

The right to vote is one of the most precious rights we have in this country today. That right was won with blood and tears by our forefathers, by those who fought in our wars to preserve this nation as a free, democratic country. When you choose NOT to vote, you are, in effect, saying that those who died for the principles in this nation did so in vain. The freedoms we enjoy, such as freedom of press, freedom of religion and freedom of choice are NOT God given rights, but are the rights the leaders of a nation give its people. If we don't elect those leaders, if we don't vote for their bills, their amendments, their ideas, we may very easily remove all of the freedoms, all of the rights, all of those precious things this nation stands for because of our INDIVIDUAL APATHY.

Exercise your rights as a citizen of this nation, as a citizen of the state of Texas: VOTE. Your single vote DOES count! The recent election at Estelline is proof

of that. It lost its bond by only three votes!

GET OUT AND VOTE TUESDAY, NOVEMBER 3. YOUR VOTE does count....if you cast it!

Texans will have a chance to participate more in their state government on Tuesday, November 3 at the polls. We hope you take advantage of the chance you have.

You will be voting on these seven amendments!

1. Bonding authority for cities and counties to encourage redevelopments of decaying areas, which would be known as "reinvestment zones" or "enterprise zones".

Opposition to this says that this could shift more of the tax burden to "healthy areas".

2. Good titles for people who bought land in good faith and have lived on it and paid taxes on it for 50 years or more.

3. A committee of high-level state officials to oversee the state's budget when the Legislature is not in session. This committee would consist of the Govern-

nor as chairman, the Lt. Governor as vice-chairman; Speaker of the House; Chairman, Senate Finance Committee; Chairman, Senate State Affairs Committee; Chairman, House Appropriations Committee; and Chairman, House Ways and Means Committee.

At present, Texas has no designated central authority for the management of state funds and no effective way to meet unexpected financial contingencies or emergencies without costly special sessions of the Legislature. The committee would not have unlimited authority over appropriations, expenditures, or transfers of state funds. The committee's authority is vested in the seven-member committee rather than any one state official and the extent of authority is determined solely by the legislature.

Opponents say it would give too much power to the already powerful Governor, Lt. Governor and Speaker.

4. Dedication of half the state's surplus revenue to try

to make sure Texas does not run out of water in the future. This is undoubtedly the most important issue in the election.

"The truth of the matter is, Texans are more likely to face increased taxes if we DON'T pass Amendment #4," Governor Bill Clements warned. "That's simply because the surplus will be frittered away every two years with the help of some law makers and we'll end up facing a water crisis down the road that people will demand we take care of, even if it does mean a tax increase."

Opponents say that the "pay as you go" philosophy of Texas which has been such a boon for years will be in serious jeopardy with passage of this bill. It will eliminate the Texas Spending Limit that voters have overwhelmingly approved in 1978 and to assure that Texas will increase its state debt by 50% and likely much more.

This amendment 4 would repeal the spending limit passed in 1978 scheduled to

take effect in the next Legislative session. This amendment is termed the "Billy Clayton's New York City type financing package" that would require that 1/2 of our rainy day money" be spent on as yet to be determined water projects.

The other 1/2 is given to the Legislature to use in any manner that they wish. One-half of YOUR state surplus is to be spent by some water board bureaucrat on a no-plan-water-plan, but he has given the rest of the surplus to the legislators to be spent on "anything they want".

Texas now has only 1.3 billion dollars in state debt-one of the lowest debts of all the states-and over 300 million of that is University debt underwritten by the Permanent University Fund, similar to the proposed water fund.

The Clayton plan would increase state debt by 50%. It would encourage local governments to increase their debt because the state government would guarantee their bonds.

Proposition 4 should, according to its opponents, be defeated. Texas must preserve the "pay-as-you-go" principal. Texas must protect its financial stability or what happened to the Northeast will surely happen to Texas.

No up-to-date study on the actual water supply exists. We need to examine ways of providing enough water with the least expensive price tag. There are ways to do this other than the proposed in Amendment #4.

5. Exemption of livestock and poultry in the hands of the producer from property tax. This will bring equity to taxation policies concerning Texas food producers and will be a positive step to help hold the line on food costs. Since Attorney General John Hill ruled in 1976 that livestock and poultry are not "farm products" and thus could be taxed, passage of Amendment 5 would eliminate the inequity caused by that decision.

The Texas Farm Bureau said that "presently, only 1/4 of 1% of tax revenues are

generated by livestock and poultry, therefore, elimination of this tax would not be a burden on school districts in lost revenue."

Opponents say the amendment probably would shift the tax burden to other areas, such as homesteads, farms and ranches.

6. Local option exemption of up to 40% of the appraised value of homesteads. Homestead have been unduly burdened by recent reappraisals and they now deserve a break.

Opponents say both homesteads and businesses have been under-appraised in the past, so homesteads should not get a break now.

7. Authorization for additional bonding authority for Veterans' Land Fund. The Veterans Land Program is one of the few ways Texans pay tribute to the State's 1.7 million veterans. Since the inception of the program in the late 1940's, more than 74,000 veterans have used the program. We currently have 13,500 additional veterans on a waiting list wanting loans to purchase land. The

program will be out of money to lead by the end of the year. We still have \$74 million in authorized bonds, but we cannot sell them under the current 6% ceiling on bonds. The additional \$250 million in bonds should keep the program going at a modest rate through the 1980's.

The cost of the bonds is NOT paid for by the taxpayers; the cost is paid by the veterans who use the program. Not only are the bonds secured by the credit of the veterans, but also by the value of the land they purchase which has uniformly escalated in value.

Opponents say the Fund is large enough already.

November 3 is your chance to protect your interest in the government of this state. It is too important a chance to throw away.

Vote November 3 on all seven of the proposed constitutional amendments.

Greenbelt Ford has new manager

Cohn Brister, the new manager of Greenbelt Ford, Inc., was born in Texoma. "My house was in Oklahoma, but the barn was in Texas, so I don't know what you would call me," said Brister. After 21 years as an educator in California, a few years working with his brother in the oil and gas pipeline business, Brister (rhymes with Blister) worked with Bradley - Lincoln Mercury in Amarillo as the business manager.

With this background, Cohn has high expectations and exciting plans for Greenbelt Ford, Inc. in Clarendon.

"We're going to put the Ford store back in Clarendon," Brister said. He plans to have the building painted and repaired, particularly the roof. They will lease the lot across the street and use it to display their inventory. "We will have a car valet to keep the cars clean and a hand car wash for the public," he added. As well as the service department still in operation, Brister plans to establish a parts department as things get underway.

"You have got to take care of your customers," Brister said. "We will sell a car and service those we sell as well as other Ford's. We also have the Mercury franchise so we will sell and service Fords and Mercurys."

Lois Brister still lives in Amarillo with their last son.

COHN BRISTER

4-H Annual Awards Banquet held

The Donley County 4-H Club held its annual awards banquet Saturday night. The highlight of the evening was the presentation of the Gold Star Award. This is the highest award that can be given at the county level and is presented by the Texas Agricultural Extension Service. It recognizes outstanding achievement, leadership, and contribution to the county program. The Gold Star Award is presented only to active members 13 or over who have had at least three years of club work. Everyone in attendance was pleased to see the Gold Star Awards for 1981 presented to Virginia Clifford and Rodney McAnear. They are two outstanding young people in whom our county can take great pride.

4-H Project Leaders are a breed all to themselves. They

must work with kids, keep a job or home in working order, work around schedules of active kids in school and still be expected to effectively lead a 4-H project. Leaders of the Clothing Project are Alene Leathers, Eva Bright and Henrietta Richardson. At the 4-H Awards Banquet held Saturday evening, Deniece Richardson and Bridget Spier won pins for their achievement in this project area.

Leaders in Consumer Buying and Modeling are Henrietta Richardson and Janette Kennedy. Shana Cole and Staci McCord earned pins for the dress revue held early this year.

Foods and Nutrition leaders are Connie Robinson, Nancy Watson, Gayle Riley, Jeanne Formway and Karen Alderson. Craig Kennedy won a pin for his outstanding bread baking skills. Karen Alderson, Kim Formway, Tish Robinson and D'Liss Robinson won pins for their achievements in this area. Christina Leathers won a pin for dairy foods and Shana Cole and Staci McCord won pins for consumer buying skills.

Dog Project leaders were Gary Harbert, and Mr. and Mrs. Bob Andis. Their winning 4-Hers were Brett Harbert, Glenn Harbert, Dawn May and Christi Knorpp.

Beef projects are very popular with both boys and girls of all ages. The leaders are Jack Moreman, Mr. and Mrs. James A. McAnear Jr.,

Don Robinson, Jerry Hawkins and Milton Mann. Winners of pins in this area were Richard Richardson, Doug Hawkins, Christie McAnear and Melody Moreman.

Swine project leaders are Milton Mann and Jerry Hawkins. Winners in this area were Lori Robinson. Can't page 4

Calvary Baptist Church to have speaker

A missions conference will be held at the Calvary Baptist Church beginning Wednesday night October 28 through November 1st. Dr. Howard Ingram will be the special speaker each evening at 7:30 p.m. There will be a Missionary showing slide pictures of their respective fields each evening also there will be special singing every service. The singing Flanigans, Johnny and Nelda, will be singing for us each service. There will also be the Quartets and other special singers of the Calvary Baptist Church. Don't miss one of these services or you will miss a great blessing. The nursery will be furnished each service. Bring your friends and neighbors.

