She and her husband, Marva Lee, have five grown children, all have graduated from Clarendon High School and four have attended Clarendon College. Marva Lee is a farmer and rancher.

## Snow, snow everywhere you look there is snow

Websters says a Blizzard: is a violent windstorm with driving snow and intense cold, a widespread and heavy snowstorm.

That description can easily fit the Donley County area Monday, when about mid-morning, it began to snow, the wind whipping the flakes, until it almost seemed like they were falling in circles.

Highways quickly became hazardous and hundreds of travelers lined the ditches, trucks jack knived blocking the roads, the Texas Dept. of Safety by mid-morning had closed Highway 70 from the intersection of 287 going to I-40. Highway 287 was closed Ashtola to Claude.

Travelers ignored road blocks, going around them and continued on until they became stuck, and had to

be pulled out, turned around or had to be transported back to Clarendon.

The motels quickly filled to capacity, most of the cafes on the west end of town had standing room only. The Dairy Queen had intended to close early, but by 4 p.m. some 150 people crowded in and stayed until the roads were open about 8:30 p.m. Most of the time there was standing room only.

Parking lots at the Dairy Queen, Shop-A-Minit, Allsups, Gibsons, and any place there was room were full of cars, motor homes and 18 wheelers. Clarendon opened up their hearts, homes and pocket books to help the hundreds of stranded travelers.

## Hedley CISD Board and City

There are four positions open on the Hedley CISD board, and they have five candidates. They are Cary Don Neely, Carol Ward, and Ben Carson, all three are incumbents and Nancy Stephens and Gwan Wilkin-

son. Three places are open for the city offices, and five candidates have filed. They are Nancy Mullins, V.C. Waddall, Otis Holland, Bill Hill and twenty applicants.

The Press has printed some background information on the Clarendon and Howardwick candidates running for School, City and Hospital boards, in this weeks paper. We do not have this background information on all the Hedley candidates, and will run them in the April 2 issue. Due to the Blizzard our telephone was out part of the time, but this information will be in next weeks issue.

## Attention Bronco mothers

Bronco Mothers will meet Monday, March 30th at 5:30 in the school cafeteria. This is to plan All Sports Banquet. It is very important for all mothers to attend.

LOOKED ALMOST LIKE Christmas as blizzard snow covers cedar tree.

## City seats to be filled

There are two city seats to be filled in Clarendon, two in Howardwick and three in Hedley. Howardwick and Clarendon will elect a mayor.

Candidates in Clarendon are Benny Osburn, Homer Bones and James Thomas.

**Benny Osburn** has lived in Clarendon most of his life. He attended Clarendon schools before going into the service. He works for the Texas Highway Department, and coaches a little league team and is a volunteer fireman.

He and his wife have one son.

**Homer Bones** moved to Donley County in 1920 with his parents. He has served a term on the city council in the late 50's. He owned and operated the Homer Bones Garage until his retirement in 1981. He is a member of the Methodist Church

## General meeting Monday in school cafeteria

Due to the bad weather the general meeting Monday, March 23 was cancelled. It has been rescheduled for Monday, March 30 at 7 p.m. in the Clarendon School Cafeteria to discuss plans for remodeling the old college and high school building, in order to make more class rooms and an auditorium.

The architect will be there to explain the plans and answer any question. This meeting is being called in order to get input from the public.

Everyone is invited to attend this meeting.

## Gospel Concert at Triple C Center

There will be a Community Gospel Concert at Triple C Center Saturday, March 28th at 7:30 p.m.

Sharon Mays will be in charge of the program. Sharon has recently made an album. She will be singing at the concert along with some of your favorite local singers.

Richard Grisham, Gary English, Jeannie Mondragon, Johnny Jara-

and he and his wife Viola have 2 grown children.

**James Thomas** is a CHS graduate, attended Clarendon College, Hardin Simmons University and West Texas State University. He is a Eagle Scout and is the Scout Master for Troop 433, he is a volunteer fireman. He is a member of First Baptist Church where he sings in the choir, and is a member of the mens quartet. James is employed by the Texas Highway Dept.

Con't page 10

## Howardwick openings

Howardwick has two openings for City Councilman. Only two men filed for these two positions, they had an opening for mayor but none filed for mayor.

**Bill Britten** and Lawrence Whitehead are the two candidates for councilmen.

**Bill Britten** graduated from Groom High School, he engaged in farming and the construction business until he purchased Syd Blues Package Store 4 years ago. He and his wife Dorothy have 8 children, they have a son, Russell attending Clarendon College and a daughter Becki who is a Freshman at Clarendon High School. He has served one term on the Howardwick Board.

**Lawrence Whitehead** is also running for Donley County Hospital District Board of Directors. Background on Lawrence is listed in the hospital information.

## Election time draws near

April 4 from 7 a.m. until 7 p.m. will be election time for Clarendon and Hedley schools, Hedley, Clarendon and Howardwick cities and the Donley County Hospital Board.

You may vote in Clarendon for school and hospital at the Clarendon Administrators office, and the City at Clarendon City Hall. In Howardwick you may vote at Howardwick City Hall and in Hedley at the Lions Club.

There are two places open on the Clarendon CISD board and there are six candidates.

The candidates are: Todd Knorpp, Pam Fletcher, Mary Ann Slavin, Suzy Hall, Stanley Altman and Fred Clifford.

**Todd Knorpp** is the incumbent, he has served one 3-year term. Todd is also president of the school board. He is a lifelong resident of Clarendon, graduated from Clarendon High School, has attended Clarendon College, Amarillo College and the University of Texas.

Todd is a partner in the Knorpp Insurance Agency, and is vice-president of the Clarendon Lion's Club. He and his wife Donna have three daughters in the Clarendon School System.

**Pam Fletcher** graduated from Coronado High School, Lubbock, she attended Southern Methodist University with the intention of becoming a Certified Public Accountant. She is currently deputy county treasurer. Pam is a member of Xi Lambda Xi Chapter of Beta Sigma Phi and is serving as president of La Beau Art Club. Her husband, Alan is a rancher and they have one son who attends school in Clarendon.

Pam stated "I will strive to obtain the best education for our children to prepare them for life. Would work to keep taxes low and get the upmost benefit out of our tax dollar."

**Suzy Hall** is a graduate of Wheeler High School, she and her husband James have lived in Donley County for 14 years. However, James was raised in Clarendon and has lived in the county for about 25 years. Suzy is a member of the Methodist Church where she serves as coordinator for Childrens Ministry, is a Junior Youth Group Leader and a member of the

Edith Ballew Circle. She is a vice president in the 4-H Leaders Association and is manager of the 4-H Pins N Pans Club.

**Fred Clifford** is a life long resident of Clarendon. He graduated from Clarendon High School, West Texas State University, and is a veteran. He is president of the Citizens Cemetery Association. He was in the grocery business with his father and then his brother for many years, they owned Cliffords Grocery. At the present he is a car salesman at Chamberlain Motor Co. He and his wife Connie have two daughters, one a senior in Clarendon High School and the other a junior at Texas Tech. Fred stated, "I appreciate your vote, and will do my best if elected to the board."

