

MRS. RICKY LANE STOUT

## Mann-Stout Wedding

Carla Renee Mann and Ricky Lane Stout exchanged wedding vows Saturday afternoon at the Central Baptist Church in Pampa. Keith Feerer, minister of the Mary Ellen & Harvester Church of Christ, performed the marriage ceremony.

The bride is the daughter of Mr. and Mrs. Carl E. Mann of Pampa. Parents of the groom are Mr. and Mrs. Hollis E. Stout of Pampa.

Charla Mann, the bride's sister, was maid of honor. Bridesmaids were Amanda Holt and Shelly Stout, the groom's sister. All are from Pampa.

Best man was Maury Wells. Also attending the groom were Ed Cope-land and Kip Hutto, all of Pampa.

Special music was provided by Myrna Orr, piano; Johnny Woodard, guitar and vocals; and Joan Terrell, vocals.

The couple was honored following the ceremony at a reception in the church parlor. Assisting were Sandra and Karla Stout, Beverly Smith and Gina Coleman.

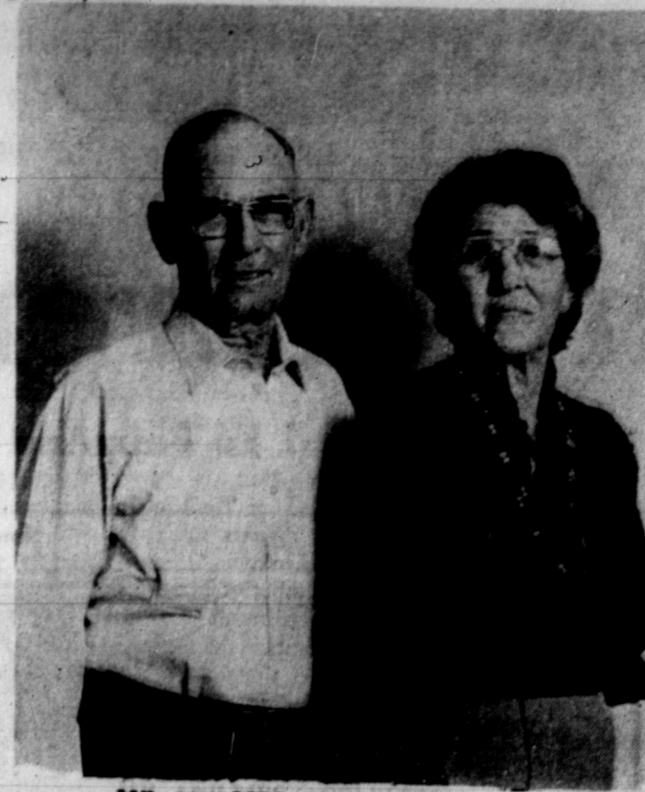

The bride is a 1985 graduate of Pampa High School. She is employed by Campbell Ranch. Stout graduated from Pampa High School in 1984. He is employed by Houston Lumber Co.

### Singles for Jesus to meet Oct. 12

The Singles for Jesus singles group is having a covered dish supper at Frieda Gray's home, 304 S. Parks, October 12. All adult singles are invited. For more information call John Rattan 874-3818 or Freida Gray 874-2776.

The Clarendon Press is published every Thursday at 106 S. Kearney and entered as Second Class Mail at the post office at Clarendon, Texas. J.C. and Helen Woody, publishers and editors.

Subscription rates: \$13.67 per year outside Donley County and \$10.51 per year in Donley County. Any erroneous reflection upon the character of any person or firm appearing in these columns will be gladly and promptly corrected upon being brought to the attention of the management.

MR. AND MRS. ACIE PUTMAN

## Mr. and Mrs. Acie Putman celebrate 50th anniversary

Mr. and Mrs. Acie B. Putman of Panhandle will celebrate their 50th wedding anniversary with a reception Saturday, October 12, 1985, from 2 to 4 p.m. at the War Memorial Building in Panhandle. The event will be hosted by their children, Donald Putman, Panhandle; Kay Putman, Houston; Linda Mayfield, Brownfield; and Lois Martin of Barco de Pravis domini, Italy. Acie Putman and the former Helen Head were

married in Sherman, Texas on October 10, 1935. Mr. and Mrs. Putman are former residents of the Clarendon area having moved from Lelia Lake to Panhandle in 1951.

## Services at Nazarene Church

The Church of the Nazarene will hold a Miracle Healing Service Sunday, October 13 at 6 p.m. Music will be provided by The Song-Smiths. Bro. Bill Hodges, pastor, invites all who are sick of body, mind, or spirit to come and be ministered to by the Spirit of the Living God. They are expecting God to heal the sick, minister to those who are broken hearted, and set free all who are bound in mind or spirit.

**DONLEY COUNTY 4-H OFFICERS** (back row) - Michael Moore, Lori Roberson, Monte Hollar, Christie McAnear; (front row) - Christina Leathers, Jennifer Davis and Lesia Fuston. Not pictured is Leland Howell.

### 4-H elects officers

New officers were elected for the 1985-86 4-H year September 16, 1985 during their first meeting of the year. They are as follows: President is Lesia Fuston, the 17 year old daughter of Mr. and Mrs. Denny Fuston. Lesia is a senior at Clarendon High School. Her main 4-H projects include beef, leadership, horse, and foods. First Vice President is Monte Hollar, the 16 year old son of Mr. and Mrs. Buri Hollar. Monte is a junior at Clarendon High. His main 4-H interests are horse and leadership. Second Vice President is Christie McAnear, the 14 year old daughter of Mr. and Mrs. James McAnear Jr. Christie is a freshman at Clarendon High. Her main interests in 4-H are beef and foods. Secretary-Treasurer is Jennifer Davis, the 14 year old daughter of Mr. and Mrs. Cagle Davis. Jennifer is a freshman at Clarendon High. She is active in both leadership and the dog project. Reporter is Christina Leathers, the 16 year old daughter of Mr. and Mrs. Leroy Leathers. Christina is a junior at Clarendon High. She participates in the food and nutrition, baking, and sewing projects in 4-H. Parliamentarian is Mike Moore, the 14 year old son of Mike and Judy McCully. Mike is a freshman at Clarendon High. His main projects in 4-H include leadership and the dog project. District Council Representatives are Lori Roberson and Leland Howell. Lori is the 14 year old daughter of Pat and Linda Roberson.

She is a freshman at Clarendon High and is active in the beef and photography projects in 4-H. Leland is the 17 year old son of Mr. and Mrs. Bob Howell. He is a senior at Clarendon High and active in leadership and beef.

### Look Who's New

**Lori Beth Jobert**  
Mr. and Mrs. Mick Jobert of Panhandle are proud to announce the arrival of their daughter, Lori Beth. She was born Friday, October 4 and weighed 7 pounds 10 ounces. She will join her sister, Marla, at home. Grandparents are Mr. and Mrs. Bob McCombs of Clarendon.

**4-H'ers will begin selling pecans**

The Donley County 4-H Club will be selling pecans as a fundraising project. These are Del Cerro Kitchen Ready Pecans for Stahmann Farms in Las Cruces, New Mexico. The price will be \$4.00 for a one pound package of fresh, delicious pecans. These pecans are available from any 4-H member, or by calling the County Extension Office 874-2141. We appreciate your past support of this project, and are looking forward to selling you some pecans for your holiday cooking.

## Obituaries

**Odie Sturdevant**  
Odie Sturdevant, 76, died Friday in Amarillo.

Services were at 2 p.m. Sunday in First Christian Church with the Rev. Tom Posey, pastor, officiating. Burial will be in Fairview Cemetery by Spicer Funeral Home.

Mr. Sturdevant was born in Bennington, Okla., and was a long-time Hall County resident. He has lived in Howardwick for the past eight years. He was a retired farmer and automobile mechanic. He was a member of Memphis Volunteer Fire Department 20 years and was a member of Independent Order of Odd Fellows. He was married to Evie Thompson in 1927.

Survivors include his wife; five daughters, Susan White and Leota Mathes, both of Amarillo, Billie June Wyatt of Durant, Okla., Yvonne Koetting of Borger, and Linda "Tooter" McCreary of Dallas; a son, Jimmy of Dallas; two sisters; 14 grandchildren; and eight great-grandchildren.

Grandsons of Mr. Sturdevant served as casket bearers.

**BETTY MOLDER**

### Molder named nurse of the month

Betty Molder, L.V.N., employee of Medical Center for the past seven years and the wife of Lloyd Molder, was recently elected to receive the honor of being nurse of the month for September. Mrs. Molder is a charge nurse and is considered to be one of the better employees of the Center. Betty is a jovial person, giving all around her a lift with her pleasantness and witty conversations. One of Betty's favorite hobbies is fishing. She and Lloyd both know how to catch fish and cook them. Betty also makes a mean biscuit. Thank you Betty for your attitude toward your job, your patient care, and ability to work with everyone here at Medical Center. Congratulations to you for this achievement and thank you for a job well done.

### Senior Citizens to hold dance

Senior Citizens will have a dance Tuesday, October 15, 8-11 p.m. Live music will be provided for the dance, and refreshments will be served.

**HAPPY BIRTHDAY**

**Medical Center News**

By VERA JOHNSON

Medical Center dining room became the center of action when we all gathered together to celebrate our September birthdays.

Lucy Bishop celebrated her birthday early in the month. Nova Schaffer was not able to attend.

We had about 30 residents present for the party and several family members. Those attending who were members of Marie Stotts family were Hazel Campbell, Lucille Jones, Dub and Lee Tyler, and Nell Vitarelle. All were sisters and one brother of Marie's. Also Marie had a sister-in-law present, Mary Sue Stotts. Also Minnie and Marie had several friends present.

Minnie and Marie had beautiful cakes. The cakes and fruit punch were served by Hazel Campbell and Nell Vitarelle.

Everyone sang "Happy Birthday" for the ladies and also gave best wishes for their future. Everyone reported that they had a wonderful time.

September birthdays were Lucy Bishop, 9-15-1891, 94 years; Nova Schaffer, 9-30-1894, 91 years; Minnie Cannon, 9-23-1902, 83 years; Daisy Marie Stotts, 9-28-1914, 71 years.

**Clarendon hosts Tri State High School rodeo**

The first annual Tri State High School Rodeo was held in Clarendon on September 28 and 29, 1985, with participants from Texas, New Mexico and Oklahoma competing for team trophies for the boys and girls teams with the most accumulated points, as well as a trophy saddle for the boy and girl with the most points.

Stacy Funk of Canyon, Texas, won the girls saddle with a total of 13 points. Shawn Wright of Canadian, Texas, won the boys saddle with a total of 14 1/2 points. The girls team trophy was won by Canyon with 17 points, and high point boys team trophy was won by Wheeler with 23 1/2 points.

Local team members placing included Monte Hollar and Randy Crump, fourth in the team roping with a time of 14.005; Jimmy Uptergrove, seventh in calf roping with a time of 15.457; and Lisa Burch, eighth in poles with a time of 20.1.

We would again like to express our appreciation to everyone who helped us with our rodeo and supported us to see that our dreams and plans for a high school rodeo became a reality. It took a lot of hard work, advance planning, last minute details, but the community support proved to us that we could do it with your help.

