1968

New Series—Volume 39 No. 40

CLARENDON, DONLEY COUNTY, TEXAS, THURSDAY, OCTOBER 24, 1968

A Fine Paper For Fine People

Short Analysis of Proposed Constitutional Amendments

A short review of the fourteen proposed Amendments to the Texas Constitution is being carried this week and next week—seven each week. The recap does not give in detail information in regard to the amendments but does offer a few suggestions FOR AND AGAINST these Amendments as prepared and published by the Texas Industrial Conference, Dallas, Texas.

The Amendments will be voted on during the General Election, November 5, 1968.

AMENDMENT NO. 1

This proposed amendment to the Constitution is in regard to the State of Texas Employees Retirement Fund and the Employees Retirement System of Texas and pertains to the revision of provisions for investments of moneys and other assets of the Fund, also making new provisions with respect to the administration of the Employees Retirement System.

If passed this amendment would confirm and broaden investment authority of the trustees allowing investment in bonds, notes, and other evidence of indebtedness not only of the United States or the State of Texas but their agencies and political subdivisions. They could also invest in both common and preferred stocks of any corporation.

For this amendment—It would favor the expansion of investment opportunities resulting in a higher average interest rate from investments and strengthen the retirement system.

Against the amendment—There is the feeling that too free an investment policy would result, and it is pointed out that corporate stocks sometimes have a wide range of value which might bring about a period of deflation caused by a drop in values of the Fund's investments, causing the State to experience difficulty in meeting its obligation to retired employees.

AMENDMENT NO. 2

Would provide for the raising of the limit on the amount of State funds for Public Assistance payments to \$75,000,000 per year from the present \$60,000,000.

For this amendment—It is pointed out that the cost of living has created serious problems for all those receiving aid. The population is increasing steadily and the recent decision by the U. S. Supreme Court voided the rule in Texas and many other states which prohibits welfare payments to fathers.

erless children when there is a "substitute father" in the home. This decision will increase the number eligible for child welfare payments and reduce the amount available per person to all on the welfare rolls.

Against the amendment—Many feel that if welfare programs are ever to be brought under control it has to be done at a time like this when unemployment is low and the average income is high.

AMENDMENT NO. 3

Would allow investments in new types of securities for the Permanent University Fund.

For this amendment—Proponents note that most of the major college and university funds have more than 50 per cent of their moneys in corporate stocks and the adoption of this amendment would bring additional income necessary for schools' expansion.

Against the amendment—Some people have misgivings about investment of such a high per cent of funds in corporate stocks. They point out that dividends on stock are not obligatory but depend on fluctuations in company earnings. There will be times of deflation as well as inflation and there is fear that dividends might drop to a point so low that payments could not be made on bonds issued by the universities for their building programs.

AMENDMENT NO. 4

Would give Dallas County power to issue bonds for roads and turnpikes without limit.

In favor—Those favoring this amendment think this is the only practical way for Dallas County to get bonds adopted which are necessary to build new roads to alleviate clogging and choking of a high per cent of transportation arteries. It is felt no debt limit is necessary because eligibility to vote on a bond issue would be restricted to resident property tax-payers.

Against—While this amendment is limited in its application to Dallas County it would be a move in the direction of removing road bonds from the strict debt limitation and vote requirements which have been a part of Sec. 52 of the Constitution since 1904.

AMENDMENT NO. 5

Would increase the salary of members of the Legislature to \$8,400 a year and increase their Per Diem and Travel Expenses.

(Continued on Page 8)

Colts Blot Out Silverton 40-0, Play For District Title

Clarendon Junior High Colts defeated Silverton 40-0 in a game played there Thursday night. John Holland scored twice in the first period of play but the try for extra points failed leaving the score at 12-0 at the beginning of the second period of play. In the second quarter Tommy Shields scored on both the touchdown play and the conversion bringing the score to 20-0 at halftime.

In the second half the Colts came back strong with Kenny Tyler scoring the touchdown and Tommy Shields converting in the third quarter. Kenny Tyler scored twice more in the fourth quarter but the try for extra points failed on both attempts. Coaches Bromley and Hall reported both the offense and defense showed up good. The cheerleaders presented a nice skit at the afternoon rally and the support of fans at the game was appreciated.

The big game for the Colts will be Thursday of this week when they travel to Wheeler. This game will determine the winner in Junior High district play as both Wheeler and Clarendon are undefeated. Game time will be 6:30 p.m. All who can be invited to make the trip with the Colts and cheer them on to victory.

FARM BUREAU CHILI SUPPER SATURDAY NITE

C. C. Ayers, President of the Donley County Farm Bureau, announces that the Farm Bureau will have its annual Chili Supper at the Lella Lake Community Center this Saturday evening, October 26th, starting at 7:00 o'clock.

All Donley County Farm Bureau members and their guests are invited. The ladies are asked to bring a pie or cake.

This will be a very important meeting as officers and directors for the coming year will be elected by the members at this meeting.

CUB PACK 37 PLANS MEETING

Cub Scout Pack 37 will meet Monday, October 28, at 7 p.m. at the Scout Room in the City Hall Building.

The group will be in costume, with haunted house and spook games the order of the night being climaxed by the presentation of awards. Be prepared for the Ghost stories that might also be told.

New prospects for Cubs are invited to come with parents. Boys 8-10 years old are of Cub Scout age.

Cub Master Nunn reported "The best costumed Cub will receive an award."

OKLA. MAN CHARGED IN BURGLARY SUN. NITE

Quick work on the part of the City Police Dept. landed an Oklahoma man in jail about midnight Sunday night. Rogers Dixon of Ida Bell, Okla. was charged with breaking and entering in Justice of the Peace Court and bond was set at \$1,000.

Chief Gerdes received a call that a light was noticed turned on and then off again in Walter Alexander's Cafe in north Clarendon. Upon investigation, it was found that the Cafe had been entered and a cigarette machine broken into. Gerdes had the suspect in custody by 1 p.m. He had taken \$12.50 from the machine and it was badly damaged, Gerdes reported.

Pvt. E-1 Jimmy Blackerby visited the past week with his sister and family, Mr. and Mrs. Jeff Walker and children, and other relatives and friends. He was on a delay in route from Ft. Bliss, El Paso to Fort Gordon, Augusta, Ga.

Local Young People Work For Crop

The Intermediate and Young People of the community under the direction of the Clarendon Ministerial Alliance will be conducting their annual drive for CROP (Christian Rural Overseas Program) on Halloween night, Thursday, October 31, beginning at 6 p.m.

The group will gather at the First Baptist Church and from that point a house to house canvass will be made. Young people will be wearing identification and carry containers for your donation.

CROP is the community hunger appeal of Church World Service, a means of collecting resources for the overseas relief programs of the churches. It helps administer to starving refugees, earthquake victims, flood victims, and aids in providing seed, tools, fertilizer, and food-for-work in an attack at the root causes of hunger within other nations in an effort to help these people provide for themselves.

Our young people of this community are taking their time at this Halloween season to collect for others and will appreciate any contribution you care to make.

County Agent Warns Of Possible Screwworm Outbreak

The screwworm epidemic continues in Texas with a whopping 1,431 cases during the two-week reporting period of September 29 through October 12, according to County Agent Ronald Gooch. Screwworm cases close to Donley County were reported, with infestations found in Swisher and Motley Counties. Heavy sterile fly treatment is continuing in counties that have screwworm infestations.

The Mission Screwworm Laboratory officials expressed fear that these outbreaks will continue northward unless livestock owners hold off on all animal surgery until cold weather arrives. Livestock producers are urged to check their animals closely and treat all wounds. Samples of all worms found in wounds should be collected and sent to the Mission Screwworm Laboratory for identification. Mailing vials for sending samples are available at the County Agent's office, Gooch said.

E. S. BALLEW EXHIBITS TOP SWINE AT FAIR

E. S. Ballew, well-known Donley County swine breeder, was one of the top winners in the Hampshire division at the State Fair of Texas and Pan American Exposition.

Ballew exhibited the first Fall Boar and Senior Champion and the first March Boar and Reserve Grand Champion of the show. He also brought home a number of purple, blue, and red ribbons in various age classes including first Pen of 4 Animals of the show.

In the Pork Contest, Ballew placed fourth in the Carcass Barrow contest. Ballew has placed in the top four bracket every year in this contest, an enviable record. This is further evidenced by the total of 21 ribbons and placings brought home this year.

