CITY GAS COMPANY SOLD FOR \$30

BERT SMITH BIDS IN PROPERTY AT COURT SALE

SALE MADE TO SATISFY \$10.48 JUDGMENT IN FAVOR OF R. Y. KING

The Clarendon property of the City Gas Company, a natural gas distribution plan conservatively estimated at approximately \$100,000 value, was sold today at public auction for \$30 to satisfy a \$10.48 judgment and cost returned in justice court, August 2.

Bert Smith, Donley County gin man and shareholder in the Smith Brothers Oil Company of McLean was the successful bidder in the quite sale which was conducted at the court house steps by a precinct constable. Smith refused to make a statement until consultation with his attorneys.

W. H. Penix, Mineral Wells attorney for the gas company, was present at the sale. He immediately left the city, after declaring he had nothing to say for publication. He did, however, make an unofficial statement at the court house saying the court had no jurisdiction in the case.

D. R. Davis, local gas company manager, also declined to make a comment. Davis' attitude was that the company was not greatly alarmed and he indicated the City Gas Company had longtime knowledge of the sale.

The sale was called to satisfy an unpaid judgment returned August 2 by justice W. A. Davis in a suit filed by County Judge R. Y. King. King charged the company with discrimination, saying he was requested to pay a 70-cent per thousand cubic feet rate for his residence supply whereas the franchise issued to the company called for a 10-cent rate reduction in June, 1937. King claimed several other patrons had paid on the 60-cent rate.

Tuesday's court actions has no bearing on the City Gas Company City of Clarendon rate controversy now in litigation. Mayor T. F. Connally said last night, "The judgment and subsequent sale is a personal matter with Mr. King and the Company, and has nothing to do with the Railroad Commission's rate cut order which is now pending before the Texas Court of Civil Appeals. The commission ordered the local rate reduced from 70 to 51 cents per thousand cubic feet and their decision was upheld by the district court of Travis County.

Constable Colie Huffman auctioned the property with Judge R. Y. King, bidding \$29.58, the exact amount of his judgment and cost, and S. W. Lowe entering the \$30 bid for Smith.

WORK ON 2 MILES OF LATERAL ROAD TO START SOON

A WPA farm to market road project opened here Wednesday, although actual work will not begin until the first of next week. G. G. Reeves county commissioner, precinct two, said today.

The approved plans call for two miles of caliche road which will begin at the Heckle/Starck farm and run north. Reeves said, however, that construction would be opened on the second mile, which is at the Sunnyview Park, and go north. After the completion of the second mile, work will commence at the Starck place.

Approximately 68 WPA workers will be used on the job.

SHRINERS WILL ATTEND KHIVA'S FALL CEREMONY

CAMEL HEADERS ROUND-UP TUESDAY NIGHT, NOV. 14 WEDNESDAY BIG DAY

Noble Fred H. Galle, assistant recorder of Khiva Temple, Order of the Mystic Shrine, was in Clarendon Tuesday afternoon contacting local members of Khiva, and making plans for the big Fall ceremonial which takes place in Amarillo on Wednesday, Nov. 15th. Mr. Galle said on Tuesday evening, Nov. 14th, the Camel Headers of the Temple will hold a big round-up, to which all Nobles are invited, and which will begin the festivities.

Dr. L. V. Cradit is the Potentate of Khiva Temple this year, and the arrangements for the 1939 Fall Ceremonial are the most comprehensive planned for any ceremonial in recent years.

F. F. A. Chapter Completes First State Pig Test

The first barrier in the path of local F. F. A. chapter in its effort to win the state swine production contest was closed Saturday when it won the Memphis District Chapter Swine production contest.

The chapter will next compete in the Area One test and then in the state. The state championship brings a cash premium of \$100 awarded by the State Swine Breeders Association.

A summary of the local chapter's program shows that fifty members owned registered sows or gilts during 1939. The chapter owned six registered boars; 339 pigs were shown in the local shows. Over 500 pigs were fed during the year and 101,000 lbs. of pork were produced. Approximately 337,000 pounds of kafir and milo were grown by the boys to feed the pigs.

Armed Bandits Highjack Phillips Service Station Saturday Night

Thus early Saturday night hijacked the Phillips Service Station on West Third Street and with the point of a gun relieved the attendant of his wallet and personal money, rifled the cash drawer and escaped unharmed. The total amount of the loot reached slightly over \$30, according to the attendant, Harry Paul Huck, who said he lost approximately \$11 and the cash register contained about \$20. A safe containing about \$150 was not touched with. Huck was alone at the station at the time of the hold-up.

Clarendon-Memphis Grid Classic Here Friday Night

First Real Taste Of Winter Here Last Week-end

Donley County got its first real taste of winter for the season last week-end when the mercury dipped to eleven degrees below freezing.

The temperature started dropping Thursday and a low of 23 degrees above zero was recorded in the early hours of Friday morning. Saturday morning's coldest period showed a minimum of 21 degrees and Sunday's bright sun pushed the readings higher after a minimum of 27 degrees.

Although the coldest spell for the fall season, a freezing temperature was recorded on October 31 when 32 degrees was reached.

ARMISTICE BADLY MIXED LIKE EGGS OR THANKSGIVING

It all started when everyone was convinced that Clarendon and Memphis would play their annual football game Friday afternoon. The American Legion, justly, wished to specially observe Armistice so a movement was started to petition all stores close from two to five in the afternoon.

