If five years of study are prescribed by the school for a bachelor's degree in some field, a students must earn 20% of the total credits toward the degree each year.

Q—What is meant by a "student's academic year?"

A—In determining a student's eligibility for classification in Class II-S (college student), his academic year shall include the 12-month period following the beginning of his course of study.

## 11 RURAL ACCIDENTS REPORTED IN DONLEY COUNTY DURING JULY

The Texas Highway Patrol investigated 11 accidents on rural highways in Donley County during the month of July, according

to Sergeant J. W. Wilson, Highway Patrol Supervisor of this area.

These crashes resulted in two deaths, two persons injured and an estimated property damage of \$9,330.00.

The rural accident summary for this county during the first seven months of 1967 shows a total of 32 accidents resulting in two persons killed, 17 persons injured, and an estimated prop-

erty damage of \$39,222.00.

School Days are almost here again. Many of the schools in this area will be starting classes before Labor Day. Many drivers have become accustomed to ignoring school zones and signs during the summer months with the thought, "why bother, school is out anyway." But now the time is rapidly approaching to start paying close attention to signs warning of school zones and

buses. Many parents will attempt to make the forthcoming Labor Day their final vacation outing. "Don't let this outing be fatal," the Sergeant stated. Thirty-two lives were lost in traffic over the Labor Day weekend in 1966.

A recent survey disclosed 3 of every 10 farmers worked 100 or more days each year off the farm in part-time endeavors.

## PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER TWO ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IX of the Constitution of the State of Texas be amended by adding a new Section 13 thereto to read as follows:

"Section 13. Notwithstanding any other section of this article, the Legislature in providing for the creation, establishment, maintenance, and operation of a hospital district, shall not be required to provide that such district shall assume full responsibility for the establishment, maintenance, support, or operation of mental health services or mental retardation services including the operation of any community mental health centers, community mental retardation centers or community mental health and mental retardation centers which may exist or be thereafter established within the boundaries of such district; nor shall the Legislature be required to provide that such district shall assume full responsibility of public health department units and clinics and related public health activities or services, and the Legislature shall not be required to restrict the power of any municipality or political subdivision to levy taxes or issue bonds or other obligations or to expend public moneys for the establishment, maintenance, support, or operation of mental health services, mental retardation services, public health units or clinics or related public health activities or services or the operation of such community mental health or mental retardation centers within the boundaries of the hospital districts; and unless a statute creating a hospital district shall expressly prohibit participation by any entity

other than the hospital district in the establishment, maintenance, or support of mental health services, mental retardation services, public health units or clinics or related public health activities within or partly within the boundaries of any hospital district, any municipality or any other political subdivision or state-supported entity within the hospital district may participate in the establishment, maintenance, and support of mental health services, mental retardation services, public health units and clinics and related public health activities and may levy taxes, issue bonds or other obligations, and expend public moneys for such purposes as provided by law."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed thereon the following:

"FOR the constitutional amendment to permit municipalities, other political subdivisions, and state-supported entities located within hospital districts to participate in the establishment, maintenance, support, or operation of mental health services, mental retardation services, or public health services."

"AGAINST the constitutional amendment to permit municipalities, other political subdivisions, and state-supported entities located within hospital districts to participate in the establishment, maintenance, support, or operation of mental health services, mental retardation services, or public health services."

ELECTRIC CONDITIONED LIVING • ELECTRIC CONDITIONED LIVING • ELECTRIC CONDITIONED LIVING

**What people are saying about... A CLEAN BREAK WITH THE PAST**

"Electric heat keeps mother so comfortable," says Mrs. Earl D. Tracy of Junction, Texas. Mrs. Tracy's mother, who is 90 years old, makes her home with the Tracys. Caring for her in an electric comfort-conditioned home is much easier, Mrs. Tracy says. "As you get along in years, drafts and varying temperatures in the winter time are bad. With electric heat, the room stays the same temperature, and there is no dryness like from other heating. And individual room controls allow each of us to select the temperature we like best."

