Howardwick Friendship Club

Everyone is invited to attend Howardwick Friendship Club regular monthly covered dish supper, Friday, Aug. 16th at 6:30 p.m. The program will be "The Senior Citizens Minus Two" musical group.

Keep Cattle Healthy

Area cattle raisers will have the

opportunity to share the latest techniques in cattle herd health management at a meeting on September 10. Dr. Larry Hollis will be the speaker. The meeting will be at Clarendon College in the Administration Building, Room 102. The short conference is sponsored by Deyle Veterinary Services, and is open to the public.

Distribution Of Commodities Scheduled

Commodities will be given in Clarendon at the Old Courthouse, Thursday morning, August

15th, from 9 a.m. until 12 noon. They will be given in Hedley, Thursday afternoon, August 15th, from 1 p.m. until 3 p.m. Please note the changes in distribution.

Openings in Pre-Kindergarten

The First Baptist Church Pre-kindergarten still has openings for Monday, Wed, and Friday. Classes for children who are 4 years old, before Sept. 1st. Call Alene at 3735 or 3833.

School Open House Set

Clarendon Schools will be hosting an open house, Tuesday, August 20, 1991 from 7:00 p.m. to 8:00 p.m. (The day after school starts.)

The open house will allow parents to meet their children's teachers for the new school year. Teachers will outline their educational goals for the year and what they expect of the students. This is also a great opportunity to ask your questions and find out how you can better help your child.

The PTA will have a membership sign-up table in the school cafeteria. Membership is \$3.00 per year. PTA will also be serving homemade ice cream. Make plans to be involved in your child's education this year.

Early childhood classes will begin on August 26, 1991 and will meet from 8:00 a.m. until 11:00 a.m.

Solomon Kepley, High School Principal, reminds High School students that school begins August 19, 1991. The day will begin at 8:10 a.m. and end at 3:35 p.m.

Sheriff Reports on July

July was a busy month for law enforcement officers in Donley County, who encountered plenty of inebriated citizens. There were 24 arrests for driving-while-intoxicated, nine arrests for public intoxication, one for minor in possession, and one for making alcohol available to minors. Officers arrested one person for possession of a controlled substance and one person was charged with possession of marijuana. One person was charged with

resisting arrest/interfering with a police officer. Three were charged with aggravated assault with a deadly weapon, one with aggravated assault, and two for simple assault. One person earned some room and board on criminal trespass charges.

There were a total of 59 arrests in July. In addition to law enforcement activity, there were 35 ambulance calls and 11 fire calls.

Fishing Report

The Texas Parks & Wildlife Department reports that fishing at Lake Greenbelt is good. The water is clear, 79 degrees, normal level; black bass are slow; smallmouth bass are good to 5 pounds on minnows in 6-18 feet of water; striper are good to 6 pounds on chartreuse minnows; crappie are good to 1 1/2 pounds on minnows; white bass are good to 2 pounds on slabs and spoons; catfish are good to 18 pounds on chicken livers, nightcrawlers and minnows; walleye are slow.

Economy Sags in Panhandle

The State Comptroller released the figures for August rebates (June sales). While the state's top six recipients showed a 5.2 per cent improvement over last year's figures, the average for the state was just .74 per cent. And the Panhandle (as well as most of the western half of Texas) appeared to fair poorly.

Donley County's receipts were off 12.65 per cent for the month of August (June sales), and off 1.99 per cent for the year-to-date period. Clarendon was off 14.73 per cent and 2.47 per cent. Hedley decreased 19.82 per cent and 16.54 per cent. Howardwick had a perky increase of 20.31 per cent and 11.57 per cent.

Other regional counties were generally about the same. Armstrong (Claude) was off 14.06 per cent for the month, but up .69 per cent for the YTD. Briscoe (Quitque-Silverton) declined by 15.99 per cent and 3.34 per cent. Carson County (Groom, Panhandle, etc.) was off 15.02 and 13.19 per cent. Childress—which is generally regarded as recovering—slid by 4.57 per cent for the month, but still managed a 3.14 per cent gain for the YTD.

After a disastrous year last year, Collingsworth County (Wellington) picked up by 2.51 per cent and 6.08 per cent.

Gray County (Pampa, McLean) held its own, off only .35 per cent on June sales, but up 1.70 per cent YTD. Hall skidded down 13.83 per cent for the month, but eased up 2.48 per cent for the longer period. (Estelline was up 6.68 per cent and 21.55 per cent while Memphis showed -14.63 per cent and +1.44. Turkey plummeted by 19.36 and 2.06).

Hall county performed well compared to Hansford County (Gruver and Spearman) where the economy nose-dived by -20.72 per cent and -8.68 per cent. Hartley (Channing) made an even more spectacular belly-buster, however, reporting figures of -28.85 and -28.32 per cent. By contrast, Hemphill (Canadian) improved on both periods, 7.48 per cent and 17.61 per cent. Jayton died during June, with a report of -47.60 per cent, but still managed a positive 4.18 YTD.

Even Lubbock—the largest burg in the area—declined 5.43 per cent for June, but still had a positive 3.55 per cent so far this year. Motley County was up 7.52 for the month, but down 3.93 YTD. Ochiltree (Perryton) made a negative 17.99 and a positive 4.26 per cent. Randall was up 7.41 per cent and 11.61 per cent. Wheeler racked up 69.91 per cent and 10.80 per cent.

Watch Out For Kids

Vacations are ending and children are preparing to return to school. Major V.J. Cawthon, Regional Commander of the Texas Department of Public Safety says that this will create not only a change for our children, but the motoring public must also make some changes as well.

During the summer months, drivers often get out of the habit of being alert for both school zones and school buses. Major Cawthon says that now is the time to get familiar with posted school times in your area. It's important to remember that school zones can be posted by blinking yellow lights or in some areas just a sign posting the

school zone times. Either way it's your duty to be alert for our young children, some of whom are attending school for the first time and others who have moved to the neighborhood during the summer months and who may be unfamiliar with the area.

