## War Department Writes Finis To Army Career Approximately 200 Expected Here For Methodist Meeting Wednesday

### PERSONAL ITEMS SENT TO MOTHER THIS WEEK

The War Department this week wrote finis to the soldier career of Staff Sergeant Ellis H. Roberts, Jr., formerly of Clarendon, killed last January in the jungle crash of a four motored plane, when it sent his few personal items to his mother at her Brenham, Texas home.

Sgt. Roberts died with the famous novelist Eric Knight, department of state personnel and FBI officers in the nation's worst airplane crash last January 15. Roberts, as were the others, were bound to Africa on a special mission.

The mission, the takeoff field, and the cause of the accident remain shrouded in war-time mystery but the most popular rumor connects the trip with that of President Roosevelt's visit to Casablanca which occurred about that time.

A letter written to his mother the night before the plane's departure gave no hint as to thoughts of danger. He advised her that "this is it" and that he didn't know where he was going but that he would be back. Sgt. Roberts also told of recent pictures that had been taken and advised her that he was having them sent directly to her. The pictures arrived after his death.

Sgt. Roberts was a native Texan having been born in the state in 1912. For three years before entering the service he worked here being employed by a local bottling company and a drug store. While in service he had been stationed at Mineral Wells, Sheppard Field, North Carolina and Florida. He was a member of an aircraft detachment during the fourteen months prior to his death.

Sgt. Roberts was the nephew of Mrs. J. W. Smith of Clarendon but he seemed more like our own son, S. W. Smith, remembered. I sent him to his first school and he has been with us a lot during his life.

### APPLICATION FOR HOME CANNING SUGAR TAKEN NOW

Home canning sugar allotments were being issued today and the board announced that these allotments would only be made on Thursdays and Fridays in the future.

Persons may apply either by mail or in person but application would be considered only on each Thursday and Friday in each week, the board said.

At the present time allotments are for ten pounds per person and it is permissible to use one pound per person for every four quarts of fruit up to 10 pounds or five pounds for canning and five pounds for jam, jellies, preserves and fruit butter.

Five pounds is the maximum per person per year for jam, jellies, preserves and fruit butter. When applying for the canning allotment War Ration Book No. 1 for each person included in the application must be presented.

On May 20 and 21, clerks will be in Hedley to issue certificates for canning sugar and the board urges everyone in or near Hedley to issue certificates for canning sugar and the board urges everyone in or near Hedley to make their application then.

### DONLEY BOND QUOTA PASSED BY ALMOST \$5,000 IN LAST MINUTE BUYING

Donley county surpassed its \$208,600 bond quota by \$4,884.57. Judge J. R. Porter, chairman for the Second War Loan Drive, announced today.

Porter said the total cash value of the bonds reached \$212,884.57.

Almost \$65,000 in bonds was subscribed by Clarendon citizens during the last three days of the drive. The heavy buying

Staff Sergeant Ellis H. (Junior) Roberts' army career was closed this week with his personal belongings sent to his mother by the war department. This picture of Roberts was taken shortly before he embarked on the ill-fated African bound plane that crashed in Dutch Guiana last January killing all aboard.

### FFA FATHER-SON BANQUET TO DRAW AROUND 175

ELEVEN BUSINESSMEN TO BE GRANTED HONORARY MEMBERSHIP AT DINNER

Approximately 185 boys, their fathers and businessmen guests are expected to attend the annual FFA Father and Son banquet tonight at the Methodist Church.

The group will gather in the south college building at 7:30 where they will inspect the local chapter rooms. They will go to the church and dinner from there.

The annual banquet honoring the fathers and businessmen supporters will be prepared by the youths and the entire program will be given by them. Joe Smith, chapter president, will serve as toastmaster.

Eleven men will be signally honored by the local chapter tonight when they are initiated into the club as honorary members. These men are H. T. Burton, R. E. Dreunan, Lee Bell, H. M. Lane, John White, E. S. Knight, C. B. Morris, E. S. Ballew, George Bagby, Bert Mayfield and Tom Tucker.

A group of high school girls, under the direction of Kathleen Grady, chapter sweetheart, will serve the dinner.

### LOCAL PIONEER DIES AT CLAUDE LAST THURSDAY

Services for Richard Harvey Cline, a pioneer resident of Clarendon who died at the home of Mr. and Mrs. Woods, where he had been making his home recently, Thursday, were held at the First Christian church in Clarendon, Friday afternoon with the Rev. L. Guy Ament local pastor, officiating.

Mr. Cline had been a resident of Clarendon for 51 years and was employed by the Fort Worth & Denver railroad most of that time as a bridge contractor. He was a member of the Christian church, the Masonic Lodge

and IOOF lodge.

Survivors include his wife, Mrs. Annie V. Cline, two sons, William B. Cline and Clarence Thornton Cline and one daughter, Mrs. A. L. Jones, all of Amarillo.

Burial was in the IOOF Cemetery with Buntin Funeral Home in charge.

reached and passed the goal which seemed hopeless last Thursday morning when the total sales only amounted to \$143,999.

The drive was climaxed with a rally Saturday afternoon when the Amarillo air field had given a concert on main street. All Clarendon business houses closed between the hours of 3:30 and 4:30.

### SPOTLIGHT ON THE SOUTH PACIFIC

NEW YORK—This map shows you the area of which General Douglas MacArthur speaks in his warning that the Japs are winding up for another all-out offensive in the South Pacific. The Japs have massed air and naval power Rabaul and around other bases in the area marked in black. They also have an estimated 200,000 men concentrated at bases around Australia. Secretary of War Stimson announced that MacArthur would be given the planes he asked for to cope with the new Jap threat.

### DONLEY MOTORISTS AGAIN URGED TO ENDORSE COUPONS

ONLY AID IN FIGHTING BLACK MARKET. BOARD SAYS IN STATEMENT

Motorists in Donley county were urged by the Donley county war price and rationing board to endorse their gasoline coupons in advance and thus avoid the inconvenience and delay, both to them and to their dealers, of having to do so at the filling station when they buy gasoline.

Failure to make the proper notations on the back of coupons before gasoline is delivered constitutes a violation of the mileage rationing regulations the board pointed out.

In a written statement to The News, the board said, "License numbers and the abbreviation of the state should be written on the backs of all coupons before going to the station, or when the book is issued. This will save the time of the motorists and the attendants who must otherwise take the time to do this for each transaction. Without this endorsement, the filling stations are not to accept coupons." The war price and rationing board explained.

"While this write-in requirement may seem burdensome, it is a valuable weapon in the hands of the office of price administration in combating black market gasoline transactions. The endorsement is our only check on dealers practices. It is our main check on dealers practices.

"We must remember the reason for gasoline rationing — to conserve our tires by controlling mileage, to make them last until new ones can be produced," added the board. "We must not overlook any means of safeguarding the miles available in our tires for those who need car transportation in doing essential war jobs."

Capt. H. E. Westmorland was in Clarendon this week visiting his daughter and husband, Mr. and Mrs. Alfred McMurry. Capt. Westmorland was returning to his base in Ogden, Utah.

Phin McMahan of Pampa visited with his father Phin McMahan, Sr., over the week end.

Mr. Lawrence Whitlock was in Amarillo Tuesday on business.

and IOOF lodge.

Survivors include his wife, Mrs. Annie V. Cline, two sons, William B. Cline and Clarence Thornton Cline and one daughter, Mrs. A. L. Jones, all of Amarillo.

### FIVE THAT ARE INJURED WHEN JEEP OVERTURNS MONDAY REPORTED BETTER

Hospital attendants this morning said that the four Clarendon, high school girls injured Monday evening in a Jeep accident at McClellan Lake were recovering nicely and that the driver of the car, Sgt. James McManis was recuperating in the hospital.

Frieda Putman one of the most seriously injured when the Jeep in which she, three other local girls and two soldiers were riding when it overturned, is expected to recover within an hour after effects from a broken leg. Arline Dozier is recuperating with a broken rib and Le Vern Marshall a broken arm.

Helen Jo Bulman, who was bruised and scratched, is expected to be released from the hospital today.

Pvt. Eugene Gates of Oklahoma City, was uninjured when he was thrown from the car.

The accident occurred about dusk Monday night to put an end to a school picnic at the lake. The soldiers, while not participants of the picnic, had been entertaining students with Jeep rides around the grounds.

May 3 was the day set by the school officials for the Senior High School and Junior College picnic. It was also the day for the sophomore and junior class picnics after school. Arrangements were made with the officials at McClellan Lake for the concessions.

The seniors of the high school and the junior college students under the supervision of Dean R. E. Dreunan and the class sponsors left Monday morning in two trucks for the McClellan Lake.

It was a jolly, light hearted group. At four p. m. that afternoon the sophomore and junior classes, under the supervision of Supt. H. T. Burton and the class sponsors left in another large truck for McClellan Lake.

This group was equally as jolly as the other group and apparently noisier. When this group arrived at the lake they found the seniors and college students sun burned and tired, but still going strong. The sophomores and juniors joined the others in swimming, boating and dancing. Everyone was having one grand time when tragedy struck.

Just about dark a group of soldiers who were spending the night in Clarendon arrived at the lake. Neither the students nor the teachers knew that the soldiers were coming to Clarendon, nor did they know they were coming to the picnic.

A few minutes after the soldiers arrived, four of the Clarendon girls, who were taking a ride in an army Jeep with two soldiers, were injured severely, two critically, when the Jeep turned over several times. One of the soldiers was also injured. This accident cast a shadow of sorrow over everyone. This was the end of the picnic. A very unhappy ending to an otherwise very enjoyable occasion.