**The Lions Tale** By Gene Alderson

The Clarendon Lions Club held its regular meeting at noon on Tuesday at the Lions Hall. Twenty-four members, Lion Sweetheart Jessie Adams, assistant-secretary Lisa Winsor, and six guests were present. Following the regular opening ceremony, Liantamer Messer introduced the following visiting Lions from the Pampa Evening Club: Jack Howard, Larry Hendrick, L.B. Fennock, and Edward K. Wiens. Their visit entitled them to claim our plaque, so we will need to make a visit to their club to reclaim it! Lion Messer had

as his guests Harold Oschner of the Amarillo Downtown Club and District Court Reporter James Richardson. November 5th was set as the date for our annual ladies night banquet. Lions, mark this on your calendar. Boss Lion Winsor announced the completion of work on a new sidewalk at our front entrance and a new wheelchair ramp at the side entrance. This will make access to our hall easier for club meetings and for those attending the bingo nights. Meeting adjourned.

## From The PEN of PASTOR PINION

### "A VOLUNTEER FOR JESUS"

We've all heard of the all volunteer Army. Instead of drafting men, there is an army of volunteers, that, even though there is no war time, there are men willing to endure hardship as good soldiers in defense of their country.

Back in World War II there were plenty of men, some with families and beyond the age limit to fight, who still volunteered to fight for the country they loved so well. Now America is filled with draft dodgers and conscientious objectors who make us think they are wise and careful of their own lives, when in fact they are not only cowards but traitors.

In the spiritual realm, it works the same way. We have many Christian Benedict Arnolds, draft dodgers, and conscientious objectors. They are like the fools in Luke 9 that said, "Lord I'd go, but....". Christ said you go ahead and save your life and object, but you'll lose it in the end. "HE that loveth father and mother more than me is not worthy of me:

and he that loveth son or daughter more than me is not worthy of me. And he that taketh not his cross, and followeth after me, is not worthy of me." Mt. 10:37-38. "And Jesus said unto him, No man, having put his hand to the plough, and looking back, is fit for the kingdom of God." Lk. 9:62. In this hour of darkness there is needed some volunteers for 'esus to endure hardness as good oldiers.

In II Timothy chapter 2 there are haracter qualities listed that are essental for each of us as Christians to possess in order to carry on the work of Christ. One of those is being good soldier. Why, you ask, must I e a good soldier? Because we are in spiritual warfare with three subtle nemies, namely, the world, thelesh, and the devil. Paul with nquenchable zeal is urging young imothy to persist in this relentless attle.

My standing as a good soldier is uggestive of four things. One, is bediencce to orders; two, is rigid discipline; three, is holding the body n subjection, and four, is valor in Jefeense of truth. Therefore, in my training there will be a lot of unpleasant experiences I don't wish to pass through. I must be trained to fight effectively in order that I might come out on top, despite any wounds I might receive. I must be trained to shoot straight in order to make each mark count as a downfall of the enemy. I must put aside comforts and be disciplined through afflictions that if I am ever taken as a P.O.W. I won't give in and crack under pressure. God is trying to prepare me for the real battles I've yet to fight. There will be a lot of comforts and self-indulgences I must sacrifice and instead, endure privations and hardships to be that good soldier. I want to be found acceptable before Him. I must not get entangled in the affairs of this life because no was ever won in soft easy chairs at the negotiating table. You don't ever negotiate with Satan. And he, my friend, is our enemy! I want to please Christ who hath chosen me.

More on "A volunteer for Jesus" next week.

Offer good at participating Mr. Burgers Only

Because you, the people of Memphis have been customers since the early years and have contributed so much to the growth of Vernon Savings, we want to invite you to participate in a drawing for a \$10,000 C.D.

# It's Vernon Savings' Silver Anniversary And We're Giving Away A \$10,000 C.D.

We're just completing our 25th year. We're ten branches strong and have assets over a billion dollars. So to celebrate our anniversary, and to let you know how much we appreciate your support, we're giving away a \$10,000 Zero-Coupon Certificate of Deposit.\*

All you need to do is come by Vernon Savings. The drawing will be held at the Vernon Savings' home office in Vernon on Friday, November 15th.

