Alliance Invites Participation

The Clarendon Ministerial Alliance invites and encourages everyone to attend the Community Holy Week Service this Friday, April 13th, at 7:00 p.m. in the sanctuary of the First Baptist Church. As we celebrate together the Risen Lord, Randy Mullins, Youth Minister of the First Baptist Church will be leading in worship and David Massey, Minister of the First Christian Church, will be delivering the message.

This service is one of two annual services held by the Ministerial Alliance and the offering received during the service will be used for local benevolence and to help travelers in need throughout the year.

All those unable to attend are invited to watch the televised service live on Mission Cable Channel 8 - ACTS network.

Banquet To Be Held

Steven Cagle Davis and Russell A. Estlack will be honored at an Eagle Award Recognition Banquet at 6:00 p.m. on Saturday, April 14, 1990, in the Clarendon College Cafeteria.

Steven is the fifteen year old son of Mr. and Mrs. Cagle Davis of Lakeview. Russell is the fourteen year old son of Mr. and Mrs. Allen Estlack of Clarendon.

having begun their scouting careers as Tiger Cubs, both boys have advanced to the Eagle Rank, which is the highest rank offered by Boy Scouts of America. The two boys also have earned the Texas Medal and a God and Country Award. In addition, both boys are members of the Order of the Arrow, which is an honorary camping fraternity.

Tickets for the banquet are \$6.00 and may be purchased from Tommie Saye at Sayes.

Commodities To Be Given

Commodities will be given April 19, from 9 a.m. to 5 p.m. in Clarendon April 19 and in Hedley, April 20 from 1 p.m. to 3 p.m.

Local Candidates Listed

May elections are coming, but local races are virtually all uncontested. There are three candidates for three positions on the college board. Dr. R.L. Gilkey, County Judge W.R. "Billie" Christal and Bright Newhouse are all incumbents and running unopposed.

The Hospital District has four candidates. Johnny Leathers is running for Place 4. Wanda Dromgoole is running for Place 5, Connie Pitts for Place 6 and Jim Cockerham for Place 7.

Two positions are open this year on the School Board. Todd Knorpp and Fred Clifford, both incumbents, are running for reelection to those two positions.

TPW Fishing Report

Texas Parks & Wildlife reports that fishing should be good at Lake Greenbelt. The water is clear, about 49 degrees, normal level. Black bass are beginning to bite. Some weigh up to 5 1/2 pounds, or 21 1/2 inches in length. Fishermen caught some from the bank in shallow water on minnows and a few topwaters. Crappie are good to 15 fish per string on minnows in 30 feet of water; white bass are good to 10 fish per string on slabs and spoons; catfish are fairly good to 9 pounds on nightcrawlers; walleye are fairly good in the 3 1/2 to 5 pound range trolling minnows near the dam.

Glenn E. Allen

Glenn E. Allen, a former resident of Clarendon and a son of Mr. and Mrs. Dick Allen, former proprietors of the Clarendon Hotel, passed away April 3, 1990 in Costa Mesa, California.

Dear Editor,

I am enclosing a check for \$14.00, supposedly sufficient to cover one year's subscription to the Clarendon Press.

I taught there in the Clarendon High School and the Junior College from 1937 through the 1952-1953 school year. During that time, I met many wonderful students, some of whom may have been your parents or, Lordy no, your grandparents. I diligently tried to teach the students to hit the correct keys on their typewriters occasionally, and sought to teach some of them to write shorthand, as well as to be well grounded in the fundamentals of bookkeeping. Naturally, you should blame any inaccuracies in my typing on the age of the typewriter, rather than my age.

If you can do so, let our subscription begin with the edition of the first week of April. Thanks, a lot.

Respectfully yours,
W.C. Larimer
Garland, Texas

Dear Editor,

Here recently I have done a research paper for my teacher. I found that the people of Old Clarendon were well educated. But that's not all.

I also found that Saints Roost was the only one of the tree towns in the panhandle that didn't have a saloon. The people here didn't drink. They were clearly against it. I, as a proud citizen of Clarendon,

don, Texas, feel that we should carry on that tradition.

People in Clarendon have something to be proud of. Clarendon is the last of the original towns in the panhandle. We live in a very historical town, and historic places don't change. I don't think their traditions should either.

Fund Drive Set

A goal of \$1000.00 has been set for the Clarendon Salvation Army Service Unit Fund Drive which will kick off on April 10, 1990, as announced by Paul Bivens Service Unit Committee Chairman.

Funds collected in the drive will be used to pay for the Salvation Army's services to the underprivileged in Donley County through the current fiscal year.

In order to hold expenses to the minimum, the Service Unit has decided to use a direct solicitation, through a bank statement mailing, this year. Chairman Bivens ask that you give serious thought to this request so that this local volunteer organization can continue these worthwhile services.

The committee, composed of business and civic leaders, carries out a year-around program to help people with emergency needs. In the name of the Salvation Army who it represents, the committee helps with such basic necessities that families or individuals may require in a temporary crisis.

The Service Unit also acts as liaison for The Salvation Army's state-wide program to help people with emergency needs. In the name of The Salvation Army whom it represents, the committee helps with such basic necessities that families or individuals may require in a temporary crisis.

The Service Unit also acts as liaison for The Salvation Army's state-wide program which includes summer outings for boys at Camp Hoblitzelle, care for predelinquent girls and unwed mothers, help for paroled prisoners, relief in major disasters and other services.

Members of the committee are: Paul Bivens - Chairman, Bronnie McNabb, Jr. - Treasurer, Rev. Billy D. Hodges - Welfare Secretary, Judge W.R. Cristal, Allan Estlack, William J. Lowe, Jerry Hawkins, M.O. Weatherly, Mable Dean Wilson, and Rev. Terry Tamplen.

