

Centennial Countdown - Donley County - First 100 years

Taken from the Clarendon News, Aug. 1925

Local boy has been chosen to preach to folk of Martin Community. To be assisted by Miss Blankenship on piano and Mr. Sewell as singer. Much interest is manifest by entire community.

Jewel M. Sibley, native of the Martin community will start a series of revival meetings in his own church Sunday, August 16th. Rev. Sibley has made a splendid record during the past few

years of his ministry and his work is standing for itself in a manner that speaks for a life that is well spent.

Rev. Sibley will be assisted in these services by C. F. Sewell as singer in charge of that important part of the services and by Miss Inez Blankenship who will preside at the piano. The services will be held in the Martin schoolhouse and every one is given a very cordial invitation to attend any or all of the services.

The folk near Martin are very proud of the past record

that has been made by Rev. Sibley and they feel that this meeting will be great good to the entire community. The pastor is the son of A. J. Sibley of the Martin community.

The Clarendon Press will be placing capsule articles of local history on the top of the front page every week for the rest of the year until next July 4th to stimulate interest and enthusiasm for the Donley County Centennial Celebrations. Because this

publication will be interested in printing stories of local history, these glimpses into the past are intended to encourage participation by you, the reader. Enjoy these nuggets of our history and plan for our historic future.

THE DAN McBRIDE family will be at the First Baptist Church Friday July 24 at 7:30 p.m.

Dan McBride - humorist - preacher will be at First Baptist Church Friday

The First Baptist Church is proud to present Dan McBride Friday, July 24 at 7:30 p.m. The evening will be a family affair of Christian Entertainment. After the program an ice cream social and gospel singing will be presented. The evening is open to the public.

Dan McBride will have his entire family with him for the evening of fun and singing. Michael, age 21 is a Senior at Stephen F. Austin University, Nathan, age 18 is a recent graduate of Jacksonville High, Debbie, age 15 is a Sophomore at Jacksonville High, Becky age 13 is an eighth grader and Susan, age 9 is in the fourth grade. The family has presented more than 300 concerts in 31 states during the last 10 years.

His approach may be a humorous one, but the motive behind that approach is far more serious. That's probably why Dan McBride of Jacksonville is so good at what he does.

McBride, a Baptist minister turned humorist, entertainer and satirist, does much more than poke fun at the modern church. He makes his audiences, usually church groups, laugh at their own unwillingness to do what they know they should do, which in turn compels them to start doing it.

"When I first started doing this everybody said don't get involved in something like this because it won't work. But what I've lost in dignity I've made up for in ability to communicate. People are unaware that while I'm enter-

taining I'm also preaching. I've found that church people need to laugh at themselves. If they take themselves too seriously, they don't take God seriously enough," McBride said.

McBride chides church rituals and routines that when examined are really quite funny. "I have this one song to the tune of 'Countin' Flowers on the Wall' called 'Countin' Stragglers in the Hall.' So many churches are caught up with numbers,

keeping rolls. They say, 'We only need two more to have 300, nobody stops at 298.' So they hunt 'em down in the halls."

That may sound a little extreme, but McBride gets his point across. "People laugh and then they realize, 'Hey, we're doing that.' Often that's enough to get them to change.

One of his three albums, 'Tiptoe Through The Tithers,' teases ministers for being so careful not to step on toes

when asking for contributions. "They're almost apologetic about it."

McBride, a big man with a

very noticeable Texas drawl, started out to be a country and western singer when he was a teen-ager. He gained

stage experience while performing each week on WFAA's Saturday Night Shindig, which was on both radio and television.

Church of Christ will hold revival July 26-29

The Clarendon Church of Christ will have their summer revival July 26 - 29. Services on Sunday, July 26 will be as follows: Bible Classes at 9:30 a.m. Preaching at 10:30 a.m. The noon meal will be shared at 12 noon. The evening service will be at 6 p.m.

The week day services, 27th - 29th, will be at 8 p.m. each evening.

Dick Marcear, minister for Central Church of Christ in Amarillo will be the guest evangelist. Dick Marcear was born in Tulsa, Okla. He and his wife, Lou Nell, have two children, Rick, 14 and D'Nan, 12. Both children attend Amarillo Christian School.

Dick graduated from ACU in 1960 with a B.A. and from the University of Tulsa in 1972 with an M.R.E. He has been preaching since 1960. He has preached for the Church of Christ in Tulsa; Thermopolis, Wyo.; Ft. Worth and moved to Amarillo in 1975 to become the pulpit minister for the Central congregation.

While at Central the church has shown remarkable growth. The Central congregation is lovingly referred to as the exciting Central Church of Christ.

Their ministry reaches into all areas. They are known especially for their singles program, possibly one of the greatest. Dick has a one minute radio program that is heard four times daily on four Amarillo stations, KPUR, Z-93, KGNC-FM, and KIXZ. Dick is a frequent speaker at civic and social clubs in the area and often speaks at youth rallies, banquets and for school groups.

He loves to quail hunt and fish, especially bass fishing. The song service will be led by the regular preacher, Tom Harguess.

about 5" deep across the road and moving rapidly. What a shame the water did not run into Greenbelt instead of into those planted fields.

Drill activities part of continuing exploration program says DOE

Drilling activities at this site are part of the continuing exploration program being conducted by the U.S. Department of Energy to help determine bedded salt's potential for deep geologic burial of nuclear waste. Data to be obtained from studies in Donley and Oldham counties are important to a proper scientific evaluation of bedded salt formations of the Palo Duro subbasin. The information is not available from state or private sources. These locations are for exploration studies and have not been designated as repository sites.