### PRESS IS THANKED FOR PART IN BOND SELLING DRIVE

Expressing his sincere thanks to county newspapers for cooperation in the Second War Loan Drive which saw Donley county oversubscribe the \$208,000 quota by almost \$5,000, Judge J. R. Porter, county chairman, today addressed letters which said: "I want to personally thank you and everyone connected with your newspaper for the splendid cooperation given in the recent bond drive. Without such news publicity and your loyal (Continued on Page 8)

Approximately 200 Methodist will be in here Wednesday, May 12, to participate in the Clarendon District Conference. Rev. G. T. Palmer, district superintendent said today.

Rev. Palmer said he expected representatives from all of the twenty-two charges. This year the conference will be combined with the district W. S. C. S. and many women are also expected to attend. They will include pastors, laymen and ladies.

Dr. Harold G. Cooke, president of McMurry College, Abilene, will be the guest speaker and his address will be one of the highlights of the meeting. Dr. Cooke will address the assembly at 11:30 Wednesday morning.

Rev. J. O. Quattlebaum of Clarendon will give the welcoming address.

Also expected on the morning program will be Hubert Thompson, superintendent of the Methodist Home at Waco and the Rev. Hayden Edwards of Fort Worth who is the hospital commissioner.

At the noon hour the ladies of the Clarendon Methodist church will serve lunch to all visitors who attend the conference.

In the afternoon Mrs. Floyd Thompson, who is the district secretary of the USCS, will have the ladies in a review of the work which has been done this first half of the year. Also in the afternoon Rev. Palmer will hear the reports of the pastors and business of the conference will be transacted.

The Clarendon District is one of the strong districts of the Northwest Texas Conference, having twenty-two charges and forty-five churches.

### HUNDREDS PAY TRIBUTE TO PVT. WALTON TUCKER

FUNERAL SERVICES HELD  
HERE WEDNESDAY FOR  
AVIATION CADET

All Clarendon business firms closed yesterday and hundreds of persons thronged the First Methodist Church to pay tribute to Pvt. Walton Tucker who died in a Denver army hospital Sunday.

Pvt. Tucker, an aviation cadet and student at the University of Denver, had been ill for several days with pneumonia but his condition was reported improved last week. Death came as a result of complications.

His mother, Mrs. Tom Tucker, was at his bedside for several days and the reports seemed encouraging.

Pvt. Tucker's death cut short his lifelong ambition, to fly. He had only been admitted to the air corps about a month ago.

Funeral services were held at the First Methodist Church at 2:30 with the Rev. E. L. Moody in charge. He was assisted by the Rev. J. O. Quattlebaum.

Besides his parents, Pvt. Tucker is survived by his brother, Javan.

### rites in Hedley WEDNESDAY FOR J. H. DUNCAN

Funeral services for Jimmy H. Duncan, 45, who died in an Amarillo hospital last Sunday, were held at the First Methodist Church at Hedley Wednesday afternoon at 2 o'clock. Rev. V. A. Hansard, Hedley pastor, officiated.

Born in Canadian, Texas, February 17, 1898, Mr. Duncan came to Donley county in 1907, settling near Clarendon. He later moved to Hedley where he lived until his death.

He is survived by his mother, Mrs. Ruth L. Duncan and one sister, Mrs. Ruth Kempson, both of Hedley.

Burial was in the Rowe Cemetery of Hedley with Womack Funeral Home in charge.

Mr. and Mrs. George Norwood, Mr. and Mrs. B. F. Kirtley and Mrs. Floyd Lumpkin were Amarillo visitors Monday.

Dr. Harold G. Cooke, President of McMurry College, Abilene, who will be the guest speaker when over 200 Methodists gather here next Wednesday for the Clarendon District Conference. Dr. Cooke will address the group at 11:30 o'clock Wednesday morning.

Rev. G. T. Palmer, district superintendent, who will be in charge of the Clarendon District Conference when they meet to transact business here next Wednesday. Rev. Palmer will hear the reports of the twenty-two pastors of the district Wednesday afternoon.

### MORE DONLEY MEN LEAVE FOR ARMED SERVICE WED.

Donley county men left yesterday for Fort Sill where they will enter the armed services. The group was examined at Lubbock last week.

Accepted for army duty were E. T. Myers, Henry Chester Williams, William Floyd Wardlow, James Thomas Perdue, Wesley Dave Perdue, Kenneth R. Lyle, Willie Adell Myers, Billy Geyer Thornberry, Bill Dodge Cole and Truett Dean.

Entering the navy were James Arthur Howard, Jr., Clarendon, Parker Pipes, Jr., and Jess Gray Guill, Jr.

Guy Dewey Shelley, Jr., was accepted for marine corps duty. Accepted for army duty but who will not leave until Saturday is Robert (Rufus) White.

### CHILD UNINJURED IN FALL

Guy Allen Jacobus, one-year-old grandson of Rev. and Mrs. Guy Ament, narrowly escaped injury Monday when he fell from a window upon a brick walk at his grandparents home in Clarendon.

The child had been sleeping and it was believed that he awakened and crawled to the window which must have been unlatched.

Although quite ill from the shock for several moments, the attending physician said the child had not been really hurt.

## POST WAR HIGHWAY PLANNING

With an eye to the future, the Senate and House passed regulation No. 42 endorsing proposal of American Association of State Highway Officials for post-war highway construction which seems sensible enough in that it calls for road building as a means of rehabilitating workers without the benefit of newly established state or federal agencies.

Stripped of its legal phrasing, the measure says that with the nation straining all its physical, spiritual and financial resources and as approximately 65,000,000 citizens will be engaged in the effort, it is deemed to be the best interest of the state and nation to give consideration to the economic dislocations which will follow termination of the struggle and to take whatever steps appear practical to lessen the shock of the nation's economy as the millions of citizens in military service and war work return to the pursuits of peace.

Unless advance plans are made to provide gainful work, widespread unemployment will follow termination of the war and that it is necessary for large payrolls to continue in order that tax money will be forthcoming, the resolution says.

With the Federal Government contemplating the expenditures of billions of dollars for public works in the post-war years and inasmuch as highway work offers the payment of approximately 80 per cent of money spent to the workers, the resolution seems not without merit.

Asking for a fixed amount to be set aside, the measure would provide farm to market roads and city and town repairs while offering stabilization in the economic system.

## THE PRESIDENT'S SPEECH

The President's address to the coal miners Sunday night, although having somewhat of the nature of anticlimax, being delivered after John L. Lewis had announced the miners' truce, was justified as a complete explosion of the facts of the mine controversy, which have been obscured by Mr. Lewis' prejudicial statements as to food prices and their effect upon the miners. The speech, further was an appeal to miners—and many other millions of Americans—to apply to their own tasks the same patriotism they have exhibited in sending their sons to war and in investing their dollars in War Bonds.

The President's patience toward erring Americans, even if it taxed the tolerance of some, was justified for the reason that millions of people other than miners still are mistaken in their war attitudes. Too many persons still believe the spending of war billions is "a good thing" for them, an opportunity to "get ahead." That sentiment matures into a condition of rising prices ruinous to all, conclusive evidence that too few people understand the war emergency and all that it entails upon them—as well as miners.

The President appealed directly to the intelligence and patriotism of the miners. If they exercise those virtues, the power of the Lewises will be broken, Government will prevail and the war program will succeed. The mine dispute, and the President's clarification, will have value for

all if the end results in enlightenment and loyalty which are essential to 100 per cent war effort on the home front. One occasion for many domestic failures in wartime has been the neglect of personal obligation because of the individual's preoccupation with derelictions of others.

Every American must do his job in this war, whether it be fighting the Japs and Germans or toiling at home. There can be no mass effort without individual effort. Group allegiances which prejudice patriotism and performance of each person constitute disloyalty to country. That fact stands out in bold relief in the mine controversy, as was explained by the President.—Ft. Worth Star Telegram.

## Town and Farm In Wartime...

### RATION REMINDER

**Ration Book No. 1**  
COFFEE — Stamp No. 23 good for one pound through May 30.  
SUGAR — Stamp No. 12 good for five pounds through May 31  
SHOES — Stamp No. 17 good for one pair until June 15.  
GASOLINE — Stamps No. 5 of A-books good for four gallons each, through May 21.  
Ration Book No. 2  
Blue stamps, G, H and J good through May 31, for canned and processed vegetables and fruits. Red stamp G (meats, fats and cheese) becomes valid May 9; H, May 16; and J, May 23. All expire midnight, May 31.

**GAS FOR VICTORY GARDENERS**  
Victory gardeners cultivating plots away from their homes are eligible for extra rations of gasoline this summer, if they can show need for extra mileage, the OPA has announced. Mileage rationing regulations are amended to provide up to 200 miles for six months for Victory garden travel, if the car owner: (1) is regularly cultivating a tract of vegetables of 1,500 square feet or more; (2) cannot get to his garden any other way and shows his labor is necessary to it; (3) arranges, if possible to share his car with other gardeners.

**WAR EXPENDITURES—1918 AND 1943**  
In 1918 American war expenditures were only 18 1/2 billion dollars; in 1943 they will exceed 100 billion dollars. These figures show sharply the difference in cost between the last war and this one. There were four Liberty and one Victory loan drives in the last war, with a total goal of less than 19 billion dollars; but to finance the present war the people of the United States must raise about 70 billion dollars before the end of this year. In that war, our task was chiefly to fortify a line of trenches in France; in this war we must equip and supply our armies on all the far-flung battle-fields of the world.

