Gilbreth Indicted For Murder by Grand Jury

A Donley County Grand Jury which met in special session Tuesday, returned an indictment of murder with malice aforethought against Clyde Gilbreth in connection with the death of the District Attorney July 22. Gilbreth was arraigned before District Judge Charles Reynolds the same afternoon and charged with murder with malice and remanded to the county jail without bond.

Gilbreth is scheduled for a hearing before a psychiatrist within the near future. His trial is scheduled to come up in the October term of court which will convene here October 7. It is understood that special prosecutors will assist District Attorney Jack Boone in preparing the case against Gilbreth.

PRISONERS PRACTICING FOR ANNUAL RODEO

Visitors in the vicinity of the Ferguson Unit, Texas Department of Corrections, have recently been wondering what was going on inside the prison after hearing what seemed to be pistol shots.

Prison officials were quick to dispel these ideas by announcing that the so-called pistol reports were nothing more than a group of young Ferguson inmates practicing an unusual thrilling whip - cracking act to be featured each Sunday in October at the 1968 edition of the Texas Prison Rodeo.

According to David Price, Rodeo supervisor, the whip-cracking act will feature 20 to 30 inmates, who are being trained by Vernon Moore of Houston, special events director for the Sam Houston Area Council, Boy Scouts of America.

Headliners for the rodeo, held in the million dollar prison stadium in Huntsville, will be Ray Price on October 6; Loretta Lynn on October 13; Sonny James on October 20, and Hank Thompson on October 27.

Candy Barr, a former Goree inmate, who is now a night club favorite, will appear each Sunday. The two - hour fast - moving show also features outlaw riders contesting the toughest rodeo stock of the state's penal system.

Headliners for the rodeo, held in the million dollar prison stadium in Huntsville, will be Ray Price on October 6; Loretta Lynn on October 13; Sonny James on October 20, and Hank Thompson on October 27.

NECTARINE: CURIOSITY TO FAVORITE

Nectarines developed from little more than a curiosity to an increasingly popular and predictably available favorite.

Glossy - skinned and juicy, the nectarine is good eaten out of hand with peeling and can be substituted for peaches in most recipes, according to Mrs. Gwendolyn Clyatt, Extension consumer marketing specialist.

The fruit ranges from red to golden colors. Most are clingstones with some freestones. The flesh varies from a light whitish amber to an amber yellow, often coloring to a deep red near the stone.

The nectarine is a valuable source of vitamin A, suggests the Texas A&M University specialist. One medium fruit providing about a third of the daily recommended allowance of this vitamin plus one-fifth of the day's vitamin C. Like most fresh fruits they are low in calories.

Mrs. Faye Scoggins, who has been visiting her daughter and husband, Mr. and Mrs. G. W. Estlack, went to Amarillo Sunday where she will visit in the L. T. Whitlock home.

Receiving their diplomas Friday night at the conclusion of a year's schooling in the Adair Hospital School of Vocational Nursing were: left to right, Jean Roehr, Nina Mills, Bobbie Louis, Onita Thomas RN, instructor, Vera Havens, Pearl Gibson and Lucile Blair. Mike McCully, Chm. of the Hospital Board, presented the diplomas and Dr. R. L. Gilkey made the graduating address.

Supt. Arling Cordell announced this week that registration in the public schools for the 1968-69 school year will be held on Thursday and Friday, August 22 and 23. Regular classes will begin Monday, August 26. A general faculty meeting will be held Wednesday, August 21 at 10 a.m. in the school cafeteria.

This means that vacations will come to an abrupt end in two weeks for the general run of students and teachers and only one week for those boys who will be reporting for football practice Monday, August 19 and members of the band who will start practice on Monday also.

Regular school classes will begin Monday, August 26 at 9 a.m. and buses will start their regular run on that day.

Principal Jeff Walker reported that pre - registration for high school students would be as follows:

August 22 - Seniors 9 a.m. to 12; Juniors 1 to 3 p.m. August 23 - Sophomores 9 a.m. to 12; Freshmen from 1 to 3 p.m.

All students are reminded that they must bring their Library Fee of \$2 when they come to register. Keep this in mind as it will save a trip back home or late registration.

Parents of students who will be entering school for the first time are reminded of the necessary vaccinations prior to entrance and the birth certificate. These should be taken care of now so the student will be ready for the first day of school.

Services Held For Hedley Resident

Funeral services for John Thomas, 88, were held at the Hedley Church of Christ Monday, D. Gregg Whitacre, minister, officiated. Burial was in Rowe Cemetery.

Mr. Thomas died Saturday afternoon in an Amarillo convalescent home. He was born in Cleburn and in 1906 married Miss Addie Newton at Throckmorton. The family moved to Donley County in 1933. He was a member of the Presbyterian Church.

Surviving are two daughters: Mrs. Wilma Elznic of Dayton, Ohio and Mrs. Truman Stringer of Tulla; three sons: Joe of Amarillo, Clyde of Plainview, and Willis of Clayton, N. Mex.; a sister, Mrs. Ollie Chandler of Ft. Worth; and five grandchildren.

