## Bronco Basketball

In the first game of district play, the boys varsity was defeated by Canadian 73-54. Canadian, the pre-district favorite, dominated the inside of the lane at both ends of the court to take control of the game. The Broncos played well throughout the game except for a four minute span at the end of the second quarter and the beginning of the third quarter as the Wildcats outscored the Broncos 16-0. "Those four minutes that we played poorly really hurt and was the difference in the game. Next time we play, the score will show a better on our part," said Coach Loveless.

The defensive player of the game for the Broncos was Wes Hatley; the junior co-captain led the team in assists with 6. Danny McCampbell led all scores with 13 points. James Ariola, the other team captain, had 12 points and 9 rebounds. Chris Ward controlled the boards for the Broncos with 10. Shawn Hermes-meyer came off the bench making 3 of 4 shots to add instant offense.

The Broncos defeated Wellington, who is 11-7 for the year, 53-46 in a pressure-packed game in the Clarendon gym. The game started with the Skyrockets scoring the first six points

of the game and then the Broncos outscored the Skyrockets 19-14, but trailed 19-20 at halftime. In the second half, the Broncos scored 34 points to Wellington's 26. The Bronco defense, led by James Ariola, controlled the tempo of the game. "We didn't take many shots but we made a high percentage of them and the boys made 23 of 33 free throws to win the game," said Coach Loveless. "We played another outstanding game at home."

Clay Sharp, a senior guard, ran the offense well, scored 9 points, and had 6 steals. James Ariola led the postmen in scoring and rebounding with 11 and 9. Wes Hatley led in scoring with 16 points, had 7 steals and made 5 assists. Danny McCampbell, a sophomore forward, had 8 points and 8 rebounds. The victory by the Broncos also showed outstanding team effort from Ken Miller, Shawn Hermes-meyer, Clint Hunt, Jason Klinnert and Jay Gage.

The district records are as follows: Memphis 2-0, Canadian and Quanah 1-0, Clarendon 1-1, Shamrock and Wellington 0-2. Everyone come out and support our mighty Broncos. This Friday at 8:00 the Broncos travel to Shamrock and then host Memphis next Tuesday at 8:00 p.m.

## Bronco mothers to sponsor Mexican Pile-On

The Bronco Mothers will be having a "Mexican Pile-On" on Tuesday, January 27th from 5 p.m. - 7 p.m. in the High School Cafeteria. Plates will be \$2.50 for adults, \$1.50 for children ages 6 - 12, pre-kindergarten free. This will be during the Clarendon/Memphis basketball games. Tickets will be sold at the door. Think About This

It is impossible for everyone in any town to purchase everything they need in that town. It is important for any towns citizens to give local merchants first consideration for things they may be able to purchase locally. But...it is also important for local merchants to provide special personal service, which can mean a lot to their customers.

Don't gamble away your community's future by shopping out of town, before you have checked with local merchants first. Try Donley County First....

## Heat Pumps Save Money In All Seasons Because They MOVE Heat!

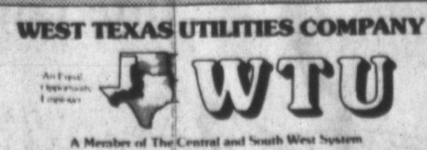

The electric heat pump is the most efficient system for heating and cooling your home. The reason it is so efficient is because it MOVES heat rather than producing it.

There's heat in the air all the time... even in the winter! The electric heat pump pulls heat from the outside air in the winter months and pumps it into your home. In the summer months, it reverses the process and pulls the heat OUT of your home, so you get even comfort in all seasons.

You'll not only save money in home energy bills with a heat pump, but WTU will pay you a cash allowance for installing an energy-efficient electric heat pump in your home. (Your home must meet the E.S.P. requirements and be served electricity by WTU to qualify for the cash allowances.)

For more information on the electric heat pump and the E.S.P. Cash Allowance program, call your local WTU office or any factory-trained electric heat pump dealer today.

Remember REDDY supplies the energy but only YOU can use it wisely!

### Late Edition Extension Homemakers Club

The Late Edition Extension Club met for its regular monthly meeting on January 13, 1987 at the First Bank and Trust hospitality room. An interesting program was presented by County Agent, Terry Floyd, on Family Communicating Skills.

President, Carol Grady, presided over the meeting attended by Renee Duncan, Pearl Hermesmeier, Helen Land, and Frieda Tucker. The members voted to present a \$15

donation to the concession stand of the Donley County Junior Livestock Show.

Then members enjoyed discussions about the future clinic on the new income tax laws, extension council's plans for the new Mailbox Club and the February Salad Supper to be hosted by the Young Homemakers Club.