**EMPLOYMENT STABILIZED**  
Workers planning to quit their jobs to accept other employment either in home area or in other sections of the country should confer with their present employers first. War Manpower Commission officials warn. Under WMC employment stabilization plans announced last week, workers in essential industries must have a statement of availability signed by his most recent employer or by the WMC before he can be hired in another essential industry; he can accept work in a non-essential industry at higher pay; he can quit a non-essential employer without a release to accept work in an essential industry.

**MEAT POINTS CHANGED**  
Reductions on 25 items increases on 16 were point values changes affecting meats, fats and cheese made effective May 2. Advances largely were confined to prime cuts of beef, veal and pork. Reductions were in the variety meats, canned fish and other special products already having a low ration point value.

**CHANGE IN TIRE RATION**  
Passenger car drivers with mileage rations exceeding 240 monthly now are eligible for any grade of new tire when their present casings are not recappable.

**MORE MILEAGE FOR WORKERS**  
Seven hundred twenty miles a month will be allowed hereafter for in course of work driving. Instead of the 470 miles previously allowed. This does not change the mileage allowed for driving between home and work. A car owner formerly eligible for a "B" ration book only may qualify for additional gasoline if he (1) shows he needs it for

course of work travel; (2) meets regular car sharing requirements; (3) shows he is not already allowed as much as 720 miles a month.

**REPLACEMENTS FOR TRACTOR TIRES**  
Replacements tires can be obtained for farm tractors when there are no recapping facilities available, the OPA has announced. Formerly, no replacements could be had for tires which were in recappable condition.

**"LAY AWAY" OF SHOES**  
Shoe dealers cannot hold or lay away shoes for customers beyond the end of the period in which a current war ration shoe stamp is valid unless they receive the shoe ration stamps in advance. The OPA has announced. Another amendment provides that house slippers and moccasins designated for indoor use only are not rationed.

**CEILING ON WASHING MACHINES**  
Maximum prices for used washing machines sold by dealers, auctioneers and individuals have been established by OPA. Rate for rental of used washers limit prices to \$49.50 for the first month and \$3.50 monthly thereafter, regardless of the type of machine rented.

**WAR-TIME DAIRY BARN. FENCES, GATES**  
Plans for a dairy barn that has a minimum of critical materials may be obtained free from the U. S. Department of Agriculture, Washington, D. C. by writing for a leaflet on "A Wartime Dairy Barn." How to make fences and gates with a minimum of metals can also be obtained by writing for the folder "Wooden Fences and Gates."

**NEW CEILING ON BEEF AND LAMB**  
Retail ceiling prices for beef and lamb will be reduced one to three cents a pound below the ceilings originally scheduled to take effect April 15. The new prices become effective May 17 and will be uniform throughout the country for stores of the same type.

**"OUR ARMED FORCES"**  
An orientation book for high school students planning to enter one of the armed services has been published by the U. S. Office of Education in cooperation with the U. S. Infantry Association. The book, "Our Armed Forces", gives the history, background, and traditions of the army, navy, coast guard, and marine corps, and answers many questions. It may be ordered from the Infantry Journal, 1115 17th Street, Northwest, Washington, D. C. The price is 35 cents per copy, or, to students,

### OVERSEAS LETTERS

Many an American mother is hearing from her boy: "Why don't you write? I haven't had a letter from home for ages." And she knows she has written faithfully every day.

The explanation is the U-boat which the war department regrets to say caused the loss of "several million pieces of mail" during the first three weeks of March alone.

But still the mother wonders why some of her daily letters don't get through. Even if a third of them were sunk her boy should have received 20 letters in the month.

Unfortunately, it doesn't work that way. If she writes 30 letters a month all those letters may have accumulated in the Port of New York or some other port waiting for a convoy outward bound. Convoys cannot leave every day or two. So all 30 letters might go into one ship and if that ship is sunk her son will have no mail for a month.

There is no solution to this problem except to keep on writing.

### COLONEL HOBBY ROSE

Col. Oveta Culp Hobby of the WAACS picked up the telephone one bright morning and called Col. William Slater of the war department's public relations branch.

"Good morning, colonel," she said.

"Good morning, colonel," he replied.

"Colonel," she said, "I have been told by a large seed company that they want to name a rose after me. What would you think of my lending my name to a rose — the Hobby rose?"

That was a new one for the colonel. He chuckled, laughed it off, and suggested that horticultural problems were out of his line.

In the end, the two colonels decided the question was too thorny to handle.

### RUBBER FROM OIL REFINERIES

It has now been more than a year since far-sighted Oil Coordinator Ickes urged that synthetic rubber be made by converting small oil refineries, closed by gasoline rationing, instead of building the monstrous new rubber factories which will not be finished until 1944 and which require millions of tons of precious steel and copper.

After long delays the first of these converted small refineries will begin making rubber on May 1. It is the Eastern States Petroleum Refinery at Houston, Texas, and the results promise to be astounding.

Not a single new steel vessel, pump, tank, or piece of piping, so badly needed for escort vessels by the navy, have been used. Furthermore, the total new material of other types amounts to only 20 per cent of the cost of the entire job.

However, this Eastern States plant will produce in 12 months enough butadiene to make 2,000,000 tires, plus ingredients for several thousand tons of high octane gasoline per day.

Also, because it was not necessary to build new walls, roofs, equipment, this converted refinery will produce butadiene at a cost equivalent to a little over \$1 per tire, based on the investment.

### BRITISH DEMOCRACY

A great deal is being written on the question "What are we fighting for?" but if the American public had looked in on the Servicemen's Canteen of the National Press club on a recent Saturday afternoon, they wouldn't have to be told.

One of the guests was a British naval officer, Rear Admiral S. R. Dight, famed in the British navy for his toughness in battle, and the saltiness of his sea yarns. At the Press Club canteen, he

teachers and schools, 25 cents per copy in quantities of four or more.

**MORE NURSES NEEDED**  
More than 65,000 women must be added to the nursing corps if civilian health is to be maintained in 1943. There is a drive on to enroll qualified young women in June in the 1,300 nursing schools attached to the country's leading hospitals.

**PARTS FOR TRUCKS, BUSES**  
Contrary to general opinion, owners of trucks and buses do not need a preference rating to buy a replacement part. If the needed part is not available locally, a purchase order may be placed with a dealer.

## The Legislative Grapevine---

By GRADY HAZLEWOOD  
The senate having adjourned

I spent Friday morning visiting the House in session. Here is a truly representative group of democracy in action. The three youngest members are each 23 years of age. Five oldest members are between the ages of 72 and 76 years. The membership is deadly serious and no punches are pulled. If humor is thought necessary to kill a bill then out it comes. Up for consideration and debate was a bill to paint all school buses red, white and blue. Many members thought this very impractical in view of the paint shortage. Finally, Rep. Celaya, in order to express his disapproval of such legislation at this time, sent up an amendment, later withdrawn, which provided that all members of the legislature must wear uniforms of red, white and blue bunting not more than 4 feet in length or 24 inches wide in order to exhibit their patriotism and to distinguish them from the general public. One member humorously observed that the public could already distinguish them from everyone else. The hard working membership continued until Saturday noon and passed some of the most important legislation of the session.

Finally passed by the senate was the House curfew bill which has now gone to the governor's desk. Specifically this bill does the following: Prohibits the sale of liquor between the hours of 10 p. m. and 9 a. m. of every day, and, of course, all day Sunday; makes it unlawful for any person — which includes patrons and visitors — to drink or consume, or, to have in their possession for the purpose of consumption, any whiskey or beer after the hour of 12:15 a. m. on week nights and the hour of 1:15 a. m. on Saturday nights, and before the hours of 7 a. m. on week days and 1 p. m. on Sundays. In other words, this bill makes it a criminal offense for the guest or visitor at a honkey-tonk or other public place to drink, or, to have in his possession for the purpose of drinking, any beer or liquor after the hours above mentioned. This bill has one important provision that enforcement officers so much complained about not being in the old prohibition laws — at makes the purchaser or consumer equally guilty with the seller.

Also passed by both houses last week and now on the governor's desk is a bill by the writer permitting recipients of old age pensions to earn up to \$250 per year without having any fear of being cut off the rolls, or, of having their pensions reduced. Heretofore, the department of public welfare has followed the policy of reducing pensions or removing from the rolls altogether those who sought to help themselves. The legislature thought that during the present great manpower shortage these people should be encouraged to work rather than discouraged, and that no harm could come from holding out some reward and incentive to those who may be physically able to perform much needed labor — that to encourage industry is a sound public policy. However, because of federal regulations, this bill has no application to any per-

son not already on the rolls. The Grapevine is that a new executive director of old age assistance will be appointed during the coming week.

## I GIVE YOU TEXAS by BOYCE HOUSE

With nothing to ride in And no chance to roam, It ain't hard deciding There's no place like home."

Texas has the largest state guard and yet spends less on it than any other state in the Union, according to my good friend, Major Charles O. Betts, adjutant of the State Guard Officers association. Members of the Texas Defense Guard are trained in the use of rifles and machine guns, in chemical warfare, how to block roads and to improvise hand grenades. They are available to aid civil authorities in suppressing riots and insurrections and to help repel any invasion. They are a vital part of the defense of our state. They are performing a fine, patriotic service and they deserve every encouragement.

Neither the officers nor men receive a cent of pay, and they do not want pay. They buy their own uniforms, provide their own transportation and much of their equipment. They want the state to help them get equipment that they are not personally able to furnish. New York spends nearly \$8,000,000 a year for its defense guard, Texas — with its long coast and boundary and its immense area — last year appropriated, through the state government, about \$65,000. The T. D. G. would like to see this amount boosted next year to at least \$450,000 — which would be less than 10 per cent of the appropriation in the inland state of Illinois, with less than half as many guardsmen.