LOCAL RESIDENTS TOUR ALASKA & CANADA

Mr. and Mrs. J. R. Brandon, Mrs. Julia Heuer, and Mrs. Lucile Naylor have returned home after a 9800 mile trip which carried them through parts of the United States, Alaska, and Canada.

Some of the high points visited included Yellowstone National Park and Grand Coulee Dam. From that area they took the ferry to Prince Rupert, British Columbia and on to Juneau, Haives, and Anchorage, Alaska. They visited Mt. McKinley Park and in Fairbanks visited Mr. and Mrs. Harry Hartzog, former Donley County residents.

Dawson City in Yukon Territory, heart of the 1898 Gold Rush, was a stop-over in the Klondike region, as was Whitehorse, Yukon; Dawson Creek in British Columbia; Jasper National Park in Alberta, Canada; Glacier National Park in Montana; and Custer's Last Stand Battlefield in the Black Hills of South Dakota.

The group attended the "Passion Play" at Spearfish, and enjoyed sightseeing in Mt. Rushmore National Park and the Badlands National Monument.

All reported a most enjoyable vacation.

Attorney General Rules

City firemen granted leave for military services are, on return, entitled to credit for pay purposes. Atty. Gen. Crawford Martin has held.

In other opinions Martin concluded that:

—State agencies can contract for professional services of attorneys providing they first obtain the written approval of the attorney general on rate and selection.

—Justices of the Peace may issue certified copies of birth and death certificates, but fees collected should go to the county treasury.

—University of Texas Board of Regents has authority to contract with Central Energy Corporation for heating-cooling services at UT Medical School and San Antonio.

—Court reporters are entitled to compensation, subject to limitations, for taking depositions from indigent defendants in criminal cases.

—Fireman's Relief and Retirement Fund trustees may permit fund investments in the name of a bank's nominee, and has authority to use trust fund income to pay costs of administering investments of the trust.

City Sales Tax Up

Cities are finding the new local option sales tax a better money-maker than they figured when more than 270 voted it into effect during the last few months.

Collections for the first quarter of 1968, generally the worst business period every year, ran about twice what was expected. Here's the way it turned out

for the 14 cities which pioneered the sales tax:

Aransas Pass \$15,746, Austin \$641,003, Bracketville \$994, Corpus Christi \$544,765, Elgin \$4,867, El Paso \$709,686, Henrietta \$4,756, Ingleside \$2,688, Nacogdoches \$58,835, Orange Grove \$1,318, Port Aransas \$2,107, Taylor \$17,116, Texarkana \$101,765, and Wichita Falls \$236,235.

Ship Channel Change Proposed

A \$21,000,000 program for altering ship channels in the Corpus Christi Bay area has been placed before Governor Connally for approval by the Texas Water Rights Commission.

Federal funds would pay for all but \$1,600,000.

Engineers propose to deepen the 49-foot channels another five feet and widen them from 300 to 400 feet. Project would get its name changed from the Aransas-Corpus Christi Waterways to Corpus Christi Ship Channel.

New channels would accommodate loaded vessels up to 59,000 deadweight tons, with annual benefits estimated at \$4,600,000.

Sales Tax Schedule

When the new increase in the state sales tax goes into effect on October 1, shoppers in cities which have adopted the city sales tax will begin paying the first of the four pennies when they

spend their first 13 cents.

Tax applicable to city - sales tax - covered sales: From 1 cent to 12, no tax; 13 cents to 37 cents, one penny; 38 cents to 62 cents, two pennies; 63 cents to 86 cents, three pennies, and 88 cents to \$1.12, four pennies.

Shoppers in areas where there is no city sales tax are facing this schedule: 1 cent to 16 cents, no tax; 17 to 49 cents, one penny; 50 cents to 83 cents, two pennies, and 84 cents to \$1.16, three pennies.

However, the Legislature did kick in a few exceptions. One exempts sales through coin-operated vending machines when each sale is for 16 cents or less, and another will exempt shipping charges when they are figured separately from the price of the commodities.

A third will exempt machinery used exclusively on farms or ranches in the building or maintaining of roads and water facilities, and exempted from the new two third state penny will be sales resulting from a written contract entered into before October 1, and sales for which bids were submitted prior to October 1.

PROPER PRECAUTIONS NEEDED FOR FISH

Certain steps are in order if the fisherman wants his catch to reach the dinner table in the best condition says Henrietta Gossett, home economist in the Seafood Marketing Division of the Texas Parks and Wildlife Department.

According to Miss Gossett, a few simple steps will retain freshness and help identify good quality fish.

The fish should be cleaned as soon as possible after it is landed with all of the internal organs removed. An alternative is to keep the fish alive in bait wells or on a stringer says Miss Gossett.

Since fish decomposes rapidly, it should be refrigerated as soon as possible, she says. She says the lower the temperature, the slower the rate of spoilage, so ice would be a good investment to protect the catch.

Miss Gossett says that bruising and crushing hasten spoilage, so fish should be handled as little as possible.

To assure selection of fresh fish, she suggested that a few qualities be observed.

Fresh fish have full and transparent eyes. Sunken eyes are a sure sign of bad fish. Shiny skin is another clue to good fish.

