## NEGRO IS GIVEN DEATH PENALTY ON CHARGE OF CRIMINAL ASSAULT

Nine days after his alleged brutal attack upon a Clarendon white woman, Morris Norman, 20-year-old Chicago negro was on his way to death in the electric chair at the Texas State prison in Huntsville.

Sentenced in one of the speediest trials ever to be recorded here, Norman accepted the death penalty after waiving his right to appeal.

District Judge A. S. Moss set the execution date for December 16. The trial of the negro youth opened promptly at 9 o'clock Tuesday morning. A jury of 12 men was selected in one hour from the first 26 veniremen questioned. Total time elapsed for the trial was 4 1/2 hours.

Following the sentence, sheriff Guy Pierce and Texas Rangers Neal Author and Pat Taliferro left immediately with the prisoner for Huntsville.

Charges of criminal assault against a white woman, Miss Cora Farris, 45, were filed Monday morning, October 31, after Norman had signed a written confession that he had attacked her after knocking her sister, Mrs. T. Jones, unconscious as they passed the tree clustered dump ground on highway 18 at the north edge of Clarendon Sunday night.

The victim of the attack took the stand Tuesday morning as the main state's witness. In the oppressive stillness of the crowded courtroom, she haltingly told of the terrors of the dark thicket that Sunday night.

Gently prompted by the trial judge, she continued brokenly, revealing the abuses she suffered in the trash littered dump ground.

Women spectators, sprinkled throughout the crowd, wept audibly at conclusion of the testimony, while grim faced men sat tensely on the edge of their seats.

But there were no demonstrations of violence. Among the spectators and at all entrances and exits of the courtroom were Texas rangers, county deputy sheriffs, city officers and highway patrolmen.

They continued their vigil over the safety of the negro defendant, who since his capture had been in the Potter County jail in Amarillo. County attorney R. Y. King was the only other state witness. He was called to testify to the validity of Norman's written confession after the attack.

## NEGROES KILLED IN AUTO CRASH

### Collide With Clarendon Man's Truck Saturday Night On Highway 5

Two negroes were instantly killed and a third critically injured when their auto rammmed a truck three miles west of Chillicothe.

The negroes' car collided with a truck driven by Don Matheson of Clarendon, who was uninjured. The auto was completely demolished, the body having been ripped from the chassis.

The wreckage was so great that it took five men to extricate one of the bodies, Robert Knowles, ambulance driver said.

Following an investigation, Sheriff Malon C. Owen said that the negroes were apparently driving on the wrong side of the road. Matheson said that he swerved his truck to the left in an attempt to miss the car. Grazing the front fender of the truck, the negroes' vehicle plowed into the mid-section of the cab, pulling the truck frame apart.

### ARMISTICE DAY

Armistice Day should and must mean a day of re-dedication to America, our country, of honor for those who died in the service of our country. God grant that America may never need to fight another war; and let our prayers on Armistice Day be in humble tribute to those who died over there, our American boys whose lives were snuffed out in an European slaughter pen. If their sacrifice is to be worth what it cost, America must dedicate itself to the proposition that no more American lives shall be placed on Mars' altar except in defense of America.

To the members of the local Post of the American Legion, we congratulate you upon that fine spirit of patriotic community service that has characterized your actions in so many ways here in Clarendon.

He took a part in the first and "fiercest" football game of the Panhandle, that between OC and Goodnight, and played half back when Polytechnic waltzed his squad across the gridiron to the tune of 28 to 0 defeat.

## CLARENDON COLLEGE HOME COMING "EXES" TO ARRIVE TOMORROW

### ACTION OF JURY MEETS APPROVAL

#### Public Confidence Never Wavered In Keeping Down Mob Action

No mob action was talked because the public had an abiding faith in the kind of men who would sit on the jury. That faith has been further strengthened. Donley county's reputation continues to be that of a place of high grade law-abiding citizenship.

