CLARENDON, DONLEY COUNTY, TEXAS, FEBRUARY 16, 1939

A Common Paper for Common People

COUNTY LEAGUE MEET DATE SET

The Donley County Interscholastic League meet will be held in Clarendon March 16-18, Director General Geo. W. Kavanaugh said today.

Supplementing the program this year will be the one act play contest under the supervision of Miss Marie Walters.

Although a program has not been drawn up, Kavanaugh said the entire meet—exclusive of basketball—would be held the night of Thursday, Friday and Saturday.

Literary events will open Thursday night.

CAR TAGS MUST BE BOUGHT IN COUNTY UNDER PENALTY OF \$200 FINE AND COST

Sheriff Guy Pierce today warned of our county registering of automobiles saying Donley County residents purchasing tags elsewhere are liable to a \$200 fine and cost of court.

Pierce said the higher courts of Texas have held that license plates bought in counties other than where the purchaser resided, are invalid.

This law will be vigorously enforced in Donley County, Pierce added.

License tags may be bought now at the tax collector's office, although they must not be attached until March 1st. The tags, however, must be attached before April 1st.

WHO PAYS PENSIONS

Half of each dollar, of course, was contributed by the Federal Government.

Of the State's share, liquor and beer taxes paid 48.3 cents of each dollar; cigarette taxes paid 48.3 cents; vending machine taxes paid 2 cents; amusement taxes paid one half cent. The balance, a fraction of a cent, came from interest on daily balances, and late collections from the now defunct race horse gambling taxes.

CLUB NOTES

A communication of greetings from Lion Oscar Jenkins was read and received with applause.

The action of the Directors in appropriating \$18.00 for the three Grand Champion Prizes for the Fat Stock Show; in designating the luncheon on the 2nd Tuesday in March as F.F.A. and 4-H Day with the F.F.A. and 4-H boys as guests; and in appointing a committee to endeavor to arrange with property owners and merchants so that the vacant store buildings in town be cleaned and provided with attractive displays in the show windows was ratified.

The further recommendation of the Directors that the former custom of the Club in placing the program as the first order of the meeting be re-established was also adopted.

As the program for the day, the members of the club who have been received during the past six months were given a long delayed initiation. Speeches, limited to one minute, were made by Lions Worth, Payne, Mellinger, Walker Lane, Stewart. Fines aggregating over \$6.00 were remitted for value received.

Lion Braswell then explained the set up of Lionism and presented other interesting facts about service clubs.

BABY LEFT IN ORPHANAGE IN 1916 WAS DAUGHTER OF CLARENDON GIRL

Donley County officers are attempting to trace the parents of a girl committed to an orphanage in 1916 and whose mother was supposed to have been born in Clarendon.

At the request of Tarrant County officials who received a letter from Ortha Wilson in Idaho asking for information concerning the parents, the local sheriff's department asks that anyone having knowledge of the persons call their office.

Only meager details were included in the letter which quoted to birth certificate as recording the mother's maiden name as Frances Simpson, born in Clarendon.

The father Tommie Davis, according to the letter, was born at Fort Worth and the couple's abode was listed as Fort Worth.

Continuing the letter said "It seems they were separated and that was the reason the mother placed the baby in the orphanage in Pueblo, Colorado, where it was born in the fall of 1916. The father was a railroad conductor."

Conserved Water Aids Grass

Contour furrows and ridges catch and hold water where it falls so it can soak into the soil to become available for grass growth. In the upper picture a cross-section of a furrowed area is shown. The outlined dark area at the top shows the depth of moisture penetration. Observe that moisture has penetrated much deeper near the furrows. Bottom picture shows increased grass growth resulting from furrows in a Soil Conservation Service demonstration area.

MacDOWELL CLUB PRESENTS A CAPELLA CHOIR AT COLLEGE

Because of the properly trained human voice is the supreme musical instrument and because the capella choir itself transcends in versatility the average glee club or chorus, the program offered by the Pampa High School A Capella choir under the direction of Miss Helen Martin at the College Auditorium at 8 o'clock this evening, will be of widest interest to music lovers.

Miss Martin's group of forty-five musicians appearing in costume, is recognized as one of the leading capella choirs of the state, and offers a program that embodies all the peculiarly rich and beautiful qualities of a capella music.

FOUR CLARENDON JUDGING TEAMS TO COMPETE AT PAMPA

Four F.F.A. judging teams will compete in the annual invitation judging meet to be held in Pampa, Saturday, February 18th. Dairy, Livestock, poultry and dairy products teams will be entered. In 1938, the local group won first in livestock, dairy, and poultry contests.

Pete Morrow, Russell Morris, Frank Cannon, and Homer Hardin will make up the livestock team. Clyde Peabody, Bailey Estes, George Reeves, Ray Robertson and Lee Christie will enter the dairy event; Carl Morris, Gene Putman, Harlee Green, and Junior Spier will represent the locals in poultry; and Johnny Leathers, Joe Williams, and Maschill Cole in dairy products. Howard Gibbs, Ray Bulls, and several other alternates will probably make the trip with the teams.

MRS. JOHN BRITTEN DIES IN GROOM SATURDAY

A resident of that section for some thirty years, the Britten family was outstanding as among the leading citizens and largest wheat growers. Mrs. Britten, aged 72, was for ten years president of the Christian Mothers of St. Mary's.

Funeral services were conducted at St. Mary's Catholic church in Groom Tuesday. Her husband passed on in 1936. She is survived by a number of relatives including six daughters, five sons, thirty grandchildren and one great-grandchild.

LUMBERMAN VISITS HERE

Mr. and Mrs. Herron Mace and family of Borger spent Saturday and Sunday visiting Mrs. Mace's parents, Mr. and Mrs. Bill Floyd and family east of town, also other relatives and friends here. Mr. Mace is manager of the Foxworth-Galbraith Lumber Company yard at Borger.

LAST RITES FOR JOHN A. POTTS

John A. Potts, 65, who with three other men established Clarendon's first bakery about 1905, died suddenly early Sunday morning from a heart attack.

In apparent good health, Mr. Potts had worked all day Saturday retiring late Saturday night after playing with his grandchild. Death came about 2 o'clock Sunday morning.

Funeral services were held Monday afternoon at the First Presbyterian Church here with the Rev. R. S. McKee, local pastor, officiating. The Clarendon Masonic Lodge, of which he was a member, conducted the burial ceremony.

The majority of Clarendon business houses closed during the services to pay tribute to the man who, for almost 35 years, had been their friend and associate.

Mr. Potts came to Clarendon in 1905 from Clarksville, Texas, with the late L. S. Bagby and J. R. Tucker. The three formed a partnership with another man to establish a bakery.

For the past 30 years he has been interested in the barbering business. At the time of his death he owned the Potts Barber Shop and formerly was a partner in the Potts & McGowan Barber shop.

Mr. Potts was born in North Carolina in 1873. He is survived by his mother, Mrs. Anna Potts and nine brothers and sisters of North Carolina; one daughter, Mrs. Floyd Lumpkin of Clarendon; and two grandchildren, Jimmie Lumpkin and Billie Allen of Clarendon; another brother, Tom Potts and son, Ted of DeKalb, Texas, attended the funeral.

GOVERNOR SELECTS ABILENE MAN HIGHWAY HEAD

After the Senate refused to approve the appointment of Carr P. Collins as chairman of the State Highway Department, because he lived in Dallas, the Governor set about looking for a man from another section. Without consulting the man or any one else apparently, the Governor Wednesday selected J. C. Hunter of Abilene. Hunter says he was not asked until nominated.

Hunter is an independent oil operator, president of the Abilene chamber of commerce, director of the West Texas chamber of commerce, a bank director, and trustee of Hardin-Simmons college. He formerly lived at Van Horn until moving to Abilene eleven years ago.

Hunter's confirmation is now up to the State Senate.

ATTEND MISSIONARY MEET AT McLEAN TUESDAY

Attending the coaching school for officers and superintendents of the Methodist Missionary Society at McLean were: Mmes. H. C. Gordon, Nathan L. Cox, Victor Smith.

CROP AND FEED LOANS MAY BE HAD ON APPLICATION

Miss Ethel Harvey is in charge of the local federal crop and feed loan office located at the Clarendon grain company. The office is open every Wednesday afternoon.

STOCK SHOW PREMIUM FUND SHOWS INCREASE AS OPENING DATE NEARS

The finance committee of the Donley County Stock Show reported that they had raised over \$200 for the premium fund for the annual show to be held here March 3rd and 4th. The committee set \$250 as the figure to be raised, and they expect to complete their work the early part of next week. This is the largest premium list ever set up for the spring show, but the show will be far larger than those in preceding years.

The lamb section of the show has more than doubled during the past year. In 1938, 16 lambs were shown. Six groups of five and a large number of entries in both the fine wool and mutton classes are expected to bring the total of lambs shown to well over forty. Carroll and Clyde Peabody, Frank Cannon, Bailey Estes, Harlee and Billy Green, Bill and J. T. Alexander are each showing two or more lambs. In addition to those showing two or more, a number of 4-H and F.F.A. boys will show singles in the lamb division.

PANHANDLE MASONS VISIT CLARENDON LODGE

Many out of town Masons attended the Clarendon lodge Monday night as work in the third degree was being taken.

Visitors to make the largest gathering for several months, were registered from Groom, Panhandle, Borger and other points.

Following the work, refreshments were served.

WPA SANITATION PROJECT OK'D BY COMMISSIONERS

The Donley County Commissioners court Wednesday afternoon approved a WPA rural sanitation project and will act as co-sponsors with the state health department in erecting modern outhouses in outlying communities.

Under the set up, rural families wishing sanitary outhouses built may do so at a minimum of cost.

Recipients of the service must furnish material which may be scrap lumber suitable for the construction.

In contrast with general WPA programs, F. J. Von Luben, District Supervisor of Community Sanitation, pointed out that sponsors of the sanitation projects do not pay the usual 30 per cent of the cost.

Funds for the workmen come directly from the government and the only expense entailed by the sponsors is the hiring of a contact man to book the jobs, according to Von Luben.

To save the salary expense, Donley County's present plan is for every commissioner to act as contact man. They ask that anyone interested in the project, call their commissioner.

Mayor Connally To Be Candidate

The Leader is authorized to announce Mayor Tom E. Connally for re-election to the office of mayor this week. The election date is April 4th.

Mr. Connally succeeded W. H. Patrick September 1, 1938, both men having been appointed to the office successively.

Mr. Connally began his experience of 'mayorine' way back in 1913 when he served the city from that date to 1917. He again served his home town as commissioner from 1934 to 1936.

Coming into office the first of September, Mr. Connally inherited the gas rate controversy from his predecessor, and worked along the same lines as had Mr. Patrick. That plan was to ask the gas division of the Railroad Commission to adjudicate matters. In this he was shown every effort at cooperation, both with the state authorities, and the Attorney General.

Mr. Connally asks the further consideration of his people solely upon his record. When asked the date of the gas refund, Mr. Connally stated that the matter was solely in the hands of the Attorney General at this time, it being the duty of that department rather than local officials.

REUNION AT BULLS HOME WHEN CHILDREN GATHER

Mr. and Mrs. J. R. Bulls were made very happy Sunday when a number of their children came home. Those present were Mr. and Mrs. Abie Hahn of Pampa; Mr. and Mrs. Ross Adams of Hedley; Mr. and Mrs. Bransford Bulls of Wink, and Woodrow Bulls of Skellytown.

RURAL ELECTRIC LINE TO GET APPROVAL SAT.

WELLINGTON.—Contract for the construction of Green Belt Rural electrification lines will be let Saturday, Orval Couch, project superintendent, announced this week.

The contract includes approximately 40 miles in Donley County, from the Collingsworth County line to the city limits of Hedley.

The loan contract has been executed by officials of the association, and actual work will begin almost immediately after the contract is let, Carl C. Cox, project engineer, said.

One hundred and forty-six miles of lines will be built, serving 443 families. The allotment of \$131,000 for the work was approved by the rural electrification administration in Washington on Dec. 31st.

F. F. A. AWARD EXHIBIT

Ribbons representing approximately \$1200 in cash premiums won in the 1937 Tri-State Fair, the 1938 Donley County Fat Stock Show, the 1938 Amarillo Fat Stock Show, the 1938 State Fair Pig and Poultry Shows, and the 1938 Green Belt Poultry Show are now on exhibit in the south window of the Clarendon News building. Banners won in various contests are also on exhibit.

Several silver loving cups won by poultry, dairy, dairy products, newsprinting and other teams are being exhibited with the ribbon display. O. T. Ryan, Area supervisor of vocational agriculture, recently stated that the local ribbons exhibit was the largest and best that he had ever seen and that it was probably the best in the state. He stated that no other chapter had accumulated such an unusual record in show winnings in less than two years, the time represented by the local winners.

ANDERSON IS HALF BEATEN BY W. P. HOWARD

Wrong again. That just goes to show what jumping at conclusions amount to. We are talking about eggs, merely hen eggs, to be exact.

Last week O. S. Anderson registered with an egg 6 1/4 by 7 3/4 inches. Comes now W. P. Howard, he being proud of the product of his cornish games, having in hand one egg measuring 6 by 8 inches. He has Anderson bested on length over end, but falls slightly short on the round measure. We are tempted to fudge for Mr. Howard on account of his having given the writer the egg. Mr. Anderson carried his egg off to show and brag around town. Anyhow, who can beat both these records?

AMARILLO WILL BUILD RADIO POLICE STATION

Work on the police radio station in Amarillo which will serve the entire Panhandle area will be started immediately, Amarillo officials have announced.

Waivers on the wave length for the station have been signed by all cities and counties in the area, removing the final barrier.

The present Amarillo police station will be enlarged and amplified to serve the entire Panhandle. The city of Amarillo will maintain the station, and all officers in the Panhandle will be offered its services.

The move is expected to be a valuable aid in law enforcement in this area, as such stations in other sections have been operated with excellent results.

All officers in the area who wish may install short wave radios in their cars and offices to receive all broadcasts from the Amarillo station. The officers will also be able to telephone descriptions of wanted men, stolen cars and other goods, etc., to the central station for broadcasting over the area.

O'Daniel Hits At Defense Program

AUSTIN.—Gov. W. Lee O'Daniel said at a national defense banquet, given by the Austin American Legion post last night "we should devote a great deal of time to building up our great state instead of worrying about countries coming over here."

"It is great to be governor," he said, "because so many things are happening. I have cancelled my subscription to the comic page. There is nothing funny there; it's on the front page."

"I don't think we are near war. We hear a lot of howling in Europe but they aren't going to do us any harm over here. It's time we did something for the common man who is not able to make a living because of the results of the last war and special legislation."

HENRY TICE CRITICALLY ILL IN HOSPITAL

Taken ill late yesterday, Mr. Tice consulted his physician. About 2 a. m. today, he was seized with severe vomiting of blood and was rushed to Adair hospital. His physician advised a blood transfusion. There was no time to wait. His physician supplied the blood as a means of saving the patient's life. Relatives have been called to the bedside of the sick man. His many friends are gravely concerned over his condition.

Smallpox Scare Is Most Over Except Sore Arms

WIDOW OF LOCAL PIONEER DIES IN INDIANA

Word was received here this week of the death of Mrs. Emanuel Dubbs in Milford, Indiana a few days ago. Her late husband, the Rev. Emanuel Dubbs, was the first judge of Wheeler county, served Donley as county treasurer, and was a prominent minister in the Christian church. He resided here until after the death of his first wife. He then went to live with his brother's family in Milford. After the death of his brother, he married his brother's widow, the lady who died recently. She was ninety years old.

JOHNNY LOTT IMPROVING

Confined to an Austin hospital for several days following an attack of pneumonia, Johnny Lott was returned home the last of the week. A son of Mrs. John Lott, formerly of Clarendon, Johnny is now on the high road to recovery. He is employed as bookkeeper at the construction camp of Marshall Ford Dam near Austin.

BARBERS WANT PRICE-FIXING LAW FOR HIGHER PRICES

A barber bill now before the Legislature would increase hair cuts and shaves in many places, it is said. The bill would provide a penalty for any barber charging less than 40 cents for a hair cut and two-bits for a shave.

The City health office estimated today approximately 200 white and 44 negroes received Red Cross sponsored charity vaccinations during the recent smallpox epidemic.

Only a small portion of the 200 whites were adults, physicians administering the vaccine said.

Through the sale of vaccine points, it is believed at least 1,500 persons in this vicinity received vaccinations during the fluery.

With no new cases reported this week, local physicians held hope last night that the disease was checked. The total number of cases reported to the city health office were only nine.

So widespread was the vaccinations in local schools, around 200 pupils were reported absent Tuesday, suffering from sore arms.

All local physicians cooperated with the local Red Cross in vaccinating persons financially pressed. Supplied the vaccine by the organization, doctors rendered their services free.

Rules Announced For Play Contest

Miss Marie Waters of Giles, director of the one-act play contests in the interscholastic league contests in this county, announces that the rules have been definitely decided upon by her committee.

Those interested in this contest, may secure copies of the rules from Miss Waters.

PANHANDLE PRESS ASSOCIATION

GOVERNOR AGAINST WASTE.

Every time Governor O'Daniel takes a fling at wasteful extravagances in public affairs, crooked politicians get down the code book of greed and look up the schedule of escape. The Governor, being human, will make mistakes, but the people from the forks of the creek are with him and for him. Don't forget that. And another thing! The Governor is going to find out that a whole lot of newspaper folks are backing him to the limit hoping for better days for Texas and her people.

WAYS AND PROBLEMS OF HUMANITY.

