TEMPLE OF TRUTH By the Apostle

Make your arrangements to vote Saturday. The candidates are being accused of trying to keep it a secret...

One candidate for the governor's office, in his eagerness makes the statement that he "will give the people what they want."

A lot of our state candidates "stand" for most anything they think you will "fall" for as usual.

The old saying that "politics makes strange bedfellows" was cast aside when the women gained the right to vote.

dainty, delicious and lovely. The musical was divine. The banquet speaker was entertaining, instructive and a second only to Josh Lee or somethin'.

Having resided in Kingman, Kansas, where cold lightbread is the staff of life, before coming to Texas, Wilbert Lee O'Daniel was astounded to find Texans making flour into hot biscuits.

Anyway, he acquainted the nation with the fact that Texas has hot biscuits, and brought a flood of curiosity seeking tourists our way.

CREEP FEEDING, PRO AND CON

By T. C. RICHARDSON, Secretary Texas Breeder-Feeder Association

THE FATTED CALF

Just because the man in the parable killed the fatted calf when his prodigal son came home hungry is no warrant for folks who raise calves to do without fresh meat until some occasion for celebration arises. With all due reverence for the spiritual implications of the Bible story, it also teaches a very practical lesson, which is as useful today in America as it was in Palestine two thousand years ago. The custom of fattening a calf for the home table is an old one and a good one. Abraham and Lot, like other range cattlemen, had to depend on grass-fattened beef, which was sometimes good and most of the time not so good, but when their posterity settled down to farming they were able to fatten a calf or a lamb at any time of the year by feeding some of the crops they raised. The old-fashioned "beef club" in which several families take turns in killing a fat calf and divide the meat into portions of family size is still a good way for country people to have fresh meat every week. They are not as common as they were a generation ago, when nearly every farm had cows and raised their calves, but with auto transportation a "beef club" can be organized over a much wider territory than formerly, and there is scarcely a community without sight to a dozen families who have calves to fatten. A Wilson county (Texas) beef club which has been in operation for many years brings all the animals to George Boehning's farm, where slaughtering facilities have been provided. A blackboard on the wall keeps the record of the different cuts allotted to each family, so that in the long run each gets back an entire beef. A central slaughtering place is desirable, but not indispensable, if each of the members know how to dress and cut up the carcass in standard portions. With ice or mechanical refrigerators now so common on farms a family can use a larger portion of fresh meat than formerly. The refrigerated locker system is being installed in many ice plants in the Southwest, and farmers can rent a locker for about \$1 a month. The carcass is cut up and the cuts wrapped separately in butcher's paper; the temperature in the locker-room is kept well below freezing, and the family withdraws the cuts as wanted—enough for the day's cooking or whatever can be cared for in the household refrigerator. This enables a single family to kill fresh meat any time in the year, reduces the cost of living and makes a good living better. Of course the steam pressure canner also provides a method of saving meat at any time of the year, and thousands of families make a practice of putting up a year's supply of meat in cans. Not long ago the writer dropped into an Oklahoma farm home on wash-day just before noon. In a few minutes the lady served a good dinner from the pantry, including delicious beef from the can, fresh-heated in the oven. After all, the method of handling fresh meat is secondary. The famous recipe for Welsh rabbit was not so far wrong when it began with "First catch your rabbit." Before we can kill the "fatted calf" we must raise the calf and get him fat. Maybe, too, if more fatted calves were killed and eaten on the farms where they grow, there would be fewer prodigal sons. A farm boy ought not to have to go to a restaurant in town to learn what fresh meat tastes like.

Pampa Golfers Win From Memphis And Clarendon Sunday

PAMPA, July 20.—Pampa golfers Sunday afternoon defeated the Clarendon-Memphis team 20 matches to 14 over the Pampa Country club course to avenge a bad beating taken in Clarendon the previous Sunday.

Jim Richem shot the outstanding 18 holes of the day when he registered a 69 to defeat Phillips "Dude" Gentry, one of Clarendon's top shots, 6 and 5.

Young John Austin, Pampa city champion, turned in his worst game of the year when he carded a 79 against Frank Foxall, Memphis' ace lefthander. At that, Austin shot sensational golf at times to hold Foxall to a 2-1 win.

The other half of the Austin children, Grover Jr., came up with another brilliant game to defeat Clarendon's famous Billy Cooke, 4 and 3.

Ira Merchant and Meredith Gentry, two of Clarendon's top hands, came through with wins, Merchant defeating C. F. McGinnis 4 and 3.

Dr. Calvin Jones lost to M. Hagman, 3 and 1; Jet Brumley beat Harry Delaney, 1 up; Bill Miskimins defeated John Deavers, 3 and 2; B. Wright lost to Jack Deavers, 3 and 2; Russ Allen defeated Lewis Foxall, 3 and 2; Gene Green beat Buster Helin, 2 and 1; Art Swanson won from Russ McClure, 3 and 1.