State law requires drivers on the same roadway as a school bus that has stopped to load or unload school children, to stop and remain stopped until one of three things happen. The bus driver signals you to go on by, they turn off the flashing red lights, or the bus itself resumes motion. This law applies whether you are meeting the bus or whether you are going in the same direction; with the only exception being drivers on the other side of a divided highway (roadways separated by a physical median). These drivers are not required to stop when meeting a bus.

CLARENDON MANUFACTURING'S new Model 272 elevating scraper made its world debut in Clarendon last week. The new machine will be

aggressively marketed from coast to coast as well as overseas.

Clarendon Manufacturing Unveils New Model

CLARENDON—Clarendon Manufacturing announced a new elevating scraper this week. The new machine—dubbed the Model 272—is 70% larger than the present 252 Model. Both will remain available.

The new 272 is a seven-yard design, while the 252 is designed for five yards.

"We expect to see a good market for the new machine," said Darrell Leffew, CEO of the firm. "This machine is very price competitive; it sells for about \$100,000 retail. The next larger machine on the market costs about twice as much."

The 252 and the 272 share the same narrow seven-foot width at the cutting blade. That allows them to operate in narrow confines where other

scrapers would be too unwieldy. The machines are ideal for feedlots and for neighborhoods that are being re-developed. In some many cases the scraper can rework one lane of a road while the other remains in service.

The new Model 272 uses the same tried-and-true power unit as the 252. That Caterpillar unit has been proven in a variety of heavy equipment, including loaders and integrated toolbars.

Clarendon Manufacturing is one of the larger employers in Donley County. The firm has been in business here for over 20 years.

Clarendon Manufacturing also manufactures a small, drag-type scraper for agricultural use and rebuilds older Johnson and Hancock scrapers to modern standards.

Brands Must Be Re-registered

For many years it has been illegal to use a brand that was not recorded in a Texas county. But soon brand owners will have to re-register their identification devices. And almost every Donley County brand will be included.

The Attorney General's office has ruled that every brand registered prior to August 30, 1991 must be re-registered within six months. February 28 will be the deadline for re-recording. Any brand not re-registered by that date will be open, and anyone else who wants may then register that brand.

There will be a \$5.00 charge per brand for each location in which it is used—i.e. right shoulder or left hip, etc.

This new state requirement is very important for area ranchers and stockraisers.

Eighth Birthday Celebrated

On August 3, 1991, family and friends of Marie McCracken gathered to celebrate her 80th birthday. The party, hosted by her daughter and son-in-law, Peggy and Jim Cockerham, was held at the Webb Shooting Preserve north of Hedley owned by Wesley and Vela Webb of White Deer.

Hamburgers, hotdogs, and birthday cake were served to Sherry and Don Stafford of San Diego, Ca., Wallace Cox, Terri Roy and children Catic and Michael, Bill Williams, and Jeremy Stiles, all from Bixby, Okla. Also visiting were Mike and Jan Cox, children

Cody and Courtne from Norman, Oklahoma, Kevin, Danelle, and Katelin Cox from Talequah, Okla. Those celebrating from Amarillo were Lori McDaniel, Eddie and Charlene Reynolds, Martiel Webb, LaDonna McCoy, Laurie Knutson, Scott and Clifton Tietgens, Pauline Burks, Don and JoAnn Knutson of

Pampa; Wesley and Vela Webb, Donnie Webb, Larry Webb and children Allen and Sissy of White Deer, also Jim and Peggy Cockerham, Lorine McAnear, Pat McAnear and children Mandy and Jimmy Wayne, Steve and Dortha Reynolds and Flossie Reynolds from Clarendon.

The celebration of this special birthday included flowers, phone calls, gifts, and cards from the states of California, New Mexico, North Carolina, South Dakota, Oklahoma, and Texas.

Marie's son and family, Ronnie, Jan, and Rocky McCracken from Fayetteville, N.C. were unable to attend because of commitments to the U.S. Army.

A big thanks to Wesley and Vela Webb for the use of their facility and Cheryl Adams for the beautiful cake.

Girl Scout Leaders Wanted

The 1991-92 registration time is starting now for Girl Scouts and adult volunteers. Quivira Girl Scout Council announced that adult leaders are needed to help serve all girls between the ages of 5-17 who want to be in Girl Scout troops.

Paul Moore, Executive Director for the Quivira Council, said, "We hope to have more diversity in adult recruitment, reaching out to retired people and the hispanic and black communities." He went on to say, "Our goal is to serve all girls interested in Girl Scouts and to provide them with adult leadership."

The organization offers every girl a broad range of activities which address both her current interests and her future role as a woman. Girls are introduced to the excitement in the worlds of science, arts, out-of-doors, and people; they grow in skill and self-confidence making new friends while understanding themselves through community services.

Girl Scouting is the place where a girl can be a girl, and take pride in it—where she can talk about what matters to her peers and with an adult friend—the Girl Scout leader. Providing girls with role models is extremely important.

Registration fee for one year is \$4.00; the fee covers insurance for girls and adults at Girl Scout activities. For further information call or write to: Quivira Girl Scout Council, Third Floor, City Hall, Rm. 301, 669-6862.

RODNEY HECKMAN AND CATHY GRADY

Engagement Announced

Mr. and Mrs. Lowell Heckman of Pampa, Texas announce the engagement of their son, Rodney Craig Heckman, to Cathy Lovine Grady. Rodney is the grandson of Lela Muse Norton and Annie Mae Heckman, both of Clarendon, Texas. Cathy is the daughter of Lovine Grady from Duncanville, Texas and Bill Grady who is currently residing in Chester, New Jersey.

Rodney is an account executive for Miller Business Systems of Dallas, Texas. He attended Tarrant County Junior College and University of Texas at Arlington. Cathy is a graduate of the University of Texas at Arlington. She is currently employed as a Project Administrator at E-Systems, Garland Division.

The wedding is planned for October 12, 1991 at the First United Methodist Church in Duncanville, Texas.

