## Bronchettes Capture Loop Crown

By BRAD THOMPSON

"We learned to play with composure and intensity when it counted. When the chips were down, we did what we had to do."  
Composure and intensity. Those two things, according to Coach Bob Howell, tells the whole story of the Clarendon Bronchette's most successful season in 15 years, one in which they have conquered District 2-AA to bring home the gold basketball!

The Bronchettes played the Sanford-Fritch Eaglettes Tuesday night in the Amarillo Civic Center for a spot in the Region I tournament in Lubbock.

The Bronchettes, who have lost only once since the Christmas break (not including a 51-44 loss at the hands of Class AA Abernathy last Thursday night), are "Peaking at the right time" according to Coach Howell.

The Bronchettes led by as many as five points in the third quarter before succumbing to Abernathy's superior depth. The Antelopes are ranked as the state's third best team in Class AA.

"They steadily improved throughout this season because of their tremendous team attitude and desire to excel. After a loss

## Candidates Continue to sign up for April 4 Election

Additional candidates have filed in most races which will be decided in the April 4 election.

In Hedley where the terms of Martha Hill, Ben Carson and Harold White expire for the Hedley School Board of Trustees, Hill, Carson and Bob White have filed for places on the Board of Trustees. Persons who desire to file for these positions may do so through March 4, at the Hedley School Administration Building.

Those persons who have filed in Clarendon for the two expiring terms are: Don Robinson, incumbent; Mary Ann Slavin and Gene Alderson. Applications for filing may be made in the Clarendon School Administration

office for filing for Clarendon School Board of Trustees.

There are the mayors seat and three alderman places to be filled in the City of Clarendon governing board. Expiring are the terms of Leonard Selvidge, mayor; James Kuhn and Shirley Clifford aldermen. The resignation of another alderman leaves his unexpired term to be filled as well. Incumbent James Kuhn has filed for another term and Shirley Clifford has filed for the mayors place. The other terms are expected to be filed for shortly.

At Howardwick, incumbent Walden Moore has filed for another term as mayor and Lawrence Whitehead, incumbent has also filed for

another term. Other persons filing for the alderman positions are H.L. Tipton and H.H. Rodgers. There are two alderman places to be filled in Howardwick.

Hedley has two places expiring on their city board and a third place was vacated when the office holder moved away. No names of those filing have been reported.

One person has filed for a second term on the Donley County Hospital Board of Directors. Dikki Howell, incumbent is seeking a second term. Ernest Barbee and Marvin Thompson whose terms also expire have not at this time filed for another term.

Applicants may file for the respective offices through

## Day Care and Community Action placed

For the present time the Donley County Day Care Center is operating in the former Clarendon Rest Home building. The building is provided with all the safety requirements of the state and is an ideal place for the center.

Offices of the Donley County Community Action Center are located in the old courthouse building in the former county judge's offices.

Permanent placement has not been announced for either the Day Care or Community Action, probably the determination of what to do has not been made at this time.

## Chili Supper to be Held

A chili supper sponsored by LVNA Greenbelt Division will be held Friday, February 27, 1981 in honor of Kenneth King at the Rebekah Lodge Hall located at 4th and Kearney St. Time will be from 5:30 to 7:30 p.m. Prices will be \$2.50 for adults, \$1.75 for children under 12 years of age, which may be paid at time of serving.

Also there will be autographed photos of Kenneth King which may be purchased at the Chili supper.

Everyone is invited to come and have an enjoyable evening.

## Auditions for TEXAS to be Sunday

Auditions for local talent in the panhandle area will be held on Sunday, March 1, 1981 in Canyon. The recital hall in the Mary Moody Northern building will be the place for auditions on the campus of WTSU, in Canyon.

From 1-5 p.m. the singers and actors will be auditioned. Dancers will audition at 4 p.m.

The season will be from May 24, when the rehearsals begin through August 22, the last night of the production for 1981.

## Funeral Services for Clifford Johnson Long-Time Hedley Resident

Clifford Lawson Johnson, 81 of Hedley, died Tuesday, February 17, 1981.

Services were at 3:30 p.m. Wednesday, February 18, 1981 in First United Methodist Church with the Rev. Wayne Naylor, pastor of the First Baptist Church, officiating. Graveside rites were conducted by Hedley American Legion in Rowe Cemetery. Arrangements were by Spicer Funeral Home of Memphis.

Mr. Johnson was born in Rockwall County. He married Willie Roberta Berry in 1922 in Quanah. He was a veteran of World War I.

He was a member of the First United Methodist Church, Hedley American Legion, and was director of

the Greenbelt Water Authority in Clarendon. He was past post commander of the American Legion, past president of the Lions Club, past district governor of 2T1 and past zone chairman.

He was associated with the Security State Bank for 42 years and was active in all civic activities. He worked with the Boy Scouts and was one of the founders of the Hedley Cotton Festival.

Survivors include her wife; two sons, William C. Johnson of Corpus Christi and Charles Neal Johnson of Matador; a brother, Cecil William Johnson of Memphis; five grandchildren and three great-grandchildren.

**THANK YOU**  
Friends are certainly our greatest treasures. In our time of sorrow, so many friends have given their support to each of us. We take this means to say "thank you" for your many expressions of kindness and love - your prayers, the lovely flowers, the many contributions in Pop's memory, the food, and - your time for just being there when you were needed.

Our love to each of you.

## Toy Drive for Day Care

Because of the fire that destroyed the Donley County Day Care Center, the Young Homemakers Club will sponsor a toy drive. It will be this Saturday, February 28th, from 10:00 a.m. to 3:00 p.m.

Items needed by the Day Care Center are toys, children's books, records, puzzles, high chairs, baby beds, and anything else you would like to donate.

If you would like to help, you may call Tonya Owens after 5:00 p.m. this Wednesday-Friday, or you may wait until the day of the toy drive and call her house from

10:00-3:00. Club members will come to your home after you call, and pick up the items you wish to donate or you may deliver them to Tonya's home. Her address is 609 W. 3rd. Anyone from Hedley wanting to contribute may contact Kathi Holland at 856-3562.

So everyone clean out those closets and dig way down in the bottom of those toy boxes and perhaps you will feel a great satisfaction in knowing you have helped make a small child's day just a little bit brighter.

## Mary Ann Slavin for school board

Mary Ann Slavin is a practicing partner in the Slavin Law Firm.

