Adamson, Hermesmeier Are Winners In Donley's Only Run-Offs

PRECINCT RACE IS CLOSE MATCH

ONE-THIRD OF O'DANIEL "NOD MEN" CARRY DONLEY COUNTY POLLS

Decided by a difference of 63 votes, the race between J. W. (Jess) Adamson of Hedley and Joe Bownds of Clarendon, for county tax assessor-collector, furnished the highlight of the Donley County run-off primary Saturday.

Bownds, running for his third term, lost to Adamson, winner of his first political post. Adamson polled 990 votes. Bownds received 927.

Next in importance was the race in which John H. Hermesmeier, commissioner of precinct No. 1, candidate for re-election, won in the run-off against J. D. Wood by 20 votes. Hermesmeier received 133 votes while Wood received 113.

Votes by boxes in the assessor-collector race is as follows: Clarendon, courthouse, Adamson 169, Bownds 317; Clarendon, city hall, Adamson 162, Bownds 237; Hedley, Adamson 334, Bownds 50; Lella Lake, 71, Bownds 76; McKnight, Adamson 26, Bownds 10; Ashtola, Adamson 37, Bownds 28; Skillet, Adamson 7, Bownds 38; Bray, Adamson 25, Bownds 9; Naylor, Adamson 11, Bownds 11; Glenwood-Whitefish, Adamson 7, Bownds 16; Watkins, Adamson 16, Bownds 5; Wilson, Adamson 11, Bownds 9; Smith, Adamson 7, Bownds 11; Goldston, Adamson 24, Bownds 32; Giles, Adamson 22, Bownds 6; Rowe, Adamson 15, Bownds 21.

Votes by boxes in the commissioner of precinct No. 1 race is as follows: Ashtola, Hermesmeier 35, Wood 29; Martin, Hermesmeier 13, Wood 44; Jericho, Hermesmeier 33, Wood 13; Wilson, Hermesmeier 10, Wood 13; Goldston, Hermesmeier 42, Wood 14.

Donley county results of the state races is as follows: For Lieutenant Governor, Pierce Brooks of Dallas county, 923; Coke R. Stevenson of Kimble county, 883.

For Attorney General, Gerald C. Mann of Dallas county, 1,110; Walter Woodul of Harris county, 737.

For Associate Justice of the Supreme Court, Richard Critz of Williamson county, 903; W. H. Davidson of Jefferson county, 790.

For Land Commissioner General Land Office, William H. McDonald of Eastland county, 743; Bascom Giles of Travis county, 1,001.

PIG SHOW TO BE SEPTEMBER 16

APPROXIMATELY 80 PIGS IN SINGLES AND GROUPS TO BE SHOWN

The Second Annual Donley County Fall Pig Show will open on the afternoon of September 16. The boys will bring their pigs to the show late in the afternoon and the judging will be held early on the morning of September 17 to avoid the heat during the mid day. The pigs will be kept at the show all day of the 17th, but will be provided with shades and with wallows after the judging.

SCHOOLS OPEN HERE MONDAY

STUDENTS REGISTER MONDAY MORNING; CLASSES START TUESDAY

The Clarendon Public schools will open for the 1938-39 session Monday, Sept. 5, at 9 a. m. with the registration of the pupils, who are asked to report to the following places at that time according to their classification:

In the South Ward there will be a teacher in each room to register the students. All Junior High students will assemble in the study hall. In the high school, the Sophomores will enroll in Room 14, the Juniors in Room 11, and the Seniors will enroll in Room 13. All of these students are asked to bring their last report card. The students in Senior High will pay a library fee of \$1.00 upon receiving their books and those in the Junior High will pay 25 cents.

The Junior College students will register in the office at the college building.

At 11 o'clock Tuesday morning opening exercises will be held in the College Auditorium. The public is invited to attend this program.

Classes in the South Ward and Junior High Schools will start Tuesday morning and in the Senior High and College Tuesday afternoon.

CLARENDON SENDS DELEGATION TO PAMPA FOR APPRECIATION DINNER MONDAY EVENING FOR VAN LONDON

Clarendon's delegation to the Van London Farewell Dinner in Pampa Monday evening was composed of County Commissioners John Hermesmeier, and G. G. Reeves, Mayor W. H. Patrick, Odos Caraway, Arthur Chase, Homer Mulkey, Allen Bryan, J. R. Bartlett, Highway Engineer Dewey, Highway Foreman Bill Riney, Mack Butler, Carl Peabody, Chamber of Commerce Secretary J. R. Gillham, and Sam M. Braswell.

Yesterday's Pampa Daily News carried a story of the occasion, excerpts of which follow: "Approximately 150 persons, including highway boosters, city and county officials, and newspapermen paid tribute to Mr. Van London at a dinner given in his honor in Hotel Schneider.

"And at the same affair the Panhandle said hello to Jim Douglas, formerly of Houston, who has come to Amarillo to take over the vacancy left by the transfer of Mr. Van London.

"Sam M. Braswell, Clarendon publisher, who said farewell to Mr. Van London on behalf of the entire Panhandle, put it aptly when he said: "We have come here tonight to pay this tribute because we think a lot of a man who has rendered us such a splendid service.

"One of the finest marks of the development of civilization and democracy is the trait of human affection for public servants who have served well."

"Mr. Braswell recounted briefly that during Mr. Van London's eight years of service in the Panhandle 16 millions of dollars had been spent on nearly 1,000 miles of paved highways.

HUFFMANS INJURED WRECK THURSDAY

FARM CAR CUTS ACROSS PATH OF CAR; HUFFMAN GETS TWO BROKEN RIBS

Mr. and Mrs. C. Huffman received painful but not too serious injuries last Thursday when the car in which they were riding crashed into another car seven miles south of Paducah.

The Huffmans were enroute to Seymour. Mr. Huffman was driving and attempted to pass another car going in the same direction, when the other car pulled in front of Huffman to drive into a farm road. In attempting to avoid a crash, Huffman swerved to the right to try to miss the car, but was unable to do so. The left side of the Huffman car hit the rear end of the other car.

Left rear and front fenders, running board and door of the Huffman car were badly damaged in the impact.

Mr. Huffman received two broken ribs and Mrs. Huffman received bad bruises on both lower limbs and her head.

FOUR ARE INJURED CAR DEMOLISHED

MRS. JOE RITTER AND DAUGHTER AND WHITE DEER FAMILY INJURED

Four persons received cuts and bruises last Friday morning when two cars crashed head on at the southwest corner of the Mrs. B. W. Chamberlain farm, about four miles south of Clarendon.

Little Jo Ann Ritter, who was riding with her mother, Mrs. Joe Ritter, was the most painfully injured, receiving a gash in the center of her forehead. Mrs. Ritter received injury to a knee cap and leg bruises.