Geraldine Clayton is spending the week with Mr. and Mrs. Thomas Clayton in Memphis.

Mrs. J. T. Warren returned home Monday after spending two weeks with relatives in Wichita Falls. She visited her daughter, Miss Ruth, and Mr. and Mrs. Harry Warren.

F. F. A. Plans Trip

Twenty-five F.F.A. members will leave Clarendon, August 31, for a twelve day trip to Yellowstone National Park and other points of interest. Colorado Springs The Denver Museum, University of Colorado, Colorado A&M, Pikes Peak, are a few of the points that will be visited.

The trip will be made by truck, and each boy will carry his own bedding and eating equipment. Frank Whitlock will serve as official cook for the party. The trip is the second annual trip to western points. The 1937 trip was made to points of interest throughout New Mexico.

Approximately twenty members have already signed up for the trip, and the remainder are expected to have signed up by the F. F. A. meeting on Tuesday, July 26th. David Oden, Joe Williams, Darrell Bailey, Rayburn Smith, George Moore, J. T. Finchum, Homer Hardin, Troy Rumpy, Pete Morrow, Maschil Cole, J. W. Goodman, Johnnie Leathers, Maurice Risley, Jack Rolfe Jr., and Orby Spier, Beatty Hillman, L. B. Harzog and Laverne Johnston are members signing their intention of making the trip.

FRIENDLINESS

I never knew, and yet, I think I surely must have known, That life is very often lost To one too much alone. There is no finer thing in life Than happiness we share With those we meet along the road Of "tragedy and care." Too much intent upon our way, We miss the passer by, Whose friendliness we might have seen If we had caught his eye.

Paul Greene left for Seattle, Washington last week where he accepted a job with a lumber company.

To the Voters of Precinct 2

I have tried to make a thorough canvass of the precinct, but for various reasons I am sure I have failed to see some of you.

To those I have seen, I want to express my sincere appreciation for your courteous treatment.

To those I have not seen, I take this means of soliciting your support July 23, and to all I pledge, if elected, an honest and economic administration of the affairs of the office.

Sincerely,
V. V. JOHNSTON
Candidate for Commissioner
Precinct 2

Donley County Leader, \$1.50 a year

HEFNER THANKS VOTING PUBLIC

In the closing of the first primary in my race for the office of commissioner of Precinct 4, where I have made my home for 33 years, I want to thank my neighbors for the kindness and courtesy shown me. My interest in the well being of my precinct and the county in general prompted me to enter the race, and I assure each of you that I shall ever keep this fact in mind should I be elected. Your vote and influence will be appreciated.

For Those Heavy-Load Take-offs and Landings HOWARD HUGHES USED GOODRICH TIRES

• Never before has any man or plane circled the world so fast! And once again Goodrich Tires—veterans of practically all of the world's most important flights—showed their ability to "take it," safely cushioning more than 12 tons on landings and take-offs clear 'round the globe! Never before in the history of long distance flying have tires been put to a more gruelling test. Tons of extra weight to land and lift from remote landing fields - - - and yet these Goodrich Silvertowns took the last landing just as surely—just as safely—as the first! And remember, the same engineering ability that produced this safety for planes has produced new tire safety for your car—the new Goodrich Silvertown with Life-Saver Tread.

FOR THE GREATEST SKID PROTECTION MOTORISTS, TOO, DEPEND ON GOODRICH!

READ ABOUT THIS AMAZING NEW KIND OF AUTO TIRE THAT GIVES QUICKEST NON-SKID STOPS YOU'VE EVER SEEN!

When you're driving on slippery, rain-drenched roads think what you'd like to turn the wet road under your car into a "dry track." That's exactly what this new Silvertown Life-Saver Tread does—because every inch of this new wider, flatter tread is specially designed to dry the road—give you the quickest non-skid stops on wet roads you've ever seen.

Here's Proof!

In exhaustive road tests by Pittsburgh Testing Laboratory, largest independent testing laboratory in the country, against regular and premium-priced tires of America's six largest tire manufacturers, no tire

(tested, regardless of price, came up to the new Goodrich Safety Silvertown in non-skid action!

And remember, this new skid-protected Goodrich Silvertown also has the famous Golden Ply Blow-out protection. Thus you get two great life-saving features—AT NO EXTRA COST!

When you realize that this sensational tire is built by makers of tires for the world's leading pilots, plane makers and air lines, won't you and your family feel SAFER riding on Goodrich Silvertowns? Have your car equipped with these life-saving tires. Come in today.