Gills on fresh fish are bright red or pink and become progressively duller as the fish spoils.

Firm, elastic flesh clings to the bone is another sign the fish is fresh.

Fish should have only a mild odor. If the fish has a strong, putrid odor, it should not be eaten.

Here are a few other hints which Miss Gossett says will heighten the enjoyment of fish:

Fresh fish should be rinsed in cold water and drained on absorbent paper. If the fish is to be cooked within the next 24 to

36 hours, it should be placed in a covered bowl or in plastic wrapping in the coldest part of the refrigerator.

If the fish is to be kept for any time longer than 24 to 36 hours, it should be rinsed, drained, and wrapped tightly in moisture-proof, vapor-proof paper and placed in the freezer.

By following these procedures the fish will retain a maximum moisture level, and the odor of the fish will not be transferred to other foods in the refrigerator.

Fish should not be frozen in wax paper, parchment paper, or polyethylene materials which are not moisture-proof and vapor-proof.

When fish thaws, it should be cooked immediately and never refrozen.

Frozen fish should be thawed in the refrigerator at 37 to 49 degrees F. The fish should be held at this temperature only long enough to permit ease of preparation. It takes about twenty-four hours to thaw a one-pound package in this manner.

If a quicker method is necessary, the fish, still wrapped in the moisture-proof, vapor-proof wrapping, may be held under cold running water.

One to two hours should be allowed for thawing a one-pound package by running water over sure to cover all food and it.

Mr. and Mrs. Carroll Lewis Observe 50th Anniversary

### Mr. and Mrs. Carroll Lewis Observe Golden Wedding Anniversary Sunday

One hundred and fifty guests attended the golden wedding anniversary celebration of Mr. and Mrs. C. L. Lewis in their home Sunday afternoon, August 4.

Hosting the affair were their children: Mr. and Mrs. Leland Lewis, Groom; Mr. and Mrs. Floyd Lewis, Mr. and Mrs. Bill Phillips, and Mr. and Mrs. Joe Brown, all of Amarillo; Mr. and Mrs. Gordon Moore of Adrian; Mr. and Mrs. Jack Lewis of Clarendon; and Mr. and Mrs. Wayne Lewis of Arlington.

An honored guest for the occasion was Mr. Lewis' mother, Mrs. E. L. Lewis of Clarendon.

Highlighting the beautifully appointed serving table was an arrangement of yellow rosebuds flanked by tall yellow tapers in golden candelabra. The lovely four-tiered wedding cake was made by Mrs. Jack Lewis. Throughout the serving rooms were beautiful floral arrangements of yellow and white.

Other honored guests included Mr. Lewis' two sisters: Mrs. W. I. Batson, Mrs. D. B. Hol-

land of Lubbock; Mrs. E. R. Reeves of Canyon; Mr. and Mrs. W. L. Howard of Anton; Mr. and Mrs. C. A. Robertson of Amarillo; and Mr. and Mrs. McHenry Lane of Pampa.

Also registering for the affair were seventeen grandchildren and eight great-grandchildren.

Other out-of-town guests included Mr. and Mrs. Jim Hopkins of Clayton, N. Mex.; Mrs. W. A. Lewis of Roaring Springs; Rickey Smith of Lubbock; Mr. and Mrs. Troy Wiley of Amarillo; Mr. and Mrs. Buck Whatley and Mr. and Mrs. C. J. Merrick of Groom and Mrs. Myrtella Deahl of Hedley.

### GOOD NEIGHBORS CLUB

Rosa Bingham was hostess to the Good Neighbors Club Thursday morning, August 1, for a 9 to 11 a.m. coffee.

Attending were Bessie Helton, Ruby Jordan, Emma Davis, Lida Warren, Carrah Mixon, Blanche Gray, Nina Dale, Florence Harp, and the hostess. All enjoyed visiting, coffee, and doughnuts.

We hope to have another social later in August.

### CELEBRATES BIRTHDAY

Mr. and Mrs. Bill Allen and Mr. and Mrs. Homer Estlack were in Hart Sunday where they helped Master Kyle Allen celebrate his second birthday. Kyle is the son of Mr. and Mrs. Jerry Allen.

### WEBB REUNION HELD SUNDAY, AUGUST 4

The Webb family reunion was held Sunday, August 4, at the Ashlola Community Center. A delicious basket lunch was enjoyed at the noon hour. The afternoon was spent visiting, taking pictures, and playing 42.

Those to enjoy the day were Mr. and Mrs. Price Webb, Mr. and Mrs. Kenneth Webb and children, Mr. and Mrs. Pete Webb, Mr. and Mrs. Morgan Pace and children, Mr. and Mrs. James Dickey and Mr. and Mrs. Clifford Scott, all of Amarillo; Mr. and Mrs. Alton Webb of Bethany, Okla.

Others attending were Mr. and Mrs. Ira Clower and family of Lockney; Mr. and Mrs. C. A. Smith and son of Happy, Mr. and Mrs. Bill Webb of Pampa; Mrs. Grace Clower of Dickens; Mr. and Mrs. Wesley Webb and family of White Deer; and Mr. and Mrs. Walter Hughes of Clarendon.

