# Construction On Route South Brightens Highway 18 Prospects

## Memphis Man Awarded Contract For Paving Farm-To-Market Road 3.6 Miles Clarendon South

Clarendon's first projected farm-to-market paving up for bids at Austin Monday, was given final authorization when Sam Leahl, Jr., of Memphis, was awarded the contract for the 3.6 miles from Clarendon South on the recently designated Highway 18, for a total of \$23,284.00.

This comes by reason of some intensive work on the part of the Donley County Commissioners' Court and the city of Clarendon in guaranteeing the right-of-way required by the state highway department, and means that grading and drainage on the project will get under way at an early date. Engineer Cooper Dewey, who made the final survey is located in Clarendon and will supervise the construction.

Donley county road enthusiasts

are very happy over getting the contract let in this months list at Austin, especially so, since the 3.6 miles is the first paving on the North-South highway gap between Clarendon and Turkey. This route has been the No. 1 project of the local Chamber of Commerce, and the Highway 88-18 Association, whose headquarters are in Clarendon, with Odos Caraway as president and J. R. Gillham, secretary.

At a hearing in San Antonio in August the group asked for one continuous number for the North-South route, and only a few days ago Highway 88 was eliminated with No. 18 being substituted, and the new marker on old 88 from Clarendon to Pampa and Spearman to the state line, now reads No. 18.

## Many Interesting Old Heirlooms Loaned Museum

The Donley County Museum is again the recipient of some interesting donations and loans in the past few weeks. Mrs. Carrie SoRelle recently gave a large steel engraving, mounted in an antique frame of velvet and gilt, of Cronelia, the mother of the Gracchi. This picture has been in Mrs. SoRelle's family for more than half a century.

Mrs. A. C. Arnold has loaned a spinning-wheel which was made by her father in 1848 in Missouri. His wife used it in making the clothing for their family for many years and her husband's socks on it until her death in 1910.

Mrs. J. B. McClelland has preserved for the Museum a copy of a program for a faculty recital given in Clarendon College in 1917. Miss Mamie McLean has added to the list of exhibits, a hand-painted table runner made in 1900 by Miss Ann Bobo, a pin-cushion 50 years old, a razor used by her father 50 years ago, and a German belt buckle brought over from Europe after the World War. Mrs. Rayburn Smith has loaned a collection of fancy work and an old patch-work quilt.

## Baby Show Coming!

### PARENT-TEACHERS WILL HAVE BABY SHOW NOV. 3

PRIZES WILL BE GIVEN TOM THUMB WEDDING WILL BE FEATURE

The Sims Parent-Teachers' Association will sponsor a baby show Thursday night, Nov. 3, at the College Auditorium.

The baby show is to be county-wide. Every parent who has a child under three years of age is urged to enter it. The children will be judged on physical perfection. Following this, the audience will vote for the prettiest girl and cutest boy in the group. The prizes in the contest will be a free 8x10 photo of the child. Six prizes will be given as the children will be divided into age groups.

An entrance fee of 25 cents per child will be charged. This will also admit the mother to the affair to show the child. Entrance may be made to Mesdames Cap Morris, McHenry Lane, or Bill Bromley.

Since there are so many lovely and physically perfect children in the county, this baby show promises to be outstanding in interest and in the type of children shown.

In connection with the babies, a Royal Tom Thumb wedding will be held. Participants in this will be children between three and seven years of age. They will be dressed to represent royalty and brought out the royal ceremony to bring out the royal theme will be used. The children ways so thoroughly enjoy these affairs that they are entirely unconscious and give a wonder-

ful performance. About forty children will take part in the wedding which will have all the glamour of a Hollywood extravaganza.

Several feature numbers by children will be given between the two performances. These will include dances, piano and other instrumental solos, songs, and readings by talented children of the county.

Everyone is urged to attend this show whether they have children or not as many interesting things will be seen. A small admittance charge of 10 and 25 cents will be made in order to provide funds for work of the P. T. A.

A commendable feature of the program is that every cent taken in at the door stays here in Clarendon for the benefit of the organization and school. Mesdames McHenry Lane and George Bagby are directing the wedding and program at no cost to the organization, and no outside concern receives one cent in royalties.

### VIRGINIA WILLIAMS WILL REPRESENT WTSTC EXES IN QUEEN CONTEST

Virginia Williams, 1938 graduate of West Texas State College, has been chosen by a committee of West Texas exes, to represent Donley county in the queen contest to be held in connection with the college home-coming to be held at Canyon, November 4.

A large group of West Texas exes now residing in Donley county have expressed their intention of attending the celebration. Registration of the event will begin at 9 a. m., November 5, and a full program for the entire day is planned, including a football game with the powerful Sul Ross Lobos on Buffalo Field at 2:30 p. m.

## Donley Museum Will Begin \$1.00 Membership Drive

The Donley County Museum will sponsor a membership drive beginning Nov. 5, and lasting through that week. Tickets will be sold for one dollar for a year's membership.

The object of this drive is to raise funds for additional show-cases, as there are now many more exhibits than can adequately be placed on display. This includes furnishing of the pioneer bedroom, kitchen and parlor which has been begun. Funds are also needed for heating the Museum during the winter.

It is hoped by the Museum board and those in charge that a great many memberships will be purchased, thus forming a personal alliance with the Museum. The institution is rapidly becoming an outstanding educational feature in the community.

### DEMONSTRATION ON TRENCH SILO SET FOR NOV. 2

County Agent, H. M. Breedlove announced today that a trench silo demonstration will be held on the Haskell Milligan farm located in the Spade Flat, three miles north of the Glenwood school house, Wednesday, Nov. 2. Everyone is invited to attend this demonstration. Mr. Breedlove will explain the details of digging and filling a trench silo and also the value of silage for feed.

### FIELD REPRESENTATIVE VETERAN'S BUREAU TO BE HERE NEXT WEEK

Floyd L. Sloan, field representative of the Veteran's State Service will be in Clarendon, Tuesday, Nov. 1, it was announced today.

He requests all veterans to see him on this occasion.

## SKYROCKETS DOWN BRONCS 59 TO 0 FRIDAY NIGHT

### BRONCS FIGHT TO FINISH ONLY TO END IN ONE-SIDED SCORE

The Clarendon Broncos went down to the tune of 59 to 0 last Friday night when the Wellington Skyrockets, the most outstanding team of the district, who haven't lost a game this season, met them for the locals third and last conference game.

Although the Broncos made a valiant stand against the invaders, they were out-classed in every way, by the team that beat the Class A Hollis, Okla., team.

The Broncos held the visitors fairly even during the first half of the game and didn't slow down any during the last half but the Wellington gridsters ran rings around the locals; six touchdowns during the last half of their three in the first.

During the half, each school gave demonstrations, the Clarendon band and pep squad performing in a marching stunt and playing a number, while the Wellington pep squad gave a torch demonstration. The lights were turned out and the group came out on the field holding torches, first forming the letter "C" for Clarendon and then letter "W" for Wellington. Several skyrockets, denoting the name of the Wellington team, were set off.

Regardless of the one-sided score, the Broncos were credited with playing the best football they have played this season, and showing more fight than ever before.

A large crowd from Wellington attended the game and with the large group from Clarendon and surrounding country, the grandstand was overflowing.

The Broncos will meet Canadian at Canadian next Friday, Oct. 28. Their following two games will be played on the local field, with Groom on Nov. 4th and Vega on Nov. 11th.

Mr. and Mrs. John Mudge of Junction are visiting their daughter, Mrs. Jack Molesworth and family this week.

Mrs. A. T. Jefferies left Saturday for El Paso where she will visit her parents, Mr. and Mrs. Frank Collison, for several weeks.

## RUSSELL MORRIS SHOWS WINNING BIRD AT FAIR

### OTHER DONLEY EXHIBITORS TAKE MANY PRIZES IN POULTRY SHOW

Five Donley county youths won a major part of the honors for the breeds they exhibited in the club division of the poultry show at the State Fair of Texas, October 8 to 22.

Russell Morris showed the champion solid colored cockerel in both the club and open poultry shows. Morris' White Orpington pullets, placed 1, 2, 3, 4 and 5 in the club division.

Pete Morris' Light Brown Leghorn pullets placed 3rd, cockerels, 4th and young hen placed 2, 3, 4, and 5.

Carl Morris' Columbian Wyandottes placed 1, 2, and 3 in cockerels, 1, 2, and 3 in pullets, and 1, 2, 3, 4, and 5 in hens.

Lowell Primrose's White Langshans placed 1, 2, 3, 4 and 5 in pullets, cockerels and hens.

Carl Morris' White Giants placed 1st in young pen, 2nd in cockerels and 3, 4 and 5 in pullets.

In the open division, Russell Morris' White Orpingtons placed 1, 2, 3, 4, and 5 in cockerels, 3 and 5 in pullets; Carl's Columbian Wyandottes placed 1, 2, 3, 4, and 5 in cockerels, 2 and 5 on hens, and 4 and 5 on pullets; Primrose placed 1, 2, 3, 4 and 5 on pullets, cockerels and hens; Herman Mooring placed 1st in Blue Andalusian cockerels.

Approximately \$90 in premiums were won by the 72 birds.

## Bargain Days On City Dailies and Club Rates With News

All the great daily newspapers of Texas have on their annual Bargain Days, and as customary, the Clarendon News is agent for all those covering this section. The News is receiving new and renewal orders for The Amarillo News, The Wichita Falls Daily Times and the Record-News, The Fort Worth Star-Telegram and The Dallas News. Also the Texas Semi-Weekly Farm News.

The News is also offering for a few weeks a special bargain club, offering with any and all of the above named papers, and will be glad to handle your subscription needs for you. Call at The News office and get your favorite daily for the coming year, the Home Paper, and such magazines as you would select.

Mr. and Mrs. J. T. Stephenson announce the birth of a daughter at Adair Hospital Wednesday afternoon. Mother and daughter are doing well, it is reported.

Mr. and Mrs. W. H. Patrick and Miss Elgin Patrick returned Tuesday from Garham, Kan., where they visited Mrs. Dick Marsh and family.

Mrs. E. A. Simpson of Amarillo was here several days the past week. Major Simpson was down here in connection with court business.