Pecan Clinic To Be Held

The Extension Crops Committee is sponsoring a Pecan Production and Grafting Clinic for the area on April 13, 1990, for anyone interested. The clinic will start at 8:00 a.m. with participants meeting in front of the Donley County Courthouse. At 8:15 a.m., the group will leave and first tour the Hancock orchard north of the tracks on White Street.

Dr. George Ray McEachern, Extension Horticulturist, will be on hand to discuss Pecan Production at Mrs. Hancock's orchard and if possible, we will graft a few trees there if we have time. From there, the group will travel to the Horn B

Ranch, east of Lelia Lake, where we will continue to discuss pecan production for this area, as well as demonstrate grafting techniques. Dr. McEachern is also very proficient with other types of fruit and nut production principles that can be discussed at the clinic.

Lunch will be provided by John Lee Bell, owner of the Horn B Ranch, and if time permits, a tour of the ranch will follow lunch. Only a limited number of people can be accommodated, so those interested must sign up at the Extension office, 874-2141, prior to the tour.

Leaders Discuss Issues

Thirty-three community leaders met at Clarendon College on March 27, 1990 to assist the Extension Service in identifying critical issues that face Donley County citizens.

The meeting began with Dr. Jerry Stockton, President of Clarendon College, welcoming the group to the College.

Moderator Tim Trimble, Donley County Extension Agent, then introduced three panel members that discussed economic, environmental, and social issues related to Donley county. Bronnie McNabb, President of First Bank and Trust, gave an overview of the economic picture of Donley County, Weldon Sears, Range Conservationist, Soil Conservation Service, addressed environmental issues and Reverend Terry Tamplin, Pastor, First United Methodist Church, pointed out some of the social issues. Participants then dispersed into four different task forces in the areas of Agriculture and Natural Resources, Youth Development, Home Economics, and Community Development.

Each task force identified critical issues in their group that will likely be of importance to this county for the next four years.

The agriculture task force came up with six major issues:

- (1) Localized research for diversification in crops and market ing,
- (2) Establishment of a Donley County water district,
- (3) Crop insect control (Boll Weevil),
- (4) Positive public relations with politicians

Project Graduation Needs Your Help!

Project Graduation is a nationwide name for chemical-free graduation parties. Thanks to our community's support and enthusiasm, the graduation party last year was a great success. The parents of the 1990 graduating class have voted to continue this project with the hope that it will become an annual tradition. Help us keep our seniors safe on graduation night!

There will be a representative of the Donations & Prizes Committee contacting you soon, or you may contact the following committee members by phone: Jim Shadle (2441 or 3591), Terry Tamplin (3879), or Gail Hill (2018 or 3591). Any donation to be mailed may be addressed to Project Graduation P.O. Box 118, Clarendon, Texas 79226.

Cancer Crusade Set

The American Cancer Society is a nationwide voluntary health organization dedicated to eliminating cancer as a major health problem by preventing cancer, saving lives from cancer, and diminishing suffering from cancer through research, education, and service.

During the next few weeks, someone will knock on the door of your home or business giving you the opportunity to join in our fight against cancer. In the early 1900's few cancer patients had any hope of long term survival. Today about 4 of 10 patients will be alive 5 years after diagnosis.

Remember that many cancers can be cured if detected early and treated promptly.

The A.C.S. recommends persons without symptoms have a cancer related check-up every 3 years for those 20-40 years of age, and every year for those 40 and over.

Seven warning signals to watch for are:

1. Change in bowel or bladder habits.
2. A sore that does not heal.
3. Unusual bleeding or discharge.
4. Thickening or lump in breast or elsewhere.
5. Indigestion or difficulty in swallowing.
6. Obvious change in wart or mole.
7. Nagging cough or hoarseness.

If you have a warning signal, see your doctor.

As a result of your help, the A.C.S. is able to fund cancer research to determine causes, prevention, and cure of cancer. It is one of the oldest and largest voluntary health agencies in the United States comprised of 2.5 million Americans united to conquer cancer through balanced programs of research, education, patient service and rehabilitation.

So join in the crusade! Be as generous as you can. If you want to mail a contribution, you can do so by addressing: American Cancer Society-Donley County, P.O. Box 550.

and urban communities, (5) Attracting youth into farming, and (6) Conservation farming and Marketing techniques.

The Youth Development Task Force identified four major issues:

- (1) Self esteem and Peer Pressure,
- (2) Substance/Alcohol Abuse & School Age Sexuality,
- (3) Community Standards and
- (4) Activities for Youth.

The Home Economics Task Force identified four issues also: (1) Care of Children for Working Mothers (Latch Key Children), (2) Care of the Elderly and Support of Care Givers, (3) Parenting Education, and (4) Household Management.

The Community Development Task Force developed five issues:

- (1) Education,
- (2) Expansion of Existing Business,
- (3) Tourism,
- (4) City Enhancement, and
- (5) Attracting New Businesses.

This study group meeting was the first step in the development of a 1991-94 Long Range Extension Program. Because the Extension Service serves the people of this area, it is critical that local people become involved in the develop-

ment of the program.

The Donley County Program Council Executive Board will now take these issues and develop background information on county issues which include the description of issue, consequences of issue, components of the issue that require improvement, problems that must be addressed and who is affected, long range objectives and accountability indicators. After this information is accumulated, the 1991-94 Long Range Extension Plan will be written and used by the Extension Program Council and county staff in developing annual programming. Copies will be distributed to key leaders who participated in the study group meeting and others in the community.

Holy Weeks Observances Continue

The United Methodist Church continues their Holy Week observances with a Maundy Thursday service on Thursday, April 12th, at 7:00 p.m. The videotape, "In Remembrance," will be shown. It is a vivid account of the final days of Christ' earthly ministry, centering around the story of the Last Supper and revealing the struggles of the disciples as they sought to follow and understand Jesus in those trying days of His passion.

