## 22 SCHOOL YOUNGSTERS MARVEL AT MYSTERIES OF THEIR HOMELAND

### Miss Nova Cook of Goldston School Takes Pupils On Tour Saturday

Saturday will long be remembered by a group of the Goldston community school folks of the First through the Fourth grades. Boys and girls eager to see and learn, and their teacher, Miss Cook, just as eager to teach and show, made up a happy combination of field instruction never before attempted in Donley county.

Of the twenty-two pupils, nineteen had never ridden on a train. Through special arrangements made with station agent D. F. Wadsworth, Miss Cook had her little charges board the noon passenger to ride to

This article is being given big prominence because of the fact that the teacher has brought out the idea of "learn your own section first," a slogan of Texas in an effort to get her little folks know more about their home section right now than a great many grown-ups.

Lella Lake. The fare was seven cents each. On the train, entering at (See SCHOOL, Page 8)

## DEPOSITS TOTAL OVER A MILLION

### Deposits Rate Higher Than Those Of Early October

The four banks in the county show a total deposits of \$1,093,072.57 as compared with \$1,060,608.13 on September 28th, and \$842,736.16 as of June 30th last year.

Not only are deposits showing a healthy financial condition for the public, but the loan total goes up accordingly. This shows a healthy financial condition for the banks. The loan total of the four banks on call of March 29th is \$556,281.49.

The morale of the people is much better than for several years. There is a more confident spirit to go ahead, with the fear of recent years eliminated.

## LAST RITES FOR OLD XIT COWBOY

### Served In Company D of State Rangers In 1875

Funeral services for Calvin Grant Aten, 70, former Texas ranger and cowboy on the XIT ranch in Deaf Smith county, were held at the First Baptist church in Lella Lake Monday afternoon. Mr. Aten died Saturday night at his Lella Lake home.

The services were conducted by Rev. R. S. McKee, pastor of the Presbyterian church of Clarendon. He was assisted by Rev. V. W. Allen, pastor of the Baptist church of Lella, and Rev. W. T. Lackey of Paducah, former pastor of the Methodist church at Lella.

Coming to Texas in 1875 he joined company D of the Texas rangers. He moved to Deaf Smith county in 1898 and worked on the XIT until 1904. He had lived in Lella Lake since 1925. He is survived by his wife and eight children, Mrs. Cassie Trobaugh, Cutler, Ind.; Calvin and Austin Aten of Uvalde; Lama, Quin, Rura and Moodye Aten of Lella Lake, and Mrs. Ronnie Rutter of Hereford, Texas.

## State Officials Search Gas Company Records Monday

The injunction suit of the City Gas company vs the State Railroad Commission in which Clarendon is involved, is scheduled to be heard in Austin the 24th. Attorneys for the gas company are seeking to make permanent an injunction restraining the State Railroad Commission from enforcing their order of last December in which the gas rate was reduced from 70 to 51 cents.

### SMALLPOX FADING FROM PICTURE

Glad tidings and great joy! The smallpox epidemic has about dwindled out of the picture in old Donley. Only one place quarantined this week, and none in town. Practically all the folks have recovered. The scare is over. Sore arms are all about well. The flu epidemic that struck about the same time has considerably abated. Doctors know so much more about treating the flu now than they did a few years ago. Likewise smallpox. Thanks to the physicians.

### HEDLEY YOUNG LADY HAS OPERATION IN PAMPA

Miss Ila Pool of Hedley, and a popular member of the public school faculty of Pampa, is recovering from an operation for the removal of gall bladder. She will remain in the hospital for several days yet, her father stated.

### LOCAL PASTOR TO SPEAK ON LECTURE PROGRAM

James V. Curlee, pastor of the local Church of Christ, will speak on a lecture program sponsored by the Church of Christ at Groom Friday night, the 7th.

### SHANNON SAYS WHEAT CROP SPOTTED IN HALE

Mr. and Mrs. W. F. Shannon and children spent the week end in Hale county visiting their sons Ralph and Raymond. Mr. Shannon says the wheat crop is spotted, much of it needing rain where recent showers skipped.

## MUSEUM SIDELIGHTS

The Donley County Museum has twice been honored recently with state-wide recognition. The Dallas News has given it a place in the new Texas Almanac soon to be off the press, and a handsome engraved invitation was received from the San Jacinto Museum of History Association at Houston to send a delegate to the inauguration and dedication of the association to be held in the new Memorial Monument on the San Jacinto Battlefield on April 20-21st.

Several new additions have been made to the display in the museum. Bill Clifford and his mother, Mrs. W. T. Clifford have loaned a gun used by her father E. S. Evans, in the Civil War. A rock of unusual formation, found by Will Chamberlain in his explorations, has been donated by him. A volcanic cinder, found on Judge Porter's farm north of Clarendon, and believed to have come from a volcano in New Mexico, was presented to the museum by Mr. Vaughan, the paleontologist exploring in this region. Rev. Newton Smith, recently retired rector of the Episcopal church, left with the museum an old book printed in England in 1790, entitled "The Art of Writing," by John Hobson.

On last Saturday afternoon, Miss Nova Cook brought her class of children from Goldston to visit the Museum. The twenty-five youngsters enjoyed it thoroughly. If any other schools of the county wish to visit the Museum, please do not hesitate to phone Mrs. L. S. Bagby, and she will meet you at any hour of any day of the week.

Among those to be vaccinated at Memphis during the recent smallpox flurry was Sammy Joe Sargent, 14, native of Hedley but a resident of Memphis. In some manner Sammy Joe must have rubbed the "place" on his arm when it itched. He then must have rubbed his eyes. At any rate, he vaccinated himself in both eyes. Quite a painful experience, but he recovered in a few days and is once more a popular school boy.

### CLARENDON BAND ENTERS PLAINVIEW CONTEST

Director Ray Robbins will have his high school band at Plainview to compete for honors in Class C. Other bands in this class are Canadian, Canyon, Dumas, Lefors, Morse, Panhandle, Spearman, Stinnett and Tulla.

Bands from all over Northwest Texas have signed for the contest in Classes from A to EE.

