THE CLARENDON NEWS & THE DONLEY COUNTY LEADER

JUNE 12, 2003
SERIES 3, VOL. XIV, NO. 25
Single Copy Price: 50¢

The Newspaper of Record for the Jewel of the Plains.

THIS WEEK

- 2 The Helms family travels to an East Texas wedding and learns just why they've never made that journey before.
- 3 The groundwater district is taking samples.
- 5 Art from Clarendon's Bugbee family is featured in a new museum exhibit.
- 8 And a local woman makes a hole in one!

All this and much more as The Enterprise reports in this good 'ol summer time edition!

CC to break ground on new livestock center

Clarendon College officials will break ground on a new Livestock and Equine Center next Tuesday, June 17.

Ceremonies at the building site on the western edge of the home campus will start at 5 p.m.

The 73,600-square-foot building is expected to be completed in August at a cost of \$937,256. Funds for the project have been donated to the college.

Christian Men plan breakfast next week

The United Christian Men will hold their monthly breakfast next Thursday, June 19, at 7 a.m. in the Methodist Fellowship Hall.

Details of this month's program are being finalized and will be announced next week.

SBA disaster loan deadline approaching

Business in some Texas, Oklahoma, and New Mexico counties have until June 23, 2003, to file applications for low-interest disaster loans from the U.S. Small Business Administration (SBA).

The SBA's Economic Injury Disaster Loans are available for businesses dependent on farmers and ranchers sustaining crop losses due to drought and excessive temperatures that occurred from January 1, 2002, and continuing.

Businesses in Donley and surrounding counties are eligible to apply. Farmers and ranchers are not eligible for these SBA loans.

Applications are available and further information can be obtained by calling the SBA toll-free at 1-800-366-6303.

County taps seven for historical commission

The Donley County Commissioners appointed seven new members to the Donley CHC in their regular meeting Monday, June 9th.

They are: Mary Ruth White, George and Marilee Self, Jim Blackerby, Jim Riley, Kathy Tommel, and Lori Howard. These new members will join other members: Ruth Robinson, Naomi Jreen, Millie Dishong, Phoebe Ann Buntin, Janice Weatherly, and ack Moreman. Chairman of the commission is Jean Stavenhagen.

The goal of the commission is to preserve the historic heritage of Donley County. The members will be working with Judge Hall and the Commissioners to host the courthouse rededication and throughout the year to lend their help in obtaining historical markers in the county. They also hope in the near future to have a new web site to assist in genealogy searches.

The Donley CHC is looking forward to a very busy and productive year.

CC hopes to avoid further job cuts

Clarendon College faces an additional 2.8 percent cut in state funding if the current budget in Austin is approved, but CC President Myles Shelton hopes to avoid any further cuts in services or personnel.

"I'm going to do everything I can to make sure that doesn't happen," Shelton said. "With the cuts we've already made and the increase in tuition and fees, we feel like we won't have to make further cuts."

Looking at the current numbers coming from the Legislature, Clarendon College's state funding has been slashed from \$2.318 million to \$2.09 million, a total reduction of about 9.8 percent. CC already cut its spending by seven percent in February, resulting in the elimination of five staff positions as well as spending restrictions.

While Shelton says his intentions are to not have any more personnel reductions, the college is not yet absolutely certain of its funding for next year.

"We're still sorting through the bills," Shelton said. "There's a lot of things we don't know. The state comptroller has to certify the budget, and then the governor has to sign it."

The college is also uncertain about the financing for its employee health insurance. The state mandates coverage and last year funded CC with \$401,465 to cover its employees. Now that number has been slashed to \$299,224, and the state has stopped providing any funds to cover physical plant employees.

"There have been a lot of changes in the way the health insurance is administered, and we don't know yet what our \$299,224 will buy."

The situation for CC is better now than it was four months ago in that the college is about to write its budget for the 2003-2004 year.

