## Donley's Victory Festival To Be Staged At College Stadium Tomorrow Night

### Donley Far Behind In War Bond Purchasing Over 650 In Cast Of Patriotic Show

Declaring that the United States is fighting this war for her very existence as a nation, Judge W. T. Link brought down hard the importance of buying war bonds in a rally speech here Saturday afternoon.

Link's address came at a time when Donley County was lagging fearfully behind in the drive to subscribe \$208,000 by the end of April, a possibility which grows even more remote daily.

Link pointed out that the thirteen billion dollars asked by the government has a proportionate figure of about \$100 per capita, and stressed the fact that by the end of this year the per capita cost would reach \$800 for every man, woman and child.

Explaining that modern wars are mechanical wars and that the nation with the most equipment would win, he cited the condition of Poland, Belgium, Holland, Jugoslavia, Greece, France and Norway as an example of countries which had not gone all out in their pre-war effort.

"Probably no nation in world's history, ancient or modern, has taken as much territory as has Japan since Pearl Harbor," the attorney said, adding that more territorial gains for the Axis would constitute a threat to the foundations of our nation and that this situation would surely exist should the American people fail to supply arms and equipment by their lack of bond buying.

Judge Link also warned that "Uncle Sam has a way of getting the money: if we don't buy bonds voluntarily we might be assessed according to our respective abilities and forced to buy bonds."

In his plea for full cooperation, Link pointed out that the \$208,000 quota for Donley County was less than 10 per cent of the money on deposits in local banks.

A concert by the Clarendon High School Band preceded Link's address.

Meanwhile county bond chairman J. R. Porter was pessimistic over the outcome of the drive. Up to and including last night, only \$91,500 in bonds had been purchased. The figure represents the maturity value of the bonds with the actual cash outlay being \$73,200.

Basing his doubts as to Donley's ability of reaching the goal, Porter declared that in order to reach the quota, sales would have to average around \$16,642 a day for the next seven days. The sales are still \$116,500 short of the \$208,000 quota, he declared.

Rallying to the cause, the citizens of Hedley will hold a bond drive rally at Hedley tonight.

### FUNERAL SERVICES FOR MRS. LOVELL HELD SATURDAY

RESIDENT OF CLARENDON  
FOR MANY YEARS DIES  
HERE LAST FRIDAY

Funeral services for Mrs. S. H. Lovell, 72, who died at her home here last Friday, were held at the First Methodist Church in Clarendon Saturday morning at 10:30 o'clock.

The Rev. J. O. Quattlebaum was in charge of the service. Mrs. Lovell had been a resident of this section for twenty-nine years and while a resident of Clarendon had been a prominent member of the Methodist Church.

Mrs. Lovell was born in Mississippi on December 31, 1870. She is survived by a son, Earl F. Lovell of Hereford and a daughter, Mrs. Clark Russell of McKinney.

Burial was in the Citizens Cemetery with Buntin Funeral Home in charge.

Mr. and Mrs. Joe Goldston were in Amarillo Sunday visiting the Zed Doshire's.

### MRS. B. L. JENKINS DIES SUDDENLY IN DALLAS SUNDAY

PROMINENT CLARENDON  
CLUB MEMBER WILL BE  
BURIED HERE FRIDAY

Mrs. B. L. Jenkins, prominent Clarendon Club member, died early Sunday morning in a Dallas hospital following a brief illness.

Funeral services will be held in Clarendon Friday afternoon at 2:30 o'clock at the First Methodist Church with the Rev. J. O. Quattlebaum officiating.

The body will arrive here Thursday night and will lie in state at the family home on College Avenue until shortly before the funeral. The casket will not be opened during the funeral services.

Death came to Mrs. Jenkins as the result of pneumonia at 6:30 Friday morning. She had been ill only a few days. Her husband, a pioneer Clarendon physician, was also ill in a Fort Worth hospital.

Mrs. Jenkins was the daughter of Mr. and Mrs. W. G. Buxter of Brenham where she was born January 12, 1873. She was married to Dr. Jenkins on June 12, 1894.

A resident of Clarendon for thirty-three years, Mrs. Jenkins moved to Clarendon from Strawn, Texas, in 1910.

Besides her club work, Mrs. Jenkins was an active worker of the Win-One Sunday School Class of the Methodist Church and a diligent worker in the American Red Cross.

Besides her husband she is survived by two sons, Dr. Oscar Jenkins of Dallas and B. L. Jenkins, Jr., of Amarillo and two grandchildren, Margaret Jenkins and Britt Jenkins.

Mrs. Jenkins is also survived by one sister and four brothers.

PVT. DON TOMLINSON'S DEATH OR CAPTURE IS ANOTHER CHALLENGE TO DONLEY COUNTY CITIZENS TO BUY MORE AND MORE WAR BONDS IN ORDER THAT VICTORY MAY BE HASTENED AND TRAGEDIES IN OUR HOMES BE KEPT AT A MINIMUM.

### School Teachers Are Re-Elected

The entire staff of the Clarendon public schools and Clarendon Junior College was re-elected at a meeting of the school board last week. J. R. Porter, board president, announced this week.

No new teachers were added.

### RAILROAD OFFERS 25,000 ACRES FOR GARDEN

Free use of an estimated 25,000 acres of arable land for the cultivation of Victory gardens was offered today to garden clubs, individuals and railroad employes by the Burlington lines. The lands are located along the Burlington rights of way. President Ralph Budd of the Burlington lines, who is a Trustee of the National Victory Gardening, trained to keep the

FIRST PICTURES OF BOMBED ITALY

GENOA, ITALY—PASSED BY CENSORS—In one of the first pictures to reach this country of bombed Italy, a labor corps of the "Servizio Lavoro" marches through ruins in a street on the Italian Riviera on their way to clear up the debris after the bombing of Genoa. The "Servizio Lavoro" has been organized in Italy to carry on demolition and repair work after RAF raids. So devastating are the RAF raids that it is necessary to make these workers mobile and draft them from inland places to large cities, targets of the RAF raids.

### Meeting With Wholesale And Retail Food Dealers Scheduled For May 7

The Donley County War Price and Rationing Board, today announced that on Friday, May 7, a meeting will be held at 8:30 p. m. in Clarendon Court House with representatives of retail and wholesale food dealers.

This meeting will be conducted by Mr. H. Theodore Gehring, price specialist of the Lubbock District office, of the Office of Price Administration, who will explain and discuss in detail the provisions of the new simplified food regulations.

As this is a matter of paramount importance, all those engaged in the wholesale and retail food business are urged to attend, and to bring up at the meeting any problems which they have. The board said, this is an unusual opportunity for the merchants concerned to get first hand information on a subject which vitally affects their business.

### Patriotic Skit Is Highlight of Lions Luncheon

A patriotic skit, aimed at promoting the sale of war bonds, was the highlight of the weekly Lions Club luncheon program at the First Christian Church Tuesday.

Harold Donnell and Victor Smith ably portrayed the characters of two soldiers in a fox hole with the playlet reflecting what the boys are sacrificing for America and the need for unlimited support on the home front.

Lion R. E. Drennan announced the Victory Festival which will be held at the College Field Friday night, and W. H. Patrick announced a Masonic meeting.

### AT FUNERAL

Mr. and Mrs. Kirk Doshier, Mrs. Frank Frey and Mr. and Mrs. Leck Goldston, attended the funeral of Dorothy Latham in Amarillo Sunday.

den institute, said the development of "Burlington Victory Garden Clubs" at various points and other locations where considerable numbers of Burlington employes are located.

All that is necessary to secure a right of way plot is to obtain an application blank

### R. W. TALLEY BURIED HERE

R. W. Talley, pioneer Clarendon resident, who died at the home of a daughter in Ardmore, Oklahoma, last week, was buried in Clarendon after funeral services in the Oklahoma town.

Mr. Talley had been in failing health for several years.

Details of the funeral could not be learned by The News. A long time resident of Clarendon, Mr. Talley still owned property here at the time of his death.

### VICTORY GARDENS WILL COMPETE AS TROOPS IN WAR

COLLEGE STATION — Victory gardens at home will compete this year with soldiers' camps on distant battle fronts for the available supply of some insecticides.

The fighting men must have first choice, and folks at home must use carefully what they have.

According to Dr. H. G. Johnston, entomologist for the A. and M. College extension service, not as much pyrethrum and rotenone as farmers could use will be available. These emulphs have become popular because they kill insects without leaving objectionable residues. The army needs millions of pounds of pyrethrum to protect soldiers against mosquitoes and other disease-bearing insects. Moreover, imports of pyrethrum and rotenone

### Missing In African War

Don Tomlinson, a Donley County farm boy is missing in action in the African war theatre.

His mother, Mrs. M. M. Tomlinson of Lelia Lake, was informed by the War Department this week, that Pvt. Tomlinson had been missing since March 31, only a few days over a year since he entered the army.

No details were disclosed by the War Department.

Pvt. Tomlinson was a member of a tank unit and had been in service in Africa for several months. He had been overseas since about June of last year, sailing only three months after entering the army on March 15, 1942.

Pvt. Tomlinson was born at

Lelia Lake in September, 1909, and lived in Donley County all of his life before entering the service.

Other members of Pvt. Tomlinson's family are his sisters, Mrs. L. B. Chunn of Plainview, Mrs. Howard King, Lelia Lake and D. M. Cook, of Lelia Lake and two brothers, Dick Tomlinson and Sam R. Tomlinson of Lelia Lake.

Donley County's Victory Festival, the largest pageant ever attempted in Clarendon, will be presented at the College Park Friday night at 9 o'clock.

With a cast of 600 school students and fifty adults from business firms, the pageant will depict Donley County's contributions to the War Effort.

The show will open with a concert by The Clarendon High School band and after the last number Uncle Sam enters.

Three queens, one for each of the school, come in attended by their royal courts. Uncle Sam crowns the queens.

Representatives from the various essential activities that are aiding the war effort take their place with Uncle Sam.

The intensely interesting script with explanations, will be read over the public address system by R. E. Drennan.

Many beautiful numbers ensue as units of entertainment before Uncle Sam and his royal court.

There will be teams and Folk dances by the lowest elementary grades. Then a lovely waltz by Senior High and Junior College girls. This is followed by interesting stunts, games and dances by the junior high school students. Then a flag drill by the fifth and sixth grades, a cleverly danced shottische and rope jumping act is next given by members of the senior high school.

The colored school activities are represented by the entire enrollment of that school in games and dancing.

The great number in the presentation is the military drill which is just preceding the finale. The number must be seen for it cannot be described.

Most dramatic moment of the show is the finale with the rising of the beautiful American flag which is seventy feet long and forty feet wide.

The Star Spangled Banner and the Pledge of Allegiance, close the program.

### GAS PUMP WRECKED IN EXPLOSION LAST NIGHT

A gasoline pump at the Rhodes & Roach station on main street exploded last night without serious damage.

No explanation could be given as the station was closed at the time.

The blast occurred about 10:30 last night and persons in the lobby of the Antro Hotel, directly across the street, said they saw no one near the pump.

Fireman quickly extinguished the blaze which had not spread beyond the twisted pump.

### SCHOOLS BUY JEEPS IN BOND AND STAMP SALE

Although a clear report on the Clarendon schools' Jeep campaign was not forthcoming today, the seventh grade alone has sold stamps for \$23,000 and the high school and junior college \$4,656.85.

For every \$900 the schools are credited with buying one jeep.

### ATTENDING MEETING

Those attending the Baptist Association Worker's Council Thursday night at Ell were Rev. and Mrs. E. L. Moody, Mrs. Lola Barnes, Mrs. A. W. Simpson, Mrs. Hattie Wallace and Mrs. Van Kennedy.

one, which are not harmful to human beings, are smaller than had been expected.

W. S. Carlisle of Amarillo was here over the week-end visiting with friends.

### DEATH STRIKES AT FAST THINNING PIOEER RANKS

CHARLES F. HEISLER WHO  
BEGAN WORK ON JA RANCH  
IN 1851 DIES MONDAY

Death struck at the rapidly thinning ranks of Donley county's old time cattlemen again Monday when Charles F. Heisler, JA cowboy in the days when wire fences were uncommon, died at the home of a son, Watt Heisler in Wayside, Texas.

Mr. Heisler, seventy-nine years old, died after a lingering illness. Death came at five o'clock Monday afternoon.

Funeral services were held at the First Baptist Church in Clarendon Wednesday afternoon at 2 o'clock. The Rev. E. L. Moody, pastor officiated assisted by the Rev. Marvin Menafes.

Born in the state of Alabama, October 26, 1869, Mr. Heisler came to Texas at an early age and began work on the JA ranch in 1881. He was employed by the ranch for 32 years, having retired from active service. For the past several years he has been making his home with his son in Wayside.

Besides his son, Mr. Heisler is survived by three grandchildren, Charles and Mary Kate Bourland and Pvt. Bill Heisler. Pallbearers for the funeral were Eddie Mahler, A. L. Stevens, Chester Burnett, Roy McMurry, Edgar Patching, and Don Grady.

Interment was in the Citizens Cemetery in Clarendon with Buntin Funeral Home in charge.

### LOWER POINT VALUE ON SOUP AND VARIOUS ITEMS

Announcement of the new point table, expected the latter part of next week is expected to reveal an increase in the five-point value of hamburger and a lowering of the point values of ham and bony cuts, such as sparribs, which have not been moving into consumers hands.

The cut on frozen fruits, vegetables and soups becomes effective at 12:01 a. m. today.