Today the flag in front of the post-office is proudly waving in a brisk wind. What a close companionship seems to exist between the flag and the wind. A flag is a symbol of a group of people who have developed

themselves to a point where they have a nation with principles of behavior agreed upon, and laws arranged to enforce the agreements if force becomes necessary. Our symbol today is a comrade of the winds that race across fields to rustle humble blades of fodder, to play in the eaves of humble cabins and whistle in high glee along the cornices of mansions of the wealthy. Nature may tear the flag to shreds, cast it to earth's bosom to lend its decay to the growth of flowers, trees and other vegetation that go into the sinews of man.

With the legislature in session, may they keep just such common things in mind, being aware at all times that, while this is an age of great scientific progress, the way of the average man still is a very common way. He still has to get out and face the wind and the weather, and

be a companion of dust, sand and stubble. In our state, during recent years, we have built marvelous superstructures, and made a great show of accomplishment, but when the earth is shaken by our stumblings, the super-structures tremble, and debris falls upon dreams and bruises the hopes of those who still are walking the common ways.

Therefore, when a legislature assembles to decide what may be done for the common weal, it should keep constantly in mind the facts: The problem of America today is not to build more skyscrapers, how to build more stately mansions plastered with a mortgage, but how to keep well and thriving and blessed with content the rural sections, small towns and villages nestling among the hills or as a vanguard of stately sentinels upon the far-flung frontier of high plains of West Texas. Some day, even now, we need to be smart enough to stop the exodus from the outlying districts towards the populous centers, or suffer the consequences of future depressions when our people who have gotten away from the soil will be dwelling in cities massed helplessly while factory doors are closed to them.

When America really wakes up, it will see to it that no obstruction is placed in the way of home ownership, or home improvement that legally can be removed. Too many hidden forms of taxes make taxpaying on a home practically impossible. It would be better for the state to subsidize the painting of houses than to penalize such enterprise by imposing additional tax burdens. Paint is but a preservative and a new roof is not an addition.

So I hope that among the members of the two houses of the legislature recently assembled at Austin, that there will be many who know that the really important task in life is to lend worth to commonplace things. Life is something to be lived, and not raced through fretfully, spurred constantly by desires which, if realized, leave only a deadening sense of frustration. The smoky cities are clogged today with frustrated people. Legislation in the past has been nearly all in favor of big corporations, while the common citizen has been taxed almost beyond endurance. Protect the homeowner, prosper him by giving him a chance to exercise his initiative, and Texas - - - yes the Nation - - - will soon become a much better place in which to live.

PRIZES OFFERED FOR GHOST TOWN HISTORIES

REFUGIO, Feb. 11.—Hobart Huson, state president of the Sons of the Republic of Texas, Saturday announced three prizes are being offered this year to students of high schools who submit the best essays or histories on ghost towns of the Republic of Texas. First prize will be \$100, second \$30, and third \$20, and the contest will close June 1st. Entries will be submitted to school principals.

J. C. Harris of Claude was in town Tuesday.

SOME DISTRIBUTION

From the Western Newspaper Union offices in Chicago comes a story about setting type out of a barrel. The story was reported in the Mulberry (Ind.) News by Donald Clark, who with Ray Clark, editor, and son Robert heard it in Chicago. It was told that:

"A tramp printer wandered into a small country town down south one day and was amazed to find a young man laboriously setting type out of a barrel. He poked around into the barrel, half full of type, until he found each letter wanted, and placed it in the proper position in his typesetting stick. After watching for some time, the tramp printer exclaimed:

"By gum, I've been in just about every country-newspaper office in this country, but this is the first time I ever saw anybody set type out of a barrel. Isn't it pretty slow going—take you a long time to get the paper out?"

"'Yep,' grunted the young typesetter, 'takes a hell of a long time to set up all the type, but goddammit you ought to see us distribute it!'"

VISITS NIECE IN COLLEGE

Miss Anna Moores of the Farmers State bank returned Tuesday from Waco where she visited her niece, Miss Anna Moores Swift. Miss Moores saw the season's college play, "Idiot's Delight" while there. She stopped off in Dallas for a short visit with friends.

SPEAKERS For NORTH PLAINS EDUCATION MEET NAMED

Geo. W. Kavanaugh said today the program for the division of county superintendents and board members of the Panhandle Plains educational meeting in Canyon, March 10 and 11, had been completed.

Kavanaugh, secretary of the association, advised that principal speakers will be G. B. Wilcox, College Station who will talk on rural school legislation and Robert J. Garner who will address the assembly on "making better county schools."

Earl Tollett of Hedley had business here Tuesday.

A Three Days' Cough Is Your Danger Signal

No matter how many medicines you have tried for your common cough, chest cold, or bronchial irritation, you may get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel germ-laden phlegm.

Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained. Creomulsion is one word, ask for it plainly, see that the name on the bottle is Creomulsion and you'll get the genuine product and the relief you want. (Adv.)

back to the brush heap style of face adornment again. Women escaped the echo, and the men escaped cockleburrs and no end of other forms of pests.

Then there was the old boy who couldn't be made to interest himself in posterity simply because "posterity hadn't done anything for him."

We Might Ask 'Em.
There is a big debate going on in the Kansas legislature right now over the sales tax. The republicans licked the sox off the democrats last November when they promised to repeal the sales tax. Now the cockeyed public demands a repeal of what they term is a "tax on poverty."

If Texas gets a sales tax this session, will she go republican two years hence? That's something for the boys to think about down at Austin.

The average man is just as easily taken in as the average girl is taken out.

Ingenuity of Man.
A man landed near town during the high wind Sunday. Being a stranger in these parts, a conversation elicited the information that he was "blown up" at Dalhart and had landed in old Donley. One old boy blurted out that: "Say, mister, you must be a brave man to land with a parachute a day like this!" And the stranger replied: "Parachute, hell! I went up in a tent!"

Another thing! A man with four or five children can get along very well provided they are all born at the same time.

Ima Fizzle says "grandfathers don't seem to be what they used to be—and never were."

Just about the time the President thought he could see through Senator Glass, he was overtaken by a political fog.

Member back yonder when you had to jack up her hind leg and pour

boiling water over the manifold to get the old family bus started. The smarter ones blessed with a long hill, always stopped her pointed down grade. A shove and then throw her in high generally got the job done.

Strong Advice!
They tell me that when you see an auto with bent and flappy fenders, it's best to give it as much room as you would a rattlesnake.

Overlooked, Perhaps.
The Dallam county wind erosion conservation district recently missed a 3-row lister. We thought Amarillo moved all that junk down home several months ago.

"Conductor: How many do you have in that berth?"

Editor: Only one. Here's our ticket."

Definition.
A hillbilly is a fellow who has never attended a gin party in his pajamas.

This congressional mania has advanced almost to the point of poison or a bomb. We've got to have something to run for, ain't we? Thanks a lot to the Right Honorable David M. Warren of the Panhandle Herald for one of his "many" nominations.

Governor O'Daniel has about come to the conclusion that politicians were given two hands so that they might stab you with one, while patting you on the back with the other.

Donley County Leader, \$1.50 a year

MARTIN
By Mrs. J. H. Helton

We had a real nice crowd at Sunday school and church Sunday. Bro. Anding delivered the sermon. We also had church Sunday night. Fern Helton spent Sunday with Jeraldine Jordan.

Mr. and Mrs. J. M. Acord and Raymond Wood took dinner Sunday at Lark with Raymond's parents, Mr. and Mrs. J. D. Woods.

Mr. and Mrs. C. F. Brown visited Sunday with the lady's parents, Mr. and Mrs. Nealey Veazey.

Mr. and Mrs. Buck Parker visited Sunday with Mr. and Mrs. Bell of Ashtola. Mr. Ray Chestnutt is improving

after several weeks illness. Mrs. J. H. Helton, Francis June and Frankie Jean spent awhile Sunday visiting Mrs. Hodges and Mrs. Roberts.

Mrs. Fred Helton visited Monday in the J. H. Helton home and with Mrs. Buck Parker.

Nearly everyone out our way are being vaccinated for the smallpox. Some of them are real sick and having to stay in bed.

Mr. Heathington have moved from our community to Clarendon. We are wishing them prosperity in their new home.

Mr. and Mrs. Buck Calhoun and children of San Antonio are visiting in Clarendon.

Mack Butler had business in Childress Sunday.

HEREFORD TO BE HOST TO 18th LEGION DISTRICT

The Clarendon Aubyn E. Clark post of the American Legion and the local Legion Auxiliary have been invited to attend the monthly meeting of the eighteenth district as guests of Post 192 of Hereford, Tuesday, February 18th.

The theme for the meeting will be "Americanism" and a feed, dance and Charlie's Hour, are listed for entertainment.

Billie Nell Warren has been confined to her home this week with illness, but is improved at this time.

Mrs. J. Perry King and her sister and husband, Mr. and Mrs. Fain of Amarillo are visiting relatives at Balinger.

TEMPLE OF TRUTH
By the Apostle

A controversy down through the ages has finally been settled by Judge Arnold R. Merchant of Spartanburg, S. C. His nibs told the folks in his court recently just how to tell when a guy is tipsy, giggled, foxy and what have you. The judge told the jury that: "A person is drunk when the liquor instead of the person begins to act and takes over."

Disgracing the Bench.

Since we are on the subject of judges, what makes a judge issue an injunction preventing state officials from performing their sworn duty? And again! Why have laws? Or should we reverse the question and ask why have judges? If the judge is not on the side of law enforcement, the state really has no use for his kind of services. Then why not get rid of him? Texas has had all too much of this tommyrot the past few months. Nobody has mentioned money yet.

Female Ingenuity.

Women are not only persistent, but they are smart. For hundreds of years they had to endure the old man's snoring. That was in the days of the chin whiskers which made the snoring worse—the racket echoed through the forest of hair rope something awful. Well the women got the smooth face pad started and the old man never, never will go

DOCTORS WARN AGAINST COUGHS THAT POUND DOWN RESISTANCE

Constant Hacking From Colds Brings on Dangerous Illness

Doctors, faced with grim facts, warn that coughs, due to colds, which pound down resistance with their constant hacking often bring on dangerous illness, even pneumonia. Why take chances when Mentho-Mulsion is made for just such a cough? Mentho-Mulsion is a special combination of eight ingredients

that have been used for years in the treatment of coughs and simple bronchial irritations.

Phone your druggist at once! Note how the first dose of Mentho-Mulsion clears the congestion of your nasal passages and aids nature in expelling the phlegm from the throat and the irritation from the chest.

Mentho-Mulsion, now only 75c, is sold and guaranteed by good druggists everywhere.—adv.

MISS DOROTHY DALE POWELL BECOMES BRIDE OF ROBERT EARL LINDER

Miss Dorothy Dale Powell became the bride of Robert Earl Linder at nine A. M. Sunday at the Methodist Church with Rev. H. C. Gordon officiating. The bride is the daughter of Mr. and Mrs. C. C. Powell of this city.

A costume suit of dusty pink wool was worn by the bride, who was given away by her father. The suit was fashioned on straight fitted lines with the loose top coat and accented by violet accessories. She carried a nosegay of deep-hued violets.

The bride's sister, Miss Mary Frances Powell, was maid of honor. Her frock was of beige crepe and she carried a bouquet of sweet peas. Ralph Sanders of Enid, Oklahoma, attended the groom as best man. Ushers were Wesley Powell, brother of the bride, Ardis Patman, Charles Murphy and Lenton Mahle of Canyon.

The altar, embanked with ferns and vases of stock and snap-dragon, was lighted by tall white tapers burning in the brashed candelabra. Preceding the bridal march, Miss Peggy Word sang Oh Promise Me to the accompaniment of Mrs. Millard Word at the pipe-organ. During the ceremony Mrs. Word softly played Traumeri.

Mrs. Linder is a graduate of Clarendon Junior College and attended W.T.S.C. in Canyon. She was active in both social and business affairs of this city and while in Canyon was a member of Gamma Phi, social sorority, and was secretary of Beta Sigma Phi, business sorority.

Mr. Linder is a graduate of W.T.S.C. in Canyon and is a member of the Floydada high school faculty. Following the ceremony, a lovely breakfast was held at the home of the bride's parents, Mr. and Mrs. C. C. Powell. The table was laid with a lace cloth and was centered with a two-tiered wedding cake decorated with the bride's colors of orchid and pink. The color scheme was further carried out by tall pink candles and a bowl of orchid and pink sweet peas. A delicious three-course breakfast was served to the following guests:

Mr. and Mrs. Robert Linder, Vivian Taylor, Helen Louise Green, Peggy Word, Joan Thompson, Dorothy McCormack, Rosa Lee Grady, Jeanne Bourland, Ruth Cornell, Mary Frances Powell, Mr. and Mrs. John McLean and George of Hereford, Mrs. Maude McClung and Mary Beth, Mr. and Mrs. Perry Powell and Joan, and Adele Hays all of Amarillo. Mrs. Tommie Monfort, Miss Angie Smith,

and Lenton Mahle of Canyon; Ralph Sanders of Enid, Oklahoma; and Hollis Bledsoe of Westbrook, Texas; Ardis Patman, Wesley Powell, Charles Murphy, and Mrs. J. R. Porter.

HIGH SCHOOL JUNIORS SENIORS BANQUET

The annual Clarendon High school Junior-Senior banquet was held at the home economics room at the school Tuesday night. Neal Thompson, senior class president, acted as toastmaster.

The entire program carried out the Valentine theme with Thompson dressed as a comic Valentine, Billy Latson as Saint Valentine.

Valentine songs were sung and a music school was held in which participants were asked to name different love songs.

Included on the program was Junior Spier who toasted the seniors; Rebecca Eanes who toasted the juniors; Joan Smith, a toast to the faculty and the response by Superintendent H. T. Burton.

Ruezell Ryan gave a vocal solo accompanied by June McMurtry.

Following the banquet, Miss June McMurtry was hostess to the classes and invited guests at a dance at the home of her parents, Mr. and Mrs. J. L. McMurtry.

MCDOWELL CLUB MEETS TUESDAY AFTERNOON

The McDowell Club met with Misses Ida and Etta Harned at their home Tuesday afternoon.

The roll call was answered with members commenting on negro composers and after a short business session, Mrs. Marvin Warren gave a short talk on negroes in the musical world.

Included on the program was a piano selection by Mrs. L. E. Thompson and a vocal solo by Mrs. J. F. Heath.

Choral practice was held before adjournment.

Members present were Mesdames L. E. Thompson, J. Frank Heath, Alen Bryan, Frank White Jr., Bill Johnson, J. H. Howze, Ed Dishman, Tom Goldston, Millard Word, Lee Bell, Marvin Warren, H. R. Beck, George McCleskey and Misses Anna Moores and the hostesses.

BAPTIST W. M. S.

Mrs. J. T. Warren gave the devotional to open the program of the First Baptist Woman's Missionary Society, Wednesday, at the church.

The general subject, Prayer, was discussed from various angles by Mrs. A. T. Cole, Mrs. A. W. Simpson, Mrs. Vinson and Mrs. W. M. Gray.

Lovely refreshments were served to seventeen ladies.

MRS. C. H. BUGBEE IS HOSTESS TO BRIDGE

Mrs. C. H. Bugbee entertained with a lovely bridge party at her home Tuesday afternoon.

In the games Mrs. Harry Rhoades won high with Mrs. F. E. Chamberlain being awarded consolation. Cut prizes were given at each table and were won by Mrs. W. H. Patrick, Mrs. A. L. Chase, Mrs. C. T. McMurtry and Mrs. Wesley Knorpp.

Dainty refreshments, carrying out the Valentine motif were served to Mesdames L. S. Bagby, W. H. Patrick, C. T. McMurtry, John Blocker, Bert Officer, Sella Gentry, J. T. Sims, Eva Rhode, A. R. Letts, J. T. McMurtry, George Ryan, A. L. Chase, W. C. McDonald, F. E. Chamberlain, Odos Caraway, Wesley Knorpp, Harry Rhoades, C. G. Stricklin, Harry Rhoades, C. C. Powell, W. H. Martin and Miss Mary Cooke.

PRE-NUPTIAL SHOWER GIVEN MISS POWELL

Mrs. J. R. Porter, Mrs. Homer McElvany, Misses Vivian Taylor, Helen Louise Green, and Rosa Lee Grady honored Miss Dorothy Powell with a pre-nuptial shower at the home of Mrs. Porter Thursday afternoon from three to six.

The guests were received at the door by Mrs. Walter Taylor and Mrs. C. C. Powell, mother of the bride-elect. The Campfire troop of which Miss Powell was guardian assisted the hostesses in serving and furnished music and readings thru-out the afternoon. A poem written by Mrs. J. T. Patman was read by Mrs. U. J. Boston and Miss Helen Louise Green.

Tiny white wedding bells tied in the chosen colors of pink and orchid were given as favors. Bouquets of orchid and pink flowers decorated the house. The table was laid with a lace cloth centered with a bowl of sweet peas and surrounded by tall pink tapers.

Miss Powell received many lovely gifts from the approximately one hundred guests who attended the affair.

MOTHERS STUDY CLUB

The Mothers Club met at the Club Room Tuesday afternoon with Mrs. Alvin Landers and Mrs. J. H. Howze as hostesses. Mrs. Geo. Norwood presided at the business meeting.

Mrs. Jack Molesworth was leader of the program and gave a very interesting article on "Mothers Make Sissies." Followed by Mrs. Geo. Norwood on "What Kind of Parent Love is Yours?"

A lovely refreshment carrying out the Valentine suggestion was served to Mesdames Paul Smithy, Tom Murphy, Jack Molesworth, Frank Hommel, Alfred Estlack, W. T. Warner, Clyde Douglas, Cap Morris, George Norwood, Henry Tatum, Elvis Burch, Regan Bryan, G. G. Reeves and hostesses, Mrs. Alvin Landers, and Mrs. J. H. Howze.

