## New firestation dedicated in memory of Edie Robertson

Approximately 100 people attended the dedication of the new fire station addition on Sunday, August 2nd from 2 p.m.-4 p.m. The dedication began with a flag raising ceremony by James Thomas and Donnie Garman and the National Anthem was sung by Ann Harper. Jim Sharrar, Master of Ceremonies, welcomed everyone and gave special recognition to several. The invocation was given by Rev. Bill Hodges

and Mayor David Davidson congratulated the firemen for their dedicated service to the community. With the unveiling of a portrait, painted by Mary Martin, the fire station addition was dedicated in the memory of Edie Robertson. The portrait will hang in the fire station enclosed in a glass showcase. Everyone is invited to come by and see the new addition. Refreshments of punch and cookies were served by the Firebelles.

MR. WOOD AND PERRY employees look on as Manager Lige Smith and Mayor David Davidson cut ribbon for Grand Opening on July 30.

## Well child clinic Tuesday August 11

The Texas Department of Health will have their monthly Well Child Clinic on Tuesday, August 11th from 10 a.m. to 12 noon; 1 p.m. to 3 p.m. at 311 Carhart Street (Planned Parenthood Facility).

The Well Child Clinic services will be available to newborn infants and children up to age of 18. No matter their race, sex, religion, color or national origin.

## Irrigation wells checked for efficiency

On Wednesday, August 12, 1987, Leon New, Extension Irrigation Specialist, and Ronald Gooch, County Extension Agent, will be checking irrigation wells for efficiency. Research and demonstrations indicate that the "average" irrigation pumping plant uses 40 percent more energy than would be used if the pump and power plant were matched to the well and were in good mechanical condition.

Producers that have irrigation wells that they want checked for efficiency should contact Gooch at the County Extension Office, phone 874-2141.

## Pre-registration for Hedley School

Pre-registration for Hedley School will be Friday, August 21, 1987 from 9 a.m.-12 noon and 1 p.m.-4 p.m. New students will need to bring a birth certificate and immunization records.

## Attorney general office to aid in Haar investigation

State Crime Stoppers have added an additional \$1,000 to the \$1,800 already posted for any information leading to the arrest and conviction of any person for persons responsible for the death of Margaret Haar on June 27, 1986.

R.J. "Duke" Bodisch, senior criminal investigator from the office of

Jim Mattox, Texas Attorney General and Bobby Chapmon of the Amarillo Police Department, were in Clarendon last week to help develop additional information and follow up on leads and make tests. Both men were here at the request of Donley County Sheriff, Jimmy Thompson. The Attorney General has put his

office and their resources at the disposal of Sheriff Thompson.

Anyone having information is requested to call Sheriff Jimmy Thompson 874-3533; Crime Stoppers in Austin 1-800-252-TIPS of Amarillo Crime Stoppers at 1-806-374-4400. All information is confidential and the caller's name is kept secret.

## Film series begins August 9 at Calvary Baptist Church

Starting this Sunday night, August 9, at 7:00 p.m., the Calvary Baptist Church in Clarendon will be showing the first of a six part film series. The Turn Your Heart Toward Home film series was developed by Dr. James and Shirley Dobson.

The first film which will be shown Sunday night is entitled, A Father Looks Back. This film emphasizes how swiftly time passes and it appeals to parents to "turn their hearts toward home" during the all important child-rearing years.

We must realize that Satan's #1 target today is the home. The Bible says that Satan is a destroyer and he wants to bring heartache and ruin to each marriage and to each family. We need to be on guard for the cause of the family today.

Don't miss this powerful and challenging film series. By seeing these films you will be moved to take action. Your family may be depending on it.

## Tri State Fair September 21-26

The 1987 Amarillo Tri State Fair scheduled for September 21-26th, will feature three special days during the six-day event. Tuesday, September 22, has been designated as SENIOR CITIZEN'S DAY and anyone with a medicare card will be admitted to the grounds for only \$1.00 throughout the day. At 10:30 a.m. the same day, a special program of free entertainment and door prizes has been arranged in the Coliseum for the senior citizens in attendance. On Wednesday, September 23, NEWS MEDIA DAY at the fair will feature contests between employees of the news media who will compete in different games of skill for prizes offered by the Tri State Fair and the Bill Hames Shows. Following the contests, a party for all contestants will be hosted by the fair.

Thursday, September 24, is designated as COCA-COLA CANTASTIC DAY whereby anyone who brings six (6) empty Coca-Cola product cans will be allowed to ride all carnival rides for one price of \$6.00 from 5:00 p.m. until closing time. Cans collected will be donated to a charitable organization. There is really "FUN FOR EVERYONE" at the 1987 Tri State Fair.

## Dog catcher report for July

For the month of July 25 dogs were picked up; 4 dogs donated; 4 animals reclaimed by owners; and 18 animals destroyed. Total number of animals handled for July 29.

Anyone having to report a dog or cat bite please call 874-3438. No matter how little it may seem.

COSMETOLOGY STUDENTS must combine practical experience with classroom work before taking certificate examination.

## Cutting and curling at Clarendon College

Clarendon College has the distinction of being the oldest college in the Texas Panhandle. In addition to its maturity, Clarendon College has proven to be progressive with its incorporation of vocation-technical programs. The Vocational-Technical Division at Clarendon College seeks to develop intellectual abilities and skills that will enable the student to enter a technical or professional occupation.

The Cosmetology Department has been part of the Clarendon College system since 1973. Clarendon College has cosmetology departments in conjunction with the Pampa Center and the local campus. Virginia James has been the campus cosmetology instructor since 1975. Mrs. James obtained her beauty and instructor's license from the National Beauty School in Dallas and regularly updates her qualifications by attending several seminars each year.

The Cosmetology program is basically a 10 month course depending on how the student schedules the required 1500 hours needed to take the

certification exam. This 1500 hours combine classroom and practical experience. Practical experience is gained by working on mannequins and eventually "real people" who came to the school for hair styling, permanents, hair cuts, manicures, etc. The cosmetology department beauty shop is operated on a non-profit basis, and the low fees charged are used to replace and update supplies. After completing 1500 hours and passing the certification examination, students are ready to take the Texas Cosmetology's Commissions examination to qualify to practice as a licensed beautician in the State of Texas.

Mrs. James says that cosmetology can be an exciting and lucrative career. Success depends upon the individual; she must be a self motivator who enjoys working with the public. Anyone interested in becoming a part of Clarendon College's 1987-88 Cosmetology Program should contact the Registrar Tex Selvidge as soon as possible.

## Agriculture diversification meeting well attended

Approximately 50 attended the Agriculture Diversification meeting Monday night at Clarendon College. The meeting was sponsored by Greenbelt Development Board, which includes Chambers of Commerce from Clarendon, Childress, Memphis, Shamrock and Wellington. Guest speakers from Synvax and Safeguard presented slide shows of worming and implants. After a delicious meal catered by Sam Hill BBQ the program was presented by Angela Lamb and Greg Boggs with the Texas Department of Agriculture.

The farm crisis is a tragedy but also an opportunity. The opportunity to forge a diversified agricultural system that meshes new ideas and technology with what has proven to be its most efficient economic unit, the independent farm or ranch.

If you were unable to attend but are interested in diversification, you may come by the Chamber of Commerce office and pick up A Blue Print for Action-Economic Growth Through Agricultural Development, a publication from the Texas Department of Agriculture.

# Time to plan for retirement

People in the Panhandle area who plan to retire at the end of the year should take some time soon to think about Social Security retirement benefits, Jim Talbot, Social Security manager in Amarillo said recently.

A person should apply for Social Security benefits 2 or 3 months before he or she plans to retire. This way, benefits can begin shortly after income from work stops.

Before applying, a person should get the necessary evidence together, Jim said. This will save time at application time. The first item a person needs is his or her Social Security card or a record of the number.

Next, proof of age is required. Preferred proof is an official record of birth or baptism recorded before age 5. If this does not exist, other proofs can be submitted. The people at the Amarillo Social Security office can tell what kinds of other evidence can be used.

Records that might be used include; school, church, State or Federal census, insurance policies, mar-

riage, passports, employment, military service, children's birth certificates, union, immigration or naturalization. This is not an exclusive list and other records may be acceptable.

Form W-2 or self-employment tax return for the previous year should be provided. These are needed because recent earnings reports may not be in Social Security records.

A husband or wife who also plans to apply should have about the same documents. A marriage certificate may be required, but is not always needed. Information about any previous marriages is also needed.

Birth certificates of any young, unmarried children should be available.

Additional documentation may be required, depending on the particulars of certain cases. The people at the Amarillo Social Security office will be glad to answer questions about retirement applications.

The Amarillo Social Security office is located at 3601 W. 15th, Suite 16 and the telephone number is (806) 376-2241.

# Letter to the Editor

Dear Clarendon Press,

I'm just out of the hospital after cancer surgery. I hope you will overlook the typing errors and other goofs. After looking at the obituaries in your paper of Thursday, July 2, 1987, I tried to follow the format of Mrs. Notie Lowe Howard's obituary while writing my mother's obituary on page 2 of this July 2, paper you published A Tribute To Notie Howard by Brad Howard. I trust you will handle my eulogy to my mother in the same manner. Rev. John Gunn read my eulogy during the funeral service. I love to read the obituaries of the "Old Timers" in Clarendon and Hedley. Even if you do not know them a good history lesson is received.

In your paper dated Thursday, January 17, 1985, you published on the front page an account of Mrs. Mattie Blankenship to celebrate 100th birthday. On page 11 was a "birthday card" with a great number of signatures from the Hedley community. All of our families really appreciated that publication and mother was simply overjoyed.