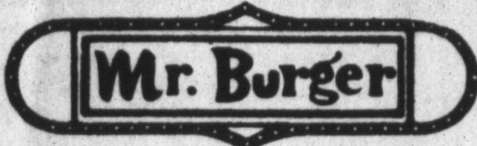

The February meeting will be held on February 10.

### CORRECTION

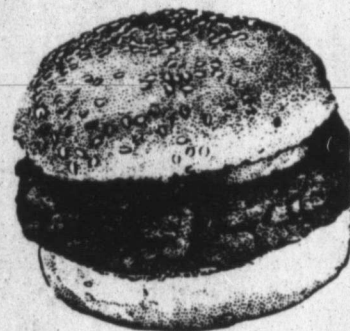

In the Calvary Baptist Church article about their Mission and Stewardship Conference last week the article read, "last year alone we gave over \$12,000 to support foreign and home mission works" the article should have read "gave over \$21,000".

People working in temperatures above 90 degrees F and humidities above 40 percent show higher rates of error in work performance and a notable decrease in short-term memory.

## Watt's Happening In Hedley

by Peggy Watt

In case there is someone who isn't aware of it, it snowed on Hedley Saturday and Sunday and a lot of the snow blew into the roads leading out of Giles. By Sunday my men folk had managed to get three pick-ups stuck in snowbanks, one so deep the boys climbed out through the windows. T. Millins pulled them out with a motor grader Monday morning.  
 I was smart enough to stay home by the fire and suppose everyone else was also.  
 The school kids enjoyed an unexpected holiday Monday. Most of the East-West roads were closed by snowdrifts.  
 The Hedley Owls will host the Valley Patriots on Friday January 23rd at 6:30 p.m. This is the Hedley Homecoming and everyone will want to be there to cheer the mighty Hedley Owls on.  
 They will then travel to Silverton on Saturday January 24th to play the Owls of Silverton. This is the game which was postponed on Friday and Monday because of the snow.

**HEDLEY SCHOOL BOARD MEETING**  
 The Hedley ISD Board of Trustees met in regular session in the school library on January 19th. Six members were present. Mr. Cabell was absent. Mr. Holland and Mr. Hill were present. Minutes of the previous meeting were read and approved.  
 The 1985-86 performance report was reviewed and approved.  
 The 1985-86 audit was approved.  
 The Board called a Board Election for Saturday April 4, 1987. Four positions are up for election. Three full three-year terms and unexpired term. The members whose terms are expiring are Cary Don Neeley, Carol Ward, Ben Carson, and Henry Stephens.  
 The Board approved a paperwork reduction policy and a gymnasium use policy.  
 Personell were discussed.

**A SHINING LIGHT**  
 Into every life a light will shine. So why do you let the thunder clouds block out the light? The light from your eyes and the radiance of your smile will drive away all of your thunder clouds, if you will use them. Try it and see when trouble comes your way again. Don't let the world use you like an old shoe or make you believe you can't be somebody. Jesus said in his word "I have come that you may have life abountly." Also he said, "Let your light so shine that people will see it and glorify your Father who is in Heaven". Where can you beat that? Just give Him a chance to light the lamp that will show you the way into His presence. Then after that happens, let your light show the way to others who are weaker than you. The reward is life eternal with Him. Don't say that you can't live a Christian life because "I am not worthy to ask forgiveness of the things I have done." Read Paul's life and see where he said he was the chiefest of sinners but Jesus called him and gave him a charge to keep. Read the book of Acts. He, God, loves you just as much as He loved Paul. All you have to do is just accept Him as the Saviour of your life and He will save you and light the light of your life.

### A concerned pastor

I have become very concerned about the decaying of many of our marriages here in Donley County. Satan is trying to destroy the home. Because he knows that if he can destroy the home, he would be able to destroy the church as well as many other lives.

If you would be interested in doing something to strengthen or rebuild your marriage, contact Pastor Bill Hodges at 874-2321 or write to Box 790, Clarendon, Texas 79226. If there is enough response, we will bring in a Christian (non-denominational) marriage counselor to hold a seminar here in Clarendon.

Texas wine grape industry is for real

The Texas wine industry got its start when Bobby Smith of Springtown, Texas, and Clint McPherson of Lubbock, Texas, planted their vineyards 15 years ago.

After years of hard work, with gross changes in varieties, areas, systems and concepts, Texas wine is for real.

Two Texas wines, Chardonnay and Cabernet Sauvignon, won gold medals at the 1986 San Francisco Fair and Exposition Wine Competition, points out Dr. George Ray McEachern with the Texas Agricultural Extension Service. Since this is one of the most prestigious competitions in the nation, Texas wine grape growers and retailers realize the real potential for quality wine.