Little Master and Miss Pageant winners

Clarendon's new Master and Miss have been chosen at the gala event held in the Harned Sisters Auditorium Saturday evening. The contest, sponsored by the Alpha Upsilon Epsilon chapter of Beta Sigma Phi is an annual event of the sorority as a fund raising project. The money will be given to the Clarendon Community Center project.

This year, the 15 girls and 8 boys were interviewed by three out of town judges. Lavonna Schmauer, John McKissick and Bobbie Stalef were the judges of this contest. The tots were inter-

viewed as the most important part of the contest for poise, clarity and ability to carry on a conversation. The group learned a little song and sang it on the stage where each was judged for stage presence and audience appeal. The three judges certainly had a difficult time in making these decisions.

Terry Floyd, Denice Grady Pat White, Judy Bland and Jamie Mondragon dressed up in witches and pumpkin attire for a clever Halloween skit.

Local businesses and the two banks donated money to produce the wonderful, well

attended contest. The banks gave \$50 savings bonds to be

given as prizes. The new Little Master is Can't page 3

Haunted House in Hedley

Saturday, October 31 from 6:30 until 9:00 p.m. the old funeral home in Hedley will be converted into a scary, spooky, haunted house for the thrills, chills and screams of those brave enough to enter those creaky doors.

The haunted house will be sponsored by the Hedley F.H.A. and will cost 50¢ a person to enter. There will be

a reviving witches brew of unknown ingredients available for 25¢ if you are not too faint to drink, that is.

Find this exciting haunted house behind the Security State Bank in Hedley and have a screeching good time.

Mosser opens the Rainbow Laundry

Carolyn Mosser is the new owner-operator of the Rainbow Laundromat since March. Since opening the business, Carolyn has done a lot of cleaning and repair. She has added chairs so those waiting can sit and sip a coke or crochets an afghan.

Those who find the water hotter can credit it to the new hot water heater Carolyn Can't page 3

3rd Grade Brownie Troop to hold Halloween Carnival

Brownie Troop 111 is having a Halloween Carnival Saturday night from 8 a.m. until 10 p.m. in the basement of the Old College Building across the street from the High School.

There will be a spooky house, a cake walk, apple bobbing and lots of other fun activities to keep the goblins and spooky people busy and entertained.

Prizes will be offered for the best, scariest and ugliest costumes worn. The Brownie Troop is working on their Community Badge and the money raised from this Carnival will go to Clarendon handicapped and the needy elderly.

Not only is this a worthwhile project for these industrious little ones, but it is a great place to take your ghosts and ghouls for whole-some fun on Halloween night.

CAROLYN MOSSER

Bronchos and Wildcats to play here

After four consecutive games on the road, the Bronchos come home to play the Canadian Wildcats.

The Bronchos are fresh from a strong game with the Wheeler Mustangs, a 34-3 victory over a tradition-rich team, that was really never in the game. The Bronchos are now 7-0, (2-0 in district) and ranked 9th in Harris poll.

All of these facts make playing the Bronchos a very exciting game for all opposing teams.

The key to the game with Wheeler, as with the previous six games, was the Broncho defense. Led by the triangle of Billy Perry,

John Braxton and Brian Hill, the Mustangs were able to gain only 126 total offense.

The Canadian Wildcats are not even close to the Bronchos in size-they are closer to the Dallas Cowboys. With players standing 6'2 to 6'4 and all the way to 220 lbs., the Bronchos can not match up in size. The offense is similar to Shamrock and add the trap because Bobby Cooper is one of the top fullbacks in the District, and the quarterback is tall and throws the ball well. The Wildcat defense has not given a great deal of ground; it is solid and basically can be very tough to

handle because of the size.

All these facts are going to make a very good game in Clarendon Stadium at 7:30 Friday.

Range Tour at Moreman Ranch slated

A pasture and range tour will be held Thursday, November 5, 1981 according to County Extension Agent Ronald Gooch. The tour will start at 9:00 a.m. at the Jack Can't page 3

Spitael, an avid horseman from Brussels, Belgium, had horses and wanted to see Texas. He had money he earned working as a manager of one of the departments at Proctor and Gamble in Brussels and flew into Ft. Worth, the first leg of his odyssey.

When he arrived, he called several horse breeders to buy a horse. There were none to be had at that time, so Spitael checked the classified ads and found a lady with a registered American Quarter horse, four year old gelding named Sid. She sold him for \$1000 to a very delighted Spitael.

Sid was a little skittish about crossing bridges and railroad tracks. But Dirk liked the comfortable western style saddle and loved the clean, big outdoors and the

two of them learned to adjust to life on the road.

The pair made thirty miles a day, riding along the road. Dirk made meals, Sid grazed on the same sweet feed. Water was never a problem along the road for either of them.

The adventurer didn't camp out under the stars, however. He would usually find someone who would put his horse up for the night while Dirk settled into the comfort of an American motel each evening.

From Ft. Worth via Childress and Memphis, Dirk arrived Saturday in Clarendon. Bud Hermesmeier put his horse up and Dirk spent the night in one of our motels. Sunday, Dirk arrived in Claude and planned on going to Amarillo on Tuesday.

Upon completion of the ride, Dirk plans on flying Sid to Brussels because horses of his caliber are not too common place in Belgium. In fact, they are slaughtered for various foods.

New gas rates

for Clarendon environs

The Railroad Commission has allowed new gas rates for customers of Lone Star in the unincorporated areas surrounding Clarendon.

The new environs rates are identical to those already approved by the respective cities for customers inside their corporate limits.

With the changes allowed, an average monthly residential bill for eight Mcf (thousand cubic feet) of gas will increase from \$28.56 to \$31.62 in winter. Effective October 23, the new environs rates will affect 68 customers.

The Railroad Commission has the authority to approve rates for gas service only in unincorporated areas of Texas. Rates for gas service within the city limits are approved by city governments. If a utility and a city cannot agree on a rate change for service within the city, either party may ask the Commission to determine reasonable rates.

Mr. and Mrs. L. L. Molder celebrate 30th Anniversary

Mr. and Mrs. L.L. Molder celebrated their 30th Wedding Anniversary Friday, November 23 in the home of their daughter Julie Garrison. They were served a steak dinner with all the trimmings and a decorated cake with "Happy 30th Anniversary."

Family helping to celebrate were Mr. and Mrs. Gary Mays, Wayne and Logan, Mr. and Mrs. Reece McDaniels, Elaine and Diane, Mr. and Mrs. Mike Garrison, Bryan, Jennifer and Bethany all of Clarendon; and Rita Mills of Santa Ana, California.

LITTLE MISS Aaryn Mooring and Little Master Mark Owens, with first runner up Sumer Leflew and Eric Eckland. Second runners up were Todd Lindley and Mandie White.

PAGEANT WINNERS con't from page 1

Mark Owens, son of David and Tonya Owens. He received a trophy and a \$50 savings bond. The New Little Miss is Aaryn Mooring, daughter of David and Dianne Mooring. She received a crown, a bouquet and a \$50 savings bond.

First runner up is Sumer Leflew, daughter of Norman and Marty Leflew and Eric Eckland, son of Bill and Stephanie Eckland. Second runner up is Todd Lindley, son of Thomas and Linda Lindley and Mandie White, son of Bob and Pat White of Hedley. These lads and lassies received a trophy for the boys and a bouquet for the girls.

Mark Owens and Aaryn Mooring will represent Clarendon in area parades for the upcoming year. Congratulations to them and to Alpha Upsilon Epsilon for another successful contest.

GREENBELT FORD con't from page 1

Gary who is a senior at Amarillo High. Gary will be enlisting in the US Navy upon graduation where he will get training in nuclear power. Since this is his senior year, the family decided to keep him at Amarillo High to complete this year with his friends. "Lois has mixed emotions about joining me here in Clarendon," Cohn said, "if the time goes too quickly, it'll mean the last chick will be leaving the nest and that is sad. But on the other hand, she'll be glad

to get here and settle down. This separation is harder on her than it is on me." Brister has a trailer on a lot at Howardwick. He goes into Amarillo once a week and his family joins him on weekends.

In addition to Gary, Lois and Cohn have three other sons. Gene lives in El Centro, CA where he is co-owner of KXO radio. He is married and has a five year old daughter.

Guy lives in West Covina, CA and is the manager for Long's Drug Store chain.

Greg works for the pipeline Co. in Lefores. He is married and has two stepdaughters aged 12 and 14 and a 5 month old son, "that we don't spoil one bit," added Cohn with a chuckle as he showed me the photo of that littlest Brister.

Clarendon will welcome the resurgence of the Greenbelt Ford, Inc. and looks forward to the addition of Mercury's into the fine line of automobiles offered it's citizens. Cohn and Lois Brister are welcomed to the community and the business world of Donley County.

MOSSER con't from page 1

installed. She tries to keep the place clean so that the laundromat is a pleasant place to bring your laundry.

"If you want to have something, you have to take care of it," she said. This is why the laundromat is never left unattended, if that is

possible. Mosser said that the vandalism and the petty theft is too rampant when no one is around to keep track of things. Damage is done to machines if someone isn't around to watch how they are used and to keep idle mischief makers from doing damage.

"This is a place of business. If you will treat my property with respect, it will serve your needs much better. Also, do not allow children to sit on the machines or abuse them. The management will appreciate it," says a sign in the store. This is her goal and philosophy of business: you help me and I'll do a better job.