Mr. Tracy is a rancher, and is well known in and around Junction. The Tracys really live in

their home—enjoy it themselves and entertain friends. Mrs. Tracy has cooked electrically for 35 years, and the Tracys have lived in total-electric comfort for two years. The cooling system is ducted-in type, the kitchen total-electric, there is an electric home laundry, water heater and two bath heaters in addition to baseboard heating. The home is of brick construction—6 rooms and two baths—and the average per month cost is only \$26.20. "Electric living is so much less expensive than I ever thought," Mrs. Tracy says. Why don't you convert to total-electric living and see what you have to say about it?

## Miss Shirley Hearn And Mickey Thomas Exchange Nuptial Vows Saturday Evening

The marriage of Miss Shirley Janice Hearn of Clarendon, Texas and Mickey Allen Thomas of Claude, Texas was solemnized Saturday evening, August 19, in a ceremony performed in the First Baptist Church Clarendon, Texas. The Rev. Burdett Hitt of Andrews, Texas, brother-in-law of the bride, read the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Charlie Claude Hearn of Clarendon. Parents of the groom are Mr. and Mrs. Louis Thomas of Claude.

Vows were exchanged before an archway of greenery and white chrysanthemums. To either side of the archway were candelabra bearing white tapers and flanked by huge baskets of white gladioli, white and yellow chrysanthemums. Hurricane candles lighted the aisles. Tapers were lighted by Phil Hearn of Brownfield, nephew of the bride, and Andy Costley of Claude, cousin of the groom.

Mrs. Beryl Clinton, organist, presented a prelude of nuptial selections and accompanied Mrs. Duane Hearn of Brownfield, sister-in-law of the bride, as she sang "Because," and "The Lord's Prayer."

The bride, escorted to the altar by her father, wore a formal wedding gown of satin and Alencon lace fashioned along slim lines. The neckline was outlined by a lace yoke and the long

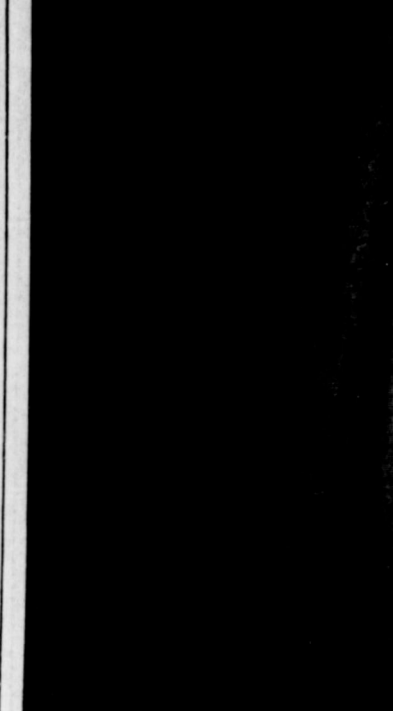

sleeves, also of lace, were bordered in scallops. A full swept train of matching lace fell from the back yoke of the dress and was outlined in corresponding scallops. Her shoulder length veil of illusion was attached to a rose of matching satin and lace and she carried a bouquet of white roses, ivy, and babybreath showered with white satin streamers. All of the usual traditions were observed.

Attending the bride as matron of honor was Mrs. Mickey Cabe of Brownwood, Texas, niece of the bride. Bridesmaids were Miss Leane Risley, Miss Janice Easterling, and Miss Nelda Stepp, all of Clarendon. Their floor-length dresses were identically designed along Empire lines and were of yellow dotted swiss. Their headpieces corresponded to their dresses and each carried a bouquet of yellow and brown pon chrysanthemums with yellow streamers. Centering each bouquet was a small lighted candle.

Vela Lea Gregory of Borger, cousin of the bride, was flower girl. Scott Hearn of Brownfield, nephew of the bride, was ring-bearer.

Jim Thomas of Lubbock attended his brother as best man. Groomsmen were Rickey Barnett and Tony Thomas, brother of the groom, both of Claude, and Lloyd McCord of Clarendon.

