

CITY AGAIN REFUSES NATURAL GAS RATE COMPROMISE

COMPANY OFFERS 55 CENTS PER THOUSAND FEET

WILL LEAVE MATTER IN RAILROAD COMMISSION'S HANDS, COUNCIL SAYS

The city of Clarendon last week-end refused a City Gas Company compromise of 55 cents per thousand cubic feet, reiterating that they will leave the matter entirely in the hands of the Texas Railroad Commission.

Mayor T. F. Connally told Commissioner Lon A. Smith in a long distance conversation that the city is definitely not interested in a rate higher than the 51 cents per thousand cubic feet as set by the recent Railroad Commission's order.

Smith, according to Connally, called the mayor at the request of the company's attorney who was in consultation with him (Smith) at the time. Connally made no answer to the company's proposal until he met with the city council and talked with several citizens.

Following a second conversation with Smith, Connally forwarded letters to Smith, Attorney Gerald Mann and Commissioner E. O. Thompson saying the city had no counter compromise to offer the company.

The hearing in district court at Austin on the company's injunction restraining the railroad commission's 51 cent rate order will be held Monday, April 24.

TWO GET 4 YEARS IN CONSUMERS BURGLARY

Tried jointly on two counts of burglary and felony theft, Clinton Kyle, 29, and Lindsey Blain, 23, both of Paducah, were each given four years in the state penitentiary by Judge A. S. Moss in District Court here Tuesday.

The two were indicted by the grand jury last Thursday and charged with burglarizing the Donley County Consumers filling station recently.

Property valued at over \$200 was taken from the station. Part of the loot was alleged to have been recovered in the possession of the defendants.

The sentences on both counts totaled eight years each for both Kyle and Blain but Judge Moss ruled the terms may run concurrently.

Students Away At School Return For Easter

Many of Clarendon's younger set who are away at school returned home for the Easter holidays.

Among them were Jo Ellen Kennedy of Oklahoma University at Norman; Avis Lee McElvany of Missouri University, Columbia; Ruth Palmer, McMurtry College; Ahlene; Wesley Powell, Leota Rumpy, Harold McDaniel, Bobby Leathers, Winston Nippert, students of Texas Tech at Lubbock; Canyon students who returned home included Dorothy McCormack, Peggy Word, Joan Thompson, Fannie McGowan, Nellie Grady, Margaret Nell Hillman, Mrs. John Gillham, Jesse Cornell, Otis Rolls, R. W. Bingham, Gerald Noble.

CITY HOUSEWIVES ARE DEPUTIZED AS CHICKEN AND COW WAR BEGINS

All housewives in the city of Clarendon have been deputized city marshals with full authority to execute chickens found within their premises, Mayor T. F. Connally announced today following a bevy of complaints received at the City Hall.

At the same time, the Mayor said, the city marshal has a nice comfortable stall at the pound. He will be only too glad to supply room and board for stray cows at \$1 per day.

Government Suggested REA Rate Would Average \$2.45 Locally

Under a rate schedule suggested by the federal government, Donley county farms in the REA organization are assured service at "the lowest prices consistent with the cost of operation."

In a progress bulletin issued to the Greenbelt Electric Cooperative, operating 146 miles with 434 members in Donley and Collinsworth counties in Texas and Harmon county in Oklahoma, it was pointed out that revenue from the minimum bills "should assure your cooperative sufficient income to meet most of its fixed costs."

The pamphlet said that the 25 kilowatt hours a month which the minimum bill pays, will light an

CLARENDONITES TO MEMPHIS BANQUET MONDAY EVENING

HON. HARRY HINES, HIGHWAY COMMISSIONER IS SPEAKER OF EVENING

Six Clarendon residents were among the out-of-town guests in attendance on the annual banquet of the Memphis Chamber of Commerce, Monday evening in that city. The affair was attended by some three hundred people and was held in the new high school gymnasium and civic center recently opened there. The local party was made up of Mr. and Mrs. Ben Andis, Mess. J. T. Patman, Odos Caraway, G. C. Reeves and Sam M. Braswell.

Hon. Harry Hines, member of the State Highway Commission, was the speaker of the evening and delivered a brilliant address on the personality and leadership in the local community. In the course of his address he listed among the definite and needed highway projects he hoped to see to a successful completion before his retirement from the commission, the East and West Highway through Memphis and the North and South Highway from Clarendon to Turkey, with intersection in the Brice area.

District Attorney John Deaver was toastmaster of the occasion, and besides communities in Hall county, guests were introduced from Childress, Pampa, Hedley, Amarillo and Clarendon.

Jim King, Memphis business man, was re-elected president of the organization for another year, and was presented with the loving cup award as the most useful citizen of Memphis for 1938.

VA Judging Team To South Plains

The Clarendon F. F. A. dairy judging team has a full week-end ahead, competing in contests at Tulia, Lubbock and Plainview, J. R. Gillham adviser announced today.

The boys will leave here early Saturday to judge in Tulia that morning. Saturday afternoon and Sunday, the team will be in Lubbock for practice judging and Monday will participate in the dairy products judging tests in the Panhandle Plains Dairy show in Plainview.

\$46,000 RECEIVED IN AAA PAYMENTS FOR DONLEY

With \$46,000 received Friday in payments to Donley County farmers for participating in the 1938 Federal Farm program, L. A. Hudson, secretary of the local ACA estimated today that approximately 75 per cent of the local allotment had arrived here. Hudson said the \$46,000 brought the total received in Donley County to near \$200,000. The maximum allotment could be only \$300,000, he stated. 378 checks have been received.

Government Suggested REA Rate Would Average \$2.45 Locally

average sized home adequately and operate an appliance such as a washing machine.

On a farm using a refrigerator an additional \$2.50 of electricity may be used, it is estimated. On a farm having all these appliances, lighting the laying house for 100 hens would add only 30 cents to the monthly bill. Use a milk cooler in addition and another 75 cents must be added. An electric range would consume about \$3.15 worth of electricity.

The suggested rates: First 25 kwh or less at \$2.45 per month; next 50 kwh per month at 5.5 per kwh; next 125 kwh per month at 2.5 per kwh; over 200 kwh per month at 1.75 per kwh.

MONDAY'S RAIN MEASURES .20

Monday's intermittent showers gave Donley County .20 of an inch of moisture to send the total for the month to .91 of an inch.

The rain was followed by sub-freezing weather Tuesday night when 31 degrees above zero was recorded. A frigid north wind struck late in the afternoon to send the mercury down.

As far as could be learned no fruit was lost by the cold snap.

The precipitation brought the year's total to 3.29, slightly above the first three months of 1938 when 3.28 inches were recorded.

Clarendon Band Contest Winner

Playing in Class C, the Clarendon Band played in divisions two and three in the regional band contests in Plainview last week-end.

Competing with ten musical units, the local organization was rated "superior" in the marching test and "good" in the concert group.

All bands representing schools with 250, or less, enrollments were classed in the C division.

Seven hundred individuals and 46 bands competed in two days of performances.

Delegates Go to WMS Conference At Pampa Tuesday to Thursday

Delegates and interested members of the Woman's Missionary Society of the First Methodist Church are in attendance on the annual conference of the WMS for the Northwest Texas area at Pampa this week. The sessions began Tuesday and closed today at noon at the First Methodist Church in Pampa.

Delegates from Clarendon include Mrs. S. M. Braswell, president of the local society, and Mrs. Nathan Cox. Others in attendance were Presiding Elder and Mrs. G. T. Palmer, Mesdames Cal Merchant, Victor Smith, O. L. Fink, J. H. Hurn, H. C. Gordon, C. A. Burton, Rayborn Smith and Homer Bones.

EDWARDS WINS PLACES FOR HEDLEY IN NORTH PLAINS TRACK MEET

Clipping off 16.3 seconds, Edwards of Hedley finished first in the 120 low hurdles and second in the 220 low hurdles to give Hedley High School a rating in the North Plains track and field meet at Claude Saturday.

Edwards' time in the 220 was slightly behind the 28.1 set by Phillips of White Deer.

Claude with 50 points won the meet; Amarillo second, Higgins third and White Deer fourth.

Lions Discuss Visit Of District Governor —El Paso Convention

Tuesday's weekly luncheon of the Clarendon Lions Club at the Clarendon Hotel Tuesday noon was devoted to recommendations of the board of directors and other club matters.

