1878 A COUNTY-WIDE PUBLICATION SERVING DONLEY COUNTY AND ITS TRADE TERRITORY 1969

Restudy Of School Property Values Made By Board

The Board of Equalization for the Clarendon Public School and for the Clarendon College is now in the process of studying tax valuations of all real and personal property. The legal and fairest method of doing this is to set values whereby they will be uniformly equalized. Thus, everyone will be paying the just share of the costs of their educational systems.

The following is a chart of the assessed valuations for the school district for the past six years and the tax rate:

YEAR	ASSESSED VALUATION	TAX RATE
1963	11,603,000	1.70
1964	11,749,000	1.70
1965	11,802,000	1.70
1966	11,831,000	1.70
1967	11,798,000	1.70
1968	11,881,000	1.70

An examination of these figures quickly shows that while inflation has caused the values of what we buy to advance on an average of 8% per year, our valuations and the tax rate have remained the same for these six years. Salaries, maintenance and operation costs and especially transportation costs have risen correspondingly.

It is the feeling of your Board of Education and your Superintendent that our valuations must be equalized and a tax rate set which will enable our school to offer the very best educational program that we possible can for our most precious resource, our children, stated Arling Cordell, Superintendent.

Very soon, the results of the restudy of property values will be completed by the Board of Equalization and notices will be mailed to the owners from our tax office. After this is done, a date will be set for public hearings by the Board, where any taxpayer who wishes to, can appear and be heard concerning the values placed upon his property, he added.

He pointed out that when final values are set, and the total assessed valuation is known, you, the tax payers, will be informed as to the rate for 1969 and everything pertaining to the financing of your schools. Our aim is to keep our patrons fully informed of our plans for improving the school program. In addition to the foregoing, next year (1969-70) we will be required to pay almost \$10,000 more as our part of the teachers' salary raise recently passed by the Legislature. In addition to the higher costs for our supplies and equipment.

Our school is now employing eight excess teachers from our own local funds in order to improve the school offerings. This costs approximately \$48,000 per year, while our fixed charges on Bond payments average over \$50,000 per year, he explained.

These are the reasons behind our efforts to equalize our property values, set a tax rate to meet our obligations, and to continually improve the school program, Cordell concluded.

Boat & Ski Club Show Sun., July 6

An added attraction for the 4th of July celebration this year will be a Boat & Ski Club show to be held on Sunday, July 6 at 3:00 p.m. at Greenbelt Lake near the Mooring Marino. There will be regular skiers of all age groups, as well as some trick skiing. The show is open to the public and there will be no admission charge.

Mr. Buryl Lafferty, Commodore of Panhandle Boat & Ski Club, will be in charge of arrangements.

The Clarendon Chamber of Commerce wishes to take this means of inviting all boat and ski enthusiasts to come and spend the afternoon and see the free show.

Old Fiddlers Contest Set For Sat. July 5

The Old Fiddlers Contest held annually in conjunction with the annual July 4th Celebration will be held on the Courthouse lawn Saturday afternoon, July 5th, starting promptly at 2:00 p.m. Prize money will be \$100.

Ernest Kent and Tom Waters are in charge of this year's event and report that it appears that a number of fiddlers from over the area will be here to compete and entertain. Bring your own and enjoy the fine entertainment of old time music while sitting in the shade of the trees on the Courthouse lawn.

Persons interested in entering the contest should contact Ernest Kent or Tom Waters. Don't forget the time—Saturday afternoon, July 5th, 2:00 p.m. Courthouse lawn!

TERRAPIN RACE TO BE BIG EVENT JULY 4TH

From the way youngsters have been signing up for numbers to be painted on their Terrapins, the annual Terrapin Race will be a big affair Thursday morning, July 4th at 10 o'clock on Main Street, one block south of school light.

Basil Smith reports that a total of 139 had picked up their numbers by early Wednesday morning and the big rush will be today. The deadline for getting a number is 6 p.m. this evening at First Supply Co.

The race is being sponsored by the Clarendon Chamber of Commerce.

The event is absolutely free but there will be three good prizes, a \$50 bond for 1st, a \$25 bond for second and \$10 cash for third prize. There will be three separate age groups and races with the winners of the three races vying for the grand prize money.

The age groups are: No. 1—Boys and girls 6 years and under; No. 2—boys and girls 7 thru 10 years; Group 3—boys and girls 11 years and older.

It is to be understood that only the regular Garden Variety Terrapin can be entered in the races and no turtles of the flat variety. If the Terrapins are of the same variety all youngsters will have an equal chance to win.

Early Day History In This Issue

All the reading material in the second section of this week's Donley County Leader and some material in the first section are reprints taken from THE INDUSTRIAL WEST in the years of 1898 and 1900. The Industrial West was Clarendon's newspaper at that time.

Pictures carried in advertisements and throughout the paper are also reprints of old pictures taken in pioneer days and loaned to us by Cecil R. Cross, Mrs. Mabel Moore Stone, and Herman Percival.

Early day papers did not follow the style of today's newspapers. Most news in The Industrial West for the above years was from Washington, the states, larger cities and stories of the Spanish American War. Columns were from Rowe, Panhandle, Memphis and Giles communities. These headings were in small type. Other news of local nature carried no heads but a local society, wedding, funeral, or some tragedy. As for pictures—there were none except perhaps in some very few advertisements.

Pictures in this issue were cut on our lath. Many are very dim but to those of you who have lived here a long number of years, there will be meaning to them. Other pictures cut out better than expected. However, in all of these pictures, the people lived and worked here.

We hope each and every one of you will find interest in this issue as much of the news is historical in nature in that it regards settlers of old days and pictures of old time residents.

We want to thank all of our advertisers and correspondents for helping us get this paper in the mail on time. It is your cooperation that makes this possible.

Have a wonderful, safe, and happy holiday.

SENIOR LEAGUE ALL STAR GAME AT GROOM

Old Settlers Plan Annual July 5th Reunion

Ernest Kent, who has been in charge of the Old Settlers Reunion for a number of years, has announced that all of the Old Timers of the area are invited to the annual reunion to be held Saturday afternoon, July 5th, at 2 p.m. at the Mulkey Theatre. The Mature Citizens organization will also be meeting with the group this year as many are connected with both organizations.

Thanks are extended to Gary Barnhill for the use of the Mulkey Theatre. The air conditioned facility provides a comfortable meeting place and Mr. Barnhill has for a number of years allowed the theatre to be used for this purpose.

Mr. Kent stated that a good program has been planned to follow registration, and the usual prizes will be awarded to the Oldest Old Timer, the Old Timer Having the Largest Family; the Old Timer Having Lived in Donley County for the Longest Period of Time, and to the Old Timer Having Traveled the Greatest Distance to Be Present. This is always of interest to the group.

"We are looking forward to seeing all of you Old Timers present for this great occasion. We will eat in a group as we have the last several years using the two lines on the Courthouse lawn," stated Kent.

"As the old saying goes, we'll put the little pot in the big pot and all have a wonderful time," he concluded.

WESTERN DANCES ALL THREE NIGHTS

As in the past, large crowds are expected for the Western Dances which will be held Thursday, Friday and Saturday nights. It is real nice that the dance floor at the rodeo grounds was enlarged last year to accommodate larger crowds with much more dancing ease.

Emil Schattel and the Panhandle Playboys will furnish the music for the dances and the admission price will be \$1.50 per person.

This Is Your Annual Celebration Edition

A host of Clarendon business firms are extending a warm and hearty welcome to one and all to come to the annual Celebration, as evidenced by the large number of ads in this issue of the Leader. Turn through your paper and read the words of welcome from your local newspaper advertisers and make plans to be present for every event.

