

THE TEMPLE OF TRUTH
By the Apostle

LIFE'S PATHWAY.
It takes a baby two years to learn to talk, and then it takes him sixty to seventy to learn to keep his mouth shut.

THE LEARNER.
Life is like a bank. It pays interest, but you have to make a deposit first.

FATE.
Often, the girl who can read a man like a book, is left on the shelf.

MAW SAID IT.
"You better not talk that way

to me sweetheart," said the slacker, "I may be called to a foreign land any minute." About that time the old lady poked her head in and said, "who's got a line on you now? The FBI!"

DOG WANTED.
Down at Hogjaw there is a scarcity of butter. It all came about when old Hastoon Yazzie's dog died. If the dog hadn't died,

the old lady would still be making butter, but after the dog died, there was no one to drive up the cows.

STATISTICS.
According to the latest tabulations, eighty-four percent of the murders committed in Texas the past twelve months resulted from "skin agnes" and gals. East Texans did the most of it vouching

for the idea that the boys down that way like their gals and their money first.

GHOST ARMY.
Will Germans of future generations believe in ghosts? Right now that bunch is right in the lead of a mad race southwest plugged by a Russian army that was "annihilated" over a year ago, according to Hitler.

LELIA LAKE

Mrs. Pat Hinton of Geronimo, Ariz. came Sunday for a weeks visit with her parents, Mr. and Mrs. A. B. Bynum.

Mrs. Walter Ginn and children left Friday after visiting her parents. They were enroute to near Bentonville, Arkansas where they will be joined by Mr. Ginn and make their new home.

Mrs. Edwards left last Tuesday for her home in Birmingham, Ala. after visiting her mother and her sister Mrs. Lizzie Gargis.

Mr. and Mrs. Loyd Johnston returned Wednesday from a business trip to Bentonville, Ark.

Mr. and Mrs. J. W. Self have recently moved to East Texas to make their home.

Mrs. Bill Pool who has been suffering with a dislocation of her elbow sustained in a fall last week is reported to be improving nicely.

In the basketball tournament held at Goodnight Friday, Lelia Lake boys won first place in the B teams and girls winning second place.

Mrs. E. R. Myers returned Monday from Amarillo where she was called by the serious illness of her sister, Mrs. Albert Sanders. Mrs. Sanders is improving.

Mrs. Pope and small daughter of Borger were guests in the home of her parents, Mr. and Mrs. Charles Young last week.

Elbert Bain left Tuesday afternoon for Los Angeles, Calif. where he expects to work and will visit a few days at Bakersfield, Calif.

Mrs. Will Chamberlain have been ill the past week.

Mr. and Mrs. Taylor Davis of St. Joe visited his brother, Mr. and Mrs. W. K. Davis last Wednesday enroute home from Amarillo.

Mrs. Clifford Davis and son Billy accompanied them down from Amarillo.

Mr. and Mrs. Henry Riley and daughter of Shamrock visited his sister, Mr. and Mrs. W. K. Davis one day the past week, all taking dinner in the Milt Allen home.

Mr. and Mrs. Hefner and son Loyd visited in the Pickering home Wednesday evening.

Mrs. John Chamberlain and Ben visited with Mr. and Mrs. Gene Chamberlain in Memphis the past Wednesday.

Dr. Jenkins and Mr. Russell of Clarendon were out to Hefner's quail hunting Wednesday.

Mr. Quattlebaum left Friday to visit his niece in Childress.

John Naylor and daughter Lavada also Miss Vada Waldron and Betty Lou Naylor left for Wichita Falls Friday to visit Mrs. T. L. Naylor who is ill.

Mr. J. A. Meaders and Miss Katie Meaders went to Memphis on business Friday. Mrs. John Goldston accompanied them and visited her daughter.

Mrs. J. A. Meaders spent Friday afternoon with her daughter, Mrs. Williams.

Mrs. O. C. Watson Sr. who visited last week with her son and wife, Mr. and Mrs. O. C. Watson Jr. at Perryton, returned home Sunday.

Pvt. Clarence Whitlock of Lubbock spent the week end with home folks. Mrs. Whitlock returned home with him for an indefinite visit.