## TWO DAMAGE SUITS HEARD THIS WEEK DISTRICT COURT

### ONE SUIT FAVORS DEFENDANT, AND OTHER AWARDS PLAINTIFF

In the suit for damages of Grace Sisson vs. The Fort Worth & Denver Railway Company, heard in District Court last week and the first part of this week, a verdict in favor of the railway company was given.

The suit was filed after a train on the Fort Worth & Denver hit a car at a crossing one and one-half miles west of Martin, fatally injuring J. W. Bozeman and his two grandsons, James Bozeman and James Williams.

The jury held that the accident occurred from not only the negligence of the railroad, but also of the victims.

In the suit of J. W. Bozeman and wife vs. The Fort Worth & Denver Railway Company, which

## Young People From Over District Here Sunday For Meet

Sunday at the Methodist Church the young people of the Clarendon District will convene here for an all-day meeting. They will join in the regular congregation in the morning worship and the pastor, Rev. E. D. Landreth will deliver a sermon of articular interest to the young life of the church.

At the noon hour a luncheon will be tendered the visitors in the basement of the church, and the sessions will be concluded in the afternoon. Miss Marie Gilbert of Pampa is the director of the young people for the district and will preside over the sessions.

Representative young people are expected from Pampa, Memphis, Shamrock, Wellington, Hedley, Turkey, Quitaque, McLean, Wheeler, Mobeetie and other points in the territory covered by Clarendon District.

## LIGHT CRIMINAL DOCKET HERE IN DISTRICT COURT

### ONLY ONE CRIMINAL CASE IS HEARD IN FALL TERM OF COURT

The only criminal case on the District Court docket for this term of court was heard by Judge A. S. Moss Monday and Tuesday of this week. Bill Stamford of Hedley was charged with possession and concealment of stolen property, was found guilty and fined \$60.

The Grand Jury met last Friday and indicted Jack (Red) Guill on a charge of aggravated assault, and Jack and Guy Patterson charged with simple assault.

The indictment came as a result of an argument over funds at a Whitefish school entertainment last May, when Guill was alleged to have struck J. A. Patterson with an instrument causing the loss of sight in his right eye, a fractured skull and a broken nose. The case comes under the head of a misdemeanor and will be tried in county court.

## Dr. Barcus Will Hold Last Conference Of His Quadrennium

Rev. E. D. Landreth, pastor of the First Methodist Church, announces the fourth and last quarterly conference of the year to be held Tuesday evening, Nov. 1st, 7:30 o'clock, with Dr. T. S. Barcus, presiding elder in charge.

Aside from the importance of the last quarterly session of the conference for the year, is the fact that it will be the last quarterly conference to be presided over here by Dr. Barcus, who is completing his fourth year as supervisor of Clarendon District, and who, under the law of the church, will be moved to some other field of labor at the annual conference which meets in Memphis on Nov. 16th. Dr. Barcus has become generally loved in Clarendon and over the district and will be greatly missed in church and civic circles, as will Mrs. Barcus. In view of this circumstance, Rev. Landreth invites a full attendance of officials and members of the Tuesday evening conference.

At the meeting reports will be heard from the various departments of the church, and the official board for the coming year will be elected. Judge J. R. Porter, chairman of the board of stewards, reports that the stewards are engaged in an intensive effort to bring up the financial report of the church in full for the year, with some \$1,000 yet remaining to be raised.

Mrs. U. J. Boston and Mrs. B. P. Kirtley and Mrs. Simmons Powell went to Amarillo Monday.

was heard in District Court Tuesday and Wednesday of this week, the jury allowed the plaintiff damages to the amount of \$2,775.

This case was in connection with the same accident as the Sisson case.

The case of Mrs. Lucille Hill vs. Donley county, a suit for damages, was postponed until the next term of court.

## LIONS HEAR RED CROSS OFFICIAL PRESENT NEEDS

### CLUB URGED TO ASSIST IN LARGER ROLL CALL EFFORT

With Vice President R. E. E. Drennan in the chair in the absence of President W. H. Patrick, the Clarendon Lions Club devoted its program hour Tuesday noon, to a consideration of the local appeal of the Red Cross, and a First Aid Course to be taught here next week.

Guests of the day were District Attorney John Deaver of Memphis, Judge E. A. Simpson of Amarillo and former member of the Clarendon Lions Club, and Miss Maude Branham, field representative of the National Red Cross Society.

Miss Branham, introduced by Lion Caraway, gave an interesting discussion of all the services rendered by the Red Cross, in disasters over the nation, pointing out just how much local service could be rendered under the Red Cross program. She declared that Donley county had not kept pace with neighboring counties in its support of the organization since the World War, and urged that the Lions assist in seeing a larger enrollment in the roll call from Armistice Day to Thanksgiving.

Lion Riney announced a short course in First Aid which would be taught here beginning next week primarily for employees of the Highway Department in this vicinity, which would also be open to the public without fees of any kind. The course will be given two nights each week for the required 20 hours, beginning at 7:30 o'clock next Tuesday evening at the college.

Miss Elgin Patrick returned to Dallas Wednesday after a week's visit with her parents, Mr. and Mrs. W. H. Patrick.

Mr. and Mrs. Willard Hudson of Vernon spent the week-end with his parents, Mr. and Mrs. Major Hudson.

## Charles R. Lewis Dies Sunday In Washington, D. C.

Charles R. Lewis, 61, died at his home in Washington, D. C., Sunday, according to word received by relatives here. Mr. Lewis was a pioneer of Donley county as he came to Old Clarendon with his parents, Mr. and Mrs. C. J. Lewis, in 1887.

He served as assistant postmaster here under his father for several years, and when still a young man, he went to Washington, D. C., where he was employed in the post office at Chevy Chase for several years. Later, until he was forced to retire on account of illness, he was employed by the civil service in the customs department.

Mr. Lewis is survived by his wife and daughter in Washington and a brother, W. J. Lewis, and a sister, Mrs. B. W. Chamberlain, both of Clarendon.

Burial was at Fredericksburg, Md.

## MAVERICKS DOWN JUNIORS 13 TO 0 AT AMARILLO

The Maverick team of Amarillo downed the Junior Colts 13 to 0 at Amarillo Tuesday afternoon for their first loss of the season.

The Colts have played four games before with all wins, scoring as much as 21 to 0 in three of the games.

The "spark-plug" of the team, Raymond "Tooter" Johnson, was out with a broken arm in the game Tuesday, and that lessened the pep as well as the power of the Colts.

The junior boys have been described as capable of taking on many high school teams in this district with even chances, by many who have witnessed them.

Coach L. B. Penick took the boys over when they had never played a game of football, and has trained them into excellent material for the future high school squad.

## FIRST AID COURSE TO BE OFFERED NEXT WEEK

### PUBLIC INVITED TO TAKE 20-HOUR COURSE IN FIRST AID

Beginning next Tuesday evening at 7:30, an authorized course in first aid will be taught in Clarendon, and is open to all adults who would like to have the benefits of this valuable instruction, which has so often contributed to the saving of life and limb over the nation.

The Red Cross authorized manual will be taught and the course requires 20 hours study for completion. W. A. Riney, of the Texas Highway Department, who holds a certificate, will be in charge of the class, and employees of the department in this vicinity who have not had the course are required to take advantage of the opportunity offered to secure a certificate.

The class will meet at Clarendon College at 7:30 next Tuesday evening and all those desiring to attend and secure a certificate are invited to meet Mr. Riney at that hour.

First aid has proven a great factor in recent years in thousands of accidents in the home and on the highways in the saving of life and reducing suffering while waiting for the service of a doctor or surgeon, and it is knowledge every citizen should have for the safety of himself, his family and the public in general.

Mr. and Mrs. J. H. Hurn returned Wednesday night from a week's visit with their daughter, Mrs. C. J. Van Zant of Post. They were accompanied by their granddaughter, Mary LaDell Cox.

## LOCAL FFA YOUTH SHOWS CHAMPION PIG AT FAIR

### LOCAL OWNERS OF 22 PIGS TAKE \$154 IN PRIZE MONEY

A Hampshire barrow, bred by Elba Ballew and fed and shown by Carl Morris was judged champion Hampshire barrow of the club show at the State Fair of Texas and ranked second in the open division, only nosed out by first by a barrow from the Tierra Blanca Farms of Canyon.

On the litter group, Carl's pigs placed first in the club division. In the open show, Morris' pigs placed second and sixth in singles, and second in pens of three. Pete Morrow's entry placed fifth in pens of three, and in the club division placed 2nd, 7th, 9th and 13th; Morris placed 1st, 3rd, 5th and 10th, and Peabody placed 12th.

Horace Green showed the champion heavy Poland China barrow of the club show and took second place in the open show and Ray Isham's pigs placed 3rd, 4th, 5th and 6th, in the pens of three placed 4th, and placed 6th, 7th and 8th in the open show. Joe Williams' entry placed 3rd in both club and open shows.

The boys won \$154 in premium money on the 22 head of pigs entered and received a premium in price that netted them approximately \$90 more than what the pigs would have brought on the local market.

The Clarendon F. F. A. entry was the largest club entry in the show and the local youths won more prize money and honors than any other F. F. A. or 4-H club entered in the show.

### W. P. CAGLE RESTING IN FORT WORTH HOSPITAL

Mr. W. P. Cagle who was taken to Fort Worth Friday is now resting well in a hospital there. He has been in ill health for some months and when he became worse, went to Fort Worth for medical attention. He will probably remain there for another week or more.

Mr. and Mrs. Mack Dunn of Memphis spent Saturday night with Mr. and Mrs. H. G. Eddington en route to their home in Memphis after an elk hunt in Colorado.

## "GARNER-FOR PRESIDENT"

Two very strong probabilities stand out in the onswep reported of the movement for "Garner for president." It is unlikely that the movement has been launched without the knowledge and consent of the Sage of Uvalde and it is equally unlikely that the veteran congressional tactician who is now the vice president of the United States entertains an actual ambition for election.

The second unlikelihood is based on the Texan's office. John N. Garner will be 69 next month. He would be in his seventy-first year when taking office, if nominated and elected. His age would militate against a strenuous campaign though it must be conceded that the radio has served to obviate that necessity. He would expect to serve until 75 and a second term would carry him well toward 80, without the certainty that he could retain under the terrific pressure on our presidency the present vigor of his mind and physique.