MIDWAY
 Mrs. John Goldston

 Withstanding all the draw backs late freeze, sandstorms, dry weather, floods, hails and wind storms the crops in Midway are looking good. Considering everything, we are to day enjoying some of the finest roasting ears I have ever

seen. They were from the J. A. Meaders farm.
 Having lived on this farm all my younger life and have known my father to ship cars and cars of corn raised on it to seed houses in Dallas for seed. That is saying it is fine corn. Some of the ears measured 9 inches long and 8 in. around, with every row of kernels perfect and out of 12 ears I saw sign of but one worm. It is the early yellow variety. Regardless of conditions Midway cannot be surpassed for farming, farmers, and good neighbors.

John Lott came for us and the wreckers had to come for both cars."
 Mr. J. A. Meaders is being confined to his room since last Thursday, with a badly bruised foot, which was hurt when a horse jerked back and pulled him down, when a gate came shut on it, as he was leading the horse thru. Friends are hoping he will be able to be out soon.

Mr. W. K. Davis is having a tower for his winchager put up this week, the winchager having been blown off his house in a wind last week.

Guest in the W. K. Davis home this week are Mr. and Mrs. T. L. Davis of California, Miss Josie Mae Davis of Los Angeles, Calif., Mr. and Mrs. Clifford Davis of Amarillo, Mr. and Mrs. Ernest Davis of Silverton, Mr. and Mrs. Guy Stidham from Washington are expected the latter part of the week.

Mr. and Mrs. Nelce Robinson and son arrived here the past Thursday from Salt Lake City, Utah, where they have been for the past few weeks.

'Dempsey Robinson left for the Bivens ranch Monday where he is to work.

J. T. Stone and Chas. Longan are working on the JA this week. Mrs. G. B. Kettle of Wichita Falls spent the week end with the John and Carl Naylor families. They all visited in the Chamberlain home Sunday eve.

Ben Chamberlain, Misses Mattie and Irene Rhodes, Lee Holland and Miss Moody Kennedy, left Monday for a pleasure trip to Santa Fe, N. Mex. They will also visit Carlsbad Caverns on their trip.

Mrs. Jim Baker returned to her home in Midland Thursday after a visit here with her mother, Mrs. A. C. Arnold.

Mr. and Mrs. E. W. Wood and Mrs. M. L. Wood of Bray visited in the Pickering and Quattlebaum homes Sunday.

Mrs. Lee Wood left Monday for her home in N. M. She accompanied Mrs. Lucille Eanes who was returning to school at Canyon, to Amarillo. Mrs. Wood will be remembered by the old timers of Midway as Miss Newel Kendall.

Around The World In Ninety-One Hours

When Howard Hughes and his crew landed at New York after circling the globe in less than four days, the record-making flight represented one of the most gruelling tire tests in aviation history, according to L. L. Wallace, Goodrich Tire Dealer.

"Tires under the huge overloads of gasoline necessary to make the long hops over the Atlantic and across the steppes of Siberia were of vital importance to the success of the flight," Wallace declared.

Goodrich is proud to have been identified through its airplane tires with another world's air record, for beginning with the historic flight of Charles A. Lindbergh, and including those of Clarence Chamberlain, W. S. Brock, Sir Kingsford-Smith, Admiral Richard Byrd, the late Wiley Post, and many others, Goodrich tires were used. "The tires on the Hughes airplane were of standard transport size and construction," Wallace said.

day. Mrs. Bowlin is to spend next week with a sister at Vernon.

Guests in the Pat Longan home Sunday were Dick Chuhn, Miss Eula Naylor of Clarendon, Mr. and Mrs. Nelce Robinson, Mr. and Mrs. J. C. Longan.

Miss Robbie Zoe Moreland and Messrs Hermon Higgins and Geo. Seaton, Mrs. Harold Longan and children were also visitors in the Pat Longan home Sunday.

W. K. Davis made a trip to Alanreed Sunday. His brother, Mr. and Mrs. Davis returned home with him.

Mr. and Mrs. Reamer spent Sunday with the Crisp family at Whitefish.

Mr. Sam Spraddlin is reported as improving nicely.

"Tom Smiley's Appeal to the People of Texas:

I am a native born Texan. My people on both sides of the house have lived in Texas for more than a hundred years and my people on both sides of the house have served in every war this country ever had. My father served in the Mexican War and in the Confederate Army. I had six uncles and seven cousins who were killed in action while serving the Confederacy. When the World War broke out, I was County Judge of Karnes County and had the appointment of District Judge. I declined to qualify as District Judge and resigned the office of County Judge and joined the army the first day of the war. I have been in the active practice of law for the past thirty years with the exception of two years in the army and the greater part of that time being service in France and Germany.

Sixty years ago, we went to the Supreme Court and back in eight months. Now it takes about six years. I am in favor of the courts being at least as efficient as they were sixty years ago; I am in favor of the most humble citizen having an even break with the greatest corporations in the land, and the reduction of court costs to

Moore Expresses His Appreciation

Visiting the homes and meeting the citizenship of Donley county gives one the impression that the voters are competent to judge of the fitness and general qualifications of a candidate.