LIONS CLUB BANQUET SET FOR TUESDAY NITE

The Clarendon Lions Club will mark its 46th anniversary with a banquet and Ladies Night program Tuesday evening, October 29, at the College Cafeteria. Speaker for the evening will be Bob Izzard of Amarillo, a well-known news commentator. Mr. Izzard will speak on his recent tour of Vietnam.

Those planning to attend are reminded that 7:30 p.m. is the meeting time.

Bob Price To Visit Here Wed., Oct. 30

Jim Hayes, rancher and business man of Clarendon and chairman of the Donley County Bob Price for Congress committee, has announced that Congressman Bob Price will make stops in Donley, Wheeler, Gray, Collingsworth and Hall counties Wednesday, October 30.

Price, who is seeking reelection to the U. S. House of Representatives will begin the day's schedule with an early morning stop for coffee and a town hall meeting in the hospitality room of the Farmers State Bank at 7 a.m. Central Standard Time the morning of Wednesday, October 30. Mr. Hayes invites all residents of the area to be on hand to meet and visit with Congressman Price and stated that coffee and doughnuts will be served during the meeting.

A coffee honoring Mrs. Bob Price will be given in the home of Mrs. Alfred McMurtry at 10 a.m. Wednesday, October 30. Hostesses will be Mrs. McMurtry, Mrs. Jim Hayes, and Mrs. Walter Ligon. Area residents are invited.

TURKEY LADY INJURED WHEN CAR FLIPS

Mrs. Faye Cawley of Turkey and a Clarendon College student received a broken arm, cuts and bruises, when her car flipped at the south city limits on Highway 70 Friday morning.

Police Chief Gary Gerdes reported that the brakes froze on Mrs. Cawley's car causing it to go out of control and overturn. Mrs. Cawley was thrown from the auto. She was taken to Adair Hospital and later transferred to an Amarillo hospital. She was on her way to classes when the accident occurred.

The 1964 model car was a complete loss, Gerdes added. Another accident Monday morning was costly in property damage but no personal injuries, the Chief reported. A car driven by Rita Yarbrough of Memphis was struck from the rear by a car driven by Billy Muse of Lone Grove, Okla. at the intersection of 287 and Koogee. Miss Yarbrough, a college student, was waiting to make a left turn on 287 when the accident occurred.

BULLDOGS TO PLAY GRAHAM HOEME PLOW TEAM TONIGHT

Coach Lawrence Overcast is inviting everyone to come out tonight and watch the College Bulldogs in a scrimmage game with Graham Hoeme Plow Co. of Amarillo in the High School Gym at 8 p.m.

This will give all fans an opportunity to look the college team over and see what is in the making for basketball season ahead. There will be no charge for the game.

CLYDE GILBRETH NOW IN STATE HOSPITAL

Clyde Gilbreth was transported to Rusk, Texas Tuesday by Sheriff Bill Cornell where he was committed to the Rusk State Hospital.

Gilbreth was found incapable of standing trial for the murder of John R. Gilham by a District Court jury October 9th. District Judge Charles Reynolds ordered Gilbreth be taken to the State Hospital at Rusk and that he remain there until such time as the superintendent shall certify that he is capable to face the murder charge and be returned here.

Clarendon Tromps Mustangs 59-12

By IRVIN MEARS

The Clarendon Bronchos successfully opened their defense of the District 2-A title Friday night by beating the Claude Mustangs 59-12 before a packed crowd in Broncho Stadium.

The Bronchos opened up on their own 31 yard line after the Mustangs kicked off. With Steve Land and Charles Louis doing most of the work the Bronchos marched 69 yards in 7 plays with Land going over from the 2 yard line for the TD with 10:09 left in the first quarter. Phillip Longan kicked the extra point to make the score 7-0.

After a Claude punt the Bronchos marched 31 yards with Walter Reese going over from the 10 with 6:25 left in the first quarter. Longan again kicked the extra point to make it 14-0.

The Bronchos took over after a Mustang punt but gave the ball back to the Mustangs on a Land fumble. The Mustangs couldn't capitalize on the break and Donnie Mooring intercepted a pass and returned it 18 yards. On the first play Mooring hit Jim Moore with a pass. Moore raced 68 yards for the TD with 4:22 left in the quarter. Longan's kick was good and the score stood 21-0.

On Claude's first play after the kick-off Reese intercepted another Mustang pass and raced 44 yards into the end zone for another 6 points. Longan's extra point try was no good and the score was 27-0.

Claude was forced to punt to Clarendon and on the first play Land dashed 28 yards for the score with 1:58 remaining. Longan's kick was good for a 34-0 first quarter advantage.

With the reserves playing most of the second quarter, Junior tackle Willie Craft recovered a Mustang fumble in the end zone with 11:45 left in the half. Longan's kick failed and the score stood 40-0.

The Broncho's second team defense held the Mustangs and took over on downs at the Mustang 45 yard line. Three plays later Moore was standing in the end zone on a 2 yard scamper with 7:45 left in the half. Longan's kick again failed. This was the last scoring seen in the first half and the teams retired to the dressing rooms with Clarendon on top 46-0.

The reserves played most of the second half and scored twice with Ike O'Neal scoring both TD's.

Before O'Neal's first TD, Claude scored a TD on a 15 yard pass from Terry Knox to Bruce Merrill. The extra point run was no good. 10:24 remained in the third quarter.

O'Neal scored his first 6 pointer on a 8 yard run with 9:22 left in the quarter; Longan's kick was good and the score stood 53-6.

O'Neal scored once again, with 8:02 left in the game, on a 34 yard run. Longan's kick was no good.

Claude again scored with 2:33 left in the game on a 24 yard pass from Knox to end Roger Johnson. The extra point run failed ending the scoring and the game with the Bronchos on top 59-12.

Steve Land was the leading rusher for the game. He picked up 115 yards on 14 carries for a 8.2 average.

Next Friday night the Bronchos travel to Happy for an encounter with the Happy Cowboys. Everyone come out and back the Bronchos.

Bronchos Travel To Happy For Next Conference Game - Friday

RED CHECK

If a RED CHECK mark appears in the upper left hand corner of the front page of your paper this week this is an indication that your subscription to the Leader has expired or will expire this month. All renewals should be made promptly as subscriptions are due in advance and we must comply with mailing regulations.

Any changes in address should be sent in immediately upon change as the Leader is charged 10 cents on each paper not delivered. If no notification of change is received there is nothing for us to do but cancel the subscription until such time as a correct address is sent in.

Your cooperation will be appreciated.

LIONS HALLOWEEN CANDY SALE TO CONTINUE

Members of the Clarendon Lions Club are continuing their sale of bags of candy. This candy is ideal for Halloween Trick or Treats, parties, or to have on hand at any time as all pieces are individually wrapped yet do not carry the Halloween label. Bags sell for \$1 a bag in 100 pieces. They may be bought at Estlack Machinery or George's Cleaners.

In a house to house canvass of the town Tuesday night of this week, response was reported good and Lions want to express their appreciation for your cooperation. Money from this project will be used for the Boys and Girls Activity Fund which includes such items as glasses for the young people who are unable to otherwise have glasses, and similar cases.

If you plan to buy candies for Trick or Treat, parties, or just to keep on hand, Lions will appreciate your contacting them and helping in this worthy cause.

BRONCHO MOTHERS TO SPONSOR BAKE SALE

The Broncho Mothers will hold a Bake Sale Saturday, October 26. Lots of good home made pies, cakes, and brownies will be on sale at Junior's Food, Cliffords' Grocery, and Landers and Ray Super Save.

Proceeds will be used to help finance the Broncho Banquet. Come buy our baked goods and help make this banquet one of the best ever.

BACK FROM VIETNAM

Sp-4 Dennis Stewart arrived home Saturday to visit his parents, Dr. and Mrs. J. Gordon Stewart. Stewart has spent the past year, to the day, on duty in Vietnam. At the termination of his leave he will report for duty at Ft. Lee, Virginia.

The Donley County Farmers Union elected officers at a re-organizational meeting Saturday night. Left to right—L. A. Watson, vice president; "Buck" Redding, District Director; Clarence Reynolds, Earnest Barbee, Paul Bell, directors; David Bray, president and Conzada Bray, secretary.

Congressman Bob Price, left, recently received the "Watchdog of the Treasury" award in honor of his 100 per cent economy voting record in the 90th Congress during 1967-1968. Making the award is John C. Mason, President, National Associated Businessmen, Inc. who congratulated Price on his outstanding voting record and "courage to stand up against the pressure groups who advocated unnecessary Federal spending."