All kinds of frozen fruits were reduced from 13 points per pound to six points. Frozen baked beans were cut from eight points to four points per pound, while peas and all other frozen vegetables were reduced from 10 points to four points for a 12-ounce container.

### Sister of Mayor T. F. Connally Dies At Waco

Mayor T. F. Connally returned home this week from Waco where he attended the funeral services for his sister, Mrs. T. W. Gaddy held Sunday.

Mrs. Gaddy died at her home near Waco last Saturday. She was the only sister of the Clarendon Mayor who had nine brothers.

Mr. and Mrs. M. M. Morris and daughter Shirley Ann of Memphis were week end guests of Mr. and Mrs. C. E. Lindsey.

## SPIN THE WHEEL AND WIN

John Darr suggests a painless way to finance the war in his article, SPIN THE WHEEL AND WIN, in the May issue of ESQUIRE magazine, by conducting a Federal Lottery. According to Mr. Darr, if this sort of a lottery were put into effect, the Government would profit . . . weary civilians would enjoy the fun . . . and nobody's baby would go without shoes. In fact, Hitler would be the only loser. Backing up his argument, Mr. Darr points out that many early American institutions were financed by pioneers through lotteries. These include Yale, Harvard, Columbia and Princeton universities. After the Revolutionary War John Adams and Benjamin Franklin engineered a Federal lottery and saved the country's credit and its honor.

In outline, a Federal war-fund lottery could be quite simple, according to ESQUIRE. Ignoring the method by which the winning numbers would be established, such a proposal can best be visualized in "units." Assume that a unit is 1,000,000 tickets, to be sold at \$5.00 each. The million tickets' sale would bring to the Government \$5,000,000. Interest at 2 per cent (approximately the rate the Government is paying on the present series of War Bonds) on \$5,000,000 for five years is \$500,000. For each 1,000,000-ticket unit, this \$500,000 would be set aside for the prizes, which would be paid in the present series bonds. Such a plan would provide that the counterfoil of every ticket . . . the receipt stub . . . could be cashed with the Government at its face value (\$5) at any time five years after the date of its purchase. Thus, while the ticket-purchaser would not hazard his principal, the Government, at a cost of 2 per cent would have, for five years, the use of \$5,000,000. (The tickets, redeemable at par, would be non-interest bearing.)

Now let's take the million-ticket unit and expand it, says ESQUIRE. Assume that postoffices, banks, and other authorized outlets would sell 20,000,000 Federal lottery tickets a day. Twenty million tickets would pour \$100,000,000 into the Federal Treasury; and that, multiplied by 300 (the working days of a year) would yield an annual aggregate of \$30,000,000,000. That figure, points out ESQUIRE, besides representing a potent help to the government, approaches the difference between the spendability of our people under a war economy and our national income . . . a margin that must be neutralized to avoid inflation.

Although they would be redeemable after five years, the ticket-counterfoils, duly registered in the purchasers' names, would be non-negotiable, continues ESQUIRE. Hence they could not circulate as money and increase inflation. To sum up the advantages:

1. Such a plan would help the Government finance the war.
  2. It would fight inflation.
  3. It would guard everyone (the Government and the ticket-buying participants) against loss
  4. By providing for the redemption of counterfoils after five years, it would set up a new inducement to the people to save.
- It would broaden tremendously the public's financial

They say it has something to do with the Victory effort!

participation in the war effort.

6. By offering the public the inducement of great potential gain, it would enable us to help pay for the war and derive from the process some measure of excitement. And, concludes ESQUIRE, in these times a little fun won't hurt us.

## OUR FOOD PROBLEM

By FRANK GANNETT  
Rochester (N. Y.) Times

America's outstanding problem at this moment is food. Every one is beginning to find it difficult to get various kinds of food. Food is the main topic of conversation everywhere.

The distressing feature of the situation is that there is no relief in sight. Instead conditions will grow worse. The public does not yet understand how critical the situation has become, or how bad it is going to be.

One economist who knows much about the situation recently said that if we should have bad weather this coming summer, we might have food riots by this time next year.

Food is absolutely essential for our army, our war workers, for our producers in all lines. Our people must be fed. Furthermore, there is a great demand for food for our Allies, so that they may better help win the war.

We cannot win this war without food. It is as necessary as guns, ships and tanks. All of us would gladly deprive ourselves of all food that we do not absolutely need for our existence, if that would hasten victory in the war. As bothersome as regulations are today and as frequent as is our inability to buy the food we want, the food situation has not improved.

In 1942 a crop production record was established. We had several good growing seasons. This meant an accumulation of many varieties of food and also a great supply of livestock. It takes two or three years to develop a market, cattle, sheep, hogs and other food-supplying animals, we must have an abundant supply of grains and proteins. For instance it takes seven pounds of corn to give us one pound of pork.

The time is not far off when we will not have enough food to supply both animals and humans beings. This means our meat supply will dwindle rapidly, whatever may be the production of grains this year.

As a result of last year's favorable weather conditions the nation's elevators re warehouses and the farmer's storehouse and barns were well stocked and filled.

It is difficult to visualize what will happen to the millions of people in our cities when the supply of canned goods is exhausted. It has been said that New York City, for instance, has on hand at any time, only enough food for a week. When the people living in apartments can no longer get canned goods, when meats are out of question and the supply of fresh vegetables dwindles because of the increased demands for them, it is likely that millions of people in the metropolis will go hungry before many months pass.

Yes, as I said before, food riots may be possible within the year.

## KEEP THEM ROLLING

Credit is due largely to the oil industry for keeping pleasure cars on the road. It spearheaded a campaign which collected nearly half a million tons of scrap rubber. A million men and women of the oil business, together with the industry's trucks and 400,000 filling stations, did the job.

Said Petroleum Administrator Ickes: "The results are now history . . . My thought at this time, however, is that I earnestly hope that, because it is history, the campaign will not be forgotten. I hope the American public may realize, and appreciate, the fact that the recaps which they are getting were made possible because of that scrap rubber drive of last summer."

# Town and Farm In Wartime...

## MEAT CEILINGS POSTPONED

Maximum prices on beef, veal, lamb, and mutton sold at retail will not become effective until May 17, OPA suspended ceilings scheduled to go into effect April 15 in order to be sure that the prices were in line with other living costs.

## RAISE CORN PRICES

A ceiling price on corn five cents per bushel higher than present maximums, established April 14, will be effective until September 30, 1943. According to OPA, which acted upon instructions from Stabilization Director Byrnes and Food Administrator Davis, there will be no further increases in corn prices during the 1943 market season. The price raise is designed to relieve the present acute market shortage of corn for livestock feeding and industrial processing.

## NEW RULES OF SELECTIVE SERVICE

Chief effect of the recent changes in selective service classifications is the elimination of dependency deferment except for:

- (1) Those who maintain bona fide homes with children.
- (2) Those whose induction would cause extreme hardship to a wife, child or parent, and
- (3) Those with dependents who are necessary to and regularly engaged in agriculture.

Men formerly classified in III-A and III-B who had been deferred because of dependents will be reconsidered. Class III-B is eliminated entirely. A child born after September 14, 1942, is not recognized as a "dependent" in classifying a registrant in Class III-A. The new classification, III-D, will contain all men whose induction, in the opinion of their local boards, would create extreme hardship or privation for a dependent wife, child, or parent.

## WAR COSTS GO HIGHER

A new high of more than 7 billion dollars was reached in war expenditures during March, when the average amount spent each day was \$263,400,000. To meet these mounting costs of war, Secretary of the Treasury Morgenthau recently disclosed that the 13 billion dollar second war loan is part of 70 billion dollars that must be raised during 1943. "This is a people's war, so all the people ought to have a part in financing it," said the secretary as he warned that "ten per cent is not enough."

## FARMERS WHO SELL TO RETAILERS

A farmer who sells butter, lard, or any other rationed food to a retailer must collect ration points for the sale, just as he has done in selling to consumers since March 29. All farm sales must be made at current point values and stamps collected must be turned in to local ration boards with a report made on OPA Form R-169. This form will be available to all local boards during the last week in April. The first report is due during the first fifteen days of May and will cover sales made between March 29 and the end of April.

## WOMEN'S LANE ARMY

A women's land army of about 60,000 city and town women will be recruited, as a part of the U. S. Crop Corps, to help meet the farm labor shortage. Ten thousand of these women are expected to enroll for year-round farm work and about 50,000 for seasonal work for one month or more. Three hundred thousand women will be placed by county agricultural agents for short-time emergency jobs on farms—women who can spare weekends, a few days, or a few weeks, women who wish to contribute their services should await the local call.

## SUGAR FOR CANNING

Sugar for home canning of 1943 fruit crops will be available to housewives on approximately the same basis as last season. No deduction of blue stamps will be made from war ration book two for canning sugar. Details of the program will be issued within the next few days.

## FARM VALUES UP

Farm real estate values on March 1, 1943, showed an increase of nine per cent over last year. This is the most substantial gain that has occurred since 1920. Land value increases during the past year were widespread, with some advance reported for each of the 48 states.

## JOB FOR RADIO "HAMS"

Radio "hams" formerly banned from the air because of the war,

make travel easier and safer in bad weather.

## FRESH VEGETABLE CEILINGS

Price control on seven fresh vegetables will be established on a national basis April 22, supplanting present regional control, the OPA has announced. Retail ceilings for cabbage, carrots, lettuce, peas, snap beans, spinach and tomatoes will be set through the retailers' net cost. For each vegetable except cabbage the retailer will determine his ceilings by multiplying his net cost by 1.39. Spoilage on cabbage is greater and its mark-up will vary from 1.50 to 1.65 according to the class of retailer. Store operators will determine their ceilings each Thursday by applying given markups to the net cost of the vegetable based on the largest single purchase of the preceding week.

## SAFE CANNING METHODS

The steam pressure canner is the only method recommended by the U. S. department of agriculture for preserving certain types of vegetables. Such vegetables as bean, peas, corn, spinach, and asparagus, as well as meats, should be cooked in a steam pressure canner to kill organisms which cause food to spoil. Fruits and tomatoes, rhubarb, and pickled beets may be safely canned by the boiling water-bath method. To be safe, these products should be boiled for at least ten minutes before they are eaten or tasted, even though there is no sign of spoilage when the jar is opened.

## SHOE LEATHER RELEASED

Certain types of leather, which had been frozen, have been released by WPB for the manufacture of shoes. As a result of the action, more than one million pairs of women's and girl's shoes are expected to be made from genuine and imitation reptile leather. Natural colored retan leather was also released, and manufacture of leather bows for shoes prohibited.

## HIGHER SUPPORT PRICES

Support prices for dry beans, dry peas, peanuts, soy beans and flax-seed have been raised. Payments have also been announced for Irish potatoes and truck crops for production between 90 per cent and 110 per cent of farm goals.

## REVISED TIRE REGULATIONS

Tire rationing regulations have been tightened to prevent bootlegging and violations of tire inspection requirements. Changes ordered by OPA are: (1) Tire inspection record must be kept in the vehicle while it is in operation. (2) Tire inspectors will report serial irregularities to the local rationing board. (3) If an applicant does not have a tire inspection record showing all inspection requirements completed, the local board may grant his application if an inspection was made 60 days before the application was filed. (4) Dealers need not hold tires turned in for 30 days as now required if, before that time elapses, the tires are examined by an OPA representative and their disposal authorized.

## "ON THE FARM" WIRING

Farmers can now install farmstead wiring for operation of equipment at the same time utility service connections are being made. A farmer eligible for electric service under order U.I.-C, and who has been certified by his USDA county war board, can purchase up to 75 pounds of wire, plus necessary accessories, from any supplier, and is granted a preference rating of AA-3 to obtain it.

## POINT VALUES LOWERED

Because some perishable meat products were moving very slowly OPA reduced by one or two points the ration values of sausage (including wieners, bologna, pork sausage), chitterlings, hams, dry and semi-dry sausages—such as hard salami, hard cervelat, pepperoni, soft salami, thuringer, and mortadella—were not affected by the action.

## WOOLEN FABRIC PRODUCTION

Production of woolen and worsted fabrics in 1942 reached a new all-time high of 525,000,000 linear yards. This is almost 50 per cent greater than in 1939. WPB has doubled wool quotas for essential civilian fabrics which is expected to make an additional 75,000,000 pounds of wool available for civilian needs. This is further assurance that there will be adequate supplies of clothing for civilians during the fall and winter of this year.

## ONION, POTATO MAXIMUMS RAISED

Maximum prices on dry onions and white potatoes of the late 1942 crop for sales during May and June, 1943, will be ten cents higher than in April. The OPA has announced. The change in price is designed to spread available supplies evenly over the next three months.

## TIRES FOR VETERINARIANS

Farm veterinarians can now get new tires as replacements even when the casings on their cars are recappable, according to O. P. A. They are also eligible for two mud and snow tires, in addition to their ordinary tires, to

## EXEMPT SMALL SALES

A farmer who sells not more than \$75 worth of foods per month to country shippers or to consumers is exempt from price control recently established for seven fresh vegetables. If the farmer is a country shipper, he is subject to the price regulations.

## CAFE CEILINGS IMMINENT

District OPA offices have been granted the authority to fix ceiling prices for food and beverages served by restaurants, cafeterias, hotels and other eating and drinking establishments. The base period for such establishments is April 4-10 and each firm must file its menu or price list with local war price and rationing boards by May 1.

## APPLICATIONS BEING TAKEN

Applications are now being taken from restaurant and cafe operators by local war price and rationing boards for their May and June food allotment certificates. Applications may be made by letter since no forms are yet available.