I want to commend you on the manner in which you support the Clarendon area. Without The Clarendon Press many interests of the city and surrounding would suffer.

You have our heartfelt gratitude for publishing this obituary and eulogy.

# NEWS OF STAMPS

National Parks Celebrate Wildlife Stamps Issue

The U.S. Postal Service recently issued a North American Wildlife pane of 50 colorful stamps to commemorate the natural heritage of North America. The 22-cent stamps, which represent all areas of the United States—from the Alaskan Tundra to the Florida Everglades—were issued at CAPEX '87 international philatelic exhibition, in Toronto, Ontario, Canada.

The stamps are now available at post offices and in philatelic centers throughout the United States.

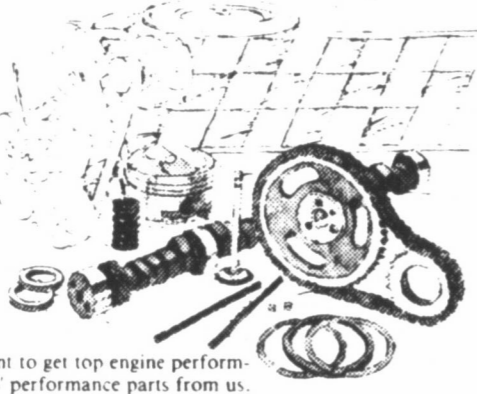

The North American Wildlife stamps mark the most recent portrayal of American experience through postage stamps. In 1869, the U.S. became the

first nation to picture a wild animal—the bald eagle—on its postage, 10- and 30-cent stamps. Since then, birds, dogs, horses and fish, as well as environmental conservation themes, have been featured on stamps.

Wildlife artist Chuck Ripper, designer of the 1981 Wildlife Habitats block of four, the 1984 Louisiana World Exposition stamp and last year's pane of five Fish stamps, and whose work has appeared on the covers of more than 100 outdoors magazines, is the designer of the North American Wildlife pane as well. His artwork reflects the vast diversity of North American topography and climate, in stamps that show each animal in its native habitat.

The word *ye*, in such expressions as "Ye Olde Shoppe," is pronounced like the word *the*. The letter *y* in Anglo-Saxon indicated the same *th* sound as apparent in the current spelling.

### Notice of 1987 Effective Tax Rate for

CITY OF CLARENDON CITY OF HEDLEY

The purpose of this notice is to inform you about your taxes. The 1987 effective tax rate is a tax rate that would levy the same amount of operating taxes the taxing unit levied last year on property taxed in both years, plus the amount the unit needs to pay certain long-term debts this year. The rate is calculated as follows:

1986 total tax levy:	\$ 152,152	\$ 8,630
Less taxes for 1986 debt, 1985 appraisal roll error, and adjustments for lost value:	- \$ 24	- \$ 0
Equals adjusted 1986 maintenance & operations levy:	\$ 152,129	\$ 8,630
1987 total tax base:	\$ 22,785,900	\$ 4,456,190
Less adjustments for value of new property:	- \$ 379,146	- \$ 65,710
Equals adjusted 1987 tax base:	\$ 22,406,754	\$ 4,390,480
The adjusted 1986 levy divided by the adjusted 1987 tax base and multiplied by 100 equals the effective maintenance & operations tax rate:	\$ .47252 /100	\$ .19656 /100
Plus rate to correct for appraisal roll errors:	+ \$ .0 /100	+ \$ .0 /100
Plus rate needed to pay debts and obligations:	+ \$ .0 /100	+ \$ .0 /100
Equals 1987 effective tax rate:	\$ .47252 /100	\$ .19656 /100

1987 effective tax rate:	\$ .47252	per \$100 of value	\$ .19656	per \$100 of value
The maximum rate the governing body can adopt without publishing notices and holding a hearing is:	\$ .48669	per \$100 of value	\$ .20245	per \$100 of value
The maximum rate the governing body can adopt before taxpayers can initiate rollback petitions is:	\$ .51032	per \$100 of value	\$ .21228	per \$100 of value

This notice contains a summary of the calculations used to determine this year's effective tax rate. You can inspect the full calculations at Donley Appraisal District, Courthouse Annex, Clarendon, Texas.

### SCHEDULE A: Unencumbered Fund Balances

This table estimates that the following balances will be left in the unit's accounts at the end of the fiscal year. These balances are not encumbered by a corresponding debt obligation.

Type of Fund	Balance	Balance
Maintenance & Operation	\$1,954.77	\$4,452.17

## Reading Club reaches record attendance

The Texas Reading Club continues to be increasingly successful each summer. A weekly average of 88 children attended the special programs with the highest attendance being 102 on July 28.

Certain amounts of points were accumulated by members according to the number of books they read. Children who read the most books and received the most points are: Gannon Rhinehart with 527 books and 1112 points; Sage Rhinehart-364 books and 691 points; Bryan Rhinehart-374 books and 1038 points; Aleasha Grizzel-390 books and 734 points; Matthew Grizzel-443 books and 1004 points; Daniel Grizzel-434 books and 926 points; Joel Grizzel-394 books and 726 points; Jennifer Grizzel-340 books and 700 points.

Each summer, members are encouraged to enter bookmark contests. Winning bookmarks which will be on display at Tri State Fair were made by Bryan Rhinehart and Matthew Grizzel.

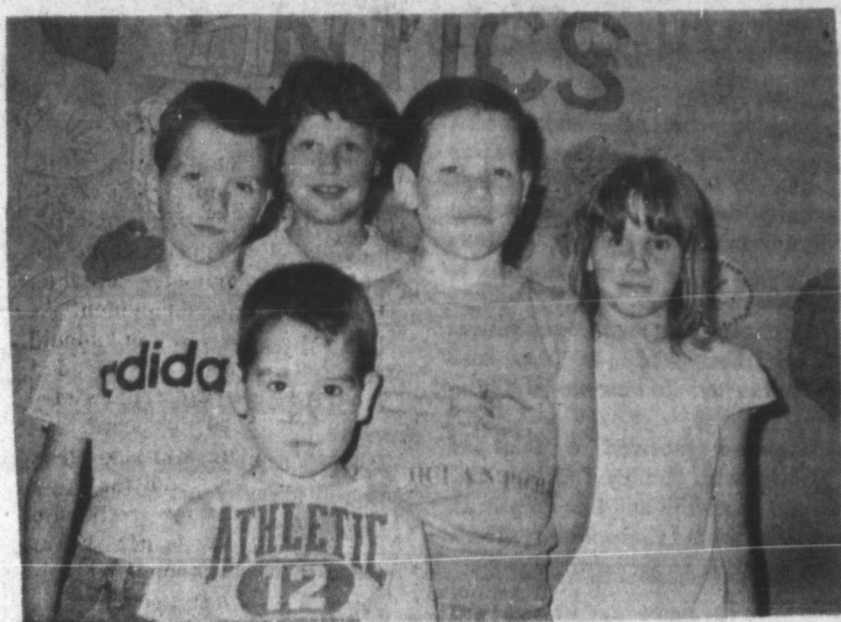

It takes the effort of many people to make the Summer Reading Club as successful as it has become. The

"core" of the program is the various age-group classes, and much appreciation is due to the following ladies who worked with these groups: Nancy Newhouse, Jeannine Shirley, Jennifer Grizzel, Sandy Grizzel, Julie Garrison, Cindy Shelton, Rene Stroud, Cherry Adams, Diane Chamberlain, and Mary Beth Nelson.

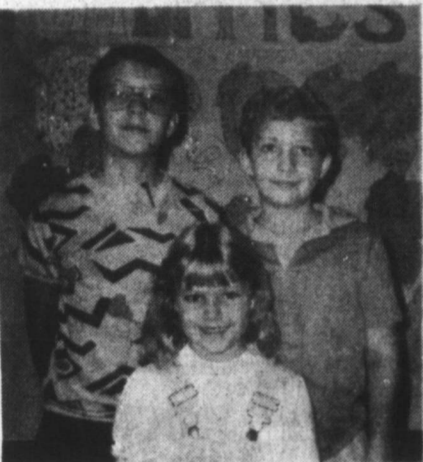

A special thanks goes to guests Philip Stroud, Judy Sanders, Ronald Gooch, Judy McCully, Bob Andis and pictures members of the K-9 Korp who so willingly gave their time to add extra enjoyment to the program.

Another thanks to puppeteers: Elizabeth McAnear, Carrie Shields, Janet Watson, Mona Woodard, Christy Green, Ashley Knorpp, and Felicia Sexton, and to Buddy Howard, Stephen Bivens, Mickey Nunn, Chris Garrison, and Kimberly Stavenhagen who assisted with "Balloon Kick-Off" day.

It is hoped that the Texas Reading Club will continue to expand and bring pleasure to Clarendon children.

JENNIFER, MATTHEW, Aleasha and Joel Grizzel each collected over 500 points during the summer reading program.

BRYAN, GANNON AND SAGE RHINEHART each collected over 500 points during the summer reading program.

BOOKMARK WINNERS AT Texas Reading Club 1987 are Brian Rhinehart and Matthew Grizzel.

K-9 KORP MEMBERS delight Texas Reading Club members with animal demonstrations. Students from 1 to 5 are: Todd Stavenhagen, Misty Longan, Amber Dunham, Mike Moore, Debra Tolbert, Elizabeth McAnear, Mandy Floyd and Jodi Dunham.

