H. Dupas of Oklahoma.

Time Laid to rest at courthouse

A special unveiling ceremony led by Tunney Kent who gave a dedication to the 6' granite monument placed on the east side of the courthouse, occurred at 1 p.m. July 3rd. Chriss Cummins and Clarence Hamilton unveiled the beautiful monument.

Later, a special ceremony took place in which the 3'x11"x14" plastic time capsule was officially sealed and buried culminated the project sponsored by the Donley County Historical Commission, chaired by Clarence Hamilton. "The monument was dedicated to those pioneers who came into the county in the early days," Hamilton said, "and to those who are to continue the traditions of the Donley County area."

The monument was built by Wallace Monument of Clarendon and the time cap-

sule was donated by Robertson Funeral Directors and Wilbert, Haase Co. of Amarillo.

The cost of the monument was \$1,937. There have been \$600 paid into the monument fund from donations made for that purpose. Among items included are a scroll of family names, the centennial newspaper, photographs and treasures of the area.

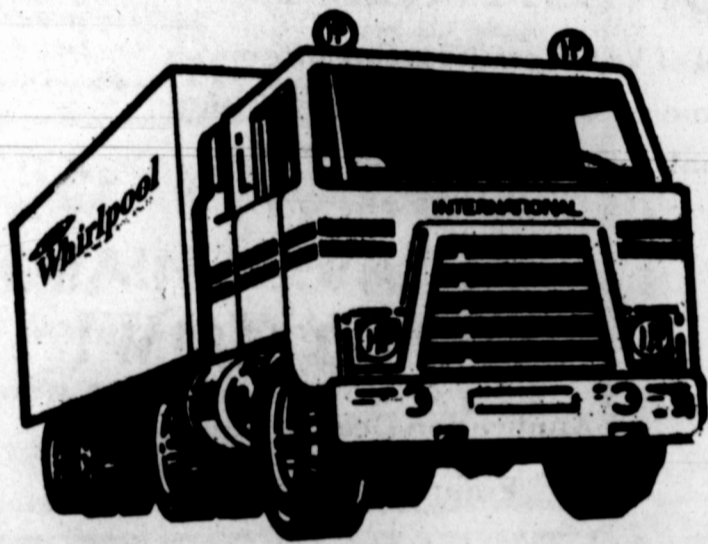

"If we don't pay for the monument by September, we will have to take some of the money we earn from the sale of the plates to pay for it," Hamilton said. "The money we earn from the sale of the plates will likely go toward renovating the old courthouse room." The board will have to meet to decide this action.

Donations toward this timeless time capsule may be made by contacting Ruth Hancock at the First Bank

and Trust of Clarendon, Lawrence Neece at the Donley Library, Judge Christal's office, Riggs Farm and Ranch Supply, or Clarence Hamilton. You may also purchase the centennial plates from any of these locations as well.

"We have sold \$2,200.00 of plates to date," Hamilton said. "But we would like donations toward the monument so that we don't have to take any money out of the plate fund."

"As chairman of the Donley County Historical Commission, I would like to thank The Clarendon Press for their coverage and also all of the people who have participated in the purchase of the plates and in donating to the time capsule fund," Hamilton said.

OSBURN FURNITURE & APPLIANCE, INC.

Martin-Ashtola News

By NAOMIGREEN

Doyce, Viola and the Doyce Graham Jr. family attended the Claude Barbeque Saturday.

Jerry Green family visited Jimmy and Becky Jackson and daughters at Goodnight Sunday evening.

Richard and Brent Graham went home with Winnie and Allen Graham to Panhandle for a few days visit.

Word was received Sunday of the death of Carolyn Graham, daughter of Don Graham of Sunray. Services are pending.

Twenty people attended the ice cream supper at the community center Saturday night. There was enough ice cream for forty so we could have used more eaters.

Doyce Jr., Linda, Carmen and Mike Graham spent Wednesday in Lubbock visiting with old college friends.

Jennifer and Elena Doerrie and Charlotte Payne from Booker spent the weekend with their grandparents, the Horace Greens while their mother was in Lubbock for a UMW meeting.

Mr. and Mrs. Doss Finley had lunch in Amarillo with the Clem Dugins of Canyon and visited the Dugin's daughter Mrs. Herbie Rogers who has been very ill.

Katherine Green and children made a business and pleasure trip to Midland last weekend.

Mr. and Mrs. Robert Partain and Rudy and Rhonda Partain and boys of Panhandle and Jamie Kime of Amarillo all went to Lake Altus for the weekend. They reported a wonderful time.