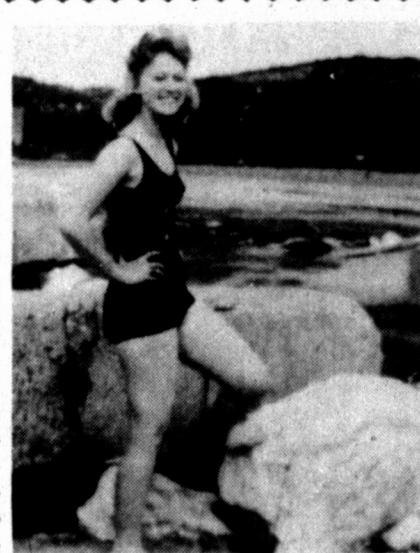

After the film, Holy Communion will be served in remembrance of His life given for us. Child care will be provided.

The Easter Sunday service will be at 11:00 a.m., April 15th, we invite you to celebrate with us the Risen Christ.

Our growing Handbell Choir, under the direction of Debbie Roberts, will be performing and Genevieve Caldwell, accompanied by Dee Williams, will be sharing special music.

We hope you can share this time with us as we worship Christ Jesus alive forevermore. Child care will be provided.

Know Someone Who Depends on Electricity For Life-Support?

Let WTU Know Who.

Electricity means more than convenience to some people—it means life itself. Their lives are maintained by special, electric-powered equipment, such as breathing and kidney machines.

West Texas Utilities wants to make sure we have a complete list of people who depend on electricity for life-support. In case of an outage or natural disaster, every effort will be made to restore their electrical power first and as quickly as possible.

If you or someone you know depends on electricity for life-support, please fill out the form below and mail it in or just call your local WTU office and give a name, address and telephone number.

Bronco Band Booster Sponsors Slave Day

The Clarendon Bronco Band has been invited to perform in an Exhibition Concert in San Antonio on May 4, 1990. Slave Days is being sponsored by the Band Boosters to help raise money for this trip. April 3rd - April 25th Band members will be seeking pledges from individuals and businesses throughout the community. They will be available for all sorts of odd jobs for example: wash cars, iron clothes, wash windows, clean house, babysit, yard work, plant flowers or any other job you might have for them. No job is too small and all pledges will be greatly appreciated. These kids have worked hard to attain this honor. Let's all pitch in and help them help themselves. You may also pledge by phone just call - Shirley at 3632, Susie at : 441 or Patsy at 3159. There will also be an Easter Bake Sale on Thursday and Friday, April 12 & 13th at B & R Thriftway from 10 a.m. until all goodies are sold! Thank s for your support in all the band's endeavors.

Public Notice

Southwestern Bell Telephone Company intends to file an application with the Texas Public Utility Commission to introduce new optional services - Call Control Options. The initial service areas will be Laredo, McAllen and Austin. Expansion into other service areas will be based on availability. Customers in other areas will be notified when these services become available.

Call Control Options include six new services - Call Blocker, Call Cue, Call Return, Priority Call, Call Trace and Selective Call Forwarding. The features will be available to single-line residence and business customers.

Call Blocker - enables the customer to block incoming calls from a maximum of three specified telephone numbers and/or to block the last incoming call.

Call Cue - enables the customer to automatically redial the last outgoing telephone number dialed. If the recalled number is busy, equipment will monitor the line for a maximum of 30 minutes and will let the customer know when the call can go through.

Call Return - enables the customer to automatically redial the telephone number of the most recent incoming call. If the number is busy, Call Return will continue to dial the number for up to 30 minutes, or until it completes the call.

Priority Call - provides the customer with a distinctive alerting signal, ring or Call Waiting Tone (if the customer has subscribed to Call Waiting), when the customer is called from a maximum of three preselected telephone numbers.

Call Trace - enables the customer to initiate a trace of the last incoming call received. The number, date and time will be recorded by Southwestern Bell Telephone so that the call's origin can be identified.

Selective Call Forwarding - enables the customer to forward incoming calls from specified telephone numbers (maximum of three) to another telephone number.

Proposed Rates (monthly)

	Residence		Business	
	Individual	Packaged	Individual	Packaged
Call Blocker	\$3.00	3.00	\$3.00	2.00
Call Return	3.00	3.00	4.00	3.50
Priority Call	2.50	1.00	3.00	2.00
Call Cue	2.00	2.00	4.00	3.50
Selective Call Forwarding	2.00	1.00	2.65	1.00
Call Trace**	1.00	1.00	1.00	1.00

Installation charges for residence customers will be \$2.70 per feature, with a maximum installation charge of \$5.40 per request per line. Installation charges for business customers will be \$5.40 per feature, with a maximum installation charge of \$10.75 per request per line.

The proposed date for Call Control Options to be offered is May 1, 1990. These services, however, will not immediately be available to all customers in all areas of the state. Customers in other areas will be notified when these services become available.

Call Control Options are projected to generate first-year annual revenues of \$1,761,000.

Persons who wish to comment on this application should notify the commission by April 20, 1990. Requests for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757, or you may call the Public Utility Commission Public Information Office at (512) 458-0223 or (512) 458-0227 or (512) 458-0221 teletypewriter for the deaf.

*Some telephone equipment may not be compatible with Priority Call Service. **In addition to the \$1.00 monthly rate, Call Trace will cost \$8.00 per use.

WIC Program Adapted

A growing number of women and children living in supervised shelters for the homeless are benefitting from nutrition services offered by the Texas Department of Health (TDH). The department's Special Supplemental Food Program for Women Infants and Children (WIC) safeguards--through sound nutrition--against health problems among low income mothers, their babies and children.

WIC services include providing nutritious foods, health assessments and nutrition counseling to eligible pregnant or breastfeeding women, new mothers, and their babies and children less than five years old.

To be eligible, applicants must undergo health screenings at WIC clinics to establish their nutritional needs. They also must meet state and federal guidelines for low income.

In addition, health officials have adapted WIC services and rules to meet the unique needs of homeless participants.