Serving as ushers were Billy Hearn of Lawton, Oklahoma,

Mrs. Mickey Thomas—nee Miss Shirley Hearn

brother of the bride; Mark Hearn of Spokane, Washington, nephew of the bride; Danny Campbell and Kenneth Burton, both of Claude.

Mrs. Hearn, mother of the bride, wore a three-piece pink and gray suit with black accessories. Mrs. Thomas, mother of the groom, wore a blue suit with beige accessories. Each wore a corsage of pink glamelias.

Following the ceremony a reception was held at Patching Club House. The refreshment table was laid with a lace cloth over yellow and the bride's colors of yellow and white were carried out in the decor. Bridesmaids' bouquets provided the floral arrangement and the focal point rested on a four tiered wedding cake topped with a bride and groom in miniature. Outlining

the cake and adding color were yellow and white rosebuds and wedding bells. Appointments were crystal and silver. Presiding at the table were Misses Sandra Longan, Emily Neece, Beth Bourland, and Judy Greene, all of Clarendon. ## Thompson-Wedge Vows Exchanged

Miss Dorothy Irene Thompson, daughter of Mr. and Mrs. Richard Thompson of Clarendon, Texas became the bride of John Mike Wedge, son of Mr. and Mrs. Gilbert Wedge of Turkey, Texas in a ceremony performed recently in the First Methodist Church at Turkey. The Rev. Joe Walker read the double ring vows.

The altar was decorated with urns of white gladioli and stock interspersed with greenery.

Mrs. Green played traditional wedding selections and accompanied Mrs. Ella Dunn of Clarendon who sang "How Great Thou Art."

The bride, escorted to the altar by her father, wore a street length gown of white brocade. Her veil of illusion was shoulder length.

Mrs. Danny Shields of Claude, Texas attended her sister as matron of honor. Miss Mary Helen Wedge, sister of the groom, served as bridesmaid.

Robert Jones of Turkey attended the groom as best man and Danny Shields of Claude serves as groomsman.

A reception was held immediately following the ceremony.

After a brief wedding trip the couple will be at home in Sonora.

### FRIDAY PARTY HONORS MISS SHIRLEY HEARN

Miss Shirley Hearn, bride-elect of Mickey Thomas of Claude, was honored with a slumber party August 18, in the home of Nelda Stepp. About seventeen attended. A variety of entertainment was enjoyed by the group.

Watermelon, chips and dips were served throughout the night and sweet rolls were served at breakfast.

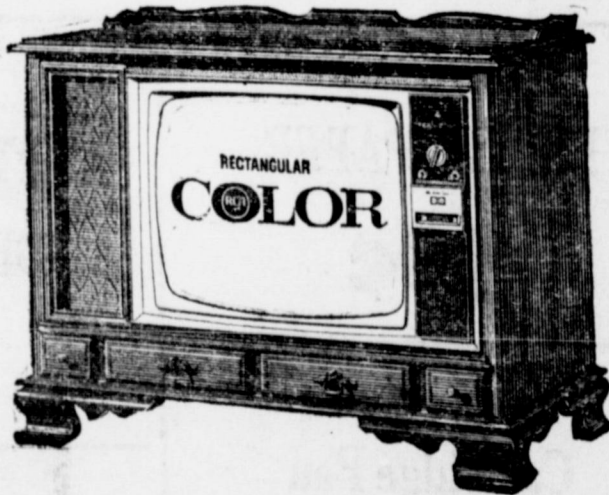

Hostesses were Janice Easterling, Leane Risley, and Nelda Stepp. —Rep.

State Supreme Court has ruled that the constitutional amendment requiring annual voter registration in Texas is valid.

AFL-CIO challenged the amendment. They contended that voters did not get "fair notice" that the amendment provided for annual registration.

State labor officials pledged to take the issue to the highest federal court.

State Supreme Court agreed with ruling of the Third Court of

Civil Appeals that the amendment—approved by Texans last year—to abolish the poll tax as a requirement for voting and substitute annual sign-up should stand. There was no opinion. Appellate judges had reversed the trial court finding.

