

Health Fair to promote health awareness

The Texas Agricultural Extension Service Home Economics Task Force will hold a Health Fair on Thursday, April 21, 1988, at the Clarendon Community Center from 9 a.m. until 6 p.m.

A Health Fair is an event which promotes health awareness with a variety of activities, materials, and screenings. A fair gives visibility to and encourages the use of community and area services and resources concerned with meeting the needs and concerns of the community. A fair not only offers early detection of potential diseases, but provides information to the public so that individuals better understand how daily lifestyle choices and health habits effect their own health. A health fair also provides free screenings (or reduced cost screenings) to prevent and/or monitor certain health problems.

The following health related agencies and organizations will be represented at the fair: The Ronald McDonald House, Texas Department of Public Safety, Panhandle Arthritis Information Center, Agape Health Services-Home Health Information-

Free Blood Sugar Testing and free Blood Pressure Readings, Northwest Texas Hospital-Emergency Response System/Lifeline, Panhandle Emergency Medical Services, Inc., High Plains Epilepsy Association, Panhandle Health Services, Promenade-Northwest Texas Hospital, Panhandle Health Care Coalition - Cholesterol Testing, American Cancer Society, Good Samaritan Retirement Center, Donley County Ambulance Authority, Value Care-High Plains Baptist Hospital, Panhandle Chapter - Alzheimer's Diseases and Related Disorders Association, Dr. Linda Kelly-testing for urinary tract infections, eye exams and scoliosis in children; and Michael Clark H.A.S., Clark Hearing Aid Service and Texas Society to Prevent Blindness Amarillo Branch.

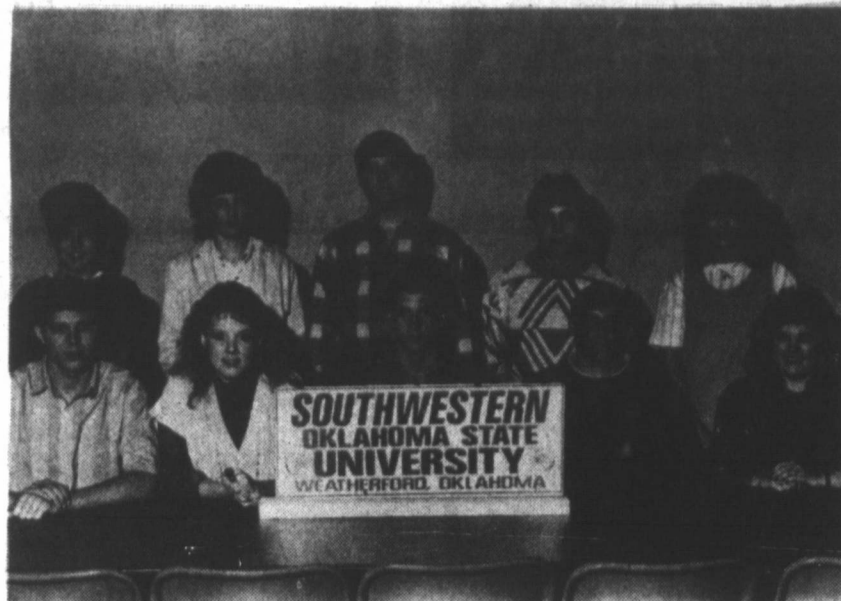

A van service, courtesy of the Clarendon Senior Citizens Center, will provide transportation to the Health Fair from certain locations within the city. There will be pick-ups and deliveries from the courthouse, Senior Citizens Building, and St. Stephens Baptist Church.

The schedule is as follows: Pick-up and delivery each hours, beginning at 10 a.m. - 4 p.m. from the courthouse, St. Stephens Baptist Church and each hour beginning at 2 p.m. until 4 p.m.; and Clarendon Senior Citizens Center - pick up will be at 12:45 p.m. with delivery at 1:30 p.m.

A concession will be available that day, serving sandwiches and soft drinks.