With the exception of P. L. Dishman, auto salesman of Hedley, the negro was tried before a jury of farmers, the majority of them being under 45 years of age. Clarendon men were Nollie Simmons, R. C. Bingham, W. R. Morgan, John Naylor. Hedley men were J. W. Bland, Roy Jewell; E. W. Kennedy, Lelia Lake; Henry Merrick, Frank Howlett and R. E. Clark of Groom; C. L. Goin, McKnight.

The jury deliberated forty-five minutes, returning the death penalty. The charge of rape was substantiated by the evidence of the victim, and corroborated by the negro's confession made at the time of arrest.

The action of the jury is a tribute to the memory of the late T. Jones, his widow being one of the victims of the attack. Mr. Jones was a staunch supporter of the sanctity of the home and the protection of womanhood during his entire active life. No citizens in Donley county stand higher in the estimation of the public than the victims of this attack.

### Arkansaw Traveler Coming To Pastime Two Days

Easily judged as the outstanding picture of the season is Bob Burns' Arkansaw Traveler. There will be times when you can cry if you are sympathetic. City slickers come in and mess things up for the time being, but old Bob finally comes out with flying colors. There is love, hate, thrills a plenty and you will never regret seeing this picture.

The action of the jury is a tribute to the memory of the late T. Jones, his widow being one of the victims of the attack. Mr. Jones was a staunch supporter of the sanctity of the home and the protection of womanhood during his entire active life. No citizens in Donley county stand higher in the estimation of the public than the victims of this attack.

### Coldest Weather of Season Hits Donley Co. Sunday

Sage of Van Buren Plays Hobo Printer

A devil-may-care wandering printer who unexpectedly takes over the editorship of a country newspaper to help a lady in distress is the central figure in the new Bob Burns picture, "The Arkansas Traveler," which Paramount will present at the next Saturday night Prevue, Sunday and Monday at the Pastime Theatre.

The itinerant printer, one of the most colorful figures to come to the screen in many seasons, is played, of course, by the sage of Van Buren, who now has his most serious role to date. He is supported by such noted players as Fay Bainter, John Beal, Jean Parker, Lyle Talbot, Dickie Moore, Porter Hall and that other top-notch American humorist, Irvin S. Cobb. The picture was directed by Alfred Santell, who delighted audiences this year with his "Cocoanut Grove" and "Having Wonderful Time."

"The Arkansas Traveler" marks the appearance of a new Bob Burns—minus the bazooka, musical comedy wisecracks and cavortings which typed his early screen career. His new role—that of a lovable vagabond, homespun philosopher and crusading editor—most closely approaches the one he played last season in "Wells Fargo."

Burns' rollicking experiences as local sage and civic reformer reveal a colorful picture of small town America. After taking over the editorship of the paper to save its owner, Miss Bainter, from being ruined by crooked politicians, he wages a roaring war against the "big interests" with the help of the mayor's scrapegrace son, Beal. When the desperate politicians seize his presses to save their necks, Burns caps a whirlwind political campaign by enlisting his "fellow-hoboes" to help him erect a radio station overnight!

Miss Bainter, one of the first ladies of the stage and screen, comes to "The Arkansas Traveler" fresh from her triumphs in "Jezebel" and "White Baners." Teamed with Burns for the first time, she will be seen as the widowed newspaper owner whose difficulties are solved when she places her affairs in the hands of "the Traveler."

Traffic Deaths Total 126 During September

AUSTIN, Oct. 26.—With the September traffic death toll up to 126, state patrol statisticians pointed to several causes of most of the traffic tragedies.

Of the 1,173 collisions reported last month, 146 occurred because drivers did not observe right-of-way regulations which permits vehicles approaching intersections from the right to pass first, provided intersections are not locally controlled.

The drinking driver was held responsible for 129 accidents while 122 others were caused by vehicles traveling too close to centers of highways and streets. Seventy-seven were brought about by fast driving and 50 because of improper passing of other vehicles.

**TEMPLE OF TRUTH**  
By the Apostle

That cool weather Sunday was a reminder of the cool prep shaves at Bob McGowan's barber shop in August. The weather may change, but Bob's shaves go right on cooling and soothing.