So the probability is that a Garner-for-president movement now is designed to place the vice president in a strategic position at the next Democratic convention. It assumes a place in the intra-party struggle between the original backbone of the Democrats and the Carpetbaggers of the new deal. That struggle is waged partly about the traditional Democratic policy of paramount state authority as opposed to centralized federal power. It concerns, too, social and economic policies. It must determine whether the Democratic party sets and follows a fixed course or whether it tacks with every new idea of the skipper. But it is less a struggle between persons and it is very largely concerned with who directs the party after 1940.—Dallas News.

## OPEN LETTER TO A DRIVER who Speeds Through Our Streets

I saw you barely miss a little boy on a bicycle this afternoon and heard you yell, "Get the Hell out of the way! Don't you know any better than to ride in the street." He didn't answer because he hasn't learned to talk very well yet. So I'm going to answer for him.

No, the little boy doesn't know any better than to ride his tricycle in the street. He has been warned not to, but little boys don't always heed warnings. Some adults don't either, especially traffic warnings; for example, the one limiting the speed of automobiles.

I'm going to tell you something about that little boy. He has a mother who has endured considerable inconvenience, anxiety and suffering to bring him into the world. He has a father who has worked hard and made many sacrifices to make him healthy and happy. The supreme purpose of their lives is to have their little boy grow up to be a useful man.

Now stop a minute and think. If you should kill a child, how would you feel facing its parents? What excuse could you give them for having robbed them of their dearest possession? More important: What excuse could you possibly offer Him whose Kingdom is made up of little children?

Children, my hasty friend, were here long before you or your automobile were thought of. All the automobiles on earth are not worth the life of one little boy. We don't know what that little boy may some day be. But we know what you are, and it's unimportant. We could get along without you, but we can't spare a single little boy on this street.—Jungleaire (Lansing, Mich., Lions Club.)

## ON HIS TRAIL

## JUST HUMANS

By GENE CARR

"There, Ya Dared Me T'push Ya Face In. Whatcha Gonna Do?"  
"What Do Ya Want Me T'do?"

## SOMETHING LEFT OUT

Foreign imports always go up or down with farm income, according to Secretary of Agriculture Henry Wallace. In other words the more farm products we import from other countries the more prosperous is the American farmer. It is a queer proposition and it does not make sense to us.

But Mr. Wallace "proves" it by showing that the average American farmer had an income of about six hundred dollars in 1932 and twelve hundred dollars in 1937. Then he asks whether the average farmer would rather have a large income with larger imports or a smaller income with smaller imports. The answer to that one is easy. We suspect Mr. Wallace left out one important figure in presenting his statistics. How many farmers were there in 1937? How many of the farmers of 1932 had given up the struggle by 1937?

"This 'average' business can fool you. If one hundred farmers in a given neighborhood have a combined income of sixty thousand dollars this year and there are only fifty left in the neighborhood next year making fifty thousand dollars, the average farmer may be doing better but farming is on the down grade, and so is the neighborhood.

Very ingenious is the secretary, but we doubt that he will convince the ex-farmers, now on relief, or the farmers who are barely getting by, that the New Deal has made them rich.—The Austin Times.

## IN THE UNITED STATES

A well-to-do man represents something besides money. He usually represents a lot of hard, intelligent and useful work: Saving, politeness, capacity to handle the tools of a necessary trade a little better than is the rule.

There is a high and low caste in this country, as in India, but anyone may get into the high caste here. In our country children are not born to the purple, the matter of caste is settled after birth.

The young fellow who practices the simple virtues and is polite and industrious becomes a high caste man. The young fellow given to bad habits becomes a low caste man, whatever his birth may have been.—E. W. Howe.

## NOBODY'S BUSINESS

By JULIAN CAPERS JR.

AUSTIN.—From unusually reliable O'Daniel sources this week came word that Carr P. Collins, Dallas insurance and mineral water executive, and closest political friend of Governor-Nominee W. Lee O'Daniel, may be offered appointment as new chairman of the State Highway Commission early next year.

The same sources laughed at rumors that have been circulated lately of a break in the friendly relations between Collins and O'Daniel. Whether Collins would accept was another question. Close friends of the Dallas man have said repeatedly that he would not take a state appointment, but preferred to remain an unofficial friend and advisor of the new governor. His own business requires much of his time, and the highway post is rather exacting. Another argument that is against Collins' appointment is that both Collins and Harry Hines, now a member of the commission, live in Dallas, and it has always been customary to distribute the Highway Commission posts on a geographical basis. The new member will succeed retiring John Wood, from East Texas, and if O'Daniel followed the policy of his predecessors, the new man would be from East, or South-east Texas.

## WOODUL RAISES FUNDS

Seeking directly to further his program of industrial expansion in Texas, W. Lee O'Daniel has enlisted Lieut. Gov. Walter Woodul to head the task of raising \$250,000 to finance appropriate exhibits for Texas at the forthcoming World Fairs in New York City and San Francisco.

Governor Allred appointed a State Fair commission more than a year ago, consisting of business tycoons from every section of Texas. But the commission never got going, and to date, has raised little or no money. O'Daniel regards the Texas exhibits as vitally important, and he canvassed the field for a man whom he believed could get the job done. He selected Woodul, whose interest in advertising Texas is of long standing.

## COACH MEETS BOY

The dismal showing of the Texas University football team this year has given Texas fans nothing to feel cheerful about, but they are telling a funny story on Coach Dana X. Bible, the team's \$15,000 a year mentor. Bible was interviewed at the opening of the football season by a youthful high school player entering the university. The lad told of his high school prowess and recommended himself highly. Bible told him to report to the Freshman "B" squad. "You're pretty light, son, but a year's experience and a chance to learn my system ought to put you in shape to have a try-out for the Varsity," said the coach.

"Listen, Coach," retorted the cocky youngsters. "If I can't learn your system in three or four weeks, you better get yourself another system."

## MEXICAN OIL CONTINUES

The flood of Mexican oil into the port of Houston continues, despite the recent break in the Texas crude oil market, according to tender figures released by the Texas Railroad Commission this week, showing imports totaled 410,879 barrels during September, and estimates of 625,000 barrels for October, bringing the total well over the million barrel mark for the two months. The oil was consigned to two independent refiners at Houston, and, according to the applications for tenders, intended chiefly for re-export to Europe and Japan. Texas oil men point out Mexico never had more than 18,000 barrels daily of royalty oil during normal times, and this was sold on their domestic markets, and not exported. These shipments of more than 30,000 barrels daily, they point out, proves conclusively that the export oil is largely from expropriated American and British properties, seized without payment by the Mexican government last April. British oil companies have seized several shipments of this stolen oil sent to Europe by Mexico, and recovered possession of their stolen property by court action in France and Belgium.

Meanwhile, articles in American magazines are pointing out that Mexico apparently is preparing to seize without payment American power plants, under procedure similar to that of the oil seizures. One such article points out 25 per cent of the current generated by one large American power company is being stolen by private individuals, through "by-passes" on wiring systems and meters, and that Mexico has no laws to punish such theft. Seizure of the power plants themselves is regarded as an early possibility.

## THOMPSON TALKS TO FDR

Extension of the powers of the Interstate Oil Compact, to regulate the output of American oil refineries is favored by President Roosevelt, according to Ernest O. Thompson, chairman of the Texas Railroad Commission and chairman of the Inter-State Oil Compact Commission. Thompson has charged that recent overproduction of gasoline caused the break in crude oil prices, despite a decrease in crude stocks above ground. He detailed the situation to President Roosevelt in a two-hour conference with the president at Hyde Park last week, and reported the president does not favor any further federal regulation of the oil business. How the states could regulate refineries on the theory of preventing physical waste is difficult for legal experts here to understand, and the compact, of course, has no power to enforce any regulation except by voluntary agreement of the compacting states for uniform enforcement of their respective state laws. No consideration of the price factor may be given by the compact, under the terms of the act creating it.

### Professor, Beware

PROFESSOR BEWARE

Phyllis Welch can't seem to make any impression on Harold Lloyd in this scene from "Professor Beware," the new film coming Sunday to the Pastime Theatre.

### Lionel Stander Seen With Lloyd For Second Time

There are very few actors in Hollywood who can boast that they have made more than one picture with Harold Lloyd, and one of the exceptions is frog-voiced Lionel Stander who appeared last year with him in "The Milky Way," and who has an important part in Lloyd's latest comedy, "Professor Beware," which opens soon at the Pastime Theatre.

Standar, a New York born boy, was urged by his family to follow in his father's footsteps and be a certified public accountant, but being by nature a certified rolling stone, he would have no traffic with double entry. He got his first chance on the stage when he heard of a show on Broadway that needed a crap-shooting extra. He applied for the job and was so proficient that it was his. Since his Hollywood debut in 1932 he has consistently posed as Hollywood's lowest low-brow, and claims that fans ask for his autograph only to see if he can write, while in reality he is one of the

film capital's most highly studious citizens; he studied at three universities, N. F. U., Duke and the University of North Carolina.

### Test Shows How Sires Affect Milk Production

Seventeen Jersey sires loaned by the Jeanerette Experiment Station of the Bureau of Dairy Industry to cooperating farmers show how good sires in farm herds transmit to their daughters the ability to produce more milk and butter-fat.

The 17 sires were bred to 297 cows with an average annual production of 6,246 pounds of milk and 296 pounds of butterfat calculated to a mature basis. The daughters produced an average of 6,845 pounds of milk and 328 pounds of butterfat. This is a net average of 599 pounds of milk and 32 pounds of butterfat in favor of the daughters.

As in all proved sire work, some of the bulls failed to transmit production ability. Only four of the 17, however points out S. L. Cathcart, in charge of breeding work at the station, failed to raise the average production.

## College Station Averaged 81 Per Cent In Agricultural Predictions For 10 Years

COLLEGE STATION.—The agricultural Outlook published each year by the U. S. Department of Agriculture is not a "hit and miss" proposition, like tossing a coin, according to Tyrus R. Timm, extension economist in farm management. For the past ten years the predictions averaged 81 per cent correct. From these data, there appears to be reasonable assurance that, so long as agricultural prices are not subjected to new economic influences, their behavior can be forecasted with fair success.

