CLARENDON, DONLEY COUNTY, TEXAS, JANUARY 14, 1943

A Common Paper for Common People

## Large Crowd Hears Mark McGee Here Tuesday Night

Approximately two hundred guests and members of the Clarendon Chamber of Commerce heard Mark McGee, State OPA Director declare that rationing was necessary and that though the rationing program and its administration might have many faults that every American citizen must do his share in the war effort by accepting the rationing program. McGee, one of the most popular speakers to ever appear at the chamber's annual banquet, dealt largely with the patriotic necessity of rationing.

Lee Bell, president of the chamber of commerce, served as toastmaster, and others appearing on the program were Mayor Tom Connally, Carlie Bennett, Jean

### TOP JOB SEEN

According to reports reaching the Dallas Morning News a few days ago, Mark McGee of Fort Worth, state director of the Office of Price Administration, may become the nation's rationing administrator.

McGee, the News' informants said, would handle rationing under Prentiss Brown, Michigan senator defeated for re-election, who is viewed as Leon Henderson's successor in charge of rationing, price control and anti-inflation regulations.

McGee is a former adjutant general of Texas.

Porter, Manley Bryan, R. E. Drennan, Claude Wells of Memphis, and J. R. Gillham, County rationing boards from Castro Hall Childress, Armstrong, and Briscoe Counties attended the meeting after conferring with the rationing officials during the afternoon.

J. R. Porter and Lee Bell were re-elected to the board of directors and E. S. Ballew and C. M. Lowry were selected to serve a two year term along with Porter and Bell. New officials of the board will be chosen at the next regular meeting.

J. R. Gillham, local secretary-manager, gave a resume of the organization's activities for the year, the most outstanding of which were the sponsoring of the high school band, the high school vocational agriculture department, co-sponsoring of the food stamp program, sponsoring of free picture shows throughout the summer for patrons of local merchants, completion of the overpass and paving north on Highway 18 and additional paving south on same highway.

### MEN MUST CARRY DRAFT CLASSIFICATION CARDS

Beginning February 1, all men in the 18 to 45 age groups who are subject to registration under the Selective Service will be required to carry their classification cards (Form 57) showing that they are in communication with their local boards. Both the classification card and the registration certificate (Form 2) must be in the registrant's possession after February 1, or he will be subject to fine or imprisonment, or both.

## Pastime Theatre to Observe United Nations Week, Beginning Jan. 14th

Starting Thursday, January 14, sixteen thousand theatres in the United States will inaugurate a county-wide celebration of United Nations Week. This celebration is being sponsored by the War Activities Committee, Motion Picture Industry, Theatres Division.

Manager Lee Bell of the Pastime Theatre, acting as a unit of the War Activities Committee in the Southwest, announced that local citizens will have the opportunity to contribute towards the

## Deadlines Given In Rationing Program

Reminder of several important deadlines in the rationing program was given today by Lubbock District officials of the Office of Price Administration.

January 15 will be the final date for registration with county war price & rationing boards for war ration book one, which the consumer must have before obtaining war ration book two which will be issued in the near future. Although most persons already have the first book, there are some late registrants, largely persons who eat most of their meals out and have had no need for ration book one so long as its (See DEADLINE, page Eight)

### MASONS CONFER DEGREES ON THREE CANDIDATES

A called meeting of Clarendon Chapter of Royal Arch Masons was held in the Lodge hall in Clarendon Monday afternoon and evening, January 11th for the purpose of conferring degrees on three candidates.

The out of town visitors coming here to help confer the degrees were W. W. Simmons, editor of the paper in White Deer; Ben Hurst of Wellington who is Grand District Deputy and Grand visitor of this district, and Mr. Starr of Quail who accompanied Mr. Hurst.

Between the afternoon and evening session, dinner was served to the visitors and members at Caraway's cafe.

The Clarendon Lodge No. 700 will meet again Friday evening at 7:30 for the purpose of conferring two third degrees. All members are urged to be present and visitors of other neighbor lodges are welcome.

## DONLEY CO. RATIONING BOARD STILL RESTRICTED BY QUOTA

Reminder that the Donley County War Price & Rationing Board still is restricted by a quota in spite of the fact that all motorists are eligible for tires was offered today by the members of the Donley County Board.

Even under the new mileage rationing regulations, the board still is operating under quota restrictions in issuing certificates for all tires, tubes and recapping service. Under the mileage rationing program, all motorists are eligible for tires, but most essential mileage must be taken care of first under the rationing regulations.

The Donley County quota was set in Washington. At the present time the quota is only large enough to take care of approximately one-third of the applications that are filed for passenger car tires. There is not any need to

cause of United Nations Week, through collections which will be made in the theatres of Clarendon during the week. By contributing to United Nations Week, you will eliminate individual drives for relief funds for each nation in the group. In other words, when you make a contribution to United Nations Week all nations included benefit from it.

The motion picture theatres of America already have a thrilling (See THEATRES, page Eight)

## Don't Let Your Life Insurance Policy Lapse!

### HATCHING EGGS EXEMPT FROM PRICE CONTROL

To assist in stepping up the poultry and egg output for the war effort, OPA has ruled that sales of shell eggs purchased solely for hatching purposes are exempt from price control. The exception was made because it appears that eggs of the type and quality necessary cannot be obtained in sufficient quantities unless price curbs are removed.

### NEIGHBORLY ACT PREVENTS LOSS IN GRASS FIRE

Monday afternoon, employees at the airport started burning the grass off the landing field. As such things will happen, a stiff wind suddenly blew up and spread the fire across the runway into the Thornberry pasture land. With the aid of neighbors and friends from town, the fire was brought under control, which otherwise, might have gone deep into the JA Ranch.

It is to these people that A. L. Bill and Martin Thornberry are extending thanks for the wonderful job of fire fighting, and showing the old neighborly spirit that has always been outstanding in this part of the country.

## War Necessity On Trucks

County agent H. M. Breedlove is urging that all truck owners in Donley county who have not made application for War Necessity cards to do so at once. This is very important because if the owner of the pickup or truck does not have a certificate of War Necessity on his truck the local tire inspector cannot make this inspection until he is shown the Certificate by the owner of the vehicle.

"Those producers who have made application for a certificate of war necessity and have not received them should come by the County Agent office the first time that he is in town and let us write a letter for him and get his certificate for him as soon as possible," Breedlove said.

Since January 1, 1943, parts and supplies cannot be purchased for a commercial vehicle, unless the owner has a certificate of War Necessity covering the operation of the vehicle for which the purchase is being made.

"If you have not made application for your War Necessity certificate, please give this your immediate attention," the county agent said, "so there will be no delay in getting the certificate at the earliest possible date."

### MAN FOUND DEAD AT LEES CABINS

Clarence Gaither, aged 34 years, a resident of Medicine Mound was found dead in one of Lee's Cabins early Saturday morning. A coroner's verdict announced his death from natural causes. The Smith Funeral Home of Quanah came for his body Saturday.

## Farm Security Program Is Placed Entirely On Wartime Footing

Of special interest to farmers and citizens in Donley County is the announcement made by Mr. Claude Moore, RR Supervisor, that the Farm Security Administration's Program has been placed entirely on a wartime footing.

"This year every activity of the Farm Security program will be considered on the basis of its contribution to the nation's war needs," he said. "This means that food production comes first and that we will do nothing which does not contribute directly to the Food for Freedom program. With the prospect of serious shortages in certain foods, the nation must depend upon the small farm operators to utilize their full labor and skills if the United States and the other United Nations are to pull through the present crisis."