The movement advanced far enough for Mayor T. F. Connally to issue a proclamation setting aside Friday as a holiday and asking co-operation from the merchants.

Then the merchants decided not to close. All but the postoffice and the banks who said they were going to close all day Saturday anyway.

The banks went further and announced they would close Thanksgiving also and so that no doubt could remain, they said they would close both Thanksgivings.

Mrs. T. H. Stewart, Mrs. B. E. Yeager and Stewart Lee Yeager of Hobbs, N. M., Mrs. Glen Spears of Denver City, Texas and Mrs. R. F. Rogers of Happy, visited in the T. H. Stewart, Jr., home last week-end.

CLARENDON HAS NOT BEEN VICTORIOUS SINCE 31 TO 19 WIN BACK IN 1933

A pent-up Memphis Cyclone will descend on College Field here Friday night at 8 o'clock and in one of the oldest grid-battles in the history of this section will try to blow the Clarendon High School Bronchos away from any 3-A championship hopes they may entertain.

The Memphis - Clarendon grudge game is an event that has been highlighting the grid seasons for each school as far back as most fans can remember. The contest breaks all rules and regulations for dopsters in that the best team never wins . . . it is always the team that fights hardest.

Decidedly against the Bronchos is their splendid record for the season. The Ponies have shuttled off all opponents, with the exception of Shamrock, in seven starts and rank as one of the best clubs in the lower Panhandle region. Memphis, on the other hand, has been pointing for the Clarendon game since the first whistle of the '39 season.

Although it's useless to try to figure dope on the game, comparative game records show that Clarendon, in seven tilts has rung up a total of 128 points against their opponents 32. Memphis has scored only 52 points in seven games against their foes 103. One of the Cyclones' games, however, was against the class AA Quannah Indians.

Local Bowlers Down Mann's Of Amarillo

Ringing up a total of 2,639 pins for three games the Parsons Brothers bowling team Sunday downed the Mann's Cakes of Amarillo in Amarillo.

The Cakes grabbed the first game 881 to 879 but the Clarendon foursome came back to take the second and third chucker 861 to 840 and 899 to 866, respectively.

Miller of the Amarillo team was high scorer with a total of 590. He was trailed by Gordon Williamson, Clarendon, who topped an aggregate of 561.

Other Clarendon players and their scores were P. E. Gentry, 507; C. Mears, 534; Paul Schull, 519; and B. Mears, 518.

FIVE SUSPENDED SENTENCES ARE GIVEN FRIDAY

In rapid fire trials, Friday, District Judge A. S. Moss assessed five suspended sentences following pleas of guilty, by all defendants, to charges ranging from burglary to drunk driving.

Three Mexicans, Jose Samora, 17, Jose Sustaita, 17, Gilbert Salzer, 19, entered guilty pleas on indictments charging them with burglarizing the M. W. Mosley home near Hedley, October 10. They were each given a three-year suspended sentence.

A two year suspended sentence was given O. A. Scott, 45, charged with driving while intoxicated and Paul Smith received one-year suspended sentence for drunk driving.

The men were indicted by the grand jury which reconvened Thursday.

RED CROSS ROLL CALL BEGINS SATURDAY, NOV. 11

DONLEY COUNTY QUOTA SET AT 400 MEMBERS

EUROPEAN WAR, WORLD DISASTERS NECESSITATES INCREASED ROLL CALL

Donley County's annual Red Cross Roll Call will open Saturday, November 11, and this year local workers will be seeking a quota of 400 members as against the 1938 enrollment of 247.

The increased quota was adopted following an appeal by Harold H. Brown, assistant field director, who met with the local committee last week. Mr. Brown pointed out the enlarged membership was asked due to the added burden on the European War. He cited the reparations of Americans caught by the war in Europe and also the refugee situation in Rumania, where thousands of Poles are destitute.

Mrs. A. T. Jeffries, Roll Call Chairman for the County, says the preliminary plans are well in hand and urges Donley County "not to fail in this challenge. According to Donley County Chairman, Sam M. Braswell, the local chapter has much needed local rehabilitation activities in mind. They will be adopted immediately if sufficient funds are realized through the roll call.

The "Aggies" have embarked upon the largest swine feeding program ever attempted here and by spring 300 pigs are expected to be in top condition.

ENROLL NOW FOR HUMANITY'S SAKE

Saturday of this week marks the beginning of the 1939 Red Cross Roll Call, and affords another opportunity to spend a dollar and put ones-self on record as being totally interested in the welfare of humanity.

The dollar isn't so much, badly needed as it is, but the vast importance to each of us, is whether or not we back up our claims of being personally interested in the lives, welfare and health of our human brotherhood, in times of war, disaster and plague.

Enroll now for humanity's sake.

A THUNDER STORM TO CLEAR THE ATMOSPHERE

That impending appointment of Congressman Marvin Jones to a federal judgeship in the District of Columbia, or some federal plum, is reported to be about ready to break, and while the Panhandle cannot feel that the administration owes Marvin Jones some such settlement for his services, the big thought now in the minds of the voters of the district is, "where do we go from here?" who will fill Marvin's shoes?