BLUE BONNET CLUB

Mrs. W. H. Patrick entertained Blue Bonnet Club with a one o'clock luncheon and bridge at Mrs. Bigger's on Thursday.

Pink roses in crystal bowl, place cards and favors were white shell swans, holding an air plant, and brought from Florida by the hostess. Mrs. A. R. Letts won high for club. Mrs. Ellis won high for guest. Mesdames Jim McMurtry, John Blocker, Bigger, won low at each table.

Those present were Mesdames John Blocker, R. L. Bigger, F. E. Chamberlain, J. L. McMurtry, C. T. McMurtry, A. R. Letts, G. A. Ryan, Jack Molesworth, James Trent, Chas. Bugbee, T. H. Ellis, C. G. Stricklin.

KILL KARE KNEEDLE CLUB

Despite the awful sandstorm Thurs. the needle club met at the home of Mrs. J. R. Bartlett in the usual meeting. After enjoying a pleasant afternoon in visiting and chatting, Mrs. Bartlett, hostess, served a lovely plate luncheon to the following guest, Mrs. J. D. Swift; club members, Mesdames Lon Rundell, H. C. Brumley, W. A. Massie, W. A. Land, Buel Sanford, Homer Mulkey, J. Perry King, Frank White, Sam Lowe, E. M. Ozier, Cap Lane, and Misses Ida and Etta Harned.

COMING MARRIAGE OF MISS MARGARET KELLY AND MR. WALTER KNORPP ANNOUNCED

Announcements were received this week of the approaching marriage of Miss Margaret Kelly to Walter Knorpp, both of this city, to take place at the St. John Episcopal Church in Clarendon, Saturday, February 18th.

Miss Kelly is a student in the University of Texas, Austin, and before enrolling in the state school attended Hockaday school in Dallas. She is the granddaughter of Mrs. B. W. Chamberlain of Clarendon.

Mr. Knorpp is the son of Mr. and Mrs. Wesley Knorpp of Clarendon.

MRS. J. D. SWIFT ENTERTAINS WITH TEA

Mrs. J. D. Swift entertained with a lovely tea Friday afternoon at her home complimenting Miss Dorothy Powell, bride-elect, who was married Sunday to Mr. Robert Linder of Floydada.

The guest rooms were beautifully decorated with potted plants. Mrs. U. J. Boston read a history. Miss Vivian Taylor poured tea when salad cookies and tea were served to the guests, Misses Dorothy Powell, Rosa Lee Grady, Helen Louise Green, Jeraldine Pratt, Ruth Cornell, Jean Bourland, Dortha Watson, Vera and Eugenia Noland, Vivian Taylor and Mrs. U. J. Boston.

Each guest brought a useful gift for the kitchen.

FRIENDSHIP CLUB

Mrs. J. E. Mongole and daughter Mabel were hostesses to the Friendship Club Tuesday afternoon at the Mongole home.

Mrs. L. Ballew presided at the business meeting in the absence of the president. The remainder of the afternoon was spent in fancy needle work and conversation.

A plate luncheon was served to Mesdames H. Tyree, Allene Skinner, C. E. Lindsey, J. A. Meaders, Glen Williams, U. P. Absher, M. E. Thornton,

J. D. Stocking, Miss Katie Meaders; visitors, Mesdames Massie, Morrison, Miss Emily Enn Smith.

The next meeting will be with Allene Skinner at the home of Mrs. C. R. Skinner at the regular date.

1937 BRIDGE CLUB

Met with Mr. and Mrs. Gilmer Ayers Tuesday evening at their home.

The Valentine motif was used in tallies, plate favors and refreshments.

A lovely two course refreshment was served before the games. Mrs. Earnest Hunt won high score prize for ladies, Geo. Wayne Estlack high for men, and Earnest Hunt low.

Guests: Mr. and Mrs. Brooks Ches-shir, Mr. and Mrs. Earnest Hunt; members, Mesdames G. W. Estlack, Verna Lusk, Elmer Palmer, A. D. Estlack, and hosts, Mr. and Mrs. Gilmer Ayers.

BLUEBONNETS MEET

Eight girls were present when the Bluebonnet Girls met Thursday at the First Baptist Church.

We have one new member, Peggy Owens.

All read aloud the song "Forth in Thy Name O Lord I Go."

The study was about "Sammy Waxinsky."

The text was "As every man has received the gift even so minister the same one to another, as good stewards of the manifold grace of God." (I Peter 4:10)

Refreshments were then served. We were dismissed by Peggy Owens.

Reported by Ermagene Spencer.

MISS CLARA PEARL GATLIN MARRIES ELTON ROBERTS

The wedding of Miss Clara Pearl Gatlin to Mr. Elton Roberts at the home of the brides parents, Mr. and Mrs. C. A. Gatlin in McLean, Sunday was announced this week.

The bride was attired in Teal Blue dress with British tan accessories. She was attended by Mrs. Dick Jewell.

COUNTY AGENT EMPLOYEES HONOR MR. AND MRS. ELTON ROBERTS

Honoring Mr. and Mrs. Elton Roberts, members of the Donley County farm agent's office entertained with dinner at the H. M. Breedlove home Friday night.

Mrs. Roberts before her recent marriage, was Miss Clara Pearl Gatlin and was employed in the agent's office.

The dining table was lovely with

green tapers and a miniature bridal couple.

The guest list included Mr. and Mrs. Guy Durant, Mr. and Mrs. Joe Ritter, L. A. Hudson, Misses Vera and Eugenia Noland, and Mr. and Mrs. Elton Roberts.

METHODIST MISSIONARY CIRCLE MEET

Circle No. 1 met with Mrs. Chas. M. Lowry, eight members and three visitors being present. Mrs. Elba Ballew led in the lesson discussion.

Circle No. 2 met at the home of Mrs. R. Y. King. Eleven members were present. Mrs. Stewart was lesson leader.

Circle No. 3 met at the home of Mrs. A. B. Blanton with eleven members and one visitor present. Mrs. Nathan L. Cox leader.

JR. H. D. CLUB

Viola Bones was hostess when the Jr. H. D. Club met at the club room Thursday afternoon.

The meeting was opened with a prayer by Hazel Lusk.

A short business meeting was held and Dale Holland gave a Treasurer's report.

Mary Wallace demonstrated how to make a string rug.

Refreshments were served to Mesdames: Mattie Ballew, Jennie Burch, Lucille Chesshir, Dale Holland, Ruth Killough, Hazel Lusk, Alise McMah-an, Hattie Palmer, Marie Patterson, Virginia Schull, Mary Wallace, Janice Weatherly, hostess Viola Bones.

That being so, it follows that our own diet is not a good one. Yet this very diet is what Dr. Fishbein advises, and his advice must be accepted, for the simple reason that, as yet, there is no better. For both Eskimo and others the safest dietary advice still is, apparently, to eat what is "normal" to your own kind.

Erskine Butler, his mother, Mrs. W. O. Butler, and family spent Sunday visiting in Amarillo.

Moth-Proofing

No one takes more pride in her clothing than the woman because it means personal appearance. She takes the same degree of pride in protecting her garments. There is nothing more destructive to clothing than moths.

Men Have the Same Vanity

Every self-respecting man appreciates his personal appearance. He, too, dotes much upon moth protection.

Both of Them....

Know that Parsons Service means no odor, no dust or dirt, no fading and yet the Nap is restored to that appearance of newness. Clothing insurance may best be had at Parsons. Prompt service. Call 27 and let us assume the worry.

Parsons Brothers

Think!

YOUR home, furnishings, automobile and other possessions are valuable. They should be insured: not only against fire but every hazard that threatens. But think before you choose the type of insurance. There is a difference.

Consider this: 4 out of 5 property owners choose Capital Stock Company Fire Insurance because it provides definite protection at a known cost: because it is backed by financial surplus and capital stock as well as legal reserves: because it maintains local Agents for quick, courteous service when you're in trouble.

That's the kind of insurance YOU want! That's the kind of insurance WE supply.

Kelly Chamberlain

VISITORS TO IOWA HOME

After spending a few weeks here with her aunt, Mrs. O. L. Fink, Mrs. Heiden and sons Charles and Harry returned to Denison, Iowa Wednesday. They were taken to the train at Pampa by Mrs. Fink and Mrs. C. D. McDowell.

Mr. and Mrs. Kenneth Fink and son of Childress visited his mother, Mrs. O. L. Fink here Tuesday evening.

Slick Naylor, with his family of four interesting children, and Mrs. Naylor, visited relatives and friends here over the week end.

VISITS IN OKLAHOMA

Mrs. Cal Merchant returned home Wednesday after spending several days with Mrs. Virgil Merchant and children in Oklahoma City.

Mrs. Addierene Pharr and Miss Emma Ayers have returned from a visit with friends in Dallas.

Miss Nettie Sims, employed in the HOLC district, visited with her mother, Mrs. J. T. Sims over the week end.

Mr. Frank Heath and Mr. Wilton Grounds were in Dallas on business over the week end.

University Prof. Disputes Descent Of Human Animal

SAYS COMPARISONS SHOW DARWINIAN THEORY IS ON SCRAP HEAP

AUSTIN, Feb. 8.—The University of Texas anthropology museum has put man and the giant ape side by side and found the fallacy in the doctrine that man descended from the monkey.

Two skeletons, one of a Negro man, the other of a chimpanzee, are displayed in the museum on the top floor of Waggoner Hall. The differences between them are pointed out by museum authorities.

"The important difference between man and the great apes pertains mainly to the size of the brain

GREEN PALACE SHINE PARLOR

Next door to City Cleaners Specializing in Shining and Dyeing Shoes like you want them.

Johnnie Bates

and the locomotor habits," Dr. J. Gilbert McAllister, director, said. "Man is not 'up from the ape,' though in bone structure, muscles, organs and pathology, there is but a difference of degree not kind."

Listing some of the differences between man and the chimpanzee, gorilla or other ape, Dr. McAllister pointed out that man has a much larger brain, less facial protrusion, a pronounced chin, a flatter chest.

Man does not have interlocking canine teeth as do the giant apes, his cervical vertebrae do not "bristle," his spinal column has an "S" curve, his leg bones are longer and stronger, his pelvis is more basin-shaped, he does not have an opposable big toe.

More conclusive than anything else that man did not descend from the monkey, however, is man's culture, Dr. McAllister declared.

"It is this social heritage of language, beliefs, customs, morals, techniques, that marks the greatest difference between man and the giant apes," he said.

Both skeletons were reconstructed by Dan Bussey of Timpon, a University pharmacy student, as a National Youth Administration project.

Mr. and Mrs. Leonard Wilson of Spur were here Sunday visiting his brother, W. A. Wilson and wife.

Mrs. M. C. Reid is visiting her daughter in Borger.

Creeps, Rickets and "Hollow Horn"

By T. C. RICHARDSON, Secretary
Texas Breeder-Feeder Association

These troubles in livestock are what is known as "deficiency" diseases, caused by the lack of certain essential elements in the feed. Those who have green pastures and good legume hay need lose no sleep, for there is little danger of any of these troubles developing. The green feed supplies vitamin D, and legume hay, especially alfalfa and clovers, usually carries enough lime and phosphorus to supply the needs of the animal.

At this season of the year range cattle on dry pastures and other livestock receiving only dry forage, such as bundle sorghums, grass, sorghum hay and even some of the starchy grains, are liable to become anemic for lack of the minerals and vitamin D. Now sunshine is also a source of vitamin D but animals absorb it mainly through green feed and not through the skin, so we cannot depend on its ultra-violet rays alone

to keep them in health and vigor.

Dairy cows may fall off in milk for lack of lime and phosphorus in their rations in spite of having all the dry hay they can eat. The mineral deficiency is easily and cheaply supplied with lime and bone meal in the proportions of two to one. Lime is supplied in the form of pulverized limestone or oyster shell and may be mixed with bone meal in open troughs, or mixed with the feed. Only a fraction of an ounce a day is needed for cattle.

Mineral mixture for hogs are quite generally used, tracing back to the old practice of placing ashes and salt in the hog lot. There are several formulas, one of which can be had from your county agent or the agricultural college.

Many experiments in recent years have gone to prove that creeps and rickets, along with other less definitely recognizable troubles, are not true "diseases" but are due simply and solely to malnutrition and in these the malnutrition is a deficiency of essential minerals.

What we used to call "hollow horn," "hollow tail," and so on, was nothing more than lack of enough feed containing the necessary elements for health and vigor. After an animal reaches the stage of extreme weakness it is difficult to correct it, but if the minerals and vitamins are provided extreme cases seldom occur.

In some areas it has been found possible to increase the percentage of the calf crop and the calves are stronger at birth by the use of mineral-bearing elements in the feed. Cottonseed meal or cake carries some lime and phosphorus, and in some cases is sufficient for the purpose, but in the light of experience more and more livestock raisers are playing safe by adding lime and bone meal.

In very sandy soils and in the excessively leached soils in the heavy rain belt along the Gulf Coast, mineral deficiency is most serious. The "loin disease" which formerly caused heavy losses of cattle in the Gulf

Coast region was found to be nothing more than lack of minerals in the pasture grasses, and it has since been effectively prevented by feeding bone meal. The distinguished symptoms of "loin disease" is the habit of chewing bones. At first it was thought the cattle "caught" some sort of germ from the bones, but when the "bone hunger" was assuaged with bone meal the disease disappeared—also the bone-chewing habit.

The only "germ" or "microbe" in this and its kindred "diseases" is the germ of hunger for something that is missing from the feed. "Malnutrition" is the technical term, but in barnyard language it's merely "not enough of the right feed."

Personals

Mr. and Mrs. Fenn Bourland of McLean visited relatives here Sunday.

Mrs. Joveta Settle and daughter of Amarillo spent the past week with Mr. and Mrs. Walter Wilson.

Mr. and Mrs. Walter Hagler and small daughter, Mary Esther, of LeFors, spent the week end visiting her sister and husband, Mr. and Mrs. Marvin J. Warren.

Mr. and Mrs. Marvin Warren and Mr. and Mrs. Walter Hagler and daughter visited in Amarillo Sunday.

Mrs. Gerten of Clovis is visiting her sister, Mrs. Ira Merchant and mother, Mrs. Stegall.

Mrs. Fred Buntin is again at home after a health benefit visit in Mineral Wells.

Mrs. Florence Hvaas of Lubbock spent the past week here with her mother, Mrs. Lena Antrobus.

Mrs. Katherine Naylor of Monahans visited Miss Eula Naylor here the past week.

L. L. Wallace had business in Childress and Matador Wednesday.

Mrs. Flora Westmoreland and two daughters of Canyon spent the week end here with her parents, Mr. and Mrs. T. F. Gonnally.

Mrs. J. R. Gillham, who is attending West Texas College in Canyon, spent the week end here with her husband, J. R. Gillham, vocational agriculture teacher in the high school.

Miss Jessie Ingram of Amarillo spent the week end with her mother, Mrs. C. B. Ingram.

Mrs. Warren Johnson and Mr. and Mrs. Jim Light of Aberdeen were guests of Mrs. O. L. Fink Sunday.

Mrs. O. W. Latson visited her daughter, Mrs. M. D. Bently at McLean Tuesday.

THE VOICE OF THE PEOPLE

The following, written by John L. Riddell, assistant attorney general of Nebraska, appeared recently as a "guest editorial" in the York (Neb.) Republican. There is so much of true facts in the article to interest the general public, that the Leader passes it on to its readers.

"The country newspaper is the real voice of the people. The small town business man is the backbone of commerce, the farmer the basis of subsistence.

The country editor in daily touch with the merchant, farmer and man-on-the-street hears what the people think. That is freedom of speech. The editor puts these thoughts into print. And that is freedom of the press. Otherwise the great mass of the people would be inarticulate. They would have no voice. The country newspaper gives it to them.

"Is it effective? It was the farmer and small business man, making known his opposition to the NRA, through the medium of the country press, that rendered that oppressive act ineffective, long before the unanimous decision of the Supreme court consigned it to the ashcan.

"One need not bother to read a Gallup poll on any truly national question. If one has a digest of the editorials of the country press, it will be known before the poll is published what America is thinking and what the people are saying.

"No advertising subsidy or censored editorials in the country newspaper. Often the editor does not know how next week's payroll will be met. But somehow it is met and the voice of the people speaks on. Like Old Man River, it just keeps rolling along, telling day by day what America is think and saying.

"The country newspaper is the most American thing in America, because it is the voice of the people of America. When that voice speaks the world listens, and takes heed."

CALLED TO ABILENE

Rev. J. Perry King was called to Abilene Sunday to be with his brother who was seriously ill, and who underwent an operation there Monday.

Mr. and Mrs. Grover Heath, Mrs. Hershel Heath and Mrs. W. A. Land visited in Amarillo the last of the week.

TO FLY FOR UNCLE SAM

Kenneth Brown, who left here to attend the School of Mines at El Paso, will complete his studies there this spring. He will then take up government aviation training at the student flying field near Ft. Bliss.

Allen Bryan was in Amarillo Tuesday on business.

INDIAN MEDICINE MEN ARE HELPING PALEFACE DOCTORS

The office of Indian Affairs announced with a whoop of joy that the medicine man finally has decided to help the white doctor make medicine.

Hailing the cooperation as a great step in administering to sick Indians, officials said it was even more significant because it came from the Navajos—a deeply religious people.

Dr. Leo Schurr, of the Charles H. Burke hospital, Fort Wingate, N. M., helped bring it about.

Mrs. Rose Smith, an Indian, was ill with diphtheria. It was imperative that she be brought to a government hospital. But she wouldn't go. Lest the disease strike the whole tribe, Dr. Schurr and nurse Blanch Chance set out to bring her in.

They found her in the midst of a sort of community sing, held in a Hogan. The medicine man, John Vandever, was waving his feathers and making medicine.

