MEMBER OF PANHANDLE PRESS ASSOCIATION

THE RIGHT OF EVERY TAXPAYER.

Every taxpayer has a right to know that for every dollar taken from him in the form of taxes, a full dollar's worth of service is rendered.

He has a right to demand that all public employees be chosen for fitness, training and ability and not because of favoritism, political influence or relationship; and that for every day's work paid for a full honest day's work be done.

He has a right to require that all public expenditures are carefully planned and budgeted in detail and that all payments remain strictly within the budget, and that independent audits certify to the legality and correctness of payments made.

He has a right to insist that all purchases be carefully planned, and bought on open, competitive bidding and that no unnecessary purchases are made.

He has a right to know that every building erected and every capital improvement made grows out of a recognized need and that he be carefully informed as to all pertinent facts and conditions thereto pertaining.

He has a right to demand that all assessments be fair and comparable; that the assessments be made on sound, scientific principles and that assessment favoritism cease.

He has a right to a "living tax rate"—one within his ability to pay and such that his industry and thrift be not penalized and the fruits of his labors confiscated or destroyed.

In short, he has a right to efficient government, with a tax rate within his ability to pay. It is the privilege -- aye -- the duty -- of every taxpayer to see that these rights are secured.

He has a right to know that all tax levies, no matter where laid, must be paid out of earnings and that if the rate is excessive, industry is crippled, the working man is overburdened and society as a whole must suffer.

He must understand that if excessive taxes are levied, public officials and their faithful political followers will absorb the increase without rendering additional service.—Kerrville Mountain Sun.

TEMPLE OF TRUTH
By the Apostle

The political bulletin board of Texas fails to show many promises being made in exchange for votes. A great many voters will be interested in knowing how the 'runners' stood on these various matters "before" they had any idea of running. There is not much dependence to be put in a fellow who gets political religion at the 11th hour.

Poke Jarroll over at Chetah knows of a candidate who claims that he will get taxes lowered if he is elected. The candidate had never thought of the idea before until he wanted an office. In fact he had never paid any taxes himself and paid no attention to the things that did not worry him. It was when he traded for a second hand flivver and had to pay a license tax that he started to squall about taxes.

An antique is anything that your grandmother wanted to throw away because it was out of style.

Hogjaw is the only burg in west Texas on a boom. They have laid out a new cemetery.

The Eyes Have It!

Some of our novelists seem not to care what they do with their characters' eyes. For instance: "Her eyes roamed carelessly 'round the room." "With her eyes she riveted him to the spot." "He tore his eyes from her face and they fell on the letter at her feet." "Their eyes met for a long, breathless moment, and swam together." "Marjory would often take her eyes from the deck and cast them far out to sea."

Believe it or not, but GW has a snow white Persian cat that likes to play in the water. She asks to be let out in the rain and romps about in the mudpuddles. You don't have to believe this, but call 455 and ask GW. Then I know you will have to believe it, or at least let on that you do. A cat taking a bath in the bath tub is a peculiar sight.

Age Isn't Years

Never mind how many wrinkles Father Time has painted in your face. Never mind how many gray hairs he has put in your head. The important thing isn't how old you are on the outside, but how old you are on the inside. A man's real age is determined by the youthfulness of his spirit.

At the age of 85, Dan Beard, one of the founders of the Boy Scouts of America, is still active in the work. Benjamin Franklin helped write the American Constitution at 80. A man over eighty years of age recently rode a bicycle from California to Detroit. Justice Holmes wrote important Supreme Court decisions after he was 90. Tintoretto painted his famous "Paradise", a canvas 74 by 30 feet, when he was 74. Goethe completed "Faust" at eighty. And we've just read about a man who was arrested

ed for speeding at the age of eighty-three.

As long as we are alert and vital in spirit we are not old. As long as we are joyously looking forward and enthusiastically starting new things we are still young.