Over this district, as in every other district since federal spending became such a big item, there is a very definite feeling that certain populous counties have had the breaks in getting federal construction projects, and other plums, the small counties are in a very definite demand for the next congressman to hail from one of the sections out from the populous centers. Whether this condition is justified or not, that's the way people feel and that's the way most of them will vote in any special election to fill the Marvin Jones vacancy when it appears.

Reducing the matter to plain language in the big district, it means that a huge proportion of the people feel that they must elect a congressman from some other county except Potter if they are to get what they feel belongs to them as a fair share of federal spending.

However, this must be kept in mind, if the smaller counties divide their votes among several "favorite sons," then the candidate that gets the bulk of the heavy Potter county vote, plus the struggling vote over the district is the man who will go to Washington. Granting that the wise voters of Potter will likely center upon one local candidacy, there is absolutely no hope for a candidate hailing from some of the less populous counties, if he is to be checked mated in a half dozen instances by other small county candidates.

Good citizenship will argue that this situation should not exist—that the voters should vote for the most capable man, without regard to his place of residence. This is true, but when there is a number of good men in the field, which now appears most likely, there is hardly an escape from the situation as outlined above. Conditions such as we have experienced in the last six years bring out the selfish, grasping elements in human character—a penalty that cannot be evaded and one of the regrettable features of so much governmental gravy.

Regardless of the outcome, the passing of Marvin Jones and the election of a new congressman, will bring on a thunder-storm which will clear the political atmosphere in the 18th Congressional District.

In our country and in our time no man is worthy the honored name of statesman who does not include the highest practicable education of the people in all his plans of administration.—Horace Mann.

NOBODY'S BUSINESS

AUSTIN — A thirty-day special session of the Legislature, beginning early in January, was regarded by most observers in Austin this week-end as a strong probability, in view of several significant developments. Chief among these was the ordering of special elections in three districts to elect representatives to succeed three House members who have resigned to accept State jobs. No election has been ordered in the Senatorial district served by Senator Clay Cotten of Palestine, who has announced he will quit to take the job formerly held by Olin Colburn, as chief of the gas utilities division of the Railroad Commission. Cotten, however, has been ill, and has not yet offered his resignation, nor qualified in the new post. It is reported here he will delay resigning, and sit as Senator during the special session, if the latter is called soon.

Sales Tax Fight Seen
If Gov. O'Daniel summons the legislators, he is expected to submit social security financing as the only major subject. He likewise is expected to make a drive for a statutory sales tax, as embodied in his bill which he calls a "consumer's tax bill." Opponents of the sales tax, headed by Senator Joe Hill of Henderson in the upper house, are expected to make a strong effort to substitute an omnibus tax bill, including substantially increased levies on natural resources, as the means of financing pensions.

Political strategists here regard O'Daniel's decision to call a session — if he makes it — as of distinct advantage to him in the forthcoming campaign for reelection. If the session raises revenue, he can claim credit for calling the solons; if it fails, he can claim he was thwarted by a recalcitrant legislature in carrying out his extravagant promises to the old folks. If he should fail to call a session, observers here point out, he would be open to considerable criticism by his opponents on the ground that he gave the legislature no opportunity to consider anything but the notorious SJR No. 12, at the regular session, and then refused to let the Legislature meet to consider other methods, when that failed.

Hill Boom For Governor
Sen. Joe Hill, of Henderson, fiery orator and untiring opponent of O'Daniel's sales tax plans, is reported giving serious consideration to running for governor against O'Daniel next summer. Hill is reported to have in-

terested many O'Daniel opponents who feel that it will be difficult for a "professional politician" — meaning one who has made previous races for State office — to defeat the Governor. They feel that Hill's gift of oratory, his command of forceful language, and his effective opposition to the sales tax plans sponsored by O'Daniel and the special interests, made him an effective opposition candidate who might be able to muster strength to oust O'Daniel in 1940.

Connally For Peace
The prominent part played by Texas' junior United States Senator Tom Connally in the special session fight to repeal the arms embargo, and enact the "cash and carry" plan advocated by President Roosevelt, has won admiring comment throughout Texas during the past two weeks. Connally, up for reelection in 1940, had no serious opponent before the special session, and he is even less likely now to

CLARENDON METHODIST CIRCUIT

J. G. Walker, Pastor

We had two real good services at Ashtola Sunday. Had Church Conference in the afternoon. Dropped a good many names from the new roll. This is no turning people out of church. Our law provides that when members are lost eight of for twelve months their names may be dropped from the roll; but if at any time they return and ask for letter, by order of

the Church Conference, their names may be restored and letter granted. In this case they should show evidence of intention to place membership in another church and become active members. Our roll is not so large now; but it looks better. It does not take a large membership to make a live church. We did the same work at Goldston the third Sunday in October. Have all our church rolls now in reasonably good shape. Ashtola only lacks two or three dollars of being out on pastor's salary. We feel sure that they will be out and may be over before Conference. Goldston lacks only eighteen or twenty. They, too, I am sure, will be over the top by Conference. Won't I feel good driving off down towards Lubbock with a full report; and we are sure that all the membership of Clarendon Circuit with our many friends will rejoice with us. Our report on parsonage improvement is good. Our report on additions is fairly good. Our report on Benevolences just perfect. Our report on Spirituality not bad. Now if we can cap it all off with salary reports it will look mighty good for the pastor and the entire Circuit. We can if we will. It is up to you, this pastor has done his best.