It has been said that the most valuable asset anyone, individual, business house or anything else can have, is the good will of others. It is something as fragile and beautiful as an orchid; as precious as a black diamond and as hard to find; as powerful as the giant turbines of Boulder Dam, and as hard to build; as wonderful as youth and as hard to keep. Fortunate indeed is the man or woman who enjoys the good will of everyone.

Loan sharks are said to be leaving Dallas in droves headed for Austin where they can knock down 1200%. A loan shark in Dallas has a heck of a time dragging 15% out of a victim. The Better Busi-

A lady made a remark a few days ago that I feel should be passed on to others who might profit from her experience. This lady said "she simply could not ride in a closed car any more without having a severe headache." A man working on a greasing rack discovered that the most of the exhaust (carbon monoxide) was seeping from the motor right up into the car because of a leaky exhaust pipe. A mechanic put on a new pipe and now the lady suffers no ill effects. Death has often resulted from just this kind of oversight or neglect. The closed car season is near at hand. For the safety of your little ones, and yourself, have your exhaust looked after right now.

An inquisitive school teacher wants to know how they happened to have a log schoolhouse in the Panhandle 40 years ago. It must have been because the sawmills were not installed until five years later. Sawmills! Yep, we had 'em close to the Canadian. Every live stream in the Panhandle was heavily timbered.

## PIGSKINS PARAGRAPHS

By DICK COOKE

There were no ties in the football guessing contest last week.

Groom upset the appiecart by winning over Clarendon and most of the contestants were spilled by the roadside.

Anyway here the the winners—but they all missed the total points very much.

Mrs. G. W. stlack was the first prize winner and to her goes the Bryan Clothing company award for picking them all right and having a total of 140.

The Douglas and Goldston drug company prize goes to Harry McCracken with a total of 142, while Mrs. Clara Gillham takes the Shaver & Whitlock prize with a total of 147.

The actual total for the games was 113 points.

For this Friday's guessing which is also the final go-round, you must pick Shamrock vs. Wellington; Clarendon vs. Vega; White Deer vs. Panhandle; Wheeler vs. McLean; Pampa vs. Lubbock; Amarillo vs. Plainview.

And that should be a tough finisher.

Just a word in passing: Clarendon will win over Vega but it will be a tough battle.

V. Alewine of Hedley was here on business Monday.

J. B. Masterson, merchant prince of Hedley, was in town Monday.

## ROCKETS CLINCH SOUTH 3-B TITLE

The Wellington Skyrockets officially clinched the south half of district 3-B title Friday night by taking the Memphis Cyclones 20-0 in the final conference tilt of the loop. The loss left the Memphis club in a tie for second place with Clarendon.

In the north section, McLean boxed Lefors 39-7 in the only conference game and has only to dispose of Wheeler next Friday, to win the right to meet Wellington in the championship game.

Should the Wheeler eleven manage an upset, McLean would be tied with the Shamrock Irish whose only conference blemish was handed them by McLean two weeks ago.

The final conference standing for the south half:

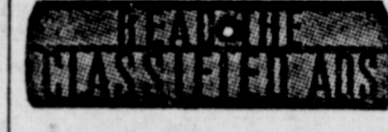

Team	W	L	T	Pct.
Wellington	3	0	0	1000
Clarendon	1	1	1	500
Memphis	1	1	1	500
Lakeview	0	3	0	000

North half (one game remaining):

Team	W	L	T	Pct.
McLean	3	0	0	1000
Shamrock	3	1	0	750
Wheeler	1	1	1	500

Mobeetie	0	3	1	125

W. T. Hill and family of Lefors, and Mrs. O. C. Hill, Sr. of Clarendon visited relatives in Newlin Sunday.

Mr. and Mrs. Gordon of Dallas spent the week end here with her sister, Mr. and Mrs. Simmons Powell.

## THE WAY TO GOD

Lord Christ, the bird his nest has found,  
The fox is sheltered in his ground,  
But dost Thou still this dark earth tread  
And have no place to lay Thy head?  
Shepherd of mortals, here behold  
A little flock, a wayside fold  
That wait Thy presence to be blest  
O Man of Nazareth, be our guest!  
—Daniel Henderson

YOUR home, furnishings, automobile and other possessions are valuable. They should be insured: not only against fire but every hazard that threatens. But think before you choose the type of insurance. There is a difference.