A Health Fair Poster Contest will also be held during the event. Three posters will be recognized as the winners of the health Fair Poster Contest. Each poster will be judged on promotion of health awareness, originality and creativity. The age categories are: 7-9; 10-12; and 13-15. The posters must be turned in to one of the following businesses by April 20th: The Nook, Texas Agricultural Extension Office, Floyd's Automotive or the Clarendon Press.

The posters will be on display at the Health Fair the entire day, with the winning posters being selected and recognized during the day. Get busy and enter a poster now!

APPROXIMATELY 260 HIGH School seniors spent March 30 at the first of four Southwestern Oklahoma State University freshman orientation clinics and, after a day of advisement and campus tours, became enrolled as freshmen at Southwestern in Weatherford. The second orientation date is set for April 20. Attending the first orientation session were (front from left): Nancy K. Vannoy, Childress, Texas; Amanda M. Moss, Meade, Kansas; Justin R. Marquardt, Nevada, Missouri; Jeffrey

Alan Johnson, Monett, Missouri; Buffle C. Hancock, Clarendon, Texas. Back row from left: Missy Donati, Stratford, New Jersey; Karen K. Isenbart, Englewood, Kansas; Scott S. Harper, Joshua, Texas; Chad D. Trammel, Bridgeport, Texas; Stephanie Batson, Kilgore, Texas.

Matador student is top college roper

Clarendon College's Spring Saddle Roping was truly a coed event as 24 young men and one lady competed for the Rodeo P.E.'s classes top symbols of roping expertise. Three full afternoons were required to determine the winners.

This semester's saddle was won by Darryl Perryman of Matador. Darryl tied for 4th place in the Autumn contest and proved his consistency by being the only one in the top four positions to repeat the ability, persistence, and horsemanship required.

The Saddle Roping has been very successful for its first year. Rodeo instructors Kelvin Sharp and Jerry Gage have had exceptionally large Rodeo P.E. classes this year with very talented young people who have participated eagerly in the training activities of the class.

Health Fair poster contest

A Poster Contest will be held in conjunction with the Health Fair, Thursday, April 21, 1988, at the Clarendon Community Center.

Three posters will be recognized as the winners of the contest. Each poster will be judged on the promotion of health awareness, originality and creativity. The age categories are: 7-9; 10-12; and 13-15. The posters must be turned in to one of the following businesses by April

20th: The Nook, Texas Agricultural Extension Office, Floyd's Automotive, or the Clarendon Press.

The posters will be on display at the Health Fair the entire day, with the winning posters being selected and recognized during the day.

Get busy and enter a poster now! For more information call Terry Floyd at 874-2141, office or 874-3874, home.

4-H Adopt A Highway Project to meet April 23

ATTENTION ALL 4-H'ERS, PARENTS AND LEADERS! OUR FIRST HIGHWAY CLEAN-UP DAY IS SCHEDULED FOR SATURDAY, APRIL 23, 1988.

We will meet at 9 a.m. at the roadside park across from Clarendon College. We will have a short safety meeting, then begin trash pick-up on Highway 287 two miles west, on both sides of the highway and the median.

Bring a brown bag lunch, as we will break for lunch if clean-up is not completed before noon. Put our name on your lunch, as it will remain

at the roadside park headquarters. Soft drinks will be provided.

Safety vest and trash sacks will be furnished by the Texas Department of Highways.

PARENTS, YOU ARE NEEDED: All parents are encouraged to help chaperone this event to ensure the safety of each 4-H'er. So, instead of dropping your child, Mom and Dad, make this family affair. Time spent with the family is time well spent.

Anyone not affiliated with 4-H but would like to help keep Texas highways clean, PLEASE feel free to join us.