### SUNDAY SCHOOL'S 3RD ANNIVERSARY

#### Community Dinner, Easter Egg Hunt And Singing Part of Day's Full Program

The good folks of the Sunnyview community are to observe their third anniversary of Sunday school work next Sunday. In the morning they will have their Easter program at 10:30 to which the entire public is cordially invited.

Those who can are asked to bring baskets for the noonday meal as this will be an all-day affair full of interest and good fellowship.

After dinner the regular Sunday school at 2:30, then the Easter egg hunt.

Those who enjoy good singing will be glad to join in with that part of the day's full program right after the Easter egg hunt.

### MRS. CANNON UNDERGOES OPERATION SATURDAY

Mrs. C. L. Cannon of Bula became ill last week and was taken to a Lubbock hospital where she underwent a major operation Saturday. Mrs. Cannon, a daughter of Mr. and Mrs. W. E. Hardin of this city, is reported as getting along as well as could be expected.

### MOTHER OF DAIRYMAN DIES AT SHERMAN MONDAY

Mrs. J. T. Knight, aged 80, and the mother of C. L. Knight, passed away at the family home in Sherman Monday. She is survived by three sons and four daughters. Mrs. Knight and son attended the last rites. Mr. Knight was unable to be present.

## Farmers of Donley Aid Soil Conservation Plan

### MAYOR DESIGNATES WEEK OF 10-15 AS CLEAN-UP

Following the usual custom, the City will cooperate with the citizens in the disposal of rubbish by hauling the litter out of town when it is piled at convenient places. Do not pile up dirt or manure expecting it to be hauled. Bury this and your tin cans and enrich the soil.

### FOSTER MOTHER DIES AT QUANAH THURSDAY

Mrs. J. E. Ledbetter, foster mother of Andrew Jay of this city, passed away at the family home in Quanah. Mr. and Mrs. Jay and children attended the last rites. Mr. Ledbetter is here now visiting the Jay family.

### ATTEND MEETING

Doss Palmer and son Ray attended a Ford dealers meeting Tuesday evening at Amarillo and received congratulations from the Ford motor company for outstanding results in March sales.

### VACCINATION BECOMES REAL MENACE IN THE EYES

Among those to be vaccinated at Memphis during the recent smallpox flurry was Sammy Joe Sargent, 14, native of Hedley but a resident of Memphis. In some manner Sammy Joe must have rubbed the "place" on his arm when it itched. He then must have rubbed his eyes. At any rate, he vaccinated himself in both eyes. Quite a painful experience, but he recovered in a few days and is once more a popular school boy.

Bands from all over Northwest Texas have signed for the contest in Classes from A to EE.

## MOISTURE BENEFITS PANHANDLE

### LOCAL PASTOR TO MOVE TO DALLAS

#### Has Served Presbyterian Church Here Almost Ten Years

Many are the expressions of regret one hears since it became known that Rev. and Mrs. Robt. S. McKee are to make their home in Dallas after about the middle of the month.

Rev. McKee has accepted the pastorate of the Presbyterian church at Irving, a suburb of Dallas.

He came to the local church from Calhoun the latter part of 1929 and has been most active in his church work and various civic enterprises. Both he and Mrs. McKee have proven very valuable citizens in this community. The minister feels that he has served his most useful period here, and that the new field offers the inducement of a broader field of labor.

### SCHOOL ELECTION PASSED OVER QUIETLY

A total of forty-eight votes were cast in the Clarendon Independent school district election held here Saturday. Ralph Andis up for reelection received forty-five votes, Odos Caraway for re-election was complemented with forty-four. Geo. E. Norwood was given three votes and Walter Clifford one vote, the two last being write-in votes.

### ATTEND EASTERN STAR

Those attending the Eastern Star Chapter meeting at Claude Monday evening were Misses Emma Ayers, Annie Bourland, Lucille Polk, Elizabeth Stevens, and Mesdames Sam Rundell, Melton, Nathan Cox, Henry Lane, J. H. Hurn, and Bert Smith.

### DAIRY COWS TO BOOST PAY CHECK

#### Club Boys Know Values In Cream Can Parade Against One Crop Idea

County Agent, H. M. Breedlove, announced this week that he will attend the Plainview Dairy show the 18th of April for the purpose of making arrangements for the purchase of approximately 20 registered Jersey heifers for the 4-H Club boys in Donley county. The heifers desired to be bought will be bred heifers that will bring calves in the very near future. It is hoped that a good strain of Jerseys can be started in Donley county through the purchase of these heifers for the 4-H Club boys.

### G. W. HENDERSON DIES SATURDAY

#### Had Resided In Donley County For 15 Years

Funeral services were conducted at the family home at 3 p. m. Sunday by Revs. V. W. Allen of Lella Lake, and W. T. Lackey of Paducah. Interment was made in the Clarendon cemetery.

In charge of flowers were Meses. Wayne Evans, Gus Williams, Lon Howard, Gerald Whitley, V. W. Allen and Betty Jo McKee and Vernelle Leathers.

Attending the casket were Clyde Grimsley, G. F. Leathers, Roy McKee, W. W. Wiggins, J. O. Howard, O. T. Usrey.

Mr. Henderson was a native of Sacramento, Calif., where he was born August 15, 1867. Collin county, Texas became the family home in 1890. At Floyd, Hunt county, he married Miss Bettie Thompson in 1894. To this union two sons were born, O. J. and D. E., both of whom reside near Lella Lake. Other survivors are the widow and four grandchildren. One brother, J. K. Henderson of McKinney, Texas. Mr. Henderson died Saturday morning at his home near Lella Lake.

Mr. Henderson had many interesting experiences, among them was a long trip with his grandfather. They left Sacramento, Calif. going by water round the Cap of Good Hope at the southern point of South America since that was before the Panama Canal had even been thought of. Across the ocean to old Ireland where the grandfather visited his birthplace.

While here Tuesday, O. J. and D. E. Henderson exhibited the army discharge of this grandfather showing he served in Co. B, 3rd Inf. of the Union army in California during the Civil War.

G. W. Henderson was a kind husband and father, a good citizen who had many friends who regret his passing. He devoted much of his life to helping others, and the many good deeds live after him.