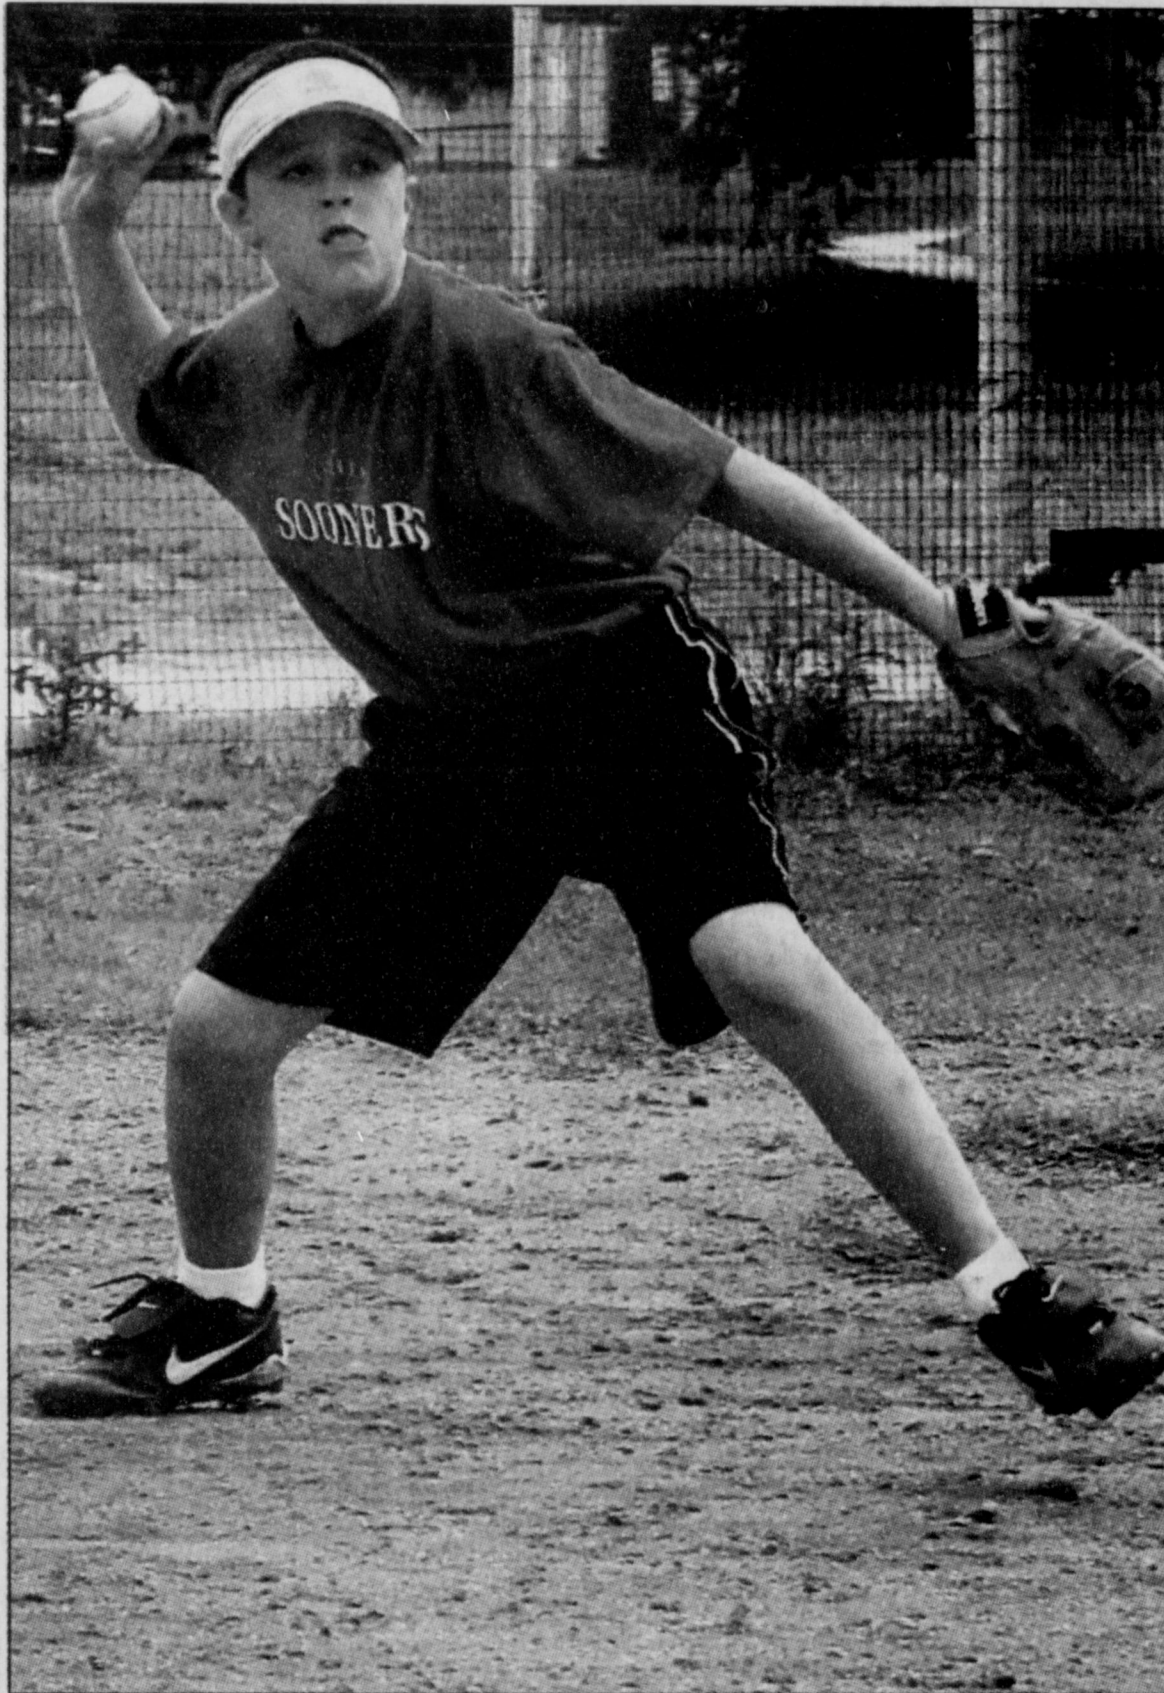

"We've got more flexibility going into this budget than we did when we had to cut spending in the middle of the year."

In March the CC Board of Regents approved increasing in-district tuition by \$15 per semester hour,

\$16 for Texas students, and \$20 for out of state students. That made CC's total tuition costs \$51, \$66, and \$81 in each respective category, which is not anticipated to harm the college's competitiveness.

The college also is introducing new programs to help bolster enrollment and bring in more money.

Numbers for the first summer session this year are way up. Total enrollment for the college and its satellite campuses is 225 compared to 167 last year.

Summer fun

Cole Ward was one of 17 local athletes taking part in the Bronco Baseball Camp at McClelland Field this week. Participants learned the fundamentals of throwing, catching, fielding, and hitting under the direction of Bronco Coach Brad Elam. They also worked on infield and outfield skills as well as learning to compete individually and as a team.

Electric utility seeks fuel factor increase

AUSTIN — Mutual Energy-SWEPCO (ME-SWEPCO) has filed a request with the Public Utility Commission of Texas (PUCT) to increase the fuel factors for electricity customers in Donley County as well as portions of Childress, Collingsworth, Hall and Wheeler counties.

The request was filed because the existing fuel factors do not reflect the market price of natural gas used to generate electricity.

ME-SWEPCO began serving the approximately 7,100 customers when retail electric competition began in January 2002 for most of Texas. This is the first time that ME-SWEPCO has requested permission to increase the fuel factors although electricity customers in neighboring areas have seen two increases in their fuel factors over the last 12 months.

If approved as requested, the increase would go into effect by the end of June. Residential customers

using 1,000 kilowatt-hours electricity a month would see their average monthly bill increase from approximately \$92 to \$111.80 if the factor increase is approved as requested.