**Mary Ann Slavin** is a graduate of Coleman High School, graduated from Angelo State University Magna Cum-Laude with a BA in Government. Graduated from Texas Tech University School of Law with a Doctor of Jurisprudence. She is a member of the Episcopal Church, Family Life Committee, Women's Golf Association and a practicing lawyer. She and her husband Pat, also a lawyer owns Slavin Law Firm.

They have four sons, three of them are attending Clarendon schools. Mary Ann stated, "I have no allegiance to any faction in this community and feel that my representation will be fair and impartial. My education and business experience qualify me in the areas of research, problem solving, communication and an understanding of the law. My primary goal is to unify the community, the students and the school in an effort to further the education of our children and prepare them for the future.

I encourage everyone to vote and, of course, I prefer they vote for me. Thank you for your support."

**Stanley Altman** is employed at the Soil Conservation office. He is a graduate of Estelline High School and attended Clarendon College. He and his wife Carolyn have two daughters, both students at Clarendon. The Altmans have lived in Donley County for 6 years. He works with the 4-H and Little League.

## Calvary Baptist Youth Rally

The Calvary Baptist youth department here in Clarendon, will be going to a youth rally this Friday night, March 27th. The bus will be leaving the Church parking lot at 4:45 p.m. to go to Clinton, OK. The rally will be at the Tabernacle Baptist Church in Clinton. We would like to invite all area teenagers to go to the rally.

At the rally there will be a special singing by Ted Inman, from Berger, Tx. They will also be showing the film "Dead Wrong". This film is a story of John Evans III. John Evans came from a loving, caring family. He had every advantage. But something went wrong...

## DONLEY COUNTY SENIOR CITIZENS

Caring People...A Lamp to the Community

We had a real pretty dining room on March 17th. Eda fixed it in white and green with lots of four-leaf-clovers and green steamers for St. Patrick's Day.

Carmen had thirty-four come for the Blood Pressure Clinic on Tuesday, March 17th. She will be back on April 7th.

The cold wind blew --, but it didn't stop the Third Tuesday Dance at the Community Building on March 17th. Had a real good crowd, people from all areas of the Panhandle were here to enjoy dancing to the music of Melvin Srygley and the Offbeats.

Thanks to Barney for the beautiful roses, Robert C. Jones and everyone at the Center for Birthday greeting last Wednesday. Thanks for all the pretty cards - you have a way of making me feel great -- I love you all. Game night was better this week. Had three tables busy on Thursday, March 19th.

### Bob Bullock sent checks

State Comptroller Bob Bullock sent checks totaling \$49.9 million in local sales tax to 1,038 cities that levy the one-percent city tax. Bullock said that 1987 payments to date were down 6 percent as compared to payments to date made in March of last year.

### 4-H News

If you enjoy helping kids learn, watching kids grow in self-respect or maturity, or just need away from the house, then we need you.

Our 4-H Club has continued to grow in number of children but we seem to always need more volunteer leaders. The hours are flexible and the rewards great. There is no greater joy than watching a child's eyes light up as a idea or method takes form in their minds. And no greater feeling to know that you have in some way been a part of it.

If you have one hour a week or only one hour a month it would be well spent. Please help us to make the Donley County 4-H clubs the best they can be.

Whatever your interest we have a club for you. We have the Pins N Pans Club which includes all the clothing and food projects, the K-9 Korp which is the dog training, and the Rack, Tack and Tails which includes the rifle and livestock projects.

Please call for more information. Call Terry Floyd at 874-2141 or any 4-H leader.

## Screening project offers chance of a lifetime

One in ten American women will develop breast cancer at some point in her life, an all-time high in incidence of this disease. This is the first predicted increase in breast cancer incidence since 1980, when the American Cancer Society's estimate rose from one in 13 to one in 11 women.

Early detection is a woman's best defense against breast cancer. The Society is initiating a major new effort this spring to educate women about the three methods of early breast cancer detection: self-examination, physical exams by a health professional, and mammography.

In conjunction with this national ACS effort, physicians and health professionals are joining the Texas Division in launching the 1987 Texas Breast Screening Project.

For a limiting period this spring, hospitals and clinics throughout the state will offer screening mammograms for a cost of no more than \$50. This is about half the usual cost of the examination which is a low-dose x-ray of the breast.

Mammography can detect cancers that are too small to be felt by even the most experienced examiner. With an accuracy rate of about 90 percent, mammography can detect breast tumors while they are still microscopic in size -- before the cancer has spread and when the chance for cure is greatest.

Screening mammography, that is, a mammogram given to a woman with no symptoms of breast cancer (a suspicious lump, nipple discharge, breast dimpling), is not covered by most medical insurance plans.

During the project, asymptomatic women 35 or older who have not had a mammogram during the last year and who are not pregnant or nursing a baby will be eligible for the low-cost mammograms.

The ACS recommends one screening "baseline" mammogram for women between the ages of 35 and 40, and then a mammogram every one or two years until age 50. After age 50, annual mammograms are recommended. Women with a personal or family history of breast

cancer should consult their physicians about how often they should be examined and have a mammogram before age 40.

We encourage you to take advantage of the opportunities offered by the Texas Breast Screening Project to learn more about protecting yourself, your family and friends from breast cancer. Call your local ACS office for more information about the project, participating facilities and early detection of breast cancer.

## Friends of Planned Parenthood Luncheon April 3

Education is one of the most effective weapons in fighting the battle with teenage pregnancy. While many of us believe sex education should start in the home, statistics show some parents may need help.

The Friends of Planned Parenthood Board of Directors is excited to provide the Panhandle an opportunity to learn about legislation which may help turn the tide. The Honorable Lena Guerrero will be the guest speaker at the Friends of Planned Parenthood Luncheon scheduled for Friday, April 3, 12:00 noon, at the Amarillo Country Club. Tickets are \$15.00 per person.

Leno Guerrero is a second term State Representative from Austin and only the second Hispanic woman to be elected to the House of Representatives. She is a member of the state Affairs Committee, a powerful committee overseeing all legislation dealing with state policy and administration, the Government Organization Committee, the Sunset Committee of the House, and is vice-chair of the Rules and Regulations Committee.

Representative Guerrero has authored and introduced three important pieces of legislation dealing with prevention of teenage pregnancy and mandatory family life education in Texas schools. This legislation and its effect will be her topic at the luncheon.

These are very timely topics as we are constantly confronted with information about the epidemic of

teenage pregnancy and the effect this dilemma places on society. Much comment has been made recently on the need for family life education in

the schools as a result of the rising incidence of AIDS.

The Friends of Panhandle Planned Parenthood Association is a support group dedicated to the promotion of better quality life in the Panhandle through the programs and goals of Planned Parenthood.

The Friends Board chose Representative Guerrero and these topics in an effort to provide information about issues that touch the lives of many Panhandle families.

## Highly-erodible land enters CRP

During the fourth signup period for USDA's Conservation Reserve Program (CRP), 102 Donley County farms volunteered 12,722.7 acres of highly-erodible cropland for entry into the program. USDA accepted bids from 64 farms that offered 8,776.1 acres of land, according to Edwin J. Campbell, County Executive Director of the Agricultural Stabilization and Conservation Service. An additional 37 farms with 3,917.1 acres offered have not been accepted or rejected pending a determination from the Washington D.C. Office.