NIKKI BURMAN

911 Coming to Clarendon

The universal emergency number, 911, will be available in Clarendon beginning in September. Not only will the new number be standard throughout the United States, but it is supposed to be faster than the old dispatcher's number.

In order to have the necessary information on file to respond to emergencies, the PRPC has requested that each household and business fill out a questionnaire to assist emergency crews in getting where they are needed. Many of the questions are routine, but emergency personnel also need to know how to get to each location and special conditions at each: health problems, guard dogs, locked gates, etc.

The PRPC asks that each phone customer fill out an information card and forward it to the office so that the necessary information is available. The postpaid cards are free. They are available at *The Clarendon News* and other locations.

In addition, as emergency personnel have pointed out repeatedly, every street and road should be identified by signs and every house in town should display a street number. Hide-'n'-seek is no fun when there is a fire or heart attack involved.

Contest Runner-Up

In a recent contest, "Kids Are Cute", held at Westgate Mall in Amarillo on July 27, 1991 to benefit Mys-Dys for Jerry's Kids. Nikki Burnam, daughter of Rick and Connie Burnam of Amarillo was 2nd runner-up in her category. She is the granddaughter of Rodney and Pat Hargrove of Hedley and Bobby and Maxine Stephens of Lefors. All fee's and donations went to My-Dy. Nikki's lilac dress and shoes were purchased at Greene's Dry Goods in Clarendon.

Antibiotics are Needed for Strep Throat

Sometimes a sore throat represents more than minor irritation resulting from a cough or cold. Occasionally a sore throat is the result of an infection caused by beta hemolytic streptococci bacteria. When this type of infection occurs, the condition is commonly referred to as "strep throat." If a strep throat infection is left untreated it can lead to rheumatic fever and heart damage in children. For this reason it is important that children who complain of sore throat for more than 4 to 5 days be seen by a physician.

Typically a strep throat causes painful swallowing, tonsil swelling and tenderness, and fever. According to an article in the journal *Patient Care*, sore throat along with coughing, itchy eyes, and lymph node swelling in the neck frequently are signs of a viral infection that may be mistaken for strep throat. The best way to tell the difference is to have a culture of the throat area made by a physician. The procedure provides for a more accurate diagnosis which aids in selection of the best treatment.

According to many physicians, the best treatment for strep throat is either a single intramuscular injection of penicillin or oral penicillin tablets for 10 days. If there is the possibility of allergic reaction to penicillin, erythromycin appears to be the antibiotic most often recommended.

On an early, chilly Saturday morning, Aug. 10th. a group of Dance Club members, friends and neighbors gathered together for an "Authentic Cowboy Breakfast" cooked and served by a real cowboy, Ferrol Shelton and wife Annie. The setting was in a pasture west of town. When we arrived they had the pit camp fire going and were stirring up sour dough biscuits from back of a 100 year old Chuck Wagon. We sat around on bales of hay, we sipped campfire coffee and watched with anticipation as Ferrol cooked the Biscuits in the cast iron dutchovens with the coals from the fire which were done to perfection and served with scrambled eggs, bacon and cooked dried fruit compote. We all really enjoyed the excursion and truly appreciated Ferrol and Annie's efforts to make it a memorable experience. We will be looking forward to another trip back in the "Good Ole Days."

Everyone is enjoying the fresh fruits and vegetables folks are bringing to the Center. Thanks to Floyd Ramsey, Theoma Behrens, Mary Lee Longan and Hugh Neuhaus.

Thanks to Carmen Wright for checking Blood Pressures for 34 folks on Tuesday, Aug. 6th. She will be back on Tuesday, Aug. 20th from 9 a.m. till 1 p.m. Kimberly Care will be doing Blood Sugar check also, on Tues. Aug. 20th from 9 a.m. till 12 noon.

Golden Spread Hearing Aid Clinic will be here on Thursday, Aug. 22nd from 10 till 12 noon for free servicing and hearing checks.

On Tuesday evening, August 6th, a group of Senior Citizens attended the play "TEXAS" in Palo Duro Canyon. Thanks to Darrell Harper who drove the Ford Van for us. They all reported a fun evening even though the skied were threatening that evening.

Locals Entertain Guests

Recent guests in the home of Mr. and Mrs. Shirley Pitts were Mr. and Mrs. Ted Childress and May Smith of Austin. They all attended the Silverton homecoming on Saturday.

Naomi's News

Mae and Duane Naylor of Thalia and Erin Naylor of Amarillo had supper with the H.A. Greens Sunday evening. They had been to the Bain Reunion in Dumas.

Dane and Edna Perdue went to Elkhart, Ks week before last to visit their daughter, Dana. While there Dana and Karen Alexander took them to Dodge City for that town's Doge Day's Celebration. They went sightseeing and attended the rodeo that night. The rodeo was pro but Dane said it was not any better and partly not as good as Clarendon's 4th of July Rodeo. There was some trick riding and roping tricks that was great.

Dana Perdue and Karen Alexander of Elkhart, KS came to the Dane Perdue's Friday of that week to attend the Perdue reunion. They returned home on Sunday.

Bill and Joyce Perdue of Tulare, CA came home with Dane and Edna Perdue after the reunion. They visited until Monday when they went on the Levelland, TX.

At the Farris Keller home in Levelland all 6 of the children of John Perdue family gathered Monday night for a get-together enjoying out of state members of the family. Dane and Edna Perdue joined the other family members for the visit Monday night.

Earl and Nell Stout of Springdale, Ak spent Wednesday night with the Dane Perdue's on their way home from all the reunions.

Dane and Edna Perdue went to Amarillo Sunday afternoon to meet their daughter, Kathryn Scott and sons, Tyler and Jared. They had flown in from Ansbach, Germany where they have lived for the past three years. All the military bases at Ansbach are to be closed, with the exception of one, by the end of the year.

Tuesday cousins of J.R. Brandon, Jimmy Joyce King of Lubbock and Isabelle Mapp of Arlington visited with Hazel and J.R. Brandon.

Friday, Maschil and Jaunita Cole and Myrl Brown were visited in Amarillo by Hazel and J.R. Brandon.