The second car was occupied by Mr. and Mrs. W. I. Miller and eight children, of White Deer, who were traveling south. Two of the Miller children were bruised, it was reported.

The Miller car was damaged to the extent of about \$100, while the Ritter car was completely demolished.

Cause of the accident was said to have been due to an obstructed view at the road curve.

Three County Schools Begin Classes Monday

County schools to get under way this week were Hedley, Chamberlain and Giles, according to Geo. Kavanaugh, county superintendent.

F. L. Behrens is superintendent of the Giles school. He attended West Texas State College at Canyon. Miss Marie Watters is assistant superintendent, and attended East Texas State Teachers College at Commerce.

The Giles school opening exercises were attended by a large number of parents it was reported.

Kavanaugh said that all other schools of the county would open Monday, Sept. 5.

PATRICK RESIGNS AS MAYOR TODAY

TOM F. CONNALLY, FORMER CITY COMMISSIONER IS APPOINTED MAYOR

W. H. Patrick, president of the First National Bank, and mayor of Clarendon since July 1, 1937, tendered his resignation as mayor, effective today, to City Commissioners W. B. Haile and Homer McElvany at a recent council meeting.

The act came as a great surprise to Mr. Patrick's many friends and the citizenship of Clarendon. Press of business in his duties as president of the First National Bank motivated his resignation, Mr. Patrick said this week.

Tom F. Connally, former city commissioner, was named by the commissioners as mayor to succeed Mr. Patrick. Mr. Connally began his duties today.

Having been cognizant of the affairs of the city for several years, Mayor Connally is expected to co-operate fully with the commissioners in administering civic problems.

When urged by his friends to continue in office at least until the April election, Mr. Patrick said that with a busy fall period for the bank approaching it would be a hard matter to give proper time to handling the administrative duties.

"In resigning as mayor of the city of Clarendon, I wish to say that my term of office was a very pleasant one. Fine co-operation in every way possible on all occasions, has been given by Commissioners Haile and McElvany, and the city clerk, Mrs. T. M. Shaver. A fine spirit of citizenship has been shown by all Clarendon people, which has enabled city officials to better work out the city's problems," the resigning mayor said early this week.

During his term, Mr. Patrick has worked most diligently for the best interests of the city in its fight for lower gas rates. Commenting on the gas situation, Mr. Patrick said city officials fully expected the railroad commission decision to be in favor of the city, with a great reduction in rates for the period from 1933, when city officials first lowered the rates by adopting a city ordinance, which was appealed by the City Gas Company.

Mr. Patrick has also been instrumental in the city's reduction of the delinquent taxes of about \$5,000. Also during his term the city's retention dams south of Clarendon have had flood damages repaired and city streets extensively repaired without the city borrowing money for the expenses.

A reduction in the city tax rate of four cents has been one of the last measures in which Mr. Patrick has participated.

SUBSIDY CHECKS EXPECTED SOON

STATE BOARD CERTIFIES DONLEY PAPERS FOR PAYMENT, SAID FRIDAY

The last shipment of cotton subsidy payment papers were shipped last Friday to the state board by H. M. Breedlove, county agent.

Information was received from the state board by Breedlove Friday that all Donley county subsidy papers in the state office at that time had been certified for payment and that checks would possibly be received in Clarendon by the middle of September.

It is not expected that the entire shipment of Donley county checks would be made at one time, but Breedlove said he thought the first shipment would contain the bulk of the number of checks to be received in this county.

HOW LONG WILL WE DELAY?

Sometime ago The News called attention to the fact that with so many millions offered to school, city and county governments for worth-while public improvements as an aid—an immediate aid—to employment in America, Clarendon and Donley County should co-operate in setting up some needed projects so that this community and county would receive the benefits of such expenditures and construction.

Day-by-day the press chronicles such awards of funds approved for neighboring cities and counties, but as yet there has been no action here which would assist the government in its objectives, while it brings financial assistance to us in wages and construction costs.

There is plenty of evidence to prove that we are in the last phase of such government spending—either recovery will be achieved, or else the mounting national debt without recovery will cause a breakdown in further aids by large allocation of funds. This means that we must get our projects in the mill for early approval, or we are very likely to be left out all together.

How long—how much longer—will we delay on this important matter to ourselves and our country?

DID YOU GET A LITTLE CLOSER?

During the present summer vacation months, did you get a little closer to the other members of your family?

Did you bridge over some of those hurrying habits which in the home has brought family relationships too much to a matter of fact basis?

Did you reach out and in leisure draw tighter those tender bands which make the American home the greatest home on earth, when it holds its time-honored traditions in noblest repute?

Did you make that son, that daughter, feel that Dad and Mother were warm, loving parents worthy and anxious for all confidences?

Did you get a little closer?

THOSE PIVOTAL HAPPENINGS

In many a person's life there are seemingly trivial incidents that, viewed in retrospect, turned out to be pivotal things. Such incidents happen to the great, also, and seem to exert as much influence on their genius as they do on the average men.

It is related that Mark Twain on his way home from the printing office one day saw a leaf from a book being blown along the walk. He caught it and examined it. It was a leaf from the history of Joan of Arc.

He had never heard of Joan of Arc before. He had never read a history of her, but after reading this single page there arose in him a deep sympathy for the Maid of Orleans. It was a feeling that was to grow steadily for half a lifetime and end at last in the RECOLLECTIONS, the finest story ever written about the martyred girl.

But the incident had a far greater influence than that. It awakened Mark Twain's interest in history. From that moment of finding that single leaf blowing along before the wind, his place among the world's great was assured.

WE HOPE FOR THE BEST

From every patriotic standpoint The News hopes the winning candidates in Saturday's run-off election, who did not have the endorsement of Governor-designate W. Lee O'Daniel, will accept his hearty congratulations on their election in spite of his favor going to their opponents.

We need harmony in Texas government if we are to meet the critical days that are ahead, and every good citizen ought to lend his support to every move for co-operation and harmony for the public welfare.

We hope for the best.

"BRASS"

At a meeting of the Executive Committee of the International Federation of Trade Unions in Oslo in May of this year, the Secretary of the Polish National Trade Union Federation said:

"Conditions in Russia are like those of the darkest ages. The unions lack freedom."

The General Secretary of the Belgian National Trade Union Federation said of the Russian Trade Unions under Communism:

"They do not pay a penny for strikes there because strikes are forbidden under threats of the death penalty."

And the American Communist Party has the brass to invite American laboring men on farms and in factories to join with them. For downright gall that takes rank with the youth on trial for killing his mother and father who pleaded for mercy on the score that he was an orphan.