We hope to see everyone back along with others next year.

### KNOW CARE OF KNIT FABRICS

With the increase of knit fashions, knowing the care they require is important.

Check the fiber content of the knit garment or piece goods you purchase and pass the information along to your dry cleaner, recommends Graham Hard, Extension clothing specialist. Many knit garments are not labeled permanently. Therefore, your dry cleaner has no way of knowing the fiber content unless you give it to him.

The Texas A&M University specialist stresses this because acrylic knits must be handled differently from wool knits. Knits of textured acetate require special handling in dry cleaning. Knits containing heat-sensitive fibers should usually be air-dried and often cannot withstand the steam of finishing.

A dry cleaner who is furnished the care information will be able to give you better service, reminds Dr. Hard.

### Common Plants Can Be Very Dangerous

"The summertime beauty of our State's lush vegetation in yards, fields, pastures, and woodlands also holds dangers that the public should heed," H. N. Smith, State Conservationist for the USDA Soil Conservation Service in Temple, Texas, warned this week.

Smith said that throughout the U. S. and Canada more than 700 species of plants are known to cause death, illness or extreme discomfort to people.

"Chewing, swallowing or otherwise contacting the toxic parts of certain plants, trees and shrub takes a heavy toll," Smith said. "Each year health services report that about 12,000 children are poisoned or injured by these sources."

Parents should be concerned, the SCS official stated, because many of the plants are quite common in flower and vegetable gardens, and in ornamental landscaping, as well as in wild places. Bulbs, roots, seeds, leaves, beans, stems or berries may contain poison, depending on the species of plant.

The beautiful oleander bush, for example, grown all over the country, contains a deadly heart stimulant similar to the drug digitalis. The toxin is so strong that a single leaf can kill a child. People have died merely from eating steaks speared on oleander twigs and roasted over a fire.

The popular Christmas flower poinsettia is full of an acid, burning juice, so lethal that a child who consumed one leaf might die. Mistletoe berries can also be deadly.

"More detailed information on these and other plants can be secured from health and plant authorities," Smith said. "However, we have requested SCS offices in our state's 184 soil and water conservation districts to cooperate fully with the National Safety Council in keeping the public alerted to plants that cause these problems."

### CHILD RAISING ROLE DECREASES

The family is changing: the importance of its child rearing role is decreasing, the importance of marriage is increasing.

People no longer marry just to have families, said Ed Pope, Federal Extension specialist in human relations and development. They marry for self-fulfillment in a society in which other relations are increasingly impersonal.

The intimacy of marriage becomes for adults something they either have or have to find a substitute for, Pope said.

In child rearing, the family increasingly is giving way to peer groups and "all one can do is speculate about its effect," said Pope.

This has never happened in society before, he said. Children have been turned over to other groups to be raised, but never a group of its own age. It is just happening in our society with no real control or direction.

### THE NEW "UNDER-COVER" STORY

Designers constantly are making bras and girdles prettier, longer lasting and more easily washable.

According to Extension clothing specialists at Texas A&M University, a new machine produces stronger faggoting stitches that withstand lots of washing machine action, while new stretch fabrics — laces, power-nets, and webbings — provide control without confinement, plus super-washability. Other improvements include flatter garter grips, super-durable Dacron polyester stitching thread, novelty laces to go with durable press fabrics, and superior elastic fibers.

Prints and pastels now come with a new finish to help them stay bright wear-once-wash-once launderings.

Mr. and Mrs. D. E. Leathers Observe Golden Anniversary

### Mr. and Mrs. D. E. Leathers Honored On Fiftieth Wedding Anniversary

Several hundred guests were received in the home of Mr. and Mrs. DeVerdie Leathers Sunday afternoon, August 4, in honor of their fiftieth wedding anniversary.

Guests were welcomed by the honored couple and the hosts, their children; Mrs. Judson R. Williams of Pagosa Springs, Colorado and Johnny Leathers of Clarendon.

The hosts were assisted by Miss Sharon Williams, granddaughter of the honorees; Mrs. Earl Alderson, Mrs. Billy Christal, Mrs. Gene Alderson, Mrs. Joe Robert Leathers, and Mrs. Johnny Leathers.

Refreshments were served from a beautifully appointed table. A medley of organ selections was presented by Mrs. Judson Williams.

Friends and relatives bestowed many congratulations and gifts upon the well known couple.

Mr. and Mrs. Gene Putman of Corpus Christi visited brothers and sisters here the past two weeks.

Mr. and Mrs. James Shults and children of Panhandle visited the week end with her parents, Mr. and Mrs. Lois Putman.

Mrs. Jack Usrey and boys of Logan, N. Mex. spent the week end with her parents, Mr. and Mrs. Lois Putman.

Campaigns will be shaping up soon on 14 more amendments to the state constitution. All 14 of the proposed changes in the state's basic laws will be voted on in the general election November 5. Some far-reaching, others routine.