By comparison, WTU Retail Energy customers who use the same amount of electricity in neighboring areas currently pay a monthly average of \$112.80.

ME-SWEPCO is a subsidiary of American Electric Power. American Electric Power owns and operates more than 42,000 megawatts of generating capacity in the United States and select international markets and is the largest electricity generator in the U.S.

AEP is also one of the largest electric utilities in the United States, with almost 5 million customers linked to AEP's 11-state electricity transmission and distribution grid. The company is based in Columbus, Ohio.

KACV produces story written by Clarendon second grader

Four young authors including Kenzi Perryman from Clarendon have seen their written work and illustrations progress from a page of notebook paper to the public airwaves.

Perryman is a second grader at Clarendon Elementary. She wrote the book, "The Unhappy Queen." She is the daughter of Darrell and Dee Perryman of Clarendon.

Winners of the ninth annual "Reading Rainbow Young Writers & Illustrator's Contest" were announced this spring, and the first-place authors are currently appearing on KACV, the public television station, reading their stories and showing their illustrations.

Others who are appearing on the public station are: Michael Garcia, a kindergartner at Forest Hill Elementary School in Amarillo, author of "Dinomania in My Home;" Ashton Standerfer, a first-grader at Grand-

view Hopkins Elementary in Groom, author of "Purty's Favorite Game;" and Jessica Powell, a third-grader at Paramount Terrace Elementary in Amarillo, author of "The Hungry Hippo."

First place stories have advanced to the national competition, where they will be judged by noted children's book authors, illustrators, publishers, educators, and representatives from the American Library Association and the National Council of Teachers of English.

This year the contest was part of the PBS Kids campaign, Share A Story—Give Them Words to Grow By, a national initiative inspiring adults to help children develop language and literacy skills through daily activities.

Reading Rainbow, which promotes books and reading, is in its 20th season. It airs on KACV at 2 p.m. Monday through Friday.

Enterprise dedicates historical marker

The Texas Panhandle's first newspaper and Clarendon's oldest business dedicated a state historical marker last Thursday in observance of its 125th anniversary.

Mayor Tex Selvidge gave the official welcome during ceremonies at THE CLARENDON ENTERPRISE, which was established June 1, 1878, as THE CLARENDON NEWS. Current publisher Roger Estlack gave a brief history of the newspaper and the men and women who shaped its history.

"Each editor brought his own style and his own beliefs and introduced progressively changing technology from Ed Carhart's handset type to Joe Warren's Linotype to the digital revolution begun by Bob Williams," the publisher said. "From Blake to Beville to Braswell and from Estlack to Singleton to Woody — each editor has made their own contribution and left their own last-

ing mark."

Donley County Historical Commission Chairman Jean Stavenhagen spoke of the paper being here since the beginning of the town while other businesses were started, prospered, and then passed into history.

"We are here today to honor the long line of men and women who worked diligently through the years to get the news to the presses and the newspapers to the community," she said.

Stavenhagen then presided over the unveiling and read the inscribed text of the marker.

Following the ceremonies, 112 people toured the Enterprise's newly remodeled offices and enjoyed cake and refreshments.

Ken Long with the Texas Press Association flew from Austin for the event and presented the ENTERPRISE with a certificate of esteeming "to

the highest standards of Texas journalism" and recognizing the paper as a leader in the newspaper industry.

Also in attendance were representatives from area newspapers, several former employees of the local paper, and numerous friends, readers, and advertisers.

No one came with the much talked about first issue for which a \$1,000 reward has been offered. But Willene Judd did win the oldest newspaper contest with the February 17, 1893, edition of THE INDUSTRIAL WEST. She received \$125.

"We appreciate Mrs. Judd's participation in the contest and everyone else who brought in old copies of the paper," Estlack said. "We're not giving up on that first edition though. Everyone keep digging, because our offer still stands. We'll give \$1,000 for the first edition of THE CLARENDON NEWS dated June 1, 1878."

Associated with the local newspaper longer than any other family, members of the Estlack family pose with the historical marker unveiled here last week. From left to right is distribution supervisor Allen Estlack, copy editor Helen Estlack, former DONLEY COUNTY LEADER society editor Ruby Dell Estlack, and publisher Roger Estlack. Enterprise Digital Photo

Water district busy collecting samples

The time has come once again for the Panhandle Groundwater Conservation District to start its annual water quality program. The District will begin collecting samples from around the district during the week of June 9 and ending around September 1. Some 275 samples will be tested for nitrates, sulfates, iron, fluoride, ammonia, chloride, alkalinity, hardness, specific conductivity, total dissolved solids, and pH. Since this is the 2003 season, wells in the program with odd state well numbers or any well that exceeded a state secondary drinking water standard in years past will be sampled. Depending on whether or not the water well ever exceeded a state standard, the District will test the same well on an every year or every other year basis. Knowing the water came from the same well and water source enables the District to compare past results to the newly gathered data.

If you would like to have your well water tested, please call us at 883-2501; and we will set up an appointment at your convenience. Last, but not least, please remember to conserve water. Future generations are counting on it.