A preacher brings in scriptural references showing that the word "preacher" occurs 129 times in the Bible. The barber defender of last week will please take note, come in and get the references and the preacher's name and the two may fight it out. The Apostle is off the subject.

The old west still lives in the Silverton country. Prairie dogs are numerous in places. It reminds one of covered wagon days when the odor of the chuckbox made traveling a pleasure and camping a delight despite any handicaps.

Are We Coming To This?

And the Texas Mohair Weekly dug up this lament on the futility of dial-spinning from a small Nebraska paper. "Suppose," the editor supposed, "editors wrote news like radio commentators do. It would read like this:

This is F. D. Stone, editor and publisher of the Hartington Herald Hartington, Neb., speaking to a coast-to-coast family of readers. The time is now exactly 41 minutes and three seconds past 10 o'clock, central standard time. This is the fiftieth edition of the fifty-fourth volume of the Hartington Herald, published at Hartington, Neb., Thursday, Sept. 16, 1937, A. D.

Printed on 70-pound newsprint from linotype slugs, made up in columns 12 ems wide, eight columns to the page. There are eight pages in this issue. Lafe Fiscus feeding the press.

The press is a two-revolution table distribution, front delivery, manufactured by the Campbell Printing Press and Manufacturing Company, New York and Chicago. It is operated by a 5 h.p. electric motor and consumes four kilowatts of electric energy per hour.

The publishers, F. D. and S. E. Stone of Hartington, Neb., wish to present the other members of the staff who have worked on this edition: F. D. Stone, the brilliant editor; Mrs. F. D. Stone, his equally brilliant wife, who writes and solicits advertising; Dudley Stone, expert sports writer, linotype operator and ad and job man; Elizabeth Stone, versatile writer and solicitor; Viola Puntney, ace reporter, writer and proofreader; Florence Farrand, that well-known speedy little operator and fashion editor; Lafe Fiscus, competent printer and pressman, and David Jones, our capable apprentice.

Each and every one an artist in his or her line.

And remember, folks, it is your subscriptions that have made this fine edition possible, which has come to you through the facilities of the United States mails.

Don't fail to read the Herald at this same time next week and get all the latest news.

You have just been reading an announcement by F. D. Stone, editor and publisher of the Hartington Herald, Hartington, Neb.

It took grandpa and grandma longer to make up their minds to get married than it does their grandchildren, but in those days Reno wasn't the biggest little city in the world.—Phoenix Arizona Republic.

Some of the newer automobiles are equipped with illuminated vanity mirrors so women can see to put on the make-up. It might be possible to connect the powder puff with a windshield wiper to make the whole process automatic. —Cleveland Plain Dealer.

GARDEN GLANCES

"America beautiful lies in the hands of the gardeners." The beauty spots of last week have been slightly marred by the cold, but a number of the lilac hedges and shrubs of the late variety are still quite lovely.

Some of the salt cedars are attempting to rival the red buds by their feathery pink plumage. There is one in Mrs. Joe Goldston's backyard that is a mass of delicate pink.

For several years quite a few of our lawns have been using evergreens in their landscape architectural plans. This spring evergreens have been used quite extensively, as they add beauty to the lawns that remains all year.

The Patrick and Wiley Morris lawns have many native cedars. Mrs. W. H. Cooke's lawn displays careful landscaping, and the Meredith Gentry place features a large pine and various smaller evergreens that add to its attractiveness.

There are so many lawns that have been re-landscaped this spring that it is worth one's time to go on a lawn sight seeing drive. While viewing them don't neglect to notice the carefully kept privet hedges at the homes of Homer Mulkey, Fred Chamberlain, and Mrs. R. A. Chamberlain. Also observe how spring has spread her verdant carpet of clover with intermingled white blossoms over the Ben Andis lawn. If you will see these spots mentioned and numerous others that you will pass in making the pilgrimage suggested, you will feel fully repaid for your time.

Mrs. Landreth had as her guest, Tuesday, Mrs. W. C. Dickey of Memphis.