THREE BAPTIST CONVENTIONS IN NOVEMBER

ARILENE, SAN ANTONIO ARE EXPECTED TO BE HOST TO HUNDREDS

Baptists of the state will trek to three conferences and conventions in November.

Fifteen hundred college students are expected to attend the Baptist student union convention at Hardin - Simmons University, Abilene, November 3-5.

Ten thousand pastors, laymen, and women will go to San Antonio to attend the Baptist General Convention and its two auxiliary meetings November 12-17. On Thanksgiving Day and the two days following, the Training Union Convention is expected to attract 8,000 young people, their leaders and sponsors. Special rates have been granted by bus and railroads from nearly all sections of the state to these three meetings.

Texas Baptists number 660,000 members in 3,156 churches. Through a state-wide evangelistic campaign launched last year, 90,000 net members united with these churches. This movement spread over the south, then to several foreign countries. Baptists number 12,500,000 in the world and have cooperative mission work in every nation on the globe, regardless of the fact that every Baptist church of any size and location is a separate democratic unit which may cooperate or not, according to the wishes of persons composing that local membership.

Largest out of state shipments of cattle went to Illinois and Iowa; of calves to Illinois and Kansas; of swine to California; and sheep to Kansas and Missouri.

On a rail car basis, 72,570 cars of livestock have moved from Texas during the first nine months of 1939 as against 10,504 during the corresponding period last year.

DUCK SEASON TO OPEN HERE NEXT WEDNESDAY

LAWS ARE NUMEROUS BUT ARE CHANGED LITTLE SINCE LAST YEAR

Duck hunters may oil up their guns next Wednesday when duck hunting season officially opens in this region.

Although duck hunting restrictions would fill a bulging book, the most important laws are as follows:

Limit: (Except Ross' geese and wood ducks on which there are no open seasons) three of one species or not more than three in the aggregate of canvasbacks, redheads, ruddy ducks and buffleheads. Others, limit 10, possession 10.

Persons over 16 years old must obtain duck stamps and have them attached to the back of their state hunting license which must be procured by all over 17 hunting out of the county of residence.

It is unlawful to shoot water fowl over baited areas and to use live decoys. Migratory birds cannot be taken from or by the aid of automobiles or boats. Hunting is limited from 7 a. m. to 4 p. m. Shotguns larger than 10-gauge or holding more than three shells are illegal.

For quick identification: the wood duck makes a whistling sound, has a fattering flight and waves its head as it flies; the bufflehead is small, stock, has swift moving wings and, in flight, conspicuous white patches on wings; the canvasback is white on the body and base of wings and a long bill gives it the appearance of a long neck and head — it is large and swift; the redhead generally flies low over the water and has a dishered forehead; the ruddy duck is distinctly small, has a short tail and skims over the water.

Random Reflections

By DICK COOKE

Despite President Roosevelt's proclamation setting forth November 23 as the official Thanksgiving, Clarendon, along with many other towns, will observe November 30th as their day of thanks. Mayor T. F. Connally today indicated that by next week he would issue a proclamation for November 30th because, he said, most of the schools had planned their holidays for that date. "It seems of no material difference to the merchants," he said, "and many teachers wish to attend the state teachers meeting which has long been set for November 30."

McLean and Shamrock battled to a 7 to 7 tie in an all important 3-A football game Friday night. The game left Clarendon with just one last chance at the district championship for the Irishmen must be stopped by Wellington if the locals win. Too the Bronchos must down Memphis Friday night and that feat will be no easy going.

There can be no tie up for honors now. The tie game left Shamrock one-half game ahead of Clarendon and McLean one-half game behind the locals. If Wellington should beat Shamrock and Clarendon should beat Memphis, Clarendon would be the district champions. On the other hand should Wellington tie Shamrock, Clarendon and Shamrock would also be tied for the championship. . . . should Clarendon beat Memphis.

Representative Marvin Jones was mentioned again as a candidate for a district of Columbia Judge-ship in a story in the New York Times last week. The long delayed appointment must be becoming irksome to several politicians who have been waiting for months to throw their hat into the ring in a race for the congressman's seat. Should Jones resign soon, it would take a whirlwind race to elect a successor. That could easily be a break for the common people, as some deserving man might be chosen before the might of financial backing got in its deadly lick.

In America a child is born free and equal. If in the country, the child comes into the world with two heritages, a nationality. (Irish, English, German, etc.) and the age-old customs of knocking his own small town and his own small town paper.

We used to feel rather badly occasionally until we became to understand this and now if we could get some real clever jokes out about us we could be famous.

A star flashed across the horizon and scarcely has the ink dried on the press notices than "Say have you heard this one about . . ."

During the recent ballyhoo about subsidizing football in colleges the jokers had a field day. Most of the wit was of a naughty nature but occasionally a parlor joke slipped in edgewise. As most of the nice jokes were shunted off to perish from disuse, we feel free to reprint this one, knowing it will be new to the majority.

A college star who had played his last game was weeping bitterly. Quizzed about the tears, the gridster replied.

"Coach, I'm out of a job now, and I can't read or write.

The coach said consolingly: "That's all right, son, you can always get a job coaching football!"

