Clarendon, Old and New
By HOBART EBNEY STOCKING

106 Berry, Stillwater, Okla. 74074

Recognize the map? It is Clarendon in 1882, ninety-nine years ago. The map is

a reduction to scale one-inch equals 400 feet from the original twice as large, surveyed that year by James H. Parks, first elected County Surveyor.

Do you recall the tiny gemetry on the hillslope north of the bridge over Salt Fork? The original Clarendon, Clarendon, Saint's Wood, was about half-a-mile west, north of Salt Fork, at the mouth of Carrol Creek. Likely it was not the best location for a settlement as the town was on the flats adjacent to the stream and it was subject to flooding. Topography rose north from the stream to "Eagle Hill" in "Courthouse Block".

Scale of the reduction is too small to allow representation of townlots and owner-names. Buildings are indicated at appropriate spots. Following is a list of

Block, by number, bearing owner names of townlots, as the original map everywhere a clear print, likely here and there initials have been added as even some of the names.

B-11 Cornell College, Cornell University in Ithaca, N.Y. state owned property in the Texas Panhandle. They suggest it might have been Cornell College, Mt. Vernon, Iowa (of whom enquiry has been made). There were several mid-westerners among the early settlers of Clarendon and the percent of college people was high for a frontier community.

B-12 B.H. White. He was born in New York, May 18, 1837, and came southwest in 1878, year of founding of Clarendon. Brother-in-law of L.H.

Boll worm infestation wide spread in area

Ronald Gooch, the county agent, has been wearing out the seat of his pants in driving around the county trying to see if the farmers have a bad infestation of cotton's worst enemy, boll worm.

The problem hasn't hit the Hedley area as hard as the immediate area. Gooch said. There have been at least 10 planes using the Clarendon air port, five others in the area and a helicopter has been working the Lelia Lake area. The spray has mostly been Ambush or Pounce, the two best types of spray at this particular time of infestation.

The life cycle of the boll worm takes 30-35 days. Then the moths go flying all over to lay their eggs and start another cycle. If a field isn't sprayed next to one that has been sprayed, the hatching moths may pass it up and fly over into another completely sprayed area. All cotton must be treated in order to completely stop the hatching of these moths.

After the spraying has been done, the farmer must get back out into the fields and find if there has been another hatch. Don't be certain they are dead, there may have been some moths fly

into your crop and lay more eggs while you were sitting aside sure that the spray had done it's best.

This egg hatch could occur in 8-10 days. Be certain to watch the fields.

If the source of the low yield of your cotton crop is a result of not spraying to destroy the insects, chances are slim that you will be eligible for disaster payment. The three county committees control decisions on this. Jerry Gage of the ASCS office said "To receive low yield credit for program crops destroyed by severe insect infestation or plant disease, the producer must have carried out control measures normal for the area."

This threat to the cotton crop can be controlled if the proper steps are taken and the farmer continues to watch for the worm.

This area's yield this year may reach more than 3.5 million bales of cotton, about 65 percent of the total Texas crop.

Eastern Star to hold sidewalk sale

There will be lots of good bargains, many fine articles and the money will be spent for a good cause. The Eastern Star ladies will be selling these extra fine bargains in front of the Masonic Hall Saturday, Sept. 5th beginning at 9:00 a.m.

Come along and see what there is that you can't live without.

Vaccines offered

Donley County Community Action Corporation, Court-house, 1st floor, 300 S. Sully, September 28 from 10-2 p.m. will offer vaccines that give protection against several childhood diseases. Protection is against Polio, Diphtheria, Lock Jaw, Whooping Cough, Measles, Rubella, and Mumps.

There will be no charge.

Lions Club to have pancakes supper Friday

The Lions and their better halves will host a pancake supper Friday, September 4 from 5:30 until 7:30 p.m. at the Lions Club Hall.

The pancakes, syrup, ham and your choice of coffee or milk will cost a mere \$2.50 for adults and \$1.75 for children age 6-12. If your little lion cubs are under 6 and they come accompanied by a paying adult, they can

get a pancake and a cup of milk, a bit of ham for free.

The proceeds, and there will surely be plenty of proceeds if everyone takes advantage of this tempting bargain, will go toward the Clarendon College Scholarship fund which the Lions sponsor.

For a worthy cause, for a good Lion cooked meal, come on out and dig in!

New driver license hours for September

Sgt. Ricks of the Texas Highway Patrol called from Childress to announce that the Driver License trooper who usually comes from Childress will be coming from Borger during the month of September only.

Since he will be coming from Borger, the hours for September only will be changed to 9:45 a.m. until 3:15 p.m. The days will still be the same, the First, Third and Fifth Fridays of the month. This hour change is only for September.

Order your mums early

In order to have your sweetheart decorated with the traditional Homecoming Mum corsage, you must place your order in now.

You can get a wide variety of mums, with many dif-

ferent decorations on them. Contact the High School at 874-2181 for further information. Place your order and get your mum ordered before it is too late to make those special arrangements.

Bronchos open season at home Friday

The Clarendon Bronchos begin the 1981 football season by hosting the Sanford-Fritch Eagles. Kick-off time is 8 p.m. The Bronchos have shown in two scrimmages the potential to play an exciting brand of football.

The Fritch Eagles begin the 1981 season an improved ballclub from their 2-8 1980 record. The Eagles will have an experienced offensive backfield unit returning in Jr. (150 lb) QB Andy Anzaldia and Sr. FB Kevin Rice (176 lb). They will run out of the "I" formation. Their "27 defense" is not very large but does have some quickness.

