## \$127,000.00 IN COTTON SUBSIDY CHECKS ARRIVE TODAY

### ANNUAL PIG CLUB SHOW OPENS HERE TOMORROW

#### Cash Prizes Will Be Paid To Winners In Eight Classes of Donley Swine Exhibit

Stock to Compete in Tri-State Fair Will Be Shown Until Late Saturday; Hampshires, Durocs and Poland Chinas Prove to Be In Greater Demand

The second Annual Donley County F.F.A. and 4-H Club pig show will be held Friday and Saturday. Approximately eighty pigs are expected to be exhibited in the show. The pigs will be placed in the pens late Friday afternoon and the judging will start at 8 a. m. Saturday. The pigs will remain in the show until late Saturday afternoon.

The show will be divided into two classes: feeder pigs and fat pigs. The feeder pigs will include those being fed for the Dallas show that weigh under 180 pounds, and the fat class will include those weighing 180 and above that are being fed for the Amarillo Show. There will be ten money places for singles in each class, three money places for litters in each group, and five money places for groups of three.

J. P. Smith, Claude High School Vocational Agriculture Instructor and a former member of Texas Tech's Livestock Judging Teams, will judge the show. Smith's vocational students have had unusual success in the past with their pigs; one of his students showed the Grand champion of the 1937 Tri-State Fair Barrow Show.

Bobby Marshall, Joe Williams, Johnny Leathers, L. B. Hartzog, Max Rampey, Gene Putman, Odell Davis, Rex and Earl Shannon, Carl and Russell Morris, Floyd and Lealand Lewis, Pete Morrow, Harice Green, Ray Isham, and Carrol and Clyde Peabody will show approximately an equal number of Hampshires, Durocs, and Poland Chinas. The premium list is being worked at this time and is expected to reach approximately \$75 for the show.

#### Clarendon Lions Are Host To Group Tuesday Night

The Clarendon Lions club were host to a group meeting of District 2-T members here Tuesday night. Fifty Lions were present for the gathering, with McLean and Pampa well represented.

Included on the program was a musical number by the McLean club; German band music led by Led Jay of Clarendon; questions and answers by the Pampa Club.

Following the program, reports of activities were given by the different clubs.

#### Former Merchant Visits Kinfolks Here

Sees Many Changes In Old Home Town Since Leaving Here 23 Years Ago

Back in 1904, the Williams brothers, Henry and A. J., conducted a general mercantile store here as a partnership. In 1915, A. J. sold his interest to his brother and went to Aberdeen, South Dakota where he was employed as manager of a breakfast food factory for two years.

A relative of his wife conducting a furniture business in Vevay, Indiana offered him an interesting investment, and Mr. and Mrs. A. J. Williams became residents of Vevay where he has continued the furniture business to this date.

"There has been a lot of changes made here, and a lot of improvement in the looks of the town since 1915," he said. That was the year he left here. Mr. Williams spent several days here leaving for home Monday.

#### VISITS IN WICHITA FALLS

Mrs. E. M. Ozler is spending several days with relatives in the Falls city, having accompanied Mrs. Pauline Stevens, her daughter, home Sunday.

#### Clarendon Bands To Observe Day Friday

Tags To Be Sold And Concerts Played

Clarendon will observe Band Day tomorrow and school officials and civic clubs are urging that everyone interested in a crack high school and junior high school band, buy a tag.

Co-sponsored by the Chamber of Commerce, the Band Parents and other organizations, the day was set aside for a dual purpose. First to show appreciation to director Ray Robins for his splendid work and second to increase the band's subscription list.

The band will play a concert Friday afternoon and members, in uniforms, will sell tags during the day. The band parents will also assist in raising funds in order that the musical unit may be continued uninterrupted.

HON. GERALD C. MANN

... who will deliver the principal address at the Panhandle Old Settlers reunion at the Tri-State Fair in Amarillo Wednesday, September 21st. Mr. Mann was recently nominated for the office of attorney general of Texas, and is one of the state's most brilliant orators, and a dynamic leader in facing problems of state at this time.

## Methodist Anniversary Program Begins Sun.

#### Vespers To Be Held 6 p. m. Sunday On Site Of Old Church

Vespers will be held at 6 p. m. Sunday on sight of old Methodist Church just south of the Clarendon Hotel. The band will play two hymns, some brief remarks and a prayer will mark this service. On the way to the church the crowd will pause for a brief moment on the sight of the old North Methodist Church just south of the court house, where a letter will be read from the minister who lead in the building of this church in 1888. The letter was received this week by Mr. P. A. Buntin. The crowd will then move on to the Church for an hour of fellowship before preaching services.

#### Work On 1938 Farm Program Nearly In

#### Administrative Expenses Are Light, Agent Says

Compliance work for the year 1938, is practically finished, according to County Agent H. M. Breedlove who said that the administrative expense of handling the program in the county would vary little from that of 1937.

Handling of 1937 subsidy papers and wheat insurance, even though included in the 1938 budget will not be deducted from any checks as a part of the administrative expense. "In other words," Breedlove explained, "the expenditures of this budget are not all charged as administrative expense to the program because, he said, some were allotments sent to the county for handling various phases of the program."

Many producers have been of the opinion that the vast amount of work, in connection with the program, would cause deductions from the checks for administrative expense. However, this is not true and the administrative expense, deduction, as stated above, will vary little from 1937, the agent concluded.

#### Barkett Department Store Aided Iron Man Show

In the list of sponsoring merchants printed last week, the name of the Barkett department store was unintentionally left off the list. This mention is made to get the matter straight. The Barkett store did contribute toward giving the public a free show.