DONLEY COUNTY SENIOR CITIZENS
Caring People...A Lamp to the Community

Lucille Smith, Vice-President, chaired the Board of Directors meeting on April 13th in the absence of Robert C. Jones, President. Mr. Jones is having a bout with a back problem - we truly miss him in all our functions at the Center. Jean gave the report for March operations which ends six months of fiscal year 1988. The Home Delivered meal program is above budget while meals at the Center are below budget. Jean asked the Board for their assistance in getting new people coming to the Center. What we really need are for the younger seniors to get involved in our program. A report was given on the Appreciation Dinner for the Firemen/Lawmen held on Saturday, April 9th. Sixty three meals were served. Thanks to Arts and Crafts, Senior Citizens Dance Club and the Donation Jug which took care of the cost of the dinner. Due to lack of support for the Foundation the Board took action to send the money which had been earmarked for a Foundation to our existing Endowment Fund with Amarillo Area Foundation. It was also decided to feed the Endowment quarterly with interest from the general account. Election for the Silver Hair Legislature will be held at the Center on May 24th. Absentee voting will be May 6th. Poppy Hulsey is our candidate, the run unopposed in PSA 3 and 5. We had a real good Musical Jam Session on Friday, April 15. Thirty-one were present to enjoy the music by Lucille Smith, Jerry Chambliss, Michelle Chambliss, Dee Williams, Hugh Neuhaus, Nova Neuhaus, Dick Stephens, Jack Davidson, Melvin Srygley, Roy Don Stevens and Ron Smith.

Don't forget - next Tuesday, April 26th is Birthday/Anniversary Salad Supper.

OH, MY ACHING BACK

If you're like a lot of people, you may have occasional or persistent back pain and wonder what caused it. You try to think of some incident in which you may have strained your back, and come up with nothing. But there must be some reason why you have back pains. The truth is that even the simplest of incidents may be the cause, such as reaching high on a shelf to get something. Or stooping suddenly to pick up something that has fallen. Or maybe you need some tips on good posture.

Dr. Mark Ford

Dr. Louis Haydon

Whatever the cause, the problem may be that your spinal column is out of alignment. No pain-killing drug can cure the CAUSE. It can dull the pain of awhile and give you temporary relief. But if your back is out of alignment, the pain will probably not go away unless you get the treatment you need. No symptom can be more depressing than persistent back pain. Don't delay treatment when help is readily available.

Gaylee Osborne wins Modern Miss of America

Gaylee Osborne, graduate of Hedley High School will compete for the title of Modern Miss of America on May 9, 1988. She won the New Mexico Modern Miss Pageant held last August.

She was awarded a four-day cruise aboard the S.S. Emerald Seas. Competition will be held aboard the cruise ship in the Bahamas. She hopes to win a scholarship to continue her education in Pharmacy.

While living in Ruidoso she won the title of Miss Hospitality in the 1986 New Mexico USA pageant.

She is the daughter of Gayle Dunn of Ruidoso and the niece of Danny and Billie Dunn of Clarendon.

Hedley Booster Club report

The Hedley Community Booster Club met Wednesday, April 13, after church in the Hedley School Cafeteria.

An election of officers was held. The following were elected: Leon Ward-President, Bill Hill-Vice President; Wanda Hill-Secretary, Janie Hill-Treasurer, and Nancy Mullins-Reporter.

Plans were made for the mixed teams Volleyball Tournament to be held Saturday, April 23 at the Hedley School Gym. Another meeting will be held Thursday, April 21 at 7:30 in the school cafeteria to finalize plans for this tournament.

The proceeds from the tournament will go to the Grant Matching fund to help build a new water tower and fire station in Hedley.

The Booster Club would appreciate any donations of food they can sell at the concession stand. This includes brownies, cookies, krispie treats, cakes, pies, etc.

A water tower and fire station are things that will benefit the entire town, so let's all pull together as a community and raise those matching funds.

Also, the Booster Club officers would like to remind all members that it is time to pay your dues. Dues are \$5.00 a year per family. They would also like to invite any interested members of the community to join the club and help boost the town.

JESUS - THE ONLY REASON WE DON'T HAVE TO GO TO HELL!

My last few articles have not been easy for me... For I have been talking about "HELL"; it's reality as seen in the Word of God; and who will go there (those who are disobedient to the will of God as set forth in His Word, even though they may be "good" by human standards and very "religious" people). Well then, if even "good" and "religious" people will go to hell for all eternity, who can possibly be saved and how???

