

Centennial Countdown - Donley County - First 100 years

Taken from the Clarendon News, Dec. 16, 1926.

Chamberlain

Fred Chamberlain, Vice-President of the Donley County State Bank, has lived in Clarendon thirty-nine years. His parents were among the earliest citizens of the city. After attending both the public schools and Clarendon College, he graduated from Austin College. He then returned to Clarendon and began working in 1907. He has been with that bank continuously since.

Chamberlain has served as

a Trustee of Clarendon Public Schools for a number of years, and for the past few years has been President of the Board. He is a member of the Chamber of Commerce, and belongs to both the Hill Croft Club and the Clarendon Country Club.

He is a member of the Presbyterian Church, is a Scottish Rite Mason, Knight Templar, and a Shriner.

Glascoc

In the twenty years Homer Glascoc has lived in and near

HOMER GLASCOE

Clarendon. He has been ranchman, bank president and Post Master. He is now Post Master and has served three years in that capacity. Before taking the position, he was for ten years President of the Farmers State Bank. For a number of years he owned and managed a large ranch near the old town of Rowe, now Hedley.

Mr. Glascoc was born in Illinois and has lived in Texas thirty-four years. He is a Mason and is a member of the Episcopal Church. He is a member of the local Chamber of Commerce.

The Clarendon Press is printing copies of local history on the top of the front page every week for the rest of the year until next July 4th to stimulate interest and enthusiasm for the Donley County Centennial Celebrations. Because this

publication will be interested in printing stories of local history, these glimpses into the past are intended to

encourage participation by you, the reader. Enjoy these nuggets of our history and plan for our historic future.

If a red check appears by your name your paper has expired. Subscription rates for Donley County \$8.00 outside of County \$10.00. Mail Box 1110 Clarendon, Texas 79226.

RANDY WHITE

MELODY MOREMAN

Kick-off Physical before two-a-day

The Clarendon Bronchos will begin the 1981 season with Two-a-day workouts on August 10th at 8:00 a.m. All High School boys are en-

couraged to participate in the program.

In order to participate, the athlete must have a physical. Doctors Gilkey and Hudson

are making arrangements for giving the physicals at no charge to the athlete on August 5th at 1:30 p.m. in the Broncho Field House.

For any other appointment a fee will be charged. The athlete can also buy his shoes at this time. The cost will be \$30.00.

White plays in Greenbelt Bowl

Randy White has been selected among the Panhandle's top high school football players to play in the Annual Greenbelt Bowl Game to be held August 8, in Childress. Randy is the son of Mr. and Mrs. Don White.

His athletic honors include being named 2nd Team All-District Tight End his junior and senior years; being named 2nd Team All-District Linebacker his senior year; being voted Most Athletic by the student body. His most prestigious honor came when THE AMARILLO GLOBE NEWS chose him First Team Linebacker on The Globe News Super Team. This team is made up of 5A as well as 1A schools. The "Super Team" Linebacker will attend Lubbock Christian College in the fall where he has signed a letter of intent to play football.

He will also try-out for the baseball team. Randy will

study in the Agriculture Department and hopes for a degree in that field.

Congratulations to Randy from the Bronco Staff and Good Luck.

Medoldy Moreman, daughter of Jack and Freddie Moreman, was chosen to be Randy's representative for the Greenbelt Bowl Queen contest to be held at the

game. Melody and her family will stay in a motel Friday night and attend the activities Saturday. We all hope Melody will return home with a crown for her efforts.

25th Anniversary of the Great Plains Conservation Program

August the 7th will be the 25th Anniversary of the Great Plains Conservation Program. The GPCP program is designed to help individual farmers and ranchers with their conservation problems. Some major problems associated with the Great Plains region, which led to the passage of the act, include wind and water erosion, drought, and inadequate and financial resources to plan and install needed conservation practices. Within 16 months after the Great Plains Conservation Program became law, the regulations, policies and procedures had been developed and field technicians had been trained.

Thursday, December 19, 1957, the first two contracts were signed in Texas. In 1980, there were 58 thousand contracts covering more than 110 million acres in the Nation. The Soil Conservation Service is charged with the responsibility for administering the Great Plains Program.

Farmers and Ranchers in 518 countries in 10 states are eligible for the Great Plains Conservation Program. The members participating in the GP program agree to contract to apply the needed conservation measures on their farms or ranch along

with management practices. Erosion control practices such as grass seeding, terraces, waterways, and erosion control practices

such as grass seeding, terraces, waterways, and erosion control structures account for nearly 40 percent of the funds expended for the

Great Plains Program. Water Conservation practices related to livestock water systems and irrigation use another 32 percent.

Allsup's helps Jerry's Kids

Allsup's Convenience Stores, Inc., will once again participate in the Jerry Lewis Muscular Dystrophy Telethon. There will be pre-telethon activities during the month of August which includes the display of collection canisters in all 207 Allsup's Stores throughout New Mexico, Texas and Oklahoma. "This is a very important part of fund raising," said Kurt Verlei, Director of Public Relations. "The Muscular Dystrophy Association receives no tax supported grants nor does it seek or receive fees from patients or their families. Their programs are funded almost entirely by private contributors and corporations and of course through the Labor Day Telethon" Verlei said.

Allsups will also be conducting the Allsups Doorbell Brigade. Area youngsters are encouraged to pick up a collection packet

from Allsup's on August 29 and 30 to collect donations for Jerry's Kids. The money returned to the store will be rewarded with a free fountain drink of their choice. Verlei said, "We thank our customers in advance for their generosity and look forward to working with area youngsters in the fight against Muscular Dystrophy."

The Muscular Dystrophy Association is currently seeking causes and cures for 40 crippling neuromuscular related disorders. Free diagnostic services, therapeutic and rehabilitative follow-up care are provided by the 230 clinics at no cost to any individual suffering from one of the diseases covered by the Muscular Dystrophy Association.

101 Birthday to be celebrated

Mr. Frank Lyle will be 101 years young Saturday, August 1. A reception in his honor will be held Sunday, August 2 from 3 to 5 p.m. in the basement of the First

Christian Church of Clarendon. Friends and family of our centurian Frank Lyle are invited to attend and join in congratulating the guest of honor.

Commodity Credit Corp. Corn Sale

Farmers and other interested persons will be eligible to purchase corn from the Commodity Credit Corporation starting July 27, 1981. CCC will offer corn for unrestricted use sale at market prices, but not less than the formula price which is 115% of the country loan rate for corn where stored plus 54 cents per bushel carrying charges.

The minimum quantity that will be considered for acceptance is 1000 bushels. Offers will be received and

sales will be made on a first come, first served basis. Interested persons should contact the county ASCS Office as soon as possible for further details.

Hospital news

Mrs. Sam Lowe, Room 432 St. Anthonys. Mrs. Buella Durrett is also in St. Anthonys. Mrs. Tom Wilson of Hedley is in the Wellington Hospital.

Mrs. Frankie McAnear is at Memphis Hospital.