The Bronchos came out of the Panhandle scrimmage with an injury to Tackle Rodney McAnear. With a deep bruise above the knee he is definitely questionable

for Friday night.

Lewis Ranch wins Superbowl of working cowboys

Best ranch in Texas

It is no brag, it is no blown out of proportion fact, it is indeed the truth as proven in the first annual Budweiser Texas Ranch Roundup held August 21 and 22 in Wichita Falls.

Ranch owners and ranch hands from the state's largest ranches, including our own now famous Lewis ranch, participated along with the R. A. Brown Ranch (Throckmorton), Cowan & Son Circle Bar Ranch (Seymour), Moorhouse Ranch (Benjamin), Pitchfork Land & Cattle Co. (Guthrie), Scharbauer Cattle Co. (Midland), Rendenbrook-Spade Ranch (Colorado City), Swenson Ranches (Stamford), Tongue River Ranch (Levelland), W.T. Waggoner Estate, (Vernon).

Proceeds from the Budweiser Texas Ranch Roundup went to three charities: The North Texas Rehabilitation Center in Wichita Falls; the West Texas Rehabilitation Center in Abilene; and the West Texas Boys Ranch, San Angelo.

The Lewis Ranch won braggin' rights in cattle country with their highest mark of 62 over all points. These points were won in various events such as the wild cow milking contest, Team Branding, Team Penning (events that the Lewis Cowboys won), was considered.

The Lewis Ranches team beat out 11 other ranch teams before several thousand excited spectators. They took home the bronze sculpture which will serve as a traveling trophy.

"It was great!" said Lewis Ranches team captain Bob Boston, a 12-year veteran of the ranch. "If this roundup were held next year in Canada, we'd go!" The annual event will travel to different places but it is doubtful if it will go to Canada.

The Lewis Ranches team included Burl Hollar, Dumont; Ricky Lowe, Lakeview; Johnny Hill, Hedley; Billie Farley, Turkey; Don Hall, Harley Longan, Bob Boston, Jenks Boston and Jackie Longan, all of Clarendon; and Walter Gussler, Turkey.

Following the Lewis Ranches in second place was the Rendenbrook-Spade Ranch out of Colorado City and in third place, the W.T. Waggoner Estate.

Tom Moorhouse of the Moorhouse Ranch was named best ranch hand in a unanimous decision based upon his spectacular saddle bronc ride. Moorhouse received a handtooled saddle and a portrait of himself to be painted by Leon Hale.

Team Penning, a Lewis first place event won with a time of 69.2 seconds, is not a regular rodeo event. A three-man team of riders approaches a line drawn across the arena some 40 feet from the north end. Behind the line are 30 head of calves numbered 0 to 9. The team then has three minutes to cut the three head of calves bearing the called-out numbers from the herd and move them to pens at the south end of the arena. Team members were: Billie Farley, Bob Boston and Harley Longan.

Team Branding, another first place captured by our nationally famous cowboys, is an event in which a four-man team including a roper, two muggers and a brander work together. Thirty head of 300-400 pound calves are held behind a line 40 feet from the north end of the arena. The roper approaches the calves on horseback and when he crosses the line, the time begins. He must rope a calf, drag it from the herd and cross the line. Two muggers on foot flank the calf. When the calf is flanked, the brander on foot applies a paint brand and then runs across the finish line at the south end of the arena, carrying the brand. The team with the fastest time wins. Our team did it in 27.2 seconds. Team members were: Jake Longan, Jenks Boston, Don Hall and Billie Farley.

The wild cow milking event involves a three-man team. The cow is released from the chute and pursued by the roper, who comes from the roping box adjacent to the chute. The mugger and milker are on foot in the arena waiting the cow. The roper must rope the cow. The mugger holds the cow with help from the roper, while the milker milks her into a standard 12 oz bottle. The milker then runs to the judge at the other end of the arena and pours the milk out for him. If the milk won't pour, the team is disqualified. Our team won in 51.2 seconds, laughing over the spilt milk! Team members were: Johnny Hill, Don Hall and Burl Hollar.

A ranch chili cook-off contest was held. The Lewis outfit took second place following Wanda Warner of the Moorhouse Ranch. Harley Longan has a secret chili recipe that tasted mighty fine to the judges. Farley won 3 out of a possible 5 points for the Lewis Ranch in placing second in this event. Chili cook-off Harley's three assistants were Walter Geissler, Judy Lowe and Betty Farley.

In addition, there was a queen contest, a talent contest and wild horse race. The judges for this first of its kind rodeo were tough old cowhands themselves. They were called "Members of the Budweiser Cowboy Six Pack", an elite group of professional cowboys who help promote the "King of Beers".

Boby "Hooter" Brown, 29 of Mustang, OK, is one of the most colorful cowboys in professional rodeo today. Along with his flamboyant style, Brown is one of the top saddle bronc riders, just missing the world title a disappointing seven times.

Brown grew up on a ranch in Texas and turned pro his senior year in high school. While at home in Texas, he perfected his crowd-pleasing style of "stepping off" the bronc and landing on his feet.

Several broncs had to be ridden each day on the family ranch and there were no pickup men around. Young Brown devised a way to do a flying dismount which has been his trademark ever since.