At the sight of the white doctor, the Indian woman covered her head and refused to talk or be talked to. The doctor's pleas to the other Indians failed. He took the medicine man aside.

The medicine man wasn't enthusiastic.

Finally, Dr. Schurr had an idea. "You come, too," he said, "we'll give you a white gown like the white medicine men. We'll let you come into the hospital and be on equal footing with them."

It worked. If an Indian medicine man wants an operating gown, he can have one. He can even have a stethoscope and bring along his feathers. It's a means to an end.

Medicine men now are steering sick Indians to the hospitals.

Chester Martin, a former barber of this city, was down from Amarillo over the week end.

Mr. and Mrs. Frank Decker of Childress were here to attend the funeral service of Mr. John Potts Monday.

METHODIST CIRCUIT NOTES

J. G. Walker, P. C.

We enjoyed the day at McKnight Sunday. Had a mighty good service. The attendance not so large as we expected. Some sickness in the community and a big smallpox scare.

Some people are very easily scared away from church. The fear of a contagious disease is almost sure to get worse Sunday morning just before time to get ready to go to church. All the family maybe went to town Saturday, and stayed over for the picture show in the evening, and heard all about how the smallpox was being scattered. It would be awful to catch it at church, so they stay at home or go visiting; but by Monday morning the scare has worn away and pretty soon they are on the way to town. It is wise to use precaution against these dreaded diseases; but it is unwise to use it as an excuse and thus fool the preacher and try to fool the Lord.

Sunday evening we were at Bray and had a real good audience. More young people at Bray than any other point on Clarendon circuit, or at least they attend church better. We like to go to Bray, and we have been accused of braying when we go. Well, we confess that it is easier to bray than it is to preach, and some preachers bray when they think they are preaching.

We really wish we could spend more time at Bray. Would like to help train that fine bunch of young people for Christian service. We are going to do our best any way.

Next Sunday we go to Goldston. We are always glad when the time comes. Everybody talk church this week and fill the house.

Next Sat. at 11:00 a. m. the Presiding Elder will preach at McKnight and McKnight people will serve lunch and there in the afternoon the Second Quarterly Conference will be held—Come one, come all.

Mr. and Mrs. Frank Decker of Childress were here to attend the funeral service of Mr. John Potts Monday.

HUDGINS Mrs. S. M. Harp

On account of the cold and some sickness there were not many out to the social Friday night.

Mr. and Mrs. John L. Fowlkes and children of near Hedley were callers in the Harp and O. L. Jacobs home Sunday.

Mr. and Mrs. Ewing and baby visited in Brice Sunday.

Miss Audrey Perdue spent the last week with her brother J. C. Perdue and wife of Goldston.

Mr. and Mrs. Ed Talley and children were callers in the Jeff Talley home Tuesday night until bed time.

Mr. N. M. McGlone called on S. M. Harp Sunday night.

Mr. and Mrs. L. M. Putman made a business trip to Memphis Thursday. Ray Pierce and Sidney Harp spent Sunday with Bill Perdue.

Mr. and Mrs. Estil Goodjoan spent Sunday with Audrey and Dave Perdue.

Mr. and Mrs. William Meador and children spent Sunday with Mr. and Mrs. Jeff Talley.

Mr. and Mrs. O. D. Meador, Mr. and Mrs. John Perdue and Mr. and Mrs. J. H. Wood were callers in the Putman home Sunday afternoon.

Yvone Howerton spent Thursday night with Freida Putman.

Mr. and Mrs. Elmer Cheek entertained Friday night with a "42" party. Those present were Mr. and Mrs. Joe Woods, Mr. and Mrs. Layton Gillespie, Mr. and Mrs. Ed Murff, Mr. and Mrs. Charles Murff and Mr. and Mrs. Dewey Myers.

Zackie and Darleen Salmon visited their parents over the weekend.

Mr. and Mrs. Dan Dean and sons were in Memphis Monday.

S. E. Johnson and Harrison Hoover of Paloduro attended business here Monday.

Mrs. R. Sanderson and son, Luis and Loyce and Mary Gibson spent Sunday with their parents and grandparents, Mr. and Mrs. F. E. Gibson of Brice.

Mr. and Mrs. J. C. Bullock and son Clinton and daughter Mary Jo were in Memphis Saturday.

SKYROCKETS OPEN SPRING WORKOUTS

WELLINGTON, Feb. 15.—With five lettermen out to set the pace, thirty-three candidates for the Skyrocket football team of 1939 began regular workouts last week under coach John Williams.

Only four of these boys were in their regular starting line-up of the '38 games. Boyd Williams, who came to be recognized as one of the outstanding runners of this area, is the returning back.

Back for practice are end men Pete Moulton and George Stafford who were mainstays in the last year's line. Tackle Ed White is the other regular Regional starter returning.

Mr. and Mrs. F. L. Bourland and W. M. Bourland and son Jimmy attended the funeral of a cousin, Mr. Colbert, at Oklahoma City Saturday.

JOE WILLIAMS APPLIES FOR HIGHEST F. F. A. DEGREE

Joe Williams, president of the local chapter, made application last week for the American Farmer Degree in his F.F.A. work. Joe is vice-president of the Memphis F.F.A. District, treasurer of the Area I F.F.A., and holds the Lone Star Farmer degree. He has been outstanding in both F.F.A. activities and project work. Last year he was a member of the poultry team that won five straight contests; was high man in dairy product contest at Plainview; showed the grand champion pig at the local stock show, and

Pretty heroine Joan Fontaine meets handsome hero Louis Hayward in Edward Small's new film production, "The Duke of West Point," starting an engagement at the Pastime Theatre next Wednesday.

Five-Star Cast in New Film Romance

Capturing the behind-the-scenes romance, gaiety, adventure and excitement of life as it is lived at the United States Military Academy, Edward Small has lavished his talents of showmanship and entertainment on his first major film attraction for the current season—"The Duke of West Point," which comes to the Pastime Theatre on Feb. 22-23 for its premiere showing.

Headed by a cast which includes Louis Hayward, Joan Fontaine, Richard Carlson, Tom Brown and Alan Curtis, this romantic drama tells the story of young cadets who enter a different and difficult world when they become Plebes at West Point. Recording their ups-and-downs, their personal human dramas, their prides and prejudices, their hopes and dreams, the picture is unreel against authentic backgrounds which were photographed at West Point by a special camera crew.

Feeling that a picture of scope and importance deserved production values of first magnitude, Producer Small hired military and athletic experts to act as advisors throughout filming to insure absolute authenticity and accuracy in all sequences portraying the varied activities of those who actually are trained to become officers in the United States army.

The screen story for "The Duke of West Point" was written by Geo. Bruce. The production was directed by Alfred Green, and in the supporting cast are hundreds of extras who were given the same training as is afforded to real plebes during their first year at West Point. The film, which is released through United Artists, features a new song, "Hi There, Duke!" written by the well known song-writer Joe McKiernan, author of such hits as "Cuban Moon," "Now and Then" and "Grandada."

GINNERS HELP COTTON GRADES

COTTON SEED DRIERS FOUND IN MANY GIN PLANTS

Only 8.5 percent of the 1938 Texas cotton crop (up to December 1) was 7-8 inch in staple length as compared with 16.7 percent in 1937; 65 percent of the crop graded white middling or better in 1938 and 53 percent in 1937; and the average staple length increased by 1-32 inch.

Progress in the move to improve the quality of Texas cotton was seen in these USDA Bureau of Agricultural Economics figures by F. E. Lichte, cotton gin specialist of the Texas A & M College Extension Service.

Lichte has long contended that improvements in gin equipment cannot take care of sloven harvesting practices, and his annual report shows that there was a 10 percent increase in the amount of cotton picked and a corresponding drop in the percentages snapped, sledged, and gathered as bollies.

His figures show 71.7 percent picked, 24.4 snapped, 3 percent sledged, and 3.6 gathered as bollies in 1938 as contrasted with 61.5 picked,

30.5 snapped, .5 percent sledged, and 7.5 percent gathered as bollies in the preceding year.

The specialist said that most ginners were cooperating to the best of their ability in the move to improve the quality of Texas cotton, and noted that 18 seed cotton driers were added in 1938 to bring the total number in gins up to 285. Many ginners, too, slowed down their gins and ran on a loose roll, and that resulted in increased value of the cotton.

VISITS NEAR COAST

Home again after spending the delightful weeks in Mangum, Oklahoma, Wellington and with her daughter, Mrs. Edgar Brittain and family at Ironton, Mrs. O. L. Pink says she thoroughly enjoyed herself. With her were her niece, Mrs. Heiden and two sons of Iowa who are here for an indefinite visit.

YEARLY MOVING OF TENANT FARMERS COSTS \$16,444 IN DONLEY COUNTY

Year-end moves cost Donley county tenant farmers more than \$16,444 and that is only the beginning of the cost to them and to the general public, it was stated today by John E. Burch, county supervisor of The Farm Security Administration.

The supervisor estimated that 292 farm tenants of this county move every year. The actual cost is around \$57.00 per family, but the final cost to the tenant and to the public is much greater.

Most of the tenants who move could be stabilized through leasing methods which would encourage them to remain upon the same farm, Burch said, through the FSA flexible lease form now being distributed by his office.

There are about 729 tenant farmers in this county.

The supervisor said that tenant families move during the winter after the crops are harvested, which means that the movement is made at a time when the children must be taken out of school. "They not only lose several weeks of school; they often stay out for the remainder of the school year. When they go back to school they are likely to be discouraged," Burch concluded.

ASKS TRUCK LOAD LIMIT BE INCREASED TO 20,000

Senator Rogers of Edinburg introduced a bill in the Legislature Wednesday asking that the truck load limit be increased from 7,000 pounds to 20,000 pounds. The bill was referred to a senate committee on highways.

W. E. Hardin, long time resident and a mighty fine citizen, is confined to his home through illness this week. He is improving.

AUTO INDUSTRY GAINS SEEN FOR WORLD'S FAIRS

Better business ahead for all phases of the automobile business as a result of the auto-mobilization of America at the two great World's Fairs was forecast today by William R. Tracy, Vice President in Charge of Sales for the Hudson Motor Car Company.

"Cash registers all over the country will soon ring out the news that the greatest movement of population the world has ever seen is under way," Mr. Tracy said, "and the keys on the register marked new cars, good used cars, gasoline, tires and authorized service and parts will

W. R. TRACY
Vice President in Charge of Sales
Hudson Motor Car Company

ring up the majority of travel dollars for the nine million American families, four to a family, which experts predict will visit one or both Fairs this year.

Pointing out the magnetic influence of two great world's Fairs in a single year and their geographic accessibility to the great majority of the nation's motorists, Tracy declared: "1939 will probably go down in history as the 'year of the big trek' and, if the travel experts are right, there are also nine million reasons why this year should see better business throughout the automotive trade.

Don't consider bad weather, inconvenience and a dozen other vexing problems on wash day at home. Just know that it is—

TOM F. CONNALLY

1939 AAA Payments Improved Millions

Prospects for Texas farm income in 1939 are at least fourteen million dollars brighter now than on January 1, when the AAA estimated \$42,000,000 would be issued in "conservation payments" to farmers of this state who took part in the national acreage curtailment program of 1938.

The AAA now estimates such payments will exceed \$56,000,000, which is about \$22,000,000 more than the total of such grants in connection with the 1937 program.

George Slaughter, chairman of the Texas Agricultural Conservation Committee of the AAA, said 1938 conservation payments will be divided about as follows:

For compliance with acreage allotments for cotton, \$33,000,000; general crops, \$11,000,000; peanuts, \$100,000; wheat, \$3,600,000; and rice, \$400,000.

For additional soil-building practices—\$4,000,000; range program, \$3,750,000; to increase small payments, \$3,000,000; total, \$56,850,000.

Additional grants called "price adjustment payments" are slated for growers of cotton, wheat and rice, as soon as possible after plantings for the current season have been checked.

CLARENDON, DONLEY COUNTY, TEXAS, FEBRUARY 16, 1939

A Common Paper for Common People

COUNTY LEAGUE MEET DATE SET

The Donley County Interscholastic League meet will be held in Clarendon March 16-18, Director General Geo. W. Kavanaugh said today.

Supplementing the program this year will be the one act play contest under the supervision of Miss Marie Walters.

Although a program has not been drawn up, Kavanaugh said the entire meet—exclusive of basketball—would be held the night of Thursday, Friday and Saturday.

Literary events will open Thursday night.

CAR TAGS MUST BE BOUGHT IN COUNTY UNDER PENALTY OF \$200 FINE AND COST

Sheriff Guy Pierce today warned of our county registering of automobiles saying Donley County residents purchasing tags elsewhere are liable to a \$200 fine and cost of court.

Pierce said the higher courts of Texas have held that license plates bought in counties other than where the purchaser resided, are invalid.

This law will be vigorously enforced in Donley County, Pierce added.

License tags may be bought now at the tax collector's office, although they must not be attached until March 1st. The tags, however, must be attached before April 1st.

WHO PAYS PENSIONS

Half of each dollar, of course, was contributed by the Federal Government.

Of the State's share, liquor and beer taxes paid 48.8 cents of each dollar; cigarette taxes paid 48.3 cents; vending machine taxes paid 2 cents; amusements taxes paid one half cent. The balance, a fraction of a cent, came from interest on daily balances, and late collections from the now defunct race horse gambling taxes.

CLUB NOTES

A communication of greetings from Lion Oscar Jenkins was read and received with applause.

The action of the Directors in appropriating \$18.00 for the three Grand Champion Prizes for the Fat Stock Show; in designating the luncheon on the 2nd Tuesday in March as F.F.A. and 4-H Day with the F.F.A. and 4-H boys as guests; and in appointing a committee to endeavor to arrange with property owners and merchants so that the vacant store buildings in town be cleaned and provided with attractive displays in the show windows was ratified.

The further recommendation of the Directors that the former custom of the Club in placing the program as the first order of the meeting be re-established was also adopted.

As the program for the day, the members of the club who have been received during the past six months were given a long delayed initiation. Speeches, limited to one minute, were made by Lions Word, Payne, Mellinger, Walker Lane, Stewart. Fines aggregating over \$6.00 were remitted for value received.

Lion Brasswell then explained the set up of Lionism and presented other interesting facts about service clubs.

BABY LEFT IN ORPHANAGE IN 1916 WAS DAUGHTER OF CLARENDON GIRL

Donley County officers are attempting to trace the parents of a girl committed to an orphanage in 1916 and whose mother was supposed to have been born in Clarendon.

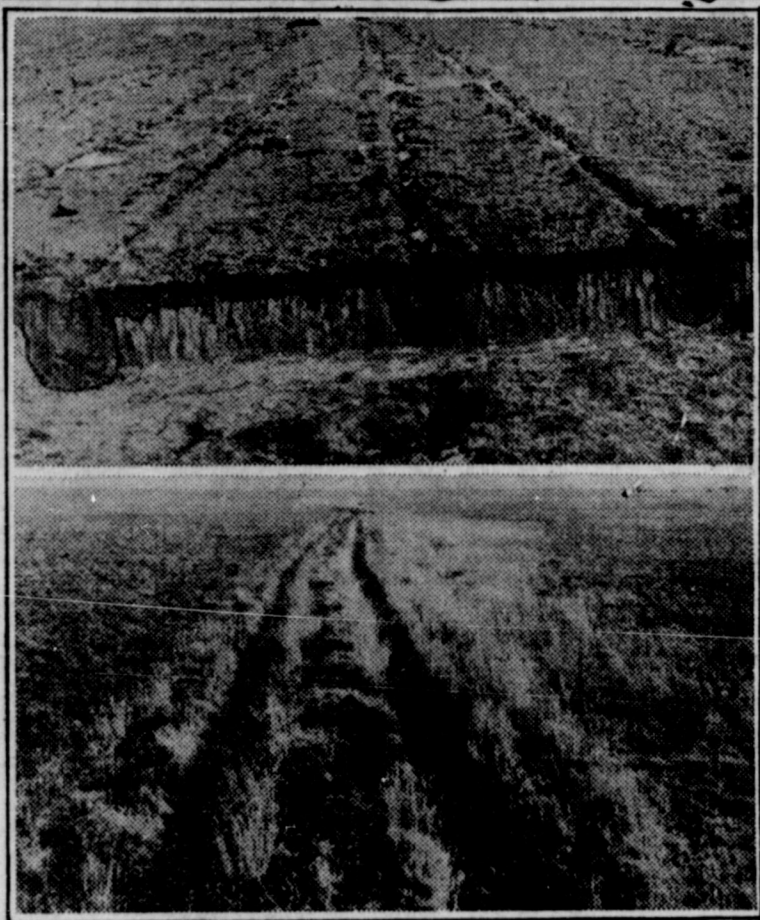

At the request of Tarrant County officials who received a letter from Ortha Wilson in Idaho asking for information concerning the parents, the local sheriff's department asks that anyone having knowledge of the persons call their office.

Only meager details were included in the letter which quoted to birth certificate as recording the mother's maiden name as Frances Simpson, born in Clarendon.

The father, Tommie Davis, according to the letter, was born at Fort Worth and the couple's abode was listed as Fort Worth.

Continuing the letter said "It seems they were separated and that was the reason the mother placed the baby in the orphanage in Pueblo, Colorado, where it was born in the fall of 1916. The father was a railroad conductor."

Conserved Water Aids Grass

Contour furrows and ridges catch and hold water where it falls so it can soak into the soil to become available for grass growth. In the upper picture a cross-section of a furrowed area is shown. The outlined dark area at the top shows the depth of moisture penetration. Observe that moisture has penetrated much deeper near the furrows. Bottom picture shows increased grass growth resulting from furrows in a Soil Conservation Service demonstration area.