Definite announcement of the official visit of District Governor Omar Burleson of Anson on the Ladies Night occasion here next Tuesday evening, Home Economics dining room at the College, 7:30 o'clock, was made by the committee.

Plans for a strong delegation at the annual District 2-T Convention in El Paso, May 5-6-7, were discussed and several signified their intention to attend. Pres. W. H. Patrick will head the club's delegation.

Program Chairman Dude Gentry conducted a lesson in saluting the flag in the proper manner, and made announcement about the program for the Ladies Night occasion, next Tuesday evening.

Lion Walker Lane was elected as secretary-pro-tem for the remaining weeks of the club year, to take the place of Secretary Verne Goodman, Thelma Hardin, McKee who has resigned on the eve of his departure from the city.

CHURCHES JOIN IN SERVICE TO HONOR RETIRING PASTOR

UNION SERVICES AT BAPTIST CHURCH SUNDAY EVENING AT 7:45

By unanimous arrangement the Christian, Methodist and Baptist congregations are joining the Presbyterian membership in a union service Sunday evening and have transferred the Presbyterian service and their preacher to the First Baptist Church, where the service will be held at 7:45.

The laymen of the interested churches, aided and abetted by their pastors have arranged the service in honor of Rev. Robert S. McKee, for ten year's pastor of the Presbyterian Church here, who is leaving this city next week to take up his new pastorate in the same faith and order at Irving, Texas.

Rev. McKee had announced the Sunday evening hour as his last message to his congregation at his own church, but unknown to him his message has been transferred to the Baptist Church, where a larger congregation of his many friends of all faiths may join in honoring his ministry and citizenship in this community.

Singers of the various churches are invited to come to the choir loft and assist in the song service in charge of Miss Anna Moores, choir director of the Baptist Church. Special music will be rendered by members of Mr. McKee's congregation.

Rev. J. Perry King, host pastor of the occasion, will have charge of the pre-service and Judge J. R. Porter of the Methodist congregation will speak briefly on behalf of the community. The Presbyterian ushers will be on duty, assisted by those of the Baptist congregation.

Miss Eula Joyce Burleson attended church in Amarillo Sunday.

LEAVING

ROBERT S. MCKEE

After serving as pastor of the Clarendon Presbyterian Church for the past ten years, the Rev. and Mrs. McKee will leave next week for Irving, a Dallas suburb, where Mr. McKee will assume pastoral duties.

"Though having resigned previous pastorates," Rev. McKee said, "I have never been quite so deeply touched in leaving so many dear friends."

ENCHILADAS SUPPER TO BE GIVEN BY EPISCOPAL CHURCH

The Auxiliary of the St. John's Episcopal Church will give a benefit enchiladas supper at the rectory Friday evening, April 21, it was announced today.

Proceeds will be used in repairing the interior of the church.

RURAL SANITATION PROJECT OPENED IN COUNTY

GLENN RILEY NAMED CONTRACT MAN BY COMMISSIONERS

The Donley County Commissioner's Court this week appointed Glenn Riley contact man for the WPA community sanitation project which opened Monday.

The work includes construction of sanitary pit-type outhouses and is co-sponsored by the county and the State Department of Health.

Twenty WPA workers will be employed and construction costs will be limited to materials only for the applicant. Where salvage lumber is used, the sponsors estimate the building cost to approximate \$5 to \$10.

In urging everyone using an open-back toilet, to take advantage of this offer, the commissioner's Court pointed out that typhoid fever, dysentery and many other diseases are directly attributable to open-back outhouses.

LOCAL PHYSICIANS ATTEND CONVENTION

Doctors B. L. Jenkins and R. B. Anderson attended the Panhandle District Medical Society convention held in Amarillo this week.

The gathering was the largest in several years, according to Dr. H. H. Latson, Amarillo, secretary of the association.

PAVING ON FOUR MILES NORTH TO BE CONTRACTED

TO CONTRACT CALICHD SECTION CLARENDON TO PAMPA ROAD APRIL 25

Asphalt topping on four miles, Highway 18, Clarendon to Pampa, will be contracted in the monthly letting at Austin on April 25th, according to announcement of the highway department last week.

This paving will go down on the caliche base from the Forrest Sawyer place, north of Clarendon, four miles north, recently completed under a WPA project, and will include such reshaping as will be necessary.

The work will begin in a few weeks and is regarded here as the first step in the paving of the gap on Highway 18, Clarendon to a few miles south of Pampa, which will include the underpass on the Fort Worth & Denver Railroad a few hundred yards west of the depot here. This last work is under the federal grade separation act, and will be set up in December of this year.

Securing of right-of-way on Highway 18, from the south end of the farm-to-market paving to the county line is proceeding as rapidly as possible and there is hope of early continuation of that class paving from that point south. Commissioner Reeves is working rapidly to this end.

HIGH SCHOOL IS COMPLIMENTED BY ASSOCIATION

Without a single criticism, Clarendon High School was recently re-elected to the Southern Association of Colleges and Secondary school at the meeting of the body in Memphis, Tenn.

In a letter to H. T. Burton, superintendent of the local schools, J. W. O'Banion, chairman of the state committee said: "The action of the members in committee with regard to your school is significant in that not a single criticism was voiced against your school. May I not indulge the hope that you will continue to improve the status of your high school from year to year and thus justify a continuous membership in the Southern Association."

MUSEUM TO BE OPEN FRIDAY AFTERNOONS

The Donley County Museum will be open to the public every Friday afternoon from 2 until 5 o'clock, Mrs. L. S. Bagby announced today.

The Museum is rapidly becoming recognized over Texas as a point of interest. The latest honor was the space allotted in the new Texas Almanac.

CLARENDON MAN SELLS STOCKER CATTLE

MEMPHIS, April 12. — More than 100 head of stocker cattle were sold here last week by A. R. Letts of Clarendon to E. L. Endsley. Three cars of the cattle were shipped to Marquette, Iowa, and one car to Altus, Okla.

RESIDENTS URGED TO TAKE ADVANTAGE OF CLEAN-UP WEEK

Mayor T. F. Connally urged today all citizens to take advantage of the current clean-up week.

In line with the state-wide program, clean-up week was proclaimed here to offer residents cooperation in their spring beautification work. The city truck will pick up and haul rubbish away from houses provided no garbage is in the trash.

Trash cans or large boxes should be used as containers and these must be put in the alleys, Connally said.

ANOTHER STORM IN SENATE ON CONFIRMATION OF HIGHWAY COMMISSION APPOINTEE

When Governor W. Lee O'Daniel sent his third appointment to the Senate for the vacancy on the highway commission, it was apparent for a few days that the scars of the first two rejections by the upper house would soon be forgotten in the prompt confirmation of J. M. West, wealthy Houstonite.

But when littleness and carping criticism once take large hold of persons and organizations there is no end to dishonorable acts and words, so now it appears that in spite of the residence of Mr. West in Southeast Texas, his admitted qualifications and well-known good citizenship, he is likely to be rejected by a substantial majority—and for the very puerile reason that he exercised his American rights of voting for Alf Landon in preference to FDR in the last presidential election.

In the point at issue, it is a well-known fact that many legislators in both houses reject emphatically many if not most of all New Deal policies—when talking to Democrats who are openly fed up on the failures of the present administration, though they may be discreetly silent in the presence of administration loyalists.

When will this parade of little men and ideas in the Texas Legislature cease?

THERE SHOULD BE NO EXCEPTIONS

A member of the home-trade committee of the Chamber of Commerce in a neighboring town, listened to a certain merchant a few doors from him declaim against the loss of retail trade to a larger neighbor city, who remarked in closing that he knew what he was talking about for his own wife had difficulty in getting waited on in that near-by city on account of the number of shoppers.

The committeeman asked the question: "What was your wife doing trading away from home?" which should have ended that particular complaint to the home-trade committee, but it didn't—the connection was lost on the plaintiff.

Newspapers and home-trade committees have a lot of such complaints from their own citizenship, who demand home-trade from everybody else, their own families excepted.

In this connection, some people seem to overlook the fact that buying printing away from home is as much a violation of the home-trade movement, as buying silks.

There should be no exceptions. Home-trade movements will never wholly succeed until home-town people support them in actions as well as words.

NOTE FOR MEMBERS OF LEGISLATURE

In response to request from the Legislature, Hon. Gerald Mann, attorney-general, has ruled that no property tax receipt is necessary to make a voter eligible in any election on constitutional amendment covering taxation to finance the social reform program.