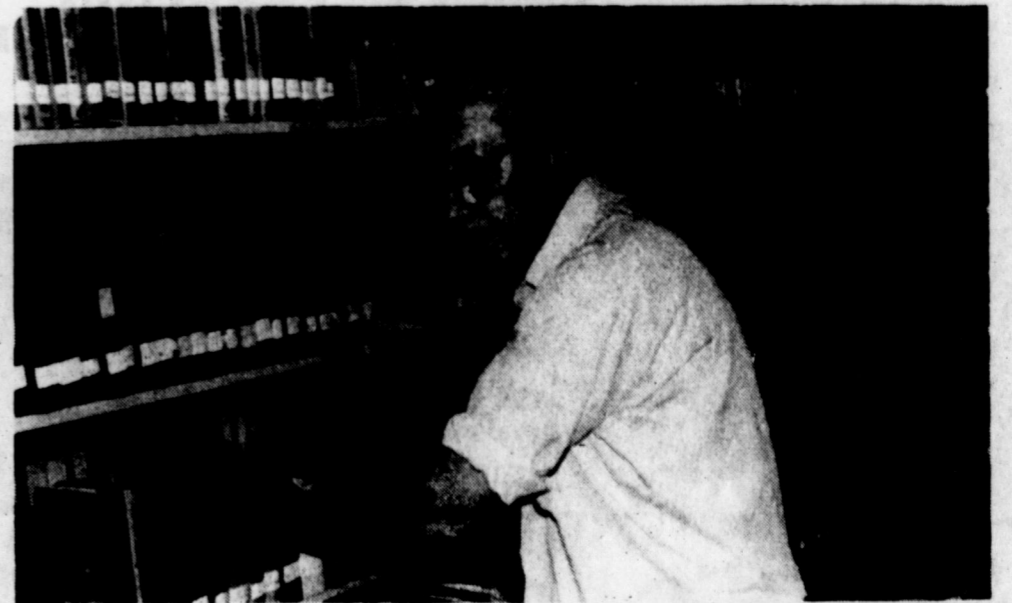

Band Calendars marched off

press

The band calendars are in and can be picked up at 621 Collinson from Wendy or Pat McCombs if you just can't wait to see whose birthday you missed this summer. If you are in no giant hurry to view the complete works of important dates in the school inviron, you can wait for the calendars to be delivered a week before school starts, which is August 17-21. What ever you decide, give Wendy or Pat McCombs a call at 874-2861.

Pin a Posey to your wall

Hazel Rumberg, an artist from Fritch, has brought several of her best paintings to hang on display in the Clarendon Press windows. They are some lovely flower paintings and a few landscapes in very nice frames. Rumberg studied with Kay Fry at Frank Phillip College, with the late Clarence Kincaid, SR. of Amarillo; with Harold Scott in Sayre, OK; with Lorraine Raines of Childress to name a few. Hazel Rumberg has been painting for twenty years. Come view some of the bloom of her labors, perhaps select one to pin a posey on your wall.

LAWRENCE NEECE putting books on the shelves in the new library building which open this week

Library opens pages of new setting

The date is July 27, a date Mrs. Justice, Lawrence Neece and Jewel Austin will never forget. It is the date that they quit carting boxes loaded with heavy books from the old courthouse to the new location on Kearney. Yes, the new library has finally moved!

The boxes are still full, stacked around the floor in piles arranged in some mysterious order. The shelves are slowly and methodically becoming filled with books heretofore hidden on shelves not quite tall

enough for them. The shelves themselves are undergoing a little remodeling and construction by the vigorous, fast moving Neece, the man with a drill and an idea. He is putting the skinny shelves together to make nice fat shelves to match those beautiful new ones purchased for the library. To hide the ugly board ends, he is attaching paneling that will come mighty close to matching the wood grain of the new shelves. Stuffed with books, no one will ever know the difference. If Neece can keep from falling off his ladder, things will progress smoothly with this refurbishing of three more shelf units. Mrs. Justice is busy trying to make order out of the desk, to arrange book lists, and keep check-out and check-in's in order. Jewel is doing the hardest part, stooping, bending and trying to locate the books to put them on the shelves in the proper order. With effort and hard work, this mighty team will be ready for the grand opening next month.

Goodnight Missions benefit

Goodnight Missions will be held at 7:30 p.m. on August 1, 1981. The purpose of the program is to raise funds for the Home Mission Board of the Texas Panhandle which will be held indefinitely in spots as diverse as Brazil and Abilene, Texas.

A freak storm that splattered only a handful of raindrops rolled across the Panhandle last April and a

month of lightning struck the people of the church at 12:30 p.m. Nobody noticed any damage but at 2 p.m. fire broke through the roof of the 29-year-old building and before any of the surrounding fire departments could reach the rural location the structure was destroyed.

The seven regular members of the church, all women

except for pastor O.C. Edwards, faced a dismal situation. Insurance coverage was only \$20,000 while rebuilding costs were estimated at \$150,000. Edwards is 74 years old and the women range in age from 65 to 80 (except for one youngster in her mid-50's).

"We decided to put what money we had into missions

instead of trying to rebuild because we know our community could be served (by other churches)," Edwards explained.

So, in a remarkable business meeting, the church parceled out \$5,500 to the Foreign Mission Board of the Southern Baptist Convention, \$5,000 to Hardin-Simmons University in Abilene, \$5,000 to Wayland Baptist University in Plainview, \$2,000 to the Top of Texas missions area (basically the Texas Panhandle region), \$1,000 to the Baptist General Convention of Texas, \$1,000 to the Home Mission Board of the SBC, and \$1,500 to Panfork Baptist Assembly.

The gifts to the FMB and the BGCT are designated for mission work in Brazil. The Top of Texas area will also receive title to the two lots the church stood on.

The congregation didn't forget Edwards either. He has pastored the church for more than 20 years (including the last seven as "interim" after his retirement in 1974).

The parsonage was put in top shape at a cost of \$3,600 and the house and lot deeded to Edwards and his wife as a retirement home.

The two universities included in the distribution have endowed scholarships with the gifts so that each year (beginning in 1982) the interest from the original gift will aid a worthy student

concern his education.

Edwards is a 1940 graduate of Wayland ("I was getting ready to take my CPA exam in 1935 when I surrendered to punch and started going to Wayland," he recalled). Elena Ann Donald, daughter of Mrs. Steve Donald (church clerk for more than 10 years) graduated from HSU in 1955.

But it is not surprising that Goodnight Baptist Church decided to invest everything it had left in missions and in Baptist education. It was that kind of church from the time it was organized in 1903.

"We've been giving 20 to 25 per cent of our budget to missions for years," Edwards pointed out. And in 1965 the church sent him to Brazil where he teamed with another preacher and a musician for three weeks of mission work in Politarondo, Brasilia and on the Amazon River. "We had over 1,000 conversions during that time and that year the number of Baptist churches in Brazil was doubled," he pointed out.

Even last summer, the Edwards were asked to lead a resort missions effort at Lake Meredith. With the blessings of their church, they loaded up the travel trailer ("we bought it just so we could do interim and supply preaching and missions") and spent every Thursday, Friday and Saturday on the banks of the recreation area, sharing the "Good News of Jesus Christ" with campers.

July 26, 1981 was the last service of Goodnight Baptist Church, meeting in the Edwards' home. On August 1 the books will be closed and all the church records sent to Southwestern Baptist Theological Seminary in Fort Worth where they will be microfilmed and placed in the history department.

The handful of members will scatter to surrounding churches. Edwards intends to keep preaching as long as he is able, "and my wife and I are in excellent health." The 78-year-old church will just be a memory. A memory and a legacy of missions and education that will live for years to come.

Helping Fund

A fund has been set for Mrs. Nella Ward Jackson, at the Donley County State Bank. This is to help pay hospital bills that were incurred during her recent surgery and hospitalization. "As you would that men should do to you, do you also to them likewise." "A friend in time of need is a friend indeed."

All contributions are greatly appreciated.

FISH TALES

BY KATH DVORAK

Two big walleye were caught, one five pounder Sunday and another five pound walley Monday morning. Bill Mooring pulled in a nice 6 lb bass last week, a credit to the Mooring name. There are still white bass schooling and the small channel cat are coming to the bait. The crowds are down

during the week, so come on out and fish. The weekenders aren't too bad, either. Nice crowds without being "Crowded".

Resident sport fishing licenses have been raised from \$4.50 to \$5.00, effective beginning August 31. The non-resident fishing license went up from \$10.50 to \$15.00. It abolished the \$1.25 three-day saltwater sport fishing license. In its place, a temporary 14 day resident sport fishing license costing \$2.50 and a non-resident will obtain a temporary five day non-resident fishing license for \$4.50.

Most fishermen agree that returning undersized game fish to the water is a good idea. But it's good conservation only if done correctly.

Largemouth bass are the most caught-and-released fish in the state, and are subject to high mortality rates if mishandled. The warm water and air temperatures tend to put more stress than usual on the fish, causing them to die.