Vance Gray family had a "shingling party" last Saturday and Sunday. Those attending were Jerry Gray of Amarillo, Gloria Taylor and Amber, Jeannie and Dusty Tittle of Canyon, Larry Gray

from Dimmitt and Buster Gray of Clarendon. Amy Taylor and David Tittle went home with their parents after a weeks stay with the Vance Grays.

Guy Murphy and his son Phillip Russell from Abilene visited his mother Mrs. James Tolbert enroute home from the auto races in Okla. where they won first prize and fifteen hundred dollars.

Mr. and Mrs. Pete Land visited the C.G. Cobbs at Tulia Sunday.

Mary Land and Pat Scroggins went to Durant Okla. to the McCalister-Welborn Family reunion for the weekend.

Cindy, Greg, and Jason Bunyon of Amarillo spent the weekend with the Steve Reynolds.

Christal Havens is attending Girl Scout Camp and Camp Cibola this week.

Marcia Davis and Carrie Sue are visiting with the Skeet Browns and with her parents the John Krizans at Groom for a week while Gray is in Austin for a training course.

Hubert Rhoades, Charlotte Wiech, Marcia Davis and Carrie Sue and Steve Trostle of Shamrock had dinner with the Skeet Browns Sunday.

Mrs. Harvey Lockwood of Clause was a guest of the Skeet Browns Saturday afternoon.

La Rue Pitmand of Amarillo and her parents the Tom Shadles and Melby Risley visited Mr. and Mrs. Ethen Boley and Mrs. Florence Arms in Jacksboro for the weekend.

Air Ionizers Combat Pollution In Home

Each day we inhale about 2,500 gallons of air to survive. When it's polluted with dust, pollen and smoke, the air is harmful and can make us feel irritable and stuffy.

Now, however, ion generators have been developed to stabilize the air by discharging millions of negative ions into a room. Several models are on the market and our research shows that any priced below \$100 are not usually effective.

You can pay up to \$300 for some excellent units, but for normal office or personal use such expense is not necessary. One, the Home-Ions from Paradise generator is mid-priced and has been written up in several consumer and scientific journals. It looks to be the best of all.

To get more information on it, contact the company at 1461 N. Daly, Anaheim, CA. 92806. (714) 635-1423.

IN AND AROUND HEDLEY

Louise Stewart, Seamstress with a twist

Little girls dresses with lots of frills, lace, flounces and little bows is something every little girl dreams of and mothers flinch at the prospect of purchasing. But Louise Stewart (Dodson) makes these dainty little dresses at a price within everyone's budget. "I just like sewing all of those lacy ruffles," Louise said, "I like making those cute little dresses" and that is evident by the number of dresses she has made. She

sold 50 of those dresses last year alone. It takes her a day to make the dresses and takes yards of materials to complete them. Louise is married to Paul (Froggy) and they have three children, Gary of Hedley, Jimmy of Clarendon, who is married to Nancy Owens, and Lisa of Memphis. Louise is native of Hedley, born and raised there, she attended school in Giles but graduated from Hedley. Her parents moved into the area in 1928 and farmed and ranched the

area. Since Louise had six sisters and only one brother, perhaps her love of frilly dresses came from the fact that she never had one as a child. Louise sews these delightful confections by appointment. You can see some of her other delightful creations at Tillies Craft Shop on Highway 287. Louise is a member of the First Baptist Church and the Lions Club of Hedley. She has many creative hobbies other than sewing, such as painting and making crafts. Her home is filled with the novelties she loves to create that give her home an air of

comfortable beauty. Louise, always impeccably dressed and groomed, is an Avon representative. She has many Avon treasures in her home and carries a complete line of that world famous product. Visit with Louise and see what she has to offer. Surely there is a little girl in your life ready for a beautiful dress? Avon? A painting?

Kathi Holland honored with Baby Shower

Kathi Holland was honored with a baby shower Tuesday, July 13 at 7 p.m. Hostesses were Nancy Mullins, Carol Hill, Cheryl Wiggins, Evelyn Messer, Maureen DeBord, Mary Kay Clubb, Mary Ruth White, Shauna Monroe, Betty Morgan, Renee Shields, Janie Hill, Sharon Wheatley, and Becky Hill. Stephanie Holland registered more than 50 guests who attended the event.

A table decorated with yellow daisies and blue mums set off platters of cookies and a big punch bowl. The affair was held in the Hedley Lions Den.