Mrs. Grover Wilhite of Elk City, Okla. and Mrs. Vivian Phelps and Kevin of Amarillo spent last week end with Mr. and Mrs. Frank Thomason.

A good test for "doneness" of pork is to make small cuts next to the bone and into the thicker part of the meat. If the juice is still pink, it isn't done. For thick cuts, a meat thermometer helps eliminate guesswork.

EASIER IRONING

To make ironing easier, a new ironing board cover which is impregnated with nickel stainless steel has been developed. Smooth and scorch-free, the cover reflects heat so that fabrics can be pressed at lower iron temperatures.

Mr. and Mrs. Dick Roehr are in Austin. Mrs. Roehr is taking State Board exams. Mrs. Chet Roehr is staying in Samnorwood with her grandchildren.

If you give the world your very best, its best will come back to you.
We need a measure of true Faith, A bit of the Will to Do, Courage to face the storms of life And patience to see things through.
Less than the best within us Will never be enough; To meet life's daily challenge— When things get mighty rough.
If at first you don't succeed, don't recede.

God helps His precious children Down life's pathway one by one. And often He will greet us With that wonderful "Well-Done"
If we are headed in the wrong direction, it won't do any good to hurry.
NICKEL IN STAINLESS
The world's largest market for nickel is in production of high quality stainless steel, an estimated 285 million pounds of nickel going into the manufacture of the versatile alloy in 1966.

Let's Dance Again WALTZ THROUGH WASHDAY
LET YOUR DRYER DO THE IRONING
A little bit of sunshine— Perhaps only a smile; Will help brighten someone's day And make his life worthwhile.
A key will open a locked door, but only a smile will open the window to a lonely heart.
I looked unto our Lord and King And for His help did plead. My heart with joyful praise did ring As He supplied my need.
Rich blessings were prepared for me— Beyond my hearts desire, New hopes there always seemed to be, To keep my heart on fire.
People get so busy looking this way and that, especially down that they forget to look up.
It was the late Peter Marshall that gave us this little prayer: "Lord, help me to admit when I am wrong, and make me easier to live with when I am right.
Honesty is the best policy, insurance, that is, against having to prove a lot of false claims.

HOME DEMONSTRATION CLUB MEETS IN VIRGIL POOL HOME

The Home Demonstration Club met in the home of Mrs. Virgil Pool Friday afternoon, October 18. Meeting was opened with Club Collect read by Mrs. William Payne. The president presided over the usual order of business and the Penny Parade.

Verses from the Bible were read by members as the program for the afternoon.

Refreshments of apple cake, cherry jello, whipped cream, and spiced tea were served to one new member, Mrs. Roy Brock, and members: Mesdames Virgil Pool, O. C. Watson, William Payne, J. H. Helton and C. H. Darling.

Officers elected for the coming year include: Mrs. C. H. Darling, president; Mrs. J. H. Helton, vice-president; Mrs. Virgil Pool, secretary-treasurer; and Mrs. O. C. Watson, reporter. The next meeting will be hosted by Mrs. J. H. Helton. Each member is asked to bring something for a demonstration. Rep.

CHAMBERLAIN CENTER

The Chamberlain Community Center will meet Saturday night, November 2, at the Center.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. Datis Martin of Silverton, Texas announce the engagement and approaching marriage of their daughter, Cheryl Vienne, to Billy Lynn Rampy, son of Mr. and Mrs. Jim Rampy of Clarendon, Texas.

The wedding will take place November 27, 1968 at 6:00 p.m. in the Rock Creek Church of Christ, Silverton, Texas.

ASHTOLA NEEDLE CLUB

The Ashtola Needle Club met Thursday afternoon at the Community Center. Mrs. Naomi Green was leader and Mrs. Sue Rhoades was hostess.

The group enjoyed an afternoon of candy making and exchanging recipes. Eighteen pounds of candy was packed to send to local servicemen overseas.

Attending were Mesdames Naomi Green, Sue Rhoades, Adierene Mahaffey, Lillie Knox, Ismael Gray, Veda Mahaffey, and Jo Horschler.

The next meeting will be the afternoon of November 7 in the home of Mrs. Annie Barker. New officers will be elected. Rep.

Mrs. Loyd Hillis with Mr. and Mrs. Dale Vaughan of Big Spring have just returned from a two week vacation. They enjoyed sightseeing and visiting relatives in Oklahoma, Missouri, Illinois, Indiana, Tennessee, and Kentucky.

Higher Parcel Post Rates Now In Effect

Postmaster Mike McCulley reminded postal customers today that higher parcel post and catalog rates went into effect Saturday, October 19.

The rate increase will average 10.5 per cent and in most cases will mean an additional ten cents postage per parcel.

The higher rates were approved by the Interstate Commerce Commission in July.

Under the new rates the minimum charge for local parcel delivery will go from 40 to 50 cents. The minimum charge for parcels destined outside the local delivery area will be raised from 50 cents to 60 cents.

Almost all parcels that are charged up to \$1.10 under present rates will go up 10 cents. This accounts for more than 80 per cent of all parcel post. Postmaster McCulley pointed out.

There will be a 15-cent hike on most parcels now charged between \$1.10 and \$4, and a 20-cent increase on parcels now charged over \$4. Parcel post rates are based on the weight of the package and the distance it is mailed.

Higher rates for the delivery of packages and catalogs are required to bring revenue from this type of mail within four per cent of operating costs, as required by law, Postmaster McCulley explained. The higher rates are designed to put parcels and catalogs, which are fourth-class mail, on a break-even basis.

Additional revenue is needed from parcel post and catalogs to offset higher costs resulting from pay increases approved last year for postal employees.

FHA Loans Aid Farmers in Area

During fiscal 1968, 19 farm families in Armstrong, Donley, and Gray Counties availed themselves of Farmers Home Administration operating loan credit, County Supervisor Claude Moore said today.

Moore said that \$157,540 was advanced during the 12 months ending June 30 for such expenses as new machinery and equipment, livestock, feed, fertilizer, seed, pasture improvement, and fencing. Operating loan funds also were used to refinance debts and pay family living expenses.

"This type of credit," Moore said, "has enabled many small farm operators to stay on the land."

As the fiscal year ended, farm families that included nearly 440,000 people nationwide were benefiting from the program which serves family farmers who can find no other source of necessary operating loan credit.

Loans are made through county offices of the Farmers Home Administration serving all rural areas of the United States. All loans are accompanied by technical assistance in farm and financial management. The local FHA county office is located in the Agriculture Building in Clarendon.

In addition to operating loans, Farmers Home Administration makes loans to purchase and develop farms, to develop community water supply systems, to obtain housing in rural areas, including housing for farm laborers and senior citizens, and to meet the emergency credit needs of farmers suffering from a natural disaster such as hail, flood, or drought.

CARDS OF THANKS

I want to thank everyone for all of the kind deeds, flowers, cards, and visits during my stay in the hospital. My special thanks to Dr. Gilkey and the nurses at Adair Hospital. My special thanks also to Mrs. Della Allen for all her thoughtfulness. May God bless each one of you. Your kindnesses will never be forgotten.

Mrs. Emma Gregory

Our family wants to thank everyone for their prayers, thoughtfulness, visits, and cards. We are so grateful to each of you.

Mr. and Mrs. Doyle Littlefield and family

HOSPITAL NOTES

Patients as of Wednesday, October 23: Mrs. Ola Mae Boyd, Victor Smith, Vickery Riley, Mrs. Mae Shaver, Mrs. Yvonne Constantine.

Dismissals: Mrs. M. E. Adkins, O. B. Erndon, Mary D. Harris, and baby, Mrs. Bobby Hewitt and baby, A. O. Hott, Mrs. Walter Hughes, Curtis Mears, Bessie Yandell.

NICKEL FOREMOST

Nickel was the largest single money earner among minerals mined in Ontario during 1966, contributing \$291.2 million. Ontario's total mineral production during the year was valued at \$965.5 million.

LICENSE NUMBER NEEDED FOR ENTRANCE PERMIT REQUESTS

Persons wanting the \$12 annual entrance permit to State parks must include their vehicle's make, model, and license number when they write directly to the Texas Parks and Wildlife Department, according to J. R. Singleton, executive director of the Department.

Singleton says the Department has received several requests with checks but without all the necessary information.

The annual permits may also be obtained at all State parks where entrance fees are charged, and at regional offices in Tyler, Victoria, San Angelo, Waco and Rockport.