#### GAS HEARING AT AUSTIN

Mayor Tom F. Connally has been notified that the Clarendon gas hearing will be heard at Austin Wednesday. Mayor Connally and commissioners McElvany and Haile expect to leave here Tuesday to attend the rate hearing.

#### Legion To Install Officers Tuesday

L. E. Thompson and Dick Chunn To Fill Commander and Adjutant Offices

Recent elected officers of the Aubyn E. Clark Post, Clarendon American Legion, will be installed at a meeting in the Legion Hall Tuesday night, Sept. 20th.

They include L. E. Thompson, commander and Dick Chunn, Adjutant.

Thompson is being elevated from the adjutant office to succeed retiring commander, Barcus Antrobus.

The meeting will be held at 8 o'clock and all members are urged to attend, according to Antrobus.

#### Clarendon Man Has Another Firestone Promotion

After having been employed by the Firestone corporation at San Antonio for some two years, Phifer I. Estlack became district budget supervisor. Last week he received another merited promotion when he was advanced to the management of the Firestone store at 310 Broadway, San Antonio, one of the largest stores of the district.

R. R. PINKNEY

... president of the Tri-State Fair, is also head of the Pinkney packing company of Amarillo.

One hundred and twenty-seven thousand dollars, the first of an expected two hundred thousand dollar government cotton subsidy payment, was received at the Donley County farm agent's office here this morning.

The shipment was received in 858 checks for an approximate average of \$150.

Payments were made at 3 cents per pound for 60 per cent of the producer's base cotton acreage, according to county agent H. M. Breedlove.

The consignment is the first to be received in this section, it is believed by Breedlove.

Upon receipt of the checks, the agent's force began working full speed, in checking, filing and mailing notifications to recipients of the federal grant. Those whose payments were received in the first shipment may secure their checks immediately, Breedlove said.

## FURNITURE STORE NATIONAL DRIVE

#### Local Firm Joins Movement To Give Buyers Bargains And Make More Jobs

In co-operation with furniture dealers throughout the nation the Clarendon Furniture Store will observe National Furniture Week September 17-24 by conducting the first furniture sale in the history of the store. J. Frank Heath, owner of the store, said this week.

In a full page advertisement on page seven the Clarendon Furniture Store is listing many unusual bargains during the National Furniture Week Sale.

"The Clarendon Furniture Store maintains at all times a complete stock of new and modernistic furniture. During this sale we are inviting every family in the Clarendon trade territory to take advantage of the many bargains we will have during National Furniture Week. Too, because our store is co-operating in relieving unemployment conditions by employing a large staff, their employment is made more secure by the number of sales made throughout the year. Added sales during National Furniture Week will be a great help to the employment program because Sales Mean Jobs," Mr. Heath added.

#### Has Eye Operation Saturday In Amarillo Hospital

Mr. W. P. Cagle is reported as doing nicely since the operation by an eye specialist of Amarillo, and will remain there for several days. A number of local relatives visited him Wednesday.

## Panhandle Old Settlers Will Hear Jerry Mann

#### County Tax Remains Same As Formerly; Commission Votes To Buy Rightofway

The county tax rate of 75 cents will remain for at least another year, it was decided at the regular meeting of the Donley County Commissioners Court Monday.

The court also voted to begin purchasing right of way from south of the city limits to the Hall County line in preparation for the hoped for 88-18 North-South Highway association. The step, however, is primarily for the purpose of securing an improved road from Clarendon to Turkey.

#### ATTENDS COLLEGE HERE

Among the students attending Junior College from outside the county is Miss Evelyn Rush of Wheeler, Miss Rush is a niece of Mrs. J. H. Hurn, and is a guest of the Hurn home for the term.

Old Settlers' Day is the biggest day of the Tri-State Fair. On that day hundreds of the old-timers gather in annual reunion at the Fair stadium for "their" day in renewing friendships made back through the years, many of them over a half century.

Hon. Gerald C. Mann, attorney general nominate, will be the principal speaker on this day, Wednesday, September 21st. The program will begin at 10 a. m. sharp.

J. Wright Moorar, probably the only professional buffalo hunter of the old days, will be there.

The membership is made up of settlers who have been in the Panhandle 25 years or longer. Jep Todd is president, and Floyd V. Studer of Amarillo is secretary. The official family is elected at each annual meeting.

A cordial welcome is given all old timers to join the Association, the meetings of which are open to the general public.

**PUSH THE PULLETS and MAKE MONEY**

By T. C. RICHARDSON, Secretary  
 Texas Breeder-Feeder Association

"A hen does not stop laying because she is molting, but molts because she has already stopped laying," says a poultry authority. Hens which begin molting in June, July or August brand themselves as short-season layers and if they have not already been culled out, had best be disposed of before the fall laying season. The feed they would eat can be better used by the pullets and the hens which will molt later.

The cold season reduces the need for cod liver oil in the ration. At this season preparations for winter greens are in order. If alfalfa or sweet clover is not already growing it can be seeded as late as the first of September; mustard or turnips sown now will give quick greens and fill in the gap until wheat, oats or barley are ready. Italian rye grass is making a good showing in most of the Southwest for winter pasture, and may be as useful in the poultry run as in the field.

If these hens are not already fat it will take only a few days in the coop on a rich fattening ration to put them in condition to can for family use, or for market. It is mistaken economy to take a poor hen to market, or to put in a can one too thin to kill for Sunday dinner. City dealers know better than to offer their trade hens that are not fat. If they must buy them poor, they feed them up before offering them for sale, and they therefore buy thin hens with this extra expense in view. The farmer loses the sale of the few pounds of grain it would take to fatten them and pays the market man to finish the job.