The county supervisor said that the lack of equipment and replacements has retarded production and for this reason a share-the-machinery program is to be re-emphasized this year. Loans to groups of farmers to purchase machinery to be used cooperatively will be made to farm operators in addition to many other types of food production loans.

Loan funds are immediately available to eligible borrowers in Donley County to conserve feed crops, to increase the production of dairy products, beef and pork, to preserve food, to purchase equipment, tools, shelter for livestock and poultry, and other purposes.

In addition to these special food production loans there will be available the standard rural rehabilitation loans which have always been made by the Farm Se-

## FARMERS TO MOBILIZE IN DONLEY COUNTY

### TO THE PRODUCERS OF DONLEY COUNTY:

Walter J. Flynt, Secretary  
Donley County ACA

January 12 has been set up by the President as Farm Mobilization Day. This day has been set aside for the purpose of reeducating ourselves as producers to a greater production of food and feed crops than ever before in the history of our great nation. Whether in meetings or alone each Producer in Donley County can make a 1943 New Year's resolution to redouble his efforts toward the all important production.

Through the last two years we have seen many of our boys taken from among us, for the purpose of induction into the armed forces. These boys are now, and will ever give of their lives and strength to protect the American way of life. These boys are gone from our midst for a purpose. We, then who remain, are we not left here for a purpose, just as much a purpose as those who have left? If this is so then let us resolve to follow this purpose, as we go about our work in 1943. Let us answer the urge of our leaders to increase our herds, to increase our flocks, and along with the increase of these we should also look for better methods of feeding, better ways of cultivation, at least any way for an increased production from the livestock and lands that we now have. Let us plant not so much of the crops that we already have too much of, and turn to those that are needed for the feed and clothing of our boys in the armed forces, our Allies, our own workers in this country, and ourselves. Let us turn to these so we may serve them who serve us.

We have, as you know, 24 community committeemen in Donley County. These men are the ones selected by yourselves to act in an (See PRODUCERS, page Eight)

County agent H. M. Breedlove of the Texas A&M College Extension Service announced that community meetings will be held in the county this coming week to advise farmers on the 1943 farm program and discuss farm mobilization plans for the coming year.

Farmers will be asked to meet certain goals for the coming year in agriculture. These goals will be increased in fat cattle marketed and hogs, milk and certain farm crops that are vital to the war effort. A complete discussion will be given of the program and what farmers will be asked to do for the coming year.

The increases will be on farms according to how the farmer is equipped to handle an increase, and the farmer will have the choice of those crops or kinds of livestock that he wants to increase and market. Cotton and feed will have the same allotments only in those cases of changes of acreages of which producers have already been advised.

All farmers will be mobilized in the production of crops and livestock for the war effort. Breedlove stated that meetings would have been held this week, but due to the delay of forms from the state office and the local banquet of the Chamber of Commerce, the committee decided to wait until the coming week.

The department states that the farmer is vital to the war effort and his cooperation in the producing of certain crops and the feeding of livestock and the producing of eggs and milk will be one of the deciding factors in the winning of the war.

These meetings will be to advise the local farmers of the needs of the department and to tell them what will be expected of them in the coming year. The man power problem is fast becoming one of the most serious factors that we must face and this will be discussed in detail. The growing (See FARMERS, page Eight)

## Kenneth Brown Returns Home

After being away from home for more than two years, Kenneth Brown arrived Wednesday on the one o'clock train for a visit with his parents, Mr. and Mrs. Frank Brown of near Clarendon.

Due to the short notice given, only a small crowd were at the depot to greet him. Hearing that Kenneth would be on the noon train, Clyde Douglas got busy phoning the folks to be at the depot to welcome a local son back home who has seen action beyond the zone of the United States.

For some time Kenneth was a member of the Royal Canadian Air Force in Canada and was graduated with honors. When the United States entered the war, he was called back into the service of Uncle Sam. For the past several months he has been flying on a secret mission.

Kenneth's home base is at Langley Field, Va. He flew from there to Kansas City where he caught a train for home. His wife will probably be here in a few days.

## Father-Son Banquet to Be Held Jan. 26 In Basement of Methodist Church

As announced in last week's issue of the Leader, the Father-Son banquet will be held Tuesday night, January 26, at the Methodist Church.

At this time the program has not been completed but a good speaker for the occasion is in prospect. Capt. Patrick J. Norton of the Air Corps, stationed at Amarillo Field, stated in a letter received this morning that if he was still stationed at Amarillo and that if transportation could be so

arranged to and from Amarillo, he would be glad to make the principal talk. If it is possible for him to come, his topic would be "Life at Boy's Town," as he has been connected with that work for the past 22 years before offering his services to the Air Corps.

It is hoped that everything can be arranged for Capt. Norton to be here as his talk would surely be a treat for those who will be present for the occasion.

**THE TRUSTY TRIO.**  
Now that mankind is in a pinch, the trusty cow, sow and hen are being called upon to again pull us through. Besides paying mort-

gages, these three farm essentials may win this war for the Allies.

**UNKNOWN HEROES.**

We hear much these days about all kinds of organizations, but we don't read much in print, if anything, about the loyal ladies on the loading lines of the bomber plants. Those women work hard. They work under most trying conditions, and are real heroines

doing their part—and more—in winning this war. That feminine skill required to fill a bomb cast with the proper ingredients and the right amount, is what helps our men on the front. Gen. McArthur recently congratulated the ladies of Pan-Tex for the excellent results obtained from their bomb products, in a letter that is one of the prized possessions of that loyal crowd of citizens where

the good work goes on 24 hours a day.

**OUR WEAKLY POME.**

Ladies, be wary of cupid, And heed this little verse: To let a fool kiss you is stupid; To let a kiss fool you is worse.

**GLOMERATION.**

When an Amarillo cop asked an auto driver to let him see the

**ENTHUSIASM.**

Some years ago during the time that conservation was getting to be a big idea in the Panhandle, a man representing a federal department of that type got up to make a lecture in a school house on the well known treeless section near Panhandle. He followed his usual scrip lines as follows: "I don't suppose there is a person in the room who has done anything to conserve our timber resources." Silence reigned for a few seconds as the stunned plains dwellers tried to figure out what the speaker had in mind on the treeless plains section. Then a kid piped up with: "Yes there is, Mister. I once shot a woodpecker off the windmill tower!"

in on this war. Cigar butts are said to be selling for a dollar an ounce in London.

**COMMON SENSE.**

Victory gardens will be important this season. The local hatchery is booking early orders for chicks. Some of the folks are going to head off bad effects of any kind of a meat ration. Poultry and garden, supplemented by the cow and sow, insure a livelihood. Homely? That's where we live when we really live. Some of us exist just any old place.

**SAD STUFF.**

Ina Fizzle says that hanging up rayons didn't catch any nylons Christmas.

**ADVICE.**

If you find it hard to pass off time, take up smoking. What with cleaning, filling, lighting, packing, loosening, lighting again, tamping, puffing, then cleaning and starting all over again. I once knew a healthy invalid who had nothing to do because his wife did all the work. He complained of long days as he lay under the apple tree in the back yard. Finally, he took up smoking. But it must have been a mistake because the birds picked out one of his eyes while he lay there waiting for his wife to clean his pipe again.

P. S. Any intimation of a real person described in the above article is purely coincidental and might apply to other sections as well as locally.

**HUDGINS**  
Mrs. S. M. Harp

Bro. Willard is to preach Sunday night.

There were not so many out for Sunday school but we hope for more by Spring. But there was a good crowd out for singing Sunday night. We were glad to have all the visitors with us.