### HOMMEL SETS EXAMPLE OF FRUIT DEVELOPMENT

Southeast of Alanreed on some sub-irrigated land, Ollie Hommel is having several hundred fruit trees planted out. Many of them are already out now. The principal crop will be apples, though he has a variety of fruits on his list. Just another example of an old boy who has been here years and years and still thinks and knows a good fruit country when he sees it. It has been proven so by test.

### SPECIAL BAND TAX FAILS TO CARRY TUESDAY

Despite the fact that there is a natural antipathy against any increase in taxes of any kind, sponsors for the special band tax saw a total of 189 votes rolled up for their cause. Those opposing registered 229 to defeat the measure for the present.

### NO TRUSTEE ELECTION AT MARTIN SATURDAY

One of those queer quirks in voting will likely cause a second election for school trustee to be held in the Martin district. L. O. Christie and Virgil Jordan were given the same number votes.

### BISHOP SEAMAN COMING HERE FRIDAY

A one-hour Good Friday service will be conducted at the Episcopal church here at 4:30 p. m. Friday afternoon, the 7th, by Bishop E. Cecil Seaman of Amarillo.

## Donley County Gets Steady Pour-Down Over 2 Days

### Snowfall Today!

A year ago tonight that section around Pampa was caught in a real blizzard. School buses and many on the highways were marooned by snow drifts. Do you recall listening to the radio calls for help up there? It was a night of horror. And it snowed again today, but melted almost as rapidly as it fell after 11 a.m.

### COUNTY OFFICIALS JOIN HIGHWAY GROUP TO AUSTIN PARLEY

Among the delegation from the Panhandle to attend the highway parley at Austin were County Judge R. Y. King, Commissioners G. G. Reeves and John Hermesmeyer, J. T. Patman represented the Chamber of Commerce, and Carl Peabody, highway employee. The party returned Saturday.

The Panhandle group asked the commission to designate the portion of Highway 18 between Pampa and Perryton; the road leaving Pampa to the north and following the old Miami, and construction of the road north across the river to Perryton and also a cut-off from Miami, and construction of the road between Turkey and Clarendon and Clarendon and Pampa.

The board took the request under advisement but ordered the preliminary survey of the north road.

### FIRE PREVENTION AND CLEAN UP WEEK NOW ON

Last week Gov. W. Lee O'Daniel designated this week, from April 2 to 9 as Clean-Up and Fire Prevention week. There is no plan being carried out by the City so far as can be learned, but individuals are busy, many of them having been stung by the spring bug as much as two weeks back.

### SAW CORONADO JONES IN AMARILLO MONDAY

Among those to see "Coronado Jones" from here were Mr. and Mrs. Allen J. Bryan, Dr. and Mrs. H. R. Beck, Miss Anna Moores, Miss Virginia Williams and Everett Simmons.

This play in which Panhandle talent was used throughout, drew a crowd that filled the city auditorium two nights.

### SISTER OF LOCAL WOMAN DIES IN DALLAS

Friends of the lady who visited here many times will be grieved to learn of the death of Mrs. Paul Dixon and infant son in a Dallas hospital Sunday. Mrs. Dixon was a sister of Mrs. Johnnie Johnson of Clarendon. Mr. and Mrs. Will Johnson and Johnnie Johnson and daughter went to Dallas upon receipt of the sad news Sunday.

### VISIT IN WICHITA

Mrs. C. L. Benson was accompanied by her sister, Mrs. Cecil Cross of Brice in visiting Mrs. W. R. McAfee at Childress. They motored on to Wichita and visited friends over the week end, returning home Monday.

## Connally Wins Mayor's Race by Only 4 Votes

### EANES BECOMES OFFICIAL AUTO RADIO MAN

Edwin Eanes of the Eanes Radio Service shop is the authorized radio man in this district for Chevrolet radios. Since that arrangement, he has installed several machinery parts necessary in radio work in the auto department at the Clarendon motor company.

The district extends from Oklahoma City to Clovis and includes approximately fifty dealers. Radios, formerly going to Oklahoma City will now be sent to the Eanes plant in Clarendon, Mr. Eanes stated Tuesday.

The Texas Panhandle received the heaviest April rain Tuesday to Thursday since the same month in 1932, according to weather bureau figures in Amarillo.

While the fall here was only .61 right in town, the fall varied over the county to as much as three inches in places. Reports indicate that the rain area began in the Dakotas and extended to Louisiana south, and from the Mississippi river to the Rockies.

Highways were covered in the dust howl truck around Boise City, Okla. until trucks could not get over them Wednesday morning. For the first time in years, all freight was being handled by the railroad. From the Boise country south to Amarillo, lakes were filled. The same is true of that country to the southwest of Amarillo, tourists reported here today.

The Denver lost a small bridge at Magenta near Tascosa, and a small bit of track south of the Canadian in that area where a waterspout fell.

Federal lakes in the Panhandle are practically all full. Rita Blanca near Channing got 12 feet. That near Perryton ran around the spillway. McClelland and Marvin Jones lakes are almost full, reports stated this morning.

Benefits to the wheat crop cannot be estimated. The underground season in the diversified farming belt is better than for many years. Grass that has already started will be right on up ranchmen state. The cool weather in this section failed to stop the growth of plant life.

### LOCAL CAR SALESMEN ON PREFERRED LIST

G. C. Heath and S. C. Bell, salesmen for the Clarendon Motor company were guests of the Chevrolet Motor Division at a banquet at the Biltmore hotel in Oklahoma City Monday evening, April 3rd in honor of all "100 Car Club" members. This club is made up of salesmen who sell at least 100 cars for the year. Each member was presented with a check for \$75.00 and a recognition pin.

### SUMMER WATER RATES

The annual summer water rates became effective the first of April, and are as follows:  
First 2,000 gallons, minimum of \$1.  
Next 3,000 gallons 30c per thousand;  
25,000, 20c per thousand; 50,000, 15c per thousand; 80,000, 12 1/2c per thousand.

### TWO CLARENDON MEN WILL MAKE TRIP TO DETROIT

Winning a free trip to Detroit as a guest of the Ford motor company because of sales is the lucky position of Elmer Palmer of the Palmer Motor Company. He will be accompanied by Cap B. Morris. They will leave here Saturday going to Oklahoma City.

The trip from Oklahoma City to Detroit will be made on a special train. Hotel accommodations as well as the special train will be a gift of appreciation on the part of the Ford people, and managed by the Oklahoma City branch manager.

