## Five seniors receive plaques at Tooth 'n Out party

The Donley County 4-H Beef Project met Saturday night, June 14, at the Denny Fuston home for the annual "Tooth 'N Out" party. When show steers lose their baby teeth they are too old and ineligible to be shown at a stock show. High school graduates are also too old to show steers in 4-H. It is a tradition in Donley County to recognize seniors that leave the beef project. The five seniors presented with Tooth 'N Out plaques were Traci Burch, Lesia Fuston, Doug Hawkins, Leland Howell, and Lee Smith.

These seniors presented Ronald and Bonnie Gooch with a painting by Margaret Smith in appreciation for Ronald's help, guidance, and supervision of their beef projects.

## Martin Reunion scheduled for August 9

The Martin School and Community reunion will be held at the Clarendon Lion's Hall Saturday, August 9, 1986. Registration will begin at 10 a.m. and covered dish lunch will be served at noon. Bring your family and come for a good old fashioned day of visiting with old friends and schoolmates. Visitors are welcome too. Paper plates, tableware, coffee and tea will be furnished.

## Court rules run-off election valid

On July 10 in the 100th Judicial District Court with Judge W. Miller presiding, he ruled on the petition filed June 16, in which Denise Grady was the Contestant and Fay Vargas, contestee requesting that the run-off primary election conducted June 7, 1986, for the purpose of nominating the Democratic Candidate for County District Clerk of Donley County be declared void; and the court enter an order directing the appropriate authority to order a new election.

Judge Miller's final judgment was "the court finds that contestant has not provided by a preponderance of the evidence that any precincts; if any, have been consolidated in the runoff election in a manner not authorized by the Texas Election Code; and that the runoff election in question was conducted in conformity with previous runoff elections held in Donley County, Texas. The court further finds that there is a total lack of evidence to establish that the results of the runoff election would have been altered or changed

## Friends of the Library plan pool party to benefit library

The Friends of the Library are working hard on a party for Donley County residents and their guests at the Country Club. The party will start at 8 p.m. on Saturday, August 9th. Contact any Friend of the Library and ask for tickets to the poolside party or get them at the library. Proceeds go to help the library. If this party is as fun as past ones have been, no one will want to miss.

burgers, homemade ice cream, and cake.

Members receiving beef project certificates but unable to attend were Chris O'Neal, Bridget Bland, Nugget Bland, Tina Hommel, Chad Hommel, Jason Klinnert, Lori Roberson, Renee Campbell, Oleta Lane, David Lane, Robert Stotts.

## Extension Service sponsors pressure canner testing

If a total of 9 election boxes had been available for voters in said runoff election. It is according decreed that the request of the contestant, Denise Grady, are in all things denied and the result of the said runoff election heretofore held is final."

In the June 7 runoff election, Mrs. Grady received 291 votes and Mrs. Vargas received 308 votes. Since the result of the election was upheld by the court, Mrs. Vargas will be the new county-district clerk, when the present clerk's term of office expires on December 31, 1986.

## Extension Service sponsors pressure canner testing

Texas Agriculture Extension Service will be conducting pressure canner testing clinics at the Extension office on July 22 and July 29 from 9-11 and 2-4.

At the clinics, the accuracy of dial-gauge or slide gauge canners will be checked. Also, a variety of Extension publications on food preservation will be available free of charge.

Interested persons just need to bring the lids of their canners for testing. Unfortunately, eighted gauge canners cannot be tested as they are pre-gauged at the factory for accuracy.

If you are unable to attend one of the scheduled clinics, call the office and make an appointment to bring your lid by.

Best wishes for a successful canning season!

## Burleson Memorial Roping will be held July 25-27

The second annual Burleson Memorial Roping will be held July 25, 26 and 27 in the Burleson Arena at Flomot, Texas. Events include Ranch and Open Cutting, Youth Horse Activities, Washer Pitch, Team Roping (Draw Pot, Novice, Ribbon Roping, 1 Over 40, and AB), Team Penning, Open Pasture Roping, and a Western Art Show. Corriente stock will be furnished by Carl Alford of Hereford. For more information contact S.C. Burleson (806) 983-2977.

This project is sponsored each year by family and friends in memory of David (Dusty) Burleson, a young man who was killed in an automobile accident while a student at Clarendon College. All proceeds go to the Burleson Scholarship Fund of the Ranch Management Program of Clarendon College. Everyone is invited to attend this memorial roping in Flomot and help support the scholarship fund.

## GTE Expands Services

General Telephone Company of the Southwest has reached the \$3 billion mark in invested telephone facilities, an investment equating to an average of \$2,550 per customer.

E.L. "Buddy" Langley, president of General Telephone, said the magnitude of \$3 billion is hard to comprehend by most people. "That is 3,000 millions, or one dollar bills stacked 102 high stretching end-to-end from Los Angeles to Dallas to Miami."

The investment includes expenditures for telephones, switching equipment, cable, operator positions, buildings, trucks, microwave towers and much more.

General Telephone of the Southwest was formed in 1926. It took 45 years, until early 1971, for the company to reach the half-billion investment mark. Six years later, in 1977, the company reached the \$1 billion mark. It took nearly five years to add another \$1 billion, and just four years more to add still another billion.

Langley said during the same periods, the company grew from the 7,000 telephones in service at the end of 1926 to over 574,000 customers after the first 45 years, to 754,000 customers in the next six years, to 1,016,000 customers in the next five years, and to the present 1,919,000.

"This milestone is a significant mark for our customers, our company, and our employees," Langley said. "To our customers, it is a reflection of the improvements that have been made over the years, such as the move to dial telephone service, direct distance dialing, one-party service expansion and touch calling in the earlier years, and the progression to the age of stored program control switching, fiber optics and space age digital communications in recent years."