This signup period, combined with the first three, brings the conservation effort thus far to 23,340.7 acres. Campbell said the rental rate payments bid on each contract will compensate farmers for retiring

highly-erodible land from crop production Land entered into the CRP will be ineligible for farming for 10 years and must be planted with permanent vegetative cover.

The program allows each farmer to receive up to \$50,000 per year, based on bids per acre and the number of acres under the 10-year contract. Rental payments will be made annually as soon as possible after October 1 to producers with approved contracts. Cost-sharing payments will be made as soon as possible after individual participants report the approved conservation practice is completed.

The Conservation Reserve Program was initiated to conserve eroding cropland and help adjust the production of surplus agricultural commodities.

## Watt's Happening In Hedley

by Peggy Watt

There isn't much Hedley news this week. My dad, Moon Mullins, was taken to Childress General Hospital last week. He's suffering from a heart attack, pneumonia and various other ailments. T. and Nancy and Fred and I have been taking turns going to Childress to be with him.

Leon, Linda, and Langly came from Lueders Friday evening and spent the day Saturday with him. Su-San and Guy have been down several times.

I spent Saturday, Sunday and part of Monday in bed. Don't know if my blood sugar was up, if I had a virus, or was just lazy. Anyway I felt bad. Fred cooked breakfast for the boys Monday morning.

Thunder came Saturday and brought his friend Tammy to meet us. I guess he told me her surname, but I've forgotten it. They both work at High Plains Baptist Hospital.

Garroll Wayne Woodard was recently named to the President's Honor Roll at TSTI. He had a 4.0 grade point average. Carroll is the son of Bill and Carolyn Lowe of Hedley.

Neva Lewis has been selected by the nursing faculty for Outstanding Second Year Nursing Student at Midwestern State University.

Mrs. Lewis, who will graduate May 9, will be a Registered Nurse upon completion at MSU.

She started work with the Quannah hospital in 1974 as a licensed Vocational nurse. She has worked in the surgery unit since June 1975.

Neva Lewis and her husband Max have two children, Eric and Karah. The Lewis farms in the Kings High Community, where the family resides.

Neva is the daughter of Mr. and Mrs. Red Hill of Hedley.

Mr. Collins and Mr. Hill accompanied the Jr. Hi track team to the track meet in Quannah Saturday March 21st.

In the boys events Curtis Neeley, Jesse Gilbert, Mark Glover, and Kevin Johnson won 4th place in the 400 meter relay.

Curtis Neeley-1st place Shot put; Mark Glover-1st place 300 m. low hurdles; Curtis Neeley 3rd place 300 m. low hurdles; Jesse Gilbert-4th place 400 meter low hurdles; Jesse Gilbert-5th long jump; Mark Glover-6th 100 m.; Curtis Neeley-5th place 800 meter.

In the girls events Amanda Ward, Tylena Bright, Shawna McCrary, and Tanya Holland won 5th place in the 400 m relay.

Tanya Holland-4th 100m; Shawna McCrary-6th 100 m low hurdles; Tracie Shields-4th 400 m, Tracie Shields-4th 800 m; April Bramblett-5th discus; Amanda Ward-4th Shot put; Becky Gough, Tylena Bright, Shawna McCrary, and Tanya Holland-4th 800 meter relay.

Others attending the track meet were Shanna McCrary, Jason Wiggins and Stephen Carson.

Mrs. Noble will take Scheli Holland, Tina Shields, and Cheryl Glover to District UIL Literary contest at Motley County High School on Friday, March 27. The contest starts at 9:00 a.m. They will probably be gone most of the day.

The FFA judging teams will travel to the Clarendon contest March 28. Mr. Pickard will accompany several teams.

Mr. Hill and Mr. Collins will accompany Shellee Slover, Derenda

The Clarendon Press, Thurs., March 26, 1987  
Haire, Carol Glover and Terry Moore to the track meet in Miami Saturday, March 28. The bus will leave at 7 a.m.

The Junior High UIL Literary events will be held in Hedley on March 31st.

This years competitors are as follows: Picture Memory-Aleisha Ralph, Christina Schwertner, Rachel Woodard, Daphina Haire and Robbie Longan; Spelling Elementary-Angie Longan, David Neeley and Amanda Ward; Number Sense Elementary-Stephen Carson and David Neeley; Number Sense Jr. High-Jason Wiggins and Curtis Neeley; Spelling Jr. High-April Bramblett, Tanya Holland and Jennifer Hill; Story Tellers and Elementary Ready Writers have not been selected yet; Elementary Oral Reading-Amanda Ward, Shanna McCrary and Shawna McCrary; Jr. High Prose Reading-Jennifer Hill; and High School Typers-Cheryl Glover, Tina Shields and Shellee Slover.

## Etta Mae Cherry celebrates 84th birthday with family members

The children and grandchildren of Etta Mae Cherry met in the home of Jim and LaNell Barnett in Vernon on March 7th and 8th to celebrate her eighty-fourth birthday.

After lunch on Saturday Bonnie Cherry entertained the group by reading the "Watt's Happening in Hedley" column from The Clarendon Press.

At five o'clock everyone climbed into their decorated cars and held a parade through downtown Elmer, Oklahoma. Elmer is the birthplace of

## District 6-A All-District Basketball players

The coaches of Region I District 6-A met recently to select the All-District Basketball teams. Those chosen from Hedley on the girls first team were Carol and Cheryl Glover.

Carol and Cheryl are juniors at Hedley High School and are the seventeen year old daughters of Ron and JoAnn Glover of Hedley.

Named to the boys first team was Keith Watt. Keith is a senior at Hedley School. He has lettered in basketball all four of his high school years. Keith plans to attend Clarendon College after graduation. He is the son of Fred and Peggy Watt of Hedley.

## U.I.L. One-Act Play winners

The Hedley One Act Play cast presented "Quiet Please" by Howard Bauermann in District Competition in Paducah Friday, March 20. "The cast did super," said Mrs. Springer. "They all worked so well together especially to not have more experience than they did. I can't wait until next year will be ten time tougher. Steve Mullins received an All Star Cast award and Calvin Holland and Anthony Carson received Honorable Mention awards. I was so proud I could have burst. There are no losers in OAP. The performance my kids gave was definitely winning material, Guthrie and Valley were just better, that's all."

If you now live or have ever lived in or know someone who has lived in Donley County, especially Hedley, Giles, Rowe or McKnight we would like to have your or their name and address.

We need them for the Donley County History Book that is now being prepared.

# Donley County Unit of American Cancer Society meeting

Meeting in the Hospitality Room of the First Bank and Trust of Clarendon, the Donley County Unit of the American Cancer Society held its first meeting for this year on Monday, March 2.

President Genevieve Caldwell called the meeting to order and welcomed guests Ruth Hancock, Betty Bell, and Turner M. (Tim) Caldwell, III, M.D. Helen Estlack read the minutes for the previous meeting; and Kay Hayes, chairman of the Education Committee, reported that information kits had been distributed to science teachers throughout the county who will be passing the information on to their students in the near future.