Duplicate permits for other vehicles owned by the holder of a \$12 annual permit may be purchased for \$2.50.

If the vehicle is traded or the windshield damaged, replacement permits may be purchased for \$2.50 each. The vehicle's make, model, and license number are required for each duplicate and replacement permit.

The permits are non-transferable and non-refundable and expire Aug. 31, 1969.

SCHOOL CAFETERIA MENU

THURSDAY - Tequitas with chili sauce, brown beans, green salad, enriched bread, cake, milk.

FRIDAY - Hamburger on bun, lettuce, pickles, onions, potato chips, cookies, milk.

Speak to the earth and it shall teach thee.—Job.

INDIVIDUALITY PLUS IN HOUSING

Don't furnish your house in what your neighbors want to see, emphasized Dallas Interior Designer Ben Sanford at Texas A&M University recently. Express individuality through your house.

Furnish a living room in plants and floor cushions, he suggests to those beginning to furnish a place.

Play with color; all you need is imagination. Color uniquely expresses individuality, according to the designer.

Accessories add character to a room, he continued. These could range from your taste in art to personal mementoes.

Another housing expert who spoke at the workshop at A&M represented the carpet industry, Bob Mitchell, Dallas. He predicted that in the future men will be their own furniture designers, creating and expressing individual styles and ideas by squeezing plastics from a tube.

Visitors through the week end in the home of Mr. and Mrs. Estal Clark were their children: Mr. and Mrs. Willis Clark and family of Lubbock, Mr. and Mrs. Robert Glenn Clark and family of New Hampshire, Mr. and Mrs. Donald Clark and family of Tucumcari, Mr. and Mrs. J. W. Hatley and family of Brice, Mr. and Mrs. T. U. Hughes and family of Lesley, and Mr. and Mrs. Arthur Turner and family of Amarillo. David McAnear was also a Sunday visitor.

A TIME FOR DECISION

A Presidential election, the most important one in our lifetime, is close upon us. With three candidates in the race Texans are confronted with such a variety of appeals that some confusion is not surprising. We see some of our top state political leaders urging support of Hubert Humphrey on the self-serving appeal of party loyalty. We see fine Texans tempted to support George Wallace because they like his outspoken position on certain issues and are thus swayed by an appeal of sheer emotion. With full respect for the right of every Texan to make a personal decision, this message in behalf of Richard Nixon is offered as

...AN APPEAL TO REASON!

HUBERT HUMPHREY WILL NOT

change. He has proved consistently anti-Texas. He is famous for his filibuster against Texas owing its tidelands. He has fought our right-to-work laws and sought to destroy our vital oil depletion allowance. On every issue of world importance his position is contrary to that of most Texans. Humphrey, an ultra-liberal founder of the ADA organization, would gain executive authority for radical minority viewpoints should he become president. This cannot happen by popular vote. In view of his vicious attacks upon George Wallace, what a ghastly miscarriage of intent it would be if Wallace supporters themselves should throw the election into the House of Representatives where every Wallace vote in Texas would automatically go to Humphrey!

GEORGE WALLACE CANNOT

be denied his impressive showing. A number of fine people heed his third party call. The very least that can be said is that he has dramatized the desires of many people for a change of direction in the affairs of our government. However, the very most his supporters can hope for is to split the popular vote so that all of us would be at the mercy of Washington politicians who would elect our president for us. This is Hubert Humphrey's only hope for election. The more positive way to vote for change is to recognize the many fine merits of Richard Nixon and his program, then vote for Nixon to assure the election of our president by the people instead of by the Congress!

RICHARD NIXON CAN...AND WILL

supply dynamic, experienced leadership for an immediate change of direction—at the top—in all our national affairs at home and around the world. Your concerns are his concerns!

• NIXON ON LAW AND ORDER is pledged to help improve local police protection, to appoint an Attorney General dedicated to rooting out crime, to restore balance in our courts strengthening peace forces against criminal elements and to cease freeing so many of the guilty on technicalities.

• NIXON ON VIET NAM will call upon his experience as vice-president during eight great Eisenhower years of peace to reform world alliances now in disarray, to redirect our strategy on new global terms. He will end this war and avoid future ones by dealing with adversaries in the only way they respect—through strength, collective security and patience.

• NIXON ON LOCAL GOVERNMENT is pledged to move control of local schools and all other governmental functions which properly belong at the local level closer to the people.

• NIXON ON OTHER PROBLEMS has solid solutions PLUS solid backing of enough members of Congress to implement those solutions.

IF YOU REALLY WANT A CHANGE... AND IF YOU WANT TO BE SURE YOU REALLY GET IT... VOTE FOR NIXON/AGNEW

NIXON'S THE ONE!

CHRISTIAN FOR STATE REPRESENTATIVE

Tom Christian, his wife Anne, and their three children, Frances Anne, Joe Tom and Richard Williams live southwest of Claude. As a Church School Superintendent and president of Methodist Men, Tom has devoted much time to his family, his church and his community.

As a scholarship graduate of West Texas State University and while in the Navy as a member of the U. S. Navy Ceremonial Guard, Tom Christian has earned many honors and has been recognized for his leadership.

Tom Christian, an Armstrong County farmer-rancher, is an advocate of strong state government based on a common sense fiscal policy, sound law enforcement designed to protect the people, not the lawbreakers, and it opposed to a state income tax and stands for reduction in waste and an increase in efficiency in state government.

Tom Christian is a sportsman with a vital interest in the canyon area. Tom has worked hard to organize the nationally famous Palo Duro Shooting Preserve and to introduce Auquid Sheep to the canyon. It is becoming a major tourist attraction drawing people from all over the U. S.

His inspiration to the young people and his experience as a teacher and coach qualifies Tom Christian to construct legislation related to education. He believes in a strong educational system and local control of the schools.

The Panhandle of Texas is known for its vitality and energy. Tom Christian offers an active and fresh approach to the legislative log jam of obsolete and ineffective bills and bureaus. Tom Christian can represent the people without previous commitments and owes his allegiance to no one.

Highlights and Sidelights
From Your State Capitol
By Vern Stanford

AUSTIN—At least half a dozen Democratic nominees for statewide office are weathering an unusually sharp attack from Republican challengers this year.

In a final flurry before the November 5 general election, the attacks will be stepped up.

Taking no chances, Democratic gubernatorial candidate Preston Smith, Gen Barries, candidate for lieutenant governor, and Atty. Gen. Crawford Martin have returned to full-time campaign status.

Their Republican challengers are Paul Eggers, Douglas De Cluitt and Sproesser Wynn.

Republican Manny Sanchez of Brownsville also has campaigned actively for state treasurer against veteran incumbent Jesse James, GOP'er E. H. Schuhart of Dalhart is running hard for agriculture commissioner against John White and Millard Neptune of New Ulm is running a serious race to beat Land Commissioner Jerry Sadler.

Other statewide Republican candidates, who have campaigned less vigorously are John Bennett and Jim Segrest of San Antonio, nominees for state comptroller and railroad commissioner respectively. GOP campaign headquarters claims Bennett as a member of its "action team" but doesn't mention Segrest.

Comptroller Robert S. Calvert and Railroad Commissioner Jim C. Langdon, James and White show no sign of concern.

Polls have indicated the statewide Democrats leading, but battle-wise veterans who face hard-charging opponents can't be sure how many Richard Nixon supporters will decide to vote a straight Republican ticket in indignation for a "change".

GROUP SEEKS MORE MONEY—In their Association meeting here county judges and commissioners voted to ask the Legislature to give them more money for county business, and in several ways.

First, they endorsed Constitutional Amendment No. 7 on the November 5 ballot. It would take the state out of the property tax field a little at a time between now and 1976. County officers want authority to levy this tax for county purposes as fast as the state abandons it.

A bigger share of automobile license plate fees also is sought. Where a county gets the first \$50,000 in license plate fees, and half of the next \$25,000, they would like for the Legislature to allow them to share with the state up to a total of \$1,000,000 a year, instead of \$175,000.

Other resolutions called for the state to participate by getting federal aid for crime prevention programs, to make the law clear that local units of government are exempt from the state sales tax law, and to revise the law so delinquent tax suits for less than \$25 can be filed.

Judges and commissioners opposed the proposal that they be given zoning powers like cities have. This legislation will be proposed to the next Legislature so as to make rural areas eligible for Federal flood insurance under a new program. Without zoning or building controls, flood insurance will not be available.