Fall and winter egg production when the price is highest, comes from well developed pullets and late-molting hens. Most people prefer eggs from mature hens for early spring hatching, and those which have kept laying throughout the summer go into a late but quick molt, and are likely to furnish the earliest hatching eggs. The same habit indicates a high annual egg production, which makes them the most desirable for producing next year's pullets.

Chickens, like people, must have a variety of food to keep healthy and vigorous. No one kind of grain will give them what they need, and while the ration should be built around the grains raised on the farm, as a matter of economical production, it is also poor economy to deprive either growing pullets or laying hens of other grains and mixed mash to supplement the corn or grain sorghums which nearly every Southwestern farm grows. Wheat is the best single grain for poultry, but it, too, must be supplemented by animal or vegetable proteins, which are best supplied by skim milk or scientifically compounded mash feeds. The label on mixed feed tells its composition.

However well the skilled poultry man gets along with a flock under close confinement, his intensive methods are not adapted to farm poultry production. Sunshine and green feed are the natural vitamin-carrying elements, and if the farm flock is given free access to them, while observing the same sanitary precautions of the poultry specialist, there is little doubt that the farm flock will be more resistant to disease, more productive in proportion to the feed used, and therefore more profitable per hen than the "egg factory" type of operation.

The Southwest is fortunate in that green feed may be grown for use in every month in the year, thus avoiding much of the winter expense for sprouted grains; and its many sunny days throughout

Drs. He is improving.  
 Mr. and Mrs. Quattlebaum spent Sunday afternoon with Mr. and Mrs. Carl Naylor.

Mr. and Mrs. Hefner, Mr. and Mrs. Verna Lusk and baby, Loyd Hefner and Rev. and Mrs. King of Clarendon were guests to a barbecue chicken supper in the home of Mr. and Mrs. John Naylor Friday evening.

Miss Ilene Snow is spending an extended visit with her aunt, Mrs. Hefner.

The Porter Arnold family enjoyed a visit from her father of Graham and brother and family of Wellington over the week end.

Jim Wise spent Sunday with the John Potter family.

Mrs. Pierce returned Saturday after a weeks visit with her daughter in Amarillo.

Mrs. W. C. Holland is on the sick list this week.

Mrs. Carter of Spade Flat has been ill for the past few weeks.

A number of young people enjoyed music and dancing in the Herbert Johnson home Friday eve.

Mrs. Longau visited her daughter, Mrs. Bill Gaither in Amarillo Tuesday. We regret Mrs. Gaither seems no better in health.

The land for fall and winter greens must be ready for the seed when the time comes. If it is not ready now it is none too soon to begin preparing the kind of seed bed suited to the crop which is to be sown. A good seed bed is half the job.

**F.F.A. Members Have Busy Week**

Selecting heads, grains, vegetables, seeds; selecting and preparing poultry, and preparing an educational exhibit for the Tri-State Fair have all served to make this a very busy week for the local F. F. A.

In addition to the above work, the group is also preparing for their annual pig show. Pigs are being built, and the pigs are being groomed for the show. The winning pigs will be trucked to Amarillo Sunday morning to compete in the Amarillo Fair.

Mrs. Mary Stegall is again making her home in Clarendon at the Latson apartments.

**TEMPLE OF TRUTH**  
By the Apostle

Hastoon Yazzie says that with contouring, terracing, sun, rain, fertilizing and early rising, a farmer can produce crops to be sold below cost. Or at least he is doing it.

An old-timer is a fellow who can remember way back when about half of a girl's Sunday dress was starch.

If you want to find out the age of a woman, just ask her sister-in-law.

Convict life is hard at best. In Philadelphia, they cook 'em alive with steam. In Texas the boys have to escape through mosquito infested swamps.

The scientist who says tar-topped highways produce cancer, probably got the idea in a roadside joint when he heard some one say, "can sir?"

The bozo who gets up a clothes cleaning fluid that won't shrink the cloth will have a fortune equal to the other bozo who makes the radio skip the static.

**THE STARTING POINT.**  
When a man starts out to do foolish things, he generally has a woman at home who is driving him crazy.

**Editors Note!**  
That was the heading on a free space fair grafting sheet that arrived Monday which stated that "editors could reprint any part of their advertising without consulting them." Some high-salaried space writers continue to think publishers are an easy mark just because some of them use a colored supplement.

Now that cars of some late models are not to have running boards, what will the speed cop slap his foot on?

Does static affect radios only in the Southwest? Some of you fellows in the northeast, please take note in your columns.

Believe it or not, this column is read by newspaper folks and others in states from Maine to California, and from Canada to the Gulf. We honestly wonder why.

Since he is said to favor race horses and drinks over the bar, O'Daniel will probably be in high favor at the Tri-State Fair next Monday. All those favoring both issues plan a joyful welcome to make an impression.

In this issue appears an explanation by editor John L. McCarty of the Globe-News as to why Clarendon schools got no publicity along with other schools at the opening date. We never blamed the paper, or any individual as for that matter, but we did think that our schools deserved a fair share of honorable mention.

**Sound of Despair.**  
Now that our schools over the nation have started, let's use more caution in our driving. Here at home we can drive slowly past the schools, and use a lot of caution on the streets. Did you know that 106 school children in Texas were killed in traffic accidents, and 1,081 injured, some of them for life? It is a serious thing to think about, folks. Don't wait until you hear the crunching of the hearse wheels in your yard. That sound of despair may not be in your yard, but you may be the cause of bringing it to some one else. Be careful.