LIFE'S DARKEST HOUR

Men who work just enough "to get by," and there are many, should use their stolen time to read Horace Greeley. "The darkest hour in any man's life," said the great editor, "is when he sits down to plan how to get money without earning it."

NOBODY'S BUSINESS

By JULIAN CAPERS JR.

AUSTIN—The free and untrammelled Democracy of Texas, unwilling to take dictation from the gubernatorial nominee or anybody else, elected four of the six candidates who were blessed by the O'Daniel nod, defeated two others, and called it a day. They sprang some surprises, broke some precedents, and the politically minded this week turned their attention to the Democratic State convention at Beaumont for next developments in the most hectic political year in a decade in Texas. The convention meets September 11, 12, and 13th. There, first definite declarations of Governor-Nominee W. Lee O'Daniel's legislative program, and how he will finance the \$30 pensions which he has declared to be the first matter to be considered, will likely be made.

SPECIAL SESSION TALK

In the wake of the election, Austin was filled with rumors and whispers. Gov. Allred declared this week he will call a special session to authorize formation of a State corporation to build a \$3,000,000 State office building, if the Federal Government gives a grant for approximately 45 percent, and a loan on bonds to be issued by the corporation for the balance. Rents now paid by State departments to private landlords would be used to retire the bonds, if the Legislature authorizes them. Rents total about \$75,000 annually.

With the defeat of the veteran C. V. Terrell as Railroad Commissioner by Jerry Sadler, there were rumors that creation of a special oil and gas commission might be submitted also, together with legislation to take from the hands of the Attorney General the handling of confiscated oil. Previous efforts to create an oil and gas commission have uniformly met defeat, the last test coming during the closing days of "Ma" Ferguson's administration.

Another interesting report was that Ernest O. Thompson had been offered the post of president of West Texas Tech, and might resign from the Commission to accept it. Oil men throughout the State were excited over the rumor and were reported bringing pressure upon Thompson to remain on the commission. Thompson is regarded as a certain candidate for Governor, either two or four years from now, and has four years yet to serve as Railroad Commissioner. The college post would take him out of public affairs, and, although he probably will be a minority member of the Commission, with Lon Smith and Sadler aligned against him after January 1, many of his closest friends believe he will remain on the Commission. Some of them think Thompson, as a minority member of the Commission, might make considerable political capital for

himself for a gubernatorial race later on.

MEXICAN OIL SITUATION

Still tied up at Houston at the week-end was the 100,000 barrel of Mexican oil seized by Federal customs authorities, after the vigilance of the Railroad Commission had prevented the shipment being entered as crude oil, when an analysis showed it to be crude tope, with a 60 per cent gasoline content. Crude takes a customs duty of one-half cent a gallon, Crude tope takes a duty of 2 1-2 cents a gallon. The custom authorities had already passed the shipment, when the railroad commission called their attention to the "error" which would have lost the customs about \$85,000 in duties.

Meanwhile, Texas oilmen were watching with keenest interest the effect of the latest note sent to Mexico by Secretary of State Cordell Hull, demanding arbitration of American claims for land "expropriated" by Mexico. The controversy deals with about \$10,000,000 of American-owned land seized, but the same principals apply to the seizure of \$150,000,000 of American oil properties seized at a later date by the Mexicans. Commissioners Ernest O. Thompson and C. V. Terrell during the week-end protested vigorously against the importation of "stolen" oil into Texas from Mexico. Hull's note is said to be the strongest sent by this country to a foreign government in years. Texas' interest, of course, lies in the possibility of Mexican seized oil being sent into Texas where production is being rigorously curtailed to prevent flooding an already over-filled market.

POST ELECTION NOTES

Defeat of C. V. Terrell marks the first time in history that a Texas Railroad Commissioner has failed of re-election, and ends a career in which Judge Terrell has continuously held public office for over half a century. Gov. Allred probably will resign early in September, and Lt. Gov. Walter Woodul, defeated by Gerald C.

Mann of Dallas, for attorney general will serve out his unexpired term as the State's chief executive. In view of O'Daniel's support of Woodul, it is believed the nominee will be consulted by Woodul about matters to be submitted at the special session. Dallas County, which likes to beat its senators after one term, sends Bill Graves, a former city commissioner, to the State Senate to replace Claude Westerfeld. The Twenty Seventh District, comprising the valley and winter garden area, replaced Jim Neal, the Miranda City ranchman, with Rogers Kelley, brilliant young district attorney of Hidalgo county. Congressman McFarlane of Wichita Falls, who has had difficulty being re-elected almost. Ed Gossett, despite a Rooseveltian gesture in behalf of McFarlane. Lindley Beckwith, House member from East Texas, outran Grady Gentry, to become a Texas congressman succeeding another Roosevelt-blessed member, Morgan Sanders. Most surprising upset of the election was the handy defeat of Bill McDonald, Land Commissioner, seeking a second term, by youthful Bascom Giles, of Austin. Giles election will restore an ancient Land Office tradition, broken but a few times in 100 years, that the Commissioner should be a man with many years experience in the office. McDonald smashed that tradition when he beat Major William Hawkins, a man out of the "land office family" two year ago. Giles worked 17 years in the Land Office, disapproved McDonald's policy of leasing State lands on a low cash and high royalty basis. Grady Woodruff, Senator from Decatur, the third member of the Senate in a run-off, was defeated by Rep. R. C. Lanning, of Jacksboro.

Caldwell County was named for Matthew Caldwell.

The railroads operate car ferries throughout the year over nine routes on Lake Michigan, one route being ten miles long and the other from 65 to 100 miles.

Cotton Loan Base Rate Is Set At 8.30 Cents For 1938 Cotton Crop

WASHINGTON—The Agriculture Department announced Saturday it would make loans on 1938 cotton at the base rate of 8.30 cents a pound.

The department also announced it had revised the loan program on last year's corn by raising the rate from 50 cents to 57 cents a bushel—the rate which officials said would be available on the corn crop now being grown.

The 8.30-cent loan rate will apply to 7-8-inch middling cotton, with differentials for other grades and staple lengths. This compares with a base rate of nine cents a pound on last year's crop. Loans are made to growers desiring to hold their crops off the market for possible better prices in the future.

The loans actually will range from 5.30 cents a pound on 13-16 inch or shorter low middling to 10.75 cents on 1 1-8-inch or long

good middling or better cotton.

The full loan rate will be available only to cotton growers who planted within this year's AAA acreage allotments. Non-co-operators will be eligible for loans at 60 per cent of the co-operators' rate and only on that part of their production in excess of their marketing quotas.

Under the revised corn loan, growers who already have placed grain under loan will be eligible to receive the increased rate. Both cotton and corn loans will be made by the Commodity Credit Corporation. The cotton loans will bear four per cent interest and mature July 31, 1939.