This is a note for those intelligent members of both houses at Austin not to be over-looked. The others are slated for defeat, anyway.

The only way to get the best of an argument is to avoid it.—Dale Carnegie.

CHOICE BUILDING SITES AVAILABLE IN 1939

Prospective home builders ought not to overlook the fact that there are more choice building sites available in 1939 than they will ever see again, if the present trend in better housing continues in these United States—and it appears the movement is growing.

Right here in Clarendon there are a dozen or two of the choicest corners and inside sites for homes that have been available since the city began its real expansion some thirty years ago. These sites are already being studied and inspected, which means that after the building movement gets under way—and it is inevitable—choice will be gradually cut down and costs will increase.

There has been no better period for realization of a comfortable, attractive and modern home than now and the next three or four months.

The wiser will take advantage of the choice sites, low building costs and easy financing. 1939 is the year.

HENRY FORD AND THE BIBLE

It is a revelation to most people to discover that Henry Ford has profound faith in the Bible. He has a copy of the Scriptures in every room in his home, and wherever he happens to be, he can sit down and read it. In fact, through Wilbur Chapman, the famous evangelist, he once took a pledge along with President Woodrow Wilson to read a chapter each day, and his friends say he has kept that pledge faithfully.

Once he said to an interviewer, "All I know of good, truth, honesty, and idealism, I have learned from the Bible. In school I listened each morning as a chapter was read before classes started, and it was then that I came to know and repeat the Holy Book. I never have lost my regard for the word of God, and if I had my way about it, a chapter of the Bible would be read every single morning in every schoolroom in this country. I feel at home in the pages of the Bible, for that Book speaks my language."

NOBODY'S BUSINESS

By JULIAN CAPERS JR.

AUSTIN.—Going into the home stretch of the last month of the customary 120-day regular session, the Legislature this week prepared for a showdown in the immediate future on the question of raising money for social security. Unexpected reversal by the Senate of its previous action revived the sales tax constitutional amendment plan, which most observers had believed was finally dead. The issue now is clearly between a constitutional amendment and a tax bill; and also between a sales tax and some other form of levy. Pending bills and resolutions in both House and Senate make it possible for the solons to go either route. A comprehensive omnibus tax bill by a large group of House anti-sales taxers proposes levies on about 30 commodities, some of them sales-taxes in form, but not of a general sales tax nature. In the Senate, revival of the sales tax resolution, which was passed to engrossment with 21 votes, enough to insure its final passage, was regarded as a political precautionary move, which would leave the Senate with chance to clear its political skirts in case the House produces no tax legislation. There was considerable doubt whether any constitutional amendment, or any sales tax levy, would ever get through the House, but both Houses have reversed themselves so unpredictably on the tax question that the shrewdest observers of legislative trends were extremely wary about committing themselves on predictions.

Gov. O'Daniel, apparently learning a lesson from the extremely bad reaction his "fighting" talk aroused in both houses two Sundays ago, didn't mention the legislature or the tax question in his Easter Sunday broadcast, but stuck to a "sweetness and light" program of hymns, poems and banjo harmony.

WEST SEEMS SUNK

Close observers here this week were speculating on who Gov. O'Daniel's next nominee for Highway Commission chairman might be, with Mrs. Oveta Culp Hobby, wife of the former governor, of Houston, frequently mentioned. Insiders declared Jas. M. West, the Houston multi-millionaire oilman, would fall of confirmation, if a vote is taken. Many believed he would withdraw, in the face of bitter opposition aroused by his wealth his activity in behalf of Republican Candidate Alf Landon, and the enmity which has grown out of the battle on the Texas Tech Board of regents over election of a president for that institution. West is a member of the Tech Board. Although West's name was favor-

ably regarded at first, revelation of his political activity has aroused bitter resentment among many senators, and his opponents claim sufficient votes to block confirmation.

INSURANCE GYP CURED

The Legislature this week armed the Department of Insurance with a weapon which it has sought for years, to end one of the most scandalous abuses in Texas, when it passed a bill tightening regulation of mutual assessment insurance companies, burial societies and similar insurance groups. The bill permits the department to name a conservator and take charge of the affairs of such organizations when they fail to "pay off." Many honestly managed mutuals and burial clubs have given protection to a large number of Texans, but a few crooked operators have for years practiced a "racket" under which thousands of poor Texans, both negroes and whites, have been "milked" of thousands of dollars for worthless "life insurance." The bill underwent two days of bitter debate in the House, but finally went over 123 to 3.

OIL PRORATION ROW RAGES

Who wrote the proration order that drastically shut down production in West and South Texas, hiked East Texas allowable, and abolished Sunday shutdowns? This question was being asked in Austin this week-end, in the wake of the bitter row which broke after the order, signed by Railroad Commissioners Lon Smith and Jerry Sadler, brought hundreds of protesting oilmen, bankers and businessmen to Austin to protest. The order was not written in the capitol, but in a downtown hotel, and was brought to the Railroad Commission signed and issued, without Commissioner Ernest Thompson, admittedly the best-posted man on proration in Texas, ever having seen or signed it. Later, Sadler and Smith, weakening under the terrific storm of protest, issued supplemental orders restoring about two-thirds of the cuts in the original order, but they did not satisfy Oilman Jim Abercrombie of Houston, who obtained a temporary injunction from Houston Federal Court, restraining enforcement of the order in certain South

Texas fields. Abercrombie's lawyers contended there was not a scintilla of evidence in the record at the last proration hearing to support the order.

LAWYERS WILL GOVERN SELVES

Climaxing a six-year fight, the Legislature finally passed a self-governing bar bill, under which attorneys of Texas will govern themselves. The bill permits the Supreme Court to formulate rules of practice, charges a \$4 annual fee to each attorney, provides a method for initiative of rule changes by 10 per cent of the bar and provides no lawyer may be disbarred without a court trial in his home county. The attorneys contend the law will raise the standards, and permit elimination of crooks and shysters. The bill has gone to Gov. O'Daniel for signature.

SEAT GOES SILLY

A new high in silly legislation was reached when the dignified Senate, virtually without debate, passed a legal monstrosity sponsored by Franklin Spears, of San Antonio, by a popular vote—among the barbers. Amendments pegged the price of a haircut at 40 cents. Every lawyer in the Senate, except Spears, questioned the constitutionality of the bill, but the barbers vote and talk to lots of voting customers, and they brought a strong lobby to Austin when the bill was in committee. The first court test is expected to knock the price-fixing haircut law for a loop on constitutional grounds.

DRIVE ON LOAN SHARKS

A big boost for the pending bill to regulate loan sharks came when County Attorney Paul Holt, of Austin, joined by Attorney General Jerry Mann, obtained an injunction under the nuisance statute against 19 loan brokers, which practically tied them in a legal knot. Mann announced the drive would be taken into other large cities, where the loan brokers charging exorbitant interest rates, have been doing a thriving business. The pending law permits legitimate loan companies to charge service fees in excess of the present legal 10 per cent interest rate but prevents exorbitant charges on small loans.

CLARENDON METHODIST CIRCUIT

J. G. Walker, Pastor

Had a good day at McKnight Sunday. Pastor preached in the morning. Had good attendance and very fine interest. Brother Biggs was with us in the evening and brought a very fine message. Signs of deep thinking on part of many. Our revival services through the week had many drawbacks. The wind blew, clouds threatened, the rain came and the snow fell. The pastor was sick and unable to attend from Tuesday evening until Sunday morning. The attendance was below what it should have been; but only one evening service was wholly vacated and on account of rain. Brother Biggs made a good impression on the people and his messages were enjoyed by all hearing him. Think we can safely say that if he had half a chance he would hold a mighty good revival. Pray thanks to him for his service. Don't forget the district conference at Wheeler, the 18th inst. We want Clarendon Circuit to have the largest delegation of all and be able to get a full share of inspiration and return to Clarendon Circuit with new zeal and determination for the prosecution of the work. We have much to do and very short time to do it all in. Next Sunday in the afternoon all the stewards are called to Memphis to hear Brother Nichols, our conference lay leader. I am sure you need just what he will say. Let's all hear him.

Next Sunday we go to Goldston. Glad indeed for the opportunity of going back to Goldston. One whole month is too long for a pastor who loves his people to be absent from them. No one who loves the pastor, church and the Lord will absent himself from services except for good honest reasons. We beg that you take on new life and recoverment with the Lord to be more faithful. Not many have been to the good work done on parsonage. Yet, maybe you think it's a joke. Come and see.

