## Youth Sponsor Parents Day Out

The Youth Ministry and Adult Sponsors of First Baptist Church, Clarendon, will be having a "Parents Day Out" on Saturday, December 1st. ## Hollar Named to Who's Who's

Minde Hollar, seventeen year old daughter of Burl and Carlene Hollar of Clarendon, has once again been named to the latest edition of Who's Who Among American High School Students.

Minde's biography will be published in their yearbook, presented each year to honor students who achieve this honor.

While only five percent of our nation's high school students are included in Who's Who each year, less than one half of one percent are honored for two or more years.

ELIZABETH McANEAR, daughter of Ronnie and Melinda McAnear, was recently honored at the District I 4-H Gold Star Banquet in Amarillo.

## Preview of Coming Events

### Colt Season Scheduled

The Clarendon Colt teams will begin their basketball season, November 26, 1990, in the local gym against Panhandle. Game time is 4:00 p.m. Let's all try to come and support our local teams.

### Late News On Museum Benefit Party

Further developments in plans for the Museum party are as follows: Music for the dance will be furnished by "Country Fever", always a popular group with local party-goers. Also, the meal to be served at intermission will be another favorite, lasagne.

As reported previously, appetizers will be provided at the museum from 7:00 to 8:15. Many changes have been taking place in the exhibits, so be sure and come out and see what is happening.

With a week and a half to go, ticket sales are ahead of this time last year. If you don't want to miss the party of the year, be sure to pick up your ticket at Henson's or contact any museum board member.

The party this year will be the evening of Saturday, December 1st.

KRISTA PERCIVAL

## Student Will Represent CHS

Krista Percival was selected to represent Clarendon High School at the HOBY Leadership Seminar. The seminars bring together the best of two worlds; high school sophomores with demonstrated leadership qualities, tomorrow's leaders, and today's leaders, a group of men and women who have distinguished themselves in business, education, government, the sciences, the arts, and the professions. Through intense but informal discussions, young people get a realistic look at their nation, its people and their role in the world community.

A question-and-answer, give-and-take format helps to teach these 10th graders, known as HOBY Ambassadors, to think for themselves. They learn that as individuals they are important and that their thoughts and actions can make a difference. Hoby motivates students by showing them that how to think can be just as important as what they think.

Krista is the daughter of Mrs. Viki Percival and is 15 years old. She is an outstanding student and has attended Gifted and Talented Seminars in past years. She is active in basketball, band, FTA, FHA, and cheerleading. Her favorite subject is history and she enjoys sharing feelings, opinions, and knowledge with others.

Stacy James was selected as the runner-up and will attend the Seminar should Krista not be able to attend. Stacy is the daughter of Mr. and Mrs. Buddy James.

In addition to the formal application which asked several questions, the participants were interviewed by a committee. The committee members were impressed by both Stacy and Krista and believe Clarendon High School will be well represented.

## Local Student Wins Scholarship

Regional students attending the fall High School Day at Oklahoma Christian University of Science and Arts were named winners of academic scholarships. Competitive examinations qualified students for the awards, which are good for the university freshman year and can be combined with academic scholarships.

Oklahoma Christian is a private liberal arts university beginning its 41st year of operation. The school offers more than 70 degree options and several pre-professional programs such as pre-law and pre-med. Current students represent 47 states, one territory, and 24 foreign countries.

Besides a full day of entertainment and sports activities scheduled for visiting high school students, scholarship competitions were conducted by 16 academic departments. Performance auditions were held for band, piano, vocal, debate, and theatre. Those winners will be announced at a later date.

Triva Denney, daughter of Mr. & Mrs. Gene Denney of Clarendon, was awarded an academic scholarship in the field of Education.

KRISTEN BERTRAND received the God and Family Award, Nov. 11, 1990, in the St. Mary's Catholic Church. Rev. Arnold J. Carlson presented the award to Kristen. She is pictured with her parents, Mr. and Mrs. Roy Bertrand.