An earlier phase of the Palo Duro studies, completed in 1978 in nearby Randall and Swisher counties, obtained data on the area's rock layers, geologic structure, hydrology, climate, and resource potential. General studies of the Palo Duro subbasin's surface environment were completed in 1979. Similar activities have been completed in Gulf Coast salt domes in East Texas, Louisiana, and Mississippi and bedded salt formations in Utah. Site exploration studies are also under way in

Washington state, Nevada and several other states.

Current field tests in Donley and Oldham counties will obtain continuous cores of underground strata. The cores will be transported to Austin for mineralogical, chemical, and mechanical testing. The test holes will be logged to measure geologic properties, and hydrologic testing will continue for several months.

At this site a stratigraphic test well will be drilled to a depth of about 5,000 feet to obtain information on salt and rock characteristics, effects of salt solution, and shallow and deep groundwater systems. Continuous four-inch cores will be obtained for examination and downhole geophysical logs will be run to obtain data for comparison with information from oil and gas well drilling. Pump tests will obtain water samples from fluid-bearing zones for analysis. Standard oil field geophysical logging technology (e.g., gamma ray logging) will be used to measure soil and rock properties. All studies are being conducted in compliance with federal and state environmental standards and requirements. No radioactive waste material is being stored on the well surface or below ground.

The U.S. Department of Energy has the primary responsibility for storage and disposal of radioactive wastes from the production of nuclear weapons for national defense and for disposal of commercially generated high-level waste. The DOE program emphasizes disposal of this waste in mined

repositories 2,000 to 3,000 feet deep in stable geologic formations. Various rock types are being considered, including bedded salt, salt domes, shale, basalt, granite, and tuff.

Letter to the editor

I am writing this letter because as a resident of Donley County, I am concerned about the drilling project below the Greenbelt Lake Dam. My concern is twofold; the fact that the operation is test drilling for nuclear waste disposal and the apparent lack of knowledge or concern by the citizenry are two troubling points.

First of all, let me clarify where my values lie (something everyone should try once in awhile). I believe God's rich earth with its timeless wonders is something that deserves continuous top priority by human kind for its preservation and perpetuity. To me, sacrificing or risking the environment to promote short term economic prosperity is simply an example of one of the worst forms of selfishness and greed. Our economy runs in spasmodic cycles with lows and highs; once you destroy part of the environment, the damage is usually irreparable. Yes, I am an environmentalist. Many try to rationalize and discount their anti-environmental stances as necessary or as having an insignificant impact, but is anything that alters the delicate natural balance of our earth insignificant? This is the perspective from which I am writing.

Personally, I do not want a nuclear waste dump in virtually my backyard especially so close to the water supply for several communities. From what I've been able to learn they are drilling 40 feet and taking a core sample. This is to go on until they have drilled 4500 feet. They are either looking for a granit formation or a salt bed (I'm not sure which) suitable for containment of the waste. The questions I have are geological ones. From what I hear the area contains several faults which means on one side there could be granite while directly across the fault could be sandstone, thus the potential for seepage into the water table. Also, I am skeptical about the ability of any geological formation to effectively contain nuclear waste.

This is only a test drilling operation. As far as I know no decision has been made to bury nuclear waste there. I do feel, however, that the citizens owe it to themselves to actively look into the matter and to seek some answers. Hence comes to mind an old cliché, "Better safe than sorry!"