Mesdames Rufus Layton and T. J. Jefferies of Childress were guests of Mrs. J. D. Jefferies Easter.

Miss Lotta Bourland of Fort Worth spent Easter with relatives here.

LOCAL BUYERS PAY \$156,156 HIDDEN TAXES

Families of Clarendon and vicinity pay \$156,156 in hidden taxes on their retail purchases alone, a survey by the National Consumers Tax Commission shows.

This burden, the report stated, is paid as a concealed part of the price of food, clothing, fuel, medicine and other daily purchases. The commission is a non-political organization of women combatting through local study groups "unnecessary taxes that penalize consumers by increasing the cost of living." Groups are active in more than 400 communities in the Texas drive, led by Mrs. Kenneth C. Frazier, of Dallas, NCTC president, and Mrs. Volney W. Taylor of Brownsville, national committee member.

Hidden taxes, increasing the cost of even the necessities of life, produce 63 per cent of all tax revenues.

The analysis, directed from the NCTC headquarters in Chicago, was based on total retail sales in Clarendon of \$1,001,000 as reported by the U. S. Bureau of the Census.

AGENT HOPES TO START BLOODED JERSEY STRAIN

In an effort to establish a high blood strain of milk cows in Donley county, approximately 20 registered Jersey heifers will be purchased for 4-H Club boys, County Agent H. M. Breedlove announced.

Breedlove said he would attend the dairy show at Plainview, April 18, for the purpose of buying the animals. The heifers desired will be bred cows that will bring calves soon, the agent stated.

SHRUBS PLANTED AT COURT HOUSE

Beautifying the Donley Court House lawn, twenty-two shrubs have been recently planted.

Planted were three Japonicas, five Pfitzer Junipers, four Uandians, four Arizona Cypress and six Aborviteas.

AAA To Release Frozen Acres

ACCUMULATED ACREAGE TO BE DISTRIBUTED BY COUNTY COMMITTEE

The state AAA office at College Station has announced new "frozen cotton" regulations for 1939 enabling the county to redistribute unused cotton acreage allotments to farms in line for increases.

Last year the unused allotments which were released by individual farms had to go into a state reserve to correct errors in original allocations. A similar reserve is provided for under the new set up, according to Mr. L. A. Hudson, secretary Donley county A. C. A. The new regulations, permitted under a recent amendment to the national farm act, provided that where a county's unused acreage accumulation adds up to 100 acres or less, all of it may be redistributed within the county is more than 100 acres, a certain percentage must go to the state office to be used in correcting mistakes.

The state committee set April 15 as the last date on which forms signifying release of all or part of 1939 cotton allotments may be filed in the county office.

Hudson explained that the deadline is necessary to make possible reapportionment of the released frozen acreage before it is too late to plant.

He explained further that the release of 1939 allotments may or may not be an advantage, depending on the type and history of the farm concerned. In some cases, he pointed out, an operator might penalize himself by releasing any of his cotton allotment or "parity" payments are figured on the basis of the total cotton allotment, regardless of the acreage planted to cotton in 1939.

"For example," he said take a farm with 250 acres of cropland a 1939 cotton acreage allotment of 100 acres and a general allotment of 80 acres. That would give it a total soil-completing allotment of 180 acres. Suppose that it has produced cotton in 1938, that its 1939 normal yield was 100 pounds of lint to the acre, and that its adjusted rate of payment on general crops was 90 cents an acre.

"Now suppose that the operator of this farm decided he would plant only 50 acres of cotton in 1939. How would his payments run if he (1) did not and (2) did release any of his cotton allotment?"

"1. If he kept his full allotment?"

"The cotton conservation payment would be 2 cents times 62 acres (125 per cent of what he planted) times 100 pounds—\$124.

"The cotton price adjustment would be 1.6 cents times 100 acres (this is paid on the full allotment) times 100 pounds—\$159.

"The payment on general crops would be 90 cents times 118 acres (total soil-depleting allotment minus the acreage used in computing the cotton conservation payment)—\$106.20.

"Not taking into account payments for soil-building practices, that would give him a total payment of \$386.20.

"2. If he released some of his allotment:"

"He would be allowed to release not more than the difference between his cotton allotment and 125 per cent of his 1939 planted acreage, because if he released any more than that he would be penalizing himself. Therefore this operator whose allotment is 100 acres and who intends to plant only 50, would be allowed to release as much as 38 acres. That would leave him with a reserve cotton allotment of 62 acres, and the other 38 acres would be added to his allotment for general crops.

"In this case, the cotton conservation payment would be the same—\$124.

"The payment on general crops would be the same—\$106.20.

"But his cotton price adjustment would be 1.6 cents times 62 acres (the reserved cotton allotment) times 100 pounds—\$99.20.

"And he would get a total payment of only \$329.40, as against \$386.20 in case he kept all his cotton allotment.

"However, if this same farm had had no planted acreage of cotton in 1938, and the operator did not intend to plant any in 1939, nothing would be gained so far as payments are concerned, by holding onto the cotton allotment," Mr Hudson said.

"In this case, the farm would

not be entitled to any cotton adjustment payment anyhow, since this payment is made only to farms on which cotton was planted either in 1938 or 1939. It would get no conservation payment on cotton, if no cotton was planted on it in 1939. And the payment on general crops would be the same, whether the operator kept the cotton allotment or let it go.

"Attention of farmers is being called also to the fact that a bill now being considered in Congress would amend the act for 1939 in

such a manner as to do away with the so-called 80 per cent ruling used in figuring conservation payments on cotton and other crops for which special allotments are set up. This bill has already passed the Senate and was being considered by the House Committee on Agriculture on March 15, according to a letter from I. W. Duggan, director of the Southern Division of the AAA.

"Such an amendment obviously would cancel the effect of the present regulations permitting the release and redistribution of

frozen cotton acreage, since it would provide for both conservation and price adjustment payments to be figured on the total 1939 cotton acreage allotment, regardless of the acreage planted."

Mr. and Mrs. W. M. Patman and children, Ardis, Allen, Billy and Ruth, spent Easter in Abilene as guests of Mr. and Mrs. Philip Engle.

Mr. and Mrs. Claude Moore of Corsicana spent the week-end with her father, C. D. Murphy.

Who knows most about Building cars?

Ford has built more than one-third of all the automobiles ever built in the world

Look at these FORD FEATURES

- **STYLE LEADERSHIP**—The luxury car in the low-price field.
- **V-TYPE 8-CYLINDER ENGINE**—Eight cylinders give smoothness. Small cylinders give economy.
- **HYDRAULIC BRAKES**—Easy-acting—quick, straight stops.
- **TRIPLE-CUSHIONED COMFORT**—New flexible roll-edge seat cushions, soft transverse springs, double-acting hydraulic shock absorbers.
- **STABILIZED CHASSIS**—No front-end bobbing or dipping. Level starts, level stops, level ride.
- **SCIENTIFIC SOUNDPROOFING**—Noises hushed for quiet ride.
- **LOW PRICES**—Advertised prices include many items of desirable equipment.

THERE are more Ford cars in use today than any other make. And there are more Ford V-8s than any other 8-cylinder car.

The 1939 Ford V-8 represents the broadest experience in building cars any manufacturer ever had. You will find values in it far beyond what any other maker can put into a car at the low Ford price.

Ford performance, traditional for a generation, has reached new heights in the 1939 V-8.

And now Ford style leadership is equally outstanding. "The smartest cars on the road" is the way owners describe their new Fords. Smartest in action. Smartest in appearance. Leaders, as they deserve to be.

Before her acceptance as Donley county home management supervisor Miss Howard was employed in the Tull schools.

LOCAL SPORTSMEN NOT IN FAVOR OF CHANGING FISHING SEASONS

The majority of Panhandle sportsmen are, or should be, against the current house bill which would prevent Panhandle fishing dates to March and April, is the opinion of H. T. Burton, local nimrod authority.

The bill would repeal the present closed season on all fishing during the months of April and May in this section. Should this measure become law the general closed season on taking of bass and crappie would prevail in March and April.

According to Burton, many fish in the Panhandle do not begin to spawn until May.

SOCIETY

EUGENIA NOLAND IS BRIDE OF ROBERT W. BOSTON

Miss Eugenia Gayle Noland, attractive daughter of Mr. and Mrs. Eugene H. Noland, became the bride of Robert William Boston in an impressive ring ceremony Sunday morning at 9 o'clock with only a few relatives and close friends attending.