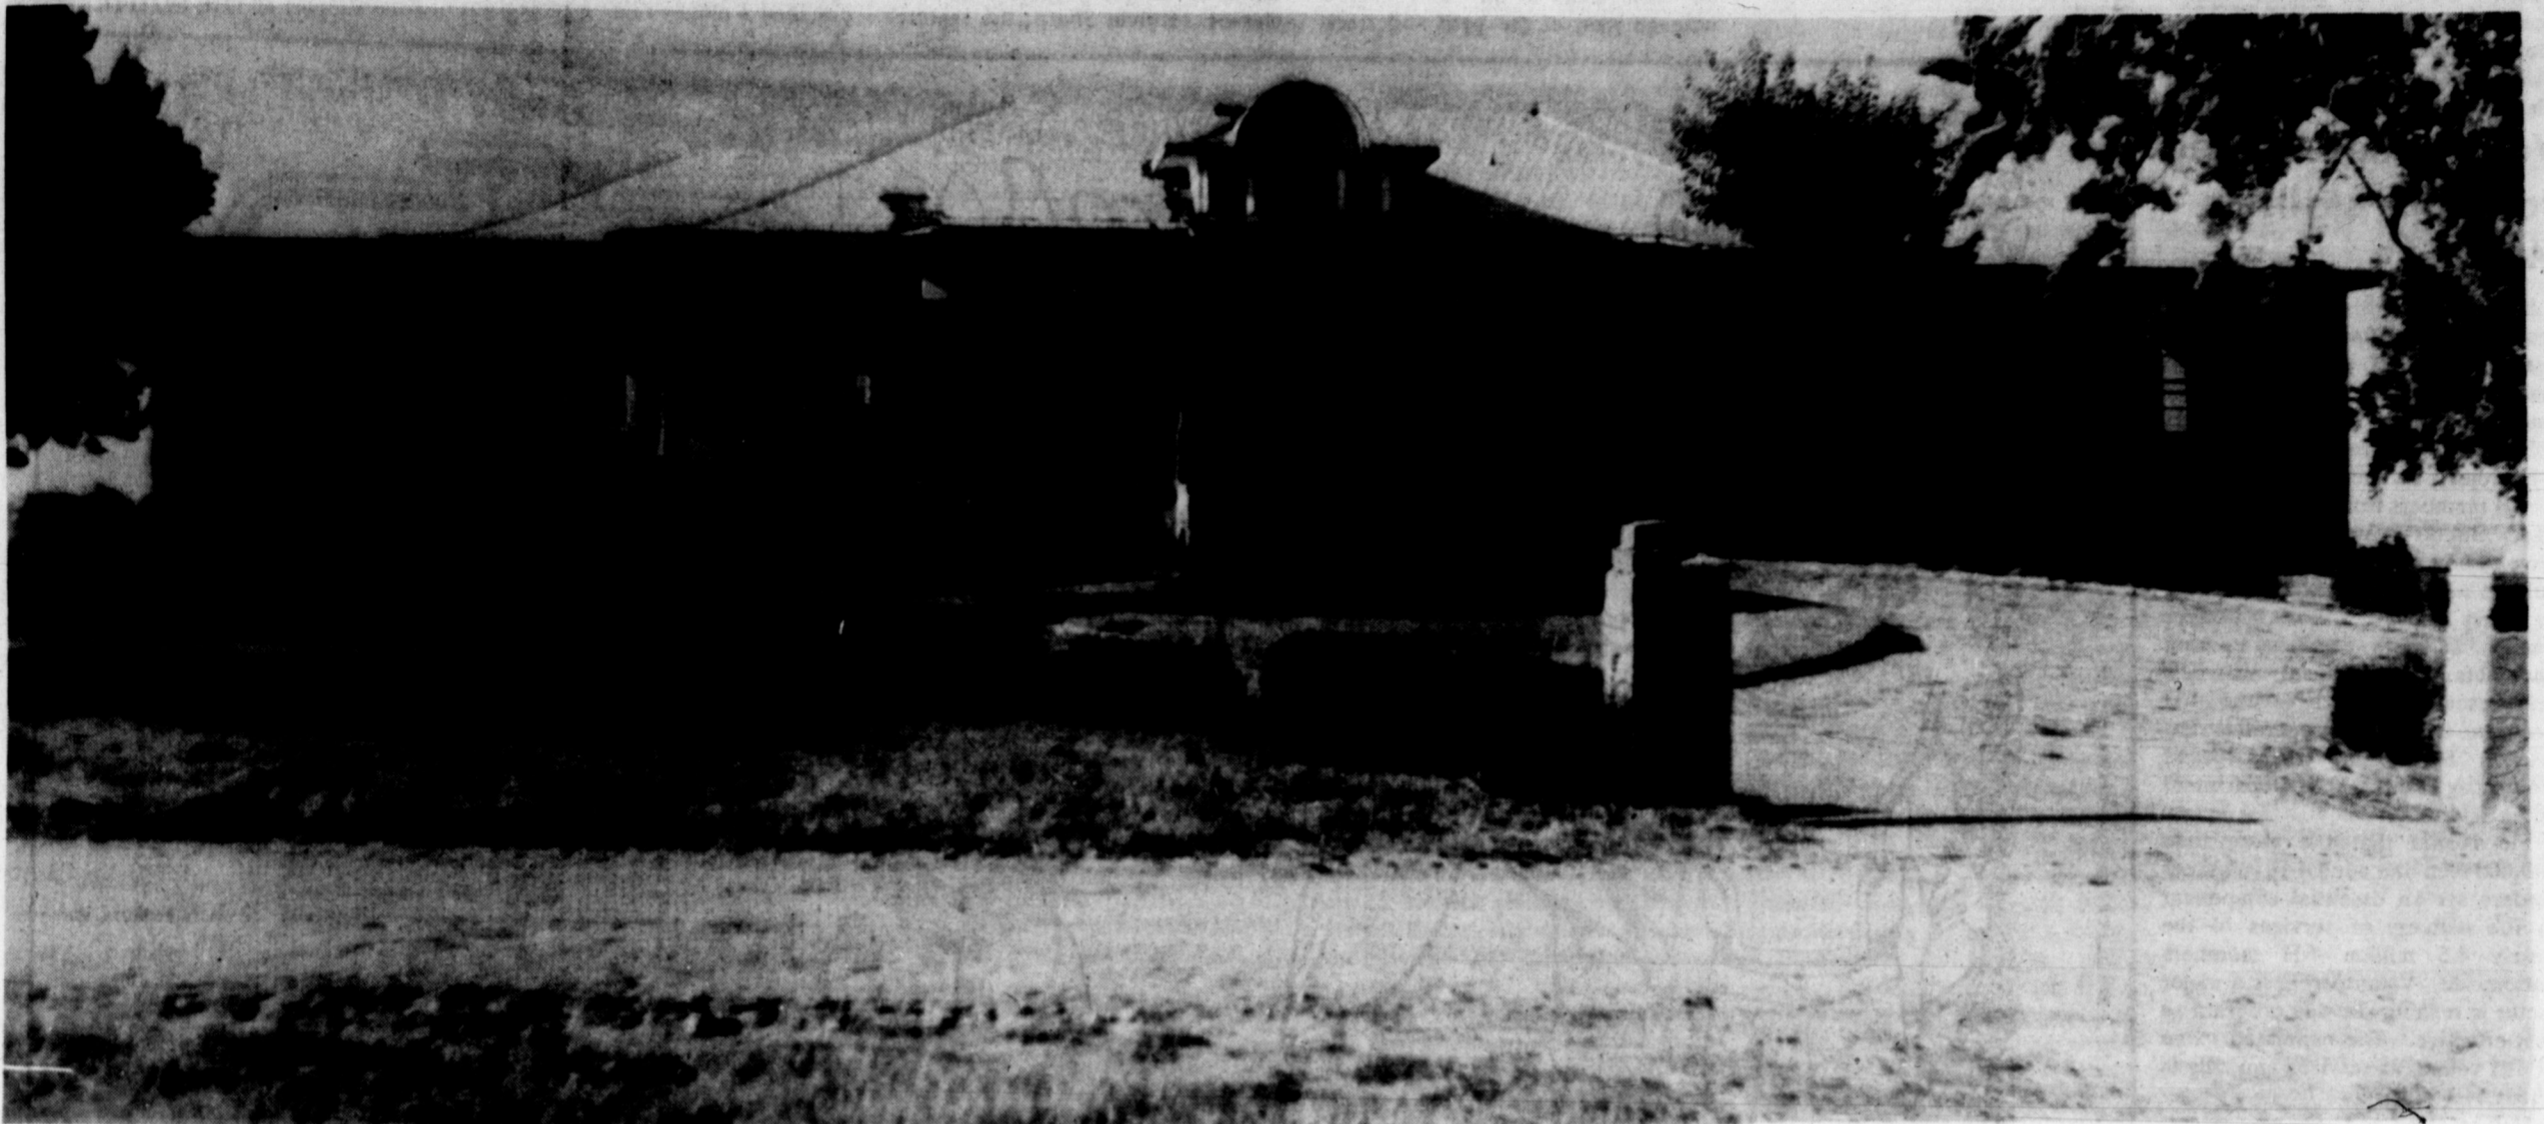

Come join in the celebration. We think you'll be glad you did, and you just might win a \$10,000 C.D.

119 South 6th Street, Memphis, Tx. 79245 (806) 259-3577  
OTHER OFFICES  
Vernon, Tx. Dallas, Tx. Childress, Tx. Paducah, Tx. Wichita Falls, Tx. Frederick, Ok.

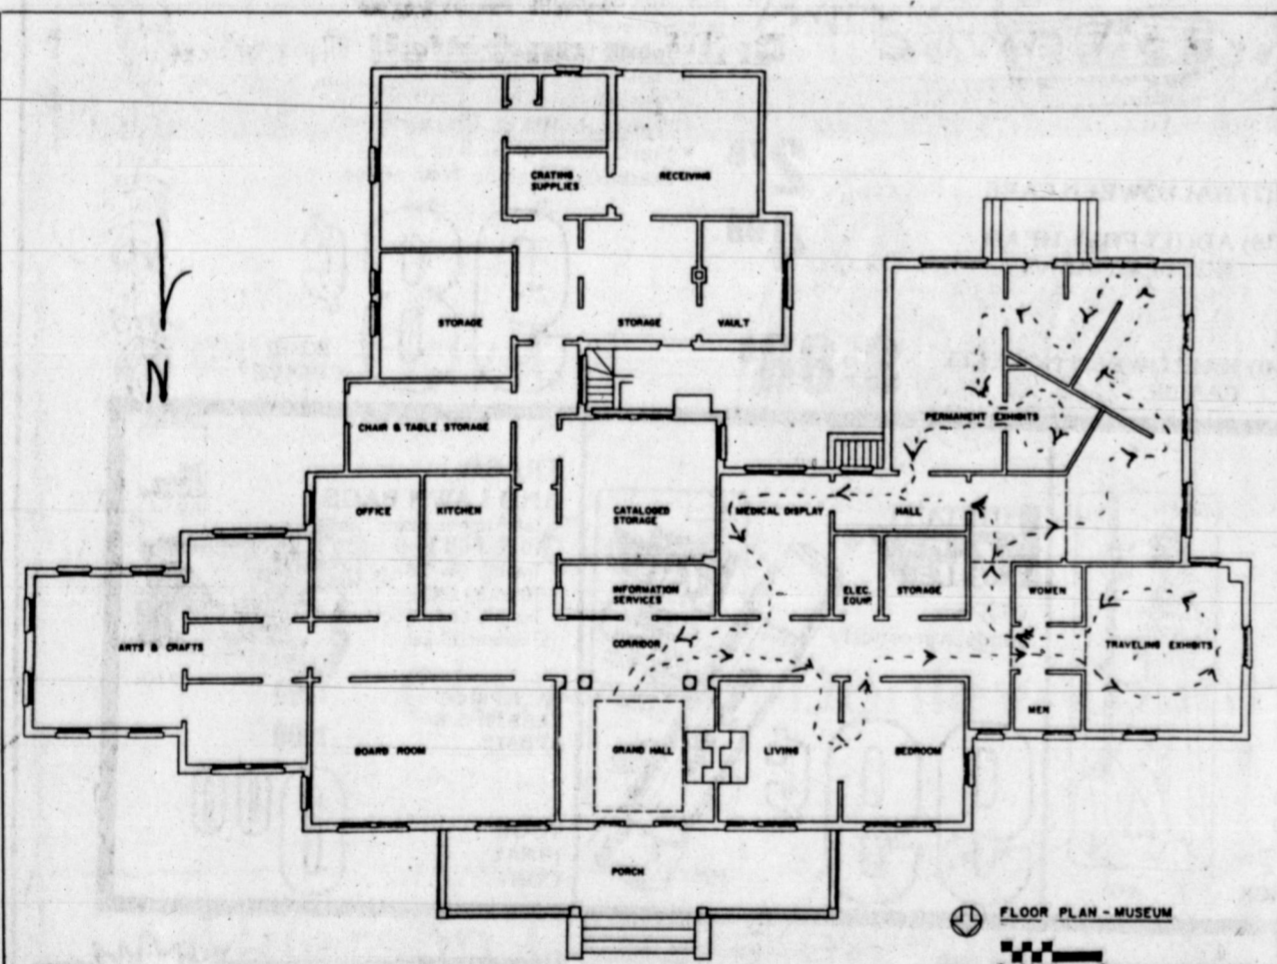

\*Cash value of this Zero-Coupon Certificate of Deposit at its ten year maturity is \$10,000. Current cash value is \$4,000. Penalty for early withdrawal.

# Attend Saints' Roost Museum open house Sunday, Oct. 13th from 2 - 5

Saints' Roost Museum Sept. 1985

## Funding Though Foundation Grant Sought for Saints' Roost Museum

### Proposed Floor Plan

The new floor plan provides for an arts and crafts area where the old operating and scrub rooms were located. The original ward is to be converted to the board room and general meeting room for any large group who needs this type of facility.

The kitchen will be fully equipped to serve refreshments or meals in the spacious board room. There will be an area for permanent exhibits, traveling exhibits and other display areas. Ample storage space is available making possible frequent

change of permanent exhibits.

A vault room is planned for security of valuable acquisitions.

Note how doorways and partitions have been engineered for ease of traffic flow.

## Grant Letters Near Completion

Grant proposal letters are nearing completion and will be in the mail by Oct. 1 for funding for the renovation and conversion of Adair Hospital to Saints' Roost Museum. Doubtless many of you will remember the general floor plan of the old hospital. On this page is a floor plan for Saints' Roost Museum when remodeling is complete.

This plan has been formulated by a commercial architect. It is the hope of the present board that by utilizing professional assistance from the beginning, accreditation from the American Association of Museums will be eventually achieved.

The Board of Directors at this time wishes to extend an invitation to one and all to "Own A Share of History" by becoming members of Saints'

Roost Museum. An application for membership is printed on this page. Please clip and mail to obtain your "Share of History."

### Memorials Establish Endowment Fund

Saints' Roost Museum now qualifies as a 501C-3 non-profit organization and has received this tax exempt status. An Endowment Fund is to be

established with memorial money and other donations so designated. Memorial cards are to be distributed by the local banks in future bank

## Oct. 13th set for Membership Tea

Please circle October 13 on your calendar and come to Saints' Roost Museum for a Membership Tea on Sunday afternoon from 2:00 p.m. until 5:00 p.m. Memberships or dues will be taken at this time and guided

tours of the old building will be conducted to show exactly what renovation is to take place.

There will be on display the work of several local artists. Exhibition of special museum items in the old

ward room will be of interest to many.

Punch, coffee, finger sandwiches and cookies will be served. Names for door prizes will be drawn from those who "Buy A Share of History" at this party.

### Items Needed

1. Names and addresses of former citizens interested in obtaining membership in Saints' Roost Museum or donating artifacts or copies of old photographs.
2. Mannequins
3. Show cases
4. Old Sheets
5. Flower boxes from florist shops.

### How To Buy a Share

Clip and Mail

If (we) would like to 'Own a Share of History' with my (our) donation of \$\_\_\_\_\_ to the Saints' Roost Museum for membership indicated.

- |   |  |
|---|--|
| <input type="checkbox"/> \$5,000 Founding Saint | <input type="checkbox"/> \$ 100 Apprentice Saint |
| <input type="checkbox"/> \$1,000 Patron Saint   | <input type="checkbox"/> \$ 25 Booster Saint     |
| <input type="checkbox"/> \$ 500 Saint           | <input type="checkbox"/> \$ 10 Novice Saint      |
| <input type="checkbox"/> \$ 250 Aspiring Saint  | <input type="checkbox"/> Other _____             |

All memberships are cumulative over a 10 year period and income tax deductible.

Signed by \_\_\_\_\_ Date \_\_\_\_\_

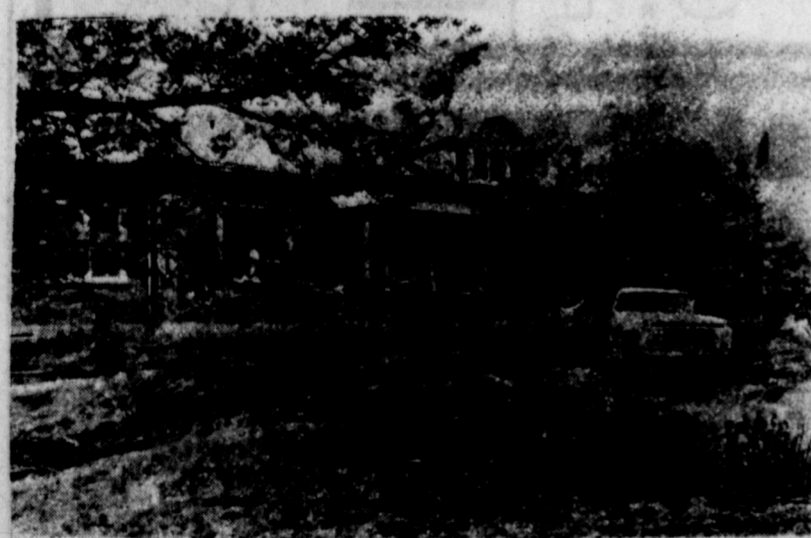

Please make checks payable to Saints' Roost Museum and mail with this form to Box 123, Clarendon, Tx. 79226.