As in the past, the annual Agricultural Outlook conference, sponsored by the Bureau of Agricultural Economics in cooperation with the State Extension Service will be held in Washington, October 24-29. In this meeting, facts of importance to farmers in making their 1939 production and marketing plan will be assembled, analyzed, and reported. The printed outlook report, comprising individual commodity releases will begin October 31.

The question is usually asked, "How can I use this information on my farm?" One of the best methods is to obtain reports pertaining to the major enterprises adapted to your farm, and then list the favorable and unfavorable factors affecting the supply and demand for that particular commodity. For example, on beef cattle as to supply, the following statements may be noted as favorable: (1) numbers of cattle, (2) beef cattle changes, (3) slaughter of cattle expected, (4) supply of feeder cattle and calves in other sections, (5) and expected average prices.

Some people follow the Outlook still closer in their planning. One housewife's eyes sparkled last year when she heard that egg prices throughout 1938 would probably be somewhat higher than in 1937 but her hopes fell when it was brought out that owing to increased hatchings prices for poultry would probably be lower late in the year. "I'll beat that game," she thought. "I'll get all the eggs I can from my pullets, market my poultry early and not depend too much upon money from selling poultry late in the fall."

Better Paint Ordered For 1939 Auto Plates

AUSTIN, OCT. 20. — There will be better paint on Texas' automobile license plates in 1939 than is on them this year.

It will be manufactured especially for Texas and according to a formula worked out by the State Highway Department.

This is the information from the highway department and the State Board of Control, the latter of which has just contracted for \$23,000 worth of license paint and \$40,000 in sheet metal.

Decision to buy paint of better quality and peculiarly suited to Texas' conditions followed some sad experiences with paint which peeled off and otherwise was unsatisfactory, especially in the coast country.

Contract was let to a Chicago manufacturing company and the department has dispatched a man to that city to see that the paint is made according to formula. There also is a bond to insure specifications are met.

When the state penitentiary as usual starts to manufacture the plates, the highway department will have a representative standing by to make sure the paint is applied properly.

The contract calls for 10,200 gallons of gold dipping enamel and 7,300 pounds of purple tandem ink, which will be used on the passenger car plates. The plates will have a gold background and purple numerals.

Various paints and materials for other types, such as those for trucks and motorcycles, also were ordered.

Mrs. Mollie E. Gray went to Arlington on business Friday.

Home Gardens Not To Penalize AAA Set-Up

Texas home gardens will take a neutral classification under the 1939 AAA program. In the past, acreage devoted to vegetables for home use was "charged" against a farm in figuring payments under AAA in the same way as were cash crops.

The ruling for 1939 was obtained from AAA officials and announced to county agricultural and home demonstration agents by Miss Mildred Horton and Jack Shelton, vice directors and state agents of the Texas A. and M. College Extension Service.

"The ruling means that land planted to vegetables for home use within the bounds of the garden fence, in frame gardens, and in patches of general vegetables for home consumption, including

## The Low Down FROM HICKORY GROVE

Not so long ago I was poppin' off about one of my favorite senators from down yonder in the old mud-cat state, and I got to talkin' about sorghum and wishin' for some. And lo and behold, an editor down there, he ups and sends me a can.

And I tried it with corn cakes and bacon and a coupla cups of coffee, and I guess it had a quietin' effect, because Susie, she says, I guess we better send down there

such crops as pumpkins, sweet corn, cane for syrup, sweet potatoes, field peas and beans, and Irish potatoes is neutral," they said.

As many acres as are needed for home use can be used without affecting the allotments for cotton, wheat and general crops, Home orchards and berry patches may be neutral or partially soil building, depending on whether or not they are interplanted, and the kind of crop used in interplanting.

In many sections enough grains can be produced so that some can be milled and converted into whole ground meal, whole wheat flour and whole ground cereals to supply part of the approximately 170 pounds of grain products dieticians say each individual needs in the course of a year.

The extension leaders also pointed out that the general crops and the pastures can be handled in such a way as to provide an abundance of milk, butter, cheese, eggs and meat for the family table.

for a winter's supply.

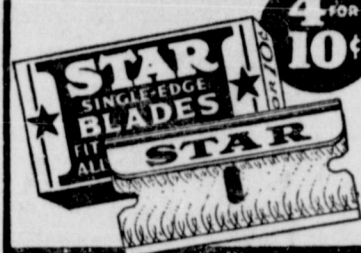

But I got a friend out in Oregon who has been around considerable and he says sorghum and cane syrup, they are not the same. He says sorghum is from Illinois and thereabouts and is made from a corn-like cane—and the juice of the Southern cane, it makes cane syrup—not sorghum. But this Mississippi editor, he calls it sorghum. But whatever it is, it is great and grand stuff.

And any woman who has a grizzly bear for a husband, she can handle him easy as pie, if she knows her corn-cakes and sorghum—or cane and maple syrup.

Yours, with the low down,  
JOE SERRA.

## CARD OF APPRECIATION

To our many friends and neighbors who so thoughtfully tendered their services in so many ways to making easier our burdens on the occasion of the passing and funeral of our loved one, we desire to extend our sincerest thanks and appreciation. We cannot forget such generous expressions of kindness and sympathy.

May a kind Providence repay you when sorrows come to you, in our prayer. Sincerely,  
E. F. Bryan and Family.

The demand for compact kitchen utensils is met by this dish drainer. It holds dishes up-right between horizontal springs and corrugated rubber strips. The rubber covered basket holds silverware, cups and glasses. When not in use both units fold up compactly as shown, enabling it to be tucked away in the cupboard.

"My Skin Was Full of Pimples and Blemishes from Constipation" says Verma Schlepp: "Since using Adlerika the pimples are gone. My skin is smooth and glows with health. Adlerika washes BOTH bowels, and relieves constipation that so often aggravates a bad complexion. Douglas & Goldston Drug Co."

## Texas Baptists Face Million Dollar Budget At the 1938 Convention

DALLAS, Oct. 22.—(Special)—Texas Baptists will face the challenge of a million-dollar budget—the largest in their history—at the Baptist general convention of Texas here November 8-11 inclusive.

Dr. R. C. Campbell of Dallas, general secretary of the denomination's executive board, will present the million-dollar objective for 1938 on Wednesday night, Nov. 9, the second day of the session which is expected to draw 12,000 delegates from all corners of the state. The delegates will represent the 660,000 members of churches affiliated with the general convention.

The budget is designed to finance all phases of denominational work, including Texas' share of support of Southern Baptist missionary activities throughout the world. The convention is expected to hear reports on recent heavy damages sustained by mission properties in war zones.

Preceding the general sessions, Texas Baptist women will hold their annual convention Nov. 7. Mrs. B. A. Copass of Fort Worth is president of the Woman's Missionary Union. The annual pastor's and laymen's conference will be held simultaneously as a preliminary to the general meeting.

All phases of Texas Baptist activity, including hospitals, schools, Sunday schools, training unions, publications and orphan homes will be reviewed and plans made for 1939 activities. Dr. J. B. Tidwell, professor of Bible at Baylor University, Waco, will bring his report as president of the convention at the opening session Tuesday, Nov. 8, in the evening.

Another highlight of the convention will be the annual report of the committee of civic righteousness, which will be brought by W. L. Howse, educational director of the Broadway Baptist church, Fort Worth. Dr. John L. Wharton of the First Baptist Church, Longview, will follow this report with an address on civic righteousness which is expected to be a bristling review of current moral issues.

## FFA Greenhands Initiated At Meet Monday

The largest group of greenhands ever initiated in the local F. F. A. were participants in the ceremonies Monday night, October 24. The formal procedure was followed in the initiation as outlined in the F. F. A. manual and as used throughout the nation.

Following the formal initiation, the informal part of the ceremony was held with 31 greenhands taking part.

Those awarded the greenhand buttons were: Ray and Roy Bulls, Frank Cannon, Lee Christy, Howard Gibbs, J. W. Goodman, Homer Hardin, L. B. Hartzog, Junior Hartzog, Freeman Helton, Elbert Horton, Cecil Hickman, M. Landreth, Rex Moore, Mayne Morris, Herman Higgins, Wayne Naylor, W. H. Nelson, Clyde Peabody, Carroll Peabody, George Reeves, Earl Barker, Bailey Estes, Horace Green, J. B. Martin, True Barbee, Aubrey Speir, Bobby Ward, Victor Smith, J. T. Finchus, Billy Frank Moreland and Bobby Marshall.

## DANCING ORGIES HIT BY CATHOLIC PRIEST

BILOXI, Miss., Oct. 25.—Jam sessions and jitter-bug "orgies" are wooing young people "along the primrose path to hell," the Most Rev. Francis J. L. Beckman, archbishop of Dubuque, tonight told the National Council of Catholic Women.

Bishop Beckman, speaking on "Art For Youth and the Church," said "evil forces" were fostering a type of art "embodying evil and malicious propaganda, and that the church must act."

"Today," he said, "while the church pursues as zealously as ever she has in the past her policy of motivating, conserving and drawing to herself, the best of modern art, evil forces are hard at work endeavoring to undermine its Christian status, debauch its high purpose and harness it to serve individual diabolical ends."

## LOCAL AUTO REPAIR MAN INSTALLS NEW VALVE GRINDING MACHINE

Homer Bones, local auto repair man has just installed one of the latest and most modern valve-fac-ing and valve seat grinding machines in this part of the country. It uses the new wet-grinding system and is said to be the most accurate and precision machine on the market today.

Mr. Bones stated that he did this with the intention of keeping his shop as modern as any in this part of Texas. He said, "We thought we had ground valves before but look at this," and exhibited a sample of the work done on the machine.

Mr. and Mrs. J. P. Ball of Mangum, Okla., visited Mr. and Mrs. W. C. McDonald and family Friday and Saturday.

## Presenting Clarendon Junior College

By DORTHEA WATSON

Economics treats of man in his relation to wealth. It tells how men make a living and how they make a better living. It is concerned with the production of wealth, how wealth is divided among the various members of the community, and how wealth is used. Economics deals with subjects in which everyone is interested. Such subjects as the protective tariff, public ownership of railroads, money and banking, stocks and bonds, labor problems, and monopolies are of concern to each of us. The main object in the study of economics is to teach us to think correctly on economic questions.