Bob Bounds, Inland Fisheries Management Coordinator said that a bass to be released should be left in the water if possible while the hook is being removed. If lifting is necessary, grasp the bass' lower jaw, forcing the mouth open.

A pair of needle-nosed pliers is safer and more effective than bar hands for removing imbedded hooks. A deep hook can be taken care of by simply cutting the leader near the hook and releasing the fish.

If a fish must be held, the fisherman should first wet his hands and then grasp the fish gently on the gill plates. "You should avoid grabbing the fish around its midsection because that can remove much of its protective slime coating and can injure internal organs," Bounds said.

"Studies have shown that when handled properly, largemouth bass have a very good survival rate, even in warm weather."

Most of our fishermen return more to the lake than they carry home, so let's all be aware of these proper procedures to un-hook the fish and let the little beggars grow to "keeper" size.

Marie de Keratry of Potter County, and Lisa Harris of Sherman County.

Tammi and Kristi Deen, daughters of Mr. and Mrs. Ronald Deen of Leila Lake, represented Donley County in the revue. Kristi was selected as one of the top entries in the 9-11 Junior I Division. Tammi was a red ribbon winner in the 12-13 Junior II division. Contestants were judged on sewing skills, clothing construction, overall appearance, modeling abilities, and their 4-H record books. Juniors don't compete beyond the district level.

Hunter Safety Course needed for New Mexico and Colorado license

The Texas Parks and Wildlife Department says summer is a good time for hunters and prospective hunters to think about taking a hunter safety training course.

The 10-hour courses, which cost only \$1, are held in most counties of the state by volunteer instructors certified by the Parks and Wildlife Department.

The course stresses safe gun handling, but also includes tips on conservation, wildlife identification and

hunter ethics. Some states such as Colorado require nonresident hunters to complete a hunter safety course before being eligible for a hunting license. All such states recognize the Texas course.

The hunter safety instructor in this area is Gary Hunt, Game Warden 874-2631.

"The" is the most commonly used word in written English.

1926 Class reunion

Mr. and Mrs. L.A. Watson had Larry and Teresa's children Saturday night.

Mr. and Mrs. Larry Watson and girls had dinner with Mr. and Mrs. David May Sunday in Memphis.

State Fair Divisions

The 1981 Amarillo Tri-State Fair is gearing up for a variety of competitions in connection with the Fair, September 21-26. Divisions include livestock, art, needlework, culinary, and agricultural exhibitions. This year, a total of \$52,731.00 will be offered in prize money. The categories include: Angus, Hereford, Shorthorn and Simmental Shows-\$23,390.00; Barrows and Lambs, \$1536.00; Capons, Bantam, and Rabbits-\$1381.00; Agricultural Displays-\$1500.00; Art Show, Ceramics, China Painting, and Textiles-\$3028.00; 4-H Bake Show-\$160.00; Culinary, \$996.00; horse shows (Appaloosa, Arabian, Paint, Open and Non-Pro Cutting, and Quarter Horse)-\$20,740.00.

The Amarillo Tri-State Fair invites everyone to find out more about these competitions. This is an opportunity to display personal skills or prized livestock. Specific rules and regulations may be obtained by calling the Fair Office-806-376-7767 or by writing P.O.B. 31087, Amarillo, 79120.

The Hinkle-Romine Reunion was held in Clarendon on July 18th at the Lion's Club Hall. All enjoyed the day visiting, making pictures and a most delicious meal.

Those in attendance were Mr. and Mrs. R.B. Hinkle and Roy, Mrs. Beatrice Hinkle, Mr. and Mrs. James Hinkle, Mr. and Mrs. Gilbert Gandy of Tahoka, Mrs. Ruby Datson Chad and Shawn of Brownfield, Mr. and Mrs. Truett Wiseman and Mrs. Sherin Finley of Hereford, Mr. and Mrs. Tom Robinson of Fallon, Nevada, Mr. Randall Hinkle, Valeria and Janet of Stonington, CT. Mr. and Mrs. Wayne Hinkle of Portland, Oregon; Mr. and Mrs. Claudie Hinkle, Brian and David of Tulia, Mrs. Ethel Reid, Claude, Mr. and Mrs. Bill Reid and Randy of LaMesa, Mr. and Mrs. J.F. White of Borger, Mr. Orville Hinkle of Tucson, Arizona. Dr. Amy Hinkle of Muncie, Indiana, Mr. Don Barker and Mrs. Beulah Langsford of Amarillo. Mrs. Marie Hall of Canyon, Miss Sandie Finley of Reese Air Force Base, Lubbock. Mr. and Mrs. Doyce Graham, Mrs. Nova Mooring, Raymond and Ivy Dea Hinkle, Clarendon.

Dr. Amy Hinkle of Muncie, Indiana and Orville Hinkle of Tucson, Arizona returned home after a brief visit with relatives.

Dr. Amy, Ivy Dea, Orville and Raymond Hinkle spent Tuesday in Claude with their sister Ethel Ried.

WE WANT TO BE YOUR PHARMACISTS!

...the main chef is away, here are a few simple recipes and tips.

TIPS

1. Wash the frog and dirt off of your hands first. Then when you are tempted to lick your fingers, they'll just have goo on them, not gunk.
2. Don't have loose clothing hanging over the stove that might catch on fire or pull a pan over on you.
3. Be sure you know how to operate the stove, oven or microwave first.
4. Keep pan handles turned

in toward the back of the stove so you won't accidentally knock one off and have a big mess to clean up.

5. Before you start a project, be sure you have all of the ingredients called for in the recipe. Collect them on the counter.

6. Follow the recipe exactly until you become a Galloping Gourmet: years of practice and successful cooking qualify you for that.

SCRAMBLED EGGS
2 eggs (1 more if you are a big eater or fixing for 2)
1 jar of cheese spread (or you can cup up in small strips 1/4 C cheddar cheese)
2 TBS oleo.
Break the eggs into a deep small bowl. Beat slightly with a fork. The eggs will be slippery, so don't get too exuberant and slop them

out of the bowl because they are hard to chase down and wipe up. Beat until they are one color and a little foamy. Add your cheese to the eggs.

Put the oleo in the frying pan. Turn the heat on medium and melt the butter. Watch it because oleo will burn real fast. When the oleo is bubbly, but not brown, pour in the eggs and cheese.

Stir occasionally with a wooden spoon until the eggs get thick. When they look golden and firm, turn off the burner, take the skillet off of the stove and set it on a hot pad. Dish the scrambled eggs out onto a plate.

You know how to use a toaster, so fix some toast and jelly to go with your eggs. Eggs are good any time of the day.

1/4 lb hamburger (that's about a big handful of the meat or two patties)
1 can of tomato sauce, a short can. (or 1/2 can of the tall cans.)

1 package of Sloppy Joe Mix (or Taco Mix, Spaghetti Mix or Meat Loaf Mix)
1 small onion cut up small (or 1/2 of an onion or 2 TBS dry onion flakes in 1/4 C hot water. Wait 10 minutes until the flakes get big);
3 TBS cooking oil.

Put the frying pan on a burner that will match the bottom of the pan in size. Turn it on to medium. Put the oil in the pan. Put one piece of onion in the middle of the oil. When the onion begins to sizzle and dance, the oil is ready. Put the hamburger in next and stir it around with a wooden spoon until it is all brown and broken up.

Pour the tomato sauce, mix and onions in next. Stir them up until they are mixed good. Turn the stove down to low, put a lid on the skillet

and simmer ten minutes. While you are waiting, take out the hamburger buns and put a piece of cheese on one side of a bun. Get your potato chips out and put them on the plate. Fix your drink in a glass.

Now it's time to get the Sloppy Joe's out. Turn the heat off, lift the pan. **AWAY FROM YOUR FACE** because the steam could burn you or drip water on your toes. Take a big spoon full of the mix and spread it all over the slice of cheese on your bun. Eat a good hot sandwich!

Be sure you always clean up your messes and put left over food back into the refrigerator for Mother. Next time, Ben, give me a call and I'll tell you about graham cracker pie crusts!

Our "trash can" is known in England as a "dust bin."