### Origin of the name Saints' Roost

The name Saints' Roost comes from the nickname for Clarendon that the old timers used facetiously. Old Clarendon was established as a Christian Colony by L. H. Carhart, a Methodist minister, and no saloons were allowed. It was soon dubbed Saints' Roost and legend has it that two drunken cowboys arrested in Old Tascosa were sentenced to a weekend in "Saints' Roost."

### Board of Directors

The Board of Directors of Saints' Roost Museum is dedicated without equal, to the preservation of the rich heritage of Clarendon and Donley County. The directors include: Mrs. Bill Craft-President, Mr. Ernest Kent-First Vice President, Mr. Wes Henson-Second Vice President, Mrs. Paul Hancock-Secretary-Treasurer, Mrs. A. R. Henson, Mrs. J. C. Woody, Mr. James Owens, Mr. Bobby Boston and Miss Phebe Ann Buntin.

Saints' Roost Museum Oct. 1984

# Clarendon College builds rodeo arena

ARENA BUILDERS left to right - Shawn Daniels of Los Lunas, New Mexico, Steve Galliard of Texhoma, Oklahoma and Chris Downer of Clarendon.

Seventy Clarendon College students, some faculty, a couple of regents, and several local businessmen have contributed time, labor, and materials to build a rodeo arena. Financial encouragement came in the form of a large donation by THE OUTFIT, an organization of businessmen from throughout the Panhandle who are interested in promoting and preserving our western heritage. Several other individuals also made donations. The 400 foot by 200 foot arena is on the college's acreage west of the gym and track

field. The visibility of the arena from Highway 287 should facilitate recruitment, and its size will be ample to accommodate the large rodeo PE classes of 50 students and will be available to students to work out at times other than during class. On roping days twenty-five to thirty students are horseback. These horses belong to the students and are stabled at various places in town. The college provides twenty steers and ten calves as work-out animals for these unique physical education classes. Kelvin Sharp, the instructor,

takes the rough stock class to Childress on Mondays to use the fresh and plentiful stock of Fred Cordell. The new Clarendon College roping arena's entry way and some fences remain to be built, but we invite everyone to drive by and see our new facilities. We also want to thank Bright Newhouse, Robert McCombs, Wes Sharp, Lynn Floyd, Jack Moreman, Jerry Gage, Jerry Hawkins, our anonymous donor, and THE OUTFIT for their special contributions. THE OUTFIT has even provided a money raising project for

the rodeo club. Tickets to every performance of the Old Timers Rodeo scheduled for November 6, 7, 8, and 9 in Amarillo can be bought from Clarendon College Rodeo Club members. The tickets are \$5 for adults and \$2.50 for students. The Rodeo Club Scholarship Fund will receive \$1 for each ticket sold. Every adult attending the 8 p.m. performances of the Old Timers Rodeo will be eligible for a drawing for a free trip to the rodeo finals in Las Vegas. The Clarendon College Rodeo Club is especially appreciative of the support of THE OUTFIT.

## Volunteers urged to share skills in 4-H

If you've got skills and experience, share them. That's what Allene Leathers does as one of the more than thirty 4-H adult volunteer leaders in Donley County. These 4-H volunteer leaders conduct a variety of 4-H projects and activities of interest to 4-H members from 9 to 19 years of age. But as volunteers they don't have to be experts in the specialized subject areas they teach, according to Terry Floyd. As a volunteer leader, Leathers receives training and obtains educational materials and resources to use in the 4-H program from the Cooperative Extension Service at Texas A&M University and the U.S. Department of Agriculture.

Floyd said that the more than 630,000 teen and adult 4-H volunteer leaders are an essential component in the delivery of services to the nearly 4.5 million 4-H members nationwide. Volunteering is a major factor in making the 4-H program so cost-effective. The estimated value of 4-H volunteer services annually is about \$1.1 billion.

Volunteering is a two-way street. It is mutually beneficial to adult leaders and youth alike. Volunteers derive personal benefits from their experiences, while at the same time help youth to learn skills in 4-H that last a lifetime, according to Leathers. "They have the opportunity to learn new skills and freshen up old ones by working with young people," Leathers said. Volunteers learn methods for teaching citizenship and leadership skills at county, state, regional and national leader training forums. And they have an opportunity to meet other 4-H leaders and learn about innovative projects. Many other volunteer opportunities exist. In Donley County some volunteers serve as key leaders to make the county's 4-H club run smoothly throughout the year. Other volunteers serve as camp counselors, trip chaperones, judges and at other special events.

Everyone deserves the opportunity to contribute voluntarily to their community. Take advantage of that opportunity by becoming a 4-H volunteer leader. For more information about how to become involved as a 4-H volunteer leader, contact Ronald Gooch or Terry Floyd at 874-2141.

## JV loses to White Deer 22-7

The Clarendon junior varsity football team was defeated by White Deer 22-7 in Clarendon last Thursday. The Broncos played really well in the first half with over one hundred yards in offense and keeping the Bucks under fifty yards. The Broncos got on the scoreboard first on a seventy-eight yard march that ended with Arthur Harris scoring on a seventeen yard run. Toby Hatley kicked the extra point. The Bucks scored in the second quarter, marching only 25 yards and made the two point conversion. The Bucks led 8-7 at the half.

The Bronco offense was shut down in the second half and the Bucks scored twice with two drives of 50 yards. The final score was 7-22. Wes Hatley, the quarterback, threw five of nine passes for 48 yards. Catching passes were Jason Klinnert, Monte Hollar, Arthur Harris, and Danny McCampbell. Danny Gaines had 8 rushes for 43 yards.

The Bronco defense made some hard tackles through the game and Toby Hatley and Walt Thompson came up with one fumble recovery each. The outstanding defensive players were Nugget Bland, Wes Hatley, and Walt Thompson.

Other Broncos that played were Randy Gaines, Richard Graham, Donnie Chambliss, Todd Phillips, Michael Moore, Billy Wiggs, Chris Ward, Chad Hommel, Dale Phillips, Shawn Hermesmyer, Jason May, Russell McAnear, Jason Green, Jeff Henson, Clemmon Weatherston, and Monte Jordan.

The junior varsity plays their first district game this week against Memphis in Memphis at 7:30. Go to Memphis and boost the Broncos to their first victory.

# Watt's Happening in Hedley

by Peggy Watt

On Thursday, October 3, Cullen and Leona Taylor celebrated their 49th wedding anniversary. Congratulations! Their niece from Quitaque visited them that day.

A little bird told me that Tige Hill had a birthday on October 4th. Happy birthday Tige. I hope you have as many more or more.

Pie Adamson told me she talked to Elsie Shaw and her girls last week. Elsie hopes she and Wanda Patterson will be able to attend the Cotton Festival.

Pie will be closing her beauty shop for good on October 31st.

Etta Mae Cherry had a house full of company last week. Her sisters, Mrs. Ethel Dawson of Hobbs, New Mexico and Mrs. Alta Rochelle of Littlefield and niece, Judy Lekovich of Clovis, New Mexico visited her along with her son, Lynn and Debbie Cherry, granddaughter, Debbie Hamilton of Howardwick, and great grandson, Jason Cherry of Amarillo. Her daughter and son-in-law Lanell and Jim Barnett of Vernon and granddaughters, Larry and Teresa Carter, Katherine and Sarah of Canyon and Paul and Cherry Hernandez of Wichita Falls came Sunday and remodeled her living room.

Gary and Jennet Burns and Billy Ray Cates of Amarillo visited her parents, Pick and Laqueta Cox, over the weekend. They are working in Laqueta's house. While they were working, Pick and Laqueta attended the homecoming at Northfield.

D.K. and Beulah Hill went Sunday to watch his son thrash his peanut crop. Beulah said they had almost more machinery there than she could imagine.

Radell and Elizabeth Sanders of Tulla visited his mother, D.K. and Beulah Hill last week.

Joyce Boliver met her son and daughter-in-law, David and Aline Boliver, in Amarillo Saturday and brought them home to Hedley for a day or two. David and Aline live in Trenton, New Jersey. He teaches in the college there.

Mrs. Annie Mae Sims visited her brother, Alf Tims, in Chickasaw, Oklahoma recently.

I talked to Ann Kennedy Sunday and she told me that Hoyce's mother, Mrs. Eva Canada was doing well.

Jack and Bernice Lamberson of Clarendon enjoyed Sunday supper with his brother, J.T. and Helen Lamberson.

Alfred and Eloise Spalding enjoyed Sunday dinner with Jack and Jackie Stafford. I wondered if Jackie fed Eloise 'Butterfingers'!

Lowena Brace of Dalhart visited her sisiter, Mrs. Louise Long, last week. They shopped in Clarendon while she was here.

Johnny and Della Linville made a quick trip to Amarillo Saturday. Johnny is doing well after his eye surgery.

Paul and Patty Martin and Jeremy of Childress visited his brother, Marty and Sis Martin, Saturday and Sunday. Kendra and Matt probably enjoyed their little cousin. He's about Kendra's size, but I know he's several years older than she is.

Velva Gibson of Pampa visited her father, Walter Johnson, and niece, Sis Martin Sunday.

Blackie and Shirley Johnson went to Childress Sunday morning and attended church with Shirley's mother Mrs. Vivian Jones. Then they went to Quanah to visit with Tom and Carol Johnson.

Rhonda and Oma Ray of Channing visited her brother, Bob and Jessie Roland, over the weekend. Jessie Mae finished making her pear preserves. I suggested that I might stop by in hopes of getting a jar of them.

Wendy Cain and Tammy Waddell visited their Hedley grandparents, Bill and Juanita Waddell, last week.

Dorothy Whitaker visited Mrs. Oressa Delaney in Hall County Hospital last week.

Harold White has graduated from crutches to a cane after dismounting a horse unexpectedly recently. The last time I rode horseback, I dismounted almost the same way. I was lucky enough to land on my feet or I would probably still be on crutches.

Tommy and Carolyn Clendennen came Friday and visited with his parents Tom and Opal for a while. Benjamin stayed all weekend with his grandparents while Tommy and Carolyn enjoyed a trip to Albuquerque, New Mexico.

Paula Clendennen and Nancy Burr of McLean visited Paula's parents, Tom and Opal Sunday.

Harry Rowley and Robert spent the weekend camping in our pasture. They bagged a few doves. I appreciate Harry and his wife Cheryl. They were kind enough to keep Thunder for me while he's going to school in Amarillo. I asked Harry how much his water bill

increased when Thunder got there.

Audra Foster ate lunch at the Senior Citizens one day last week. I enjoyed visiting with her. She used to be my neighbor at Giles. She lives in Memphis now.

Johnny and Edie Fisher of California are visiting her mother, Mrs. Nell Land, and sisters, Geraldine Wiggins and Dorothy Hopper. Nell and Edie ate lunch at the Senior Citizens Monday.