Langley pointed out that in addition to the \$3 billion milestone reached this year, the company completed a service modernization program in 1985 in its southeastern New Mexico area that provided all of the company's exchanges in that area with the most modern switching network available.

"In 1985 we celebrated completion of our accelerated program in the Dallas/Fort Worth Metro area to provide stored program control to all of our metro customers, providing this service 15 years ahead of schedule."

Langley said by year end over 70 percent of the company's customers will be served by electronic switching of which 57 percent will be served by digital systems, the ultimate in telecommunication systems.

He continued that the \$3 billion milestone signifies continued growth, modernization and improved service to the customer. To the employees it stands as an accomplishment for their part in building an important segment of the world's best telephone network.

"The rapid increase in investment in the past few years reflects our commitment to meet the growth throughout our service areas, an acceleration of the modernization program, and intensified service improvement efforts," Langley said.

## Country Music's "stars of tomorrow" to shine Friday at CC

Showtime is 8:00 p.m. Friday, July 18 at Clarendon College's Harned Sisters' Auditorium, and the show is the first of a series, entitled: T.I.A. Country Showcase, to be presented throughout the United States. Sponsored by Clarendon College, Friday's show is being produced by Texas Independent Artists Entertainment Group, which is establishing headquarters at Turkey, Texas, and is affiliated with other entertainment companies throughout the world. Tickets for Friday's show are priced at \$6.00 and will be available at the door for those who didn't order them in advance. Through these showcases, T.I.A. intends to bring back family-oriented entertainment, with shows that the children, the parents, and the grandparents can attend and enjoy together.

When asked about crowd expectancy, a T.I.A. spokesman answered: "This will be one of the

smallest shows we've ever produced, but we've been told not to expect a capacity crowd due to the unfamiliarity of the people to these type shows. Our position is that our entertainers are professionals, and the 'Stars of Tomorrow'. They will perform with enthusiasm to whoever attends. Those who miss the show will miss a good one! What we're doing is bringing entertainment to Clarendon that can be attended by all members of the family. Those who come will be treated to some of the best music they've heard in a long time, presented in a Christian atmosphere. Songs will come from the repertoire of Hank Williams and others, right up through the songs of today, performed by male and female guest stars. We have faith, and are very confident of a 'successful' show, regardless of the number of people in the audience. We won't worry about the attendance."

## Driveline Safety Information

**NON-CRASH ACCIDENTS**  
A study of children's injuries in motor vehicle accidents showed that about 11 percent of children under age 14 treated in emergency rooms were injured while riding in a car that did not hit another vehicle or object, according to Family Safety & Health magazine (Fall 1985).

The most common causes of these injuries were sudden swerves or stops, children opening a door and falling out, or falling while riding in non-passenger areas, such as truck beds. The study found that children ejected from the vehicle in non-crash accidents tended to have more serious injuries than those remaining inside the vehicle. Proper use of child safety seats and safety belts and forbidding children to ride in non-passenger locations (such as the beds of pick-up trucks) can prevent these injuries. **DUSTY 'DILLO**  
"Buckle-Up Because..." is a new safety belt presentation produced by Texas PTA in cooperation with the Texas Department of Highways and Public Transportation. Available as a slide show or on 1/2" VHS, the show features Dusty 'Dillo and Charlie and the Road Runners, a rock 'n roll band. After the band and its van are involved in an accident, Dusty 'Dillo explores all the reasons people should wear safety belts. The production features illustrations by Milburn Taylor and original music composed and performed by Joe Scruggs. The 14-minute feature is targeted for students in kindergarten thru sixth grade. To borrow a copy, please contact Addie Crayton or Becky Stark at the Texas PTA office 408 West 11th Street, Austin, TX 78701. 512/476-6769.

**ARE YOUR TIRES SAFE?**  
A consumer pamphlet is available that is designed to help buyers make comparisons when shopping for tires. Tires are graded in three areas: tread wear, traction and temperature. The information is molded on the side of each tire.

A tire's tread wear that is rated at 200 is estimated to have its useful tread lasting twice as long (in miles travelled) as a tire graded 100. Driving conditions and driving habits will affect the actual tread life.

Traction grades represent the ability to stop on wet pavement as measured under controlled conditions. Traction grades from highest to lowest are rated "A," "B," or "C."

Temperature grades represent a tire's resistance to heat and its ability to dissipate heat. Excessive temperatures can lead to tire blowouts and tire failures. Temperature grades from highest to lowest are rated "A," "B," or "C."

For a free copy of "The Uniform Tire Quality Grading System," write to: State Dept. of Highways and Public Transportation, Traffic Safety Section (D-18TS), 11th & Brazos, Austin, Texas 78701.

**Farm Credit Banks respond to lower interest rates**

The Farm Credit Banks of Texas, responded to a notice this week from its regulator in Washington, D.C. that the agency is ready to consider lowering interest rates for farmers.

James A. Rogers, chief executive officer of the Farm Credit Banks of Texas, today in Austin, said the Texas Federal Land Bank, which has been locked into an interest rate freeze for more than a year, was sending a request today to the nation's capital. The Texas bank first asked its regulator for an interest rate reduction in September of 1985.

The statement follows a news release issued by the Farm Credit Administration (FCA) that alerts district banks that FCA will approve interest rate reductions if the banks meet certain criterion.

"We're pleased that FCA has approved this plan for reducing interest rates to farmers," Rogers said. "We hope that they will act quickly in response to our request."

Rogers said the release didn't mean that FCA would grant blanket interest rate reductions for Farm Credit System borrowers. District banks wanting to lower interest rates must follow FCA guidelines.