## COTTON LOANS SOAR

Through April 10, the commodity credit corporation had made 1,564,972 loans on 2,979,003 bales of the 1942 cotton crop, it was announced by the department of agriculture.

The late Hick Halcomb, a picturesque individual if there ever was one (and a good friend of mine), used to tell about a candidate for district attorney who came to him for advice in a hard-fought campaign. Hick said, "Why don't you ask your opponent where he was on the night of March 19, 1936?" The candidate inquired, "But where was he?" Hick replied, "Thunder, I don't know—but he won't remember, either."

Buck Bailey is, and has been for years, line coach of Washington State. When I knew him, he was a young athlete, starring as catcher of the Brady baseball team a long time ago. Managing the club was Bert Maxwell, who pitched for Brooklyn, Naturlaly all the players had a profound respect for the ability of the former big leaguer—but Buck went beyond this and believed implicitly anything that Maxwell might say so long as the manager kept a straight face.

Former Rep. Bailey Jones of Austin (who was on the Brady team) relates that one day as the club came in for its last time at bat, Brady was two runs behind and Buck Bailey said, "Well, Coach, it looks like they've got us." Maxwell said solemnly, "Not at all—Jack Hampton is going to lead off with a single; Bailey Jones will hit a double and then you'll bring them both in with a home run, giving us three scores and the ball game."

Buck said, "That would do it all right."

Hampton didn't open the inning with a single but he did get a base on balls, and that amounted to the same thing. Jones smashed a two-bagger and there were the two runners on base, just as Manager Maxwell had said. Buck strode to the plate, swinging three bats; tossed two of the sticks aside; planted his feet firmly, swung at the first pitch—and knocked it over the fence to score three runs and win the old ball game.

As Buck completed his trot around the bases, he looked over to the bench and yelled, "Well, Coach, it worked, didn't it?"

FARMERS MUST DO DOUBLE FEEDING JOB.

Not Only Must They Supply Food For The United Nations' Fighting Machine, But They Must Also Supply Food In The Form Of Scrap For Weapons of War.

In the first six months of 1943, 3,000,000 tons of scrap metals are being sought from American farmers by the salvage division, WPB, at the request of Chairman Donald M. Nelson. This means that every farm in the United States must collect and turn in an average of 1,000 pounds before July 1.

scrap piles in communities throughout the country despite any rumors to the contrary.

Reports from many of the nation's steel producing centers indicate that many mill inventories are dropping rapidly. Another crucial scrap shortage is expected despite the improvement in the over-all situation during the latter part of 1942. 1942 campaigns skimmed the cream of the farm and home scrap crop, but the farmers of the nation must dig much deeper in 1943 to assure capacity steel mill operation.

The American farmer, second only to industry as a source of heavy scrap, is being counted on for a large proportion of this year's supplies. Every ton of farm scrap is needed in order to enable the war production program to meet the president's demand for more arms and equipment for the United Nations' war machine.

Mr. Nelson asks editors to push the drive for farm scrap and to use their influence to hearten the activities of the thousands of volunteer salvage committees.

Scrap dealers who played such an important part in processing and moving the huge quantities of scrap collected in 1942 are beginning to show anxiety over 1943 prospects. They fear that smaller tonnages will be forthcoming because of the erroneous general feeling that plenty of scrap was accumulated in 1942 campaigns.

The falsity of the rumor that there will be "plenty of scrap" is apparent when some of the following reasons for shortage are considered:

New steel producing capacity will require scrap and pig iron heretofore available to other consumers.

The dormant scrap program in industry may not yield as much tonnage as was hoped for because, generally speaking, new machines are not available to replace old ones which in normal times would be scrapped.

Overseas ingot shipments carry with them the by-product production scrap normally available to domestic mills.

Auto graveyards are receiving and therefore producing far less scrap than during new car manufacturing periods.

The fact that the manufacture of farm equipment is curtailed makes farmers hesitant to scrap machinery which might eventually "come in handy". The current farm scrap yield can be said to be "almost non-recurring."

So-called special projects — buildings, bridges, rails, etc. — are non-recurring. Almost obsolete structures which might normally be scrapped are being repaired and preserved for the duration.

The current wartime manufacture of ships, guns and tanks, unlike the peacetime manufacture of automobiles, refrigerators, etc., becomes somebody else's scrap overseas instead of being returned as scrap to our own mills.

Some idea of the terrific rate at which scrap is being consumed is indicated by the fact that steel mills need approximately 1,000,000 tons of scrap per week in order to operate at capacity.

This tremendous consuming figure shows how little in relation to the need the farmer is asked to produce in the first six months of 1943.

The task of collecting scrap is far from finished. Until our fighting forces are victorious it will be necessary to continue to support them with mountains of scrap.

THE 2ND WAR LOAN DRIVE IS ON!

Winner Take All!

There is one stark and simple fact about war which you had better get straight...and quickly, too THERE IS NO SECOND PLACE IN A WAR—IT'S EITHER WIN OR LOSE!

This war is being fought for tremendous stakes... for your life and your liberty. for your church and your children. for your freedom and your future.

And it's WINNER TAKE ALL. Don't forget that for a minute:

The winner will dictate whether tomorrow you shall be a free citizen of a free world, or a helpless serf to a "master race."

The winner will dictate whether you shall live and prosper under the Four Freedoms, or toil hopelessly in the darkness of a "New Order."

The winner will dictate... because the winner takes all.

The winner takes all. All you own, all you hold dear.

The winner is being decided right now... today... this very minute... on battlefields all over the world. Will you stand idly by... or throw all your weight on our side?

The weight of mighty tanks and planes. The weight of thousands of guns and millions of shells. The weight of billions of dollars... 13 billions which your country asks you to lend during this Drive.

Your country wants to borrow every idle dollar you have—every dollar except what you need for the barest necessities of life.

You'll have to give up some luxury or comfort which was dear to your heart. You'll have to postpone some pleasure which you had been eagerly anticipating.

But what of it? Your sons and brothers and husbands are dying out there... fighting your fight. Surely it is no sacrifice to lend your dollars while they are giving their lives.

They need your help. They need the weapons your money can buy. If one of the War Loan volunteers calls on you... greet him with open pocket-book. Remember, Uncle Sam's goal is 13 billion dollars in April.

Don't wait to be asked. Go to your nearest bank, investment dealer, broker, Post Office or issuing agency and lay your money on the line. Remember, it's an investment you're making—an investment that pays a good return and insures a happier future for you and your loved ones.

So lend up to the limit.

You'll sleep better for it:

There are 7 different types of U. S. Government securities—choose the ones best suited for you:

United States War Savings Bonds—Series E: The perfect investment for individual and family savings. Gives you back \$4 for every \$3 when the Bond matures. Designed especially for the smaller investor. Dated 1st day of month in which payment is received. Interest: 2.9% a year if held to maturity. Denominations: \$25, \$50, \$100, \$500, \$1000. Redemption: any time 60 days after issue date. Price: 75% of maturity value.

2 1/2% Treasury Bonds of 1964-1969: Readily marketable, acceptable as bank collateral, these Bonds are ideal investments for trust funds, estates and individuals. A special feature provides that they may be redeemed at par and accrued interest for the purpose of satisfying Federal estate taxes. Dated April 15, 1943; due June 15, 1969. Denominations: \$500, \$1000, \$5000, \$10,000, \$100,000 and \$1,000,000. Redemption: Not callable until June 15, 1964; thereafter at par and accrued interest on any interest due at 3 months' notice. Price: par and accrued interest.

Other securities: Series "C" Tax Notes; 7% Certificates of Indebtedness; 2% Treasury Bonds of 1950-1952; United States Savings Bonds Series "F"; United States Savings Bonds Series "G."

WHEN NERVOUS HEADACHES PESTER ME FIND THAT MILES NERVINE HELPS NERVOUS TENSION TO RELAX AND LEAVES ME CALM, SERENE.

WHEN Functional Nervous Disturbances such as Sleeplessness, Crankiness, Excitability, Restlessness or Nervous Headache interfere with your work or spoil your good times, take Dr. Miles Nervine (Liquid or Effervescent Tablets). Nervous Tension can make you Wakeful, Jittery, Irritable. Nervous Tension can cause Nervous Headache and Nervous Indigestion. In times like these, we are more likely than usual to become overwrought and nervous and to wish for a good sedative. Dr. Miles Nervine is a good sedative—mild but effective. If you do not use Dr. Miles Nervine you can't know what it will do for you. It comes in Liquid and Effervescent Tablet form, both equally soothing to tense and overwrought nerves. WHY DON'T YOU TRY IT? Get it at your drug store. Effervescent tablets 35¢ and 75¢. Liquid 25¢ and \$1.00. Read directions and use only as directed.

Keep them in Your MEDICINE CABINET. Alka-Seltzer. ONE A DAY VITAMIN TABLETS. DR. MILES NERVINE. For Sleeplessness, Irritability, Headache, and Restlessness, when due to Nervous Tension. Use only as directed.

U. T. PUBLICATION TO GIVE ADVICE ON CITY BUDGETS

Next publication of the University of Texas Bureau of Municipal Research will be a big help to officials of Texas municipalities, for the bulletin will give advice on city budgets. Particular attention will be given to the problems of municipal utilities, Robert H. Gregory, research assistant, has announced.

mally be scrapped are being repaired and preserved for the duration.

The current wartime manufacture of ships, guns and tanks, unlike the peacetime manufacture of automobiles, refrigerators, etc., becomes somebody else's scrap overseas instead of being returned as scrap to our own mills.

Some idea of the terrific rate at which scrap is being consumed is indicated by the fact that steel mills need approximately 1,000,000 tons of scrap per week in order to operate at capacity.

This tremendous consuming figure shows how little in relation to the need the farmer is asked to produce in the first six months of 1943.

The task of collecting scrap is far from finished. Until our fighting forces are victorious it will be necessary to continue to support them with mountains of scrap.

WEST TEXAS TO HAVE THE ONLY GLIDER SCHOOL

The West Texas district has fallen deplorably behind, and at present is in danger of trailing all the rest of the state in the enrollment of WAACs. It was declared this week by Lt. Col. Marvin B. Durrette, commanding, West Texas recruiting and induction district, Lubbock. "We cannot allow this blot on our record," the Colonel said. "It is unreasonable to think that the women of West Texas are of a less patriotic character than the women of north, south and east Texas. We have a quota of 726 WAACs to meet by June 30. Donley county's quota is 5. It is a fair quota, based on your urban population. We appeal to you to meet it, to double it if possible."

The war department is unable to meet current requests of camps and posts for WAAC units due to failure to meet recruiting quotas assigned for the first quarter of the year, he pointed out. "The WAAC is included in the overall strength of the army now, and it is absolutely necessary that its expansion keep pace with the overall training pro-

FIVE BOMBERS LABELLED

Five bombers labelled "The University of Texas" will soon be on the battlefield as a result of the University's investment of \$1,828,000 in United States 2 1/2 per cent treasury bonds. The name of the University will be stenciled on the fuselage of each bomber before it leaves the factory.

gram!" "We have it straight from Lieut. Gen. Brehm Somervell that women can do many non-combatant jobs just as well as, and some better than, many men who are urgently needed and eminently qualified for combat duty. Every eligible woman who is not otherwise engaged in work that is essential to winning the war belongs in the women's army. We are counting on Donley county to do it's part."

To be eligible for the WAAC, a woman must be between the ages of 21 and 44, have at least two years of high school education, and be able to pass the mental and physical examinations. Women interested in joining the WAAC are invited to call or write the recruiting station in Pampa or to write direct to the West Texas Recruiting and Induction Headquarters in Lubbock.

BUY WAR BONDS

WEST TEXAS IS FAR BEHIND IN WAAC RECRUITS

SOUTH PLAINS ARMY FLYING SCHOOL, April 22.—(Sp.)— West Texas will soon have the only glider school in the nation it became known this week. South Plains Army Flying School, known over the entire country as the "Home of the Winged Commandos," has been designated to continue the training of men in Uncle Sam's giant cargo and troop-carrying gliders. Already the program at SPAFS is being geared up to meet the extra demands brought about by the change.

Less than a year old, the school has been recognized as the leading glider pilot training center in the nation. Five times within a month recently top-pilots and glider students broke the flying record at the school. Challenged to prove that the glider did have a vital role in military operations of the United Nations, officers, instructors and the students themselves have pitted in as a team to overcome problems which naturally occurred as the program got under way and to push the training to the point where it gained the attention of a nation at war,

Spindles and looms were introduced in the early Spanish missions at San Antonio and the first grown in Texas was turned into cloth by the Indians who were trained at the missions.

### EDITORIAL

The entire Clarendon school system is participating in the pageant this coming Friday night. Each pupil is participating in one or more of the events of the show. The most attractive feature of the evening will be the giant United States flag. Its dimensions measure about forty by seventy feet, so you can imagine how attractive so large a flag will be.

This flag symbolizes democracy, the spirit and moral of the people, and every thing that red, white, and blue stands for. The Clarendon schools take pride in presenting this flag and the events in connection with its presentation.

### JEEP BOND DRIVE IS A SUCCESS

The Jeep Bond Drive has been very successful throughout the state of Texas. The schools of Clarendon have taken a part in the drive and worked at it very enthusiastically. All the students seem to be proud of the fact that they can buy stamps and bonds, not only to help their war brothers and sweethearts, but all the boys who have come from our schools to fight to help make it possible for the rest of us to finish our education and live as free Americans.