Ladies are asked to bring 2 cakes or 2 pies to be sold. If you need someone to pick up your cake or pie, call Mary Belle DeBord or any Club member.

If you want to help in the serving booth or with the sale, just show up.

Annual July Fourth Celebration To Get Underway Today, Thurs.

Warning Regarding Fireworks, Drinking And Reckless Driving

The Sheriff's Department and the City Police Department have both issued warnings this week in regard to the shooting of fireworks, excessive drinking and reckless driving.

We are asking parents to convey the message to their youngsters that it is unlawful to shoot fireworks within the City limits, stated Police Chief Gary Gerdes. Please be considerate of others and regard the danger involved with shooting fireworks. Gerdes added, All violators will be picked up and dealt with according to the law, he concluded.

Sheriff Cornell and Police Chief Gerdes are reminding everyone to be especially careful with their driving during the celebration as there will be youngsters running pell-mell, horses and a throng of people in general along with exceedingly heavy traffic. If you plan to drink, please use moderation and keep your bottles and cans in your own car and do not throw them about town, Cornell stated. If you drink — do not drive as you may injure someone as well as yourself and a DWI charge is a more serious offense.

TRAFFIC LAW QUESTIONS AND ANSWERS

Q. What type drivers license do I need to drive a pickup?
A. Up to and including the one ton pickup, which are classified as light commercial vehicles, all that is required is an operators license.

Q. Does the law require you to dim your headlights when meeting an oncoming vehicle at night on a four lane divided highway?
A. Yes. The law requires you to dim your headlights when meeting an oncoming vehicle within 500 feet.

Q. What vehicles are required by law to have a rearview mirror?
A. Every commercial motor vehicle, when operated on a public highway, shall be equipped with a mirror, placed and maintained so that the operator shall at all times be able to see other vehicles approaching from the rear.

Q. When does the law require a vehicle to be equipped with mechanical signals?
A. When the body of a vehicle or the body and load of any vehicle or in a combination of vehicles projects 24 inches or more to the left of the center of the steering wheel, or under any condition when a hand and arm signal would not be visible both to the front and rear of such vehicle or vehicles.

Q. How far in advance of a turn must you give a turn signal?
A. A turn signal when required shall be given at least 100 feet before making such turn. Safe driving procedure requires longer distances on highways where traffic travels at high speeds.

Q. What are the universal signs of distress that a motorist may give to indicate to other vehicles that they need assistance?
A. A white handkerchief tied to the front door handle, radio antenna, and/or raise the hood of your car.

Q. If there is no sign telling you of a minimum speed limit, how slow can a person lawfully drive?
A. It is illegal to wilfully drive a vehicle so slowly as to obstruct or impede the normal, reasonable and safe movement of traffic.

Q. What is the speed limit for a car pulling a small two-wheel trailer?
A. The speed limit is 60 mph in the day and 55 mph at night.

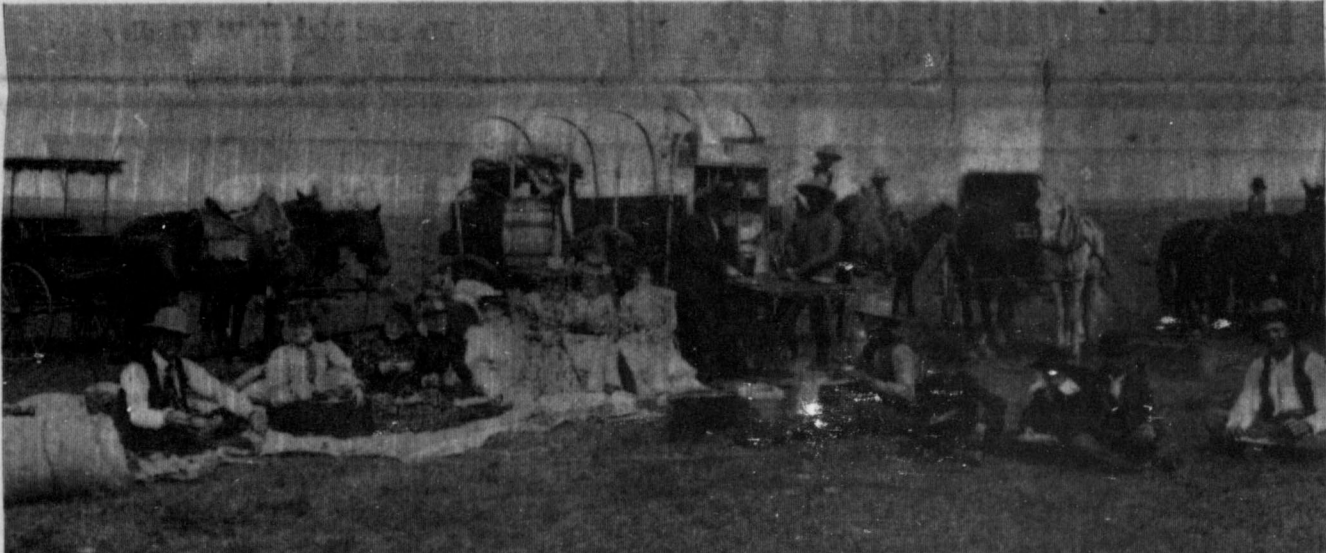

Q. What is the maximum speed limit for a pickup?
A. Up to and including the one ton pickup, the speed limit is the same as an automobile, 70 mph in the day and 65 mph at night on state and federal highways.

with the same good feeling is to have discovered a way to successful living.

It is so easy to love those who agree with us or do the things we wish, but mighty hard to love those who don't. . . . But, unless we can love those who sometimes seem to go against us we won't even be coming close to that The Good Book stated that we should do.

In making friends it helps to lean forward just a little bit, especially if our hand is outstretched. . . . A friendly smile will make the outstretched hand seem even longer. . . .

Some folks love others, others love only themselves.

To love others makes us happy, to only be in love with ourselves makes us the loneliest of people. . . .

Kindness is a common language which all races can understand. Even the growl of a dog can be quieted with a friendly pat.

If we want to get even with folks we should try to get even with those who do us favors. . . .

Most of us do need an extra portion of love and understanding. And we need these two well seasoned with a good amount of patience. With these feelings in our heart we could work hand in hand so much better in our families, in our grand country, and with all the peoples of the world. . . .

To start the day with a heart full of love is a good beginning for a happy day. To end the day

Patience, love and understanding. Are some things we humans need; These would solve so many problems Caused by bitterness and greed.

Love would help us work together, Patience help us understand. And by understanding others We could then work hand in hand.

INDUSTRIAL WEST-SEPT. 1898 A DEPRAVED VILLAIN'S DEED

It is hard to believe that Clarendon has characters so low and mean as to cowardly lurk in dark places at night and assault unsuspecting girls and women with rocks, but such is the case. Last Saturday night about 9 o'clock as Misses Bessie Chamberlain Floy Rogers and Daisy Blake were hurridly walking across from the post office to the latter's home, some worthless, cowardly imp, who is a sad reflection on the parents that are responsible for his existence and a curse to the town that tolerates him, threw a rock from near the corner of Miss Porter's Millinery store, or Mr. Beville's Insurance office, and struck Daisy Blake just behind the left ear, felling her to the ground instantly, and from which she was laid up several days. No one was seen by either of the girls. The same night Mary Bowles was struck on the hip with a four pound rock near the court house steps and a rock was thrown at Mrs. Ryan near the bridge while going from the post office to her home. In every instance the perpetrator kept himself out of sight. We are not in favor of mob violence, but if the officers are not able to cope with such characters every law-abiding man in town should resolve himself a member of a vigilance committee until all such scoundrels are within the clutches of the law. If unpunished and allowed their liberty no girl or woman is safe from assassination and it should be seen to that it is made too hot for such cowardly, depraved imps to remain in the town. Monday we put up a reward of \$25 for the apprehension and conviction of the person or persons and it is now increased to \$50.