A.R. Henson, Chairman of the Services and Rehabilitation Committee commented on efforts of the local unit to aid county cancer victims; and Dr. Gilkey, Medical Director, reported on some of the recent cases which had been diagnosed. President Caldwell announced that Y.A.C., under the guidance of Donna Knorpp, would be holding a fund raiser in the very near future.

Chairmen of the upcoming Donley County Cancer Crusade were introduced. Jeff Walker will be conducting the Bike-a-thon in May; Naomi Phelan will head the drive through the residential district; and Ruth Hancock will be in charge of the business district. A meeting for all crusade volunteers will be held Tuesday, March 24, at 6:00 p.m.; and the Cancer Crusade will be conducted during the week of April 5-12.

President Caldwell described the District 15 Crusade Kickoff meeting which she and Mrs. Phelan and Mrs. Hancock attended on February 21. The theme for this year's Cancer Crusade is "Together We Can" and the emphasis is on screening for breast cancer. The District 15 goal of \$260,627 has been set; the eastern half of the district, of which Clarendon is a part, has a goal of \$122,758; and the goal for the Donley County Unit is \$6,550.

Last year's Cancer Crusade in Donley County raised \$475 from memorials, \$823 from the business district, \$1,946 from the residential district, and \$1,370 from the Bike-athon for a total of \$4,614.

Barbara Cosper reported that \$120 had been given in memorials during February and had been sent in to the American Cancer Society. She stated that \$20 was in the Memorial Fund currently.

Turner M. Caldwell, III, M.D., gave an informative and excellent program on skin cancer. A native of Clarendon and the son of Mr. and Mrs. T.M. Caldwell, Jr., Dr. Caldwell is a dermatologist/dermatopathologist. He is the Director of the Pigmented Skin Lesion Clinic at the Harrington Cancer Center, and he conducts a private practice and laboratory in Amarillo. Dr. Caldwell served two and one half years on the staff of the Melanoma Clinic of the University of California at San Francisco, which is a regional referral center for melanoma cases. At the same time he was Chief of Dermatology at San Francisco General Hospital.

Dr. Caldwell reported that ten years ago a child's chance for developing skin cancer was 1 in 1500; now the ratio is 1 in 100. This increase is attributed to the increasing amount of time people spend in the sun.

Dr. Caldwell discussed the recent dramatic increase in the number of malignant melanoma cases, which makes it the second most increasing cancer next to breast cancer in women. This particular kind of cancer is believed to develop from dysplastic nevi, or moles, which are tan or brown spots on the skin that result from a clustering of melanocytes, the special cells that give skin its color and which cause the skin to tan after exposure to the sun.

Some of the warning signs of malignant melanoma are moles of large size (5 mm. or larger); moles with multiple colors (mixture of tan, brown, white, pink and especially black); moles with irregular borders or surfaces which scale, flake, ooze, or bleed; moles which itch or are tender or have a hard lump in them; or moles which are surrounded by abnormal skin which is red and inflamed or has lost its pigmentation.

Dr. Caldwell stated that early malignant melanoma is readily cured by simple surgical removal whereas advanced melanomas do not have a good prognosis. He advised the

avoidance of prolonged periods in the sun, the use of protective clothing and/or sunscreens, and regular self-examinations for any skin changes. Dr. Caldwell emphasized that children must be protected from sun burn because current information suggests that excessive exposure to sunlight during childhood may play an important role in the development of melanoma later in life.

Attending the meeting were Winona Hennigh, Ruth Hancock,

Imogene Brumley, Mary Hazel Van Zandt, Betty Bell, Onita Thomas, Darlene Spier, Carrol Duncan, Paul Bivens, Jeff Walker, Redell Henson, Murrell Whitaker, Diane Chamberlain, R.L. Gilkey, M.D., T.M. Caldwell, Jr., Frankie Henson, Dorothy Whitaker, Naomi Phelan, Kay Hayes, Barbara Cosper, Pauline Heath, Susie Shields, Leona Musgrove, Helen Estlack, Genevieve Caldwell.

The next meeting will be May 11. Dr. Gilkey will bring the program.

## Crock-Pot Dusty? Use it to cook stayabed stew!

Isn't it nice to come home from work to find dinner ready? Or to have an opportunity to enjoy a few extra minutes soaking up a good book while dinner-cooks by itself? With this simple, slow-cooking stew, you can incorporate economical cuts of meat into a full meal that takes very little time.

Stewing is a method of moist heat cookery which converts less expensive meat into a hearty, succulent "stick-to-the-ribs" meal.

Since 97% of red meat is digestible, the dieter does not get that "hungry" feeling between meals. In addition to B-Complex vitamins, iron, and zinc, beef is an excellent source of the other trace minerals selenium, chromium, molybdenum, magnesium, phosphorus, potassium, copper, and aluminum.

Accent the stew with scones from your favorite British recipe or some wonderful buttermilk biscuits. Not only is this an economical, time saving meal, but it provides abundant sources of protein, iron, vitamin

A, thiamin, and riboflavin for your daily nutritional requirements.

**STAYABED STEW**

Combine in a 3 quart casserole with a lid:

- 2 lbs. cubed stew beef
- 1 1/2 cups frozen green peas (or 15 oz. canned)
- 1 cup sliced carrots
- 2 onions, chopped
- 1 large raw potato, sliced
- 3 fingers garlic
- 1 bay leaf
- 1/2 cup water
- 1 can tomato soup
- 1 tsp. salt
- Dash of black pepper

Put lid on casserole and place in 275 degrees F oven. Cooks by itself in 5 hours. Or, place all ingredients in crock pot, cover, and cook on low heat for 8-10 hours. Serves 8.

## Letter to the Editor

I would like to take this opportunity to commend our Congressman Beau Boulter on his stand for the "Pro-Life" movement. Congressman Boulter's actions to help put a stop to giving our tax money to organizations that advocate or perform abortions (such as Planned Parenthood) is to be applauded.

It does my heart good to know that we have men representing us in Washington, D.C. with some moral backbone and Godly character, and are not afraid to make a stand, as Mr. Boulter.

I give a hearty "AMEN" for the following letter.

Rev. Gary L. Pinion

Dear Gary and Georgia:

Since this is the beginning of the 100th Congress, I am writing to give you an update on my involvement in the fight to protect the sanctity of human life.

Let me assure you that I remain a fervent supporter of the Right to Life movement. I am totally committed to the belief that God has given the right-to-life to all unborn children, and we must protect that right.

Pro-Life Congressmen are already active in the 100th Congress to work toward the passage of legislation protecting the sanctity of human life. I have already become an original cosponsor of three amendments to the Constitution which seek to protect the right to life of the unborn as well as a bill entitled the Preborn Children's Civil Rights Act.

Revision of our current tax code will be necessary to guarantee the protection of the unborn life. I have cosponsored a bill seeking to deny status as a tax-exempt organization to those organizations which directly or indirectly finance abortions. In addition, I have cosponsored a bill amending the tax code to prohibit parents from claiming the expenses of an abortion as a deductible medical expense and to prohibit parents of babies who die during a live birth after an abortion from claiming this child as a tax exemp-

tion.