According to Debra Stabeno, Chief of TDH's Bureau of WIC Nutrition, "Our challenge in serving the homeless is greater than it is with other participants.

"We must provide homeless participants with foods that are not easily perishable. These people don't have refrigerators, freezers or other kitchen conveniences, so we try to supply a more durable food package," she explained.

The supervised shelters where homeless WIC participants stay must follow specific guidelines set by the U.S. Department of Agriculture.

Among those conditions are: *WIC foods must benefit the authorized participant, not a facility for the homeless or other institution. The facility may not gain financial or in-kind benefits from any person's participation in WIC.

*WIC foods may not be included in communal feedings.

*Shelter personnel may not make collective or bulk transactions for participants living in their facilities, although in certain situations--such as illness or disability--a proxy may represent a participant.

*No facility may place constraints or restrictions on any person because of that person's participation in WIC.

For detailed information on the WIC program in Texas, its eligibility requirements, or the guidelines for shelters for the homeless, persons are urged to contact their county WIC office or clinic, or call, toll free, 1-800-WIC-

The Lions Tale

by Gene Alderson

The Clarendon Lions Club held its regular meeting at noon on Tuesday, April 10th at the Lions Hall with 25 present. Vice President Bernabe called the meeting to order after we finished a deli-

cious bar-b-que dinner. Following the regular opening ceremony, Lontamer Henson introduced our guests. Lion Bernabe gave a bingo report. Lion Shelton, filling in for Program Chairman Smith who was ill today, introduced Drew Thornberry who is the A.S.C.S. County Executive Director for Donley County. Drew attended Clarendon schools, graduating in 1981. He received his degree in Animal Science from Texas Tech in 1985 and served with the A.S.C.S. in Lampasas just prior to returning to Donley County. After going over some of the goals and responsibilities of the A.S.C.S., he also gave us some information about agriculture in our county. Last year, we had 22,000 acres in cotton. Cotton program totaled \$1.4 million dollar while all other programs totaled \$1.6 million. During this past year, one million dollars in disaster payments have been made in Donley County. Lions Annual Broom Sale is April 24. Meeting adjourned.

Senior Citizens News

Sorry I didn't have a news article for last week due to my attending the State Joint Conference on Aging in Dallas last week. It was most beneficial to me to have access to many educational sessions and acquaint with the greater aspects of Aging Agencies. Next year this state-wide conference will be held in Amarillo with our Panhandle Area Agency on Aging hosting this important event. I'm already looking forward to it.

We had a good Birthday/Anniversary supper Tuesday night, March 27th. We sang the Happy Birthday song to: Jennie Smith, Josie Burgess, Lacy Noble, Thelma Rudder, Verdine Tipton, Ann Bunyan, Jean Baten, Della Allen, Ellie Wilkinson and Frank Stoppel. The Anniversary couple was Buddy and Alene Derr. Ellie Wilkinson baked and decorated a big birthday

cake for the honorees. Alta Adkins received the door prize and fun prizes, which were donated by Fannie Wilson, went to Jennie Smith, Newell Rice and Jean Baten. The evening concluded with some lively entertainment. Londa Crump, Sandra Shields and Trisa Downer portraying the era of Elvis Presley by singing and choreography. It was a crowd pleaser and Thanks Ladies for taking time from your busy schedules to share with us.

On Wednesday, March 30th, the Collingsworth Home Health Care Agency conducted a free Blood Sugar Clinic here at our Center. They had a very good response.

The Center's 15th Birthday was April 1st and since I was to be away at that time, we had a super big celebration on Friday, March 30th, with 93 signing the birthday card. Since this was my first party, I asked Jean Baten to help me out with a little history and introductions. The "Pioneers" who so diligently endeavored to make the Center a reality were honored and 15 of those were present to enjoy the occasion: Ruth Mills (the First Director), Mel Mills, Mabel Elmore, Fannie Wilson, Fred Russell, Della Allen, Pauline Jones, Marie Bell, Frank and Gertrude Reid, and

Tennie Smith. Ruth Mills related to the group how the folks all gathered here at Center to can and preserve foods to have on hand to help toward preparing the Meals served here. This was cause to "look around" us and see the progress that has been made and enjoyed today. We had a fun time snapping pictures of different groups and "Hats Off" to Star Pike, head cook, and Mark Lindsey, volunteer, for the beautifully made and decorated cake for our party. Thanks to all who helped decorate and blow up all those bright balloons, also. Come by and see the Big Birthday card and pictures. Thanks to all for making this another special day!

A Big Thanks to Verdine Tipton and Ann Bunyan of the Arts and Crafts group presented the Center with a "new" 55 cup coffee maker plus supply of soup spoons.

Had a good crowd for 1st Tuesday night Dance at Community building with Melvin Srygley and the Offbeats furnishing the music. Next dance will be 3rd Tuesday night, April 17th, at 8 p.m. till 11 p.m.

The Fun After Fifty Fashionettes made a trip to Amarillo last Friday night, March 30th, to put on a fashion show for the Dietary Managers Assn., conference. They were rated as number 1 in the entertainment. They also appeared at part of the evening at Silverton's Blue Grass Jamboree last Saturday evening, April 7th. Sounds like they had a good time.

Thanks to our Volunteers for the month of March: Alta Adkins, Thelma Behrens, Ann Bunyan, Marie Bell, Jean Baten, Helena Catoe, Elmo Fortenberry, Imogene Glass, Mark Lindsey, Kathy Lindsay, Marie McCracken, Starlene Pike, Dorothy Pitts, Thelma Rudder, Verdine Tipton, Eda Walin, Don Wooten, Ellie Wilkinson, Karen Wortham, Carmen Wright, Trina Judd, and Margaret Wood. Memorials: Alta Adkins, Jean Baten, Hugh and Nova Neuhaus, Thelma Behrens in memory of Cecil Munden; Leslie Salmon in memory of Addie Patton; H.L. Tipton in memory of Lorene Tipton. Facility Use: Senior Dance Club, Weight Watchers. Love: Mel and Ruth Mills and Elmo & Della Fortenberry toward the feasibility study of "Western Heritage" theme park. Carmen Wright checked 44

A Dear Friend

by Velma Lemons-Medical Center

During this past month, a very dear friend passed from this life—a friend whose memory will always linger with me as it will with many others.