PATRIOTISM

Patriotism isn't marching behind a band and puffing out your chest. Patriotism isn't a flash of fireworks one day of the year, and then submerging one's emotions the rest of the year. Patriotism isn't found in the whooping of the crowd or maudlin flag-waving.

Patriotism is the sum of the three cardinal virtues: Faith, Hope, and Charity. Faith in the principles of our government; Hope in the future of our country; Charity toward all and malice toward none.

Patriotism is that spirit that makes us help our neighbors when they are in distress, and extend sympathy when they are stricken.

Patriotism is the tugging at our heartstrings, and a sincere kinship with those who toil in field or shop or marketplace.

Patriotism is the emotion that makes a lump rise in the throat when some intrepid spirit strives to achieve something that no human being ever before achieved.

Patriotism is to be unashamed at the moisture that comes welling up in our tear ducts with the passing of some great and noble soul, who unselfishly devoted his life to the cause of mankind.

Patriotism is loving one's country, respecting its traditions, and honoring its people, high or low, rich or poor.

Patriotism is standing firm and unselfish for the right, for the common good, for the peace and well-being of all; sacrificing self, if need be, and standing tall and unafraid against all opposition.

Diverted Acres

You are again reminded to be sure that diverted acres are not grazed until after October 15. These acres cannot be harvested this year in any manner.

1969 Acreage Reports

Keep in mind that August 15, 1969, is the final date to certify to cotton, feed grains, and diverted acres. We would like for you to come into the office and get this done, however, as soon as your crops are up and to a good stand. This will allow a little more time for us to process the papers so that you will be able to get your checks early in September.

Be very careful when measuring your crops and be sure they are right at the time you make your report. For even though August 15th is the last day to certify in our county, when you file your report you will have no further opportunity to adjust.

Holiday

This office will be closed Friday, July 4, 1969, in observance of Independence Day.

Drive Safely Thru Holiday Period

Colonel Wilson E. Speir, director of the Texas Department of Public Safety, said today the DPS Statistical Services Bureau estimates that 34 persons will be fatally injured in traffic accidents in Texas during the 78-hour July 4 holiday period.

The holiday period is considered to run from 6 p.m. Thursday, July 3, to midnight Sunday, July 6. During this time, the Department of Public Safety will activate a special "Operation Motoreide" and will place all available uniformed patrolmen on duty to enforce traffic laws in an effort to reduce accidents and assist motorists.

Speir urged all Texans to plan their holiday trips so as to allow ample time to drive without speeding or driving too fast for conditions. He also cautioned motorists to watch out for pedestrians, especially on beaches and parks, during the holiday period.

The DPS director also warned that the department will vigorously enforce state laws relating in driving while intoxicated.

"Drinking drivers are involved in 40 to 50 percent of the fatal rural traffic accidents in Texas,

and I urge all drivers to avoid the use of alcohol prior to operating a motor vehicle," Speir said.

NOTICE TO TROOP 33 BOY SCOUTS

Scoutmaster Tommie Saye reports that Scout Troop 33 will be the host unit for Scouts coming in to "March for America" during the 4th of July Parade which will be at 1 p.m. All Scouts will meet at the City Park at 12:30 in uniform.

NAMED TO DEAN'S ROLL AT CC

Louise Barrow, daughter of Mr. and Mrs. Nolan Barrow of Lelia Lake was named to the Dean's Honor Roll for the spring semester, 1969, at Clarendon College. Her grade average was 3.0.

In Amarillo Hospital

Jo H. McMurtry, prominent pioneer rancher, will miss being here to take in the celebration this year. A cow kicked Mr. McMurtry and broke his leg below the knee. He is in room 414, St. Anthony's Hospital, Amarillo. His many friends wish him a speedy recovery.

A Fine Paper For Fine People

Our Celebration

(July 4, 1900)

The Fourth dawned cloudy and cool and but for a heavy shower in the early afternoon, would have been all that could have been desired so far as the weather was concerned.

People began to arrive the day before, the train from the south bringing in a goodly number from Memphis and a few from Childress.

Hon. W. B. Ware delivered the address of welcome. The dinner was ample and Townsend had excellently performed his work in barbecuing the meat.

The newspaper men present were J. R. Gaut, of the Western Advocate, Guy McDonald of the Amarillo Daily Times, and H. B. Martin of Hall County Herald.

The horse races were won by the following: First race—1st prize, \$25, Lew McClelland; 2nd, \$15, Joe Beaty; 3rd, \$2.50, Charley Jowell.

3rd, \$2.50, Will Jones. In the bicycle race Ivy Lipsey won first prize, \$10; and a fellow named Brash from Amarillo, 2nd, \$5.

NOTICE TO WATER CONSUMERS

PLEASE TAKE NOTICE:—On and after February 1, 1900, all water rents will be payable at the office of A. M. Beville.

All rents not paid by the 5th of the month will cause the water to be shut off, and a fee of \$1.00 will be charged before having the water turned on again.

Industrial West, July 8, 1898 Our Fourth, 1898

Our national holiday was spent in loyal holiday style, and everybody seemed to enjoy themselves. There were people here from Amarillo, Claude, Swisher, Gray and Hall Counties, the latter furnished nearly a hundred.

The parade, headed by the Clarendon Brass Band, Masonic, Odd Fellows, Woodmen and Circle societies, decorated buggies and uniformed boys on donkeys all made an imposing appearance.

At the courthouse after stinging "Star Spangled Banner" Rev. Sherman lead in prayer. Then Attorney Ware of Silverton

read the Declaration of Independence and commented very patriotically upon it. After more music Judge Veale, of Amarillo, was introduced and made a fine speech. The part that struck us most favorably was his position in opposition to a war of conquest as now being advocated by the national administration and many leaders in both parties.

Dinner was next served of which there was an abundance that all enjoyed with the exception of the barbecued beef, much of it being spoiled from being killed so long before hand and the warm, rainy weather.

The chief attraction after dinner was the ball game between Clarendon and Memphis, un-

pired by Editor Johnson of Memphis. Clarendon won, scoring 11 to their 9.

A wrestling match between Roy Galbreth of Memphis and Nath Bozeman of Clarendon was won by Bozeman.

About the only thing to mar the pleasure of the day was an accident to Nora Lane, a 12 year old niece of H. W. Taylor, who was struck in the face by a ball. While severely hurt, she is recovering.

Mrs. W. H. Condron and Elmore Condron, who have been visiting the family of A. W. McLain returned to their home at Elgin Monday accompanied by Jno. McLain.

ONLY ONE SAMPLE OF GALL

A Western editor recently received the following letter: "Send me a few copies of the paper which had the obituary and verse about the death of my little child a week or two ago, and publish the enclosed clipping about my niece's marriage, and I wish you would mention in local columns if it don't cost me anything that I am going to have a public sale and will rent my farm also that I have a few extra calves to sell. Send me a couple of extra copies this week, but as my time is out you can stop my paper, as times are too hard to waste money on a newspaper."

This association was started at Canadian September 1, 1899 and has grown steadily until today it is represented in all parts of the Panhandle and adjoining territory.  A very pleasant affair was a social at the residence of Mr. and Mrs. J. S. Scott last Thursday night, given in honor of Miss Kate Jordan of Wichita Falls, who is visiting friends in this city. The fore part of the

evening was spent in games, music, etc. At 12 o'clock they all retired to the spacious dining room where an elegant supper was spread. Miss Mabel, as well as Mr. and Mrs. Scott are royal entertainers and the following young folks enjoyed the evening

very highly: Miss Minnie Hill and Cliff White, Miss Quillian and Crockett Taylor, Miss Anne Babb and John Griffin, Miss Bessie Chamberlain and Jno. Beville, Miss Browder and W. H. Shaw, Miss Jordan and W. T. Jones, Miss Daisy Blake and Adie Hill, Miss May Barnhart and W. H. Patrick and Miss Susie Douglas and H. B. White. In the wee hours of the morning the guests departed after having expressed their thanks to the hostess for the pleasant evening they had spent and a desire for a hasty return. The entertainment was an informal affair, but none the less interesting to all the guests and also to the fair visitor.