Drugs...A reason for parental concern

Many parents are fearful of the possible drug use by their children and many parents are uninformed about drugs and misinformed about the causes of drug abuse. Remember that drug use is the result of a behavioral pattern or misdecision and can be prevented or changed if we are willing to look for the REAL cause. Be careful of looking for blame or simple solutions. To help yourself and your children, ask why your son or daughter would use or is using and be ready to attack THAT, not THEM, and the use may disappear.

Many people have casual view of drug use. It is accepted as cool, fun, and mature and no one's business. Many are caught in this. Sadly, the attempts by

adults to stop you have been amazing or limiting. Young people need to realize that they do not have to use drugs, they do have a choice! A first time leads to a second and so on. Be afraid of the habit happening to you! A message from Operation Drug Alert, for further information call 1-800-692-4039

Rain Report

Mrs. J.A. McAnear from Ashtola reports a rain total from Monday and Tuesday of between 35-80 one-hundredths. Jan Noble at Windy Valley complained that Monday they could see and smell rain, but they didn't get any. Tuesday, however, they could boast 1/4" but, "we need 2" before we can stop watering", she said. Lelia Lake reported no rain from Monday and Goldston was receiving a little rain Tuesday.

YOUR GARDEN

Japanese Beetles—first documented in the U.S. in southern New Jersey in 1916—have spread to 23 states. And the U.S. Department of Agriculture warns they are steadily increasing their sphere of operations.

These destructive garden pests have a voracious appetite and eagerly devour at least 275 different varieties of flowers, plants, vegetables, even tree blossoms. They're particularly fond of roses. Since the Japanese Beetle is an alien to North America, it has few natural enemies here.

"A poet can survive anything but a misprint." Oscar Wilde

After four and a half years of planning, fund-raising, construction and recruiting an outstanding staff, the Don & Sybil Harrington Cancer Center expects to begin patient services by the end of this month.

All equipment has been received and set in place including two linear accelerators for cancer treatment by radiation which are being tested and calibrated. The Cancer Center includes facilities for radiation therapy, necessary support facilities; a special diagnostic laboratory; four treatment

rooms and 16 examination rooms; and facilities for cancer education, social services, administration, pharmacy, staff cafeteria and office space.

Volunteer workers from Hereford and nearby towns are at work to raise \$125,000 toward the purchase and installation of a computer system which will link the cancer center to hospitals throughout the area.

The clinic staff will include surgeons, chemotherapists (or medical oncologists-specialists in medical therapy for cancer patients), radiation therapists, and others. Each patient will have the benefit of all the specialties or as many as the individualized treatment plans call for.

The new center sits adjacent to High Plains Baptist Hospital, Northwest Texas Hospital, and Texas Tech University Health Sciences Center and will be connected to all three by all-weather passageways. Location of the cancer center next to the Amarillo campus of Tech's medical school will make it possible for the two to be affiliated in the development of a cancer research pro-

gram which will be provided to patients in the Texas Panhandle and portions of the neighboring states of Oklahoma, New Mexico, Kansas and Colorado. The estimated population to be served is between 530,000 and 625,000.

From original plans to improve radiation therapy in Amarillo the idea grew into a blueprint for a comprehensive care center.

The Harrington Foundation pledged three million dollars for the center, and the Amarillo Area Foundation gave 3.7 acres of land for the construction site, and provided \$60,000 for interim financing.

Subsequently, the Harrington Foundation made two more grants of a million dollars each, bringing the total from the foundation to five million dollars. Another 4 million was raised through pledges and gifts from business firms and individuals throughout the area.

In addition, an endowment fund was started eight months ago with a goal of 2 million within three years.

Lelia Lake Bar B Q

Lelia Lake Community Center will have their Chicken Bar-B-Q Aug. 8th at Lelia Lake Community Center.

The Agriculture Forum

By GENE FREEMAN
From a national news cast: A woman was checking out at a supermarket. In her basket she had several items but not a single item of food or product that could go back to the farmer. She possible had paper goods, tooth paste, cosmetics, etc. The checker told her that her bill was \$32.00 and some odd cents. She made the remark that the — farmer was "ripping" her off.

Most people have lived in the urban areas so long that they can't understand that milk comes from a farm where a farmer has to feed milk cows, milk them and get the milk to market, along with all other operations of a dairy. Bread relates back to the supermarket or a bakery, not to a wheat farm.

AGRICULTURE PARITY Parity it seems is a word used many times. It seems that it is used more in farming than elsewhere. Few people really couldn't give a good explanation of farm parity. Sadly to say, more doesn't care what it means.

The encyclopedia explains it this way, "measures equality of the price of goods during 2 different periods. The parity price for a particular farm product is that price which gives a farmer the same purchasing power that he had during a specific period of time called the base period. The most commonly used base period is 1910-1914". The dictionary says this about parity, "Quality or condition of being equal or equivalent".

From the U.S. Government Federal Register, "parity as applied to prices for any agricultural commodity shall be that price for the commodity which will give the commodity a purchasing power with respect to articles that buy equivalent to the purchasing power of such commodity in the base period".

"Parity as applied to income shall be the gross income from agriculture which will provide the farm operator and his family with a standard of living equivalent to those afforded persons dependent upon other gainful occupations."

So much for what parity means. Now look at 100% of parity from our latest information. If cotton was 100% it would be \$1.17 per pound, it is now 65.7c per pound or 56% of parity. Wheat is \$7.11 per bushel but farmers only get \$3.80 or 53%. Grain sorghum at \$8.25 per cwt. which is 66%. Oats \$2.63 per bushel for parity but farmers only get 70% of parity at a selling price of \$1.84 per bushel, corn-72%.

Beef cattle would be \$92.50 per cwt. but at an average selling price of \$61.80 per cwt. the producer gets 67%. Hogs are 51% of parity. Cottonseed on our local market is \$105.00 per ton but parity is at \$215.00. Farmers paid \$280.00 per ton for 41% cottonseed meal. I realize that parity is only a yard stick for measuring prices received and paid for by farmers. It is said farmers and ranchers are the only ones that sell at wholesale and buy at retail and still stay in business. The last 30 years have seen many many farmers leave and move to an urban area to have employment.

Some 30 million working Americans find their parity in organized labor unions or organizations for their benefit. Many companies have great benefits such as free hospitalization, vacation, sick leave, etc. for their employees.

Utility companies has the built in advantage over other companies by being in a monopoly situation with guaranteed rates of returns. This is their parity.

The federal government license radio and TV stations and protects these stations from outside interference in their area. Many people work on a franchise and are protected from another person selling the same product, usually in the same area, such as soft drink companies and fast food chains.

Most of our working American family has a yearly

increase in salary due to increased cost of living. Also they have a minimum wage scale.

Quite a number of years ago a person was running for President of the United States. When asked about parity he said that he didn't believe in 70 or 90% of parity but 100%. After he was elected he was approached and his answer was that he still believed in 100% of parity but farmers should find it in the open market.

How ironic was his promise and action. I also believe in motherhood and the flag.

Don't get me wrong. I know millions of people are on a low wage scale. Also I know businesses can go bankrupt. I do not mean to imply all farmers are financially poor and all city people are wealthy. I only hope we both can better understand each other. But I think we both have to agree that millions have left the farm in the last 30 years to try to have a better living in the cities.

Malathion safe despite public uproar

Despite the public uproar in California about use of the insecticide malathion to control Mediterranean fruit flies, the material has a proven track record of being safe and free of health hazards.

"Malathion has been with us since the early 1950s and is one of the most commonly used insecticides by farmers, homeowners and gardeners," points out Dr. Phil Hamman, entomologist with the Texas Agricultural Extension Service, Texas A & M University System.

Tests sponsored by the National Cancer Institute have shown malathion to be both non-carcinogenic (not causing cancer) and non-mutagenic (not causing genetic changes).

It is one of the least dangerous insecticides in use today according to research tests.

"Malathion is routinely used by many homeowners and gardeners to control insects and mites on trees, shrubs, houseplants, flowers and vegetables. It is also used to control external parasites on pets," says Hamman.