Even though I knew Marie Stotts many years ago, our bond of friendship was strengthened through our years together at Medical Center.

Marie was a friend to all. It has been said of her that she was a "highlight" of the Medical Center activities, and she was not one to complain, even during times of her own discomfort.

Her constant concern for others was evident each day as she would bring ice water to the table or get a cup of coffee or a cookie for someone. Whether walking or in a wheel chair, she was always wanting to help someone else, and often, on my way to the dining room, I would hear her voice saying "Walk close behind me, Velma. I'll be here to help you if you need me."

Marie was a friend with whom confidential happenings could be shared, and it was reassuring to know that she was always willing to listen.

Marie was dearly loved and is truly missed, but the example that she demonstrated by the way she lived will continue to be a source of encouragement to many.

I am so grateful for Marie Stotts' life and that I am fortunate to have known such a loyal, caring person as she was.

Social Event Held

by Naomi Green

Neighbors and friends gathered Sunday afternoon at the home of Warren and Ruby Jewel Hardin for a "get acquainted party" for Jason Green's bride Jody Lynn Thomas. The Honoree was in the hospital and unable to attend. Many friends showered the couple with a money tree constructed by Connie Havens' able green thumb. Everybody wanted a cutting. Branches and limbs were white adorned with pink flowers with flaring green money leaves.

Refreshments of tea, coffee, sandwiches, snacks and cookies were served by hostesses Ruby Jewel Hardin, Connie Havens and Derlene Graham from a lace covered table with silver appointments and spring flower centerpiece. Jason brought some wedding pictures from the March 10th wedding at the First United Methodist Church.

The Bride's book registered guests who will have to get acquainted with Jody when she is out and around.

Naomi's News

Jim Graham from St. Louis spent the weekend with Viola and Mike Graham.

Vici and Terry Tamplin spent some time in Austin last week to speak for a benefit for a missionary group.

Loretta and Dennis Harrison enjoyed a visit from Paula and Ed Berg from Denver last week.

Patricia and Elena and Jennifer Doerrie and Charlotte Payne came through enroute to Amarillo Friday evening. Elena and Jennifer were scheduled for a debate tournament Saturday morning. Charlotte planned to visit Danny Beth and Amanda Stepp and "Hoss" Watts. Hoass celebrated his fourth birthday last week.

Billy Jack and Joe Green of Canyon had lunch Sunday in the H. A. Green home.

Holly Harrison and June Dolman visited Monday with Lloyd and Melbe Risley.

Mr. and Mrs. Matherson of Claude and Mr. and Mrs. Lacy Nobles were guests at the Lloyd Risley home Friday evening.

Melbe Risley took Lara Lofhofer to Amarillo for an eye appointment Thursday. They ran into a downpour of rain but did not bring it home with them.

Cindy and Kelly Bunyon and Karen Bennett of Dallas spent the weekend with Dortha and Steve Reynolds what time they were not at the craft shoe in Amarillo. They did rather well of their wares there. Ann Bunyon, Flossie Reynolds, and Sharon Birch joined Steve and Dortha and their house guest for visiting Saturday night.

Marie McCracken spent the weekend on Pampa with Polly Burk.

One of our long time Girl Scout workers of Pampa Cecile Flower passed away yesterday. Services are pending Thursday at First United Methodist Church.

Derline Graham and her brother Wayne Ward of Memphis made a trip to Dallas last week to visit their sister Shirley Slavin and her daughters Debra and Kelly.

Aline Brown went two weeks ago to Tulsa to help Machille with her wedding plans coming up in May. She got to see her new home. Machille's parents are still in Florida but will be moving back to Dallas.

Kay and Harold Green of Stinnett spent Sunday with Skeet and Aline Brown.

Mr. and Mrs. James Brentling and their daughter, Toni, Jondel Moffett and Mary Green attended the funeral services for Celia Fowler at Pampa Thursday.

Last week Peggy Pershall of Colorado Springs visited her parents the Haskell Talley at Memphis. The Jerry Green family joined them Sunday.

Diane and Steve Bentley's twins, Connie Lee and Megan Diane celebrated their first birthday last Tuesday. The Bob Havens family went to Oklahoma to attend the celebration.

Naomi and H.A. Green were in Canyon Saturday to see Joe and Billy Jack. Couldn't catch them at home but found them in recrea-

tional van in our drive when we got home. Those boys are going to have to learn to donate to the telephone systems.

The last time I told readers about "dawg" the creature came to an early demise, so I have been keeping the information somewhat local that we have a banta rooster who took up residence. He likes the fall out from the bird feeders and the warm water. I named him H.A. because he starts crowing about the time my husband wants breakfast. Stephanie thinks Harry is a better name for a rooster. If you want to help with a middle name beginning with A, you might be allowed to vote.

Scholarship Awarded

Ted Tom Hubbard, a senior at Silverton High School, received the 1990 scholarship award that is presented annually by the District 8 Parent Teachers Association.

Ted plans to attend West Texas State University at Canyon in the fall. Ted has participated in basketball, football, tennis and drama; has served as District President of the National of the National Honor Society and as a staff member for the yearbook. He was a delegate to the National Young Leaders Conference in Washington, D.C.

Leslie Michelle Perry of Borger High School and Marcus Che Shadle of Clarendon, were selected as alternates.