**Aspirin: Many Forms and Many Uses**

Aspirin has been called the "miracle drug." Each year, tons of aspirin are consumed for the treatment and/or prevention of a variety of health conditions. It is reported that about 19 billion dosage units of aspirin are taken each year.

The best known use for aspirin is as a *pain reliever*. Aspirin acts at the pain site to prevent the local nerve endings from becoming sensitized to pain. As a *fever reducer*, aspirin adjusts the body's thermostat which is located in the brain. As an *inflammatory agent*, aspirin is useful in the relief of the inflammation associated with rheumatoid arthritis and osteoarthritis. Aspirin has been found to have a favorable effect on blood platelets. Studies have shown the *antiplatelet aggregation* action to be useful in preventing blockage of heart vessels following bypass surgery and in preventing certain types of strokes.

Aspirin is available in a number of dosage forms. *Plain uncoated tablets* have been sold for many years. *Coated tablets* are easier to swallow. *Buffered tablets* contain a special agent which helps tablets dissolve more quickly than regular tablets, producing less stomach irritation. *Enteric coated tablets* dissolve in the small intestine, decreasing stomach irritation. *Chewable and time-release aspirin tablets* also are available.

### Senior Citizens News

by Nova Neuhaus

Our Center was buzzing with activity last week. On Wednesday, Nov. 14th, the eight candidates for our Board of Directors election were here for lunch and were introduced to the congregating by President Doug Burgess. The Election was then held on Thursday and Friday, November 15 & 16th electing Onita Thomas, Jerry Chambliss, Hazel Guy, and Ruth Hancock to serve a 2 year term beginning Jan. 1, 1991. We want to welcome these folks aboard and are looking forward to working with them. I want to express my appreciation to all for the great interest and participation shown for this very important event. Thanks to volunteers, Carmen Wright & Jack Davidson serving as election registrars and Ann Bunyan, Carmen Wright and Ellie Wilkinson who tallied the ballots.

On Wednesday, Nov. 14th, I attended the Advisory Council meeting held at the Area Agency on Aging in Amarillo. Two important factors on the agenda was Medicaid Insurance and latest update on Medicare insurance for coming year presented by Dryden Insurance representative. Pat Kaiser, Resource Developer, gave an up-date on the activities of Yesterday's Children regarding the proposed theme park, fundraising and awareness activities.

On Thursday, Nov. 15th was our Thanksgiving Dinner day. We had a big crowd to come enjoy it. I especially was to commend our cooks and staff who jumped in to

help with all the extra preparation that goes into a special meal as well as the extra time they so cheerfully donated. They in turn wish to say "Thanks" to all for the lovely token of appreciation that was presented to them by the congregation after the meal.

The Golden Spread Hearing Aid Clinic was here at the Center also on Thursday, Nov. 15th, and I appreciated Larry Hicks allowing us the use of the nice room in the Housing Authority office for the Hearing Clinic. The accommodations were excellent for the Clinic.

Friday evening Nov. 16th the Senior Citizens Dance Club took a van load of dancers to the Amarillo Senior Citizens Dance in Amarillo and stopped and ate breakfast at Denney's on the way back home. Sounds like they had a fun evening.

Hats off and a big Thanks to our local Boy Scouts Troop #433 for their energy and willingness to make it possible for us to have our warehouse across the street painted. They have been spending a Saturday or two tediously scraping off the old paint to prepare it for a future paint job. James Thomas, Scout Leader and Paul Bivens, Assistant Leader, cheerfully assisted Scouts: Robert Bertrand, Jason Lee, Scott and Stephen Bivens and Lewis Ellerbrook with this project. We truly appreciate their efforts and community spirit. Larry Hicks has volunteered his time and equipment to apply the paint as soon as we can secure some.

Reminder: The Center will be Closed for Thanksgiving Day Holidays, Thursday and Friday, 22nd & 23rd.