The nuptial vows were spoken at the home of the bride's parents with Dr. G. S. Hardy, Methodist minister, officiating. Dr. Hardy also performed the ceremony uniting the bride's parents 35 years ago.

Easter lilies, sweet peas and ferns in tall vases and tall white tapers burning in candelabras, furnished the background for the ceremony.

Before the nuptials were read, Miss Vera Noland, sister of the bride, lighted the candles. Then the bride and groom entered to the strains of the "Bridal Chorus From Lohengrin," which was played by Mrs. Lloyd Benson, lifelong friend of the bride. "I Love You Truly" was played softly as the vows were spoken.

The bride wore a becoming dress of navy triple sheer crepe with navy and chartreuse acces-

sories. Her corsage was of gardenias.

Immediately following the ceremony, the couple left for Roswell, N. M., to spend several days.

The bride is a graduate of Clarendon High School, where she was popular among her classmates, being pep squad leader for three years and prominent in social activities. She attended Clarendon Junior College, and for the past year has been employed in the county agent's office here.

Bob Boston, son of Mr. and Mrs. U. J. Boston of Clarendon, is also a graduate of Clarendon High School and of New Mexico Military Institute at Roswell. He will receive his B. B. A. degree from the University of Arkansas in June, where he has been attending school for the past two years and is a member of Sigma Alpha Epsilon fraternity.

Mrs. Lena Antrobus and Mrs. Edythe Maher went to Oklahoma City Saturday to visit relatives, Oscar Castleberry and Marilyn Maher accompanied them.

Miss Hazel Gilbert of Pampa and John Plaster of Mobeetie spent Easter in the home of Mr. and Mrs. Clyde Gilbert.

BETTY LEWIS WEDS THOMAS SLICK SATURDAY

A wedding of interest to Clarendon people was that of Miss Betty Lewis, daughter of Mr. and Mrs. W. J. Lewis of Clarendon and Dallas, and Mr. Thomas Baker Slick, Oklahoma City, son of Mrs. Charles F. Urschel, which took place Saturday at 12:30 p. m. at the home of the bride's parents in Dallas.

The ceremony was performed before an altar representing a corner of a formal garden. Dr. Umphrey Lee, president of S. M. U. officiated. The bride, who was given in marriage by her father, wore an ivory satin gown in regency model. She carried a handmade lace handkerchief belonging to her mother and a bouquet of white orchids. The maid of honor was her sister, Anne Lewis, who wore a chartreuse frock and carried yellow jonquils and red tulips. Miss Joan Lewis, younger sister of the bride, and Miss Betty Slick, sister of the groom were bridesmaids. They wore frocks similar to that of the maid of honor. Earl Slick, Oklahoma City, attended his brother as best man, and the groomsmen were Charles Urschel, Jr., and William J. Lewis, Jr. A quartet of male voices furnished the wedding music.

Mr. and Mrs. Slick left Saturday afternoon by plane for Phoenix, Ariz., from where they will motor to Palm Springs and Los Angeles. They will sail Friday for Hawaii, returning May 6. After July 1, they will be at home in Oklahoma City. The bride's going away costume was a cashmere suit with a gray skirt and pink and gray checked coat with which she wore navy accessories.

Mrs. Slick went to Mrs. Taylor's Primary School and Hockaday in Dallas and last June she was graduated from Vassar. She was one of the most popular debutantes in Dallas this season. The bridegroom went to Exeter and received his degree from Yale in 1938. He is a Phi Beta Kappa.

Several friends and relatives from Clarendon attended the wedding. They were Mrs. B. W. Chamberlain, Mr. and Mrs. Fred Chamberlain, Mr. and Mrs. Walter B. Knorpp, Mrs. Marguerite Goodner.

SENIOR BEAUX ARTS CLUB MEETS

The Senior Beaux Arts Club met Friday with Mesdames Frank White and Millard Word as hostesses in the home of Mrs. White. The lesson studies on photography were continued. Mrs. T. H. Ellis gave a paper on the work of George Eastman and the contributions he has made to the development of the camera. Mrs. C. C. Powell discussed the topics "Television" and "History of the Movies."

After a business session, refreshments were served.

TWO SPEAKERS ON JR. ART CLUB PROGRAM

Two guest speakers appeared on the program at the meeting of the Junior Peaux Arts Club Thursday afternoon. Judge J. R. Porter spoke on "Safety," especially in regard to driving in Clarendon. His talk was interesting and instructive. Mrs. U. J. Boston gave an entertaining book review of a recent best-seller, "The Citadel." During a business session, the forthcoming reception of the club was planned. The hostesses, Evelyn Hutto, Velma Alexander and Wanda Nell Smith, served ice cream and cake carrying out the Easter motif to two guests, Mesdames Frank White, Jr., and Rufus White and the following members: Marian McCormack, Madelyn Taylor, Maxine Ellis, Lucille Polk, Myrtle Hall, Frances and Rosalie Grady. Refreshments were served.

CAMPFIRE TROOP MEETS WITH GUARDIAN

The Netapew Campfire Troop met Tuesday afternoon at the home of the guardian, Miss Jean Bourland. The social for the month was planned. A theater party to attend "Tom Sawyer" Friday night was decided upon. The president appointed a welfare committee. The next meeting of the club will be with Nelda Sue Burton. Lovely refreshments were served.

TYPISTS CONTINUE VICTORY MARCH AT CLAUDE, APRIL 12

Frances Hott and June McMurtry, local speed demons, set a sizzling pace here yesterday of 148.4 and 146.4 respectively to lead the local sextet to a double victory over teams from Claude and Lakeview.

Inspired by the fact that technicalities had been cleared for entrance in the district meet at Pampa, the local sextet, composed of Glenna Deal, Rebecca Eanes, Billy Lou Gilbert, Frances Hott, June McMurtry and Billy Patman, battled for a berth on the team of three locals to make the Pampa trip.

Results were as follows: First contest—McMurtry, Clarendon, 146.4; Doak, Claude, 143.1; Gilbert, Clarendon, 135.3; Hott, Clarendon, 134.7.

Second contest—Hott, Clarendon, 148.4; Gilbert, Clarendon, 137.9; Doak, Claude, 134.4; Orrell, Lakview, 130.9.

CLUB ENTERTAINED BY MRS MEADERS

Mrs. J. A. Meaders and daughter, Miss Katie entertained the Friendship Club Tuesday afternoon at their home. The Bible study and fancy work and conversation occupied a pleasant afternoon. The hostesses gave the guests canna and flowering anemone plants before they left.

Those present were Mesdames C. R. Skinner, Aileen Skinner, Glenn Williams, J. E. Mongole, H. Tyree, J. D. Stockings, G. C. Teel, Miss Mabel Mongole.

EVELYN RUSH GIVES PARTY FRIDAY NIGHT

Miss Evelyn Rush entertained a group of friends with a delightful party at the home of Mr. and Mrs. Nathan Cox Friday night. Various table games and contests were enjoyed until a late hour. Refreshments of ice cream and cookies were served to Misses Marian McCormack, Madelyn Taylor, Edith Shelton, Betty Jane Smith, Maxine Ellis, Jeanne and attend "Tom Sawyer" Friday night Ruth McDonald and Messrs. CONTRACT CLUB GUEST OF MRS. HARTER

The Contract Club met with Mrs. H. F. Harter Tuesday afternoon. In the games of bridge enjoyed during the afternoon, Mrs. Forest Taylor won high score.

Guests were Mesdames Horace Westmoreland, Walter Knorpp, Edythe Maher. Members present were Mesdames M. P. Gentry, John Knorpp, Sam Dyer, Ruth Kennedy Gentry, Ira Merchant, Carroll Knorpp, Sam Dyer, Ruth Kennedy and Miss Charlotte Molesworth.

MOTHERS' CLUB HEARS MRS. C. A. BURTON

Mrs. C. A. Burton was guest of the Mothers' Club Tuesday afternoon at their regular meeting at the clubrooms. She gave a most interesting discussion of "Children's Books in the Library." She asked the mothers to encourage their children to read more and pointed out the value of wide reading.

The hostesses served strawberry short cake.

MRS. A. A. MAYES HOSTESS TO 1912 NEEDLE CLUB

Mrs. A. A. Mayes delightfully entertained the 1912 Needle Club Thursday afternoon at her home. Spring flowers made the house attractive. Needlework pleasantly occupied the afternoon.

