**NOTICE OF PUBLIC HEARING ON TAX INCREASE**

The (Clarendon CISD) will hold a public hearing on a proposal to increase total tax revenues from properties on the tax roll in (1990) by (32.7) Thirty two and seven tenths percent. Your individual taxes may increase at a greater or lesser rate, or even decrease, depending on the change in the taxable value of your property in relation to the change in taxable value of all other property.

The public hearing will be held on (8/23/90 7:00 pm) at (Admin. Office).

FOR the proposal: Venita Sharrar, Fred Clifford, Jim Shadle and Phil Fletcher  
AGAINST the proposal: NONE  
PRESENT and not voting: NONE  
ABSENT: Susie Shields and Johnny Floyd

(Names of all members of the governing body, showing how each voted on the proposal to consider the tax increase and, if one or more were absent, indicating the absences.)

The statement above shows the percentage increase the proposed rate represents over the (effective) tax rate that the unit published on (Thursday 08/02/90). The following table compares taxes on an average home in this taxing unit last year to taxes proposed on the average home this year. Again, your individual taxes may be higher or lower, depending on the taxable value of your property.

|   | Last Year | This Year         |
|---|-----------|-------------------|
| Average home value  | 30,000.   | 30,000.           |
| General exemptions available (amount available on the average home, not including senior citizen's or disabled person's exemptions) | 5,000.    | 5,000.            |
| Average taxable value   | 25,000.   | 25,000.           |
| Tax rate  | .69217    | .91869 (proposed) |
| Tax   | 173.04    | 229.67 (proposed) |

Under this proposal taxes on the average home would (increase) by \$ (56.63) or (32.7) (Thirty two and seven tenths) percent compared with last year's taxes.

Comparing tax rates without adjusting for changes in property value, the tax rate would (increase) by \$ (56.63) per \$100 of taxable value or (32.7% increase) (Thirty two and seven tenths) percent compared to last year's tax rate. These tax rate figures are not adjusted for changes in the taxable value of property.

**Medication Expiration Dates**

As a general rule, most medicines lose potency after extended storage, rather than becoming more potent. This can be hazardous in situations where prescription medicines are needed to sustain a regular and consistent beating of the heart, to treat infection, to prevent chest pain associated with angina, or to prevent other life threatening situations such as allergic reactions.

It is a good idea to throw away solid dosage forms (e.g., tablets and capsules) that have a foul odor, are cracked or broken, or have changed in color. Liquids that form a powdery ring at the lip of the bottle should be discarded as well. Check all medicines every six to eight months.

Purchase and use nonprescription medicines only as the occasion for their use arises. To ensure optimum potency, obtain these medicines in the smallest commercially-available quantities.

Regulations regarding the posting of expiration dates on prescription medicines vary from state to state. It is advisable to consult with your pharmacist before taking any medicines that do not have an expiration date or medicines which have been stored for longer than twelve months.

**WOULD-BE BANKERS HAVE BEEN MULTIPLYING LIKE RABBITS.**

Don't allow yourself to be misled by apparent similarities. Just because so many others are hopping to include the word "bank" in their names doesn't mean that they are actually bankers. Savings Banks, Thrift Banks, stock-broker "bank" accounts, etc. try to blur the difference between them and real bankers. But they don't always offer you the experience or, sometimes, the security of bankers. In fact, the only place you'll find a banker is The Bank, where your deposits are Federally insured up to \$100,000. As for multiplying, our Full Service Bank is always ready and able to offer the newest ideas to help your money reproduce.

**Hedley News**

Ninety-eight members of the family of the late John F. and Eva Jane Hill were present at their annual family reunion this weekend. The family began having their reunions in 1949, and have not missed a single year since.

The Hills gathered in Hedley's City Park for a picnic on Saturday evening, then enjoyed Sunday dinner in the Lions' Den, catered by Dyer's Barbeque of Pampa.

Those attending were Thelma Mahler, Lois Murray, and Karen Murray of Cyril, Oklahoma; Berthie Russell, Kenneth Russell, Clois Russell, and Danny Russell, all from Sunset, Texas; Opal Rich of Riverside, California; Junior, Christi, Erin, and Allie Samas from Panhandle; Ovella Weatherbee from Graham, and Homer, Johnna, Jana, and John Weatherbee from Lubbock; Mary Martin from Abilene; Hoot, Kristen, and Holley Hill from Amarillo; Pat Gray, also from Amarillo; and John and Judy Neely from Farmers Branch.

Also attending were Flossie Wood, Jane Wood, Jean Stafford, and Robert Stafford from Hedley; Joe, Mackie, Wes, Brandon, and Meredith Wood from Panhandle; Jody, Tessa, Kristin, and Colton Wood from Clarendon; Kenneth and Kenny Solomon, and Robin and Whitney McPherson, all of Fritch; and Joy Stone, Alan, Susie, Scotty, and Jordan Mills, all from Childress.

Also, Murdice Hill and Bill, Becky, Matt, Karli, Ronny, Janie, Jana, Chuck, Wanda, Bryan, Debbie, Ashley, Lauren, and Allison; and Jennifer and Jason Sargent, all from Hedley; and Tommy, Terry, and Lance, from El Paso.

Also Tige, Jonnie, Junior, and Martha Hill from Hedley; Johnny, Gail, Karen, Jeff, and Lisa Hill from

Clarendon; Leon, Carole, Amanda, and David Ward from Hedley; Jeff and Laurie Hill from Whitharral; and Sherrie and Jordan McDougal from Lubbock.

Others present were Toad and Mattie Laura Hill from Hedley; Jane Ruth Owens, Karen Rogers, Chris and Aaron, and Larry, Alta, Donnie, and Laura Rogers from Amarillo; and Red and Dean Hill of Hedley.