MacDOWELL CLUB PRESENTS A CAPPELLA CHOIR AT COLLEGE

Because of the properly trained human voice is the supreme musical instrument and because the a cappella choir itself transcends in versatility the average glee club or chorus, the program offered by the Pampa High School A Cappella choir under the direction of Miss Helen Martin at the College Auditorium at 8 o'clock this evening, will be of widest interest to music lovers.

Miss Martin's group of forty-five musicians appearing in costume, is recognized as one of the leading a cappella choirs of the state, and offers a program that embodies all the peculiarly rich and beautiful qualities of a capella music.

'A Capella,' a term which means 'unaccompanied,' is applied to all choirs singing without instrumental accompaniment, but the real idea of the a capella choir transcends the literal meaning of the phrase because the choir does not sing unaccompanied—it accompanies itself. Music lovers in nearby sections will be delighted to hear this choir. The program begins promptly at 8 o'clock. There will be a small charge of ten cents for children and twenty-five cents for adults to defray the expenses of the members of the choir in coming to Clarendon. Ladies of the MacDowell club will serve lunch for the members of the choir.

FOUR CLARENDON JUDGING TEAMS TO COMPETE AT PAMPA

Four F.F.A. judging teams will compete in the annual invitation judging meet to be held in Pampa, Saturday, February 18th. Dairy, Livestock, poultry and dairy products teams will be entered. In 1938, the local group won first in livestock, dairy, and poultry contests.

Pete Morrow, Russell Morris, Frank Cannon, and Homer Hardin will make up the livestock team. Clyde Peabody, Bailey Estes, George Reeves, Ray Robertson and Lee Christie will enter the dairy event; Carl Morris, Gene Putman, Harice Green, and Junior Spier will represent the locals in poultry; and Johnny Leathers, Joe Williams, and Maschill Cole in dairy products. Howard Gibbs, Ray Bulls, and several other alternates will probably make the trip with the teams.

DONLEY COUNTY DAIRY TEAM WINS AT CLAUDE SAT.

In competition with teams from thirteen other schools at the Claude invitation judging meet, Saturday, the local dairy team placed first and the livestock group fifth. Clyde Peabody was high point man of the dairy contest, Geo. Reeves was second, and Ray Robertson was fifth. Bailey Estes was high alternate of the contest. Lee Christie also represented Clarendon as an alternate in the event. Canadian finished second, and Panhandle third.

In the livestock contest, Clarendon finished fifth with 1295 points to trail the third place team, Pampa by only ten points, and Miami, the winner, by 71 points. The local team was second high team in placings, but their reason grades lowered their ranking. Russell Morris was 6th high man of the contest, 5th in hogs, and 2nd in beef cattle. Pete Morrow and Homer Hardin were other members of the team, and Frank Cannon was alternate for the group.

HEDLEY LEGION ACTIVE

The Hedley American Legion announced a series of progressive projects for the new year. Reconditioning of the legion home and offering it as a community house, beautification of Rowe Cemetery, encouragement of Boy Scout work and other juvenile activities are among the major projects planned. Officers of the post are P. L. Dishman, commander; C. C. Cavender, vice commander, and A. T. Simmons, adjutant.

PANHANDLE MASONS VISIT CLARENDON LODGE

Many out of town Masons attended the Clarendon lodge Monday night as work in the third degree was being taken.

Visitors to make the largest gathering for several months, were registered from Groom, Panhandle, Borger and other points.

Following the work, refreshments were served.

LAST RITES FOR JOHN A. POTTS

John A. Potts, 65, who with three other men established Clarendon's first bakery about 1908, died suddenly early Sunday morning from a heart attack.

In apparent good health, Mr. Potts had worked all day Saturday retiring late Saturday night after playing with his grandchild. Death came about 2 o'clock Sunday morning.

Funeral services were held Monday afternoon at the First Presbyterian Church here with the Rev. R. S. McKee, local pastor, officiating. The Clarendon Masonic Lodge, of which he was a member, conducted the burial ceremony.

The majority of Clarendon business houses closed during the services to pay tribute to the man who, for almost 35 years, had been their friend and associate.

Mr. Potts came to Clarendon in 1905 from Clarksville, Texas, with the late L. S. Bagby and J. R. Tucker. The three formed a partnership with another man to establish a bakery. For the past 30 years he has been interested in the barbering business. At the time of his death he owned the Potts Barber Shop and formerly was a partner in the Potts & McGowan Barber shop.

Mr. Potts was born in North Carolina in 1873. He is survived by his mother, Mrs. Anna Potts and nine brothers and sisters of North Carolina; one daughter, Mrs. Floyd Lumpkin of Clarendon and two grandchildren, Jimmie Lumpkin and Billie Allen of Clarendon; another brother, Tom Potts and son, Ted of DeKalb, Texas, attended the funeral.

GOVERNOR SELECTS ABILENE MAN HIGHWAY HEAD

After the Senate refused to approve the appointment of Carr P. Collins as chairman of the State Highway Department, because he lived in Dallas, the Governor set about looking for a man from another section. Without consulting the man, or any one else apparently, the Governor Wednesday selected J. C. Hunter of Abilene. Hunter says he wasn't asked until nominated.

Hunter is an independent oil operator, president of the Abilene chamber of commerce, director of the West Texas chamber of commerce, a bank director, and trustee of Hardin-Simmons college. He formerly lived at Van Horn until moving to Abilene eleven years ago.

Hunter's confirmation is now up to the State Senate.

ATTEND MISSIONARY MEET AT McLEAN TUESDAY

Attending the coaching school for officers and superintendents of the Methodist Missionary Society at McLean were Mmes. H. C. Gordon, Nathan L. Cox, Victor Smith.

CROP AND FEED LOANS MAY BE HAD ON APPLICATION

Miss Ethel Harvey is in charge of the local federal crop and feed loan office located at the Clarendon grain company. The office is open every Wednesday afternoon.

STOCK SHOW PREMIUM FUND SHOWS INCREASE AS OPENING DATE NEARS

The finance committee of the Donley County Stock Show reported that they had raised over \$200 for the premium list for the annual show to be held here March 3rd and 4th. The committee set \$250 as the figure to be raised, and they expect to complete their work the early part of next week. This is the largest premium list ever set up for the spring show, but the show will be far larger than those in preceding years.

The lamb section of the show has more than doubled during the past year. In 1938, 16 lambs were shown. Six groups of five and a large number of entries in both the fine wool and mutton classes are expected to bring the total of lambs shown to well over forty. Carroll and Clyde Peabody, Frank Cannon, Bailey Estes, Harice and Billy Green, Bill and J. T. Alexander are each showing two or more lambs. In addition to those showing two or more, a number of 4-H and F.F.A. boys will show singles in the lamb division.

E. M. Regenbrecht, Extension Service Swine Specialist, will judge the swine division of the local show. Directors of the local show feel quite fortunate in securing Mr. Regenbrecht's services, as he judges the Swine Division of the Amarillo Fat Stock Show the following Monday.

WPA SANITATION PROJECT OK'D BY COMMISSIONERS

The Donley County Commissioners court Wednesday afternoon approved a WPA rural sanitation project and will act as co-sponsors with the state health department in erecting modern outhouses in outlying communities.

Under the set up, rural families wishing sanitary outhouses built may do so at a minimum of cost.

Recipients of the service must furnish material which may be scrap lumber suitable for the construction.

In contrast with general WPA programs, F. J. Von Luben, District Supervisor of Community Sanitation, pointed out that sponsors of the sanitation projects do not pay the usual 30 per cent of the cost.

Funds for the workmen come directly from the government and the only expense entailed by the sponsors is the hiring of a contact man to book the jobs, according to Von Luben.

To save the salary expense, Donley County's present plan is for every commissioner to act as contact man. They ask that anyone interested in the project, call their commissioner.

Mayor Connally To Be Candidate

The Leader is authorized to announce Mayor Tom F. Connally for re-election to the office of mayor this week. The election date is April 4th.

Mr. Connally succeeded W. H. Patrick September 1, 1938, both men having been appointed to the office successively.

Mr. Connally began his experience of 'mayoring' way back in 1913 when he served the city from that date to 1917. He again served his home town as commissioner from 1934 to 1936.

Coming into office the first of September, Mr. Connally inherited the gas rate controversy from his predecessor, and worked along the same lines as had Mr. Patrick. That plan was to ask the gas division of the Railroad Commission to adjudicate matters. In this he was shown every effort at cooperation, both with the state authorities, and the Attorney General.

Mr. Connally asks the further consideration of his people solely upon his record. When asked the date of the gas refund, Mr. Connally stated that the matter was solely in the hands of the Attorney General at this time, it being the duty of that department rather than local officials.

REUNION AT BULLS HOME WHEN CHILDREN GATHER

Mr. and Mrs. J. R. Bulls were made very happy Sunday when a number of their children came home. Those present were Mr. and Mrs. Able Hahn of Pampa; Mr. and Mrs. Ross Adamson of Hedley; Mr. and Mrs. Bransford Bulls of Wink, and Woodrow Bulls of Skellytown.

RURAL ELECTRIC LINE TO GET APPROVAL SAT.

WELLINGTON.—Contract for the construction of Green Belt Rural electrification lines will be let Saturday, Orval Couch, project superintendent, announced this week.

The contract includes approximately 40 miles in Donley County, from the Collingsworth County line to the city limits of Hedley.

The loan contract has been executed by officials of the association, and actual work will begin almost immediately after the contract is let, Carl C. Cox, project engineer, said.

One hundred and forty-six miles of lines will be built, serving 443 families. The allotment of \$131,000 for the work was approved by the rural electrification administration in Washington on Dec. 31st.

F. F. A. AWARD EXHIBIT

Ribbons representing approximately \$1200 in cash premiums won in the 1937 Tri-State Fair, the 1938 Donley County Fat Stock Show, the 1938 Amarillo Fat Stock Show, the 1938 State Fair Pig and Poultry Shows, and the 1938 Green Belt Poultry Show are now on exhibit in the south window of the Clarendon News building. Banners won in various contests are also on exhibit.

Several silver loving cups won by poultry, dairy, dairy products, newsprinting and other teams are being exhibited with the ribbon display. O. T. Ryan, Area supervisor of vocational agriculture, recently stated that the local ribbons exhibit was the largest and best that he had ever seen and that it was probably the best in the state. He stated that no other chapter had accumulated such an unusual record in show winnings in less than two years, the time represented by the local winnings.

ANDERSON IS HALF BEATEN BY W. P. HOWARD

Wrong again. That just goes to show what jumping at conclusions amount to. We are talking about eggs, merely hen eggs, to be exact.

Last week O. S. Anderson registered with an egg 6 1/4 by 7 3/4 inches. Comes now W. P. Howard, he being proud of the product of his cornish games, having in hand one egg measuring 6 by 8 inches. He has Anderson bested on length over end, but falls slightly short on the round measure. We are tempted to say Mr. Anderson carried his egg off to show and brag around town. Anyhow, who can beat both these records?

Smallpox Scare Is Most Over Except Sore Arms

WIDOW OF LOCAL PIONEER DIES IN INDIANA

Word was received here this week of the death of Mrs. Emanuel Dubbs in Milford, Indiana a few days ago. Her late husband, the Rev. Emanuel Dubbs, was the first judge of Wheeler county, served Donley as county treasurer, and was a prominent minister in the Christian church. He resided here until after the death of his first wife. He then went to live with his brother's family in Milford. After the death of his brother, he married his brother's widow, the lady who died recently. She was ninety years old.

JOHNNY LOTT IMPROVING

Confined to an Austin hospital for several days following an attack of pneumonia, Johnny Lott was returned home the last of the week. A son of Mrs. John Lott, formerly of Clarendon, Johnny is now on the high road to recovery. He is employed as bookkeeper at the construction camp of Marshall Ford Dam near Austin.

BARBERS WANT PRICE-FIXING LAW FOR HIGHER PRICES

A barber bill now before the Legislature would increase hair cuts and shaves in many places, it is said. The bill would provide a penalty for any barber charging less than 40 cents for a hair cut and two-bits for a shave.

AMARILLO WILL BUILD RADIO POLICE STATION

Work on the police radio station in Amarillo which will serve the entire Panhandle area will be started immediately, Amarillo officials have announced.

Waivers on the wave length for the station have been signed by all cities and counties in the area, removing the final barrier.

The present Amarillo police station will be enlarged and amplified to serve the entire Panhandle. The city of Amarillo will maintain the station, and all officers in the Panhandle will be offered its services.

The move is expected to be a valuable aid in law enforcement in this area, as such stations in other sections have been operated with excellent results.

All officers in the area who wish may install short wave radios in their cars and offices to receive all broadcasts from the Amarillo station. The officers will also be able to telephone descriptions of wanted men, stolen cars and other goods, etc., to the central station for broadcasting over the area.

O'Daniel Hits At Defense Program

AUSTIN.—Gov. W. Lee O'Daniel said at a national defense banquet, given by the Austin American Legion post last night "we should devote a great deal of time to building up our great state instead of worrying about countries coming over here."

"It is great to be governor," he said, "because so many things are happening. I have cancelled my subscription to the comic page. There is nothing funny there; it's on the front page."

"I don't think we are near war. We hear a lot of howling in Europe but they aren't going to do us any harm over here. It's time we did something for the common man who is not able to make a living because of the results of the last war and special legislation."

HENRY TICE CRITICALLY ILL IN HOSPITAL

Taken ill late yesterday, Mr. Tice consulted his physician. About 2 a. m. today, he was seized with severe vomiting of blood and was rushed to Adair hospital. His physician advised a blood transfusion. There was no time to wait. His physician supplied the blood as a means of saving the patient's life. Relatives have been called to the bedside of the sick man. His many friends are gravely concerned over his condition.

Smallpox Scare Is Most Over Except Sore Arms

The City health office estimated today approximately 200 white and 44 negroes received Red Cross sponsored charity vaccinations during the recent smallpox epidemic.

Only a small portion of the 200 whites were adults, physicians administering the vaccine said.

Through the sale of vaccine points, it is believed at least 1,500 persons in this vicinity received vaccinations during the fluery.

With no new cases reported this week, local physicians held hope last night that the disease was checked. The total number of cases reported to the city health office were only nine.

So widespread was the vaccinations in local schools, around 200 pupils were reported absent Tuesday, suffering from sore arms.

All local physicians cooperated with the local Red Cross in vaccinating persons financially pressed. Supplied the vaccine by the organization, doctors rendered their services free.

Rules Announced For Play Contest

Miss Marie Waters of Giles, director of the one-act play contests in the interscholastic league contests in this county, announces that the rules have been definitely decided upon by her committee.

Those interested in this contest, may secure copies of the rules from Miss Waters.

MEMBER OF
PANHANDLE PRESS ASSOCIATION

GOVERNOR AGAINST WASTE.

Every time Governor O'Daniel takes a fling at wasteful extravagances in public affairs, crooked politicians get down the code book of greed and look up the schedule of escape. The Governor, being human, will make mistakes, but the people from the forks of the creek are with him and for him. Don't forget that. And another thing! The Governor is going to find out that a whole lot of newspaper folks are backing him to the limit hoping for better days for Texas and her people.

WAYS AND PROBLEMS OF HUMANITY.

Today the flag in front of the post-office is proudly waving in a brisk wind. What a close companionship seems to exist between the flag and the wind. A flag is a symbol of a group of people who have developed

themselves to a point where they have a nation with principles of behavior agreed upon, and laws arranged to enforce the agreements if force becomes necessary. Our symbol today is a comrade of the winds that race across fields to rustle humble blades of fodder, to play in the caves of humble cabins and whistle in high glee along the cornices of mansions of the wealthy. Nature may tear the flag to shreds, cast it to earth's bosom to lend its decay to the growth of flowers, trees and other vegetation that go into the sinews of man.

With the legislature in session, may they keep just such common things in mind, being aware at all times that, while this is an age of great scientific progress, the way of the average man still is a very common way. He still has to get out and face the wind and the weather, and

be a companion of dust, sand and stubble. In our state, during recent years, we have built marvelous superstructures, and made a great show of accomplishment, but when the earth is shaken by our stumblings, the super-structures tremble, and debris falls upon dreams and bruises the hopes of those who still are walking the common ways.

Therefore, when a legislature assembles to decide what may be done for the common weal, it should keep constantly in mind the facts: The problem of America today is not to build more skyscrapers, how to build more stately mansions plastered with a mortgage, but how to keep well and thriving and blessed with content the rural sections, small towns and villages nestling among the hills or as a vanguard of stately sentinels upon the far-flung frontier of high plains of West Texas. Some day, even now, we need to be smart enough to stop the exodus from the outlying districts towards the populous centers, or suffer the consequences of future depressions when our people who have gotten away from the soil will be dwelling in cities massed helplessly while factory doors are closed to them.

When America really wakes up, it will see to it that no obstruction is placed in the way of home ownership, or home improvement that legally can be removed. Too many hidden forms of taxes make taxpaying on a home practically impossible. It would be better for the state to subsidize the painting of houses than to penalize such enterprises by imposing additional tax burdens. Paint is but a preservative and a new roof is not an addition.

So I hope that among the members of the two houses of the legislature recently assembled at Austin, that there will be many who know that the really important task in life is to lend worth to commonplace things. Life is something to be lived, and not raced through fretfully, spurred constantly by desires which, if realized, leave only a deadening sense of frustration. The smoky cities are clogged today with frustrated people. Legislation in the past has been nearly all in favor of big corporations, while the common citizen has been taxed almost beyond endurance. Protect the homeowner, prosper him by giving him a chance to exercise his initiative, and Texas -- yes the Nation -- will soon become a much better place in which to live.

PRIZES OFFERED FOR GHOST TOWN HISTORIES

REFUGIO, Feb. 11.—Hobart Huson, state president of the Sons of the Republic of Texas, Saturday announced three prizes are being offered this year to students of high schools who submit the best essays or histories on ghost towns of the Republic of Texas. First prize will be \$100, second \$50, and third \$20, and the contest will close June 1st. Entries will be submitted to school principals.