Several days will be consumed in seeing the big Ford plant and other attractions before returning some time next week.

### Little interest was being taken in the mayoralty campaign until Tuesday afternoon when it became known that the vote was close. There was a taxi service put into effect with the usual courtesies offered on election day.

The campaign between Tom F. Connally and Bert Smith was clean and dignified all the way through. In the final count, Mayor Connally received 211 votes while Bert Smith received 207.

Mr. Connally had been serving out an unexpired term by appointment, and had served elective terms in the past as well as terms as city commissioner.

MEMBER OF PANHANDLE PRESS ASSOCIATION

COCKEYED SELFISHNESS.

THE professional politicians clamor for more tax money and claim the manufacturer and the merchants can boost their selling prices to pay the rise in taxation. With that idea in mind, they hatched up the so-called "Fair Trade Law" which is nothing more than a scheme of lobbyists to make a pot of money getting it passed, and professional politicians another pot for passing it.

Professional labor agitators demand that the hours of labor be shortened, and pay per week be advanced, and all the employers have to do is to boost their selling prices accordingly. If it were all that easy, there would be nothing to it.

The trouble with the present era of hoggishness is that everybody wants more for his efforts and is ready to boycott the other fellow for having the same ideas. The most rabid union man is quite willing that his wife should buy dresses made in a sweatshop and purchase foodstuffs at a chain store because the prices are lower. Human nature has not changed a bit since Eve sold Adam the apple.

The professional politicians multiply as the years roll on, and not only do they want more year after year but there are more and more wanting more and more. The desire on their part is to "buy" votes with cheap propaganda, then ignore the rights of the voters altogether as soon as election day is passed. Nationally speaking, officeholders are becoming a pest and a nuisance due to their numbers. Bureau heads are becoming more arrogant because they owe loyalty only to professional politicians who made their jobs possible.

ZEKE SEZ. By Nugent E. Brown

(A column of personal comment on political news)

AUSTIN—(Special)—Ninety Six members of the House of Representatives this past Friday signed a pledge they "would stay in session if it takes all summer before they will go home without something being done for the old folks of Texas."

While some point out that pledges are easily forgotten, it is believed the big majority of these fellows mean it.

House Joint Resolution 16, providing a retail sales tax to be voted on as a constitutional amendment, was really put to sleep when the House of Representatives, on Thursday, after three weeks of wrangling with it, voted 74 to 68 against the resolution on its third reading and then laid the resolution on the table where it will take a two-thirds majority to bring it back. This action of the members on this hotly con-

tested question left the House in a sort of daze, so much so that they voted adjournment Thursday afternoon until Monday to "get a breathing spell and decide what is the next step." Many believe a tax bill can now be put through, maybe a sales tax bill or it may be a luxury and natural resources tax bill. Others do not think so, so it is now hard to predict. In the Senate, only adjournment Friday at noon saved the life of the sales tax resolution there, which already had an amendment on it excepting foodstuffs.

In the meantime, everyone is discussing the possibility of Governor W. Lee O'Daniel taking a firmer stand for his transactions tax, which may now be brought back under another name and as a tax bill, minus the constitutional amendment feature. Scores of members would like that sort of tax in preference to the 2-cent retail sales tax and small natural resources increase.

Talking about Governor O'Daniel, while some say he has lost some of his power lately, yet more politicians now listen to his Sunday broadcast than ever before. More members of the Legislature are going to the Governor's Mansion every Sunday morning. Hizzoneer takes time enough to announce the presence of these members, thus letting the folks back home know they are on hand. Many legislators have had letters from constituents asking them why they were not present for any of these broadcasts.

Which brings up this thought, in boosting a Texan for President, this writer would like to put forward the name of Governor W. Lee O'Daniel as a "favorite son" candidate for the Democratic nomination in 1940. It is generally conceded now in Washington that a Democrat cannot win in 1940—and he will not win unless he can get support of independent Republicans in the middle west. Governor O'Daniel, born in the State that is known as "the mother of Presidents", was raised in an ordinarily rock-ribbed Republican state (Kansas) and now is governor and leader of 600,000 Texas voters whose votes will go with him. O'Daniel, no matter what his most severe critics might say, is acknowledged as being a master on the radio. His audience, on Sunday mornings, stretches from Maine to California. His mail includes letters from every state in the Union, believe it or not. He is the most publicized Governor Texas has ever had in its entire history. Jimmy Allred's excursions to Hollywood notwithstanding. Think it over.

What about the bill to outlaw the loan sharks of Texas? Representative Mason F. Harrell of Bastrop, author of one of the original bills directed at this evil, says "this new bill which came from the committee several days ago is expected to be brought up for consideration almost any day now, bringing it up as special business."

The Homer Leonard bill, H.B. 420, is the one to which Harrell refers. Thirty-one states now have laws to regulate the loan sharks. In the meantime, in Austin, County Attorney Paul Holt has filed receivership proceedings in Judge Ralph Yarbor-

ough's court and has named 19 defendant concerns for which he asks a receiver. The brilliant Travis county attorney has led the way. His action will bring temporary relief to some 15,000 employees in Austin, many of them state employees, caught in the meshes of the loan shark. It is up to the members of the Legislature to follow Holt's lead and solve for once and all the small loan problem in Texas.

PROSPECTS BRIGHT FOR FALL PIG SHOW

With the largest number of pigs on feed that have ever been started for a local fall pig show, the prospects for the show are exceedingly bright. Ninety Hampshires, 47 Polands, and 36 Duroc Jerseys are on feed, and approximately twenty more will be started within the next month.

Pete Morrow, Harice Green, Joe Williams, and Doc Higgins are each feeding litters of Durocs for the fall show. Carl Morris, Jr. Spier, Maschil Cole, Russell Morris, Ray Isham, Lee Christy, Cecil Heckman, and True Barbee are each feeding Poland litters. Ray and Roy Bulls, Howard Gibbs, Johnny Leathers, Homer Hardin, Clyde Peabody, George Reeves, Frank Mahaffey, Wilson Rector, Earl Shannon, and W. H. Nelson will each feed litters of Hampshires for the fall shows. The local group plan to exhibit their pigs at the local pig show, the Tri-State Fair, and the state fair of Texas.