### Home Tax Laws Change

Homeowners 65 or older may now pay the taxes on their current homesteads in four installments. Most elderly homeowners received their home tax bills this month.

Leon Willhite, executive director of the State Property Tax Board, explained the purpose of the new installment payment option authorized by state law beginning this September.

"In past years, older homeowners had to pay their entire home tax bill before the normal February 1 delinquency date or pay a penalty and interest on the unpaid amount. This was a hardship for many elderly homeowners with fixed incomes," Willhite said. "This new provision gives them the option of spreading out that payment," he said.

To set up installment payments, 65-or-older homeowners must pay at least one-fourth of their 1990 residence homestead taxes before the February 1 delinquency date. Then, three equal installments are due before April 1, June 1, and August 1.

If all installments are paid on time, homeowners will not be charged penalty or interest for late payment, Willhite said. However, those who fail to pay an installment on time must pay penalty and interest on that installment.

Homeowners 65 or over who are interested in arranging installments need to contact the tax collection office for each taxing unit -- county, city, school, or special district -- at the address on their tax bills.

This new provision does not apply to any past home taxes already delinquent or other types of property.

## Hedley News

Rev. Rob Lackey resigned as pastor of First Baptist Church Sunday morning, having accepted the pastorate of First Baptist Church, Quitaque. Bro. Lackey will assume his duties at the Quitaque church December 9. The church and community regret losing the Lackeys, but wish them well in their new ministry.

Hedley Junior High basketball teams played Claude here in Hedley on Monday evening, November 12. The girls lost by only three points after a big comeback. The score was Claude 17, Hedley 14. Mandi White was the high-scoring individual with thirteen points.

The boys lost by a score of 38-19. Chris Bentsen led the team in scoring with nineteen points. Both teams were to play Samnorwood there this Monday, the nineteenth. We'll have the results in next week's column.

LaMoss Lambert broke her foot in two places last week, and is having to hobble along on a cast. She is hoping to avoid later surgery

on the foot. We wish her a speedy and painless recovery.

Pat and Don Doak from Cleburne visited Pat's parents, Mr. and Mrs. Edgel Tisdale, recently.

Roy Brown was admitted to Hall County Hospital on Saturday, and was expected to be there for three or four days. Roy and Juanita celebrated their fifty-third wedding anniversary on Wednesday the fourteenth. A beautiful peach-and-white cake and flowers added to the enjoyment of the day. Five of their children were able to visit over a two-day period. We extend congratulations to the Browns, and best wishes for Roy's recovery.

The Hedley FFA Quiz Team competed in the Area I Leadership Contests at Clarendon College on Saturday, November 17. The team, consisting of David Neeley, Angie Longan, Isabel Ramirez, and Tiffany Wilkinson, placed fourth in a field of twelve teams. "They performed very well, and we here at Hedley High School are very proud of their effort," Chapter Advisor Glenn Boyd said. The Greenbelt FFA Banquet will be held December 3 at Clarendon College. Everyone is invited.

Freedom Garrison and Amanda Ward were first place winners in the 4-H nutrition contests held at Clarendon Saturday. They will travel to Dalhart this weekend to compete in the district contest. Freedom won with her cheese bread in the Junior bread-and-cereals category. Amanda won in the Senior category.

S. J. Johnson, Sr., recently attended classes at Amarillo Bi-City-County Health Department and received a certificate of registration as required by Article 4477-7E, Vernon's Civil Statutes, as an installer of on-site sewerage facilities.

Visiting Opal Murray this week were her daughter Pat Day, granddaughter Debbie Venegas, and great-granddaughter Julia Venegas, all of Lubbock.

Approximately ninety persons attended the Community Thanksgiving Service, held at seven Sunday evening in the Senior Citizens Center. All three of Hedley's churches were well represented.

Laquita and Pick Cox's daughter Lucy attended the community service. Lucy and her husband Joe have just returned from a

mission trip to Haiti, and are planning another such trip in February. Lucy and Joe live in Amarillo.