I have presented my claims for the office of county clerk on a plain, sensible basis as best I knew. Having lived among you for 21 years, you know my standing as a citizen. You have learned more of my educational advantages and fitness. It is upon these two points that I ask you for your support in the coming election.

Your courteous treatment is deeply appreciated. Win or lose, I shall cherish the acquaintances made, and hold a friendly feeling for the type of citizens with whom I have cast my lot through the years, and where I am rearing my family, all because I have come to know you better.

R. W. MOORE (Political Advt.)

It Will Take Over 9 Years To Elect Your Governor

It has taken Texas candidates over 6 months of mental and physical labor in the current race for offices, but it will take Texas voters approximately 9-years, 6 months, 7 days, 4 hours and 59 minutes to select or reject them.

The above figures are based purely on the chronological time element.

By the same mathematics, Donley County voters will use up over 2 days.

The whole business is just for fun, but it may be derived by estimating that about 1,000,000 ballots be cast in the first primary. Allowing that the majority of voters are familiar with their candidates and use 5 minutes each - - well if anyone is interested by now, they may complete the figuring.

MORRIS BROWNING

County Surveyor Morris Browning of Potter County is a candidate for the state land commissioner.

To persons familiar with the history of the Panhandle, the name of Browning is synonymous with our best traditions.

Morris Browning is the son of the late Judge J. N. Browning, who served as lieutenant governor and was the first man to bring state political recognition to the Panhandle-Plains.

The son was born at Mobeetie 50 years ago while the parents were residents of that pioneer community.

Morris was educated at the University of Texas and has spent his life in his chosen profession. He has the qualifications to make Texas a great land commissioner.

The land commissioner's office has been in bad repute for some years. An office reflects the calibre of men holding the office.

For many years the general land office of Texas has not had a licensed surveyor as Commissioner. During these years there has grown up in Texas a vacancy and excess land grabbing racket that makes every home in the state unsafe as to title and the right to possession.

In his campaign for the office of Commissioner of the General Land Office, Morris Browning, County Surveyor of Potter County, has declared war on vacancy hunting racketeers who prey on the valuable land of the state. Browning has promised to stop the racketeering if elected to the office. Being a surveyor for 25 years, Browning is a boundary expert and he knows the land problems of Texas. The Land Commissioner should be a man of such experience, Morris Browning is the only surveyor in the race for this important office, and he deserves the support of the voters of Texas.

Highway Trees Are Grown By Canyon Pupils

CANYON, July 20.—Beautification of Panhandle highways with trees and shrubs will be made possible by a nursery operated jointly by the Texas Highway Department and the department of agriculture at West Texas State College.

The nursery is located at the T-anchor farm owned by the institution, with T. A. Ziegler in charge. He has been assisted by Lewis Elliston of Shamrock, Bernard Wilson of Briscoe, James Swafford of Rice, and Lawrence Adkins of Big Spring, all students.

The young trees are planted in the fertile lowlands along a creek on the farm, where the soil was found to be exceptionally well suited to the purpose. Many types of trees are grown, among them being salt cedar, honey locust, desert willow, and the Chinese elm. Part of the area is devoted to growing of seedlings.

Several transplanting are made to develop the root systems of the trees to combat long dry periods. Trees are watered from a dam by gravity flow. Once each week 100,000 gallons of water is turned into a system of canals.

Experiments also are being carried on in other branches of nursery work. During the grasshopper infestation, various poisons were made up and used experimentally.

The College has access to the nursery stock in developing its campus.

Judge W. T. Link and family returned home Monday from a three weeks outing in the Northwest, including a tour of California. The Judge reports a splendid trip, of many interesting sights, plenty of fruit to eat and intimated that he could have found something to drink, had he chosen to do so.

D. W. Turner, Marvin Hall and Enloe Crisp, prominent farmers of the Alanreed community transacted business here Tuesday.

Elevator Man Says Wheat Crop Spotted

Spending the week end at home, Tom F. Connally gave quite a bit of information relative to the large crop of wheat predicted some time back. Mr. Connally buys for his string of elevators in and near Sunray. He says dry weather, hoppers and sand blown fields have each contributed to a spotted yield, and that the crop as a whole will fall far short of the amount predicted by the federal government some time ago.

Bumper Wheat Crop Loadings Come Up Short

The Santa Fe Railway System carloadings for the week ending July 16, were 25,243, compared with 28,139 cars for the same week last year. Received from connections were 4,637 cars, compared with 5,757 in same week last year. Total cars moved were 29,880, compared with 33,896 for the same week 1937. The Santa Fe handled a total of 29,963 cars during preceding week of this year.