Loans available for disadvantaged citizens

The Farm Service Agency (FSA) can make guarantee loans to socially disadvantaged applicants to buy and operate family size farms and ranches in the Donley, Gray, and Wheeler County area, stated Larry Goetze, Farm Loan Manager. "In fact," Mr. Goetze added, "government funds are specifically reserved for these loans each year." A socially disadvantaged farmer or rancher is one of a group whose members have been subjected to racial, ethnic, or gender prejudice because of the identity as members of the group without regard to their individual qualities. Mr. Goetze said for the purposes of this program, socially disadvantaged groups are women, African Americans, American Indians and Alaskan Natives, Hispanics, and Asians and Pacific Islanders. "As a general rule, an applicant must be an individual, partnership, joint operation, corporation, and

cooperatives primarily engaged in farming and ranching of a family-size operation. A family-size farm is considered to be one that a family can operate and manage itself." "In addition to being a member of the socially disadvantaged group, the individual applicant under this program must also meet all requirements for FSA's regular farm loan program assistance. To be eligible, an applicant must, among other requirements, have a satisfactory history of meeting credit obligations; have sufficient education, training or at least one (1) year's experience in managing or operating a farm or ranch within the last five (5) years for an operating loan. For an ownership loan, the applicant must have three (3) years' experience in operating a farm or ranch. Applicants must also be a citizen of the United States and certain territories; be unable to obtain credit from private lending sources at

reasonable rates and terms; possess the legal capacity to incur the obligation and have the economic feasibility to meet all farm and family expenses including all term debt obligations." Mr. Goetze said. Mr. Goetze said the type of loans and the use of loan funds are the same as the requirements for FSA's regular farm loan program assistance, which includes the availability of obtaining a guaranteed loan through a local lender. Applications are all direct loan programs made through the local county office located at 321 Sully in Clarendon, and guaranteed loan applications are made with the local lenders of this area. In cases where a lender is not known to an applicant, FSA personnel will provide a list of local lenders involved in the guaranteed programs; although any state or federally regulated lender is welcome to become involved in the guarantee

program. For additional information regarding the direct or guaranteed program funds available for socially disadvantaged applicants, please contact the local office at 806-874-3561. The FSA office in Clarendon is open from 8:00 a.m. to 5:00 p.m. FSA is a credit agency of the US Department of Agriculture. It is authorized to provide farm program loans to recognized farmer/ranchers who work at and rely on farming/ranching for a substantial part of their living. Persons with disabilities who require alternative means for communication or program information should contact USDA's TARGET Center at (202) 720-2238 (voice and TDD). To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, Room 326-W, Whitten Building, Fourteenth and Independence Ave. SW Washington, DC 20250-9410 or call (202) 720-5964 (voice or TDD).

Fri: Turkey and dressing, giblet gravy, mashed potatoes, peas and carrots, fruit salad, cookies, roll, tea, milk, coffee

From Our Exchanges

A couple speeding through Scheiher County was arrested after 97 lbs. of marijuana was found hidden in the false fuel tank of their 1995 Dodge pickup. The couple agreed to carry out the delivery of the load to Vernon, Texas, where five other individuals were arrested in relation to the dope smuggling ring.

- The Eldorado Success

Due to heavy rain last week, drainage pipes on the roof of the Armstrong County Courthouse became clogged with debris causing water to seep into the building from the roof. Severe water damage and flooding occurred throughout the building. Fortunately the new roof was not damaged.

- The Claude News

Victor Cadena, a Georgetown man sought in connection with an incident in which a convenience store clerk was injured, turned himself in when he actually called 911 seeking protection from civilians who decided to bring him in themselves. Cadena was arrested and charged with aggravated assault and was held without bond.

- The Rockdale Reporter

A production crew out of Austin recently shot scenes for a documentary movie, "Frontier Experiences," of a buffalo herd at the Nick Thomas ranch in Hemphill County and of a hisside at sunset filmed in Roberts County at the Cottonwood Springs Guest Ranch. The film is part of a multi-media presentation that will be shown in the Fort Trail Visitors' Center in Abilene.

- The Canadian Record

Thirteen young adults from various locations in Russia recently visited Matador and Roaring Springs. Instead of leaving at their appointed time, they decided they liked the hospitality so much they spent another night swimming in the Roaring Springs swimming pool and barbecuing over an open fire.

- The Motley County Tribune

Kids mount bikes and skates for summer

And once more it's time to sit down, perhaps over a cup of coffee or a nice tall glass of iced tea, and read the Clarendon newspaper. Did you ever stop and think what a wonder a newspaper is?

They've been around a long time, since close to the time our country began. At that time, they were generally "broadsheets" - a single large sheet of paper printed with information about a single topic. And they evolved from that into the newspapers we know and love today.

As America expanded across the continent and towns sprang up from nothing, a town wasn't really considered a town until it had a newspaper. How else were the people going to know what was happening in their town and nation unless someone told them? And hopefully, those who told

them would make sure they got their information right. Why am I nattering on about this? Because last week, as you know if you read this fine periodical, THE CLARENDON ENTERPRISE celebrated its 125th year of service to Clarendon and Donley County.

In fact, I saw many of you there at the celebratory Open House in the newspaper office on Kearney Street. People were squeezing in and out of the renovated space, eating cake, drinking tea, and enjoying the old papers publisher Roger Estlack had found and framed and hung on the walls. I am told, though I was afraid to confirm it personally, that if certain closets in the newspaper office had been opened, those standing too near might have been bombarded with all the things that had been hidden away during the cleanup for the open

house. I did get the information from more than one source and am confident of its reliability.

Though summer does not officially begin until next week, according to the astronomers, everyone in town has to know that our summer went into full swing last week. It was the first week of "no school."

Kids were swarming everywhere. Riding bicycles down the middle of the street. Walking down the middle of the street. Riding scooters and skateboards... you got it. Down the middle of the street. What is it about the middle of the

street that's so appealing? Do they get a thrill by making cars slow down to a crawl to keep from running over them?

Actually, I didn't see as many as that in the middle of the street; and when they were, they did hurry to reach the sidewalk. Nor did I see any of these swarms of kids on or even near the highway, so they at least have that much sense. And of course, the older students weren't in evidence at all until, oh, noon or after. I believe most of them took the first week out of school to sleep.

With Father's Day coming up this Sunday, let me take this opportunity to recognize all of Clarendon's fathers and say thank you for the great job you do. We have some great kids in this town, and it's all due to their raising.

Mrs. Jared Eggemeyer

Ford-Eggemeyer exchange vows

Chandra Gail Ford and Jared James Eggemeyer were married on May 24, 2003, at St. Thomas Catholic Church in Miles with Deacon Ray Smith officiating.