Fred Watt has been quite ill in an Amarillo hospital. No details were available as our press deadline approached.

Twenty-six persons enjoyed an early Thanksgiving get-together in the home of Mack and Judy Garrison recently; twenty-three were present for lunch. Those present were Jim and Cheryl Adams; Robert and Letha Adams; Mary and Lori Howard; Leola and Corrie Gilmore; Mitchell, Paula, and Ananias Garrison; Wayne Hopper; Samantha Mincie; Kristy Helms; Che Shadle; and Linda Bowling, all of Clarendon. Also, Les and Bernita Adams of Canyon; Jimmie and Wanda Adams from Pampa; and Mack, Judy, Freedom, Promise, and Stormie Garrison from Hedley.

This, we must all concur, is one of the most tragic of our national sins. We Americans have lost the ability to be thankful to each other and especially to the true God above.

What do you think would happen if one morning you walked through a check-out counter at a store or walked up to a bank teller at your local bank and looked them in the eye and told them that you really appreciated them and were very thankful for them and their dedication to their jobs? They would probably faint, dead away!

Paul demanded in Romans 1:20 that no one has an excuse to ignore God and further states in verses 21-22: "Because that, when they knew God, they glorified Him not as God, neither were THANKFUL; but became vain in their imaginations, and their foolish heart was darkened. Professing themselves to be wise, they became fools..." Sounds like the good ole U.S. of A.

We have an awesome tendency to drum out the King Kong rhythm on our chests and shout, "Look what I've done! I'm a magnificent creature!" All without realizing that the borrowed breath that just expanded our lungs was delivered to us, free of charge, by the CREATOR.

The most marvelous thing happens when God turns a man's heart from stone to flesh. He comes to life in many different fashions. And one of these is a thankful attitude.

Of all people on this shrinking planet we Americans should be the most thankful. And of all Americans, Christians should be the most thankful of all. But the contrary is most often the norm.

King David wrote these wonderful words in Psalms 116:7-8 and 17, "Return unto thy rest, O my soul; for the Lord hath dealt bountifully with thee. For thou hast delivered my soul from death, mine eyes from tears, and my feet from falling...I will offer to thee the sacrifice of thanksgiving, and will call upon the name of the Lord."

When we realize that we are nothing and can do nothing apart from the Lord of our Salvation, then we will truly have the power of positive thanking.

## The Power of Positive Thanking

by Perry Mack Garrison

Doesn't it just scald your scalp when someone takes something you've given them or done for them for granted. Does this sound familiar: "Well...at least they could have said, 'thank you' for all I've done!"?

Wow! What a cheap price to pay, to just say "thanks". I wonder why we always need a "thank you" instead of demanding... PAYMENT!!! Or compensation of some sort? Wouldn't it be nice to pull into a filling-station, fill your car, put in a quart of oil, put a gallon of antifreeze in the trunk, and get drinks and just walk up to cashier and say, "Thanks so much. See you next time." Then have the attendant say, "You bet, anything you need, you just help yourself, but remember to say 'thank you'." What a wild world it would be!

But like, "please," "excuse me," or "I'm sorry," "thank you" is just a cheap phrase used to kill or calm a situation. It's hardly used, and when used, is almost never meant.

**4-H Dog Classes**

Bob and Vera Lee Andis are once again volunteering their expertise in the area of dog care and training to the 4-H. The K-9 Korp Dog Classes will be registering for the upcoming year on Wednesday, November 28th at 7:00 p.m., in the Clarendon Community Center. This is one of the most exciting projects we have in Donley County. The project has dwindled in numbers over the past couple of years. 1990 should be the year that we thrive once more.

Dog classes are held weekly on Wednesday nights with the exception of holidays. Classes begin at 7:00 p.m., and last only one hour. It matters not what type of dog you own—young, old, small, large—all are suitable for this project.

Items that you need to bring on registration night are: a dog, choke collar, and six foot lead. You should also bring one parent with you. There are releases that must be signed and it is a good idea for your parents to know what you will be learning. Adults are also welcome to take the class, for a small charge (to be donated to the K-9 Korp).