"I've done alot of washing, but not at laundromats," Carolyn said. But she offers custom laundry service to those who are in a hurry and can't wait around to do their own. For \$2.65 you can have your clothes laundered, spotted if necessary, dried, folded or hung on your hangers and ready to go. This service is offered Monday through Friday from 8 until 6.

Since Carolyn feels it is essential for her to be in the shop, she is evaluating the possibility of closing on Thursdays since that seems to be the day when few people do their laundry.

Her regular hours of operation now are Monday through Saturday from 8 until 6. Tuesdays she does stay open until 9 p.m. She is opened half a day Sunday, from 1 until 6 p.m.

Future plans include hiring a girl to do mending and keep change and do laundry for those desiring that help. She wants to consider putting in a bigger machine to take blankets and rugs and possibly a dry cleaning machine, as well as replace worn out machines.

She comes from Amarillo and has four sons. Jimmy lives at home with her in their Howardwick residence. "He does alot of work around here fixing machines and doing plumbing and handyman type work for me. Jimmy really likes Clarendon schools and has a FFA project, a pig, that he is really excited about."

Steve is in the auto body classes at Waco, Gerald is married with three children and lives in Amarillo. Terry is with Iowa Beef in Souix City, Iowa and has three kids. "I finally have some girls, three granddaughters and three grandsons," Carolyn said with pride.

We are all excited about the improvements and planned changes Rainbow Laundromat is experiencing. Carolyn is a bright and helpful soul to those who come in burdened with laundry and the dreary prospect of sitting down there alone for the time it takes to complete their laundry.

Welcome to Clarendon's business community and welcome to Jimmy into the Clarendon schools!

RANGE TOUR con't from page 1

Moreman Ranch located 1/2 mile west of Hedley on the south side of Highway 287. Some of the things to be seen on the tour include

result demonstrations and research work on the control of goldaster and ragweed, control of sand sagebrush, control of sand shinoak with Graslan, control of mesquite with a pelleted herbicide, grazing and management of weeping lovegrass and new grass varieties.

A lunch will be served at the Lions Hall in Hedley at noon. Dr. Rodney Heitschmidt, assistant professor of Range Management, Research and Extension Center at Yernon will discuss grazing systems for the Rolling Plains following lunch. He will discuss his research work with the Cell or Savory grazing system that is being conducted at the Texas Experimental Ranch at Throckmorton.

Dr. Pete Jacoby, Brush and Weed Control specialist and Dr. J.F. Cadenherd area Extension Range and Brush Control specialist will also speak during the tour.

If you plan to attend, call the County Extension Office, 874-2141, by noon Wednesday, November 4 so that final plans can be made for the noon meal.

1926 Book Club met

On October 20, 1981, the 1926 Book Club met at 4:00 p.m. at the Patching Clubhouse. The hostesses, Mary Thornberry and Susie Shields, served the members and guests delicious pumpkin bread topped with whipped topping, spice punch, coffee and nuts. The serving table was decorated with fall motif-a beautiful horn of plenty with fruit. On each place was a purple mum to add fall colors.

President Betty Veach brought the meeting to order by reading the club "collect". The minutes were read by Evelyn Mann. They were approved. Mrs. Oressa Delaney read a card from Edith Ballew expressing her distress for not being with us for the last program because of a tragedy in her family.

The Nominating Committee, consisting of Billie Clinton, Katherine Green, and Mary Thornberry, were reminded to have a slate of officers to present to the club at the next meeting, November 3.

The program was presented by Lucile Naylor on her travels to "Masada", the Judian Wilderness, and Israel. She gave a most interesting lecture on the history of Masada, who had lived on this mountain at various times over the last 2,000 years. Today thousands of visitors travel to Masada because of its significance in history.

Attending were Susie Shields, Mary Thornberry, Evelyn Mann, Frieda Tucker, Rachael Butler, Oressa Delaney, Pauline Heath, Dorothy White, Carolyn Hamilton, Janice Johnston, Dessa Day, guests-Lucile Naylor, Carol McClellan, and Fvadne Cox.

4-H WINNERS first row [l to r] Shawn Bright, Tish Robinson, Roger Estlack, Lynn Alderson, Glenn Harshbort, Doug Hawkins, 2nd row, Susan Mann, Lee Smith, Leland Howell, Matt Mann, Jay Gage and D'Lisa Robinson. 3rd row Richard Richardson, Melody Morosan, Karen Alderson, Christie McAnear, Donice Richardson, Christina Leathers. 4th row Rodney McAnear, Virginia Clifford and Brett Hargett.

4-H WINNERS Chris O'Neal, Shawn Bright, Lisa Burch, Lee Smith, Virginia Clifford and Shane Hall.

4-H Leader Ronald Gooch with Gold Star winners Rodney McAnear and Virginia Clifford and 4-H leader Cherri Brown.

PART OF 4-H crowd at Saturday night banquet.

4-H BANQUET con't from page 1

Susan Mann, Gina Smith and Audie Shields.

Poultry leader is Allen Estlack and his winning 4-Her was none other than his son, Roger Estlack.

Rifle leaders are Ronnie McAnear and Jimmy Garland. The winners of pins in rifle sports were Jay Gage, Stan Garland, Twanna Garland and Rodney Keown.

Leadership is awarded to those who are participants in any of the 4-H projects. Winners of these pins were Rodney McAnear, Lynn Alderson, Jamie McAnear, Jack Craft and Leland Howell.

The Horse Project is led by Margaret Smith and Trista Moore. The CLARENDON PRESS sponsored several trophies for this event. The first place high point winner in the senior division was Lee Smith. The second place winner in the senior division was Virginia Clifford. First place winner in the junior division was Chris O'Neal and second place was Lisa Burch. A sportsman trophy was awarded to Shane Hall.

All-around trophy was awarded to the horseman with the best overall performance and the senior winner was Lee Smith with the junior winner being Shawn Bright.

Virginia Clifford, Lee Smith, Shawn Bright and Monte Hollar all received

pins for their 4-H project efforts.

The well attended banquet was entertained by Shannon Hall, a Clarendon High Senior, and Mark Brown, a Clarendon College student from Plainview.

Trophies and ribbons won

throughout the year were used as table decorations. There were also several display tables of record books, newspaper articles and photographs. A large 4-H emblem designed and constructed by Clayton Farris was used as a back-

drop for the head table. In all, the County Extension Agent's Office and all of those involved with 4-H throughout the year deserved a round of applause for such a well done banquet honoring our fine Clarendon youth.

SHANNON HALL and MARK BROWN

Bobby Weatherton wins Mr. Ugly Award

One student was recently honored with the prestigious and highly coveted award for his looks, talents, and personality. That student was Bobby Weatherton and that award was the Esteemed Mr. Ugly Award.

Bobby Weatherton received the gilded plunger award at the pep rally Friday. His was a hard earned victory, however, because several candidates competed with him for that title. Several students were nominated by their respective classes and then a canister was prepared with their names on it to receive the votes: pennies. A penny equalled one vote. Bobby Weatherton's fame earned him many a penny vote to place him high on the Mr. Ugly list.

Dyron Howell came in a close second. While Dyron shares the title as second Mr. Ugly, it is certainly true that there were many among the candidates who could have achieved the claim to this title.

We look forward to Weatherton's reign as Mr. Ugly from Clarendon High School,

1981-82 year. Congratulations, Weatherton and Howell.

Women's Aglow

Do you have Homostasis? I hope so! Come for a free check up at this month's Women's Aglow Fellowship at the Lion's Hall on Monday, November 2nd, 7:00 p.m. Helen Rogers will be our speaker.

Tentative plans are in the making for our annual December Christmas meeting with a special gospel singing group and refreshments afterwards.

Women's Aglow is meeting important needs for worship, fellowship and teaching in the lives of thousands of women. We welcome you.

The most consumed food in U.S.: fluid milk and cream.

NUMB ARMS, LEGS Danger Signals

There may be misalignment of vertebrae in the spine causing pressure on nerves, yet the patient experiences no pain in the back. Instead, a variety of sensations may be felt in other parts of the body. These include tingling, tightness, hot spots, cold spots, crawling sensations, electric shock sensations, stinging, burning, and others.

Here are nine critical symptoms involving back pain or strange sensations which are usually the forerunners of more serious conditions. Any one of these usually spells back trouble.

- (1) Paresthesias (see above)
- (2) Headaches
- (3) Painful joints
- (4) Numbness in the arms or hands
- (5) Loss of sleep
- (6) Stiffness in the neck
- (7) Pain between the shoulders
- (8) Stiffness or pain in lower back
- (9) Numbness or pain in the legs.

These signals indicate that your body is being robbed of normal nerve function. Until this function is restored, you will, in some degree, be incapacitated. The longer you wait to seek help, the worse the condition will become. Don't wait! Should you experience any of these danger signals... call for in depth consultation in Layman's terms.

gradually authorized and funded study. The study, which involves Texas and five other states, is scheduled for completion in mid-1982.

It is critical that these problems and providing

priority funding for those needs in the foreseeable future. Amendment 4 represents a solution to what could be the most potentially devastating array of problems facing all Texans.

His phone is ringing. Unfortunately it's ringing in the living room.

If he had an extension in his workroom, he wouldn't have to work so hard to get to it.

General Telephone offers extensions in a wide range of styles and colors. And each and every phone is backed by all our years of experience.

Extension phones are a convenience you deserve and they're not expensive. Just a few dollars per month and think of all the legwork they'll save you.