The highest point of interest concerning the drive was a program presented in the college auditorium Friday, April 15, 1943. The program, arranged by Miss Berry, the home economics instructor, is as follows:

Presentation of the Flags—Bob Bentley and Jean Porter.  
"Star Spangled Banner"—group—accompanied by Mrs. Turner.  
Flag History—Bob Bentley and Jean Porter.  
Presentation of Service Flag—Bill Andis.  
Reading, "The Service Flag"—Billie Jean Knox.  
Melody of Patriotic Songs—"Marine Hymn"—Girl's Quartette.  
"Caisson Song"—Billie Nell Warren.  
"Anchors Aweigh"—Jean Williams.  
"Army Air Corps"—Frances Phelps.  
"Over There"—Katherine May.

Accompanied by Dorothy Kennedy.  
Crown singing—Miss Stevenson's second grade. Accompanied by Mrs. Bryan.  
Radio skit—"Tis My Country"—Written by Ida Mae Wiedman—The Cast—Victor Smith, Harold Donnell.  
One Act Play—"Everybody's War"—Written by Frances Adkins.  
The Cast:  
Mrs. Fields—Charlie Knox.  
Mr. Fields—G. D. Shelley.  
Aunt Athalia—Buena Walker.  
Jackie Fields—Jack Ballaw.  
Senor Juarez—W. G. Adams.

### JOAN HILLMAN

There was an approximate total of \$42,108.05 worth of bonds and stamps bought during the drive.

There was also a band rally held in town Saturday evening for the benefit of the people who wanted to buy stamps and bonds.

If you haven't already done so, get a part of your income by in war bonds and stamps, will not only help you, but the government. This drive will be continued until the twenty-first of April.

### DANCE

Johnie Beard entertained friends Wednesday night with a dance. There was a very nice crowd. Refreshments, which consisted of sandwiches and punch, were served about eleven o'clock, and brought about the climax of the evening. Being literally stuffed every one was ready to laugh, and their hopes were fulfilled when Basil got started joking. He just couldn't quit. The dancers formed a ring around him and he remained the center of attraction for nearly an hour.

High lights of the dance were: Johnie Beard's and Billie Faye's dancing; Basil's jokes, Harold's date; Moreland's attraction to Aggs; and Kathleen and Spade, the way, the music was perfect.

An investigation made by the Bureau of Economic Geology at the University of Texas several years ago, revealed several hundred kinds of commercially valuable stones in the area west of Austin in the counties of Travis, Burnet, Llano, Mason, Lampasas, Gillespie and San Saba.

Name: Maurice Berry  
Birthplace: Dawson, Texas  
Received Education: Texas State College for Women  
Teaches: Home Economics  
Ambition: To be able to help others.  
Personality: Very fascinating  
Favorite song: "When The Lights Go On Again"  
Favorite pastime: Reading  
Pet peeve: Curtains (Being uneven)  
Hobby: Collecting menu cards  
Favorite sport: Tennis  
Height: 5' 6"  
Hair: Black  
Eyes: Brown  
Favorite likes: Studying personalities of other states  
Favorite orchestra leader: Guy Lombardo.

Name: Billy Howerton  
What: Junior  
Does what: Works at the cafe and goes to school.  
Organization: Military drill  
Favorite actor: Gary Grant  
Favorite actress: Joan Leslie  
Favorite song: "People Like You and Me"  
Favorite band: Les Brown  
Favorite radio dancer: Kat May  
Favorite boy dancer: Claude Hearn  
Best dressed girl: Jean Williams  
Best dressed boy: Basil Smith  
Best looking boy: Larry Lane  
Best looking girl: Viola Hearn  
Best all around girl: LaRue Shadle  
Best all around boy: W. G. Adams  
Pet Peeves: High tempered people.  
Likes: Music  
Dislikes: Inquisitive people  
Pals: Viola, Faye, and Lavern  
Biggest moment: Yet to come

Name: H. C. Shaw  
What: Senior  
Does what: Work like—  
Organizations: Military drill  
Favorite actor: Clark Gable  
Favorite actress: Betty Grable  
Favorite song: "Deep in the Heart of Texas"  
Favorite radio program: "Take it or Leave it"  
Favorite girl dancer: Sue Burton.  
Favorite boy dancer: Basil Smith  
Best dressed girl: Charline Knox  
Best dressed boy: Basil Smith  
Best looking girl: Charline Knox  
Best looking boy: Basil Smith  
Best all around girl: LaRue Shadle  
Best all around boy: Basil Smith  
Likes: Shows  
Dislikes: Cleaning the tennis court.  
Pals: White, Knox and Hillman.

Name: Frances Adkins  
What: Senior  
Does what: Has lots of fun  
Organizations: Dramatics and Press Club.  
Favorite actor: Clark Gable  
Favorite actress: Priscilla Lane  
Favorite song: "There's a Star Spangled Banner Waving Somewhere"  
Favorite band: Bob Willis  
Favorite radio program: Red Skelton  
Best dressed girl: Jean Williams  
Best dressed boy: Ernest Thompson  
Best looking girl: Buena Walker  
Best looking boy: Harold Donnell  
Best all around girl: Shirley Smith  
Best all around boy: Murl Holland.  
Pet Peeve: Bad grades  
Likes: To listen to Mr. Drennan talk.  
Dislikes: Pokey people  
Pals: Lois, Ann, Liz and everybody.  
Biggest Moment: Just every one.

Name: Johnie Beard  
What: Senior  
Does what: loaf.  
Organization: Military drill  
Favorite actor: Alan Ladd  
Favorite actress: Greer Garson.  
Favorite song: "St. Louis Blues"

Favorite band: Kay Kyser  
Favorite radio program: Maxwell House.  
Favorite girl dancer: Billie Faye Hardin.  
Favorite boy dancer: Basil Smith.  
Best dressed girl: Billie Faye Hardin.  
Best dressed boy: Ernest Thompson.  
Best looking girl: Jean Williams.  
Best looking boy: Billy Ray Bell.  
Pet peeve: Gossipin' girls  
Likes: Football  
Dislikes: Highway cops  
Pals: Bell, Morgan, Cornell.  
Biggest moment: When I passed my Naval Test.

### KAPPA EASTER DANCE

Friday night the "little sisters" of the Kappa Sorority entertained their "big sisters" with an Easter dance at Ruth Patman's home. The house was very beautifully decorated with bridal wreath, lilac, and tulips.

Refreshments of open-faced cheese sandwiches, cookies in pastel colors cut in a variety of shapes, and clear punch were served to the Kappa members, their dates, and guests.

Such a gala occasion as this certainly called for new spring clothes, and everyone had them. All the girls had new spring dresses and suits of pastel shades. White was the most popular color with blue running second. All the girls wore hose and fashionable spring shoes. The boys looked very handsome and all dressed up.

All the guests were reluctant

to leave because they were having such a lovely time, but as you know all good things must come to an end. The members would like to thank Mr. and Mrs. Patman and Ruth for a very wonderful evening, also Mr. and Mrs. Rufus White, our sponsors, for chaperoning the dance.

### "QUESTION OF THE WEEK"

What is your part in the war effort?

W. G. Adams: To fight as a Marine in the invasion of Japan.

Kat May: I expect to have a large part when school is out.

Jean Williams and Billie Nell Warren: Since we're not eighteen, I guess we'll have to help someone with their farm work.

G. G. Reeves: Keep their situation (girls) well in hand.

Claude Hearn: I'm waiting for a "greetings" call.

Johnie Beard: To be able to pass the Naval test next month at Lubbock.

Billy Moreland: I'm waiting for an army test return.

Ted Tomlinson: Stay home and farm until I grow up.

Billy Ray Graham: Farming and buying bonds.

Ray Graham: To prepare myself to take place in the war-torn world.

Miss House: To keep on doing the things that make America worth fighting for.

H. C. Shaw: To help feed the army boys.

Sue Burton: Do everything possible to bring Victory nearer.

Weldon Moody: To do my share of the fighting.

Bob Word: Buy bonds until I

am old enough to fight.  
Jack Riley: Do some kind of defense work until Uncle Sam wants me.  
Faye Sullivan: Buy war bonds and stamps.

Billie Howerton: Entertain the Sailors.

Ann Raney: Tell moron jokes to boost the moral.

Frances Adkins: To avoid grumbling about anything.

J. F. White: To be a good sailor for Uncle Sam.

Charlene Knox: I'll drive a tractor.

Max Rhea: Being drafted.

Mr. Burton: To do all I am able financially.

Bill Andis: We'll soon find out.

G. D. Shelley: That remains to be seen.

Lois McCrary: Writing to the Navy Air corps.

Glendle Hedrick: To answer Uncle Sam's call for fighting men.

Mrs. Whit: To send old grease to Japan in bombs.

Mrs. Goodner: To prepare students for mental tests.

Mr. Drennan: Give and do everything I can.

Basil Smith: While I am here, helping every way I can, and when I'm in the army, fight like \_\_\_\_\_, oh well, everything.

Wayne Ray: Stay home and save my gas and tires.

Claude Siddle: To hurry up and get in there and fight.

Lucille Wallace: I'm going on a diet to save food.

Peggy Stewart: I walk three miles a day to save us gas and tires.

Shirley Smith: I'm drinking my coffee without sugar, and liking it.

### ALL VICTORY PAGEANT

We extend a hearty invitation to every one to witness the Victory Festival presented by the schools and communities of Clarendon on Friday night, April 23, at 8:30 at the Clarendon football stadium. Every pupil enrolled in the Clarendon schools will play his part in the pageant, as well as many of the citizens.

The theme of this great event is what the citizens of Donley county and Clarendon schools are doing in the war effort. At this time when democracy is facing a crisis, we, the people of America, have become united as never before in our national history. We have learned cooperation in its every phase, and today we stand as a united nation in the truest sense of the word.

As an example of ability of sharing cooperation, and true citizenship, the Clarendon schools and citizens will present this all Victory Pageant, with the grand opening announced by Mr. R. E. Drennan, dean of Clarendon college, as the Clarendon high school band enters.

The three queens, Dorothy Ann Kennedy of the high school, Alma Joe Mosley of Junior high school, and Joan Thompson of South Ward will enter with escorts and be crowned by Uncle Sam to rule over the Victory Festival.

Next will be presentation of a soldier, sailor, marine, etc., and a representative of every occupation in Donley county.

In answer to a national request that every public school in America maintain a physical education program in order to produce strong bodies of American youth, the Senior high school, Junior College, and Junior high school will respond with the presentation of our all school organization known as the Victory corps. This will include

military drill, calisthenics, and manual of arms.

Folk dances and other activities will be presented by some 150 students from South Ward, demonstrating the type of training and coordinated activity received by our youngsters at a very early age.

Following will be the presentation of the Schottish and rope jumping by Senior high school; Flag drill by Junior high, and the colored school of our city will take part in various activities to demonstrate what the colored schools of our country are doing to produce future citizens who will be able to take their place in the future order of worldwide democracy.

To prove that we in the face of war, realize that there is beauty, and that culture and arts must be kept alive, the Senior high school and Junior college will present a waltz.

The grand finale will be the raising of the flag, the Star Spangled Banner and the Pledge of Allegiance by the student body.

Be sure not to miss this impressive and patriotic event, and again everyone is invited to be present.

Admission will be free.

"COME AND GET IT!"

The "come and get it" call never comes too early for hungry soldiers at the end of a day's march. It's a welcome call for pipeliners, too, as they wind up their day's work of patrolling gas transmission lines.

Important as a means of cutting down on transportation, these maintenance crews usually make two-week journeys—pitch camp to eat, and sleep where the day's work leaves them.

By keeping thousands of miles of high-pressure gas lines throughout the Gulf South in tip-top shape, these crews are performing a vital war-time service. For on the efficiency of these huge steel arteries greatly depends the output of war materiel. And nothing must interfere with the production of ships, guns, tanks, and planes that means success or failure to our heroic defenders of freedom.

**MIDWAY NEWS**  
Mrs. John Goldston

The Midway ladies met at the Midway school house Thursday and tacked a wool quilt and quilted the one pieced by Mrs. Glen Williams. Mrs. Williams donated the lining and Mrs. J. A. Meaders donated two spools of thread. Ladies to quilt were Mrs. Bob Williams, Mrs. Williams donated Mrs. Dick Tomlinson, Mrs. Tomlinson Sr. of Lella Lake, Mrs. Le Roy Luttrell, Mrs. Everette Stevenson, Mrs. Hulet Sweeney, Mrs. Otis Naylor of Sunnyview, and Mrs. John Goldston.

Mrs. W. K. Davis has pieced two quilt tops and donated them to the Red Cross. The Midway ladies will meet the third Thursday in May to quilt them.

Mrs. Margaret Cole and son, Bobby, left Thursday for Houston to visit her sister Mr. and Mrs. Clyde Pittman. Mrs. Tiny Eddington and daughter of Martin accompanied them.

The new grandson of Mr. and Mrs. Frank Hardin arrived the past Monday in an Amarillo hospital. The mother, Mrs. Sykes was returned to the Hardin home this past week, both mother and son are doing nicely. Mr. Sykes who is in service training at College Station arrived Friday returning Sunday.

Kennedy Davis of Amarillo spent the week end with his parents Mr. and Mrs. W. K. Davis.

Betty John Goldston spent the week end with Ida Mae Weidman.

Sgt. Harold Longon arrived Saturday night for a ten days visit. Sgt. Longon is stationed in La.