Ms. Slavin was raised in Coleman, Texas where she attended public schools and was a member of the Coleman Church of Christ. She received her undergraduate education at Angelo State University and graduated magna cum laude. After graduation from college, she worked for the Texas Employment Commission in Austin and began graduate study at the University of Texas.

In the fall of 1977, Ms. Slavin began law school at Texas Tech School of Law, and received her Doctorate of Jurisprudence in 1980.

Mary Ann has held a variety of jobs, from working in a college bookstore, bookkeeper for a motel, secretary for an insurance agency, interviewer for TEC, cashier for a department store, a youth employment counselor for TEC, a warehouse worker for a t-shirt factory, to an attorney.

Mary Ann and Pat Slavin have four sons, Mark, age 10, Jason, age 9, Wesley, age 7, and Steven, age 6.

Mary Ann feels that her knowledge of the law and extensive educational background are effective tools with which to serve our community as an active member of the school board.

## PEANUTS DRIVE-IN UNDER NEW MANAGEMENT

The long-time Clarendon favorite location where Peanuts Drive-in is located was reopened on February 2, by Jack Daniels, well known Clarendon resident.

Jack Daniel came to Clarendon as manager of Bylow Food Store and later was manager of Charlies Grocery before opening Peanuts Drive-in. His wife, Lynne, and daughter Brenda are both still employed at Charlies.

Daniel who really knows all about the food business specializes in all the favorite standbys which Americans expect to find when they eat out. In addition several excellent items are fast becoming favorites such as Polish sausage, German sausage and bar-b-que brisket sandwiches.

A great favorite, especially with men is the 10 oz T-bone steak, baked potato and salad which is available all

day long - any time. No waiting until the dinner hour for baked potatoes at Peanuts Drive-in.

Patrons may choose from many a-la-carte items and from 5-9 p.m. Mexican food is featured. All the Mexican food is prepared from scratch, no canned or frozen Mexican foods at Peanuts Drive-in. Even the sauces used in the preparation are prepared at the site by Nancy Selvidge, who prepares all the other sauces, hot sauce, bar-b-que etc. from her recipes. Nancy cooks for the noon trade and prepares the luncheon dishes. Lunch is served six days a week with a different menu every day and one meat choice is prepared with the luncheon menu.

There is something for everyone from seafood and shrimp plate to malts made the good old fashioned way with hard ice cream. The kind that really satisfy!

An added plus for the patron is the fact that any item on the menu may be

**City Sales Tax**

**Rebates**

State Comptroller Bob Bullock Wednesday, February 18, said 960 Texas cities shared nearly \$100 million in city sales tax rebates in February.

Bullock said his office sent at total of \$91.5 million to cities levying the optional one percent city sales tax.

He said the January-February payments to cities this year is more than \$30 million higher than the same period last year.

The city sales tax is collected along with the state sales tax by merchants and businesses and rebated monthly to the cities in which it is collected by the Comptroller.

Clarendons net pay for this period was \$12,471.43; net pay same period last year \$5,238.63. Net pay for 1981 to date \$18,268.95; same period in 1980 was \$13,775.32 a 32% increase.

**Kenneth King Day**

Preparations are underway for a community involved Kenneth King Day to be held at the Clarendon High School Gym on Monday, March 9, at 2:30 p.m.

Fans and friends of Kenneth are invited to be present and join in the home-town exchange of football, sports, etc. with Kenneth.

The celebration is free to everyone and an announcement of other personalities who will appear with Kenneth on that day.

JOHN D. RHEA

**John D. Rhea Marshall, Trapper, Rancher, Freemason**

John D. Rhea was born in Tennessee, March 18, 1848. He moved to Granbury, Tex. with his family in 1856. At 16 John ran away from home hunting and trapping wild animals to survive. He was taken in by a man named Saul who convinced him to return home.

Because of his skill with guns and knowledge of the wilds Rhea became a United States Marshall. He loved dogs and used them to hunt animals, thieves and outlaws.

John Rhea broke up a band of thieves working from East Texas to Arizona in the 1870s. He captured the notorious killer Cooney Mitchell in Colorado after 18 months of tracking, and carried him back to Granbury, Texas to be hanged on May 27, 1876.

John Rhea married Mary Jane Edens in 1871 and they named their first child Saul.

**1926 Book Club Met**

The 1926 Book Club met in regular session Tuesday, February 17, 1981 at the Patching Clubhouse. Hostesses were Mrs. Oressa Delaney and Mrs. Evelyn Mann. The members had refreshments at Clarendon College Cafeteria. Delicious cherry cobbler at a mode, coffee and tea were served to the 12 members present.

A short business meeting was conducted by President Oressa Delaney before going to the college library. The "Women of the Year" award was discussed. A candidate was selected if interested. At the next meeting more details will be discussed.

President Delaney read a letter from Claudine Todd, which stated her resignation from the 1926 Book Club because of prior commitments. Her resignation was accepted with regret. Hazel Brandon accepted the position on the 1981-82 Calendar Committee with Gladys Blackburn and Pauline Heath.

Our next meeting is March 3. The club thanked Mrs. Helen Phelps for a delightful party and dinner on February 3.

The members walked to the college library where Miss Letta Austin gave us a tour of the college library and showed us what information can be found in the library. The tour was enjoyed by all present.

Attending were Dorothy White, Verdine Herrington, Mary Thornberry, Hazel Brandon, Pauline Heath, Evelyn Mann, Gladys Blackburn, Mary Hazel VanZandt, Helen Phelps, Virgie Johnson, Oressa Delaney, and Betty Veach.

(which were few and far between) they are willing to work and improve on them."

The Clarendon Bronchettes, for the first time in 15 years, brought home the District 2-AA Championship. Three straight Bronchette wins coupled with a Wellington loss gave Clarendon a share of the second half championship, which was all they needed to capture the gold basketball!

The Bronchettes rebounded from their only district loss of the season with the most balanced attack of the season (four Bronchettes broke into double figures) to upend the Wheeler Mustangettes, 60-47.

Vanessa Calloway led the scoring with 15, but was closely followed by Kelli Hardin, Angelia Gardner, and Renee Cosper with 13, 13 and 12 respectively.

It was the first time this season as many as four Bronchettes have broken into double digits. Eight of the nine Bronchettes worked themselves into the scoring column.

Angelia Gardner led Clarendon rebounders with seven, followed by Kelli Hardin and Rhonda Butler, both with six.

Clarendon again got great balance in the scoring column to take a four-point half time lead and explore to a 19 point 63-44 triumph over the Shamrock Lady Irish.