Mr. and Mrs. Ed Talley and children visited until bed time Friday night in the John Perdue home.

Mr. and Mrs. Harp and Sidney called until bed time on Mr. and Mrs. Cleo Stonecipher Saturday.

Mr. and Mrs. L. C. Tims and family called on Mr. and Mrs. Ed Talley Saturday night.

Bill Perdue spent Sunday with Ben Talley.

Mr. and Mrs. Jack Foster and children called in the O. L. Jacobs home Sunday night.  
Mr. and Mrs. John Perdue, Geraldine and Dorothy Hudson and Imogene Elliott visited at Ashtola Sunday afternoon.

Bob Hudson, Sidney Harp and J. L. Williams spent Sunday with Billie Curtis.

Mr. and Mrs. L. C. Tims and Clyde took Sunday dinner with Mr. and Mrs. Whitt.

Velma Tims, Mary Nell Perdue Charsley Ann Whitt, Elois and Imogene Elliott spent Sunday with Mrs. Harp and family.

Mr. and Mrs. V. D. Roy moved to the Midway community. We were sorrowed to lose these good people.

**Farm Mobilization Committees**

College Station, Jan. 12—Texas business and civic leaders are being asked by the Texas USDA War Board to work with farm leaders in helping mobilize agricultural resources for the 1943 Food for Freedom program.

To enlist the help and advice of non-farm groups, the board is setting up the Texas Farm Mobilization Committee, B. F. Vance, chairman, has announced. Membership of the committee has not been released pending acceptance of appointments, he said.

Purpose of the Farm Mobilization Committee will be to advise the USDA group on steps which might be helpful in reaching 1943 farm production goals and to assist in explaining the Food for Freedom program to the non-farm people of Texas.

"It's going to take all that Texas farmers can do plus all the help they can get from the rest of the people of Texas to go over the top in production this year," Vance said.

The Farm Mobilization Committee will continue to act thru-out the year, but its first work will be in connection with Farm Mobilization Day, January 12, when the Food for Freedom program gets its official start for 1943, the USDA official said.

Mr. and Mrs. F. H. Bourland of McLean visited Mr. and Mrs. Frank Bourland Friday.

There's a time and place for everything. Your place is to give your scrap metal to the Army now.

The Food Picture For 1943

College Station, Jan. 10—What food rations civilians are assured this year will depend largely on the weather, on farmers' ability to get labor, machinery, and fertilizer, and on the complex processing and transportation industries.

For that reason, many forward-looking homemakers in villages and small towns will be reviving, along with rural women, to grow as much of the family's food supply as possible. Jennie Camp, specialist in home production planning for the A&M College Extension Service, says some predictions about 1943 food supplies may help these homemakers with their planning.

For example, the supply of cereals—flour and grain foods—will be ample. For civilians, the supply of fats and oils will be shorter, so meals in 1943 will include less fried foods, gravies, and oily dressings. Sugar supplies likely will be shorter, too, because of the transportation situation.

Consumers can expect larger quantities of sweet potatoes and dried beans and peas in 1943. However, the carry-over of white potatoes is not as large as usual, Miss Camp says. The total milk supply may average about the same as last year, but war needs may mean less milk for civilians.

Two Soldiers Write New War Bond Theme Song, "Ev'rybody Ev'ry Payday"

Corp. Tom Adair (left) and Sgt. Dick Uhl (right), Army buddies, write new War Bond theme song which Treasury Department will feature from coast to coast shortly, all profits from radio, juke boxes and sheet music versions to go to Army Relief. Copyright was turned over to Government and registered in name of Secretary of the Treasury, Henry Morgenthau, Jr.

WASHINGTON, D. C. — Two young soldiers have combined their musical talents to write a new United States War Savings Bond theme song, "Ev'rybody Ev'ry Payday," which will soon be heard from coast to coast on the radio, in theatres and from juke boxes.

The song will be released in sheet music and records, all profits going to Army Relief. The composers, Sgt. Dick Uhl and Corp. Tom Adair, turned over the copyright to the Government for registration in the name of Secretary of the Treasury Henry Morgenthau, Jr.

Release of "Ev'rybody Ev'ry Payday" at this time is particularly timely because the War Savings Staff of the Treasury Department is preparing to launch a nationwide payroll savings campaign to "top that 10 percent by New Year's."

Sgt. Uhl and Corp. Adair have completed a tour of duty with the Treasury Department, during which they composed several songs to promote the sale of War Bonds and Stamps.

Uhl is now back at Camp Forrest in Tennessee while Adair has returned to Fort Jackson in South Carolina.

Uhl and Adair came to the Army from radio and met at Fort Jackson, where they were assigned to the orchestra. Uhl, one of four brothers in military service, is a native of Wilkes-Barre, Pa., and graduated from Princeton in 1939. Adair was born in Newton, Kansas, and graduated from Los Angeles City College. Adair is well known in Tin Pan Alley, having written several hits. Among the songs for which he wrote the lyrics are, "Let's Get

Away From It All," and "Everything Happens To Me."