Mrs. D. W. Tomlinson has moved to Clarendon. She is employed at the Piggly Wiggly grocery store.

Mrs. Edith Longon went to Hedley Wednesday to help Mr. and Mrs. J. C. Longon move.

Mr. and Mrs. Nelce Roberson and Mr. and Mrs. Ben Andis of Amarillo visited in the Longon home Sunday.

Mrs. W. C. Holland and Mrs. Buford Holland and Gene Chamberlain and son Johnny visited in the Chamberlain home Sunday.

Mrs. Mary Sue Longon and children and Miss Watts of Ashtola spent Saturday night with Mrs. Edith Longon.

Mr. and Mrs. Pete Riley and Mr. and Mrs. Auther Davis were guests in the W. K. Davis home Sunday.

Mrs. Jenny Stone is visiting her brother at Paducah.

Word has been received from Kenneth Stone that he has landed over seas.

Miss Katie Meaders went to Amarillo Saturday.

Mrs. Mamie Morman of Amarillo has received word her husband was seriously ill. Mr. Morman is in the war service. Mrs. Morman is the daughter of Mr. and Mrs. Dayton Shelton and will be remembered by many friends, they resided at Memphis before moving to Amarillo a few years back. Mrs. Morman took a plane immediately to go to her husband.

The people of the Fairview Community are planning to have a community dinner and Easter egg hunt at the Fairview school house Easter Sunday. Each family is to bring a basket dinner. If possible they plan to have church. Every one around is invited to bring dinner, come and

enjoy the Easter get-together. Mr. and Mrs. Heifner celebrated Sunday with a birthday dinner. Her brother, Mr. Wood and Miss Berness Mann of Pampa were guests.

Mr. Naylor and Misses Minnie and Ava Naylor visited the Heifners Sunday afternoon.

Mr. J. A. Meaders, Miss Katie Mary Allen Williams and Mrs. Everette Stevenson and daughter Jaunelle went to Amarillo Saturday.

Mr. and Mrs. D. W. Tomlinson spent Sunday with his parents.

Mrs. Tomlinson Sr. spent a few days in the home of Dick Tomlinson the past week.

The Auther Davis family were sick the first of the week having been poisoned on some ice cream.

**POISONS SAFE IF USED PROPERLY EXPERT SAYS**

COLLEGE STATION — Protecting Victory gardens this year with poisonous insecticides is entirely practical if suitable precautions are observed, says Paul Gregg, assistant entomologist for the A. and M. College extension service.

Use of active poisons may become necessary where gardeners are unable to obtain enough of the so-called non-poisonous materials like rotenone and pyrethrum. Pests which attack practically all vegetable crops can be destroyed by toxic substances without undue danger to humans if properly applied and the vegetables and fruits are thoroughly washed and handled after harvest. These poisons include lead and calcium arsenates, cryolite, nicotine sulfate and specialty products and the copper and sulphur fungicides.

On potatoes and other root crops where the tops are not used for food there usually is no danger. But where the tops are eaten, they should be washed thoroughly and not be sprayed or dusted within 15 to 30 days before picking. This period depends upon the type of crop, the material used and the weather. Poison remains on the plants longer when it is dry.

Gregg says that peas, sweet corn and other crops protected by their own covering can be treated without special precaution if edible parts are well washed. String beans and similar vegetables should not be treated after pods begin to form. Cauliflower and broccoli should not be treated with poisons when heading or after edible parts begin to form, and Swiss chard and beet tops should not be treated during the 30 days before harvest.

The most important thing to remember, Gregg cautions, is to wash thoroughly after picking all vegetables which have received poison treatment.

Use cottage and other soft cheese quickly, for they soon spoil. Hard, cured cheese, well wrapped, may be kept longer.

Milk and egg dishes are good, but spoil easily. If custards, cream pies, puddings, etc. are not to be eaten at once, cool them quickly, cover, and keep very cold.

**SPECIALIST FOR ARMY ENGINEERS ARE NEEDED**

In connection with the recent call of the U. S. army for recruits as enlisted specialists to serve with the units of the corps of engineers attached to the air forces, ground forces and army services forces. The following classifications have been added to those previously published: Radio operator, painter, truck driver, highway machinery operator, sheetmetal worker, draftsman, receiving or shipping clerk and telephone lineman. Vitrally needed at the present time are carpenters, riggers, construction foremen and utility repairmen.

In addition to an applicants qualifications as a specialist he must be between the ages of 18 and 50, and he must volunteer prior to the time he has been ordered for induction. The applicant must also pass the prescribed army physical examination.

Any persons wishing to volunteer for services in any of the above classifications are urged to contact Captain James E. West, U. S. Engineer Office, Childress Air Force Station, Childress, Texas. Phone 745, P. O. Box 471.

There were 64 present at Sunday school Sunday.

Mr. and Mrs. Otis Naylor and family visited in the H. S. Mahaffey home Sunday.

Edna Mahaffey and Imogene Wilson spent the day, Sunday, with Shirley Smith.

Mr. and Mrs. Loyd Spier visited Mr. and Mrs. Henry Wilson Sunday.

Kathleen Brinson and Jane Wilson visited Billie Jo Loggins Sunday.

Mr. and Mrs. Adkins Mace and Mr. and Mrs. Buck Roberts visited in the Wallace home Sunday.

Wilma and Redell Henson were in Amarillo Monday.

The Senior Sunday School class met at the school house Sunday afternoon to practice their Easter program.

Mr. and Mrs. Austin Rhoades and family visited Mr. and Mrs. Preston Parker in Clarendon, Sunday afternoon.

The Senior Sunday School class and the school children of Ashtola wish to invite everyone to their Easter program Sunday.

**LET TO TEACH COTTON CLASSES**

COLLEGE STATION. — To assist in relieving the scarcity of cotton classes, the Agricultural and Mechanical college of Texas will again offer a six weeks' intensive training course. Dates for the 1943 summer cotton school are May 31 to July 10.

Persons interested, but unable to spend six weeks at College Station, may enter as special students for two weeks or more. All who complete the six weeks' course will be given a certificate indicating the work done.

by chicks and a hay stack to burn Sunday night.

**GOVERNOR NAMES MAY 3-8 AS AVIATION WEEK**

COLLEGE STATION — The week of May 3-8 has been proclaimed Texas Aviation Week by Governor Coke R. Stevenson, and the highlight will be the Second War-Time Aviation Congress at the Agricultural and Mechanical college, May 6-8, under the leadership of Howard W. Barlow, head of the Aeronautical Engineering department.

The governor's proclamation points out the contribution being made to the war effort by the college's aeronautical engineering department. The program for the conference this year will include the many phases of airplane manufacture, flight training, transport, personnel, procurement, public and press relations, research, civil air patrol, manpower, and other activities concerning aircraft and air transport at this time considered important.

Don't let milk stand out. Keep it in the colder part of the refrigerator. When cooking, take out only milk and cream needed. Let rest stay cold.

**"A DIME'S WORTH OF PAINT MAKES A DOLLAR'S WORTH OF DIFFERENCE"**

A fresh coat of paint in the living room, bedroom, bath or kitchen, or any of the other rooms of your house will do more to refresh and clean the home than anything you can do.

**Foxworth - Galbraith Lumber Company**

**ACID—not speed—may "burn up" your engine now!**

**SPEED LIMIT 35**

You don't go "tearing off" the miles, and you hate tearing off ration coupons, too. You'd think your low speed and mileage would almost do away with engine wear. But the products of combustion—always hanging back in the cylinders after stopping—contain acids that nibble at metals!

Engine acids are nothing new, only they couldn't do their worst when interrupted by frequent use of your car and fast driving, instead of staying in your inactive engine for days. Short, slow, infrequent runs don't help much to clean acids out. So now when you're not even sure of getting any needed replacement parts, make sure you muzzle acids as well as you can, by keeping your engine's insides OIL-PLATED.

You know of plating being used to resist such corrosion as rust, for instance. And to resist acid corrosion, have your engine OIL-PLATED—quickly—simply—economically—by changing this Spring to Conoco N<sup>th</sup> motor oil—patented. It includes a great advancement in synthetics, invented to maintain OIL-PLATING up and down your engine's insides, during many hours or days when such resistance against acid can help. Your Spring oil change is a "must," but the worst acid effects are not—not when you get Conoco N<sup>th</sup> motor oil. Continental Oil Co.

**CONOCO N<sup>th</sup> MOTOR OIL**  
OIL-PLATES YOUR ENGINE

### Special Program And Songs Will Feature Baptist Easter Service

"Let us strive for 200 in the Sunday School Sunday with every officer, teacher and pupil in his or her place. May this glorious Easter day truly prove a blessing to each of us as we worship together the risen living Savior."—Rev. E. L. Moody.

Besides the regular Easter service, a program of special music, readings, and a short play, "The First Easter," will be given at the First Baptist Church. Easter. Mrs. Allen Bryan will accompany the songs with the choir directed by Miss Anna Moores.

The play will be directed by Mrs. Joe Goldston and will be presented by the Blanche Groves Y. W. A.

The program will follow the Sunday School services.

The Church program includes the Doxology, prayer and the hymns, "Hear Our Prayers," and Awakening Chorus.

Following the scripture reading the hymns "Fairrest Lord Jesus" and "Praise Thee The Lord," will be sung before the sermon, "The Risen Lord."

Rev. E. L. Moody urges everyone to "Come and Worship with us and help make this a great day."

Sunday School will open at ten o'clock Sunday morning. Alfred Estlack is Sunday School superintendent.

The Rev. E. L. Moody, pastor of the First Baptist Church in Clarendon, celebrated his first anniversary in Clarendon on March 1. Rev. Moody has been highly successful in his pastorate in Clarendon where he has been instrumental in many additions to the Church. He will preach an Easter service Sunday.

### Joint Meeting Of W. M. U. Circles Held Wednesday

The Baptist W. M. U. circles held a joint meeting at the Church Wednesday afternoon at 4 o'clock with the East Side Circle in charge of the program.

The study of missionary work occupied the business session.

#### A MOTHER'S PRAYER

God, let this war be over  
And all my sadness gone  
Send the children back to me,  
I am so all alone.

Perhaps I shall awaken  
And find it all a dream  
My boy can't be fighting,  
Mid the falling bombs' dreadful scream.

Why, Lord, it seems but yesterday  
Since they played around my knee  
He was the "cutest" little "tyke"  
That ever you did see.

I would tell them fairy stories  
And tuck them safe in bed.  
Don't ever let the message come  
Saying that he is dead!

I wonder if I would go back home  
The place we used to share  
Perhaps beneath the shade trees  
I'd find them playing there.

Once more their joyous laughter  
Would make the old hills ring  
And I would hear the old familiar songs  
My children used to sing.

I wander through this "ghost town"  
That used to seem so gay  
But, now it seems strange and alien  
Since they have gone away.

Lord, let a guardian angel  
Always be hovering near  
Don't let anything befall them  
These children I hold dear.

Lead them away from all danger  
Keep them safe from all harm  
Some day let us be gathered safe  
On the same old farm.

There let us be so happy  
Never more to part  
Take away this yearning  
From my aching heart!

But, if it be Thy will, Dear Lord  
His face no more to see

### Catholic Church To Hold Easter Services Sunday

L. A. LeHive, Catholic Priest of the St. Mary's Church, has announced Easter services for Sunday morning at the Clarendon Church.

The services will begin at 8 o'clock Easter morning.

The Rev. L. Guy Ament, pastor of the First Christian Church of Clarendon who came here June 1, 1943, from Waco because he liked the Western country and its people. Rev. Ament was the Pastor of the Second Christian Church in Waco for two years. At present he is holding daily revival services.

#### COTTAGE PRAYER MEETINGS ARE HELD

In connection with the Revival Services at the Christian Church, Cottage Prayer meetings were held Monday through Thursday at the homes of Mesdames Skinner, McClenny, Pittman and Noblett.

The greatest manufacturing industry today is petroleum refining, which contributes more than 40 per cent of the total value of Texas manufacture.

Give me strength to bear it,  
My faith looks up to Thee.

Please lead me gently by the hand  
May the Pearly Gates stand ajar  
Don't let my tired feet stumble,  
Lord,  
Thy way it seems so far.

Clarendon's First Christian Church which was built about twenty-five years to serve the growing congregations. Rev. L. Guy Ament is now serving as pastor of the Church where services will be held Easter Morning. Rev. Ament is also holding revival services both morning and night.

One of Texas, most noteworthy industrial developments during the last 15 years has been the expansion of the large-scale butter, cheese, ice cream and condensed milk industries.

One of Texas most significant industrial developments during the last few years has been the building and successful operation of the first paper mill to make newsprint from Southern pine.

One of Clarendon's first Churches, The Northern Methodist Church, which was built here soon after the town was founded in 1887. The Church's history is dimmed by time and no accurate data is to be found concerning when

### ST. JOHN EPISCOPAL CHURCH TO BEGAN EASTER WORSHIP WITH FRIDAY SERVICE

EPISCOPAL CHURCH OF ST. JOHN BAPTIST  
The Rev. Frank H. Hutchins, M. A., Clergyman  
Mr. Walter B. Knorpp, Lay Reader

Good Friday, April 23 — 12:00 Noon — Three-Hour Service, with Meditations on the Seven Last Words.

Easter Day, April 25 — 11:30 a. m. — Holy Communion and Sermon.

Everyone welcome at all services.

The Rev. Frank H. Hutchins, M. A.