Renee Cosper and Angelia Gardner led all scorers with 15 points each while Vanessa Calloway added ten. Kelli Hardin contributed with nine points.

order cook and Kay prepares the delicious food. Just look for Jack behind the cash register.

The business is closed on Sundays for a day of rest. In addition to being the manager at Peanuts, Daniel is the minister of the Howardwick Baptist Church.

Business, according to Jack has been great from the first day he was opened and has gotten better ever since. Local patrons are the trade and they are the kind of repeat business who come in regularly and comprise the backbone of a business. Tourism will of course add some other sources but there is not the volume of travel that existed some months ago. Tourists will be an added asset of course.

One reason for the great local support so greatly appreciated by Jack Daniel, is the quality of his food. All meats are 100% meat, there are no artificial patties or fiber fillers in Daniel's place of business. A lot of the meat is purchased locally while some cuts are furnished by the jobbers. All the produce is fresh and crisp served at the peak of its tastiness.

There are tables and booths inside and already Peanuts Drive-in is becoming the place to 'meet and eat'. There is no curb service at the drive-in but there is window service which is used a lot during the warm weather period.

Whether you want a cold drink at the window or a cup of coffee inside or a full dinner of steak and all the trimmings, a spicy Mexican plate or a hamburger you are always welcomed at Peanuts Drive-in, by Jack, Nancy and Ann or Ann and Kay later in the day. Go by and see for yourself.

# Board of Aldermen Met

The Board of Aldermen of the City of Clarendon met in regular session on February 18, 1981, in the Board Room, City Hall at 7:00 p.m.

Members present: Mayor Leonard Selvidge, Aldermen James Kuhn, Shirley Clifford B.L. Graham, Lloyd McCord, and W.W. Lovelady.

Others present: City Secretary Bill Weatherly, Steve Smith, Bob Davis, Peter M. Tart, and City Engineer Gene Barber.

Motion was made by Alderman B.L. Graham, seconded by Alderman James Kuhn to give the Clarendon Day Care Center \$500.00. Motion carried.

The Mayor and Aldermen requested the Postmaster to ask for house delivery of the mail.

There being no other City business at this time, the meeting was adjourned. Motion carried.

## Pathfinder Club Met

Minutes of the February 6 and 10, 1981, meeting were read, and motion was made by Alderman James Kuhn, seconded by Alderman W.W. Lovelady to approved said minutes. Motion carried.

Mr. Bob Davis, Mr. Peter Tart, and City Engineer Mr. Barber discussed with the Board the cost of revenue bonds for a \$500,000.00 water improvement. It would increase the water to the following figures:

- \$16.00 for 10,000 gallons and \$1.00 per 1000 gallons for all over 10,000 gallons.
- \$4.00 for sewer.
- \$4.00 for garbage.
- \$24.00 for a minimum.

Due to the Farm Home Administration asking the City to use the money approved by the Farm Home Administration or release the money, a bond election would be called some time in May, 1981.

Motion was made by Alderman James Kuhn, seconded by Alderman Lovelady to purchase a copy machine for the amount of \$1,000.00. Motion carried.

Motion was made by Alderman James Kuhn, seconded by Alderman Shirley Clifford to pay the Texas Municipal League 15c per capita to defray cost of the case against General Telephone's rate increases. Motion carried.

Mr. Steve Smith met with the Board to ask for \$500.00 to help the Day Care Center.

Mr. Larry Wynn of the Parks and Wildlife Management gave the program for February the 13th. He showed pictures of the wildlife found at the Buffalo Lake Refuge. Although the lake has been drained on account of the deterioration of the dam and spillway, there is much water there in the creeks. Thousands of ducks and geese winter there. One picture showed was of three whooping crane - an endangered species. There are less than a hundred but due to careful management, they are increasing in numbers. At the Aransas Pass refuge, their permanent winter headquarters, the count is up in the seventies. These cranes nest in Canada. The Buffalo Lake area is a flyway. All wildlife is carefully guarded, even rattlesnakes.

Mrs. Royce Williams and Mrs. H.A. Green were hostesses for this meeting.

At the January 23rd meeting of the club Mrs. C.L. Morton was voted into membership. Officers for the coming year were elected. Mrs. C.J. VanZandt, pres.; Mrs. Dick Shelton, v-pres.; Mrs. Goodwin Bray, rec. sec.; Mrs. Pete Kunz, cor. sec.; Mrs. Redell Henson, treas.; Mrs. Heckle Stark, Parl.; and Mrs. H.A. Green, his.

## Civil Service Exam Held

Elmer J. Reed, Jr., Sectional Center Manager/Postmaster, Lubbock, Texas has announced that the Clerk-Carrier and Sub-Rural Carrier Examination for the Childress Area will be open from February 23 through March 9, 1981 in the following Post Offices: Childress, Chillicothe, Clarendon, Crowell, Matador, Memphis, Paducah, Quanah, Quitaque, Roaring Springs, Silvertson and Turkey.

Persons who are interested may fill out application blanks at any of the Post Offices listed in this announcement. Starting salary is \$9.05 per hour. Further details may be obtained from the Post Offices listed.

Consideration to fill positions in any of the offices listed above will be made from those eligibles who have the highest test scores and have elected to be considered at that office. Candidates may choose a maximum of three (3) offices in which they wish to work. The choices may not be changed at a later time.

An eligible who receives a career appointment at one office will not be considered for any other offices. The present beginning salary is \$9.05 per hour. As vacancies occur, eligibles will be considered for positions at the offices of their choice; however, they will only be considered for one career appointment at a time.

Eligibility for appointment resulting from this examination is for two years; eligibles may extend their eligibility for a third year, if they so request after the 18th month of initial eligibility.