Austin District Judge Herman Jones agreed that the full purpose of the amendment was not adequately described on the ballot. It stated that the tax would be knocked out as a voting requirement. Last April Court of Civil Appeals said it was unlikely any voter, in view of widespread publicity given the issue, failed to understand what he was voting on.

Roy Evans, Secretary-Treasurer of Texas AFL-CIO, said the State Supreme Court will be asked for a rehearing. If that is rejected, a hearing will be requested before the U. S. Supreme Court.

Meanwhile, Texas election machinery and voter registration for the big 1968 election year will proceed under annual sign-up law as amended this year.

All voters including those who live in cities under 10,000 population, must register between October and January.

In other cases, the State Supreme Court:

● Left standing lower court decisions refusing cash judgments to two parties to the collapse of Billie Sol Estes' fortunes. Case originated in Pecos District Court.

● Reversed Amarillo Court of Civil Appeals and sustaining district court in holding that 49 strikers against the Shamrock Oil and Gas Corporation in 1964 could draw unemployment benefits due to circumstances of their joblessness. (Strikers had offered to return to work.)

● Upheld Third Court of Civil Appeals' ruling that State Savings and loan Commission was justified in denying a branch office application for downtown Houston of the Gibraltar Savings Association.

ATTORNEY GENERAL RULES Oil and gas produced on federal land at Corpus Christi Naval Air Station are subject to state production and pipeline taxes (except for 16 2/3 per cent payable as royalty to the U. S.). Atty Gen. Crawford Martin has held.

In other opinions, Martin has concluded that:

● A \$1,500,000 appropriation to construct protective devices at railroad grade crossings is constitutional.

● If a county commissioner is a director and stockholder in a bank desiring to receive bond issue funds, the county commissioners court does not have authority to designate that bank as a county depository.

HIGHWAYS — As July began, the State Highway Department had \$618,899,810 worth of highway construction under contract. During June, contractors were paid \$35,802,146 for work completed.

In 1919, only \$273,000 was spent for road construction.

WELFARE — An audit of the State Department of Welfare reveals that \$461,000,000 in federal and state money was used in Texas during the two years ending last August on welfare pro-

grams. Rate was \$120,000,000 last year, of which \$168,620,302 was in direct grants to the needy aged, blind, children and disabled, plus \$41,431,797 for medical care for the needy aged. While aid to dependent children and those who are permanently disabled continues to rise, training programs are reducing the amount of aid needed by blind persons.

Distribution of surplus commodities also is handled by this department. In two years, 45,000,000 pounds of flour, 19,000,000 pounds of corn meal and 17,000,000 pounds of dry milk were distributed to needy families from federal stock surpluses. However, the amount distributed is declining as the government stockpiles are used up and high employment is reducing the number of needy families.

Payroll and other administrative costs for giving away \$215,000,000 came to \$12,708,278. SCREWORM REPORT — Between May 28 and July 1, some 19 cases of screwworms were confirmed in Texas.

To prevent spread of the disease, Screwworm Eradication Program planes recently released 757,780,000 sterile screwworm flies in Texas. Some 106,144,000 were dropped over Trans-Pecos and the Valley portions of Texas.

HIGHER RATES AUTHORIZED — Texas Railroad Commission has authorized higher rates for shipments of household goods by specialized carriers. No increase was allowed in packing charges, which had been requested by the van lines.

Rate changes, based on averages of 7,600 shipments, come to 17.3 per cent higher than present rates.

However, larger shipments are actually less and smaller shipments are more. New rates will take effect on August 5.

COLEMAN PARK GRANT APPROVED — City of Coleman will receive a \$124,810 federal grant to help develop a 139-acre park site at Coleman Lake, 14 miles north of the city.

Grant is under the federal land and water conservation fund program.

City will put up an equal amount to landscape the area and provide boat ramps, picnic units, camping sites, trailer units, playground, swimming beach, fishing piers, concession building, bath house, restroom and necessary utilities.