- Here are the amendments in the order in which they will appear on the November 5 ballot:
1. Revising provisions for management and administration of the state employee's retirement and permitting investment in securities other than government bonds.
  2. Raising the state's welfare spending ceiling from \$60 million to \$75 million.
  3. Permitting investment of the Permanent University Fund by UT regents in certain types of securities, within the "prudent man rule."
  4. Allowing Dallas County to issue road bonds on vote of property taxpayers.
  5. Authorizing a raise in state legislators' salary from \$4,800

to \$8,400 a year and extending the per diem expense allowance of legislators (\$12 a day) to 140 days of a regular lawmaking session. (Present limit is 120 days.)

6. Allowing the legislature to exempt from property taxes equipment installed by industrialists to control air or water pollution.
7. Phasing out the state property tax after Dec. 31, 1976, beginning next year, except that portion for higher education institutions.
8. Eliminating the requirement that the governor, secretary of state and comptroller approve contracts for printing and paper.
9. Providing for contributions to the teacher retirement system on the basis of full salaries. (Contributions now are limited to \$504 a year.)
10. Allowing the legislature to provide for refund of state tax on cigars and tobacco products sold at retail in Texarkana.
11. Authorizing the legislature to permit consolidation of offices and governmental functions in El Paso and Tarrant Counties.
12. Giving the legislature power to authorize cities and counties to issue revenue bonds for

Industrial development purposes and permit private concerns to operate plants thus financed.

13. Exempting from property tax certain property temporarily stored in public warehouses.

14. Spelling out that legislators will not be ineligible for other offices because their terms extend a few days into January.

**GOP ON For Miami**

Most Texas Republican delegates to the GOP national convention will be shuffling off to Miami Beach this week end. Opening session is Monday, August 5.

First caucus of the Texans (who have 56 votes in the presidential - vice presidential nominating procedure) is scheduled for 3 p.m. Sunday, (August 4).

Sen. John Tower and Mrs. Tobin Armstrong of Armstrong serve on the convention platform and resolutions committee.

Douglas R. McClint of Waco and Mrs. Malcolm Milburn of Austin serve on the credentials committee; Jim Collins of Dallas and Mrs. Richard M. Sowell of McAllen, permanent organization; Paul Eggers of Wichita Falls and Mrs. Basil E. Atkinson, Jr., of Lufkin, rules and order of business.

**Democrats Preparing, Too**

Democrats are getting ready for their own big pow-wow in Chicago starting August 28.

Gov. John Connally, Texas delegation chairman and favorite son candidate for the presidency, announced these appointments to convention posts:

Secretary of State Roy Barner of San Antonio, delegation secretary; Cecil Burney of Corpus Christi and Mrs. Roland Boyd of McKinney, resolutions and platform committee; Will D. Davis of Austin and Miss Claudia Brummett of Amarillo, Credentials committee; Tom Gordon of Abilene and Miss Julianan Cowden of Alvarado, rules and order of business; Mrs. Horace Botsford of Corpus Christi and M. J. Anderson of Austin, committee on permanent convention organization.

Also, Rhea Howard, Wichita Falls, committee to notify the presidential candidate of nomination; Mrs. Hilda B. Weibert of Seguin, committee to notify vice-

president nominee; J. C. Looney of Edinburg, honorary convention vice-president; J. C. Martin of Laredo, honorary assistant vice-president; Ralph McCullough of Houston, honorary secretary; Hunter McLean of Fort Worth, honorary assistant secretary; and John Mobley of Austin, delegation sergeant-at-arms.

**Connally Trims Budget**

Governor Connally trimmed the 1969 state budget enacted by the special legislative session \$1.3 million and sternly lectured lawmakers for setting up \$1.4 million in Agriculture Department appropriations as a lump sum item which he could not veto selectively.

Governor also vetoed seven controversial riders including those which sought to cut off funds for policing air pollution control by cotton gins and prevent use of state planes and helicopters to catch traffic law violators. Connally took veto axe to these spending items:

\$600,000 for temporary building to house the comptroller's department; \$275,000 for two new elevators in the capitol; \$187,500 for the Port Lavaca causeway state park; \$90,000 for Somervell County state park land; \$91,000 for legal clerks in 13 courts of civil appeals; \$50,000 for insurance claim investigation; \$200,000 for Blinn College to operate Old Washington State Park museum; \$17,500 for a deputy administrator for the Liquor Control Board; \$16,500 for assistant executive director of state board of control; and \$13,000 for assistant director of auditing for LCB.

**Court Speaks**

State Supreme Court refused to hear John Robert McClelland's suit to force Harris County GOP Chairman Mrs. W. M. Palm and State GOP Chairman Peter O'Donnell to certify him as the Republican candidate for the House of Representatives in the November election.

McClelland got 6,659 votes to his closest opponent's 2,992 in the GOP primary race. But the county chairman refused to certify McClelland, claiming he would not have lived in the district for a full year prior to the November 5 election.

A Dallas golfer who injured his back when he was thrown from a golf cart at Dallas' Riverview Country Club has won a new trial in his damage suit for \$134,000 against the club. High Court approved the move for George A. McRay after a Dallas court had ruled in favor of the club. McRay claims the club was negligent in allowing high grass to obstruct a stump off the fairway on the 18th hole. Cart McRay was riding hit this stump and McRay was thrown out.