You can't be in two places at once. But your phone can.

EXTENSION PHONES

GIRL SCOUTS

1st and 2nd grade Brownies attended the Brownie Romp at Camp Cibola on Saturday. Troop 120 1st graders present: Kim Altman, Jenny Naylor, Ginger McAnear, Misti Seago, Krista Percival, Claire Boston, Dorcas Osburn, Tracy Shadle, Laura McAnear, Sheri Hall, Amy McCord, and Stella Jaramillo.

Troop 29 2nd graders present: Toni Breitling, Kim Hodges, Crystal Riley, Cindy Hermesmeyer, Regina Watson, Kelly Edwards, Renee Erdman, Jodi Kidd, Christina White, Christina Nixon, and Tamara Martin.

4th grade Junior Girl Scouts also attended on Saturday led by Carolyn Myers and Joy Martin. These girls took First Place in the Scavenger Hunt.

The 1st grade was led by Jondel Moffitt. Also, two seventh grade girls, scouts helped Trisha Clifford, daughter of Fred and Connie

Clifford, and Rachel Torres, daughter of Fabian and Aurora Torres. We thank you, big girls! Brendan Moffett helped, too.

The 2nd grade was led by Teresa Watson with assistance from a very special Shirley Riley.

Troop 120 (1st) took a third place ribbon in the Scavenger Hunt.

Troop 29 (2nd) took a second place ribbon in the Scavenger Hunt.

We thank the Bill Hodges for the use of the van and also Janice Breitling for her help.

Colts Corral

Hi Colt Fans! This week the seventh grade is studying geometry in Math and Bisecting frogs in Science. The eighth grade is looking forward to making taffy soon in Science.

We would like to welcome

Letter to the Editor

Would like to share with your readers, a recent experience my 78 year old mother had in your town. She was traveling with a friend and left her purse in the rest room of the Kerr-McKee Service Station, 1014 West 3rd (operated by C. I. Casteel. She never missed it until they were in Vernon. She called the United Pentecostal Church Parsonage, Rev. Norman Thompson and wife. The wife located the Service Station. The purse had been found and left with the attendant by a very nice woman. A few telephone exchanges and the purse was sent to her on the next bus to Vernon. Not one cent was disturbed nor the many memo's she carries. A gratitude was turned down and friends made.

Are all the people in your town this wonderful? We like to think so. Mother's funds are limited and this story will be told many times.

Thank You
Mrs. Dollie McKnight
Daughter of
Mrs. Leita Feilding
Dumas, Texas

P.S. May the Lord Bless all of you.

Water for Texas

"The Constitutional Amendment authorizing the use of a portion of excess revenues of the state for water development, water conservation, water quality enhancement and flood control purposes; authorizing the use of the state's credit, not to exceed 500 million dollars, to guarantee the ponds of cities, counties, towns and other units of local government in the financing of projects for such purposes; increasing the interest rate that may be paid on approved but unissued state bonds; and authorizing a program to retire state bonds."

That is what Amendment 4 states. The purpose of this amendment is to address a serious problem facing the state-the adequacy of its future water resources.

The expected growth in demand for water in Texas, coupled with the physical limitations of our present water supply, makes a program of financing new water supplies a necessity.

At the present time, water use in Texas is approximately 6.2 trillion gallons per year of which 4.2 trillion gallons are from ground water sources and 1.9 trillion gallons are from surface water sources or lakes.

About half of the land of Texas is underlain by water-bearing formations or aquifers. Decline of these aquifers or the water table causes one or more of the following: increased pumping costs; increased saltiness of the water; land subsidence; and ultimately, the exhaustion of the aquifer as a water supply.

The long range water supply of Texas High Plains must come largely from out-of-state sources. Alternative water import projects and their costs are currently being assessed under a con-

Memorials

Emmett Simmons, President of the Farmers State Bank & Trust Co. has announced you may make any general gifts and memorial contributions for the Harrington Cancer Center at the bank. The cancer center will acknowledge the gift to

the donor as soon as possible. In the case of memorial gifts, acknowledgement is made to the family of the deceased as well. For large gifts, the bank has an interest bearing Endowment Fund set up for the Harrington Cancer Center, adminis-

tered by the Amarillo Area Foundation, Inc. The Amarillo Area Foundation, the Don and Sybil Harrington Cancer Center and the Farmers State Bank & Trust Co. of Clarendon have a common goal; that of providing the best possible service to the citizens of our area.

Presbyterian Church

The annual memorial service will be held at 11:00 a.m., Sunday, November 1, 1981, at the Presbyterian Church. Each year at this time the Progress and Living Memorials Committee presents to the congregation for dedication the gifts made possible by the memorial

funds received. One item to be dedicated is the Memorial Case containing all the names of deceased members of the church, and names of non-members who have been memorialized by gifts to this church. All are cordially invited to this service.

land, OR and Homer Bones of Clarendon. Mr. Bones had nine grandchildren.

Obituaries

Lucian Fletcher Bones

Lucian Fletcher Bones passed away October 12th at age 79 at his home in Belen, N.M. He was born April 18, 1902 at Abilene. A former resident of Clarendon, he moved to New Mexico in 1950 where he was a farmer and rancher and a member of the Cattlemen's Association. Services were held at the Romero Funeral Home Chapel. Rev. Gerald Sanders conducted the services. Interment was held at the Terrace Grove Memorial Garden Cemetery.

Survivors are his wife Inez and two daughters and one son: Doris Atchison of Belen, Vivian Bolin of San Antonio and Marvin Burl Bones of El Paso. Three sisters and three brothers; Blanch Gray of Clarendon, Edith Higginbotham of Mabank, and Delphia Wood of Indianapolis, Min. and Thomas Bones of Vancouver, WA, Leigh Bones of Port-

Toy exchange A Christmas Idea

Perhaps Jr. has outgrown
 that perfectly good toy you
 just got for him, or little
 Suzie doesn't like that cute
 doll. Or perhaps you just
 can't afford a new toy this
 year. What is the solution?
 Why not start a toy ex-
 change?
 This column will be de-
 dicated to that idea. You bring
 down your classified ad tel-
 ling what you have for sale,
 some toy that is in good
 shape, fairly new or never
 been used. You can also
 bring down your ad for what
 you would like to have for a
 gift this Christmas. A sam-
 ple ad could read, "For Sale:
 one boys bicycle. Want to
 buy: small motorcycle. Call
 874-0000."
 Why not give it a try? All
 you could lose is the \$3 for
 the classified ad.

Xi Lambda Xi met

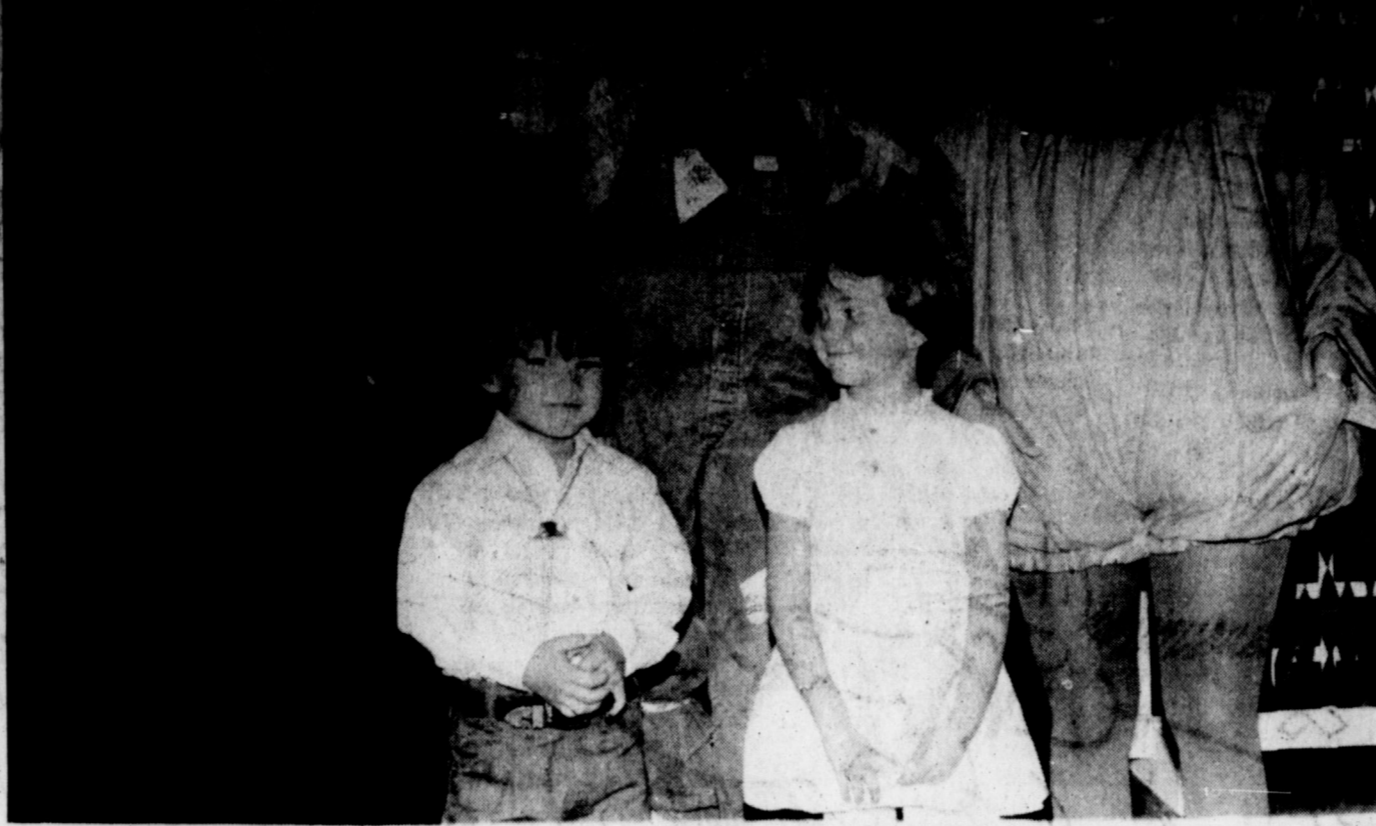

Three guests of honor attended a special salad supper in their honor at the home of Janie Finch Monday, October 26 at 7 p.m. Sharon Tipton, Pat Archuleta and Donna Goss enjoyed salads, crackers, homemade breads, ice tea and dessert salads brought by the ladies of the Chapter.