Hedley School Board Members Resign

Ronnie Hill and Martha Hill have both resigned from the Hedley School Board to allow the hiring of Bryan Hill, as principal. This will mean that two new vacancies will be on the Hedley School Board which will necessitate a School Board election. Two

names have already been submitted for these vacancies, they are Cheryl Wiggins and Larry Helms of Hedley. Bryan is married to Debbie (Callahan) and they have a brand new 3 week old daughter, Ashley Kay. Bryan is a 1975 Hedley graduate and has received his B.S. degree in education from WTSU. "We will hopefully have all of our teachers hired this week," Bryan said. "I don't have any new revolutionary plans for the school, simply keep going in the fine manner it has always upheld," Hill said. Glyndol Holland is the Hedley superintendent. He filled in from last year after Vernon Scott left to assume a position in Amarillo. Hedley schools are ready for the forthcoming school year, so let's keep our eyes and ears open for news from the school!

The longest recorded period for which a person has voluntarily gone without sleep is 449 hours—nearly 19 days—by Maureen Weston of Peterborough, England in a 1977 rocking chair marathon.

When an occasional involuntary sleepless night keeps you tossing and turning, a sleeping aid with DPH may help. "DPH"—called the sleep aid ingredient of the '80s—stands for a new ingredient proven safe and effective in clinical tests and available for the first time without a prescription.

Griffin-Brandon engagement

Mrs. Ruth Raney McAdoo of Amarillo announces the engagement and approaching marriage of her daughter Kristy Kay Griffin, to Clifton Orval Brandon, son of Mr. and Mrs. Ralph D. Brandon of Quanah. A garden wedding will take place at 6:30 p.m. August 21 in the home of the groom's parents at 611 West 16th Street in Quanah. The bride-elect graduated from Amarillo High School and attended Clarendon College where she was active in the Student Senate, Phi Beta Lambda sorority, Sportsman Club, and CCB. The prospective groom is a 1980 graduate of Quanah High School and attended Clarendon College where he was a member of the Sportsman Club, Rodeo Club, and FFA. He is the grandson of Mr. and Mrs. Orval Brandon and Mr. and Mrs. W.C. Eaton, all of Quanah. She is the granddaughter of the late Mr. and Mrs. Wallace Raney of Clarendon. The couple will make their home in Quanah.

Hedley News

The Roy Browns were taken to Seymour to an Old Timers Round-Up this past week by their daughter Gracie and her daughter. They reported a wonderful time. Mrs. Garrison has returned home from her daughters home in Amarillo where she spent a week visiting. We understand that Mrs. Lela Cline, a former Hedley, is in the Memphis Hospital because of a broken wrist. The Roy Browns had four of their kids home for a visit Sunday. The Larry Helms are moving a big, nice trailer home in next to Mrs. Oscar Moores

place. We welcome that addition. John and Eddie Mae Fisher of Riverside, CA are visiting her mother, Nell Land.

GRASLAN® GETS THE SHINNERY. YOU GET THE GRASS.

For decades, the rangeland of West Texas has been covered with brush troublemakers like sand shinnery. Battling these brush problems has been all uphill for ranchers. Until now.

Now, there's a totally new approach to controlling brush. It's Graslan®. From Elanco. Graslan is a pelleted, aerially-applied brush herbicide. And one application gives years of control.

Graslan. It's the new foundation of a range management program that controls sand shinnery and other West Texas troublemakers, allowing your rangeland to live up to its full potential.

For more information about how Graslan can help you win the war against brush, call the toll-free Elanco Graslan hotline:

1-800-428-4441

ELANCO

Pioneering a new era in range management.

SKinformation by Linda Allen Schoen

New mothers...do you know your ABC's when it comes to caring for baby's skin?

Your newborn's skin is quite dry, sensitive and delicate, yet already produces perspiration.

You'll avoid the problems that make baby's skin uncomfortable if you take a little extra time and care.

Anticipate common skin problems, like diaper rash. Keep baby's bottom as dry and clean as possible with frequent changing; apply an efficient barrier cream (Neutrogena Unscented Norwegian Formula Hand Cream is an excellent choice) to guard against wetness.

If a rash develops, consult your doctor.

Be prepared at bath time. Ensure the room is warm and free from drafts. Gather together soft towels, clean clothing, diapers, cotton balls and gentle soap beforehand, so you can relax and focus all your attention on baby's well being.

Cleanse baby lovingly. Clean, moist cotton balls will cleanse the eye area. Lather the rest of baby's skin with a mild, non-drying soap, like Neutrogena Baby Cleansing Formula. Gently rinse by lowering baby into the bath, rinsing off all soap using one hand. Wrap immediately in a soft, dry towel and greet baby with a generous hug... you'll both feel great.

Make bathing and caring for baby's skin a doubly pleasurable experience: Anticipate problems, be prepared and cleanse with care and love.