The bride is the daughter of Charlene Ford and the late Loyd Ford of Clarendon. The bridegroom is the son of James and Rose Eggemeyer of Miles.

Maid of honor was Carol Bolton of Lewisburg, Tennessee. Bridesmaid was Amber Ford of Clarendon.

Best Man was Deen Burrus of Tulsa, Oklahoma. Groomsman was Cody Jansa of Miles.

Flower Girl was Audrey Kerr of San Angelo.

Ushers were Scott Asher of Lubbock, Gaylon Morgan of College Station, Emory Stromberg of Hutto, and Curtis Glueck of Cat Spring.

The bride is a 1998 graduate of Clarendon High School and received a Bachelor's Degree in Political Science from Abilene Christian University. She is currently completing here Masters of Public Administration at Angelo State University and is employed by U.S. Congressman Charles Stenholm.

The groom is a 1992 graduate of Miles High School and received a Bachelor Degree in Agronomy from Texas A&M University. He is self-employed. The couple will reside in Miles.

Summer mosquito bites can harbor nasty West Nile virus

With summer, and the much needed rain, comes mosquitoes; but these days their bite can be more than an itchy nuisance. A mosquito infected with West Nile virus can pass it to humans, and sometimes it's deadly.

This virus was first identified in 1937 in the West Nile region of Uganda in eastern Africa (hence the name). And it has been present in various African, Asian, Middle Eastern, and Eastern European countries for more than 50 years. The first US cases were noted in 1999, and during the last 4 years the virus has spread rapidly from just a few East Coast states to nearly every state in the country.

Granted, the chance of being bitten by a mosquito infected with West Nile virus remains exceedingly rare. And most people who do end up bitten either experience no symptoms whatsoever or just mild, flu-like ones.

Only 4,156 people have ever been known to contract the virus in

the U.S., but symptoms can sometimes be severe and result in fatal illness such as encephalitis, which is inflammation of the brain.

The Center for Disease Control and Prevention suggest the following strategies to avoid mosquito bites. First, use insect repellent that contains DEET. Second, between dusk and dawn, when mosquitoes are out in heavy volume, avoid being outdoors - or wear long pants and long-sleeved shirts as well as DEET. And third, because mosquitoes lay their eggs in standing water, eliminate water-filled buckets or barrels around the yard.

For more information on mosquito control, please contact Donley County Extension Office at 874-2141.

Hedley area residents welcome needed rains

It rained several times last week. Keith said he figured it rained about two inches while I was gone. Then Saturday night we got another shower. J.D. Skaggs said he got about a quarter inch them. Anyway, everything was wet Sunday morning when I went to church. Every drop is welcome, and we're grateful for it.

It was good to get home Friday evening. I don't know why they call it Day Surgery. I entered the hospital Monday afternoon for a procedure on my right arm. It took about twenty minutes.

Martha Lowe came and stayed with me until I got back to my room.

The doctor said I couldn't leave the hospital until my blood was thin. It finally got thin enough about four Friday evening. Fortunately Guy and Cathy had come by them, and they brought me home.

Keith and Karen brought Reese home Thursday evening. I saw him but didn't get to hold him. Maybe I will someday.

Leon and Linda Couch and their kids came Saturday. I hadn't seen them since Thanksgiving. Leon looks well but said he didn't have much staying power.

Marie Adams fell Saturday. She was transported to Amarillo by the

Clarendon ambulance. Mike Wallendorf picked her up and brought her home.

Guy and Cathy were out at the house on the ranch Saturday and caught some woman in the process of loading my furniture into their vehicle.

It's a good thing I wasn't there. If I hadn't used my shotgun on them,

I'd have called the Sheriff and had them carted off to jail. Guy got their names and the number of their tags. I guess some people will steal anything.

Mary Lynn attended Sunday morning worship services at the Methodist Church. Mary's father, the late Rev. Wilton Lynn was pastor at the Hedley Methodist Church during the early 60s. Her younger brother Alan was good friends with Leon. Mary and her husband bought Allena Nelson's house out in Windy Valley.

Our condolences to Jim Lollar family on the loss of his father, Willard Lollar, of Memphis.

New selections line shelves at Burton Library

Burton Memorial Library congratulates THE CLARENDON ENTERPRISE as it celebrates its 125th anniversary. What a wonderful history of which to be proud! We wish you well as your efforts continue to keep Clarendon's newspaper one of the best of its size in our state.

Once again, Burton Memorial Library's "New Books" shelves are filled with numerous enticing selections. The only problem might be, "Which shall I read first?"

Mystery fans will be glad to find John Grisham's newest, *King of Torts*, and Mary Higgins Clark's *Second Time Around*. Terri Blackstock's *Cape Refuge* and Mary Stewart's *The Prince and the Pilgrim*, among others, offer dramatic suspense.

One of the loveliest new novels, which I'm currently reading, is *Home Song* authored by world-renowned landscape artist, Thomas Kinkade, and Katherine Spencer. *Home Song* is the second of three delightful

books set against a New England tranquil backdrop. All three novels involve a seaside village with people who have a strong sense of community and who "find joy in simple, but extraordinary blessings of everyday life." I have not yet read the third book, *The Gathering Place*, but it also promises to inspire as readers vicariously experience challenges, fears, and surprise situations in lives of the author's romantic, unique, and controversial characters.

James Reasoner, veteran writer of historical fiction, presents a marvelous *Civil War Battle Series* containing eight novels. Beginning in 1860, Book One, entitled *Mannasas*, introduces the Brannon family who have farmed in Culpepper, Virginia, for 30 years. In each novel, Reasoner skillfully draws readers into this Southern family's romance, hardships, tragedies, and heartbreaks as they try to maintain their lifestyle through a tense, political climate.

In response to many requests for books concerning natural health, Burton Memorial Library has recently received beautifully outstanding selections. An attractively bound hardback, *Readers Digest Family Guide to Natural Medicine* offers intelligent basics for bodywork, mind and health, exercise, movement, eating well, herbal medicine, ailments, and remedy options.