NOW DON'T GET GREEN-EYED

The newspapers of Donley are agitating the building of a gin and mill at Clarendon and they are using the figures of Hall county's cotton crop to estimate theirs by. They may filch our deductions, they can't get our crop nor they can't grow so much—they have too many hills in Donley. — HALL COUNTY NEWS.

Several pistol shots over at "Long Anna's" attracted attention yesterday. When those in that vicinity looked in that direction they saw Charley Gage, alias, "Milliron," putting distance between himself and Anna's resort as fast as his legs could possibly carry him, with the woman shooting as she followed. He soon was at a safe distance, however, but was arrested and jailed last night by Deputy Oliver on a complaint of disturbing the peace. The woman says in a drunken rage he smashed up some of her furniture.

F. M. Page returned from Denver Saturday morning and was not much enthused with the proceedings so far as the barbecue was concerned. He came home without the taste of bear, buffalo, elk, mountain goat, or any other kind of dainty flesh that a cowman might hunger after. He says that when the time came to go to the grounds Tex-

ans were given the post of honor and were to go on the first train, but the thousands of people in waiting of all colors and conditions, made a break by breaking down the iron gates and railings at the depot and taking possession. They covered the engine, tops of the cars and every available space. At the grounds, troops, police, officials nor nothing else could keep them back but to the tables they rushed until they were broken down. He says he never saw anything like it in his life. Quarters of buffalo were grabbed up and thrown about. Saddles of elk were taken and torn to bits or trampled in the mud. Bear roasts and steaks and the delicious mountain sheep parts were likewise wasted. Bread of which there as a pile fifty feet high was trampled under foot in the muck.

Geo. Doshier returned Thursday night from a business trip to Fort Worth. He, like a number of others, has a severe cold.

There is to be a dance at the courthouse next Friday.

J. D. Jefferies sold to Jim Trent this week two high grade Hereford calves for \$100.

C. A. Burton is adding groceries to his other business.

The Arbuckle and Hevemer coffee fight still rages and the price was cut Tuesday to 8½ cents, wholesale.

Mr. B. T. Naylor has been sick for some time and there is some anxiety as to his condition.

Walter Hall and Adie Hill took it upon themselves to count the houses in Clarendon yesterday and say there are an even 200 resident houses, 47 business houses, six churches and 45 windmills.

W. M. Hilderbran is nursing a lame leg as a result of his horse falling with him Tuesday.

JEFFERSON'S POLITICAL MAXIMS

The legal equality of human beings.
 The people the only source of power.
 No hereditary offices, nor order, nor title.
 No taxation beyond actual public needs.
 No national banks nor bonds.
 No costly splendor of administration.
 No interference of freedom of thought or discussion.
 The civil authority superior to the military.
 No favored classes; no monopolies.
 Free and fair elections, universal suffrage.
 No public money spent without warrant of law.
 No mysteries in government hidden from the public eye.
 Representatives bound by the instructions of their constituents.
 The constitution of the United States a special grant of powers, limited and definite.
 Freedom, sovereignty and independence of the respective states.
 The union a compact—not a consolidation nor a centralization.
 Moderate salaries, economy and strict accountability.
 Gold and silver currency, supplemented by treasury notes bottomed on taxes.

A man who intends to keep his promises can't afford to make many. The same can be said of his debts if he expects to pay them.

The JA's have sold 2500 one-year-old heifers to Rowe Bros. at \$20.

Charley Derrick returned to Clarendon the first of the week, and we hear he has made application for stock inspector to succeed Mr. Doshier.

Two men named Hughes and Lloyd at Union Hill, Hall County had a fight this week in which Lloyd lost a ear and Hughes a finger, besides being otherwise chewed up.

Industrial West, March 1898

A few nights ago a couple of tramps struck the town, seemingly bent on a row and proceeded to do up a horse racer named Mart Miller back of Cain's Saloon. They were placed under arrest, tried by Justice Barrett and fined \$15 each and costs, running the total up to over \$31 each.

F. P. Kelley was married last Wednesday at Hotel Harrold, Ft. Worth to Miss Laura B. Bruen of New Orleans. They came up Thursday and will make Clarendon their home.

The Stock Raisers' Convention was one of the largest ever held. There were admitted thirty-eight new members, representing 67,000 head of cattle. After a sharp contest between Dallas and Fort Worth and two hours of speechmaking Fort Worth was selected as the place for the next annual meeting of the Texas Cattle Raisers' Association. The

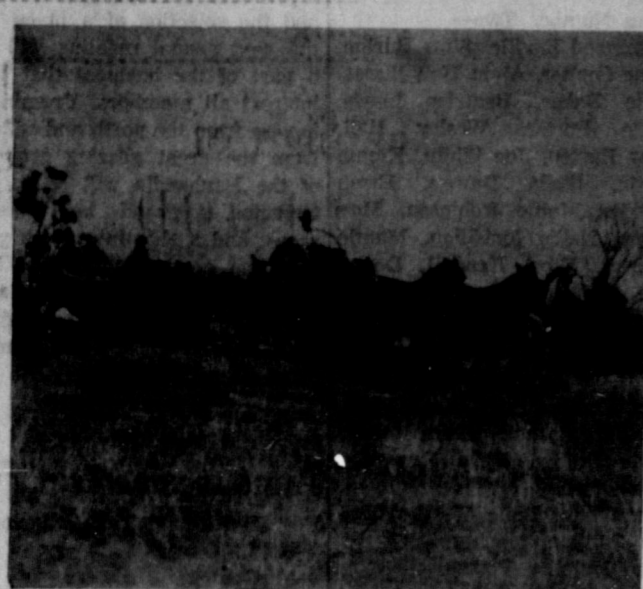

vote was 84 for Dallas and 154 for Fort Worth.

J. W. Kent, working on the JA ranch, jumped from a wagon during a runaway near Barrel creek about 35 miles from here on the 9th of March and broke his left leg above the ankle. A doctor from Silverton set it but it became badly inflamed and Dr. Morris was sent for and who dressed wound and had him brought in here Wednesday. He went to a hospital at Trinidad Thursday night.

Somewhat of a sensation was caused at school Wednesday by Gus Capehart, one of the scholars being badly intoxicated. Complaint was filed against John Beville, Collins Bro's Clerk, but the case was dismissed yesterday, on the ground that Beville did not know the drink, wine, sold by him to the boy was intoxicating.

FOURTH OF JULY CELEBRATION

(June 17, 1898)
The Citizens of Clarendon are making extensive preparations for the barbecue the 4th, which is to be held at the courthouse square. The Masons, Odd Fellows, and Woodmen will have a public installation of officers. There will be races, speaking and other amusements during the day. A band will be procured to furnish music. Everybody is invited to come and bring a basket.

Dr. Stocking, wife and five younger children will leave Monday for Ogdensburg, N. Y. to visit Dr. Stocking's old home. They will take in Niagra Falls, New York City and other points before returning a month hence.

Mrs. J. S. Morris, who came in from the ranch two weeks ago with slow fever, is now convalescing.

Industrial West, April 1898

A man who has nothing to boast of but his noble ancestry is like a potato—the only good being to him is underground.