In addition, malathion is used widely to control many different insect pests of crops such as boll weevils and grasshoppers in West Texas.

"Malathion is used almost exclusively to rid urban and suburban areas of disease-carrying mosquitoes," says Hamman. "In 1966-67 and again in 1971 vast areas of Texas, including major cities such as Dallas, Houston and Corpus Christi, were aerially sprayed with malathion to control outbreaks of St. Louis encephalitis and Venezuelan equine encephalomyelitis, diseases spread by mosquitoes."

The entomologist points out that in all of these uses of malathion, there has been no record of problems involving human health.

Of course, Hamman cautions users of malathion as well as other insecticides to follow common sense precautions for safe and effective results. This means following directions on the product label, avoiding any unnecessary contact with the insecticide, and washing your hands after use. He also suggests scrubbing sprayed fruits or vegetables before cooking or eating.

Avoid buying sweet potatoes with decayed portions or injuries to skin. Even if cut away, the remainder of the potato may have a bad taste.

"Knowledge comes, but wisdom lingers."
Alfred Tennyson

Calendar of Events

Sat., Aug. 1, 10:00 a.m. a covered luncheon and regular meeting of the Fun After 50 will be held. A program will be presented by Alice Courtney accompanied by Jessie Adams.

Hedley News

BY WILLIE JOHNSON

Our best news for the week is that our "Church of Christ" is holding a very good and successful revival. J.R. Howell visited his mother, Gladys Howell last Sunday.

Martha Sue Knowels visited Gertrude Boatright Monday. She is from Phillips and Gertrude is her sister.

Mrs. Chester Hill from LaForce is visiting her mother Bunnie Bland for a few days.

Mrs. Wanda Pickett visited her mother Mrs. Bishop at Clarendon Convalescent Home. Mrs. Bishop is one of our beloved old Hedleyans.

The pastor of Hedley Baptist Church, Wayne Naylor, resigned last Sunday. We surely will miss Brother Wayne and Maxine in our midst. Our prayers and best wishes go with them.

Senior Citizens surely served a sumptuous dinner Friday. We're very proud of our Senior Citizen and what it is doing for Hedley.

Our City Hall is being all spruced up-you should step inside to see how great things look. Besides the work done on the outside.

How happy we are to have our beloved Willie Johnson home from the hospital. She will take over and do her column now and the Birds will fly away.

All of us should phone or bring your news to Willie. She lives in the north west apartment right next to the main street in Hedley. It's so handy just to run in a minute. Her son, Charles Neal is here for the weekend.

Mrs. Doctor Clark Senior visited Willie Johnson at Hall County Hospital last Wednesday. Mrs. Carl Reid, S.A. and Kitty Younger stopped in Memphis one day this past week.

Charlotte and Bill Robertson from Canyon visited their grandmother Willie Johnson at the hospital bringing a beautiful basket of garden flowers last Wednesday.

Merlene Sargent came home from the hospital at Memphis last Tuesday.

Mrs. Birdie Brinson came home from Amarillo hospital this week and is being visited by her sister Faye Norton from Memphis also visiting with her cousin Mrs. Maria Elmore from Dallas. They will be here for several days.

Nollie Hunnicutt and husband came to visit her mother Mrs. Carl Reid Saturday and for the weekend.

Debbie the daughter of Mr. and Mrs. Connie Debord is visiting here this week. Dannie Bernadine visited Mrs. Carl Reid one afternoon this week.

Mary Lee (Cooper) Colclazer and her sister Faye (Cooper) Byars Vera (Brinson) Hart are all visiting Edith Bain today. They also visited in the Birdie Brinson and A.B. Spalding homes.

Bob and Sandy Stafford and boys are visiting out at the Jack Staffords for the evening.

Gertrude Boatright and Lois Beach visited Birdie Brinson and Willie Johnson Saturday.

There was quite a lot of people visited Willie Johnson this past week in Hall County

Hospital. Myrtle Kirkpatrick-Dick Moore, Lois Beach, Kate and Bert Stone, Laura-dell and Christie Heim, Alea Altman, Buella Hall, Elsie Shaw, Hobart Moffett and Omie Simmons.

Kate Hall entered the hospital at Memphis. She is the sister of Radel Hall. Alma and Myrtle Hall and family of Hedley. While there, Beulah Hall and Mr. and Mrs. Rudell Hall of Naylor visited her. They too run in to see Willie Johnson while there.

Mrs. Wanda Patterson and Mrs. Joe Ann Taylor of Gorman returned to their home after a weeks visit here with their mother Elsie Shaw. Mrs. Reggie Patton will be with Willie Johnson at night.

Omie Simmons had company Saturday, Mr. and Mrs. John Adamason from Turkey.

Sunday was an enjoyable

New car registrations

1981 Chevrolet Pickup purchased by T.W. McAnear Clarendon, from Alderson Chevrolet.

1981 Chevrolet Pickup purchased by James H. Swearingen, Sr., Clarendon, from Alderson Chevrolet.

1981 Chevrolet purchased by Bobby R. Leeper, Clarendon, from Alderson Chevrolet.

The Lion's Tale

by GENE ALDERSON
The Clarendon Lions Club held its regular meeting at noon on Tuesday at the Lions Hall. Twenty-one members, Lion Sweetheart Viola Graham and one guest were present. Lion Troy Moore, water plant operation for Greenbelt Water Authority and a member of Howard-wick Lions Club, visited with us today.

Following the regular opening ceremony, Boss Lion McCombs reported on the District Cabinet Meeting which he and Lion Homer Estlack attended in Amarillo last Saturday. Following that report, Lion Allen Estlack presented a plaque from Clarendon College to the Lions Club in appreciation of the Clubs support of the college basketball program. Meeting adjourned.

Obituaries

Murry Wayne Latimer
Murry Wayne Latimer, 59, died Thursday, July 23, 1981 in Groom.

Services were at 2:30 p.m. Saturday, July 25, 1981 in Hedley Church of Christ with Bright Newhouse and Don Stone officiating. Burial was in Rowe Cemetery in Hedley by Spicer Funeral Home.

Mr. Latimer was born in Hedley. He was in the road construction business and was a veteran of World War II.

Survivors include his wife, Marie; a daughter, Mrs. Vee Hissey of Lubbock; two stepsons, Frankie Stiles and Jimmy Stiles, both of Amarillo; two stepdaughters, Mrs. Laveda Wood of Conway and Mrs. Laverne Schultz of

Groom; a brother, Hubert Gene Latimer of Dallas; 19 grandchildren and two great-grandchildren.

In ancient Rome, unmarried girls were prohibited by law from wearing pearls. Instead, the pearls were worn by young men, who placed the pearls in tiny bells which, hanging from their ears, tinkled gaily.

Aglow-What is it?

Women's Aglow Fellowship is an international Christian organization of women who love the Lord Jesus Christ and who are aglow with the Holy Spirit.

In an Aglow meeting, scriptural patterns of praise are practiced through allowing the gifts of the Holy Spirit to operate under His direction, and through singing, raising of hands, clapping and other expressions of worship. Times of prayer and intercession are also part of the love that is expressed when Aglow women meet together.

Speakers for Aglow groups are prayerfully selected and approved by ministerial advisors to bring personal testimonies of Jesus' work and power in their lives, or by teaching messages to build up women's faith or to bring them to a saving knowledge of Jesus and the baptism in the Holy Spirit.

Aglow fellowships meet at various times: for breakfast, brunch, lunch, or tea. However, it is the love and ministry of the Holy Spirit that has lasting effect in women's lives. Aglow women are living witnesses

Women's Aglow Fellowship International publishes a bimonthly magazine "Aglow" which can be read in English or Spanish. Each issue contains paper-back books teaching the victory Jesus offers in all situations of life, spoken word tapes on a wide variety of subjects for inspiration and hospitals, weekly Bible

RED POWER DOLLAR SHOWDOWN
SAVE UP TO \$10,000

NOW THROUGH JULY 31, SAVE UP TO \$10,000 IN RED POWER DOLLARS WHEN YOU BUY AND TAKE DELIVERY OF SELECTED NEW, INTERNATIONAL TRACTORS, AXIAL-FLOW COMBINES, HAY AND FORAGE OR MATERIALS HANDLING EQUIPMENT.