SHORT SNORTS

Secretary of State John L. Hill, who becomes chief election officer of Texas under a new law effective August 28, has called a statewide conference on recent election law changes for October 27.

State Water Pollution Control Board approved application of Orange for a permit to replace Cimmons Drive Sewage treatment plant with another and increase amount of treated sewage discharged into the Sabine River.

Texas Banking Commissioner announced applications for Duncannon (Dallas County) State Bank and Valley Bank of El Paso charters.

Construction men, landscape architects, and State Board of Control gardeners have started the big job of tearing up the lawn and park pavillion of the Governor's Mansion to transform it into a \$150,000 formal garden—a real coup for Mrs. John Connally and the 38,000 members of Texas Garden Clubs who are making the Mansion Garden their major project.

Value of building permits issued in Texas during June fell four per cent according to the UT's Bureau of Business Research.

Texas Water Development Board and Texas Water Rights Commission authorized the Sabine River Authority of Texas to issue an additional \$4,000,000 in revenue bonds to help pay for the Texas half of the Toledo Bend Reservoir.

Texas is the 33rd state to ratify an agreement with Interstate Commerce Commission to help each other enforce state and federal highway transportation laws.

WHEAT ACREAGE ALLOTMENTS FOR 1968

State wheat acreage allotments based on the national allotment of 59.3 million acres have been announced by the U. S. Department of Agriculture. The Texas allotment is 4,258,167 acres. This compares with 4,896,216 acres in 1967 and 3,704,785 acres in 1966. Farm allotments will be announced after county allotments have been determined.

**NEWS FROM CITY HALL**

by R. L. Gilkey, Mayor

The spirit of Saint's Roost is restless. Rekindled with the idea and production of Saint's Roost Saga, this spirit stepped forward to unify the city, its past and present. Paving is being completed block by block; new businesses are being constructed; new homes are being built; a lake is filling with water; a new college and a new church are soon to start construction; more travelers pass by and more travelers stop here; more of us smile and are proud of our city's heritage.

A City Government is its people, their ideas and wishes. Law enforcement, taxing agencies, public officials and even private business are subject to the influence and wishes of its surrounding citizens. With the obvious increase in construction, we have now embarked on the beginning of our newest era. We are now starting to progress once again—not because of any one person or group, but because all of us collectively, want to improve our city.

R. L. Gilkey, M. D., Mayor

**DOVE SEASON REGULATIONS NOW AVAILABLE TO HUNTER**

The Texas Parks and Wildlife Department has released hunting regulations for the mourning and white-winged dove seasons. Digests of these regulations are now available to interested individuals from sporting goods stores, game wardens, and any regional or district office of the department.