Hard work and worthwhile things shall always offer merit.

We mention, partially as proof of the above statement, and partially because we are proud of our achievements, two trophies in basketball, seven blue ribbons, five

reds and three whites in track and field; ten blue ribbons, six reds and two whites in literary events; four places to district meet and junior tennis and play ground ball still ahead.

If we seem to boast, we ask your forgiveness. What we are really trying to do is to impress upon your minds our theory that if a thing is worth trying it is worth doing.

INSIDE AND OUT!

Mud and dust serve to destroy your car, both inside and outside. Bring your car to us and see the right kind of cleaning job put on your car. We clean the inside and the chassis as well as the outside of the body and don't forget, we give registered lubrication.

LAST EDITION!

With only seven more weeks to go we feel that all our time will be taken in study, school plays, picnics, and the general spring rush. We are sincerely grateful to our newspaper men who have so kindly given us space and helped us in bettering our work, and to all who have read and enjoyed to any degree our efforts to inform and entertain.

We are well satisfied with ourselves in every way. Not because we have reached perfection, far from it, nor because we feel that others could not have done better; only because, according to our pledge, we have given all that we have to everything attempted, and we have attempted nothing that we deemed not worthwhile.

Society

The 8th and 9th grade English club entertained with a party at the school house last Friday night. The party was mostly made up of a scavenger hunt which everyone enjoyed. Those present were Mr. LuMcClellan, Mr. and Mrs. Hartzog, Kittie Ruth and Helen Baley, Fern, Freeman and Fred Helton, Juanita Wilkerson, Pauline Mays, Billie Ruth Bulman, Christine and Ray Pittman, Melba and Lee Christie, L. B. Hartzog, Josie Davis Wanda Lee Stapp, Billie Ray Marshall, Ralph and Pete Morrow, Jr. Hartzog, Robert Graham, John Dale Gray and Ann eJan Smoke of New Mexico.

Sport

The track meet finally held, and the boys came back very proud of the ribbons they had won. We are practicing baseball pretty heavy now, and we hope to win the baseball meet at Clarendon. The boys have also been practicing tennis at noon hour. We have some pretty good double teams matched to enter in the meet.

The girls are also working on play ground ball and some are working on tennis which they expect to enter.

CHURCH OF CHRIST

H. V. Crumley—Minister.
 "The Mission of the church," will be the sermon subject for this Lord Day. What is its mission? Certainly it is not to entertain, to

sponsor pie suppers, and such like; not to sponsor any other institution other than itself; what then is its mission? Hear this discussed next Sunday, and then remember when the Church fails to perform its mission it no longer has the right to exist.

AT FIRST METHODIST CHURCH

E. D. Landreth, pastor
 The Church School Day Program announced for April 3, was postponed until April 10, next Sunday, in order to arrange for the presentation of the beautiful one act play on "The Home Life of Jesus." The program will start at 10:45 and finish at 11:30. We are expecting a great congregation for this program. 250 is the goal set for Sunday school attendance on that day. There will be no preaching. The evening services will not be held as the pastor is away leading in a revival at Seymour, Texas. You will find a great inspiration if you attend with us next Sunday morning.

Jean Hersholt Is Favorite 'Father' of All Moviegoers

There is something about Jean Hersholt which makes him the favorite "old-fashioned father" of all the movie fans of the world. He has a kindly, genial manner which pervades the scene even when such disconcerting young imps as the Dionne quintuplets are walking off with the picture. In his latest portrayal as Sonja Henie's Norwegian father in 20th Century-Fox's "Happy Landing," the show aglow with joy-laden wonder coming to the Pastime Theatre, April 13-14, Hersholt is at the epitome of his fatherliness. For between him and Miss Henie there is more than the roles of the picture to make them kin. Miss Henie is Norwegian and Hersholt is Danish—and it is this common racial harmony which enables both actress and actor to put a tone of true kinship into their portrayals of Scandinavian country folk.