The second of the three judges appearing in Wichita Falls was T.J. Walter, 32, of Stephenville. He is one of the winningest bareback riders, having qualified 11 straight

times for the National Finals Rodeo in Oklahoma City, OK.

Jack "Cadillac" Ward, 33, also of Stephenville is one of the most personable men in the sport. Considered an "old timer" by pro rodeo standards, he won back-to-back World Bareback Riding Championships in 1977 and 1978.

He began his pro rodeo career as a bull rider and took the National Intercollegiate Rodeo Assn. bull riding title in '69. After being encouraged by Ronnie Rossen, a former world champion bull rider, to try bareback, Ward went on to qualify for his first National Finals Rodeo in 1972.

All of Clarendon looks forward to next year and our cowboys winning again!

Lewis Ranches, a history of excellence

One of the oldest ranches in the Panhandle, the RO Ranch was established in 1878 by three English brothers, Alfred, Vincent and Bernard Rowe. After buying out his brothers, Alfred Rowe began raising Herefords, one of the Panhandle's first ranchers to do so. Rowe was a good rancher, but travelled when the whim took him. His wanderlust led to his demise. In April of 1912, Rowe crossed the Atlantic in the Titanic and drowned in the fatal iceberg collision.

William J. Lewis had worked on the RO Ranch as an eastern-bred 14-year-old in 1896. He earned \$25 a month and, not yet the Texan he was to become, rode mowers more often than horses. Twenty-one years later he bought the spread for more than half a million dollars.

Rowe's widow remembered Lewis when she decided to sell the RO five years after her husband's death. Lewis scraped together the \$350,000 down payment and bought the 72,000-acre ranch and its cattle.

Later Lewis bought the Shoe Bar Ranch, the Shoe Nail Ranch, the Spur herd and leased the Milliron ranch to pasture cattle. Like Rowe, Lewis preferred the clean-faced Herefords to the Longhorn. Herefords, he found, were better suited to the rough terrain and gained weight easier.

Lewis managed the ranch himself, as did his son, W.J. Lewis Jr., who became a partner in the expanding ranching and cattle operation.

After the elder Lewis's death in 1960, and his son's death a year later, Frank Derrick, who was raised on the Lewis Ranches, and whose father worked on the ranch for 65 years, became general manager, a position he still holds.

Today the 100,000-acre ranches raise commercial Herefords and quarter horses, such as Gold Fingers, the 1976 world champion steer roping stallion.

The Lewis Ranches livestock wear one of three brands: the RO brand, the mark of the Rowe Brothers from who Lewis bought the ranch; the Flying U Bar, which Lewis designed himself for use on the Spur Ranch; and the Shoe Nail, the brand belonging to the original owner of the Shoe Nail Ranch.

Betty Lewis Young of Dallas and Anne Lewis David of Houston own the Shoe Nail Ranch and Vera Lewis owns the Shoe Bar Ranch. All three women operate the RO Ranch. Under Frank Derrick's guidance the ranches operate as one, with office headquarters in Clarendon.

Rain report

Everyone was out spraying cotton, but Jan Noble was caught at home to give us a rain report of 3/10 on Thursday and 7/10 on Friday for a total of 1" rain last week.

Wood and Kelley wed

Weldon Kelley, son of Mr. and Mrs. Fred Kelley of Amarillo on August 22 at 7:30 p.m. in the First Baptist Church in Clarendon.

Rev. Paul Hill, pastor of the First Baptist Church, officiated at the double ring ceremony. Jesse Adams played the organ music. "The Twelfth of Never" was sung before the ceremony and "The Wedding Prayer" was sung as the benediction by Jennifer Scoggin.

The chapel was decorated with a five foot brass candlestick in each of the eight stained glass windows. A candelabra with fifteen candles and a candelabra with seven candles on either side. A bouquet of yellow spider mums and yellow daisies on either side of the altar completed the decorations.

The bride was given in marriage by her father. The bride was radiant as she came down the aisle on her father's arm in her formal floor length wedding gown of wedgewood lace and re-embroidered chantilly lace over bridal taffeta designed with embroidered yoke and satin ribbon, natural waist, long tapered sleeves, and full skirt with four tiers of ruffles. Tiny seed pearls and sequins enhanced the yoke. The full back of the gown ended in a castilian train. Her veil of imported illusion, with a border of matching re-embroidered emwith a border of matching re-embroidered lace, fell from a coil of lace and seed pearls.

The bride carried white roses, Baby's breath in a beautiful bouquet.

The groom was handsome in his white tuxedo with a yellow boutonniere.

The bride was attended by Brenda Daniel of

Clarendon as her Maid of Honor. Brenda wore a pastel yellow floor length dress, pastel yellow hat with yellow roses on the brim. She carried yellow roses, white carnations and a Baby's Breath bouquet with greenery.