**Woodul Cleans Desk!**  
So reads the headlines on an Austin paper. He is said to be getting ready to take Allred's place soon. Anyway, he's cleaned his desk.

Wisconsin claims to have had a cool summer which is probably due to so many frozen assets in the grain belt.

We need a "loan shark" law in Texas. One with teeth in it. Perhaps the talented Gene Worley will take the lead when the Legislature meets next January, and get the job done. We don't feel it so much here, or not at all, but in the larg-

er cities of Texas, loan sharks are said to be skinning the public out of 20 to 50% on loans. Something should be done about it.

"We love our children. Please drive slowly." That sign appears in a lot of places. It is a mute appeal from some helpless individual begging for the life of a child. A life that is in your care when you drive the streets and highways. Remember that autos make for employment in factories, hospitals and mortuaries.

The Tri-State Fair opens in Amarillo next Monday. You Panhandle folks owe it to yourselves and the little folks to see it. There will be plenty of amusement, and the best rodeo in the wide, wide world. You will see more horses with pure horse sense than in any circus you ever attended. Flower, fruits, farm products, stock of all kinds will be on exhibit. Then when you have seen that, take the kiddies to the zoo nearby. Make a whole day of it. No admission fee charged.

**Journalistically.**  
A young woman in Amarillo showing too much life after a few beers, was unable to meet her American Boy at her Saturday Evening Post because she was do-

ing Time where the public may take a Look. When she takes to the Open Road again, she will likely be a Pathfinder around the Globe like any other American Girl who enjoys that kind of Liberty, but she will never bother with True Confessions. The Record won't stand for the Avalanche that would be heaped upon her head.

Every man who looks down in the mouth is not sad. Often he is a dentist.

**THE STATE OF TEXAS**  
TO THE SHERIFF OR ANY  
CONSTABLE OF DONLEY  
COUNTY GREETING:

You are hereby commanded to summon, cite and notify J. L. Nichols by causing a copy hereof to be published for the length of time required by law in such newspaper so required and published to be and appear before me, the undersigned as justice of the peace in precinct No. 2 in Donley County, Texas at the Court house in Clarendon on the 19 day of September, then and there to answer the suit of Clarendon Grain Co., a corpora-

tion filed on the 8th day of August 1938, wherein Clarendon Grain Co. is Plaintiff and J. L. Nichols is defendant, and numbered 1708 on the Docket of said court wherein plaintiff seeks to recover the principal, interest on a note in the sum of \$164.25 with interest and attorney's fees, costs and foreclosure of an attachment lien. Said note alleged to have been executed by defendant Nichols as of date of March 3, 1936 and due, November 15, 1937.

**Lady Regains Lost Slipper**

When mention is made of anything in the Leader, the whole trade territory knows about it. Last week in the Temple of Truth column, an announcement was made of a slipper being found. Honest Bill Crawford found the article and brought it to the Leader office. Charley Espey came in for the slipper bringing the match to it for identification. The slipper belonged to a Mrs. Coen of the Naylor community, and she was very happy to get it back.

spent Sunday with her son, Ray Robins.

## SEWING ROOM HAS OPEN HOUSE THURSDAY

Open house was held Thursday from 4 to 8 p. m. at the Home occupied by the sewing room project under the direction of Mrs. J. M. Acord. The rooms were attractively decorated with garden flowers. The cutting table was especially pretty with large bowls of yellow marigolds at either end. Small crystal bowls of dainty flowers in pastel shades were used on the table where the guests registered and in other appropriate places about the house.

The guests were received by Mrs. Chenault who also presided over the guest book.

The work that has been done during the past months was displayed in a systematic and pleasing way.

It was interesting to examine the garments and see what neat and attractive patterns and materials are being used and what splendid quality of work is being done. The wearing garments, quilts, curtains and rugs were all well and beautifully made. The wooden cabinets made by Mr. Lafon of cigar boxes and fruit boxes were well finished, stained and varnished and were being used as part of the furnishings of the house.

The different departments were presided over and shown as follows:

The baby department—Mrs. Kilgore. High school girls wardrobe—Mrs. Haley and Mrs. Bryant.

Men's department—Mrs. Buchanan. Quilts—Mrs. Hall. Large utility cabinet—Mrs. Whitsill. Smaller cabinets—Mrs. Mayo. Rugs—Mrs. Frombarger. Girls dresses—Mrs. White.

Colored womens work—Mrs. Vinson.

The guests thoroughly enjoyed being shown through all departments and felt that the workers are to be commended for the high grade of work they are turning out and that everyone should very much appreciate the efficient management of Mrs. Acord.

Callie Walters, Ethel Holman, Ruth Whitsill, Genola Sisson, Edith Vinson and Georgella Ray prepared and served dainty refreshments, consisting of punch and cookies to one hundred and three guests.

The colored women; Hattie Free-

man, Mattie Williams, Dossie Washington, Fannie Johnson and Lula Jones assisted with the serving.

## NAMES IS NAMES

\*\*\*\*\*

Were you to inquire for Dr. C. T. Richardson in Kilgore, Texas, you would likely be asked, "Which one," because there are two of that name. Both were born on the same date, though of no kin. One is a dentist and the other a family physician.

Where is the Caraway service station. Which one? The one in Clarendon, or the one in Tempe, Arizona? They do handle different brands of gas.