QUERY?
What has become of the party who promised the writer a drinking gourd? There is nothing I like better or get less than drinking gourds.

HAMMER HEADED.
Every time some old person is kicked out by the children after they have been deeded all the property, the picture of a Fulton, Indiana cemetery bobs up. Some years ago, an old man residing near that little village deeded all his farm property to his children, then was kicked out of house and home. With the small sum he happened to have left in the bank, he had a certain tombstone made with a man's head carved on the top with an arm and a hammer in the hand over the head. Next below, he had these words engraved: "If any man gives his property to his children before he is dead, take this hammer and hit him on the head." The old man's body is buried by the tombstone today. The kids blew in the farm and moved to Chicago before the old man died.

WAR DOPE.
Rationing on a big scale will soon be with Americans. Most of them will take it like a hillbilly bucking a roulette wheel—taking what the slip calls for and going away satisfied. Others will try to hit the jackpot by lying, stealing and hoarding from now until caught red-handed, then try to laugh it off. Don't do it. The thing's got teeth in it and it will bite you.

SLOGANS.
The air corps, the farmer and the civilian each have their war slogan.
Keep 'em flying!
Keep 'em fed!
Keep 'em walking!

THE SNOOPER!
"A lot of gals have a lot of faith in the Lord, judging from the company they keep," stated Ima Fizzle Sunday night after an inventory of a crowd in a lane.
Does anybody know of any one who will plow a garden? If you do, call 455 or ask the party to see me at the Post Office right away. There must be a war garden grown this season, and I don't mean maybe, even if I have to spade it all up myself.

MEXICAN SUPPER

The home of Mr. and Mrs. Rolle Brumley was the scene of a gay Mexican supper given Monday evening to celebrate the birthday of their son, John Carroll.

For the serving of a delicious meal, the guests were seated at quartet tables where Mexican pottery was used to provide a colorful setting. Sombbrero place cards and individual "noise makers" marked each plate.

A large birthday cake decorated as an American Flag was presented to the honoree as the guests sang "Happy Birthday."

The meal preceded a period devoted to games.

Enjoying the evening were Betty Rhodes, Beverly Gray Stricklin, Kathleen Grady, Johnnie Johnson, Ruth Patman, Helen Porter, Jennie Porter, Edith McCrary, Barbara Bell, Marilyn Maher, and Bob Bentley, Billie Milt Bromley, Dwight Blair, Harry Blair, Bobbie Broad, Manly Bryan, Robert Naylor, Carl Bennett, Jack Ballew.

1926 BOOK CLUB

Mrs. W. C. Thornberry and Mrs. C. W. Bennett Jr. were hostesses to the 1926 Book Club Tuesday afternoon. The meeting was held in the Home Ec. Dept. of the High School. Mrs. C. M. Lowry gave an entertaining review of Dr. Frank G. Slaughter's novel, "That Name Should Die."

Plans for the Guest Party were discussed. The party will be held Tuesday evening, Feb. 2, at eight o'clock in the Home Ec Dept. All members are urged to be present and to bring a guest.

Refreshments were served to one guest, Mrs. Turner, and to members, Mesdames M. R. Allensworth, C. E. Bairfield, E. S. Ballew, Homer Bones, Allen Bryan, J. R. Gillham, John Knorpp, McHenry Lane, C. M. Lowry, C. B. Morris, J. R. Porter, W. E. Ray, Paul Smithey, J. G. Stewart, Frank White Jr., Walter Clifford, Bill Bromley, Watson and Misses Maurice Berry, Lucile Polk and Margaret House.

HARMONY S. S. CLASS

Mrs. Lee Holland, assisted by Mrs. D. Lowry, were hostesses to the Harmony S. S. Class of the Methodist Church when they met at the home of Mrs. Lee Holland Thursday afternoon. After a short business session, games of 42 were played.

A lovely salad plate refreshment was served to guest, Mrs. Quattlebaum and members, Mesdames, C. B. Morris, C. E. Bairfield, Homer Bones, Frank Phelan Paul Smithey, G. G. Reeves, Walter Hutchins, Frank White Jr., Mike Thornberry, M. R. Allensworth, Victor Smith and hostesses Mrs. Holland and Mrs. Lowry.