In a speech on the floor of the Texas senate the other day, a senator denounced a member of the faculty of the University of Texas for some comment on public affairs — and then the senator went far beyond that; he asserted that no man on the public payroll has a right to express himself on public officials or public matters.

All citizens are entitled to free speech. Does the senator contend that a member of the faculty of the State University is not a citizen? Would the Senator want to turn the training of the next generation of citizens over to instructors who would be willing to give up the blood-bought, constitution-guaranteed right of free speech? If we allow the Senator to padlock the lips of State University faculty members and of public school teachers, then you and I as private citizens will be next, if we say something that displeases the senator.

It is the heritage of every American to say his say.

## THE LOW DOWN From HICKORY GROVE

Most folks are hipped on something or other — maybe on baseball, or bridge, or stamp collecting, or maybe on just sittin' around. The only longer list of people, that pops into my head right now, would be the names on our USA Govt. payroll—civililians, not soldiers and sailors. That is what I am hipped about. myself, I have an urge to find a way to identify 2 or 3 million of these people, and see for myself if they have a high forehead, or what.

If I am in a restaurant nibbling on a doughnut, and the fellow next to me is nibbling on a porterhouse smothered in onions, and he should happen to be a Govt. man, I want to know, so I can ask him how he works it.

And while we are at it trying to identify and tag these folks in the ThicK Steak category, we could go on a little further and also put a nice neat sign on the guy's car. If he is in the car we could size him up. If his wife is using the car for shopping and the sign on the side says it is her husband's rig, we could amble over and say to her, How come, lady?

Everybody hipped on this subject will please fone their editor — pronto.

Yours with the low down,  
JO SERRA.

### GIRL PROFITS AND HELPS WAR WITH RABBITS

COLLEGE STATION—Beginning with two rabbits which were gifts, Gene Tucker, Harris county 4-H Club girl, with the help of her sister has employed a profitable business venture and is producing meat for Victory which finds a ready market.

Gene's rabbit colony now consists of 36 does which include New Zealand Whites, Chinchilla Black, and American Grays plus three New Zealand White bucks. Since she began her rabbit demonstration she has sold approximately 200 rabbits, receiving \$1 each for fryer rabbits. These weigh three to three and one-half pounds at two months of age. She estimates the cost of feeding a rabbit to the fryer stage at 25 cents.

The three hutches in which the rabbits are housed are in the backyard of Gene's home near

space is limited, is triple tiered with double bunks on each tier, while the other hutches are single tiered. Gene says the three-decked hutch is difficult to clean and therefore is not entirely satisfactory.

Each hutch is 18 inches above the ground because of the heavy rainfall in the Harris county area, explains Frances Punched, assistant county home demonstration agent.

Gene says if the proceeds of her demonstration had not been so successful she would never have consented to killing the first pets. Now, however, even her mother pays for those she uses.

### He's A Production Patriot

In hard times and good, in peace and war, American farmers are real production patriots, declares the U. S. Department of Agriculture. Prices haven't always been good during the past 12 years, but farmers have kept the nation's pantries full. Today farm prices are 2 percent above those of 1929—but farmers are producing more than 28 percent more than in 1929, an all-time record harvest.

### WOMEN WANTED FOR SIGNAL CORPS AT \$129 PER MONTH

AMARILLO, April 30—Nine young West Texas women will be offered the opportunity of a lifetime, through enlistment in the U. S. Army signal corps, it was announced today by Lieut. Col. Marvin B. Durrette, commander of the West Texas recruiting and induction district. Then nine women chosen for the work will be well paid during their instruction course, Col. Durrette revealed.

To be qualified for the enlistment, women must be from 21 to 45 years of age, with no dependents, and must be high school graduates. Those women passing the mental alertness test will be given a three month signal corps course in radio mechanics and operators, in regular civil service status, and while training will receive \$25 a month. After completing the basic course, certain succeeding courses will be given the women, Col. Durrette said, and during this time, a salary of \$129 a month will be paid, before ordered to active duty with the women's army auxiliary corps.

Col. Durrette stated that while attending the signal corps training school, which may be located in San Antonio, costs of lodging and subsistence must be borne by the women. Upon being called to active duty in the WAAC all expenses will, of course, be furnished.

Col. Durrette urged that all interested women contact their nearest U. S. Army recruiting station at once, as the training school will be opened within the next few days.

### FARMERS MUST KEEP RECORDS OF INCOME

COLLEGE STATION—The importance of keeping records was impressed upon Texas farm families who made their first federal income tax returns this year, according to Tyrus R. Timm, economist in farm management for the A. and M. College Extension Service, accurate records throughout the year eliminate guessing items of income and expenditure, or the tedious task of searching for receipts or scattered memoranda to determine the taxable income and deductions. He estimates that approximately 300,000 Texas farm families will have to file returns in March, 1944, either for Victory taxes or income taxes, or both.

Since at least 95 percent of Texas farmers, including most beginners, file returns on the cash basis, Timm itemizes what should go into the record book.

Income on a farm subject to tax includes all cash and value of merchandise received from sale of livestock, livestock products, crops and other sources together with cash and value of merchandise received for work and other services outside of the farm. All AAA payments received should be included.

Deductions allowable in determining the net farm business profit include cost of livestock, livestock products, and crops purchased which are sold within the year. If desired, depreciation may be taken also on livestock for work, breeding, or dairy purposes. All ordinary and necessary expenses in feeding and raising livestock, as well as other disbursements in crop production, and cultivating and processing should be included. Depreciation on farm buildings, (ex-

Tires will be rationed to all on the basis of tire inspections and county quotas available with most essential mileage to come first. Recaps can now be secured without rationing certificates.

### Other Rationing

Eligible purchasers needing new automobiles, bicycles, typewriters, rubber footwear and other commodities on which sales might be restricted should see their local ration board.

### INSECT DAMAGE TO GARDENS IS REPORTED HERE

Insects have caused a great deal of damage in local gardens during the past years says county agent H. M. Breedlove.

This can be easily overcome by using the proper poison at the proper time and using the proper poisons, Breedlove said, adding that anyone wanting information on how to control insects agent states and obtain an "Insect Control Guide." This pamphlet will show various poisons used for different kinds of insects that prey upon your gardens.

This might help to save your garden or at least a big part of it, the agent stated, suggesting that all persons with gardens keep a close watch for insects and when they appear take steps to control them.

### Cemetery In Need Of Donations

The Citizens' Cemetery committee last week end petitioned plot owners for funds for spring work.

In letters the committee pointed out that the growing season "is now at hand and we are anxious to get a good start before vegetation gets ahead of us.

The committee also said that \$100 had been borrowed to complete work necessitated when the big water tank was blown down.

Subscribers may leave donations at any of the Clarendon banks or mail it direct to W. W. Taylor, Clarendon, Texas.

## That Extra Something!

...You can spot it every time

WHETHER in a sport or anything else, you can always spot the fellow who has the edge. Just to drink ice-cold Coca-Cola is to understand why it is the best-liked soft drink on earth.

Many make soft drinks. Only The Coca-Cola Company produces Coca-Cola. The finished art of long experience gives it exceptional goodness. This delicious drink offers a taste all its own. More than just quenching thirst, it adds refreshment . . . refreshment that goes into energy.

The only thing like Coca-Cola is Coca-Cola, itself. You've found that out already, haven't you?

It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called Coke. Both mean the same thing . . . "coming from a single source, and well known to the community".

No need to tighten up over studies. A pause now and then for ice-cold Coke relaxes the tension—brings you back to the task refreshed.

## Red Cross Volunteer Service

We believe that kindness and mercy and understanding will grow, that this planet may be a place for children and their children's children to live in peace and security.

Mrs. Clyde Bridges turned in 53 pairs of pajamas and 10 quilted quilts made by the ladies of the Hedley Community. These ladies certainly have done and are doing a wonderful amount of work. We wish that more people would visit the production room here and see the lovely quilts that have been turned in. Mrs. Bridges also brought a box of second-hand clothing.

Mrs. E. S. Ballew turned in 50 hot water bottle covers made by the ladies of the Sims PTA.

The 1930 Needle Club have turned in 26 hot water bottle covers and 24 bedside pockets, made by the following ladies: Mrs. Edna Russel, Mrs. Betty Keys, Mrs. Maben Andis, Mrs. Alice Bain, Mrs. Nora Decker, Mrs. Maggie Hunt, Mrs. D. Lane, Mrs. Emma Ayers, Mrs. Jessie Phelps, Mrs. Mozelle Wright, Mrs. Glen Kirby, Mrs. Hattie Palmer, Mrs. Nina Armstrong, Mrs. Marie Bell, Mrs. Marguerite Wright, and Mrs. Ona Tatum. These articles are for the Army and Navy hospital in Amarillo.

Mrs. J. F. Jones has knitted six more squares for afghans. We need more used clothing for our calls for those in distress in this county have taken about all that we had to everything they have owned by fire, and used clothing is more than appreciated by these people. Please look through your clothing and leave what you can spare at the Production room between the hours of 3:00 and 5:30 p. m.

Our material for the soldier's kits has arrived, and we hope to have them ready to distribute next week. The calls for these kits is urgent and we are anxious to get out as many as we can.

## HOME SERVICE

Mrs. C. A. Burton  
In order to explain the delay in hearing from service men abroad and their delay in hearing from home, the Red Cross explains that about 20,000 pieces of overseas mail is handled every week; that mail must compete for cargo space with food and ammunition; that most mail ships sail only in convoys, and convoys sometimes take weeks to assemble.