An unsophisticated gentleman who went to see a woman who advertised herself as a "demure, roundfaced, browneyed, little beauty" through personal columns of a New York paper, claimed she had a face like an attack of rheumatism and a voice like a misfit phonograph.

We don't know whether our bank people are on the warpath or not, but they have been painting things red around there this week.

A baby boy was added to the family of Mr. and Mrs. Robert Sawyer Sunday morning and Dr. Morris also reports a girl born to Frank Murphy Tuesday.

LEADER CLASSIFIEDS GET RESULTS

Sam Bellamy was fined \$1 and costs, amounting to a total of about \$9 by Justice Smith at Rowe several days ago for fighting. He was placed on the street here Wednesday and did such faithful work in clearing the main street of debris that the merchants presented him with a small cash contribution that had been provisionally made up to pay for the work.

The board of equalization last week placed the valuation of cattle at \$14, except several bunches of high grade cattle that were placed at \$15. Land which has heretofore been put at \$1.25 is now \$1. A number of citations were issued to parties to appear before the board July 8.

Clarendon now has telephone connection with Paloduro, Rowe headquarters, Goodnight, and Claude, work still being pushed. Next week connection will be made with Panhandle and Amarillo.

Industrial West - July 1898

A GOSSIP'S CREED July 1898
Clarendon as all other towns, has a few gossips. We don't know that they have a creed, but they seem to follow up the following pretty closely:

We believe in learning everything had about men and women that we can learn.

We believe in repeating every story about men and women we hear, without caring whether it be true or false.

We believe in adding to what is told us, to make the story more entertaining.

We believe in denying that we ever said a word about a person's character when we are charged with so doing.

We believe in making up stories about people when we cannot hear anything had about them.

We believe in slandering everybody we do not like.

We believe in gossiping, in talking about our neighbors, and in filling the world with misery and trouble.

Recruiting officer, Lieut. Cook, gathered up nine here. They were Pal Brown, Burt D. Richards, Chas. M. Richards, Jno. D. Presley, Jas. A. Grasham, Robt. R. Patterson, Jno. St. Clair, Wm. Hendrix, and Frank B. Twombly. The latter enlisted at Amarillo. All left here Sunday morning for Ft. Clark.

Crockett Taylor spent last Sunday in Childress. An attractive school teacher seems to have prompted the visit.

W. J. Lewis is making quite an extensive improvement at his place.

A Dakota rancher has posted the following notice on a pine tree near his place: "My wife Sarah has left my ranch when I didn't Doo a Thing To Her and I want it. Distinctly understood that any Man as takes hur in and Keers for her on mi account will get himself Pumped so full of Lead that Sum tender foot will locate him for a mineral claim. A word to the wise is sufficient and orter work on fools."

Sunday, May 1, Spain's Asiatic squadron destroyed; Sunday, July 3, Spain's Cape Verde fleet destroyed; Sunday, July 17, American army enters Santiago; Sunday, July 24, Gen. Miles landed in Porto Rico with the van of the invading army.

Mr. B. T. Navlon, T. N. Navler, also Fred Weirman presented us with some fine melons the past few days. But the largest one to date this year came from W. T. White. It weighed 59 lbs. and was excellent in flavor. This, unless some one brings a larger one, entitles Mr. White to the premium of a year's subscription. All the donors will please accept thanks for their favors.

NOTICE

On account of the Legislature of Texas, at its last session, adopting a uniform set of school books to be used throughout the state for the next 5 years, there will be almost a complete change for the ensuing year. As I am the agent for these books, I will be the only one in the city who is permitted to exchange them for the ones used last year. This I will be pleased to do. Respectfully, J. D. Stocking.

Industrial West - August 1898 FRILLS OF FASHION

Mauve and red form one of the fashionable combinations of color.

Pretty neckties to wear with pique gowns are made of white glace silk, trimmed with plaid or spotted silk.

Cherries mixed with their own blossoms decorate red straw hats and to perfect the scheme of color a scarf of red silk spotted with white is effective.

A becoming feature of fashion is the belt like the material for the gown, or of chiffon of the same color rather than of ribbon in contrast.

The hat which turns back from the face is a close rival to the other extreme which tilts down over the eyes, and is charmingly becoming to many faces.

Very pretty waists classed with shirt waists are made of linen batiste with bands of lace insertion between groups of tucks down the front and back where the waist fastens. The collar is simply a transparent band of lace with cords long enough to tie in a bow.

Earrings are threatened again, and the special design which may prove irresistible is called "ear florets." They are a little flower scroll set with diamonds shaped to accentuate the curves of the lobe of the ear, and fastened in some mysterious way which is not visible.

Bangles of oxidized silver, ornamented with some appropriate quotation from Shakespeare, in old English letters, are one of the novelties in jewelry. But if you really want a supply of wisdom beyond your years, just wear a gold bangle with a Buddha set in diamonds, or better still, a frog set in jewels, which will bring you good health and much happiness.

Miss Eula Henderson of Benton, Arkansas, who has been visiting her sister, Miss Nora, left this week for her home. Some of the boys seemed somewhat dejected at her departure, and she made many friends who would be pleased to have her visit again.

Robt. Bigger, a fireman on 3rd division, was severely burnt about the head Saturday near Texline by the bursting of a lubricator.

The Lelia school will open Monday, Sept. 5, with Mrs. J. K. Palmer teacher. They have about 25 scholars in their district within the scholastic age. Mrs. Palmer taught this school last year and gave good satisfaction, hence her employment again.

ICE CREAM FESTIVAL

The Catholic ladies will give a festival, ice cream and cake, at the Griffin building August 25, the proceeds to be used to furnish their forthcoming school building.

CARD TO THE PUBLIC**

We are the first amusement institution in America to make a new departure in the show business in the interest of our patrons.

You will find no trickery, no gambling devices, no demoralizing influences. Our motto is now, and always has been, to introduce a high class moral amusement institution where a gentleman can bring his family and spend a few hours pleasantly at a cheap price of admission, where morality and dignity reign supreme. Special attention shown ladies and children. Gentlemen users in attendance to look after their comfort. The great Sells and Gray's Shows will exhibit afternoon and evening at Clarendon Thursday, Sept. 6.

Troup, the butcher, bought a young bear Tuesday from R. L. McLaren, who roped it near Goodnight some two months ago.

The school trustees have purchased the M. E. Church building near the courthouse, four of the five trustees have already signed the transfer, to be used by the public school for a primary school room. This is a good move on the part of the school board, and we believe will meet the approval of all patrons of the school. It furnishes the needed room without going to the expense at the present of new and costly building to replace the old one.

\$100 REWARD

I will pay the above reward for the detection and evidence to convict the parties who cut the fence of Jackson & Collier. W. H. Oliver, Sheriff

Capt. Goodnight was in town this week and awarded to H. W. Kelky & Co. the moving of the Goodnight school building from its present location to the college grounds.

FOR SALE

The Baptist parsonage, a house of four rooms, conveniently located, fair sized yard and stable is offered for sale at only \$600. See D. J. Calvary or call at this office.

S. F. Colville will begin buildings at once.

Hugh Brown of Rowe boasts a new boy, says Dr. Westbrook.

W. H. Cooke, cashier of the Citizen's Bank, went to Kansas City on business Tuesday.

Dr. Stocking has on hand the largest stock of school and college text books and supplies that has ever been brought to the Panhandle.

Four members of the Doak family at Washburn have the smallpox. While all cases now seem to be very mild it will likely be more aggravated when cold weather sets in if not stamped out before then.