STATE REPRESENTATIVE  
**FOSTER WHALEY**

P.O. BOX 2910  
AUSTIN, TEXAS 78769-2910

State Representative Foster Whaley announced that the Texas Commission on Alcohol and Drug Abuse has awarded \$70,000.00 to the Central Plains Mental Health-Mental Retardation Center in Plainview, Texas, to provide substance abuse services for high-risk youth.

Also, Whaley disclosed that \$52,739.00 had been granted to the Amarillo Council on Alcohol/Drug for pilot primary prevention services.

"The problems of drug abuse, alcohol and addiction are out there," said Whaley. "They are out there, they exist, and they won't go away by themselves. I cannot overstate the importance of these programs. The young people in most of the Panhandle area will benefit from these substance abuse services provided for under this funding."

The Anti-Drug Abuse Act of 1986 authorized funding for law enforcement, prevention/education and treatment in line with the federal mandate to reduce substance abuse.

## Jones signs letter of intent to WTSU

West Texas State University head basketball coach Mark Adams announced the signing of Darius Jones, a 6-5 forward from Troy, Ala., and Clarendon Junior College, to a letter of intent for the 1987-88 season.

"Darius is a good athlete who comes from a good program, both in high school and junior college," Adams said. "He has experience at several positions. He has height and jumping ability and is the type of player we need -- a utility player who can accept several roles."

Jones was the leading scorer and rebounder in 1985-86 for the Troy Trojans, who finished 20-9 and narrowly missed a state-playoff berth. He scored 17 points per game and grabbed nine rebounds per contest while achieving All-Wiregrass Conference honors. He broke a Dothan Holiday Classic record by connecting on all nine field-goal attempts in a victory over Enterprise, Ala. Jones also led the Trojans in field-goal percentage in 1985-86.

As a member of Clarendon Junior

College's 1986-87 squad, he averaged 12 points and seven rebounds per game; his season highs were 27 points and 13 rebounds.

"I am very happy to be at West Texas State and am looking forward to achieving great things on and off the court," Jones said. "I want to make my family and friends proud of me."

The rate is calculated as follows:

1986 total tax levy:	\$ 171,406	\$ 188,299
Less taxes for 1986 debt, 1985 appraisal roll errors, and adjustments for lost value:	- \$ 55,998	- \$ 16,883
Equals adjusted 1986 maintenance & operations levy:	= \$ 115,408	= \$ 171,416
1987 total tax base:	\$ 104,114,220	\$ 104,114,220
Less adjustments for value of new property:	- \$ 633,998	- \$ 633,998
Equals adjusted 1987 tax base:	= \$ 103,480,222	= \$ 103,480,222
The adjusted 1986 levy divided by the adjusted 1987 tax base and multiplied by 100 equals the effective maintenance & operations tax rate:	\$ .11152 /100	\$ .16565 /100
Plus rate to correct for appraisal roll errors:	+ \$ .0 /100	+ \$ .0 /100
Plus rate needed to pay debts and obligations:	+ \$ .0532 /100	+ \$ .01512 /100
Equals 1987 effective tax rate:	= \$ .16472 /100	= \$ .18077 /100
1987 effective tax rate:	\$ .16472 per \$100 of value	\$ .18077 per \$100 of value
The maximum rate the governing body can adopt without publishing notices and holding a hearing is:	\$ .16966 per \$100 of value	\$ .18619 per \$100 of value
The maximum rate the governing body can adopt before taxpayers can initiate rollback petitions is:	\$ .17789 per \$100 of value	\$ .19523 per \$100 of value

This notice contains a summary of the calculations used to determine this year's effective tax rate. You can inspect the full calculations at the Appraisal District office, Courthouse Annex, Clarendon, Texas.

**Sanders family has reunion**

Children and relatives of Hugh and Oneta Sanders met for a reunion on Saturday, August 1 at Kenneth and Judy Sanders' home in Clarendon. Bruce and Katherine (Sanders) Ariola from Brice cooked catfish, and hush puppies for the group, along with serving cole slaw, potato salad, and ice tea. Desserts were furnished by other family members. A good day was enjoyed by all.

Those attending were: Leonard and Edna Sanders, Debbie and Jennifer Smothermon, Topeka, KS; Janice and Matt Brandes, Wichita, KS; Bruce and Katherine Ariola and James, Brice; Aubrey, Faye, Jennifer, Laura, and Angela Sanders, Sherry, Joe and Tamara Anderson, Arlington; Beth Sanders, Richard, Trudie and Justin Smothermon, Amarillo; Sonny and Donna Sanders, Nicky Smothermon and Christi Settle, Plainview; Carl, Linda, Rick and Bryan Sanders, Herford, AZ; Robert, Linda and Becky Sanders, Randy and Mikell Bollinger, Lubbock; Richard and Janet Strickland, Bangs; Allen, John Allen, Billy Don

and Marcus Sanders, a friend Susie, Happy; Joe and Patsy Stodghill, Perryton; Kenneth Judy, Hugh and Oneta Sanders, Clarendon; Bill Edens, Clovis N.M. and Jack Edens, Clarendon, also stopped by to visit. Leola Gilmore stopped by with a delicious blackberry cobbler made with blackberries from her garden. We are all looking forward to a great reunion next year also.

The biggest ice cream sundae ever made weighed 27,102 pounds. It consisted of 20,421 pounds of vanilla, chocolate and mint ice cream plus 300 pounds each of whipped cream, strawberries, cherries, chocolate chips and liquid chocolate. Added to that was 1,381 pounds of maple syrup, 100 pounds each of pistachios, walnuts and peanuts, 1,500 pounds of peaches and 2,000 pounds of pineapples. Constructed for the Vermont Maple Festival in 1983, its height was 11 feet 9 inches including ice and pallets.

## Happening In Hedley

By NINA RIDDLESPURGER

Flossie Wood has been enjoying a visit from daughter and grandson. They are Jean and Robert Stafford from Quinton, Okla. Jean was also joined on her visit by 2 friends, Ron Laney and his nephew Robert.

Flossie also has 2 granddaughters visiting her. They are Charla and Carla Webb. They are the daughters of Kathy and Stanley Webb of Brandon, Miss.

Saturday, July 26, Thelma Hall of Clarendon fell at her home and broke her hip and right wrist. She underwent surgery at Northwest Texas Hospital on Sunday. Mrs. Hall is the 79 year old mother of T.E. Naylor of Hedley. Mrs. Hall was not doing very well as of Monday the 3rd of August. Our prayers and best wishes to Thelma.

T.E. and Faye Naylor have been enjoying a visit from their grandson. He is Seth McAfee of Canyon. He is the son of Geneva McAfee.

Tex Naylor suffered a heat stroke last week and spent 2 nights in the Childress Hospital. Tex is still having lots of trouble with the heat. This last week it has really been hot in the Hedley area and seems it will be for a few more days. Everyone should really be careful of staying out in this heat for very long.

Tex is the son of T.E. and Faye Naylor and son-in-law to Frank and Helen Lindsey of Hedley.

Edith Bain returned to Amarillo to the Dr. last Thursday. She got a good report. We are sure glad to hear this good news, Edith!

Dick and Beth Bigalow and their 2 sons Greg and Shane stopped on their way to Colorado to visit the J. S. Hinds. This is Verda's grandson from Abilene. They also visited Beth's grandmother Mrs. Cassie Owens in Amarillo.

There will be a Bain family reunion in Sunray on Saturday and Sunday the 8th and 9th of August at the Community Center.

Faye Naylor said her mother Mrs. Cassie Owens was doing real well. If you would like to send Cassie a card you may do so at the following address: Mrs. Cassie Owens, 2200 West 7th, Amarillo, Texas

Gene Howell visited his mother last Monday. Gene is from Dallas and drives a truck. He stops by often to check on Gladys.

Fain and Pauline Cross have been enjoying a summer long visit with their granddaughter. She is 12 year old Stephanie Smith. She is the daughter of Brenda Smith of Amarillo and David Smith of El Paso.

Raymond Stone, son of Kate Stone is moving to Amarillo from Colorado the 20th of August. Kate will be happy to have Raymond closer to

Thursday the 6th of August Kate will celebrate her 84th birthday. Happy Birthday Kate!

Monday she received a visit from her granddaughter June from Perryton. June's mother Mrs. Opal Huggs from McLean and June's sons, Jason and Jemery also came.

Harold and Mary Ruth White went to Perryton over the weekend to take their grandchildren home.

Saturday the 25th of July Mary Ruth was stung by a wasp and Saturday night Harold had to take her to the hospital at Memphis for a shot. Then on Monday she was stung by 6 or 7 more wasps and Don Blanks had to take her back for more shots. Mary Ruth really had a bad reaction to these wasp stings. Please be careful if you have to be out around where there are wasps. They can really be dangerous as well as very painful.

Bob and Dolores Hodge had a visit over the weekend from Bob's sister and husband. They are Helen and Charles Campbell of Amarillo.

Flora and Sam Sanders had three of their children and families home over the weekend. They were Lillian and Jim Fowler, also Lillian's daughter Billie and her family came down.

Sammie and Kenneth Housden and Deloris, Terry, Jodie and Deania were here.

Eva Hansard has a new great grandbaby. She is 8 pound Shawna Elaine Shelton, born at Amarillo July 28th. She is the daughter of Melanie and Stan Shelton. Proud grandpas are Don Hansard of Amarillo and Douglas Shelton of Clarendon.

Wilma and Manford Snelson had a visit from some of their children over the weekend. They were Maxey, Katrina, Brandi, and Christi Osburn.

Jackie, Angie, Poley spent the week. Billy Joe Pierce, Joe Brandon and Toney came down Saturday and spent Sunday. Alfred Johnson, Maxey and Katrina completed their business with Zora and Wilson Stephens. They bought 2 pieces of property here in Hedley.

