MANY TO HEAR JUBILEE PROGRAM

Great crowds attended the Golden Jubilee Services Sunday and Monday, and prospects are excellent for the services throughout the week. Sermons by former pastors will feature the services at seven thirty each evening, excepting Saturday evening when the service will be one of fellowship and testimony.

Thursday evening the sermon will be by Rev. A. L. Moore of Childress, and Friday evening Rev. A. W. Hall of Weatherford will preach.

Sunday, the closing day, will be the great day of the week, with Bishop H. A. Boaz of Fort Worth preaching in the morning service, and the choir leading in a great music fest Sunday night at 7:30.

The evangelistic note is prominent in all the services and the pastor and leaders of the church hope to realize the goal set for the celebration, namely fifty new members received. People have been joining the church in every service thus far.

Among the many visitors is Grandma Rogers, 96 years old, mother of Panhandle Methodist from McLean. She is vigorous, attends every service with friends whom she is visiting, and spoke at the service Wednesday night. The old people are having their way in these services and the spirit is high. Shouting may well be expected before the week is over. One of the high points was Sunday night when Brother P. A. Buntin rendered two solos and then lead the great congregation in a congregational hymn.

New Musical Show Reunites Old Variety Folk in 'Temple' Play

It seemed like vaudevillians' "Old Home" week on the "Little Miss Broadway" set at 20th Century-Fox.

Director Irving Cummings has a soft spot in his heart for vaudeville. As a former stage player himself, Cummings knows the plight of the variety headliners, but not until he was assigned to direct the new Shirley Temple musical did he have a chance to do anything about it.

The script of "Little Miss Broadway" calls for a hotel full of out-of-work variety artists and that was all that Cummings needed. The cast reads like a "Who's Who" of the "two-a-dayers."

In the featured cast is Jimmy Durante, who's been in the "biz" for years. Then there's Eli Brendel, who wowed them from Saskatchewan to Keokuk, Eddie Collins toured the variety circuits for 13 years until he got his chance to model for "Dopey," most popular of the seven dwarfs.

Donald Meek was in vaudeville when it used to be called "Variety." Ten years ago George Barbier toured the circuits in sketches.

Syd Taylor is a former tight-rope walker with 17 years' balancing experience. Hank Mann toured the Sullivan and Considine circuits until 1913, when he became one of the original "Keystone Cops." Another member of the "Keystone" force was Heinie Conklin, who vaudeville for 10 years.

And so talk of the old days and the glories of the Palace Theatre in New York, mecca of all variety people, filled the set.

George Murphy, Durante, Phyllis Brooks and Edna Mae Oliver are featured in Shirley's supporting cast. Six new song hits by Bullock and Spina provide the sparkling score for "Little Miss Broadway," which opens Sunday at The Pastime Theatre.

Mr. and Mrs. Gull of McLean visited the W. B. Haile home the week end.

Clarendon Bronchos Bow to Lefors Pirates 26 to 6

PIGSKINS PARAGRAPHS

By DICK COOKE

The football guessing contest got off to a nice start last week with only a few points difference in many of the guesses.

On picking the three winners, ten called them right to be in the running for the prizes. Several were close to the total score but picked at least one game wrong while still others failed to list their pick of the winning teams.

In the contest, the winners must be listed in the named games along with the total score.

Now comes the prize awards: Carroll Hudson by choosing McLean, Lefors and Childress with a grand total of points of 96, won the first prize of \$1.50 at the Bryan Clothing Company. Hudson only missed the exact figure by one point. The aggregate count was 97 for the three games.

Mike Stricklin placed just behind Hudson and gathered in the Douglas & Goldston prize of \$1.00 in merchandise. Picking the winners

SEASON STANDING (Includes all 3-B)

Team	W	L	T	Pct.
Wellington	2	0	1000	
Lefors	2	0	1000	
Wheeler	1	0	1 750	
Shamrock	1	1	500	
Mobeetie	0	1	250	
Memphis	0	1	000	
Clarendon	0	1	000	
Lakeview	0	0	000	

right, Stricklin had a total of 87 points.

Alex Cooke won the Shaver and Whitlock cleaning and pressing prize with a total of 81 points. Several had closer totals but picked Clarendon to beat Lefors.