Consider this: 4 out of 5 property owners choose Capital Stock Company Fire Insurance because it provides definite protection at a known cost: because it is backed by financial surplus and capital stock as well as legal reserves: because it maintains local Agents for quick, courteous service when you're in trouble.

That's the kind of insurance YOU want! That's the kind of insurance WE supply.

## LUCKLESS BRONCS DROP GRID TILT TO GROOM AS HUFFMAN IS INJURED

Misfortune fell heavily upon the hapless Clarendon Bronchos in the first quarter of their game here Friday night with the Groom Tigers as Captain Colie Huffman sustained a concussion of the brain.

What might otherwise have been victory was turned into defeat for the Bronchos as the Groom team won 20 to 7.

The Bronchos were plagued by injuries throughout the contest with their backfield stars, Grady and Allison being forced out with injuries.

The ax of penalties also, time and again, put the Ponies in the hole and at one time set-up a Groom tally when the infraction left the ball on the Clarendon 10-yard line.

Early in the first quarter the Clarendon eleven made the most of a break when they recovered a Tiger fumble on the 12-yard line. Allison on the next play, bruised his way across the goal line.

In the same quarter, Groom managed to get an offensive drive underway which carried over the double lines from their own 20. Lack made the counter but the pass for extra point was no good.

In the second period, Lack again scored from the 19-yard line after Clarendon's drive had been halted on the Groom 15-yard line and the Tigers worked the ball down the field.

Following a scoreless third quarter, Lack marked up the final touchdown in the fourth from the 1-yard line. Lack also converted through the line for the extra point.

The line-up:  
Clarendon: Spier, Green, ends; Lumpkin, Huffman, tackles; McWhorter, Hartzog, guards; Lane, center; Longan, Grady, halfbacks; Melton, quarterback; Allison, fullback.

Groom: Crowell, Hoyt, ends; James, Kuehler, tackles; Collins, Wood, guards; Whately, center; Kuehler, Black, halfbacks; Babcock, quarterback; Lack, fullback. Clarendon substitutes: Reeves, Johnson, Blackman, Latson, Morrow.

Mr. and Mrs. Barcus Antrobous were in Amarillo Wednesday.

Mr. and Mrs. Fred Chamberlain were Amarillo visitors Monday.

# WINTER - - Clothing Time

The present cold snap is a warning that winter clothing will soon be necessary. Get out that clothing NOW and have it thoroughly cleaned. During the hot months, clothing stored away becomes musty and dusty.

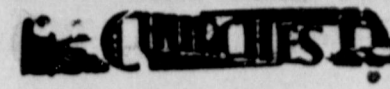

Cleaning gives back that odor of freshness and newness. The nap is restored. Any germs lurking in the fabric alone make cleaning necessary.

 E. D. Landreth, pastor  
 \* \* \* \* \*

Next Sunday will close this conference year, and possibly our labors in this community. The four years that we have had the privilege of living in Clarendon have been among the happiest years that we have ever spent. We would like to see all of our friends at the services Sunday. The pastor will preach Sunday morning, and an invitation will be given to parents to bring their babies for baptism. An invitation will also be extended for people to unite with the Church. The pastor and Mrs. Landreth will sing a duet.

Sunday evening, beginning at seven o'clock the pastor will lead the congregation in the beautiful communion service. It seems fitting that we should close the year with the communion service. We invite all who will, regardless of church affiliation to join us in this sacred service.

Your presence, or your absence, on this last day will speak eloquently to the pastor.

Mr. and Mrs. Jim Shaw of Hedley were in town Tuesday.

Miss Callie Walters spent over Sunday in Amarillo visiting friends and relatives and attending the Marine Band concert.

# ARMISTICE DAY

THE FIRST ARMISTICE DAY TO BE OBSERVED AS A NATIONAL LEGAL HOLIDAY

TWENTY YEARS OF PEACE for America --- may we have many more twenty-year periods of Peace. There is no tribute that can recompense our lost ones for what they have contributed. But we can manifest to them today that they are not forgotten. They died for Peace not War. We must keep the faith. We must dedicate to them our everlasting thought and energy to insure for their posterity the goal they sought and the sacrifice they made TWENTY years ago.