In previous requests to lower interest rates, the Texas board had been asking for a 1 percent across-the-board decrease for the Federal Land Bank. The last request was for a one-half of one percent reduction

which is all FCA says they will allow at this time.

Some criterion the banks must meet to get a favorable ruling on interest rate reductions include designing and implementing a program to obtain current financial statements from borrowers and effecting a program for restructuring loans for borrowers. FCA also urged the districts to offer programs based on differential interest rates, determined by borrower credit quality and classification.

The Texas Farm Credit System is comprised of the Federal Land Bank of Texas and its 44 Federal Land Bank Associations, the Federal Intermediate Credit Bank of Texas, 28 Production Credit Associations and the Texas Bank for Cooperatives. Collectively, they have \$4 billion in loans outstanding to 40,000 of the state's farmers, ranchers, aquatic harvesters and 147 rural utility cooperatives.

**What is Multiple Sclerosis**

Multiple sclerosis is the most prevalent disease of the central nervous system -- the brain, spinal cord and optic nerve. There are more Americans affected by MS than by muscular dystrophy, cystic fibrosis, hemophilia and myasthenia gravis combined.

No two cases of MS are the same. Symptoms may include numbness, hearing and visual impairment, exhaustion, loss of coordination and balance, bowel and bladder dysfunction, and partial or complete paralysis. MS generally strikes

adults between the ages of 15 and 50, and is being diagnosed nationally at a rate of 200 new cases per week; a rate greater than the polio epidemic of the '40s and '50s.

The Panhandle Chapter of National Multiple Sclerosis Society has a mission to sponsor research into the cause and cure of MS and provide services for those people in the Panhandle who have MS. Some of these services include group counseling, medical equipment, physical therapy in the form of water exercises, home and nursing home visitations, private counseling, ask the doctor sessions and educational materials.

**State deficit expected to get higher**

State Comptroller Bob Bullock said Texas lawmakers should expect the state's budget deficit to go higher.

"A skyrocketing unemployment rate will be one key factor moving the state's budget deficit well above the current \$2.3 billion. Workers without jobs and paychecks reduce economic activity and taxes," Bullock said.

He said the 10.5 percent jobless rate announced last week is not the only economic indicator that will push the budget deficit higher.

"We expect to finish a new revenue estimate before August 1, and, frankly, none of the indicators contain an ounce of good news."

Bullock said losses in the oil and gas industry are having a detrimental effect on most other areas of the Texas economy as well as other industries.

"I'm not going to second guess the exact number we'll be facing at the

end of the month, but with deteriorating conditions in the Texas economy it will be substantially higher than the current estimate."

Bullock said besides oil, construction and unemployment there are other factors affecting the state's revenue picture.

Federal energy rulings, court cases, Gramm-Rudman, loss of state income interest, to name a few, pose potential losses in the hundreds of millions, Bullock said.

He said analysts working with the latest tax and economic data have preliminary findings that indicate the state's budget crisis has not leveled out.

**RAILROAD/CROSSINGS**

Nearly half of all car-train collisions happen at crossings which are protected by warning devices such as gates, flashing lights or bells.

Motorists fail to understand that it doesn't take speed to kill when a 120-ton locomotive comes in contact with a 2-ton motor vehicle; there's just no contest. A person is breaking the law when driving around gates that are down or by going through a crossing when the red lights are flashing. Those warning signs are there for a purpose, and once activated, a train will be in that crossing within 22 seconds. Not enough time for a motorist to drive around a gate without getting struck.

There is no greater fear for an engineer than to see someone racing them to a crossing or driving around a gate in hopes to "beat the train." All he can do is activate the emergency brake lever knowing it may derail the entire train, and the train is still going to hit the vehicle and carry it down the tracks for a half-mile or more.

Trains can't swerve out of your way and they certainly can't stop for you...but you can stop for them!

So remember, when approaching any railroad crossing always stop, look, listen and live!!

**CHIGGERS**  
 Chiggers are small red mites that are sometimes called red bugs or harvest mites. They are most prevalent during the summer and fall - especially in the southern United States. Chigger larvae attach themselves to the skin, release a destructive chemical that causes intense itching, and then fall from the body after becoming engorged with blood.  
 Bites are most commonly found on the feet, legs, and at the beltline and neckline. Golfers, berry pickers, farmers, hunters, and picnickers are frequently affected.  
 There are three approaches to avoiding chigger bites: [1] Stay out of weeds and grasses. [2] Wear clothing that fits tightly at the ankles, waist, and neckline. [3] Use insect repellent lotions or sprays. Although repellents are not universally effective, they will turn away some chiggers and reduce the number of bites.  
 When chigger bites occur, the primary symptom is itching which can be relieved to some extent by any of several nonprescription products. These include several skin preparations as well as oral antihistamines. Inflammation may be relieved by hydrocortisone preparations.

MR. AND MRS. DARRELL CLINTON LUNSFORD

## Burrow-Lunsford exchange wedding vows

Nelda Juanita Burrow and Darrell Clinton Lunsford were united in marriage June 28, 1986, at 6:00 in the evening at the home of the bride's parents.

Parents of the couple are Mr. and Mrs. Ben Burrow of Clarendon and Mr. Cecil Lunsford and the late Mrs.

Lunsford of Albuquerque, New Mexico.

Given in marriage by her father, the bride wore a formal white bridal satin gown with lace overlay bodice and long puffed sleeves of lace with pearl buttons on the wide cuff. The sweetheart neck and high collar

adorned the gown.

She carried a long cascading bouquet of pink silk roses accented with white baby's breath. Pink and white ribbons tied in love knots hung from the bouquet.