ANSWER: Only those who do not trust in their own good works, or religious piety, or self righteousness; But have, by faith & obedience to God's Word, entered into the death of Christ and have been washed in His blood - Rom. 5:9; Eph. 1:7; Eph. 2:13; Heb. 9:14; I Jn. 1:6-10; Rev. 1:5; Rev. 7:13-17... God loves us so much that He allowed His Son to die for us so that we don't have to die eternally in a devil's hell!

YOU WILL NEVER BE SORRY...

For thinking before acting,
For hearing before judging,
For forgiving your enemies,
For being candid and frank,
For helping a fallen brother,
For being honest in business,
For thinking before speaking,
For being loyal to your church,
For standing by your principles,
For stopping your ears to gossip,
For bridling a slanderous tongue,
For harboring only pure thoughts,
For sympathizing with the afflicted,
For being Courteous and kind to all.

The Lions Tale

by GENE ALDERSON

The Clarendon Lions Club held its regular meeting at noon on Tuesday at the Lions Hall. Twenty-six members and guests were present.
Following the regular opening ceremony Lion Henson introduced Dennis Rattan, guest of Lion Lovelady, and Roy Cozad, guest of Lion Alderson. Boss Lion Shelton called on Program Chairman Smith who led the club in making plans for our Annual Broom Sale on Tuesday, April 26th. Lion Hicks reported we had 71 in attendance at bingo last Saturday. The Boss Lion made several other announcements. The meeting adjourned.

**NOTIFICATION
TO ALL CUSTOMERS OF
GREENBELT WATER IN THE
CITIES OF CHILDRSS,
CLARENDON, HEDLEY, QUANAH,
CROWELL, MEMPHIS AND
RURAL CUSTOMERS OF RED
RIVER AUTHORITY OF TEXAS**

Dear Customer:
The United States Environmental Protection Agency (EPA) has adopted requirements that all public water systems notify their customers about lead exposure. This notification is intended to educate and inform consumers on this issue in light of the fact that your drinking water may be a potential source of lead exposure. This is being done even though your water system is not in violation of the current standard. There are also other potential sources of lead contamination in the environment.

The following specific language is required by EPA in this notice:

The United States Environmental Protection Agency (EPA) sets drinking water standards and has determined that lead is a health concern at certain levels of exposure. There is currently a standard of 0.050 parts per million (ppm). Based on new health information, EPA is likely to lower this standard significantly.

Part of the purpose of this notice is to inform you of the potential adverse health effects of lead. This is being done even though your water may not be in violation of the current standard.

EPA and others are concerned about lead in drinking water. Too much lead in the human body can cause serious damage to the brain, kidneys, nervous system, and red blood cells. The greatest risk, even with short-term exposure, is to young children and pregnant women.

Lead levels in your drinking water are likely to be highest:

1. if your home or water system has lead pipes, or
2. if your home has copper pipes with lead solder, and
3. if the home is less than five years old, or
4. if you have soft or acidic water, or
5. if water sits in the pipes for several hours

Ways to avoid potential lead exposure are to "flush" faucets before use and to use cold water for drinking and cooking. You may wish to have your home tap water tested for lead content by a competent laboratory. You may also wish to check to see if lead pipes, solder, or flux were used in your home plumbing. The Greenbelt Water System has no lead joints or lead pipe in its system. According to the latest State Health Department Chemical Analysis (March, 1988) the Greenbelt Water System contains less than 0.02 parts per million (ppm).

**Cole nominated WTSU
Man of the Year**

Tim Cole, Senior Pre-Med Major, is one of 11 men West Texas State residence halls and chartered student organizations has nominated for WTSU Man of the Year honors.

The nominees will be publicly recognized at a 2 p.m. Sunday, April 24 reception in the Northern Hall Atrium. Dr. Ed D. Roach, WTSU president, will introduce the nominees and will announce the three finalists for Man of the Year. The reception is free and open to the public.

WT's Man and Woman of the Year will be presented Thursday, April 28 at the All-University Honors Banquet in the East Dining Hall. Admission to the 7 p.m. banquet is \$6 without and \$4 with a WT meal card.