Recently, I was actively involved in supporting the proposal of Jo Ann Gasper, Deputy Assistant Secretary of the Department of Health and Human Services (HHS), to prohibit Title X funding for family planning from going to organizations that advocate or perform abortions. Currently, Planned Parenthood is not only making abortion referrals but is also performing approximately 85,000 abortions per year—in direct violation of the Hyde Amendment which prohibits federal funding for abortions.

Mrs. Gasper's proposal was rescinded on January 22 by HHS Assistant Secretary Robert Windom. I called the Secretary of HHS, Dr. Otis Bowen, as well as the Assistant to the President for Legislative Affairs, Mr. William L. Ball, to show my support for Mrs. Gasper's proposal. I cosigned a letter from pro-life Congressmen to President Reagan expressing our united intent to see this proposal become a reality and also became an original cosponsor of legislation which seeks to make Gasper's proposal permanent law. I will continue to give my wholehearted support to efforts to stop Planned Parenthood clinics from receiving one-fifth of the family planning funds under Title X which they have nationally received to promulgate their insidious policy of making abortion an accepted means of birth control.

Again, thank you for contacting me to share your support in this sensitive question, and if there is ever anything I can do for you, please do not hesitate to call upon me.

Sincerely,  
Beau Boulter  
Member of Congress

## Cub Scouts

Clarendon Cub Scout Pack 437 met Thursday evening, March 19 for its monthly pack meeting. The boys and parents welcomed new Cub Master Butch Hamilton. Den 1 presented the opening skit, and Den 3 received the attendance award. Den 2 sang the Star Spangled Banner.

Special awards for popcorn sales were given to Scouts in Dens 1 and 2 and to the Webelos. In Den 1: Todd Lindley (highest sales) - canteen, pin, certificate, patch; Justin Griffin (2nd highest sales) - flashlight, certificate, pin, patch; Jason Lee - certificate and patch. In Den 2: Evan Williams, Brandon Allen, Josh Shields and Jerry Green received in the Webelos, Jeremy Grady, Trey Tull and Ernie Lee received certificates and patches.

Den 2 leader Mary Green presented awards to the following Cub Scouts: Jerry Green-two arrow points and two beads; Josh Shields-two arrow points and two beads; Evan Williams-two arrow points and three beads; Roger Smith-one arrow point, four beads and Wolf Badge; Brandon Allen - one arrow point, four beads and Wolf Badge.

Den 1 leader Brenda Lee presented awards to the Den 1 Cub Scouts: Justin Griffin - Wolf Badge, four gold beads, one Wolf gold arrow point, one gold Bear arrow point; Todd Lindley - one gold arrow point; Jason Lee - one gold arrow point; Lorenzo Moore - Wolf Badge and one gold arrow point; Robert Taylor - Bobcat Badge; Lynn Hearn - two red beads.

Assistant Den 3 leader Denise Bertrand presented the following Scouts with a bead and a service star: Jason Morrow, Tony Maxfield, JaMychal Irvin, Josh Mondragon, Will Boston, Doug Tucker, Scott Bivens, Chris Chamberlain, Robert Bertrand, B. J. Hamilton. Cory Walker received a Bobcat Badge.

Pine Wood Derby ribbons were given to the following for competition in the local January race: Justin Griffin - 1st place; Todd Lindley - 2nd place; Jeremy Grady - 3rd place. Evan Williams of Den 2 received special recognition for having re-

cently received his God and Me award. Evan, son of Mr. and Mrs. Bob Williams, is the first Cub Scout to receive this award, and the entire pack is proud of his achievement.

Russell Estlack and Stephen Bivens received a special presentation from Assistant Cub Master Allen Estlack. They each were awarded the Blue and Gold Cord, the badge of authority. This badge is given to Scouts who will help guide younger boys and who will assist a den leader. Russell and Stephen will be working with Den 3.

Announcements were made by Scouting Coordinator Elmonette Bivens. All boys must register for next year. Parents should contact Elmonette or the den leader. Kits for the pine wood derby race, regatta race or space ship race can be picked up from den leaders. Parents are encouraged to attend the Round Table on the second Thursday night of each month. These meetings provide additional training and new ideas that can be used during den meetings. Skill Booklets will be available for the boys to borrow. Cost is one dollar. The annual Show and Do will be held in Amarillo on Saturday, April 11. Scouts will be selling tickets for this event. The top four ticket sellers will receive special prizes, and any scout who sells eight tickets will receive a patch.

Den Leader Coach Helen Estlack announced that the pack will have a booth on Texas Heritage at the Show and Do. Volunteers and ideas for the booth are needed.

The Dad and Lad Campout is again scheduled for Easter Weekend. Scouts will camp from Thursday until Sunday morning when Easter sunrise service will be held. Cub Scouts are invited with their fathers on Saturday.

The closing ceremony was conducted by the Webelos.

## Young Homemakers Baby Pageant

Springtime is upon us once again! The Young Homemaker Extension Club is having the Fourth Annual roundup of all the cutest kids in Donley County. The roundup will be Saturday, April 25, 1987, at 7:30 p.m. at the Harned Sisters Auditorium. If you have children from 0-4 years we cordially invite your participation. (Children 5 years and older are ineligible.) Entry forms can be picked up at Henson's, The Treasure Chest, IGA Foodliner, and Bivens. An entry fee of \$10.00 must be

turned in no later than April 10, 1987 at 5:30 p.m. You may turn them in to any Young Homemaker or to Debbie Hollan or Kathy Holland at Bivens Pharmacy. The entry fee does include a picture package. If you have more than one child eligible to enter, there is a discount of \$5.00 for every child after the first one entered. Proceeds from this community function will go to the Clarendon Community Center and the Saints Rost Museum Fund. Be looking in future weeks for more detailed information.

## Conservation Seminar at Pampa

Farmers and Ranchers from Texas, Oklahoma and New Mexico area are invited to attend a Conservation Seminar at Pampa, Texas, April 9, 1987.

Lee McDonald, District Conservationist for the USDA Soil Conservation Service at Pampa, said the meeting will be held at the Clyde Carruth Livestock Pavilion on East Highway 60 in Pampa. A free lunch will be served.

The meeting will feature farmers involved in conservation tillage, soil

fertility and soil moisture monitoring as well as other speakers who will discuss establishment of grasses, wildlife food and habitat plantings, farming with conservation compliance by 1990 and crop insects.

Several kinds of conservation tillage equipment, chemicals and supplies will also be on display. These company representatives will make short presentations about their products throughout the days' program.

For more information, contact the Soil Conservation Service at 806-665-1751.

## "Kids in Crisis" TV special

"Kids in Crisis" a TV special by Dawson McAlister, will be shown on Channel 4 KAMR-TV, Amarillo Friday, March 27 at 7 p.m.

Most Americans are sensing that today's student is facing crisis like never before. With teen pregnancy out of control, the new deadly drug "crack" sweeping the American

drug scene and more and more teenagers needing psychological care... it is now time to become informed and involved.