Attending the bride as maid of honor was Dyanne Johnston of Amarillo and Ana Seeders was bridesmaid. Catrina Burrow of Clarendon, niece of the bride, was flower girl, and Nicholas Burrow of Lubbock, nephew of the bride, was ring bearer. The maid of honor, bridesmaid and flower girl all wore tea length off the shoulder, pink dresses and carried small bouquets of blue bonnets and pink daisies.

Best man was Lloyd Burrow, brother of the bride, of Lubbock. The Groom wore a white tuxedo while the best man wore a blue tuxedo.

The wedding was held in the front yard in front of an archway entwined with greenery and big pink bows. A large arrangement of bluebonnets and pink daisies decorated the bird bath in front of the archway.

Following the wedding a reception was held in the parents home. The three tiered cake was lovely decorated by Cheryl Adams of Clarendon. The cake was topped with a bride and groom kissing. The pink and blue roses scolloped around the beautiful white cake with wedding bells between the layers.

Sharyn Schwertner served pink punch while Karla Burrow served the cake. Others helping were Beverly Burrow, Norma Schwertner and Karen Schwertner.

The bouquet was caught by Ana Seeders.

Nelda is employed by Alpha Nursing Care and Darrell is employed at Popeye's Fried Chicken. The couple will live in Amarillo.

MR. AND MRS. MARK DICKERSON

## Anglin-Dickerson vows read

Miss Priscilla Anglin, daughter of Mr. and Mrs. Climon L. Anglin of Memphis, became the bride of John Mark Dickerson, son of Mr. and Mrs. Loyd Dickerson of Clarendon on June 7th. The double ring ceremony which was read at 10:00 a.m. in the Nazarene Church in Clarendon was officiated by Rev. Bill Hodges.

The bride's attendant was Mrs. Vicki Perry of Amarillo and Billy Perry served as best man.

The bride, given in marriage by her father, chose a street length dress of white brocade roses featuring a pink cummerbund. The bride also wore a pale, pink pearl necklace belonging to her grandmother. The bride chose a corsage of small pink

carnations with touches of blue.

The groom was suited in blue with a pink carnation.

Following the ceremony, a small reception presented in shades of pink, blue and lavender was held at the church.

The bride is a 1979 graduate of Memphis High School and a 1983 graduate of Southwestern Oklahoma State University of Weatherford, Oklahoma. She received her bachelor of science degree in Vocational Home Economics Education. Priscilla is currently employed by the Clarendon Independent School District.

The bridegroom is a 1982 graduate of Clarendon High School and at-

tended Clarendon College and West Texas State University. Mark is currently employed as assistant manager of the IGA Foodliner in Clarendon.

Following the wedding, the couple took a honeymoon trip to South Padre Island, Texas. The newlyweds have made their home in Clarendon.

### The Lion's Tale

By GENE ALDERSON

The Clarendon Lions Club held its regular meeting at noon on Tuesday at the Lions Hall. Twenty-eight members and guests were present. Following the regular opening ceremony, Boss Lion Simmons made several announcements and then introduced Terry Woolley of Turkey, Texas. Mr. Woolley is involved with the Texas Independent Artist Association Country Showcase which will be presented at Clarendon College Friday night.

### EMS Activity

Clarendon EMS will have a regular meeting Monday, July 21, at 7:30 p.m. Edie Robertson will have the program. EMS will have their summer party Friday, July 18, at 5:00 p.m. at Jim Sharrar's home. They will have a hot dog supper.

# IT'S JUST LIKE A DIAMOND.

You know it's an imitation. But what about the many people today who have decided they are just like a banker? From stockbrokers to retailers, from credit unions to insurance men, to savings and loans, they all seem to be saying, "You don't need a banker, we'll do just as well." Oh, no they

won't. Because no one else has the banker's hundreds of years of banking experience behind them. Nor do they enjoy the kind of trust that bankers do from the majority of Americans.

So why settle for an imitation when you can have a real banker at our Full Service Bank.

JEAN McANEAR

**Jean McAnear named employee of the month**

Jean McAnear was elected dietary employee of the month for June by her fellow employees. Jean is the wife of Fed McAnear who is a native of Clarendon. They moved to North Dakota for a while returning to Clarendon seven years ago. They have four children, two daughters, Joyce Luehrs of Corpus Christi and Darlene Dune of Ft. Jackson, South Carolina and two sons, Jack of Denver, Colorado and Mike of Clarendon. They have four grandchildren, two granddaughters and

two grandsons. Jean has only been employed in the dietary department of Medical Center for the past two and one half months, but in that short while, has proven to be a very capable employee, filling in for Penny Butts who has been out for a while due to illness in the family. Congratulations Jean on your outstanding job performance. You are an asset at our facility. We are proud to have you as one of the many fine people working at Medical Center.

By VERA JOHNSON

All the residents at Medical Center had a wonderful 4th of July celebration.

The residents and employees wish to thank the Al Morrah Shrine Club for the wonderful barbecue dinner they sent to us for our celebration. It was truly enjoyed by all present.

Also we wish to thank the musicians that came for our music entertainment. J.D. Yates from Memphis played the piano, Creed Smith, guitar, Clarendon and Johnnie Hancock, violin, Memphis.