Wetzel & Son of Bellevue are general directors. So are Wetzel & Son of 4710 N. 5th Street, Philadelphia.

You may be hard up, but Joe Harderup lives in Northfield, Minn. Boos-Bride was the heading of the marriage write-up of Annie Boos and James Bride of Rolla, Mo. Friday.

When Adolph Schmetz of St. Louis married Gretchen Schmeer, their children were said to be mere "grease spots" with all that "smearing."

Mrs. Dick Marsh and children, Katherine Gertrude and Margaret Carolyn of Gorham, Kansas are visiting Mrs. Marsh's parents, Mr. and Mrs. W. H. Patrick.

## Driftwood of Permian Sea Petrified in Donley

The petrified logs found in the red formations in this county are said to have drifted in the Permian sea, later to be lodged north of where Salt Fork is now. Other lighter colored petrified logs, mostly chunks, were washed down from the west by rivers of the Pliocene period, the river gravel streaks still being traceable across the county from the southwest to northeast, geologists say.

The noted Arizona Petrified Forest and the Ginkgo Forest of Washington are all of the drift type—and represent areas where log jams had originally occurred at the mouth of a river or along the shore of an ancient lake. The "drift" type of forest is most common, while "standing" petrified forests are very rare and known to relatively few places in the world.

Some of the grandest petrified forests in the world are situated in the Rocky Mountain area and the states to the west. Only one petrified forest is known in the states east of the Mississippi River—a small area in Ohio. In the western states there are about 10 conspicuous forests. In the Eastern States the ancient forests went through a carbonization—turning to coal—while some of those of the West became petrified—turning to agate, jasper, or common opal.

# LOCAL FOOTBALL SEASON OPENS HERE FRIDAY NIGHT

## PIGSKINS PARAGRAPHS

By DICK COOKE

Thanks to Bryan Clothing Company, Douglas & Goldston Drug Company and Shaver & Whitlock dry cleaners, Donley County football fans this year will have an opportunity to test their skill in picking the winners in nearby football games.

The contest will run each week and for the three nearest guessers, very nice prizes will be awarded by the three firms.

Here's the rules. Three or four games will be listed in this column weekly. Simply name the winners and write down the total score of the games, (does not mean each game but one total of all the scores) then drop your guess in the special box at any of the three stores and you have a chance to win.

First prize will be \$1.50 in credit at Bryan Clothing Co.; second prize will be \$1.00 in credit at Douglas and Goldston and third prize will be a suit or dress cleaned and pressed free (without delivery) at Shaver and Whitlock.

Naturally the first week or two will be hard guessing with so little known of the comparative strength of each club, but three people are going to win. The deadline for entries is 6 o'clock each Friday night.

To start the ball rolling we are going to list only three easy ones this week. Here they are:

- \*Clarendon vs. Lefors.
- \*McLean vs. Memphis.
- \*Childress vs. Shamrock.

Total score for all games is \_\_\_\_\_

\* Indicates where games will be played.

The Bronchos seem in rather good shape for their encounter with the Lefors Pirates tomorrow night at College Field. No doubt they will be a little gun shy for the first few games, but a win is not impossible.

On the other hand Lefors is expecting easy sailing with the Ponies.

Clarendon will have two nice tackles in Robinson and Huffman who are hefty enough. Mears and McWhorter at guards are ok and the ends, Spier and Green will be excellent with more training. All the backs, with the exception of Allison, are light but fast which means Grady, Longan, Melton, Hartzog, Pierce and Fisher Johnson.

Crowding the boys for line position is Jimmie Lumpkin, Pete Morrow, and several others.

Durwood Mears, stellar guard and 1937 letterman, was lost to the line-up Wednesday when he was seized with an attack of rheumatism, an ailment which kept him in bed several weeks this spring.

High school authorities announced last night that the McLean-Clarendon Armistice game had been cancelled and a November 11 tilt with Vega had been scheduled. The Broncho-Tiger affair, which was to be played in McLean, was called off at the request of McLean officials who stated that a mix-up in schedules gave them two games for the holiday.

Rev. L. L. Swan, former rector of the Episcopal church here, and who has been making his home in Wellington, Kansas for some time, visited his many friends here this week.

Mrs. R. H. Alexander, after having spent several months with her daughter Miss Wilfa Lee at Dallas, has returned home.

The Classified Column will sell it.

## New Deal Head

COACH EMIL HUTTO

Head coach Emil Hutto who this spring signed as mentor of the luckless Bronchos, gets his baptism of district 3-B fire Friday night when his hopefuls meet Lefors here.

Hutto needs only one win to boost the 1937 record of eight losses and one tie. He came to Clarendon from Canyon High School where his last year's club was district runner-up.

## July Benefit Claims Total Nearly 15,000

AMARILLO—With 40,097,446 applications for old-age insurance, account numbers on file as of July 31, Dewey Reed, manager of the Amarillo office of the Social Security Board, said today that the Board had certified for payment during the 25 working days of last month 14,990 old-age insurance claims amounting to \$785,662.

Reed explained that more than half of the claims certified in July—8,893—were filed by the heirs or representatives of the estates of deceased wage earners with single cash payments to these claimants averaging \$50.39. The remainder of the claims were filed by workers who had reached the age of 65, their payments averaging \$55.36.

In Region Ten, comprising Texas, New Mexico and Louisiana, claims certified included: Texas, 424; New Mexico, 19; Louisiana, 155. The average payment in Texas was \$37.80; New Mexico, \$32.22; and Louisiana, \$37.02.