**Donley Land Owners Favor Soil Conservation**

County Agent, H. M. Breedlove said this morning that according to all requests that have been made by farmers for terracing and contour lines to be run on their farms as soon as crops will be removed from the fields, this promises to be one of the biggest years in a good many years for terracing and contouring. According to requests now on file in the county agent's office terracing and contouring lines run on farm land in 1938 should total approximately 20,000 acres. This goes to prove that farmers are thoroughly convinced that terracing and contouring and strip cropping pays big dividends.

**AIDS COUNTY MUSEUM**

The first to buy membership in the Donley County Museum from outside Clarendon was the voluntary subscription of A. W. Gerner of Lelia Lake. Mr. Gerner is a constant reader of the better class of literature, and is considered among the best informed men of the county. As a patron of the Donley County Museum, he endorses the civic asset that means much to school children as well as their elders.

Burch Cooke of Los Angeles visited his brother, Alex in Clarendon this week.

**Presenting Clarendon Junior College**

By Dortha Watson

Education is commonly measured by the number of years of school one has had. One whose school training has been abbreviated is often said to be uneducated. This is not so. This popular conception of education as something confined to schools and school rooms, the acquiring of book facts, formal drill, and discipline is altogether too narrow.

Education is not a new process, but it is receiving new interpretation. It is in reality a process as old as the race itself. Whatever influences one in such a way to determine his future conduct is a means of education. Education may thus be good or bad; may elevate or debase. The school, though conventionally regarded as the only institution of education, is of comparatively recent development but it is not the most fundamental means of education. Reflection shows us that there are multitudes of influences which help to determine the character of every individual. Let us not a few of these factors.

First consideration may properly be given to the home. Honesty, veracity, politeness, good manners, clean living and temperance, are most easily inculcated in the home.

Institutional influence also plays a great part. Various societies, clubs, lodges, and guilds encourage social instinct and give intellectual and moral uplift. The daily newspaper, the magazine, the telephone, etc., all furnish incentives and knowledge for learning.

The function of play as an educative factor is only just beginning to be realized. It is necessary that a child has relaxation and invigoration. Play not only retraces ancestral experiences, but anticipates future adult experiences.

The school should be, and is coming to be the institution which co-ordinates all the best educational processes of life and adds its own special forms. The school is the standard-bearer of the highest ideals of the present and of the past.

The second year course of education in the Clarendon Jr. College is called, "Curriculum Development", in which students discuss the above mentioned topics. The main objective of "Curriculum Development" is to improve a school system. It is required for those students desiring to teach, but it is very interesting and helpful to any person.

**SPEEDS MOVING TO BOWIE**

Due to the fact that he has accepted employment to supervise the concrete work on the beacon light foundations, Mr. Speed will move to Bowie within the next few days to be nearer the job. He and Mrs. Speed will be back in Clarendon not later than spring. Mr. Speed said Wednesday.

**Donley County Land Owners Sign For Game Preserves**

Donley county farmers and ranchers have responded greatly to the "preservation of wild life" movement as the result of the recent county wide meetings held by county agent H. M. Breedlove.

Those who have already signed for game preserves are as follows: A. W. Gerner, H. M. Griffith, T. H. Peebles, B. J. Lovelace, J. E. Todd, M. H. Maxwell, Mark Allen, C. E. Bairfield, J. R. Chamberlain, W. L. Mosley, D. L. Wood, Jim Peggram, W. C. Bridges, C. H. Holland, D. E. Leathers, D. B. Koen, C. C. Carter, Joe McMurtry, Nolle Simmons, W. W. Buck, W. A. Bailey, A. O. Hefner, J. B. Pickett, C. A. Crow, H. W. Lovell, B. B. Smith, Carl Naylor, W. B. Boney, E. E. Hickerson, Watt Hardin, W. A. Poovey, Forrest Sawyer, Sam Tomlinson, Carroll Lewis, Will Kennedy, Wib Fowler, W. J. Lewis, Van Eaton Estate, W. C. Holland, W. M. Pickering, S. S. Carpenter, W. D. Higgins, John Goldston, V. Littlefield.