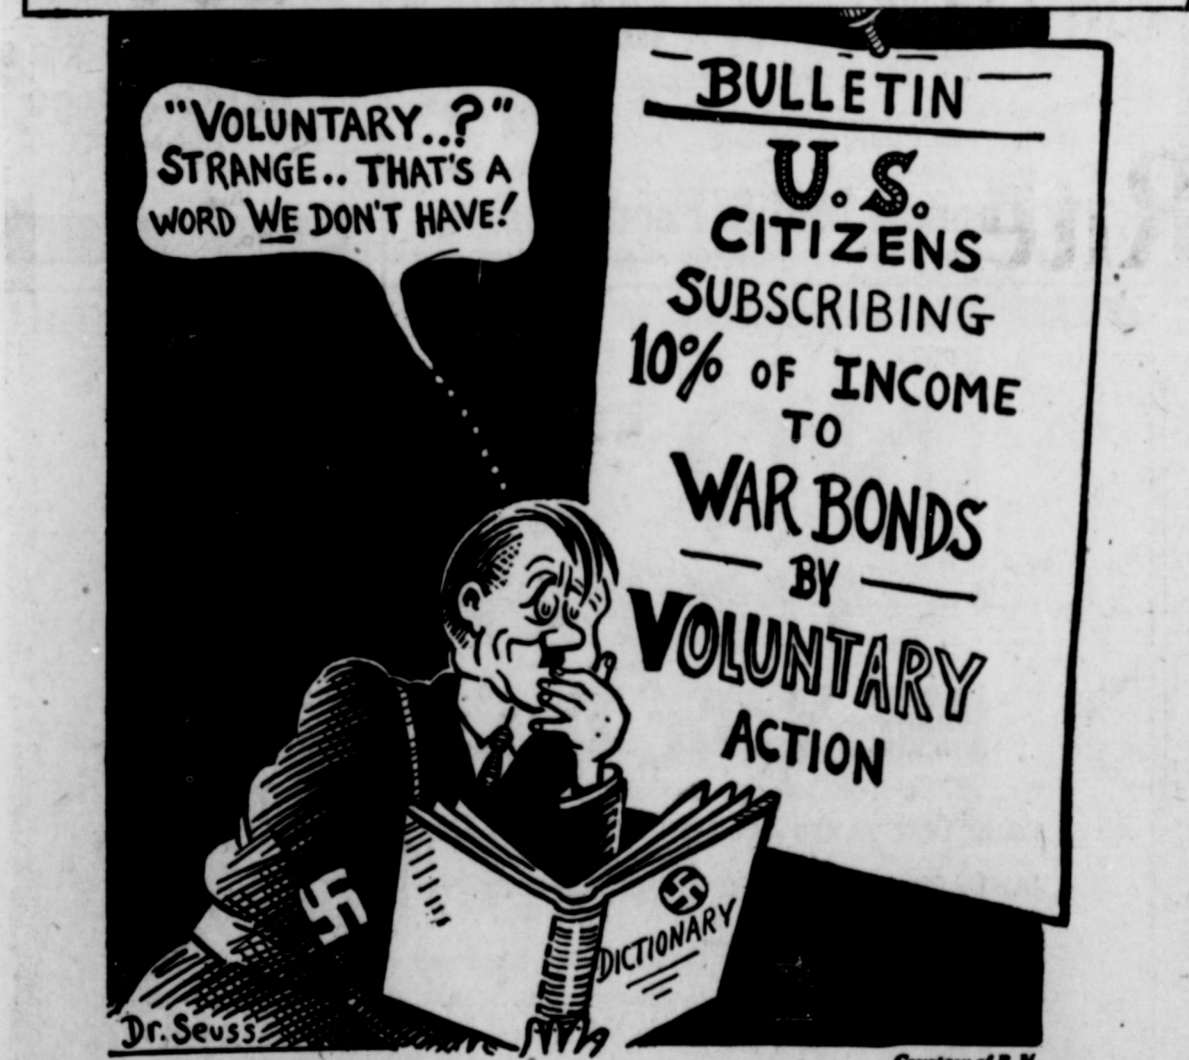

The new War Bond theme song's lyrics, written by Corp. Adair, follow:

Ev'ryone can help to save the nation Ev'ryone can help to win the war There's no time for restin' Let's begin investin' In the things our country's fighting for.

Ev'rybody ev'ry payday Buy a Bond the U. S. A. Way That's the job, it's up to you and me Butcher, baker, banker, scholar Take a dime from ev'ry dollar Ev'ryone pitch in for victory.

Ev'rybody ev'ry payday Ev'ry farmer ev'ry hayday Top the crop with dimes for Uncle Sam Ten per cent. That's the rent Ev'ryone can pay For a home in the U. S. A. U. S. Treasury Department

"IT'S AN AMERICAN WORD" ★ Cartoon by Dr. Seuss

and meeting its quota is an American habit!

To help win this War, to help provide the fighting equipment and the fighting men America needs, every American has a job to do. That job includes saving at least 10% of his income in War Bonds. Your quota, too, is 10%—10¢ out of every dollar you make, 10¢ out of every dollar's worth of pro-

duce you grow and sell. Start saving in War Bonds today. Get them regularly, not the least you can but the most you can, remembering that they're the finest, safest investment in the world, guaranteed both as to principal and interest by the United States Government.

Buy War Savings Bonds SHOOT STRAIGHT WITH OUR BOYS. This space is a contribution to America's All-Out War program by YOUR DONLEY COUNTY LEADER

More poultry for meat is in prospect, but eggs may be less plentiful. Meat is almost certain to be less plentiful, and it will be one of the next items to be rationed.

Fruits and vegetables are the big question mark in this year's food production, Miss Camp says, so homemakers will be smart not only to grow their own, if possible, but to waste none, learn about their food values, and overcome dislikes and whims about certain foods.

Schools Face "Blackout"

Canyon, Jan. 12 — Many communities of the Panhandle face an educational "blackout" next fall unless drastic steps are taken to meet the acute teacher shortage, President J. A. Hill of West Texas State College declared this week in announcing spring semester plans of his institution.

While West Texas State is offering short courses, pre-induction and pre-professional work, aviation mechanics, radio, and many other wartime classes, the college is at the same time mindful of the plight of schools in this area, Dr. Hill added. With the assistance of Panhandle principals and superintendents, he proposes that a survey be made of persons who might, with some quick preparation, go into the schoolrooms in the emergency. The college will offer "refresher" courses and beginning classes in the spring semester opening January 26. It will have other courses leading to all Texas teaching certificates.

Dr. Hill noted that practically all young male teachers would be in military services or industries by next fall. Hundreds of young women are leaving the schoolrooms for military auxiliary services or jobs in business and industry which pay more than school teaching.

"Unless something far-reaching is done quickly, this generation of youth is going to reach adulthood with the poorest preparation to carry its rapidly increasing responsibilities that has characterized any like body of citizens in a quarter of a century," Dr. Hill said. He called for increased salaries

for teachers, re-entry of former teachers, acceptance of married women as teachers, and emphasis upon the importance of the teacher in this national emergency.

Arm for the love of America. Your scrap metal is needed now for more ships, guns, planes.