# WHO IS GOD?

By Rev. Wayne Naylor  
 To the searching young person in the sixties; He was dead. To some He is unreachable; to others He is involved in every problem. To the writer of Scripture He was the creator, is the sustainer, and will be the rewarder of the faithful. Some do not believe in Him because they cannot put him under a microscope and dissect Him, others do not believe in Him because they cannot explain Him, and the Philosopher gets so wordy in his explanation of Him that the hungry searcher gets lost in the hunt. The Lord Himself comes to say in Holy Writ, "The secret of the Lord is for those who fear Him, and He will make them know His covenant." Psalms 25:14  
 To those who might still hold to the idea that He is dead; when did He die? Where did they hold His funeral? How come they didn't invite His children to

mourn His death? Who was big enough to kill Him, or discover that He had died a natural death and then spread the word that He was now dead? The scripture again has something to say to the "God is dead" advocate in Hebrews 11:6 "And without faith it is impossible to please Him, for he who comes to God must believe that He is, and that He is a rewarder of those who seek Him". One of the greatest assurances that comes as a reward is to know Him in the forgiveness of Sin and to be at peace with Him.  
 Some would say, "Yes, I believe there is a God, but He is unreachable by men". If this be true then why does the scripture tell us "Trust in the Lord with all your heart, and do not lean on your own understanding. In all your ways acknowledge Him, and He will make your paths straight." Proverbs 3:5-6. God moves in the direction of

His creation to make Himself known, but if we will not hear His approach, or suggest to ourselves that that was not God dealing with me, then He might act toward us like this. "A man who hardens his neck after much reproof will suddenly be broken beyond remedy." Proverbs 29:1.  
 We cannot put love in a microscope and dissect it; explain all the attributes which are attached to the words of Jesus in John 3:16 when he said, "God so loved the world, that He gave His only begotten Son, that whoever believes in Him should not perish, but have eternal life." This kind of love puts itself or oneself under the load of those loved. It is a compassionate love which many of us have not learned to practice and words are begged to describe.  
 Like the boy who placed a placard on his bike that said "My God is not dead, I am sorry about yours," we would assure you that God is alive and well and concerned about us.

## Water Bond?

Members of the city's governing body, Mayor Selvidge, and the Board of Aldermen have worked hard to present the estimated cost of such improvements to the residents of the city. Aldermen along with Tex Selvidge, mayor, are asking residents to make their opinion about the proposed costs listed in this article, known to them. All water meter users will be affected by the proposed rates.  
 To adequately show the need for the proposed rate increase the table of water and sewer income and expenses to the City of Clarendon is listed. Notice the income, expense and net loss figures.  
**Four year record of water and sewer, collections and losses.**

To retire the bonds if the loan is applied for the city the following rates are estimated to be necessary: Water min-

imum of \$16. for the 20,000 gal. and \$1.00 per 1,000 for each additional 1,000 gals. Sewer rent at \$4.00 and garbage collection at \$4.00. The total per month minimum cost to a water meter customer would be \$24.00. This is the necessary cost to retire the revenue bonds which would have to be voted if the improvements are made--as estimated.  
 The improvements would include: an 8 inch water main from 4th and Jefferson to the water tower on the west side of the city; 100 foot storage pressure tank on the west side of town; 8 inch water main from the tower on the west side of town to the water tower on the east side of the city; and raise the water tower on the east side of the city to the same height of the tower on the west side. With any funds left as many small lines as possible will be replaced.  
 The water user needs to make his wishes known.

# LIVING LIKE A KING!

BY BOB HAYES

Kenny King's performance throughout the 1980 football season for the Oakland Raiders made the city of Clarendon swell with pride. After an illustrious career with the Clarendon Broncos, King went on the play at the University of Oklahoma. He was drafted and signed by the Houston Oilers following his senior year at OU in 1978. Traded to Oakland in the spring of 1980, King became a starter for the Raiders as they went on to cap a Cinderella season with a 27-10 victory over Philadelphia in the Super Bowl.

This is the first of a two-part series in which I discussed with Kenny different aspects of his football career, and his outlook on the future. Ecstatic from the Super Bowl win, I found King eager to discuss the season and he was an easy interview.

It is my hope that this two-part series is an enjoyable one. Kenny King is a man that this town can be proud of, I know I was proud to talk to him.

Q-Kenny, I'd like for you to describe the difference in the levels of football that you've played: High School, College, and Professional.

King- Well there's a big difference. High School is a learning process, you're just learning how to play the game. You've learned the game once you get into college, and you're more developed than in high school. College is a stepping stone, just the final step in becoming a professional athlete. Once you get in the pros, you've become the best. You've got to be the best.

Q-What about the coaches you've had in your career? How does coaching vary throughout?

King- It's different, but the thing is you've got to know to coach an individual, instead of coaching a team. You've got to treat each person as an individual because each player is different with a different outlook on life. High school coaching is different because it's not as complicated. College coaches have a lot of homework, but in the pros there's so much to

be done, and so much homework. Coaches may stay at the office until 12 or one o'clock in the morning.

Q-Let's talk about your stay with the Oilers. I'd like for you to describe your experiences with Houston, what type of adjustment was it for you?

King- I was very excited about going to Houston. A lot of people before the draft were telling me that I'd be going to Houston and I'd be playing in the same backfield with Earl Campbell, that they'd mix power and speed. So I was excited until I got there and realized that they were not planning to use me that way. They wanted me to be a blocker, and in the professional ranks I'm not a blocking back. I'm basically a halfback. I had a great experience in that I disciplined myself, I kept my confidence because it was a very difficult thing to do, sitting on the bench when you know you're capable of playing.

Q-How you changed your running style since high school?

King- I think my running style now is the same as it was in high school. I was a halfback, and I am now with Oakland. I'm beginning to come back and see more things that I didn't see as a fullback in college, because I was blocking. Now as a halfback you've got to see blocking schemes, and you've got to know how to read the defense. It's very technical, but you've got to be dedicated and you've got to be on your toes.

Q-You've played with some great backs - Sims, Campbell, VanEeghan, and others. Would you contrast their styles.

King- The best back I ever played with was Joe Washington (now plays for the Baltimore Colts). The man is sensational. You're not going to find many backs who can move like Washington. He's in a class of his own. Mark VanEeghan is a great back and a super blocker. This year we complimented each other so well that he was able to get his thousand yards. Billy Sims is a great back. He has great power, speed, and determination. Horace Ivory (King's teammate at Okla-

homa) of the New England Patriots has a lot of speed and he's used that. Elvis Peacock is the same way. Earl Campbell is one man who (Pause) It's going to be hard to follow in his footsteps. He's got so much determination, power, and heart. If any other back gives 110% Earl will give 120%. He's just awesome.

Q-In your days at Oklahoma, especially your senior year, you seemed to be doing all the dirty work for Sims and you didn't carry the ball. Why?

King- Well I tell you what - That's the way it was. I care a great deal for Billy Sims. He's a great athlete and a great person, and he's a good friend of mine. I never felt anything bad toward Billy. I wished him well then and I wish him well now. The only person I can fault is Barry Switzer, simply because he never gave me a chance. For three years I gave him everything I had to give to a man and to a team, and he never said "thank you". He never commended me on what I accomplished for him. That's what I mean when I talk about coaching people, coaching individuals.