Dr. Andrew Weil, chief consultant for this guide, encourages readers to "pay attention to ways of nature and learn to encourage the body's own innate mechanisms of self-repair." Also helpful are *Complete Book of Essential Oils and Aromatherapy* by Valerie Ann Worwood and Julia Lawless' *Illustrated Encyclopedia of*

check it out
by mary beth nelson

Essential Oils.

The Soapmaker's Companion by Susan Miller Cavitch is "a comprehensive guide to recipes, technique, and know-how." Basic essentials are related for making 40 specialty soaps "from exquisite stained glass, marbled, layered soap to soothing massage bars, hardworking laundry soaps, and practical liquid soaps." Who knows? You might want to try some of these creative health specialties. Even if you aren't into soapmaking, Cavitch provides worthwhile information important for both personal and business purposes.

When you examine the recently received books, you'll also discover westerns in large print: Lauraine Snelling's *The Healing Quilt*, an unusual heartwarming story; and Lawanna Blackwell's *Catherine Heart*, a story about a young Victorian woman as she leaves a secure, sheltered background to face life's lessons. Why not check it out?

Donley County Senior Citizens to hold bake sale during July Fourth activities

We will have our annual bake sale on July 4. Please let us know if you are able to bake for us. We will have a booth at the park if you are able to help us in the booth, please let us know. You can call 874-2665.

We were glad to have a visit from Thelma Rudder last week. It

was so nice to see her and have a visit with her. We all miss her.

Last Friday the winner of the delicious peanut brittle, made and donated by Verdine Tipton, was Rosalee Watson. This Friday is open for a donation at the time when I'm writing this article, so if you have an item or want to bake something for

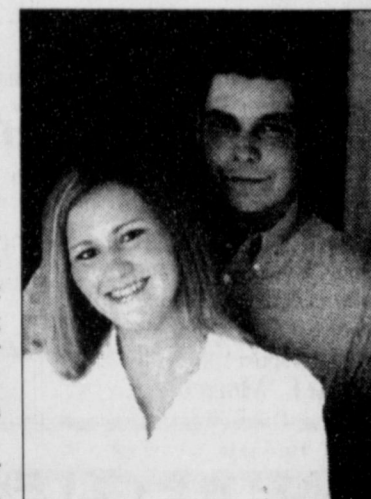

Friday let us know.

This month we will play bingo at our Birthday/Anniversary supper. We need some items for the prizes if you would like to donate. It will be on June 24 at 6:00 p.m. We will have our potluck supper and several games of bingo. Everyone is welcome.

We appreciate the samples of

Biofreeze sent to the seniors from Paul Bivens at the Clarendon Outpost last week. Our condolences to Betty Bell on the loss of her son.

REMINDERS:
June 9, 16, 23, 30: Dance Club, 6:00 p.m.
June 10, 17: Game Night, 6:00 p.m.
June M-W-F: Exercise with Dawn, 9:00 a.m.
June 24: Birthday/Anniversary Supper and Bingo, 6:00 p.m.
June 27: Blood Pressure Clinic, 11:30 a.m.

Amanda McKinney and Byron Burrow

McKinney-Burrow to be wed in July

Lyn and Gina McKinney of Clarendon are proud to announce the engagement of their daughter, Amanda Beth McKinney, to Nolan "Byron" Burrow.

Byron is the son of Calvin and Beverly Burrow of Clarendon. The couple plans to be wed on July 26, 2003, at 7:00 p.m. at "The Wedding Chapel" in Wellington Square in Amarillo, Texas.

The bride-elect is a recent graduate of Clarendon High School and plans to attend Clarendon College this fall in the Nursing Program. She is the granddaughter of Rava McKinney and the late James McKinney of Clarendon and the great granddaughter of Jiggs and Jerri Land of Lelia Lake.

The prospective groom is currently employed at Rolling Plains and is the grandson of Ben and Nell Burrow of Clarendon.

South Plains names Butler to Dean's list

Geri Butler from Clarendon has been named to the Dean's Honor List at South Plains College for the spring semester.

Students named to the Dean's Honor List must maintain a minimum of 3.25 GPA while carrying at least 12 semester hours with no failing grades.

Obituaries

London

Services for Emalea London, age 92, were conducted on Saturday, June 7, 2003, at 2:00 p.m. in the Church of Christ in Groom with Kent Watson, minister of the Claude Church of Christ, officiating. Graveside services followed in Groom Cemetery with services under the direction of Robertson Funeral Directors, Inc., of Clarendon.

Mrs. London died Tuesday, June 3, 2003, in Amarillo, Texas. She was born December 9, 1910, in Wheeler and had lived in Groom since 1945. She graduated from Mobeetie High School in 1927, from Clarendon College in 1954, and from West Texas State University in 1969. She married John V. London on August 17, 1935, in Sayre, Oklahoma.

She was preceded in death by her husband on September 1, 1964,

and was a homemaker and a member of the Groom Church of Christ.

Survivors include two daughters, Sylvia Bentley of Bartlesville, Oklahoma, and Sandra Black of Amarillo; two sons, Jack London of Austin and John London of Amarillo; one sister, Fern Trott of Bay City, Texas; 15 grandchildren; and 25 great grandchildren.

Casket bearers were Jett Black, Randy Black, John Black, Mark London, Jonathan London, Scott Bentley, Jason Black, Keith Weaver, and Paul London. Honorary Bearer was Dr. Keith Black.

White

Services for Frank B. White III were Sunday at 3:00 p.m. at Polk Street United Methodist Church, and interment Monday at 10:00 a.m. at Citizens Cemetery in Clarendon, Texas.

Mr. White, loving father, hus-

band, and grandfather, passed away Friday, June 6, 2003.