Dainty refreshments were served to two guests, Mesdames W. T. Clifford and Lena Antrobus and members, Mesdames J. T. Patman, J. W. Evans, A. L. Chase, J. T. Sims, Ed Dishman.

GUIDA MYRTLE MILLER PRESENTED IN RECITAL

Mrs. Virginia Bryan presented Guida Myrtle Miller in a highly entertaining piano recital at the clubrooms Tuesday night. Little Miss Miller was assisted by Jimmie Dean Howze and Jimmy Frank Heath.

Over 60 guests enjoyed the musicale. Miss Miller is the talented daughter of Mr. and Mrs. J. H. Miller.

EDITORIAL

Evidence that this week begins the final round-up of the students of CHS is in the air. Everything throughout the building bears witness to this fact. Students are being reminded by the teachers of book report to be made before the last few weeks. The deadline for memory passages in English has been reached. The seniors are working hard and long on their math problems, typing lessons, and other outside work. Most of them are looking hopefully toward the goal post. A few who started the race have fallen out. Some went sorrowfully regretting that they must give up their career in CHS.

As we look back over the past year, we feel we have achieved. We have not been winners in all activities, but those who were winners had first to triumph over us. For the remainder of the term the seniors will be busy with their special activities as well as their school work. The class play is well under way. The date when it is to be presented will be announced later. Everyone is looking forward to the college and senior picnic. The weather is getting ideal for garden parties and the seniors are hoping for a number of them. The dates with the photographer are being filled this week and the invitations which have been ordered should be here soon.

UNBELIEVEABLE BUT TRUE

Seen: Pat Slavin not talking about girls.
Red Risley, or should I say Rosy, not trucking.
Heard: Doc Adamson saying, "Girls, please leave me alone. I have got to study."
Ray Palmer saying he believed he would stay at home for a change.
Hazel Bingham saying: "He didn't phone me all day."
Commander Grady says that the golf game was rather interesting Sunday night. Anyway in the end he said he won.
Who was the girl that Carl Morris was driving around with Saturday?

SENIOR CLASS PLAY

"Life Begins At Sixteen" is the title of the play to be presented by the Senior Class. It was written by Miss Manning who is hailed by critics as having a deep understanding of youth. The rollicking comedy presents a group of young people each with a problem that must be solved. The cast was selected after tryouts Monday by Mrs. John Knorpp, who is directing the play. Those who have accepted parts in the play are Odell Davis, Wilda Faye Gibbs, Dorothy DeHart, Billy Patman, Rebecca Eanes, LaVerne Goodman, Allen Anderson, Raymond Hay, Billie Horton, Joe Williams, Ruth McDonald, Eugene Putman, Rue Zell Ryan, Francis Hott and Lella Ruth Buchanan. Johnnie Leathers, Neel Thompson, Glenna Deal, Helen Peden, Billie Lou Gilbert and Margaret Hill are extras.

Neel Thompson, president of the class, was appointed business manager. He in turn appointed an advertising committee consisting of June McMartry, Billy Latsion, Lois Marie Taylor and Billie Horton, with Billy Latsion chairman of the committee. Besides this duty, Billy was also appointed stage manager.

The advertising committee is offering two free passes to the play to the person who presents the best poster advertising the play. This is open to students, and is an excellent opportunity for some college art student. Margaret Hill and Glenna Deal are the prompters and Fred Chamberlain house manager. Practice began on the play Wednesday morning. It is a play that the cast will enjoy working on, and one that will be thoroughly enjoyed by the public.

SOPHOMORES TO PRESENT CHAPEL PROGRAM

Friday afternoon beginning at 1 o'clock the doors of the college building will be opened to all parents and visitors who should like to be entertained by a chapel program presented by the High school sophomores. Each class has prepared something worth seeing. Perhaps the most interesting of the exhibits in the main building will be the library, the work of the art classes, and Mr. Stewart's science exhibit.

In the other building the Museum will also be open for visitors. The agriculture boys have planned quite a large exhibit and the home economics classes are going to have a style show at which the girls will wear the dresses made this semester. Open house will be held in the home economics department and tea will be served to those attending.

HOW TO MAKE A'S

Helen Peden
Listen, dear sophies, and you shall hear
How to make A's in your senior year.

On your own foundation you must rely
To find another way, you need not try.

All comma blunders avoid each day
Dear Mrs. Goodner will show you the way
Sentence construction you, too, will find
Day after day you must keep in mind.

If to class there's a theme you must bring,
Just when you'd much rather eat or sing,
Don't think of the one Jane wrote last fall,
There's not virtue in that way at all.

Just sit right down and without a doubt
Write of the things which you know about.
Write of the flowers, the birds, the trees
And other interesting things as these.

History and science are the stuff
Math and Home Ec. are no bluff
Love for these subjects you must have in time,
Love for the coed you must make a sideline.

When in the library, sit and read,
To winks and love glances, take no heed.
Read of the Persian wars and Jews,
Of Hitler, Mussolini and the general news.

If paper wads come flying by,
Don't give them a thought or an eye,
If live notes you receive galore
Inform them your postoffice box is number four.

If to all this you will take heed,
It will prove a help in time of need.
Then your success you need not fear
And A's you will have in your senior year.

VOLLEY BALL

The volley ball girls are going to end the season with some overwhelming victories. That is, they hope to do it. Memphis is to be the next victim. No date has been set as yet for the game. It has been quite a victorious season for the local girls and they have received loyal support from the student body.

FLASHES FROM THE HOME ECONOMICS DEPARTMENT

If you have noticed recently, you will find that there is hardly a period that passes that you will not see a large number of girls going to home economics. And for fear you don't know what they are doing so much, just come over to the department Friday afternoon from 1 to 4 o'clock and see their display. You will see the many

ambition is to be a home economics teacher. She has an outstanding record in this subject. She is president of the Clarendon chapter of the Future Homemakers Club and has represented Clarendon at the Area Home Economics meet held at Canyon and Pampa. Her favorite song is "You're a Sweet Little Headache." She dislikes being called "Pee Wee." Jessie J. has a sweet disposition and is liked by everyone.

J. R. Simmons, the son of Mr. and Mrs. N. R. Simmons, has dark brown hair and eyes. He is better known as "Jack." He dislikes short skirts on young women, and his pet peeve is Rachel Logan. A great deal of Jack's time is spent in reading and going to the picture shows. "Gee Willikens" is his favorite expression. Jack's song list is topped by "Hold Tight." He is planning to be a pilot.

Margaret Hill is 16 years old, weighs 106 pounds, and is 5 feet 6 inches tall. She has dark brown hair and sparkling blue eyes. Margaret wants to be a stenographer for a famous doctor or musician. She dislikes to be told that she is spoiled and conceited. Margaret enjoys seeing football, but she had lots rather dance. Her favorite song is "I Get Along Without You Very Well." Margaret is one of the best dancers in C. H. S.

BRONCHO TYPISTS SCORE OVERWHELMING VICTORIES

Two crack Clarendon High School typing teams have been setting a blistering pace the past week to romp decisively over all opposition.

Following their Memphis victory an augmented Clarendon posed of Glenna Deal, Rebecca High School typing team comembers, Billy Lou Gilbert, Frances Hott, and Billy Patman, accompanied by W. C. Larimer and Claude by storm Thursday afternoon and crashed through to a smashing victory over a stellar quintet from the Claude High School.

Led by Billy Lou Gilbert and Frances Hott, who set a terrific pace of 136.0 and 124.1, respectively, and Billy Patman just one-tenth of a point behind third place, the Clarendon team amassed a total score of 578.7, against a total score of 544.7 for the opponents. In the aftermath, Kay Doak, flashy Claude typist, came back with a 131.0 to nose out a victory over a quartet of Clarendon who took the next four places. Final tabulations revealed a team average of 13.7 for Clarendon and 87.6 for the Claude typists.

It is hoped that technicalities may be cleared so that a trio from the Clarendon High School may yet represent this county in the district meet to be held at Pampa.

SENIORS, TAKE HEED

Rebecca Eanes
Hear ye, seniors, one and all.
Hark to the play-director's call:
Pep up your acting, post your bills,
Show your iron plated wills.
Be ye faithful to the cause,
Win the critics' loud applause,
Sell your tickets, bring the crowd,
Of this play that we are giving;
Wake up and live—and keep on living.