There are several economic motives. Self interest is a powerful motive to induce men to work. but this is usually an enlarged self interest. Social esteem is also a motive. Men like to be well thought of in the community in which they live and will shun employments of which their friends and companions regard as dishonorable or degrading. Another motive to economic activity is the desire for employment. For real men and women, loafing is the hardest kind of work. The instinct for association is another motive for activity. People want to do what others are doing, and in the United States, where most people are working, it is the fashion to work.

Society may be regarded as an organism and every person has a service to perform for the common good. All persons who can work and do not, are not only hurting themselves but are injuring society. Every science has some relation to economics, but history and sociology are especially helpful. From history we learn the experience of men and can avoid the mistakes and profit by the successes of those who have preceded us. Since the economic life of man is closely related to his other activities, sociology is helpful to the student of economics. For convenience in

treatment, economics is divided into three sections: The consumption of wealth, the production of wealth, and the distribution of wealth. Each section is closely related to the others.

There is no reason to doubt that economic progress will be as great in the future as it has been in the past. A larger production of wealth will give more comforts to the people and more time for education and recreation.

This is the reason so many students are studying economics. They realize that the world will soon be entirely dependent upon them. Thus, they demand an excellent economics course. Clarendon Jr. College students are proud of the economics department in this school. And last, but not least, we must give credit to the teacher of this course. In the two years that he has taught economics, classes have increased tremendously.

Each year our college is improving and someday, not so far away, we will be proud to say that the Clarendon Jr. College is the best in the state.

## 13 Bouts Featured In Opening Night FFA Tournament

Knockouts and slugging matches featured the opening night of the F. F. A. boxing tournament at the College Auditorium last Tuesday night. One knockout, two technical knockouts, two draws and eight decisions constituted the results of the 13 bouts on the opening night's card.

The fights will continue at 7:30 each Tuesday night for the next three weeks. The final bouts will be fought the last Tuesday night.

The results of the bouts of last Tuesday are as follows: Rex Moore and Carl Morris fought to a draw; Frank Cannon decisively Billy Goodman; George Reeves decisively Ray Bulls; Joe Williams decisively George Moore; Carl Peabody and Cecil Hickman

## The World's Finest OIL RANGE

.. a new PERFECTION with exclusive "Table-Top" advantages

Here's the "table-top" oil range housewives all over the country have been waiting for—a range by Perfection, with the famous High-Power burners... a "table-top" range made for CONVENIENCE and PERFORMANCE as well as for beauty. Finished in gleaming white porcelain enamel with black trim, it will add distinction to the finest kitchen.

This beautiful range has exclusive features which you can get in no other "table-top" range... oven burners mounted on a slide, easily drawn forward for convenient lighting and easily lifted out when burners need cleaning... two-gallon reservoir at end of cooking-top and one-gallon reservoir serving oven burners both conveniently removable from the FRONT... large "Live-Heat" air-insulated oven, full porcelain finish. May be had with or without cooking-top cover, lamp, timer and condiment set shown here.

Come in and see this beauty and the other Perfection ranges with elbow-high ovens and stoves with one to five burners for use with portable ovens.

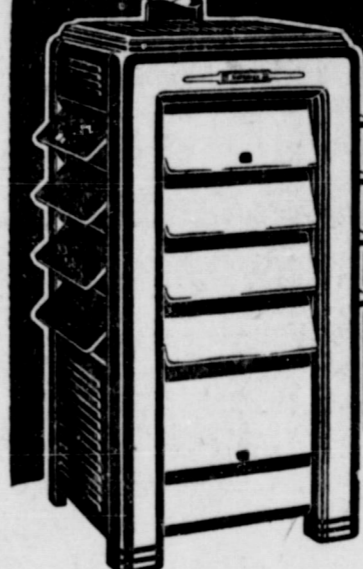

Liberal allowance on your old stove, and convenient terms, if desired.

Terms As Low As \$5 Per Month

# Clarendon Furniture Store

## Only SUPERFEX gives "Directed" Oil heat

BURNS LOW-COST FUEL OIL

EIGHT years of constant improvement have made today's Superfex Oil Burning Heaters (products of the Perfection Stove Company) by far the best oil heaters we have ever seen.

We have both radiating and Heat-Director models. The Heat-Director, shown here, has patented shutters which can be adjusted to give not only circulating heat, but also radiating heat, and in addition DIRECTED heat. The shutters can be adjusted to send heat downward, to warm the floors and to assure comfort in "the living zone."

Sizes with heating capacities ranging from 3,100 to 11,600 cubic feet. Let us show you the model best suited to heat your home, office, or shop.

# SOCIETY

## McDOWELL MUSIC CLUB HAS CHORAL PRACTICE

The members of the McDowell Music Club met in the home of Mrs. L. E. Thompson Tuesday evening at 7:30 for a business meeting and choral practice. Mesdames E. D. Landreth, J. H. Howze and Frank Heath gave a vocal trio, "The Dance of the Pine Tree Fairies."

At the business meeting, Mrs. Howze was chosen as delegate to the meeting of the 7th District of Federated Music Clubs of Texas to be held in Amarillo Nov. 3, 4, and 5. Mrs. Millard Word will represent the club on a program to be given the night of Nov. 3 at the Polk Street Methodist Church by playing one of her own piano compositions. A large number of the club members expect to attend at least one day of the Amarillo meeting.

The next meeting of the club will be with Mrs. Millard Word Nov. 8.

Those present were Mesdames Allen Bryan, Tom Goldston, J. H. Howze, Frank Heath, L. E. Thompson, E. D. Landreth, J. L. McMurry, David McCleskey, George McCleskey, R. E. Miller, Simmons Powell, Edd Dishman, Millard Word, W. G. Word, Lee Bell, J. Marvin Warren.

## FRIENDSHIP CLUB HAS REGULAR MEETING

Mrs. L. Ballew was hostess to the Friendship Club at their regular meeting Tuesday afternoon at her home. Fall flowers decorated the entertaining rooms. Mrs. C. R. Skinner presided over the opening which consisted of the usual prayer, Bible reading, and roll call. The afternoon was spent in conversation and sewing.

Refreshments were served to Mesdames Apsur, N. C. Smith, J. C. Mongole, J. L. Allison, J. R. Rowland, J. D. Stockings, Miss Mabel Mongole, members; guests were Mesdames W. A. Massie, Ben Andis and Wadsworth.

## GIRLS AUXILIARY IS ORGANIZED THURSDAY

A Girls' Auxiliary was organized Thursday, Oct. 20, by a group of girls from 10 to 14. Mrs. M. C. Reed and Mrs. L. L. Cornelius are sponsors of the group. Eight members were present.

Officers were elected who were Lucille Wallace, president; Imogene Spencer, vice president; Ernaegene Spencer, secretary; Anna Lynn Barnes, corresponding secretary; Billy Nell Warren, song leader, and Lucille Wallace, pianist.

Bond Papers at The News.

## MOTHER'S CLUB HAS PARTY FOR CHILDREN

A group of the Mother's Club entertained all of the members' children with a Halloween party Tuesday night at the club rooms, which was one of the highlights of the season for the children. The children wore bright costumes and the rooms were decorated in appropriate colors and symbols. The children put on the program which consisted of readings, songs, dances and piano solos. Those taking part were Louva and Lloyd Hunt, Billie Ralph Andis, Douglas and Dean Wadsworth, Tommy and Alma Louise Murphy, Pattie and John Molesworth, Betty Jean Decker, Jo Ann Ritter, Clyde Benton Douglas, Margaret Fay Wadsworth, Myrne and Janice McDonald, Layma V. and Dorothy Jean Tatum, Jessie Clea Birch, Sandra Joe Bownds, Naomi, Mae and J. H. Miller Morris, Jimmy Dean Howze, Frankie Hommel, Mrs. Cap Morris closed the program by telling a Halloween story.

The hostesses, Mesdames Ralph Decker, Frank Hommel, Tom Murphy, Bill Bromley, Ernest Hunt served ice cream and cookies and gave favors to about fifty children.

## TUESDAY CONTRACT CLUB ENJOYS LUNCHEON PARTY

Mrs. H. M. Breedlove was hostess to the members of the Tuesday Contract Club Friday at a lovely 1 o'clock luncheon. An autumn color scheme of various shades of gold was carried out in the decorations and refreshments. Garden flowers decorated the house.

In the games of bridge which were enjoyed during the afternoon, Mrs. W. W. Noblett had high score for members and Mrs. Simmons Powell high for guests. Mrs. Frank White, Jr., cut high for consolation.

Members present were Mesdames W. W. Noblett, Joe Bownds, Sam Cauthen, George Norwood; guests were Mesdames Carroll Knorpp, John Knorpp, Frank White, Jr., Alfred McMurry, U. J. Boston, B. F. Kirtley, Simmons Powell, Floyd Lumpkin, Edith Mahyer, Misses Nettie Sims, Mary Cooke and Penelope Blocker.

Mr. and Mrs. Ira Merchant and Mr. and Mrs. M. P. Gentry left Tuesday for Dallas where they will spend several days.

Perry Alden who has been visiting his sister, Mrs. Guy Wright, left Wednesday night for his home in Bentonville, Ark.

## MRS CARROLL KNORPP ENTERTAINS CONTRACT CLUB

Mrs. Carroll Knorpp entertained the Contract Club at her home Tuesday afternoon. In the games of bridge which were played during the afternoon, Mrs. Simmons Powell won high score. Pastel colors were carried out in the tallies and refreshments.

Members present were Mesdames John Knorpp, Ruth Kennedy, Sam Dyer, C. G. Stricklin, P. B. Gentry, Forrest Taylor, Misses Mary Cooke and Nettie Sims. Guests were Mesdames W. W. Noblett, H. M. Breedlove, Alfred McMurry, Simmons Powell, B. F. Kirtley, Bill Carroll.

## MRS JENKINS ENTERTAINS 1912 NEEDLE CLUB

Mrs. B. L. Jenkins was hostess to the 1912 Needle Club Tuesday afternoon at a delightful meeting. The house was beautifully decorated in dahlias and roses. The afternoon was pleasantly spent in conversation and sewing.