Helena Catoc and Ellie Wilkenson made an extended tour of national parks. They were fortunate to see old friends Maj. and Mrs. Rus Stroup in Colorado Springs and also to see the Stroup children. They toured the Garden of the Gods, went on to Denver,

Wy, and Rapid City S.D where they attended the Passion Play and saw Mt. Rushmore, the Black Hills Crazy Horse Memorial and the Custer Battlefield. They then went to Montana to see Yellowstone. After viewing the Grand Tetons they continued through Salt Lake City, Grand Junction, and Silver City with a train ride for about 3 hours. They saw Indian Cliff dwellings and came home through New Mexico.

Ashtola Reunion brought many families home for the weekend.

Eighty nine persons attended. Thanks to all who help make it a memorable occasion.

PUBLIC NOTICE

CITY OF Clarendon

TEXAS COMMUNITY DEVELOPMENT PROGRAM

The City of Clarendon is currently making plans to apply to the Texas Department of Commerce for Texas Community Development Program funds. Two public hearings to solicit the input of the community in the preparation of the Community Development Program will be conducted.

The first public hearing will be held at City Hall, 119 South Sully at 7:00 P.M., August 13, 1991 to discuss housing and community development needs, use of past TCDP awards, amount of funds available and eligible activities. The City encourages individual citizens and citizen's groups to make their views known at these public hearings and welcomes the full participation of its citizens in the development of this TCDP application. General information on the TCDP program will be available. Citizen comments may be delivered in advance to City Hall at any time. Groups representative of persons of low and moderate income may request technical assistance in developing TCDP proposals by contacting the person listed below.

The second public hearing will be held at City Hall, 119 South Sully at 5:15 P.M., August 20, 1991 to allow citizens an opportunity to comment on the proposed project, amount of funds requested and estimated amount proposed for activities that will benefit low/moderate income persons.

More detailed information on proposed activities, amount of funds and proposed location of activities will be available for inspection at City Hall after the second hearing. Handicapped individuals who may have difficulty in attending these meetings should contact City Hall to arrange for assistance. Para residentes necesitados de interpretes, favor de comunicarse con la municipalidad antes de las audiencias publicas.

For further information, contact Sue Howard, City Secretary at the City Hall at # 874-3438.

Medical Center Employees Honored

Donley CO. Medical Center employees were honored with a reception given by the V.F.W. Ladies auxiliary 7782. The ladies fixed the table of honor with American Flags on pedestals with all kinds of goodies, candies, cakes, cookies, dips and chips and red

punch, all served on a red, white and blue table cloth. The Ladies, honored Administrator Larry White with a small gift, after which Carmen Wright, addressed the employees present. All employees present enjoyed the generous serving of all delicious dishes prepared by those ladies. We, the Medical Center Employees and residents extend very special thanks to these ladies.

From all the employees of Medical Center: Martha Lowe, Carmen Wright, Ellie Wilkinson, Luz Taylor, Marie McCracken, Wanda Dromgroule, Elinor McKee, Lola Bartel, Ann Bunyan, Jossie Burgess, Theola Leeper, Lena Maxey, and Ilene Davidson.

The Lions Tale

The Clarendon Lions Club met in a regular meeting August 6, 1991 at noon, in the Lions Hall. There were 17 Lions present, the Lions Sweetheart, Jessie Adams and five visitors. After a delicious meal, Boss Lion Delbert opened the meeting in due form. Lion Tamer Redell Henson introduced the following guests: Mr. Phil Fletcher, Clarendon, a guest of Lion Charles SoRelle; Russell and Roger Estlack, Clarendon, guests of Lion Allen Estlack; David Smith, Clarendon, guest of Lion Donald Smith; Mrs. Ruth Hancock of First Bank and Trust, Clarendon, guest

of Lion Jimmy Garland. The program announced by Lion Donald Smith was presented by Lion Charles SoRelle on the upcoming special amendment election, Aug. 10, 1991. He explained the pro & con of each amendment and the effect on the tax payer. It was very interesting, informative and well presented. There being no further business the meeting was adjourned.

New Director Appointment

Jack Reese of Abilene has been selected by the Board of Directors of Rolling Plains Production Credit Association to serve as the Director-elected Director. This new position was mandated by the Agricultural Credit Act of 1987 whereby each Production Credit Association is required to have a Director elected by the other Board members. Mr. Reese, 61, is employed in Sweetwater as a field representative with Southern Cotton Oil Company, a division of Archer-Daniels-Midland. For 33 years he was an employee of the Paymaster Oil Mill, a division of Anderson-Clayton, and was district manager for 13 years prior to his 1984 resignation.

A 1952 McMurry graduate with a BS in business, Mr. Reese is a past president of Texas Cottonseed Crushers Association and still serves as Director of this organization. He also serves on the Board of Directors of CECO, an electronics communications engineering company located in Dallas. Married to the former Margie Campsey of Munday, the Reeses have three married daughters who are Baylor graduates and live in Dallas. An Air Force veteran, Mr. Reese was born and raised in Abilene and has a stock farming operation east of Abilene. Rolling Plains PCA is an entity of the Farm Credit System and serves some 750 farmers, ranchers and ag businesses in the Rolling Plains of West Texas. The Association was chartered in 1934 and presently serves 18 counties from six branch offices and a central office. With total capital funds of 14.5 million and total assets of 50 million, the Association has been awarded a Tier 1 rating by the Texas District Regulator. Tier 1 rating is the highest granted to PCAs and is partially based on the capital strength and asset quality of the organization.

Hedley School Begins

Another year at Hedley School is about to begin. This is a schedule of events to help the students and parents get ready for that first day. Pre-registration will be held on Monday, August 19th from 9:00 until 12:00 and 1:00 until 4:00. Students entering Hedley School for the first time should bring their birth certificate, immunization records and a social security number or an address so these things may be obtained.