More than 184,600 claims for single cash benefits, with a value of about \$6,700,000 have been certified since the Federal old-age insurance program became effective on January 1, 1937.

The Board received a total of 532,289 new requests for account numbers in July. The total shows an increase of 8,236,378 over the total of 31,861,068 as of July 31, 1937.

## Bullet Grazes Tom Tate's Side But He Doesn't Know It

Taking due precaution, Tom Tate never smokes his pipe near his feed lot. It was on his way to the feed lot that he picked up a 22 cartridge and dropped it into his pocket. A moment later he dropped his pipe into the same pocket after knocking out the fire and remaining tobacco. He heard a loud report somewhat "like a six-shooter," he said within a few seconds after disposing of his pipe. He thought nothing of it, but when he left the feed lot and reached for his pipe, it had disappeared, likewise the cartridge. Now he states that the shell exploded and the whole works went up out of his pocket and he never realized what made the sharp report. Tate resides near Tate's grove northeast of Hedley.

Miss Jessie Ingram spent week end with her mother, Mrs. C. B. Ingram.

Bert Smith was in Dallas the first of the week to be with his mother who is ill.

## ROCKETS ZOOM

WELLINGTON, Sept. 14.—Stepping out with a 34 to 0 win over the Class A Quanah Indians here last Friday night, the Skyrockets brushed away any doubt of weakening and local fans are looking forward to another district championship.

The Rockets, however, have two more tough nuts to crack with the heavy Hollis and Mangum clubs on the schedule.

## IRISH VICTORY

SHAMROCK, Sept. 14.—The Shamrock Irish took their season's opener from the Spearman Lynx Friday night, 19 to 0. Intercepted passes paved the way for two touchdowns while a blocked punt resulted in the other counter.

## MCLEAN WINS

McLEAN, Sept. 14.—The McLean Tigers, playing their first game under their new coach, "Cricket" Christian defeated the Panhandle Panthers 7 to 6 here Friday night. McLean rolled up 7 first downs to 4 for Panhandle and completed 11 passes and intercepted 3.

## WHEELER ROLLS

WHEELER, September 14.—The heavy Wheeler Mustangs steam rolled the Miami Warriors into defeat Friday night by a score of 24 to 6.

## SERVE NOTICE

SHAMROCK, Sept. 14.—In the first conference contest of the current season for district 3-B (north half), the Lefors Pirates served notice of their presence in the race by taking the Mobeetie Hornets 13 to 0.

Mobeetie last week hung up a victory over the Canadian Wildcats 20 to 0.

## FOOTBALL RESULTS

Quanah 0, Wellington 34.  
Spearman 0, Shamrock 19.  
Kelton 0, Canadian 13.  
Panhandle 6, McLean 7.  
Mobeetie 0, Lefors 13.  
Miami 6, Wheeler 24.

## A BRIDE AND HER BUDGET

I bought a lovely big new book, Its pages lined in red and blue, 'Twill be such fun to count our money, And keep a budget, dear, with you.

Now I must write how much we spent For groceries and meat. My figures all must look just so, My book must always be quite neat.

Then I'll put down our gas and lights, The payment for the car, Our rent and carfare I'll write next; That's all we've spent, I guess, so far.

I'll add my figures up and see How much is left to spend, For to my list of things I need There really is no end.

Why, darling there is something wrong! Are you playing me a joke? My figures add up startlingly, They tell us, dear, we're broke! —Myrna Eaton.

## RUNAWAYS KILL WOMAN CAUGHT BY HOOP SKIRT

RHINEBECK, N. Y.—A Voluninous hoop skirt was blamed for the death of Mrs. Cathryn V. Holein, 46 years old, of Whitestone, L. I.

Mrs. Holein died a half hour after she had been trampled and crushed by a runaway team of horses during a historical pageant at the closing exercises of the Dutchess County fair. Witnesses said the skirt had caught when Mrs. Holein tried to jump from a wagon as the team bolted.

## BRONCS MEET LEFORS AT 8pm ON HOME FIELD

Clarendon's "New Deal" In Football To Get Severe Test At Hands of Hard Smashing Oil City Buccaneers

### Better Mining Process Found

Vast new sources of coal, heretofore untouched as unsuitable because they contained impurities, such as slate, may be made available as the result of a new "mining" method developed in a large Eastern industrial laboratory.

The method is somewhat similar to the flotation process used for separating gold from ore. It permits the coal to float from the slate and other impurities. Grades of coal heretofore so poor that they were dumped, yielded a fuel of high purity, when treated by the new flotation process, it is said.

Ordinary crude petroleum oil is emulsified with a "wetting agent," such as the sodium sulphate salt of oleyl alcohol, which has the property of making water "wetter." The emulsion of mineral oil and wetting agent is added to the poor grade coal which in the meantime has been suspended in water. The mixture then is placed in a flotation cell, agitated and aerated. The coal begins to float while the slate and other impurities sink to the bottom.

In previous efforts to extract coal by flotation methods the impurities had approximately the same floatability as the coal and a clear-cut separation was not achieved, contend the inventors.

Mr. and Mrs. Guy Wadsworth of Panhandle spent the week end with his brother, Douglas F. Wadsworth and family.

In hot weather, eggs should be gathered at least twice a day and marketed at least twice a week.

The potency of Clarendon's "new deal" in football will be tested Friday night and the fans will be out en masse to witness the result when the local high school eleven mixes with the Lefors Pirates at College Field.

The kick-off time for the season's opener is set for 8 o'clock.