A delicious two-course refreshment was served to Mesdames A. R. Letts, L. S. Bagby, C. W. Taylor, J. T. Sims, R. A. Chamberlain, Sella Gentry, A. A. Mayes, Edd Dishman, J. T. Patman, members; T. H. Ellis, H. Glascoe, W. C. McD-nald, J. R. Bartlett, John Blocker, S. W. Lowe, guests.

## 1937 BRIDGE CLUB ENJOYS MEETING TUESDAY

The members of the 1937 Bridge Club enjoyed a party Tuesday night when Mr. and Mrs. George W. Estlack were hosts at their home. Upon the arrival of the guests they were presented with Halloween hats and whistles with which they made merry. The house was decorated in black and orange.

In the games of bridge, Mr. and Mrs. Alfred Estlack had high score, Mr. and Mrs. Willard Skelton, second high, and Mr. and Mrs. Gilmer Ayres low.

A salad course was served to Messrs. and Mesdames Verna Lusk, Elmer Palmer, Gilmer Ayres, Alfred Estlack, Bill Weatherly, U. Z. Patterson, Willard Skelton.

## PARENT-TEACHERS HAVE FIRE PREVENTION PROGRAM

Miss Elizabeth Steven's second grade pupils presented a program on fire prevention at the regular meeting of the Sims Parent-Teachers Association. Other numbers on the program included a song by Gene Bryan, accompanied by Jimmy Frank Heath on the piano, a vocal solo by Mrs. E. D. Landreth, and a talk on the American Home by Mrs. Cap Morris.

A business session followed at which it was voted to have a baby show and a Tom Thumb wedding.

## CHD CLUB ENJOYS VARIED PROGRAM

Miss Ida Harned entertained the Clarendon Home Demonstration Club Friday afternoon, Oct. 21, in her home. Mrs. J. C. Estlack presided over the meeting and opened it by reading the club prayer. Members answered roll call by giving a current event. A short business session was held.

Mrs. W. B. Sims led the program. She gave a reading, and led the group in a Bible question discussion. Halloween stories were told and singing was enjoyed.

Miss Harned, assisted by Miss Etta Harned served a delicious refreshment to guests, Mrs. T. H. Peebles and Mrs. W. B. Sims, and members, Mesdames G. A. Anderson, A. H. Baker, C. L. Benson, John Black, A. L. Chase, W. A. Davis, J. C. Estlack, M. A. Hahn, Cap Lane, A. G. Lane, J. D. McAdams, Ed Speed, W. D. Van Eaton, Mattie Hudson, G. W. Antrobus and Elmer Hayes.

The next meeting of the club will be Nov. 4, with Mrs. W. D. Van Eaton.

Miss Reva Newsome and Miss Dolley Lee Cook, both of Brownfield, who were guests of Miss Lucille Polk the past week were entertained informally with several parties.

Miss Polk gave a dinner Sunday night and a theatre party Monday for the following: Misses Grace Harvey, Nina and Maude Crawford, Geraldine Polk, Ethel Harvey, Reva Newsome and Dolley Lee Cook.

Tuesday night Misses Ethel and Grace Harvey entertained the same group with a bridge party. Other guests were Misses Mona Churchman and Myra Burleson.

Misses Maude and Nina Crawford gave a sing and play evening Wednesday at their home. Singing and various games were enjoyed until a late hour when refreshments were served to Misses Frances Hott, Reva Newsome, Dolley Lee Cook, Ethel and Grace Harvey, Lucille Polk, Geraldine Polk, Mesdames Joe Crawford, Bill Todd and Messrs. Earl Eudy, Bill Todd, Walker Lane, Lloyd Johnson, Bob Hefner, Newt Waldron and Joe Crawford.

# CHURCHES

## FIRST BAPTIST CHURCH

There Is Always Worship—Fellowship—Service

We are face to face with the day when a soft religion will not impress a hardened world. To the real Christian that is a glad day because it calls forth the heroic in undertaking the seemingly impossible. The path of least resistance leads to the place of least importance. Many people today seem to be satisfied with letting things alone as they are. Many Christians never resolutely face anything worthy of their best. We shun real issues, evade real challenges, recoil from the direct, frontal, head-on approach to any major obligation. That is not the spirit of Christianity. We must be aggressive and progressive if we expect to maintain our place of leadership as a world force.

The world trail-blazers got out of old ruts, crossed new mountains, chartered new seas, launched new movements, ventured new projects, dared new worlds, explored new heights and ushered in new epochs. The day of pioneering in Christianity has just begun. Let us take our place and maintain the lauded profession that we are Christians and the war clouds of the isms that bid fair to destroy civilization will vanish like a mirage before a fast moving automobile.

Regular services at the Baptist Church Sunday. We will be happy if you are there. Baptismal service following the evening preaching service.

## ST. JOHN BAPTIST EPISCOPAL CHURCH

Rev. Newton C. Smith, Rector

Friday, October 28th at 10 a. m. Holy Communion in commemoration of the Apostles St. Simon and St. Jude who, as tradition is, were missionaries in Persia and were martyred the same day.

Tuesday, November 1, at 10 a. m. All Saints Day.

Holy Communion and meditation.

## FIRST METHODIST CHURCH

**EDITOR'S CORNER**  
**WHAT IS WRONG WITH THE PEP SQUAD?**

A few years ago, Clarendon High School had a pep squad. We don't mean a group of girls who stood together and yelled at a football game. We mean a squad of girls who had pep. That was when Clarendon had the best pep squad in the district, as well as the best football team.

The pep squad has been quite a disappointment to Clarendon for the past few years, but last Friday night, we were not only disappointed, but ashamed of them. What a beautiful stunt the Wellington girls displayed at the half! They are proud of their football team and their town. They proved that.

Dear Pep Squad: Do you wonder why the citizens of Clarendon will not boost you? You give them nothing to boost! Snap out of it! Get together and work up a good stunt. Practice faithfully. We know you can do it if you only will!

**LITTLE JIMMY'S NOTE BOOK**

The College Home Coming promises to be a great occasion, not only for the ex-students but for the present CJC students as well. Time nor expense have been spared to make this affair one that will be remembered as an example of the way CJC does things. Those promoting the Home Coming are to be commended upon the quality and quantity of their work.

Say, Bronchos, that was a fine performance Friday night. The defense you put up would have stopped any other team in the district. And remember, boys, we're with you, win or lose.

It has been said that much of a football team's ability to win games comes from their morale, and that much of their morale comes from the student body. I offer this suggestion to the student body: If we cannot encourage let's not discourage. Do all you can to support the Bronchos, and thus help them to win more games.

**Jr. High Library Fully Equipped**

The Junior High School Library is now equipped with tables and chairs seating 32 pupils. Work on this furniture has been done by the boys under the supervision of Mr. Lane. The free reading period is a new feature this year.

We are now receiving the following periodicals: Young America, Your Future, and Pathfinder, and we are especially indebted to Mrs. George Ryan for subscriptions to The American Boy and The American Girl, which are enjoyed very much.

Available vertical file bulletins for reference work number about 200 to date.

A shelf for magazines for free distribution has been added and usable reading matter will be appreciated. These magazines will be given to homes that have access to little reading matter. Also anyone having books suitable for 6th, 7th, and 8th grade pupils please get in touch with Mr. Lane and he will be glad to call and get them.

**Bristol Boards at The News.**

**ASSEMBLY**

Assembly was held Friday the third period. After opening songs and a prayer by Rev. J. Perry King, charge of the program was turned over to Mrs. Allen Bryan, who in turn presented the following numbers: "Let's Go Fishing," played by Jimmy Heath, sung by Gene Bryan, and dedicated to Mr. Burton; piano solo, Jimmy Frank Heath; composition by Heller, Guida Myrl Miller and piano solos by Kitty Ruth Bailey and Nelda Sue Burton. When these were finished, Mrs. Bryan commended the audience very highly on its close and quiet attention.

The second part of the program was a talk by Rev. King, who at the beginning of his speech gave the students advice on how to make good grades. He then discussed the subject of life and how it may be made into something interesting and is what we make it and that we should make a place for ourselves if there is no place for us. He also said that the ultimate purpose of medical science is to rid the earth of disease; of education, to rid the earth of ignorance; and of Christianity, to rid the earth of sin.

The last part of the program was a talk by Mr. Gilham, concerning the accomplishments of the F. F. A. boys at the State Fair. They won a number of ribbons and prizes, their winnings amounting to about four hundred dollars. Mr. Gilham also announced that the amateur boxing tournament would begin Tuesday night.

**GRADY AND HUFFMAN WIN FOOTBALLS**

Coach Hutto promised the Broncho squad early in the season that he would give a gold football to the player that gave the most outstanding work of the season. The most outstanding work meant the player that fought the hardest, showed the most football sense, played the game most conscientiously, and played the best all-around football. It could not be decided between Johnny Grady and Collie Huffman so both men received gold footballs Monday.

**A DAY IN PRIVATE LIFE OF A PEP SQUAD LEADER**

Promptly at 7:30 every school day morning, Yvonne Smith is awakened by someone pulling cover to make her realize that it is Monday morning, and that means another week of school. By 8 she is usually up with that famous smile of her flashing for everyone. The first thing she does is to play with her beautiful white Persian cat, Kitty Fluff, instead of getting ready for school. She says she never has time for breakfast, anyway she doesn't care for any.

Just as the first period begins, Yvonne is seen dashing up those good old college steps, and reaches her class just as she is marked absent by her first period teacher. Oh well, that's part of life. When her study period comes, she is practically exhausted, for, as you already know Yvonne is one of those that worry over grocery bills (or is it boys.) Seriously speaking though, she is noted for her continued pep and good leadership.

By noon she has asked everyone the price of putty, and seems quite satisfied about the whole thing. Then there is the pep meeting after school. By the way, Yvonne can really go to town on that "Flat Foot Floosie" number. The pep squad will all agree that she is very valuable to them, and she gets real support from the girls.

What does she do at night? Right now she is worried because she has (by sheer mistake) made two dates for the same night. She decides to compromise by staying at home and studying English. Why bring that up.

**CHI DELTA CHI HAS PICNIC MONDAY, OCTOBER 24TH**

Members of Chi Delta Chi and their guests enjoyed a picnic at the river Monday night, October 24. Although the temperature was somewhat low, everyone seem to have had a good time roasting weiners, playing games and singing.