Dorothy Crawford and Pauline Kaufman are enjoying a visit with their aunt. I met her at the Senior Citizens, but have forgotten her name. That might be an indication of old age!

My mother, Mrs. Lola Brown, came home from St. Anthony's Hospital in Amarillo Saturday. She had a heart cath Wednesday. She isn't feeling too well, but is improving.

Sue Nivens was in Amarillo at High Plains Baptist Hospital for tests Tuesday. She'll be going to Childress later in the week for the results.

Leon and Linda spent the night with us Saturday. Leon helped Guy cut some wood, and Linda helped him work on his float for the Cotton Festival parade.

Speaking of the Cotton Festival, the 34th Annual Cotton Festival will officially begin at 7:00 a.m. on October 11th with the kick off breakfast hosted by the senior class. Queen Tammy Osborne and the Queen contestants will eat at a special table.

There will be a bake sale at Moffitt Hardware to help the cemetery fund. All baked goods donated will be appreciated.

The Old Settlers Program will begin at 2:00 p.m. in the Lions Den. I don't know exactly what an old settler is, but I think if you are in Hedley at 2:00 p.m. on October 11th, you can go to the program.

The Lioness Club will host a chili supper in the Lioness Club building (the old post office building). You can eat chili, beans, drink, crackers, onion, cheese and dessert. They will start serving chili at 5:00 p.m.

There will be a talent show in the Lions Den beginning at 8:00 p.m. The Tom Pound Family will MC the event. Everyone is welcome to come and take part, whether it be performing or listening.

The junior class will host the breakfast at 7:00 a.m. on Saturday,

October 12. I've lost count of the breakfasts I've helped with but do know that the first one was in 1973 and I have at least 4 more to go. I don't know if I'll ever get all my kids out of school or not. Guy's in the 8th grade now.

The grand parade will start at 2:00 p.m. on Saturday. Hedley always has one of the best parades anywhere. There will be more pretty floats than there are in the Parade of Roses.....almost.

The drawing for the gifts being given by different organizations will take place at 5:45 p.m. Some lucky person will win the first bale of cotton ginned at the West Texas Gin during the 1985-86 ginning season. This is the bale that Jack Nivens ginned. It was hand picked by Jack and several young people in town.

The highlight of the Cotton Festival will be the crowning of the queen in the coronation ceremonies at the high school gym. District Lions Governor Rocky Lee will crown the new queen and the little future queen. Tammy Osborne is the retiring queen and Cindy Lee is the retiring future queen.

There will be a dance in the Hedley Fire Hall featuring Country Comfort Band from McLean. The dance will be sponsored by the Hedley Volunteer Fire Department.

In addition to all the free entertainment taking place all day Friday and Saturday, there will be plenty of food. The Lion's Club will have their annual barbecue in the Lion's Den at noon Saturday. The seniors will have the bingo booth in the Senior Citizens Center. They will be serving quick food and drinks. The FFA and FHA will have footlong hotdogs and drinks in the Lioness Hall Saturday. The junior class will have hamburgers and drinks in the Locker Building (I think).

The sophomores will be selling tickets for a VCR which they will be giving away Saturday. If you haven't bought any tickets on this VCR, see Mr. Bryan Hill or any of the sophomores.

There will be no classes at Hedley School on Friday, October 11. I hope H. Ross Perot doesn't find out. He would probably have a fit! Actually, school will dismiss classes for the Cotton Festival.

**HEDLEY SCHOOL MENU**  
October 14-18  
Monday-Steak patties, creamed

potatoes, tossed salad, hot rolls, pudding, milk.  
Tuesday-Pinto beans, spinach, cooked cabbage, cornbread, apple-sauce, milk.  
Wednesday-Pizza, buttered corn, green salad, peaches, milk.  
Thursday-Fish, tartar sauce, green beans, coleslaw, apple cobbler, milk.  
Friday-Barbeque on bun, french fries, pickle, onions, chocolate cake, milk.

The 42 Club met in the new addition to the Senior Citizens Center Thursday, October 3. There were 2 tables of players playing 42 when I looked in.  
On Monday, October 7th, the Senior Citizens met for fun and games. When I passed, it looked like there was a good crowd, and it sounded like they were having fun. About 20 people enjoyed the evening.

The Board of Directors met Thursday, October 8th. They had several items of business to take care of.  
The Senior Citizens have a musical every Tuesday night. Come and join them. If you play a musical instrument, come and play with them. If not, come and listen.

**HEDLEY SENIOR CITIZENS MENU**  
October 14-18  
Monday-Pork chops, green peas, macaroni and tomatoes, green vegetable salad, corn muffin, butter, sliced peaches, cookie, milk, fruit drink, coffee, tea.  
Tuesday-Roast beef with gravy, buttered cabbage, mashed potatoes, lettuce-tomato salad, corn muffin, butter, fruit cocktail cake, milk, fruit drink, coffee, tea.  
Wednesday-BBQ beef, zucchini and tomatoes, pinto beans, green vegetable salad, corn muffin, butter, brownie, milk, fruit drink, coffee, tea.  
Thursday-Oven fried chicken, macaroni and cheese, green beans, carrot-raisin salad, roll, butter, apple cobbler, milk, fruit drink, coffee, tea.  
Friday-Roast ham, sweet potatoes, mixed vegetables, pineapple-cheese salad, corn muffin, butter, banana pudding, milk, fruit drink, coffee, tea.

## Senior Citizens News

Fall is here with its faucets of hot and cold, lots of folks with the sniffles or flu. Everyone needs to take care -- get your daily exercise, eat good nourishing meals and get plenty of rest.

Forty-seven came by Tuesday, October 1st for Carmen to check their blood pressure. She will be back on October 15th.

The cooler weather brought more out for game night. Twenty-one enjoyed the evening on Thursday, October 3rd.

Not too many out for jam session on Friday, October 4th. We had a good time playing and singing. Musicians were Hugh Neuhaus, Jerry Chambliss, Truett Behrens, Wally Sides, Fred Fortenberry and me.

We have entered our activity float in the Hedley Cotton Festival parade for next Saturday, October 12th. We are looking forward to a fun day. Hope to see a lot of you there.

### CALENDAR OF EVENTS

October 10-16  
Thursday-Exercise 11 a.m., game night 6 p.m.  
Friday-Exercise 11 a.m., jam session 7 p.m.

**Howardwick city minutes**

The Howardwick City Council met in a regular session on Saturday, October 5, 1985 at the Howardwick City Hall. Those members in attendance were Mayor Davis, Alderwoman Willie Moore, Aldermen C.I. Pettit, C. Boren, E. Derr, City Attorney Jim Shelton and City Secretary Susan Dunlap. Alderman D. Chambliss was not present.

Mayor Davis welcomed the approximate 8 guests and asked that Alderman E. Derr lead the invocation.

The minutes of the last meeting and the September financial statement were read and accepted as read. The list of bills to be paid was read and motion carried to pay the bills.

Mayor Davis then introduced the new City Attorney Jim Shelton. Mr. Shelton then proceeded to explain his background and when asked by Mayor Davis to explain about the suit against Red River Authority of Texas he proceeded to do just that. It was also explained that in order to carry the suit any further, the city would have to incur quite a bit of expense. That being the burden of proof that Red River Authority of Texas did not need a rate increase which would cost the city several thousands of dollars to hire someone to do this work of proof. Mayor Davis then asked that a decision on the matter be made and after a lengthy discussion C. Boren made the motion to accept the new proposed rates, C.I. Pettit seconded the motion, motion carried though Alderman E. Derr did not vote.

Mayor Davis explained the new insurance proposal from Knorrp Insurance on the building liability. C. Boren made the motion to pay for the liability coverage. Alderwoman W. Moore seconded the motion. Motion carried by unanimous vote.

The City Secretary read Ordinance #60 for the second time.

Reserve Deputy Jimmie Cockerham explained to the council that he had spotted several skunks within the past few days and that he would be killing any and all skunks when spotted if possible.

There being no further business Alderman C.I. Pettit made the motion to adjourn. Motion was seconded by C. Boren. Motion unanimously carried. This meeting adjourned at 9:32 a.m.

**ORDINANCE #60**

An ordinance amending ordinance #53 and establishing zoning regulations.

Whereas the City Council finds that ordinance #53, passed on March 12, 1983 must be amended.

Now, therefore, be it ordained by the City Council of Howardwick, Texas that:

1. Subsection "F" of Section 6 of Ordinance #53 is hereby revoked.

2. Move-in Structures. For each section of the City of Howardwick, the City Council hereby adopts by reference the existing respective Deed Restriction provisions in regard to moving in any used, old or existing building, and in regard to the use of used material for construction.

**ENFORCEMENT**

3. Any person or persons not complying with the above regulations are subject to a fine of not more than \$200.00 for each day such person fails to comply with any of the above regulations. Each day shall be a separate offense.

**SAVING**

4. Nothing in this ordinance or the code hereby adopted shall be construed to affect any suit or

proceeding now pending in any court, or any rights acquired, or liability incurred, nor any cause or causes of action accrued or existing under any act or ordinance repealed hereby. Nor shall a right or remedy of any character be lost, impaired, or affected by this ordinance.

**VALIDITY**

5. The invalidity of any section or provision of this ordinance or of the code hereby adopted shall not invalidate other sections or provisions hereof.

**PUBLICATIONS**

6. The City Secretary is hereby

authorized and directed to order publication of the descriptive caption of this ordinance together with the penal provision for time and manner provided by law, as an alternative method of publication.

**DATE OF EFFECT**

7. This ordinance shall take effect after its approval as required by law.

Lelia Lake Community Center

Lelia Lake Community Center will have a covered dish supper Saturday, October 12 at 7:00 p.m.

**Ashtola Martin News**

By Naomi Green

Cathy and Dennis Vaughn visited his mother, Lucille Vaughn, in Groom Sunday and her guests, J.C. and Jackie Bridges from Hemet, California.

Mr. and Mrs. Doss Finley had as guests Sunday Mr. and Mrs. Clem Dugan from Canyon.

Thursday Mr. and Mrs. Russell Holly from Fort Worth and Otto Padgett from Amarillo were guests in the Doss Finley home.

Delmer and Pauline Koontz spent the weekend in San Angelo, Texas with James and Judy, Jason and Jamie Morgan.

Marie McCracken is visiting Wallace and Patsy Cox at Tulsa, OK. Patsy had surgery last Thursday.

Steve, Dorothy and Flossie Reynolds and Ann Bunyon were in Amarillo Sunday afternoon to visit Greg, Cindy, Jason and Kelley Bunyon. It was Kelley's third birthday.

The Haskell Talleys from Memphis were guests Sunday and had lunch with the Jerry Green family.

Mary Green visited Kay Talley at Hedley Friday afternoon.

Billy Jack and Frankie Green of Umberger visited the H.A. Green family Sunday. Frankie and Naomi went to Claude to pick up Jason who had spent the weekend with his mother, Rhonda.

Mr. and Mrs. Doyce Hall were in Hedley Tuesday to visit with Mr. and Mrs. D.K. Hall.

T.E. Naylor of Hedley visited with the Royce Halls Saturday.