Q-Do you have any regrets about going to Oklahoma?

King- No, I don't regret it. I'd go back. But if I did we'd sit down and we'd do things differently, because by me going to O.U. and being pushed into a fullback role, it hurt my chances of being drafted number one and definitely made me lose a lot of money.

Q-While we're on the subject of going to college and being recruited, what was it like for you as a small town athlete, with Barry Switzer coming here and other big name coaches coming to Clarendon?

King- I was impressed. I was impressed because I never felt that I was a great athlete, and to go to a school like Oklahoma you've got to know that you're great, that you have a lot of talent in order to make it. It was a great transition for me to go to a major university like that because if you've never been over 60 miles away from home you're likely to get homesick. There were a lot of

times that I'd get homesick, but my mother helped me to make it through. It's going to be hard for anyone to leave home because you're on your own, making decisions yourself. It's hard for anyone going from a small town to a large town.

Q-Let's talk about the trade from Houston to Oakland. Were you hesitant about it at all?

King- No. I was happy because I knew I had a chance. I knew that Oakland needed running backs, and I knew that my chances of going there and becoming a starter were very good. I was so excited because it's like getting a chance to re-live your life, a whole new start. It's like a cat with nine lives - I feel that I've had two.

Q-You were traded for Jack Tatum, a great Raider player for a lot of years. Did that help you to put a value on yourself?

King- I felt that I had bargaining power then, but the thing about it was that Jack Tatum was, and still is, a legend in Oakland. I didn't find out until later in the season, but Jack Tatum was loved in Oakland. So I had some big shoes to fill in the eyes of the fans. So once I got there I was able to do things that made them recognize me on the football field, and maybe made them forget about who I was traded for. After the season got underway, players started coming to me and telling me, "Man you better be glad that you've done well because if you hadn't the fans wouldn't love you. They'd boo you" because you were traded for Jack Tatum.

Next week, Kenny will review the 1980 season, describe Super Bowl week, the game itself, and give an outlook on the Raiders for 1981.

## Letter to the Editor

From Steve and Helen Rogers An open letter to Donley County and surrounding areas:

We wish to express our sincere thanks and gratitude to all the Fire Departments, the churches, the Memphis Hospital Staff, and the countless friends and neighbors who have helped us in our time of tragedy. It would be impossible to name everyone. A few mere words are completely inadequate and futile to express the gratitude we feel in our hearts.

February 16th, on our 33rd wedding anniversary, we stood and watched 33 years of work and sweat go up in smoke. Our business, our home, our household possessions, and materials for our home we were building were a pile of rubble and ashes. And some things cannot be replaced; a worn out baby shoe, some shells from the west coast our 2 year-old grandson had given us, family pictures, mother's dishes - these type items can never be replaced. Our 2 month-old puppy was burned in the fire.

Yet, our hearts go up in praise and thanks to God that no one was killed, no one was injured. Thank God - life is worth far more than possessions.

We do not always understand why some things happen, but the love of God, the prayers, help, and kind words of friends and neighbors, a loving family; these are the true riches, the most sparkling gems, the purest gold. Today, we are rich, we are increased with goods, we want not.

As the flames died down and we began to try to see what was left of the blackened mess that was blocking 2 streets, we realized we had to take a deep breath, hitch up our britches, and try to figure out where to begin. Now we had to try to clean up the mess and try to put our lives back together. We stand amazed and astounded at the response of our friends. Men began to appear from everywhere with trucks and heavy equipment. As we saw the men with blackened faces and hands work all day and into the night clearing away the debris and people falling to

with paint brush, mop and broom to help us get moved into a home, our hearts filled with gratitude.

Furniture, household items, clothes, and money began to pour in. Tools have been sent from as far away as Abilene.

Through this tragedy good has come. We have learned that in spite of all our human faults and frailties, there are human bonds; the brotherhood of man is still intact. And some of the greatest people on earth live right here in the Panhandle of Texas!

Again, we say Thanks, and may God richly reward you all.

Steve and Helen Rogers and family

## Joseph Michael Yankie Jr.

Mr. and Mrs. Joe Mike Yankie, of Albany, announced the arrival of a son, Joseph Michael Yankie Jr., born February 8 in Denton. The young man weighed 5 lbs. 12 ozs.

Grandparents are Mr. and Mrs. L.E. Yankie, of Clarendon; Harold Housden of

Aubrey and Edna Housden, of Denton. Great-grandmother is Mrs. Blanche Gray of Clarendon.

Two brothers, nephews of Mrs. Quattlebaum, Ray and Jerry Danton, who had not seen each other for 47 years, were guests to eat lunch at the Sr. Citizens Center.

Mr. and Mrs. L.E. Yankie and grandson Brian Page, attended the Golden Gloves Regional competition in Ft. Worth at the Will Rodgers Coliseum. They attended as the guests of Dr. Keith Hudson, an avid supporter of the Golden Gloves program.