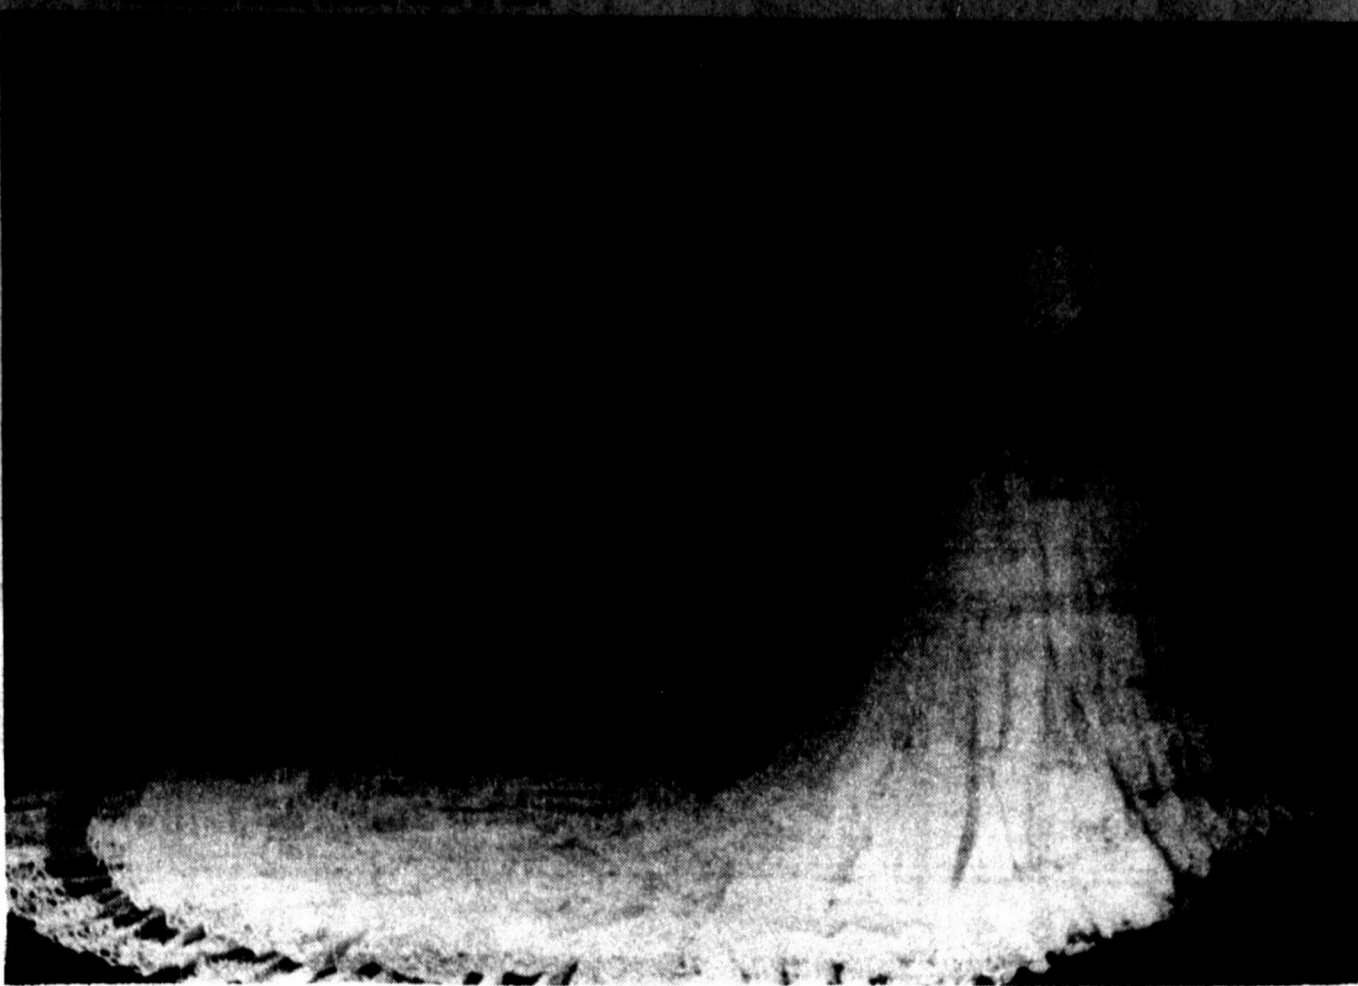

Bridesmaids were Darcy Youngblood, sister of the bride; Deborah Johnston, both of Clarendon; and Paula Dauster of Gladwater. They were also attired in pastel yellow floor length dresses with yellow hats and carried yellow roses and carnation bouquets.

The groom was attended by Tim Hutto of Pampa as his best man. The groomsmen were Kenny Chandler, Quitaque; Doug McJemey, Silverton; and Tony Schaffer, Clarendon. The ushers were John King and Dale Barber both of Dalhart. The best man, groomsmen and ushers all wore black tuxedos.

The flower girl was Tamara Nelson, cousin of the bride, from Oklahoma City. The little girl wore a pastel yellow floral, floor length dress with a wrist corsage of yellow carnations. The ring bearer was Jeremy Hicks of Skellytown. He wore a little black tuxedo.

Stacy Mooring presided over the guest book. The candlelighters were Robert Youngblood, brother of the bride from Clarendon and Kelly Sewell, cousin of the Bride, of Guthrie, OK.

A reception was held in the Fellowship Hall, First Baptist Church, following the ceremony. Seven silver candlesticks in the center of the Brides table surrounded the Bride's bouquet with the attendants bouquets around the candlesticks. The table was attended by Sheryl Walker, Shalane Chamberlain and Dyanne Johnston of Clarendon. The Brides cake had three tiers with a fountain on the bottom. A single wedding bell on the top of the

MRS. WAYNE KELLEY nee Adrienne Youngblood

all white cake. The grooms table was attended by Mrs. Jason Sheer and Judy Evans. The groom's cake was a square chocolate cake with "Weldon & Adrienne" written on top and surrounded with chocolate icing roses.