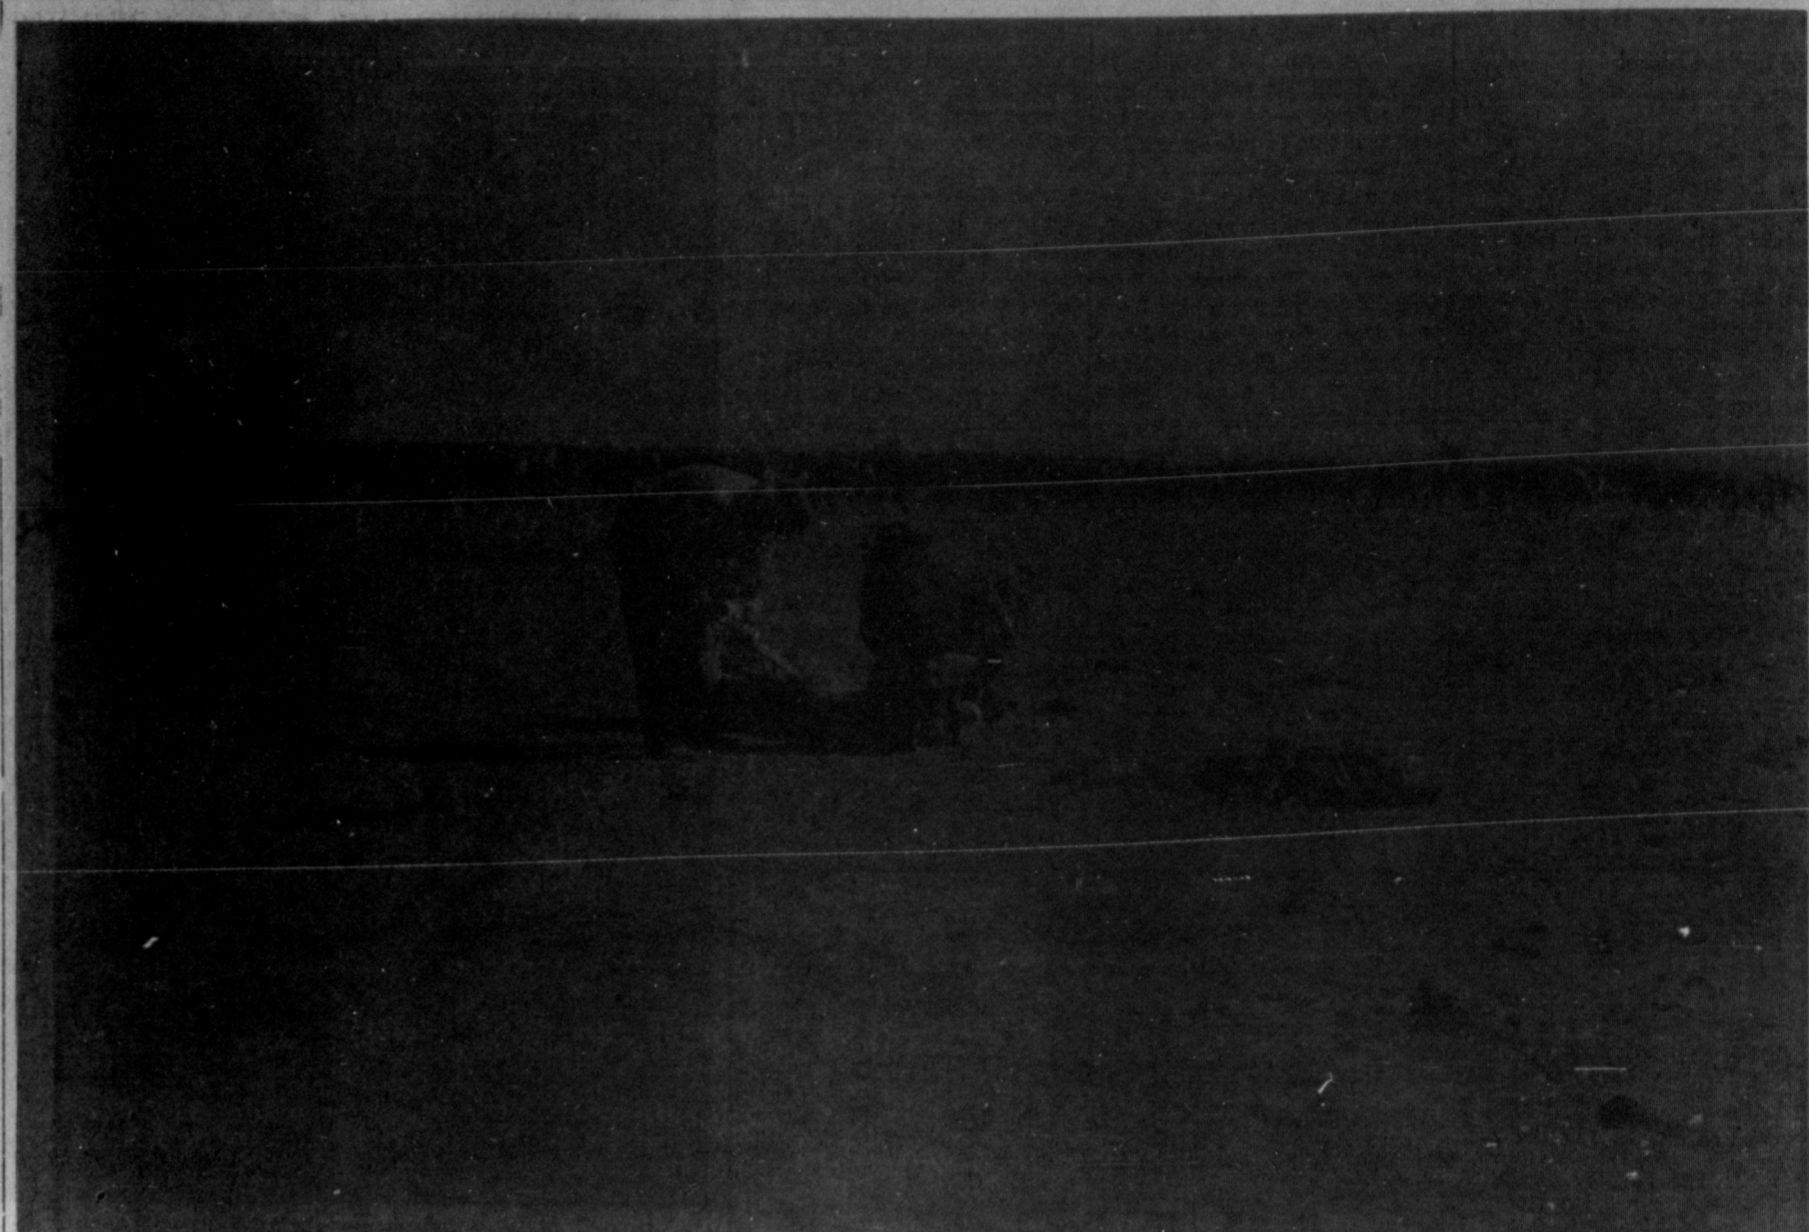

Rich Bowlin and W. H. Morrison favored us with watermelons last week.

A fishing party consisting of a number of Clarendon people left Monday for Elm Creek, Collingsworth County, where they will put in a week hunting and fishing. Another party started Wednesday for an outing.

August 26, ten years ago (1890) wheat sold on the streets of Vernon at \$1.05. The papers at that place now quote it at 40 to 60 cents. As a rule, the farmer is paying higher now for everything he buys than he did then. That is the kind of republican prosperity the farmer gets.