Hail ye, class of thirty-nine,
Keep up the tradition fine
Of leaving something to your school
When you enter life's whirlpool.
For our dear old Alma Mater—
Where we came with pen and blotter,
Here to work and strive and la-

dresses that the girls have worked so hard on this year and also many of the home projects. There are many parents and patrons that have not seen the department at all. To them's extended a most cordial invitation to visit the department Friday afternoon. The home economics department is also looking forward to serving the Lions' banquet, ladies night, April 18. The home economics girls have served the Lions several times and always look forward to doing so.

JUST JUNIORS

Dear me, do we have a new romance brewing? Are Donna Adams and Cleo Russell really that way about each other? At least they were seen delivering milk together the other day. Dorothy Jean seems to be doing pretty well, or is she? She had her choice of a date with Gene Butler, Pat Slavin or Ray Palmer. My what a collection. I heard someone say that she had just as soon have Ferdinand. I think a few of the girls got all the sliding that they wanted Thursday morning from all the mud that Booger and Lois Marie had on them.

Why don't some of these industrious juniors get enthusiastic and give a dance?

Was Mary Lee really serious when she was telling Jack Simmons that he didn't have any right or cause to get her car keys, and that it was gonna cost him a dollar.

BAND

The Clarendon High School Band attended the District Band contest at Plainview Friday. The band won a second and third division rating, a second division rating in marching and a third division in concert playing. The winners of the first division ratings in the concert were Spearman, Tulia and Panhandle. The first division winners in marching was Spearman.

Everyone is said to have had an enjoyable time and on their return was promised a week of rest and an evening at the show as guests of the director, Ray Robbins.

Ernest Eudy, high school sophomore, received much praise for directing the march that won second division rating in the contest.

MEET A SENIOR

"Red," otherwise known as Raymond Hay, is 17 years old, 5 feet 8 1-2 inches tall and weighs 140 pounds. He has bright red hair and gray eyes. Raymond dislikes anyone from Memphis, especially smart-aleck boys. His pastime is seeking a good picture show and hunting is his favorite sport. His favorite song is "Star Dust." English and band are his favorite subjects. Raymond's ambition is to be a first-class projectionist. Raymond is the son of Mr. and Mrs. Robert Hay.

Jessie J. Tomlinson, the smallest girl of the Senior Class, is 18 years old, weighs 89 pounds, and is 4 feet 10 1-2 inches tall. Her

LISTENING IN ON ASSEMBLY

Mr. McKee was then called upon for a farewell address as he is leaving soon. In the ten years he has been in this community he has never failed to talk to the students when he has been asked unless it was impossible for him to be there.

Mr. McKee's address was short but very interesting. In it he said there were only two important things in the world: God and man. He stressed the importance of improving our relations to both.

Who Looks Ahead Doesn't Get Behind

By T. C. RICHARDSON, Secretary
Texas Breeder-Feeder Association

There is still plenty of time to plant silage crops and summer pastures, and if for any reason they are not planted at the earliest practicable date, a place for them should be reserved anyway. There are, however, several points in favor of early planting for silage crops which do not apply to late-planted silage.

First, the planting can be done just before or just after cotton planting, when the time can best be spared. If the sorghums are planted for silage it is usually better to follow cotton planting, as they grow off better after the soil is well warmed up. The same holds true during the early cultivating season, and silage crops can usually be laid by in time to devote all the attention to cotton in the latter part of the cultivating season.

Second, early silage will be ready to harvest before the "summer drouth" that so often burns later crops in some sections of the Southwest.

Third, early silage is off the ground in time to plant a crop of cowpeas to be grazed or turned under in the fall. If there is not enough moisture to plant peas the silage is out of the way for summer plowing to get the land ready for fall grain, alfalfa, or sweet clover. This cannot usually be done if the corn or sorghum is left to mature in the field for the grain crop.

Fourth, the sorghums will stool out and make a second-growth crop in the warmer part of the Southwest, if summer moisture is available. If the second growth is not needed for feed, or is too short to be worth harvesting, it

is well worth turning under "for the land's sake" and the next year's crop.

Fifth, early silage can be disposed of before cotton picking time and before dry corn and sorghum grains are ready for harvest, and which conflict to some extent with the cotton picking season. Either extra help must be employed to gather the grain crop at its best or it must take the weather damage until cotton ginning is over.

A French proverb says "he who looks not before, finds himself behind," and I don't know any farm operation in which "looking before" counts in more ways than in getting the silage crop under way at the earliest favorable season. It distributes the labor to better advantage, it makes a way for a fall-sown crop of clover or grain, and it avoids the danger of early frost to which late crops may fall a victim.

If there are those who still question the value of practicability of the trench silo, I only have to quote the slogan of a well-known automobile—"Ask the man who owns one." Almost invariably one year's experience means two silos or more the next year. A great many farmers and ranchmen now store extra feed in the good years and keep a reserve for the poor crop years. Properly ensiled—and that is simple—the feed will keep in perfect condition for an indefinite period. I have seen perfect silage uncovered after nine years in the ground.

Texas now has 262 miles of trench silos and other Southwest-ern states are rapidly extending their use. Like the "fifty million Frenchmen," that many farmers "can't be wrong." The size can fit the farm—that is the number of animals to be fed. A cow can use a six-inch cut of four square feet daily, and a trench two feet deep and two feet wide will feed her two days for every foot of length. A six by four foot trench will feed six head, and so on. An acre of silage or a hundred acres, the trench silo saves the feed in its most palatable and nutritious form.

Stock Shipments to Ft. Worth Up 33.6 Per Cent

AUSTIN.—Livestock shipments to Fort Worth stockyards and interstate points during February jumped to 4,298 cars an increase of 33.6 per cent over February of last year, the University of Texas Bureau of Business Research reported. The increase was due largely to increased shipments to feeding areas in Kansas, Nebraska, Oklahoma, Iowa and Illinois, bureau statisticians said.

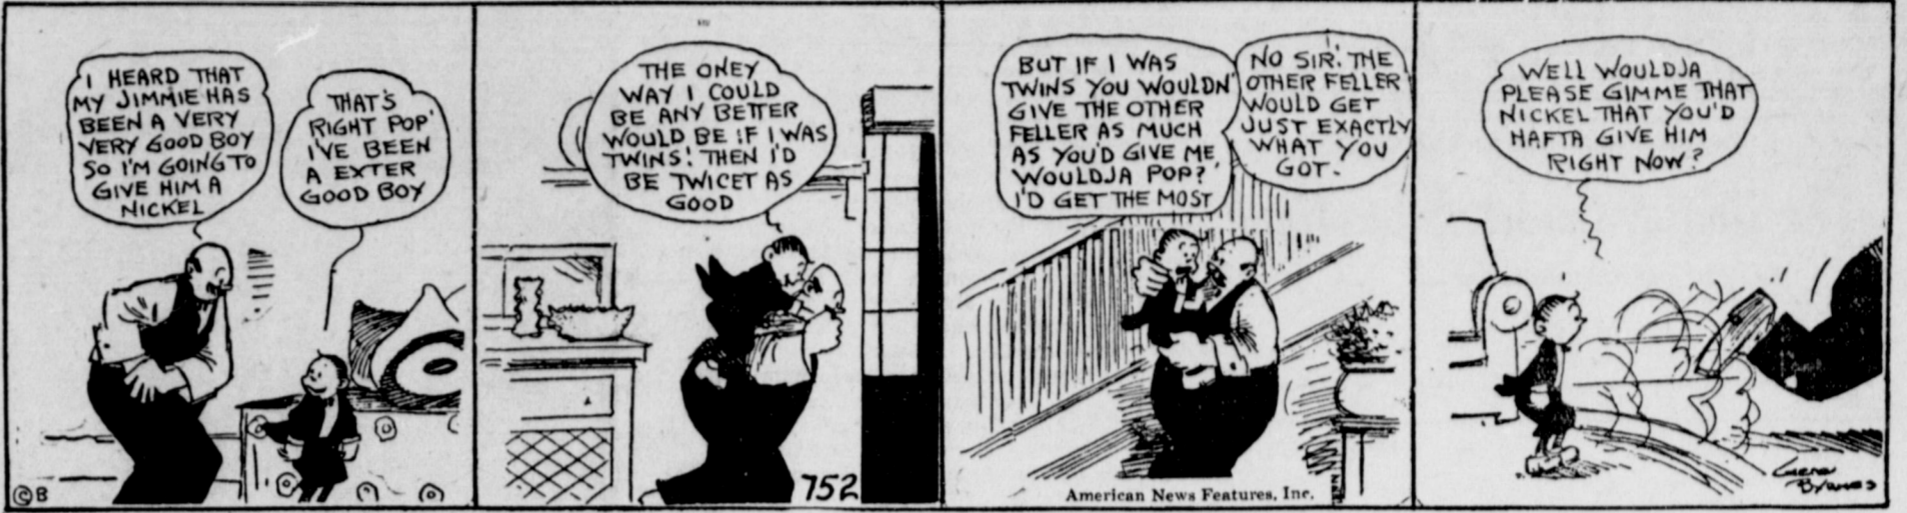

Cattle shipments totaled 2,681 cars, up 39.4 per cent over last year; calves, 597 cars, gained 28.4 per cent; hogs, 689 cars, increased 27.1 per cent, and sheep, 331 cars, gained 16.1 per cent.