Court refused to order Land Commissioner Jerry Sadler to erase his forfeiture on a 5,324-acre West Texas sulphur lease claimed by Cobra Oil & Gas Corporation of Wichita Falls. When the Court heard the case on April 17, the state claimed that Cobra not only waited months too long to pay the first rental, but waited 300 days after filing the lease with Culberson, Pecos and Reeves Counties to file with the Land Office and 190 days is the limit.

**Screwworm Danger**

State and federal animal health experts are becoming worried at the increase of screwworm infestation cases being filed this year. To date 1,125 cases have been reported in 1968. After the sterile fly program was inaugurated in 1962, the screwworm count fell below 300 cases in 1964.

The rapid increase in cases this year is blamed on extremely wet weather in South and West Texas which has made a climate especially suited for the worms and their parent screwworm flies.

Ranchers are warned to perform surgical operations (de-horning and castration) only if maximum safety precautions are taken to prevent fly infestation.

**New Air Routes**

Texas Aeronautics Commission has approved two new airlines for flights into Dallas. Miller Aircraft won approval for flights between Waco and Dallas and Fleetway Airlines was approved for flights between Tyler and Dallas. Fleetway also won approval for flights between Texarkana and Longview.

Mrs. Pauline Albright of Paducah is visiting her mother, Mrs. Cap Lane.

NEWS FROM

Congressman Bob Price

18th District, Texas
Panhandle Congressman Bob Price joined other members of the House of Representatives Monday in a one hour "special order" of comments on the U.S.S. Pueblo situation.

McNamara, of "mystifying and muddled-headed" handling of the Pueblo incident.

The text of Price's remarks follow: "Mr. Speaker, I rise to join my friends and colleagues who would pay tribute to the members of the crew of the U.S.S. Pueblo.

"I cannot think of any event in my life span which even begins to parallel the pirating of one of the most sophisticated intelligence ships as yet developed by the Navy and the Defense Intelligence Agency. The loss of the ship may well set back our electronic lead over the Communist-bloc by as much

as 10 years, yet we can endure such a sacrifice of material things. We cannot endure the loss of the crew of the Pueblo. The brave men who served on the intelligence ship deserve more than the fate they have received at the hands of this administration. If the crew was willing to serve its Nation in the military, for the benefit of all Americans, then the least the Nation can do for these men is provide the "quid pro quo." "I am disgusted with the administration's feeble efforts to return these men to our shores - nor do I believe that our leadership has ever entertained the idea that there was a chance to bring the ship back with its equipment intact. The former Secretary of Defense, Robert McNamara, has much to answer for his mystifying and muddled-headed handling of the Pueblo incident prior to his being replaced.

"I salute the gallant crew of the Pueblo and ask them to continue to be of good faith. There is an excellent chance that the leadership of this Nation will be returned to firm and strong hands in a few months to replace the vacillation and indecisiveness which allowed one of our Nation's vessels to be taken into an alien port and its American crew held as prisoners of war. It is the most classic example of highjacking since the days of the Barbary pirates - the basis of a verse in the Marine Corps hymn. Perhaps we should let the marines add another verse."

An important educational bill passed by the House recently, the Vocational Education bill,

was amended by the Senate and is now before a House - Senate Conference Committee where the differences will be resolved. The House bill brushed aside Administration proposals which amounted to little more than a few administrative changes and passed a strong and meaningful bill which should be a long step toward training the nation's disadvantaged youth in our overcrowded and crime-ridden cities as well as in isolated rural areas where trained employees would help attract industry and stop the migration of young farm people to the over-crowded cities.

The critical shortcomings of our current vocational - technical education programs can readily be seen from the report, submitted in January of this year, by the Advisory Council of Vocational Education. It shows that, while only one out of six high school graduates achieve a full college education, only one out of four high school students is enrolled in a vocational education program. In other words, approximately 60 per cent of high school students enter the work - world unprepared to hold a job.

The Administration has a large and growing profusion of manpower programs which, unfortunately, add up to a sorry record of performance, and which reveal an extraordinary lack of any sense of priorities. For example, more Federal dollars are budgeted this year for the 40,000 enrollees in the Job Corps than for the support of vocational - technical education with 7 million enrollees. In this connection, an excel-

lent feature of the bill is the section directing the Commissioner of Education to study the means by which the existing Job Corps facilities and programs might be transferred to State or joint State - Federal operation in conjunction with the residential vocational schools program. Enactment of the present bill will be a good start in meeting the need for a modern structure of occupational education which will satisfy the requirements of the total population in all parts of the country. We cannot permit millions of young Americans to grow into adulthood without salable skills, or preparation for additional training that will be needed in a fast - changing job market.

Vocational education in the Panhandle has assumed added importance in both high schools and junior colleges. The new Technical Institute planned for Amarillo Air Force Base will offer training in special and advanced skills. The vocational bill will assist such schools to expand training opportunities for vocational educators, to help modernize vocational - technical curriculums, to infuse the concepts of "learning to earn" into elementary education to those who need it and to involve more citizens at the local, state, and Federal levels in assessing employment needs and the performance of our schools.