RED POWER DOLLAR SHOWDOWN means we're willing to pay you up to \$10,000 in Red Power Dollars for buying and experiencing the performance of selected new International Tractors, Axial-Flow Combines, Hay, Forage, and Materials Handling equipment. Red Power Dollars put even more value behind the reliable quality of your International equipment investment. You may use them toward the purchase of any other new International equipment or parts at our dealership before December 31, 1981, but not toward the purchase price of qualifying equipment.

WE WILL PAY YOU \$10,000 IN RED POWER DOLLARS TO BUY AND TAKE DELIVERY OF ANY NEW INTERNATIONAL 200-380 engine hp 4-Wheel Drive Tractor. Or get up to \$7,500 in Red Power Dollars when you buy and take delivery of any new 130-100-170 PTO hp 2- or over 100 PTO hp Series 86 Tractor. See the chart for a complete list of models and savings.

AXIAL-FLOW. The combine that's leading the rotary revolution. And now it's leading in savings for you. We'll give you \$5,000 in Red Power Dollars when you buy and take delivery of any selected new Axial-Flow Combine. And ask about special savings on the new 1420. Red Power Dollar Showdown offers the savings you need for hay, forage, and materials handling jobs. Forage harvesters, round balers, mower conditioners, manure spreaders, grinder-mixers and more... we have Red Power Dollar Savings of up to \$1,380 to match their Red Edge productivity. Choose a second way to save with Cash Rebates. Instead of receiving Red Power Dollars, you can get a Cash Rebate directly from IH on qualifying equipment. See chart for exact amounts. Waiver of Finance is also available on selected equipment. See us for details. See us today. You must buy and take delivery between May 12 and July 31, 1981 to get your Red Power Dollar Showdown savings. So come in today!

Project members enjoy play day at Hagy Ranch,

4-H Horse Project members who attended the 4-H playday at the Hagy Ranch Saturday were: (top row l to r) Virginia Clifford, Monte Hollar, Craig Wright, Lee Smith, Doug Hawkins. Second row, Shane Hall, Mindy Hollar. Third row Tim Hall, Lisa Burch, Shaun Bright, Karen Hill, Russell McAnear, front row Jessica Martin, Jacklyn Bell, Will Anderwald and Chris O'Neal.

4-H HORSE PROJECT MEMBERS getting ready for their play day Saturday, July 25 at the Hagy Ranch

4-H PARENTS MARJARET SMITH, Mrs. McAnear and Bonnie Gooch getting the Bar-B-Q ready for Horse Project members and their families.

4-H Horse Project

By LEE SMITH
The 4-H Horse Project members, their families and a few friends enjoyed a gourmet meal Saturday night at the L.R. Hagy ranch. Official hosts for the occasion were Mary and Mitchell Martin who spent much of the night making sure that everyone enjoyed themselves. Project leaders Trista and Chester Moore donated a pig and two goats for the barbecue. The barbecue crew, which consisted of several fathers, did a first class job. We thank all of the parents who helped or prepared the trimmings. The sixty-three people who attended (some of whom were more than a little skeptical about eating goat meat)

seemed to agree that it was indeed a delicious meal. Special thanks go to our anonymous chief cook.
Fifteen members brought horses and practiced their playday events. Trista demonstrated the proper procedure for tying a goat and then each member had a chance to practice. There were no accidents suffered by kids or goats although, one goat decided he had spent enough time educating the kids and made his escape. After winning a very close footrace with Johnny Hill around the lake, he was finally saved from becoming coyote bait by Monte Hollar and Ike O'Neal who got in a little roping practice.
County Agent, Ronald Gooch, presented Project Completion Awards to Virginia Clifford, Lee Smith, Brett and Glen Harbert and Monte and Mindy Hollar, Craig Wright, Lisa Burch, Shaun Bright, Traci Burch and Jill Wallace. Trista presented awards to last week's playday winners.
The beautiful old cottonwood trees, the lake and the abundant green grass made a lovely backdrop for the barbecue and contributed so much to everyone's enjoyment.
There will be a playday and parade drill Friday, August 7, at the Rodeo Grounds. Starting time is 6:30 p.m.

CLARENDON, TX

HIGHTOWER WASHINGTON HIGHLIGHTS

from Congressman Jack Hightower

"Curtailing Over-Regulation"

You have been hearing a great deal lately about cutting federal spending and about the tax cut legislation Congress will take up in the remainder of July. There is, however, another major battle going on, a quiet battle you probably have not read much about yet, and that is the battle to reduce government regulation of our lives and businesses.

I have again introduced this session of Congress a bill to help us win that battle against what I call the "over-regulators." It is called *The Limitation on Government Record-keeping and Actions Act of 1981*, a bill I originally introduced last session. This session, I have lined up 137 co-sponsors, including 17 from our own Texas delegation.

What the Act would do, if passed, would be to say to the Federal Government "you can't require anyone to keep extensive business records and files longer than four years." And, it would put a four-year statute-of-limitation on the length of time the government could penalize someone for some supposed violation of a new federal regulation. In other words, no longer would a federal bureaucracy be allowed to make up a new regulation, make it retroactive, and penalize a citizen for some supposed violation five or eight or ten years ago.

As things stand now, most businessmen are afraid to throw away old records and files for fear the government will suddenly come in with a new regulation. As a result, more secretaries, accountants, lawyers and clerks are needed just to keep track of the paperwork, not to mention the additional files, cabinets and office space necessary. And that all translates into higher costs to business and, ultimately, to the consumer.

The National Federation of Independent Business has estimated that there are more than 1,100 record-keeping requirements imposed on businesses by government agencies each year, and that does not include tax records.

I think that estimate is too low. It is time to tell the bureaucrats that there are limits to what the government can require of anyone trying to make a decent living in these inflationary times. Government bureaucracies ought not be part of the inflation problem.

My four-year limit bill would not affect the three-year statute-of-limitations required by the Internal Revenue Service and it would also not apply to records relating to dangerous material like toxic chemical or nuclear waste. If we can pass this legislation now, it will provide some real and very basic relief for the aggravating problem of government over-regulation.

There are other efforts being made in both the House and Senate to get a handle on runaway federal rulemaking. For example, there is a bill in the House Judiciary Subcommittee on Administrative Law which would require federal regulators considering a major new regulation to do a cost-benefit analysis first. This would discourage frivolous and overly-expensive regulations from being issued, regulations that sometimes end up costing society far more than they achieve. In addition, one of the major arguments between sponsors of a bill over in the

Senate is over whether to give the courts or the President more review and control authority over agency rulemaking.

Groups like the U.S. Chamber of Commerce want businessmen to be able to sue in court more readily to stop or roll back regulations. Other groups oppose more judicial involvement here and feel that the President and Executive branch can move more quickly to prevent or eliminate unnecessary new regulations.

We are now at the midpoint of the first year of this session of Congress. The President and Congress have concentrated so far on the major issues of federal spending and now taxes. It is my hope that once we are able to finish this session, Congress can turn to additional legislation like my record-keeping bill and others aimed at de-regulating the American people. I will keep you updated in subsequent reports as these bills progress through committee toward full House consideration later this year.

City Ordinances

In the interest of public knowledge and to advise that all of the citizens of Clarendon are made aware of their City Ordinances, the Clarendon Press will print city ordinances. Some of these ordinances are obviously not dated, but the Clarendon Press feels that each and every citizen should be aware of their local laws and ordinances. The Press is not making any statement for or against these ordinances.

May 4, 1968

The City Council adopted the "revised Civil & Criminal Ordinances as prepared in pursuance of a resolution passed by the City Council of the City of Clarendon" Chapter and articles beginning on page 9 and ending on page 27 of the Civil Code constitute the Civil Ordinances of the city and page 28-42 of the Penal Code constitute the Criminal Ordinances of the city. This was signed by Mayor Journey, C.W. Bennett city sec., passed w/o nays.