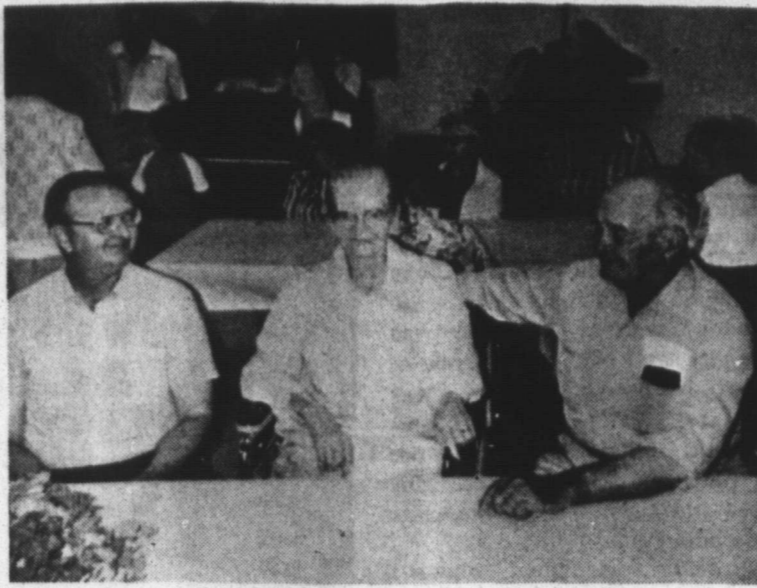

July 8, 1986 was another Happy Time for us, we celebrated 6 birthdays, Bernice More 7-25, 1908, Audry Jones 7-11-1905, Sara Cline 7-1-1914 were not able to attend the party, but Veda Mahaffey 7-22-1924; Clara Annie Ferris 9-11-1902. and

Richard Groves 7-8-1891 were all present.

Everyone present was served cake, ice cream, and lemonade punch. We sang Happy Birthday and made wishes for all the honored ones, Bro. Pinion led us in prayer thanking God for their long lines, and for God's future care of us all.

June birthdays were Eula Joiner 6-12-1903, Archer McMurtry 6-28-1896, Beulah Carlile 6-12-1903. These were remembered too.

We started our transportation program on Tuesday, July 1, 1986. The purpose of this program is to pick up on Tuesday and Thursday, come to the Center to eat lunch and visit, go to the post office before you go home. To date we have not had many to respond. For those of you that need transportation, please call the Senior Citizens Center, 874-2665, for more information.

The Dance Group had a super crowd Monday, July 7th. Only a fair crowd on Tuesday, July 8th. We are looking for a big crowd at the third Tuesday live band dance on July 15th.

The Board of Directors met in regular session on Wednesday, July 9th. The six members present heard the sad news from director Jean Baten that Federal Funds have been cut by 28.36 percent. In order to keep our programs going we are going to need the help of every senior person. We welcome your suggestions and will be talking about ways to live with these cuts and keep our Center open and active.

Our musical jam session Friday, July 11th was a good one. Musicians were Hugh Neuhaus, Jack Davidson, Fred Fortenberry, J.B. Yates, Forrest Denton, Creed Smith, Jerry Chambliss, O.C. Edwards, Truett Behrens, Lucille Smith, Ray Anderson and I didn't feel too good, so I just listened. Thirty-one other folks helped me listen to some really good music.

# Class of 1966 holds reunion

The Class of 1966 held their twenty year reunion on July 5, 1986. Classmates, spouses, children, parents, teachers, and friends met at the school cafeteria from 9:30 to noon for coffee and lots of visiting. We then went to Melinda Moore McAnear's home for more reminiscing and dinner. After dinner, prizes were presented for least changed, Ruby Gillian Amparano and Henry Hermesmeyer; most changed, Dana Gibson Thrasher and Ray Pinkerton; most gray, Linda Hill Roberson and Richard Thornberry; traveled the farthest, Frankie Waldron Armstrong; winners of the 1966 trivia

contest, Sue Hill Pinkerton and Steve Stewart.

Those classmates attending the reunion were Kelsey Banister, Beth Bourland Holtz, Janice Easterling Knorpp, Helen Elliott West, Toza Estes Nelson, Cheryl Fedric Sanders, Roger Finch, Gaylen Frederiksen, Dana Gibson Thrasher, Ruby Gillian Amparano, Judy Greene McMillen, Shirley Hearn Thomas, Don Heiton, Henry Hermesmeyer, Linda Hill Roberson, Sue Hill Pinkerton, Ray Pinkerton, Dwayne Lamberson, Wayne Leathers, Sandra Longan, Marsha Maxey Kirk, Linda McCrary Smith, Melinda Moore McAnear,

David Mooring, Emily Neece Bobo, Leane Risley Thornberry, Richard Thornberry, Sherry Shaw Moore, Cindi Smith Calhoun, Nelda Stepp Savage, Steve Stewart, Frankie Waldron Armstrong, and Annis Windom Stavenhagen.

## Students receive degrees from Texas Tech

More than 1,700 students at Texas Tech University received degrees in commencement exercises at the conclusion of the 1986 spring semester.

Degree recipients with the degrees they earned included two residents of Clarendon: Don Hillis, bachelor of science in agricultural economics, and Raymond Spencer Hayes, bachelor of business administration in finance/real estate.

## Letter to the Editor

Editor,  
I would like to encourage all members of our community to attend the T.I.A. concert at Clarendon College. This concert is a worthwhile family entertainment program. Tickets will be available at the door or at the Chamber Office.

Patricia Leffew  
Chamber Manager

Dear Editor:

I want to take this opportunity to say thanks to all the citizens of Clarendon and Donley County for a very friendly reception on the 4th of July.

I want everyone to know that Clarendon is one of my favorite

celebrations, and I always put it high on my 4th of July events.

Thanks for allowing me to share part of our nation's birthday party with you.