Sincerely, BOB PRICE Member of Congress

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER THIRTEEN ON THE BALLOT (HJR16)

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Article VIII, Constitution of the State of Texas, be amended by adding a Section 1-1, to read as follows: "Section 1-1. All merchandise, products, goods or wares in the temporary custody of a public warehouseman, who has no financial connection other than as bailee for hire with the owner, shipper, or consignee of the merchandise, products, goods, or wares, are exempt from ad valorem taxation if they are shipped to or from the warehouse by regulated or bona fide private carrier, are held by the warehouseman not longer than six (6) months, and have a predetermined out-of-state destination at point of origin. The books and records relating to out-of-state shipment covered hereby of such public warehouseman shall be available for reasonable inspection by

the proper taxing authorities. This amendment shall not act as a validation of any present statute or law, but only those passed specifically pursuant hereto; provided, however, that enabling legislation passed in anticipation of the adoption of this amendment shall not be invalid solely because of its anticipatory nature." Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November 1968, at which election all ballots shall have printed on them the following: "FOR the constitutional amendment to exempt certain property temporarily stored in a public warehouse from ad valorem taxation." "AGAINST the constitutional amendment to exempt certain property temporarily stored in a public warehouse from ad valorem taxation."

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER TWELVE ON THE BALLOT (SJR10)

SENATE JOINT RESOLUTION No. 14 proposing an amendment to Article III, Constitution of the State of Texas, by adding a new Section 52a to give the Legislature the power to authorize cities and counties to issue revenue bonds for industrial development purposes. BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Article III, Constitution of the State of Texas, be amended by adding a new Section 52a to read as follows: "Section 52a. The Legislature shall have the power to authorize cities, cities, and towns to issue revenue bonds for industrial development purposes, or in aid thereof; provided, that property acquired from proceeds of the bonds shall be subject to ad valorem taxes. Legislation passed in anticipation of the adoption of this amendment shall not be invalid solely because of its anticipatory nature. The tax revenue, the utility revenue, and the revenue from services of any county, city or town may not be used to pay any bonds issued pursuant to this authority nor the interest thereon." Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November 1968, at which election all ballots shall have printed on them the following: "FOR the constitutional amendment to give the Legislature the power to authorize cities and counties to issue revenue bonds for industrial development purposes." "AGAINST the constitutional amendment to give the Legislature the power to authorize cities and counties to issue revenue bonds for industrial development purposes." Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election; and this amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER FIVE ON THE BALLOT (HJR61)

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 24, Article III, Constitution of the State of Texas, be amended to read as follows: "Section 24. Members of the Legislature shall receive from the Public Treasury an annual salary of not exceeding Eight Thousand, Four Hundred Dollars (\$8,400) per year and a per diem of not exceeding Twenty Dollars (\$20) per day of each Regular Session and each Special Session of the Legislature. No Regular Session shall be of longer duration than one hundred and forty (140) days. "In addition to the per diem the Members of each House shall be entitled to mileage in going to and returning from the seat of government not to exceed one round trip per month during such time as the Legislature is in session, which mileage shall not exceed Two Dollars and Fifty Cents (\$2.50) for every twenty-five (25) miles, the distance to be computed by the nearest and most direct route of travel, from a table of distances prepared by the Comptroller, to each county seat now or hereafter to be established; no Member shall be entitled to mileage for any extra Session that may be called within one (1) day after the adjournment of the Regular or Called Session." Section 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November 1968, at which election all ballots shall have printed on them the following: "FOR the constitutional amendment providing the members of the Legislature shall receive as salary an amount not exceeding Eight Thousand, Four Hundred Dollars (\$8,400) per year." "AGAINST the constitutional amendment providing the members of the Legislature shall receive as salary an amount not exceeding Eight Thousand, Four Hundred Dollars (\$8,400) per year."

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER FOURTEEN ON THE BALLOT (HJR22)

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That the Constitution of the State of Texas, and the same is hereby amended by deleting therefrom Section 18, and substituting in lieu thereof the following: "Section 18. No Senator or Representative shall, during the term for which he was elected, be eligible to (1) any civil office of profit under this State which shall have been created, or the emoluments of which may have been increased, during such term, or (2) any office or place, the appointment to which may be made, in whole or in part, by either branch of the Legislature; provided, however, the fact that the term of office of Senators and Representatives does not end precisely on the last day of December but extends a few days into January of the succeeding year shall be considered as de minimis, and the eligibility herein created shall terminate on the last day in December of the last full calendar year of the term for which he was elected. No member of either House shall vote for any other member for any office whatever, which may be filled by a vote of the Legislature, except in such cases as are in this Constitution provided, nor shall any member of the Legislature be interested, either directly or indirectly, in any contract with the State, or any county thereof, authorized by any law passed during the term for which he was elected." Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state, at an election to be held throughout the state on the first Tuesday after the first Monday in November, 1968, at which election all ballots shall have printed thereon the following: "FOR the constitutional amendment fixing the time during which members of the Legislature shall be ineligible to hold other offices." "AGAINST the constitutional amendment fixing the time during which members of the Legislature shall be ineligible to hold other offices." If it appears from the returns of such election that a majority of the votes cast therein are for such amendment, same shall become a part of the Constitution of Texas.