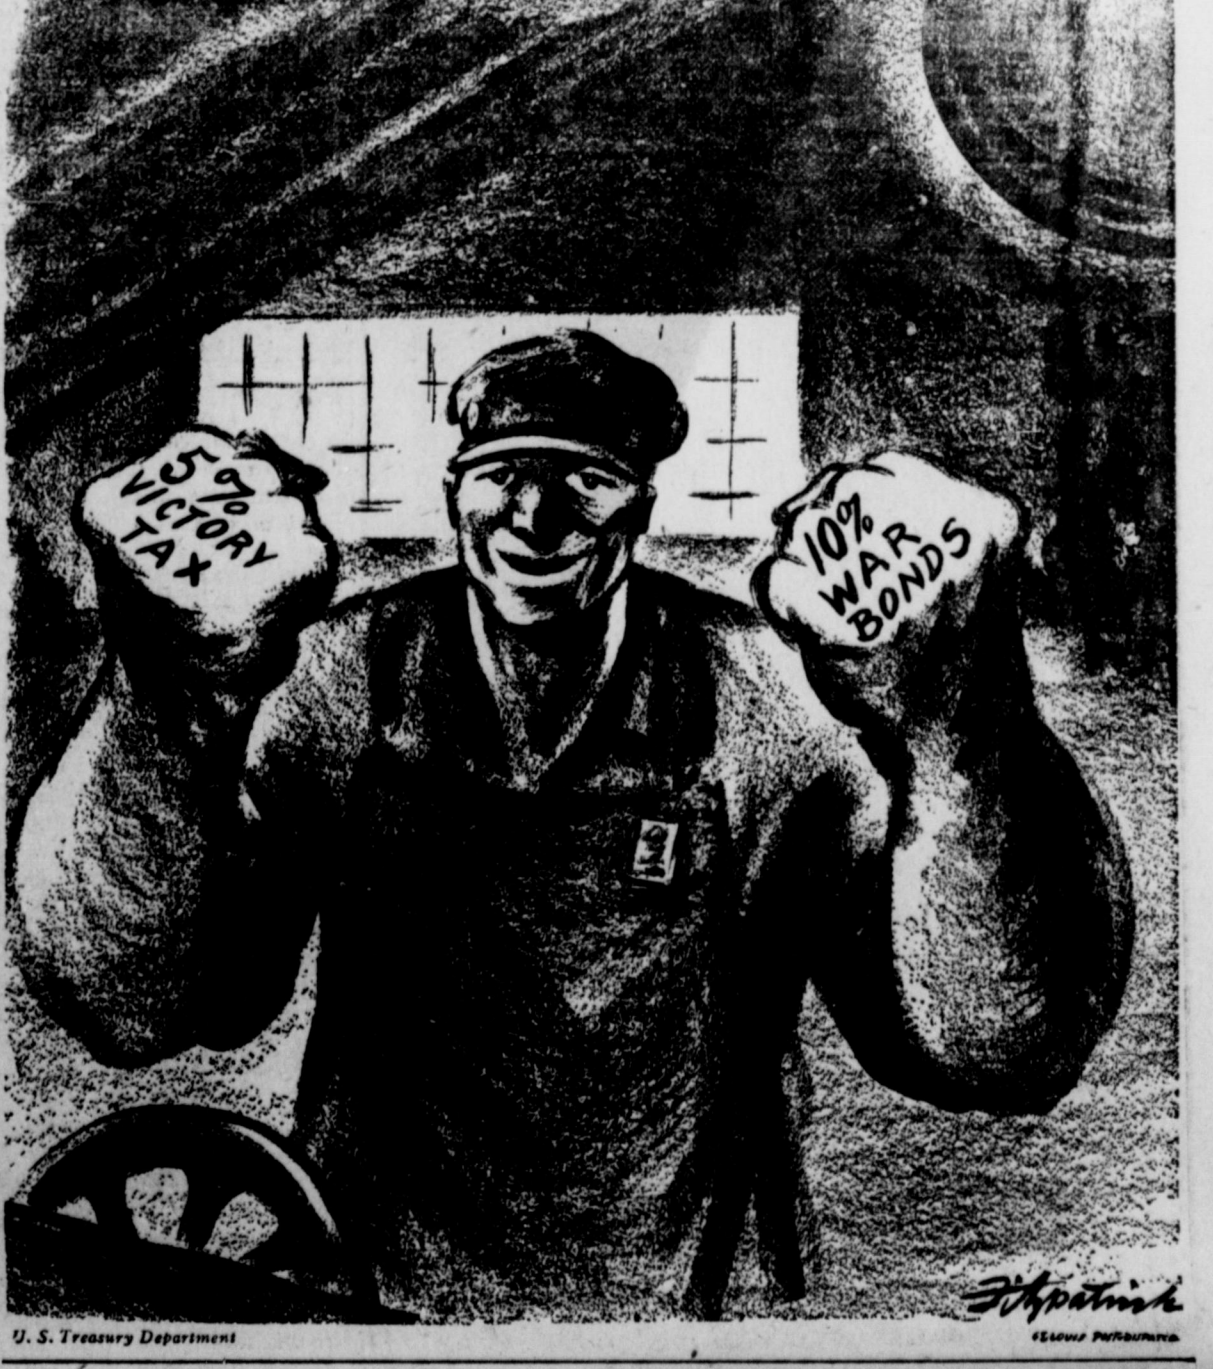

Scrap, Scrap, hits the spot; but, scrap metal piles are the best of the lot.

Mr. and Mrs. L. L. Wood, Mrs. Arlie Wood visited Mr. and Mrs. Lewis Wood and family at Borger Sunday.

Mrs. J. F. Anthony and children of Lubbock visited her sister and family, Mr. and Mrs. Van Kennedy.

Too little, too late; too bad! There still is time to buy U. S. Defense Bonds and Stamps.

TAKES BOTH!

Texas Food To War Prisoners

College Station, Jan. 12—Texas farm products are important items in Red Cross food packages going to American and Allied war prisoners and victims of invasion in devastated countries, according to Ethan L. Upshaw, Acting State Supervisor for Agricultural Marketing Administration.

Using supplies procured thru the Agricultural Marketing Administration, Red Cross is providing supplementary food for American and Allied prisoners in the Far East, Germany and Italy, and assists in feeding Polish, Greek, Russian and other refugee groups, war orphans and evacuee children.

CIVIL SERVICE WORKERS TO RECEIVE OVER TIME

The passing of legislation to pay civil service workers time and one-half for over time brings the salaries of stenographers and typists up to an all time record peak for the workers who man battle stations in Washington, D. C. where new dormitories and cafeterias have lowered the cost of room and board and improved living conditions, Mr. Elmer G. Hayes, local civil service secretary, said today beginning a New Year's drive to recruit women 17 1/2 years old and up to fill essential war jobs without delay.

"All red tape has been cut," Mr. Hayes, emphasized. "Within 72 hours after the test, you will receive your appointment, if you pass.

Dictation as well as typing speed has been lowered to such an extent that almost any typist or stenographer can pass the test, according to Mr. Hayes.

"Despite the fact that large numbers of clerical workers went to Washington last year, many more are needed to fill vacancies left by women as well as men who joined the armed forces," Mr. Hayes said.

Stenographers and Typists are entered on duty at a salary of \$146.00 a month including overtime for a 48 hour week; however applicants with two years experience as a stenographer may qualify for a \$164.00 a month position including overtime.

Women not engaged in war work of equal skill who are interested in these federal positions should contact Mr. Hayes, at Post Office, Clarendon, Texas.

Stop scrapping between yourselves and do all your scrapping for the Army. Your scrap metal is needed now.

Make your scraps reduce the Axis to crumbs. Your scrap metal is needed now.

# Care for my Car for my Country?

Sonny, what you do to your car is your business, although chances are you won't be able to get another while the war is on.

But what your daddy does to his car is the nation's business!

The American way of life is geared to the motor car. It takes the warworker to his job, carries munitions, provides essential civilian transportation. That is why cars and tires must be used wisely, must be preserved to play their part in holding war production at maximum.

Your Phillips 66 Service Man is pledged to help you Care For Your Car For Your Country. And though you drive less miles, don't make the mistake of assuming your car needs less care.

Reduced driving may increase crank-

case dilution of oil by unburned fuel... may increase sludge because of added condensation of moisture. Both greatly reduce the motor protection and lubricating efficiency of your oil.

Your battery, with charging time cut down, will need more frequent inspection. And spark plugs must be scientifically adjusted to prevent waste of fuel.

Remember, every Phillips 66 Service Man is specially trained to make your car and your tires last longer and go farther. Enlist his aid, when you stop at any Orange and Black 66 Shield for Phillips 66 Poly Gas, famous for fast starting pep and extra mileage... and Phillips 66 Motor Oil, 100% paraffin base.

## FOR VICTORY... Buy U.S. War Savings Bonds and Stamps

Mrs. Sam Lowe will leave Friday for Dallas to visit her sister, Miss Lucy Akins. Her mother, Mrs. W. J. Akins of Lapan, will join her there for a visit also.

Mrs. C. T. McMurtry, Mrs. John Blocker and Miss Ruby Terry were Amarillo visitors Monday. Donley County Leader, \$2 a year.

### ASHTOLA

Mrs. W. B. Miller

Sunday school was very well attended last Sunday, but we hope that the attendance will be larger next Sunday.

Rev. J. R. Naylor will preach for the Baptist Church 4th Sunday morning and evening, in January. Let's all remember about this appointment and give him a good audience.

Mrs. T. A. Nelson from Claude spent the week end in Ashtola.

Miss Christine Knox from Dallas is spending some time in the home of her parents, Mr. and Mrs. Van Knox.

Mrs. Eulan Higdon from Lubbock spent last week in the home of her parents, Mr. and Mrs. Lovie Morris.

Mr. and Mrs. Crain and family from Goodnight visited in the home of Mr. and Mrs. Van Knox Sunday.

Mrs. Lester Joyner left last Friday to join her husband in Dallas.

Mr. T. B. Nelson returned first of the week, after spending last week in Dallas.

Mr. W. B. Miller who is employed at Amarillo spent the week end at home.

### Men Stenographers Needed By Army

Men stenographers are urgently needed by the Army, according to Lieutenant Colonel Marvin B. Durette of the Lubbock Army Recruiting and Induction District.