Sincerely,  
Beau Boulter

Dean, Joyce and Wesley Percival of Longview, Mr. and Mrs. Don Jones of Amarillo, Bill C. Pittman of Austin, Keith and Mona Pittman of Amarillo, Jeanie Johnson of Dimmitt, Bill and Jaci Garner, Sky and Brandi of Springlake-Earth, Tandy Lawlis of Abilene and friends, George Geldad and Vickie Mackey of Fort Worth, Richard, Leane and Sethe Thornberry of Lubbock, Steve, Christine, Seth and Tiffany of Edmond, Oklahoma, and Rhonda Fox of Amarillo. Clarendon visitors were Carl and Roberta Pittman, Michael Sanders, Chauncey and Ann Hommel, Gene and Doris White, Janice Knorpp, Cinda Courtney, Trey and Liza, Elmer and Edna Dishman, Jenks Boston, Corky Garner, Janie Fich, Mary Kay Mills and June Topper.

### LOCAL

Those helping Rex and Judy Anderson of Clarendon and Quitaque celebrate the 4th of July and Texas Sesquicentennial Parade were special guests, U.S. Congressman Beau Boulter of Washington D.C. and Amarillo and his aide and Amarillo headquarters manager, Ernie Houdashell. Other out of town visitors enjoying the festivities were Judy's cousin, Jim Adkins, from Portland, Oregon, Dr. Keith Dishman of Dallas and his sister, Jo Adams of Singapore, Mrs. Ellen Lawrence and Justin of Amarillo,

## Richard Groves celebrates 95th birthday

Mr. Richard F. Groves, a resident of the Medical Center, celebrated his 95th birthday July 8, 1986. He previously resided on a farm close to Stinnett for many years. He has been a resident here since October 1985, at which time his precious wife, Nora, went home to be with the Lord. The wonderful and caring staff at the Medical Center have all been so kind and Mr. Groves, as well as the family, all want to publicly thank

each and every one of the staff members. He received many cards, calls, and presents, all of which helped contribute to such a memorable occasion. The greatest birthday gift he received was the presence of many friends and loved ones who spent his birthday with him. The Lord has richly blessed Mr. Groves with 4 children still living, 17 grandchildren and 23 great-grandchildren.

## Green Thumb helps local person return to work

People often feel that having reached the golden age of sixty-five or older it is time to retire from all those long years of working and relax from here on in. However, with today's medical advancements and nutrition awareness people are living longer which also gives them many more years of productive energy, experience, and wisdom that can be put to use for the benefit of the individual and the community. Texas Farmers Union Green Thumb believes that there is no real retirement age. The ability to work and be a productive citizen is still a part of any individual's sense of self-worth. Those past the age of 55 or older would rather be working than sitting at home or just traveling around on their retirement funds which for the majority of elderly is very low.

Green Thumb was founded to help elderly people over the age of 55 with low income to return to the work force. An applicant must be 55 or older, meet income guidelines as set by the Department of Labor and physically able to work. Green Thumb interviews the applicant as to their interests and job skills, then a worksite is located to suit the

individual enrollee. An eligible worksite must be for the Green Thumb program, a non-profit community service organization which can use the extra help from the enrollee and has the work available in that particular workers skills.

The work is paid by Green Thumb for approximately 21 hours a week at minimum wage. The day to day supervision and work duties are assigned by the worksite supervisor. Green Thumb enrollees do a variety of jobs: nursing aides, school aides, museum aides, day care centers, cooks, clerical help, maintenance of city parks, weatherization, carpentry, librarians, city, state, county office or various departments, senior center, van drivers and many more.

Many organizations which have a Green Thumb enrollee are very pleased with their worker. They are competent, punctual, willing to give advice as well as take it. The best compliment most workers are given by their sponsors is that the worker can be left to his job with very little supervision and the supervisor does not need to worry whether or not the job is done right. The know it is. Many sponsors will eventually hire the Green Thumb on their own payroll because of the good work they receive from the worker. This is one of the major goals of the Green Thumb program. It is hoped and worked for that the enrollee will eventually find a better paying job or better hours with their host agency or

another employer and so resign from Green Thumb. In doing so this allows another slot to be opened up and for another elderly worker to gain the same benefits and a chance to find a job also.

This chance to have a better job off the Green Thumb program has come to Jean McAneer of Clarendon. She enrolled on the Green Thumb program in April and was placed to work at the Donley County Medical Center for extra help in the kitchen. She has done such a fine job that Billy Ray Johnston of the Center has hired her to continue at a higher rate of pay. Lenora Karnes also a Green Thumb enrollee for two months, has been hired by the Medical Center. They are "two fine assets to the center" stated Billy Ray.

Jean McAneer is the third child of William and Mildred (Green) Nelson. She grew up working on her dad's farm near Floydada with her two sisters and a brother. After graduating from high school, she attended Leepers Business School in Plainview. After about a year as an office worker at the Phillips plant in Borger, she returned to Plainview where she met her husband Fed McAneer in 1947. They have four children - two boys and two girls, and now four grandchildren.

For the most part of their lives, the McAneers lived in North Dakota where fed worked in the drilling and production business of Hunt Oil

Company. Jean worked at many places doing mostly office jobs and restaurants. She says she enjoys working. It is necessary for oneself. I like to work because it is an outlet from home and a chance to be with other people and meet more friends. She says that she feels this particularly after Fed retired and they moved back to Clarendon where his family lives and the children were grown and moved out on their own. Before joining Green Thumb, Jean was the credit manager at Texas Saddlery in Clarendon. She enjoyed the work very much. She had even taken a computer course, mostly an introductory course, to improve her office and bookkeeping skills. Some time later, after the Saddlery had to cut back, she learned of Green Thumb and applied. Jean is very appreciative of Green Thumb because it helps others get back into circulation of working again, like it did for me. Without Green Thumb I may not have gotten this job here at the Center which I like very much."

Although Jean is in the younger age category of Green Thumb enrollees, her attitude toward work is typical. Work because it makes one feel worthwhile and of course, it does help financially. To any employer looking for a fantastic worker, hire an older worker. Remember, "Ability is Ageless."