And had the head of the English department of Clarendon High School been on the field after the final whistle in McLean, they would have no doubt been appalled on hearing the squad rejoice. "Boys we done it, we done it." Amos Melton, able sports wri-

YOUNGSTERS WARNED AGAINST MARRING SCENERY AT PARK

To most everybody, especially newspapermen, there, at some time, comes a yen to write for magazines. The head of this department felt that urge once and was getting along famously until, in the third chapter our heroine was forced to walk home in a blinding snowstorm after being ejected from the villain's car. She made the trip all right but the next morning she was confined to her room with a cold and no manner of coaxing or doctoring could bring her around. She pined away and died within the week, a victim of pneumonia, and thus a probable best seller was lost. We carried on bravely for another chapter or two but without a heroine the tale began to limp badly and soon folded completely.

O'Daniel Asks Texans To Support Red Cross Roll Call, Nov. 11-30

"The American National Red Cross will have its annual Roll Call, November 11-30, 1939. Calls upon the Red Cross for service both locally and nationally have been steadily increasing in recent years. It is a great humanitarian organization and must be kept ready to meet whatever demands may be made upon it at home or abroad, in keeping with its traditional policy of meeting needs without prejudice or favor.

"The Red Cross needs the assistance of 75,000 additional volunteers in Texas who will service the organization by offering those among whom they live and among whom they work an opportunity to join the Red Cross and share in its work.

"I urge every Texas citizen who can devote several hours on a voluntary basis on November 11th, or on one or more days immediately thereafter, to offer his services to his local chapter of the Red Cross whose roll call chairman is endeavoring to develop an organization that will make possible the extension of the membership invitation to every man and woman in Texas.

LIBRARY NOTES (By Mrs. C. A. Burton)

Do You remember when Dorothy Scarbrough's "The Wind" created such a furor of indignation? Two West Texas towns passed resolutions against it through their Chambers of Commerce. But people read it and realized its truthfulness — And now it is almost forgotten. But it happened it was about something they could not control. It was like Mark Twain's remark about the weather, "There is more said about it and less done about it than anything else in the world." But I wondered sometimes if much of the indignant protestation was not publication propaganda. And I'm sometimes wondering the same thing about Steinbeck's "Grapes of Wrath." It continues to lead all lists of best sellers everywhere and individuals and libraries continue to ban it. The following quotation from the Wilson Library Bulletin is information: "The Associated Farmers of Kern County, California, urged all organizations in the San Joaquin Valley to approve the ban on 'The Grapes of Wrath' ordered by the Kern County Board of Supervisors. The Board is hoping to put into effect a state-wide ban of the novel in schools and libraries. The principal grounds for the ban in California are political, the farmers feeling that they must act to remove the 'smear' on the good name of Kern County. The book has been banned from a few public libraries in the country. This decision has been challenged by the National Council on Freedom from Censorship, which calls the ban an 'arbitrary subordination of the verdict of the best literary taste of the nation to personal preference.'"

And now the other side of it. A librarian in this same Library Bulletin says: "A book is published by one of our best novelists. It is greeted enthusiastically by critics as one of the most important books of our time. The American people like it so much that it becomes one of the fastest selling titles in our history. 'Grapes of Wrath.' But some libraries have banned it because vulgar words are employed by characters in the books. But vulgar words are in 'Shakespeare' and the 'Bible' and 'Tom Jones' and 'Fanny Hill' and 'The Grapes of Wrath' too — perhaps these libraries ban them too. Librarians who are told they ought to be ashamed to handle such a filthy book may properly answer that of course we are ashamed, terribly ashamed, but not of the book. What we are ashamed of is that it could be written about our country, that it had to be written, that the conditions actually exist. If the ruminations in Washington are any indication, something is going to be done about it. You cannot muzzle a good book. You cannot keep the truth from being told." Perhaps I should add, according to newspaper usage, that "these are the views of the writers and do not necessarily reflect my own opinion."

The 500th Anniversary of the invention of Printing will be celebrated in 1949. In 1649 the earliest printing in America was the Bay Psalm Book by the Stephen Daye Press at Cambridge. One cannot estimate the importance of these facts to the world today.

Canyon is to be congratulated on having Cornelia Otis Skinner this week. Miss Skinner is best known for her modern monologues which originated as entertainment for friends and have since taken her professionally across this continent and to London, where she played four triumphant performances. Besides her stage work she is well known to radio audiences and to newspaper readers and magazine readers. Her monologues have been collected under the titles of "Excuse It, Please," and "Dithers and Jitters," and these two books have been greatly enjoyed by our readers.

At Texas State College for Women this week, Dr. Channing Pollock will speak. Dr. Pollock is a person of astounding versatility and is usually simultaneously engaged in a number of enterprises. He has written thirty-one plays, three novels, a book of essays, about the theatre, poems musical comedies and about 200 songs, besides having traveled extensively and having done much radio work. We have only one of his books — a novel of the World War.

Lloyd C. Douglas's new novel, "Doctor Hudson's Secret Journal," is to be published this month. All of his published stories are on our shelves.