Mary and Christel Green were in McLean at the home of Janet McCracken Monday morning for a

planning session for the Girl Scout field trip to Oklahoma City zoo and museum. They were from there to Amarillo to seek medical attention for Christel.

Mr. and Mrs. Buddy Brunson of Amarillo visited with Veda Elliott this past weekend.

Mr. and Mrs. Lloyd Risley went to Los Cruces, N.M. to visit with Mayon Johnston. They came back through Cloudcroft and on to Denver City to visit Jim, Linda, Amy and Allison Risley. They are starting the peanut harvest in the Denver City area. They saw hot and sweet pepper in the field along the journey and truck loads of cucumbers and green beans. They were harvesting the first cutting of spinach. They will get two cuttings of spinach. Apples are another crop ready for harvest along the river. The Risleys went on to Lubbock to visit the Richard Thornberry family Friday night.

Jeannine Tittle was in Clarendon for the weekend to visit Buster Gray and her daughter Terry who is attending college here. She visited her parents the Vance Grays.

J.B. and Yvonne Belle McDaniels from Lelia Lake visited with the Bill Bennetts Saturday.

Florine Bennett and Mr. and Mrs. J.D. Wooten attended the funeral service for Odie Sturdevant at Memphis last week.

Florine Bennett and Alta Wooten have a head start on me. They have their tomatoes harvested. Mine have not gotten a complete frost and I have not gotten in the chow chow mood. Hope I don't get caught with some frosted tomatoes.

CLARENDON COLLEGE CHEERLEADERS (standing from left) - Tiki Jackson of Spearman, Patricia Rogers of McLean, Tracie Ross of Canadian; (kneeling from left) - Jana Montgomery of Memphis, Jennifer Estep of Hereford, and Michelle Connally of Hereford.

## Bulletin

### Clarendon College Cheerleaders

Clarendon College cheerleaders for the 1985-86 basketball season were chosen by the student body and judges Wednesday. The young ladies who will be generating spirit for the Bulldogs are from five different high schools in the Texas Panhandle and will be combining their high school cheerleading experience to lead support of the teams. Each candidate stressed her desire to invite and encourage not only the college student body but also residents of Clarendon to support the men's and women's teams of the Clarendon College Bulldogs. The cheerleaders are Tiki Jackson of Spearman, Patricia Rogers of

McLean, Tracie Ross of Canadian, Jana Montgomery of Memphis, Jennifer Estep of Hereford, and Michelle Connally of Hereford. All of these young ladies are fresh-

men, participated in athletics in high school, and have nine years of cheerleading experience between them. Clarendon College is proud to present the 1985-86 cheerleaders.

### Extension Homemakers

#### "Christmas in November" slated

The annual Donley County Extension Homemakers "Christmas in November" Arts and Crafts Bazaar is planned for Saturday, November 23, 1985, from 9-4 in the Clarendon community center.

Booths will feature food, paintings, needlecraft, quilts, pottery, jewelry, and much more.

If you are interested in renting a booth for the bazaar, they are \$10.00 each. You can reserve a booth by contacting Terry Floyd at the Donley County Extension Office, 874-2141.

**THE CLARENDON CHAPTER OF THE  
TRI-STATE HIGH SCHOOL RODEO ASSOCIATION  
WOULD LIKE TO TAKE THIS  
MEANS AND OPPORTUNITY TO SAY  
**THANKS, CLARENDON**  
FOR MAKING OUR FIRST ANNUAL RODEO  
A SUCCESS.  
WE COULD NOT HAVE DONE IT WITHOUT YOU!**

We started our club last fall with approximately six members, and rodeoed all fall and spring, knowing that we wanted to have a rodeo of our own in 1985 in Clarendon. We now have approximately ten members, and that first EVER rodeo is behind us. As most of you remember, the weather September 28 and 29, 1985, was nothing to brag about, but our rodeo went off without any major problems in spite of the rain and cold wind.

The first people we'd like to recognize and thank publically is the Estate of Vera Lewis, Bobby and Jenks Boston, for their generosity and support. They donated the 1984 gray yearling filly, BLUE POODLE, that we sold tickets on as a fundraiser to get us some seed money before we actually started planning the rodeo. The filly was won by Brenda Chamberlain of Clarendon, Texas, during the Fourth of July celebration this summer.

The next people we'd like to recognize are our advertisers who bought ads in our rodeo program. Your support means more than you know! The following Clarendon and area people supported us in this manner: Henson's, Rainbow Snow, Guys and Dolls Beauty Salon, White's Feed and Seed, Cornell Shell Service, Dolores Crump Art Studio and Gallery, West Texas Utilities Company, Mike's Gibson's Pharmacy, Petty Texaco, The Print Shoppe, Wallace Monument Company, Mac's Garage, Dairy Queen, Deyhle Veterinary Services, Inc., Lewis Ranches, Video Review, Inc., McAnear Cattle Company, Mary's Country Kitchen, Mike Sanders, Family Recreation Center, Saied's Gibson's Discount Center, Hall Tax and Bookkeeping, First National Bank, Quitaque, Pauline Morris Tax and Bookkeeping Service, Greene Dry Goods Co., Bivens Pharmacy, Knorpp Insurance, The Nook, Kidd Texaco, Bob Marrs Stockmans Saddle Shop, Eddie Floyds Shop, J & W Lumber and Supply, M & M Enterprises, Donley County State Bank, Roberts Gibson's Meat Market, Harlan's Flowers, Davis Body Shop, McKinney Motor Company, Bell Insurance Agency, Emmett O. Simmons, Ins., IGA Foodliner, and Chamberlain Motor Company. The following individuals and families supported us through their donations for the signature ad Robertson's Funeral Directors, Osburn Furniture and Appliances, Ray, Cheryl, Traci and Lisa Burch, Lynn, Terry and Colt Floyd, Marva Lee, Eureda and Lori Mays, Mr. and Mrs. Bill Lowe, Mr. and Mrs. Jerry Courtney, Mr. and Mrs. Corky Leffew and Family, Burt, Carlene, Monte and Minde Hollar, Slavin Law Firm, Roger, Myra, Tiffany, Stacy, Christy and Roger Smith, Dwight, Connie, Rachel and Linde Bowling, Jack, Audrey, Stefani, Stacy and David Hall.

We'd like to thank our saddle donors for helping us finance the trophy saddles that were given to the high point boy and high point girl. The following businesses helped: Texas Saddlery Company, who made the saddles for us and did a super job!, First Bank and Trust of Clarendon, Clarendon-Donley County Chamber Commerce and Clarks Restaurant.

The crew who helped with the performances of the rodeo - what we can say to really express how much we appreciate your help. We really could not have done this without you! The Arena help included: Burl Hollar, Jim Uptergrove, John Mangum, Mike Walendorf, Donald Bland, Donnie Phillips, Ken Shelton, Gary McClelland, Morris Crump, Jimmy Burson, Johnny Hill, Jackie Longan, Wayne Reynolds, Joe Shadle, Ike and Chris O'Neal, Jerry Gage and lots of help and support from fellow students.

Those helping with the gate included Jerry Hawkins, Ronald Gooch, Ray Burch, Cheryl Burch and Carlene Hollar. Cheryl and Carlene also did time in the concession stand! This was ably coordinated by Margaret Smith and others who helped were: Cathy Hommel, Rhenda Burson, Loretta Crump, Mary Kay Mills, Glenda Hawkins, Dean and Sandy Hawkins, Carol Grady and Sharon Clark. We appreciate you!!! Mike Smith was chief cook and he had quite a crew at times, and they did a good job!

Those helping in the announcer's stand included: Donnie Hall and Edwin Campbell, timekeepers, announcer Jeff Goodwin of Pampa, Ethie Uptergrove, secretary for our rodeo and her help Darlene Eads of Pampa, and Johnny Bill Hermesmeier.

Our rough stock judges were John Grady of Clarendon and Blackie Johnson of Giles, Texas. They, too, did a good job and we appreciate them.

We truly appreciate The Clarendon Outdoor Entertainment Association for letting us use their facility. We thank Clarendon Junior College for letting us use their roping steers. We thank Don Stone for making our "No Alcohol Beverage" signs. We thank Don and Tookie Thornberry for their help on the team trophies, Sandy Thornberry for his help with the hay, White's Feed and Seed for their help with the feed, Dairy Queen and Mr. Burger for their donations, Lester Petty for his donation of ice and Bud and Pearl Hermesmeier for their donation. There are perhaps others that we need to recognize publically that we have inadvertently left off this list, or perhaps you wished to remain anonymous. If we left you off, we apologize and we do appreciate your help or donation, and if you do not want public recognition, we appreciate your wishes and thank you now; you know who you are and what you did.

We appreciate the Ambulance Authority for their stand-by; we really could not have gone on without you, because the rules state that we must have you on stand-by. Were just glad you were there but were not needed, except for one minor casualty!

And to Helen Woody, Ricci Tunnell and Vonna Tunnell - THANKS!!! You worked with us every way possible, humoring us and giving us expert opinions and advice when we knew nothing whatsoever about advertising. We thank you!

# GRAND PARADE OF COTTON

## MILL & MANUFACTURER SUPPORT

Both technical and marketing services support international marketing efforts. Textile engineering consultation includes yarn spinning, weaving, knitting, dyeing, finishing, fabric development, styling and product manufacture.

New York fashion marketing representatives regularly report directly to mills, manufacturers and retailers on future trends in color, fabric and fashion for apparel and interior design. Economists personally present the world fiber outlook so that mills can more accurately plan their purchasing. Publicists communicate new developments to the overseas trade through newsletters, news releases and press conferences.

## U.S. MARKETING

Despite gloomy press editorials and market conditions, denim jeans sales actually grew in 1984. Population shifts, mill overcapacity and rising imports softened demand; however, fashion innovation helped stimulate business with fancy denim novelties. All major jean makers experienced excellent sales in novelty denim jeans, particularly with fractured denim and striped looks.

## COTTON

### THE NATURAL FIBER

Comfort is what cotton is all about. A natural hollow-like fiber, it breathes, no matter how it is woven or knitted, it remains porous, permitting body moisture vapor and air to pass invisibly and constantly through the cloth. It's comfortable, whatever the temperature, whatever the humidity, and it feels good next to your skin. It clings only where you want it to; and even then, the cling is more like a caress. Soft, comfortable, cool and easy... that's cotton.

Cotton's natural origin makes it completely compatible with another essential element, water. Which means it washes more easily and better than most other fabrics. This quality is very important from the standpoint of economy. Studies have proven that home launderability is a vital consideration in selecting wearing apparel, particularly now, when the cost of services is growing. Cotton also dries easily, in or out of the machine, and technological advances have reduced shrinkage to a minimum. Most cottons, whether vat or yarn dyed, retain their vibrant colors through repeated washings.