Each residence hall and chartered organization was asked to submit one male and one female entry. Nominees accepted for consideration were full-time students with at least 60 hours and a minimum overall grade point of 2.5.

The Man and Woman of the Year awards, the most prestigious honors bestowed by the university, are sponsored by the Scribes Chapter of Mortar Board Honor Society.

**VA observes National
Consumers' Week**

The Veterans Administration, the agency that serves millions of consumers daily, will observe National Consumers' Week, April 24-30, says Waco Regional Office Director Stephen Lemons.

This year's national theme is "Consumers Buy Service." "No other federal agency is as consumer oriented as we are," said Lemons. "Texas' 1.8 million veterans and their dependents are all potentially eligible for VA benefits and services; including education, home loan, hospital care, pension or national cemetery burial."

The Waco Regional Office is one of 58 benefits processing centers across the country, linked by computer to the VA's central records bank. "Our telephone unit benefits counselors handle some 32,000 calls each month from veterans and their dependents throughout the state who call for information and help in processing their claims. VA counselors see 200 veterans each week right here in our offices," said Lemons.

In addition to regional office counselors, Lemons explained that veterans are served by a variety of experienced "consumer advocates" throughout Texas.

"Our VA Medical Centers have benefits counselors on board, as well as field service officers from groups like the State Department of Veterans Affairs, the American Legion, the Disabled American Veterans, the Veterans of Foreign Wars and others," Lemons said. "Together, these experts have the experience and information needed to assist veterans in filing for more VA benefits on the spot."

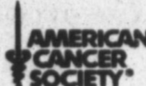

Lemons said that last fiscal year the regional office administered payments of nearly \$752 million in compensation, pension, education and other direct benefits to veterans and their families in the jurisdiction of the Waco Regional Office. "That doesn't include the millions of dollars in home loans we guarantee on behalf of veteran home buyers, or the reimbursement we make to employers who hire Korean and Vietnam veterans under the Veterans' Job Training Program. Consumers really do mean 'business' -- particularly VA consumers!"

Although many American parents place great importance on children developing responsibility by helping with household chores, sons and daughters contribute less than a third of total hours cleaning the home each week.

According to the Johnson Wax Survey on the State of the American Home, children of single parents take more responsibility for home care.

Check Alfalfa for weevils

This is a critical time for alfalfa producers in Donley County, cautions Ronald Gooch, Donley County Extension agent.

This is the time when producers need to examine their alfalfa for the presence of alfalfa weevil larvae, Gooch said.

With the beginning of warm spring weather, overwintering female weevils begin laying eggs. The young larvae which hatch out are very small, yellow-green in color and feed in the growing tips and developing buds. Older larvae are green with a white stripe down their back.

"We expect to have our peak alfalfa weevil activity in late April or early May in our area," said Gooch. If larvae numbers are high enough to reach the economic threshold, one properly timed application should give control. Treatments should be applied in alfalfa 2 to 6 inches tall when two or more larvae are found per plant or when 30 to 50 percent of the plant terminals show weevil feeding damage. Taller plants 7 to 14 inches tall should be treated when 25 or more weevil larvae per square foot are present. Several effective insecticides are registered for alfalfa weevil control.

The alfalfa weevil has only one generation per year and is only a pest of first cutting, said Gooch. After the larvae finish feeding, usually by mid-May in our area, the larva spins a net-like cocoon on the plant or in the soil debris. The adult weevil emerges from this cocoon and leaves

the field. The weevils stay out of the alfalfa fields all summer and re-enter them in the fall. The adults overwinter in the field and the cycle then repeats itself.

Since the larva is a pest of first cutting, it is sometimes possible to cut a litter earlier than usual and avoid chemical treatments. Cutting results in exposure and a lack of food which kills many of the remaining larvae. Winter grazing by livestock helps reduce weevil populations.

Over 70 percent of single parents surveyed work full-time. More than three-quarters of these people feel having children work on chores around the home increases their sense of responsibility.

Americans believe their children should spend time with grandparents and other older relatives. Many families with children live within 150 miles of all or most of their relatives.