Mr. and Mrs. Weldon Kelley will live at Wellington Manor Apartments in Amarillo. Mrs. Kelley graduated from Clarendon High School and attended Clarendon Jr. College. She is now a student at WTSU. Weldon Kelley graduated from Dalhart High School and Clarendon Jr. College with an Associate degree in business. He is presently attending WTSU and is employed by Western Data Processing in Amarillo.

Out of town guests were: Mr. and Mrs. E.D. Kelley, and Mr. and Mrs. Jack King and Jay Chisum all of Dalhart; Mr. and Mrs. Fred

Kelley, Amarillo; Mr. and Mrs. B.A. Beauchamp, Sudan; Mr. and Mrs. Lavoy Reed, Robin; Carla and Jay, Miss Kim Gay, and Mr. and Mrs. Ernie Houdashell all of Amarillo; Mrs. Pauline Masten and Verdel Masten and daughter, all of Wellington; Mr. and Mrs. David Hutto, Pampa; Miss Judy Evans, Miami; Mr. and Mrs. Joe Burnett, Kim, Kris and Andy Joe, Lewisville; Mr. and Mrs. David Nelson Sr.; Mr. and Mrs. David Nelson, Jr.; Tamara, Michelle, Jared and Chad, Mr. and Mrs. Clyde Hanks all of Oklahoma City; Mr. and Mrs. Gary Conley, Guthrie, OK; Kelly Sewell, also of Guthrie; Mrs. Rodney Hicks and Jeremy, Skellytown; Jesse Youngblood, Albuquerque, N.Mex.; Miss Tena Wilbanks, Childress; Monte Johnson, McLean; John Lacquette, Johnny, Jeffery and Eric, Midwest City, OK.

Floyd surprised by party

Mrs. Ferral Floyd was honored Sunday with a surprise birthday reunion of her family. The event was hosted by her children; Mr. and Mrs. Harold Moffitt, Mary Lynn & Candy of Memphis and Mr. and Mrs. Eddie

Floyd of Clarendon, at the Lelia Lake Community Center. A wonderful day was enjoyed by all with a lot of visiting.

Those attending were F.A. Floyd of Lelia Lake, Bessie Reynolds of Amarillo, Mr. and Mrs. Boner Howard and Juely of Amarillo, Mr. and Mrs. Curtis King and Erika, Phillip and Kira of Amarillo, Ruth Dodson, Bobby Dodson Wilburn Lee and Rae Dodson Barbara Chedester and Mary Simmons all of Amarillo. Charlene Denny of Meridian, ID.

Good neighbors Windy Valley

While R. O. Nelson was in the hospital and convalescing for heart surgery, their neighbors took care of everything. They plowed, sprayed Johnson grass, checked cows and fixed the fences.

Mrs. Oscar Anderson and Dorothy Helms fed and watered cats, dogs, and chickens; Joan Shaw, Dorothy Helms and Jan Noble mowed the grass and cleaned the yard. The following men worked: Eddy Helms, Jay Helms, Earl Shields, Keneh Shields, Schwertner, Ray Holland, Chuck Longan, H.C. Shaw, Jerry Koontz, Wiley Reynolds, Roy Lee Helms, Larry Wade, and Henry Haste. To all these wonderful people we are most grateful and we owe a special thanks to Eddy and Jay Helms for irrigating our cotton.

Don't know how we would have made it without their help, and we don't think there are better neighbors in the whole world.

Drive Labor Day weekend says Dept. of Public Safety

The director of the Texas Department of Public Safety has warned that as many as 48 persons may die in traffic accidents this Labor Day weekend on the state's streets and highways unless drivers are especially cautious.

"Otherwise," said Colonel Jim Adams, "the 78-hour period could be a repeat of the most recent holiday. Traffic accidents during the last July 4th weekend took a total of 60 lives, 16 more than had been estimated," he said.

Drunk driving and excessive speed were the major contributing factors in the fatal accidents recorded over the July 4th holiday, according to data furnished by the DPS Statistical Services Division.

None of the drivers or passengers killed during the July 4th holiday were wearing seatbelts. In addition, 35 percent of these fatalities resulted from the person being ejected from the vehicle.

Adams urged motorists to wear their seatbelts to minimize the hazard posed by careless drivers. He said safety belts should be used during city driving as well as long distance trips.

"Last year in Texas, about 1200 lives would have been saved if all occupants of passenger vehicles had used safety belts," Adams said.

The DPS director said he is deeply concerned that 1981 may be another record year for motor vehicle deaths in the state.

"Unless more Texas motorists recognize the risks they face and take steps to

protect themselves and others, this trend will surely continue," Adams pointed out.

Adams has instructed DPS Regional Commanders to utilize additional Troopers during the three-day holiday and he said "Operation Motorcade" would be placed into effect.

"DPS patrol officers will be enforcing the laws and assisting motorists by watching for drivers who exceed the speed limit and those impaired by alcohol or drugs," Adams said. They will also be on the lookout for vehicle defects.

Adams said Operation Mo-

NUMB ARMS, LEGS Danger Signals

There may be misalignment of vertebrae in the spine causing pressure on nerves, yet the patient experiences no pain in the back. Instead, a variety of sensations may be felt in other parts of the body. These include tingling, tightness, hot spots, cold spots, crawling sensations, electric shock sensations, stinging, burning, and others.