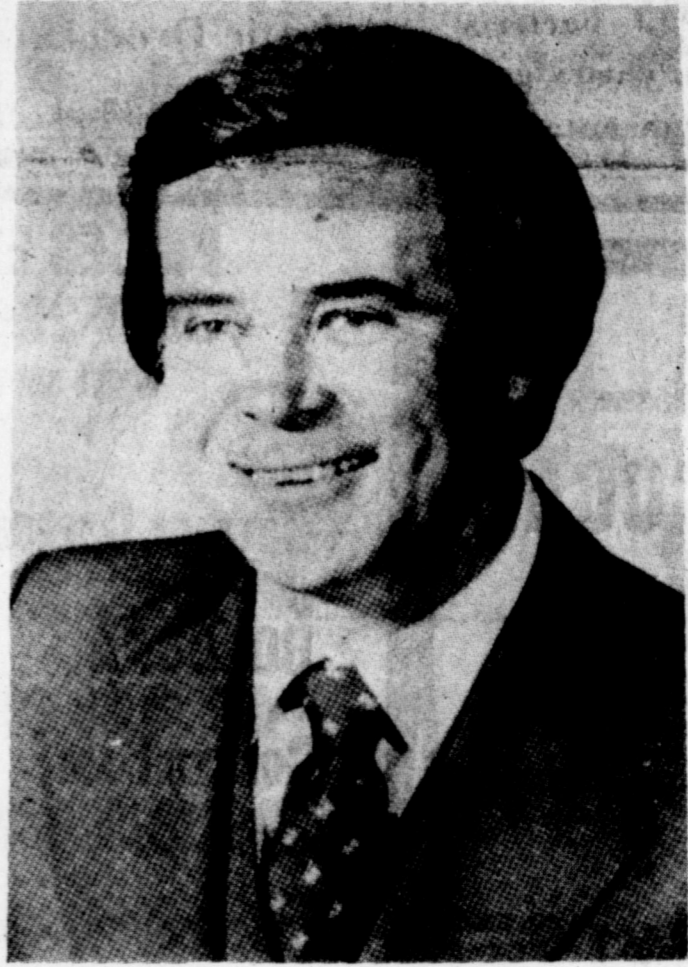

Sincerely, Ken Slavin

Pressure canner gauge testing clinic

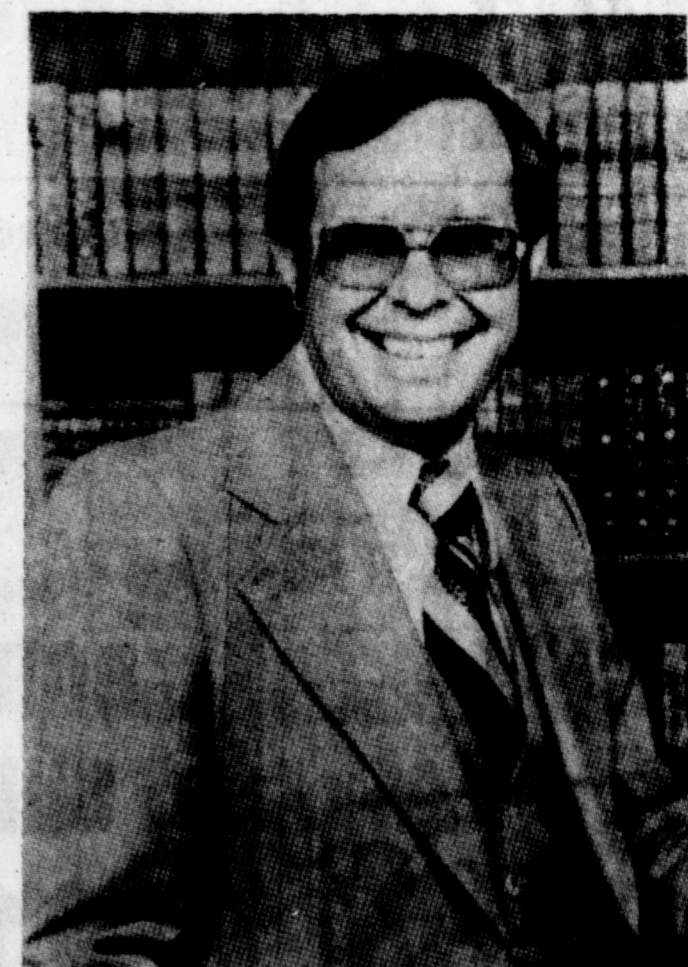

There will be a Pressure Canner Gauge Testing Clinic on Wednesday, July 29, 1981 from 9 a.m. to 12 noon and from 1:30 p.m. to 4:30 p.m. in the Donley County Extension Office. There is no charge and it is a good idea to have canner gauge's checked before canning season or anytime that the lid is dropped. Each interested person should bring only the canner lid - gauges that are geared or have the rings can be tested. Accurate pressure canner gauges and canners, with all parts in good working order, can help families be assured of safe home canned foods.

Muscular Dystrophy Assn. seeking support of local organizations

The Muscular Dystrophy Association is seeking the support of a local organiza-

tion or club to sponsor the pledge center here for the 1981 Jerry Lewis Labor Day Telethon. The telethon will be broadcast on Sunday and Monday, September 6 and 7 over KFDD-TV, Channel 10 in Amarillo. Debra Lane will be returning as telethon emcee along with new co-host, Mark Baker, for the 2 1/2 hour extravaganza.

The pledge center serves as the location for residents to phone in or drop donations to the Muscular Dystrophy Association during the telethon broadcast. The members of the sponsoring organization will answer phones and accept pledges for contributions and serve as the liaison between local efforts and the national telethon. The group will also be encouraged to hold special events to raise additional money in the area. Any organization raising \$100 or more prior to Labor Day will be invited to have a representative appear on the local

segment of the telethon in Amarillo to present their check. The Muscular Dystrophy Association is a national voluntary health agency with a complete program of research and patient care for the victims forty neuromus-

Carl Cox goes to Camp M.K. Brown

Carl Cox, son of Mr. and Mrs. Rick Cox of Clarendon, received his Eagle Scout Award February 14, 1981. He has his God & Country award received May 80, Order of the Arrow received at M.K. Brown in July 1980. The Archery Award and mile swim award and Most Spirited Scout was received in 1979-80. His Senior Patrol Leader and Troop Assistant

Senior Patrol Leader for the Jamboree trip to Ft. Hill, Virginia and to Washington D.C. was exciting and quite an honor for Carl Cox to achieve.

Carl has 71 merit badges including his Jr. Leadership training and atomic energy badges. He is going to camp M.K. Brown for his life guard badge.

Post Office replaces sidewalk

The East side of the Post Office Building now sports a wider sidewalk. The small dirt area will be replanted in grass but that won't really help much because that area gets trampled on from people who park along the curb. The new sidewalk is just a little wider, but it is even, smooth and without cracks that tended to trip folks up who were walking along reading their mail.

In addition to this new improvement, the front parking area on the north side of the Post Office is being replaced. This is rather difficult because the good bricks used originally are tough and hard to chip out, but they did create an uneven area that was gradually wearing away.

While this work is being done, be aware of the workers in the area and do not run them down in your hurry to get to the post office on time. Take care and be aware of some one digging in the parking lot. Traffic violations are repeated offenses in the entire block around the Post Office. Please drive carefully, watch the stop sign and obey it. Drive slow as people are backing out of spaces in that area. Do not make sudden stops or U-turns. When you do decide to turn, give plenty of warning to those behind you by turning on your blinker.

The Post Office is a great place to gather to visit with each other, but keep it safe. Be aware of the construction going on and be courteous to the workers.

Course at Clarendon College on defensive driving

Clarendon College will be hosting a course in Defensive Driving on July 28 and 30 from 6 to 10 p.m. This course taught in conjunction with the Texas Department of Public Safety will, in most cases, qualify the successful

participant for a ten percent reduction in Automobile Insurance. The fee for the course is \$15.00 which included all materials and refreshments. Interested persons should contact the college.

Mr. James McGowan Clark

Funeral services for Mr. James McGowan Clark, age 80, a resident of Grand Prairie, for the past seven years, were held at 2:00 p.m. on Monday, July 20, 1981, in Robertson Chapel of Memories, with Dr. Randal Everett, pastor of the Inglewood Baptist Church in Grand Prairie, officiating. Masonic Grave-side Services and Interment was in the Claude Cemetery with the arrangements under the direction of Robertson Funeral Directors.