With memories of the disastrous 1937 season still over their heads, the Ponies are rated as the underdogs even though they have nine starters who saw a bit of service last year.

The Pirates already have a taste of the victory fruits by a 13 to 0 win over the Mobeetie Hornets last week-end. Also on the credit side of their ledger is Raymond Caruth, all district back who is the spearhead of the Buccaneer Notre Dame attack.

The locals, however, have a wide scope in which to improve on the 1937 Broncho-Pirate game. The Buccaneers sailed through a disorganized Clarendon crew for a 45 to 0 victory on the muddy Lefors' field.

Though the Clarendon starters have not been definitely announced the probable line-up will be Spier, le; Robinson, lt; Johnson, lg; Lane, c; McWhorter, rg; Huffman, rt; Greene, re; Melton, Hartzog or Allison, pb; Pierce and Longan, halves and Grady, fullback.

Mr. and Mrs. H. A. Blanton, returned home Friday from a vacation in New Mexico. They were accompanied on their trip by Mr. and Mrs. Malcomb Davis of Goodnight.

"The child is father of the man." You are now developing the man that you will be by and by. What kind of a man will he be?"

**EDUCATION FOR LIFE**

By Dorthea Watson

There is a very important distinction between education and learning. A great many people who know something, think they are educated. There is a radical distinction between education and learning. A man is educated who is trained in all his faculties and powers to the best, who has become master of himself and of his conditions.

The thing for us as earnest, intelligent young men and women to do is to know enough of the past and present so that we can find out which way the world, industrially, is going. This takes more than a few years in school. Each of us needs a conviction. And exactly what do we mean by a conviction? It is something of which you have been convinced. A little thought, and study, making up your mind. Most people have only opinions, notions and impulses. The number of people who have convictions is comparatively small.

The man who is educated for life, then, is one who is trained so that he can master himself and his condition; one who knows where he is in the world's movement and what needs to be done next; one who consecrates himself to the highest, so that he is not content to be anything else but the best.

The man who, thus trained to the highest things he can conceive of, who has made the most of himself and then who is ready to give himself for the world—he who has reached this position has found education for life.

AN INSTITUTION WITH A NATIONAL REPUTATION FOR THE TREATMENT OF CHRONIC DISEASES

**TO WHOM IT MAY CONCERN:**

I take pleasure in writing this testimonial in regard to the wonderful results I have received from treatments from Dr. H. H. Milling.

I went to Dr. Milling, suffering from siatic rheumatism. I had been treated by other doctors and did not receive any results at all. After coming to Dr. Milling and taking the first treatment, I was able to lie down and sleep—something I hadn't been able to do. I was forced to sleep what little I did, sitting in a rocking chair. I stayed and took treatments two weeks and have not been bothered since.

I also was treated for high blood pressure and after eight day's treatment my blood pressure was normal, and has been ever since.

My wife and daughter have also taken treatments with wonderful results.

**State Safety Department To Help School Study**

AUSTIN, Sept. 12.—State police, reviewing last year's record of 106 Texas school children killed and 1,081 injured in traffic accidents, today broadcast an appeal for safe transportation of pupils.

A principal precaution, they said, was for drivers of school busses to discharge passengers at the curb nearest schools or other destinations.

Capt. Homer Garrison, Jr., assistant police director, said the department's safety education bureau soon would provide, text books for free distribution among schools. Several schools, he said, have adopted safety courses as a requirement for graduation.

**MEXICAN FIESTA SWINGS TROPIC FLAVORED SONGS**

A new kind of screen music will be heard when Paramount's Mexican fiesta, "Tropic Holiday," opens next Wednesday at the Pastime Theatre. Six exciting numbers, two of them rumbas, have been written especially for the film by Augustin Lara, the popular composer who is known below the Rio Grande as the "Irving Berlin of Latin America."

After an eight-week man-hunt by Paramount, Lara was located in his Mexican retreat and brought to the film capital, where he penned his new numbers in a space of time so short that studio executives are still gasping. When friends remarked upon his speed, Lara replied, "I don't work much, no, but when I work, madre mia, how I work!"

The songs written by Lara for the screen carnival, which features Dorothy Lamour, Ray Milland, Bob Burns and Martha Raye at the head of a star-studded cast, combine the exotic flavor of his native Mexico with the rhythm of America's most popular swing songs. Besides the rumbas, the numbers are: "Tonight Will Live," "The Lamp on the Corner," "Tropic Night," and "My First Love." As his collaborator on the lyrics, Lara had one of Hollywood's best-liked composers, Ned Washington. Several top-notch Mexican entertainers were also imported for "Tropic Holiday." Heading the list is romantic Tito Guizar, popular singer of tropic melodies, who has been a familiar figure to radio audiences and seen recently in the "Big Broadcast of 1938." Elvira Rios, the famous Mexican songbird does a specialty number, while Roberto Soto, called the "Charlie Chaplin of Mexico," has a picturesque role. Also in the cast are the Ascencio Sisters, the Latin equivalent of our Boswells.

**Wheeler On Vacation Tour To Gulf Coast**

Mr. and Mrs. Ed Wheeler returned home Sunday after a ten-day trip seeing a number of the relatives and fishing at Corpus Christi. Ed says he caught some two hundred pounds of fish in a half day at Corpus, all of which will arouse the envy of a lot of nimrods in this section.