## Moss Family Donates Property to CC

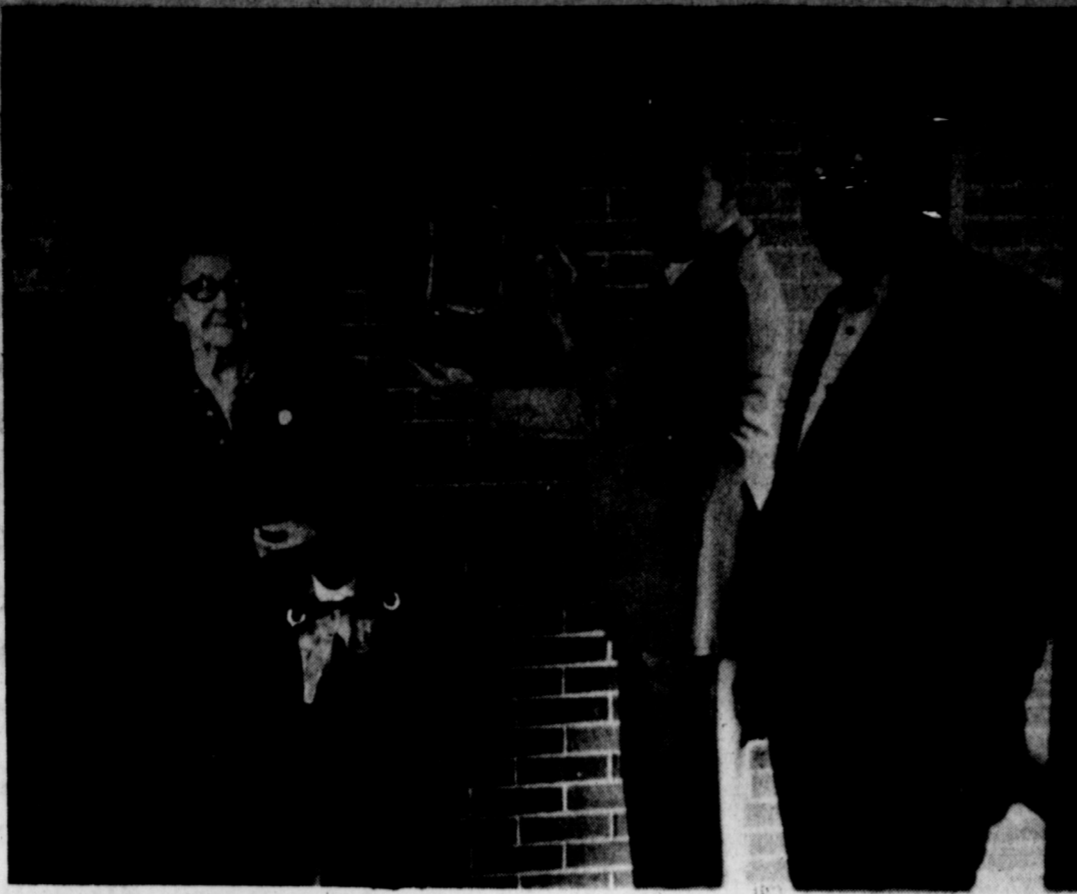

The family of Grover T. Moss has recently made two donations of property to Clarendon College. The donations were made in memory of Grover T. Moss who passed away on the 28th day of June, 1975. Grover T. Moss and Mamie E. (Dennis) Moss were married on July 1, 1917 at the home of her parents, Mr. and Mrs. E.M. (Eli) Dennis. Mrs. Moss attended school in the Eli Community west of Memphis and later enrolled at the old Clarendon College. She taught for a period of time at the Eli Community School. Grover Moss moved to Hall County in 1912 and later attended Goodnight College. Following their marriage, Mr. and Mrs. Moss farmed in the Eli Community until they retired and moved to Memphis in 1950. They owned properties in Collingsworth, Donley, and Hall Counties as well as other parts of the state. The gift of these properties

to Clarendon College was made by Mrs. Mamie E. Moss in memory of her late husband, Grover T. Moss and by the Grover T. Moss Trust in memory of their mother, Mamie E. Moss.

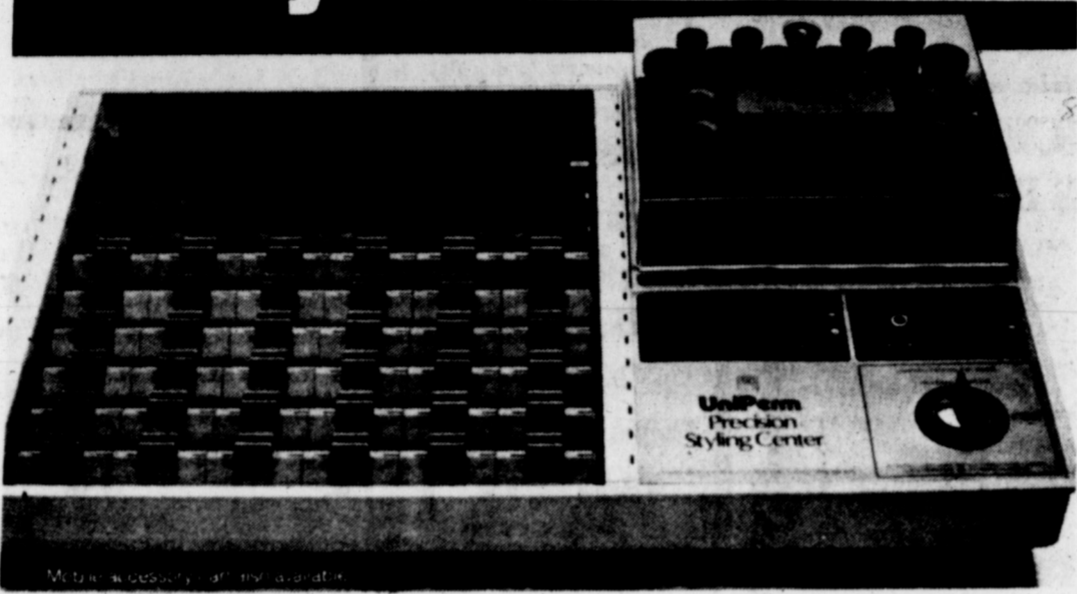

The children of the Grover T. Moss Trust are: William Eli Moss of Dimmitt, Robert L. Moss, Lois E. Taylor, Aubren B. (Ben) Moss, Rebecca (Mrs. Robert L. Clark) and James L. Moss all of Memphis.

Mr. Kenneth D. Vaughn, President of Clarendon College, stated that "The gift of these two properties is a needed asset to our college.

We are extremely proud of the Memphis students that attend Clarendon College and this gift from Mamie E. Moss of Memphis is greatly appreciated. A plaque will be placed in the Commons Area of the Academic Center at the college recognizing this donation in memory of Mr. Grover Moss."

Mamie E. Moss, Kenneth Vaughn and William Eli Moss.

New UniPerm machine

## C C has uniperm

Clarendon College Cosmetology Department has added a UniPerm precision styling center to its department and with this addition has the very latest in permanent waving machines.

Several of these machines have been purchased in Clarendon and the area by private shops and it is a distinct advantage for students of Mrs. James, instructor of Cosmetology, to have the training in class on this very new equipment.

This single unit machine will offer the customer three different services for the demands of customers. Because the curlers are smaller and narrower a wider variety of winding patterns is possible to provide more diverse hair styles.

The improved hot rollers have no spikes to harm scalp or tangle hair and are as a result able to produce a smoother curl.

A truly new service is the body treatment to be had

with this machine. It is NOT a perm nor a SET.

This new styling center will attract customers who have need for services it is able to provide. In addition the students in the Cosmetology Department are keeping abreast of the newest in hair treatment and curling techniques while they are under the expert instruction of Mrs. James. This enables the new operator to go right into the business sector of her career without having to learn the operation of new machines at the same time.