The tables were decorated with pumpkins, apples, oak leaves, candy corn and paper ghosts, planned by Janie and her daughter, Laura.

Gloria Gage was the co-hostess and the two of these energetic ladies made the evening a delightful one for all those present. A covered plate sampling all of the delicious salads was taken to Peggy Anderson and Francis

Owens who were home ill. The program was a combined affair. The chairman of the various committees told the guests of the duties of their committees perform. We shared ideas on what Beta Sigma Phi stands for and tried to inform our guests as much as possible about our sorority.

Members were: Maurine Butts, Beth Walker, Beth Johnson, Charlene Mays, Pat McCombs, Priscilla Greene, Sandra Mooring, Donna Edwards, Donna Mann, Susan Henson, Geneva Summers (who acted as president in the absence of Genella Eads), Betty Veach, Katie Dvorak and Barbara Morrow.

Watch for Halloween witches Saturday night. Terri Floyd [witch] and Terry Floyd [pumpkin] with Kimberley Shelly and Erik Eckland.

FM 2471 extended

An extension of Farm to Market Road 2471 in Donley County has been approved by the State Highway and Public Transportation Commission, according to Childress District Engineer Lewis H. White of the State Department of Highways and Public Transportation.

The new road will extend FM 2471, from 3.0 miles East of FM 1755, East to FM 1932, a distance of approximately 3.0 miles.

"We hope to have the project under contract by early next summer," said

White. The work is included on the 1981-82 Texas Farm to Market Road Program. Statewide, the two-year program includes \$46.8 million for new construction or additional financing on 260 miles of Farm and Ranch to Market Roads in the state.

This includes funding for 133 miles of new construction and additional financing for another 113 miles. Approximately 13 miles of projects were authorized previously and included in this program.

Sheriff's Report

Anybody caught throwing eggs can be filed on for malicious mischief. Malicious mischief carries a fine from \$1 to \$200.

In previous years this warning has been posted and has been ignored. However, the Sheriff's Office does intend to enforce this warning to the fullest extent.

Arrests
On 10-22 one arrested for DWI
On 10-25 one arrested for

DWI and Evading Arrest
On 10-26 two arrested for DWI

On 10-26 Three arrested for Drunk
On 10-26 one arrested for DWI and No DL

On 10-26 one arrested for Verbal Assault
On 10-26 One arrested for Disorderly Conduct

On 10-22 there was a report of 2-12 Volt Batteries taken from a residence.

Halloween a time for treats, not tricks

On Saturday, October 31, miniature monsters will invade the neighborhoods and the cry "trick or treat" can be heard throughout the land. Halloween brings ghosts, goblins and sometimes, real danger.

Flame-resistant, light-colored clothing, preferably with reflective tape, is the safest way to dress children on Halloween. Although masks are traditional Halloween garb, Texas Safety Association says parents should paint their child's face with cosmetics and include a hat as part of the costume rather than give them a mask. The eyeholes on masks are usually so small that they severely limit a child's vision and totally block it if the mask is moved around.

Small children should be accompanied by older children or adults and trick or treating should be confined to areas where the people are well know. A flashlight carried by the youngster can serve as a warning to motor-

ists and children should be instructed to use sidewalks when possible. Motorists should use extra caution in residential areas and look for children crossing streets in a haphazard manner.

Candy can also be a danger to children as we all well aware. Parents should check for loosely wrapped candy and for other signs of possible tampering.

In addition to candy that may have been tampered with, fruits and homemade goodies should be examined. The best bet is to get these treats only from folks you know well.

The chewing and swallowing muscles of young children may not be sufficiently developed to cope with

certain treats. Choking can result. Halloween goodies also may "go down the wrong way", and lodge in the lung instead of the stomach. Be sure children are old enough to chew and swallow correctly before trusting them with small, hard bits of food.

Sheriff Jimmy Thompson also has a stern warning out against some of the youth who are not content to trick or treat. Those who drive around town throwing eggs onto cars or up against buildings will be severely prosecuted. This is a malicious mischief charge and the fine can range from \$1 up to \$200 and this is the extent of this law. Sheriff Thompson says that all of the law enforcement depart-

ment will be out in force to insure that no one indulges in malicious mischief.

Egg throwing can cause damage to car paint, can ruin the finish on cars and is very difficult to remove from stucco. The eggs may crack the windows of homes as well.

In addition to egging, shooting guns at signs or windows is an offense. Breaking windows is an offense. If you have to pull pranks on this night, do so within reason and do not involve any one else's property.

Keep Halloween night a fun evening. Attend the carnivals, go to a movie, have a party, but keep malicious mischief out of your plans for the night.

Survival notes from your EMT

Full Moon Syndrome
There is just something about a full moon that causes strange things to happen to us. Story writers used the full moon to have werewolves and vampires come out to plague us all. Full moons give the coyotes a chance to hollar, and other strange visitors of the night come out with the full moon.

The fact is that there is much the full moon does that is truly a mystery. It has some affect on the human body that scientists as well as criminologists are trying to determine.

In larger cities, the incidence of suicide, rape, murder, stabbings, gun shot wounds, and accidents occur more frequently during the full moon than at any other time.

In Amarillo, the emergency ward is guaranteed a full and busy night if there is a full moon. Our own local EMTs will agree that when there is a full moon, they

will always have at least one call, and usually will have more than one, and they plan to stay around town when there is a full moon so they can respond to these calls.

Some scientists suggest that because of the high water content in the human body, the moon has a greater pull on emotions and moods than at other times.

What actually causes these increased traumatic incidents is unknown but statistics do indicate that the "Full Moon Syndrome" is in fact a reality, not just a fanciful notion.

There is nothing to do about it, however, except be more careful when there is a full moon. Drive safer, avoid high places and especially be kind to your spouse since most marital problems occur during a full moon that end in a traumatic conclusion.

Watch the sky; when the moon is full, cozy up in bed. Or go werewolf hunting. It is a fact.

Pathfinder Club has meeting

Hostess for the October 23rd meeting of the Pathfinder Club at the Patching Memorial Club House were Mrs. Tommie Saye, Mrs. Goodwin Bray, Mrs. Larry Summers and Mrs. Clarence Hamilton.

Halloween and fall decorations were used throughout the dining and Pathfinder room.

Mrs. Rolle Brumley presided in the absence of our president, Mrs. Van Zandt. The Club collect by Mary Stewart was read in unison; Mrs. Brumley presented Mrs. Royce Williams who gave a review of the book "Stars in My Crown" by Joe David Brown, a poignant story of a young boy's life with his Methodist minister grandfather in Walesburg, Tennessee following the Civil War.

This is a book filled with pathos, very good reading. Refreshments were served in the dining room from a beautifully appointed table. Mrs. Raleigh Adams poured

tea.

Guests were: Mesdames Luther Butler, Hall Hardin, Grady Henson, John Gillham, Roy Beverly, Floyd Risley, Forrest Sawyer, Earl Alderson, John Sarich, Fred Mondrosky, Viola Graham, Freida Gray and Miss Edgar Mae Mongole. Fourteen members were present.

The club would like to express its thanks to Mr. Don Stone for the attractive new sign for our Gabe Betts Burton Memorial Library. Mrs. Burton, a charter member of Pathfinder started the library in 1923.

EMS Activity Report

10-20-81 Ruby Parker, 86 of Clarendon from Hall County Hospital, Memphis to High Plains Baptist Hospital Amarillo. Medical.

187 responses handled in 1981 to date.

The Chapter Chapter of Future Farmers of America held its regular monthly meeting on October 12. There were 30 members and 4 guests present. The Officers Greenhand Ceremony was performed and 36 greenhands were inducted into the Chapter. The Chapter voted on the Chapter Sweetheart. Those

LET'S KEEP THE WATER RUNNING IN TEXAS!

In cities and towns all across Texas, local water problems are threatening to erupt into one enormous statewide crisis. Countless communities are facing growing water supply, water treatment, sewage treatment and flood control problems estimated to cost a staggering \$50 billion over the next 25 years. To make matters worse, federal funds for water projects have recently been slashed.

But on November 3, Texans have the opportunity to adopt a plan, already passed by two-thirds of the Legislature, which would harness a portion of our state's budget surplus to help shoulder that heavy local burden.

The plan is proposed Constitutional Amendment No. 4.