The Lions Tale

The Clarendon Lions Club met in a regular meeting on April 3, 1990 in the Lions Hall. There being 30 Lions present, the Lion Sweetheart, Mrs. Jessie Adams and 5 visitors. After a very delicious meal the Boss Lion Todd Knorpp opened the meeting in due form. He then called on Lion Tamer Redell Henson to introduce the guests, who were as follows: Past District Governor from Borger, Texas, a guest of the Club; David Smith, Clarendon a guest of Lion Donald Smith; Roger Estlack, Clarendon a guest of Lion Allen Estlack; W.B. Knorpp, Clarendon a guest of Boss Lion Todd Knorpp; and Ted Longine McLean, a guest of Lion Terry Tamplin. Boss Lion Todd Knorpp called on the program chairman, Lion Donald Smith, whose son David filled in his absence and introduced Lislie Schnauffer, Chairperson of Fine Arts at Clarendon College, Tracy Miller and Angela Childers both students of Clarendon, who rendered a part from the play to be

presented at the Fine Arts Building at the College on Saturday, Sunday, Monday, and Tuesday. The name of the play is Bathroom Humor.

Past District Governor from Borger gave a brief talk, which was enjoyed very much and ask the Lions to vote for him as Chairman of Council of Governors.

There being no further business the Boss Lion announced Bingo for Saturday night and the meeting was adjourned.

MINUTES MARCH 27, 1990

Hedley News

This week's column is a little short because Hedley Schools are on spring break, and we who have anything to do with the school are scattered to the four winds. We'll try to catch up in next week's issue.

A mission team from First Baptist Church left in the wee hours Friday morning for Clay City, Indiana, where they will assist Faith Southern Baptist Church of that city with their revival effort. The group, consisting of Pastor Rob Lackey, Mrs. Floy Barrow, and Mr. Laquita Cox, stopped in Shamrock to pick up several members of First Baptist Church, Higgins, before continuing their trip. The team will return to Hedley on Friday of this week. Rev. John Denton from Pampa preached at First Baptist Church in the pastor's absence.

Pastor Rob Lackey's father is at home and doing well following his treatment last weekend for an apparent heart attack.

Martha Hill underwent surgery at High Plains Baptist Hospital in Amarillo on Thursday the fifth. She was reported doing well, and was expected to be released on Friday the sixth. Best wishes to Martha for her continued recovery and health.

Paula Carson's father, Loyd Langley, has been quite ill in High Plains Baptist Hospital in Amarillo.

Jimmie N. Brock, 56, of Amarillo, died Tuesday, April 3. Services were held in Amarillo on Wednesday. Mr. Brock married Carolyn Morris, daughter of Carl and Pauline Morris, in Hedley in 1955. Among the survivors are his wife and two daughters, Jill Swann and Jeanna Brock, all of Amarillo. He had worked 32 years at Pantex.

The Owls opened their 1990 high school baseball season on Tuesday, April 3, hosting Lefors. A ten-run rally in the fourth inning boosted the Owls to a 15-9 lead. The game was called in the top half of the sixth inning due to rain. The final score was 16-12. The Owls were proud of the victory and especially proud to beat the defending district cham-

pions. The Hedley team plays again April 24 at Kelton, the other district foe.

Wanda Clay, Site Manager of Hedley Senior Citizens' Center, attended a nutrition seminar in Dallas, April 2-4.

Kathy Turner and her children, Angela, T. J., and James, left Sunday morning for a week's vacation to Grand Canyon and other points in Arizona and New Mexico.

Bake Sale To Be Held

The United Methodist Church of Hedley will hold a Bake Sale at B & R Thriftway on Saturday, April 14 beginning at 10:00 a.m. Come and buy your Easter goodies. Anyone wishing to buy a specific item may do so by calling Mrs. Nora Hopper in Hedley at 856-5360 or Mrs. Inez Bland in Hedley at 856-5271 before Thursday, April 12. These ladies will contact someone in the church to bake your special order.

Hedley CISD Holds Election

Four members for the Hedley Independent Consolidated School District will be elected on May 5, 1990. The election will be held in the Lion's Den from 7 a.m. to 7 p.m. The Lion's Den is on Main Street in Hedley, Texas.

The candidates profiles are as follows:

Nancy Stephens is a current board member running for reelection. She is a beautician at Addie Lou's Terrace Beauty Salon in Memphis, Texas.

Carol Ward is a current board member running for reelection. She is a registered nurse and teaches nursing at Clarendon Junior College.

Roy C. Brown is a first time candidate. "Chubby" Brown is a local service station manager, managing Brown's Shamrock in Hedley.

Shirley J. Slover is a first time candidate. Shirley owns and operates Shirley's Steak House just west of Hedley on Hwy. 287.

Robert H. White is running for the board again after having served at another time. "Bob" White is the West Texas Gin Manager.

Ben Carson is a current board member running for reelection. Ben is the owner and veterinarian of Quail Veterinarian Clinic at Quail, Texas.

These six people have expressed enough interest and concern for the Hedley CISD that they have entered their names for the four positions up for election. The terms for these openings are: (1) two year unexpired term and (3) three year terms.

LaJean Taylor has been appointed election judge. Absentee voting may be done by going by the Superintendent's Office at Hedley CISD. April 16th to May 1st absentee voting may be done in person at the school office. With valid reason absentee voting by mail may be done from March 21st to April 27th. The hours for doing absentee voting will be 8 a.m. to 4 p.m. The absentee voting clerk's address will be P.O. Box 69, Hedley, Texas 79237.

Hedley Eastern Star Met

by Peggy Watt

On Monday, April 2, 1990, the Hedley Eastern Star Chapter met for its monthly meeting in the Hedley Lodge Hall. Mrs. Gail Johnson, Worthy Matron presided. Following the Ritualistic Opening, among the business transacted was the decision to donate most of the proceeds from the Stew and Cornbread supper to the Special Building Fund of the Masons and Eastern Star. The Worthy Patron, S.J. Johnson, Sr. reported that the material was at the Memphis Lumber Company and construction on the new roof would begin Tuesday morning. The labor will be donated by members of the Lodge and Chapter.