A special loan schedule was set up for irrigated cotton grown in Western Texas, New Mexico, Arizona and California. It will range from 6.85 cents on 15-16 inch spotted cotton to 9.70 cents on 1 1-8 inch or longer good middling and better grades.

LIBRARY NOTES

(By Mrs. C. A. Burton)

Even the most casual observer of the present day realizes that we are living in a changing world and nowhere is this truer than in the literary world. The World War brought an increased interest in world literature. Up to that time the few knew anything of the literature of any part of the European world except England and English literature.

Modern as well as the classics, was very largely the literature of this country. But gradually we have developed a new literature which was distinctly American—an industrial literature of problem and protest and of realism. After the World War it contained much of bitter cynicism and disillusion, but now we are having a renewed nationalism and a study of the American past—a revival of romantic historical fiction and a new biography. Never have we had so many historical novels nor so many problem novels. Many of the latter have been the result of economic conditions, as "Forty Acres and Steel Mules" by Herman Clarence Nixon of Chapel Hill, North Carolina, "I Like America" by Granville Hicks, "Land of the Free" by Archibald MacLeish, "Starting Point" by C. Day Lewis, "Uncle Tom's Children" by Richard Wright; the many share-ropper stories of which "You Have Seen Their Faces" is representative—these and many, many more portray industrial and economic conditions.

Many states have their Federal Writer's Projects from which is coming much material historically important. One of the problem writers of prominence has been Lyle Saxon who is now state director of the Federal Writer's Project for Louisiana. He is writing four books, and under his direction eighty-five workers are doing research work compiling data on early Louisiana history and accumulating a fund of information never before available. His first book is the "New Orleans City Guide" which begins with the days of LaSalle and ends with present New Orleans. Another will deal with the folklore of the state and another with the history of the negro. All of these mean exhaustive research in which he is using these eighty-five workers.

Saxon's most recent book was his "Children of Strangers." His "LaFitte the Pirate" was made into "The Buccaneer" by Cecil B. DeMille and "The River," produced by Pare Loenz, came from Saxon's "Father Mississippi. Lyle Saxon is described as "an amiable easy going, big gray-haired, 46-year-old fellow with a talent for conversation and a fine appreciation of wolves, ghosts, witches, eccentrics and pirates. He makes his home at the St. Charles Hotel and counts among his friends, William Faulkner, Carl Carmer, Sherwood Anderson and Roark Bradford."

I was interested to know that Ernest Thompson Seton has a ranch near Santa Fe, New Mexico where he spends his summers, and that Roark Bradford lives in the Old French Quarter in New Orleans in a house built in 1781—a house whose rooms open onto a patio where banana trees are growing and altheas are blooming and a fountain tinkling.

Roark Bradford is one of the best interpreters of negro life and one of the best authorities on negro dialect in all our literature, besides his work along other lines of literature. His "Old Man Adam and His Children" was the basis from which Marc Connelly made his "Green Pastures." At present he is working on some short stories and a novel and a musical play for fall production in New York. This is about "John Henry" whom he has already immortalized in his book of that name—the only one of his books on our shelves.

The Nancy Drew books—books which our girl readers are greatly enjoying at the present time—are to be made into a series of pictures for the screen in the near future. In order to develop

Flower bearers were Mrs. W. A. Davis, Mrs. Carrie SoRelle, Mrs. J. A. Howard and Mrs. T. R. Crabtree.

Mr. Summers was born Dec. 16 1873 in Mississippi, the son of Mr. and Mrs. Robert Ely Summers. He was married Nov. 30, 1905 to Miss Agnes Betts of Clarendon. He was a member of the Methodist Church having professed his faith in 1887 in Mississippi.

The deceased had been a resident of Donley county for 23 years.

Survivors beside Mrs. Summers are three sons, Robert of Clarendon, Charles H. or Shamrock and Ralph A. of Amarillo; and one daughter, Geraldine Summers of Clarendon; two brothers, J. C. Summers of Glen Rose and C. L. Summers of Grandbury; two sisters, Mrs. Sam West of Oklahoma and Mrs. Homer Edwards of Mayer, Arizona.

The screen character of Nancy Drew, a questionnaire was sent by Emily Post to educational and social leaders to determine the characteristics of the average girl of 16. Mrs. Post sums up this average as follows:

"She does not smoke, uses lipstick, but not rouge, has a spending allowance of 50c a week, has no steady beau, is athletic, has a sketchy musical education, belongs to one club, expects to marry, is a tomboy by day and thoroughly feminine by night, talks about sex matters with other girls, but doesn't know as much about the subject as she pretends she does, can cook a little is more obedient to her father than her mother."

So this is what the "Nancy Drew" of the picture will be like. The girls and I will be watching for her.

Mazo de la Roche was recently awarded the Lorne Pirnce medal for literature by the Royal Society of Canada at their annual meeting in Ottawa. She is known as the author of the "Jalna" books all of which we have besides "Possession" and "The Story of a Dog." Her new book "Growth of a Man" will be published next month.

Loretta Young and Joel McCrea are starred in 20th Century-Fox's "Three Blind Mice," featuring Pauline Moore, David Niven, Stuart Erwin and Marjorie Weaver (left to right).

"Three Blind Mice" At Pastime Sunday

"Three Blind Mice," the new Darryl F. Zanuck romantic hit from the 20th Century-Fox studios comes to the Pastime Theatre on Sunday, Monday and Tuesday as a distinct innovation in motion picture production.

While the usual procedure has been to make established stage successes and bring them out in screen versions, this production reverses the order by giving movie fadom a glittering cinematic form of Stephen Powys' play—before the scheduled London and Broadway openings.

Assurance of a maximum of romantic beauty has been established by the selection of Loretta Young and Joel McCrea as co-stars.

"Three Blind Mice" also adds a brilliant cast which includes David Niven, Stuart Erwin, Marjorie Weaver, Pauline Moore, Binnie Barnes and Jane Darwell.

Miss Young, Miss Weaver and Miss Moore form the trio of mid-Western girls who gamble their entire inheritance in the theory that it "is just as easy to fall in love with a rich man as a poor one."

Scenes on a Kansas chicken farm; life in a millionaire play-boy colony; pleasure sailing craft crashing at sea; gay fiesta scenes

Child Writes Of East Texas Trip

"On August the 18 my daddy, mother, two sisters, two cousins and myself went on a fishing trip to Cat O' Lake in East Texas near Jefferson.

"Jefferson is a very old town. Long ago people to Jefferson in boats to buy their supplies for the next year.