Here are nine critical symptoms involving back pain or strange sensations which are usually the forerunners of more serious conditions. Any one of these usually spells back trouble.

- (1) Paresthesias (see above) (2) Headaches
- (3) Painful joints (4) Numbness in the arms or hands (5) Loss of sleep (6) Stiffness in the neck (7) Pain between the shoulders (8) Stiffness or pain in lower back (9) Numbness or pain in the legs

These signals indicate that your body is being robbed of normal nerve function. Until this function is restored, you will, in some degree, be incapacitated. The longer you wait to seek help, the worse the condition will become. Don't wait! Should you experience any of these danger signals... call for in depth consultation in Layman's terms.

MAP OF OLD CLARENDON

Con't from p. 1.

Carhart, promoter of the settlement, at organization of Donley County in 1882, B.H. White was the first elected County Clerk. In the next election he was designated County Judge, an office he held until his death March 17, 1902.

His livelihood in Clarendon, Old and New, was partnership with Morris Rosen field in a mercantile store. Clarendon is indebted to Mr. White as to very few others in 1898, in New Clarendon, he gave to West Texas Methodist Conference ten acres for site of a junior College, now in its eighty-second year.

Travelers, for a fee, unhitched teams within an enclosure, fed and watered the tired animals and left them in hands capable of their care. Frequently the traveler slept in his wagon parked in the wagon-yard.

Farmers State Bank And Trust Co.

We regret the mix up in the paragraph structure in last week's article on the Harrington Cancer Endowment Fund. We feel this is important enough to re-run the entire article, with its corrections, for the benefit of the reader.

Cancer. A word that brings fear to heart at the thought of the tragic disease that strikes millions of Americans. The Don and Sybil Harrington Cancer Center located in Amarillo is taking giant steps to begin to treat those unfortunate victims of this disease.

Jim Hayes and Genevive Caldwell have been two Clarendon residents deeply interested in the progress of the Cancer Center. Through their combined efforts, working with Marilyn Van Petten, an endowment fund has been established in the Farmers State Bank and Trust Co. for local donations.

A check was presented to Ms. Van Petten Monday by Bronnie McNabb, executive vice president of the bank. Ms. Van Petten immediately deposited the check into a special endowment fund account for area residents to contribute to. The money will be invested and the income for the profit of this investment will go directly to the Harrington Cancer Center. Money you contribute to the cancer fund at the Farmers State Bank and Trust Co. will be put toward these investments. Your money will actually be working for you locally as well as being a tax deductible donation to the Cancer Center where it can work for those with this disease.

It is possible to make either a memorial or a living donation. A card will be sent to the family you name as recipients of this living, working gift. You will also receive a card announcing receipt of your donation and that the card has been sent to the family you named.

This type of endowment fund is important to our area because it is a mutual aid with the Cancer Center and our local businesses. It is impossible to do something of such magnitude without the support of all involved, including Donley County residents.

The grand opening of the Don and Sybil Harrington Cancer Center in Amarillo will be September 12. The dedication will be at 11 a.m. There will be tours and an open house from 11-5 p.m. Governor Clements will attend this important event.

This is indeed a wonderful opportunity to remember those who may have lost their lives to cancer, those who suffer the disease or a way you could give a lasting gift to innocent children. Take your check to the bank and all else will be taken care of for you. It is now easier and quicker for you to give the gift of life.

Daze of Our Lives

By JEAN BURCHETT

I'll never forget my first day at work as a public servant. I almost shut down business in a heavily trafficked office with the simple greeting, "Hello, how are you?"

"Well, I'll tell you," whined a dour-faced woman as she slid comfortably across the counter. "I'm down in my back and its my neighbor's fault. She left for three days and been done three weeks. Me, with her blasted chickens to feed. Water froze up so's I have to tote it from my place. And them pore dogs... why, she never left enough food to keep a rat happy much less..."

I didn't know what I was doing in the first place, it was a busy day, and I turned to Ruth, my experienced co-worker for help. She merely shrugged with a "What-you-get-for-asking" expression.

"Sir," I motioned for a man at the front of the forming line. "I'll help you over here."

"Three German shepherds!" the woman shouted in my ear.

I did away with comment and courtesy, read a name

from the form she'd brought in and said, "Mrs. Tellit, we're busy here."

"I AIN'T Miz Tellit," she hurredly. "So don't be callin' me that. I just came in to pay his bill. Oh, he thinks I don't know what's goin' on. Him a' slippin' outta bed in the middle of the night and goin' to see that hussy... I ain't nobody's fool. Well, I'll tell you who she is," her voice dropped confidentially.

My eyes widened toward Ruth who shrugged again. "how do you stop her?" I mouthed silently, noting that the crowd had gathered closer to hear "who?"

"Not that your to tell him I said so," the voice droned on and on. "Nope, I'm not about to marry that old coot until he changes his ways."

"May I help you over here?" I barked at a genteel woman so interested in the soap opera narration that I had a hard time getting her attention. I smiled brightly and tried to ignore the chatter of the woman who continued to tell me "how she was", but she slapped her purse against the counter and bellowed, "I GIT SO

MAD A' THINKIN' ABOUT IT, I COULD DIE!"

By the time she finally left I was drained. "I'll never do it again," I promised Ruth. But old habits die hard, for the very next person who entered the door I said, "Hello, and how...lo?"

"Pretty low," he shook his head sadly. "To begin with

By the end of the week I had it conquered.