A report was given on the Recent Eastern Star School which was held in Clarendon. Seven members of the Chapter attended and four members received their Certificates of Proficiency. Officers for the year 1990-91 were elected. Those chosen to serve for the ensuing year were Peggy Watt-Worthy Matron, Fred Watt-Worthy Patron, Oteka Osborne-Associate Matron, S.J. Johnson, Sr.-Associate Patron, Nancy Mullins-Secretary, Gail Johnson-Treasurer, Anna Margaret Moss-Conductress, and Jausetta Martin-Associate Conductress.

Following the Ritualistic Closing, refreshments were enjoyed by Gail Johnson, S.J. Johnson, Oteka Osborne, Fred Watt, Nancy Mullins, Peggy Watt, Wilma Leslie, Lola Brown, Anna Margaret Moss, Ruth McKay, Dorothy Brinson, and Nell Land.

Good News, Laodicea!
by Jon Leggett

"And to the angel of the Church in Laodicea, write..."

We cringe when we hear these words from the pulpit, because we know what's coming. Laodicea was lukewarm, backslidden, the only one of the seven churches in Revelation about which the Lord found nothing He could commend. Many comparisons are made between Laodicea and modern churches, and we know all too well that many of those comparisons are justified.

"I know that you are neither cold nor hot," the Lord says in Revelation 3:15. "Would that you were cold or hot!"

In a day when churches struggle with the question of ordaining gays to the ministry, often cannot speak out with unity against abortion, and call missionaries home while wasting tithes and offerings on far-left social and political programs, is it any wonder that we are often likened to a church unable to stand for anything?

"You say, I am rich and I have acquired riches, and I need nothing, and are quite unaware that it is you who are the wretched and the pitiable one, the poor and the blind and the naked one..." (Revelation 3:17).

This was a church in a city known for its financial prowess. Evidently the church shared part of the city's wealth. The city was famous for its treatment of eye disease; its eyesalve was probably the best available. Laodicea also produced some of the finest, most expensive fabrics on earth. How ironic that Christ must say to that church, "You are poor, blind, naked."

Are we, like Laodicea, depending upon our wealth and power, and saying to the Lord, "I need nothing"?

But, as true as it is that our Lord has nothing good to say ABOUT Laodicea, it is most blessedly NOT true that He has nothing good to say TO the church.

"Behold, I am standing at the door and knocking" (3:20). Christ sought the Laodiceans, and he seeks us today.

"If anyone hears my voice and opens the door, I will come in and will have my meal with him, and he with me." Mighty King Jesus wanted fellowship with the careless, worldly Laodiceans, and He wants a long, long stay with us.

"I will give to him that overcomes to sit with me in my throne..." (verse

Arthritis Relief

Arthritis is a general term which describes "joint inflammation." Arthritis can affect the hips, knees, wrists, spine, ankles, toes, and fingers. The most common types of arthritis include osteoarthritis, rheumatoid arthritis, and gouty arthritis. Effective management of arthritis symptoms involves relieving joint pain and stiffness, arresting joint deterioration, and maintaining joint mobility. These objectives can often be accomplished with:

Medicines: Aspirin is the medicine most commonly used to treat arthritis. Prescription-only antiinflammatory medicines for arthritis include naproxen, tolmetin, sulindac, and fenoprofen. Other prescription arthritis medicines include certain steroids, gold salts, hydroxychloroquine, and penicillamine.

Physical therapy: Appropriate movement of affected joints is needed to prevent joints from becoming stiff. Good posture and proper diet may help relieve stress on certain joints.

Surgery: If medicines and physical therapy do not control arthritis pain or if joints become severely damaged, surgery (e.g., hip or knee joint replacement) may be necessary.

Increasing Quail

A small quail sure can produce man size excitement. A flushed covey can bring more excitement than one person can handle at one time.

How do I increase quail on my place? This question is most asked by landowners who really enjoy that man size excitement. Now is a good time of year to make plans to increase quail numbers for the new year. If 20 to 30 percent of last years quail make it through the winter we are well on our way to a quail crop for the coming year. This carry over will provide the needed breeding stock for the next quail crop.

Ensuring a year around supply of food is one of the first considerations. If mother nature does not cooperate with moisture at the right time we may not be able to do much to increase food supplies. But if she does cooperate there are several things a landowner can do to increase year around supply of food.

One of the simplest and cheapest methods to increase food production is soil disturbance. This can be done by disking. This disking should be done in strips. These strips should be close to good cover. The disking should be completed before spring greenup. This disking can promote growth of many native food plants. Some of the most important are ragweed, sunflower and doveweed.

Another method used to increase food production is food plots. These can be planted using

annuals, perennials or a combination of both. These should also be placed close to good cover. These plantings must be treated like a crop. A good clean firm seedbed is a must. These plantings should be done timely, using proper seeding rates and if needed fertilizer and weed control. Some of the best plants to use are sorghum, millet, sunflower, partridge pea, Illinois Bundleflower, yellow clover, switchgrass, kleingrass and bristlegass.

Planting woody species can sure fill a dual role. They provide food but also can provide good overhead cover. This type cover is used by quail for escaping predators and also as loafing areas. Some of the better woody species are native plum, skunkbush sumac, russion olive, sandcherry, lilac and honeysuckle. These can be planted in motts or multiple row plantings. Much care is needed to ensure a success when it comes to wood species planting. They must be planted properly, watered properly and have good weed control. Also protection from livestock and rodent damage is a must.

Increasing quail numbers can be a big challenge for landowners. It cannot be done overnight but with proper planning and caring out that plan it can bring excellent rewards.

The Soil Conservation Service, working through the Donley County Soil and Water Conservation District can help develop a plan for managing quail habitat. Please call or come by the office located at 4th and Sully for assistance.