Educational requirements have been changed for the WAVES and SPARS. Now two years of high school or business school is all that is necessary, and another change is that they are permitted to marry men in their own branches of service upon completion of their training.

A recent release through Red Cross from the War Department gives this statement: "The Army does not grant furloughs to individual soldiers to work on farms." This answers many of the questions recently asked. The release goes on to say that soldiers may be permitted to work on farms near their camps when a farm shortage or emergency exists at the discretion of the commanding officer, where such action will not interfere with their training.

The navy will grant no requests for release from service on the age 38 or over basis because the men are volunteers, and the navy will grant no agricultural furloughs, but will consider a request for release to inactive duty, without pay, for a specified period for a man to engage in agricultural work.

Under certain specified conditions, men in the army, 38 years of age or over, may be released from active service and transferred to the Enlisted Reserve corps.

## WAAC RECRUITERS HERE NEXT WEEK

## Random Reflections

By DICK COOKE

This column must give another week's grace for the last week's promise of my draft board story. Anyway thanks a lot for the numerous inquiries and I promise you won't be disappointed. Personally I don't believe anyone is to blame for the accident at McClellan Lake Monday. The soldier's quite naturally were looking for entertainment. I accepted the ride because anyone else would have accepted it. It must be remembered that everyone was dying for a Jeep ride during the bond rally here last Saturday. It was unfortunate that the accident occurred at a school picnic but it could have happened

anyplace. As most rumors go, the accident was not as serious as at first thought. Of course, everyone has the deepest sympathy for everyone involved but, too, everyone is deeply thankful that it was no worse.

Donley County bond salesmen and all citizens, should be highly commended for the splendid success of the second War Loan Drive. However, it must be remembered that the end of the drive did not end the call for bond buying. As the nation enters more and more into the war, it must call for more and more bonds. Following quotas will make the one just passed look like a sissy. In that respect this column cannot refrain from reminding persons that it feels that a dollar saved is a dollar made. Why isn't it logical for the government to save \$18.50 instead of spending it needlessly and then asking someone to buy an \$18.75 bond that will cost the tax-payers an extra \$6.25 in interest.

## Pathfinder Club Meets With Mrs. L. E. Thompson

The program of the meeting in the home of Mrs. Louie Thompson on Friday the 30th, was on Public Safety and the Soldier's life. This statement from Daniel Webster was the keynote: "Nothing will ruin the country if the people themselves will undertake its safety; and nothing can save it if they leave that safety in any hands but their own."

Since this was the last business session for the Club Year, the financial report was given by the treasurer, Mrs. J. T. Patman. It was voted that another bond be bought the second for the club year; also the \$5 English Award to the pupil in the high school making the highest average for the four years; \$5 for the Soldiers Kits being made by the local Red Cross. The \$50 given annually to the City Library, as well as the running expense for the year, completed the financial report.

The president spoke of the loss to the club in the death of Mrs. B. L. Jenkins who had been a charter member of the club 32 years ago.

Program leader was Mrs. Van Kennedy who briefly discussed "Public Safety," "The Soldier and His Health, Food, Uniform," proved very interesting as given by Miss Bettie Jane Smith. Equally interesting was "The Soldier and His Housekeeping, Religion, Recreation," by Mrs. T. H. Ellis. "The Spice of the program" was a clever summary of public events in verse by Mrs. C. T. McMurry.

Brief plans were discussed for attendance of the coming vice president, Mrs. Lee Holland, at the district federation meeting in Amarillo the 4th.

Announcement was made of the Guest Day meeting on May 14 at the home of Mrs. J. L. McMurry to which invitations were being sent to all the Federated Clubs of the City. Mrs. Wes Izard will be the guest speaker.

Mrs. Guy Stricklin took the place of her mother, Mrs. Wm. Gray, as associate hostess with Mrs. Thompson, and they served twenty three members.

## 1926 Book Club Entertained With Playlet

The 1926 Book Club was delightfully entertained at the College Auditorium by Mrs. John Knorrp and Mrs. Alfred McMurry in an able presentation of a one act play, "Columbine."

The setting of the play was the living quarters of a tenement house in New York City. Mrs. Knorrp played the part of the "Bronx Belle" who has buffeted the hardships of faithless love. She gives up a date with a riveter with whom she would enjoy a "real band" to stay and offer the flower of her experience to her pal, Mrs. McMurry, who is a sweet type.

The knock of the artist who has promised to come and take the innocent believer "his columbine" with him to a vine covered place in the country brings cheers from the audience, to end the play happily.

The social position of the program and the business meeting were then held in the home of Mrs. Allen Bryan with Mrs. Bryan and Mrs. George Bagby serving as hostesses. The club voted to buy some war bonds and elected Mrs. Frank Phelan as secretary.

## Garden Glances Presented weekly by the Garden Club

"America the beautiful lies in the hands of the gardener"

A very pleasing effect is obtained at the Semrad home by the large bright colored pots of plants on the porch.

The W. A. Massey home is made attractive by snow ball shrubs and red honeysuckle. Roses are beginning to blossom in a number of gardens including those of Mrs. Homer Mulkey, Mrs. W. A. Land and Reagan Bain.

A gay splash of color is presented by the small annual phlox in the yards of S. C. Bell and H. Lovell.

The corner of the city park is more beautiful by the bright blue iris.

The Victory gardens of Bill Patman, S. T. Merritt, Lee Holland and Frank Phelan seem to be growing and promise a crop of vegetables in the near future.

J. B. Bourland of Pampa was a guest in the Frank Bourland home Sunday, Mr. Bourland was en route home from Dallas.

## 1930 NEEDLE CLUB

The 1930 Needle Club met Tuesday morning in the home of Mrs. Glen Kirby at Jericho, for an all day meeting. Throughout the day the ladies were busy making "Soldiers Kits" for the Red Cross.

A covered dish luncheon was served at noon to guests, Mesdames T. O. Kirby and C. R. Wilson and members beside the hostesses Mesdames Mabyn Andis, Betty Keys, D. Lane, Frances Hilliard, Alice Bain, Nora Decker, Mozell Wright, Hattie Palmer, Marguerite Carpenter and Ona Tatum.

The next meeting will be May 18 in the home of Mrs. D. Lane.

## Mrs. Chamberlain Given Surprise Birthday Party

The St. John's Episcopal Church Auxiliary gave a surprise birthday party for Mrs. B. W. Chamberlain following the regular meeting at the Rectory Wednesday afternoon.

The surprise came after the regular program when the guests entered the dining room for refreshments.

Two birthday cakes were included in the delicious refreshments. They were made by Mrs. Allen Jeffries and Mrs. Frank Hutchins.

## VISITS HERE

Wm. N. (Billie) Goldston and wife of Los Angeles, Calif. are visiting his relatives here this week. The Goldstons are en route to Houston where they will visit Mr. Goldston's brother, Lenode Goldston and family. Later they will visit in Arizona. Billie is with the National Biscuit Co. in Calif.

## Chapel Program For School Is Entertaining

By SCHOOL REPORTER

We had a very enjoyable chapel program Friday under the direction of Mrs. McHenry Lane and Mary Margaret House.

The first number was an old time village school room scene with kids in clever costume dancing "Ten Pretty Girls." The number was very amusing and pretty.

A "Nigger" wedding with the justice of the peace in full swing caused our school audience and visitors hilarious laughter.

A quintette of girls from the voice students of Miss House sang "Alone." This, their first stage appearance as singers, was one of the features of the program.

The highlight of the entertainment was an original composition by Mrs. M. R. Word and sang by Miss House, "Land of Our Fathers."

Then Miss House led the group in singing.

## Pete Bromley Has Wagon Dinner

Mrs. and Mrs. Bill Bromley entertained for their son, Pete, with a Chuck Wagon dinner at their country home last Friday night.

The guests were attired in Western Style for the occasion. Horse racing and pasture games were included for the entertainment.

Enjoying the affair were Ruth Patman, Maudie Ruth and Kathleen Grady, Elise Norwood, Dorothy Tatum, Edith Joy McCrae, Johnnie Johnson, Mary Ann Bromley, Beverly Stricklin, Cora Lee Muse, Helen and Annie Ree Porter, Kathryn Mosley of Pampa, Barbara Bell, Marilyn Maher, Pattie Molesworth, Ada Sue Smith, Tommy Saye, Jimmie Douglas, Bob Bentley, Carroll Brumley, Wayne Ray, Robert Naylor, Jack Ballew, Lee Shelley, Wayne Donnell, Manley Bryan, G. G. Reeves, Jr., Dwight and Harry Bair, Bert Smith, Jr., Billy Thornberry, Billy Lowe, Jack Kane of Minnesota.

Assisting in the games were Mrs. E. W. Bromley, the honoree's grandmother, who wore a riding suit of long ago, and Mr. and Mrs. McHenry Lane, Mr. and Mrs. H. M. Breedlove, Bert Smith, Mr. and Mrs. W. J. Lewis, Jr.

## LELIA LAKE By Laura Clark

Pfc. Tom Winn of Sheppard Field spent the week end here as guest of Moodye Aten.

J. K. Boyce Jr. is spending a 16-day leave with his parents, Mr. and Mrs. J. K. Boyce. He will return to Lubbock air training school in two weeks.

Mr. and Mrs. Earl Barker of Lubbock are also on leave and visiting their parents Mr. and Mrs. Carl Barker.

E. J. Myers passed the physical exam at Lubbock and was granted a 5 day furlough before going to Fort Sill for army induction.

Mr. and Mrs. Quinn Atens spent Sunday in Memphis with relatives.