First Christian Church has guests

First Christian Church had as their guests for the weekend, the children and house-parents of Coakson Hills Christian Ranch located near Canadian.

Saturday night there was an indoor weiner roast and then the children were overnight guests in the homes of church members.

After the regular church service a covered dish luncheon was served. Then the excited children departed for an afternoon of fun at Wonderland Park and supper at McDonalds in Amarillo, courtesy of the Clarendon Church.

The nine children range from age 16 mos. to 14 years. They are not orphans but come from homes where problems exist.

Who's Who in American High School Students

Thirteen Clarendon High School students have been listed with Who's Who among American High School Students. We can be proud to have such a large number of students from our relatively small school.

Recognition in Who's Who is a national honor reserved exclusively for junior and senior class high school students who have demonstrated achievement in either academics, athletics, activities or community service. Recommendations are received from 10,000 high schools and youth program sponsors at the national and local levels. On a national basis, only 5% of the eligible students are featured in WHO'S WHO each year.

When a student is selected to be in Who's Who, they receive many benefits. Scholarships from \$4,000 to over \$50,000 annually are given to these students. National recognition among institutions, groups and individuals concerned with student achievement and the opportunity to view their listing at no cost are given the students through this recognition. College Referrals, motivation and grants are also available to these students.

Clarendon is proud to have so many fine students honored by being recorded in WHO'S WHO. Congratulations to the following students and to their teachers, Eddie Bright, Dan Hansen, Debbie Johnston, Rick Hayes, Steve Nance, Jamie McAnear, Mike McCowen, Taffie Williams, Mark White, Terry Cole, Theresa Shields, Mindy Morris and Barry Hastey.

1926 Book Club met

Tuesday morning, July 14, 1981, at 9:00 a.m., the 1926 Book Club met for their summer breakfast. The breakfast was catered by Maureen Butts and Brenda Ward. The invocation was given by Mrs. Oressa Delaney. The members and guests were served a delicious breakfast consisting of cantelope slices, scrambled egg casserole, sausage and cheese balls, lemon-tea cake, coffee and milk.

Guests introduced by President Betty Veach were Audrey Garland and son, Stan, and Hazel Monroe, who plans to become a new member, and Mrs. Leslie Veach of Mangum, Okla., mother of Betty Veach. We welcome new members. The officers for the coming year were introduced, also.

The first meeting of the year will be September 15 with a Salad Supper starting at 7:00 p.m. at the Patching Clubhouse.

Attending the breakfast were Rachael Butler, Thelma Bairfield, Dorothy White, Virgie Johnson, Frieda Tucker, Gladys Blackburn, Norma Jones, Pauline Heath, Pauline Morris, Lokie Pitts, Viola Bones, Hazel Monroe, guest, Mary Thornberry, Dessa Day, Billie Clinton, Susie Shields, Katherine Green, Ethelyn Grady, Mrs. Audrey Garland and Stan, Mrs. Leslie Veach, Mangum, Ok. and Betty Veach.

Operation drug alert

Many people today have a daily use of prescribed drugs. Please respect the reason for the drug use by using it as directed...and do not be afraid to ask your doctor or your pharmacist if you have questions. In fact, Mike Butts, Paul or Elmonette Bivens, are trained to know what different drugs do when combined, or what reactions to expect and they all encourage users of any drugs to ask them for advise and information relating to

their prescriptions.

Become aware of complications that could occur by mixing your prescriptions with other drugs or especially with alcohol. Do not share your prescription with others or take a drug prescribed to someone else. Modern drugs are a blessing...do not change them to a curse by mis-use. A message from Operation Drug Alert. For further information or questions, contact 1-800-692-4039.

He's Earning the Trust of People in Clarendon. One Family At A Time.

You don't just give your trust away. It has to be earned. Not just once but again and again. Year after year. Family after family. And that's what Bright Newhouse, American Amicable Life Insurance Company agent and member of the 1981 Million Dollar Round Table (MDRT) is doing.

The MDRT is an international association of more than 15,000 top life insurance professionals, dedicated to improving life insurance service through professional and personal development.

Only 3% of ALL agents earn a seat at the Million Dollar Round Table... by earning your trust and the trust of your community. One family at a time.

He earns it by giving you good advice as you plan for a solid future. By helping you and your family achieve financial security needs. By getting involved in community affairs.

No, your trust isn't just given away. It must be earned. Not just once. But again and again. Year after year. Family after family. And no one believes and practices this more than Bright Newhouse.

Chamber expresses appreciation to those who helped

We are proud of the people in our town who worked on making the Fourth of July a success. First of all, the Clarendon Press for all the advance publicity articles on the celebration.

Wes Hanson for preparing and backing the Turtle Races on the 3rd.

Kathy Skinner and Neva Spiers who plotted the courthouse lawn for booth spaces on the 4th.

The people who brought their wares to be sold.

Mr. and Mrs. Gerald Martin who started feeding the nine bees many months ago in preparation for the Bar-B-Q.

All the Shriners who gath-

ered the wood, and prepared and worked to put on the Bar-B-Q.

The Chamber started sending invitations to enter the parade in April. We received 40 entries, which we feel is a good percentage for a town this size. Darrel Leffew, Jem Simmons and Mike Butts were in charge of lining up the parade. Karen Simmons, Chris Brooks and Bronnie McNabb were the parade judges.