If you are interested, please call the Extension office at 874-2141 or Melinda McAnear at 874-2377.

Dear Neighbor:

You may have noticed that something was different at the local Ford-Lincoln-Mercury Dealership the last time you were in Pampa. We'd like to make you aware of some of the changes that have taken place at Pampa Ford-Lincoln-Mercury since the last time you visited the dealership. First of all, we'd like to tell you about the new ownership. We're Val Cervantes and Larry Houston, and we've recently assumed ownership of the dealership. Both of us returned to the area from Wichita Falls, Texas, and have over 30 years of automotive experience between us. We realize that customer service is vital to both the success of our dealership and your satisfaction. Therefore, we have committed to provide only the best in Ford products and service at a price you can afford. Our door is always open and we encourage you to let us know how we can serve you automotive needs.

We've also changed our name to Gray County Ford-Lincoln-Mercury because not only have we committed to provide Pampa with the best in Ford products and service, we also wanted to let you know that we have made the same commitment to the entire region. We want to provide you with the quality service that you deserve.

However, this attitude isn't just with the new owners. All of the employees at Gray County Ford-Lincoln-Mercury have made the commitment to provide the region with the best possible customer satisfaction in both sales and service. Our employees truly care about your needs and will do everything possible to ensure that you are a satisfied customer.

If you presently own a vehicle that you purchased from us, please let us know if there is anything we can do for you. If you own a Ford product that you purchased from another dealership, we want you to know that we will honor all Ford Motor Company warranties and will provide you service with the same commitment as if you had bought your vehicle from us. We also realize that our out of town customers may have to make a special trip to see us. That's why, if you prefer, you may call ahead at 665-8404 to let us know that you're coming and we'll reserve a service time for you.

So the next time you're in Pampa to have your vehicle serviced, or even if it's just to shop or visit friends, come by the dealership to meet the new owners and the employees. We look forward to getting to know you.

Sincerely,

**Val Cervantes President**

BRANDENBURG GATE

## Germany Visited

by Lura Helms

As a lot of you know we recently visited our daughter Karen, her husband Tim, and their children Elizabeth and Jesse. Tim is a Corporal in the U.S. Army and is attached to Echo 320th Field Artillery Division of the Berlin Brigade, Berlin Germany. They have been there for almost two years. They will be home in April 1992.

When they first went over, we resigned ourselves to the fact that we wouldn't see them for three years. Then last Christmas we learned that we would have a new grandchild in late September of this year. We decided in August that we couldn't wait almost a year to see this new addition to our family. Our grandson was born on September 3rd and we left for Berlin on September 19th. We had a wonderful visit with our children and saw the city of Berlin. We attended the October Fest, went to the Zoo, saw what is left of the wall, visited the Reichstag, and went shopping. We saw many other monuments, etc., but the most touching was the area known as "Death Strip". There were actually two walls between which guard towers were placed every

hundred meters, it is said that the ground between the two walls was laced with land mines, and that there were areas where next to the eastern wall six foot wide steel grids fitted with 6" steel spikes placed at 3" intervals next to the 10 foot wall above which were several rows of barbed wire, thus the name "Death Strip" without fear but rather with a sense of sorrow for all those who died trying to reach freedom. The wall itself is almost all gone now but there was a strip of it left near Karen and Tim's apartment. It's more like a big greeting card now. There are messages from all over the world of joy that the wall is down. We added our own greetings to the rest and brought back a few pieces as keepsakes.

The best part for us was just seeing the kids. While we were there it was hard to realize where we were. Seeing Brandenburg Gate for real after seeing it so many times on television gave me a feeling of both joy that it is open now, and sadness that it's beauty and grandeur had been a forbidden barrier to so many people for so long. East German street vendors were gathered along the street, selling Soviet flags, military hats, uniforms, and uniforms insignia and pieces of the "Wall". I even did some horse trading with one of the vendors for a set of Russian stack dolls. I believe I got a bargain but who knows.