Mrs. C. G. Aten and daughter, Moodye, spent Sunday in the home of L. D. Aten and family. The members of the Skating Club enjoyed a steak supper Saturday night followed by a game of volley ball.

Lt. Sam Wilson King finished 20 weeks reserve officers training of the Marine corps, Wednesday morning, May 5, at Quantico, Va. Following his graduation, Sam plans to arrive here Friday for a few days visit with his parents, Mr. and Mrs. H. St. King, before going to Camp Christ for another month of extra training. Then he will rejoin the U. S. marines across some far-off battlefield to fight for right and freedom. It could be added that Sam Wilson had the opportunity of keeping his position in the army as an instructor; also upon graduation at Quantico, he was advised by his captain to go to Harvard for 9 months additional training and thereby be benefitted by it after the war. However Sam was not looking for an easy job and is now anxious to get into the fight and do his part in helping win this war. More power to you Sam, and all the others like you.

Mr. and Mrs. Billy Floyd and children of Amarillo spent the week end here with Mrs. Floyd's parents, Mr. and Mrs. Bud Jones.

Mrs. Nobles and Miss Lucy Stagner have sold their home place in Lelia and are moving to Amarillo.

Faydene Watkins of Ashtola spent the week end with Mr. and Mrs. Earnest White and family.

Mrs. M. M. Tomlinson who had been visiting in Plainview with her daughter, Mrs. Mary Chunn, returned home last week.

Those to enjoy a family dinner Sunday in the Howard King home were Mr. and Mrs. D. M. Cook and family, Mrs. M. M. Tomlinson, Mr. and Mrs. Rice Batson and Mr. and Mrs. Sam Tomlinson and son, and host and hostess, Mr. and Mrs. Howard King.

Mrs. D. M. Cook entertained with a bridal shower Wednesday afternoon for Mrs. Wayne Smith, formerly Miss Virginia Cook, who married recently and is now living at Tell, where her husband is farming.

## POPPY DAY TO PLEDGE ANEW FAITH IN DEAD

Faith in America with those who have died in the nation's service will be pledged anew on Poppy Day, May 29, Mrs. Karl Adams, American Legion Auxiliary Poppy Chairman, said today as the Auxiliary continued preparations for its annual distribution of memorial poppies.

"The wearing of the poppy is a personal pledge that we will not 'break faith' with those who died but will carry on to the achievement of the things for which they gave their lives," said Mrs. Karl Adams.

"Millions of Americans will wear the poppy this year as a tribute to the dead of both World Wars and a mark of their determination to conclude this war with complete victory. The flower is the symbol of life given in service for America. The wearer makes an unspoken pledge to the nation's heroic dead that he will live as they died, serving America."

Poppies will be offered to every one in Donley County by the women of the Auxiliary on Poppy Day. No price will be asked for the flowers, the pennies of children being just as welcome as the dollars of the wealthy. A poppy over every heart is the goal.

Contributions given to the Auxiliary's volunteer poppy workers will go in their entirety to the rehabilitation and child welfare funds of The American Legion and Auxiliary's efforts for the disabled fighting men of both wars, and for the children of the dead and disabled.

### YOUR JOB AT HOME

that is part coffee and part adulterant. Your coffee coupon is good for a pound—whether that is a pound of 100 per cent coffee or a mixture that's only part coffee. Watch the label on the package. If the pound isn't all coffee, it must be so marked. And you want all coffee, naturally, because no substitute or mixture can ever taste like real coffee!

But now the "point" rationing system is upon us. That's a method, as you know, of rationing a group of related or similar commodities which can be substituted for one another in actual use. Each commodity in the group has a "point value." And it's part of your job at home to know your point values!

You only have a certain number of points to spend in a certain period. You must get the most for them. If you use up most of your point allowance on a few items of high point value, you'll have to get along on less for the rest of the ration period.

Plan before you buy—budget your coupons as well as dollars.

WHAT with rationing and ceiling prices and point values, shopping during these war days requires more concentration than it ever did before! You've got to learn how to shop all over again.

When the "straight coupon" system of rationing went into effect with sugar and coffee, the homemaker got an idea of what was coming. War Ration Book One was issued and everybody holding the right coupons gets an equal amount of sugar or coffee during a specified time. Your main concern in shopping under the straight coupon system of rationing is to watch your calendar to be sure you know when a certain coupon is good! And, of course, in the case of coffee, to be careful not to surrender a coupon for some mixture

Cpl. James E. Bell of Del Rio spent Sunday with his father and mother Mr. and Mrs. S. C. Bell.

### THIS BUSINESS OF Living

BY SUSAN THAYER

If a woman who's lived in Germany for the past five years suddenly he set down in a big American department store, she'd hardly believe her wondering eyes. She'd probably go around touching pieces of cloth, soft gloves, smooth powder boxes just to make sure they were real and not some cruel mirage. If she could go into one of our grocery stores, she would be amazed by the piles of fresh fruits and vegetables, the cheeses and butter and bread, and begin right away to plan the kind of meal she has wanted to give her family for many dreary months.

But to women in this country, used to the lavish output and wide choice which American manufacturers have given us, stores today begin to look a little bare. Even the 10-cent store isn't what it used to be with such stand-bys as hair pins and dishmops gone from its counters.

Grocery stores, of course, are very different from what they were a year ago with dozens of familiar brands missing from the shelves and limited supplies of many everyday foods. Department stores also are beginning to show the effects of the war. So far, however, the lack of merchandise hasn't bothered most of us very much. We're surprised and a little disappointed, but we can still make the old chair do; get along without another pan, and perhaps pick up a second hand iron. But one of these days "shoe of shortages" is really going to pinch. We're going to need something pretty desperately and not be able to get it anywhere.

Then, what? Are we going to feel sorry for ourselves and rail against industry that is devoting such a large part of its energy to war manufacturing? Or are we going to take these wartime inconveniences in our stride? We've always had so much more than the women of Germany and the countries of occupied Europe; more, even than the women of our allied countries. And that "more" includes something other than material possessions.

For here in America we have hope—and faith. Hope that will go on to something better than we've ever known before once the war is over, and greater faith than ever in the old American principles of the importance of the individual and his right to freedom and opportunity!

## TRIBUTE TO WALTON TUCKER

We, the faculty members and student body of Clarendon Public Schools and Clarendon Junior College, wish to express our grief at the passing of a former student, Air Cadet Walton Tucker.

Walton volunteered for service in the Army Air Corps Reserve on October 26, 1942. At the time that he was called to active service, he was a member of the 1943 graduating class of Clarendon Junior College. He was enrolled as a student in the University of Denver when he became ill.

Walton passed away at Fitzsimmons General Hospital on Sunday, May 2, 1943. Our heartfelt love and sympathy are extended to his parents and brother, Mr. and Mrs. Tom Tucker and Javan.

## Editorials

The following article is based on last week's Question of the Week, "What do you plan to do next year? This is a very important question. Let's be serious enough about the matter that we'll take time to consider our future. Many boys who stumble zily down the halls of Clarendon High School and College every day will be in the armed forces before the lapse of another year. But what about the girls and also the younger boys? They will be left holding the sack and it will be their responsibility to do something about it. Younger boys will be working; girls will be filling positions previously held by boys. Right now, we should begin to think of these things. We must secure the knowledge required to fulfill new positions, and at the same time, plan our future with a consideration of all the present conditions.

### TEXAN HAD DOMINATING PART IN RICKENBACKER RESCUE

We Thought We Heard The Angels Sing  
by LT. JAMES C. WHITTAKER  
The hero of Capt. Eddie Rickenbacker's story of his ordeal in a rubber boat in the Pacific is Capt. Eddie Rickenbacker. Another version of the adventure of the eight men, seven of whom survived the three weeks of torture, is provided by Lieut. James Whittaker, co-pilot of the lost Fortress. The story is reconstructed from his diary, the only one kept, and the real hero of the affair becomes Capt. William R. Cherry, Jr., the commander, whose skill and good judgment twice saved the lives of the seven who came through. Captain Cherry is a Texan, a native of Quail, Collingsworth county, and his wife went right on helping the Dallas division of North American Aviation make

warplanes while her husband was missing. Lieutenant Whittaker is high in his praise of Rickenbacker, whom he credits with keeping up the morale of the survivors. But he plainly states that Rickenbacker is Hero No. 2. "I put Cherry first because it is to him we survivors owe our chief gratitude for being alive today," Whittaker writes. "Never have I seen any airman perform more masterfully than he did when the supreme moments came."

Captain Cherry first saved his seven companions by landing the Fortress afloat on the Pacific. Then, when the twentieth day on the ocean dawned, and there was still no help in sight, Cherry announced that the three boats should split up and go in different directions, thus providing three chances instead of one of being sighted. At this suggestion, Col. Hans C. Adams commanded Cherry not to leave the group.

"You're not the commanding officer, by a good deal," the Texan told his superior in rank. "I was captain and commander of the plane, I am the commanding officer of this party. I'm leaving."

So, off he went in the smallest of the three boats, alone. Cherry was picked up and gave the word that Rickenbacker and the others were afloat and alive. We Thought We Heard The Angels Sing is the latest addition to the Clarendon Junior College Library.

I WISH I WUZ A WORM  
I wish I wuz a little worm,  
That crawls upon the floor,  
So that in every class I had,  
I never would be bored.

I'd crawl on everybody's feet  
And find a shady nook  
And finally I'd drop off to sleep  
And never crack a book.  
I'd get in apples,  
Eat my fill.

## QUESTION OF THE WEEK

What are you going to do when dates are rationed?  
Billy Jean Knox: Heaven forbid!