J. C. Harris of Claude was in town Tuesday.

SOME DISTRIBUTION

From the Western Newspaper Union offices in Chicago comes a story about setting type out of a barrel. The story was reported in the Mulberry (Ind.) News by Donald Clark, who with Ray Clark, editor, and son Robert heard it in Chicago. It was told that:

"A tramp printer wandered into a small country town down south one day and was amazed to find a young man laboriously setting type out of a barrel. He poked around into the barrel, half full of type, until he found each letter wanted, and placed it in the proper position in his typesetting stick. After watching for some time, the tramp printer exclaimed:

"By gum, I've been in just about every country-newspaper office in this country, but this is the first time I ever saw anybody set type out of a barrel. Isn't it pretty slow going—take you a long time to get the paper out?"

"'Yep,' granted the young typesetter, 'takes a hell of a long time to set up all the type, but god-almity you ought to see us distribute it!'"

VISITS NIECE IN COLLEGE

Miss Anna Moores of the Farmers State bank returned Tuesday from Waco where she visited her niece, Miss Anna Moores Swift. Miss Moores saw the season's college play, "Idiot's Delight" while there. She stopped off in Dallas for a short visit with friends.

SPEAKERS For NORTH PLAINS EDUCATION MEET NAMED

Geo. W. Kavanaugh said today the program for the division of county superintendents and board members of the Panhandle Plains educational meeting in Canyon, March 10 and 11, had been completed.

Kavanaugh, secretary of the association, advised that principal speakers will be G. B. Wilcox, College Station who will talk on rural school legislation and Robert J. Garner who will address the assembly on "making better county schools."

Earl Tollett of Hedley had business here Tuesday.

A Three Days' Cough Is Your Danger Signal

No matter how many medicines you have tried for your common cough, chest cold, or bronchial irritation, you may get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel germladen phlegm.

Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained. Creomulsion is one word, ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

TEMPLE OF TRUTH
By the Apostle

A controversy down through the ages has finally been settled by Judge Arnold R. Merchant of Sparta, S. C. His nibs told the folks in his court recently just how to tell when a guy is tipsy, giggled, foxy and what have you. The judge told the jury that: "A person is drunk when the liquor instead of the person begins to act and takes over."

Disgracing the Bench.
Since we are on the subject of judges, what makes a judge issue an injunction preventing state officials from performing their sworn duty? And again! Why have laws? Or should we reverse the question and ask why have judges? If the judge is not on the side of law enforcement, the state really has no use for his kind of services. Then why not get rid of him? Texas has had all too much of this tommyrot the past few months. Nobody has mentioned money yet.

Female Ingenuity.
Women are not only persistent, but they are smart. For hundreds of years they had to endure the old man's snoring. That was in the days of the chin whiskers which made the snoring worse—the racket echoed through the forest of hair rope something awful. Well the women got the smooth face pad started and the old man never, never will go

back to the brush heap style of face adornment again. Women escaped the echo, and the men escaped cocklebars and no end of other forms of pests.

Then there was the old boy who couldn't be made to interest himself in posterity simply because "posterity hadn't done anything for him."

We Might Ask 'Em.
There is a big debate going on in the Kansas legislature right now over the sales tax. The republicans licked the sox off the democrats last November when they promised to repeal the sales tax. Now the cock-eyed public demands a repeal of what they term is a "tax on poverty."

If Texas gets a sales tax this session, will she go republican two years hence? That's something for the boys to think about down at Austin.

The average man is just as easily taken in as the average girl is taken out.

Ingenuity of Man.
A man landed near town during the high wind Sunday. Being a stranger in these parts, a conversation elicited the information that he was "blown up" at Dalhart and had landed in old Donley. One old boy blurted out that: "Say, mister, you must be a brave man to land with a parachute a day like this!" And the stranger replied: "Parachute, hell! I went up in a tent!"

Another thing! A man with four or five children can get along very well provided they are all born at the same time.

Ima Fizzle says "grandfathers don't seem to be what they used to be—and never were."

Just about the time the President thought he could see through Senator Glass, he was overtaken by a political fog.

Member back yonder when you had to jack up her hind leg and pour

boiling water over the manifold to get the old family bus started. The smarter ones blessed with a long hill, always stopped her pointed down grade. A shove and then throw her in high generally got the job done.

Strong Advice!
They tell me that when you see an auto with bent and flappy fenders, it's best to give it as much room as you would a rattlesnake.

Overlooked, Perhaps.
The Dallam county wind erosion conservation district recently missed a 3-row lister. We thought Amarillo moved all that junk down home several months ago.

Conductor: How many do you have in that berth?

Editor: Only one. Here's our ticket."

Definition.
A hillbilly is a fellow who has never attended a gin party in his pajamas.

This congressional mania has advanced almost to the point of poison or a bomb. We've got to have something to run for, ain't we? Thanks a lot to the Right Honorable David M. Warren of the Panhandle Herald for one of his "many" nominations.

Governor O'Daniel has about come to the conclusion that politicians were given two hands so that they might stab you with one, while patting you on the back with the other.

Donley County Leader, \$1.50 a year

MARTIN

By Mrs. J. H. Helton

We had a real nice crowd at Sunday school and church Sunday. Bro. Anding delivered the sermon. We also had church Sunday night.

Fern Helton spent Sunday with Geraldine Jordan.

Mr. and Mrs. J. M. Acord and Raymond Wood took dinner Sunday at Lark with Raymond's parents, Mr. and Mrs. J. D. Woods.

Mr. and Mrs. C. F. Brown visited Sunday with the lady's parents, Mr. and Mrs. Nealey Veazey.

Mr. and Mrs. Buck Parker visited Sunday with Mr. and Mrs. Bell of Ashtola.

Mr. Ray Chestnutt is improving

after several weeks illness.

Mrs. J. H. Helton, Francis June and Frankie Jean spent awhile Sunday visiting Mrs. Hodges and Mrs. Roberts.

Mrs. Fred Helton visited Monday in the J. H. Helton home and with Mrs. Buck Parker.

Nearly everyone out our way are being vaccinated for the smallpox. Some of them are real sick and having to stay in bed.

Mr. Heathington have moved from our community to Clarendon. We are wishing them prosperity in their new home.

Mr. and Mrs. Buck Calhoun and children of San Antonio are visiting in Clarendon.

Mack Butler had business in Childress Sunday.

HEREFORD TO BE HOST TO 18th LEGION DISTRICT

The Clarendon Aubyn E. Clark post of the American Legion and the local Legion Auxiliary have been invited to attend the monthly meeting of the eighteenth district as guests of Post 192 of Hereford, Tuesday, February 18th.

The theme for the meeting will be "Americanism" and a feed, dance and Charlie's Hour, are listed for entertainment.

Billie Nell Warren has been confined to her home this week with illness, but is improved at this time.

Mrs. J. Perry King and her sister and husband, Mr. and Mrs. Pain of Amarillo are visiting relatives at Balinger.

MISS DOROTHY DALE POWELL BECOMES BRIDE OF ROBERT EARL LINDER

Miss Dorothy Dale Powell became the bride of Robert Earl Linder at nine A. M. Sunday at the Methodist Church with Rev. H. C. Gordon officiating. The bride is the daughter of Mr. and Mrs. C. C. Powell of this city.

A costume suit of dusty pink wool was worn by the bride, who was given away by her father. The suit was fashioned on straight fitted lines with the loose top coat and accented by violet accessories. She carried a nosegay of deep-hued violets.

The bride's sister, Miss Mary Frances Powell, was maid of honor. Her frock was of beige crepe and she carried a bouquet of sweet peas.

Ralph Sanders of Enid, Oklahoma, attended the groom as best man. Ushers were Wesley Powell, brother of the bride, Ardis Patman, Charles Murphy and Lenton Mahle of Canyon.

The altar, enbanked with ferns and vases of stock and snap-dragons, was lighted by tall white tapers burning in the branched candelabra. Preceding the bridal march, Miss Peggy Word sang "Oh Promise Me" to the accompaniment of Mrs. Millard Word at the pipe-organ. During the ceremony Mrs. Word softly played Traumeri.

Mrs. Linder is a graduate of Clarendon Junior College and attended W.T.S.C. in Canyon. She was active in both social and business affairs of this city and while in Canyon was a member of Gamma Phi, social sorority, and was secretary of Beta Sigma Phi, business sorority.

Mr. Linder is a graduate of W.T.S.C. in Canyon and is a member of the Floydada high school faculty.

Following the ceremony, a lovely breakfast was held at the home of the bride's parents, Mr. and Mrs. C. C. Powell. The table was laid with a lace cloth and was centered with a two-tiered wedding cake decorated with the bride's colors of orchid and pink. The color scheme was further carried out by tall pink candles and a bowl of orchid and pink sweet peas. A delicious three-course breakfast was served to the following guests:

Mr. and Mrs. Robert Linder, Vivian Taylor, Helen Louise Green, Peggy Word, Joan Thompson, Dorothy McCormack, Rosa Lee Grady, Jeanne Bourland, Ruth Cornell, Mary Frances Powell, Mr. and Mrs. John McLean and George of Hereford, Mrs. Maude McClung and Mary Beth, Mr. and Mrs. Perry Powell and Joan, and Adele Hays all of Amarillo. Mrs. Tommie Monfort, Miss Angie Smith,

and Lenton Mahle of Canyon; Ralph Sanders of Enid, Oklahoma; and Hollis Bledsoe of Westbrook, Texas; Ardis Patman, Wesley Powell, Charles Murphy, and Mrs. J. R. Porter.

HIGH SCHOOL JUNIORS SENIORS BANQUET

The annual Clarendon High school Junior-Senior banquet was held at the home economics room at the school Tuesday night. Neal Thompson, senior class president, acted as toastmaster.

The entire program carried out the Valentine theme with Thompson dressed as a comic Valentine, Billy Latson as Saint Valentine.

Valentine songs were sung and a music school was held in which participants were asked to name different love songs.

Included on the program was Junior Spier who toasted the seniors; Rebecca Eanes who toasted the juniors; Joan Smith, a toast to the faculty and the response by Superintendent H. T. Burton.

Ruezell Ryan gave a vocal solo accompanied by June McMurtry.

Following the banquet, Miss June McMurtry was hostess to the classes and invited guests at a dance at the home of her parents, Mr. and Mrs. J. L. McMurtry.

McDOWELL CLUB MEETS TUESDAY AFTERNOON

The McDowell Club met with Misses Ida and Etta Harned at their home Tuesday afternoon.

The roll call was answered with members commenting on negro composers and after a short business session, Mrs. Marvin Warren gave a short talk on negroes in the musical world.

Included on the program was a piano selection by Mrs. L. E. Thompson and a vocal solo by Mrs. J. F. Heath.

Choral practice was held before adjournment. Members present were Mesdames L. E. Thompson, J. Frank Heath, Alen Bryan, Frank White Jr., Bill Johnson, J. H. Howze, Ed Dishman, Tom Goldston, Millard Word, Lee Bell, Marvin Warren, H. R. Beck, George McCleskey and Misses Anna Moores and the hostesses.

BAPTIST W. M. S.

Mrs. J. T. Warren gave the devotional to open the program of the First Baptist Woman's Missionary Society, Wednesday, at the church.

The general subject, Prayer, was discussed from various angles by Mrs. A. T. Cole, Mrs. A. W. Simpson, Mrs. Vinson and Mrs. W. M. Gray. Lovely refreshments were served to seventeen ladies.

MRS. C. H. BUGBEE IS HOSTESS TO BRIDGE

Mrs. C. H. Bugbee entertained with a lovely bridge party at her home Tuesday afternoon.

In the games Mrs. Harry Rhoades won high with Mrs. F. E. Chamberlain being awarded consolation. Cut prizes were given at each table and were won by Mrs. W. H. Patrick, Mrs. A. L. Chase, Mrs. C. T. McMurtry and Mrs. Wesley Knorpp.

Dainty refreshments, carrying out the Valentine motif were served to Mesdames L. S. Bagby, W. H. Patrick, C. T. McMurtry, John Blocker, Bert Officer, Sella Gentry, J. T. Sims, Eva Rhode, A. R. Letts, J. T. McMurtry, George Ryan, A. L. Chase, W. C. McDonald, F. E. Chamberlain, Odos Caraway, Wesley Knorpp, Harry Rhoades, C. C. Powell, W. H. Martin and Miss Mary Cooke.

PRE-NUPTIAL SHOWER GIVEN MISS POWELL

Mrs. J. R. Porter, Mrs. Homer McElvany, Misses Vivian Taylor, Helen Louise Green, and Rosa Lee Grady honored Miss Dorothy Powell with a pre-nuptial shower at the home of Mrs. Porter Thursday afternoon from three to six.

The guests were received at the door by Mrs. Walter Taylor and Mrs. C. C. Powell, mother of the bride-elect. The Campfire troop of which Miss Powell was guardian assisted the hostesses in serving and furnished music and readings throughout the afternoon. A poem written by Mrs. J. T. Patman was read by Mrs. U. J. Boston and Miss Helen Louise Green.

Tiny white wedding bells tied in the chosen colors of pink and orchid were given as favors. Bouquets of orchid and pink flowers decorated the house. The table was laid with a lace cloth centered with a bowl of sweet peas and surrounded by tall pink tapers.

Miss Powell received many lovely gifts from the approximately one hundred guests who attended the affair.

MOTHERS STUDY CLUB

The Mothers Club met at the Club Room Tuesday afternoon with Mrs. Alvin Landers and Mrs. J. H. Howze as hostesses. Mrs. Geo. Norwood presided at the business meeting.

Mrs. Jack Molesworth was leader of the program and gave a very interesting article on "Mothers Make Sissies." Followed by Mrs. Geo. Norwood on "What Kind of Parent Love is Yours?"

A lovely refreshment carrying out the Valentine suggestion was served to Mes. Paul Smithy, Tom Murphy, Jack Molesworth, Frank Hommel, Alfred Estlack, W. T. Warner, Clyde Douglas, Cap Morris, George Norwood, Henry Tatum, Elvis Burch, Regan Bryan, G. G. Reeves and hostesses, Mrs. Alvin Landers, and Mrs. J. H. Howze.

BLUE BONNET CLUB

Mrs. W. H. Patrick entertained Blue Bonnet Club with a one o'clock luncheon and bridge at Mrs. Bigger's on Thursday.

Pink roses in crystal bowl, place cards and favors were white shell swans, holding an air plant, and brought from Florida by the hostess. Mrs. A. R. Letts won high for club. Mrs. Ellis won high for guest.

Mmes. Jim McMurtry, John Blocker, Bigger, won low at each table. Those present were Mesdames John Blocker, R. L. Bigger, F. E. Chamberlain, J. L. McMurtry, C. T. McMurtry, A. R. Letts, G. A. Ryan, Jack Molesworth, James Trent, Chas. Bugbee, T. H. Ellis, C. G. Stricklin.

KILL KARE KNEEDLE KLUB

Despite the awful sandstorm Thurs. the needle club met at the home of Mrs. J. R. Bartlett in the usual meeting. After enjoying a pleasant afternoon in visiting and chatting, Mrs. Bartlett, hostess, served a lovely plate luncheon to the following guest, Mrs. J. D. Swift; club members, Mesdames Lon Rundell, H. C. Brumley, W. A. Massie, W. A. Land, Buel Sanford, Homer Mulkey, J. Perry King, Frank White, Sam Lowe, E. M. Ozier, Cap Lane, and Misses Ida and Etta Harned.

COMING MARRIAGE OF MISS MARGARET KELLY AND MR. WALTER KNORPP ANNOUNCED

Announcements were received this week of the approaching marriage of Miss Margaret Kelly to Walter Knorpp, both of this city, to take place at the St. John Episcopal Church in Clarendon, Saturday, February 18th.

Miss Kelly is a student in the University of Texas, Austin, and before enrolling in the state school attended Hockaday school in Dallas. She is the granddaughter of Mrs. B. W. Chamberlain of Clarendon.

Mr. Knorpp is the son of Mr. and Mrs. Wesley Knorpp of Clarendon.

MRS. J. D. SWIFT ENTERTAINS WITH TEA

Mrs. J. D. Swift entertained with a lovely tea Friday afternoon at her home complimenting Miss Dorothy Powell, bride-elect, who was married Sunday to Mr. Robert Linder of Floydada.

The guest rooms were beautifully decorated with potted plants. Mrs. U. J. Boston read a history. Miss Vivian Taylor poured tea when salad cookies and tea were served to the guests. Misses Dorothy Powell, Rosa Lee Grady, Helen Louise Green, Jeraldine Pratt, Ruth Cornell, Jean Bourland, Dortha Watson, Vera and Eugenia Noland, Vivian Taylor and Mrs. U. J. Boston. Each guest brought a useful gift for the kitchen.

FRIENDSHIP CLUB

Mrs. J. E. Mongole and daughter Mabel were hostesses to the Friendship Club Tuesday afternoon at the Mongole home.

Mrs. L. Ballew presided at the business meeting in the absence of the president. The remainder of the afternoon was spent in fancy needle work and conversation.

A plate luncheon was served to Mes. H. Tyree, Allene Skinner, C. E. Lindsey, J. A. Meaders, Glen Williams, U. P. Absher, M. E. Thornton,

J. D. Stocking, Miss Katie Meaders; visitors, Mmes. Massie, Morrison, Miss Emily Eann Smith.

The next meeting will be with Allene Skinner at the home of Mrs. C. R. Skinner at the regular date.

1937 BRIDGE CLUB

Met with Mr. and Mrs. Gilmer Ayers Tuesday evening at their home.

The Valentine motif was used in tallies, plate favors and refreshments.