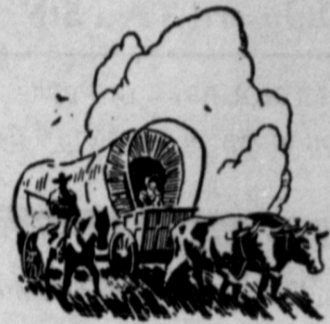

At a meeting last Saturday R. E. Montgomery, J. D. Jeffries, and W. P. White were appointed a committee to confer with the officials of any new railroad pointing in this direction. A finance committee was also appointed consisting of Messrs. Patrick and Cooke.

A PARABLE FOR ADVERTISERS

Behold an advertiser who went forth to sow. And when he sowed some fell into hand bills and dodgers and the street cleaners gathered them up.—Some fell among concert and theatre programs, and the people being interested in the show and not in the bargains—they were left on the seats, or crumpled and left on the floor. And some fell among fake schemes and gift enterprises, and popular contempt sprang up and choked them. But some fell into legitimate newspapers, which found their way into the homes of the people who had time to read them, and they brought forth fruit, some one hundred fold. Who hath ears to hear, let him hear.—Exchange.

T. S. Bugbee of Clarendon shipped nine cars of cattle from Panhandle Monday to the Kansas City market.

John Beverly was killed at Watrous, N. M. Tuesday being thrown from a horse.

Mrs. P. G. Payne and Mrs. Matt Turney of Eunis came up Wednesday evening on a visit to A. E. and E. L. Benson of Mulberry Flat.

Among those attending the Cowboy Reunion at Canyon City were W. T. Jones, J. J. Harrison, John Griffin, Rev. McKeown, Mrs. Hilderbrand and son Clarendon, Tom Buntin, Walter Taylor, G. W. Smith and daughter, Miss Edna, and Miss Lillie Blake. The later will visit at Hale Center before returning.

George Antrobus has been real sick since Sunday.

If a man wants his wife to believe everything he tells her, says the Manayunk Philosopher, let him be as silent as the grave.

We had but very little hot weather this year in the Panhandle. The abundant rainfall has rendered the temperature mild and the nights are delightfully cool.

A protracted meeting is going on at the South Methodist Church. Rev. J. A. Whitehurst of Amarillo is assisting the pastor, Rev. Henson.

F. G. Doster and Miss Lee Lindsey were married in the residence of H. F. Leisburg last Sunday evening. Justice Graham officiating.

After five months in Clarendon, Mr. H. B. Martin has concluded that Clarendon is pretty well

supplied with newspapers and that Memphis will be put back to regulation size and its office will also print the Collingsworth paper. Mr. Martin is an energetic worker and we hope his new deal will prove remunerative.

The new windmill and the public well afford plenty of water. Rowe is no longer a dry town so people are invited to come without bringing a jug. (Rowe News)

The Spelling at the school house was well attended Saturday night (at Rowe).

W. H. Rodgers of Giles was at Rowe on business Saturday.

The following new babies have been announced; Boy, Friday at the home of Walter Haggard; girl the 18th at Robert Hall's; girl Friday at W. S. Boydston's.

Jefferies, Beverly and Walsh Vs E. H. Connell, suit for damages.

State of Texas vs John Nugent et al, forfeiture of bonds.

Quite a number of prospectors have been in the county this week looking at our land for the purpose of making their homes here. But as most of the vacant land in this county is covered by parties who want to make an honest (?) dollar, it is almost impossible to locate a settler, unless he is willing to pay the

aforsaid individuals a bonus for it. ETC. (Panhandle News).

The progressive and up-to-date women of Springfield, Mo., have started an anti-gossip society. The members agree to speak no evil word of any other woman. It will be noted that the pledge does not extend to men. (Panhandle News).

All the liars are not out west. The Mobile News says an artist in that city painted a dog so natural that the animal had the hypophobia during the hot weather. He's the same, says the Portland Press, who painted a copy of a beer bottle with such skill that the cork flew out just as he was finishing it. And after he was married he painted a picture of his first baby so life-like that it cried, and his wife spanked it before she discovered her mistake.

Industrial West, April 1900

TO CELEBRATE JULY FOURTH, 1900

The Citizens of Donley County met at the courthouse Monday, June 18th, 1900 to arrange for an appropriate celebration for the Fourth of July next.

Judge B. H. White, being elected temporary chairman, and C. C. White, secretary, the following proceedings were had:

Committee of three to be a general committee on arrangements to oversee all minor committees were elected as follows:

Committee on finance—Morris Rosenfield, J. D. Jefferies, John T. Sims, B. T. Lane, A. C. Barrett, L. C. Beverly, J. K. Harvey.

Committee on Amusements—Adie Hill, W. T. Jones, C. C. White, Bond W. Johnson.

Committee on Barbecue—John Hoffer, G. W. Baker, Wm. Troup, John Townsend, Robert Sawyer,

R. F. Wood, T. H. Gatlin, Committee on Printing—W. P. Blake, Albert Erwin, J. R. Henson.

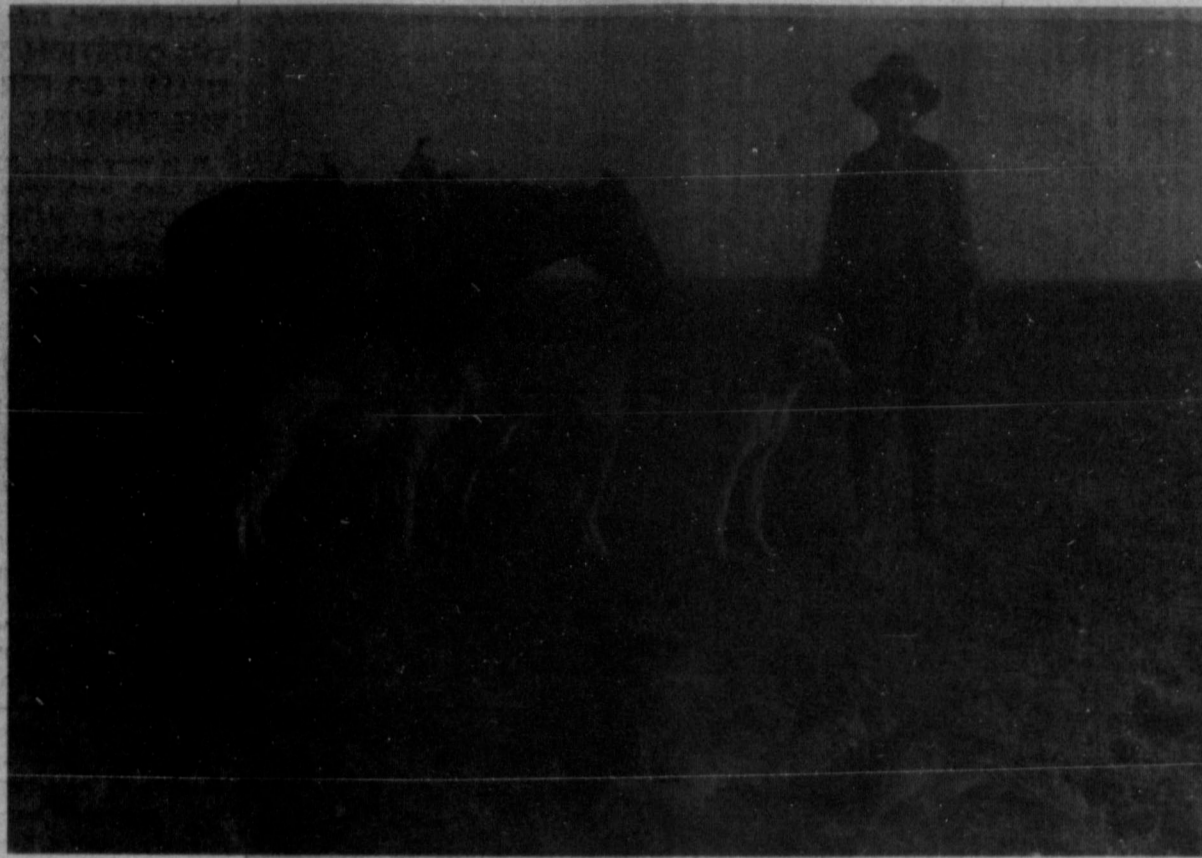

Committee on Music — Tom Mulhall, Tom Driskell, Jas. Trent.