Those present at this affair were: Thelma Tate, Madalyn Taylor, June McMurtry, Ruzelle Ryan, Ethelyn Drennan, Dot Watson, Nell Cook, Johnnie Rhodes, Phoebe Ann Buntin, Jo Ward, Frances Grady, Anna Sue Williams, Sarah Virginia McGowan, Ralph Grady, Forrest Adamson, Billie Cooke, Homer Speed, Ray Palmer, Gene Butler, Bob Wilson, Clay Plunk, Jack Reeves and chaperones, Mr. and Mrs. T. H. Stewart, Jr.

**CJC Student Body Discusses Reunion**

The college student body met Tuesday the first period to discuss the Home Coming of November 11, and other current matters. Mr. C. I. Price, who is in charge of the Home Coming, met with the students and explained some of the plans for the event. Mr. Drennan emphasized the fact that then would be the time for students of the present college to show the Exe's that Clarendon College is still alive. The students decided to vote on this year's college queen by popular vote. The queen will be crowned at the Home Coming.

Announcement was made of the organization of a college choral club for this year. The college students are fortunate in having Mrs. Will Word, who will direct the choruses, and Mrs. Millard Word, accompanist, to work with them. Regular practice periods at the noon hour have been arranged.

**PRESS CLUB CANDIDATE IS FOOTBALL QUEEN**

The annual contest for the High School football queen was closed last Friday afternoon at 1 o'clock. Kitty Ruth Bailey, nominee of the Press Club, won the contest and will be this year's queen. Madeline Kelly, supported by the Sophomore Class, was a very close second. Kitty will be crowned queen of football at a future date.

Much interest and rivalry were shown throughout the contest period. As usual, the Sophomore Class showed more loyalty to its nominee than did either the Senior or the Junior Class. For the first time, the Press Club entered school politics and was highly successful in its initial undertaking. The money received from the contest will go to the Pep Squad.

**Jr. High and South Ward News**

**South Ward**  
Mrs. Headrick's pupils are making decorations for their party which is to be Monday afternoon.

Miss Stevens' room won the dollar for having the most mothers present at the last P.-T. A. meeting which was last Thursday afternoon. They put on the program.

Border designs are being made by the pupils in Miss Mongole's room. An insect project is being carried on in Mrs. Prewitt's room. The pupils of Mrs. Lane's room won the contest of getting the most members to join the P.-T. A. There were 44.

Two new pupils are enrolled in Mrs. Lane's room. They are Douglas Turner and Carroll Brumley. There were 15 on the honor roll in Miss Hall's room. They were second highest on the contest and had 23 members for P.-T. A.

**Jr. High Do not forget the 8th grade at the football field.**

Buy a little candy from them. This is one way they are trying to pay for the tables and chairs.

**PRESS CLUB**

The Press Club met Monday afternoon after school in Miss Headrick's room. The program consisted of the following talks: "New Stories," Theresa Bain, and "Feature Stories," Betty Jo Bartlett. Following the program a discussion was held concerning the Broncho Range for this week. It was announced that plans concerning a party for the club are being formulated.

The club was glad to have two new members, Glennie Deal and Billie Lou Gilbert.

**BAND ELECTS OFFICERS BRONCHOETTA KNOWS ALL THE ANSWERS**

The C. H. S. Band elected John Burton King their first president Friday afternoon. The band has not had any officers in previous years, but the oversight has been corrected. Other officers elected are as follows: Thad Lyle, vice president; Bobby Skelton, treasurer; Joe Williams, librarian; Max Rampy, custodian and Raymond Smith, reporter. Most of the offices were filled without argument, but Max Rampy had considerable trouble winning his race. The office is the most coveted of all. If you don't know the antics of the custodian, any band member will be glad to explain them to you.

The president appointed Led Jay to head a committee to investigate the possibilities of buying band sweaters.

Dear Bronchoetta:  
Does Gordon think that June loves him? He is always handing me notes to give to her and she never answers back. Nosey.

Dear Nosey:  
I'll have to admit that this is a rather bad case, but don't let it worry you. About those notes, it's hard to say. June is one of those that are smart enough not to put everything she knows and thinks on paper. Gordon isn't any more serious that she is, if you can figure that one out. Bronchoetta.

ALL YOUR CURIOSITY satisfied by Your Mileage Merchant...Ask him exactly how you're sure of fast winter starting and extreme oil economy by changing now to **WINTER OIL-PLATING**

Is OIL-PLATING just a different name? ...No. OIL-PLATING is what Conoco Germ Processed oil does! The out-and-out difference is this: OIL-PLATING will stay firmly attached—plated—clear to the topmost point in your engine, while any plain mineral oil drains clear down the crankcase at every stop.

Exactly where is your gain? Well, in starting up again—next day or next month—the coldest OIL-PLATED engine is always oiled in advance...pre-lubricated before any oil down in the crankcase could ever stir. OIL-PLATING thus keeps every engine part constantly slippery. The starter speeds...the battery lives and so does the engine, free of fierce starting friction.

But is there any oil saving? Why? ... Because less engine wear puts more miles between quarts. And OIL-PLATING itself never passes out during the use of Germ Processed oil. Only the Germ Process, patented, creates OIL-PLATING, the sensible reason for you to switch to Your Mileage Merchant today.

CONOCO GERM PROCESSED OIL

OIL-PLATING GUARANTEED to lubricate before any oil can circulate

## Is it TRUE or FALSE?

- The Average Woman would appreciate a New Electric Refrigerator as a Christmas gift. TRUE  FALSE
- Proper Refrigeration is Important in Winter as well as Summer months. TRUE  FALSE
- Foods Seldom Spoil if "Juice" is turned off during cold months. TRUE  FALSE
- The Pictured Refrigerator at Right is operated by turning a crank. TRUE  FALSE
- Electric Refrigeration Provides Plenty of Ice Cubes, Saves on Current and Upkeep. TRUE  FALSE
- The Electric Refrigerator is so Complicated, you need a Mechanic to Operate it. TRUE  FALSE
- The Reason so few people complain about Refrigeration Troubles today is because Most of Them are Electric. TRUE  FALSE

Small Down Payment — BALANCE MONTHLY

### "Here's the Answers, Folks"

- TRUE! An electric refrigerator makes an ideal gift for the whole family.
- TRUE! Controlled temperatures for proper food preservation are needed in winter.
- FALSE! Kitchen temperatures do spoil foods the year 'round without good refrigeration.
- FALSE! The picture is of a Frigidaire, electrically operated.
- TRUE! Electric Refrigeration is the most economical method in the world today.
- FALSE! The Electric Refrigerator is mechanical and automatic... needs NO supervision.
- TRUE! Electric Refrigeration causes fewer complaints and gives better service than any other type in use today.

Buy A New Electric Refrigerator It Saves You Money—and that's True

# West Texas Utilities Company

chicken. Fresh meat is essential to a wholesome diet, and farmers and their families can have it with little cash outlay, while town folks often do without because it costs more than they can afford. Enough feed goes to waste—grass and weeds in fence corners and fields, stalks and grain left in the field, or eaten by rats after it is stored—to raise and fatten all the beef, mutton and pork the average farm family could eat.

Of course the steam pressure canner has made it possible for farm families to eat a great deal more of their own product than formerly, and now the freezer-locker and the home refrigerator offer another method of preserving fresh meat with its delectable flavors.

The Plainview plant is also being used to store dressed chickens, turkeys, and vegetables and fruits as well as beef, lamb and pork. Farmers who raise and fatten their own can say with the Scotch bard Bobbie Burns:

"Some hae meat and canna eat,  
And some may eat that want it;  
But we hae meat and we can eat,  
And sae the Lord be thankit."

The Lord, however, provides only the opportunities, not the meat, and before we can truthfully use the famous "Selkirk grace" just quoted, a great many Southwestern farms will have to use their opportunities to hatch, breed, raise and fatten the fowls and animals to supply their own tables.

Hog killing time, with its spare-ribs, back-bones and fresh sausage is entirely too rare a feast nowadays, and the delicious home-

cured hams and bacon are unknown to entirely too many farm families. Maybe the crude methods of curing and the superior flavor of packer products had something to do with the abandonment of the farm smokehouse, but the principal excuse offered by many is that "I can buy it cheaper than I can raise it."

If this were ever true, which it wasn't, the fact remains that few farm families who depend on buying all their meat with cotton or wheat money ever have as much meat as their appetite calls for or as often as a good wholesome diet demands. Poor methods of curing, producing a dry, excessively salty product, need no longer be used. For those who do not know the better methods the information is available through their county agent, and the hams and bacon cured by modern processes have a flavor and richness commercial packers cannot match.

### TEXAS RANCHES RECEIVE HUGE AAA PAYMENTS

At the head of the list of farmers and farming concerns receiving benefit payments of \$10,000 or more between December, 1937, and July 1938, were three well-known Texas ranches.

For cooperation with crop control programs, the estate of Mrs. Adair, known as the JA ranch, located in Armstrong, Briscoe and Donley counties received \$39,697.35. The estate of W. T. Waggoner in Wilbarger county received \$42,655.65 and the great King ranch in Kleberg county was paid \$112,140.04 for crop control. These amounts were paid out of the government's \$500,000,000 soil conservation fund.

### Tunnels Add To Value of Highways

Highway tunnels were once rare because of their cost. But within recent years the U. S. Bureau of Public Roads has constructed in federal areas, or aided the states in the construction of 24 major highway tunnels in the western states. Speed and volume of traffic have increased and the steep and winding roads once built in the mountains often can be avoided only by boring a tunnel.

In general, construction of an open cut is more economical than tunneling if the length is less than 80 feet or if the cut can be made by excavating not more than 80 feet deep.

Most of the important tunnels range from 200 to 1,000 feet in length, but there is one in Zion Park over a mile in length. The Wawona tunnel in Yosemite National Park is nearly a mile long.

Tunnels vary greatly in difficulty of construction and in cost. A short tunnel through solid rock may be built for \$75 to \$100 per lineal foot. If the rock is broken so that it falls, or the tunnel is through earth, lining is required. At reinforced concrete lining may more than double the cost. Nineteen of the twenty-four tunnels referred to had to be lined.

The longer tunnels must be ventilated, sometimes by side openings or by shafts that act like chimneys and sometimes by forced drafts from large fans. Lighting of tunnels is becoming a frequent practice.