This Code may be found in...
The manner in which city...
The mayor is empowered to...

The mayor is empowered to "inspect the conduct of all subordinate officers in the government...
In 1904, the marshal could supervise all work upon streets and alleys. He was also to collect city taxes.
Claims against the city are outlined in Chapter 5. Guidelines for taxation were laid out in Chapter 6, with provisions for tax collection in Chapter 7.
Chapter 8 provided for a city scavenger. His duties were to be "clean all privies, and carry off all filth, when requested to do by the persons whose business it is to have the same

The scavenger also carries off dead animals or fowls. He receives compensation by the owner of the removed animal...
These chores needed to be done at night, using a covered wagon or cart for the use. This privilege of big city scavenger was an exclusive right-no one else could clean privies or cart off dead animals as outlined in Article 85, Chapter X.
Chapter 11 established the Corporation Court for city business.
1902 the city volunteer Fire Department was established consisting of "a chief and one assistant chief; 1 driver for each wagon or hook and ladder truck, one tiller man, 3 ladder men and 20 line men."
Article 110 states that it is the duty of any and all persons to sound the fire alarm. Article 111 prohibits drivers of "buggies, carts, wagons, carriage or vehicle of any kind whatsoever across or upon any fire water hose stretched upon or across any street, alley or lot... shall be fined in any sum not exceeding \$50."
If the fire marshal finds combustible materials and tells the property owner to remove the materials he has "12 hours from the date and time of the saying of paid notice, Sunday alone excepted" to remove the materials. If this is not done, Article 114 provides for a \$50 a day fine, "each and every day that said combustible material shall remain in any such building... is declared a separate offense..."
The 7th of July, 1925 this ordinance was signed by Mayor H.W. Taylor. An ordinance making it punishable by fine to open, deface or tamper with meter boxes on city water lines; or to turn off water or to turn on water or to tamper with the cut-off, or to change the reading of the water meter; and fixing punishment for said offences.
That any person or persons guilty of opening, defacing, or tampering with meter boxes on the city water lines in the corporate limits of the City of Clarendon, or any person or persons guilty of turning off city water or turning on city water, or tampering with the cut-off contained in said meter box; and any person guilty of changing the reading of a water meter or tampering with a water meter contained in a meter box shall be fined in a sum of not less than five dollars nor more than twenty five dollars for each and every such offense.

President Reagan Proclaims Farm Safety Week

Chicago, Ill.—President Ronald Reagan has proclaimed the week of July 25 through 31 as National Farm Safety Week, reaffirming the need for continuing efforts to reduce accident losses that impair agricultural producers and add unnecessary costs that must be borne by America's consumers.

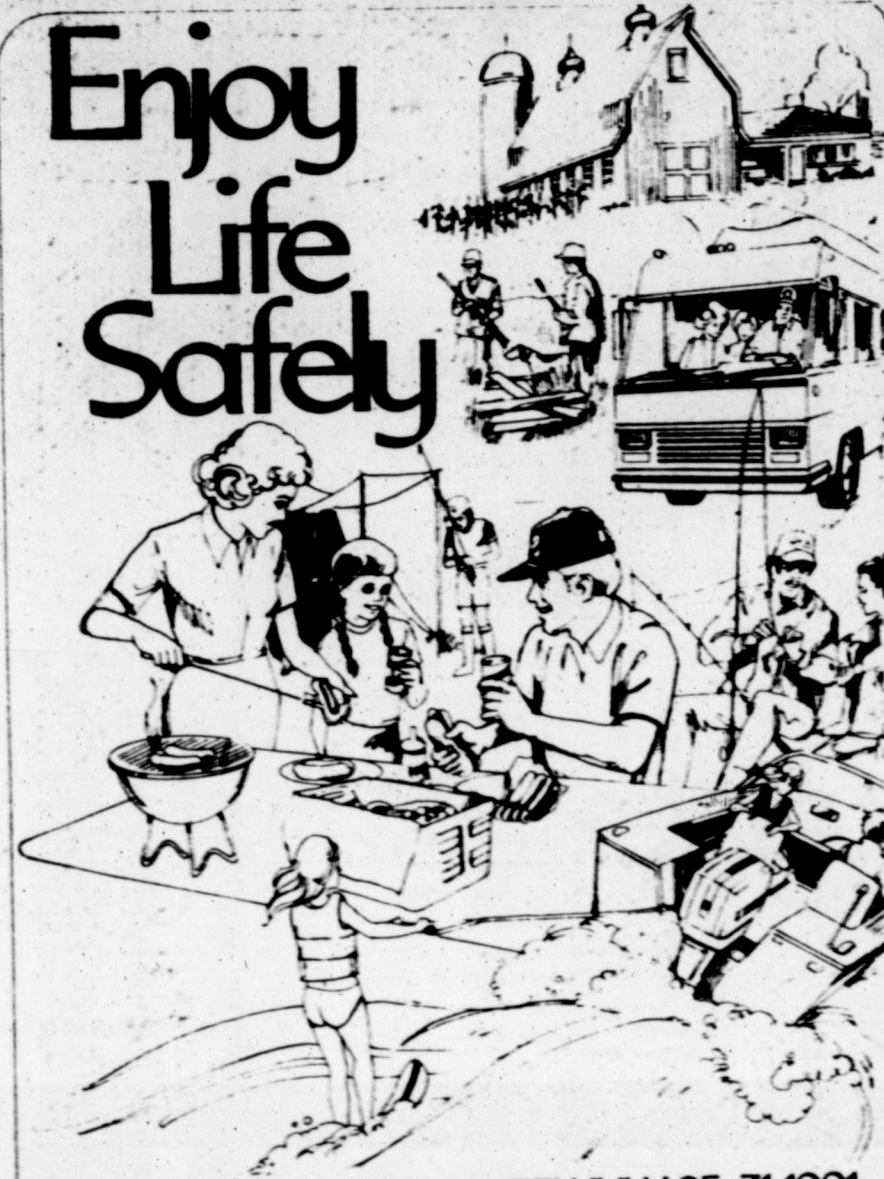

Vincent L. Tofani, President of the National Safety Council, said, "This year marks the 38th consecutive annual observance for this safety event that calls national attention to rural accident problems and measures needed to overcome them."

National Farm Safety Week, co-sponsored by the National Safety Council and the U.S. Department of Agriculture, is supported by many organizations serving agriculture.

The 1981 theme for Farm Safety Week is "Enjoy Life—Safely." As leisure-time accidents are frequently responsible for serious and sometimes fatal injuries to farm residents, farm visitors and others participating in rural recreation, the Council and farm safety leaders are urging people to make safety an integral part of all of their leisure activities. Whether one is injured on the job or while enjoying activities such as swimming, boating, camping, biking or barnyard touch football, the pain, medical costs, disability and reduced productivity are the same.

According to the most recent National Safety Council estimates, in 1979 about 4,200 farm and ranch residents died and 380,000 were disabled in farm, home, public and highway accidents. Agricultural work accidents resulted in 1,900 deaths and 190,000 disabling injuries, of which 1,150 and 115,000 respectively, were to farm and ranch residents. The total cost of accidents to farm and ranch people exceeded \$5 billion.

Since 1944, National Farm Safety Week has been held during the latter part of July. Beginning next year, the annual observance will be moved to the third full week in September. The 1982 dates will be September 19-25 and in 1983 September 18-24.