School starts Monday, August 26th at 8:00 a.m. The regular opening meeting with parents will be Friday night, August 23rd at 7:00 p.m. in the gymnasium. At 7:30 the parents will attend each class with their child for about ten minutes in the cafeteria. Then we will proceed with the afternoon schedule. This will give the parents a chance to see what classes their child is taking and if any changes need to be made in their schedule.

Missing Report Cards Reported

These students who attended Clarendon Junior High School as 6th, 7th, or 8th graders and have not received their report cards need to contact the Junior High office at 874-3855 to get them picked up.

There are a good number of report cards which have not been picked up from the last school year. These report cards must be picked up for students to be able to enroll in school for the coming school year. Also, they will be needed so students will be enrolling in the correct grade. Opinion

The Scriptures offer a common, universally-ac-knowledged standard. Most people who claim to be Christians agree on 95% of what the Bible teaches--perhaps more.

But Christians have always had differences in understanding as to what the Scriptures mean on certain specifics. Most such differences of opinion have been (and are now) tolerated by most groups in most places. But occasionally, a person or a group insists that his (or her) interpretation is the only valid reading of a given passage. Such a position--when mixed with a little bit of pride--can become the occasion for schism. Two factions may bang each other over the head with their Bibles, each insisting that the other does not respect the book.

Does that mean that the Scriptures are not an effective guide? Not at all! After all, they have already brought consensus on the vast majority of Christian teaching.

But what about those places where Christians disagree? Will they not always bring division? Not necessarily.

All who are truly Christians are brothers and sisters. They are related to one another because they have a common father. Even in earthly families, disagreement should not bring division and quarreling. If each of us had to become doctrinally perfect before we could become a child of God, we would each--and all--still be lost. "But while we were yet sinners, Christ died for the ungodly."

Our beliefs are important. But they are not the reason for our one-ness. We are one because Jesus and the Father are one.

Perhaps no issue was so important to the people of the New Testament than what to do with meat offered to idols. Much of the meat offered in the market was "surplus" left over from pagan temples. To Christians with a Jewish background such meat was impure. Eating it was equivalent to idolatry. To other Christians, the idols were nothing but silly statues. They could not see why the meat was tainted. Obviously, the issue was deadly serious to the disciples in the apostles' day.

The apostles did not give "the right answer" to this question, however. Paul wrote simply, "Let each person be fully convinced in his own mind." But he went on to command early believers not to judge those who held the opposite opinion, (1 Corinthians 8).

Today, if each Christian would resolve to follow the Scriptures as closely as possible and resolve to refrain from trying to force his beliefs on his brothers, believers could again be one.

CALLED MEETING

The Board of Aldermen of the City of Clarendon met in a called meeting on July 19, 1991, in the Board Room, City Hall at 5:00 p.m. for the purpose of replacing the Librarian.

Members present: Mayor James Sharrar, Aldermen David Pitts, Steve Smith, and Bobbie Kidd.

Members absent: Aldermen James Kuhn and McKinley Smith.

Others present: City Secretary Sue Howard, Dixie Ward, Diane Chamberlain, Pauline Hardin, and Earl Hartman.

Due to the resignation of the librarian, Diane Chamberlain, a special called meeting to hire a new librarian was held.

Dixie Ward was hired as the County Head Librarian. She has requested to be put on full time instead of part time as in the past. Upon approval of the county, the decision was made to hire Dixie Ward with the salary of \$1008.00 per month. Motion was made by David Pitts, seconded by Bobbie Kidd. Motion carried.

Motion was made by Bobbie Kidd, seconded by Steve Smith, to hire Janice Barbee for the position of City Clerk. Motion carried.

There being no further business at this time, motion was made by Bobbie Kidd, seconded by Steve Smith, to adjourn. Motion carried.

Residents Invited To Meeting

Yesterday's Children and the Thunder Junction Board of Directors will hold a meeting to give an update on their proposed Old West park at 7 p.m. Thursday,

Aug. 22, in the new Bairfield Activity Center at Clarendon College. Residents of Donley County and the surrounding area are invited to attend, said Bright Newhouse, board president of Thunder Junction.

"Several developments have taken place in the last few weeks and numerous contacts have been made with potential sources for grant funding or donation of significant items," Newhouse said. "We want to give the public a progress report and let everyone know the status of the project."

In addition, the groups plan to solicit the help of area citizens for the next critical phase of the park--planning and design.