"Going to the lake we saw rail fences and log cabins. The woods were so thick there were white strings tied to limbs for a guide to the lake. We arrived there about 9:00 o'clock in the morning. It is a beautiful place. Cypress trees grow in the water and also water lilies. The water is so clear you can see the bottom. It is 20 miles long and five miles wide.

My daddy and cousin got in a boat and went to catch some fish. We had all the fish we could eat for dinner. After we got through eating we went boat riding which was very thrilling to me.

"Looking out across the lake makes you think of 'Beautiful Texas'."

Helen Marie Moore, Route 1 Clarendon, Texas.

and three delightful love stories going on simultaneously form the principal highlights of the picture.

CARD OF THANKS

We wish to thank each and every one of our friends and neighbors who were so faithful to us in the loss of our dear husband and father. Your friendship was a great condolence in our sorrow. May each of you be remembered by Him in your span of life, is our prayer.
Mrs. C. J. Talley and Children

"THANKS"

I wish to thank every one who supported me in the primaries, also every one that assisted me in any way. To those who voted against me, I assure you I bear you no grudge. I shall work hard to make the people of Donley county a better Commissioner in the future than I have in the past.
Respectfully,
John Hermesmeier.

BOWNS THANKS VOTERS OF DONLEY COUNTY

"I wish to thank each and everyone who supported me in my race for Donley County Tax Assessor-Collector. Your vote was deeply appreciated.

"To those who did not vote for me, I hold no ill will, and will always be your friend."

School Band Practice Is Held Thrice Daily

The Clarendon High School band has engaged in unusual activities during the past week according to Ray Robbins, band director. The band has met for practice three times daily preparing for school opening exercises.

In Clarendon has resulted in a increased interest in band work. 35-piece high school band, a 25-piece junior high school band and a small band of students playing recorders.

Robbins said that high school band students would receive one-half credit for each full year of band work.

Plans are being made to purchase three new instruments for the band, a bass horn, baritone saxophone and an alto horn.

Each band student will be required to pay \$1.00 per semester as a band fee, Robbins added.

IN KNIGHT TEMPLAR WORK AT MEMPHIS THIS WEEK

Frank Whitlock and Bert Smith were in Memphis Monday night to assist in Knight Templar degree work.

Messrs. Whitlock and Smith, accompanied by Tom F. Connally and H. Mulkey engaged in the same work at Memphis Tuesday night.

They reported that the Memphis Commandry would have degree work Wednesday and Thursday nights of next week.

Tribute Is Paid To James O. Guleke

Final tribute to the memory of an outstanding Amarillo attorney, Mason and public benefactor—James O. Guleke—was paid Wednesday afternoon when funeral services were held at the Central Presbyterian Church at Amarillo.

Mr. Guleke's body was found in a Socorro, N. M. hotel room early Monday morning. He had died of a pistol wound in the head, and a .38 calibre pistol was found nearby.

Mr. and Mrs. Arlie Wood and Claudine Pearson left Friday for Louisville, Kentucky to visit a sister of Mrs. Wood and Miss Pearson.

Local Theatre Goes Eligible In Cash Contest

"Anybody in Clarendon has a good chance to win cash prizes up to \$50,000 in the National Movie Quiz Contest, as anybody, anywhere," says Homer Mulkey Pastime Theatre owner, who has joined with the industry in a nation-wide advertising plan to increase patronage of the motion picture theatres.

In the plan there are ninety-four picked pictures, and every participating theatre must show at least thirty of the list to comply, since the patrons must answer one question about thirty pictures to enter for the \$404 cash prizes, from the \$50,000 capital prize down to 5,000 \$10 cash prizes. In addition to answering the thirty questions, one about each of the thirty pictures, the entrant must write an essay of not over fifty words about the picture liked best in the thirty on his list.

The contest will last ninety days, beginning the first week in September, and the Pastime Theatre opens the contest in Clarendon next week beginning Wednesday with the showing of "The Texans," a schedule of advertising in The News to appear

in a short time listing the thirty or more pictures to be shown here and the dates of their showing.

Booklets listing the ninety-four pictures selected, with the question and blank for answering on each picture will be distributed to Pastime patrons beginning Monday Sept. 5th, and Mr. Mul-

key invites the public to apply for these booklets which contain all the rules and blanks and must be returned by the closing date by every entrant. He hopes somebody from Clarendon will win the capital prize, and expects several to be listed among the winners of smaller prizes.

McMurtry-Sandberg Rites Said Aug. 28th

A wedding of wide interest was solemnized Sunday, Aug. 28 in the First Presbyterian church in Oklahoma City when Miss Rosanna Sandberg, daughter of Mr. and Mrs. H. B. Sandberg of Hutchinson, Kansas was married to J. Alfred McMurtry, son of Mr. and Mrs. J. L. McMurtry of Clarendon. The ceremony was held at 12:30 o'clock and was attended by members of both families only.

The bride, who was given in marriage by her father wore a sheer black crepe dress with pink pleated front with black accessories. She wore a corsage of rose buds and lilies of the Valley. Her only attendant was Miss Elliot Boren of Hutchinson who wore a black matelasse crepe frock with white accessories and corsage of gardenias. Houston Dodson, uncle of the groom, served as best man.

Following the ceremony, Mr. and Mrs. Sandberg entertained the wedding party with a six course dinner at the Skirvin Hotel. The dinner table was centered with a beautiful three-tier wedding cake surmounted by an arch with a bride and groom on it. The table was decorated with sweetheart roses and fern and tall white candles.

Mr. and Mrs. McMurtry will make their home in the Bagby Apartments after a short trip to Colorado. The bride's traveling dress was a navy and teal blue suit with blue accessories. Mr. McMurtry is a graduate of Kansas State College at Manhattan and she is a former student there. She was a member of Delta Delta Delta sorority and he belonged to Sigma Phi Epsilon.

Guests at the wedding were Mr. and Mrs. J. L. McMurtry and daughters, LaVerne and June of Clarendon; Mr. and Mrs. C. T. McMurtry of Clarendon, Mr. and Mrs. Houston Dodson of Lawton, Okla.; Mrs. Frankie Moore of Cordell, Okla.; Mr. and Mrs. E. R. Hurch of Oklahoma City; Mr. and Mrs. B. E. Mammel and three sons, Dean, Phillip, and Russell of Hutchinson, Kan., and Mr. and Mrs. H. B. Sandberg of Hutchinson.

Friends in Clarendon have been advised of the Birth Saturday of a seven and one-half pound boy to Mr. and Mrs. B. O. Cooper of Oklahoma City. Mrs. Cooper is the former Miss Marie Thornton, daughter of Mrs. M. E. Thornton of this city.