County Judge W. D. Henshaw of Dallam County was elected president of the association. Judge Kenneth Douglas of Navarro County is vice-president and Harris County Commissioner E. A. Lyons is secretary-treasurer.

LAND SALE SET—A big sale of fortified veterans land tracts is scheduled for November 19. A list of tracts and their locations is available from the Veterans Land Board here, which will receive bids until the day of the sale.

Some tracts are available only to eligible veterans at five and a half per cent interest. Non-veterans are free to bid on most of the property, however, although they will have to pay six and a half per cent interest if they are successful purchasers.

ENROLLMENTS BOOM—Preliminary figures show there are 374,418 students enrolled in Texas higher education facilities today.

This represents a gain of 28.5 per cent or 8.24 per cent over

the 1967 fall enrollment of 345,903. Figure varies less than one half of per cent from the Coordinating Board, Texas College and University System staff projection.

Public senior colleges have 212,035 students, public junior colleges 87,581, private senior colleges 61,819 private junior colleges 9,687 and medical and dental units 3,111.

FOURTEEN VOTES—Campaigning is becoming a bit heated on the 14 proposals to amend the constitution on which Texans will vote November 5.

Texas Municipal League and the Texas Water Development Board have come out against Amendment No. 12. This would allow cities, counties and navigation districts to issue bonds to finance buildings and equipment for manufacturers.

Both groups of public officials fear that huge industrial bond issues will drain off investment money needed by the cities and the water agency from their own bond issues.

On the other hand, the proposal is being supported by regional chambers of commerce and others. They say 44 states have such plans to attract industry, and Texas needs it, too.

Texas State Teachers Association, Texas Association of Classroom Teachers and Texas Association of College Teachers all have come out for Amendment No. 9. It would enable public teachers to put six per cent of their full salary into the retirement fund. Limit now is six per cent of \$8,400 a year.

Texas Public Employees Association came out for Amendment No. 1, to raise the retirement "deduction" from five to six per cent, and to allow investment in corporation stocks of the trust fund built up for their retirement.

Texas A&M and the University of Texas may not agree on Thanksgiving Day football matters. But they are agreed on supporting Amendment No. 3. It would allow the investment of the University of Texas Permanent Fund in a higher percentage of corporation stocks, on the theory that the fund will make more money this way.

Amendment No. 5 would raise the pay of legislators from \$400 a month to \$700, and it is being supported by legislators and others who think it's become a full-time job.

Amendment No. 2 is being supported by older Texans. It would raise by \$15,000,000 a year the amount the state can spend on old age assistance, aid to the needy blind and disabled, and to dependent children.

NEW JOB—When Gov. John Connally's term expires in January, he will move to Houston to join one of the state's biggest law firms. He will become a senior partner in the firm which will then be known as Vinson, Elkins, Searls and Connally. It represents a huge list of major business firms.

Connally said he hopes to get in a little Canadian or Pacific Northwest hunting before reporting for his new duties in Houston. He disclaimed any plans to re-enter politics.

RIOT INSURANCE CLEARED—State Board of Insurance has set in operation a plan under which policywriters in Texas can come under federal reinsurance in event of excessive losses from riots. Reinsurance is financed by premiums paid to the government by insurance concerns.

Board also named a governing committee to administer the plan. It includes James F. Devoreaux, John W. Lenehan, Joe Dorsett, O. A. Edgeworth and F. F. Wasko of Dallas, Raymond Mauk of Houston, and Gran F. Needham of Fort Worth.

ATTORNEY GENERAL RULES—Attorney General Martin declined to give unconditional advance approval to Secretary of State Roy Barrera's directives for counting confused and nuclear election ballots. Each election judge must make his own determination of the intent of the voter in marking his ballot by either "scratching" or "X" method, Martin said.

Other recent opinions concluded that:

Department of Public Safety cannot pay for its current appropriations court costs assessed against the state by Val Verde county clerk.

Only in absence of U. S. recognition of a county's sovereign immunity can a constable serve criminal or civil process on its ships. Sheriffs and constables cannot serve such papers on a U. S. naval vessel, but can serve

them in an enclosed commercial plant.

There is no conflict of law in requirements of physical examinations before issuance of marriage licenses by county clerks.

Comptroller may deny applications for cigarette distributor's permit on grounds of personal fitness.

Treasury can pay out money to satisfy a corrected judgment if the money received through it has not yet been deposited. A legislative appropriation would be necessary to make payment from treasury deposits.

SHORT SNORTS
State Supreme Court will review an appeal by Pasadena in a land annexation suit with Houston.

State Department of Health had massive amounts of anti-toxin drug flown here to combat a diphtheria epidemic which has struck 60.

Agriculture Commissioner White gave cotton farmers till 17 Coastal Bend Counties until November 1 to complete harvest and cleanup of fields under pink bollworm law plowup rules.

New officers for the 27,000-member Texas Public Employees Association are C. A. Shoemaker, president; Charles K. Foster, vice-president; and Homer A. Forester, secretary.

Governor Connally re-appointed Glen McLaughlin of Austin, personnel chief of the DPS, and named R. T. Runyon, police chief of Corpus Christi; Gerald Byrd, a police lieutenant in Sweetwater; and incoming District Attorney Bob Smith of Austin to the Commission on Law Enforcement Officer Standards and Education.

Railroad Commission made no change in the November oil production, holding it at 41.3 per cent of the wells' ability to produce, the same as October.

Inflation robs our paychecks at a present rate of 4 1/2 per cent per year. In the past three years, the real purchasing power of the average wage and salary worker has actually declined.

Crippling interest rates, some of the highest in one hundred years, prevent millions of Americans from buying homes and small businesses and farmers and other citizens from obtaining the loans they need. Americans must work longer today than ever before to pay their taxes.

Since the close of 1960, the national debt has grown from \$290 billion to more than \$350 billion. In that 7 year period, there have been 7 operating deficits. These total more than \$54 billion. While the causes of inflation are multiple and complex, all economists agree that deficit spending by the Federal Government is a principal contributing factor.

What inflation costs the citizen is measured in terms of greater living costs and reduced purchasing power of his earnings, savings, investments, pensions, etc. Here are a few yardsticks:

Over the course of the last 7 years, INFLATION:

—has added over \$100 billion to the cost of living;

—has fished \$32 billion from savings accounts;

—has diluted checking accounts by \$10 billion;

—has drained \$17 billion out of pension fund reserves;

—has eaten a \$13 billion hole in life insurance reserves; and

—has devalued government bonds and other bonds by \$15 billion.

In summary, inflation has cost the people of this country over \$168 billion in the past 7 years; that comes to nearly \$1,000 for every individual citizen in the nation. What is even more frightening is that in the first quarter of 1968, the pace of inflation has quickened. In that 3-month period, the American people have suffered a dose of inflation totaling \$19 billion, nearly 3 times the average quarterly experience of the previous 7 years. This includes \$10 billion in cost of living inflation and \$9 billion in the loss of value of cash-convertible assets. If this rate continues, inflation in 1968 will take away more purchasing power from our people than the federal income tax.

So where is the fiscal responsibility to stop the endless government spending and half inflation? I have voted and will continue to vote for spending cuts, but I could not see my way clear to take another \$10 billion away from people already over-taxed and run the risk of that amount being added to needless government spending that is the real cause of inflation.

WATER RIGHTS ADJUDICATION—Texas' first administrative adjudication of water rights was begun by the Texas Water Rights Commission under the 1967 law giving that body the job of straightening out tangled water rights in the state.

First action was on the middle section of the Rio Grande, from Falcon Dam to Amistad Dam. The Commission's staff has completed an investigation of that area. Next step will be the filing of a list of water users.

Then a public hearing will be held in each of the counties involved: Zapata, Jim Hogg, Webb, Maverick, Dimmit, Kinney, Edwards and Val Verde. All claimants to water in the area will have a chance to press their claims if they feel they should be listed in the Commission's list of water users.

Water authorities said this procedure will save millions of dollars and years of time over the ponderous court process followed in the 12-year-old lower Rio Grande rights case.

HIGHWAY CUTBACK—Congress' spending reductions have resulted in a sharp cutback in highway building in Texas for the rest of 1968. October contract lettings, as a result, will be cut from the planned \$32,210,000 to \$19,500,000.

State Highway Engineer J. C. Dingwall said, however, that construction will proceed as planned on farm-to-market roads and other work which does not involve federal aid. A special bid-opening has been set for December 31, after the trimming has been made.