Here's your guessing game for this week-end:

- *Clarendon vs. Lakeview.
- *Childress vs. Memphis.
- *Wellington vs. Panhandle.
- *Shamrock vs. Mobeetie.

*Indicates where game will be played.

There was nothing materially lacking in the Clarendon offense. The blocking was a bit lax at intervals and even the tackling was not above par, but the cog that was slipping the most was the timing.

And that is something that a ball club can't just go out and do all first.

Lakeview-Bronchos In Conference Go Here Friday Night

The highlight of the 1938 grid season in Clarendon will probably come Friday night when the Bronchos meet the Lakeview Eagles in the first conference tilt for the south half of district 3-B.

Prompting the excitement is the possibility that the Ponies have an even chance to win their first game in two years and also average a 60 to 6 drubbing last fall at the hands of Lakeview.

The Eagles are no set-up according to the demonstration with the Paducah Dragons last week-end. The Lakeview eleven held on until the fourth quarter for a 6 to 0 loss. However the loss of Painter and Brister was a severe blow to the balheads, who are not expected to be as strong as the '37 club.

Coach Emil Hutto said Tuesday afternoon the Broncho line-up would probably be the same as started last week against Lefors. If Clarendon receives the kickoff, Melton will open as quarterback, but if Clarendon kicks, Allison will be used as a starter, Hutto said.

SPORTS

DICK COOKE, Editor

Local Golfers Trounced by Memphis County Club Sun.

In a surprise match for most of the Clarendon golfers, the Memphis Country Club invaded the Hillcroft links here Sunday afternoon and went home with six wins out of ten contests played.

Results as they appeared on the score board at the course with Clarendon players named first:

Dude Gentry was trounced by Frank Foxhall, 5 and 4; M. P. Gentry lost to O. B. Smith, 3 and 1; Alex Cooke downed Carl Harrison, 3 and 2; T. F. Connally was beaten by R. S. Greene, 5 and 3; T. M. Shaver lost to Buster Helm, 5 and 4; D. R. Davis blasted Ragsdale, 4 and 3; U. J. Boston succumbed to Jack Norman, 4 and 3; Frank Whitlock won over Tom Harrison, 2 and 1; Marvin Land fell to John Deaver, 4 and 3; A. Simmons lost to M. J. Draper, 5 and 4.

IRISH DOWNED

CHILDRESS, Sept. 21.—Playing mediocre football, the Childress Bobcats trounced the Shamrock Irishmen here last week-end 46 to 0.

The Irish were decidedly at a disadvantage in weight and polish against the class A club.

McLEAN WINS

McLEAN, Sept. 21.—An aerial bombardment by the Memphis Cyclones featuring Talmage Pounds and Robertson fell short of pay dirt last Friday night and the McLean Tigers stalked back into their lair with a 19 to 0 victory.

Braxton was the luminary for the Tigers.

WELLINGTON WINS

MANGUM, Okla., Sept. 21.—Completely dominated by the veteran Skyrocket line and flashy backfield, the Mangum Tigers dropped a 26 to 0 grid game to Wellington Friday night.

Dashing Don Austin was the spearhead of the Rocket offense which started with the opening whistle with a sustained drive from their own 20 to pay dirt.

Passes to Austin by Bailey counted for two touchdowns while the fourth came from running plays.

Miss Hope Reed of Colton, California and Mrs. O. H. Tallman of Port Dalhousie, Ontario, Canada, were week-end guests of Wilma Dee Smith.

Virgil Bolles and family returned recently from an extended trip to south Texas including the state capitol.

Mrs. W. D. Martin and sister, Mrs. Stewart are visiting her daughter, Mrs. Pruitt and family at Wheeler, this week.

COLTS TAKE 21 to 0 GRID TILT FROM MEMPHIS TUESDAY

Smith, Carlile and Spier Make Tallies as Junior High Wins Grid Game

Behind blocking that would do credit to any ball club, the Clarendon Junior High Tuesday afternoon mowed down the Memphis juniors 21 to 0 in a fiery grid tilt in the Hall County capitol.

It was the Clarendon Colts victory all the way with the opening tally coming early in the first quarter by a 65 yard punt return by Smith.

The second counter was punched over by Carlile on a short plunge and the final chalk-up was registered by a pass from Allison to Spier.