The Southern Literary Messenger is a revival of the periodical once edited by Edgar Allan Poe, and is published in Richmond, Va. The publishers are offering as memorials to Sidney Lanier, three literary awards. One award of \$50 is to be given for the best poetical tribute to

Lanier; another of \$25 for a Petrarchian sonnet on any subject except Lanier; and the third of \$50, for the best interpretation of Lanier or any phase of his life or writings. All of these will be published in the January, 1940, issue of the Messenger.

Van Wyck Brooks whose "The Flowering of New England" was a prize winning history, will have the second volume, "New England's Indian Summer" ready for publication early in 1940.

World affairs of such compelling interest are responsible for many new books of a more serious type. Among these is "The Life and Times of William Howard Taft" by Henry P. Pringle; "How War Came" by Raymond Gram Swing, the radio broadcaster; "New Roads to Riches; In the Other Americas" by Edward Tomlinson; "Incredible Era. The Life and Times of Warren Gamaliel Harding" by Samuel Hopkins Adams; Political Thought; "The European Situation" by J. P. Mayer; "Law and Politics;" "Occasional Papers of Felix Frankfurter," Edited by Archibald Mac Leish and E. F. Prichard, Jr., and "Freedom and Culture" by John Dewey, and many, many others.

FIRST IMPRESSIONS

How does a new-comer feel when he enters your school? It isn't necessarily the school; it is the attitude of that particular person.

Everything and everyone is different. The new student has no friends; different subjects are required; subjects they rejoice that they were through with, they have to take another year. "Oh, to be back at the old home town."

The new students day here, is a total disappointment. No school could equal the one he came from.

As each day passes he becomes accustomed to the rules and regulations of the school. Everyone becomes his friend, and there is a tie between pupil and school that gives the feeling. "There is no place like Clarendon!" "Hurray, for the Bronchos and every organization of the Clarendon High School! I'm for you 100 per cent. I'm one of you now!"

This is how a new student in our school feels.

Take a tip from me. Don't let first impressions form your opinion for you. They are usually wrong, you know.

Madeline Kelly has been a band member for just about a year; and in this short time has nearly mastered her music as anyone in the band. Madeline plays the alto saxophone. We believe this shows that Madeline enjoys the band.

Naomi has been taking on her bell lyre about one year. In this time she has worked very hard. She has had to transpose her music, a very hard task as you will know if you have ever tried it. Since Naomi has done unusually good work, we know she will keep up its quality during her junior and Senior years in high school.

FOOTBALL QUEEN

At last our football queen has been chosen—Geraldine Ryan. She was elected by popular vote for the football boys.

Geraldine Ryan has pretty brown hair and sparkling blue eyes. She is about 5 feet and 3 inches tall and weighs 120. Her personality makes her very popular for she is always full of fun. Gerry — that is her nickname — likes football very much; in fact, she attends every game. She has an active part in the pep squad.

Gerry is a sophomore who makes very good grades. Since she is popular with both teachers and students, the whole school is rejoicing over the excellent choice the football boys have made. We are all very glad that the 1939 football queen is "Gerry Ryan."

BAND NEWS

November 17, the band will sponsor Cal Farley's Flying Dutchman's show. For quite a number of years the band has sponsored this show as an aid to buying music, horns, and uniforms. The Flying Dutchman show is very widely known in the Panhandle. It is an excellent show and draws many where ever it goes.

Among the many acts are "Stuttering Sam and the Maverick Club Boys." The band wishes to urge everyone to come to this show. By coming you will aid the band and at the same time see a good show.

This past Saturday the band closed its rummage sales which had taken place for several weeks in Lowe's old grocery store building. During the time of this sale, the band made one hundred dollars. All of this, which is clear profit, will be a big help to the band.

SOPHOMORE MEETING

The sophomores held their second meeting Monday Nov. 6 at 12:45. The purpose of this meeting was to elect a sophomore queen, and to appoint a committee to decorate the sophomore float. Billy Thornberry, the president, appointed the following students on the committee: Clyde Douglas, Nelda Sue Burton, George Watson, Charles Condon, Leona Pearl McCraw, and Iva Ruth Gibbs. This float is to be in the parade for the homecoming of the ex-college students. The queen, Geraldine Ryan, and her ladies-in-waiting: Geraldine Clayton, Margaret Wadsworth, Naomi Morris and Ida Mae Wiedman, will ride on the float.

PRESS CLUB

The press club held its weekly meeting in Miss Hall's room on November 7. There were fourteen members and Miss Hall present. We have a new member; Callie Mae Gunter, whom we are very glad to add to our club.

After different assignments were given all members present, the meeting was adjourned. Once more we have fallen down in our attendance. We want more members and better attendance. Please come.

JUNIOR NEWS

The Junior Class this week is working very hard in making a float. A committee was appointed by our class president to work on this project which is under way at the present.

We are making a float representing a football field, in the middle of which will be a large "C". Our Class Queen will be represented.

The money to build the float will be raised by the contributions of the Juniors. This float will be finished in time for the big parade Friday afternoon, preceding the Clarendon - Memphis game.

THIS 'N THAT

Wonder what Carl Blackman and Rowena Crutchfield find so interesting in the fourth period study hall.

Rachel Longan seems happy, wonder if it could be the letter from Oklahoma. (George has moved you know).

It's happened again, Billie, Ruth Bulman and Carroll Peabody are that way about each other again.