Passage of Amendment No. 4 would:

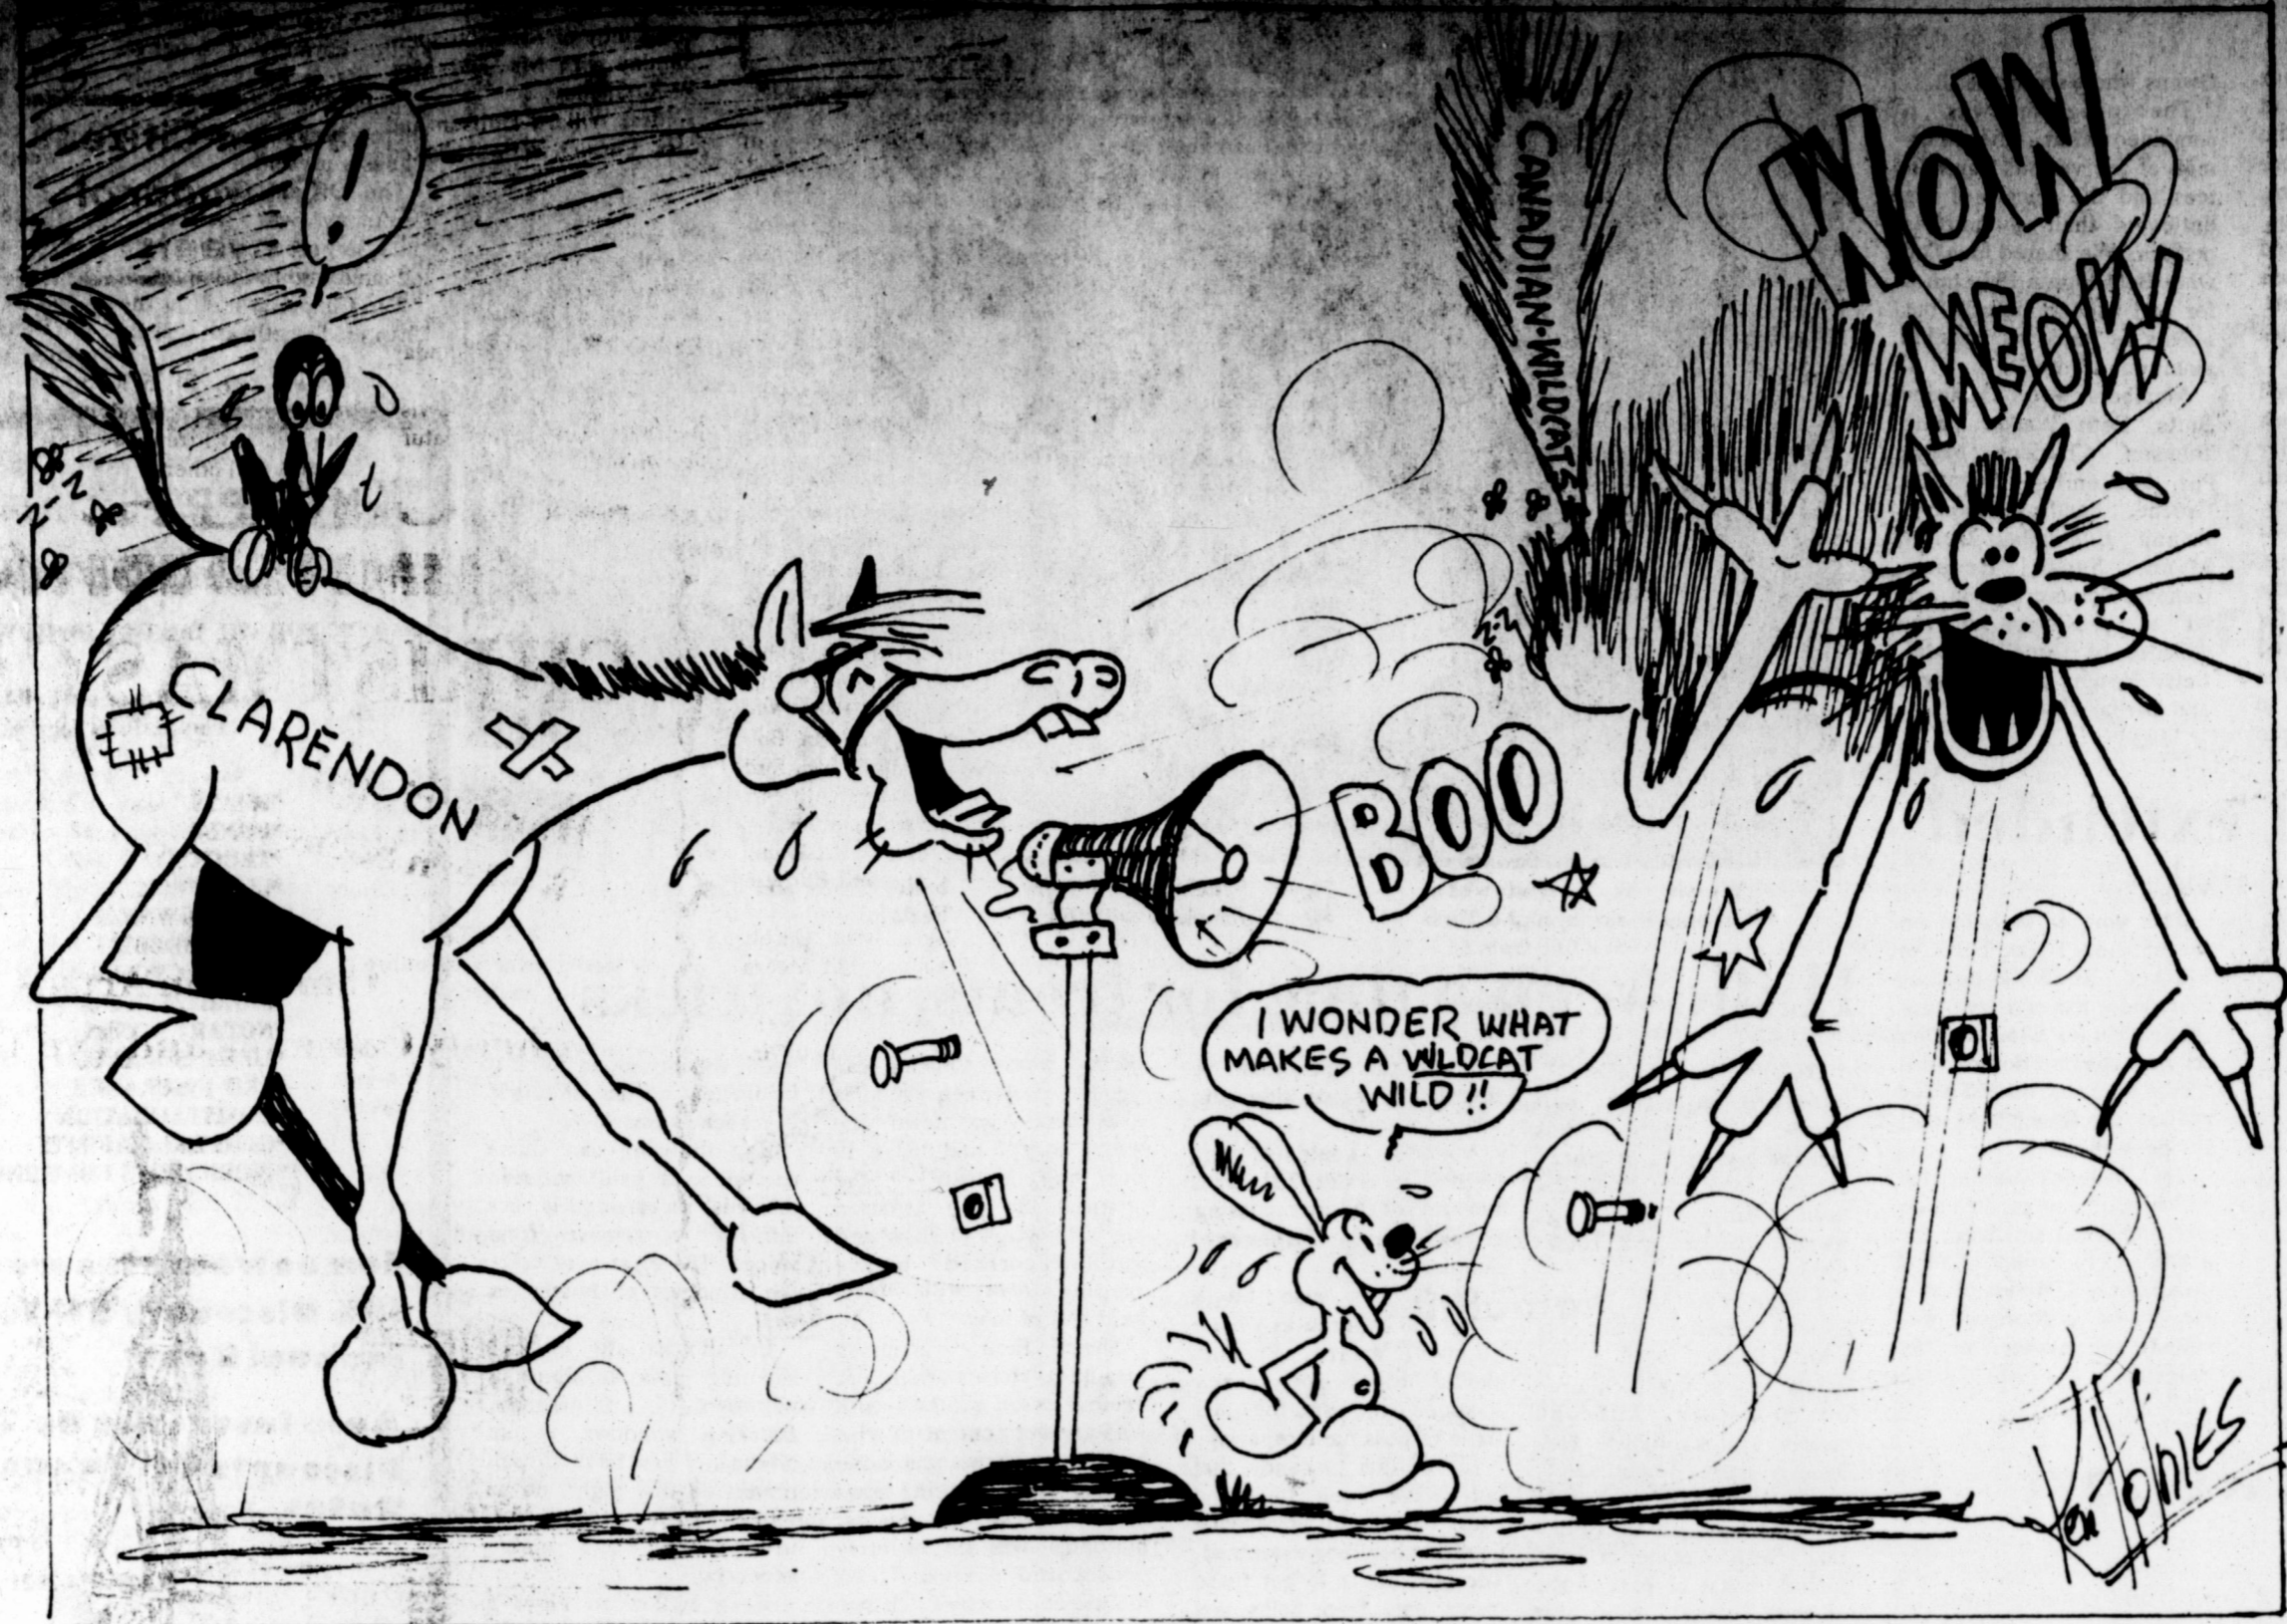

- Make possible the sale of more than \$200 million in authorized and urgently needed state bonds to address a backlog of needed projects.
- Create a loan guaranty program to enable local communities to save millions of dollars in issuing future bonds.
- Begin to build a "nest egg" for the future from a part of the state's budget surplus to assist local governments in financing future water and sewage projects.

Texas' water needs *must* be met, either now or in the future. We can act now, and save money... or pay the higher price later for our neglect, with possible increased taxes. Sensible action now makes much more sense for Texas.

Chris Craft to wed Kade Matthews

Mr. and Mrs. William E. Craft announce the engagement of their daughter Christine to Kade Legett Matthews, son of Mr. John A. Matthews of Albany and Mrs. Julia Matthews of Abilene.

The wedding is scheduled for January 16, 1982 at St. John the Baptist Episcopal Church in Clarendon.

Miss Craft is a graduate of Clarendon High School and Texas Christian University. Kade Matthews is a graduate of Texas Military Institute. He attended Oklahoma State University and will be a December graduate of Texas Christian University.

CHRISTINE CRAFT

Wildlife 16. Felony Cases filed in September 11. Small Claims in September 5. Total Cases 267. Money collected for County in September \$4208.50. Money collected for State in September \$1023.90.

Anybody caught throwing eggs will be charged with malicious mischief. That charge carries a fine from \$1 up to \$200. The Sheriff's Office intends to enforce this law to its FULLEST.

Chaparral Community Center will have their next regular meeting Friday, November 6th. Come enjoy the food and games.

Mr. Dick Shelton and Mrs. Carmen Wright took Mrs. Shelton to Hall County Hospital last Tuesday for treatment of kidney problems. We hope she can be back home soon.

Mrs. Roxie Barbee, Janice, and Beth visited in Pampa with Jan Schafer last Thursday.

Mr. Emory Stone of Hedley visited Mr. and Mrs. D. R. Koontz last Wednesday.

Marcy Helms came home from the Amarillo Hospital last Monday and is recovering slowly, but it takes time from such injuries.

Mrs. Floye Parris, Lorita Johnson and Mrs. Allen Curry were luncheon guests of Mrs. Loretta Chaney Thursday.

Mr. and Mrs. Charles Blackburn returned Saturday from a week in Houston where they attended the 99th Session of the Grand Chapter

of Eastern Star. Mr. Heard Hoover of Wichita Falls visited Mark and Vivian Allen, and Mrs. Alma Reeves and Mrs. Reeves returned to Wichita Falls with him. She will be missed.

Tanya Duncan and Leslie Shipp of Abilene Christian University spent the weekend with Mr. and Mrs. Frank Thomason.