This TV special, is packed with gripping interviews with teenagers and timely counsel from youth.

For all you and concerned adults... don't miss it!

## Vargas attends conference

Fay Vargas, District and Donley County Clerk joined some 450 other officials for the 15th annual County and District Clerk's Seminar, March 17-19. Theme of the seminar was "Striving for a Better Tomorrow Through Continuing Education."

The responsibilities of our office are quite extensive and that was

reflected in the seminar program," said Vargas. "A variety of workshops, roundtable discussions and presentations were offered—in all, some 35 sessions involving about 75 speakers."

Major topics included local option elections, probate law, criminal and civil appeals process, child support enforcement and family law, management of court records, computerization and personnel management.

The annual seminar is an educational program of the V.G. Young Institute of County Government, a

part of the Texas Agricultural Extension Service. The institute provides a forum of mutual support between county officials, the Extension Service staff and various government, academic and business leaders in Texas.

Participants in the seminar received credit for 1.1 continuing education units from the Office of Professional Development at Texas A&M University.

Edith Spivey went to Shamrock Saturday to see the Clarendon girls run.

Tresa and Allen Akin and Toby and Ben spent the weekend with Rita and Terry Hawkins.

The Haskell Talleys of Memphis spent Sunday afternoon visiting with the Jerry Green family.

Tex Naylor visited with Royce and Thelma Hall Saturday.

Hazel and J.R. Brandon and the McNeils of Floydada were hosts for the Top of Texas Trailer Rally held at Copper Breaks State Park 12 miles south of Quanah last weekend. There were five trailers and games and visiting were the featured program.

Mrs. Thelma Hall attended the 50th wedding anniversary party Sunday at the Lefores Community Center honoring Chester and Bea Hill.

"Hoss" Whatts and Charlotte Payne spent their spring break with their grandparents the H.A. Greens. "Hoss" turned one while here. Beth brought a clown cake and party decorations and we had a cousins celebration Saturday afternoon. Those to attend were Christel, Jerry, Clint, Lindsay, Katherine and Lea Deyhle.

Carlene Hollar entered North West Texas Hospital Saturday evening for tests and observation. Burl thinks she will be coming home Tuesday morning.

The Jerry Green family attended the girl Scout Banquet Friday night. Christel received her five year pin, membership star, junior aide badge and On My Way badge.

Wednesday Otha Eddleman of Claude, Karen and Kimberly and Todd Templeton of Duman and Cathy and Lynn Holland of Hedley visited with Flossie Reynolds.

Jason and Kelli Bunyon of Midland spent their spring break last week with relatives in the Clarendon area.

LaRue Pitman of Amarillo took her mother Louise Shadle to the doctor last Thursday and stayed over for the weekend with the Tom Shadles. Ray Pitman got snow bound in Clarendon Monday night and spent the night with the Tom Shadles.

We had a lightning storm Sunday evening supposedly the cause of a gas line fire between the C.B. Morris Co. irrigation well and the Higgins Irrigation well.

Horace saw and heard a mocking

bird last Monday morning week ago. We are all concerned about where the bird may be holed up while the fruit is all getting bitten back with this March blizzard.

Charlene Brown of Floydada came Thursday evening to spend the weekend with her parents the Vance Grays. She and Ismanell Gray and Dot Pointer met Jeaniece Tittle of Canyon in Amarillo for lunch Friday.

The Skeet Davises spent Friday in Amarillo at North West Texas Hospital with Skeet's brother Carol Brown. Carol had surgery Monday morning but the roads were impassable and Skeet and Eillen could not get back up there.

Sunday Gary, Marcia, Kriss Ann and Cary Sue spent the day with the Skeet Browns. Gary got snowed in there Monday evening.

Bridget Bland and Mandy Floyd were elected as the poster committee. Those who attended were: Kimberly Altman, Mandy Floyd, Jennifer Simpson, Julie Altman,

## New improved library cards with secret ingredient!

By BOB WILLIAMS

If the Clarendon Library sold soap or breakfast cereal, it would be running a big ad campaign about a new improved product with a new secret ingredient. Unfortunately, of course, the library cannot afford such a publicity campaign.

The library is, however, issuing new cards. And the new cards do offer significantly improved performance. The old cards were honored only by the local Gabie Betts Burton Memorial Library. With the new card, a patron can check out books from any library in the Harrington

System. And the Harrington system includes most of the libraries in the Texas Panhandle, including the West Texas State University Library and the various Amarillo libraries.

There are still some limitations, even on the new cards. A few of the Harrington System libraries will only loan books to the new card, not videos, art prints, periodicals or documents. Nevertheless, the new cards offer much wider opportunities than the old ones.

The new cards really do have a secret ingredient, too—but not too secret. On the face of each card there is a bar code, much like the codes prices on a can of green beans. That secret code may be unintelligible to the patron (and the librarians, for that matter), but the librarians' light pens read such codes quite readily. One pass across the little black lines with the light pen and the computer reads the patron's name; another pass across a similar zebra patch on the book and the checkout

procedure is complete. A borrower no longer has to scribble his (or her) name on a dozen little cards. The light pen will save time for reader and librarian alike.

Every Donley County resident is requested to come into the library and apply for a fresh library card. They really are both new and improved.

Tea bags were first used in 1904, when Thomas Sullivan, a New York City coffee and tea merchant, sent his customers samples of tea in small silk bags instead of in the usual tin containers. The customers began to order tea leaves in bags after finding that the drink could be brewed easily with them.

### RESPONSIBLE WATCH

There are so many excuses given to keep from knowing God's will for our lives. He must get awful tired of hearing them. We are going to answer him when he asks, "What have you done with the life I gave you?" This question will also be for the little ones in your home. Their teaching will be your responsibility until they reach accountability. You will answer with the truth. There will be no excuses like the ones you give your preacher or your loved ones or friends.

You can tell the loved ones that you don't think it is necessary to go to church, or that you are better than they are that got to church. Remember they will not answer for you, you alone will do that.

He is a loving God and He wants you to know Him, as your Creator and Savior. You can even give the excuse that there are too many hypocrites in the church. God has told his people in the Bible. I stand you in a watch tower and when you see the enemy coming and fall to warn my people, their blood will I require at your hands. Look at your hands is there someone's blood on your hands because you failed to warn them? Think on these things and pray about them.

**TO ALL INTERESTED AGENCIES, GROUPS, AND PERSONS:**  
On or about April 3, 1987, the above-named entity will request the Texas Department of Community Affairs to release federal funds under Title I of the Housing and Community Development Act of 1974, as amended, to be used for the following project:  
Project Title or Name: Donley County Courthouse Handicapped Accessibility Project  
Contract Number: S706561  
Purpose or Nature of Project: To provide the handicapped with equal access to the Donley County Courthouse.  
Location of Project: Clarendon, Donley County, Texas  
Estimated Cost of Project: \$141,000

An Environmental Review Record respecting the within project has been made by the above-named entity which documents the environmental review of the project. This Environmental Review Record is on file at the above address and is available for public examination and copying, upon request, at the county judge's office in the Donley County Courthouse Annex between the hours of 8:00 a.m. and 5:00 p.m.