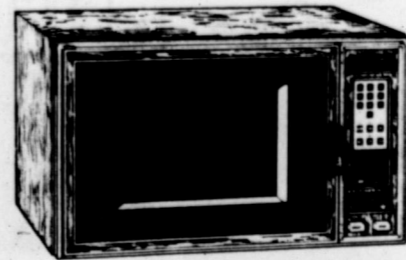

Glaucoma: The gradual darkness

If you're 35 or over, you should know about Glaucoma warns the Texas Society to Prevent Blindness.

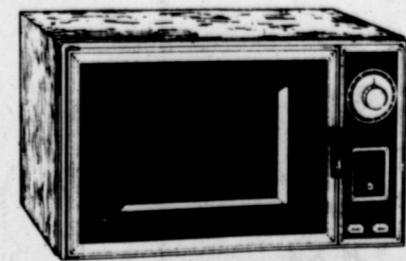

"Glaucoma is an insidious eye disease that is the leading cause of blindness today," says Richard L. Kimbrough, M.D., a member of The Society's Medical Advisory Committee. "Over 100,000 Texans have it and half of them don't even know it because glaucoma can nibble away at vision without pain or noticeable symptoms."

tonometry at its many free glaucoma screenings around the state.

"At some screenings ophthalmologists test using a hand-held Schiotz tonometer. At others, trained lay people use a machine called a non-contact or Air Puff tonometer that is transported to the screening in one of the Society's four new glaucoma Alert Vision Vans."

Although glaucoma can occur at any age, the older the person, the greater the risk of glaucoma, he noted. The Society therefore advises that all persons 35 and older should have a thorough eye examination at least every two years. Senior citizens, people with a family history of glaucoma and those with diabetes and cardiovascular diseases are more at risk and should be checked annually.

In glaucoma the outflow structures fail to drain off sufficient fluid. This causes increased pressure to build up within the eye. In time, the pressure caused by the fluid build up destroys the sensitive cells within the optic nerve and causes loss of sight, so gradually that the victim is unaware of the change.

"The best defense against glaucoma is a simple test called tonometry which measures the pressure within the eye," Dr. Kimbrough said, adding that Prevent Blindness uses two forms of

DRY SKIN

Contrary to popular belief, skin creams and lotions do not relieve dry skin in themselves. These oily products coat the skin and help prevent loss of the body's own fluids.

Consequently, there are two schools of thought on how to care for extremely dry, scaly, flaky skin. Both of these are followed by dermatologists and there is merit to each.

One method consists of avoiding water at almost all costs. Bathing...except for hairy body areas...is avoided as is swimming. Oily lotions or creams are applied frequently.

The other method consists of frequent baths followed immediately...before the body has a chance to dry and lose moisture...with application of lotions or creams (petroleum jelly is effective and inexpensive). Bath oils may be helpful because they coat the body with a film as one leaves the bath water.

Individuals who are prone to have acne may have difficulty using oily creams or lotions. These preparations may clog pores in the skin and produce characteristic acne lesions. Because it takes six to eight weeks to produce a blackhead, whitehead, or pimple, the relationship between use of the lubricant and the production of acne may not be noticed.

The 14th annual National Shorthorn Youth Conference was the largest and best ever as 37 delegates and over 150 junior Shorthorn members, representing 20 different junior associations, took part in the week of activities, contests and leadership workshops held in conjunction with the National Junior Shorthorn Heifer Show in Louisville, Ky.

The sessions and meetings, planned and conducted by the junior board of directors of the American Junior Shorthorn Association, was a unique example of the tremendous potential and future that young Shorthorn cattlemen have for leadership, enthusiasm and true dedication for attaining success in producing and promoting the breed.

Jamie McAnear was one of the five new persons elected

to the board of directors. Miss McAnear, 18, is the daughter of James and Pat McAnear and plans to attend Panhandle State University. She has exhibited Shorthorns for 10 years and had a class winner at the 1980 National Polled Shorthorn Congress. She served as a Lassie Princess for two years and, as the Texas Shorthorn Lassie

Queen, she was named Miss Congeniality at the national contest in Denver last January. She has been president of the Texas Junior Shorthorn Association for two years and public relations chairman for the Tri State Junior Shorthorn Association. She was a high school cheerleader and FHA president.

Season opened Tuesday

Dove season opened Tuesday with the legal hunting hours being from thirty minutes before sunrise until sunset. "The bag limit is 12 doves a day," said Game Warden Gary Hunt. You should have your shotgun plugged to a three shell capacity and, if hunting outside of the county you reside in or on your own privately owned property, you must have a hunting license in your possession.

Hunt also reminds hunters that "it is illegal to hunt off the public road. It is against the law to discharge a firearm from a county or public road." If you see dove on the fence lines, get out of the car, get across the fence and

hunting license in your possession. Be certain you aren't trespassing, near a house or tractor when you shoot. Be safe, careful and above all, be within the law! If you see someone violating the laws, contact Gary Hunt at either 874-3533 or 874-2631. Your information will be kept in confidence and the arrest of the violator will be protecting YOUR hunting rights.

72nd Field Day at Lubbock

The 72nd annual field day of the Texas Agricultural Experiment Station at Lubbock will be Tuesday, Sept. 8 at the research center north of Lubbock International Airport (FM 1294 just east of I-27 at the Shallowater exit). The main stops on the tour of the center will feature research on wine and table grapes suitable to the South Plains, efforts to develop drought-tolerant cotton and sorghum, plants, bollworm research, the cotton improvement program, and weed and insect control research.