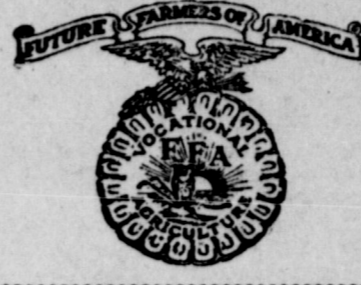

Why does Mary Lee look so glum? Could it be Chuck's threats of joining the army.

Pete Morrow and L. B. Hartzog seem to be the main topic of conversation among the Sophomore girls in the 6th period study hall.

June Miller and Johnny Grady seem to get along swell. What!!

Wonder why Ivon and Robbie Zoe say they're off of the men forever. Could Al and Billy be the cause?

Wonder — To know why Tick he ever think of anyone but himself?

Aid Red Cross Drive

Local F. F. A. chapter members did their part to aid in the annual Red Cross Drive this week by placing the advertising material of the organization. The youths found the merchants of the town quite willing to do this bit by displaying the placards calling attention to the Red Cross needs.

Officers of the local chapter decided to do their bit in helping with the membership drive by paying for a membership for the Clarendon F. F. A. organization.

District Meeting

Carl Morris, chapter president, Rex Moore, and J. R. Gillham, local adviser attended a meeting of the Memphis District F. F. A. and Teachers meeting at Lakeview, Saturday, November 4. The district group set up their objectives for the year, elected district officers, and scored chapters in the swine production contest. Gillham was elected chairman of the teachers organization for the district. The local chapter will elect a member to fill the office of district watchdog at an early date.

Build Self Feeders

Members of the vocational agriculture classes spent the entire past week building hog feeders for patrons and members. The Aggie youths use the feeders in connection with their swine projects and they encourage their patrons to use them as a means of conserving feed and labor. Each year the class members build approximately twenty feeders in class during the ten days they spend building this form of equipment.

Approximately forty five members are now using self feeders in connection with their swine projects. Patrons for whom feeders were built this week are L. T. May, Pink Marshall, Clarence Cobb, George Bagby, and J. J. Sullivan.

Pays To Cooperate

Twenty two Clarendon F. F. A. youths save approximately \$259 two hundred and fifty dollars, this week through cooperative buying of fifty thousand pounds of mlo and kafir. A number of the youths who had made failures in their crop projects were buying their feed retail and they banded together to purchase the feed at fifty cents per hundred under the price they were paying at the feed mills.

Cooperative efforts play a large part in the work of the local F. F. A. chapter. Already this year 25 members were able to make a 1400 mile educational tour, 23 members were able to show and sell 91 head of fat pigs, 45 have secured F. F. A. manuals, pens, parliamentary drill books, 26 members have shown poultry either at Amarillo or Dallas, and a fifty book library has been built up as a result of cooperation of members.

"THE OLD MAID"

One of the outstanding motion picture productions of the new season will be featured as the inaugural production of the Strand's new show season celebration — Bette Davis and Miriam Hopkins in "The Old Maid," which begins its first showing in this City on Saturday, November 11.

"The Old Maid" is Warner Brothers' screen version of Zoe Akins' Pulitzer prize winning stage play.

The picture was produced by the same producer-star director-writer combination that made "Dark Victory" — namely, Warner Bros., Bette Davis, Edmund Goulding and Casey Robinson.

Miss Hopkins, after more than a year of voluntary inactivity, is co-starred with Miss Davis. Other members of the cast who have important parts are George Brent, Jane Bryan, Donald Crisp, Cecelia Loftus and Louise Fazenda.

"The Old Maid," a story by Edith Wharton, first appeared as a serial in Red Book magazine

in 1922; in 1924 it was published as a novel by Appleton and Co. in 1935 it was produced at the Empire Theatre, New York, as a play by Zoe Akins and that year it won the Pulitzer award.

The story deals with two cousins, Charlotte and Della Lovell, who live in the same old house in aristocratic Philadelphia in the period between 1861 when the Civil War broke out and the 1880's. Despite the luxury and wealth with which they are surrounded they hate and envy each other for twenty-odd years.

Dr. Grace Hershinger is spending a ten-day vacation in Denver.

WHAT A HONOR TO BE AN AMERICAN - WHAT A PRIVILEGE !!!

NEVER BEFORE has the privilege of living in this Democracy been valued so highly. Here we are safe, for the time being, at least. There are no bombs dropping from the sky on our cities. We don't have to wear gas masks. We are not herded together like a lot of sheep. Our children are not separated from their parents and sent into the country from thickly settled communities. We are still a free nation. Again we say, "To Be An American, My! What a Privilege!"