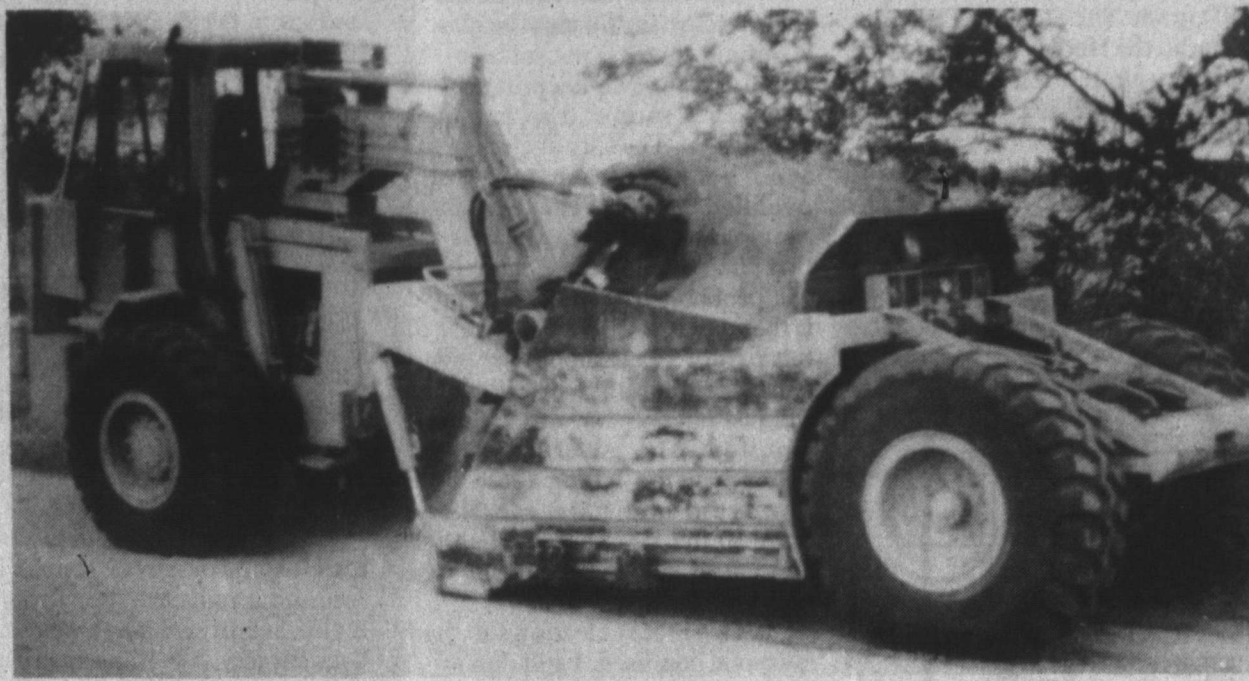

Organizers say they are at "a crucial point" in the development of Thunder Junction, envisioned as a Western heritage park featuring the arts, crafts and colorful history of the cowboys, Indians and settlers of the Texas Panhandle. Part of the park's profits will go to Yesterday's Children to benefit senior citizen programs throughout the Panhandle.

On September 30 a three-year development grant that has funded the resource development work undertaken by Pat Kaiser for the Panhandle Area Agency on Aging and Yesterday's Children will expire.

Funds are needed for operational/administrative costs, planning and design work, and architectural plans for building the park, said Kaiser, president of Yesterday's Children.

Board members plan to kick off sales of a special commemorative time as a fundraiser for the park at the August 22 meeting. Other opportunities for donations to the park will be offered, according to Newhouse and Kaiser.

"It is critical that the area invest in this project in order for us to secure additional, outside funding," Kaiser said. "We want to give everyone a chance to do that, on whatever scale they can."

Hedley News

By Earl

The City of Hedley will hold a town meeting Thursday, the 15th of August. The projected budget for fiscal year 91-92 will be open for public viewing beginning at 5:00 P.M. At 7:00 P.M., a representative from the PRFC will explain the process for receiving a TCD grant. The State Of Texas has declared the Hedley sewage system must be modernized. Rebuilding the system will cost about \$200,000.00. The City of Hedley must put up some matching funds in order to qualify for the grant. August 1st, the city Council voted to raise sewage fees from \$3.00 per month to \$7.00 a month. This increase will help raise the matching funds.

The State has also declared that the city landfill must be closed. A definite date has not yet set by the State. Hedley will keep its landfill open until such a date has been established. The City of Hedley will then haul its trash to a state qualified landfill. The landfill at Memphis, if it is kept open, is the first choice. If it is closed, the trash will probably be hauled to Pampa. If that one is closed, all the trash in this part of Texas should be sent to Austin. Either that or everybody will just have to move to Dallas or Houston. The government sure seems bent on letting these little towns die and have everybody move to the large cities. Then the State and the corporations will have economy of scale.

This recent election sure had everyone confused. I still don't know what has happened. I think the exemptions passed state wide, but I don't know if that just means that each district can allow those exemptions, or if they are set across the state. It appears to me that personal property can not be taxed, even if a local district wants to.

I figured the exemptions would pass easily but they didn't. It appeared the oil rich counties were voting against the exemptions. They must have figured "if someone else is going to get part of what used to be our money, they are going to have to pay on everything". The early planted cotton on tight land is going into drought stress and shedding fruit. Earl saw one cotton stalk that had kicked off seven out of ten bolls or squares. The late planted, skip row and sandy land cotton is still holding up pretty well. The cool cloudy weather of the weekend has brought out the boll worm moths. They have been around all year if the corn and hay grazer and a little in the cotton. It looks like they are going to become worse. The latter part of August and early September is when they are usually the greatest threat.

Some farmers say boll worms come and go in cycles. Some years they are bad and some years there aren't many.

The last really bad year was 1981. It was a cool rainy year. There was a lot of waist high cotton making a quarter bale per acre. It took 4,000 lbs. to make a bale that year.

1991 graduate of Hedley, April Bramblett, is enrolling at West Texas State this fall. Two other '91 graduates, Curtis Neeley and Julie Floyd got hitched the first weekend of August. By Friday the Honeymoon was over. Julie was sitting next to the passenger door.

Some Hedley residents are in the Hospital or may be soon. Virgil Johnson is to have a growth cut off his lip. Sue Brown may have to have back surgery. A MRI was run which didn't show anything. Nerve damage is suspected, but a definite course of action has not yet been determined. Calvin Holland's daughter was hit by the pickup while Calvin was backing out of the drive way. She had followed him out of the house and got behind the pickup while he was backing out. She has a broken leg but is reported to be alright otherwise.

Two of Hedley's businesses have closed. Big Mom's Cafe and Moffit's Hardware shut their doors. Othel has had trouble with her legs for several years and had got so she had trouble getting up and down and walking. Earl ate in there earlier this Spring and fresh green pintos were served on the lunch. That doesn't happen in Amarillo or even Clarendon as far as I know. Othel also had the best Chicken and dressing on the Sunday lunch.

The Highways through Hedley are now open. There is still a lot of construction before you get to Clarendon. I can't remember for sure how many times 287 has been torn up and rebuilt over the past few years, but it seems to be an annual thing. Jean Rowell and Ed Monroe could probably tell exactly how many times 287 has been torn up. Apparently, the job hasn't been

done right.

Dottie Bogue has returned to Hedley after a long absence.

Leonard Nash and Red Hill are also in the produce business this year. They have some exceptionally large Persian cantaloupes.

Texas Farm Bureau Report

Texas farmers and ranchers are alarmed by what they understand are alternatives being considered in the Texas House of Representatives regarding taxes, according to S.M. True, president of the Texas Farm Bureau.