He was born September 6, 1937, in Clarendon, Texas, and graduated from Texas Tech University with a B.S. and an M.S. in Chemical Engineering. He completed his doctoral coursework at Texas A&M University. During his college years, he was a member of ATO fraternity. He was employed as a chemical and environmental engineer at the Bureau of Land and Management Helium Operations, and he was a member of the Society of Professional Engineers. He was a leader of Boy Scout Troop 86 for several years and a member of the Pantex Plant Citizens Advisory Board. He was a faithful member of Polk Street United Methodist Church, where he taught Sunday school for a number of years.

Mr. White was preceded in death by his parents, Mr. and Mrs. Frank

White II of Clarendon.

Mr. White is survived by his wife Lynn White; his children Gene Edmiston, Frank White IV, and Elizabeth White; his aunt Helen Oakes Holt; his grandchildren Dillan and Hannah Edmiston; his nieces and nephews and other loving family members.

In lieu of flowers, memorials may be made to Polk Street United Methodist Church, 1401 Polk Street, Amarillo, Texas, 79101 or to First United Methodist Church, 420 S. Jefferson, Clarendon, Texas 79226.

New art exhibit at Panhandle-Plains Historical Museum

The Panhandle-Plains Historical Museum at Canyon, Texas, a leader in the research and exhibition of historic Texas art, has organized the exhibit entitled, "Neighbors: Texas Artists in New Mexico," to examine the results of Texas artists' visits to the Land of Enchantment.

Drawing heavily on its own collection and private collections across Texas, the exhibition will study Texan interpretations of New Mexico. Artists in the exhibitions include H.D. Bugbee, Jerry Bywaters, Otis Dozier, Alexandre Hogue, Grace Spaulding John, Stella Lodge LaMond, Tom Lea, Florence McClung, Frank Reaugh, and Olive Vandruff Bugbee.

New Mexico has been a magnet for artists since the 19th century, not the least of whom were artists from Texas, its neighbor to the east. Logically, the art colonies at Santa Fe and Taos attracted a number of Texas artists. Lone Star state printers, printmakers, and sculptors also depicted the eastern New Mexico plains, the mountains near Las Cruces, Indian Country around Gallup, and rolling hills near Roswell.

"Neighbors: Texas Artists in New Mexico," will be on exhibit from June 21 to October 5, 2003.

Ward graduates, Roberts makes WBU honors list

One Clarendon student earned a diploma recently, and another made the honor list for the spring semester at Wayland Baptist University.

Amanda Ward, daughter of Ronnie and Dixie Ward, earned a Master of Business Administration degree in Management Information Systems.

Megan Roberts, daughter of Jim and Debbie Roberts, was named to the Dean's List for the spring term, posting between a 3.5 and 3.99 grade point average.

Thank You

I would like to thank everyone in this community from the children and the teachers in the classrooms at school, to the business people downtown, to the citizens who have supported and carried me through this unfortunate time.

My experience has shown the difference between large cities and small town living. It's as if we are part of a larger family in a small town like Clarendon, where everyone knows you and shares your successes and sorrows.

I am grateful that I have not faced this challenge alone and really appreciate all the prayers and kindnesses shown. Especially, to those who had been down the road to Houston for their medical concerns and helped to overcome my fears and continue to ease my anxiety.

This situation has brought all of you closer to knowing me, you know, "the girl with the big, blonde hair" who looks forward to the years yet to come with the friends I have made. God bless.

Julie Russell and Family

the lion's tale
by allen estlack

The Clarendon Lions Club held their regular Tuesday noon meeting June 10 with Boss Lion Myles Shelton conducting the meeting.

There were 20 members and three guests: City Administrator Sean Pate, guest of the club; Helen Estlack, guest of Lion Allen Estlack; and Cennet Rhode, guest of the club.

We welcomed Sean Pate as our newest member of the club.

The college had their first of three Bulldog Days where they have new students come in to pre-register. And the Chamber of Commerce is getting ready for the Fourth of July.

There being no further business, we were adjourned.

Hemorrhoid cream as fish bait and other oddities

Last week I created a fishing Seek and Find game. I made a mistake on one of the words to find. Walleye was misspelled. When I created the puzzle on paper, I had used a small case L. When I typed in the puzzle, I inadvertently typed an upper case L. I had mentioned I created the puzzle in only fifteen minutes, and I guess it showed! This is the word list for last week's puzzle: walleye (or waiieye), shad, carp, minnow, net, lure, reel, bells, bait, worms, yellow perch, cast, catfish, bass, pole, fish, lake, flies, tent, light, frog, hat. Did you find them all?

This is for the catfish angler who is bored of using the same old catfish baits and not catching many cats. Did you know that you can use Ivory soap

for cats? Many of you may be saying to yourself that you have heard of that before. But did you know that catfish can be caught on fruits like white grapes, persimmons, mulberries, and golden raisins?

How about your basic groceries that you have at home like sharp cheddar cheese, Velveeta cheese, marshmallows, hot dogs, dog food, bacon, and shrimp.

I read an article in one of my magazines that said bubble gum works well. Half-chewed Bubble Yum is the best. It also stated to try applying Preparation H to plastic dipbait holders, and spraying WD-40 as an attractor. Geez! This could get ridiculous! Personally, I will stick to my personal favorites such as blue

gills, shad, ghost minnows, grasshoppers, and big ol' worms.

outdoor life
by gary dziedzic

My favorite time to catch catfish is during big rain storms where flooding is present. Catfish love swimming and feeding up stream in flooded, muddy water. I have caught many catfish at Greenbelt when Kelly Creek is flooding and also up the river. I know for a fact that some of the record catfish caught at Lake Greenbelt were caught during fast rising water after heavy rains. And to be honest, I believe you could

use some of the baits I talked about earlier or just about anything when catfish are in a feeding frenzy when the water is rising rapidly.

Fishing Tip of the Week: With the recent rains we have had lately, I would sure be ready for the big rain that could get the river or creeks flooding. The catfish feeding frenzy is fast and furious, but short lived. Swift water is the key.

Hunters, may you always be safe and respect the land you hunt. Fishermen, catch a few fish for supper and release a few fish to ensure another great fishing day.