PROPERTY TAX PROBLEMS

ABSTIN — One of the most important and controversial issues we will face during the special session is revision of the Property Tax Code. The reason it is important is obvious. It means money, or lack of it, to many important jurisdictions in the state, including school districts.
Tax bills always seem to generate controversy, and the Property Tax Code has been no exception. The bill we will consider in the special session was drafted to correct some oversights in the 1979 version of the Property Tax Code. A version of the bill had passed both Houses of the Legislature, but became bogged down in a conference committee in the closing hours of the regular session.
One problem we probably will consider is the method of choosing members of the Board of directors of the property tax appraisal districts. One faction would require some of the members to be elected officials. For example, a member of the appraisal board who represents a school district would have to be an elected official of some sort, like constable or a school board member. On the other hand, many Legislators feel this requirement is too restrictive.
Another area that has received attention in recent times is that of tax rollback elections. A tax rollback election is an election by which voters decide that their taxes are too high, and in which they vote for lower taxes. There is a growing sentiment for this type of election, and we support the right of the voters to lower their taxes in this manner. However, the election must be a responsible process, with a sizable amount of voter participation. A point of controversy during the last session was how many voters must participate. We will work this out in the special session, but we think at least 15 percent of the qualified voters will have to participate.
Still another point that needs attention by the Legislature is the proper evaluation of agricultural land for tax purposes. In fact, space prevents us from discussing all the factors that go into making up a good tax code in one column, but we expect to consider different methods for filing the homestead and over-65 exemptions, and many other problems.
Property tax is really an important issue. We know that many of you are experts in this field, working in city or county government, or serving on school boards. All of you pay property taxes, either directly or indirectly. Your input in this process is very important to us. This issue is complex and wide-ranging, which means we need all the help we can get. We would like to invite all of you who have knowledge or opinions on property tax to write. Please write to Senator Bill Sarpalius, P.O. Box 12068, Austin, Texas 78711.

"A Friendly Place To Trade"

A tree that began growing in 1773 was represented by many branches at the past Sunday, July 26. The descendants of James and Mary McAneer, who was born in Virginia in the year 1773 gathered at the Lolla Lala School House to swap tales and pass down family heritage from many memories from many parts of the country. Of the eight children sired by Samuel, six families were represented at the gathering. One son died in the Civil War without bearing

children. An extensive survey of the McAneer family has been conducted in the past several years by Mrs. Jeanie McAneer Deane and Dwight McAneer and children of J.G. McAneer of Clarendon. Many of the satisfactions of their labors were enjoyed by over 150 McAneer descendants Sunday. Scrap books, albums, snap shots, memories, stories, a lie or two, dominoes, bar-b-que'd chicken, basketball, picture taking, table loads of vegetables, desserts, breads, gallons of iced tea, the heat, and the Good Lord's blessing made for a great day of McAneering for all present.

Thirty-four newly found McAneer family members from across the state, and the country joined the large Clarendon contingent to piece together the past as they recalled it from their fathers, grandfathers, etc. The time ran out before the

food, the fun and the talking, but another branch or two was strengthened, another leaf added here and there, and talk was already geared to next year's reunion when more descendants plan to once again see how much the McAneer tree has grown.

A total of 152 relatives and friends enjoyed the happy occasion. The children of Fed and ... McAneer attending were: Mr. and Mrs. James McAneer; ... G. McAneer; Mr. and Mrs. T.W. McAneer; Mr. and Mrs. Sam McAneer; Mr. and Mrs. Fed McAneer; Mr. and Mrs. Durwood Ray and Mr. and Mrs. Bill Selman of Bryan; Mrs. Lorene Bufkin of Amarillo was unable to attend.

Local relatives attending were Mrs. A.S. McAneer; Cody McAneer; Mrs. Vicki Wilhite, Shane, Jon and Tami; Mr. and

Mrs. Jimmy McAneer, Medina, Alex, Sam, Mandy, and Jimmy Wayne; Susan, West, Jeffrey and Suzette Houston; Ronnie, Melinda, Todd, Jennifer and Elizabeth McAneer; Monte, Betty, Glazer, Kevin and Audra McAneer; David,aci and Walker McAneer; James Alvin, Pat, Jamie, Rodney, Christie and Laura McAneer; Connie McAneer and Dawn; Joy and Tommy Stum; and Mike McAneer.

Out of town relatives were Mr. and Mrs. Roy Harmon, and Douglas Harmon, Amarillo; Steve, Debe, Mark and Kirk Land, Panhandle; Harry, Shelah, Aaron, and Jerrod Babbitt, Pampa; Jerry Brenda, Jay, Brian and Chris Barrett; Bill, Judy, and Steven Monk, Canyon; Mark and Don McAneer, Amarillo; Kim, Kelly and Amber Choate, Alpine; Deanna, Mike, Lisa and Brandon McCleskey, Denton; Dwight, Vickie, Granville and Garrick McAneer, Poteau, OK.; Andy, Mary, Brandon, and Andrea Selman, Bryan; Fed, Patricia, Peppie, Cary and Angie Selman, Bryan; Lanny, Kathy, Casey, Becca, Emert and Beau Savage, Plainview; Robert and Jeanie Echols, Albany; Jeanine and Jan Matthews, Midland; Dan, Robbie, Mat, Ray, Ft. Worth; Blanche Roundtree, Tyler; Jack and Pat McAneer, Houston; Ina Parker, Vidor; Darlene, Gordon and Billy Dunc, Melrose, N.M.; Freddie McAneer,

Newly found relatives were Jon Tom McAneer, San Antonio; Sue and Leonard Coleman, Ackerly; Aldie McAneer, Carl McAneer, Shaumarie Robertson, Carl and Lorene Nooner, Gene, Ellen and Kelly McAneer, Don and Betty McAneer, Lester and Martha McAneer all of Jacksboro; Pearl Crowe, Barbara and DeAnn Hanners, Hartselle, Ala.; Lois McAneer Jones and Carl, Shamrock; Chris and Joan Wilson and Karen Ledesma, Dallas; Jean and J.B. Strickland, Millsap; Bud and Geraldine Strickland, Paul and Ida Howell, Levelland; Margaret Watson, Dallas; Alvis and Juanita Rodgers, Mt. Pleasant; and Lorene and Carl Nooner, Jacksboro.

Friends attending were Ann and Chris Hanks, San Antonio; Kim Gordon, Dawington, Penn.; Khristy Luke, Amarillo; Ron Alden, Hamilton, Mo.; and Becky Hudson, Amarillo.

pets are wonderful!

**PETS: TWO'S - EVEN
THREE'S - COMPANY**

What are lovable, playful and double the fun? Two, even three, furry family members. Giving your pet a new pal to play with can offer every family member a double dose of happiness and good health. If you've been meaning to bring a new pet into the family, summer can be one of the easiest times to do it. This is because warmer temperatures mean more time to spend outdoors training and getting to know your new family addition.

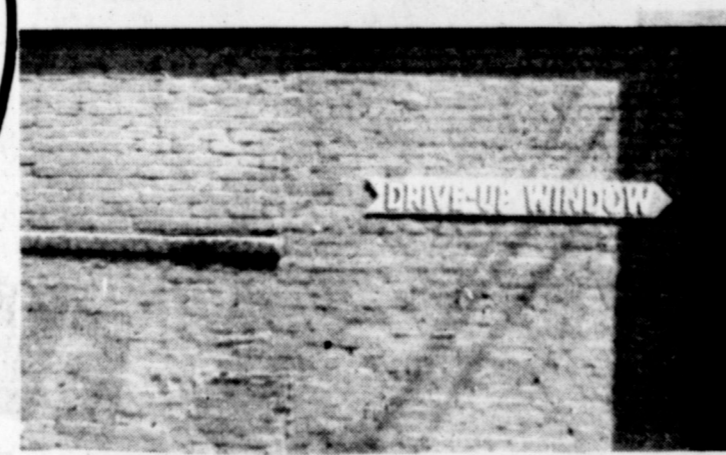

new and old pets take about a week or two and can be a snap. One easy way to let an older pet know that company's coming is to set an extra bowl at meal times. Also, be sure to cuddle the old-timer just as much as the newcomer, if not more. Pet authorities agree that kittens and puppies can be easily added to any family as second pets. Size differences between older and younger pets should be considered, though. A friendly nudge from a large, full-grown dog could land a frisky pup across the room. It won't take long for two pets to become the best of friends, says Roger Caras, author, naturalist and special correspondent ABC News. "In fact, don't be surprised to soon see the two curled up together!"