A lovely two course refreshment was served before the games. Mrs. Earnest Hunt won high score prize for ladies, Geo. Wayne Estlack high for men, and Earnest Hunt low.

Guests: Mr. and Mrs. Brooks Ches-shir, Mr. and Mrs. Earnest Hunt; members, Messrs. and Mesdames G. W. Estlack, Verna Lusk, Elmer Palmer, A. D. Estlack, and hosts, Mr. and Mrs. Gilmer Ayers.

BLUEBONNETS MEET

Eight girls were present when the Bluebonnet Girls met Thursday at the First Baptist Church.

We have one new member, Peggy Owens. All read aloud the song "Forth in Thy Name O Lord I Go."

The study was about "Sammy Waxinsky."

The text was "As every man has received the gift even so minister the same one to another, as good stewards of the manifold grace of God." (I Peter 4:10)

Refreshments were then served. We were dismissed by Peggy Owens. Reported by Ermagene Spencer.

MISS CLARA PEARL GATLIN MARRIES ELTON ROBERTS

The wedding of Miss Clara Pearl Gatlin to Mr. Elton Roberts at the home of the brides parents, Mr. and Mrs. C. A. Gatlin in McLean, Sunday was announced this week.

The bride was attired in Teal Blue dress with British tan accessories. She was attended by Mrs. Dick Jewell.

COUNTY AGENT EMPLOYEES HONOR MR. AND MRS. ELTON ROBERTS

Honoring Mr. and Mrs. Elton Roberts, members of the Donley County farm agent's office entertained with dinner at the H. M. Breedlove home Friday night.

Mrs. Roberts before her recent marriage, was Miss Clara Pearl Gatlin and was employed in the agent's office.

The dining table was lovely with

green tapers and a miniature bridal couple. The guest list included Mr. and Mrs. Guy Durant, Mr. and Mrs. Joe Ritter, L. A. Hudson, Misses Vera and Eugenia Noland, and Mr. and Mrs. Elton Roberts.

METHODIST MISSIONARY CIRCLE MEET

Circle No. 1 met with Mrs. Chas. M. Lowry, eight members and three visitors being present. Mrs. Elba Ballew led in the lesson discussion.

Circle No. 2 met at the home of Mrs. R. Y. King. Eleven members were present. Mrs. Stewart was lesson leader.

Circle No. 3 met at the home of Mrs. A. B. Blanton with eleven members and one visitor present. Mrs. Nathan L. Cox leader.

JR. H. D. CLUB

Viola Bones was hostess when the Jr. H. D. Club met at the club room Thursday afternoon.

The meeting was opened with a prayer by Hazel Lusk.

A short business meeting was held and Dale Holland gave a Treasurer's report. Mary Wallace demonstrated how to make a string rug.

Refreshments were served to Mes: Mattie Ballew, Jennie Burch, Lucille Chesshir, Dale Holland, Ruth Killough, Hazel Lusk, Alise McMahon, Hattie Palmer, Marie Patterson, Virginia Schull, Mary Wallace, Janice Weatherly, hostess Viola Bones.

CARD OF THANKS

We take this means to thank each individually for the kindness shown us in our bereavement. Your loving kindness has done much to aid us in bearing that sorrow that comes at a time when we need sympathetic help most.

Mrs. John Potts
Mr. Tom Potts
Mr. and Mrs. Floyd Lumpkin and Family,
Harry Allen and son.

Mrs. F. C. Patching has been visiting relatives in Claude.

GRANDDAUGHTER MARRIES

Miss Ruth Tullos, granddaughter of Mr. and Mrs. T. H. Peebles, and Dr. M. A. Childers of San Antonio married the 10th in that city.

EAT WHAT IS NORMAL

Recently Dr. Morris Fishbein said that the best advice to the young and healthy on the subject of diet is to eat a normal "rounded" diet of meat and potatoes, vegetables and fruits. But this advice actually is best only because medical science still knows so woefully little of the mysteries of food.

An account of Wilhjalmur Stefan-son's observations on the diet of the Eskimos recently was published. He dealt with a leading diet mystery, the fact that Eskimos have no dental caries but very soon get them if fed on white men's food.

The Eskimos normally violate every familiar canon of diet, including Dr. Fishbein's. They live practically wholly on meat and fish. They do not have a "rounded" diet in any sense, for they frequently live for months on a single sort of meat. They do not chew their food as scientific practice recommends, but bolt it whole. Some do chew caribou bones, to obtain the marrow, but others live wholly on seal meat and chewing not at all, still have perfect teeth.

In short, the reason for their immunity to dental caries is a reason thus far unknown to science. We only know, because they lose their immunity when eating civilized foods, that the reason must be one connected with diet.

That being so, it follows that our own diet is not a good one. Yet this very diet is what Dr. Fishbein advises, and his advice must be accepted, for the simple reason that, as yet, there is no better. For both Eskimo and others the safest dietary advice still is, apparently, to eat what is "normal" to your own kind.

Erskine Butler, his mother, Mrs. W. O. Butler, and family spent Sunday visiting in Amarillo.

Moth-Proofing

No one takes more pride in her clothing than the woman because it means personal appearance. She takes the same degree of pride in protecting her garments. There is nothing more destructive to clothing than moths.

Men Have the Same Vanity

Every self-respecting man appreciates his personal appearance. He, too, dotes much upon moth protection.

Both of Them.....

Know that Parsons Service means no odor, no dust or dirt, no fading and yet the Nap is restored to that appearance of newness. Clothing insurance may best be had at Parsons. Prompt service. Call 27 and let us assume the worry.

Parsons Brothers

Think!

YOUR home, furnishings, automobile and other possessions are valuable. They should be insured: not only against fire but every hazard that threatens. But think before you choose the type of insurance. There is a difference.

Consider this: 4 out of 5 property owners choose Capital Stock Company Fire Insurance because it provides definite protection at a known cost: because it is backed by financial surplus and capital stock as well as legal reserves: because it maintains local Agents for quick, courteous service when you're in trouble.

That's the kind of insurance YOU want! That's the kind of insurance WE supply.

VISITORS TO IOWA HOME

After spending a few weeks here with her aunt, Mrs. O. L. Fink, Mrs. Heiden and sons Charles and Harry returned to Denison, Iowa Wednesday. They were taken to the train at Pampa by Mrs. Fink and Mrs. C. D. McDowell.

Mr. and Mrs. Kenneth Fink and son of Childress visited his mother, Mrs. O. L. Fink here Tuesday evening.

Slick Naylor, with his family of four interesting children, and Mrs. Naylor, visited relatives and friends here over the week end.

VISITS IN OKLAHOMA

Mrs. Cal Merchant returned home Wednesday after spending several days with Mrs. Virgil Merchant and children in Oklahoma City.

Mrs. Addierene Pharr and Miss Emma Ayers have returned from a visit with friends in Dallas.

Miss Nettie Sims, employed in the HOLC district, visited with her mother, Mrs. J. T. Sims over the week end.

Mr. Frank Heath and Mr. Wilton Grounds were in Dallas on business over the week end.

University Prof. Disputes Descent Of Human Animal

SAYS COMPARISONS SHOW DARWINIAN THEORY IS ON SCRAP HEAP

AUSTIN, Feb. 8.—The University of Texas anthropology museum has put man and the giant ape side by side and found the fallacy in the doctrine that man descended from the monkey.

Two skeletons, one of a Negro man, the other of a chimpanzee, are displayed in the museum on the top floor of Waggener Hall. The differences between them are pointed out by museum authorities.

"The important difference between man and the great apes pertains mainly to the size of the brain

GREEN PALACE SHINE PARLOR

Next door to City Cleaners Specializing in Shining and Dyeing Shoes like you want them.

Johnnie Bates

and the locomotor habits," Dr. J. Gilbert McAllister, director, said. "Man is not 'up from the ape,' though in bone structure, muscles, organs and pathology, there is but a difference of degree not kind."

Listing some of the differences between man and the chimpanzee, gorilla or other ape, Dr. McAllister pointed out that man has a much larger brain, less facial protrusion, a pronounced chin, a flatter chest.

Man does not have interlocking canine teeth as do the giant apes, his cervical vertebrae do not "bristle," his spinal column has an "S" curve, his leg bones are longer and stronger, his pelvis is more basin-shaped, he does not have an opposable big toe.

More conclusive than anything else that man did not descend from the monkey, however, is man's culture, Dr. McAllister declared.

"It is this social heritage of language, beliefs, customs, morals, techniques, that marks the greatest difference between man and the giant apes," he said.

Both skeletons were reconstructed by Dan Bussey of Timpson, a University pharmacy student, as a National Youth Administration project.

Mr. and Mrs. Leonard Wilson of Spur were here Sunday visiting his brother, W. A. Wilson and wife.

Mrs. M. C. Reid is visiting her daughter in Borger.

Creeps, Rickets and "Hollow Horn"

By T. C. RICHARDSON, Secretary

Texas Breeder-Feeder Association

These troubles in livestock are what is known as "deficiency" diseases, caused by the lack of certain essential elements in the feed. Those who have green pastures and good legume hay need lose no sleep, for there is little danger of any of these troubles developing. The green feed supplies vitamin D, and legume hay, especially alfalfa and clovers, usually carries enough lime and phosphorus to supply the needs of the animal.

At this season of the year range cattle on dry pastures and other livestock receiving only dry forage, such as bundle sorghums, grass, sorghum hay and even some of the starchy grains, are liable to become anemic for lack of the minerals and vitamin D. Now sunshine is also a source of vitamin D but animals absorb it mainly through green feed and not through the skin, so we cannot depend on its ultra-violet rays alone

to keep them in health and vigor.

Dairy cows may fall off in milk for lack of lime and phosphorus in their rations in spite of having all the dry hay they can eat. The mineral deficiency is easily and cheaply supplied with lime and bone meal in the proportions of two to one. Lime is supplied in the form of pulverized limestone or oyster shell and may be mixed with bone meal in open troughs, or mixed with the feed. Only a fraction of an ounce a day is needed for cattle.

Mineral mixture for hogs are quite generally used, tracing back to the old practice of placing ashes and salt in the hog lot. There are several formulas, one of which can be had from your county agent or the agricultural college.

Many experiments in recent years have gone to prove that creeps and rickets, along with other less definitely recognizable troubles, are not true "diseases" but are due simply and solely to malnutrition and in these the malnutrition is a deficiency of essential minerals.

What we used to call "hollow horn," "hollow tail," and so on, was nothing more than lack of enough feed containing the necessary elements for health and vigor. After an animal reaches the stage of extreme weakness it is difficult to correct it, but if the minerals and vitamins are provided extreme cases seldom occur.

In some areas it has been found possible to increase the percentage of the calf crop and the calves are stronger at birth by the use of mineral-bearing elements in the feed. Cottonseed meal or cake carries some lime and phosphorus, and in some cases is sufficient for the purpose, but in the light of experience more and more livestock raisers are playing safe by adding lime and bone meal.

In very sandy soils and in the excessively leached soils in the heavy rain belt along the Gulf Coast, mineral deficiency is most serious. The "loin disease" which formerly caused heavy losses of cattle in the Gulf

Coast region was found to be nothing more than lack of minerals in the pasture grasses, and it has since been effectively prevented by feeding bone meal. The distinguished symptoms of "loin disease" is the habit of chewing bones. At first it was thought the cattle "caught" some sort of germ from the bones, but when the "bone hunger" was assuaged with bone meal the disease disappeared—also the bone-chewing habit.

The only "germ" or "microbe" in this and its kindred "diseases" is the germ of hunger for something that is missing from the feed. "Malnutrition" is the technical term, but in barnyard language it's merely "not enough of the right feed."

Personals

Mr. and Mrs. Fenn Bourland of McLean visited relatives here Sunday.

Mrs. Joveta Settle and daughter of Amarillo spent the past week with Mr. and Mrs. Walter Wilson.

Mr. and Mrs. Walter Hagler and small daughter, Mary Esther, of LeFors, spent the week end visiting her sister and husband, Mr. and Mrs. Marvin J. Warren.

Mr. and Mrs. Marvin Warren and Mr. and Mrs. Walter Hagler and daughter visited in Amarillo Sunday.

Mrs. Gerten of Clovis is visiting her sister, Mrs. Ira Merchant and mother, Mrs. Stegall.

Mrs. Fred Buntin is again at home after a health benefit visit in Mineral Wells.

Mrs. Florence Hvas of Lubbock spent the past week here with her mother, Mrs. Lena Antrobus.

Mrs. Katherine Naylor of Monahans visited Miss Eula Naylor here the past week.

L. L. Wallace had business in Childress and Matador Wednesday.

Mrs. Flora Westmoreland and two daughters of Canyon spent the week end here with her parents, Mr. and Mrs. T. F. Connelly.

Mrs. J. R. Gillham, who is attending West Texas College in Canyon, spent the week end here with her husband, J. R. Gillham, vocational agriculture teacher in the high school.

Miss Jessie Ingram of Amarillo spent the week end with her mother, Mrs. C. B. Ingram.

Mrs. Warren Johnson and Mr. and Mrs. Jim Light of Aberdeen were guests of Mrs. O. L. Fink Sunday.

Mrs. O. W. Latson visited her daughter, Mrs. M. D. Bently at McLean Tuesday.

THE VOICE OF THE PEOPLE

The following, written by John L. Riddell, assistant attorney general of Nebraska, appeared recently as a "guest editorial" in the York (Neb.) Republican. There is so much of true facts in the article to interest the general public, that the Leader passes it on to its readers.

"The country newspaper is the real voice of the people. The small town business man is the backbone of commerce. The farmer the basis of subsistence.

The country editor in daily touch with the merchant, farmer and man-on-the-street hears what the people think. That is freedom of speech. The editor puts these thoughts into print. And that is freedom of the press. Otherwise the great mass of the people would be inarticulate. They would have no voice. The country newspaper gives it to them.

"Is it effective? It was the farmer and small business man, making known his opposition to the NRA, through the medium of the country press, that rendered that oppressive act ineffective, long before the unanimous decision of the Supreme court consigned it to the ashcan.

"One need not bother to read a Gallup poll on any truly national question. If one has a digest of the editorials of the country press, it will be known before the poll is published what America is thinking and what the people are saying.

"No advertising subsidy or censored editorials in the country newspaper. Often the editor does not know how next week's payroll will be met. But somehow it is met and the voice of the people speaks on. Like Old Man River, it just keeps rolling along, telling day by day what America is think and saying.

"The country newspaper is the most American thing in America, because it is the voice of the people of America. When that voice speaks the world listens, and takes heed."

Kenneth Brown, who left here to attend the School of Mines at El Paso, will complete his studies there this spring. He will then take up government aviation training at the student flying field near Ft. Bliss.

Allen Bryan was in Amarillo Tuesday on business.

INDIAN MEDICINE MEN ARE HELPING PALEFACE DOCTORS

The office of Indian Affairs announced with a whoop of joy that the medicine man finally has decided to help the white doctor make medicine.

Hailing the cooperation as a great step in administering to sick Indians, officials said it was even more significant because it came from the Navajos—a deeply religious people.

Dr. Leo Schurr, of the Charles H. Burke hospital, Fort Wingate, N. M., helped bring it about.

Mrs. Rose Smith, an Indian, was ill with diphtheria. It was imperative that she be brought to a government hospital. But she wouldn't go.

Lest the disease strike the whole tribe, Dr. Ceburr and nurse Blanch Chance set out to bring her in.

They found her in the midst of a sort of community sing, held in a Hogan. The medicine man, John Vandever, was waving his feathers and making medicine.

At the sight of the white doctor, the Indian woman covered her head and refused to talk or be talked to. The doctor's pleas to the other Indians failed. He took the medicine man aside.

The medicine man wasn't enthusiastic.

Finally, Dr. Schurr had an idea. "You come, too," he said, "we'll give you a white gown like the white medicine men. We'll let you come in to the hospital and be on equal footing with them."

It worked. If an Indian medicine man wants an operating gown, he can have one. He can even have a stethoscope and bring along his feathers. It's a means to an end.

Medicine men now are steering sick Indians to the hospitals.

Chester Martin, a former barber of this city, was down from Amarillo over the week end.

Mr. and Mrs. Frank Decker of Childress were here to attend the funeral service of Mr. John Potts Monday.

METHODIST CIRCUIT NOTES

J. G. Walker, P. C.

We enjoyed the day at McKnight Sunday. Had a mighty good service.

The attendance not so large as we expected. Some sickness in the community and a big smallpox scare. Some people are very easily scared away from church.

The fear of a contagious disease is almost sure to get worse Sunday morning just before time to get ready to go to church.

All the family maybe went to town Saturday, and stayed over for the picture show in the evening, and heard all about how the smallpox was being scattered.

It would be awful to catch it at church, so they stay at home or go visiting; but by Monday morning the scare has worn away and pretty soon they are on the way to town.

It is wise to use precaution against these dreaded diseases; but it is unwise to use it as an excuse and thus fool the preacher and try to fool the Lord.

Sunday evening we were at Bray and had a real good audience. More young people at Bray than any other point on Clarendon circuit, or at least they attend church better.

We like to go to Bray, and we have been accused of braying when we go.

Well, we confess that it is easier to bray than it is to preach, and some preachers bray when they think they are preaching.

We really wish we could spend more time at Bray. Would like to help train that fine bunch of young people for Christian service.

We are going to do our best any way.

Next Sunday we go to Goldston. We are always glad when the time comes. Everybody talk church this week and fill the house.

Next Sat. at 11:00 a. m. the Presiding Elder will preach at McKnight and McKnight people will serve lunch and then in the afternoon the Second Quarterly Conference will be held—Come one, come all.