Men who qualify under present physical standards for either general or limited service may be enlisted. Applicants must be thirty-eight years and older and be able to write shorthand ninety words per minute and type fifty words per minute.

Men enlisted under this quota will be shipped direct from reception centers to Fort Meyer, Va.

Men with these qualifications can be of great service to their country, said Lieutenant Colonel Durette. They should contact the Lubbock Army Recruiting Station or Army Sub-Stations in El Paso, Odessa, Big Spring, Sweetwater, Pampa, Amarillo or Plainview.

Mable Johnson and Jean Bell left Sunday for Ft. DeMoines, Iowa, where they will begin training in the WAACS.

Wade Hilliard has a medical discharge from the army and he and his family are moving to Childress this week.

### RED CROSS VOLUNTEER SERVICE

The response to our rush order for the armed forces has been wonderful. We are more than proud of our knitters. We still have three sleeveless sweaters and eight pairs of gloves which we hope will go out this week.

Knitting was issued to the following: Turtle-necked sweaters to Mmes. C. C. Powell, Hattie Palmer, U. Z. Patterson, Frank Frey, Frank McClure and Miss Marilyn Maher; sleeveless sweaters to Mmes. U. J. Boston, Clyde Price, Floyd Lumpkin, Walter Knorpp, Wesley Knorpp, John Potts, Heckle Stark, B. L. Jenkins, Simmons Powell, Henry Williams, J. W. Evans, Sella Gentry, Will Johnson and two to Ashtola; mufflers to Mmes. Fred Patching, Ethel Brown (col.), V. W. Carpenter, Dick Lanham, H. C. Brumley (2), C. W. Bennett, J. H. Howze, Ernest Hunt, J. L. McMurtry, Geo. Green, W. W. Noblet, J. D. Swift, Leck Goldston, Walter Flynt, Rufe Chamberlain, Harold Bugbee, Joe Kendall, and Misses Jeanie Porter, Edgar Mae Mongole, Maurice Berry; gloves to Mmes. Frank McClure, W. W. Taylor, Jack Molesworth, Miss Lee Patton and three pair to Ashtola.

#### Sewing

Mrs. Doss Palmer turned in 20 women's slips, made by the following ladies in Mrs. Burton's Sunday School class: Mmes. E. L. Moody, Emma Ayers, Bob Hay, Walter Flynt, Alfred Estlack, Forrest Sawyer, Alvin Landers, Oller, Edna Russell, W. A. Riney, Doss Palmer.

Mens' pajamas were issued to Mrs. Harvey Shaw, who took 40 pairs for the Windy Valley Community. Twelve pairs were issued to Mrs. John Goldston for the Midway Community.

The Victory Club, which is a group of young girls, are taking quite an interest in helping the Red Cross. They meet each Saturday and are now knitting squares for the soldier's kits. The following belong to this club: Dorothy Nell Kemp, Mary Ann Bromley, Melba Ruth Grady, Georgia Bell McNeal, Patty Molesworth, Alma Joe Mosely, Elise Norwood, Ada Sue Smith, Dorothy Jean Tatum, Betty Jean Brown and June Atterberry. We think this is a very fine work for this young group to undertake.

#### Soldier's Kits

Donations for the soldier's kits are coming in slowly. We hope this fund will increase before the end of this month. \$5.00 coming through the Episcopal Auxiliary, was given by Mrs. W. H. Patrick. Another donation was received from Mrs. C. B. Morris.

Mrs. C. C. Powell took out 30 kits for the Win-A-One Sunday School class to make. Mrs. Doss Palmer took 25 kits for Mrs. Burton's Sunday School class. Mrs. Rufus White, 25 for the Kappa Kappa Sorority, and Mrs. H. C. Brumley, 25 for the Kill Kare Needle Club. Also, Mrs. C. L. Benson took 36 for the Home Demonstration Club. This still leaves 40 more to be made.

#### HOME SERVICE

Mrs. C. A. Burton

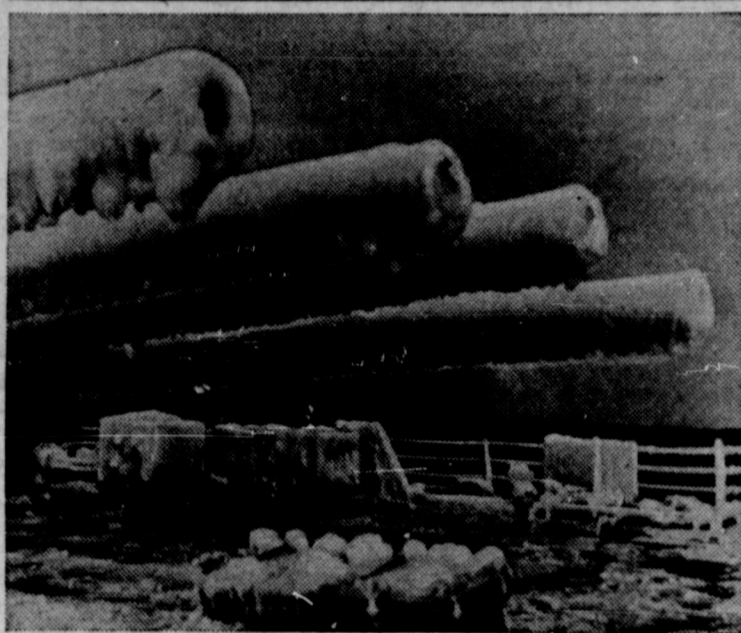

Just now interest is intense in the WAACS and the WAVES, the Women's Reserve of the United States Army and the United States Navy. To both of these organizations the Red Cross offers all the services which it offers to the men in either service. This includes services by Field Directors at Army or Navy Stations and hospitals, and Home Service in chapters.

The WAVES is the later organization, and was established by an Act of Congress, July 30, 1942. It is composed of commissioned and enlisted personnel with ranks corresponding to those of the Navy, the highest officer holding the rank of Lieutenant Commander. Their services are limited to shore establishments within the continental limits of the United States. They are provided with uniforms and receive the same pay as men of corresponding rank in the Navy and while on active duty receive hospital or medical care.

The Red Cross tells us that much mail is never delivered because of deficient or incorrect addresses, particularly to soldiers outside of the U. S. Many are sent to San Francisco with only "Pearl Harbor" as the address. The Navy Department urges that the address be in full, the rank, organization and base be given. But of course there must be nothing to show location.

The furlough period granted

newly inducted selectees has been reduced from two weeks to one week. This became necessary to prevent shortages due to deferments granted agricultural workers.

The War Department has appointed "Life Insurance Officers" whose duty it is to promote the government life insurance program through education. They will give information to all military personnel as to the exceptionally low cost of National Service Life Insurance and the benefits that will accrue to their dependents and will urge that every service man obtain the maximum amount available.

### Normal Nerve Action For A Strong Heart

One of America's major health problems is the unhealthy heart. There are millions of people whose hearts don't beat regularly, whose hearts distress them on slight exertion or whose hearts

constantly remind the owners to go easy. What hope is there for those hearts to be improved?

Many things can go wrong with the heart. There are abnormalities of rate, weakness of the heart muscle, making it unable to stand up under physical exertion, and leaking valve damage. For the latter, healthy muscles is usually able to compensate. As with diseases of other organs, some heart conditions are beyond recovery by any human agency. Nevertheless, perhaps the most valuable aid in solving this great American health problem is Chiropractic care.