"Proposals to increase the state fuel tax by 13 cents to a total of 28 cents a gallon is bad enough for all Texans," True said. "But, changing the off-road exemption for tractor and other production equipment to a once-a-year refund—as proposed—substantially increases producers' up-front production costs."

The president of the state's largest general farm organization said the damage becomes even more severe with the concept of allowing the refund to equate to only 75 percent of the charge.

"That would result in a new 7-cents-per-gallon tax on fuel used for food and fiber production," True said. "That is unacceptable and intolerable. We strongly urge that this entire concept be dropped."

The farm leader said another proposal floating in the Texas House of extending the state franchise tax to farm and ranch enterprises is no more than an "income tax in disguise."

Texas Farm Bureau has expressed support for streamlining government, increasing the state sales tax by one percent, and a voter-approved state lottery, True said. All of these actions would affect farmers and ranchers the same way as all citizens of the state, he explained.

"The fuel tax proposal and the franchise tax extension are grossly unfair, as agriculture is the only industry that cannot pass along taxes to consumers," True said. "The proposals are not the proper means to address the budget dilemma."

Regional Seminar To Be Held

A regional seminar, sponsored by the Texas Panhandle Regional Planning Commission (PRFC), will take place on August 29, 1991 in Amarillo for all persons interested in the rural and economic development of Texas. Farmers Home Administration state and local officials will act as key participants in the seminar program.

Registration for the seminar is scheduled to begin at 9:30 AM in the Texas A&M Regional Research and Extension Center Auditorium. It is being given to inform those wishing and increased knowledge of general and technical information on Rural Economic Development programs offered by the FmHA. The list of those invited includes elected officials, local authorities, engineers, members of rural development programs and all individuals that may be interested.

Among the items to be discussed by Farmer Home Administration will be information on Guaranteed and Direct Loans and Grants for essential Community Facilities and Water and Waste Systems, and Guaranteed Loans for Business and Industrial Projects.

All interested parties are urged to call the Panhandle Regional Planning Commission at (806) 372-3381.

INVITATION FOR BIDS

The City of Clarendon, Texas will receive Bids for construction of Water System Improvements until 2:30 p.m. on the 22nd day of August, 1991, in City Hall, P.O. Box 1089, Clarendon, Texas 79226, at which time and place all bids will be publicly opened and read aloud.

Minding Your Own Business

by Don Taylor

Listen Here

A wise person once said that God gave us two ears and one mouth for a good reason. He intended for us to listen twice as much as we talk. While this conclusion makes good sense, listening is not a skill that I have worked hard to develop. Recently, I took a short self-test to rate my own listening skills. I scored in the poor listener category.

I know listening is important. So, I decided to do a little research to see if I could learn to be a better listener. Maybe what I discovered will help you, too.

The Value of Listening

Many top executives rank communication as the most important factor of their success. Since listening is a principal element of communication, we can be more successful if we become better listeners.

At this point, we need to make certain that we understand the difference between hearing and listening. Hearing is physical; listening is mental. Assuming that we have no physical impairments, we hear 100 percent of the time. Unfortunately, we may listen only a small percentage of the time.

The value of listening is that we not only hear but also can remember and process the information. This understanding allows us to become more effective with customers, co-workers and our supervisors.

Three Key Elements

The first key to becoming a better listener is to concentrate on what others are saying. We must focus on the message to ensure that we not only hear but also understand.

It is not possible for most of us to concentrate on two things at once. To listen effectively, stop talking, stop writing and stop reading. Devote your full attention to the speaker. Make eye contact and send signals to let the speaker know you're listening.

Barbara Walters is one of the highest-paid interviewer on national television. She once described her interviewing technique to a reporter. She asks a question, then shuts her mouth and listens with her whole face! She concentrates all of her attention on the other person's answer.

The second key to effective listening is to listen selectively. Every day, hundreds of message bombard our senses. Some of this information is not useful to us. Learn to tune out some of the messages and, on occasion, some of the messengers.

I once worked in an office where one of the employees obviously didn't have enough to do. This person carried on trivial conversations with anyone who would listen. Since I could not afford to waste that much time, I had to listen selectively. Sometimes I didn't listen at all.

I'm not implying that we shouldn't be sociable. Just recognize socializing as socializing, and don't confuse it with work.

The third key to becoming a better listener is to listen objectively. Everyone with whom we communicate has a bias or reason to influence us. Therefore, we need to consider the speakers' reasons for expressing their viewpoints.

We should weigh our conversations mentally to determine the speakers' point of reference. What is in it for them? What axe do they have to grind?

For example, let's assume I am considering a new car purchase. If I ask a salesperson, she might respond with an emphatic "Yes, buy now." It would be to her benefit to sell me a new car. However, my auto mechanic might say "no." He would prefer that I keep my old car that may need frequent repair.

By understanding the perspective, I can objectively evaluate each response. This will help me make a better decision.

We can develop better communication skills. I encourage you to join me in becoming a better listener. Be concentrating on the speaker and by listening selectively and objectively, we'll be on our way.

Water Commission Advocates New Technologies

The Texas Water Commission is encouraging the use of alternative methods in the treatment of soil contaminated by hydrocarbons, a type of contamination often resulting from leaking petroleum storage tanks. The traditional method used consists of excavating the contaminated soil and disposing of it at a municipal landfill.

"Due to the large volumes of soil involved and the relatively low contaminant levels in the soil in many instances of leaking petroleum storage tanks, options aside from excavation and landfill disposal may be more economically and environmentally preferable," said Allen Beinke, Executive Director of the Texas Water Commission.

Though disposal at a municipal landfill is a legal and viable disposal alternative for soil contaminated with hydrocarbons, other methods of soil treatment may be utilized for excavated soil or even soil remaining in the ground at the containment site. By using an alternate treatment method, owners and operators of leaking petroleum storage tanks may benefit from more reasonable treatment costs and from possible reduced liability associated with landfill disposal. Additionally, in most cases, tank owners and operators who use alternative treatment methods are eligible for reimbursement from the state's petroleum storage tank reimbursement fund.