Everywhere we went we were impressed by the cleanliness of Berlin, which is a city of 1.3 million people. There was no litter, everything was very neat and well ordered. There were many beautiful parks and flowers bloomed everywhere. Almost all of the buildings have windowboxes full of flowers and there were even trees growing on the tops of some of the downtown buildings. The "Autobahn" was wonderful. There are no speed limits, but the lanes on the far left are for the fastest cars. The Germans seem to love to drive and they do drive fast. One of my favorite things were the little "Imbiss" stands which were on almost every streetcorner, where we bought bratwurst on a bun and pommis frits (footlong german sausage dogs and french fries) which were served with hot mustard for the sausage and mayonnaise or curry sauce for the fries. We didn't go out and eat at restaurants while we were there because our daughter is a fantastic cook and we hadn't had her cooking for such a long time.

It didn't take long for Tim's buddies on base to find out what a good cook she is either. The first time Tim had to go out on field exercise after Karen arrived in Berlin, she fried him a chicken and packed it for him to eat on the train. The aroma attracted a lot of hungry mouths and Tim didn't set much chicken. The next time he told her to fry up some extra wings and he would give those away but that didn't work too well either. Then the week just prior to the next field exercise Karen began getting calls asked her to fry chicken. The day Tim's bunch left for the field she fried eighteen chickens and even

did special requests for some "Hot and Spicy" orders.

These Kids are far away from home and yet they have managed to make a home for themselves and their children. They have several close friends which for them is much like family. They all help each other and have fun at the same time. After seeing where they live and meeting their friends I felt much better about them being so far from us. I try to send them as much of home as I can. About once a month we put a package together of Clarendon Press and Amarillo newspapers, video tapes of what they call normal television including commercials and local news and things they miss eating, like Tascosa Hot Sauce and chips.

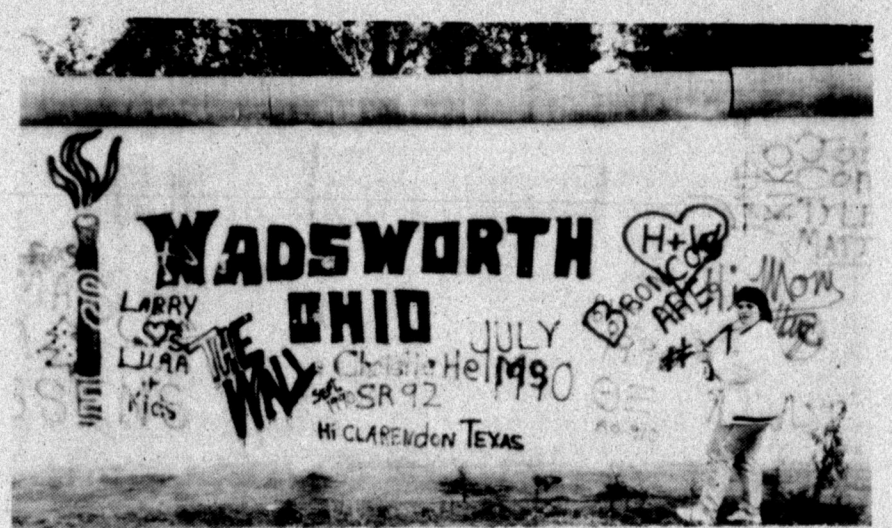

I think of them everyday and pray for their safe return as well as the safe return of all America's children on foreign soil.

### Keep Thanksgiving Safe From Uninvited Guests

A favorite Thanksgiving food also is an ideal breeding ground for bacteria that cause food-borne illness.

Stuffing cooked with turkey or chicken is a traditional dish for many families during the holidays. It's also a food more likely to cause food sickness if not prepared, cooked or stored properly, according to Dr. Al Wagner, food technologist with the Texas Agricultural Extension Service.