**Pointers For Proper Grazing**

1. Stock on the basis of available forage instead of so many acres per cow.
2. Check the grass crop rather than livestock condition. Animals can live on poor vegetation before they look bad.
3. Provide a forage reserve of cured grasses for winter grazing, as well as hay, silage and concentrated feed.
4. Allow for drought years. They are just as normal as wet years. If you are stocked on basis of wet years, you will be short of grass more than 60 per cent of the time.
5. Check signs of range improvement or deterioration.
6. Remember that pounds of beef rather than number of head count at the market.

**DIVERSIONS**

Diversion terraces have become very popular with farmers over the last few years and have done much to control water erosion. The purpose of a diversion is to divert water from where it is causing erosion to where it can be used or disposed of safely.

Diversion are often used where run-off water from higher lying acres are damaging cropland, rangeland, pastureland, or farmsteads. These diversions may be used provided run-off water can be safely diverted without causing erosion where it empties.

This practice is eligible for cost-share assistance through the ACP Program and the Great Plains Conservation Program.

Mr. and Mrs. Cecil Hughes of Jacksboro and Mr. and Mrs. Preston Stoard of Wichita Falls visited Monday with Mr. and Mrs. Walter Hughes, their brother and uncle. They were enroute to California to visit a son and brother, Forrest Hughes, who is ill and in a hospital there.

Mrs. R. L. Nolen of Arlington, and Mrs. J. O. Payne of Fort Worth are visiting Mr. and Mrs. W. B. Ayers. Last week visitors were Mrs. V. E. Howard and 3 great-grandchildren of Texarkana.

Jimmy Blackerby of Austin visited his sister and family, Mr. and Mrs. Jeff Walker and children, the latter part of last week.

**ODDS ON HAVING YOUR TAX RETURN EXAMINED**

There is one chance out of 124 your place of business will be field audited, if you file a 1040 income tax form, according to Mrs. Doris Myers, Extension home management specialist at Texas A&M University.

The Commissioner of Internal Revenue reported to the treasury secretary on its 1967 activities saying this number compares with one out of 121 chances in 1966.

For the Internal Revenue Service to audit your tax form in their office, the chances are one out of 30 compared to the previous rate of one out of 26.

The specialist noted that more individual returns showed mathematical errors than in fiscal 1966. Errors in favor of the taxpayer averaged \$87, compared to \$63 in favor of Uncle Sam. The previous year was \$91 to \$58.

Figures also show more taxpayers are refusing to accept examining agents' claims for additional taxes and are appealing their disputes to the Appellate Division of the Treasury. The settlements averaged about 31 per cent of deficiencies claimed by the treasury.

A CH-47 CHINOOK helicopter attracts the attention of Vietnamese boys riding their water buffalo to nearby rice paddies. A U.S. Army photographer, CWO Don Joyce, was on an operation with I Field Force when he saw these two methods of transportation in Vietnam meet in a field near Nha Trang.

But it doesn't seem to pay to go to court, says Mrs. Myers. In the Tax Court, decisions during fiscal '67, the treasury won 230 cases, while taxpayers were victorious in only 77. The worst ratio in the Court of Claims was about even, but in the District Court, taxpayers won only half as many cases as the treasury.

erably less difficult now to appeal to successively higher authorities with a tax agreement with Revenue agents.

The first step is an informal hearing before a District Conferee, and then, if there is no agreement, a hearing before the Appellate Division. If the dispute involves less than \$2,500, no formal written protest is required at either level. This is much

simpler than the past system of requiring a formal protest to get a hearing at the Appellate Division level.

Mrs. Myers says of course, this new procedure is not necessary, even in cases involving under \$2,500, if the person feels filing a formal protest will help his case.

**COTTON PRODUCTION DOWN IN TEXAS**

Texas cotton production was down 16.1 per cent during the 1967-68 season, the Cotton Economic Research office at The University of Texas reports.

Tabulations as of Jan. 16, 1968 showed 2,638,896 running bales ginned. At the same time in 1967 there were 3,149,925.

The estimated value of lint cotton and cottonseed produced in Texas was down more than \$37 million from that of the previous season, the "Summary Report" said.

"The decrease in the value of production affects the entire economy of the state," the report explains, but hardest hit were segments of the industry other than the grower, primarily the gins, oil mills, compresses and warehouses.

And the cause of the decrease—that unpredictable Texas weather coupled with an increase in diverted acreage.

The report forecasts a brighter picture in 1968-69.

"All indicators point to an increase in the planted acreage in Texas for the 1968-69 season, along with improved weather conditions, for increased production. New and improved vari-

eties are being planted for improved cotton quality rather than for yield alone."

Single copies of the report are available free of charge from Cotton Economic Research, The University of Texas, Austin, Texas 78712.

**GREENBELT BOWL GAME SATURDAY**

Teams are now in training at Childress for the annual Greenbelt Bowl Classic. Monte Land will represent Clarendon on the West team. Clarendon's queen candidate will be Susan McAnear.