LIBRARY NOTES

(By Mrs. C. A. Burton)

A few more new books for our readers: "Abe Lincoln in Illinois," by Robert E. Herwood, is being very popular just now. A play, which has had an almost spectacular run; "Out of the Ground," by Norma Patterson and Crato Dalton, another rather thrilling story of the East Texas oil fields; "Anthology of World Famous Authors," by Burton Rascoe; "The Boy Life of Napoleon," by Madame Foa; "Swallowdale," by Arthur Ransome; "Cape Cod Yesterday," by Joseph C. Lincoln; "Modern Marriage," by Rob Eden; "Skyways," by C. G. Hall; "Prester John," by John Buchan; "Marie Antoinette," by Stefan Zweig; "Gerry Grayson's Double Signals," by E. A. Dawson; "Search the Scriptures," by Elizabeth Bacon, a rollicking story which entirely belies its name, given us by the Book Club; "Grandma Called It Carnal," by Bertha Damon, and a splendid story in the Little Indian Series, "Red Feather," given us by our boy friend, Tommie Goodner, who reads about four books a week from our shelves. I think I have forgotten to tell you that we also have "Rebecca," by Daphne Dunaury, the granddaughter of the Dumaurier of "Tribby" fame two or three generations ago. "Rebecca" is so different a story that one does not wonder after reading it that it has been a leading best seller from publication.

"Grandma Called It Carnal" introduces us to a new character, Grandma Griswold, whom we shall not easily forget. She fought the twentieth century and all it stands for—Ruskin and Thoreau were her greatest friends and all things modern were her greatest enemies. Grandma didn't believe in sartorial fripperies for young girls—she called them carnal. She didn't believe you should pamper yourself with hot and cold running water nor with many hot "cooked meals." She called them carnal. It is a story that you will feel that you simply must read aloud to somebody. It is a remarkable character study.

The author, Bertha Damon, was born in the little Connecticut town in the story and was brought up by Grandma Griswold. She traces back her stock to no less than seven passengers on the Mayflower. But though born in New England, she has spent about half of her life in California where she has earned her living in various ways, one of which has been the building and remodeling of houses. Though she has had no training as an architect. She has many hobbies—gardening, Swedish and colonial weaving—she has four looms and three old-fashioned spinning wheels and climbing the high Sierras, collecting cook books and bringing up a miniature Italian donkey which she calls Assisi in honor of St. Francis, and Cocker puppies and little pigs.

The author of "Abe Lincoln in Illinois," Robert E. Herwood, won the Pulitzer prize with his "Idiot's Delight," which has been filmed. These two plays added to his other successes have established him as one of America's front-rank playwrights. This play was presented in New York by the Playwrights' Producing Company which includes Maxwell Anderson, S. N. Behrman, Sidney Howard and Elmer Rice. Heywood Brown says, "I believe the play will become an American classic." And Richard Watts, Jr.,

another prominent critic says, "It is one of the great achievements of the American theater and the American spirit."

Stanley Vestal, whose "Revolt On the Border" was mentioned as one of our late books, is author of several books on the old Southwest. He was born near one end of the Santa Fe Trail, and has his summer home at the other. The Indians who fought with the wagon trains were well known to him as to his father, before him. Their sons and daughters now sit in his classroom at the University of Oklahoma at Norman. Mr. Vestal's next book, "The Old Santa Fe Trail," is scheduled for summer publication.

Erskine Caldwell who wrote those stirring stories of the sharecroppers a year or two ago, has turned to Czechoslovakia for his new book, "North of the Danube," which is to be published this month.

Two of our recent purchases have been the best sellers, "My Country and My People," and "The Importance of Living," by the Chinese Philosopher Lin Yutang. Now his young daughters have written a book called "Our Family," to be published this month. In an introduction to the book by Pearl Buck she says, "In the book they these little Chinese girls as a charming, simple life, an expression at its modern best of the old Chinese family which has stood for centuries as the basis of the world's most lasting civilization."

Seventy nationalities are represented by the children who visit one branch of the New York Public Library.

Texas Business Due For Normal Rise

AUSTIN.—While the nation's business has been experiencing wide swings, Texas has remained on an even keel for more than a year, Dr. F. A. Buechel, University of Texas economist, pointed out today.

A change of only a fraction of one per cent occurred in the University Bureau of Business Research index for February, he said, dropping to 94.1 from 94.3 in February of last year. In comparison with January, the composite index declined from 95.6.

"It still is expected that this year the normal seasonal rise in Family—the Roosevelts, from 1625 to 1938, written by Hall, brother to Mrs. Franklin Delano Roosevelt, is scheduled for publication this spring.

business will occur," he said. "Among the factors giving rise to this expectation of further business improvements are increasing residential construction, automobile production, railroad purchases and government spending."

MEN LOVE GIRLS WITH PEP

If you are peppy and full of fun, men will invite you to dances and parties. BUT if you are cross, listless and tired, men won't be interested. Men don't like "quiet" girls. When they go to parties they want girls along who are full of pep. So in case you need a good general system tonic, remember for 3 generations one woman has told another how to go "smiling thru" with Lydia E. Pinkham's Vegetable Compound. It helps build up more physical resistance and thus aids in giving you more pep and lessens distress from female functional disorders. You'll find Pinkham's Compound WELL WORTH TRYING!

Maybe We Can Help You 'Make Up Your Mind'

There Is a Solution to Every Electrical Problem

Your Electric Servant Offers these **FREE SERVICES**

"I wish I could make up my mind" is a common complaint. It is then that you need the seasoned experience of an expert if your problem concerns electrical usage. That is why Your Electric Servant maintains a staff of trained men and women at vantage points throughout West Texas, available to you almost at a moment's notice. Their services are FREE. They want to help you. In addition to industrial power engineers, serving cotton ginners, oil and gas producers, and similar industries, this company offers you the service of lighting advisers, air conditioning experts, and home economics specialists to assist in planning your all-electric kitchen. Either telephone, or mail the clipping below, to our nearest local manager if you need any of the free services listed here.

F. H. A. INFORMATION—In most cases you can include modern kitchen equipment in F. H. A. loans for building or reconditioning homes. Electric appliances, giving you an ALL-ELECTRIC kitchen with the cost included in the F. H. A. loan, may be purchased on this low-interest, long-term arrangement.

KITCHEN PLANNING—If building a new home or remodeling, let us help arrange the kitchen to save steps, time and labor. Complete plans in color will be drawn (free of charge) so that you may have an exact picture of your kitchen before construction begins.

ELECTRIC COOKERY—One of the home economists is located in your vicinity to help you obtain all the many benefits of the electric range. Her service is free. She gladly will visit your home and provide any information you may need, i. e., home-canning, menu-planning, operation of the range, or similar varied usages.

AIR CONDITIONING—If you plan to air condition either one room or your entire home, office or business firm, let us help make a free survey and obtain for you complete information about equipment and costs. It is particularly desirable to "plan ahead" if building or remodeling. You can save on wiring and air duct expense.

ELECTRIC REFRIGERATION—It is essential to plan for the future. The size of the refrigerator and its location should be based on your individual requirements with regard to convenience and step-saving. Our refrigeration engineers will assist you with either residential or commercial problems. Their services are free.

INVITE A FRIEND TO VISIT WEST TEXAS

Tourists annually spend approximately \$10,000,000 in West Texas. This amount might easily be doubled. Invite friends in other states to visit, or pass through, West Texas on their way to or from World's Fairs during 1939. Tell them about the wonderful climate, the fine highway and railway transportation, and the scenic beauty of West Texas. Remember: When you write 'em, invite 'em to visit West Texas, the Land of Opportunity!