### Ashtola - Martin News by Naomi Green

Lily Knox was in Oklahoma City for the Fourth of July at Rev. Frank Braugh and Christine Braugh's home for a reunion of the Knox girls. Charline was there from Washington State and Billy Jean from Dallas.

LaRue Pittman of Amarillo and Louise Shadle of Clarendon flew to Globe, Arizona to attend the funeral of a relative, Bill Voyt. Che stayed with Tom.

Terry and Dusty Tittle returned home to Canyon with the roofing job at Buster's not quite finished. They had some real heat and winds to work around.

Bud Brown of Groom will be buried Wednesday at the Baptist Church at Groom at 10:30 a.m. Our sympathy is extended to the family.

Mr. and Mrs. Bob Anderson of Dublin, Texas and Mr. and Mrs. Bernie Smith and Stephanie, Mr. and Mrs. Doyle Brazille, Roberta and Jamie Kime and Angie Gable all of Amarillo and Mr. and Ms. Rudy Partain, Ricky and Roddy of Panhandle were guests at suppertime at the Robert Partain home. The family had gathered for the weekend to celebrate the 81st birthday of twin sisters Mrs. Aubry Anderson and Mrs. Audrey Jones of the Medical Center Nursing Home. The party was at the Nursing Home. Doyer Joiner was a local guest.

The Green family reunion was held at Greenbelt Lake Sunday. Patricia, Jerome, Elena and Jennifer Doerrie of Booker flew enroute to Weatherford, Okla. where the girls will both attend a band camp this week. Margaret, Ben and Morris Green came from Montrose, Colo. Lori, Robin and Rodney came from Amarillo. Pauline and Matthew came from Lubbock, and Joe Green came from Canyon. Frankie and Billy Jack attended from Umbarger. Sherry Bezner, JoAnn and Bryan, LeAnn and Cynthia attended from Union City, Okla. and Terry, Kelories, Denna and Jodie came from Lamesa. Charlotte Payne and Beth Watts and "Hoss" came from Fritch. Local Greens were David, Clint and Lindsay along with Katherine as soon as she returned from the wedding in Corpus Christi, H.A. and Naomi and Larry and Jason. Steve Haire and Adam of Pampa were also guests. High winds and heat did not dampen the enthusiasm for water, fun and food.

Joe Green of Canyon and a great grandson who won first in the best built wood care at the derby Saturday and he was second fastest car. Clint Hester is the grandson of Billy Jack and Frankie Green and the son of Sue Hester of Amarillo.

Mary and Christel Green attended the Quivera Council Girl Scout Board Meeting and swimming party for the girls at Camp Cibola Friday night.

Mr. and Mrs. Gene Grimland of Amarillo and their granddaughter Amy had breakfast with Warren and Ruby Jewel Hardin enroute to visit with Mr. and Mrs. Richard Dingler Tuesday.

# Watt's Happening in Hedley

by Peggy Watt

Arthell and Velva Gibson spent some time last week with her father, Walter Johnson. He spent a night in Hall County Hospital, but wasn't seriously ill. The doctor told him he had arthritis. Don't we all.

My niece, Lisa Mullins of Amarillo visited during the weekend. She went camping with Leon and Linda. They made it into a sort of cousin's party. They were joined by Langly of course, Su-San, Bill, Steve, and Danny Mullins. Tony and Tommy Clendennen of Amarillo also joined them. They spent Friday and Saturday nights at Lake McClelland. We visited with Lisa at Mother's house Sunday afternoon. She came down to the house with Fred and Guy to see our horses. There might be a teenaged girl somewhere in the world who giggles more than she does, but I haven't met her yet.

Kay Miller and Sidney Ketchum of Amarillo visited her parents, Roy and Juanita Brown last week. They also visited with Roy Jr. and Sue Brown, Susan and Cindy and Helen Crump, Karen and Kim.

Inez Bland is home recuperating from recent multiple by-pass surgery in High Plains Baptist Hospital in Amarillo. Her daughters, Phyllis Black of Red River, New Mexico and Shirley Hutcherson of Queen Creek, Arizona came to be with Travis while she was in the hospital.

Etta Mae Cherry went to Amarillo to the doctor last week. Her granddaughter, Teressa Carter, Kathryn and Sarah from Canyon came and took her to the doctor. She spent two nights with the Carters then went to Amarillo to Lynn and Ginnie Cherry's home. They brought her home Friday. Royce and Sis Crisler of Midland visited with her Sunday.

Pick Cox went to the doctor for a check-up Tuesday and got such a good report that he returned to Stinnett to go back to work. Laqueta and Mrs. Amelia Holly went with him to spend a few days but had to return early. A tornado blew the roof off their barn. It also damaged the barn and well house of Bob and Dolores Hodge. I understand Bob was surprised when he started home and discovered his barn roof scattered across the highway. Several people had wind damage, but the Coxes and Hodges fared the worse. Part of the roof was blown loose on our barn. Fred was able to repair it without too much trouble. I personally thought we were going to wash away. We got about 3 1/2 inches of rain in about an hour. Every water gap we owned went out. The road was washed around pretty bad, too, but Kenneth and T. got it put back in shape Friday.

Gene Howell, Billy and Mechelle of Dallas visited with her mother, Mrs. Gladys Howell during the weekend.

Ruth Davidson of Amarillo visited with her brother, Woodrow and Ora Pearl Farris Sunday. She came down with their grandson Shane Farris.

S.J. Jr. and Kevin Johnson spent several days last week in Amarillo with Roger and T.A. Reynolds. Gail has decided they've taken their last vacation alone.