### TEMPLE OF TRUTH

By the Apostle

Donley county does not lead in everything. Over in Collingsworth county, a bunch of woolies stold the last and only milk cow owned by one L. L. Harrison. On the other hand, the fine citizenship over there rebel at the idea of such an outrage. They rebelled in the right direction by making up money and buying Mr. Harrison another milk cow. Harrison lives in the Rolla community.

One often sees certain articles advertised as having great medicinal value. It is possible that some have a bit of merit. Sulfapyridine is the name of the latest gift to humanity from the medical world. It comes from England and is being extensively used to combat influenza and pneumonia. Though a recent discovery, practically all the doctors in this nation know about it and most of them are using the new drug with great success. It all goes to show that when some new thing of merit comes out, the public knows about it right now.

Here comes a letter from a fellow in Chicago offering to give me an astrological analysis from date to 1940 for the small sum of \$1.10. It is great to know that such bargains are to be had. It is greater to know that such fellows are diabolical fakes, rake in money from the most ignor-

ant, and in many instances, leave the victim subject to a lot of needless, silly superstition. Some women who have tried such things have become nervous wrecks. The postal department should not let such people use the mails. A few years ago a number of local people, and you would be surprised at them were the names printed here, sent money to a "fortune telling" woman spieler of radio fame. She guessed some things and that is what sticks in the mind of the victim. The things that are told that never happen are forgotten. No one can see into the future, and this idea of putting a curse upon any one is a relic of the darkest age the world ever knew.

Way back yonder as a farm boy when the dogs tore out past the chicken house, you jumped out of bed, pulled on your pants and fell out the window ready for the chase. You would have been a lot of help to the dogs, maybe, except your bare foot struck a bottle neck and that ended your usefulness. So it is with some of the big boys in charge of "old age assistance" down at Austin. The old folks can't get much satisfaction for the bottle necks. Claude Teer of the Board of Control says that if the Legislature won't do anything toward cleaning house in the management of the pension headquarters, the Board will.

**MAW SAID IT.**  
"What matters more than love," said the fourth daughter from the youngest of Mrs. Haston Yazzie Sunday. "Good teeth, a bank account and shoes that don't hurt the feet have love beat all holler," the old lady replied.

If salvation hadn't been free fifty years ago, over half the people in Tennessee would have gone to hell, said Poke Jarrold's grandpappy Saturday.

Barbed wire and sour dough bread did more than any other two factors to push the frontier line out of the Panhandle.

To get what you want is success. To want what you get is happiness.

### RED HOT HISTORY.

From "Happy Days," CCC national magazine, we see where the feature writer is telling the boys that the Apache younger men on the New Mexico reservation are doing great stuff as conservationists. He states further that they are decedents of Geonimo, he who pushed back the Texans in the Mexican war. In that case he was a husky youngster for a 2-year old papoose. This feature writer then goes on to say that General Miles whipped the Apaches a hundred years ago. Well, let's see. Miles was born in 1839, and in that case, his mother must have carried him while he was leading the Americans into battle "a hundred years ago." Great stuff, this CCC thunder.

### FICKLE HUMANITY.

What a misplaced little space did. A Missouri newspaper telling about the services said the congregation was filtering in, but the linotype operator failed, the proofreader quailed and the editor was nearly jailed when it appeared "the congregation was filtering in."

### APPRECIATION.

A Denver lad stole a fur coat for his girl and was put in jail. To show her appreciation, she baked him a cake with a saw in it.

Experience teaches people a lot of things they had rather never know.

### WISE GUYS.

When America gets properly smarted up it will see that there is no obstructions placed in the way of home-ownership. Think as you may, and say what you will "the best social security number you can have is a street number on a home of your own."

Right down here at this point is where I always get in trouble. The last paragraph never fits. This is an attempt to make this one fit.

### CONQUERING PNEUMONIA

Good news to millions is found in a late report that a drug has been compounded that will cure a majority of cases of pneumonia and influenza, America's No. 1 killers. The drug is known as sulfapyridine and is now available. The cure was invented by the British and has been tried out in many important clinics in the United States. It has now been licensed by the United States Food and Drug Administration and is available to every physician. This announcement following the report that influenza and pneumonia epidemics come in cycles and another is due in the Southwest in the years 1940 and 1941, should be the most welcome bit of news of the year.

Mr. and Mrs. Marvin Warren visited friends at Brice Sunday.

### LOCAL YOUTHS REGISTER BREEDING STOCK

Local F.F.A. members registered seventeen Hampshire, Poland and Duroc gilts this week in anticipation of use of the animals as breeding stock for their hog projects. Carl Morris, Russell Morris, Elbert Horton, and Wayne Naylor registered nine Poland gilts. Ray Robertson, Wayne Naylor, Frank Mahaffey, and Frank Cannon registered four Hampshire gilts. Robertson and Naylor purchased their gilts from W. H. Nelson; Mahaffey raised his gilt and Cannon purchased a gilt from Mahaffey that had been raised by Wayne Morris. Mahaffey also registered three gilts sold to a Ft. Worth breeder following the stock show there.

The local youths have found that purebred registered hogs pay in a big way, and the seventeen gilts registered this week brings the total number of registered gilts and sows owned by F.F.A. members to well over fifty. The Clarendon Chapter is extending every effort to win first place and the check for \$100 to be awarded by the Texas Swine

Breeders Association for the F.F.A. chapter doing the most outstanding job of swine production this year.

At a meeting early this week all members who own registered hogs pledged themselves to J. R. Gillham, adviser and custodian of registration papers that no papers would be delivered on any breeding animal sold as a weaning pig for less than ten dollars. The move was taken by the group to aid in upholding the high standard of stock that they have secured.

W. L. Clampitt is in receipt of 250 more Chinese elm this week which he has set out along with his block of trees set last season near his home.

C. E. "Jack" Killough had business in Amarillo Monday.

### CARD OF THANKS

At this time may we thank each friend and neighbor for the many acts of kindness shown us during the illness, and at the death of our beloved husband and father, and for the thoughtful care and attention paid him during his last illness. We pray God's blessings upon each of you, and shall strive to pass this kindness on to others in need.