Janet Stegall Celebrates Birthday

Mrs. A. L. Chase entertained with a birthday party last Thursday afternoon for her granddaughter, Janet Stegall, of Wicket on her seventh birthday. The little guests enjoyed games on the lawn. Mrs. Sam Dyer was hostess to the Contract Club Monday afternoon at her home. In the games of bridge which were enjoyed during the afternoon, Mrs. T. H. Ellis had high score.

Mrs. Dyer served delicious refreshments to Mesdames Meredith Gentry, Forrest Taylor, Ira Merchant, Ruth Kennedy, and Miss Mary Cooke, members; Mesdames T. H. Ellis, John Knorpp, and M. R. Allensworth, guests.

Kill Kare Kneedle Klub Meets Thursday

Mrs. Sam M. Braswell was hostess to the Kill Kare Kneedle Klub at her home last Thursday afternoon. The club enjoyed a program on vacations. Fancy needlework and conversation occupied the rest of the afternoon.

Guests were Mesdames Andrew Jay and Len Rundell.

NOTICE, BAND PARENTS

Band Director Ray Robbins has asked the News to announce that a meeting of band parents would be held Sept. 5 at 9:00 p. m., at the junior high building.

A band concert by the Clarendon High School band will be given at the meeting.

FRANK HARDIN'S MELONS ARE STILL IN DEMAND

In spite of the fact that all of his cantaloupe crop was hailed out, Frank Hardin is still supplying the merchants and people of Clarendon and Donley county and surrounding territory with his famous watermelons. The crop this year is as plentiful and as good as before. Truckers from all parts of the state come to his farm in the Sunnyview community for their watermelons and they are asked for everywhere.

DONLEY COUNTY TO PLACE EXHIBIT AT STATE FAIR

Donley County will prepare a county exhibit at the State Fair at Dallas for the first time in several years. The state fair will be celebrating its golden anniversary this year, and is sponsoring a golden jubilee celebration.

The Exhibit was reserved by the local F. F. A. chapter before the deadline for entries of August 1st, and the plan for the exhibit has already been accepted by the agricultural board of the fair. The county exhibits will feature educational facts as well as county products this year, and will not be on a competitive basis as in past years. The educational feature of the Donley exhibit will be based on the trench silo.

A number of local F. F. A. members will exhibit poultry and pigs in addition to aiding in preparing the county exhibit.

BOURLAND FAMILY ENJOYS REUNION HERE SUNDAY

Members of the Bourland family gathered in the Frank Bourland home for a reunion Sunday. The group enjoyed a delicious dinner at noon.

Casualty Picture Dismal In State

AUSTIN—Texas' traffic casualty picture remains dismal in spite of regular monthly decreases in death tolls, state police said, as they watched the July records rise to 139 dead.

Because of holiday and vacation travelers causing crowded conditions and additional traffic hazards during the month of July, there was a predicted increase in deaths and injuries, but the 1938 toll fell short of the July, 1937, death rate by 15. Still, the officials pointed out, 99 per cent of these fatal crashes were avoidable had the drivers followed simple rules of safety.

Cities are showing improved accident records as only 38 deaths occurred on city streets last month. There were 92 aid to open highway traffic. Intensi-

fied enforcement, educational campaigns and publicity programs were given by state officers as the reason for lowered traffic losses in cities. Similar activities are adopted for decreasing open er speed limits bring about more highway crashes. However higher speed limits bring about more serious collisions, police said.

State traffic recorders said that 69 of the 139 dead lost their lives in accidents involving two or more vehicles. Two were killed riding bicycles. One lost his life in a horse-drawn conveyance and another died after his car struck livestock on a highway. Six were killed in railroad crossing crashes.

Heavy financial losses and suffering were seen by police in the reports showing that 1,454 persons were injured in July accidents, many slated to die from their hurts.

Uvalde County was named for a governor of Coahuila.

TALLEY SERVICES ARE HELD FRIDAY

MARTIN RESIDENT SUC-CUMBS TO OPERATION AT AMARILLO HOSPITAL

Funeral services for C. J. Talley, 67 who died last Thursday in St. Anthony Hospital at Amarillo following an operation, were conducted Friday afternoon at 2:30 o'clock at the Martin school.

Rev. Floyd Stovall of Goodnight was in charge of the services. He was assisted by Rev. S. R. McClung of Perryton.

Burial was in Citizens Cemetery under direction of the Buntin Funeral Home.

Pall bearers were Walter Morrow, J. D. Wood, Ed Hodges, Geo. W. Kavanaugh, Edwin Baley and E. G. Pittman.

Mr. Talley had been in poor health for the past two years. He was born April 9, 1871 in Texas, the son of a Baptist missionary minister. He was married to Miss Elizabeth Warren of Hamilton county, Texas.

His religious affiliation was with the Baptist Church.

In 1897 they moved to Oklahoma but in 1906 they moved to Roswell, N. M. to make their home. He had been a resident of Donley county since 1914.

Mr. Talley is survived by his wife, two daughters, Mrs. Ed Watters of Texhoma, and Mrs. J. Vestal Moseley of Montrose, Colo.; three sons, Paul of Martin, J. C. of Clarendon and Aubrey of Plainview; a brother, Joe Talley, of Amarillo, and eight grandchildren.

THE TREND OF THINGS

In children's wear the Swedish influence continues strong with bright colors and becoming designs. Note sketch No. 1 and 2. Dirndls are the delight of mothers and daughters. Waistlines of latest will be popular, sketch No. 3. Gloves and handbags of identical fabric and trim are being made to match coat, sketch No. 4, while mittens will be distinguished by crazier and more colorful designs, sketch No. 5. Soft terry cloth over rust proof wire is now being used to dry both sweaters and knit suits, shown in upper left-hand corner.

WORLD WELL STOCKED WITH RAW MATERIALS

WASHINGTON—If the world were a single economic unit, without national barriers and with problems of distribution solved, it would be able to answer all demands upon it for raw material.

Food materials are likely to be adequate for a world population at least three times that of today. Although the future of some of the base metals is obscure, the world as a whole need fear no shortage for an indefinite period of raw materials for clothing, shelter, heat, power and the principal necessities and luxuries of life. For the few natural resources that are definitely exhaustable, nature has made abundant provision of possible substitutes.

Data compiled by Dr. Frank E. Lathe of the Canadian National Research Council show that for a world of competing nations the prospect is very different indeed.

Mrs. P. K. Heigle of Dallas and her brother Alfred Holmquest and his wife and son visited in the G. A. Anderson home Sunday. They are all old friends of the Andersons.

Henry Youngblood was in town on business on Friday.

Mrs. Jack Molesworth and Miss Charlotte Molesworth shopped in Amarillo Friday.