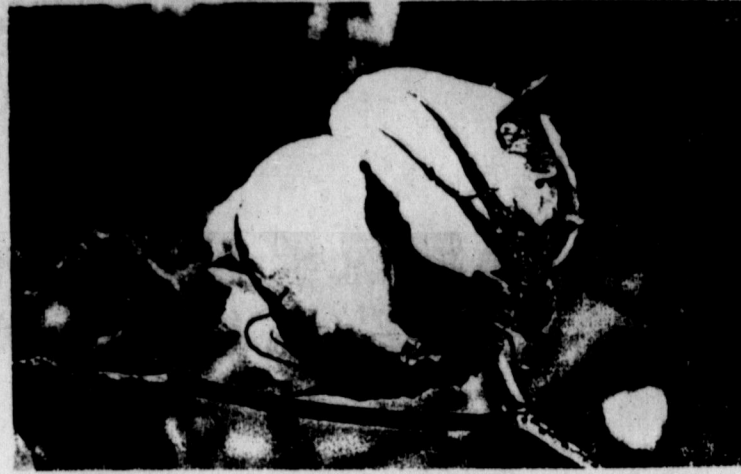

### COTTON SO OLD, YET SO NEW

Cotton has a history that goes back 7,000 years. Its remarkable and unique properties were recognized and appreciated long before Eli Whitney's cotton gin revolutionized its processing in 1793. Prior to that monumental invention which opened the door to the Industrial Revolution, the many painstaking processing operations were done in widely separated locations. This was very costly in terms of labor, shipping and efficiency. When, in 1884, the automatic loom was introduced, imaginative and progressive textile manufacturers were able to turn their energies to the improvement and variability of the cloth itself.

### COTTON KNITS

Cotton knits had great impact on the fashion market during 1984. New crinkle, eyelet and layered looks were tremendously popular for outerwear and loungewear, while cotton sweater sales increased substantially. Today every private and branded label designer offers cotton sweaters.

Knits offer great possibilities for creativity. One of their most desirable qualities is that they travel well. One or two well made cotton knits can take you practically around the world; in style, in comfort.

**COTTON!** This white, fluffy boll was the beginning of America's oldest industry—the art, science and craft called textiles.

### COTTON DEMIN

Denim today has come a long way from its humble origins. Once the uniform of rugged workmen, it has come into its own as the darling of male and female fashion. Denim is sturdy, adaptable and comfortable to wear.

### COTTON CORDUROY

Cotton attains its greatest elegance and paradoxically, its greatest durability, when it is given dimension through napping or piling. Popular nap fabrics include velveteen, flannel and corduroy. Velveteens, a fabric with an all-over cut pile surface, appeared in the mid 1700's. The rugged wearing quality of the fabric has a durable appeal.

## COTTON EXTENSION EDUCATION AWARD ESTABLISHED

Hoechst-Roussel Agri-Vet Company has donated \$20,000 to the Cotton Foundation for the establishment of a Cotton Extension Education Award.

"This award program is the first of its kind to honor Extension Workers, said Arlie Bowling, Executive Director of the Cotton Exchange. "It sends an important message to Extension workers at every level. The message is that their role in transferring to the farmer new knowledge gained through research is becoming increasingly important."

"The Cotton Extension Education Award was established to encourage and recognize excellence in Extension Education activities that contribute significantly to the health of the cotton industry," said Bill Spencer, product manager for Scout Insecticide, who presented the check at the National Cotton Council Board of Directors meeting September 13 in Memphis. "We at Hoechst-Roussel Agri-Vet Company are committed to the cotton industry," Spencer added. "The decision to support this important award program is only one indication of that commitment."

The Award will be in the form of a cash amount to the recipient, while an additional sum will be earmarked as support money for the recipient's Cotton Extension Educational Activities.

Extension workers at the county, state and federal levels and in all disciplines are eligible for the award. Any person may nominate candidates for the award, including peers or others who have knowledge of a nominee's contributions.

Nominations should be made on an official form prior to October 15, 1985. For further information and copies of the form, contact The Cotton Foundation, P.O. Box 12284, Memphis, Tennessee 38182; Phone: 901/274-9030. The judges' selection will be announced at the Beltwide Cotton Production Conference in January.

## WE SALUTE THE COTTON FARMERS OF AMERICA

### CREATE WITH COTTON NATURALLY

### TEXAS NATURAL FIBERS

It may surprise you to discover that many fabrics are cotton. That supple, stunning suede? Cotton! That elegant, rich velveteen? Cotton! Prestigious knits? Cotton! Blue denim? Cotton! Cotton can be lightweight and airy. Cotton can be of medium weight for between-season clothing. Cotton can be heavy, for rugged use or for warmth. Cotton is comfortable, and it's easy to care for...easy the pocketbook.

Agri-business has always been Texas' most important industry, but today it is more vital than ever. Our rapidly dwindling petroleum reserves point to an impending shortage of man-made fibers. But cotton, wool and mohair are self-renewing gifts of benevolent nature. They have warmed mankind for thousands of years, and promise to continue to do so for as long as man can foresee.

The popularity of these great fibers was diminished for a time due to the advent of man-made fibers with their wash-and-wear properties - properties which (in their raw state) cotton and wool do not have. But science has now turned its attention to the perfecting of finishes for our natural fibers, and today the consumer can have permanent press performance on the most luscious of cotton and wool. And as a bonus, the consumer is re-discovering that natural fibers offer comfort, beauty and richness almost forgotten in the headlong race for easy-care which began thirty years ago.

But since many of today's young people have never handled cotton or wool, much less mohair, they do not understand the superior properties of these fibers, or how to handle and care for them.

Through textile research at Texas Tech University, Texas Women's University and the University of Texas, young designers are first introduced to the flexibility and luxury of natural fibers, and taught to handle them with ease. They learn what couture designers have always known - that nothing matches the feeling of soft, sheer cotton against the skin on a hot summer day.

There is also extensive research into the efficiency of detergents and - even more important - the anti-flammability properties of natural fibers. Firemen in New York and many other cities now wear uniforms of 100% cotton. Disastrous experience with victims of burns has pointed to the long ignored problem of manmade fibers melting into the skin, virtually sealing the doom of burn victims who might otherwise have been survived. With the government's increasing insistence of flame-retardancy in human clothing and environment, the use of naturally flame-retardant cotton, wool and mohair are receiving further impetus.

### COTTON THE CLOTH FOR ALL SEASONS

No other fiber, natural or man-made, has the versatility of cotton. Cotton fabrics are the thing for the now generation. It's amazing that something as old as cotton can be so new. Truly cotton is a miracle fiber, it is:

Comfortable - feels good next to the skin, breathes so it's never cold or clammy; it won't shock since cotton doesn't generate static electricity; and it's non-irritating.

Dyeable - cotton takes dyes so well that virtually any color is possible and can be permanent; colors remain clear and sharp so there need be no fear of "mismatching."

Washable - modern finishes help cotton fabrics keep their shape and size; provided, of course, you follow the label instructions.

Versatile - almost any construction is possible with cotton - fine or bulky, tight or open, heavy or light.

Economical - available in everyone's budget range to fit everyone's needs; dollar for dollar, cotton's a good buy.

Easy to handle - the girl who sews can have fun sewing cotton - even knits; they hold more firmly to sewing surfaces. Cotton's adaptability enables it to be constructed to a ruggedness that withstands enormous abuse, as in corduroy, sailcloth, and heavy denim. Plus a myriad of variations in between...all cotton, all alive, all beautiful. All marvelously suited to day-long, year-round wearability.

### 100% COTTON

Retail commitment to 100% cotton sheets increased. All cotton sheet sales gained too.

100% cotton towels are now in the lines of all major producers. Design innovations such as yarn-dies and jacquards helped spark retail sales, assuring continued growth.

### TEXTILE RESEARCH

Scientists, engineers and technicians increase cotton mill consumption through field service, new yarns and fabrics, processing innovations, textile chemistry and cost-saving ideas.

Textile executives and engineers keep cotton up-to-date with market demand and consumer trends. Programmers select cotton by computer for a specific end product. Raw cotton is then spun into yarn by ring, open-end or air jet methods.

Fabric developers design, weave or knit the yarn into fabric, which is dyed and finished and tested for performance and quality.

Textile developments open new markets for cotton fabrics. Successes include the engineering of indigo-dyed yarn for the knit and woven market, easy-care 80% cotton/20% wool lightweight wovens for dresses, blouses and shirtings and rough-spun yarn used as a filling yarn in indigo denim and other fabrications.

## INTERNATIONAL MARKETING

From offices in London, England, New York and Osaka, Japan, international marketers protect and expand the dominance of U.S. cotton overseas. American cotton competes not only with synthetic fibers, but with cotton grown in other countries. U.S. cotton producers are the only growers to have their own fiber company, one that works closely with leading mills, manufacturers and retailers in Japan, Taiwan, South Korea, Hong Kong, Indonesia, Thailand, England, Ireland, France, Belgium, West Germany, Portugal, Spain, Greece, Italy and Canada. Comprehensive services helped U.S. cotton exports to major markets increase 20% over the 1982-83 crop year. In fact, U.S. exports for 1983-84 were at a four-year high.

## AGRICULTURAL RESEARCH

The U.S. research community works to reduce growers' production costs and improve the quality of cotton. Joint research with the U.S.D.A., universities, extension services and private industry maximizes the efficiency of producer funds, increasing research productivity and stretching program dollars. Research cooperators have successfully identified the first genotype that conserves water without reducing photosynthetic activity in cotton.

Investments in glandless cottonseed research have yielded producers significant return with a \$75/ton premium. Glandless cotton plantings expanded to 20,000 acres after the Japanese firm purchased a company in Waco, Texas. Marketing and promotional efforts are targeted at worldwide distribution creating an increased demand and high glandless acreages in future.

Aflatoxin formation in cottonseed is inhibited by phytic acid, a naturally occurring product in some species. Researchers are looking to find cotton types in high in phytic acid to act as a natural field control agent.

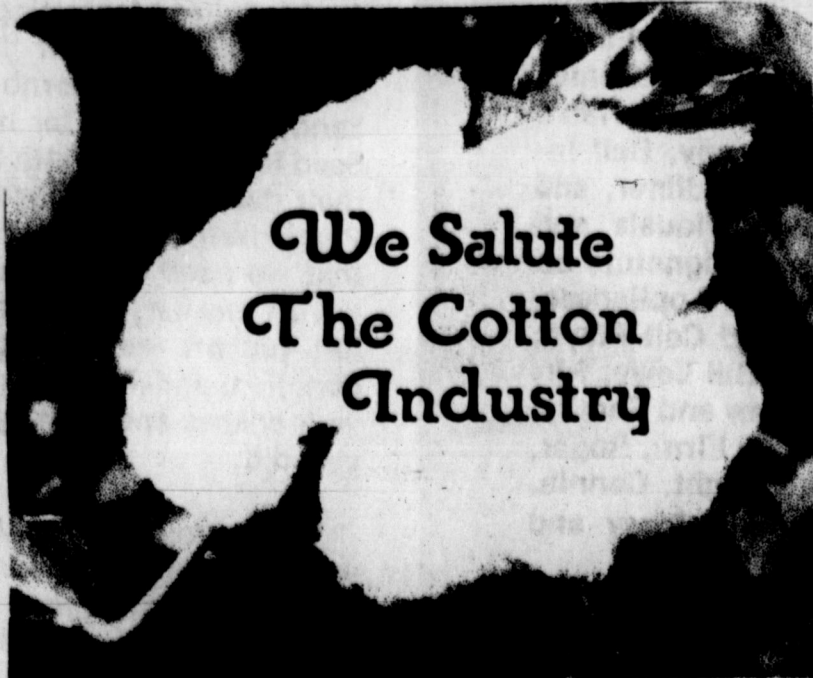

## FOOD PRODUCTS FROM COTTONSEED

Cottonseed oil has been the major edible products derived from the cottonseed for nearly 100 years in the United States and many centuries before that in India and China. It would be difficult today to find a family which does not consume daily at least one of the many food

products made with cottonseed oil - margarine, shortening, salad oil, melleorine, cooking oil, and others.