Food-borne illness may seem a mere annoyance to some, but it can cause serious problems. The Food and Drug Administration reports that food contamination can lead to arthritis, kidney damage, heart problems and in rare cases, death.

"This illness can cause the strongest athlete to double over in pain from stomach cramps, diarrhea, vomiting and dehydration," Wagner said. "An estimated 24 to 81 million cases of food illness occur each year in the United States, costing \$5 billion to \$17 billion in medical care and lost productivity."

Whether you plan to make stuffing from scratch or out of a box, cook it immediately after mixing it--separately from the meat, advises Dr. Bethann Witcher, Extension Nutritionist.

"If you cook the turkey in advance, remove the meat from the bones right after cooking and refrigerate or freeze it," she said. "If food is contaminated and held at room temperature too long, bacteria may produce a harmful toxin, Staphylococcus aureus, that cannot be destroyed by cooking."

Other holiday trimmings such as broth and gravy spoil easily and should be refrigerated quickly after cooking, she said. Always serve these foods hot and do not store them more than two days.

"Cream pies and cream puffs are often involved in food illness," Witcher said. "Since cream pies and cream-filled pastries get soggy if refrigerated too long, wait to fill them as close to serving time as possible, but do not allow them to sit at room temperature too long."

Foods that require hand preparation such as ham sandwiches, potato salads and chicken salads also need special care, she said. Serve the type of sandwiches that can be frozen and thawed as needed. Try freezing cubes of chicken to use in salads. Cubes will thaw as the salad stands, keeping it as cold as possible.

"Don't let huge quantities of leftovers fill your refrigerator for days," Witcher said. "Plan in advance how to use remaining foods and freeze the rest."

A few simple precautions in food handling can prevent happy holidays from becoming miserable ones. Following these tips, known as the "Four C's" to prevent food illness:

\*Clean your hands, utensils, equipment, working surfaces and also foods that require washing.

\*Cook foods until their temperatures reach at least 140 degrees Fahrenheit and maintain foods above that temperature when serving.

\*Chill foods immediately after purchasing and after serving. Maintain at a temperature of less than 40 degrees F; keep refrigerators set between 32 and 40 degrees, freezers at 0 degrees.

\*Keep raw foods and any equipment used to prepare raw foods away from cooked and ready-to-eat foods to avoid cross-contamination from bacteria.

**Polis Club Holds Party**

By Roger Estlack

The Clarendon College Polis Club held its annual fall party November 15, 1990, at the home of Gaye and Michael Tibbets with fifty percent of the membership in attendance.

The delicious lasagna meal was prepared by club president Terri Hull with the assistance of secretary Connie Brandenberger and Mrs. Tibbets. It should be noted that Mr. Tibbets consumed approximately two pounds of the main course and numerous homemade brownies for dessert.

Upon the suggestion of vice-president Brian Klein, the club made its nominations for the Awards Night ceremonies to be held on December 6. The club topped off its party by watching a movie.

A big "thank you" goes to Mr. and Mrs. Tibbets for letting us have our party in their home. We really appreciate it.

**WTSU Chapter of Alpha Chi Inducts New Members**

Eight-five members of West Texas State University's Junior and Senior classes were inducted into the Texas Zeta Chapter of Alpha Chi, a national honor scholarship society, during a special ceremony on Thursday, Nov. 8.

Membership in Alpha Chi is by invitation only and is limited to students who have a grade point average of 3.50 or higher (on a 4.0 scale) and rank in the top 10 percent of their respective class.

Judy McCully, senior psychology/social work major from Clarendon, was one of eighty-five inducted.

There are 271 chapters of Alpha Chi across the nation. The Texas Zeta Chapter at West Texas State University is the sixth oldest and traces its origins to the year 1923.

WTSU chapter sponsors are Dr. Peter L. Petersen, professor of history; Dr. Mary Ann Petry, associate professor of art; and Dr. Duane Rosa, assistant professor of economics.