Here's a Red-Letter Day Dessert

FAMILIES cherish as red letter days the occasions when a dessert they really love to eat puts in an appearance. Every day, of course, can't be a red letter day—but when luscious fresh peaches are in season the housewife tallying average in champion desserts is likely to reach a new high. Here are two contributions to that happy state of affairs:

Peach Tarts Glace
6 fresh peaches, sliced, or 3 cups sliced peaches
1/2 cup sugar
1 package orange-flavored gelatin
1 1/2 cups warm water
Dash of salt
1 cup cream, whipped
9 baked 3 1/2-inch tart shells
Combine peaches and sugar and let stand 10 minutes. Dissolve gela-

tin in warm water. Add salt and pour over peaches. Chill until gelatin begins to thicken. Fold 4 tablespoons thickened gelatin into whipped cream. Chill. Place layer of whipped cream in bottom of each tart shell. Chill about 10 minutes. Cover with layer of jelly peaches, arranging slices in attractive design. Add thickened gelatin to fill tart.

Peach and Grape Temptation
1 package raspberry-flavored gelatin
1 pint warm water
1 cup halved white grapes, seeded
1 cup diced peaches
Dissolve gelatin in warm water. Chill. When slightly thickened, fold in fruit. Turn into ring mold. Chill until firm. Unmold. Serves 8.

WHEN THE TELEPHONE RINGS

It may be: A party with the wrong number.

A young housewife inquiring whether the yolk is the yellow or white of an egg.

The church pastor reminding you of the drive for new members, and incidentally, your budget pledge.

The cleaner who forgot whether you ordered your suit cleaned and pressed, or just cleaned.

The wife checking up to determine where her husband is not.

The new grocery clerk who asks if you meant a dressed hen when you ordered an egg plant.

The cobbler who has read your want ad in the employment column of the paper, quoting you prices on new half soles.

The police department relaying the complaint that your reading lamp is shining in the eyes of would-be sleepers across the street.

The young mother on a shopping tour, calling the maid at home to see whether or not Jr. has yet been persuaded to turn loose the cat's tail.

Insures Fair

RAY PINKNEY

As Tri-State Fair president, Ray Pinkney, Amarillo packer, is taking no chances on the weather. Attractions at the 1938 exposition have been insured against rain.

The Tri-State Fair will be held in Amarillo for a full week, beginning Monday, September 19.

"The association is in improved financial condition this year, but large sums have been spent to assure excellent entertainment and we're playing safe by taking rain insurance," President Pinkney announced.

"There is general enthusiasm among exhibitors and the livestock show will be one of the best," he added.

By popular request, Beutler Brothers have been engaged again to stage another championship rodeo, which last year played capacity crowds every afternoon. "There will be more world champion cowboys, snapper specialties and saltier stock," said Lynn Beutler, rodeo rajah of the Southwest.

Other attractions will be a spectacular, beautiful night show and a larger midway.

GOLDSTON NEWS (Mrs. M. Grant)

THE AWFUL PRICE YOU PAY FOR BEING NERVOUS

Quivering nerves can make you old and haggard looking, cranky and hard to live with—can keep you awake nights and rob you of good health, good times and jobs. What you may need is a particularly good woman's tonic—and could you ask for anything whose benefits are better proved than famous Lydia E. Pinkham's Vegetable Compound? Let its wholesome herbs and roots help Nature build up more physical resistance and thus help calm your shrieking nerves, give more energy and make life worth living again. More than a million women have reported benefit—why not let Pinkham's Compound help YOU, too, to go "smiling thru" trying times like it has other grateful women for the past 3 generations? IT MUST DO GOOD!

CJC To Open 12th Session Sept. 5th With Larger Attendance

Clarendon Junior College will open its doors Monday, Sept. 5, for its 12th annual session. Prospects for a large attendance are in sight, according to Dean R. E. Drennan, who says that more interest has been evidenced in the school this year than in many years.

Registration of students will take place Sept. 5, and classes will begin the 6th for the first semester. Holidays in the first semester will include Armistice, and two days, November 24 and 25, Thanksgiving. The school will dismiss December 23 for the Christmas holidays and resume work January 2. Final exams for the first semester will be from Jan. 9-13 inclusive. On January 16 students will register for the second semester which will close May 18.

Courses leading to a six year elementary or four year high school teacher's certificate, to a bachelor of arts or science degree, pre-medical and pre-law courses are offered in the two years of college work. All freshmen courses and many sophomore courses offered or required in leading senior institutions are given in Clarendon Junior College. A thorough comprehensive business course is available including typewriting, shorthand, accounting, economics, business law, and office practice. The math and science departments offer advanced work. College Algebra, Trigonometry, Engineering Drawing, Analytical Geometry, Differential and Integral Calculus are the Math courses offered. Bioogy, General and Organic Chemistry are subjects taught in the Science department. Social Sciences include American and European Government, European, English and American History. Courses in Elementary Education and Curriculum Building, General Science, Public School Music, Physical Education, and Writing, Drawing, and Art are offered to those who wish to teach.

Clarendon Junior College has one of the largest libraries in the state for a Junior College. 7,183 volumes on every subject available to the students at any time. The best periodicals are subscribed to and kept on file, many of them being bound. A full-time graduate librarian catalogues the books and assists the students in locating them. A reading room with a number of reference books

is maintained in the school.

The science laboratories are kept up-to-date and are well-equipped for carrying out experiments. A large auditorium and well-lighted stage provides a place for dramatic activities and programs which are presented by the students and others throughout the year. Many outstanding speakers and artists both local and state, appear before the student body during the year, as well as the weekly assembly programs as which the students and faculty present programs.

Every member of the faculty of Clarendon Junior College has a Master's degree from leading schools. They are, H. T. Burton, B. A. Baylor; M. A. University of Texas, Government; R. E. Drennan, B. A., M. A. University of Oklahoma, Education, Dean; Miss Ineva Headrick, B. A., M. A. University of Texas, English; Miss Mary Howren, B. A., M. A. Southwestern University, Mathematics, Dean of Women; W. C. Larimer, B. A. North Texas State Teacher's College, M. A. University of Texas, Head of Department of Commerce; T. H. Stewart, B. A., M. S. Texas Technological College, Science; Miss Temple Harris, B. A. University of Texas, M. A. Columbia University, Social Sciences; Mrs. Willie Glenn White, B. S. College Industrial, Librarian. Private Music and Art lessons are offered by Mrs. Ella Marie Evans, and

Mrs. Allen Bryan.

Extra curriculum activities in many forms are given in the school. A band is available for all who care to join. Athletic activities are rapidly coming to the front with a good basketball court and many good tennis courts and a good track. Dramatic activities are among the foremost in the school. A Science club and literary club extend the studies of the classroom and offer opportunity for extended individual work.