Lora Chate of Plainview is visiting with her sister-in-law, Mrs. Nora Hartwell. I hope Mrs. Hartwell doesn't work her to pieces. She told me she intended to can peas, beans, squash, and anything else she could find to can. Charles and Opal Perez of Amarillo visited with them Sunday.

Beulah Hall went to Childress with her son, Gene Sanders, of Amarillo to visit with her granddaughters, Dale and Renee Young, and J.C. and Lisa Sanders last week. It doesn't seem possible Renee is old enough to be married with a 2 year old child. I guess she is, though. My daughter is old enough to be married, if she'd just do so.

Sis and Kendra Martin both had birthdays last week. Kendra was 5 years old. She told her mother that a pair of shoes which had been too big the day before, now fit. Matt and Kendra brought me 2 beautiful rocks from the river in the mountains. Marty and Sis and the little ones spent two nights at Red River. Matt invited me to go with him.

Faye Naylor went to Amarillo Wednesday and took Tara home. Geneva and Roberta Dowell the 6th anniversary of The Cakery with a party at the Country Square Dinner Theater. They enjoyed Patrick Wayne and Marisa Wayne in Alone Together. She returned home Saturday and brought Jamie with her.

Sam and Flora Sanders and part of their family vacationed in Arizona recently. James Edward and Timber Lee Potts and James Lee and Nancy Woodard, Rachel and Christina were joined by Terry and Delores Simpson, Jody and Deena of Snyder, Charlie and Betty McGuire and Michael of Amarillo for the trip.

Tracy Sanders met them in Arizona. Sam told me he enjoyed the trip, but the next time he was going to stay closer to home.

Blackie and Shirley Johnson are home after spending a few days in Red River. Rex Christie minded Hedley while Blackie was gone. I guess he took pretty good care of the town, nothing seemed to be changed when Blackie got back.

T.E. and Faye Naylor visited their Clarendon children Sunday. They spoiled Jared for Texas and Linda. You know how these grandparents are. No grandbaby is immune from spoiling.

Suzie Mills and Jordan and Keith and Cindy Henderson and Kerri of Childress visited their grandmother, Flossie Wood and Jane Sunday.

John and Wendy Cain, Jason and Jimmy Don of Amarillo visited with their grandparents, Bill and Juanita Waddell recently.

Tim and Jody Wigginton, Felicity and Joe of Wellington visited with her parents, Clyde and Mildred Hoggard Friday night. Mildred's niece, Rich and Mary Roberson, Karen, Jake, and Ellen of Panhandle visited Sunday.

Walter Johnson attended the rodeo at Pampa Saturday. He spent the night with Arthell and Velva and came home Sunday.

Marty and Sis Martin are remodeling and building on to their house. They have new paneling in the living area and are adding several new rooms. Matt told me he wasn't going to have any stairs, though. He likes to come to my house so he can go upstairs. Sis is smart not to build stairs. There are 19 steps to the top of mine, and they can get plenty long when you have to climb them 20 or more times a day. The next house I build it's not going to have one step! Actually, I'm very pleased with my house. I like it just the way it is. I let the boys do most of the stairs climbing.

A young couple from Colorado had a blowout on their motorcycle at Giles last week. Doug and Jim Owens came along and took them to the emergency room at the hospital and stayed with them until the doctor decided they could leave. Then Doug and Jim took them and their motorcycle to Amarillo where they could get it fixed.

I don't know about anybody else, but I'll be glad when the highway between Hedley and Lelia Lake is completely repaired. The north lane of traffic is narrowed to only one lane of traffic and there are 40 mile per hour signs posted all along the way. I have not seen a highway patrol on the road since it has been under construction. Very few vehicles travel at 40 miles an hour. In fact, if you do, you're apt to get

run over. One day last week, there was a recreation vehicle ahead of me that was going about 40 miles an hour. Two pickups and an 18 wheeler passed us on the right hand side, then pulled back so soon, they almost hit him. My hair almost finished turning white. I wish someone would enforce the speed limit before there's a bad accident.

## Support sought on mail order taxes

Rarely does a government revenue measure come along that is both good for business and good for government.

But, I firmly believe that we have just such a rarity in H.R. 5021, federal legislation proposed by U.S. Representative Jack Brooks of Beaumont, to require the big national mail-order operations to collect and remit state sales taxes," said Bob Bullock, Comptroller of Public Accounts.

Texans spend more than \$3 billion a year on mail-order goods—from catalog sales to the TV ads with their toll-free "800" numbers.

We are losing \$100 million a year on mail-order goods. All other states are losing, too.

And, your hometown merchants are losing. They are paying taxes at home, taxes to the state—and trying to compete with an out-of-state firm, that starts off with a five percent unfair advantage.

"Congress will not act on Rep. Brooks' bill unless there is a lot of hometown support, and, frankly, I

want you to help me drum up that support," stated Bullock.

There's a lot of talk in Texas now about broadening our tax base. Bullock suggest that mail-order goods is the place to start. Simply, \$100 million a year is a lot of money for your state—and, \$3 billion a year in sales is a lot of competition for your merchants.

## HANK'S HANKERINGS

What happens to DWI offenders in other countries?

Australia: The names of the drivers are sent to the local newspapers and are printed under the heading - He's Drunk & In Jail.

Malaya: the driver is jailed; if he's married, his wife is jailed, too. Turkey: Drunk drivers are taken 20 miles from town by the police and forced to walk back under the escort of police.

England: One year suspension and \$250 fine and jail for one year.

Norway: Three weeks in jail at hard labor; one year loss of license. Second offense within five years, license is revoked for life.

France: Three-year loss of license, one year in jail and \$1,000 fine.

Bulgaria: A second conviction results in execution.

El Salvador: Your first offense is your last! Execution by firing squad!