Ann Raney: He'll be in the Army by that time.

J. F. White: I'll go to see her on the tractor.

Redell Henson: I'll get us a short wave radio set.

Frankie Hommel: Stay at home.

Raymond Adams: Study more.

Donald Beard: Go stag as usual.

Buena Walker: Mine have been rationed ever since I came here.

Edith Neff: Go with girls.

Muri Holland: Get married.

Glendle Hedrick: Apply for another stamp book.

Tommie Saye: Get in line.

Melvin Vick: Guess I'll have to do without.

Betty Lou Naylor: I guess I can get along alright.

George E. Moore: Don't care if they are.

Ted Tomlinson: Do the same thing I am now.

Ray Rappy: Sit and pine.

Rufion Mauldin: Apply for a C ration card.

H. C. Shaw: It's not but a mile.

Sara Lowry: Flirt my head off.

Frances Adkins: Guess I'll go to be an old maid after all.

Charline Know: Spend a little more of Pop's money I guess.

Dwight Blair: Go stag.

Beverly Stricklin: When I go, it will be with G. G.

Edith McCrary: Save my volts for one person.

Annie Rea Porter: I won't be here and it won't make any difference.

George Watson: Go fishing.

Peggy Stewart: I'm going to be an oldmaid.

Calvin Naylor: I'll get hitched.

Lucille Wallace: I won't feel the shortage.

Elizabeth Mauldin: I'll hoard.

Miss House: I'll catch up on my reading, I'm already in pretty good practice.

Margaret Wadsworth: I'll worry about it then.

Bill Andis: Get a B ration book.

Helen Porter: Go see the ration board.

Mary Nell Keys: We can have hen parties.

Kathleen Grady: I don't ever go, anyway.

Dorothy Kennedy: Everyone will be in the Army, so it won't matter.

Ernest Thompson: Just use my prescribed quota.

W. G. Adams: As usual—without.

There was either oil production or active leasing and drilling in all but three counties in Texas in 1940.

Although Texas is the leading mineral producing state in the nation, it has comparatively few mines, 90 per cent of its mineral being produced from wells.

Then get bit into,  
What a thrill!

I'd scare the girls,  
And bite the boys,  
I'd laugh at teachers  
And ruin their poise.

But since I'm not a little worm  
And can't crawl on the floor,  
I guess I'll just sit on thr class  
And study more nad more.

By Peggy Stewart.

## LIBRARY NOTES

By MRS. C. A. BURTON

The very first thing I want to tell you is that we can no longer send cancelled stamps to England for helping the fund for crippled children in Queen's hospital. Because of lack of transportation we can send no more for the duration.

And the next thing I want to tell you is that a letter from the USO in Amarillo says they will be glad to have our magazines. I am sending a lot of them this week. When Governor Ellis Arnall of Georgia offered Margaret Mitchell an appointment to membership on the State Board of Education, she refused the honor because she said she added that "being the author of 'Gone With the Wind' is a full-time job."

Antoine De Saint Exupery is once more on active duty as a captain in the French Army Air Corps. In his limited supply kit were a dozen bottles of ink and his fountain pen.

### THE SENIOR CLASS OF '43

By Frances Adkins

We have climbed the path; the rough and upward trend. We have attained the goal; our struggle is at end. These twelve long years we have carried on. Each step we make is one near home. Thus we have gained, and proud are we—

Oh, memories that we cherish; even textbooks seem dear. In them left strange marks by students each year.

The instructors once ignored will be remembered again. Perhaps in later years we shall speak in refrain: "Oh, CHS, how I long for thee. And the Senior Class of '43."

Though countless errors have stalked our way. We have mastered all, and well we can say: "We have done our best; the best we can."

We have carved the niche where we shall stand. For taking a place in the world, we see. The Senior Class of '43.

We are the America for which we stand.

For better or worse; we love our native land. In this war we face; still America's youth.

Eager, innocent, daring — In truth. We are the citizens of tomorrow's democracy.

The Senior Class of '43!

Roak Bradford has been recently commissioned an officer in the U. S. Navy. Percy McKay and Robert Perin Warren have recently received the Shelley Memorial Award for 1942. Mr. McKay's award was for a volume of songs and sonnets to his late wife entitled "My Lady Dear, Arise."

Carlton Beals' forthcoming novel, "Dawn Over the Amazon" has been chosen as the July selection of the Literary Guild. It is called the Latin American Anthony Adverse — or the Latin American "Gone With the Wind" — and is said to be a vivid, action — packed story of the peoples and lands of Latin America.

J. Frank Dobie, University of Texas professor of English and Southwest folkloivist, has been given leave at Cambridge University. He plans to re-

port there about the 10th of October. This will be his first visit to the British Isles.

Mr. Dobie has been on the faculty of the University of Texas since 1914 when he went there as instructor in English. He says he goes to Cambridge to interpret American life and literature to the students there.

Ten years ago Harvey Allen's, "Anthony Adverse," was published. Ever since the millionth copy of that book rolled off the press he has been at work on a story of Colonial America — the complete saga to be called "The Disinherited" — and it will comprise six full length novels, each to be published individually as finished. The first of the series "The Forest and the Fort" has just come off the press. It is being regarded as of unusual importance.

## Gray Hair? NEW VITAMIN RESTORES NATURAL COLOR

Free Booklet Tells Of Thrilling Discovery; New Hope For Millions

One of the most sensational scientific discoveries of modern times is an anti-gray hair vitamin that restores natural, normal color to gray hair in nature's own way. Scientific investigation has revealed that gray hair, in many cases, may be due to a vitamin deficiency. Scientists have also discovered the particular vitamin that is necessary to restore color to the hair in such cases. Reports of tests made indicate remarkable results. Not a dye—not a tint—not a drug—not a medicine! It is a valuable food supplement. If you are among the millions of people who find themselves handicapped, in business or socially, because of gray hair, mail coupon below (or write) for free booklet about this marvelous new vitamin discovery. There is no cost or obligation, so send today.

## Farm Notes

By WALTER FLYNT  
ACA Secretary

The program of premeasurement is progressing very nicely in the county; however, much more time will be needed to carry out this program than was at first expected.

By premeasurement we mean that you will be sent a farm sketch or farm map of your farm on which we are asking that you make any measurements that must be made in order to plot the acreage of any crops on the aerial maps. If you intend to do this, it will be necessary for you to decide for certain where you will plant each crop, at least cotton and war crops. You will bring this map to the place designated in the letter for you to come to have your farm worked on, and we will do everything in our power to help you figure out your acreages in the crops where you want to plant them. If enough measurements are made so that we may plot the crops on the aerial map accurately, we will guarantee the acreage set up at that time. If this can be done, no further measurements will be necessary for 1943 on your part if no crops are changed from this plan.

In 1943 all farmers will be asked to measure and turn in their own farms in such a way that we may be able to plot these farms on the aerial map accurately. The premeasurement plan is designed to help you to either measure your farm or learn how to measure it.

Your war goals which you set up when you signed up with your community committeeman earlier in the year may be changed up until June 1st, but not after that date. If you feel that it is impossible for you to plant at least 90 per cent of your war crop goal, (which is grain

## THEY GAVE THEIR LIVES, YOU LEND YOUR MONEY

Below are the words of President Franklin D. Roosevelt, our Commander-in-Chief, in telling us of the hideous slaughter of our aviators by the Tokyo war lords. You can express your personal determination to avenge our murdered flyers by buying more War Bonds today. They gave their lives. You lend your money.

"It is with a feeling of deepest horror which I know will be shared by all civilized peoples, that I have to announce the barbarous execution by the Japanese government of some of the members of the armed forces who fell into Japanese hands as an incident of warfare. This recourse by our enemy to frightfulness is barbarous. The effort of the Japanese war lords thus to intimidate us will utterly fail. It will make the American people more determined than ever to blot out the shameless militarism of Japan."

## Dallas Pastor At Presbyterian Church Sunday

The Rev. Tom Bradley of Dallas will preach the morning and evening services at the First Presbyterian Church next Sunday, Roy Clayton announced this week. Rev. Bradley will give the regular Mother's Day sermon. Morning worship will begin with Sunday School at 10 o'clock. Church services will be held at 11 a. m. and 8:30 p. m.

Holidays observed in Texas alone are Texas Independence day, March 2, and San Jacinto day, April 21.

## REAL DISCOVERY FOR HIGH BLOOD PRESSURE

Dangerous High Blood Pressure (Essential Hypertension) is usually marked by distressing symptoms such as dizziness, throbbing headaches, sleeplessness and nervousness. If disregarded, this may lead to Heart Trouble, Stroke, Paralysis, Hardening of the Arteries or Kidney Trouble. Diamonex, discovery of a heart specialist, is designed to quickly aid in the relief of these distressing symptoms.

A Chicago resident says: "I suffered from High Blood Pressure for several years with increasingly severe throbbing headaches, dizziness and shortness of breath. I showed the Diamonex formula to my doctor and, on his advice, tried the treatment for two weeks under identical conditions as previous treatments. Within only three days my bad headaches and dizzy spells were gone. My high blood pressure was reduced and I sleep fine."

Diamonex goes directly to work in three different ways to aid in the relief of these dangerous symptoms. Results are speedy—within as short a time as two weeks sufferers often find that Diamonex has accomplished 75% of the total reduction possible with this formula. If you suffer from High Blood Pressure you may try DIAMONEX without risking a penny. To introduce this wonderful treatment to a million new sufferers this liberal trial offer is made for a limited time only.