Donley County will undertake the project described above with Texas Community Development Program funds from the Texas Department of Community Affairs (TDCA) under Title I of the Housing and Community Development Act of 1974, as amended. Donley County is certifying to the Texas Department of Community Affairs that Donley County and W.R. Christal, in his official capacity as County Judge, consent to accept the jurisdiction of the federal courts if an action is brought to enforce responsibilities in relation to environmental assessments, decision making, and action; and that these responsibilities have been satisfied. The legal effect of the certification is that upon its approval, Donley County may use the Texas Community Development Program funds, and the Texas Department of Community Affairs will have satisfied its responsibilities under the National Environmental Policy Act of 1969 and 24 CFR Part 58.

The Texas Department of Community Affairs will accept an objection to its approval of the release of funds and acceptance of the certification only if it is on one of the following bases: (a) that the certification was not in fact executed by the chief executive officer or other certifying officer of the contractor approved by TDCA; or (b) that the contractor's environmental review record for the project indicates omission of a required decision, finding, or step applicable to the project in the environmental review process.

Objections must be prepared and submitted in accordance with the required procedure (24 CFR 58) and may be addressed to the Texas Department of Community Affairs, Community Development and Housing Division, P.O. Box 13166, Capitol Station, Austin, Texas 78711.

Objections to the release of funds on a bases other than those stated above will not be considered by the Texas Department of Community Affairs. No objection received after April 20, 1987, will be considered by the Texas Department of Community Affairs.

## From The PEN of PASTOR PINION

A Definition of Maturity  
(from Ann Landers' Column)

Maturity is the ability to tolerate an injustice without wanting to get even.

Maturity is patience. It is the willingness to postpone immediate gratification in favor of the long-term gain.

Maturity is perseverance, sweating out a project in the face of heavy opposition and discouraging setbacks.

Maturity is the capacity to face unpleasantness and frustration, discomfort and defeat without complaint, collapse or attempting to find someone to blame.

Maturity is humility. It is being big enough to say, "I was wrong." And, when right, the mature person is able to forego the satisfaction of saying, "I told you so."

Maturity is the ability to evaluate a situation, make a decision and stick

with it. The immature spend their lives exploring possibilities, changing their minds and in the end they do nothing.

Maturity means dependability, keeping one's word, coming through in a crisis. The immature are masters of the alibi. They are confused and disorganized. Their lives are a maze of broken promises, former friends, unfinished business and good intentions that never materialized.

Maturity is the art of living in peace with that which we cannot change and having the courage to change that which can be changed and the wisdom to know the difference.

--Ann Landers

## DPS Report

The 1986 traffic death toll in Texas was the lowest it has been in 10 years, according to DPS Director Col. Jim Adams.

The number of persons killed on Texas' streets and highways has decreased 3.1 percent--3,568 for 1986 compared to 3,682 deaths in 1985, Adams said.

"We are very pleased with this decline, though the number of people who died in traffic accidents in Texas last year is certainly still of tragic proportions," he said. "The good news is that it is getting safer to drive in Texas."

The death rate on Texas' roadways, another measurement of traffic safety, reached its lowest point ever--2.4 deaths per 100 million miles traveled.

From 3.9 in 1981, the death rate in Texas has dropped steadily each year. In 1985, the rate was 2.

"Not only was the 1986 fatality count the lowest in the state since 1976, last year's figure represents 1,133 fewer traffic deaths than recorded in 1981, the worst year in Texas traffic history," Adams said.

"It's hard to assess a single cause

for this reduction since so many factors are involved," Adams said. "Speed law enforcement, DWI enforcement and a greater public awareness of the consequences of drinking and driving all play a role. An additional factor has been the seat belt legislation, which went into effect Sept. 1, 1985."

A comparison of the final fatality figures for the first year the safety belt law was on the books with the same period the year before shows the number of persons killed in the front seats of cars and light trucks declined by 7 percent.

"That 7 percent amounts to 157 lives arguably saved by seat belts," Adams said. "The safety belt law is working. Unfortunately, a survey conducted for the Texas Department of Highways and Public Transportation has indicated a slight decrease in seatbelt usage in Texas. We hope people realize this law definitely saves lives."

In 1986, 1,304 fatalities in Texas were listed as DWI-related, compared to 989 in 1985. Adams said the DPS feels that increase is largely due to better reporting of alcohol involvement in accidents, rather than a sharp increase in DWI.

"We feel that society's less tolerant attitude toward drinking and driving is continuing to pay off in the overall reduction of fatalities, though the problem of DWI is still a serious one," Adams said.

The number of motorcycle fatalities increased from 364 in 1985 to 403 in 1986, an 11 percent increase. Of those motorcyclists killed, 77 percent had not been wearing helmets.

## Beef cattle market prospects

Beef herd inventory readjustment and more consumer market orientation has been the direction and concern of cattlemen in recent years, says Dr. Ernest Davis, economist-livestock marketing with the Texas Agricultural Extension Service, The Texas A&M University System.

U.S. cattle numbers peaked in 1975 at 132 million head. By Jan. 1, 1986, U.S. herds had dropped to 105.5 million head and by Jan. 1, 1987 the U.S. herd likely will drop to 100 or 101 million head. "This could represent the smallest cattle numbers in the U.S. since 1961," Davis says.

Declining cattle numbers were accompanied by a declining beef share of the total red meat and poultry market, Davis notes. In 1976, for example, beef's market share of total red meat and poultry consumption was 46 percent. By 1985, beef's market share had dropped to 37 percent and is expected to drop to 34.5 percent in 1987, he adds. Meanwhile, poultry's market share increased from 25 percent in 1976 to 33 percent in 1985, and is expected to surpass beef in 1987 by making up 37 percent of total red meat and poultry consumption, Davis explains.

Many factors caused the readjustment in cattle numbers, but probably the initial impacts resulted from changing consumer preferences and lifestyles. The cattle industry did not respond immediately with new beef products to meet these new needs,

and consequently, consumers found other products that better suited their needs, Davis says.

Another factor impacting on beef's shrinking market share of consumer meat sales includes genetic advances in the poultry industry during the past decade which increased efficiency and lowered production costs. Additionally, the 1985 Farm Bill had maintained large supplies of low-priced feedgrains, further stimulating the efficient grain-converting poultry industry. With stagnant consumer income the past few years, consumers have substituted more poultry for beef, further diminishing its demand.

Cattlemen must deal with other concerns in 1987, including the 1986 tax reform bill and high retail marketing margins, says Davis. The new tax law eliminates investment credits and capital gains, which will affect both the purebred and commercial cow-calf operators. Additionally limited partnerships will no longer attract money to the beef industry since losses of passive investors cannot be deducted from personal or other incomes, the economist explains.

"This is unfortunate since new alternatives will have to be found to attract capital necessary for continuing the research for genetic and biotechnology advances that could enhance the efficiency of beef production," Davis says.