Cottonseed flour offers many plus factors such as improved shelf-life, better cookie machining and controlled spread, reduced fat absorption in doughnuts, and better nutrition through the addition of protein.

Much of the malnutrition present in the world today is the result of insufficient protein in the diets of people, especially children. Research has shown that cottonseed protein is very effective in supplementing the diet of malnourished children. Greater utilization of cottonseed protein in human foods offer a tremendous new market for cottonseed products. Much effort has been expended in recent years on research aimed at increasing the use of cottonseed protein in foods.

We offer our thanks to the cotton farmers and producers and all those connected to the American cotton industry.

Bringing thousands of useful cotton products to the enjoyment of Americans, the cotton industry provides thousands of jobs for Americans, jobs that help maintain a healthy national economy.

## CLARENDON-DONLEY COUNTY CHAMBER OF COMMERCE

### FIBER PROCESSING RESEARCH

A top priority continues to be the increase in adaptations of a fiber management system allowing mills to select cotton more cost-effectively for given end products resulting in improved cotton-related profits.

Machinery evaluations are also a central function. Air-jet spinning has been developed to spin 100% cotton. The air-jet yarns can be woven or knitted into many end products, including sheeting and shirting.

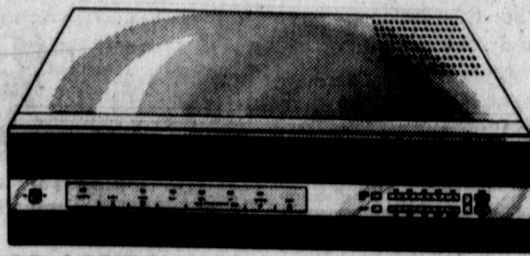

Evaluations of an improved cotton cleaning attachment for a standard card show promise of improved cleaning prior to carding, making possible improved yarn and fabric quality.

# ZENITH ADVANCED SYSTEM 3 BIG 27" TV

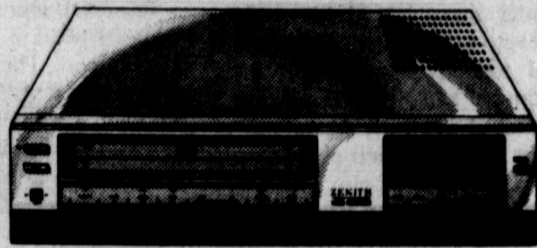

DIAGONAL

## LARGER PICTURE, INCREDIBLE SHARPNESS PLUS FULL STEREO SOUND *the Smart Set*

**Model VR2100 4-head recorder. Zenith "Smart Deck" with Simplified Direct Input Programming.**

- Features:**
- 14 day/4 event programmable auto-record with continuous repeat
  - 157 channel quartz tuning with 101 cable channels
  - Direct access channel selection
  - Slow motion in SP & EP
  - 12-function wireless TV/VCR remote control

**Model VR1800 2-head recorder. Zenith "Smart Deck" quality at budget price.**

## THE SOUND OF THE FUTURE IS HERE TODAY *ZENITH MTS STEREO TV*

Local television stations WXXX and WXYZ are now broadcasting programs in stereo sound using the system that was developed by Zenith. Adopted as the industry standard, Zenith's Multi-channel Television Sound system (MTS) processes exciting stereo sound that "moves" with the action on the screen. It also processes simultaneously telecast second language translations or any other second audio (non-stereo) program being telecast.

Today, all new Zenith TVs have a Stereo Sound System to process Multi-channel Television (MTS) sound or are adaptable for such stereo sound. You can now enjoy both television viewing and listening to the fullest. It's your assurance that the Zenith you buy today is ready for today and tomorrow. Stop in your local Zenith dealer and listen to the new Zenith TVs. Hear the sound of the future today.

# National Employ Handicap week

October 6th through 12th is National Employ the Handicap Week. The Texas Rehabilitation Commission, with its goals of helping disabled Texans find and keep good jobs, urges employers to hire qualified disabled workers.

The Texas Rehabilitation Commission works with the physically disabled and mentally disabled toward the goal of appropriate employment. Vocational Rehabilitation Counselors evaluate the disabled individual's abilities and limitations, helping their clients develop a realistic occupational goal. Vocational assessment and counseling and other vocationally oriented services, including job placement assistance, may be provided in order to place a qualified disabled worker on the job. Everyone benefits from the Vocational Rehabilitation program.

The client receives services to alleviate or overcome a disabling condition that interferes with the ability to work. The program benefits the taxpayer when a successfully rehabilitated client enters the work force. National studies indicate that nine tax dollars are returned to the economy for every one dollar spent on Vocational Rehabilitation.

TRC's goal is to help handicapped workers become vocationally independent and not dependent on assistance programs.

A representative will be at the Texas Department of Human Resources every other Tuesday. You may contact Wanda Nichols at the Texas Department of Human Resources in Clarendon to set up an appointment. They work with all

The Clarendon Press, Thurs., Oct. 16, 1985  
handicapped, except people with vision problems. Some of these handicapped are trained at Clarendon College.

Employers and prospective clients in the Amarillo area should contact 806-353-7491 for more information.

## Letter To Editor

TO THE EDITOR:

I am concerned about the fact that Planned Parenthood is allowed the privilege of influencing our children by working thru the school system. I believe most parents are not aware of Planned Parenthood philosophy and goals.

I understand that Amarillo students are taken to the Planned Parenthood facility on field trips. What is the purpose of such? What are they to learn?

Dr. Lena Leure (Planned Parenthood News, Summer, 1953, p. 10) stated Planned Parenthood's "alternative solution is to be ready as educators and parents to help young people obtain sex satisfaction before marriage. By sanctioning sex before marriage we will prevent fear and guilt..."

A study from Johns Hopkins University reveals that as the number of teenagers in family planning program teaching the Planned Parenthood philosophy quadrupled between 1971 and 1976: 1) premarital pregnancy increased by 45%; 2) premarital intercourse increased by 41%; 3) out-of-wedlock births increased by 18%; 4) unintended pregnancy was 60% higher among contraceptive users than it was in the general teen population; 5) teens using the pill had a pregnancy rate 5 times that of adult pill users and 6) by 1976, 50.8% of teen pregnancies ended in abortion.

Planned Parenthood worked hard for the Rowe v. Wade decision which legalized abortion in America and promoted abortion as a means of birth control. Margaret Sanger, founder of Planned Parenthood, says "The most merciful thing that the large family does to one of its infant members is to kill it." Is that what we want our students taught?

One-third of the money raised by Planned Parenthood abortion clinics. All local affiliates pay money to the National P.O. organization. Twenty-five percent of the International P.O. organization comes from U.S. tax dollars. Is this the way we want to spend our public funds?

I believe we need to take a closer look as parents at what we are allowing to take place here. In America, we still have a voice. Will you exercise your parent power?  
Beverly Vinson

Dear Cotton Producer:

As partners with the American cotton farmer, we in ASCS have an opportunity to take a key step in restoring that industry to profitability.

The people at ASCS understand the needs and concerns of farmers better than any other professionals I know. I think we also do an excellent job of keeping farmers advised about issues which affect their well-being. As a result, ASCS can provide a tremendous service to cotton farmers and the entire U.S. cotton industry by helping growers stay informed

about Cotton Incorporated, U.S. cotton's market development organization.

Currently, cotton faces strong challenges from synthetic fibers and foreign growths. Growers need to learn about Cotton Incorporated's efforts to meet these challenges. The evidence clearly shows what Cotton Incorporated has already helped to accomplish. For example, cotton's retail market share has risen from 32% to 40% during the past several years. Other accomplishments range from getting the U.S. Navy to switch to 100% flame resistant cotton, to giving technical assistance to overseas mills so that they'll use more U.S. cotton.

But much more needs to be done. Growers need to understand what is at stake. This program cannot continue to deliver successful results without adequate funding. The cotton industry needs this program, and I urge you to learn more about the activities of Cotton Incorporated so that you can make this information

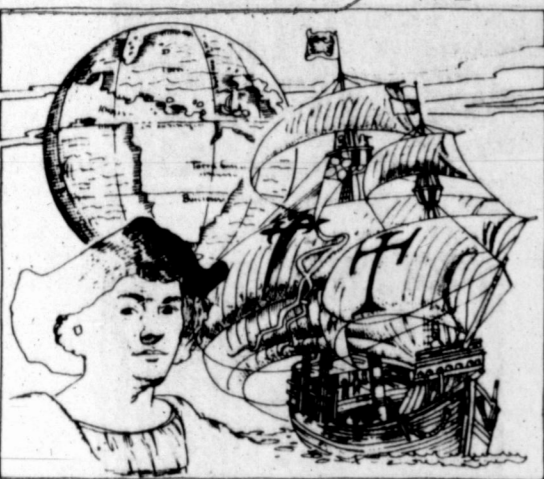

available to your cotton growers. To assist you, I am enclosing some educational material developed by the Cotton Board.

Since this program began, our offices have played a major role in its effectiveness. It should give us all great pride and satisfaction that we have distinguished ourselves with an outstanding record of service over the past 18 years. Together, we can help our growers and industry return to profitability faster by doing our part to assure a stronger Cotton Incorporated program.

Sincerely,  
Everett Rank,  
Administrator, ASCS

**Insurance Decisions**

The Liabilities of Success

Many business people and professionals have no idea that they -- and all they've worked for -- are exposed to costly private lawsuits.

In fact, the very hallmarks of success -- from yachts to handsome homes -- make business people tempting targets.

Civil lawsuits have increased from an estimated 10 million in 1967 to projected 14 million for 1982. By 1979, the average award in a fatal accident case was over \$350,000.

Yet the standard homeowners insurance policy typically provides liability coverage of only \$100,000. So a major lawsuit might endanger savings, a home, even future earnings.

Knorpp Insurance believes that people with important assets should consider personal liability umbrella policies. These policies will not protect against liabilities incurred in business -- but they will close some of the gaps that other types of coverage leave open.

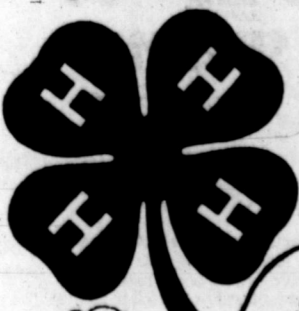

Knorpp Insurance umbrella policy offers as much as \$10 million in protection -- and a million dollars in coverage costs as little as \$100.

garden

a family affair

building a stronger tomorrow for you and your community

taking care of pets

having a good time

going new places