Woodrow and Mildred Clendennon paid Tom and Opal a visit last Friday. They were on their way to Pampa to visit Euell at the nursing home.

Tom and Opal also had Mrs. Rosie Smiley and Alpha Nelson from Hutchins. This is Opal's sisters. They were accompanied by Opal's nephew Eddie Long from Red Oak, Texas.

Last Saturday night Paula Clendennon took Eddie Long to Clarendon, on the way back to Hedley. They struck a calf and tore the grill up on Paula's car. Guess the calf was

tougher than the car as it got up and ran off.

On Saturday night Opal and Tom also had a visit from their son and family from Amarillo. They are Tommy Carylton and Benjamin.

Don't forget Sunday, August 9th the Lioness Club of Hedley will be having a turkey and dressing dinner with all the trimmings. This will begin at 11:30 a.m. at the Senior Citizens Center. This will be \$4.00 per plate for adults and \$2.50 for children under 12 years of age. Dessert and drinks are included in this price. Come out and join us for some real good food.

Walter Johnson has returned home from Perryton. He is staying at his home now and is doing real well. Welcome home Walter! We missed you!

Shorty Crawford, Pauline Kaufman and Doreen Conatser returned Monday from a trip to Nashville, Tenn. on Trailways Tours of Amarillo. They visited Opryland Amusement Park, The Grand Ole Opry, Barbara Mandrell Country, Country Music Hall of Fame, had a Dinner Cruise on the General Jackson and visited Graceland home of Elvis Presley among lots of other things. Sounds like a real fun trip.

We had 36 present at our musical Monday night. There were 16 musicians. They were Woodrow Floyd, Weldon Petty, Johnny Stiles, Jack Petty, Dick Stephens, and Melvin Srygley. These folks did a great job for us. We really do appreciate it.

Tuesday night was our birthday supper. Those who had birthdays were Beulah Hall and Ruby Beekler.

We also made our 4th trip to TEXAS Tuesday night. We had 11 people on this trip. Those enjoying a picnic and the play were Connie Taylor, Eva Hansard, Ruby Beekler, Clara Mae Baggett, Jonnie Wilson, James Graham, Eva Hammock, Beulah Hall, and Edgel land Audra Tisdale. Van Driver was Nina Riddle- spurger.

If you haven't been on one of these trips you are missing a lot of fun. If you would be interested in going to see TEXAS contact Jean Taylor at the Center.

84 Club had 3 tables playing Tuesday night.

We had 7 people who went on the shopping trip Wednesday.

There were 25 people checked Thursday at the Blood Pressure Clinic.

We had 5 tables playing 84 Thursday night. Lots of fun!

Friday night Bridge Club had 1 table playing. All you Bridge players come on out and join us this Friday.

Host and Hostess for the month of August will be Grace Stucky and Garland Gardenhire.

Thanks to Jonnie Wilson and Nina Riddle- spurger for the fresh blackeye peas we enjoyed Monday for lunch.

Thanks to Ruby Bardwell for filling in on the front desk while Pauline Kauffman has been on her trip. Ruby always does a good job.

Jean Taylor would like to thank everyone who has signed up as volunteers to drive the van on our lunch deliveries. If you would like to volunteer for 1 or more days each month to drive, please contact Jean Taylor at the Center. This will start the 1st of September.

lack of that was made up in the abundance of good food, conversation and fun. We were saddened, however, by the loss of two members since a year ago. Neva (DeBord) Jester passed away July 1, 1987 and Juanita Watkins in October 1986. We disbanding wishing each one a safe journey home and hoping to meet again next year.

Those who braved the hot weather to attend from Amarillo were: Lavinia and Paul Wagner, Era Belle Hanson, Clifford and Mildred DeBord, Neal DeBord, Toni and Tami, Elsie Burdine, Rowena Montgomery and grandchildren Joe Paul and Tiffany, Bobbie and Weldon Jester, Anita Barnard and Maxie Hawkins, also Deana Milhon and daughter Jennifer.

From Stratford came Anita and Lawrence DeBord, Cecilia (Punk) DeBord, Sonja Kendrick and Martha Willard Bedford, Texas, Ray DeBord and wife, Watkin and son Nathan from Hereford, Claude DeBord and twin daughters, also Jimmie Middleton, Edna and Elmer Dishman, Clarendon, Burk DeBord, Ashtola and from Hedley Mahdeene and Connie DeBord, Peggie and Slats DeBord.

T. and Nancy Mullins, Steve and Dan and Mrs. Lola Brown spent the weekend in Stamford with Bill and Natalie Mullins. Bill is home after spending several days in an Abilene Hospital following major surgery to repair severed tendons and leaders in his left hand. He almost cut his hand off when he fell on a broken bottle. Doctors are optimistic that he'll regain full use of his hand.

Leon and Linda Couch and Langly of Lueders joined them on Saturday evening for dinner.

T. and Nancy Mullins spent Tuesday in Amarillo for Nancy to have some dental work.

Woodrow Farris had to have about 25 stitches in his left hand after he cut it working on his pickup. Ora Pearl commented that every time she let him get away from her, he came home hurt.

Moon Mullins came home from the Wellington hospital where he spent several days undergoing tests. He'll be going to Amarillo for treatment in a few days.

Alden White and Robert Crane of Amarillo visited with Fred and Peggy Watt and Guy Monday morning. Alden owns a ranch north of Hedley which joins Fred's land.

Fred Watt attended the farm diversification meeting at Clarendon College Monday evening.

Hedley is happy to welcome Mr. and Mrs. Lee Russell and their sons. Lee is employed at the Hedley Feedlot.

## Hedley Eastern Star

Peggy Watt attended the Radiant Jewels Round-Up in Amarillo on July 24, 25 and 26 in honor of Mrs. Betty Phillips, Associate Grand Conductress, Grand Chapter of Texas, Order of the Eastern Star.

The group of Eastern Star members from all over Texas enjoyed the barbeque dinner and presentation of "Texas" on Friday evening.

Saturday morning Peggy attended a meeting for the Conductresses. Saturday evening she joined Dorothy Brinson and Gail Johnson at the "Dazzlin' Diamond" Banquet.

There were approximately 600 people in attendance including many past grand officers.

Mrs. Brinson is Worthy Matron and Mrs. Johnson is Associate Matron of Hedley Chapter #413.

On Sunday morning Mrs. Watt attended the denotional breakfast.

Hedley Chapter #413 Order of the Eastern Star held its regular meeting Monday, August 3rd.

Worthy Matron Dorothy Brinson, conducted the regular business meeting. Peggy Watt brought an interesting program on Dr. Rob Morris.

Following the meeting Dorothy Brinson, Kenneth Brinson, Gail Johnson, Nancy Mullins, Peggy Watt, Ruth McKay, Lola Brown, and S.J. Johnson enjoyed sandwiches, chips, cake, tea and coffee prepared by Gail Johnson and Dorothy Brinson.

In Germany, Jack Frost appears as an old woman. When Old Mother Frost shakes her bed, snow begins to fall.

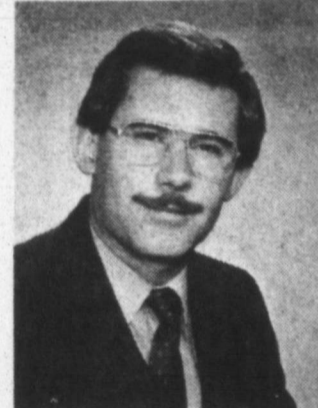

## DeBord reunion

August 2nd, 1987 was the date for the DeBord cousins' reunion in Thompson Park in Amarillo. The attendance was down some, but the

# PRACTICAL ATHEISM

What is a "Practical Athiest"? It is someone who may believe that there is a God, but who lives as though there were no God! If you were to ask the "practical athiest" if he or she believes in God, they would in all likelihood say "Yes!"... But you sure couldn't tell it by the way they live their lives: The "practical athiests" are always explaining away what the Bible says & substituting their own ideas & opinions instead; the "practical athiests" see no reason to actually read the Bible and feel no need to pray; the "practical athiest" does not attend the worship services or the local church and has no intention of ever doing so; the "practical athiest" is not concerned with his/her own salvation, or the spiritual welfare of their family; the "practical athiests" live for today, getting the most pleasure out of life while they can, as if there is no tomorrow; the "practical athiest" would be embarrassed to come right out and say that they didn't believe in God, but yet, they are equally embarrassed to seek spiritual things and live their lives for God; Yes, the "practical athiest" will always tell you there is a God.... But they seem to forget that oneday, in the not too distant future, they must stand before that God in judgement and give an account of their life here on earth!!!

# McAnear reunion

The annual McAnear reunion was held July 24th and 25th, 1987, in the Clarendon Community Center. A total of 190-plus attended the two day event. McAnear descendants from six states, fifty-one towns and cities and Canada, B.C. were present.

Sunday activities included a resume of the history of the McAnear family beginning with the year 1738 in the Commonwealth of Virginia. This history was based on the research of the McAnear family tree done by Jeanie McAnear Echols, Irene Blanton Smith and H.B. and Nell Blanton.

Prizes were presented to Lorene Haun of Selma, Ca. for the woman who traveled the most miles and Frank E. McAnear of Charlotte, N.C. for the man who traveled the most miles and Nora Dewbre for 86 years young of Ringling, Ok. and Jessica Renee Bittle of Amarillo for 2 1/2 months young. Mrs. Katherine Smith of Fort Saint John, Canada, B.C. attended on Saturday only, before the prizes were awarded.