Fate often puts all the materials for happiness and prosperity into a man's hands just to see how miserable he can make himself or to what extent he will prosper. It is not necessary to be endowed with qualities of a genius, when an organized life and a willingness to do the things that MUST be done, prove such a good substitute.

Miss McMurtry is a member of the Panhandle club and is the daughter of Mr. and Mrs. J. L. McMurtry of Clarendon.

## COLLEGE BANQUET

A beautiful and colorful banquet was enjoyed by 52 students, ex-students and teachers of the Clarendon Junior College on Friday evening March 31, 1939, at the First Christian Church.

The program was begun upstairs and started by the crowning of the College Queen, Ethelyn Drennan. Misses Frances Grady, Ione Wall, Ruby Tucker and Thelma Tate were the beautiful ladies in waiting. Mr. Burton, after a few words about the queen's earlier life and his admiration for her, crowned her Queen of the Junior College. Maxine Ellis gave a piano solo and Jo Word sang "Deep Purple". Mr. Drennan led the group in the chorus of "Long Long Trail" and "Let Me Call You Sweetheart." The Queen then led the group into the banquet hall.

George Seaton, president of the student body was toastmaster at the banquet. The invocation was given by Mr. Drennan. After the first course, the toastmaster gave a reading to illustrate the position of the welcome giver and introduced Led Jay, who welcomed the ex-students and teachers. With her usual knack of speech making Nell Cook gave the response illustrated by the story of the boy who said when he forgot his speech to his grandmother, "Gee, I'm glad to be here."

After the usual cracks and jokes, the toastmaster introduced the speaker of the evening, Coach Emil Hutto. Coach spoke of the advantages of the small Junior college and the numerous advantages of our own college at Clarendon. The toastmaster dismissed the group after a crack at Led Jay's expense and an announcement of the dance at Phebe Ann Buntin's.

The decorating committee did a very nice job, green and white crepe paper was hung across the ceiling from the lights. Green and white paper adorned the center of the tables. White carnations were the center pieces of each table. The place cards were white with the names printed with green ink and tied with flowers.

Some side glances of the banquet: W. C. Larimer ate 16 buns and one (two) bowls of gravy.

The toastmaster got his welcome and response mixed or did he? Mr. Burton didn't believe the buns could be hot.

Coach Hutto told a joke on Pat Slavlin. Boy, oh boy! Claude McGowen allowed something to come between him and Pat Morris (an iron post). Clay Plunk said it wasn't worth four-bits.

Evelyn Rush didn't get her tall, dark and handsome at the banquet. Two unescorted guest went to town after the banquet.

James F. Ferdinand was in the green pastures again.

Jack Bain and his brother, whose name could not be learned, also had birthdays Sunday at the home of their parents, Mr. and Mrs. Geo. Bain.

## CLUB BOYS ENTHUSIASTIC IN LIVE STOCK WORK

4-H Club Boys in Donley county have been busy the past few weeks putting calves on feed for the coming year. At the present time there are 15 calves on feed. County Agent, H. M. Breedlove, estimated that 4-H Club boys will have at least 40 calves and 150 hogs for the coming year. The boys are starting off with much enthusiasm and it is expected that the rest of the calves will be on feed by the latter part of April.

## MANN SAYS ALL CAN VOTE ON PENSION AMENDMENT

Attorney General Gerald Mann last week ruled that it is not necessary for voters to be owners of property in order to vote on the proposed pension financing amendment to the Texas Constitution now pending in the Texas House.

The question had been asked in an official request from the House which cited that provision of the Constitution requiring ownership of property as a prerequisite to voting in elections for the issuance of bonds.

Mann held that this provision of the Constitution did not apply to votes on constitutional amendments, even though the purpose of the amendment was to spend money.

Mr. Ed Speed and Mrs. Nolle Simmons were in Amarillo Monday.

Miss Helen Rhoades visited in Clarendon Saturday night.

Ralph Stewart took a group of his school boys on a camping trip to Dripping Springs last Friday and stayed until Saturday.

Mr. and Mrs. Geo. H. McCleskey are again at home after spending two weeks with relatives and friends at Weatherford.

Mrs. R. H. Alexander went to Falls Monday where she will visit her daughter, Mrs. H. K. Edwards, and later will visit her daughter Wilfa Lee Alexander at Dallas.

Mrs. O. C. Watson Jr. of Lubbock who has been seriously ill from typhoid fever, has recovered sufficiently to be returned to her home from the hospital.

Last year, but the state championship team will be ineligible for the contest, and an entirely new team must be trained before the contest.

### Frozen Cotton Allotments

The state AAA office at College Station has announced brand new "frozen cotton" regulations for 1939 enabling the County Committee to redistribute unused cotton acreage allotments to farms in line for increases.

Last year the unused allotments which were released by individual farms had to go into a state reserve to correct errors in original allocations. A similar reserve is provided for under the new set-up, according to L. A. Hudson, Secretary Donley County A. C. A. The new regulations, permitted under a recent amendment to the national farm act, provide that where a county's unused acreage accumulation adds up to 100 acres or less, all of it may be redistributed within the county to farms designated by the county committee. Where the total released in a county is more than 100 acres, a certain percentage must go to the state office to be used in correcting mistakes.

The State Committee set April 15 as the last date on which forms signifying release of all or part of 1939 cotton allotments may be filed in the county office.

Hudson explained that the deadline is necessary to make possible re-apportionment of the released frozen acreage before it is too late to plant.

Johnnie Bates

He explained further that the release of 1939 allotments may or may not be an advantage, depending on the type and history of the farm concerned. In some cases, he pointed out, an operator might penalize himself by releasing any of his cotton allotment, since price adjustment or "parity" payments are figured on the basis of the total cotton allotment, regardless of the acreage planted to cotton in 1939.

For example, take a farm with 250 acres of cropland, a 1939 cotton acreage allotment of 100 acres and a general allotment of 80 acres. That would give it a total soil-depleting allotment of 180 acres. Suppose that it had produced cotton in 1938, that its 1939 normal yield was 100 pounds of lint to the acre, and that its adjusted rate of payment on general crops was 90 cents an acre.

Now suppose that the operator of this farm decided he would plant only 50 acres of cotton in 1939. How would his payments run if he (1) did not and (2) did release any of his cotton allotment?