Send only \$1.50 to the Diamonex Company, 318-A North Michigan Ave., Chicago, Illinois for a full TWO weeks supply of genuine DIAMONEX, prepaid. Use Diamonex according to the simple directions for only two weeks. If, at the end of that test period you are not delighted with results your money will be refunded immediately on request. There are no strings or conditions—you owe it to yourself to make this wonderful test at once. Write today as this offer is fully guaranteed.

## Kidneys Must Work Well

**For You To Feel Well**  
24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood. If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly. Burning, scanty or too frequent urination sometimes warns that something is wrong. You may suffer nagging back-ache, headaches, dizziness, rheumatic pains, getting up at nights, swelling. Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's stimulate the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores.

**GOODFELLOW FIELD,** April 5. — Things just seem to swerve around Aviation Cadet Royce E. Turnbow, former Clarendon high school football star. He suspects that if it started raining silver dollars he wouldn't be within ten miles of a bucket. But, with his appointment to flight training and advancement to Goodfellow Field, Turnbow has begun to hope for a change. He thinks there's now a chance for realization of his long-awaited assignment to combat.

In July, 1940, while living in Medera, Calif., Turnbow enlisted in the army air corps. He was assigned as a mechanic to the 2nd Squadron of the famed 19th Bombardment Group, under command of the illustrious Texan, Col. Eugene Eubanks, and the outfit which produced Capt. Colin Kelly, Sgt. Harry Hayes and other heroes of Southwest Pacific war fame.

Sgt. Hayes, it was, who dismantled three B-17s, made one, and then, although he had never flown, piloted to safety almost a score of Americans from Java to Australia. Hayes was Turnbow's crew chief.

Capt. Kelly, who became America's first hero of World War II after sinking the Jap battleship, Heruna and losing his life, was the "finest looking officer you ever saw," Turnbow said.

Turnbow still has some furlough papers and other documents bearing Capt. Kelly's signature. Turnbow served with the famous 19th at March Field, Calif., and Albuquerque. Several months before Pearl Harbor, some of the officers, including Capt. Kelly and Sgt. Hayes, flew from California to Hawaii. Turnbow was left behind as places on the bombers were given senior non-coms. Thus he missed his first chance for foreign service.

Then on the night of Dec. 5, he and the remainder of his outfit embarked for Hawaii on an old freighter which had been converted into a transport. During the first day at sea some drunken stowaways were discovered on the boat. They discovered, dropped anchor and wirelessly for smaller craft to come after the unwanted loafers. During the wait, a freighter of similar design passed en route to Hawaii.

The next day was Dec. 7, Pearl Harbor was attacked. The transport was ordered to return to the West Coast — and the other freighter which had continued on the transports course was torpedoed and sunk by a Jap submarine.

"The Nips mistook it for our ship," Turnbow said, and commented that the incident furth-

er shows the extent of the enemy's spy activities previous to the actual opening of hostilities. Back in the United States, Turnbow continued his duty as a mechanic, won aerial engineering and then for flight training.

He's hoping that this time, upon graduation from advanced flying school there will be no slippings in his route to combat.

While naturally he hopes its in the Southwest Pacific, where the Japs murdered a number of his buddies.

Mary S. Barnes, of Box 398, Clarendon, Texas, was a member of a Women's Army Auxiliary corps unit which left First W. A. C. Training Center at Fort Demolines here recently for duty at the 5th WAAC Training Center Monticello, Ark.

She will be assigned to duty in connection with the training program there.

Another Clarendon girl, Ruth Cauthen, has been sent to Arizona. She is in the administrative department.

**KEESLER FIELD,** Miss., — Pvt. Jimmy E. Goodman, son of Mr. and Mrs. Dewey T. Goodman, Quitaque, Texas, was promoted to the grade of private first class this week and enrolled in the huge B-24 Liberator mechanics school at Keesler Field.

Private Goodman's promotion and his selection for technical training, were results of the high scores he received in his army mechanical aptitude tests. Jfc. James Bartlett, and wife, are visiting here this week with his parents, Mr. and Mrs. J. R. Bartlett, a navigator, stationed in Louisiana. In service for 18 months, Lt. Bartlett is an instructor in navigation.

Pfc. Buster Jones of Sheppard Field visited his mother, Mrs. Lena Jones, here last week-end.

Dave W. Williamson, 43rd Chemical Laboratory Company, Edgewood Arsenal, Md., was recently promoted to the rank of Major. Receiving a B. S. degree at A. & M. and an M. S. degree at the University of Texas in 1940 Major Williamson entered the army as a captain. He is the son of Mrs. J. W. Williamson of Clarendon and a brother of Mrs. B. C. Antrobus, adso of Clarendon. Sgt. James R. Williamson, armored division at Camp Beale, Calif., and First Sergeant Gordon Williamson of Tarrant Field, Ft. Worth.

Pvt. Lesley Butler of Del Rio is here visiting with his parents, Mr. and Mrs. Clyde

Butler. Word has been received from Pvt. Kenneth Stone of the Marine Corps that he has arrived overseas. He says, "Although the people are peculiar, the island is beautiful, however nothing like good old Texas."

## HEDLEY 4-H CLUB VERY ACTIVE

By 4-H REPORTER  
The Hedley 4-H club meets every Monday in the local public school and there are twenty-five members in this club.

County agent H. M. Breedlove says that this club is very active and the boys are carrying on Demonstrations that will be very important to the war effort. In the regular meetings certain phases of agriculture are discussed by the county agent and the boys field trips of put some of the theory into actual practice.

The principal demonstration being carried on by the boys are beef cattle, swine, Victory gardens, field crops, poultry and dairying. This is a new club but promises to be one of the outstanding clubs in the county.

The boys are now competing in a contest for four registered pigs and the pigs will go to the four boys scoring the highest scores.

## NATION NEEDS ALL SWEET POTATOES "IT CAN GET"

The nation will need all of the sweet potatoes that can be grown this year. This will help to make up the shortage of foods for civilians but they are needed especially for the fighting forces.

Texas has five dehydrating plants and the sweet potatoes will be dehydrated and sent to the foreign battle fields. These plants have been ordered by the department of agriculture that the entire output be reserved for war needs.

The price of sweet potatoes will be supported this year by a purchasing program set up by the department of agriculture the county agent stated.

The price announced to date will encourage producers to store and hold their potatoes for late sale. For example, those marketed in carload lots from August through November will bring \$1.15 per bushel.

If held until December or January the price will be \$1.30 and if the sale is deferred until February, March or April they will bring \$1.45 per bushel. The main problem for the late sale of the sweet potatoes will be the curing and storing. In storing potatoes the main thing is the proper ventilation and being sure that the temperature is constant at 50 to 60 degrees fahrenheit.

I think that the growers of Donley county can depend on a good sale of sweet potatoes for this year and the market will be easily located. This commodity is very important to the war effort.

Texas has more than 15 per cent of the total value of mineral wealth of the United States. Next to oil and natural gas, sulphur is Texas, most valuable mineral resource.

and faithful cooperation the drive could not have been put over, and I am not only thanking you for myself but for everyone that was connected with the drive."

## MORGENTHAU

Expressing sincere gratitude to the nation's newspapers for their aid in the second War Loan Secretary Morgenthau said Monday night. "The second War Loan drive has closed. The final tabulation has not been made, but it is evident that the goal has been exceeded by a substantial amount, more than \$4,000,000,000.

"Our thanks are due to many people — workers, advertisers, retailers, theatres — all who devoted themselves so wholeheartedly to this vital cause. "I want to express to the newspapers our sincere gratitude for the part they played. The support they gave us in handling of news, in compelling and imaginative features, and in the promotion of sponsored advertising was as invaluable as it was unparalleled in promotional history."

STAMFORD COWBOY REUNION WILL BE HELD THIS YEAR

STAMFORD, May 6 — In cooperation with the nation's all-out war effort, directors voted not to hold the Texas Cowboy Reunion this year in a recent meeting, according to W. G. Swenson, president. Directors also voted to buy \$2,000 in United States war bonds, this being taken from the operating funds which will not be used this year.

Started in 1930, the Texas Cowboy Reunion has become famed the country over as the world's largest cowboy roundup. It is open only to amateurs and last year more than 300 cowhands, from all sections of the Southwest, competed for the various prizes. Had the reunion been held this year, it would have been the fourteenth annual performance. Each year has shown a decided increase in contestants and growing gate receipts have told how well the public likes the celebration.

## Farm Agents From This Territory Meet Here Tuesday To Discuss War Efforts Of Extension Service

County agents in this territory met in the district court room here Tuesday to discuss phases of the extension work which is being carried on in the interest of the war effort. Farm agents from five counties attended the meeting which was conducted by County Agent H. M. Breedlove of Donley county.

Each of the experts discusses his particular phase of the work and how it fits into the war effort. The meetings are held in each district monthly to keep county agents and interested parties informed on the latest developments of the farm program.

A group of specialists from College Station were present headed by G. E. Adams, vice director and state agent from College Station. Other specialists at the meeting were Knox Parr, assistant state boys club agent, C. E. Bowles, organization and marketing specialist and M. C. Jaynes, cotton work specialist.

There are known to exist under the surface of Texas some sixty or seventy five minerals that are of commercial value. Texas' first cattle and sheep were the flocks introduced by the Spanish founders of early missions.

**MOTHER'S DAY**  
We Pay Homage To Her, May 9th

We offer these simple suggestions for Mother's Day:

If your Mother is living, make certain she knows how highly you cherish her love, devotion and self-sacrifice. If she has passed on, pay tribute to her memory.

And don't forget the Mother next door whose son may be fighting overseas. See to it that she, too, gets a word of greeting and good cheer. That's the real spirit of Mother's Day.