Descendants of John B. and Mahala McAnear born 1813, S.C. attending were the children of the late Fed and Virgie, Ringwald, McAnear.

J.G. and Frankie McAnear, Jeanie and Robert Echols, Robbie, Jim and J.C. Gehling, Jan Matthews, Jeanine, Jim, Talmadge and Lauren Hill, Dwight, Vickie, Granville and Garrick McAnear, Ronnie, Melinda, Jennifer, Todd and Elizabeth McAnear, Freddie and Marsha McAnear, Mrs. A.S. McAnear, Cody and Starlet McAnear, Jimmy, Pat, Alex, Russell, Mandy and Jimmy Wayne McAnear, Barbara, Roy and

Dustin Harmon, Teresa, J.T. and Jessica Bittle, Brenda, Jerry, Jay, Pam and Chris Barret, Richard, Medina and Meghan Gribble, Sheila, Harry, Aaron, Jarrod and Trevas Babbett, Judy, Bill and Steven Monk, James and Juanita McAnear, David, Jaci and Walker McAnear, James Alvin McAnear, Jamie, Glenn, J.D., Kayla and Jeremy Shields, T.W. and Dorisene McAnear, Don McAnear, Susan, Wes, Jeff and Suzette Henson, Fed and Jean McAnear, Robert and Joy Luehrs and Tommy Stamm, Mike, Becky, and Mellisa McAnear, Sam and Mary McAnear, Stuart, Connie and Dawn McAnear, Mary and Bill Selman, Freddie, Gayla, Daniel and Stormy Selman, Bo Savage, and Beka Emert, Vicki Wilhite and Ty Swimmy.

Descendants of Alexander and Elizabeth Blanton McAnear born 1803, S.C. attending were Irene and Wallace Smith, Roy and Letha McAnear, Frank and Frances Gibson, LeRoy and Joyce McAnear, Ed and Anna McAnear, Sharon, Paul and Eren McAnear, Roy and Pam Hughes, Bob and Faydell Gage, Lisa and Charles Vanhorn, Aleese and Carol Benson, Vic, Lisa and Jason Benson, Keith McAnear, Lisa and Karen Douglas, Charles, Kay, Crystal, Neika and Heath McAnear, Earl and Wanda DeBusk, Mert Pugh, Alfred Casey, John, Peggy, David, and James Clough, J.D., Rhonda, Colby and Dylan Slater, Dewey McAnear, J.C. and Linda McAnear, Donna, Joel, Darla and David, Cheri Bachman, Donna and Heather Fondy, Katherine Smith, Dixie Johnston, Clara Brown, Nora Dewbre, Joyce

Webster, Lorene Haun, Pauline Byrd and Rosie Golsen.

Descendants of Andrew Jackson alnd Margaret Cryer McAnear born 1817 Tenn. attending were Bud and Geraldene Strickland, Travis and Marie Strickland, Paul and Laquita, Jarod and Lauren Dinkins, John and Bonnie McClellan, Chris and Rex Wilson, Karen Wilson, Ledesma and Michael, Joan Wilson, Earl land Eileen Miller, Margaret Watson and Carl Jones.

Descendants of Samuel F. (born 1810 S.C.) and Frances McAnear attending for their first time were Frank Ed and Jerry and Kelly McAnear.

Descendants of Daniel (born 1802 S.C.) and Elizabeth McAnear made their firs reunion this year. It was the first time any of Daniel's descendants have ever attended. They were Luella Knox McAnear Kindrick and her husband Sam.

James and Iris McAnear came from Decatur, Alabama where their ancestor James Polk, born 1800 S.C., and Mary Hamilton McAnear lived, along with all of the above McAnears of the 1800's.

The earliest paternal ancestor of the McAnear family who has been identified in all of our research up to the present time is Samuel McAnear born 1773 and his wife Mary. They had ten children and all but two moved west in the early 1830's. Two staying in Decatur, Alabama, one in Clarendon, Arkansas and seven coming to Clarksville, Texas. Of these ten children six were represented at this year's reunion. The seventh brother was to be represented also, but because of illness they could not come. We believe that our forefather, Samuel McAnear would be very proud to

know that so many of his offspring would be gathered together 214 years after his birth, in Virginia, in the land of America, that his father so courageously came to from his European homeland, to be free, to settle, and to raise his family.

Guests enjoying the special weekend were, Mrs. Claudine Todd, Kristi and Ron Winfrey and Drrell land Wilma Leffew.

A special thank you goes out to all the people who gave their time and work to make this reunion so enjoyable for everyone.

Memorial services were scheduled for Wednesday, August 5, 1987 at 10:00 a.m. in the Ellis Chapel of the Park Cities Baptist Church. Sparkman-Hillcrest Mortuary was in charge of arrangements with interment in Hillcrest Cemetery.

Mrs. Simmons is survived by two sisters, Mrs. Robert E. Koiner, Dallad, Mrs. Ralph (Jo Stewart) Randel, Panhandle; a brother, L.N. Nick Stewart, Dallas; one niece, Mrs. Don Koons and two nephews, Bennett Stewart and Randel Stewart, all of Dallas. Her husband preceded her in death.

The family requests memorials to the Park Cities Baptist Church or the Square House Museum of Panhandle, in lieu of flowers.

University discontinued them in 1985. Since 1976, 89 Panhandle women have been honored with this award. Past recipients have been leaders in farming, ranching, business, medicine, education, voluntarism, finance, communications, civic responsibility, health care and the legal system.

Women who are legal residents of the top 26 counties of the Panhandle and who have NOT previously received this award are eligible for nomination. The Awards Committee encourages nomination of any woman who has had a significant impact on the Panhandle of Texas through her local community in one or more of these categories: Arts, Civic Leadership and Public Service, Education, Health Care, Legal, Science and Technology, and Voluntarism.

Winners are selected on the basis of lasting contributions or achievements that have impacted the region. A representative panel of Panhandle citizens, including former award recipients, will select the award winners. Recipients will be honored at an awards ceremony scheduled October 17th, 12 noon, at the Tascosa Country Club.

Nominations are being accepted now until before September 1, 1987. For further information or to request a nomination form, contact: Women's Forum, 3403-A Thurman, Amarillo, TX 79109.

### A CHOICE TO MAKE

Some people to to great lengths to tell you about all the good Voting Wet is to a town or to a country. But when you say something about the deaths and heartaches that it brings, that is a different story. Why not ask some people who have lost a child or a loved one because of alcohol. Ask a child who has been left alone by a parent to fend for themselves because their moms and dads wanted to go to a party. I should have wrote this last week before the voting took place, but like you, I look for Good people like you to get out and defeat it in their home town. My prayer is that you will see the damage that is done by it. The so called money that it brings to your town will not pay for the lives it destroys or crippled. "Who hath woe? Who hath sorrow? Who hath bobbling? Who hath wounds without cause? Who hath redness of eyes? They that tarrey long at the wine. Who hath contention? They that go to seek mixed wine, when it giveth his color in the cup, when it moveth itself aright. At the list it biteth like a serpent and stingeth like an adder." PROVERBS, 23:29-32 I hope when this come out, that the WET or DRY has been "DRY". If for some reason that its otherwise remember you have the responsible job of seeing that drinking does not get out of hand or cause others pain or loss.

### REGULAR CHURCH ATTENDANCE MAY SAVE YOUR LIFE

Paul Harvey recently reported of a 73-year-old man who had been pinned beneath his farm tractor for four days and nights in driving rain and a terrible storm. Concerned

friends went to see about him just in time. It seems that he is going to survive the ordeal, but he will lost a leg below the knee.

Several newspapers have picked up on this little story and have centered upon the amazing fact that a 73-year-old man could live after being pinned beneath a tractor for four days and nights in such inclement weather.

But what is even more amazing is the reason why his friends were cause to check on him. One fellow said it best: "He missed prayer meeting on Wednesday night!" That is all! Yes! Simply missing one service at church compelled his friends to check on him.

This man's faithfulness to the Lord's church saved his life.

## The Lions Tale

The Clarendon Lions Club held its regular meeting at noon on Tuesday at the Lions Hall with twenty-seven members and guests present.

Following the regular opening ceremony Lontamer Messer introduced the guests and vice-president Hicks called the meeting to order. Lion Knorpp reported on last Saturday's Bingo and Lion Lovelady distributed tickets for the Annual Pancake Supper to be held on September 4th. Club members are to begin the advance ticket sales NOW. Meeting adjourned.

## Continued increase in oil and gas lease nominations healthy

Texas Land Commissioner Garry Mauro announced a jump of 147 percent in the number of lease nominations received for the October 1987 Oil and Gas Lease Sale, a healthy sign for the Texas oil and gas industry.

"The oil and gas industry has shown increased interest in leasing state tracts for exploration, nominating 565 tracts for the upcoming October sale, compared with only 229 tracts nominated for last April's lease sale," Mauro said. "But, more importantly, this big increase is a continued indicator of future increases in drilling activity, which would ultimately mean more jobs for Texans."

The Land Office is responsible for managing 16 million acres of state land dedicated to education and depositing that income into the Permanent School Fund. The money generated by this endowment fund, which now stands at more than \$8 billion, is then distributed to primary and secondary schools throughout the state on a per pupil basis.

In order to lease a tract of state land for oil and gas exploration, a potential bidder must first "nominate" a tract for leasing. A non-refundable \$100 nomination fee is collected by the Land Office for each

tract of potential lessee wishes to nominate.