1. If he kept his full allotment? The cotton conservation payment would be 2 cents times 62 acres (125 percent of what he planted) times 100 pounds—\$124.

The cotton price adjustment payment would be 1.6 cents times 100 acres (this is paid on the full allotment) times 100 pounds—\$160.

The payment on general crops would be 90 cents times 118 acres (total soil-depleting allotment minus the acreage used in computing the cotton conservation payment)—\$106.20.

Not taking into account payments for soil-building practices, that would give him a total payment of \$386.20.

2. If he RELEASED some of his allotment:

He would be allowed to release not more than the difference between his cotton allotment and 125 percent of his 1939 planted acreage, because if he released any more than that he would be penalizing himself. Therefore this operator whose allotment

is 100 acres and who intends to plant only 50, would be allowed to release as much as 38 acres. That would leave him with a reserve cotton allotment of 62 acres, and the other 38 acres would be added to his allotment for general crops.

In this case, the cotton conservation payment would be the same—\$124.

The payment on general crops would be the same—\$106.20.

But his cotton price adjustment payment would be 1.6 cents times 62 acres (the reserved cotton allotment) times 100 pounds—\$99.20.

And he would get a total payment of only \$329.40, as against \$386.20 in case he kept all his cotton allotment.

However, if this same farm had had no planted acreage of cotton in 1938, and the operator did not intend to plant any in 1939, nothing would be gained so far as payments are concerned, by holding onto the cotton allotment, Hudson said.

In this case, the farm would not be entitled to any cotton price adjustment payment anyhow, since this payment is made only to farms on which cotton was planted either in 1938 or 1939. It would get no conservation payment on cotton, if no cotton was planted on it in 1939. And the payment on general crops would be the same, whether the operator kept the cotton allotment or let it go.

Attention of farmers is being called also to the fact that a bill now being considered in Congress would amend the act for 1939 in such a manner as to do away with the so-called 80 percent ruling used in figuring conservation payments on cotton and other crops for which special allotments are set up. This bill has already passed the Senate and is being considered by the House Committee on Agriculture on March 15, according to a letter from I. W. Duggan, director of the Southern Division of the AAA.

Such an amendment obviously would cancel the effect of the present regulations permitting the release and redistribution of frozen

cotton acreage, since it would provide for both conservation and price adjustment payments to be figured on the total 1939 cotton acreage allotment, regardless of the acreage actually planted.

### LOCAL JUDGING TEAMS RANK FOURTH IN AREA MEET

The Clarendon F.F.A. judging teams ranked fourth in the annual Area I judging contests held at Lubbock, March 31 and February 25. The ranking was based on the results of all of the judging contests held on those two dates, in which approximately 100 various teams competed. The crop, poultry, and livestock teams participated in the contests March 31, and ranked high despite the fact that their adviser was not able to work with them the week before the event due to illness in his family. The team members worked together, arranged for means of transportation, and participated in the contests as a matter of loyalty to their coach.

The crop team consisting of Ray Isham, Gene Putman, and Rex Shannon placed third in competition with approximately 50 teams. Isham was high man in seed judging and second in seed identification. Putman and Shannon tied for fifth in seed identification. Each of the Clarendon team members were in the high ten individuals of the contest.

The poultry team consisting of Carl Morris, Jr. Spier, and Harice Green ranked first in judging white leghorns, but their placings on Rhode Island Reds lowered their rank in the contest. The livestock team composed of Homer Hardin, Pete Morrow, and Russell Morris, ranked first in judging horses, and third in judging cattle.

Only two more contests remain on the schedule for the present year. The dairy cattle and dairy products teams will participate in the annual Plainview contests, April 18. The dairy products team won the event

## METHODIST CIRCUIT NOTES

J. G. Walker, P. C.

Surely had a pleasant day at Astola Sunday. The best attendance morning and evening that we have had there. The fellowship spirit was fine. If we do our work faithfully there, we see nothing to hinder from having a good year. The Junior Sunday school class with Mrs. Rhodes as teacher pounded us in the evening, for which we thank each one. It is very pleasant to be thus remembered by the Juniors. May each one of them be made happy by special blessings from the Lord.

We began our revival this week, Monday evening, April 3, at Me-Knight with Rev. Biggs of Hedley helping. We hope to have a real revival. Will you pray for us? We are asking all the churches to decide at once when you want your revival. Remember we have six to hold on the Clarendon Circuit and we cannot hold all them the 1 and 2nd Sundays in August. Any time the people are ready to pay the price, the Lord will send a revival.

Isiah 52: 6, 7—"Seek the Lord while He may be found, call ye upon Him while He is near. Let the wicked forsake his ways, and the unrighteous man his thoughts; and let him return unto the Lord, and He

will have mercy upon him and to our God, for He will abundantly pardon." Come and help us.

### Prospective "Aggies" Start Projects For 1939-1940 Project Year

Eighth and ninth grade students of Junior high and the rural schools of Donley County launched their project program for next year this week. A number of the prospective agricultural students have bought registered gilts and pigs, and others are preparing calves for the 1940 stock show.

The most universal project is milo to raise feed for their pigs, calves, and lambs that they plan to feed for the '40 spring shows. Each boy is striving to grow enough feed at home to enable him to feed his animals with the least possible cost. The supply of registered gilts is rapidly diminishing according to J. R. Gillham, adviser, and there is a strong likelihood that those boys arranging for projects after next week will be unable to secure desirable gilts.

Mr. and Mrs. U. Z. Patterson and son and Mr. and Mrs. Elvis Burch and son motored to Childress Sunday to visit friends.

Mr. and Mrs. D. W. May and Miss Ellen Edwards of Memphis, visited in the B. P. Brents home here Sunday. Mr. May and Mr. Brents formerly were employed on the same newspaper in East Texas.

More than "changing the number" when you change to OIL-PLATING

MAYBE any station would have oil that's at least of the right Summer grade... let's say No. 20, No. 30, or No. 40.

And possibly anyone would know your right amount—5 or 6 or more quarts.

But it takes the Conoco station—it takes Your Mileage Merchant—to give your engine the oil-change that brings you the plus of OIL-PLATING... at an everyday price.