1939 FOOTBALL SUBJECT FOR LIONS CLUB

COACHES HUTTO AND WARDEN GIVE LIONS RESUME OF BRONCHO SEASON

Football, the consuming interest of local gridiron fans, was the subject of the program at the Lions Club in their weekly luncheon Tuesday noon at the Hotel Clarendon. The program committee for November, with Lion T. H. Stewart in charge, presented Coaches Emil Hutto and Warden for intimate talks about the Bronchos, their work of the season and the obstacles that lie before in the path to the district championship.

management, the grid squad and the local fans for their hearty support in the uphill work of building a team for CHS. He declared that the 1939 Broncho team was the best team he had ever coached, from the standpoint of attitude and spirit, recalling that in five coaching seasons he had been in the district running four times. He said he never expected to coach anywhere, where the support was more nearly perfect than here in Clarendon. Speaking of the district situation, he mentioned the fact that if Clarendon would fight Memphis down, Friday night, he believed that Wellington would defeat Shamrock, which would mean "Clarendon would be declared district champion for 1939." By way of introduction for Coach Worden who was to continue the football discussion, Coach Hutto said he had worked with three assistant coaches in his experience, but "Coach Worden was the best as-

sistant he had ever had." Coach Worden gave expression to his appreciation of the local support to the team and the coaches, and warned the Bronchos and fans here against any over-confidence about the game with Memphis Friday night under the lights. He declared that the Bronchos could win and would win, if they fought from the start and put all they had into the battle. Visitors for the day were Commissioner G. G. Reeves, and the Rev. E. W. Henshaw, Episcopal rector moved to Clarendon. The Rev. Henshaw is a former Lion having been a member of the Phoenix, Ariz., club, and responded gracefully to his introduction by Lion Robbins. Lion Braswell, speaking for Lion Homer Mulkey in charge of the business district roll call for the Red Cross, urged full support for the 1939 enrollment and read the names of those workers in charge of the enrollment in the several blocks of the town.

SHAMROCK IRISH NEED ONE GAME FOR 3-A FLAG

CLARENDON BRONCOS ONE HALF GAME BEHIND AS McLEAN TIES LEADERS

The McLean Tigers almost threw a wrench in the cogs of district 3-A football Friday night by their 7 to 7 deadlock with the Shamrock Irish failed by half a game to throw the conference in a three-way tie. Should the Tigers have been victorious the league would have been knotted with Shamrock, McLean and Clarendon in the feature roles. As it is, Clarendon trails Shamrock by one-half game and McLean is virtually out of the picture.

Clarendon, with no game for their Bronchos, swelled the McLean stands and the crowd from Donley County almost matched the respective sections of McLean and Shamrock. The local's only hope now is the Friday night contest between Shamrock and Wellington. Shamrock closes its district play with the rejuvenated Skyrockets and it's championship go for the Irish. Should they win, the pennant is all wrapped up for them but should they lose, Clarendon would get the flag. That is if Clarendon can down the Cyclones here Friday night.

PNEUMONIA DEATH RATE COULD BE GREATLY CUT

KNOWING SYMPTOMS GIVES VICTIM BEST CHANCE FOR RECOVERY

AUSTIN—Potential victims of pneumonia, and families concerned, hold one of the keys to reduction of the death rate from this disease, according to Dr. Geo. W. Cox, State Health Officer. It is estimated that each year 25,000 Texans suffer an attack of pneumonia.

As a means of prevention, people should guard against the common cold, neglect of which often leads to pneumonia as a complication. Persons who develop pneumonia will have the best chance for recovery by knowing the symptoms of the disease and placing themselves under treatment promptly after onset of illness. Typical beginning symptoms include a severe chill and fever, stabbing pain in the chest, cough with rust-colored or blood tinged sputum, nausea and vomiting, loss of appetite.

Sudden onset of symptoms as described should cause the patient and members of the family to suspect the possibility of pneumonia. Rusty sputum, usually a sign of inflammation in the lungs, naturally gives rise to the question as to the cause of sickness. Examination of the sputum in a hospital or public health laboratory which serves as a pneumonia typing center, frequently shows the presence and type of the pneumonia germ, and makes clear the exact nature of illness.

Science has found effective means of combatting pneumonia, through the use of proper serum and medicine. To be most effective, these treatments must be given early and after the exact cause of the inflammation has been determined.

During 1938, pneumonia deaths numbering 4,129 were recorded in Texas and it is necessary for all people to arm themselves with knowledge and to cooperate in measures to decrease the pneumonia death toll.

POSTAL RECEIPTS IN TEXAS SHOW GAIN

AUSTIN — Postal receipts for September in 45 Texas towns totaled \$1,328,510, up 3.7 percent over August and 1.7 per cent over September, 1938. The University of Texas Bureau of Business Research has reported.

For the first nine months of 1939, aggregate postal receipts were 3.2 per cent higher than during the corresponding period last year.

Mr. and Mrs. Hundley of Denton are visiting in the W. I. Rains home in Hedley this week. Mr. Hundley was a pioneer cattleman of Donley County but for the past several years has lived in Denton. The Hundleys plan to make their home in this section because of Mr. Hundley's ill-health.

PROFITABLE CONSERVATION

One Chambers County landowner, following the recommendations of Game Department managers, is flooding 20,000 acres of marshland by means of wells he has drilled and plans to make more money from his leasing of the land to duck hunters than he will through all other means on his other landholdings. He planted \$200 worth of seed to produce plants for duck food last spring and the Game Department is watching the experiment with considerable interest. Last year, without the aid of additional plantings, the owner cleared \$2,000 the first two days of the duck hunting season. Dry weather forced him to flood his marshes, but the cost was negligible considering the profits he expects to take.

Mrs. Eugene Coats of Los Angeles, California, visited with her parents, Mr. and Mrs. J. F. Randall in Hedley, last week. Homer Mulkey attended a meeting of the Texas Motion Picture Exhibitors in Dallas the first of the week.