On Good Friday the Church of St. John Baptist will have the usual Three-Hour Service from noon to 3:00 p. m., commemorating the three hours during which, at the time of the Crucifixion of Our Lord, there was darkness over all the land. The service will consist of the usual meditations on the Seven Last Words spoken from the Cross.

On Easter Day, the Feast of the Resurrection of Our Lord,

there will be a celebration of the Holy Communion, with sermon, at 11:30. Miss Mary H. Howren has very kindly consented to play the organ, and the music will be as follows:

Prelude — And He Shall Feed His Flock — Handel.

Procession Hymn — Jesus Christ is Risen Today — Worgan.

Kyrie, Gloria Tibi, and Laus Tibi — Anglican Chants.

Sermon Hymn — Alleluia — Palestina.

Offertory — "Christ Our Passover" — E. V. Hall, Sursum Corda, Preface, and Sanctus — Anglican Chants, Three-Fold Amen.

Communion Hymn — At the Lamb's High Feast We Sing — Bach.  
Gloria in Excelsis — Anglican Chant.  
Recessional Hymn — Come, Ye Faithful — St. Kevin.  
Postlude — I Know That My Redeemer Liveth — Handel.

### SUNRISE PROGRAM AT THE FIRST CHRISTIAN CHURCH

FIRST CHRISTIAN CHURCH  
L. Guy Ament, Pastor

While the Cross of Roman origin was a means of shame to the one nailed there, but it has become a reason of joy from a Christian viewpoint. The Resurrection of Jesus made it a source of joy after He rose from the dead. So we need to know the power of His resurrection in our life. Next Sunday is that glad day. We will have a Sun-Rise prayer meeting. The sun will rise about seven a. m. The service will be about one hour. All are invited to this Easter service.

Sunday school meets at 10 a. m. and you ought to meet for the study of the lesson. Bring some one with you.

Preaching service at 11 a. m. immediately following the Communion worship. Evening service at 8:30 o'clock. We very cordially invite all to worship with us. The revival will close on Sunday evening.

It is the highest wish that every Christian will be greatly strengthened in feasting upon the truth of God's word. "Let the words of my mouth, and the meditations of my heart, be acceptable in thy sight, O Lord, my strength and my glamour."

### Easter Services At Methodist Church Will Include Special Songs; Sermon

J. O. QUATTLEBAUM, Pastor  
The Easter program of Worship should always be in keeping with the importance of the day. We are trying to measure up to this ideal. The morning services begin at 10:55 o'clock.

The pastor will bring the second message of Passion Week on the subject, "That Ye Might Believe." Emphasis being as he sees it, on the Redemption Drama, Act II Scene II. The Choir will give an Anthem, "The Victorious Morn" by Ira Wilson. Mrs. J. L. McMurtry, director. Mrs. J. H. Howze visiting Contralto, and Miss Margaret House, singing the part for the three voices and Mrs. Rolle Brumley the Soprano Solo.

Mrs. Brumley will sing also, the "Holy City" by Stephens Adams. Mrs. Rayburn Smith, will play for Prelude, Offertory, and Postlude — "The Morning is Breaking," by Holton; "Lift Your Glad Voices," by Nolte; and "Rejoice the Lord is King," by Darwell.

Sunday Evening at 8:30 o'clock, the pastor will continue the Easter Theme, Kitty Ruth Baley will be the soloist, the young peoples' choir will have the song service. Mrs. Rayburn Smith will open the service with Organ Reveries — Easter hymns. We invite you to come.

The Rev. J. O. Quattlebaum who will preach the Easter Service at the First Methodist Church Sunday. Rev. Quattlebaum came to Clarendon as pastor of the Church in 1940 and has made an enviable record while here. He came here from the pastorate of the Slaton Church. Rev. Quattlebaum was graduated from Clarendon College and was a one-time circuit rider here.

### CARE OF FEEDING HENS IS KEY TO BETTER FLOCKS

By H. M. BREEDLOVE

The afternoon is preferred by many poultrymen as the time for feeding the heavy grain ration to laying hens. Some of them start the day by feeding grain in the proportion of two pounds to one hundred hens in the forenoon. This practice is helpful if the day is cold. But the afternoon is his choice for the major grain feeding, especially flocks of one hundred to two hundred fowls. He suggests using ten pounds of one hundred layers.

Grain should be fed on top of the mash and not on the ground. Spreading it on the ground invites worm infestation. Grain is fed primarily to maintain the

body weight of hens. But over-feeding is just as injurious as underfeeding. Overfeeding results in low egg production, excessively fat birds, and death in many cases. The proportion of ten pounds to one hundred hens is a good average. It can be adjusted slightly up or down to fit the needs of individual flocks. The time of feeding, however, is not the whole problem. The aim of good feeding is good production. Unless hens pay off in eggs they are not worth expenditure of the scarce, costly feed. I suggest that hens not paying for their keep should be culled out promptly and turned over to the family meat supply.

Salt is the oldest and most continuously produced commercial mineral in Texas.

The total annual value of Texas cottonseed products, once dumped at the gins as waste, exceeds \$50,000,000.

With E. L. Moody as pastor, the First Baptist Church has gained in additions and conversions in the past year. The Church is one of the outstanding buildings in Clarendon and has served this community for several years.

The First Methodist of Clarendon which has been serving the people of this community for many years. It was one of the first faiths in Clarendon and the mother branch was established in old Clarendon before 1887. For the first time in several years a cantata will not be held here Easter.

The St. John's Episcopal Church of Clarendon which is one of the oldest faiths in this section, was erected over 50 years ago. Easter services will begin at this Church Good Friday and will be concluded with regular Easter services Sunday.

## Come To Church This Easter Sunday

By REV. J. O. QUATTLEBAUM

Great Bells rang out last Sunday morning in a National Radio program ushering in "Passion Week." It began with Palm Sunday and runs through Easter—the glorious climax, in the life of Jesus. The Announcer said, "These bells are a tradition in our Nation, calling our citizens to worship." The entire program dealt with this idea, that America has been made great because of her Faith in God.

We citizens of Clarendon believe that. We also know that this faith has been inevitably bound up with the organized church and her stated times of worship services. The church would die without these services and our faith would also perish.

Many leaders in all walks of life feel that now is a time when all men should turn to God and the church. Surely no greater crisis could come to us. We need the strength and encouragement that great numbers of worshipers would bring; we need to dig deep into the Spiritual resources that can steady us against personal losses we will probably sustain; we need a "Resurrection" of hope for the future that right will triumph.

We should be at church Easter Sunday in token of our Faith in our risen Savior and Lord.

# SOCIETY

WEDDINGS - CLUBS - PARTIES

## 1930 Needle Club Meets With Mrs. Hattie Palmer

The 1930 Needle Club met Tuesday afternoon in the home of Mrs. Hattie Palmer. Spring flowers were beautifully arranged throughout the house. A salad course was served to two guests, Mrs. Marie Patterson and Mrs. Mary Wallace and to members: Mrs. Nora Decker, Alice Bain, Glenn Kirby, Marie Bell, Maggie Hunt, Marguerite Carpenter, Nina Armstrong and Ona Tatum.

The next meeting will be in the home of Mrs. Glenn Kirby at Jericho, May 4, and will be an all day meeting.

## PATHFINDER CLUB POSTPONES MEETING

Due to the death of a charter member, Mrs. B. L. Jenkins, the Pathfinder's regular meeting will not be held this week. It was announced today.

The Club will hold its regular meeting Friday, April 30.

No single food is as important in the diet as milk. Buy milk in quantities large enough to meet the needs of your family and keep it in the best possible condition until used.

To crisp up raw vegetables headed for the salad bowl — lettuce, radishes, celery — wash, drain, store in covered vegetable pan. Keep cold.

Bill Taylor arrived Sunday night from Ruston, Louisiana, for a visit with his parents, Mr. and Mrs. Crockett Taylor. Mr. Taylor is connected with The Texas Company there.

Mrs. Clint Small of Austin, Mrs. Aubry Hilburn of Childress and Mrs. Lee O'Neal of Wellington were in Clarendon last week as guests of Mrs. E. W. Bromley and Mrs. S. T. Sayre.

## Dinner Is Given By Mrs. Slavin

On Saturday evening at the home of her grandmother, Mrs. Ben Chamberlain, Mrs. Clyde Slavin entertained with a delightful dinner party. Spring flowers filled the entertaining rooms and centered the long beautifully appointed dinner table. Later in the evening Hearts was played.

The guests were Mr. and Mrs. Willard Hudson of McLean, Mr. and Mrs. W. W. Noblett, Mr. and Mrs. Alfred McMurtry, Mr. and Mrs. W. J. Lewis, Jr., Mr. and Mrs. John Knorpp and Mr. and Mrs. Walter Knorpp.

## Kappa Dance Given Friday

The little sisters of Kappa Sorority gave a dance in honor of their big sisters on April sixteenth at the home of Ruth Patman from eight-thirty until 11. The sisters who attended and their escorts follow:

Marilyn Maher and Harold Donnell; Elizabeth Beverly and Bill Thornberry; Mary Nell Keys and Bill Andis; Beverly Stricklin and G. G. Reeves; Edith McCrary and Ernest Thompson; Ruth Patman and Pete Bromley; Johnnie Johnson and Jack Ballew; Jean Porter and Manley Bryan; Boo Porter and Billy Lowe; Kathleen Grady and Carroll Brumley; Frances Phelps and Claude Hearn; Betty Rhodes and Bob Bentley; Dorothy Kennedy and James Earl Holt.

Stags at the affair were: Carl Bennett, Dwight Blair, Gayle Pyette, Bob Broad, Robert Naylor and W. S. Carlile.

Sponsors who were present were Mr. and Mrs. Rufus White; Mrs. C. G. Stricklin, Miss Mary Margaret House and the host and hostess, Mr. and Mrs. Bill Patman.

The refreshments and decorations were most delightfully planned.

## 1926 Book Club Enjoys Meeting At Ballew's

The members of the 1926 Book Club thoroughly enjoyed meeting in the lovely country home of Mrs. E. S. Ballew, Tuesday afternoon. Mrs. Rayburn Smith assisted Mrs. Ballew as hostess. The entertaining rooms were decorated with bowls of tulips. Mrs. N. L. Cox gave a very entertaining review of "The Human Comedy," by William Sarayan. The critics say of Mr. Sarayan that he is the only literary genius in America today. This is his first novel. It is the story of an American family in wartime, with all the qualities of warmth, cheer and humanity which have endeared Sarayan to his reading public. It is a very simple novel and a very great achievement.

Delicious refreshments were served to Mrs. Bill Bentley, Mrs. Marguerite Goodner, Mrs. Bertie Leathers, Dr. Laura A. Lowell, Mrs. Quattlebaum, and Mrs. C. S. Van Zandt of Tulsa. Guests and Mrs. M. R. Allensworth, Mrs. George Bagby, Mrs. C. E. Bairfield, Mrs. Maurice Berry, Mrs. L. N. Cox, Mrs. J. R. Gillham, Mrs. John Knorpp, Mrs. McHenry Lane, Mrs. C. H. Lowery, Mrs. C. B. Morris, Miss Lucile Polk, Mrs. J. R. Porter, Mrs. W. E. Ray, Mrs. Lester Schull, Mrs. J. G. Stewart, Mrs. W. C. Thornberry, Miss Margaret House, Mrs. Frank White, Jr., Mrs. B. J. Watson, Mrs. Walter Clifford, Mrs. Rolle Brumley and the hostesses, Mrs. E. S. Ballew and Mrs. Rayburn Smith.

The next meeting of the Book Club will be May 4 in the home of Mrs. Allen Bryan with Mrs. Bryan and Mrs. George Bagby serving as hostesses.

## LaVois Armstrong Gives Dance

Miss LaVois Armstrong entertained a few of her friends with an informal dance, Friday evening. Her mother, Mrs. Bryan Armstrong, assisted. At a late hour, delicious refreshments were served.

## AUXILIARY MEET

The Presbyterian Auxiliary will meet in the home of Mrs. D. F. Wadsworth at 3 p. m. April 28.

## ON NEWS STAFF

Mrs. Ernest Naylor, formerly employed by the San Jacinto Press in Amarillo, this week accepted a position on the editorial staff of The Clarendon News.

## GARDEN CLUB TO MEET

The first meeting of the Garden Club of the year will be Monday, April 26, at 3:30 p. m. in the home of Mrs. A. L. Chase.

## TIMELY ADVICE TO PICNICKERS AND SWIMMERS

AUSTIN, April 22. — Some timely advice to vacationists and picnickers was released today from the State Health Department by Dr. Geo. W. Cox, State Health officer.

"Swimming and water sports are beneficial to good health provided one's physical condition justifies this type of exercise," Dr. Cox asserted, "nevertheless, they possess dangerous possibilities if the rules of safety are disregarded."

The following simple rules for bathing and swimming in safety were suggested: at least one hour should elapse after a meal before entering the water; never or dive into unfamiliar waters; leave the water immediately, if chilled; do not enter the water when overheated; learn to float, never attempt to rock a boat in a spirit of fun; never swim in water that may be polluted, swimming close to or even a few miles below sewage outlets is inviting the possibility of acquiring diseases.

Mrs. W. T. Link and her daughter, Joyce and children spent last week end in Throckmorton. Roy Cornelius and daughter of Lubbock visited here over the week end.

Mr. and Mrs. L. C. Whitlock and son, and Mr. and Mrs. Willard Skelton, were in Lubbock Sunday. Clarence and Price Whitlock are still stationed in the air force there.