SECRET MEETING—Closer cooperation between state government and the state's leading university was the topic of an intense, high-level, secret meeting in Kerrville called by Governor Connally.

Meeting was between about 50 University of Texas at Austin administrators, deans and department chairmen and the same number of executive directors or board members from major state agencies, along with Connally, Lt. Gov. Preston Smith, Speaker Ben Barnes and Rep. Gus Mutscher of Brenham.

WATER MEETING—House Interim Water Committee, chaired by Rep. Bill Clayton of Springlake, will hold a hearing on October 3 in Hereford.

Among the topics discussed will be (1) whether the economic benefits of the water to be imported into West Texas from East Texas and the Mississippi River will be worth the cost to West Texans; (2) whether they will be willing to pay the cost of the water; and (3) whether the present law giving ownership to the state's ground-water resources should be changed to establish state control of ground water.

is at home on leave and visiting his mother, Mrs. Opal Mann. Keith has just returned from Italy.

Ella Kirkpatrick underwent surgery at Groom Memorial Hospital Wednesday.

Mrs. Charles Payne and son are visiting her parents, Mr. and Mrs. J. T. Floyd, at Bowie this week.

Mrs. Roxie Weiniger of Sulphur Springs, Texas visited over the week end with the Frank Murrys. They also visited old friends here and at Clarendon.

Mr. and Mrs. Harry Boatright of Boys Ranch and Martha Sue Noel of Phillips spent the week end here and visited their father, J. W. Noel in Memphis.

Mrs. Elnora Stuckey is visiting her sister in Breckenridge this week.

Mrs. J. W. Bland is a patient in Hall County Hospital in Memphis.

Mrs. Bessie Yondell is a patient in Adair Hospital in Clarendon.

Mr. and Mrs. Jack Brumley attended funeral services for his brother, Jet Bromley, in Pampa Monday.

Mrs. Maude Lynn left Sunday for her home in Hemet, Calif. after visiting friends here and attending the Cotton Festival.

Mrs. Albert Sanders spent the first of the week in Plainview with her son, The Radell Sanders family.

Tom Owens left Monday for his home in San Bernardino, Calif. after spending several weeks with his brothers, the Sam and Otis Owens families.

Dub Stewart of Amarillo visited homefolks Monday.

Mrs. Mollie Dickson and Mr. and Mrs. J. M. Dickson took Emma Weaver to her home in Jacksboro Sunday. Mrs. Dickson will visit her sister and other relatives before returning home.

Mr. and Mrs. T. P. Rozzell of Amarillo visited Sunday in the homes of the J. L. Chessers and C. L. Johnsons.

The Hedley Post of the American Legion is redoubling its efforts to obtain its membership quota for 1969 by November 11, Veterans Day. The Post's quota is 97. Membership now stands at 70.

Clifford Johnson and Jack Hoggard attended the Matador Lions Club School on Public Relations Monday night. This is an extension service of the University of Texas.

Mr. and Mrs. Bill Johnson of Memphis visited his brother, Clifford Johnson and family, last Sunday.

The Sodalitas Club will serve the Lions Club at their meeting this Thursday night. The time is

8 p.m. A good attendance is expected. Lion District Governor Milton E. Laurie of Kress will make his official visit to the Hedley Lions Club. Representatives of the Lions Clubs of Lakeview, Memphis, and Clarendon are also expected to attend.

The District Governor will also attend the Zone meeting of this Zone following the regular meeting. Zone Chairman Beryl Clinton of Clarendon will be in charge of this meeting. Some members of the Zones to the south and east of us are also expected.

Mrs. Doyle Ray Littlefield visited Tuesday morning with Joy and Minnie Roberson.

Mr. and Mrs. Bill Littlefield visited Wednesday evening with Mrs. Roy Roberson and Minnie.

Mrs. H. T. Burton of Clarendon had dinner Thursday with Mr. and Mrs. Archie Pool.

Mr. and Mrs. Doyle Ray Littlefield and children spent Friday night with his brother, Mr. and Mrs. Dwayne Littlefield and family of Amarillo.

Mrs. Doyle Ray Littlefield was in town one day last week and their pet dog jumped from the car while she was parked on Main Street. She did not notice he was gone until she left town. He is small, brown in color, and has ears that flop down. The dog answers to the name Peppy. If anyone sees him the Littlefields would appreciate your calling 874-2569. It is the children's pet.

Karen Bass of Clarendon spent Friday night and Saturday with Rhonda Collier.

The Goldston Quilting Club will meet Thursday afternoon, October 24, with Minnie Roberson. Everyone try to come.

We must halt senseless pollution... we must shepherd our remaining last resources with great care; we must evaluate any project which threatens to disrupt our environment... This may well be our last chance. We all must decide what kind of world we want this to be for us, our children, and our grandchildren. Now is the time for decision. —Sen. Gaylord Nelson (Wisc.)

Mr. and Mrs. Archie Pool spent Tuesday night in Muleshoe with kinfolks.

Mrs. Roy Roberson and Minnie, Mrs. Nina Dale, and Mrs. Wesley Farr had coffee with Mrs. Blanche Gray Friday morning.

Mr. and Mrs. Charlie Sullivan and children of Adrian spent the week end with her mother, Mrs.

AUSTIN, Tex.—Drinking drivers run a new risk of being nabbed — through a tell-tale scientific breath analysis device going into use in Texas.

Col. Wilson E. (Pat) Speir, Department of Public Safety Director, announced that 90 new "breathalyzers" have been purchased by the DPS and 450 highway patrolmen trained to operate them. Device will test a suspect's breath to determine the percentage of alcohol in the bloodstream.

Instruments, simple to operate and read, will be placed in 80 of the state's most-populous counties, at fixed locations and used under strictly controlled scientific conditions.

Suspects who consent to the test will blow into a tube and the percentage of alcohol in their blood will register on indicators. About 15 minutes' waiting time is allowed before testing begins and actual test takes only five minutes. Experts report a direct relationship between alcohol content in blood and breath.

Drinking, according to DPS statistics, figures in 40 to 50 per cent of Texas' traffic deaths—perhaps more than 1,600 of last year's 3,367 highway fatalities. Over the nation, use of alcohol leads to annual traffic death toll of 25,000 and 800,000 vehicle accidents — the largest single factor in fatal crashes.

A driver with 0.15 per cent blood alcohol content by weight is 25 times more likely to be involved in a wreck than a non-drinking driver. Average person achieves that danger point after consuming five ounces of 100 proof alcohol an hour without eating, DPS chemists figure. Consumption leading to intoxication, of course, varies with weight, time between drinks and amount of food eaten.

actually driving erratically due to illness or other reasons.

"It is hoped the DPS breathalyzer project will hit hard at the problem and help reduce the traffic death rate in Texas," Colonel Speir said.

COURTS SPEAK — Tragedies, race horses and wild elephants provided grist for the State Supreme Court's mill as it ground out more than 130 cases following a summer recess. High court decided that:

A Houston widow whose husband was killed by mistake while entering the wrong house cannot collect accidental death benefits. Damage suit filed by a widow following the death of her husband in an auto wreck can be maintained although it did not meet the filing deadline.

Damage award payable to the estate of a Bowie County boy run over by a car should be upheld. Employee of a Waco department store is entitled to \$50,000 damages due to an escalator accident.

Rio Grande Valley circus owner can collect damages from an animal dealer who delivered him a wild elephant instead of a tame one as ordered.

The race horse, Benedicte, who won \$90,000, was not covered by a \$5,000 Lloyds of London insurance policy when he died.

A Harris County mother who went to India to study Yoga should not regain custody of her two sons from their grandparents who took them in after a 1963 divorce.

A lower court verdict ordering Pinehurst to pay a water company \$29,000 under a contract should be reversed.

A Henderson County real estate man's claim that he was denied proper commission on a sale of a ranch for a Boy Scout camp is entitled to review.

City of Roma's claim to a share of revenues from the border toll bridge operated by Starr County should be retried.

BLUE - LAW TEST — State Supreme Court has agreed to hear an appeal from local officials stymied in their attempts to enforce the state's newest and most far-reaching Blue Law.

Article 268a of the Penal Code prohibits the sale of certain listed items — covering just about everything — on consecutive Saturdays and Sundays, which requires retailers to choose between the two days.

However, Gibson's Discount Center of Midland got around it by leasing its store and stock to another corporation.