Today Texas boasts about 3,000 acres of grapes and 150 commercial growers, notes McEachern, a horticulturist. There are 17 wineries in production and several new ones are on line for 1987. Establishment costs are \$6,000 to \$10,000 per acre, not including land or management, making wine grapes one of the most expensive agricultural crops to develop in Texas.

Wine grape production should be restricted to the best soil, water and climatic locations, says McEachern. The main development areas have been near Lubbock, Fort Stockton, Fort Worth and Fredericksburg.

South and East Texas have had a history of disease problems while the Amarillo area appears to be too cold, the horticulturist points out. The absence of cool weather in the fall has slowed planting in the San Angelo-Abilene area. The Davis Mountains area is an excellent location but water is limited.

Currently, Texas is producing \$20 million worth of wine annually and this figure should grow, says McEachern. More importantly, Texas wineries have shown that their quality can be as good as any in the United States.

Those attending were: Abby Warner, Lucille Swinney, Margaret Pettit, Beatrice Rodgers, Clara Hammond, Edith Spivey, Chloe Smith, Notie Howard, Minnie Camron, Lee Welch and Vera Johnson.

ATTESTS: Donna Edwards, City Secretary

\*Walt Knorpp and Dr. Richard Gilkey appeared before the Board to discuss the Clarendon Municipal Airport. Dr. Gilkey explained that the hangar owners had met and appointed an Airport Board consisting of Dr. Gilkey, Walt Knorpp, and Dr. Charles Deyhle, Sr. He explained that they would like a City Alderman and a County Commissioner to serve on the Airport Board also. Dr. Gilkey pointed out some proposed changes that had been presented to cut expenses incurred at the Airport. He suggested changing the Airport NDB technician to another technician who would supply any parts needed at no additional cost above his regular monthly fee. He felt keying the lights to an electric eye would save 25% on the expense of Airport lighting. The Airport Board desires to continue the present rate for hangar fees. They plan to replace their own lights and mow around the lights. They suggested that the City and County put \$1000.00 into the Airport Fund. Gene White agreed to serve on the Airport Board as the City's representative. Motion was made by Alderman Gener White, seconded by Alderman Lloyd McCord, to have the Airport Board meet with the County to discuss the proposed recommendations.

\*The contract between the City of Clarendon and the Texas Department of Community Affairs for a grant for sewer improvements in north Clarendon was presented and the board voted to sign said contract.

\*Ordered bills paid for the month of December, 1986 as presented.

\*City Attorney Jim Shelton told the Board that the court date is January 26 for the Peabody Hotel hearing. The Board advised Mr. Shelton to write Mr. Peabody and tell him that the City wants him to put a leak-proof roof on the building and close all openings, or tear the building down.

**DONLEY COUNTY SENIOR CITIZENS**  
Caring People...A Lamp to the Community

It seems we have been pinned in with the snow for alot longer than we really have. It is good for some, it is bad for some, but dangerous for all. So-ooo please everyone be extremely careful if you need to get out.

Thanks to Henry and Eunice Mann for a supply of coffee, we really appreciate what our people do for us here at the Center.

Board of Directors met in regular session last Wednesday, January 14th. New members are Onita Thomas and Don Wooten - they were welcomed. In my report for December activity it was stated that we are not meeting our budget requirements for the program at the Center. We need all of you encouraging your friends and neighbors to participate. We are trying very hard to get the younger seniors coming to the Center -- Please come by and enjoy the Center with us now -- tomorrow it will be yours. At the first meeting of each year new officers are elected by

the group. Officers for 1987 are Robert C. Jones, President; Murle Butts, Secretary; Lucille Smith, Vice-President. Another order of business was to revise the Policy and Procedures to include "Grievance Procedure" for participants.

**Pain Relief**

Pain is one of the experiences of life that all of us share. Yet, for reasons that are not completely clear, individuals react differently to the same pain levels.

Pain is often classified as being either acute or chronic. Acute pain tends to occur unexpectedly and for short periods of time. Causes include problems such as toothache, insect stings, and trauma. Chronic pain, on the other hand, may continue for weeks, months, and even years. Chronic pain may be due to arthritis, cancer, and a variety of neurological problems including sciatica.

Severe pain may be either acute or chronic in nature and often requires the use of the prescription narcotic medicines for relief. Mild to moderate pain, however, can often be relieved with the products available without prescription from your pharmacist. Most of the non prescription pain relievers contain aspirin, an aspirin derivative, acetaminophen, or ibuprofen. All have been proven to be effective pain relievers in hundreds of clinical tests. That products containing these medicines can be purchased without a prescription is an indication of safety. Ask us for the recommendation of an effective and relately safe product.