Retail marketing margins for beef

have increased from 82 cents per retail pound in 1980 to current margins of \$1.01 per retail pound, Davis notes. A 1 cent per pound move in the retail marketing margin translates back to a 42 cent per hundredweight adjustment in fed cattle prices. With the leaner beef trend, supermarkets must trim beef cuts to one-quarter inch fat to obtain consumer acceptance. With low feedgrain prices, cattle feeders often continue to overfinish cattle, making more trimming necessary. This retailer's cost is transferred back to cattlemen as the retail margin accounts for a larger proportion of the beef dollar.

Several very positive factors for cattlemen are in prospect for 1987, however, Davis says. Cattle numbers will be lower in 1987. As beef production becomes more aligned with consumer demand, cattle prices should improve. At somewhere between 68 to 72 pounds of beef per person--retail weight basis--beef supply and demand should meet, stimulating cattle prices to profitable levels for the first time since 1979.

"This may not occur in 1987, however, as beef production is being estimated at 73.6 pounds per person for the year," Davis noted. A longer term bright spot in the cattle business is the Beef Research and Promotion Program, Davis says. Under this program, beef and dairy cattlemen will participate in a check-off of \$1 per each head sold which will go to the state beef board. This program will raise approximately \$60 million per year for research and promotion activities, Davis notes.

"With such resources, the beef industry can stay better turned to changing consumer needs and can develop beef products to meet these needs. The program should enable the beef industry to maintain or increase its market share of total red meat and poultry consumption and stimulate a healthier market for cattlemen," says Davis.

## Help available to local cancer patients

Many Donley County residents are personally acquainted with the heartache and trauma of cancer as either they, members of their family, or friends have been diagnosed with some aspect of this frightening disease. Everyone should be aware that help is available.

The American Cancer Society offers all cancer patients a wide variety of services and rehabilitation options at no cost to the patient. These

services range from equipment loans, blood, transportation for treatment, patient/family support programs to information about cancer.

A. R. Henson, Donley County's Service Rehabilitation Chairman, reports that six local cancer patients availed themselves of these services in 1986 mostly in the areas of information, transportation, gift items (such as eggcrate mattresses, com-

fort pillows, ostomy and laryngectomy supplies) and equipment loans (such as hospital beds, wheel chairs, walkers, crutches, etc.). Mr. Henson emphasizes that "Anyone who knows of someone who needs help should contact me at 874-3517." Persons can be qualified rather quickly with a doctor's verification.

Even more quickly aide can be supplied as equipment is delivered within 24 hours from Amarillo or as support persons rally to provide assistance with the problem encountered with a diagnosis of cancer.

Services valued at almost \$1900 were provided to Donley County cancer patients and their families last year by the American Cancer Society. This is how our contributions to the Cancer Fund drive is personalized. The thrust of the drive will be the first full week in April. If you are not at home when the Block Walker visits, an envelope will be left for your contribution. When you make your contribution this year, remember that you are directly helping your friends, family, and neighbors. Money is needed for research to find a cure for cancer and to provide public and professional education and services for cancer patients and their families. Give generously.

## Early Birds Homemakers Club

The Early Birds Extension Club met March 4 in the home of Pat McCombs, with seven members and one guest, Barbara Helms, present.

Everyone present answered the roll call with "something their husband or family would change about them if they could."

Betty Hester gave a brief program on "Citizenship Legislation". Leaflets were passed out on "State and Local Courts," "Court Personnel," "Information Your Lawyer Needs in Drawing up Your Will," and "First Things to do After a Death - A checklist." Betty Hester also gave a demonstration on making collars out of napkins, place mats, bandanas, and whatever.

Delicious refreshments and fellowship were enjoyed by all.

## Estrogen Patch

One of the newest methods of delivering certain medicines to the body is through a small patch or pouch that is applied to the skin. The drug inside the patch is slowly and reliably released into the bloodstream through the skin. This method of drug administration is termed *transdermal* which means "through the skin." Two medicines that are often prescribed in transdermal patches are *scopolamine* and *nitroglycerin*, for relief or prevention of angina pain.

More recently, a major drug manufacturer has announced U.S. Food and Drug Administration approval for the manufacturing and marketing of *estradiol* in the form of a transdermal patch. Estradiol is an estrogen-type hormone that is often used to relieve menopausal symptoms such as hot flashes and night sweats. Estradiol has been available for many years in oral and injectable dosage forms.

As with all estrogen-type hormones, transdermal estradiol should not be used by women who are pregnant, who are suspected of having breast cancer, or who have abnormal vaginal bleeding or inflammation of a leg vein (thrombophlebitis). The transdermal estradiol patch is also not recommended for use in prevention or treatment of osteoporosis, a condition for which estrogens are commonly used.

Some 100 spent the night at the Church of Christ, which fed them breakfast Tuesday morning. The Senior Citizens had from 80 to 90 from time to time and they collected money and The Grocery Store delivered groceries to them to make sandwiches. Some 32 spent the night, others found lodging in private homes, as citizens made their extra rooms available to the travelers.

A bus load of 108 youths from Oak Ridge Baptist Church on route to Denver spent the night at the First Baptist Church with approximately 20 other travelers.

Tuesday morning Highway patrolmen. Sheriff office and volunteers had the job of getting these travelers back to their vehicles, and the sheriff's offices was flooded with calls, and all available telephone lines were busy trying to locate travelers for their families.

Traveling was still dangerous Tuesday morning, until the sun came out and melted ice on the roads. By mid-afternoon, Tuesday, all travelers were on their way again.

Shirley Osburn recalls that on March 22 about 30 years ago, she had a slumber party and during the night they had a thunderstorm, and the next morning a blizzard blew in, lasting for 3-days, drifting snow up to six feet. Luckily she stated, "We managed to get all the little girls home, we had just bought groceries and the butane man had just filled our tank, and we rode out the storm nicely."

Sunday afternoon Donley County was under a tornado watch. Since this is our tornado season, in next weeks issue we will print some information on what to do during a watch, an alert or the event of a tornado.

**Jewish Ministry to be presented at Calvary Baptist Church**

Dr. Estil R. Phelps, representative of the "Friends of Israel Gospel Ministry, Inc." will be the featured guest speaker at the Calvary Baptist Church this Sunday.

The Friends of Israel Gospel Ministry, Inc. is an independent, fundamental, evangelical, faith Mission. The Mission was founded in 1938 by a group of evangelical Christians for the purpose of reaching Jews throughout Europe during the time of the Hitler atrocities. Today this ministry heralds the

Gospel of Jews in many parts of the world. They are currently ministering in eight countries where there are vast numbers of Jews residing (strategic cities in the United States, Canada, Israel, Argentina, India, Iran, West Germany and behind the Iron Curtain).

The major emphasis of this ministry is placed upon proclaiming the need for personal salvation, through faith in the Lord Jesus Christ, to the Jew and also to the Gentile. With God's guidance and direction, they

seek to accomplish this task through their field evangelists, missionaries and office staff. The Mission publishes a large body of quality books and literature, and a bimonthly magazine, ISRAEL MY GLORY.

The service times will be 10:00 and 11:00 a.m., a special 6:00 p.m. service, and the regular 7:00 p.m. service. These services will be packed with facts, information, and the Biblical position of the Jews in Prophecy.