Smith, for the opening score, had to repeat his 65 yard gallop before it counted. Clarendon kicked off to Memphis and when the whirlwinds were forced to punt on fourth down, the small Colt back took the ball on an excursion down the sidelines. The play was called back and Smith repeated on the next play.

The Colt line-up: Ends, Thornberry, Cornell, Spier; tackles, Beard, Spencer; center, Thompson; guards, Adams, Kirtley; backs, Smith, Carlile, Ryan, Allison, Johnson; substitutes, Reeves, Williams, Reynolds.

The Memphis juniors will return the game Thursday, October 5 with a game at the College Park here.

SHERIFF WARNS DOVE HUNTERS

Complaints have begun to come in to the sheriff's office relative to certain acts of dove hunters. Sheriff Pierce has requested the Leader to pass a warning on to the dove hunters.

Don't shoot from a car. Don't shoot on a highway or fenced road. Don't hunt on land without the owner's permission. There are a lot of "don'ts" in the state law that may be had from game warden Polly O'Neil. Better get wise to these little things before big things pop up.

Frank Miller of Marlow, Oklahoma, visited his niece Dorothy Jo Ryan here last week-end.

Mr. and Mrs. Talmage Mayfield of Houston visited in the W. B. Mayfield home here this week.

A. R. Davidson of Amarillo has accepted a position with the Mellinger & Rosenwasser store in Clarendon.

SAFETY FIRST

These two words stand out in the face of most of our citizens. School has started and we need to be more cautious than ever. If your car has slick tires and the road is wet, what would you do if a child would step out in front of your car. All you could do would be to try to miss or to stop, and in most known cases either of these ways are useless. Why not see the danger you are taking toward your own life and of others before it is too late. Come in today and let us show you how easy and how economical it is to own a new set of Federals.

FIRST LINE DEFENSE AGAINST Danger!

Your "first line defense" against increasing road dangers of today is a good set of tires. Why take chances with dangerous blow-outs . . . unnecessary skids . . . when you can protect yourself so economically and easily, with Federals?

These sturdy tires are made with the greatest care and skill . . . their deep-cut, scientifically designed treads hold the road . . . the finest materials insure long life . . . and the price is "right" for any purse!

Drive in today and let us mount new Federals all around. Drive out with a feeling of security and confidence . . . a feeling that your "first line defense" will never go back on you!

CLARENDON HATCHERY

A swashbuckling Pirate crew dropped anchor in the Clarendon Broncho home port last Friday night and sailed away with the spoils of a 26 to 6 grid victory before an opening crowd of approximately 1,000 persons.

The Buccaneers planted their black flag of victory early in the first quarter with a sustained drive from the 50 yard line. The counter was set up by the Clarendon safety's fumble of a heavy punt after the Pirates had been held for downs.

After the first taste of pay dirt the Bucs continued to cross the last line once each quarter with Raymond Carruth, all district back, chalking up two of the counters, Jackson one and Ellington one.

Bounding Bob McWhorter, Clarendon guard and defensive end, was the luminary for the locals. He was the fair-haired boy who counted for the lone marker when he scooped up a blocked Lefors punt in the fourth quarter and raced 65 yards for the points.

H. L. Lane, smashing Clarendon center, furnished the setup for McWhorter's great gallop. Lane was through the Pirate line to block the kick and give bouncing Bob his opportunity.

Carruth opened the scoring from the 5-yard line after gaining all the ground from the 50. Jackson took a pass for a 55 yard punt in the second to score. Carruth carried over from the one yard mark in the third after carrying it most of the way from Clarendon's 31 where the Pirates had received a fumble by Pierce, Clarendon. The Buccaneers' last mark-up came in the fourth with Ellington going around right end for three yards. The Pirates drove down from their own 45 after a 15 yard Clarendon

penalty had advanced the ball from the 30.

The game was marked with the usual early season fumbles and ragged play although the Broncho offense and defense both sparkled briefly at times.

Longan played a nice defensive game in the Clarendon secondary with McWhorter, Lane and Huffman outstanding in the line.

* **TEMPLE OF TRUTH** *
* By the Apostle *

By the way, whose Leader do you borrow these days? There is an old saying that "a newspaper is like a wife. Every man should have one of his own and quit bothering his neighbor's."