It takes a lot of work to get an entry ready for a parade. We are especially grateful to the Calvary Baptist Church, the Sororities & the 4-H Club the Shriners for all their floats. We are grateful for the U.S. Marine Corps Color

Guard representation, the Clarendon Cheerleaders, the Tascosa Navy JROTC, the Girl Scouts, the Brownies, the High School Flag Twirlers, the Antique Cars, Channel 7 KVII with their rolling 7, the bicycles and 3 wheelers, the Tack & Trail Sports Riders, the cars (small and large), the trucks, the mules and wagons, the horses and riding clubs, the Fire Trucks and the kids that enjoyed riding on them, the ambulances and the Clarendon Police and everybody who participated in the parade.

In cooperation with the Outdoor Entertainment Assn. we mailed out invitations to a number of fiddlers. Harold Childs, a

former resident chaired this event, which is a lot of responsibility.

Our two local banks, Mr. Frank Derrick, along with the Outdoor Ent. Assn. furnished the prize money for the Fiddler's Contest. Mr. Harvey Price, of Price's Super Service Station donated a silver platter.

This year the participating fiddlers did their own judging.

Tunney Kent spent a lot of time MC'ing the Old Tyme Settlers Reunion, and other events. Jerry Courtney and Gene White did a great job announcing the entries of the parade as they went by.

President Jerry Gage and the Outdoor Ent. Assn members are to be congratulated for the precision with which the 3 rodeos were put on.

As to other Chamber businesses - instead of buying Christmas decorations, the Beta Sigma Phi Sorority in cooperation with the Chamber will make the decorations as a project. Darrel Leffew will manufacture the frames for the decorations. He will supply the labor at no cost.

We will have our regular scheduled meeting on August 3rd. The September meeting will be cancelled due to Labor Day.

John A. Sarich, Manager

Did you know that the 11,000 people in Rockaway Township, New Jersey, are drinking clean, fresh water from municipal wells that were contaminated with organic chemicals? Most of the community's water supply contains trichloroethylene, a suspected cancer-causing agent. However, after treatment with granular activated carbon - which attracts and absorbs organic chemicals in the groundwater - it becomes safe to drink again. The total granular carbon system was supplied by Calgon Corporation.

MRS. SAM J. GANNON

Pryor-Gannon exchange vows

Vicki Carol Pryor, daughter of Mr. and Mrs. Benny D. Pryor of Friona was joined in holy matrimony July 11, 1981 at 7:00 p.m. in the First Baptist Church of Friona to Eddie Van Gannon, son of Mrs. Sam J. Gannon of Post in a double ring ceremony performed by Charles Broadhurst of the Littlefield Baptist Church.

The bride, given in marriage by her father, Benny D. Pryor, was stunning in a lovely ivory wedding gown of chiffonella with a Queen Ann neckline. The sleeves were lace trimmed and fitted with points of beaded lace applied below the empire bodice of crystal pleating. A hat was worn of ivory trimmed in alencon lace and crystal pleating with a pouf of veiling in the back and fingertip tier. Vicki carried a nosegay of white roses, red roses, stephanotis, baby's breath and ivory lace and ribbon.

The bride was attended by her matron of honor, Karen Floyd of Skellytown. The two bridesmaids were Donna Pryor, sister-in-law of the bride from Lubbock and Beverly Bailey, a friend of the bride from Oklahoma City, OK. Their dresses were Daphne Rose quiana with a fitted bodice, spaghetti straps, a chiffon and lace overlay fitted at the waist with a peplum ruffle.

The ladies carried a nosegay of rubrum lilies, carnations, baby's breath with brugandy ribbon. A rubrum lily was worn in their hair.

The church was decorated with a lacy arch of 96 candles with a fifteen point candle arch over the center and palms of greenery, a fifteen point candle arch on either side of the lacy arch with palms and two candle trees with palms on the floor. The windows on both sides of the church were decorated with votive candles and swagged with greenery garlands.

The entry of the church was decorated with a screen and greenery to give a background for the register table.

The Best Man was Ricky Cross of Lubbock. The Groomsmen who stood by were Tony Connor and Andy Williams, both of Post. All three men were friends of the groom. Ushers were Butch Gass, brother-in-law of the groom of Gail, and Keith Pryor from Lubbock, brother of the bride. The flower girl was Stormy Gass of Gail, the niece of the groom.

The music played by Eva Miller and Becky Weathely. "Always" and "Wedding Prayer" were sung by Dorothy Son of Ft. Worth. Bryan Johnston sang a selection "For All Time" accompanied by Clint Mears.

The ceremony was prelude by a rehearsal Dinner held in the First Baptist Church in the fellowship hall immediately following the rehearsal. It was hosted by the grooms Mother, Adell Gannon with assistance from Vickie Gannon and Patricia Gass.

Following the wedding ceremony, a reception was held in the fellowship hall of the church. The table was decorated with an ivory cloth with a flower arrangement of sweetheart roses, carnations and greenery with gold appointments for the table. The cake was served by Sharon Mills and punch was served by Lisa Miller of Austin.

The grooms' table was covered with a gray cloth with a fruit bowl and strawberry cake with silver appointments. Cake and fruit was served by Vickie Gannon and Patricia Gass, sisters of the groom.

The house party was hosted by Clydie Black, Morela Fortenberry and Janette Collard.

Mr. and Mrs. Eddie Gannon went to Ruidoso, New Mexico for their honeymoon. The bride wore a navy skirt, red blouse, plaid jacket with navy accessories and a white rose corsage for her traveling ensemble.

The couple will live at 912 W. 7th in Post. Vicki Gannon graduated from Texas Tech University in 1978 and was employed by Clarendon I.S.D. for the last two years. Eddie Gannon graduated from Texas Tech University in 1979 and was employed by the Clarendon I.S.D. from 1979-80. He is presently employed by Mobil Oil Company.

The oldest apple orchard in the United States was planted by Franciscan fathers in 1636 near what is now Manzano in central New Mexico. Its trees are still growing.