Besides, Hersholt has been a thoroughly grounded actor since childhood. Born in Copenhagen, his parents Henry and Claire Hersholt were leading players in the Royal Theatre of Denmark. After achieving a Master of Arts degree at the Copenhagen Art School, where he was regarded as a great portrait painter-to-be, he became interested in the stage and turned to acting, first becoming a student actor at the Dagmar Theatre.

Following the completion of his stage apprenticeship, he went on the stage in Denmark and in Europe and spent the next 12 years as a prominent exponent of Ibsen, Strindberg and other Scandinavian dramatists.

J. Perry King, Pastor

There is Always Worship Fellowship :: Service

To feel perfectly at home and at ease, and at liberty is a good indication that ones relationship is mutual. Such relationship brings a great deal of happiness to individuals as well as to organizations. Everyone has a right to such feeling, and if we are in the will of God for our lives we will have a confidence, a poise, and a purposefulness which will make us want to be where we are wanted. One without experience can not speak with authority relative to other relationships, but one who knows intimately the feeling of churches toward people can say with assurance your church wants you in all of her services at all times. So when we are not in our church services, most of the time, it is because we do not want to be, and not because we are not wanted. If people knew how badly the church misses them, it seems that they would satisfy that hunger by wanting to be present. Be in your church service right along, regularly, and see how happy the relationship will be. Regular services Sunday morning and evening at the Baptist Church. We are always happy when you come.