Clarendon College has a great deal to offer the cosmetology student in the Clarendon department with a fine broad course of study, up to date equipment and an instructor who consistently turns out students who go immediately into the outside shops with creditable results.

The Cosmetology Department has been a very popular vocational subject which adds numbers to the classes

each year. It is open to men and women who are interested in fields of cosmetology.

## Hightower & Porter make Honor Roll

More than 5,100 students at Texas Tech University qualified for the deans' honor rolls in the six colleges during the 1980 fall semester.

Among them were Farris Hightower and William Porter of Clarendon.

To qualify for a dean's honor roll a student must have a grade point average of 3.0 or more on a 4.0 scale and must have taken as many as 12 semester hours of work.

Texas tech has an enrollment of more than 23,000 students in six colleges: Agricultural Sciences, Arts and Sciences, Business Administration, Education, Engineering and Home Economics.

## Tillie's Studio has Demo

Tillie Anglin was hostess to a salad supper at her studio Saturday evening for her art students and guests.

Following the supper hour she did a demonstration of oil painting with the palette knife, which was both infor-

mative and enjoyable.

Attending were Opal James, Lou Stubblefield, Helen Woody, Vera Johnson, Lina Payne, Opal Thomas, Willene Judd, Mr. and Mrs. Dalton James and Mr. and Mrs. Everett Anglin.

## James Gilbert Ponds

Services for Mr. Ponds were at 2 p.m. Tuesday, February 24 in the Morrison Funeral Chapel of Graham.

Burial was in Graham. Local arrangements were under the direction of Carmichael-Whitely Funeral Directors. Survivors include his wife, Florence; one stepdaughter, Mrs. Dorothy Hammons of Pampa; two stepsons, Jerry Noel of Pampa and Jimmy Noel of Oklahoma City; four sisters; eight grandchildren and one great-grandchild.

## TUFF TOPS

Since 1972, there has been a dramatic decrease in the number of accidental drug poisonings in children. Why? The wide-spread use of child-resistant closures (tops) is surely the single factor most responsible for this decrease.

Aspirin was once the number one source of accidental poisonings in children. Ingestion of plants is now the most common single source of childhood poisonings. According to the Consumer Product Safety Commission, we have had a 60% decrease in accidental aspirin poisoning and a 45% decrease in accidental poisonings caused by prescription medicines.

While child-resistant closures have been successful in preventing many poisonings, they have caused inconvenience for many people. Those who have difficulty grasping and turning vial and bottle tops may find child-resistant closures to be "locks for which they have no keys". The elderly and those having arthritis may have particular trouble opening these sometimes contrary closures.

Although the "tuff tops" on aspirin and prescription containers may cause inconvenience, the prevention of childhood poisonings...and sometimes death...justifies their use.

**EVERY CHILD SHOULD**  
**HAVE GOOD TEETH**  
It is a mistaken notion that "Baby" teeth do not  
need care just because the body replaces them with  
"permanent" teeth. Imperfect "Baby" teeth often  
cause many later-life dental problems.  
Every child should be taken to a dentist at about  
two and a half years to three years of age. By then all  
the "Baby" teeth will be in. The dentist will check for  
minute signs of decay, or any malformations which  
can cause later troubles. Dental patients under four  
years old have an average of three teeth that need  
fillings. If dental-aids are needed, whether it be a  
child's toothbrush or a good tasting effective tooth  
paste, we have a complete stock.  
**YOUR DOCTOR CAN PHONE US** when you

Episcopalians belaboring his congregation... with his own favorite passages

Indeed not! From beginning to end, the Episcopal Prayer Book IS the Bible in some form or another. It's possibly the finest key available to understanding the Bible. The person who follows this book faithfully finds himself reading the New Testament twice and the Old Testament once in a year's time. The Prayer Book is so arranged that the minister cannot depart from the Bible. He is discouraged from dealing in ideas that have no Biblical foundation... or from belaboring his congregation, over and over, with

Funeral services held for Payne

Hancel Elector Payne, 63, of Quitaque died Sunday, February 22 in Lubbock.

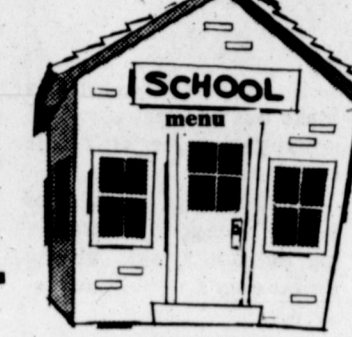

Services were at 3 p.m. Tuesday, February 24, 1981 in First Baptist Church with the Rev. Hollis Lock, pastor of Fairmount Baptist Church, the Rev. Royce Denton, pastor of First Baptist Church of Silverton, and the Rev. Mike Grebenik, officiating. Burial was in Resthaven Cemetery by Quitaque Funeral Home.

Mr. Payne was born in Turkey. He married Henrietta Woods in 1941 in Portales, N.M.

He was a member of Fairmount Baptist Church. Survivors include his wife; two sons, Lonnie Payne of Quitaque and Earl Payne of Clarendon; a daughter, Mrs. Donna Green of Clarendon; three brothers, O.C. Payne, Ray Payne and Warren Payne, all of Quitaque; four sisters, Mrs. Olivia Stockton and Mrs. Lillie Reagan, both of Quitaque, Mrs. Frances Martin of Portales and Mrs. Eva Lee Wings of Calsbad, N.M.; and 11 grandchildren.

Dave Dvorak, Texas Parks and Wildlife biologist, had his crew out early in the morning as they set a giant net to trap over 100 wild turkeys on an area ranch.

Turkey trapping a success

Dave Dvorak, TP&WD biologist, had his crew out early in the morning as they set a giant net to trap over 100 wild turkeys on an area ranch.

There is nothing new about the fact that the amplified click of a Morse Sounder (RR, Western Union or Press) can be read through any and all kinds of static interference. Seventy five years ago (I am 83) when my parents called the RR Station Agent for information, the static was often so bad they couldn't understand a word the Agent said but the Morse Telegraph Sounders could be heard loud and clear.

Place a Morse key and sounder in front of a Radio Broadcasting set and messages can be read to the voice limit of that set regardless of static interference. Planes depend on ground to plane instructions which means that in case of a communications jam, it would be necessary to have a Morse (former RR, W.U. or Press) telegrapher on both ground and plane. No public radio or TV station could operate except with a Morse Operator to keep the public advised, through Monitoring Stations, of present dangers etc.