You must choose patented Conoco Germ Processed oil to know that the engine parts—as if "magnetized"—will attract and hold a shield of OIL-PLATING. This shields and smooths the bearings, piston rings and cylinder walls—bottom to top of your engine. Like the chromium-plating that shields and smooths the bumpers, OIL-PLATING holds ever-fast... it's drain-proof... never leaves a precious part naked to friction, during all your thousands of starts and thousands of miles this Summer. You'll see your heat indicator staying down safely; you'll see your Conoco Germ Processed oil staying up economically. Then see Your Mileage Merchant today for the plus of OIL-PLATING. # Wichita Easter Program Begins Saturday Night

Quite a number from this section plan to attend the 13th annual Wichita mountain Easter sunrise pageant which will begin at 10 p. m. Saturday night, according to Rev. A. M. Wollock of Lawton, who originated the annual service.

The program will be divided into three parts. The song service will be from 10 p. m. to midnight. Then the prologue, with the pageant proper beginning at 3:30 a. m.

This great outdoor spectacle attracting some 150,000 people annually, is held in a natural amphitheatre in the Wichita mountains 22 miles north of Lawton. The Passion play is patterned after that of Oberammergau, and depicts the birth, life, death and resurrection of Christ.

The setting of the play is known as the "Holy City."

## WATSONS MAKING PACIFIC COAST TOUR

The big show at Frisco is the main attraction for Mr. and Mrs. Tony Watson and son, Tony Jr. who left here Saturday morning. They will visit a cousin of Mrs. Watson, Loyce Farrington at Los Angeles. The inspection of the larger cities will be made leisurely with a possibility that they will make their home out there if proper connections are made.

## NEAR FATAL ACCIDENT AS CAR STRIKES BICYCLE

An accident which could have resulted in a bad tragedy Saturday afternoon was avoided by the driver of the car being thoughtful of the welfare of others.

Had B. F. McCracken driving south at the street intersection between Palmer motor company and the Baptist church been speeding, as Billy Frank, young son of Mr. and Mrs. Loyd Moreland was riding his bicycle east to suddenly turn north into the McCracken car, stark tragedy would have resulted. As it was, the slow moving car stopped instantly. Even then the youth suffered a broken collar bone and skin lacerations. The bicycle was badly damaged.

The youth himself, as well as others who saw the accident, absolved Mr. McCracken from all blame. The lad is improving from his injuries as rapidly as could be expected.

The programs were as follows:  
Monday Evening, March 27  
Skit—Prologue—Christine Knox and Clay Plunk.

Girls Quartet—Jane Williams, Jo Wells, Marie Morris and Jo Word, accompanied by Mrs. Millard Word.  
Tap Dance—Ethelyn Drennan.  
String Band—Raymond Woods, Kenneth Sloan, Lawrence Heckman, Led Jay and LaVerne Johnston.  
Skit—Phebe Ann Buntin, Frances Grady, Thelma Tate, Theresa Bain, Ruby Tucker, Ethelyn Drennan, Jo Word, and Marie Morris.  
Piano Solo—Billie Cooke.  
Girls Quartet—Jo Wells, Jane Williams, Theresa Bain, Inell Biffle, accompanied by Mrs. Millard Word.  
Reading—Wanda Nell Smith.  
Speech—Supt. H. T. Burton.  
Song—College Chorus, accompanied by Mrs. Millard Word.

Junior College Banquet  
Piano Solo—Maxine Ellis.  
Vocal Solo—Jo Word, accompanied by Mrs. Allen Bryan.

Crowning of Queen—H. T. Burton.  
Queen—Ethelyn Drennan.  
Attendants—Thelma Tate, Frances Grady, Ione Wall and Ruby Tucker.

Songs by Group.  
Welcome Address—Led Jay.  
Response—Nell Cook.  
Address—Clarendon Junior College, A Challenge—Emil Hutto.  
Toastmaster—Pres. George Seaton.  
Sunday Evening at Baptist Church

At Lella, the five autos bringing them to Clarendon met them there and escorted them to Clarendon where they had lunch at the M. W. Cook home, parents of Miss Nova Cook.

Starting out on a journey of instruction, the youngsters looked through the Huffman bakery where they had doughnuts and saw a modern bakery for the first time. The Telephone exchange proved interesting and the mass of wires a mystery to children as to elders.

The next stop was at the plant of the Donley County Leader where most all of them saw where their weekly paper was made. The machinery was explained and the process of printing from type to the finished paper. The most interesting machine, as might be expected, was the big linotype with modern inventions bringing it down to date. The little folks stood in a circle around the machine, saw type being made and heard an explanation of the career of the inventor as he worked on the basic patent in the basement of a store in Deming, N. M.

The fire station came in for inspection where the importance of precision and preparedness was emphasized. The ice plant gave most all of them a chance to see how that important product is made in hot weather.

The coca cola plant was a treat, in fact Paul Smithy, local manager, gave each of the little folks a bottle of the popular beverage, and threw in a box of pencils for good measure. Seeing the sanitary bottling process was a rare treat indeed.

A group picture was made following a visit to the Donley County Museum. Thousands of interesting objects were to be seen at the Museum, a favorite mecca of instruction for classes, teachers and often the whole school from a rural section. Those who visit the Museum are astonished at the magnitude of the exhibit collected in such a short time.

## C. A. BRYAN CRITICALLY ILL FROM RECENT FALL

No doubt you have missed the familiar figure of the old gentleman who has walked down town early every morning for several years. He is a kindly fellow, does not talk a great deal but is interesting when he does talk. That man is Mr. C. A. Bryan who is nearing 90 years of age. He fell on the sidewalk recently near the Whitlock barber shop, and struck his head, and that accident is keeping him in bed now at the home of his daughter, Mrs. W. A. Land. He is said to suffer much pain from the head injury, his daughter states.

## BERT SMITH THANKS VOTERS

I wish to thank most sincerely the large number who supported me Tuesday in the mayoralty campaign. Though losing, even by a small majority, I harbor no ill feelings. It was a clean campaign and I have every respect for those who saw fit to support my opponent. I shall continue to strive to make a record as a good citizen, and take the same liberal interest in every enterprise for the betterment of that section where my family resides and which I selected as an ideal place to rear my children.