Pee Wee League sees the big time

On June 26 the Indians of Clarendon's Pee Wee League enjoyed a trip to Fort Worth and Arlington. While there they visited the Fort Worth Zoo. Next they saw the Dallas Cowboys play a softball game with the Hollywood All-Stars. This game was a benefit for Muscular Dystrophy. We enjoyed seeing Tony Dorsett, Charlie Waters, Glen Carano and other Cowboys play against Ralph Mouth of "Happy Days", Brodie Greer of "Chips", and several other Hollywood personalities.

Afterwards we saw the Texas Rangers defeat the Oakland A's by a score of 5-2. That night we were guests in the home of Mr. and Mrs. Ed McCary and children.

Members of the team who made the trip were: Trey Funderburg, Michael Williams, Danny Mullins, Bryan Denny, Steven Davis, Mark Glover, Shane Hall, Jason Ward and Billy Bob Hoggard. Those making the trip with the team were: Gene Denny, Cagle Davis, Clovis McCary, Chris Ward, Bob, Sharon and Audra Hoggard.

Doing MORE...With LESS!

A GUIDE TO SUN-DRYING

Sun-drying works best in areas where dry, clear weather is normal at the height of the produce harvest. Indoor dehydration is the rule for cloudy or highly polluted localities. In regions like the Southeast, where strong sun is offset by moist air, evaporation can be speeded up by the use of a vented, glass-covered box like a cold frame, which produces higher temperatures and hence lower relative humidity.

A surprising variety of foods can be sun-dried, especially produce, which should be chosen for top quality... picked over... and washed well. Juicy fruits are usually halved or quartered, and vegetables—which are low in acid and spoil more readily—should be cut into small pieces for faster dehydration.

The foods are spread without crowding on paper-lined trays or cloth-covered wooden frames, protected with cheesecloth if insects are a problem, and left in the sun to dry with the aid of an occasional turning. The trays should be moved under shelter and guarded from dampness at night. If wet weather sets in, the batch can be saved from spoilage by oven-drying.

Another common practice is to string pieces of food on strong thread and hang them in the sun or indoors. Sheltered air-drying is recommended for herbs.

Check each batch for uniform dryness and pack the edibles in airtight containers. It's wise to inspect any such stored products now and then for spoilage.

Dried foods can be nibbled raw, or covered with boiling water and soaked or simmered until tender.

VEGETABLE or FRUIT	PREPARATION FOR DRYING and DRYING METHOD
Beans (pod): string, green, snap, wax	Wash and dry, cut or break off ends and pull strings, cut or break into one-inch pieces, spread on frames (or string on heavy thread), and dry until tough to brittle.
Beans (shelled) and peas	Shell, grade if desired, spread on frames, and stir daily until hard and brittle.
Herbaceous plants	If the plants have thick, juicy stems like celery or rhubarb, slice thin, spread on frames (or string), and dry until brittle. Hang leafy herbs in a shady, airy place, crumble when dry, remove large stems, and store leaves in airtight containers.
Onions, leeks, kohlrabi	Peel and slice into thin rings (no more than 1/8 inch thick), spread on frames (or strings), and dry until light-colored and brittle.
Peppers	Small peppers (tabasco, red) may be dried whole until dark and shrunken. Slice others into rings, spread on frames (or string), and dry until crisp and brittle.
Pumpkin, squash	Wash, remove stem, cut open, clean out seeds and pith, and trim off peel. Cut into cubes or slices, spread on frame (or string), and dry until tough.
Apples	Wash, peel (no need to core), slice into thin sections, spread on frames (or string), and dry until leathery.
Berries	Wash, and spread on frames until hard.
Currants, figs, grapes	Pull (grapes) from bunches, wash, and dry on frames until leathery and slightly sticky.
Peaches, pears	Wash, halve (or quarter if fruit is large), remove pits (or peaches), and dry—skin side down—on frames until tough and leathery. Do not turn.

For FREE additional information on drying foods and on THE MOTHER EARTH NEWS magazine, send your name and address and ask for Reprint No. 535 "Make Your Food Dollar Go Further" Mail to Doing MORE With LESS!, P.O. Box 70, Hendersonville, N.C. 28791. Copyright 1982 THE MOTHER EARTH NEWS, Inc.

Those were the days!
"THE ROARING TWENTIES"
 Coming Again in October 1983
A REUNION
 All Graduates of CHS - 1920 thru 1929

This will be an auspicious occasion. Anyone who would like to assist, please notify me or any member of the committee.

We will especially need help in locating those who graduated prior to 1925. Edna Montgomery Smith will be the representative in Clarendon. She will be ably assisted by Kenneth Fink.

The following committee is appointed (without their consent) to help organize and present this propitious activity.

Andy Reavis Robert Dillard Kenneth Fink
 Ross Beville Mutt Ingram Edna Montgomery Smith

Plan now to attend this memorable reunion.