The first stop was made at Abilene where they visited the Pete Engle family. Some time was spent with Bill and R. T. Pharr, brothers of Mrs. Wheeler at San Antonio, and her sister, Mrs. W. A. Catlett and family at Archer City. Two days were spent with Mr. Wheeler's sister, Mrs. A. N. Shelton and family at Alice, the family making the trip with Mr. and Mrs. Wheeler over to Corpus. On the return, Mr. Wheeler stopped at San Marcos to see the farm where is produced the cotton seed he sells to farmers here.

**VISIT MRS. MERCHANT**

Mrs. C. B. McCanne and daughters, Joye and Marion, who spent the summer in Denver, visited Mrs. Cal Merchant the past week on their way to Dallas where Joye will enter S. M. U.

**MUSEUM RECEIVES VARIED ARTICLES**

The Donley County Museum has recently added to its growing collection some very interesting relics. Mrs. W. H. Davis has presented a large bell that long ago called to dinner the farm-hands on her father's farm in Collin County. Mr. C. W. Bennett has given a mastodon's tooth, and also some teeth of a little pre-historic horse, all found in the famous beds near Clarendon. Mr. J. C. Estlack has loaned a specimen which is an imprint of an oak-leaf in Pliocene volcanic ash, also found in Donley County, and a weapon purchased by Phifer Estlack from a Mexican soldier at Monterey who served under President Cardenas of Mexico in a recent uprising in that country. Mr. Sam Braswell has donated three framed photographs of the new memorial stone marking the first Donley County cemetery, near the site of Old Clarendon. The pictures show five survivors of Old Clarendon, Mrs. J. B. McClelland, Mrs. Sella Gentry, Mrs. S. E. Atteberry, Mrs. R. L. Bigger, and Mr. W. W. Taylor, as well as Judge J. R. Porter, Sam Braswell, and Mayor W. H. Patrick, who participated in the dedication exercises. Another gift from Mr. Braswell is an enlarged framed check for the twenty-one thousand dollars paid to the Clarendon Methodist College in 1925 by the citizens of Clarendon for the purpose of raising the standard of the college to senior rank.

The Museum Board wishes to express its gratitude to these donors for their valuable contributions. The Museum will continue to open its doors to the public each Monday afternoon from two to five o'clock.

**F. F. A. MEMBERS TO ATTEND AMARILLO FAIR**

Forty Clarendon F.F.A. members will attend the opening day of the Amarillo Tri-State Fair, September 19. The trip will be made by truck with each member paying his proportionate part of the trip, which will cost each member approximately twenty-five cents.

A number of the members will compete in judging contests in Amarillo; the remainder will take notes of interest of county, F.F.A. livestock, and poultry exhibits. The local group will leave the college building at 8:30 a. m. and return to Clarendon at approximately 3:30 p. m.

**Donley County Gets Good Moisture In Monday Fall**

General precipitation of over two inches was received in Donley County Monday afternoon to give, it is believed by most farmers, ample moisture to guarantee this year's crops.

Coming on the heels of previous rains for the month, the heavy fall which measured 1.50 inches in Clarendon, gave a total of 2.23 inches for September.

Margaret Kelly left Sunday night for Austin where she will resume studies in the University of Texas.

Margaret Allen is visiting friends in Lubbock this week.

Forty three attended Sunday school Sunday. We had an excellent singing Sunday night with visitors from Pampa, Alanreed, Clarendon, Sunnyview and Ashtola. We enjoyed having these visitors with us very much and will be glad for them to visit us more often.

Mr. and Mrs. Neeley Hudson spent Sunday with Mr. and Mrs. Roy Stewart of Chamberlain.

Mr. and Mrs. Roy Morgan and family, Mr. and Mrs. Sam Dale and Lucille and Joe Wayne Dilli spent Sunday with Mr. and Mrs. Murphy Brock.

Mr. and Mrs. Bill Rowe and family spent the week end in Quitaque with relatives.

Mr. and Mrs. H. M. Stewart spent Sunday with Mr. and Mrs. Dick Eichelberger.

Mr. and Mrs. C. F. Brown spent Sunday in Jericho with Mr. and Mrs. Arthur Brown.

Mr. and Mrs. Walter Goldston spent Sunday afternoon with Mr. and Mrs. John Stewart.

Mrs. Jack Peggram and daughter left Saturday for Ft. Worth to make an extended visit with her father.

**F. F. A. JUDGING TEAMS TO ENTER TRI-STATE FAIR CONTESTS**

Poultry and Dairy judging teams will represent the local F.F.A. chapter at the Tri-State Fair Judging Contests in which over thirty teams are expected to compete. Joe Williams, Betty Hillman, Jr. Spier, Carl Morris, Troy Rumpy, Odell Davis, Russell Morris, Pete Morrow, and Harice Green are working for places on the team.

Though the group has been busy preparing exhibits for the show and preparing for the annual pig show, they hope to be able to place in the contests. The poultry team ranked second in the 1937 contests.

**Former Demonstration Agent To Get Master Degree**

Just recently completing her fourth year as home demonstration agent of McLennan county, Miss Martha Buttrill has enrolled at Texas College for Women at Denton to complete work for her Master's degree. Miss Buttrill was H. D. agent for Donley county several years ago, and accredited with being the best.

**McCarty Explains Our Lack Of School Publicity**

Dear Friend Estlack: I would like to say in connection with your column of September 8th that it was no intention on our part to overlook Clarendon Schools and our good friend, Harley True Burton. Our correspondent down there, Mr. Jerome Stocking, sent us a good story on the schools, but somehow it became lost here.

It was just one of those oversights which happen in any newspaper office. I am awfully sorry that Clarendon did not get the proper publicity which it should have gotten.

Yours sincerely,  
John McCarty