Fees for Clarendon Junior College are as low as it is possible to make them. There is no tuition charge for students living in this county; others are charged \$30 per semester. A matriculation fee of \$5 per semester, a library fee of \$3 and a general deposit fee of \$2.50 are charged. Students taking laboratory and typewriting courses are charged nominal equipment and breakage fees. The maximum amount of fees is \$100 per year.

Admission to the college is by affiliated high school diploma, by individual approval, and by special examination.

Students in Clarendon Junior College are offered a standard course of study with competent instructors, good equipment, and the opportunity of individual help and contact with instructors possible only in a small school, as well as contact with a select student body and interesting, extra-curriculum activities.

Mr. and Mrs. Carroll Knorpp and children Doris and Wesley Parr returned Saturday from Long Beach, Calif., where they vacationed.

FORMER CLARENDON MAN DIES IN HEREFORD

Tom E. Major, 51, former Clarendon and Ashtola merchant, died in Hereford Thursday, Aug. 25. Funeral services were held Friday at the First Baptist Church in Hereford. Major was in business here 17 years before moving to Hereford in 1924 where he farmed. He was agent for the Phillips Petroleum Company and raised purebred Herefords. He was a member of the Baptist Church, Lions Club and American Legion.

Major is survived by his wife, a brother, John C. Major of Groom, and two sisters, Mrs. G. W. Standifer, Clifton, Texas, and Mrs. J. B. Roy, Goodnight.

TAYLOR CAR IS DAMAGED AMARILLO CRASH THURS.
 The new Ford V8 car of Dr. Geo. C. Taylor was damaged considerably last Thursday when a truck pulled over in front of the car.
 Dr. Taylor was driving to Clarendon from Amarillo and was near the old radio station in the east part of Amarillo.
 Both left fenders, the door, and two glasses were damaged in the impact.

Poultry Meeting Set For Saturday
 A meeting of those interested in the Donley County Poultry Exhibit at the Tri-State Fair is scheduled for Saturday afternoon, Sept. 3rd, at 3 p. m. at the Clarendon Hatchery. Plans for gathering and transporting the birds to Amarillo will be made. Cards are being mailed to a number of individuals calling their attention to the meeting, but others who are interested are asked to attend.
 F. F. A. members will exhibit approximately 200 birds. This number is almost as large as any group ever sent to the fair, and with the help of adult breeders, the largest and best group of poultry ever sent to the Fair from Donley County should be gathered. Donley has won the county exhibit for the past three years and will be bidding for its fourth victory.

SHELTERBELT MEET IS SET NEXT WEEK
GROUP OF FARMERS AND MEN TO INSPECT COLLINGSWORTH STRIP

Edgar H. Kemp, chief of the Childress shelterbelt office, and Roy B. Morgan, junior forester of the Shamrock shelterbelt office, were in Clarendon Monday conferring with County Agent H. M. Breedlove, relative to plans for planting approximately 150 miles of shelterbelt trees in this county.
 Mr. Morgan will return to Clarendon next Monday for another conference at which time Breedlove will call a meeting of farmers, landowners and other interested citizens at Hedley and at Clarendon. Breedlove said the meeting would probably be held next Thursday or Friday. At these meetings all phases of shelterbelt planting will be discussed by shelterbelt officials who will explain to the farmers where and why shelterbelt strips of trees are planted—for soil and water conservation for increased crop production.
 Mr. Morgan, while in Clarendon next week will conduct a group of interested farmers and representative business men to a strip of shelterbelt trees in Collingsworth county, where they will observe the work that has been done, and phenomenal growth the trees have made since they were planted in 1936.
 Kemp explained to Breedlove that the government is interested in establishing shelterbelt groves in this county and said that all expenses of the projects were borne by the government. All the farmer has to do is cultivate the strip on his farm, and fence in where fences are required because of stock.
 Different kinds of trees best adapted to soil and surrounding conditions are planted, Kemp said.

Lelia Lake Bus Schedules Given
 School bus service for the Lelia Lake schools will begin Monday, the opening day of school, according to Raymond Wilson, superintendent, who early this week announced the three bus schedule routes.
 The route schedules are as follows:
 Bus No. 1, (Fairview, driver, Melvin Meadows), begin at school east 2 and one-half miles, north 1 mile, east 2 and one-half miles, north 3 miles, east 2 miles, north 1 mile, east 1 mile, west one mile, north 1 mile, west 3 miles, south 3 miles, west 2 miles, south 2 miles and east 1 mile to school.
 Bus No. 2, (Windy Valley, driver, B. Chennault), first run begins at school, south 3 miles, west one-half mile, south 2 miles, east 2 miles, south-east 3 miles and return 3 miles, north 1 mile, east 1 mile, west 2 miles, north 1 mile, west one-half mile, north 3 miles to school.
 Bus No. 2 second run, begin at school, southeast on highway no. 370 3 miles, north 1 mile, east 1 mile, west two miles, east 1 mile, south 1 mile, and return 3 miles on highway 370 to school.
 A feature of the opening session of the Lelia Lake Schools Monday morning will be a report to the patrons by Superintendent Wilson. Mr. Wilson urges a full attendance of everyone in the community, whether they have children in the school or not, because they also assist in supporting the school system.
 The report will be on the past year's work, summer educational work, and problems confronting the school this year.

Appreciation
 Naturally, I am very happy over the outcome of my race for the office of Assessor-Collector. All the credit goes to my friends, and to my son, Welcome, known to the citizens of Donley county as my "campaign manager," who worked so earnestly in my behalf. I enjoyed the race all the way and wish to express my sincere appreciation to the voters of Donley county. I assure you that I shall endeavor to serve you faithfully and honestly.
 Sincerely,
J. W. Adamson

Lions Entertained By Rev. And Mrs. Austin
 Rev. and Mrs. R. E. Austin brought the program Tuesday for the Lions Club, consisting of piano numbers by Mrs. Austin, and an address on the "Challenge of Youth" by the former. This talented couple are leaving in a few days for Phillips University at Enid, Okla., where they will continue their studies. Rev. Austin has served as pastor of the First Christian Church here for the past year or more. They were introduced by Lion Bartlett.
 Reports were heard from the dinner at Pampa Monday night honoring Division Engineer Van London of the highway department leaving for his new post at Houston. Fourteen attended from Clarendon.
 Guests of the day besides the Austins, was Mr. Cooper Dewey of the highway department.
 Lion Stallings called attention to "100 per cent Attendance Week" on Sept. 12 which will be celebrated here by a Group Meeting on the evening of Sept. 13.
WPA SEWING ROOM IS TO HOLD OPEN HOUSE