The nomination fee practice was implemented by Mauro in 1984 at the suggestion of oil and gas industry experts. This practice, along with additional recommendations, has resulted in the steadily rising per acre bonus the state is receiving on the acreage it leases for oil and gas production.

The April 1987 lease sale brought in \$6.6 million in total bids on 53 tracts totaling 30,285 acres. That was up from the October 1986 lease sale income of \$3.2 million in total bids on 49 tracts totaling 18,029 acres. For the October 1987 lease sale, 435,000 acres have been nominated as compared to 148,000 acres nominated in the April 1987 sale.

"The 147 percent increase in nominations over the April 1987 lease sale is a strong indication that the oil and gas economy has stabilized and is growing," Mauro said. "With West Texas Intermediate going over \$22 a barrel last week and the big jump in nominations, we expect a better lease sale than the last one."

In the upcoming lease sale, 226 of the tracts are in the Gulf of Mexico, 263 in bays, 49 are river tracts and 15 are upland tracts.

## QUESTIONS & ANSWERS

### FREEZERS

Q. Why do my frozen foods receive freezer burn?

A. Freezer burn occurs when foods are wrapped incorrectly or with the wrong wrapping materials, or when punctures develop during the period the food is in the freezer. To prevent such occurrences, home economists from Whirlpool Corporation advise using proper wrapping techniques — make packages as airtight as possible — and heavy duty freezing materials — containers and wraps that are moisture and vapor-proof. When wrapping foods with sharp edges, bones, etc., pad those areas with extra wrap to reduce the possibility of puncturing the outer wrapping.

Q. Why do frost and ice crystals appear inside packaged foods?

A. Air was left in the package before freezing. When preparing foods for freezing, all of the air inside the bag must be squeezed out prior to freezing. Air space lets moisture evaporate from food, causing ice crystals. To ensure foods will not deteriorate in quality, as much air as possible must be removed.

Q. What can be done with frozen foods if there is a power outage?

A. A fully loaded freezer will remain frozen for up to two days if the lid/door remains closed. During a long period outage, add approximately 25 lbs. of dry ice to a nearly full freezer and food will remain frozen for three to four days. In a half loaded freezer, it will be safe for two to three days.

## VA questions and answers

Q--What is the current VA-guaranteed mortgage rate?

A--The VA-guaranteed mortgage rate was set at 10 percent on May 11, 1987.

Q--May a veteran who has served only during peacetime in the U.S. armed forces be buried in a national cemetery?

A--Yes, providing the service was under conditions other than dishonorable.

Q--How does a veteran qualify for the annual clothing allowance payment from the VA?

A--Any veteran who is entitled to receive compensation for a service-connected disability for which he or she wears or uses a prosthetic or orthopedic appliance, including a wheelchair, may qualify. Before paying the allowance, the VA must determine that the appliance wears out or tears clothing.

Q--I filed a claim for compensation about three months ago and recently had my medical examination. I have not heard anything from the Veterans Administration. How can I find out the status of my claim?

A--While initial claims often take longer than three months to process, if you are concerned, you may call the local VA regional office to check the status of your claim.

Q--Will the Veterans Administration release my new address to my estranged wife?

A--No. Your address is privileged information and may not be released to anyone without your permission.

Q--Does the Veterans Administration help veterans find lenders for VA-guaranteed mortgages?

A--No. Veterans must make their own arrangements for loans through the usual lending channels, such as banks, savings and loan associations

and mortgage loan companies. Real estate brokers will ordinarily assist a veteran in finding a lender.

Q -- Is there a charge for the opening and closing of a grave in a VA national cemetery?

A -- There is no charge. However, expenses related to preparation, casketing or transportation of the remains from the place of death to a national cemetery must be paid from private funds. The VA may provide reimbursement under certain circumstances for burial expenses. Social Security pays a burial benefit to a spouse in some cases.

Q -- I am a military retiree. I have been notified that my Civilian Health and Medical Program of the Uniformed Services [CHAMPUS] coverage ends when I am 65. Is this true?

A -- CHAMPUS or CHAMPVA, the Civilian Health and Medical Program of the Veterans Administration coverage ends when a recipient becomes entitled to Medicare coverage.

Q -- Will I lose my VA compensation if I get a job?

A -- Employment is generally a factor in receiving VA compensation only if you are being paid at the 100 percent rate based on your employability.

Q -- The IRS withheld part of my refund for a Veterans Administration education overpayment that occurred in 1978. I want to request a waiver. What can I do?

A -- For overpayments incurred before 1983, the VA could consider a waiver request if received within two years of the initial notification to the claimant. In 1983 the time limit was reduced to 180 days. However, if you have evidence that shows you were not afforded due process rights, you should present your case to the VA.

Q. A neighbor talked me into joining his church. Over the next two years, he convinced me to use my credit cards and money to help people who needed their rent paid, tires for their cars, etc., and told me that I was doing it for the church. He always told me to use my credit cards as he did not want his children to know that he was doing anything for these people. One time my SSI check did not come in and he loaned me money to pay my rent. I did not ask for the money, but I told him he would get it back. Nothing was said as to how it was to be repaid. Now he is harassing me because he wants all of the money back right now. I feel like this man owes me for what I spent on the people he was trying to help. Can I legally get him to repay the money I feel he owes me.

A. As financial transactions, these two situations are independent. Your rights to recover monies from your neighbor may be based on:

- The existence of a written or implied contract obligating your neighbor to reimburse you for payments made to third parties at your neighbor's request, or
- The doctrine of promissory estoppel may apply if you made the payments relying on your neighbor's promise to repay. Promissory Estoppel requires the existence of a promise designed to influence and encourage the promisee's conduct. In other words, the absence of a contract has no bearing if you made payments based upon your neighbor's promise to repay you.

To recover any of your monies based on a contractual agreement, you must show that your neighbor promised to reimburse you for making the payments. If your neighbor did not expressly promise to repay you, you must show that a promise was implied in your dealings with your neighbor. The promise to repay must also have preceded your payment.

One difficulty you may encounter is offering proof that your payments were not charitable contributions made to needy people as a means of helping your church. Even though your neighbor may have influenced you greatly, you acted voluntarily.

If you made the donations directly to needy people, it may be difficult to prove that the donation was made on behalf of your neighbor instead of you. All of your possible remedies require the existence of a promise by your neighbor to repay you. The facts are unclear as to whether such a promise existed. Your belief that there was such a promise is, in itself, insufficient to support your claim for recovery under either breach of contract or the doctrine of promissory estoppel.

Q. My husband and I had our wills made in California just months prior to moving to Texas. Could you tell me if this will is valid in the state of Texas? Should we have a Texas attorney examine the will?

A. Without examining the wills prepared in California, it would be impossible to tell whether or not they are valid under Texas law. Normally, a will must meet all the requirements of Texas law to be valid in Texas and dispose of your property according to your wishes. Accordingly, it would be highly advisable to have a Texas attorney review the wills.

Q. My husband died leaving all his property to me in a will. The house and car are still in his name. I have made a will that leaves everything to my family. Will they have any trouble after my death with the house and car not being in my name? Should I get it changed?

A. You should have your husband's will probated within four years after his death and have the executor or administrator of your husband's estate transfer the title of the automobile and the house to you. If the will meets the requirements of Texas law, this is a relatively simple legal procedure.

Send your questions to "You and the Law," State Bar of Texas, P.O. Box 12487, Austin, 78711. Answers may appear in columns in hypothetical terms; personal answers not possible.

## Beneficiaries should update earnings report

Over 700,000 letters go out this month to Social Security beneficiaries in target groups considered most likely to be overpaid because of excess earnings under the annual earnings test. The letters invite them to update their estimates of their 1987 earnings, if necessary, to avoid overpayment problems.

The estimates were included in the earnings reports working beneficiaries who earn over the annual earnings limit are required to send in by April 15. Beneficiaries report how much they earned the prior year and provide an estimate of how much they expect to earn during the current year. Earnings over the annual limit reduce the benefit \$1 for every \$2 of earnings over the limit. Current benefits are adjusted based on information contained in the earnings report.

The 1987 annual exempt amounts are \$6,000 for people under 65 all of 1987 and \$8,160 for people 65 through 69.

The annual mass mailing is part of an effort to reduce debt owed to the Government. Most overpayments result from low estimates of annual earnings reported to Social Security.

When something happens that causes a person to earn more than the estimate he or she provided to Social Security, the change should be reported to Social Security immediately. Each check received based on an incorrect estimate of earnings increases the amount of overpayment - benefits for which a person is not eligible and which will have to be repaid to Social Security. Repayment is generally done by withholding a portion of future checks, although the overpayment may be repaid in a lump-sum.

People may update their earnings reports by phone or by mail. Just call (806) 376-2241.

er's plan does not pay for all the charges. Medicare may pay secondary benefits for Medicare-covered services. Whether you wish to enroll in or keep Medicare Part B medical insurance will depend on how fully the employer plan covers the doctor's and other health services that Medicare medical insurance covers.

If you're in an accident, Medicare will not pay for services covered by auto medical, no-fault or liability insurance. This is true even if state law or the private insurance contract says that the automobile, no-fault or other liability benefits are secondary to Medicare's.

The secondary payer provisions apply also to disabled Medicare beneficiaries under 65 who work in firms with over 100 people.

Even if you're on a health insurance plan at work, or have auto medical, no-fault or liability coverage, it still pays to have Medicare hospital insurance as a supplemental plan, experts agree. There's no premium if you have enough work credits under Social Security or Railroad Retirement.

### What You Should Know

You may have heard somewhere that when you become eligible for Medicare, it will always be the first to pay your hospital and medical bills. This is not always true, as a free booklet from the U.S. Department of Health and Human Services explains.