**Japs Bomb Texans as Baptist Mission Is Bombarded**

DALLAS, Nov. 2.—Texas Baptists meeting in their annual sessions here Nov. 8-11 will hear reports from their war-ravaged mission fields throughout the world particularly in the Orient.

The important report on foreign missions, in which the state's 660,000 members of the denomination are keenly interested, will be brought to the convention at an afternoon session Nov. 10. Baptist headquarters here recently received the news of the bombing of the stout memorial hospital at Wuxhow, Kwangal, South China.

The Wuchow hospital is the largest maintained overseas by Southern Baptists, with whom the Baptist general convention of Texas is affiliated. Among Texans there were Dr. and Mrs. R. E. Beddoe of Dallas and Rev. and Mrs. Rex Ray of Whitewright. The institution has been doing double duty as a base hospital for wounded soldiers and as a haven for sick refugees.

**KING RANCH GETS \$112,140 FROM AAA**

On top of the list of farmers and farming concerns receiving benefit payments of \$10,000 or more between December, 1937, and July 1938, the AAA announced last week, was the expansive King Ranch in Kleberg county, virtually a principality into itself.

For cooperation with crop control programs the King Ranch received \$112,140.04 out of the government's \$500,000,000 soil conservation fund.

Other large payments: to estate of Mrs. Cornelia Adair, Palo Duro, Armstrong county, \$39,697.35; to estate of W. T. Waggoner, Fort Worth, Wilbarger county, \$42,655.65.

Mr. and Mrs. Holmberg returned to their home at Paducah Wednesday after a visit with their daughter and family Rev. and Mrs. E. D. Landreth.

Mr. and Mrs. Cecil Stargel and baby, Mr. and Mrs. Glen Stargel and their mother, Mrs. Stargel, of Memphis visited Mrs. G. W. Antrobus Friday afternoon.

Mrs. G. W. Antrobus has moved into her new home on west first. Pauline Betts who is attending school at Canyon spent the week end with her aunt, Mrs. C. A. Burton.

Mr. and Mrs. J. H. Hurn and niece, Miss Evelyn Rush, were in Wheeler county Saturday looking after property interests.

**Aggies Feed Lambs**

Approximately 30 lambs were placed on feed the past week and will be shown in the local and the Amarillo stock shows next spring.

The group is evenly divided between the mutton and wool type. Bailey Estes is feeding five, Carrol and Clyde Peabody four; Frank Cannon two; Herman Higgins two; Murrell Landreth two; Bill Alexander seven; and the F. F. A. chapter seven. The lambs will aid in making the local show larger and better than ever before and will afford lambs for training livestock judging teams.

**Build Feeders**

Members of the regular and part-time aggie classes have been busy the past week building hog feeders for themselves and patrons to encourage the proper feeding of hogs. Ten feeders have been built and approximately ten more will be built. F.F.A. members have found that self feeders cause the pig to eat more regular with less waste.

100 per cent of the second year class are using self feeders in feeding out their pigs for the spring shows. The first year class expects to be 100 per cent within the next few weeks.

**F.F.A. Meeting**

The first regular meeting of the local F.F.A. chapter for the month of November will be held in the chapter room, Thursday, November 10th, at 7 p. m. Music, songs, and yells by the greenhands will feature the meeting. Cooperative buying of feed, plans for spring shows, plans for poultry show, and training of judging teams will form major portion of program.

The local group have purchased a number of new games recently and the first part of each meeting period is devoted to recreation. All patrons and others interested in F.F.A. work are invited to attend the meetings.

**NO EASY JOB**

It ain't, I think, an easy job To smile when things go wrong. But then, it ain't the easy job That makes a body strong. It's kinda like a dream that's gone. But might come back again, If we can but hold ourselves Against the hopeless pain. Things have a way of turning out From wrongs into the right. If we can smile and grit our teeth And try with all our might.

The Classified Column will sell it.