It is a corollary that disease is abnormal physiologic function. There may be structural changes in the organ involved but these are subsequent to the primary functional changes. It is also a scientific fact that the nerve system controls the function of organs. The nerve system must therefore be involved in disease. Nowhere in the study of the hu-

# NOTICE TAX PAYERS PAY Your Taxes EARLY!

YOUR 1942 TAXES ARE NOW DUE AND MUST BE PAID ON OR BEFORE JANUARY 31, 1943, TO AVOID PENALTY.

We respectfully ask those taxpayers, who can and will to pay their taxes as early as possible to avoid the last minute rush. We, like many businesses are shorthanded, and we will be unable to get as much office help as we need for the tax-paying rush that usually comes the last week of January.

Both men and women are required to pay a poll tax. Unpaid poll taxes are a lien upon any real or personal property you may own, or come into possession of. Those who are 60 years of age or more are not required to pay a poll tax and are not required to have an exemption to vote; those who have moved into the county since January 1, 1942, are required to have an exemption; those who have become 21 years of age since January 1, 1942 or will become of age during 1943 are required to secure an exemption certificate during January 1943, before they may vote in any of the elections during the year; no charge is made for exemption certificates.

When you come in to pay your taxes... also give us a rendition of your property for next year's taxes. Due to gasoline rationing and the rubber conservation program, we will be unable to call on you as we have in the past. Please lend us your cooperation in this matter.

## WAR TRAINING

Help meet the nation's manpower needs; go to college next semester. For—

- Pre-induction courses.
- Secretarial training for quick job preparation.
- Aviation, mechanics, radio, pre-engineering.
- Civil Service training.
- Teacher - training and special work for former teachers.
- Pre - professional subjects, some with deferment.
- College degrees in less than three years.

There has never been such insistent need for college-trained men and women. Plan to enter college January 26. Write Registrar for course schedule.

West Texas State College CANYON

### NEED QUALITY, QUANTITY IN VITAL 1943 WAR FOODS

America's farmers must keep an eye on the quality of their cream while they strive to produce the huge quantity of butterfat asked of them for the war effort during the new year of 1943, H. C. Darger, coordinator of the National Cream Quality Program, Chicago, states in a message received by H. M. Breedlove, Donley County agricultural agent.

Mr. Darger's message was sent in connection with the scheduled observance throughout the county and country on Tuesday, January

12, of Farm Mobilization Day proclaimed by President Roosevelt with the object of "ensuring for the year 1943 the maximum production of vital foods."

"Failure by many farmers to safeguard quality may result in cream so bad that state and federal laws will not permit its use for making butter—a true Victory food," Mr. Darger writes. "During 1942 an estimated 30 to 50 million pounds of cream—enough to make more than a thousand carloads of

butter—had to be rejected by creameries and cream buyers as unfit. In addition, huge quantities of finished butter were seized and condemned because made of poor cream that had 'gotten by'. This represents not only the loss of valuable foodstuff badly needed by our armed forces but also a loss of many millions of dollars to the farmers whose labor went into the production of this large volume of unacceptable cream. To the extent that we are able to whittle down the amount of poor and rejected cream mentioned, the 1943 food job will be made easier."

In his message, Mr. Darger calls attention to several facts on milk separation which hold the possibility of substantial increases in the production of cream and butter even with our present cow population.

"Farmers using outdated water dilution, deep-setting and similar methods of separation lose fully 25 percent of their butterfat in the skim milk, in comparison with only one-half of one per cent loss shown by good mechanical separators", he states. "On the other hand, a mechanical separator not kept in efficient working condition can also be a cream thief of the first order. Cow-test association records reveal that losses of anywhere from 4 ounces to several pounds of butter per day are not uncommon on farms having poorly functioning mechanical separators, the majority of which

BELGIAN AIRMEN SHOWN HERE on a Tunisia airfield are taking an active part in the fighting in North Africa. Moreover a powerful column of Belgian Congo forces have come all the way from Central Africa to attack the Axis in the Sahara.

could be quickly restored to efficient operation. There are also the totally unnecessary losses resulting from failure of many farmers to separate their milk immediately after milking, while it is still warm. Separated at a temperature of 90 degrees, 125 pounds of milk will yield about five pounds of butterfat. But the same amount of milk separated at 60 degrees will deliver less than four pounds of butterfat, the balance running off with the skim milk. This is equal to cutting a five-cow herd down to four cows."

mail has to go to England, whereas air-mail goes direct on very frequent schedules; so start writing that way until I let you know. I think my A.P.O. number and address will be the same.

Please don't worry about me, for I'm getting a big kick out of all of this. I only wish I could write more about everything. At any rate I'll have plenty to tell when I finally get home.

All my love,

### Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

### WITH OUR ARMED FORCES

And comes a letter from far off Africa written by Arthur Chase, son of Mr. and Mrs. A. L. Chase of this city. The letter was received here the morning of January 5th, December 23, 1942.

Dear folks,  
I imagine it will be quite a surprise to you to know that this comes from Africa, which is all I can say about my present location. I, of course, knew most of the time I was in England that we were coming here soon, but I was not able to let you know.

As usual, I don't know anything about what we are allowed to say in letters, so I don't suppose I should say much about the trip down, except that it was much more uncomfortable than the trip across. However, we all survived except one of our Staff Sergeants, who is in the hospital with a damaged knee-cap which was the result of the ship lurching violently in a storm.

We are not permanently settled yet, so I don't know what kind of accommodations we will have, but for the present we at least have a roof over our heads.

The climate is not quite what I expected, for it gets terribly cold at night and doesn't get very warm in the daytime unless the sun happens to be out—and this is the rainy season. However, it is much better than England, for when the sun does shine, there is plenty of heat in it. It reminds me very much of the climate of San Francisco, or Mexico City.

The one really marvelous thing about the place is the abundance of oranges and tangerines. They aren't much cheaper than in the states, for the natives are probably making small fortunes on them, but they are so convenient and plentiful that we eat them by the dozen. We, of course, didn't see an orange while in England, so we're having a field day on them now. There is absolutely nothing else to spend money on.

That reminds me that I haven't been able to have my allotment made out yet that I mentioned in my last letter,—and I probably won't be able to until we get settled. If I get too much money on hand, I'll send a money order.

I sent a Christmas cable from here today, but if you received it, there was probably no indication on it that it came from here rather than from England.

They say that regular air-mail is much faster than V-mail here, for the present anyway, for V-

### WEST TEXAS MUST FURNISH MORE WAACS

A new quota for the West Texas Army Recruiting District calls for the enrollment of more than four times the number of WAACS during January, February and March as have joined the Women's Army Auxiliary Corps during any previous three-months' period.

Lieutenant Colonel Marvin B. Durette, Commanding Officer of the West Texas Recruiting and Induction District, stated that every effort will be made to reach this quota. He said that it is going to take the help of every one of the seventy-six counties in the district to attain this goal.

WAAC officers will visit practically every town in the district during the three-months' period.

Public meetings will be held in many of these towns to give the public full information on the Women's Army Auxiliary Corps. Newspapers, Radio Stations, Theatres, Women's Clubs and various other civic organizations will be asked to aid in this recruiting drive. Women are urgently needed to take over non-combatant assignments that relieve physically fit soldiers for fighting duties.

The pay scale, which is the same as the Army's, will be distributed along with other information on advantages of training; the clothing, food, lodging and care of women, and all the attractions of membership in the Women's Army Auxiliary Corps.

All organizations willing to help in this recruiting drive should contact the Headquarters of the West Texas Recruiting and Induction District in Lubbock.