Advice to AN Easter Bride AND Every West Texas Home Maker

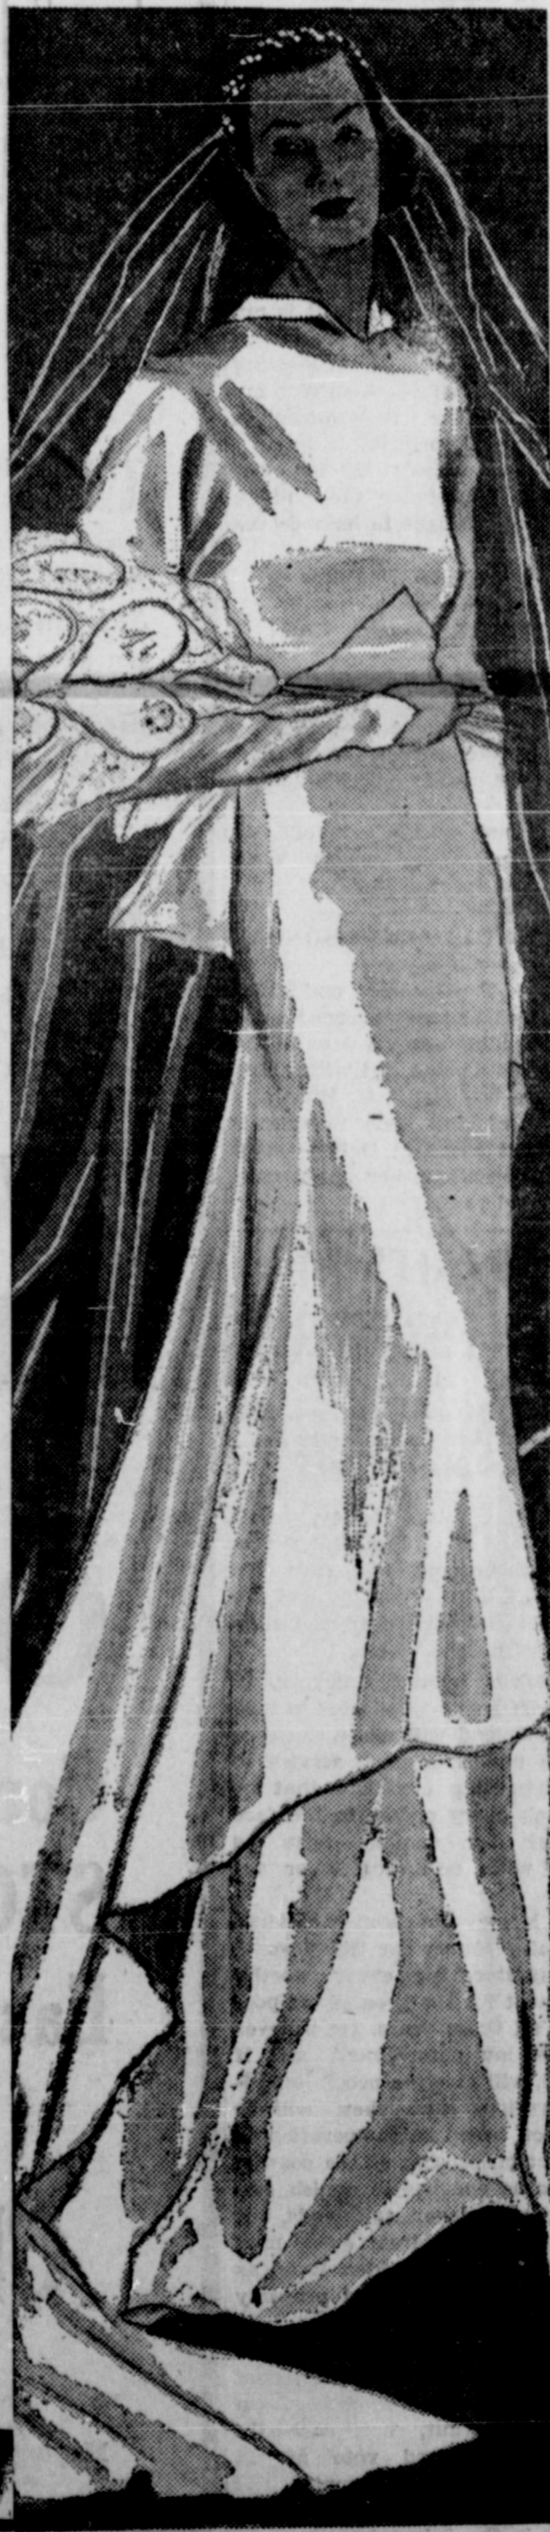

TO YOU WHO WILL BECOME 1938's SPRING BRIDES: You may be in a whirl of excitement over wedding plans, gifts and wishes for your happiness. Even so, we want to get our word in. Whether you're going to a small love-nest, an apartment or a mansion, whether you're going to do all your own work, or have one maid or a dozen, Electric Service is going to be a vital factor in the operation of your future home. There will be many electric appliances among your wedding gifts such as toasters, waffle irons, percolators, grills and lamps. They'll all be useful. But you still will have the problem of cookery, washing and ironing, and refrigeration. So we invite you to call on our Home Service Bureau to help solve this problem. Remember that we have special long-time terms for just such households as yours.

The modern electric range produces delicious cakes and tarts without the necessity of spending laborious hours in the kitchen.

TO BRIDES OF OTHER YEARS: The swing to Electric Cookery is definitely under way. Last year every fourth range purchased in the United States was electric. Every seventh home served by this company right here in West Texas NOW has Electric Cookery. Why? Because it's FAST, CLEAN, COOL, ECONOMICAL, EASIER, HEALTHFUL, SAFE, TIME-SAVING and MODERN. This delightful new type of cookery will meet with your approval.

Roll easily and quickly through your harvest with an Oliver Row Crop "70" pulling and driving an Oliver Grain Master Combine. It's just one more job in the busy year-around schedule of the "70", and as the lucky owner of the outfit you'll know the "70" has everything, does everything and is a beauty to operate as well as to look at. You'll discover its great economy, easy-handling and fast working speeds that get jobs done in a hurry at lowest cost.