ANTELOPE FLAT

Emma Bullock

L. L. Waldrop, Elmer Sanders, W. N. Bullock and J. C. Bullock were in Memphis Tuesday.

Mr. and Mrs. Gordie Cross of Brice, George Heckman of Clarendon, Mr. and Mrs. Dennis Lindley and little daughter, W. N. Bullock and daughter Emma attended the funeral services for McDaniel at Silvertown Thursday.

Miss Gwin Brewer of Lesley and Miss Jessie Lee McDonald of Heckman spent Wednesday night with Misses Gussie Marie Bullock and Alma Graves.

Raymond Waldrop of Paloduro and Miss Edith Waldrop of Clarendon spent the weekend with their parents, Mr. and Mrs. L. L. Waldrop.

Ray Waldrop and Gussie Marie Bullock attended the basketball tournament at Estelline Friday and Saturday.

Mr. and Mrs. S. A. James visited her brother George Bradley at Dalhart Saturday and Sunday. Mr. Bradley had an appendectomy in a Dalhart hospital recently.

John Rhea and son, Burrell; Chas. Bullock and Rhomer Johnson of Paloduro spent Saturday and Sunday in the W. N. Bullock home.

Junior and Nell Cunningham of Lakeview were on the Flat Sunday.

Mr. and Mrs. Virgil Sanders and sons and Milton Sanders moved to Wayside this week.

Miss Jessie Lee McDonald of Heckman spent Monday night with Miss Marjorie Northcutt.

Mr. and Mrs. Dan Dean and sons were in Memphis Monday.

S. E. Johnson and Harrison Hoover of Paloduro attended business here Monday.

Mrs. R. Sanderson and son, Luis and Loyce and Mary Gibson spent Sunday with their parents and grandparents, Mr. and Mrs. F. E. Gibson of Brice.

Mr. and Mrs. J. C. Bullock and son Clinton and daughter Mary Jo were in Memphis Saturday.

SKYROCKETS OPEN SPRING WORKOUTS

WELLINGTON, Feb. 15.—With five lettermen out to set the pace, thirty-three candidates for the Skyrocket football team of 1939 began regular workouts last week under coach John Williams.

Only four of these boys were in their regular starting line-up of the '38 games. Boyd Williams, who came to be recognized as one of the outstanding runners of this area, is the returning back.

Back for practice are end men Pete Moulton and George Stafford who were mainstays in the last year's line. Tackle Ed White is the other regular Regional starter returning.

Mr. and Mrs. F. L. Bourland and W. M. Bourland and son Jimmy attended the funeral of a cousin, Mr. Colbert, at Oklahoma City Saturday.

JOE WILLIAMS APPLIES FOR HIGHEST F. F. A. DEGREE

Joe Williams, president of the local chapter, made application last week for the American Farmer Degree in his F.F.A. work. Joe is vice-president of the Memphis F.F.A. District, treasurer of the Area I F.F.A., and holds the Lone Star Farmer degree. He has been outstanding in both F.F.A. activities and project work. Last year he was a member of the poultry team that won five straight contests; was high man in dairy product contest at Plainview; showed the grand champion pig at the local stock show, and

Pretty heroine Joan Fontaine meets handsome hero Louis Hayward in Edward Small's new film production, "The Duke of West Point," starting an engagement at the Pastime Theatre next Wednesday.

Five-Star Cast in New Film Romance

Capturing the behind-the-scenes romance, gaiety, adventure and excitement of life as it is lived at the United States Military Academy, Edward Small has lavished his talents of showmanship and entertainment on his first major film attraction for the current season—"The Duke of West Point," which comes to the Pastime Theatre on Feb. 22-23 for its premiere showing.

Headed by a cast which includes Louis Hayward, Joan Fontaine, Richard Carlson, Tom Brown and Alan Curtis, this romantic drama tells the story of young cadets who enter a different and difficult world when they become Plebes at West Point. Recording their ups-and-downs, their personal human dramas, their prides and prejudices, their hopes and dreams, the picture is unrec'd against authentic backgrounds which were photographed at West Point by a special camera crew.

Feeling that a picture of scope and importance deserved production values of first magnitude, Producer Small hired military and athletic experts to act as advisors throughout filming to insure absolute authenticity and accuracy in all sequences portraying the varied activities of those who actually are trained to become officers in the United States army.

The screen story for "The Duke of West Point" was written by Geo. Bruce. The production was directed by Alfred Green, and in the supporting cast are hundreds of extras who were given the same training as is afforded to real plebes during their first year at West Point. The film, which is released through United Artists, features a new song, "Hi There, Duke!" written by the well known song-writer Joe McKiernan, author of such hits as "Cuban Moon," "Now and Then" and "Grandada."

30.5 snapped, 5 percent sledged, and 7.5 percent gathered as bollies in the preceding year.

The specialist said that most ginners were cooperating to the best of their ability in the move to improve the quality of Texas cotton, and noted that 18 seed cotton driers were added in 1938 to bring the total number in gins up to 285. Many ginners, too, slowed down their gins and ran on a loose roll, and that resulted in increased value of the cotton.

VISITS NEAR COAST

Home again after spending the delightful weeks in Mangum, Oklahoma, Wellington and with her daughter, Mrs. Edgar Brittain and family at Ironton, Mrs. O. L. Fink says she thoroughly enjoyed herself. With her were her niece, Mrs. Heiden and two sons of Iowa who are here for an indefinite visit.

GINNERS HELP COTTON GRADES

COTTON SEED DRIERS FOUND IN MANY GIN PLANTS

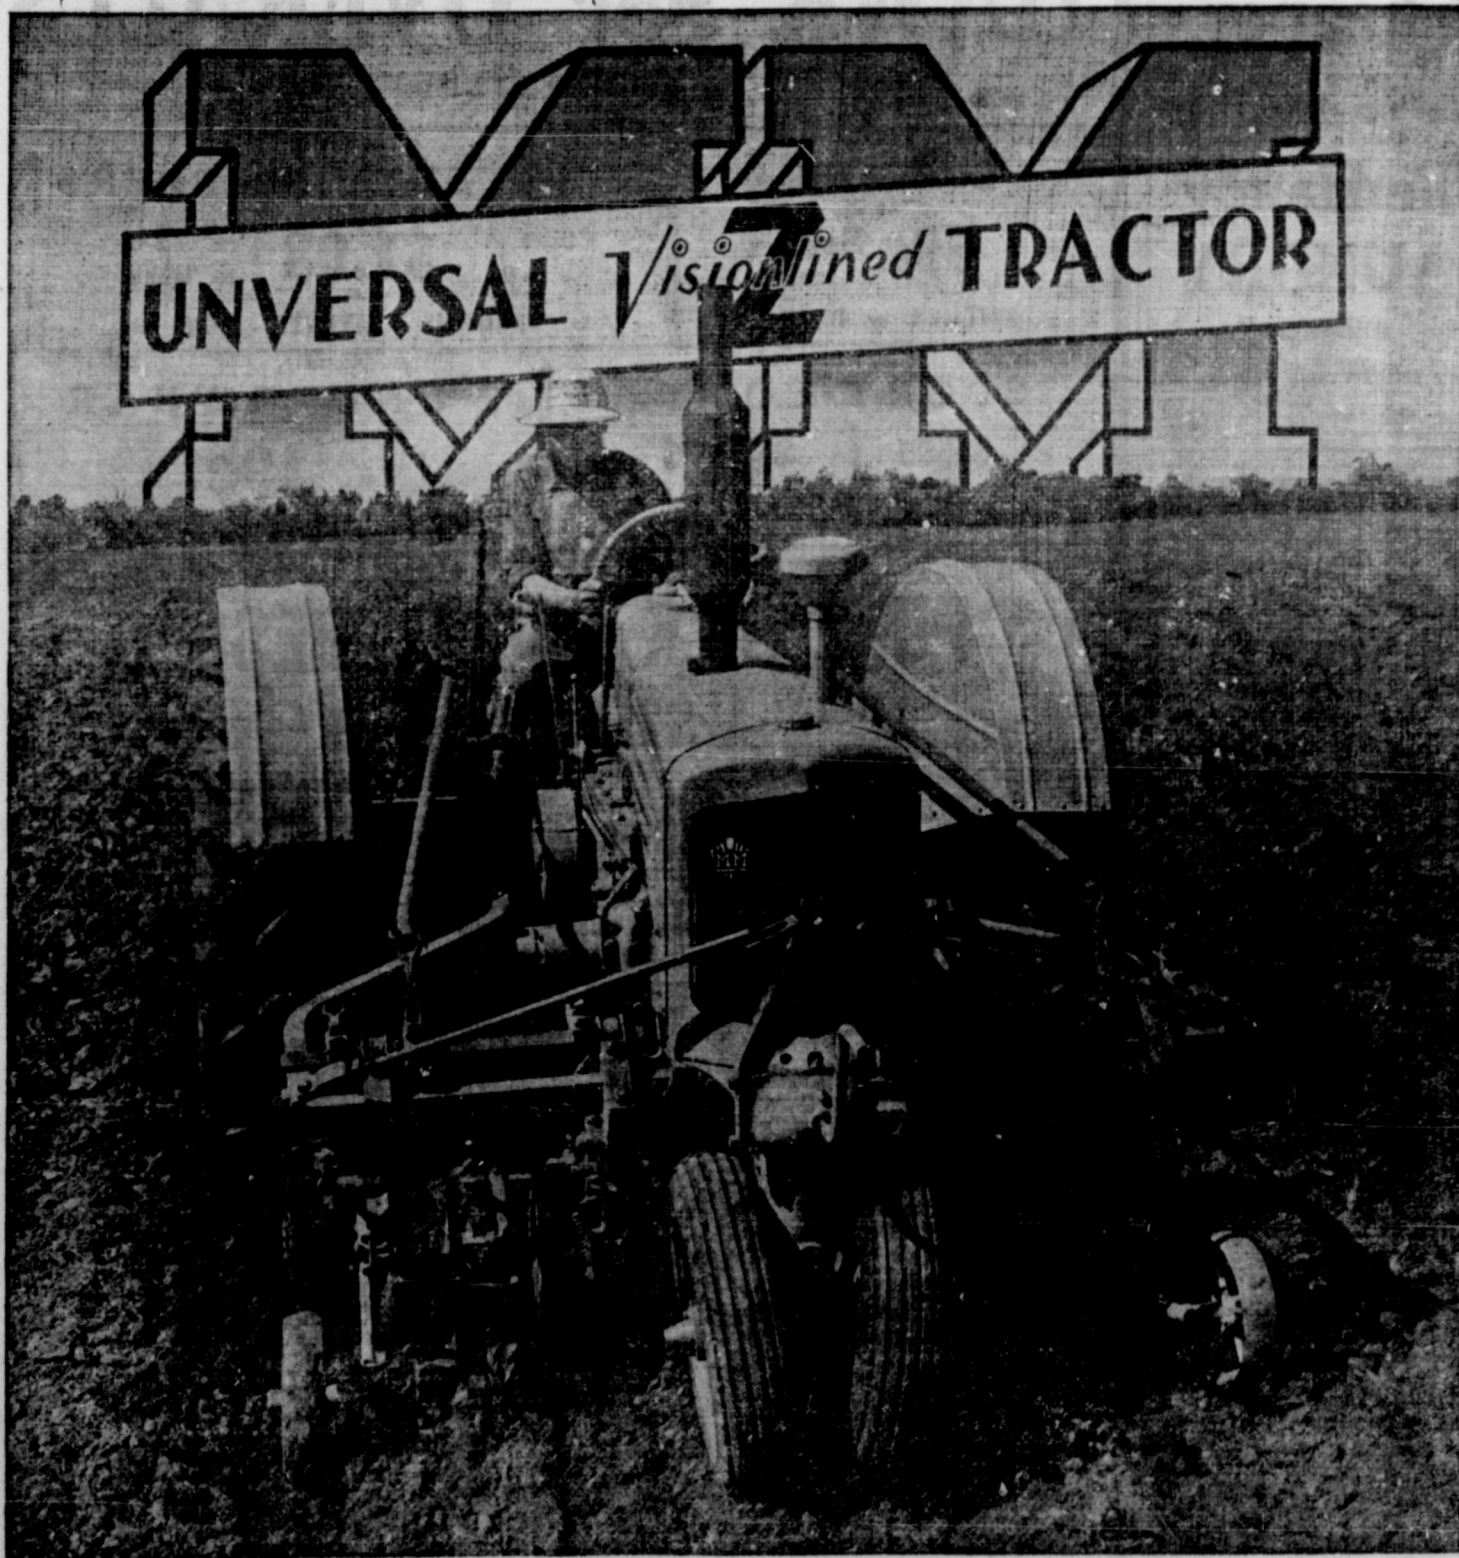

Only 8.5 percent of the 1938 Texas cotton crop (up to December 1) was 7-8 inch in staple length as compared with 16.7 percent in 1937; 65 percent of the crop graded white middling or better in 1938 and 53 percent in 1937; and the average staple length increased by 1-32 inch.

Progress in the move to improve the quality of Texas cotton was seen in these USDA Bureau of Agricultural Economics figures by F. E. Lichte, cotton gin specialist of the Texas A & M College Extension Service.

Lichte has long contended that improvements in gin equipment cannot take care of sloven harvesting practices, and his annual report shows that there was a 10 percent increase in the amount of cotton picked and a corresponding drop in the percentages snapped, sledged, and gathered as bollies.

His figures show 71.7 percent picked, 24.4 snapped, .3 percent sledged, and 3.6 gathered as bollies in 1938 as contrasted with 61.5 picked,

YEARLY MOVING OF TENANT FARMERS COSTS \$16,444 IN DONLEY COUNTY

Year-end moves cost Donley county tenant farmers more than \$16,444 and that is only the beginning of the cost to them and to the general public, it was stated today by John E. Burch, county supervisor of The Farm Security Administration.

The supervisor estimated that 292 farm tenants of this county move every year. The actual cost is around \$57.00 per family, but the final cost to the tenant and to the public is much greater.

Most of the tenants who move could be stabilized through leasing methods which would encourage them to remain upon the same farm, Burch said, through the FSA flexible lease form now being distributed by his office.

There are about 729 tenant farmers in this county.

The supervisor said that tenant families move during the winter after the crops are harvested, which means that the movement is made at a time when the children must be taken out of school. "They not only lose several weeks of school; they often stay out for the remainder of the school year. When they go back to school they are likely to be discouraged," Burch concluded.

ASKS TRUCK LOAD LIMIT BE INCREASED TO 20,000

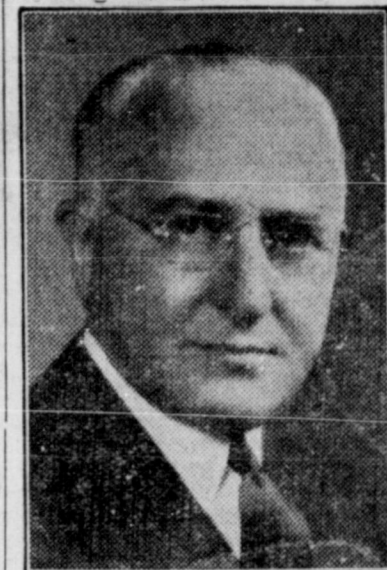

Senator Rogers of Edinburg introduced a bill in the Legislature Wednesday asking that the truck load limit be increased from 7,000 pounds to 20,000 pounds. The bill was referred to a senate committee on highways.

W. E. Hardin, long time resident and a mighty fine citizen, is confined to his home through illness this week. He is improving.

AUTO INDUSTRY GAINS SEEN FOR WORLD'S FAIRS

Better business ahead for all phases of the automobile business as a result of the auto-mobilization of America at the two great World's Fairs was forecast today by William R. Tracy, Vice President in Charge of Sales for the Hudson Motor Car Company.

"Cash registers all over the country will soon ring out the news that the greatest movement of population the world has ever seen is under way," Mr. Tracy said. "and the keys on the register marked new cars, good used cars, gasoline, tires and authorized service and parts will

W. R. TRACY
Vice President in Charge of Sales
Hudson Motor Car Company

ring up the majority of travel dollars for the nine million American families, four to a family, which experts predict will visit one or both Fairs this year.

Pointing out the magnetic influence of two great world's Fairs in a single year and their geographic accessibility to the great majority of the nation's motorists, Tracy declared: "1939 will probably go down in history as the 'year of the big trek' and, if the travel experts are right, there are also nine million reasons why this year should see better business throughout the automotive trade.

Don't consider bad weather, inconvenience and a dozen other vexing problems on wash day at home. Just know that it is—

1939 AAA Payments Improved Millions

Prospects for Texas farm income in 1939 are at least fourteen million dollars brighter now than on January 1, when the AAA estimated \$42,000,000 would be issued in "conservation payments" to farmers of this state who took part in the national acreage curtailment program of 1938.

The AAA now estimates such payments will exceed \$56,000,000, which is about \$22,000,000 more than the total of such grants in connection with the 1937 program.

George Slaughter, chairman of the Texas Agricultural Conservation Committee of the AAA, said 1938 conservation payments will be divided about as follows:

For Compliance with acreage allotments for cotton, \$33,000,000; general crops, \$11,000,000; peanuts, \$100,000; wheat, \$3,600,000; and rice, \$400,000.

For additional soil-building practices—\$4,000,000; range program, \$3,750,000; to increase small payments, \$3,000,000; total, \$56,850,000.

Additional grants called "price adjustment payments" are slated for growers of cotton, wheat and rice, as soon as possible after plantings for the current season have been checked.

Preliminary estimates indicate that rates of "price adjustment" or "parity" payments for 1939 will be 1.6 to 1.8 cents a pound for cotton; 10 to 12 cents a bushel for wheat; and 12 to 13 cents a hundredweight for rice—payments in each case to be made on the normal yield of the acreage allotment as established under the 1939 Agricultural Conservation Program.