### HEN INHERITS ABILITY TO LAY EGG WITH THICK WHITE

Eggs with a large quantity of thick albumen, or thick white, are regarded as of excellent quality. Consumers also want eggs with a large percentage of thick white because it stands up well around the yolk when broken. Such eggs are particularly in demand for poaching.

Some fresh eggs have more thick white than others, and poultry specialists of the United States Department of Agriculture have been experimenting to find out why. They find that a hen's ability to lay eggs with thick white is an inherited characteristic. They find that some hens lay eggs with a greater percentage of thick white than other hens of the same breed and in the same flock. The season has a slight effect on the percentage of thick white, but other factors such as feed, periods of light and heavy production, and egg weight do not affect the percentage.

At the National Agricultural Research Center, Beltsville, Md., Dr. C. W. Knox, geneticist of the Bureau of Animal Industry, has bred 2 flocks which further prove that the thick white characteristic is inherited. One flock lays eggs that average 68 per cent thick white. Eggs from the other flock average only 45 per cent thick white. The average fresh egg has from 50 to 52 per cent thick white.

Eggs with a large amount of thick white also are better for storage. In storage it is the thick white of an egg that tends to become thin and watery. Eggs with a large amount of thick white do not reach this stage as rapidly as do eggs with a large amount of thin white.

Dorothy Powell of Canyon and Mary Frances Powell of Quanah visited their parents, Mr. and Mrs. C. C. Powell the past weekend.

### Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste  
Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.  
Symptoms may be nagging headache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder may be burning, scanty or too frequent urination.  
There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nationwide reputation. Are recommended by grateful people the country over. Ask your neighbor!

**MARTIN**

(By Billie Ruth Bulman)

There were 32 present at Sunday school Sunday. Come on folks and let's build up our Sunday school. Tell everyone that we need them in the worst way. A family reunion was held in the U. G. Pittman home Sunday. Those present in the home were: Mr. and Mrs. John Minter and son, Norman, from Amarillo, Mr.

and Mrs. Pottie Pipes and Mrs. Eva Whitfield from Dublin, Mr. and Mrs. Albert Collingsworth from Borger, Mr. and Mrs. Alvin Pittman and family, Mr. and Mrs. Jack Eddings. Mr. and Mrs. Richard Cannon and Frank, and Mr. and Mrs. W. H. Morrow spent Sunday afternoon with Mr. and Mrs. R. Pool. Those visiting in the William Jordan home Sunday were: Mr. and Mrs. Clyde Easterling and children, Kathleen Brinson, Helen Jo Bulman, and Josie Davis. Josie Davis spent Saturday

night with Frances Easterling. Kathleen Brinson spent Saturday night with Geraldine Jordan. Mr. and Mrs. G. W. Kavanaugh spent Sunday afternoon with Mr. and Mrs. Jack Bailey. Billie Jack Jordan spent Sunday with George and Gene Bulman. Mr. and Mrs. Sam Billingsley and little niece spent the weekend with the ladies' parents, Mr. and Mrs. Conda Jones. We are sorry to report that Mr. Jack Bailey was carried to the hospital Monday morning, where he had to undergo an operation. The last report is that he is doing as well as to be expected. Mr. and Mrs. M. C. Rumpy and family spent Sunday night until bedtime with Mr. Rumpy's mother of Chamberlain.

**GREENHANDS OF FFA ELECT OFFICERS AT MEETING HELD TUESDAY**

The greenhands of the local chapter of the Future Farmers of America, elected officers for the year in their meeting Tuesday of this week. The officers will train for the junior chapter conducting contest to be held next spring. Officers elected are as follows: L. B. Hartzog, president; Bailey Estes, vice president; Ray Bulls, secretary; Frank Cannon, reporter; Homer Hardin, treasurer; George Reeves, farm watch dog; J. W. Goodman, parliamentarian, and Clyde and Carroll Peabody, song leaders. The junior group is organizing a string band to be used in regular F. F. A. meetings.

**O'Daniel's Inauguration Will Outrival Hollywood Spectacle**

**HEDLEY**  
(Pauline Stone)

Mr. and Mrs. David Harrison visited Mr. and Mrs. Gordon Mann Sunday afternoon. Mrs. Dick Vallance and daughter, Cherry Ruth, were Memphis visitors Tuesday. Mr. and Mrs. Ray McKee spent Sunday at Memphis with A. T. McKee. Mr. and Mrs. J. W. Stout and son, Boyd, and Miss Pauline Stone spent Sunday afternoon with the ladies' parents, Mr. and Mrs. Marshall Stone. James Stone spent Saturday night with Mr. and Mrs. J. W. Stout. Mr. and Mrs. D. B. Koen and Charlie Seets visited Mr. and Mrs. A. B. Harris Sunday. Miss Myrtle Willis of Memphis visited here Sunday. Mr. Hoover Harrison from the J. A. Ranch visited his parents, Mr. and Mrs. David Harrison Sunday. Miss Grace Randall spent Sunday with Lois Lowery. T. L. Hunnicut was brought home from a Memphis hospital last Wednesday and is much improved. The children of Mr. and Mrs. J. H. Mann gathered at their home Sunday and celebrated Mrs. Mann's birthday. Those present were Mr. and Mrs. Gilbert Mann and sons, Junior and Winfred, Mr. and Mrs. Henry Mann and daughter, Louise and Estelle, Mr. and Mrs. Doc Mann and daughter, Lucille, Mr. and Mrs. J. L. Mann, all of Chamberlain and Mr. and Mrs. Hal Riley of Clarendon. Mrs. C. L. Johnson and sons visited at Snyder, Okla., last week.

**GOLDSTON NEWS**  
(Mrs. M. Grant)

We had some cold weather last week, but no frost so far. Nice weather this week and all busy picking cotton. Had a good Sunday school Sunday afternoon and singing Sunday night. Mrs. John Stewart and son, Ralph, and daughter, Peggy, returned from Mississippi last week, where they have been visiting for some time. School was dismissed last Friday for cotton picking. Mrs. Clyde Hudson, Mrs. N. D. Hudson and Mrs. G. R. Grant attended an all-day quilting at the home of Mrs. Everett Stevens in Midway community Thursday of last week. Mr. and Mrs. Clyde Peggram spent last Sunday with her parents, Mr. and Mrs. Meri Rattan. Mr. and Mrs. Clyde Hudson attended church at Clarendon last Sunday. Mr. and Mrs. Fontayne Elmore visited at the home of Mr. and Mrs. Frank Elmore last Sunday. Mr. and Mrs. Neely Venzay and Mr. and Mrs. C. F. Brown went to Vigo last Sunday. Mr. and Mrs. H. M. Stewart at-

Utilizing the 46,000 seating capacity of Memorial Stadium, the inauguration of W. Lee O'Daniel as governor of Texas will be the most colossal in the history of Texas, according to present plans of O'Daniel supporters headed by Executive Committeeman O. P. Lockhart of Austin. Lockhart and his colleagues believe no other place would be sufficiently large for the crowd expected here for the ceremonies and pending approval by a legislative committee, the University of Texas stadium has been virtually agreed upon as the site. Plans are to make it rival if not surpass anything that Washington—or Hollywood—has produced, and the outdoor ceremonies were given preference because they would allow scope for adding "color" to the proceedings. Usually, governors are inaugurated in the hall of the House of Representatives. For his first term, Governor James V. Allred established a precedent by moving outdoors, on a platform erected on the front steps of the capitol building. This ceremony perhaps foreshadows in a small way the one now being planned for next January 17, as the festivities included airplanes flying overhead, bands, and a salute of nineteen guns by the national guard. By moving out to the stadium, there can be more and bigger bands, including the Hill Billies, more airplanes, perhaps a massed chorus of school children singing "Beautiful Texas" and other colorful activities. The salute of the national guard could be seen as well as heard, and a parade is made possible. The inauguration ceremonies are nominally arranged by legislative committees, but ordinarily they bow to the will of friends of the governor-elect. While plans for the inauguration are in the formative stage, the inaugural ball to follow is planned as the biggest in history, with simultaneous dancing in two hotels, Gregory Gymnasium, the corridors of the capitol, and on Austin's main street.

Sunday guests of Mr. and Mrs. Lloyd Reid were Mr. and Mrs. D. W. Hinkle, Miss Stella Hinkle, R. B. Hinkle, Mr. and Mrs. Carl Barker and family, Mr. and Mrs. Doyce Graham, Miss Ivy Dea Hinkle of Wichita Falls, Miss Nina Lee Nohon of Kirkland, Mr. and Mrs. Lawrence Watson and family of McLean and Mr. and Mrs. Orville Hinkle and family of Amarillo. tended church at Clarendon last Sunday. Mr. and Mrs. Eichelberger visited Mr. and Mrs. Roy Stewart last Sunday. Mr. and Mrs. Miller visited Mr. and Mrs. John Stewart last Sunday. Mr. and Mrs. Nath Helton visited with relatives near Pampa last Sunday. Mr. and Mrs. Clyde Hudson called on Mr. and Mrs. Loyd Risley Sunday evening. Mr. and Mrs. Raymond Farr visited with Mr. and Mrs. Loyd Risley Sunday afternoon.

**Valve Grinding**

We have just installed the new "KWIK-WAY" Valve facing and seat grinding machine, which is one of the most accurate, precision machines on the market today for grinding and seating the valves on cars or tractors. Come in and let us show you how it works.

We did this in an effort to keep our equipment modern for repair of modern automobiles. It will be a pleasure to serve you.

**MARRIAGE HEALTH CERTIFICATE MUST BE BASED ON TEST**

AUSTIN, Oct. 22.—Health certificates for men applying for marriage licenses can be issued legally only after laboratory tests show the applicant is free from venereal disease, Attorney General William McCraw said here. In an opinion sought by County Attorney Tass Watterson in behalf of the Texas Social Hygiene Association, McCraw said there was no question that the certificate required by the state law requires "a thorough and complete examination according to the high standards of the medical profession."

The certificates generally used, McCraw said, embraces the phrase "according to my best knowledge and belief he is free from all venereal diseases." "This certificate warrants," he added, "that the physician is certifying according to his own knowledge and belief can only be had as a result of laboratory tests which are thoroughly known and long used by the entire medical profession."