Do you read the educational articles written by Miss Dorthea Watson that are appearing in the Leader? By all means keep up with this series written by our home-town girl of much talent and civic pride. You will know about our local schools, too.

A journalism school in the east is said to have gone the rest of them one better in offering a "complete course with butt trap in-

cluded." It is explained that a "butt trap" is fastened to the chin to catch the cigarette butts as they fall from the lips of the graduate. It keeps the floor looking cleaner and cuts down on the janitor's salary.

Mix equal parts of lye and honey, add ice and a sprig of mint. Drink and hang on to your hat while you become the life of the party.

A hick town is where they have that kind of a 'phone system where gossip spreads like the plague.

In the east they refer to old residents as "citizens of yester-year." And we don't like it. They are old-timers out here where we still have the right to talk among ourselves a bit.

You'd be surprised to know how

many people save up money for an operation so they can show a pickled appendix to their friends. At least that is what a doctor told me recently.

We all stand in need of prayer, but what gripes us is the type of person who thinks he should do the praying.

A "male lingerie artist," whatever he is, suggests that girls don't fancy the man who lets his foot sag. At that rate, any blamed fool can put on two pairs of garters and be a regular "devil among the women."

How May Ants Be Destroyed? Reads a headline in our daily. Well Jim Farley has some "purge" ants in his pants. Ask him.

Most any man's luck is better than his judgment. For that reason many a man is better off because feminine hands held the family purse strings.

Editing a column without ruffling anybody's feelings is like fishing without a hook on your line. You get a lot of recreation, but no results.

Physical fitness is not always proof of mental efficiency. Who ever accused a bull of having brains?

A banker may be accused of having a cold disposition, but there is some place down the line that he gets burned.

One the street Monday a certain grouchy guy passed and a fellow made a statement that was very appropriate. After looking after the grouch, this other fellow said: "If you can't be funny, be patriotic." That's a new idea passed to you.

"My life has been an open book," is the most disgusting thing I heard in the campaign. Isn't there a time when one can turn over a new leaf? Besides, books are meant to be closed at times else they would have no covers. A book that remains open is like a person that talks all the time. It becomes boring.

Some people take themselves so seriously that they worry along until they are old and bald-headed and never have a building, highway or dam named for them.

The old man has run into a moral squall. If he doesn't hurry home, he won't get his chores done when the boss thinks he should.

* **AT THE FIRST BAPTIST CHURCH** *
* J. Perry King, Pastor *
* There is Always Worship *
* Fellowship :: Service *

Sunday is to be rather an interesting day in the Baptist Church. First of all it is Promotion Day in the Sunday school and the Training Union. New officers and teachers, sponsors and leaders will be taking their places of responsibility. Pupils will be changing from one department to another, from one class to another, locating themselves for another years work in the church. This part of the service is to be climaxed by a Promotional Program in the auditorium preceding the preaching service. Then Sunday has been designated by the Budget and Finance Committee as Budget Day in the church. We are to vote on the adoption of the Budget for the coming year and go as far as we can in getting it subscribed. We are looking forward to the day with a great deal of pleasure. We are to be challenged to the heroic in this service. It is always interesting to see how people respond and react in times of testing. So far we have not failed, and we are happy to believe that success is in store for us this time. It is easier to succeed than to explain why we didn't.

"Success is failure turned inside out—
The silver tint of the clouds of doubt,
And you can never tell how close you are,
It may be near when it seems afar;
So stick to the fight when you are hardest hit—
It's when things seem worst that you musn't quit."
Training Union at 8:45. No evening preaching service at 7:30. We will join in An Evening of Music at the First Methodist Church, which will bring to a fitting climax the Golden Jubilee Celebration of that church.

THE best cooks prefer oil ranges, especially when they do much baking. The best baking is done in a vented oven, such as the Perfection "Live-Heat" oven. Ask women who win prizes for cooking and baking what type of range they use. You'll find that in most cases it's the Perfection.

Here is a truly modern range—beautifully finished in porcelain enamel. Its five fast, clean High-Power burners can be set for any degree of heat desired—you get it instantly, and it stays as set.

The fuel reservoir holds two gallons and therefore need be filled only half as often as with most ranges. Another convenience is the elbow-high oven, making stooping and heavy lifting unnecessary. Can be had also with oven at left end.

Come in and let us demonstrate this marvelous range. Liberal allowance on your old stove.