## Garden Glances

Presented weekly by the Garden Club

"America the beautiful lies in the hands of the gardeners"

Spring is again here in all its beauty and glamour. Many spring blossoms adorn the landscape. Spirea (Bridewreath) is the outstanding of all the flowers that grace the yards of the city. Some of the ones to be of particular interest are the grounds of Kelly Chamberlain, Rev. G. T. Palmer, and the Misses Harned.

A very attractive display of tulips of many colors is presented in the garden of J. L. McMurtry, Mrs. Mollie E. Gray's tulip garden is one of the prettiest in the city. Many people stop and marvel at this spot of beauty.

Have you noticed the corner in the yard of Sam Dyer? If you have not you are missing a treat. A small barber plant of a bright rich pink forms an edge to add to the arrangement of varicolored tulips.

Since victory gardens are a "must" this year, I think it proper to mention several that have a nice beginning in their vegetable plot. Included in this group are the gardens of Patching's, Humphries, Weidman's and Allensworth's.

Keep all foods that spoil quickly at room temperature in the refrigerator or other very cold storage place.

Foods canned in glass, onions, and potatoes should be kept in cool, dry, dark storage places.

## DAILY TEXAN PRINTED IN FOREIGN LANGUAGE

The Daily Texan, University of Texas student newspaper, came out in a foreign language edition April 14 — Pan American Day. In accordance with the campus-wide observance of the day, the Texan published a special section on Pan-American affairs, half in Spanish and half in English.

Don't pour leftover milk back in the main supply. Keep odorous foods — fish, onions, cabbage, melons — away from milk.

## ADVICE ON VICTORY GARDENS SOUGHT BY TEXANS

Expert advice on Victory Gardens is sought by Texans, a look at the requests pouring into the University of Texas package loan library reveals. During the spring the library always gets many requests for material on flowers gardenings, but this year, the bulk of the information asked for has been on vegetables.

Use suds and sun on all milk containers. Scald often.

## YOUR CAR IS A WAR CAR NOW! IT'S TIME TO WEATHERIZE YOUR CAR FOR SPRING...

Winter-weary cars need our complete Spring change-over service now to protect them from needless waste and wear. Let us replace thinned out oil and grease, drain anti-freeze and flush radiator, check battery, adjust brakes and tune-up the motor. Let us wash and vacuum clean it thoroughly. Then your duration car will look like new and run like new. Drive in — it's time to weatherize your car for Spring.

Spring Change-Over Service, Complete . . . Includes bumper-to-bumper service, Motor tune-up: complete lubrication; drain and flush radiator; check hose connections; test and adjust brakes; service battery; inspect and clean ignition system. The complete job, \$6.95 (replacement parts extra). Washing and Cleaning only \$1.00.

## A father is fighting... So his boy may tinker with Electricity

Over 160 of our men (and one woman) are in the U. S. armed forces. Last week one of these men, a good electrician who had been with the company for many years and who is a veteran of World War I, came home on leave. (He's a volunteer in the Navy.)

With him when he dropped around to say "hello" and talk shop with the fellows was his 13-year-old son . . . wearing his Boy Scout uniform.

All the guys were darn glad to see him and know he has a swell Navy rating as an electrical technician. Naturally they asked a lot of questions and learned that Uncle Sam's Navy thinks mighty high of its men who come from America's electrical companies where they got their training and experience. They learned, too, that electric power is behind most of the Navy's great punch . . .

building ships, guns, bombs, torpedoes and the like with which to win the victory.

Finally someone asked: "Well, Don, have you decided—just what are YOU fighting for?" He answered right off, pointing to his son.

"Me—I'm fighting for this kid. He's a Boy Scout, see, and it teaches 'em to be independent and self-reliant. Well, dictators and bureaucrats don't like that—they want regimentation. So I'm fighting so he—and millions like him—will be free.

"Too, the kid's kinda like me. He has a knack for tinkering with electricity . . . likes it, see. Well, the kid may not be another Edison. But I want him to have the same opportunities that Edison had—and a lot of other guys who helped make this country great.

"I want him to be free to tinker all he likes. And if anything comes of it, if his tinkering creates something useful to the world, like Edison's tinkering, I want him to share in the profits."

Out of this freedom of individual opportunity grew America's great industries that today are pouring out the weapons of war . . . as in peacetime they pour out the comforts and conveniences of everyday home life to give us the highest of all standards of living.

This freedom is worth fighting for. Free men and women, working out their own destinies with their own hands and minds . . . building, inventing, improving . . . taking the risks and enjoying the rewards. And bettering the world as they better themselves!

Gray Hair? NEW VITAMIN RESTORES NATURAL COLOR

Free Booklet Tells Of Thrilling Discovery; New Hope For Millions

One of the most sensational scientific discoveries of modern times is an anti-gray hair vitamin that restores natural, normal color to gray hair in nature's own way.

Scientific investigation has revealed that gray hair, in many cases, may be due to a vitamin deficiency. Scientists have also discovered the particular vitamin that is necessary to restore color to the hair in such cases.

United Vitamin Products, 9 W. Washington St. Chicago, Ill., Dept. 5

ON THE HOME FRONT

As of now, here's a pretty good look at the food picture for 1943. Compared with 1942 and roughly estimated on the basis of prospective 1943 output, civilians this year will receive about 11 per cent less meat; 27 per cent less canned and shell fish; 21 per cent less butter; 11 per cent less cheese; 15 per cent less canned milk; 51 per cent less canned fruits; from 3 to 25 per cent less of various fresh vegetables; 27 per cent less canned vegetables; 6 per cent less dry beans; 22 per cent less sugar; 21 per cent less rice; 29 per cent less coffee; 60 per cent less tea; and 12 per cent less cocoa.

Civilians will have about the same amount of fresh and frozen fish, eggs, turkeys, fluid milk and cream, lard and other cooking fats, fresh citrus fruits, canned fruit juices, dried fruits, tomatoes, potatoes and sweet potatoes, corn, oats and barley for human consumption. Civilians will have 30 per cent more chickens; 57 per cent more margarine; 9 per cent more apples; 13 per cent more frozen fruits; 7 per cent more wheat; and 13 per cent more rye.

Three quarters of the total 1943 output will go to civilians, the rest to our own fighting men and allies. Assuming average weather, 1943 food production will probably be at least 3 per cent greater and maybe 8 or 10 per cent greater than in 1942.

Barring widespread crop disaster, the kinds of food troubles that will affect most American civilians in 1943 will not menace life or health.

To many civilians, the tire situation remains confusing today, but to the people who are familiar with the widespread ramifications of the serious rubber situation, it remains a familiar story—a story which had its beginning in the Jap attack on the United States at Pearl Harbor.

There is absolutely no cause for optimism. It is no secret that thousands upon thousands of certificates are in the hands of motorists now with no tires available for purchase.

In a summary of the situation

this week, the office of war information flatly stated: "The great bulk of the nation's 27,000,000 civilian passenger car owners are not going to get any new synthetic tires before at least the last half of 1944.

It is expected that some synthetic tires will be available for essential civilian driving by September, 1944, but how many is still an open question. The answer will depend upon progress in manufacture, in which there are still many uncertainties.

Civilians will not get any newly-manufactured crude rubber tires even then, and probably not until after the war ends, when military requirements for the natural product will have abated.

Supply of tires now on hand is limited to those manufactured prior to Pearl Harbor and still in stock, a small supply of "victory" or war tires, and about 5,000,000 tires collected through the idle tire purchase plan, most of which require repairs, recapping. All of these tires together represent about one-half a tire for every car now in operation.

The five tires now in the possession of the average owner, multiplied by 27,000,000 car owners, in general constitutes the nation's priceless civilian automobile rubber reserve.

The 150,000 pressure cookers which will be produced in 1943 will be rationed by county farm rationing committees or by sub-committees established for urban areas. The Agriculture Department is urging families to use cookers jointly.

The Agriculture Department also announced this week that peanut pickers and farm fencing have been removed from the rationed list.

Keep meat and poultry in your coldest storage place—45 degrees or lower.

The Legislative Grapevine

After considerable debate, many jibes at the liquor control board, and a few amendments, the rewrite of the liquor laws of Texas by Senator George Moffett was passed through the senate by the almost unanimous vote of 23 to 1. Hereafter either minors or aliens could procure liquor license. Also, the liquor board close a bar or honky tonk and a new license in another name could be procured immediately, with the result that operation of such places continued without interruption. This was corrected so that hereafter when any such place is closed it will remain closed regardless of ownership for a period of six months, thus incurring considerable financial loss to the owner of the property. Election machinery was revised in some minor respects but the one year period between elections remains the law. There had been some division among prohibition forces in this regard. The bill as passed carried the official endorsement of the Texas United Dry group.

Passed by a very decisive vote last week was another rather rigid control act commonly referred to in newspapers as the "Curfew Law." The votes in the senate and the house on these two bills bears out the earlier predictions made in this column that the dry forces would have their way at this session.

This week the Senate refused to concur in House amendments to the "Fire Murchison" bill by the writer and asked for a free conference committee. The house amended the bill taking the appointing power away from the board of welfare and placed it with the governor. It was rumored that the governor would have none of this, and newspapers quoted Lieutenant Governor John Lee Smith, aspirant to the governor's office at some future date, as also being opposed to it. The old age discussed but no one wants anything to do with it. Executive Director Murchison is Texas' largest single spender, having \$42,000,000 per year

CHEMIST WARNS OF DANGER OF ACID IN MOTOR CARS

NEW YORK, N. Y., April 22—Danger of acid in the engines of America's motor cars, due to slow driving necessitated by wartime rationing, was pointed out today by Dr. B. H. Lincoln, chief chemist of Continental Oil company.

He warned that motorists must be doubly cautious under present conditions if they are to preserve the country's transportation system for the duration of the war. "There won't be any new cars until after the war is over," said Dr. Lincoln, "because manufacturers will have to divert from wartime to peacetime production before they can turn out new automobiles. Consequently it behooves all motorists to take the best possible care of the cars they now have.

"Due to war conditions of slower driving and less frequent driving, an old danger threatens to become more pressing and do immeasurable damage. It has always been known that cold engines, not run long enough nor hard enough to get really warmed up to their jobs, wear out fast. Engineers have estimated that the first few minutes of operation, the warm-up period, are responsible for 80 per cent of all engine wear.

Actually this has not been due to 'wear' from friction, as the word is usually understood, Corrosion of metal parts by the action of acids is to blame.

"The ordinary driver does not know much about the danger of engine acid and corrosion, its causes and effects, and the best method of prevention.

Most of all he does not know how and why this particular operating problem has become suddenly more dangerous as he patriotically reduces his speed and cuts down his driving mileage." Dr. Lincoln went on to say that this acid condition and its dangers are responsible for Continental Oil company's current

which he expends for old age assistance and administrative purposes. Everyone remembers that it was he who raised his salary \$1,000 per year and the salaries of his department \$60,000 per year. Incidentally, the old age assistance division occupies the most elaborate and the most expensive air conditioned office in Austin. The grapevine is that the board of public welfare is not going to give the senate a chance to fire Murchison by refusing to confirm him, but will name another man for the place before the free conference committee can act. Rumor has it that three men have already been solicited for the position and all three have refused it, all of which further indicates how wary everyone seems to be about this department.

THE LOW DOWN From HICKORY GROVE

As the smoke of confusion blows away, and we can sit down and figure out what has been happening to us, and why, we will see we been pretty simple. We will blink and feel sheepish.

I got in mind how we have been "took in" by the young squirt doctors of Economics who have been roaming the nation ever since back yonder when they got the Govt. to offer a bounty for every hog or pig brought in—dead or alive—like it was some kind of dangerous animal. These young synthetic doctors said in order to balance our economy, we needed fewer pigs. But when we got fewer pigs, we had too much corn left over which was another problem for the experts. More problems, more jobs, that is the experts' slogan.

Instead of a balanced economy which nobody seems to know what it is, even if it does sound profound, we end up by all of us being halfway unbalanced ourselves—and still no bacon sizzling in the skillet.

Brothers and Sisters, no yoke! has ever been a bigger sucker—not even excepting the one who bought the Chicago Post Office from the slicker he met on the railroad train.

Yours with the low down, JO SERRA.

THROW YOUR SCRAP INTO THE FIGHT! Do it Today!

advertising theme—an effort to prolong the life of America's automobiles by a timely warning to motorists.

One of Continental's advertisements, in this series, featuring the dangers of acid, appears in today's issue of The News.

"I LOST 52 Lbs. WEAR SIZE 14 NOW" You can lose fifty pounds and have a more slender, graceful figure. No laziness. No drugs. No exercising. Eat meat, potatoes, gravy, butter.

Thirteen billion dollars—the sum the Treasury must raise in the Second War Loan drive, is only one sixth of the estimated cost of the war for the fiscal year of 1943.

Pile cooking greens loosely to prevent bruising. Store in covered vegetable pan, or waterproof bag, preferably after washing and draining. Keep them cold.

Sentinels of Health

Don't Neglect Them! Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all worn out.

DOANS PILLS

That Extra Something! ... You can spot it every time THE lovely entertainer goes to Panama to cheer our troops. Soldiers want to enjoy a Coca-Cola with her and talk. A pretty girl and a Coke... just like home. In Iceland, the news told how troops had a good-natured fight to get the first Cokes available. Such are the stories from our fighting men everywhere. To mean so much, a drink must have something—in taste, in goodness and in true refreshing qualities. Just to sip ice-cold Coca-Cola is to find all those things. Yes, all the difference between something really refreshing and just something to drink.