TIPS TO HELP YOU

Q. What is wrong with pants that pull down from the waist in the back?

A. This means more room is needed through the hip area. Measure then adjust your pattern before cutting your fabric.

Q. I have a large figure. Can I wear prints?

A. Prints are fine. Stay away from large prints. A small print on a dark background can be very flattering.

BOB BROOK OF OKLAHOMA CITY Okla. won the bass tournament held at Greenbelt Lake.

STINA CAIN caught these two 6 lb bass within 10 minutes of each other.

FISH TALES

By KATIE DVORAK

Stina Cain of Clarendon has been out on the lake Monday morning at 7:00 a.m. for a little early morning recreation when he pulled in two beautiful bass, both within ten minutes of each other. One fish weighed 6 lbs 4 oz, the other weighed in at 5 lb 3 oz. Last Tuesday, Stina caught a 7 lb bass in the morning, "but that was just one that day" Stina complained. This is the time of year for Stina because last year about the same time in July, he pulled in another giant pair of bass, one at 6 lb 9 oz, and the other about 6 lb 6 oz. Stina is known for catching big bass, but the picture with this article is proof that he does in fact catch beautiful fish.

The Sport Bass Association Bass Tournament was held at Greenbelt Lake Sunday. The results were exceptional since most of the fishermen caught at least a five pounder.

Bob Brooks won the tournament with a 7 lb and a 6 lb 8 oz bass. James Brewer of Fritch caught a 5 lb 12 oz, Frank Wolf of Clinton, OK caught a 5 lb 5 oz and Andy Rodgers of Amarillo caught a 4 lb 2 oz bass. Jim Judd of Fritch caught a 4 lb bass. Jim

Mrs. Carl Ried spent a long enjoyable evening with the Preston Gilbreth Monday. Mrs. Ried and Lois Beach visited these in the hospital at Memphis Tuesday. The Edsel Finales are going on another weeks vacation this next week.

Carla and Charla Mann from Pampa are spending a few days at their grandparents this week-John and Inez Stevens.

Mrs. Birdie Brinson is still in an Amarillo Hospital at this time. Charles Neal Johnson was here again the past week end to see his mother-Mrs. Willie Johnson in Hall County Hospital.

Maudine Hill spent the afternoon at Mrs. Carl Rieds one afternoon this past week.

Mr. Clarence Welch (one of our old timers) here at Hedley is in St. Anthony's hospital at this time.

Mrs. Garrison is still in hospital in Amarillo with a broken leg.

Willie Marsh visited Bunny Bland this week, taking Bunny a sample of her beautiful jelly.

Grandma and Grandpa Hoggatt (Betty and Bud) will entertain their three grand children starting Wednesday night while son Johnny and his wife take a vacation.

Betty Hoggatt will take her mother, Mrs. Elmo Kennedy to an eye doctor (Dr. Alpar) July 23rd.

Tanya Stiles grand daughter of Mrs. Jess Stiles stopped by for a quick visit with her grandmother. She had been to Amarillo to a cousins wedding and was on her way home at Houston.

The R.L. Stones stopped over her on their way moving to Houston for a quick visit with the Burt Stones and Anzel Adamsons.

July the 15th was round up time held on Harrison's Ranch by James Hoggatt. He had 15 helpers, many from out of town. The chuck wagon food sounded scrumptious-call us James when one of these occasions come up?

DEALS ON

By KATIE DVORAK

Since I'm in the frenzy of putting produce away, as are most of you, I'll just continue with some freezer hints. I'm sure most of you will be canning, but the freezer is still the method of choice for me.

HINTS FOR PACKAGING

1. If you desire individual portions, freeze the produce or meat separately in a moisture vaporproof bag on a tray in freezer. When frozen, package in bigger bags, squeezing all of the air out before tying them shut.
2. Cover sharp bones or any protruding parts that might tear the wrapping with extra patches of wax paper or foil.
3. Fruit which has a tendency to float can be submerged beneath the surface of the syrup by crushing a piece of wax paper or plastic paper between the fruit and the cover. This prevents discoloration and flavor loss of the fruit.
4. Label all foods clearly and informatively. I have opened a package of "fish" only to have it turn out to be some peaches from last year. Use a label that will stay on in the freezer. Masking tape won't last long, scotch tape is even worse. Crayons or pens are better.
5. If you freeze freshly butchered beef, it's best to have it frozen ahead at a butcher shop because your freezer can't handle that much meat at a time and freeze it.
6. To freeze whole fish, remove the scales, the head, backbone, viscera, fins and tail.
7. Fillets, steaks and chunks can be frozen alike, be sure to label properly.
8. Glaze the fish for freezing to keep it from developing a "fishy" taste. To glaze, freeze fish first, then dip fish in cold water and place back in freezer until film develops. Repeat until a heavy glaze is formed. Wrap, label and store.
9. Eggs: break each egg into a small cup to prevent gumminess, add 1 TBS corn syrup or sugar or 1 tsp salt, depending on how eggs will be used, to each cup of liquid egg. Mix eggs thoroughly with a fork making sure all yolks are broken. Don't whip in air.
10. Egg yolks: Add 2 TBS corn syrup or sugar, or 1 tsp salt to each 1/2 C of yolks. Freeze in small containers of pre-measured amounts, such as 2 or 3 egg yolks as you might need in a recipe.
11. Egg Whites: package without adding anything. I put mine in a measuring C, freeze it, dump it out and package a bag of 1/2 C egg whites, 1/4 C egg whites, etc.
12. Cheese: Many types of hard cheese freeze satisfactorily. Package in sizes that will be convenient for immediate family use. Thaw at room temperature before serving.
13. Cheese: semi-soft can be frozen in a container then scoop out the amount you need. Cream cheese won't freeze, neither will cottage cheese.
14. Milk: pasteurized homogenized milk can be frozen and stored for short time storage, 2 weeks or less in the container in which it was purchased. It separates, so shake well before drinking.