If you have any information or comments, e-mail me a gdol@nts-online.net.

Nazworth makes hole-in-one on Clarendon's 15th green

By Sandy Anderberg

Longtime Clarendon golfer Wanda Nazworth recently achieved a dream by claiming a hole-in-one at the Clarendon Country Club. The hole-in-one came on number 15, which is one of four par three's on the course. Nazworth used a five-wood on the 143-yard hole and felt at first the ball went over the green. But after further examination, the ball was found in the bottom of the cup. The hole-in-one was witnessed by F.G. and Bonnie Crawford and Ruth Jackson.

In the Wednesday morning men's game, Dan Ashford walked away with the win, Mike Santos was second, Redell Johnston was third, and Jim Blackerby finished fourth.

The ladies were busy playing at the Amarillo Country Club Tournament on Tuesday, June 3. Dorothy Breedlove was closest to the pin, and Sherol Johnston was on the fourth place team.

The Friday night nine-hole scramble continues to bring in a lot of golfers, which was the case Friday night, June 6. The scramble ended in a tie, which allows the jackpot money to be carried over to next Friday night's scramble. Twenty-eight golfers participated and were split into six teams. Guy Ellis, Lance Thornberry, Bobby Dodson, Steve Nurek, Theresa Shelton, and Wendal

Miller finished at six under. Finishing at five under par was the team of George Leathers, John Chauveaux, Ronna Edwards, Sherol Johnston, Betty McCutchen, and Carol Duncan. Redell Johnston, Travis Wilson, Gail Leathers, Wanda Nazworth, and Arlis Thomas also finished at five under. The team of Ken Shelton, Audie Watson, Sandy Anderberg, Bobby Kidd, Dean Nazworth, and Chuck Deyhle finished at four under. Completing the course at three under was the team of Doug Kidd, Billie Chauveaux, David Green, Michael McKinney, and Jeff Anderberg.

Winners of the "Two guys and a gal" 36-hole, 26-team tournament were as follows: Championship flight: 1st Dick, Russell, and Boss-117; 2nd Donahue, Donahue, and Beck-123; 3rd Baird, Baird, and Miller-127. First flight: 1st Linquist, Linquist, and Edwards-128; 2nd Bland, Bland, and Adams-130; 3rd Nazworth, Nazworth, and Lot-131. Second flight: 1st Rollins, Rollins, and David D.-132; 2nd Johnston, Johnston, and Johnston-133; 3rd Wright, Smith, and Smith-134.

The Clarendon Country Club will host a "Jack and Jill" tournament June 21-22. The entry fee is \$120.00 a-team plus the price of a cart. For more information you may call Vernon Byars at the Pro-Shop at 874-2166.

CHS band members compete at state

Editor's Note: Last week this article contained an error in identifying one of the students. Here is the corrected version, and we apologize for any confusion.

While many people relaxed this holiday weekend, 39 members of the Clarendon Bronco Band traveled to New Braunfels and San Marcos to compete at the Texas State Solo and Ensemble Contest (TSSEC).

The six events that qualified for state competition competed for a rating (1 - 5) along with thousands of other students from A, AA, and AAA schools around the state. Clarendon was well represented with three soloists and three ensembles.

The soloists were Stephanie Pace, flute; Robert Shelton, baritone; and Chantelle Kelly, clarinet. Stephanie and Robert each received a rating of 3 and Chantelle received a rating of 2 which earned her a medal.

The ensembles that competed were a brass quartet (rating of 2), a large brass and percussion ensemble (rating of 3) and a large woodwind and percussion ensemble (rating of 1). By receiving a rating of 1, the woodwind and percussion ensemble was awarded a medal and has the distinction of being

only the second ensemble in recent Clarendon history to receive a 1 at state competition.

The members of the ensembles that competed are: (woodwinds) Stephanie Pace, Kristin McAfee, Andra Helms, Angel Williams, Ottis Scrivner, Valerie Taylor, Chantelle Kelly, Richard Anderson, Brandie Lockhart, Kristin White, Andy Roberts, Stephen Ford, Cody Scrivner, Andrea Findley, Cierra Benavidez, Kelsey McQueen, Stephanie Fowler, Branson Carter, Sarah Depew, and Tyler Lewis; (brass) Christine Holden, Sarah Ray, Vanna Holton, Laura Dziedzic, Chuck Robertson, Ashlee Kidd, Paige Drackley, Anndria Kidd, Jordan Zehr, Jeremy Howard, Shanna Shelton, Brandi Martindale, Brittney Hall, James Williams, and Tim Leeper; (percussion) Lydia Hartman, Destiny Weatherthorn, Jamie Simmons and Ty White.

The brass quartet was Vanna Holton and Laura Dziedzic on trumpet, Chuck Robertson on horn and Robert Shelton on baritone.

Congratulations to all students who participated in this prestigious U.I.L. event.

Forest Service community grants available

COLLEGE STATION - Trees add value to life and property no matter where they are planted. Beginning now, the Texas Forest Service is offering over \$400,000 in partnership grants to cities, towns, and community groups to begin or improve local tree programs. These competitive grants range from \$1,000 to \$20,000 and must be matched dollar-for-dollar. Applications may be downloaded from the Texas Forest Service website and must be received by 5 p.m. on July 17, 2003 to be considered.

"We call them 'partnership' grants because they can be a catalyst for improving the whole community," said the program coordinator, Pete Smith. "Our money is paired with the energy and effort of city staff and local citizen volunteers to take stock of their urban forest or make plans to plant new trees, protect existing ones, or improve their care."

New this year are \$5,000 grants to begin a "Neighbor Woods" tree planting program, which helps a community work with citizens to plant trees

Fourth grade: Chelsea Alaniz, Annie Patten, Blanca Ramirez, Clayton Shields, Danielle Ford, Johnny Gaines, John Levario, Amanda Reynolds, Brandon Thomas, and Trent White.