Tomatoes Are Big In Local Gardens

If you are still weary of those exorbitant tomato prices since the winter freeze, you may consider growing your own tomatoes.

Growing tomatoes in the backyard can be a fascinating and rewarding adventure, but it can be frustrating, too. A sickly tomato plant that produces few if any fruit certainly doesn't help anyone's gardening spirit. Whether you're growing tomatoes for the first time or as an old pro, you may profit from some useful advice on avoiding some common pitfalls. The tips come from Dr. Sam Cotner, Extension horticulturist with the Texas Agricultural Extension Service.

First, don't grow tomatoes unless they can receive sunlight for at least six hours a day. Tomato plants placed between tall shrubs, under trees or between buildings simply will not produce a good tomato crop.

Second, good soil is essential for good growth and high yields. Often, poor soil can be improved with liberal amounts of organic matter and by proper fertilization. A dark, heavy clay or even a fine sand can be improved by working 3 to 4 inches of organic matter into the soil where the tomatoes are to be planted.

To raise a few tomato plants, prepare a space at least 2 feet square for each plant. The soil should be worked to a depth of at least 12 inches. Liberal amounts of organic matter and a small amount of fertilizer, such as 10-20-10 or 12-24-12 should be mixed into the soil.

The key to growing tomatoes successfully is choosing the right variety of tomatoes. Select varieties that resist many of the common diseases. A few varieties most suited for Texas include: President, Whirlaway, Celebrity, Big Set, Sunny, Carni val, or the small fruited Small Fry or Cherry Grande.

Transplants should be planted somewhat deeper than they were originally growing. Plants growing in peat pots or peat blocks should not be removed, but rather the entire container should be planted. Sometimes it is helpful to break the bottom of the pots, but avoid damaging any of the roots.

When setting tomato plants in the garden, use a starter solution to assure adequate fertility during the early stages of growth. Starter solutions can be purchased at local garden centers, or can be made by mixing one to two level tablespoons of a complete garden fertilizer in a gallon of water. About one cup of the starter solution should be applied in the plant hole prior to planting.

For best results, transplants should be set in the garden on cloudy days or late in the afternoon. The plants should be protected from adverse conditions such as high winds or excessive heat for a week or so after transplanting.

Almost all tomato varieties should be staked, trellised or caged for best results. Any method is good if it keeps the fruit off the ground. Tomatoes that are allowed to contact the soil often develop fruit rot.

An Open Letter to the People of Donley County

The Chamber of Commerce is working hard on ways to serve the community. Please let us know how we can help you as an individual. The Chamber is supported by dues from the membership, but we want to be of service to non-members in the hope that it will ultimately benefit all of us. We want to help the economy of the area and of the region.

Some problems that the area faces are global problems as well. Sara SoRelle recently reminded me that people are cutting down forests worldwide, worsening the effects of the greenhouse effect. The greenhouse effect is a global problem that is too complicated for me to understand completely, but the results will hurt Clarendon, Donley County and surrounding areas. **The greenhouse effect will make the county hotter and drier. That hurts us here.**

One way to reduce the impact of the greenhouse effect is to plant trees. Now telling folks here in the Panhandle to plant trees is a little bit like telling a teenager to listen to music. I have never met anyone in Donley County who didn't like trees.

Texans need to plant 17 million trees before the year 2000. If Donley County is to do its part, we need to plant some 66,929 trees in the next 10 years. That is 6,693 trees per year.

What about working together on this as a fund raising project for the Chamber. Could we help area residents beautify their property, help the Chamber make ends meet and benefit both local and global environments at the same time?

On a different topic: as most of you know, the Chamber is working to capitalize on the tourist potential of the area. Since we "never done it before" it takes some time. We are researching and brainstorming and working, but we are starting to see results.

Highway signs help, but there are a limited number available, and no new ones can be erected due to something called "the Lady Bird Law". We will try to help new, tourist-oriented business to use existing signs.

We still need to do a better job of reaching those 10,200 vehicles per day that pass under the Kearney street traffic light. In part we can do this by beautifying the area--planting flowers and trees, cleaning up unsightly areas. We can even fly flags. But we still need to get a message to those tourist vehicles. If you have any ideas that will help, please call 874-2431.

Thanks,

San Thompson

P.S. Don't forget to plant a tree on Earth Day, April 27th. Or sometime around then. What the heck! Start a business and plant 66,000 of them!

DOORPOSTS - Cont'd

21). Commentators tell us that the throne referred to here might better be described by the word "couch." The idea is again, closeness and fellowship with Jesus. Draw me nearer, blessed Lord!

Jesus was not happy with the Laodicean church; it was hardly a model for future churches to emulate. But the Lord's deepest feeling toward them is found in verse 19: "I love you," He says in effect. "I rebuke and discipline all those whom I love. Be eager, therefore, and repent."

"My son, despise not the chastening of the Lord; neither be weary of his correction: for whom the Lord loveth he correcteth..." (Proverbs 3:12-13).

Thank you, Lord, for Your patience with Laodicea, and for Your patience with us. Help us to hear and heed your warnings, and be drawn back by Your eternal love. In Jesus' name. Amen.

Fish Pond Field Day

A Fish Pond Management Field Day will be held Thursday, April 19, at 2:00 p.m., on the Alanreed West Ranch.

The field day program will feature Dr. James Davis, Extension Fisher Specialist with the Texas Agriculture Extension Service from College Station. Jim has presented very informal programs in the area before and this program will be equally as interesting and beneficial.

This field day is jointly sponsored by the Texas Agricultural Extension Service Agricultural Committees in Donley and Gray Counties. The local Soil and Water Conservation Districts will also be on hand to explain their fish stocking program and can take orders for fish at that time.

The site of this pond field day can be reached by getting on FM 2477, which goes to Lake McClellan. The ranch entrance is located about one-fourth mile south of the Lake McClellan Dam and signs will direct you from that point.