Smooth, lively, 6-cylinder "70" power is ideal for operating small combines or similar power take-off jobs, and belt work such as driving a 22x36 thresher. The steady overlapping power of six cylinders means more effective delivered power for such work. Power take-off and belt pulley speeds depend directly on engine speed, and are independent of tractor travel. Finger-tip control of all operations, from the comfortable driver's seat, and automotive steering mean easier driving, time-saving operation. The Oliver Variable Speed Governor Control enables you to use only the fuel needed for the work.

Oliver builds the "70" in two fuel types for maximum fuel economy—the "70" HC with high compression engine for gasoline, and the "70" KD with engine designed for kerosene or distillate. Pick your fuel and your "70". Get modern low-cost tractor power. See us today about a demonstration.

Ranchers To Meet Here To Discuss Range Program

All ranchers in Donley County interested in the 1933 Federal range program are requested to meet at the County Judge's office in the court house here Tuesday afternoon, April 12, County Agent H. M. Breedlove announced today. The meeting will open at 2:30 Breedlove said.

Baker Files For County Judge Mon.

Resident of Panhandle Over Fifty Years, Twenty Spent In Donley County

"Being solicited by many of my friends to offer as a candidate for the office of county judge of Donley county, in this formal announcement, I want to state without equivocation, that I favor the enforcement of all laws. But most important of all, we need a courageous ABOUT-FACE in our real-estate levies, and expenses must be cut so that valuations and the tax rate can be slashed. All of which is now choking home and farm ownership and causing many of our good citizens to lose their homes.

With the help of the incoming county commissioners, and the knowledge I have gained as supervisor of the State-Wide Tax Survey in Donley county, I will endeavor to equalize the tax to that end.

Having served this county as district clerk, I do not feel that I need any introduction to most of the voters of the county. It is my desire to see each voter in person. I take this means of requesting your consideration. I submit my candidacy to the voters subject to the democratic primary in July.

This is my motto: Do not raise the taxes to balance the budget, but cut the budget to balance the taxes."

A. H. Baker

OLD AGE CHECKS GAIN

One hundred and ninety-five Old Age Assistance checks were received in Donley County for a total of \$3,088, it was revealed from records in the county clerk's office yesterday.

The figure was a gain of \$68 over the preceding month when 193 checks totaled \$3,038.

RETURN TO DALLAS MONDAY

Mrs. S. T. Spencer and Miss Mary Spencer have returned home after spending several days in the Nathan Cox home and with Mrs. Spencer's brother, J. H. Hurn and Mrs. Hurn. Miss Mary Spencer is a talented nurse in Dallas where she has practiced her profession for several years.

MILT MOSLEY TO RUN FOR SHERIFF

Former Official Makes His Formal Announcement As Third Man In Race

M. W. (Milt) Mosley, well known farmer of the Hedley section, has entered the race for sheriff of Donley county, and the Leader is authorized to place his name before the voters.

Mr. Mosley served Donley county as sheriff and tax-collector in 1929 and 1930, and will make the race on the record of good service to the citizenship confident that he can look every citizen in the face and ask for another term as sheriff with no apologies or regrets.

Mr. Mosley has been a resident of Donley county for thirty years and has stood for every worthy movement for the good of the people in all those years. He believes in strict law enforcement and if elected, will give the people an administration that they will be proud of, based on co-operation of the best citizenship of the county. He has no enemies to punish, nor will he offer favors to friends, but will endeavor to treat every man according to the Golden Rule, as he protects the life and property of all citizens alike.

Mr. Mosley says he will try to see the voters and make a personal solicitation of support as his farm work will permit, but earnestly asks the favor and vote of all voters throughout the county. He will appreciate your consideration in the July primary.

Turkey Wildcat Well Strikes Small Oil Showing

The wildcat oil test less than a mile west of Turkey had drilled through the salt bed and topped the gray lime Sunday when visited by Chas. Lowry, Roy McCraw and J. C. Estlack of Clarendon. The depth was around 1,400 feet. The English Production company is drilling and the contract calls for 4,000 feet if pay is not encountered at a lesser depth. The structures are showing high according to geologists' reports of that section. A slight oil showing was seen as the gray lime was entered.