The first cheddar cheese factory in the United States was built by Jesse Williams near Rome, N.Y., in 1851.

Hedley News

Mr. and Mrs. Don Ricken of Hedley entertained a number of guests with a fish fry complimented with potato salad, sliced tomatoes, beans, and many appetizing relishes on Monday evening, July 13, at 7:30. The dinner was served buffet style on the back lawn.

The guests enjoyed meeting old friends, and new ones for a time with pleasant visitation. Those who attended the happy occasion with Messrs. and Mrs. Paul Stewart, Richard Makey, Harold Neal, and son Joe, Clyde Hoggard, Don Springer and daughter, Robin, Loy Davis, A.J. Rowell, Gwen Snapp, Myrtle Reeves, Ruby Moffitt Beekler, Darlene Baugh, Dorothy Brinson and son, Keith, Connie Taylor, Hobart Moffitt and Tim Riken.

Mrs. Gwen Snapp has moved to Hedley from Rotan. Gwen is a niece of Myrtle Reeves. We're so glad to have another new comer to our little town. How we hope you'll like Hedley and its people.

Mr. and Mrs. L.S. DeBord of Stratford visited Louise Long over the week end. Also Ruby Kunce, Suzanne and Debra and husband from Houston were there Sunday.

We extended sympathy to Brother Wayne Naylor in the passing of his uncle Porter Arnold of Silverton.

We are so sorry to hear the Methodist pastor Brother Watson is in the hospital again.

James Stone came to visit his mother Mrs. Marshall Stone at Medical Center this past week end. James is living in California.

Mr. and Mrs. A.B. Spalding both went to Amarillo this week for their doctors check up.

Mrs. Ruby Beekler flew from Amarillo to Atlanta for a vacation with friends this week.

City Ordinances

In the interest of public knowledge and to assure that all of the citizens of Clarendon are made aware of their City Ordinances, the Clarendon Press will print city ordinances. Some of these ordinances are obviously out dated, but the Clarendon Press feels that each and every citizen should be aware of their local laws and ordinances. The Press is not making any statement for or against these ordinances.

Be it remembered that on this 9th day of September, 1901, there was filed in the office of the County Judge of Donley County, Texas and with and by said County Judge an application for the incorporation of the Town of Clarendon. (This petition was signed by the following): George W. Washington; H.B. White; Geo. L. Jowell; J.A. Hill; C.C. White; J.M. Hill; Morris Rosenfield; F.A. White; I.W. Carhart; W.M. Stevens; M.W. Easum; John Codger; Gus Jacques; T.H. Westbrook; W.H. Caldwell; H.D. Ramsey; T.P. Davis; T.W. Oliver; J.J. Harrison; T. Ewing; F.A. Dewey; W.E. Jones; Jas. Trent; A.M. Beville; H.A. Campbell; L.D. Rhode; Clifton Carter; R.A. Chamberlain; Willis Holston; T.W. Carrol; S.J. White; J.J. Alexander; J.N. Eddins; Wm. H. Cooke; J.E. Griffin; H.A. Morgan; R.F. Wood; W.H. Oliver; W.G. Jones; John M. Clower; I.W. Carhart, Jr.; Del W. Harrington; J.D. Jefferies; H.E. Taylor; June W. Taylor; J.B. Pope; Jno. E. Cooke; A.C. Barrett; W.P. Blake; Geo. F. Morgan; W.M. Hildebrand; B.H. White; W.C. Freeman.

(Judge B.H. White of County Court declared on Sept. 10 that there were more than 2,000 inhabitants in the territory applying for incorporation. He declared an election to be held Sept. 24, 1901 for "a vote of the people resident upon and who are voters within the boundaries of the territory of said proposed incorporation..." The court appointed Morris Rosenfield to be presiding officer of the election.

Sheriff W.H. Oliver duly posted the election notices. The vote was 114 "for corporation" and 90 votes for "no corporation".

Tuesday 29, October 1901 election called for to obtain a mayor, marshal and five aldermen. A.W. Cole was appointed to be presiding officer for this election.

The notice was published in The Banner Stockman, the Clarendon weekly newspaper on September 27.

October 30, 1901 election results were posted: I.W. Carhart received 201 votes for mayor. W.H. Cooke received 215 votes for Alderman; R.A. Chamberlain received 188 votes for Alderman; L.C. Beverly received 153 votes for Alderman; T.J. Noland received 144 votes for Alderman; F.D. Martin received 136 votes for Alderman. George L. Jowell received 70 votes for Marshall.

The first ordinance declared was January 7th 1902 to file the "Plat and map of the Town of Clarendon as filed and recorded in the Deed Records by the Honorable B.H. White... as recorded on Pages 4 to 15, Ordinance Record #1.

BENZOYL PEROXIDE

With acne, a skin oil called **sebum** is produced and is trapped within openings of the skin. Bacteria act upon sebum and an inflammatory reaction occurs. White blood cells move in with this reaction and this results in the formation of pus-filled sacks. The blackheads of acne are sebum-filled skin openings that are exposed to the air and whiteheads are sebum-filled opening that are not exposed to the air.

Effective treatment of acne requires at least a six to eight week application of a product that kills bacteria within the skin openings and hastens the removal of sebum plugs from the skin. **Benzoyl peroxide** will accomplish both of these functions and is available without prescription.

With benzoyl peroxide, the skin should take on a slightly red color... as if one had been out in the sun the previous day. Extreme dryness should be avoided because this will decrease ability to withstand the product.

Many dermatologists recommend beginning with a 5% concentration once daily, increasing to twice daily, and then going to the 10% concentration. A product of sufficient strength should be applied to the skin often enough to keep the skin pleasantly red.

Letter to Editor

The Saints of the United Pentecostal Church would like to welcome back their former pastor and family. Reverend Norman Thompson and his wife will be returning to their former jobs.