There are still a number of us, who remember our Morse, who would be glad to donate time in operating monitoring stations and, at present, report to Government Stations by Watts line telephone. At the present time it is against the law to broadcast Morse (RR, W.U. and Press) on Radio but President Reagan would get that changed.

Our Morse Club has members, in all states of the United States, willing and ready to donate time in operating Monitoring Stations. One of the perfect locations for such a station is the old Adair Hospital Building complete with retired telegrapher now living in the building. Yes, - We need Radio Monitoring Stations. J.C. Blackburn Box 795 Clarendon, Tex. 79226

Letter to editor

To Whom it may concern, Do we need Radio Monitoring Stations? It is known that in the next war fought in the United States, the enemy will jam all communication systems. Very few, if any of us, know exactly what form of interference will be used.

## Dr. Gilkey moves to new clinic

February 15, 1981, was the Open House date for Dr. R.L. Gilkey and his staff to invite patients to view the newly completed Medical Office facilities at the intersection of US 287 East and Texas 70 south in Clarendon.

Two very definite advantages came with the move from the quarters at Medical Center. East accessibility and plenty of parking space and the added amount of space in the interior, some 2,000 square feet of space.

An east entry catches the morning light through two sets of glass doors. The foyer has unglazed ceramic floor tile of cream, terra cotta and brown and walls of the exterior red-toned brick. This entry way is an energy saver protecting the inner offices from cold, heat and wind and provides a place to shed wet raincoats, boots etc. during rainy or snowy conditions.

Once inside the pleasant surroundings are enough to begin the patients way to feeling better. Walls of honey colored birch paneling and accents of bright brass on tables for wall decor and in lamps harmonize with the tubular brass chairs and the leather-grained seats of burnt orange, green and brown.

A ceiling fan of brass and walnut with a single light stirs the air gently and is another energy-saver feature. Flooring of vinyl tile repeating the colors of the foyer tile is used in the waiting rooms, the receptionist's office, the nurse's office down the CORRIDORS and in the examining rooms as well as the other rooms in the complex.

The feeling of unlimited space is heightened by the corridor walls of the same honey birch, off-white textured ceilings and light named wood trim. Ex-

amining room walls are papered in a textured paper of soft complimenting hues. A Dutch door leads from the waiting room to the examining rooms.

Literally bringing the outdoors in are the variety of beautiful plants which are gifts from the Open House. Table tops hold blooming plants and from lucious hanging baskets of jew to potted figs and ornamental pines the fresh green of living plants adds the perfect touch to the setting.

Area rugs of geometric design, spiced by the terra cotta, brown and brass colors in a complementary designed lamp base brings the total picture together in a blend of soothing earth tones with very effective decorating skill. Mrs. Gilkey, is to be commended for her good taste and expertise.

At the receptionist's desk there are sliding glass windows allowing for privacy and concentration from activity in the waiting room, at the north end of the area. At the south end and in the east wall a door leads to a small hallway and rest rooms for the use of persons in the waiting room.

Along the corridor there are five examining rooms which Dr. Gilkey and the patients will find mutually expeditious. Doctors do not like to keep patients waiting any more than they like having to wait. The added number of examining rooms will speed up the time a patient gets to see the Dr. considerably.

Cheerful colors of yellow, orange and green are continued from the waiting room to the examining rooms furnishings. Against the background of soft cream, beige and sand the effect is light, cheerful and serene.

Part of the waiting room at Dr. Gilkey's new clinic

There are several pieces of equipment which are special to Dr. Gilkey. One is the electric examination table and another is the larger X-ray machine of special significance is the shadowless adjustable light. The latter is of great benefit to a doctor who may be operating and he is justifiably proud of the equipment.

The clean-up rooms look for all the world like a well organized, spic and span kitchen with the storage cabinets, stainless steel sinks and hanging baskets of greenery in front of the sunny windows. Everywhere maximum efficiency is apparent.

Across the hall and a short way down is Dr. Gilkey's own office. Again the colors and accessories which greet the visitor at the receptionist's desk have combined with ceiling high shelves to provide a place of complete privacy. Books and other medically related items as

well as personal possessions make this an ideal place for consultation or study or retreat.

At the end of the corridor is the emergency entrance, on the south side of the ambulances, when necessary.

This tour of the facility does not adequately describe the thought and craftsmanship which combined to make the total so attractive and efficient. From the white formica counter tops and color-coded patient files to

the lab down the corridor the objective of best patient care possible and pleasant surroundings has been the prime aim and has been successfully met.

The combined talents of Bud Lovelady, assisted by Jack Lewis, who did the carpenter and cabinet work D.P. Ray, who installed the heating and cooling systems

Billy Joe Hall, plumbing contractor and B.J. Land who installed the electrical system created a handsome and versatile complex.

In turn the specialized services of Russell Vernon, who did the painting and Johnny Farnsworth, of Memphis who added the wallpaper, tile and carpeting made the attractive building interior complete.

Furnishings, from Stavenghens Furniture, like fine accessories everywhere, combined to present a truly outstanding finished product -- handsome and practical for the doctor, his staff and the patient.

Privileged to work in the new complex with Dr. R.L. Gilkey as staff members are Rita Shields, receptionist Glenda Gourley, lab technician, Onita Thomas, R.N. and Bernice Crocker, housekeeper.

## Deyhle attends Brucellosis Seminar

Dr. Charles Deyhle, Sr. was in Austin recently to attend a Brucellosis Seminar.

The Berman Report is considered the most comprehensive national study on Brucellosis and ways to eradicate it. In order that private practitioners meet the educational expectations and be certified to carry out the Texas Brucellosis program for eradication, they must attend one of the eight seminars held at a location where a State Federal Diagnostic Laboratory is located.

Dr. Nancy Bozeman and Dr. Charles Deyhle, Jr. attended seminars held in Fort Worth and Amarillo.

New York Times SPORTS, Tuesday, February 10, 1981. Bob Andis's CH Tallawong Blue Joshua C.D., an Australian Cattle Dog handled by Vera Andis, took breed honors. It was the first time the breed ever has been seen at the garden.

"We gave him a day off to come here," said Andis, "and darned if he didn't take the breed."

"We are from Clarendon, Texas where we have a 6,000 acre ranch, Josh and our other Cattle Dogs work a herd of 700 Black Baldface cows. He was on the range three days ago."

Josh is a blue and was the first of the breed to become a champion, accomplishing the feat on October 31, the month after the American Kennel Club admitted that breed to its registry.