Sid and Doris Harp of Lubbock were luncheon guests of his mother Mrs. Florence Harp Saturday, and Sid visited with Wayne Lowe awhile, too.

Wayne Lowe spent Friday and Saturday nights with his mother, Mrs. Genoah Lowe.

Marion and Roberta Bollinger and family of Stratford spent the weekend with Mr. and Mrs. Dennis Lindley.

Mr. and Mrs. D. R. Koontz visited Roy Lee and Barbara Helms Sunday.

Mrs. Clara Mae Carter visited Rosa and Bill Mears Sunday afternoon.

Frances and Gervis Kenard of Amarillo visited Mr.

of Eastern Star. Mrs. Heard Hoover of Wichita Falls visited Mark and Vivian Allen, and Mrs. Alma Reeves and Mrs. Reeves returned to Wichita Falls with him. She will be missed.

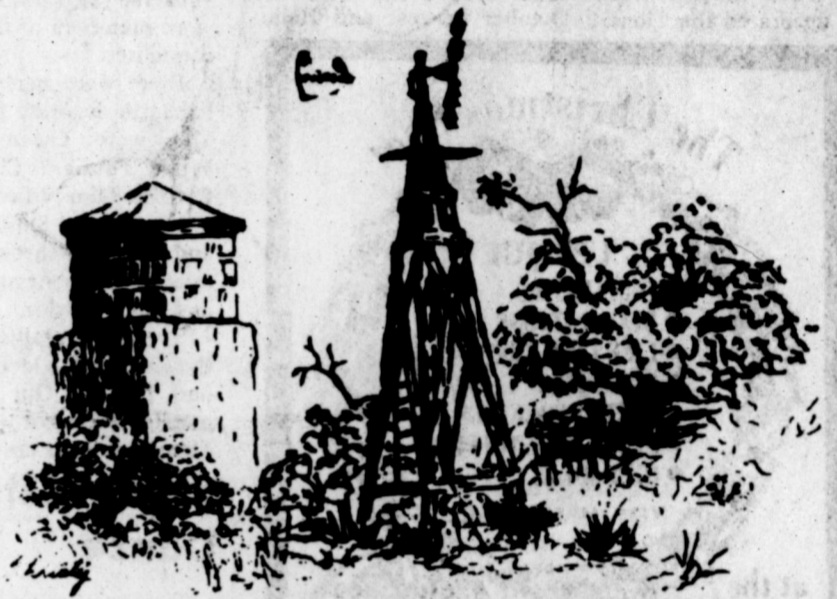

Thurs. Oct. 29, 5:30 p.m. Shrimp Supper. \$2 donation for Senior Citizens, \$4 donation for all others.

Eugenia I. Pond sold to Florence A. Baker a tract of land 85' x 140' out of Blk. #1 of the Carhart Addition to the Town of Clarendon.

Bulldogs

This weeks players are Bobby Denson and Kathy Rodolph.

Bobby is a 6'6" sophomore from Beynton Beach, FLA. He attended school at Lake Worth high.

Bobby's senior year, he averaged 8.6 points, 5.0 assists and 6.2 rebounds. He also received the Unsung Hero Award.

One of the main reasons for Bobby returning to Clarendon College this year is "I think we have a better team than last year, we have fourteen guys that can go at anytime."

Last year for the Bulldogs, Bobby averaged 12.0 points and 8 rebounds. "Bobby D. will be our main case on defense," commented Coach Adams. "We feel that his great ability to block shots will make us a stronger team, we also feel that Bobby is going to contribute to our team as a leader."

Kathy Rodolph is a 5'9" sophomore from Mayhill, New Mexico. Kathy attended high school in Cloud Croft. Her senior year, Kathy averaged 24 points, 7.1 rebounds and 5.2 assists.

"I decided to come here totally because of Coach

Adams. He is a great player and can hit an open shot on the move at any given time," commented Coach Monday. "I feel that Kathy's greatest asset to our team this year is to get our

member of the honor society at Western Texas College and on the dean's list with a 4.0 here at Clarendon. Kathy's final comment was "Coach has not only taught me an awful lot about basketball, but about life in general also."

Common Sense Tips

Hints For Homeowners

DISHWASHERS
 According to home economists from Whirlpool Corporation, some common dishwasher problems can be eliminated through proper loading procedures.

Here are some of the common sense loading tips they offer:

Upper Rack—Fragile and lightweight items such as crystal, glasses, cups and plastic items should be placed in the top rack. Place the items face down without nesting or crowding so that water can circulate freely over each item.