# RATIONING AT A GLANCE

## Ration Books

War Ration Book No. 1—Used for sugar and coffee, will be required to obtain book No. 2 soon. Those not having Book No. 1 may obtain them from the local ration board until Jan. 15, 1943.

War Ration Book No. 2—To be issued soon, will provide for rationing on a "point system."

Mileage Ration Books—Books, A, B, and C used for passenger car gasoline; E and R books, for non-highway uses; D, for motorcycles; T for trucks and commercial vehicles.

## Rationed Food Commodities

Sugar—Stamp No. 10 in Book No. 1 good for 3 pounds until midnight, Jan. 31, 1943.

Coffee—Stamp No. 28 in Book No. 1 (for those 15 or older) good for 1 pound until midnight February 7, 1943.

Meat—Voluntary share-the-meat program sets limit at 2½ pounds per person per week. Meat will be rationed under the "point system" after Book No. 2 is distributed.

## Mileage Rationing

Gasoline—Value of each coupon in A, B, and C Books is 4 gallons. First 8 coupons in A Book are good until midnight Jan. 21, 1943. Those who think they are eligible

ON THE NORTHWEST FRONTIER—American soldiers in this Indian village on the Alcan Highway to Alaska get a taste of Army life of the old frontier days. The difference is that today radio communication and mechanized equipment speed things up over the trails of pony express riders and packhorse drivers of a century ago. (Inset—Major General Simon Bolivar Buckner, Jr., commanding officer of the Northwest Defense Command in Alaska. He is the son of Lieutenant General Simon Bolivar Buckner, veteran of the Mexican War and a distinguished officer in the Confederate army.)

for supplemental rations should see their local ration board.

Tire Inspectors—All passenger vehicle operators must have official tire inspections by Jan. 31, 1943. Thereafter, A and D (motorcycle) book holders must get inspections each four months. Holders of B and C books must get tires inspected every two months or every 5,000 miles, whichever comes first.

Tires—If official tire inspector recommends a tire replacement or recap, apply to local ration board for tire or recap ration certificate. Tires and recaps will be rationed to all on the basis of tire inspections and county quotas available, with most essential mileage to come first.

## Other Rationing

Eligible purchasers needing new automobiles, bicycles, type-

writers, rubber footwear, and other commodities on which sales might be restricted should see their local ration board.

## Farmers—

(Continued from Front Page) of these crops will count as units that will figure in the man power of the farm.

Meetings will be as follows: Skillet—School house, 10 a. m., Tuesday, January 19th.

Lelia Lake—School house, 2:30 p. m., Tuesday, January 19th.

Clarendon—Court house, 7:30 p. m., Tuesday, January 19th.

Ashtola—School house, 10 a. m., Wednesday, January 20th.

Jericho—School house, 2:30 p. m., Wednesday, January 20th.

Hedley—School house, 7:30 p. m., Wednesday, January 20th.

"I am holding six meetings because we want to finish this series of meetings in two days," Breedlove said. "These meetings are spaced over the county so that all farmers can attend one of them, and not have to drive but a short distance. This is the year for agriculture to put forth every effort to meet the goals that will be set up and all farmers by perfect co-operation will make this a big year against the Axis by producing food."

After the community meetings the community committeemen will go to all farms and contact the farmers personally and talk over their farm operations with them and help them to work out a plan for the coming year that will help them to meet certain agricultural goals that fits that particular farm. All farmers are urged to attend one of these meetings and get this information so that each person can do his part in this Farm Mobilization Plan of the President of the United States.

## Deadline—

(Continued from Front Page) only use was buying sugar and coffee.

Deadlines for first tire inspectors in the mileage rationing program are January 15 for commercial vehicles and January 31 for passenger cars.

District officials urged motorists to avoid unnecessary rush at the end of the month by getting inspections immediately. Officially designated OPA inspectors are located in every community. Neither gasoline ration books nor tires will be issued in the future to motorists who do not heed the inspection deadline.

Other dates were listed as follows:

Jan. 21—Last date for using No. 3 coupons in "A" mileage rationing books. No. 4 coupons will become valid Jan. 22.

Jan. 31—Last date for issuance of temporary "T" coupons directly by county boards. Beginning Feb. 1, "T" rations will be issued on the basis of ODT certificates of war necessity; last date for obtaining three pounds of sugar with coupon No. 10 in war ration book one.

Feb. 7—Last date for obtaining one pound of coffee with Stamp No. 28, which became valid January 4th.

Mrs. Ray Wilson and daughter Jane of Paducah are visiting her parents, Mr. and Mrs. Cap Lane.

rationing of canned goods will not be set until it has received all forms, books, and instructions and had opportunity to study them.

The new ration book contains four pages of blue stamps and four pages of red stamps. Each page contains 24 stamps lettered and numbered. The numerals 8, 5, 2, and 1 indicate the point value and the letters designate the ration periods when stamps may be used.

## Producers—

(Continued from Front Page) advisory capacity in the 1943 crop year. These men are yours to use in any way in which they can help you. We are doing our best to inform these men so that they can help you by giving you information of what our leaders want, why they want it, and what our numerous programs can do to help you. Their duty is to help you to combine your efforts in this production program so that they will become more effective.

The War Board has appointed a farm Mobilization Committee, which are composed of leaders of Civic and Social Clubs to help to put on programs that will be of interest to you. These programs will be brought to you in most of your communities in the near future by different speakers. Some you probably have heard before and we hope some that you haven't. These programs will be announced at a later date depending on the judgment of your Community Committeemen and the War Board.

Mrs. E. T. Small of Amarillo visited her mother, Mrs. R. M. Morris the week end.

Mr. and Mrs. Hal Riley of Amarillo spent the week end with his mother, Mrs. Hugh Riley and other relatives.

Marvin Jones of Lubbock spent the week end with his mother, Mrs. Joe Jones.

Mrs. McHenry Lane visited her husband, McHenry Lane at Lubbock the week end.

## Theatres—

(Continued from Front Page) record of accomplishment in the effort on the home front. They have done a standout job in the War Bond Drives, in the Salvage Campaign and in the showing of films to publicize important government information and to unite us as a great and powerful nation at war.

Now, these theatres are making another all-out effort. Realizing that unity—the kind of unity that does not sag at the sly whisperings of Quislings and defeatists and that does not falter when the news on the fighting front grows grim—is one of the most vital elements in the Alliance of the United Nations, they now urge us to participate in a week of activities to commemorate an event which will inevitably shape the Peace to come in the post-war world.

The theatres of America are sponsoring United Nations Week so that every man, woman and child will realize with sharp pride

that an amazing array of nations have pooled their resources, manpower and armies for a united offensive against the Axis and are today a formidable bastion of power for our ultimate victory.

Mr. and Mrs. J. W. Hill of Wichita Falls will spend the week end in the home of her parents, Rev. and Mrs. E. L. Moody. Mrs. Hill will remain for a weeks visit.

Mr. and Mrs. Gilbert Bryan and children Jimmy and Gail of Farewell visited friends here the week end.

Mrs. W. P. McConnell of Fort Worth returned to her home Monday after a visit with her brother Mr. and Mrs. Fred Buntin.

Mr. and Mrs. Paul Shelton and daughter Edith of Dumas spent the week end with his sister, Mrs. E. M. Ozier.

David Johnson of Amarillo visited Mrs. Johnson the week end.

# In Appreciation

We wish to take this means to thank our many friends and customers for their business and goodwill shown us while in the Cafe business the past thirteen years. We have enjoyed a fine business during this time and will always remember you who made it possible.