We regret to learn of the passing of James Pergeson, 26, of Pampa, on Friday, August 10. Mr. Pergeson's wife, Diane, is a cousin of Wanda Hill of Hedley.

In other Hedley goings-on this week, Dartha Hargrove of Dumas has been visiting with the Rob Lackeys. Mrs. Hargrove is Terri's mother. She provided piano music for the worship services at First Baptist Church this Sunday.

Also contributing special music at First Baptist was Kent Harris of Little Rock, grandson of Esther Owens of Hedley. Kent visited with Otis and Esther before traveling on to Plainview, and then back to Arkansas.

David and Alene Boliver of Trenton, New Jersey, are visiting relatives in Hedley and Amarillo. They will be in the area until the twenty-third of August.

At least fifty were enrolled in Vacation Bible School at First Baptist Church last week. The school was climaxed with a trip to Wonderland Park in Amarillo on Saturday. Forty-three children and sponsors went to the park, and enjoyed a "Golden Arches" gourmet feast afterwards.

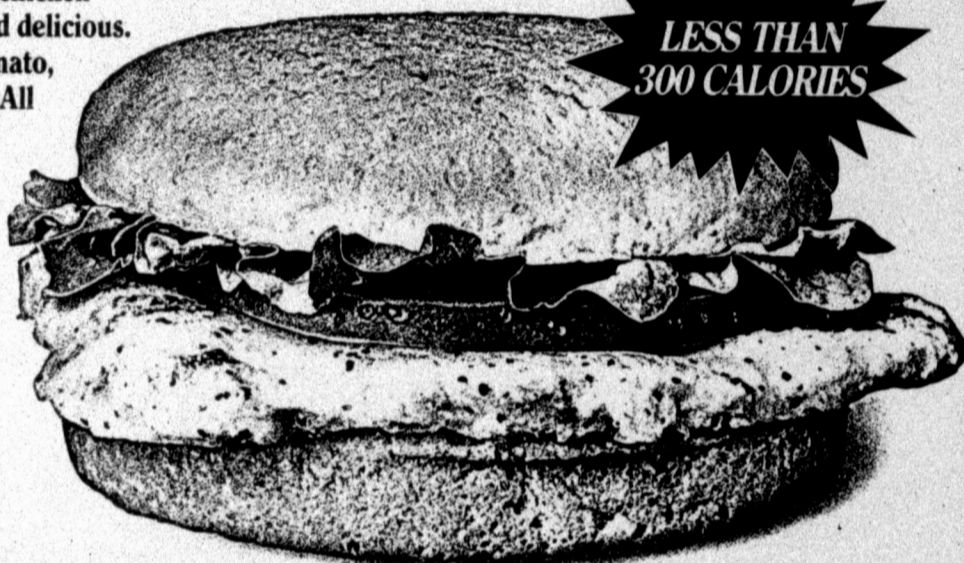

First Baptist Church hosted the monthly Panfork Baptist Association Staff Fellowship Luncheon at noon on Tuesday.

(This reporter's note to our Methodist and Church of Christ friends: Sometimes this column sounds like a Baptist newsletter. I am anxious to report your activities, too. I'm just not as familiar with your programs. Please help me out.)

Mack and Judy Garrison and Jon and Pauline Leggett enjoyed the mountains of West Texas this past week. They visited Fort Davis, Alpine, the Big Bend area, and El Paso, and crossed the border at Ojinaga and Juarez. The Davis Mountains were especially green and beautiful following recent heavy rains in the area. Mack rode his bicycle from the summit of Mount Locke, the highest point anywhere on Texas' far-flung highway system. He dropped some fifteen hundred feet in three or four miles, reaching a speed of just over fifty miles per hour at one point.

**NOTICE OF PUBLIC HEARING ON TAX INCREASE**

The (Hedley CISD) will hold a public hearing on a proposal to increase total tax revenues from properties on the tax roll in (1989-90) by (26.9) percent. Your individual taxes may increase at a greater or lesser rate, or even decrease, depending on the change in the taxable value of your property in relation to the change in taxable value of all other property.

The public hearing will be held on (August 23, 1990) at (7:30 P.M., school Cafeteria).

FOR the proposal: B. Carson, C.D. Neeley, C. Ward, G.L. Wilkinson,  
N. Stephens, A. Knowles

AGAINST the proposal: NONE

PRESENT and not voting: NONE

ABSENT: R. Brown

(Names of all members of the governing body, showing how each voted on the proposal to consider the tax increase and, if one or more were absent, indicating the absences.)

The statement above shows the percentage increase the proposed rate represents over the (effective) tax rate that the unit published on (August 2, 1990). The following table compares taxes on an average home in this taxing unit last year to taxes proposed on the average home this year. Again, your individual taxes may be higher or lower, depending on the taxable value of your property.

|   | Last Year | This Year |
|---|-----------|-----------|
| Average home value  | 20,000    | 20,000    |
| General exemptions available (amount available on the average home, not including senior citizen's or disabled person's exemptions) | 5,000     | 5,000     |
| Average taxable value   | 15,000    | 15,000    |
| Tax rate  | .77       | .95666    |
| Tax   | 115.50    | 143.50    |

Under this proposal taxes on the average home would (increase/decrease) by \$ (28.00) or (24.2) percent compared with last year's taxes.

Comparing tax rates without adjusting for changes in property value, the tax rate would (increase) by \$ (0.18666) per \$100 of taxable value or (.2424) percent compared to last year's tax rate. These tax rate figures are not adjusted for changes in the taxable value of property.