Committee on Transportation—David Barnhart.

Posters are being printed and sent out and no doubt a large crowd will be in attendance. . . . We have been requested to state that no money raised for the barbecue will be used as prizes in the horse race—that being entirely an outside affair.

Most of our people are through planting corn, and with the fine season in the ground the most bountiful crops in panhandle history should be raised this year (April 1900)

Eight years ago last Saturday (April 7, 1900) was when Clarendon had her big fire.

Back in the days when there were very few fences, Wolf Dogs could make fast work of Coyotes or Wolves. Shown here with his pack and the dead Coyote with his head propped up is Bill Cross, father of C. R. Cross of this city. — Photo Courtesy of Mr. Cross.

Mrs. J. W. Kent of Beverley is spending this week in town visiting her sister, Mrs. J. D. Jefferies. (June 29, 1900)

The dog question is getting serious in Clarendon. Dr. Westbrook was knocked down and his clothes badly torn by a ferocious dog this week, and two other parties engaged in knock out over a dog fight. Both a heavy dog tax and a law compelling the owner to keep their dogs on their own premises should prevail.

Dallas now has a streetcar strike on its hands.

Next Monday (July 2, 1900) the Bank of Clarendon changes to the First National Bank of Clarendon with H. W. Taylor, our hardware merchant, as president.

A BIG HOTEL FOR CLARENDON

S. M. Foster, formerly of Hillsboro, now traveling for Bradstreet Commercial Agency, has made a deal for four lots opposite the N. E. corner of Court Square upon which he proposes to move the large 40-room hotel at Claude recently purchased by him. The price he contracted for the lots is a good round one, \$1,400. Clarendon is much in need of just such a hotel and we are told that Mr. E. T. Stevens has contracted for its lease for five years. This shows conclusively that both Mr. Foster and Mr. Stevens have full faith in Clarendon's future prosperity. We wish both success in the pro-

posed enterprise.

George Antrobus was on the market today with Early Alexander peaches, the finest and best flavored we have eaten this year. He has a large orchard of fine trees, but says it is too early yet to tell how the yield will be, besides some insect is at work on them.

Miss Francis Stocking and Miss Josephine Bullock of Wichita Falls came up last Monday and are visiting Mr. and Mrs. W. H. Patrick. They will leave in a few days for a visit at Denver.

J. T. Patman is now at work for T. J. Noland and Ben Griffin is driving the delivery wagon for T. W. Jones.

BUSINESS LOCALS

All kinds of fruit at Anderson's Pure Kentucky Apple Cider at Anderson's.

Bargains in all kinds of second-hand goods at Hill & Decker's.

Don't forget that August Williams keeps ice drinks, ice cream and candies at his new

confectionery store.

Barrett strives to please his customers both in shaving and hair-cutting.

John Townsend is now killing fat, home-grown cattle.

One of the Denver's big engines has arrived at Fort Worth and will pull a train into Clarendon tonight.

Industrial West, July, 1960 THE QUESTION. WHERE SHALL I GO FOR THE SUMMER?

It is very easily answered. To the north, east, or west via the fast "Katy Flyer," a wide vestibule train with buffet sleepers and "Katy" reclining chair cars, seats free.

Apply to any "Katy" agent and they will cheerfully give you full information as to rates, time-schedules, etc. or write to W. G. Crush, General Passenger and Ticket Agent, Dallas, Texas.

Joe Williams and wife and Mrs. T. J. Potts left yesterday for Dozier in response to a message that Henry Hunt, Mrs. Williams' brother, was not expected to live. A later message announced his death.

If you want to hear the Panhandle climate praised just stand around the depot when the evening passenger train makes its ten-minute stop here and hear the travelers comment on our fine cool breeze as they step out on the platform for a breathing spell. It is quite a contrast to the sweltering lower countries.

Something should be done to keep bicycle riders off the side walk. We have noticed several narrow escapes near the post-office at night, besides children are endangered at most all times on any of the sidewalks by thoughtless people who should know better.

Better not put off plowing your fire guards until the ground gets so hard you cannot half do the job. A little prevention now will prove better than a section of black ashes.

P. A. Buntin went down to Childress this week to visit his sisters, Mesdames Hankins and Harrison. The latter lives at Cheyenne, I.T. (Indian Territory)

From most parts of the country come complaints of grasshoppers depredations on corn and cotton. Some fields have been almost or quite ruined by these pests. (Vernon Sun.)

The Paloduro Canyon

Rev. L. H. Cahart, who edited Clarendon's first paper, The News wrote this of his first visit to Paloduro canyon: "To describe this natural wonder is by no means an easy task, to compare it with the canyons of the mountains is at once unfair and inadequate. The mountain canyons are more abrupt and deeper, and renders the scene too monotonous, just a continuation of

high bluffs. Here on either side from twenty to fifty miles, is a level plain, unbroken by even a rivulet, then comes the edge of the Plains, an abrupt bluff, from three hundred to a thousand feet almost perpendicular then a valley or park upland. These parks contain from forty to one thousand acres and are skirted by a small ravine or creek with its abrupt bank of several hundred feet. Below these course the river valley perhaps a half a mile wide in

which lies the bed of the river a few feet lower still.

"In passing down from the plains, but a few places are found where a road could be made, and scarcely two places in a range of ten miles where a pony could pass up or down. No one who has not seen it can conceive the extent and wild beauty of this canyon. As far as the eye can reach, while standing on the edge of the plains above, stretches out this diversity of hill and dale, river and rock, magnificent beyond description! No visitor to the panhandle should fail to view the Paloduro. This valley, too, is a natural cattle range. Abundantly sheltered at the most severe seasons of the year from storms on either side, the pasturage is fine and water is excellent. It thus unites utility with beauty and stands out as one of the natural wonders of the Panhandle, if not the world."

"BROUGHT BACK A BRIDE FROM BROWNWOOD"

F. A. White returned from his haunt in south and west Texas with a bride Wednesday night. He was married at the Baptist Church, Brownwood last Sunday to Miss Addie Martin, an accomplished young lady of that town. Of course they are being heartily welcomed and greeted by everybody. The Industrial West extends its good wishes. (April 20, 1900)

Women have adopted as wearing apparel nearly every garment worn by men and now the next innovation is socks. We suppose they will keep on until Jerry Simpson's adornment will be fashionable.

In the report of the trip of a Clarendon Fishing Party by "one of the party," the statements about "loaded with spirits" and their "swell hops that would put New York's 400 to blush with shame," may cause the rest of Clarendon people to protest against being judged by the conduct of those in the party. If the report is untrue, then strangers who read the report will get a false idea of Clarendon people's conduct when they get away from home. Being away from home much of this week and the report being in type and ready for the press upon our return, we let it go in just as it was written.

On the new locomotives of the Denver & Rio Grande railway nozzles have been placed on the rear of the tender and the platform of the front end of the baggage car. These connect in the hot water of the boiler through a cock convenient to the engine driver or fireman, who can instantly send a jet of mixed steam and boiling water at 200 pounds pressure that would effectively kill anybody happening to be in its range. The jet is for the protection against train robbers.—Exchange.

Lloyd Blackwell has concluded to come back to Clarendon to stay. In 1899 the United States government paid in round numbers \$35,000,000 to railroads for carrying the mails, while the express companies paid \$25,000,000 for carrying six times the number of pounds.