Bottom Rack—Place heavily soiled items face down. Arrange pot handles so they don't prevent the spray arms from turning freely. If possible, alternate small and large plates for maximum water circulation. Arrange all items to face the water spray.

Band twirlers do well at UIL

Clarendon band students and the Twirlers attended a UIL competition at West Texas State University Saturday. The band took a three in their competition with special emphasis going to the excellent coronet section. The twirlers, however, came away with another "one", or excellent mark. This means they will be going again to State competition for the sixth year in a row! Our girls really do a fine job out there in front of the band.

Kara Cornell got a "one" on her solo twirling routine. She will be allowed to compete in individual state competition. Terry Leffew received a "two" on her solo twirling routine. Our girls are terrific and we are proud of them.

The band deserves a hand for showing so well. We certainly hope that their discrepancies will be corrected and that they will do their very best to place higher next year. Maybe try for state?

BRAD THOMPSON

ARLIS THOMAS

Players of the Week

OFFENSIVE PLAYER

Brad Thompson, a senior QB that is having a great year. He has passed for 9 TD's this year and is averaging almost 89 yards a game rushing.

Brad passed for 4 TD's; rushed for 98 yards; and passed for 106 yards. A very good night.

DEFENSIVE PLAYER

Arlis Thomas, a 6'3 202 lb. sophomore, has been one of the most consistent defensive player the Bronchos have had this year. He, along with Brad McGuire, forces a team to change its offensive schemes. He allows the linebacker to be free for the good tackles. Arlis is a vital cog in the Bronco defense.

Broncos beat Wheeler 34-3

By SPENCER HAYES

Brad Thompson's arm and Bobby Weatherton's legs provided the offensive punch while the Bronco defense picked off three passes, as Clarendon High School watched its team cruise to 7-0 by crushing the Wheeler Mustangs 34-3.

Thompson passed for a career-high four touchdowns while Weatherton broke the 200-yard barrier for the first time this season in gaining 205 on 13 carries.

Weatherton jumped off to a good start when on the second play of the game, he broke untouched through the middle of the line and left a 75-yard trail of smoke to the goal line. It was gaping holes like that one which allowed Bronco rushers to average better than 9 yards per carry for the night.

After the ensuing kickoff, the Mustang offense could generate absolutely no offensive drive on the immovable Bronco defense. Gang-tackles followed hit after bone-crushing hit by the likes of John Braxton, Billie Perry and Scott Newland, sending the Pony offense back to the bench after a punt that gave Clarendon the ball at their own 30.

But the Wheeler offense would have their chance again soon, for Thompson marched Clarendon down the field and in 3 plays scored on a 40 yard strike to Braxton, who dragged two Wheeler defenders into the end zone.

It seemed to be the starting of a massacre with 8:24 still left in the first quarter. Then the Broncos turned human and, taking for granted their overpowering start, suddenly found Wheeler in scoring position after a 30-yard gain on a fake punt by Scott Wright. But the dominating Bronco defense was saved when a Mustang fake field goal attempt failed. But, alas, a Bronco penalty (one of ten) gave Wheeler another shot and this time the Mustang kicker booted the ball true to close the edge to 13-3.

The Mustangs then got some breaks as the Bronco coughed up the ball on their next two possessions. But the defense took up the slack

that the offense gave away in the second period. The Mustangs were cut off of possible scoring drives with interceptions by Ted Sawyer and Hosea Hearn. Hearn's pickoff, near the end of the half, gave the Broncs one final opportunity to score before intermission. But even that failed as a fourth-down screen pass attempt was batted away on the Wheeler 15 with 30 seconds remaining.

In the second half, the Broncos dominated, scoring three more times, once more on a pass to Braxton and two aeriels to Hearn. Hearn also rushed 11 times for 75 yards.

Clarendon, while staying conservative as far as capitalizing on scoring opportunities was concerned, dominated heavily in statistics. Despite losing three fumbles and being penalized ten times, both bad habits for the Broncos. Clarendon exploded for 407 rushing yards and 21 first downs. Wheeler managed only 100 yards rushing and 26 through the air. Not only did the swarming Bronco defense dominate on the rush, but Brad Woodman's fourth interception of the year in the second half made a total of three for the Broncs on the evening.

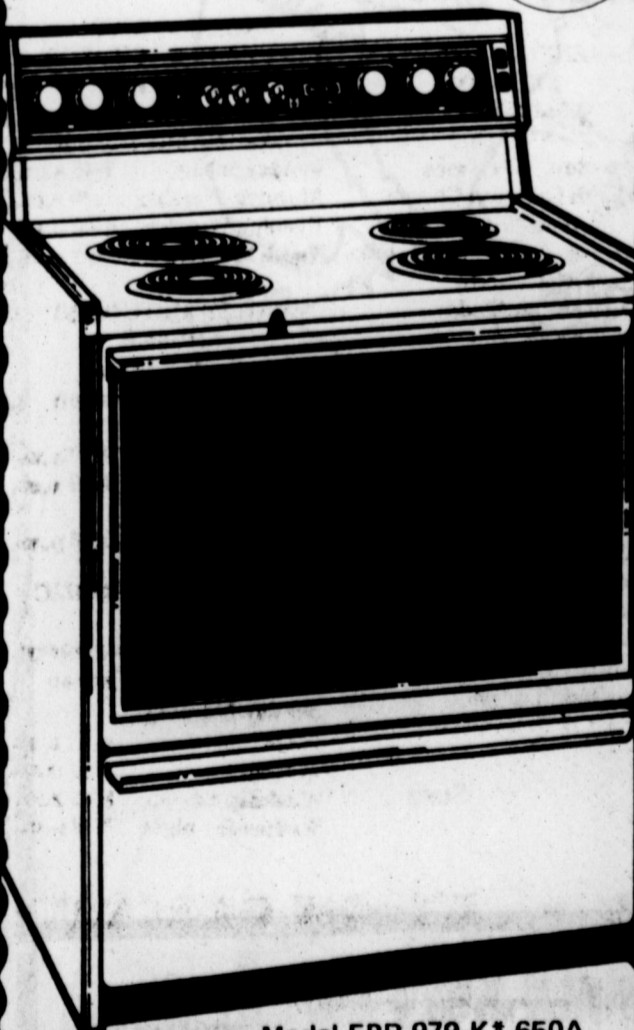

The Broncos looked impressive, indeed, in defeating Wheeler. However, Clarendon looked to be content in the second period with a 10-point lead and very nearly let Wheeler back in the game before taking control in the second half. That, coupled with the weekly Bronco mistakes, is something that gives coaches premature grey hair. But these intangibles seem to be working their way out of the Broncos' system as the season progresses.

The Broncs return home Friday for the first time in 6 weeks to face the Canadian Wildcats. The 'Cats are coming off a victory over Shamrock and stand 1-1 in district play. Canadian, remembering how the Broncs shamed them on their home turf a year ago, will be psyched up to knock off the playoff-bound district 2-AA favorite. Clarendon will defend its perfect record at 7:30 tomorrow in

...Also, considered for the honor were Mark McConothy and Randy White, who saw their first extensive duty of the year. White made 11 tackles and had 4 assists at linebacker and McConothy had 5 tackles, 8 assists and one quarterback sack from his tackle shot.

The ears of corn we eat today were, in their wild form hundreds of years ago, only an inch or so long

Junior Varsity Season record now 5-2

The junior varsity Bronchos of Clarendon High School upped their season record to 5-2 with a solid win over the Wheeler junior varsity in the Shamrock game for the young Bronchos were Stanley Gardner, Rodney Smith, and Dyron Howell. These young men either made the touchdowns or were instrumental in the conversion attempts, but the effort by the entire junior varsity team in very adverse weather conditions was excellent. The junior varsity travels to Canadian tonight to take on the junior varsity Wildcats on their own turf.

Four Bronchos got in the scoring column, beginning with a touchdown pass play from Dyron Howell to Bo Kay which covered approximately sixty yards. Another Howell pass, this time to Stanley Gardner, added the point after. Clarendon's second touchdown came on a five yard dive up the middle by Stanley Gardner, but the conversion attempt was unsuccessful. Scoring for Clarendon on the third touchdown was Rodney Smith, who returned a punt for a spectacular

The last Broncho to go down came on a four yard play when Dyron Howell took the ball and traveled forty-five yards on a quarterback sweep to put the last six points on the scoreboard. Clarendon failed on the attempt at conversion, and the game ended with the score, 28-9.

Two weeks ago, the junior varsity Bronchos defeated Shamrock's junior varsity, 22-0, in spite of playing in a constant drizzle for part of the night. The game was called early in the fourth quarter by mutual consent of the coaches and officials when the thunderstorm moved in and lightning appeared to be imminent. However, since Clarendon had already scored three times and made two successful attempts at extra points after touchdowns, the Bronchos didn't mind cutting the game short. Participating in score of 6-0. This win was the first one for the Colts, who savored the victory on a cold, foggy night.

Scoring for Clarendon was Robert Youngblood on a twenty yard run up the middle. The conversion attempt was unsuccessful.

In last week's game, the Colts were defeated by Wheeler by a score of 25-6. Clarendon's only score came on a seven yard run by Randy Crump on a dive play. Once again, the attempt to score the extra point failed.

Among the outstanding players for the Colts in the Wheeler game were Leland Howell, the quarterback, on offense and Dan Nichols, tackle, on defense.

Tonight's junior high game will pit the Colts against the Canadian junior high team at Canadian.