JAILER—

and a murderer, who had obtained a change of venue from Hall county and had been transferred to the Donley County prison, was, because of lack of room, placed in the "run-around" with another man.

It was again at night when the slight jailer heard a disturbance. Rushing to the cell block, she was horrified to see a man flat on his back with the Hall county man atop his stomach, a gleaming knife inches from the outstretched man's throat. "I was really awfully frightened," she said ruefully. "I knew I was seeing murder done, and I had to prevent it."

"The intended victim seemed already dead; somehow the Hall county prisoner had gotten a stout stick across his throat and was resting both knees on its ends.

"I don't know how I did it, but I used every threat I knew. Hall County would look at me, then back at the stretched throat, for what seemed ages. Finally he released the pressure, got slowly to his feet and grumbling shuffled over and handed me the knife."

Mrs. Pierce's keen ears have also prevented breaks. Several times she has heard gentle sawing of iron bars and more than once she has heard the tell-tale sound of falling mortar as convicts gouged holes in the brick and stucco walls.

Having not lost a prisoner in her eight years is believed to have given Mrs. Pierce at least three records. Her age, her time served

F. F. A. Pigs Place High At Amarillo Fair

Johnny Leathers placed fourth and tenth with his club pigs in the club boys division of the Amarillo Tri-State Fair to pace the entries from Donley County. Odell Davis placed eighth in the singles and Joe Williams placed sixth with his litter of five.

The show was the most warmly contested ever held in connection with the fair with 167 entries. Harice Green and Russell Morris were other Clarendon F.F.A. boys showing pigs at the fair.

F.F.A. BOOTH AT FAIR

The value of the trench silo as a means of storing feed is the central theme around which the Clarendon F.F.A. both at Amarillo is built. The advantages of the silo method of storing feed is contrasted with the old method of stacking feed.

A cross section of typical silo, a covered silo, and an empty silo serve to show the correct procedure in building a proper type of silo. Led Jay assisted the F.F.A. members in preparing the booth.

Presenting Clarendon Junior College

By Dortha Watson

Scientific knowledge and scientific management are at the root of all successful present-day projects and enterprises. The business man must have a thorough knowledge of the factors which enter into his business. Also the lives of youths are full of projects.

The aim of science is to start young people on scientific projects which will influence for good their present lives, and which will equally influence their future lives.

It is only recently that scientific writers have become aware of their obligation and value to the boys and girls in schools. Each year, the science classes are almost double that of the previous year. Pupils are becoming more eager to know the actual facts about the world they live in. Not only in high schools and colleges is science being popularized. The number of schools desiring General Science for elementary schools is increasing annually.

Among the scientific projects presented to the pupils are those

of the selection of suitable paints, oils, and varnishes for actual daily use; the examination of different fuels; the investigation of home and school lighting; the utilization of simple labor-saving devices to relieve physical exertion; the employment of chemical agents to transform useless waste products, such as grease and sewage, into useful products, such as soaps and fertilizers; and the application of hygienic facts and theories to school, home, and community sanitation.

In practically every high school, college, and university in America, science is voted to be the most interesting course. Why? Because it is moving forward and expanding. It progresses daily.

The General Science Department of the Clarendon Jr. College offers an excellent course which includes not only the above mentioned, but countless numbers of interesting scientific projects. Science is an important factor in human development and educational growth and expansion.

LOCAL STORE TO MAKE SPECIAL OFFERING OF DUTCH TULIP BULBS HERE

Bulb Distribution to Begin Soon

Word has been received by Clarendon Furniture Store from the national headquarters of the Spring-Air Mattress that the tenth anniversary of this product is to be celebrated this Fall through a gift offering of Dutch Tulip Bulbs in a colorful Rainbow Collection, and that their store has been allotted a sizeable quantity for local distribution. The offer is so unusual that over a million bulbs have been contracted for.

The general offices of the Spring-Air Mattress are located in Holland, Michigan, the city which has become world famous because of its annual Tulip Festival, and so it is highly appropriate that this company should use this means to promote the good-will of its product. Clarendon Furniture Store report that their initial quota of tulip bulbs will soon be on hand, and that an announcement of the offer will shortly be made. Because of the limited number of bulbs that will be available, those who wish to make advance reservations may do so at the store.