There are a number of situations where Medicare pays after other sources pay, making Medicare the "secondary payer" rather than the "primary" or the first payer. For example:

If you're over age 65 and either you or your spouse is working, your employer's health plan or your spouse's employer's health plan can be your primary payer. According to a booklet prepared by the Health Care Financing

to perform better. After providing the proper equipment, be sure to teach them to use it properly.

- **Set healthy limits.** Recognize that children's bodies are not adult bodies. High-impact games and unnatural movements may do more harm than good. Don't let Little League coaches teach curve balls until the pediatrician says it's OK. And make sure your little ballerina's foot is prepared to dance on-toe before she starts.

- **Use athletics to encourage a healthy diet.** Once kids show interest in their fitness performance, they'll be open to improving their overall fitness. This is a great opportunity to teach good eating habits.

## KIDSPORTS

By Dr. James "Red" Duke Jr. Prominent Physician

Current research tells us that kids today are unfit and that about 80% of our overweight teenagers will remain so throughout adulthood. One major contributor is a bad habit that starts at home—a lack of regular exercise. Too often, the need for kids to get involved with sports is ignored. Or when they do get involved, they're pushed too hard and the fun is lost. Here are some ways to help your kids stay fit:

- **Re-direct leisure time.** Recent Nielsen ratings show that kids watch three-plus hours of TV daily. Sports and exercise can replace some of that time. Help your child select after-school activities and specific TV programs to create a healthier balance.

- **Have the family join in.** Unfortunately, the adult fitness craze hasn't trickled down to kids because we aren't always including them. Plan activities like bicycling, swimming and hiking that can include the entire family.

- **Make sports fun.** Team sports teach children to balance independence and dependence. And they should be fun. Instead of pushing them to win, help kids enjoy the game by offering continual support for their involvement.

- **Keep sports safe.** Without proper equipment, uniforms and rules, kids get hurt. Some of the latest safety equipment is designed to help — not impede — speed and agility. And studies show that using proper accessories gives kids the confidence they need

## LOWER BACK PAIN

If you've been treated for lower back problem and the pain and discomfort are still there, you may be able to benefit from chiropractic treatment.

If your spine is out of alignment, this may be causing other problems in addition to lower back pain. Because the body's nervous system is closely integrated with the spine, any misalignment can cause painful irritation. Abnormal nerve function may damage forever organs, glands, or tissues that are supplied by that nerve.

The nerves of the lower back, for example, are connected to certain organs and other structures in that area. If lower back spinal misalignment is putting undue pressure on the nerves, you may be suffering from more than lower back pain. It may be having a direct effect on other areas of your body.

A thorough examination can disclose exactly where the problem is and how it can be corrected.

## Low-Sugar Fruit Muffins Great Snacks

When stomachs growl they often are filled quickly with whatever is closest at hand. Unfortunately, nutritious snacks aren't always the first choice. Often commercially-prepared snacks win out over fruit or vegetables. One good way to make sure you and your family are getting the most nutrition, without extra fat and sugar, is to keep homemade low-sugar snacks on hand.

You can score a home run with naturally sweet and satisfying Fruit and Nut Muffins. They are a slightly sweet treat that's loaded with dried apricots, prunes and walnuts. Spices such as cinnamon and allspice add lots of flavor, so little sugar is needed. Dried apricots and prunes are a natural source of iron, a necessary requirement to your daily diet.

Time is often the culprit in poor eating habits. Busy lifestyles often mean skipping breakfast and grabbing a doughnut on the way to work. If there isn't time for breakfast at home, make Fruit and Nut Muffins ahead of time, and package in Ziploc® brand sandwich bags. Tuck a bag or two of muffins in purses or briefcases for a high-fiber, low-sugar breakfast at the office. Muffins make great mid-day pick-me-ups too and help you avoid the candy bar and soda crutch.

Catch children before they reach for cookies and candy by sending Fruit and Nut Muffins in instrument cases for snacks after music lessons, or sports bags for after-practice pick-me-ups. These muffins also make great substitutes for sugary desserts in lunch boxes.

By pre-packaging healthy snacks such as cheese and crackers, fresh fruit, vegetable slices or Fruit and Nut Muffins in zipper-top sandwich

bags, you save the money of more expensive commercially-prepared snacks.

For more great snack and sandwich ideas, send for a new free leaflet. Enclose a legal-size stamped self-addressed envelope and send your request to:

### Fruit And Nut Muffins

- 1/2 cup boiling water
- 3/4 cup chopped dried apricots
- 3/4 cup chopped prunes
- 3/4 cup milk
- 1/3 cup vegetable oil
- 1/2 cup chopped walnuts
- 2 cups all-purpose flour
- 2 eggs

- 1/4 cup sugar
- 1 tablespoon baking powder
- 2 teaspoons ground cinnamon
- 1 teaspoon ground allspice
- 1/2 teaspoon salt

Preheat oven to 400°F. Pour boiling water over apricots and prunes in a large mixing bowl. Set aside to cool to room temperature. Line 12-cup muffin pan with paper liners. Add milk, vegetable oil, nuts and eggs to fruit mixture. In another bowl, combine flour, sugar, baking powder, cinnamon, allspice and salt. Make a well in center of dry ingredients and add liquid ingredients all at once; mix only until dry particles are moist. Fill lined muffin cups 3/4 full. Bake 20 minutes at 400°F, or until wooden pick inserted in center comes out clean. Remove immediately from muffin cups to cool on rack. To store, place cool muffins into Ziploc® brand sandwich bags. Makes 12 muffins

Lesia Fuston of Clarendon was one of several national showmanship contestants to attend.

## Local 4-H'ers place in district recordbook judging

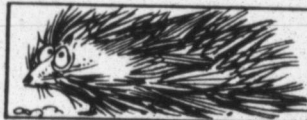

The 1987 4-H District recordbook judging was held Thursday, July 30, 1987, at the District Extension office in Amarillo.

Donley County 4-H'ers submitting record books for District competition were: Senior-Shannon Myers, Leadership, Third place; and Mike Moore, Dog Care and Training, First place; Juniors-Sheri Hall, Foods and Nutrition, Blue Ribbon; Minde Hollar, Clothing, Blue Ribbon; Scott Myers, Beef, Blue Ribbon; and Elizabeth McAnear, Dog Care and Training, Blue Ribbon.

Mike Moore's Senior Dog Care and Training District-winning recordbook will represent District I in the State 4-H recordbook competition.

Other 4-H'ers submitting recordbooks at the County level were: Junior-Amber Dunham, Dog Care and Training; Misty Longan, Dog Care and Training; Steven Davis, Dog Care and Training; and Senior-Jennifer Davis, Dog Care and Training.

Each 4-H'er that completed a 4-H recordbook is to be congratulated on a job well done.

## 1987 ICI American Cotton foundation scholarship

ICI Americas Inc. and The Cotton Foundation have announced that August 15, 1987, is the deadline for applications for a 1987 ICI Americas-Cotton Foundation scholarship.

Twenty-five \$2,000 scholarships will be awarded to undergraduate students who are the children of cotton producers. Winners are selected on the basis of academic credentials, community activities, and an essay describing how their field of study could aid the cotton industry. The scholarships will be awarded at the Beltwide Cotton Conference in January 1988.

In announcing the deadline, Dr. Arlie Bowling, director of the Cotton Foundation, cited two areas that impact applicants most. "We want to alert all students that applications and essays must be postmarked by August 15, 1987, if the students wish to be eligible for this year's awards," explained Bowling. "We want to give all eligible students a chance to participate in the program."

Bowling also defined eligibility. "We have stipulated that applicants must be children of cotton producers. This includes, but is not restricted to growers, textile researchers, cotton

consultants, cotton marketers, farm managers and chemical distributors."

Last year, 35 high school seniors and college students from 11 states were each awarded a \$2,000 scholarship to be applied toward their college tuition and fees. The additional 10 scholarships awarded last year came from the excellent sales of ICI Americas' CYMBUSH® insecticide, which funds the program.

The program is administered by the Cotton Foundation. The candidates' academic records and extra-curricular activities are reviewed and evaluated by College Scholarship Services, a College Board activity. The semi-finalist essays are evaluated by the Producers Steering Committee of the National Cotton Council.

Applications for an ICI Americas-Cotton Foundation scholarship can be obtained by writing the ICI Americas-Cotton Foundation Scholarship Program, P.O. Box 12285, Memphis, TN 38182-0284, or calling ICI Americas Information Service at 1-800-441-7757, ext. 3192.

CYMBUSH is a restricted use pesticide.

### An Aspirin A Day?

Recent research has revealed an important new use for an old medicine. Scientific studies show that taking one or two aspirins a day can help to prevent a second and possibly a first heart attack.

Doctors believe daily doses of aspirin may be an important part of a heart care program.

As a result, many doctors now prescribe aspirin therapy as a preventive measure be-

cause aspirin increases the ability of the blood to stay fluid (like an anti-coagulant). In fact the U.S. Surgeon General, Dr. C. Everett Koop, who himself takes an aspirin a day, supports this use of aspirin. Dr. Koop recommends aspirin for heart attack prevention for anyone in their 40s and older.

Because regular aspirin can cause stomach upset—many doctors recommend the use of "enteric" or safety coated aspirin to eliminate concern over gastric problems. The market leader for coated aspirin is Ecotrin.

Coronary heart disease is the number one killer of adults in this country. Regular checkups, proper diet, sufficient exercise, and no smoking can also help you reduce your risk.