He will be pastor and counselor and in his spare time he will continue his carpentry and painting jobs for the public. She will be his constant support and stand by. They also have a son, age 10, Norman William Thompson III (Bill) who will be pleased to rejoin his friends and buddies this school year.

John Sarch Clarendon Chamber of Commerce Clarendon, Tx. 79226 Dear John: I would like to take this opportunity to tell you how much I enjoyed making an appearance at the Clarendon 4th of July Celebration. It was an honor to be asked and my pleasure to be there as well. Sincerely, Kurt W. Harris Texas Tech Red Raider 1981-82 Again let us extend our sincere welcome and joy for the return of our long missed pastor and family. Beverly Burrow

THEN and NOW A problem for disabled people—and their communities—may soon be solved.

THEN: In the past, all wheelchairs were made with spoked wheels that tended to go out-of-round after regular use. Simply going up and down curbs was exasperating and dangerous. Often, spokes loosened, bent or broke under shock. This affected the wheelchair's owner—and everyone else in the vicinity.

NOW: A new wheelchair has die cast magnesium handwheels and smaller die cast aluminum front wheels. It offers new mobility and safer operation. The die cast magnesium Endurance wheel weighs only 2.75 pounds, 35 percent less than conventional steel spoked wheels. This means less user fatigue by lowering inertia weight.

The Texas and Wildlife Department has been... game violators plan implemented by New Mexico... will begin Operation Game Thief, a... program which pays for anonymous tips leading to the arrest and conviction of game law-breakers.

Governor Bill Clements signed a bill into law last month to set up this new Operation Gamethief with its necessary funding program. The executive director of the TP & WD will be appointing a six-member committee Sept. 1 to decide how to administer the money from the fund to pay the rewards. The rewards range from \$50.00 to \$200.00 for those who turn in game and fish law violators.

Under the new bill, a toll-free number will soon be provided to call when you have a report of a violator, it will be manned 24 hours by a TP & WD employee.

"It'll help the game wardens do their jobs," said Calvin Tow, TP & WD district I law enforcement supervisor. "There will be some instances where a tip is the only way we'd know about a violation."

The original program was created in New Mexico in June of 1977. As of May 1, almost \$40,000 had been paid out to tipsters in New Mexico. Those payments led to 1,426 arrests and almost \$80,000 in criminal fines levied! The conviction rate is more than 99%! These are extremely high and

My... was more like... belonging to a book of the... and forgetting to... return the little card with its... "no" box checked. Periodically, a package arrived with all the postage due and the accompanying letter read: "You have forfeited your right to cancel or return, so whether you feel like it or not... read!"

"I didn't know the stork could hear," I said. "If you say yes, what kind of show does he put on?" That smart remark was a mistake. She launched into a series of delivery methods that a committee of long-legged birds couldn't handle. The Mid Wife, Lamaze, etc. It seems parents-to-be can go either condominium or teepee, according to their whim.

"Honestly, Mother," she said while I tried to hold my teeth in with my hand, "I don't see how you have possibly borne three children without knowing even the basics of human nature."

Of course she told the other two kids that I simply must be enlightened with a full course on sex education and childbirth.

So my son threw in his six bits worth and called to tell me that he and his wife had "attended" a birthing. I don't know what kind of thoughts come to your mind, but I have this vision of everybody in the neighborhood getting together to pop corn and play drop the hankie while some poor girl... oh gad!

My other daughter and her husband chose the Lamaze route and were so enchanted with the procedure that they insisted I lie on the couch and do the breathing exercises. "You don't understand," I objected stoutly, "at my age I don't want another baby if I could win it in a raffle!"

"Now," my son-in-law instructed, "we're going to do the hee-hee-hees." I immediately went into them only to be rebuked. "I don't

mean glug," he sighed, and I went through the whole... present feeling like a complete idiot.

But the tale that made me gasp was when they told me the sex of an unborn could be determined with Drano. "I don't care if you are over 21," I said, "if you every swallow Drano I will make you sit in the corner with your nose in a ring."

"You don't drink it," my daughter said softly as if to a child, "if a drop of urine on a spoonful of Drano turns blue its a girl, if brown, a boy."

I'm glad I didn't know that when I was expecting my offspring. I can just see me running down the alley like a mad woman carrying a spoonful of blue and brown polka dots and screaming, "But I CAN'T open my own daycare center. I'm not well!"

"Honey," my mother-in-law said when I told her the birds and bees had all died in a torch fire, "I could tell those kids some stories that would make their scalps curl under their hair. The whole mess has made three cycles in my lifetime."

I'm just not old enough to know some things.

ASCS News

Final Date
Final date to request measurement service on spring seeded crops in August 15, 1981. Acreages of spring seeded crops must be reported accurately. It is your responsibility to report the acreage accurately, not ours. So get on in here and get this taken care of.

Wheat Production
As I stated in earlier newsletters, you have fifteen days from completion of harvest to request low yield payment. If it has been longer than 15 days, you will have to pay the cost of a farm visit.

Wheat Proven Yields
Wheat production must be reported for proven yield purposes within 90 days after completion of harvest.

1981 Loan Rates
Wheat: \$2.21 per bushel;
Corn: \$2.52 per bushel;
Grain Sorghum: \$4.10 per cwt.; Soybeans: \$4.91 per bushel.

The interest rate is 14.3%. The rate will be reviewed each October 1 and April 1 and may be adjusted (increased or decreased) during the period the loan is outstanding.

COME ON IN AND REPORT YOUR CROP ACREAGES!!!!

"Hmmm..." my daughter thumbed through a sheaf of papers from Planned Parenthood, "the topic for tonight's meeting is How To Say 'NO' To The Stork."

I could never even get an interview with that bird, much less argue with him.