The tours begin at 1 p.m. This may be a tour that will answer some of your questions or help you resolve your problems.

THANK YOU

Words cannot express the love and appreciation for the beautiful flowers, cards, letters and encouraging phone calls I received during my stay in the hospital. All the thoughtful gestures and delicious foods you brought Shy and me after we came home was gratefully appreciated. We sincerely love and thank each of you. Virgie and Shy Johnson

By KATIE DVORAK

Stina Cain is at it again. He caught two black bass, small enough he won't have them mounted on a mahogany plaque, but big enough to tell about, a 2 and 3 lb fish is good eating to anyone's standards. He also caught a mighty darn big Northern Pike (Hamilton, where are you?) a 10 lb fish that gave him quite a struggle and a mighty good story to tell about.

Port Aransas was a good place to have been last week or so. Geneva and Gary Mays, Lloyd and Betty Molder left Clarendon to go to the coast for a little fishing excursion. They met Matt and Sandy Armstrong, Mr. and Mrs. Frank Armstrong and J.O. Armstrong, all from Irving with Sherry and Carry Armstrong and Wayne and Logan Mays along for the fun.

The group returned out on the sandy beaches. "The sand stuck to you like scolding powder" complained Lloyd. Most of the fishing was done in the night time hours.

The fish they caught sounds like a species list for the gulf coast: speckled trout, band trout, pompano, yellow tails, piggy perch, flounders, lady fish, moon fish, (Logan caught this one and he is only 3 years old) needle nose gar, crabs and shrimp.

One night they counted the "keepers", 36 speckled trout, 13 sand trout. This was a "slow night". When asked why they didn't count them every night, Betty said "I didn't have time to count... we were too busy bringing them in!"

The Molder clan had a gigantic fish fry Sunday evening at their home. The four fishermen, er, excuse me Logan and Wayne, the six fishermen, were as brown as berries and pretty tired of eating fish by then. Ah, the life of a coastal fisherman!

Ernest & Leon Madrigel of Hereford caught several smaller channel and a nice 12 lb. channel cat Sunday. Lots of white bass and small channel cat being caught.

Teal season opens September 20

The early teal season will open at sunrise, September 12 until sunset Sept. 20. You need a STATE duck stamp as well as the federal duck stamp and a hunting license. "Your shotgun needs to be plugged to a THREE shell capacity", said Gary Hunt the Game Warden for our area. "This rule applies to all migratory birds," Hunt continued, "any thing that is regulated by the federal rules."

The blue wing, green wing and cinnamon teal are the three types of teal allowed to hunt. Bag limit is "four per day in aggregate, 8 teal in possession." Hunt said that this means you can have 4 teal, a mix of any of the three types, but only a total of 4 for the day.

The duck and geese season dates have yet to be set. The commission will be meeting on Sept. 2nd to determine these dates and bag limits.

If you hunt at Greenbelt Lake, you must obtain a lake permit and a boat permit if you use a boat to gain access to your hunting locations. Be certain you have landowner permission to hunt off a local lake or field.

State and Federal duck stamps plus hunting licenses

Gene Howe announced

Applications for public deer hunts on state wildlife management areas are now being accepted by the Texas Parks and Wildlife Dept.
 Gun hunts will be held on eight wildlife management areas. Some 2,400 permits will be issued to those who are successful in the drawing to be held at 10 a.m. October 1 at department headquarters in Austin. Deadline for receiving the applications in Austin is 5 p.m. September 28.
 Anyone interested in obtaining an application should write to the Parks and Wildlife Dept. 4200 Smith School Rd. Austin, 78744 or call toll free 1-800-252-9688. Applicants are reminded that no more than one application will be accepted per individual.

GTE gives 3 options to customers

General Telephone now gives its customers three

The Public Utility Commission of Texas, in its rate order granting General Telephone \$2.1 million, approved a policy which gives customers the options of paying a charge for the company to pick up the instruments, retaining the instruments and paying the associated costs for the instruments retained, or returning the phones to the company.
 Customers terminating service who return their phones to their telephone company business office or GTE Phone Mart are not charged a pick-up fee. However, if the company picks up the instruments, a \$10 charge is applied for residential customers and \$13 for business one-party customers. Another option is for the customer to purchase the phones, paying the commission-approved charges for particular instruments. Under this option the instruments become the property of the customer. A schedule of rates for particular instruments is available from the

The new policy affects all residential customers and one-party business customers.
 Customers who return or retain their phones can unplug the instruments if they have GTE Phone Mart jacks, or if wired into the old style wall block, can simply cut the wires near the block. The company urges customers cutting wires to avoid cutting wires which carry household electrical current.

Cannon-Ball tomato

Minnie Cannon received some tomato and bell pepper plants Jack Leeper this spring. The tomato plants grew so big that they climbed over the bell peppers and "I don't even know where they are".

The tomatoes, beefsteaks, climbed into the drive way and had to be pruned back. All of them are pretty big like this 18 oz. tomato in the photo. A volunteer plant on the other side of the driveway is loaded with golf ball sized tomatoes.

The plants are on the north side of the house where they

got morning sun but not the hot afternoon sun. Minnie Cannon, the reluctant gardener, has the biggest plants with the biggest tomatoes in town!