Maybe it's a make-shift dressing room, but Uncle Sam's soldiers have given it a homelike touch... fresh flowers and a frosty bottle of Coke. Who could ask for more?

Donley County Boys  
In The Service

### The News Cannot Hope to Obtain Information of All Donley County Boys Without Your Help! Please mail or bring your news to the office.

H. L. Riley, son of Mrs. Riley of Clarendon, has recovered from a wound and has returned to action with a tank unit in the African war theatre. The extent of Riley's wounds was not made known but he was hospitalized for several weeks.

Pfc. G. W. Warrick, Jr., is now found at AAFPTD, Ryan Field, Tucson, Ariz.

Raymond Martin is now serving somewhere in the Pacific while a brother is in the service in Alabama. They are the sons of Mr. and Mrs. A. G. Martin of Clarendon.

A letter from Leslie B. White:

I received a letter from sister today and she said you wanted me to write you and tell you a few things about myself and the Coast Guard. Well I don't really know much but will tell you all I can.

I have been in service over eight months now and like it fine. I got my training in New Orleans, La., and was there five weeks and I was shipped to West Palm Beach, Florida. I was on beach patrol for five nights and I put in for cook and baker. I went to New London, Conn., and the school was very interesting and I enjoyed it very much while I was learning although I had to work and study hard, but I made my third class cook's rating with the grade of 89.5.

I think the Coast Guard and the navy is a good branch of service to be in if a fellow likes the ocean. They will give you the opportunity to learn any kind of trade you want and send you to school and it won't cost you anything.

I am cooking on a 48 foot patrol boat and I like it fine so far, and I just have four men to cook for besides myself. I have been seasick twice and I will say that is a funny feeling. Sometimes I have to tie my feet on the stove to keep them from flying around. I have been to California to Miami, and up to Connecticut and have seen a lot of country, but I still like the Panhandle best.

Sincerely,  
Leslie B. White.

A letter from Troy Moore who is serving in the Pacific war zone:

Dear Mom, Dad and Joe: I just got your two letters dated March 11, and 18. I was sure glad to hear from you. It was the first mail that I have had in about three months so you see I was pretty happy last night when we had mail call. Life in the army would be pretty dull without a mail call now and then.

I was glad to hear of Paul's promotion, more power to him I am hoping to get a promotion soon. I don't know if I will make it or not, I am sure trying under the circumstances, it isn't the money I am after but all you know a man feels better if he has an important job and some responsibility.

Well that is enough of that, if I don't get promoted I will try harder next time. I am sure glad to hear that you are all right, I am as well as ever, I would still like to come home but not a chance for a furlough now. It has been almost a year since I saw the good old U. S. I don't think I will ever leave again if I ever get back.

Must close.  
Lots of love,  
Troy Moore.

Pvt. Floyd H. Earl, of Clarendon, who recently entered military service, has arrived at the engineer replacement training center here for an intensive training program in preparation for combat engineer duty.

Training will include basic subjects like close and extended order drill, manual of arms, rifle marksmanship and combat principles as well as the functions of military engineering — use of tools and equipment, building of fixed and floating bridges, demolitions and construction of roads and obstacles. Soldiers go from here to tactical units or to special training or office candidate schools.

Milton E. Foster, formerly of Giles, but who lives at present in Pueblo, Colo., with his wife, has been made a sergeant. He is stationed at the Pueblo Air Base. Before his promotion he was a corporal.

Seaman Second Class Buster Baker of Norman, Oklahoma, has been visiting his parents, Mr. and Mrs. J. M. Baker of Giles.

Pvt. Dempsey Robinson is at Garden City, Kansas, in the air forces. His brother Sgt. Jack Robinson is stationed at Denver, Colo. He is also in the air forces and both are the sons of Mr. and Mrs. Nelse Robinson.

Mrs. Dempsey Robinson is in Clarendon on a visit this week.

Pfc. W. H. Cooke, III, is visiting his father, W. H. Cooke, Jr. this week. Bill is in the Link training school, AAFIPIS, Bryan, Texas.

Lt. Lindsey W. Morris, somewhere in the Pacific, has recently been made a first Lieutenant. Mrs. Morris, the former Elgin Patrick, is laboratory technician at the Lubbock Army Flying School.

Pvt. Weldson Warren of the Federal Flying school, was here last week for a few days with his parents, Mr. and Mrs. Jim Warren.

Paul J. Moore of the Garden City Air Base is home on a 10-day furlough. He is visiting his parents, Mr. and Mrs. I. J. Moore who live north of Clarendon. A brother, Troy, is serving in the Pacific war zone.

S-Sgt. Harry K. McCracken, son of Mr. and Mrs. B. F. McCracken of Box 204, Clarendon, was among a large group of factory trained airplane mechanics assigned to the Dodge City Army Air Field, big new B-26 Marauder flying school now ready to train student-officer pilots.

Selected graduates of army air forces technical schools, the men have successfully completed an intensive five weeks course at a "finishing school" specially organized for army mechanics at the Baltimore, Md., factory of the Glenn L. Martin company, manufacturers of the B-26.

Homer Charles Speed, son of Mr. and Mrs. Ed Speed of Clarendon, was one of the men to receive silver bombardier wings and a commission as second Lt. at graduation exercises at the Texas Bombardier Triangle at Ft. Worth, last Thursday.

After graduation from the Midland Triangle, bombardiers will continue training at navigation schools while others will receive schooling at advanced operational units. A few will be selected as bombardier instructors.

Aviation Cadet Walton Tucker, who has been seriously ill with pneumonia in a Denver hospital, is reported improved this morning. Cadet Tucker is the son of Mr. and Mrs. Tom Teuker of Clarendon.

Another class of skilled tank mechanics, trained to keep the General Shermans, General Grants and their little brothers, the light tanks, roaring into combat, had been graduated today from the Armored Force School Tank department.

Graduates, announced from the offices of Lt. Gen Jacob L. Devers, commanding general of the armored forces, included: Cpl. O. J. Melton, son of Mr. and Mrs. Tom Melton of Clarendon.

### MRS. W. C. BRIDGES RETURNS HOME

Mrs. W. C. Bridges of Hedley was returned home by a Bantlin Funeral Home ambulance this week following an appendectomy at a local hospital last week.

### RETURNS

Walter Clifford returned home this week from Wichita Falls where he has been undergoing medical treatment. His condition is reported much improved.

Mrs. Kelly Chamberlain left Friday for Dallas for a short visit with her husband, Pvt. Kelly Chamberlain of Love Field.

## DALLAS OPA MEN TO HOLD MEETING AT PAMPA SOON

Donley County War Price and Rationing Board today announced that on Thursday, May 13, representatives of the Dallas Regional and Lubbock District offices of the Office of Price Administration will be in Pampa to conduct meetings with the Price Panels and Price Clerks of the War Price and Rationing boards of Roberts, Gray, Wheeler and Donley counties and with representatives of the wholesale and retail grocery trade in these counties.

The purpose of this meeting is to acquaint the members of the various boards with the new functions of price panels and with simplified price regulations. In the past, merchants thought the country have had to contact the nearest branch of the office of price administration in order to secure copies of regulations and to have these regulations explained.

These regulations will be explained and discussed in detail, so that in the future the price panels will be in a position to assist the merchants to a better understanding of the regulations, thus eliminating the necessity of contacting the nearest branch of the OPA on every problem which might arise.

As the price panels become familiar with their new duties they will be handed additional regulations with the end in view that they will eventually be in a position to solve most of the problems locally, thus eliminating to a great extent the delay and sometimes confusion resulting from the necessity of contacting the nearest OPA office.

The meeting with representatives of the wholesale and retail food trade will be held at 8:30 p. m. in Pampa. The importance of this meeting cannot be too greatly stressed. Non-simplified food regulations will be gone into in detail and everyone engaged in the wholesale and retail food business is urged to attend and to bring their individual problems to the attention of those conducting the meeting. This meeting is not intended as a general meeting where the regulations are merely explained, but is intended also to bring out the various problems with which the merchants are confronted and to solve them.

This meeting in Pampa is one of a series aimed at conducting all the war price and rationing boards throughout the Lubbock District of the OPA, as well as representatives of the wholesale and retail food trade in the whole area.

### MARTIN

By Mrs. J. H. Helton

Mr. and Mrs. Emmett Day and children of Friona spent Saturday night and Sunday in the home of his sister, Mr. and Mrs. Fred Bandy.

Mrs. J. D. Woods spent Friday afternoon in the J. H. Helton home.

Mrs. C. B. Roberts spent Friday in the home of her parents, Mr. and Mrs. W. E. Hodges.

Fernand Frances June Helton spent Saturday night and Sunday in the Guy Jones home at Clarendon.

Mr. and Mrs. Uealy Veasey of Amarillo visited Wednesday afternoon in the J. H. Helton home and J. D. Woods home.

Mr. and Mrs. Geo. Bulman and children visited Sunday afternoon in the home of their daughter, Mr. and Mrs. Tick Barbee of Groom.

Again we have wedding bells in our community — Miss Eva Ruth Gibbs of Martin and Claud Parker of Clarendon were married Friday night.

Mrs. Richard Cannon and Mrs. W. L. Jordan visited Monday with Mrs. J. D. Woods.

Frank Cannon of Canyon spent the week end in the Richard Cannon home.

Brother Naylor preached his regular sermon Sunday. A nice crowd attended Sunday school and church.

Mrs. Juanita Cole of Amarillo visited her parents, Mr. and Mrs. Oscar Wilkenson over the week end.

Lt. Pete Long and his wife, the former Ethel Bugbee, were in Clarendon Sunday. They were on their way back to Camp Hahn, Cal., after a visit with relatives in Texas.

### FROM ALBUQUERQUE

Mrs. Alan Furman of Albuquerque, Mrs. W. H. Kolb and Miss Annalyn Barnes of Amarillo visited their mothers, Mrs. Lola Barnes this week end.

### Clarendon Clinical Hospital REPORT FOR WEEK

**ADMITTED**  
Mrs. W. A. Pierce, Clarendon, surgery; Mrs. Roy McKee, Hedley, surgery; Mrs. Glen Bernard, Memphis, surgery; Miss Nina Rhea Vinson, Hedley, surgery; Mrs. E. M. McQueen, Hedley, medical; Mrs. Fred Hardie, Clarendon, medical.

### LOCAL HAPPENINGS

Mrs. Harold Butler of Los Angeles was guest over the week end in the home of Mr. and Mrs. F. E. Caraway.

Rhoda Wiedman and Helen Hudson were week end guests of Mr. and Mrs. Arthur Hudson of Wellington.

Pvt. John Eudy of Sheppard Field spent the week end with his mother, Mrs. John Waters.

Mrs. Ollie May left Monday morning for a two weeks stay with her daughters in Amarillo.

Mrs. Fern Duram of Memphis is spending a few days with Mrs. Marie Patterson.

Cpl. and Mrs. W. C. Mears visited in the home of Mrs. Mear's parents, Mr. and Mrs. M. W. Cook, here this week. Cpl. Mears is stationed in Little Rock, Ark., and Mrs. Mears is teaching in Dumas.

The Rev. J. O. Quattlebaum, together with Anna Ree Porter, Frankie Hommel, Marilyn Bartlett and Basil Smith, attended the Methodist Youth Meeting in Shamrock, Friday night.

### CARD OF THANKS

Realizing that we can never fully express our deep gratitude for the kindness of our friends during the illness and death of Mr. Charles F. Heisler, we wish to take this opportunity to express our heartfelt appreciation for your deeds.

W. W. Noblet and Son,  
Mrs. Cleo Keys,  
J. B. Bourland and Children,  
Mr. and Mrs. Ralph Keys and Family.

W. W. Noblet was in Dallas the first to the week attending the regional Chevrolet meeting.

Harold Donnell visited Friday and Saturday with his father, A. C. Donnell in Amarillo, Mr. Donnell is employed there.

Gary Givens of Pampa was in Clarendon, Sunday. Gary was formerly with Douglas and Goldston here. He is now with the Borden Ice Cream company.

Mr. and Mrs. H. R. Kerbow of Amarillo visited here this week.

## FLAGS OF OUR COUNTRY

Have You Anyone in the Service of Our Country  
SON? HUSBAND? BROTHER? FATHER?  
EMPLOYEE? (DAUGHTER? SISTER?)  
Then You Must Be Proud Enough of Him (or Her) to Display An Official War Service Flag In the Window of Your Home or Store or Plant. Think What They're Doing For You.

### Producers for Victory!

Every man or woman, working on the assembly line or on the farm, is entitled to display a War Worker Flag. Let the world know that you are doing your part to insure Victory. Secure your flag now—display it proudly in your window.

A well fed and well equipped army is essential for Victory.

All flags are made of celanese taffeta. A distinguished, artistic design. • Size 8" x 12" • Non-fading • Gold tassel and fringe.

Price of Flags  
**79c**  
EACH

### WHEN YOU CALL FOR YOUR FLAG

WE INVITE you to stop in our news room and let us know the "news" about your boy, or your representative in the armed service. You are invited to send in their pictures and tell us where they are and how they are getting along. Your friends and relatives are interested in knowing about them and The News can be a real and faithful source of information for them. FLAGS ON HAND HAVE ONE AND TWO STARS. THREE STAR FLAGS AND THOSE UP TO SIX CAN BE ORDERED AT NO EXTRA COST.

## THE CLARENDON NEWS

GLORY

Symbol of Liberty and Freedom

The SERVICE FLAG

Symbol of Sacrifice, Honor and Devotion.