Midland County 142nd District Court agreed with Gibson's that the Blue Law violates the state and national constitutions, and the local officials appealed. The case is set for hearing before the high court on November 6.

SALES TAX GOES UP — Texans started shelling out another penny for state sales taxes on October 2. That made it three per cent statewide — and four per cent in those cities which levy option sales taxes.

Extra one per cent for the state was voted by the Legislature in special session last June. Session also approved a one-per cent jump in car sales tax and a 50 cent hike in the franchise tax. Revenue estimates are about \$175 million in new state revenue during the next 11 months. Legislature in 1969 may have to raise \$300 million or more in additional money.

APPOINTMENTS—House Speaker Ben Barnes appointed the five public members to the Governor's Committee on Physical Fitness, which was created by the Legislature in June to study the problem and make recommendations.

Members are: Tom Stohlhandske, San Antonio attorney and former All-American football player at UT; Joe Long of Austin, holder of a doctorate in physical education; Dr. Stanley Burnham, physical education professor at UT-Austin; Dr. Kenneth Cooper, U. S. Air Force Medical Corps major at San Antonio; and Dr. Jay Stanford, professor of internal medicine at the UT Southwestern Medical School at Dallas.

George Wallace now has selected Gen. Curtis LeMay as his running mate.

Texas' increasing screwworm problem has resulted in the release of 298,966,000 sterile flies over the state in August to fight the pest.

Turner M. Keith has succeeded R. O. (Bob) Smith as executive director of Wholesale Beer Distributors of Texas.

W. Grady Swift will head a tick eradication program in South Texas brought about by discovery of fever ticks on livestock on three ranches in Dimmit County.

U.S. Post Office Department has advised the Texas Aeronautics Commission that Texas now has 11 air-taxi mail routes out of 120 in operation all over the nation.

Securities registered for public sale in Texas during the fiscal year ended August 31, 1968, the billion-dollar mark for the first time, State Securities Board reports.

Atty. Gen. Crawford Martin has published a new guide for consumer protection, advising about phony contracts, sales come-ons, "free" offers, etc.

Department of Banking has applications for new banks at Houston (Southeast Bank) and Lone Oak (State Bank) in Hunt County.

Coordinating Board, Texas College and University System has postponed until November 11 its hearing on needs in the fields of medical and dental education and in Dallas-Fort Worth-North Texas area.

JUNIOR COLLEGE PLANS — Texas' 40 public junior colleges have been given a new and expanded role in the state's educational processes, and now they're going back to the state for help in paying for it.

Long-range master plan of the Coordinating Board, Texas College and University System, says junior colleges should concentrate on (1) preparing some students for transfer to senior colleges and universities for their last two years, (2) setting up badly needed technical and vocational programs and (3) continuing education and cultural and public-service programs.

Now, junior colleges get state aid in two forms — a line-item appropriation for each school for direct academic instructional costs (\$26,530,325 this year) plus another \$6,476,000 distributed by the Texas Education Agency for technical-vocational programs.

For the two-year period beginning Sept. 1, 1969, the junior colleges are asking a strong increase in the first figure — \$35,490,803 in 1970 and \$37,571,190 for 1971 — and a change, along with an increase, in the second.

They want their vocational-technical money allocated via a line item — the same as the academic figure is computed — and increased to \$15,025,375 for fiscal 1970 and \$18,292,142 for 1971.

ANTI - POLLUTION — EXEMPTION CAMPAIGN — Houston Rep. Rex Braun plans a one-man campaign against proposed Constitutional Amendment No. 6, to be voted on November 5, to exempt from all property taxes pollution control equipment installed by industry.

Braun says the state shouldn't subsidize the pollution-law breakers and, besides, other states have found that the exemption only costs money and does not encourage the installation of anti-pollution equipment.

He estimates the amendment would cost Texas \$500 million over a five-year period.

ATTORNEY GENERAL SPEAKS — Legislature has no authority to restrict purchase of Department of Public Safety aircraft to rescue work only (and rule out their use for traffic law enforcement), Atty. Gen. Crawford C. Martin has held. At the same time, Martin indicated that Governor Connally has no power to veto the restriction (as he did July 20). In other recent opinions, Martin concluded that:

Commissioners Court of Dallas County can repair, maintain and operate the courthouse either with its own employees or by contracting with an independent contractor.

State Board of Dental Examiners employees may receive merit salary increases during the current fiscal year.

ADDING IT UP — Two California mathematician - engineers are coming to Austin to begin computed work on the best ways to meet problem of water shortages in Texas.

Their work comes under the water program being devised by the Texas Water Development Board. Simply stated, the mathematicians will work on a theoretical model of how Texas water resources can be best moved to where they are needed.

Accuse not nature! She has done her part; Do thou but thine! —John Milton.

RIOT LOSS PLAN REVIEWED—Plan of insurance companies to spread riot losses got State Board of Insurance review but was sent back for redrafting following new federal rules.

It must be approved by October 29 to qualify companies operating in Texas for federal reinsurance under new housing act. Plan will have to be acceptable to U.S. Department of Housing and Urban Development.

SHORT SNORTS
Odessa Attorney W. O. Shafer is new president of the Texas Association of Defense Counsel, Jack Heddon of San Antonio is president-elect and Max N. Osborn of Midland secretary-treasurer.

Marvin Griffin will remain on the Texas ballot as "stand in" vice-presidential candidate of the American Party, although Gov.