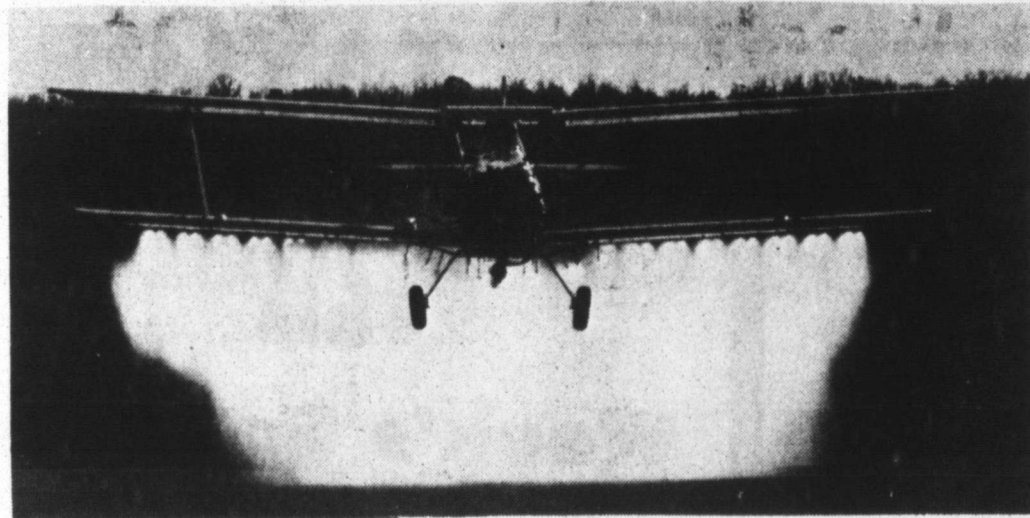

Q: Are alligators an endangered species?

A: It could happen, report researchers from *Newton's Apple*. People like alligator skin—for shoes, purses and other leather goods. Alligators are now a threatened species, which while serious isn't as critical as being an endangered species.

Many people confuse alligators with another reptile, the crocodile. Actually, it's easy to tell them apart—alligators have round, broad snouts; crocodiles have long and tapered snouts. Alligators can be found along river banks or swamplands in North America and China.

**Spring Seeded Certification**  
Monday, August 3rd was the final date to certify your spring seeded crops, ACR, CU, and CRP acreages. It certainly helps this office if you have a sketch and the acres worked up prior to coming in. Certification is complicated and your patience is appreciated.

**Additional Peanut Contracts**  
If you are contracting additional peanuts, you must bring in your additional contract of peanuts to this **Peanut Seed Receipts**

You need to remember that when you file a report of planted acres of peanuts, you will need to bring in your receipts to account for the acquisition and/or disposition of seed peanuts.

**Failed Crop Acreages**  
You must file an ASCS-574 prior to the destruction of any crop that is failed. Failure to certify the crop and filing the disaster application prior to destroying the crop will affect your deficiency payment and possibly your future crop acreage base. Some cases may require a field visit by this office prior to being released.

**Temporary Yield Reductions**  
The Donley County ASC Committee has the obligation and authority to reduce the yield on any farm where it is shown that cropping practices will result in a yield that is lower than the established yield for the farm. The practices referred to includes, but is not limited to, failing to carry out or inadequately performing cultural practices, such as: land preparation, cultivation, irrigation, and weed control that is considered customarily performed to produce the yield established for the farm.

### Produce: How To Get The Best

**Grapes**—Perfect to buy by the bunch for snacking and baking. Look for plump, well-colored berries from California, firmly attached to pliable green stems. Avoid soft or wrinkled grapes.

**Cherries**—Their season is short (mid-June into early August) but what would summer be without fresh sweet cherries from the Northwest? Cherries should be plump and round in shape with firmly attached green pliable stems.

**ACR Maintenance**  
Producers are always asking when do I have to do something to my ACR acres. The answer is simple, whenever something needs to be done. Keeping your ACR free of weeds and controlling erosion is a basic program requirement. Now that we have had some time to get the crops up and growing, please take those steps necessary to get your ACR planted, cleaned up and in good shape. Unworkmanlike ACR causes problems for this office and creates hard feelings between producers who keep their ACR clean and those who do not.

**Grazing and Baling of ACR**  
You need to be reminded that ACR (set-aside) must be reported and a request filed before haying or grazing occurs.

**Office Hour Reminder**  
This office will continue to be closed each Tuesday and Thursday morning from 8:00 to 12:00 to help us process the paperwork that is a part of our job. This enables us to provide a better service to you.

**Common Provisions of 1988 Farm Programs**  
Some of the provisions common to the 1988 crops of wheat, feed grains, and cotton have been announced. These provisions are:

1. Limited cross compliance will be in effect for the 1988 crops of wheat, feed grains, and cotton. This means that to be eligible for price support loans, purchases or payments for these crops, the acreage planted for harvest on a farm may not exceed the crop acreage bases for these commodities.

2. Offsetting compliance will not apply.

3. Production of nonprogram crops will not be permitted under the 50/92

provision.  
4. Production of alternate crops on the designated ACR (set-aside) will not be permitted.  
5. Haying of ACR (set-aside) will not be permitted.  
6. Adjustment of a crop acreage base with a downward adjustment in another base will not be permitted.  
7. Generic commodity certificates will continue to be a part of the 1988 program if needed.

**Disaster Payments**  
Disaster payments have not been received by this office. As soon as we get these payments, we will get them out to you.

**Texas A&M physician says prescription drug overuse greatest hazard to elderly**

COLLEGE STATION — Overuse of prescription drugs constitutes the single greatest hazard to the elderly in contemporary medical practice, warned a physician in Texas A&M University's College of Medicine.

Dr. Harry Lipscomb said nursing home patients in America receive an average of 7.2 different medications daily. Ambulatory patients over 65 receive an average of 4.6 medications each day, not counting what they take on their own, he said.

"The evidence is clear that not all of the drugs are needed; digitalis (an anti-seizure drug), for example, which once started was to be used for life, can now be safely discontinued in many people," said Lipscomb.

"Since the half-life of many drugs is prolonged in the elderly, drug intoxication is not unusual," he said. The most common symptoms of digitalis toxicity are anorexia and nausea, Lipscomb added.

Lipscomb said health professionals are often unaware of the needs of the elderly.

"Physicians and nurses emerge from professional schools with a wretched background in nutrition and noteworthy unawareness of the needs of the elderly," he said. "Couple this to many common popular delusions, and a conflicting nutritional literature, it is not difficult for us to understand why the health professions give so little introspective attention to the needs of the elderly."

**Notice of 1987 Effective Tax Rate for DOHLEY County**

The purpose of this notice is to inform you about your taxes. The 1987 effective tax rate is a tax rate that would levy the same amount of operating taxes the county levied last year on property owned in both years, plus the amount the county needs to pay certain long-term debts this year. The rate is calculated as follows:

	General Fund	Special Farm-to-Market/Flood Control Fund	Jail Bond Special Fund
1986 total tax levy:	\$ 252,510	\$ 67,447	\$ 29,908
Less taxes for 1986 debt, 1985 appraisal roll errors, and adjustments for lost value:	\$ 590	\$ 162	\$ 0
Equals adjusted 1986 maintenance & operations levy:	\$ 251,920	\$ 67,285	\$ 29,908
1987 total tax base:	\$ 105,067,180	\$ 102,152,260	\$ 103,067,180
Less adjustments for value of new property:	\$ 633,988	\$ 633,988	\$ 633,988
Equals adjusted 1987 tax base:	\$ 104,433,192	\$ 101,518,272	\$ 102,433,192
The adjusted 1986 levy divided by the adjusted 1987 tax base and multiplied by 100 equals the effective maintenance & operations tax rate:	\$ .24122 /100	\$ .06627 /100	\$ 0 . /100
Plus rate to correct for appraisal roll errors:	+ \$ 0 /100	+ \$ 0 /100	+ \$ 0 /100
Plus rate needed to pay debt and obligations:	+ \$ 0 /100	+ \$ 0 /100	+ \$ 0.2884 /100
Equals 1987 effective tax rate for this tax:	\$ .24122 /100	\$ .06627 /100	\$ 0.2884 /100

1987 county effective tax rate: \$ .32622 per \$100 of value  
The maximum rate the governing body can adopt without publishing notices and holding a hearing is: \$ .34641 per \$100 of value  
The maximum rate the governing body can adopt before taxpayers can initiate rollback petitions is: \$ .36323 per \$100 of value

This notice contains a summary of the calculations used to determine this year's effective tax rate. You can inspect the full calculations at the Courthouse Annex, Clarendon, Texas.

**SCHEDULE A: Unencumbered Fund Balances**  
This taxing unit estimates that the following balances will be left in the unit's accounts at the end of the fiscal year. These balances are not encumbered by a corresponding debt obligation.

Type of Fund	Balance
Farm to Market/Flood Control (Co Special)	\$ 95,000
General Fund (M & O)	200,000
Jail Bond	22,000

**SCHEDULE B: 1987 Debts Paid From Property Taxes**  
This taxing unit estimates that the unit will pay the following amounts out of property tax revenues for long-term debts that are secured by property taxes.

Description of Debt	Total Payment
Jail Bond	30,000
Total Amount Required for 1987 Debt Service	\$ 30,000
Less Amount That Will Be Paid From Funds Listed in Schedule A -	0
Total To Be Paid from Property Taxes This Year =	\$ 30,000
Amount Added in Anticipation That the Unit Will Collect Only .31 % of its Taxes in 1987 +	203
Total Debt Tax Levy =	\$ 30,203