The Texas Water Commission has developed guidance for the use of some alternative technologies and is currently developing policies governing the disposal options for petroleum storage tank wastes. For further information regarding remediation of soil contaminated by leaking petroleum storage tanks, please contact the Responsible Party Remediation Section, Petroleum Storage Tank Division of the Texas Water Commission at 512/371-6257.

Sting Targets Food Stamp Buyers

Buyers beware. Unlawful buyers of food stamps, that is. The Texas Department of Human Services (DHS) is cracking down on people suspected of trafficking in food stamps, targeting those who offer to buy the stamps from clients as they leave issuance offices.

Twenty-five suspects were arrested in Dallas on Feb. 13, following their indictments by a grand jury on charges of buying food stamps.

Posing as food stamp recipients, two female investigators with the DHS Office of Inspector General in Dallas sold stamps to the suspects over several months, starting in September 1990. Most suspects paid 50 cents on the dollar, according to investigators.

The total amount of food stamps allegedly purchased was about \$5,700. Half of the alleged sales took place on parking lots outside food stamp issuance offices.

"The Food Stamp program is one of the most successful programs ever developed," said DHS Commissioner Ron Lindsey. "But when food stamps are not used for their intended purpose, everyone loses—the program, the clients, and the taxpayers. Here in Texas, we have a strong state law on food stamp abuse, and we fully intend to use it," he said.

An offense involving less than \$200 in food stamps is a Class A misdemeanor, punishable by a maximum fine of \$2,000 and a year in jail. An offense involving \$200 or more is a third-degree felony, carrying a maximum fine of \$10,000 and 10 years in prison.

Inspector General Gordon Hardy said the Dallas sting operation was prompted by reports from several sources of food stamp sales, including allegations that stamps were being used to buy illegal drugs. In past years, similar covert investigations have been conducted in Houston, Austin, San Antonio, and Beaumont, Hardy said.

At press time, disposition of the Dallas cases was pending.

Howardwick City Minutes

The Howardwick City Council met in regular session on Saturday August 10, 1991 in Howardwick City Hall, at 8:30 a.m. In attendance were Mayor Neal Lee, Councilmen Nancy McClintock, Clayton Srygley, Bob Hall, Edwin Bills, Weldon King, Ten guests and City Secretary Joane Leathers.

Mayor Neal welcomed all present and Mr. Bills had prayer open meeting. Mayor Neal called meeting to order at 8:35 a.m. The minutes of the July 13, 1991 meeting were read. The amount of the gas allowance for the City Secretary was asked to be added to the minutes. The amount is \$20.00 per month.

The July Financial Statement was presented. Bob made motion to accept it. Seconded by Clayton. Motion carried.

Bills to be paid: Were presented and discussed. Two were to be put on hold until checked out and the Secretary was asked to over see the purchases of the ordering of supplies for the First Aid Kit. Bob made motion to pay rest of bills seconded by Clayton. Motion carried.

Guest speaker: Jimmy Thompson presented the City of Howardwick a Community Spirit Award from Carol Thomas, Mayor of Midland, Texas.

The city won an Honorable mention for their Working Together for the common Good of

the City of Howardwick Community After the 1989 Tornado. Mayor Neal thanked Jimmy and Mrs. Thompson on behalf of the Citizens of Howardwick. And thanked Mrs. Thompson for presenting the City of Howardwick for this award.

Next was the review of the Councils and Mayor's Authority:

This was tabled until next month's Meeting.

Inventory of the City Equipment: This is to be done next week.

Guidelines for Personnel: was discussed, suggestion was made to table this for now and set a time for a called meeting.

The time for the called meeting was set for August 20, at 7:00 p.m. in Howardwick City Hall.

Audit for the City: The Auditor will contact and let us know the time of the Audit.

Swimming Pool Hours: was discussed. The hours for the pool will be cut back.

Trash pickup and dump was next on the Agenda. It was decided to put an add in the Amarillo paper for individual trash haulers to bid on the pickup and hauling of the trash. Also to put the days and hours that the dump will be open in the Clarendon News.

There being no further business to discuss Clayton made motion, seconded by Bob to adjourn. Motion carried.

Students Assigned To Classes

Students in Kindergarten thru Eighth Grade have been assigned to classes; according to Mike Word Elementary/Jr. High Principal. "As of this time, all class assignments are final and no changes will be made to these lists," reports Mike Word. Parents who are needing to buy specific supplies for specific teachers will need these lists to finish their school supply shopping. We are looking forward to a super school year this term. Public Notice

On July 22, Southwestern Bell Telephone Company filed an application with the Public Utility Commission of Texas for approval of two new optional services, Exchange Connection Service and Customer Alerting Enablement. Exchange Connection Service will permit a customer of the Telephone Company to provide voice messaging service, telephone answering service, or other services to itself or to patrons of the customer. Customer Alerting Enablement will permit residence and business lines to receive an alerting tone (intermittent dial tone) transmitted by an Exchange Connection Service customer. The proposed effective date for this offering is September 25, and will be available statewide where facilities permit.

The calling party's telephone number and other originating network call information will be delivered to the Exchange Connection Service customer when the calling number and the called number are served by the same switch. Additionally, the caller's telephone number and other originating network call information may be recorded and stored by the Exchange Connection Service customer. Customers may be able to identify the caller before the call is answered. All Exchange Connection Service customers will be required to sign a non-disclosure agreement prior to being provided service. In the agreement the customer agrees not to disclose the calling party's telephone number unless the customer has written permission from the calling party.

The Telephone Company estimates these new services will increase its annual revenues during the first year by approximately \$1.2 million. Providers of voice messaging service and telephone answering services and their subscribers are the types of customers likely to be affected by approval of these services.

Exchange Connection Service is provided to customers in two parts: Local Serving Arrangement, which provides access to the exchange network; and Optional Service Features. The proposed rates, for both Exchange Connection Service and Customer Alerting Enablement, including installation charges, are as follows:

Local Serving Arrangement	Monthly Charge	Installation Charge