PERSIAN CAT LOST

Has any one seen Alphabet?

That is the name of a white male Persian cat that strayed from the home of Dr. Oscar Jenkins recently. It was the pet of little Miss Margaret Jenkins. If you know anything about Alphabet, please call Margaret at 183-B and receive her lasting gratitude.

Mr. and Mrs. W. W. Noblet made a business trip to Oklahoma City Wednesday, and incidentally visit friends.

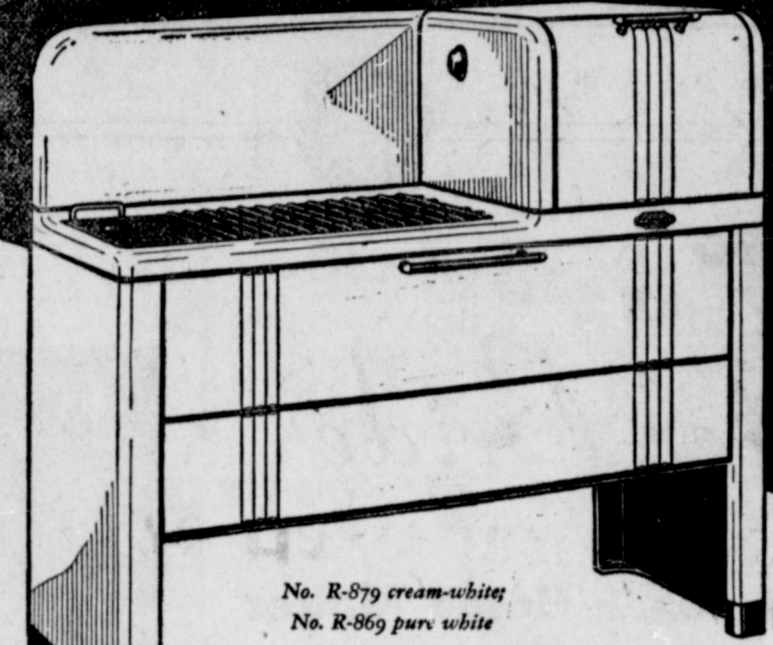

New County Agent To Be Here Monday, April 11

L. A. Hudson, graduate of Texas Technological College, Lubbock, has been appointed assistant county agent of Donley County and will assume his duties here about Monday, April 11, County Agent H. M. Breedlove said today.

Hudson will fill the position recently occupied by Claude Moore who recently moved to Camp County as assistant agent.

Mrs. O. W. Latson was visiting in Amarillo Monday.

Why an Oil Range - and WHY A PERFECTION

Consider These Advantages...

USED in a modern Perfection with High-Power burners, kerosene is an unequalled fuel for cooking, considering both performance and economy.

The fast, clean High-Power burners are noted for their positive and instant control. You can turn them up or down for any degree of heat desired, and you get it instantly, and constantly.

And for baking results, you just can't beat a Perfection with the "Live-Heat" oven. Ask the woman who owns one. She will tell you she never got as good results with an unvented oven.

For most homes, where natural gas at reasonable rates is not available, kerosene not only is the most desirable fuel but also

is by far the most economical. It gives you a feeling of independence. You can use your oil stove anywhere and move it anywhere. You don't have to depend on one source of fuel supply. You can get kerosene anywhere, and the cost is always low.

You'll enjoy many years of pleasing service with the beautiful porcelain enameled Perfection shown above, no matter where you may live or where you may move. And you'll be delighted with the elbow-high oven, making stooping and heavy lifting unnecessary. Choice of right or left hand oven. See also the other Perfection, with one to five burners—all of the High-Power type.

Liberal trade-in allowance for your old stove, and convenient terms.

We Have Just Received A STRAIGHT CARLOAD OF PERFECTION OIL RANGES