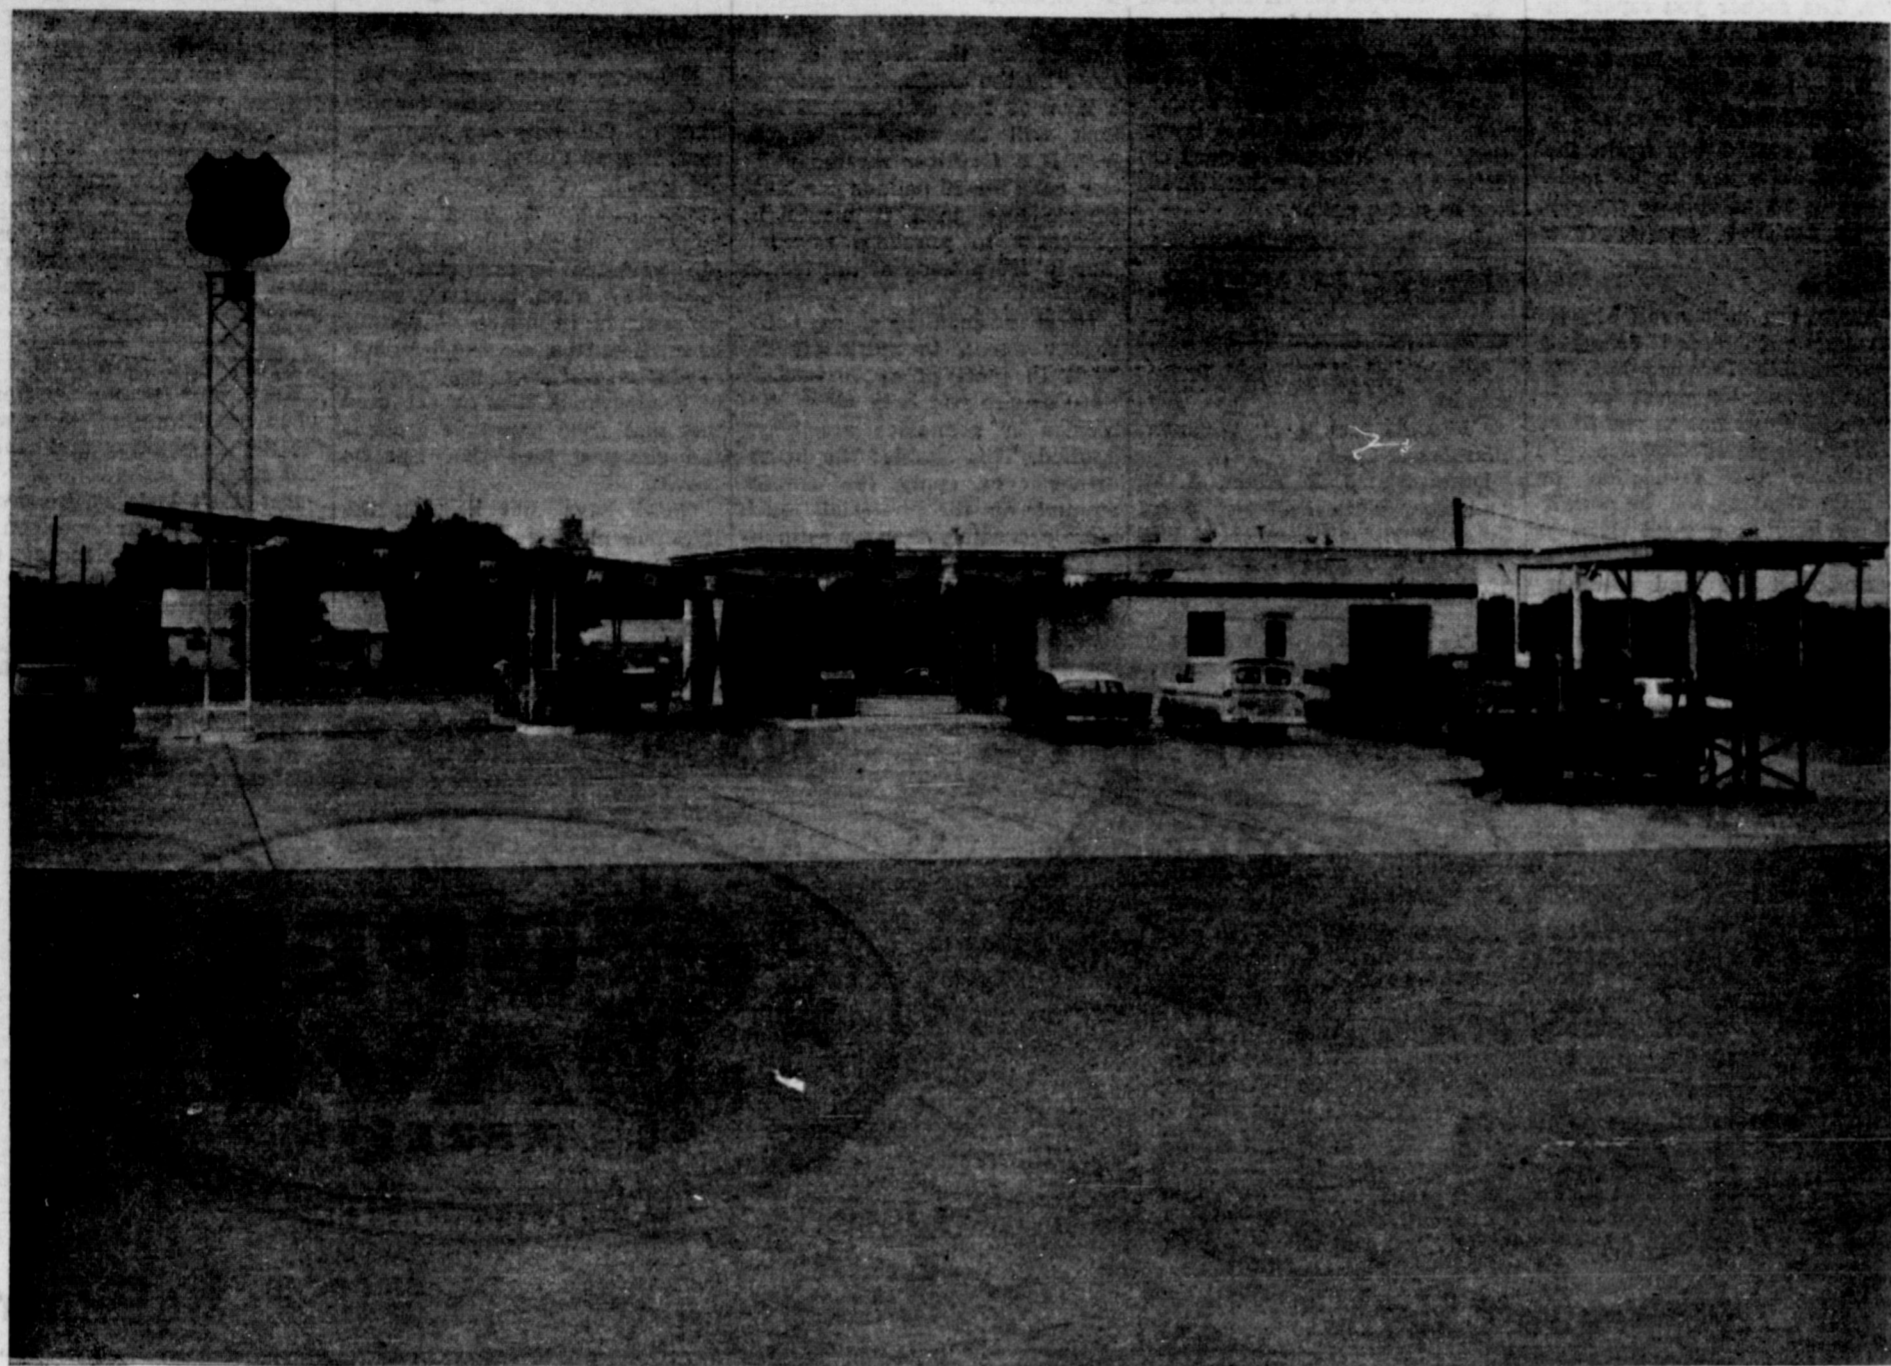

Two basic changes in white-wing hunting have been made since last year. The white-winged dove season has been set to open September 2-3 and September 9-10. The area south of Highway 83 and formerly designated as closed in the southern parts of Starr, Hidalgo and Cameron counties has been opened to hunters.

The retention of one fully-feathered wing on field dressed doves is no longer required except in the 21 counties where the mourning dove and white-wing are hunted concurrently.

Mourning dove hunting in the north zone will begin at noon central standard time (1 p.m. daylight saving time) on Friday, September 1 and continue thru sunset Monday, October 30 with a bag limit of 12 per day and 24 in possession.

South zone hunting of the mourning dove will begin at noon central standard time on September 23 and continue thru November 21 except in those counties where white-winged and mourning doves are hunted concurrently. In these 12 counties, the season will close at sunset, November 17.

Those 12 early closing counties are: Maverick, Dimmit, La Salle, Webb, Zapata, Jim Hogg, Brooks, Willacy, Kenedy, Cameron, Hidalgo and Starr. In these counties a limit of whitewing and a limit of mourning doves may be taken on each day of the whitewing hunt.