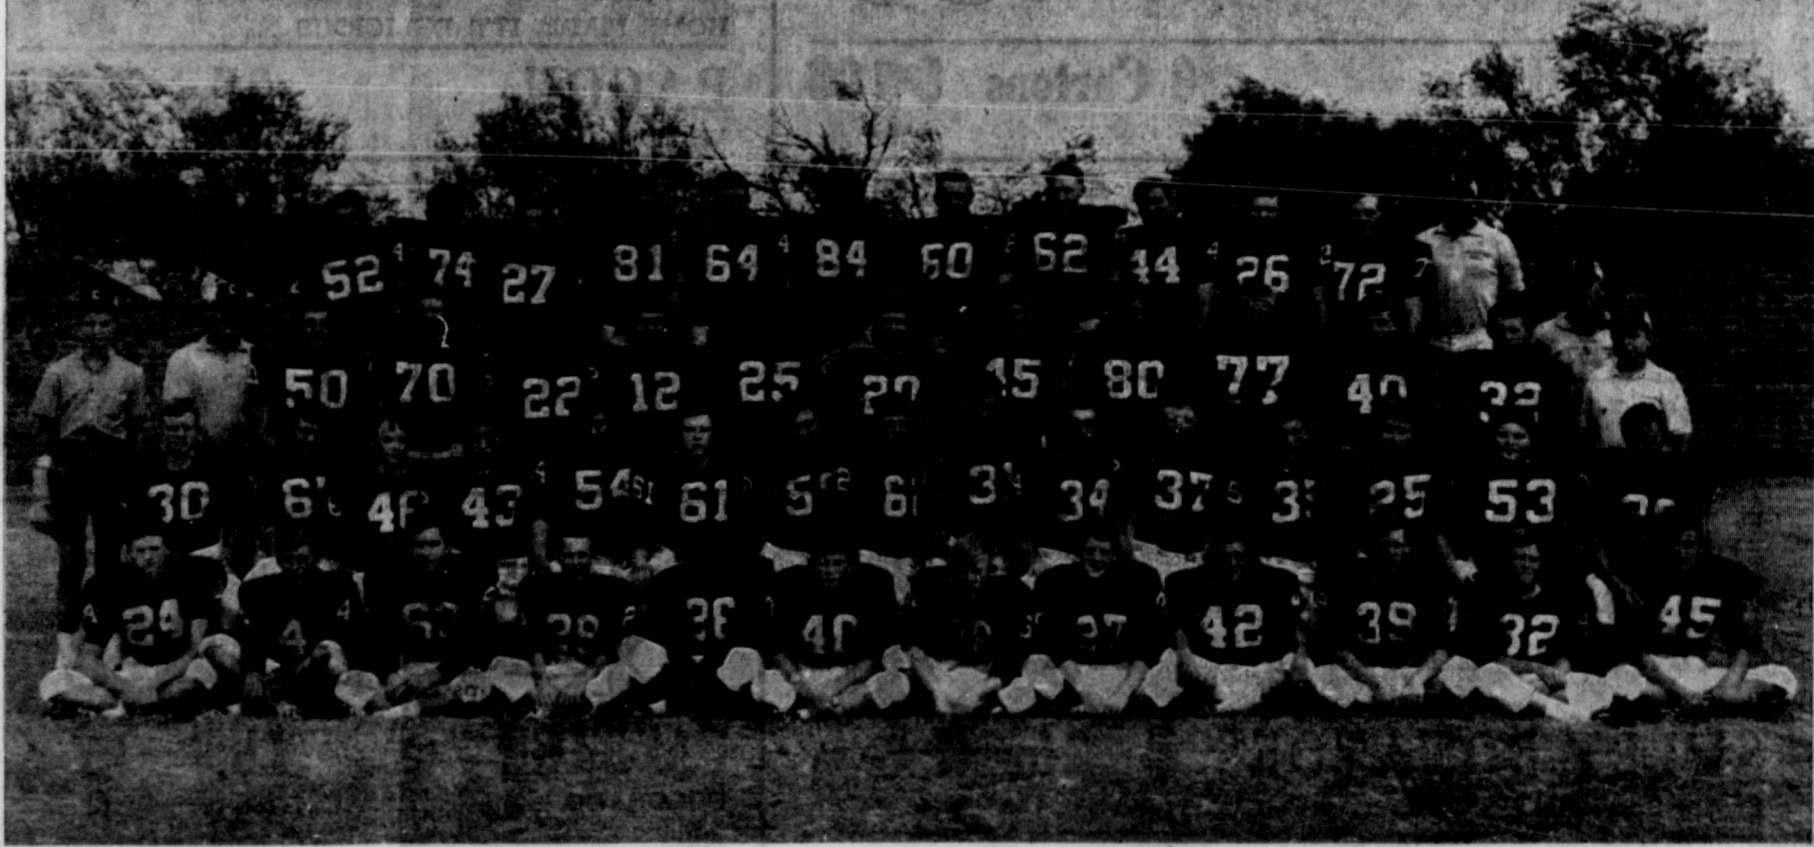

RE-ELECT
The Honorable J. M. (Red)
SIMPSON
State Representative
75th District
DEMOCRATIC PARTY
Armstrong, Briscoe, Collingsworth, Carson, Donley, Randall

Seniority Experience Integrity
It takes six years to earn the kind of representation the Panhandle has in the State Government. With Red Simpson in the State Legislature we have the know-how plus the cooperation and respect of Representatives from all over the state. That's what it takes to accomplish something for our area. Let's keep experienced representation for the 75th District.
The committee for experienced representation in State Government. John Reece, Chairman.

WE'RE BACKING YOU BRONCHOS

Booster Club - Chamber of Commerce - Fire Department

AMENDMENTS

(Continued from Page 1)

For — Those favoring the amendment argue that the work of a member of the Legislature is becoming increasingly a full-time job and that the State must pay a higher compensation to attract the high class membership which the Texas Legislature should have, and further that the state of Texas should pay a substantial salary that would rank it among the top states.

Against — Those who oppose the amendment feel that the proposed \$8,400, which amounts to \$700 a month, is out of line for a job which is not full time. They argue that people offer for election to the Legislature in allegiance to some principle or for a real desire to render service.

AMENDMENT NO. 6

Would authorize exemption of special equipment to eliminate air or water pollution from Ad Valorem taxation.

For — Those who favor this amendment suggest that these devices are designed to meet internal needs and problems while federal and state laws on water pollution and air pollution are for the protection of the general public and can only be controlled at their inception.

Against — Many people question the wisdom of tax exemption for such expenditures saying a similar argument could be made for exemption of safety devices and other worthwhile improvements.

AMENDMENT NO. 7

Would provide for gradual elimination of the State Ad Valorem Property Tax.

For this amendment — Arguments contend that if the amendment is not passed the State will have to adopt some form of tax equalization formula through a State commission or a single official with control over the assessments made by each county. They do not like such State regulation of local taxing authorities and would prefer that the State get out of the ad valorem tax business rather than take a chance on adoption of that policy.

Against — Those against this amendment point out that other State taxes would have to be levied or increased to compensate for the \$45,000,000 per year which these ad valorem taxes now provide. They believe since all taxes have some inequities, the new taxes would probably be just as bad or worse. There is the probability that property owners would be allowed to es-

cape taxes which are relatively small in proportion to the services, protection, and stability which State government provides.

Look next week for a resume of the remaining seven Amendments.

FFA STOCK AT STATE FAIR LIVESTOCK SHOW

Clarendon Chapter of Future Farmers exhibited several barrows at the State Fair Junior Livestock Show held in Dallas with results of the show being released this past week.

In the Duroc division Monte McAnear placed 22; Jim Risley's Light Yorkshire placed third and Larry Watson's placed seventh. In the Medium Yorkshire class Larry Watson placed second and Monte McAnear placed third. Danny Cearley's Heavy Yorkshire placed second. In the Heavy Crossbred class James D. Shadle took a nineteenth place.

A total of 513 barrows sold for a total of \$25,610.48. Average price per pound, not including champions was 22c.

Mr. and Mrs. Fred Nixon of Corpus Christi visited Friday with his uncle and aunt, Mr. and Mrs. John White.

Farm News

from County ASCS Com.

ACP

The Agricultural Conservation Program for 1969 has been announced. The practices are the same as for 1968 except for minor changes in rates and the removal of the bindweed control practice. Cost-sharing will be offered for the following practices:

- A-2, Permanent Pasture; B-1, Pasture Improvement; B-2, Deferred Grazing following Brush Control; B-3, Control of Competitive Shrubs; B-5, Stockwater Well; B-7a, Stockwater Dam; C-1, Sod Waterway; C-4, Standard Terraces; C-5, Diversion Terraces; C-6, Erosion Control Dam; C-7, Drop Structure; C-12, Reorganize Irrigation System; D-1, Winter Cover; D-2, Summer Cover; E-3a, Deep-plowing; E-3b, Listing or chiseling; E-4, Cotton burs.

The ACP allocation for our county has been reduced for 1969. In accordance, the county committee has reduced the amount of cost-shares a person may earn to \$70. The limit for 1968 was

COMMITTEEMEN ATTEND MEETING

The office manager, county committee, and the following community committeemen attended a district training meeting in Wellington last week: David Bray, Hubert Rhoades, Claude Spivey, L. A. Watson, F. A. Floyd, Jim Kennedy, Ross Outman, W. B. Wiggins, Joe Glass, Joe Leonard, and Don Crockett.

This meeting was held by a representative of the State Committee and was very helpful to all in attendance.

Your community committeemen have been elected to help you as well as us in the office. Feel free to discuss any problem or ideas you have with them.

ATTEND FUNERAL IN PALO PINTO

Mrs. George Green and her daughter, Miss Helen Green of Dallas, have gone to Palo Pinto, Texas to attend funeral services for Mrs. Green's sister, Mrs. Henry Smith, who died there Sunday night. Following services, Mrs. Green will accompany her daughter, Miss Helen Green, to her home in Dallas where she will visit several weeks.

PLANS DISCUSSED FOR WATER SHOW IN 1969

Plans were discussed at a special meeting of the Chamber of Commerce last Thursday night in regard to a water show to be held at Greenbelt Lake next summer. A tentative date of July 6th was set.

Thirteen members of the Panhandle Boat and Ski Club of Amarillo, headed by Loyd Bowman, met with the local group to help formulate the plans.

Dane Duncan, who will graduate from WTSU in January, was interviewed as an applicant for the job of Chamber manager. Those interested in making applications for the position may contact J. G. McAnear.

RUMMAGE SALE SET FOR OCTOBER 25

The WMC of the Assembly of God Church will hold a rummage sale Friday, October 25, and perhaps Saturday in the building across from the Donley Hotel to the north end of Main Street. Used clothing of all types — men's, women's, and children's with the largest amount being in children's wear will be featured.

The public is invited to shop this sale.

Mrs. Henry Wilson of Amarillo visited one night last week in the home of Mr. and Mrs. John White.

Restaurant Ramblings

By Jake Lamberth

Corn is a grass. However, there is nothing on record so far which has revealed the ancestral plant from which our maize or Indian corn evolved.

No one knows now how many centuries the American Indians cultivated corn before the arrival of the first Europeans to the new World.

Wheat, rye, oats, and all other cereals have an inherent ability to survive and even spread without the help of human beings. Indian corn cannot. It's the most helpless of all plants and the most dependent upon man. It has taken thousands of years of careful cultivation for a plant to have reached such a stage of helplessness.

There seems to be adequate proof that corn was first cultivated in Peru and probably originated there.