MELTON—KINZER

In a single ring ceremony performed at 6 o'clock Saturday evening, January 9, Miss Rachel Melton, daughter of Mrs. Karl Adams of Clarendon, became the bride of Technical Sergeant Foster Kinzer, son of R. E. Kinzer of Pampa.

The marriage took place in the First Christian parsonage in Pampa with Rev. B. A. Norris, pastor, officiating. The couple was attended by Mr. and Mrs. D. E. Holt Jr. of Pampa. Mrs. Holt is a sister of the bride.

Mrs. Kinzer was graduated from Miami High School in 1938 and attended Amarillo Commercial College. She is at present employed with the personnel office of The Post Exchange at Amarillo Field.

Sgt. Kinzer was graduated from Pampa High School in 1936 and attended Texas A&M in 1937. He is a graduate of Draughons Business University at Oklahoma City and the Milwaukee School of Engineering in Milwaukee, Wisconsin. For the past year he has been stationed with an overseas unit of the Army. He is at present on his way to Fort Knox, Ky. to attend an Officers Candidate School.

CLARENDON H. D. CLUB

Met at the home of Mrs. Earl Lea, Friday afternoon, with Mrs. Lea and Mrs. Estlack, hostesses. Mrs. Lea presided over business meeting. Mrs. McDowell read Club Collect. Roll Call answered with some special or unusual event in the kitchen. Plans were discussed for next year. Club adjourned to meet Friday, Feb. 19 at 3:30 p. m. at the home of Mrs. Lena Antrobous, Mrs. Watson assisting.

Mrs. Benson distributed 30 soldier kits to club members for the Red Cross.

During the social hour, delicious refreshments were served to Mesdames G. A. Anderson, Lena Antrobous, A. L. Chase, C. L. Benson, Mattie Hudson, W. A. Davis, C. D. McDowell, A. W. Simpson, Henry Williams, W. D. Van Eaton, and Misses Ida and Etta Harned, and Mrs. Lea and Mrs. Estlack.

KILL KARE

Met at the home of Mrs. Grover Heath Thursday afternoon in the usual fancy needle work and pleasant conversation.

The hostess, Mrs. Heath, was assisted by her daughter in serving a delicious salad plate to guests, Mrs. Ray Wilson and small daughter of Paducah; members, Mmes. H. C. Brumley, Homer Mulkey, Eugene Noland, J. R. Bartlett, Lon Rundell, Frank White Sr., W. A. Massie, W. B. Sims, Eva Draffin, Cap Lane, R. R. Dawkins and Misses Ida and Etta Harned.

JUNIOR VICTORY CLUB

Patty Molesworth entertained the members of this club at her home Saturday afternoon. The afternoon was spent in knitting squares for afagans for Red Cross.

During the social hour, cookies and spice tea was served to Ada Sue Smith, Georgia Bell McNeal, Dorothy Nell Kemp, Elise Norwood, Bettie Jean Brown, Mary Ann Bromley, Melba Ruth Grady, June Atteberry, and hostess, Patty Molesworth.

ENTERTAINS WITH DANCE

Bobby Broad entertained members of his class club Friday night with a dance at the home of Mrs. Glascoe. Dancing and games were enjoyed by 26 young boys and girls.

Dainty refreshments were served at 11 p. m. by hostess, Mrs. Glascoe. Mrs. Marguerite Goodner class sponsor, was also present.

ENTERTAINS WITH DINNER

Mrs. Arlie Wood entertained with a lovely dinner Sunday at 7 p. m., complimenting her husband.

Those attending were Mr. and Mrs. Thomas Clayton and small daughter Elaine of Memphis; Dr. and Mrs. B. B. Harris and small daughter Betty Jenice; Mr. and Mrs. L. L. Wood and Mr. and Mrs. Arlie Wood and small daughter, Carrol Lee.

Farmers Asked To Increase Egg Production

Texas farmers have been asked to produce eleven per cent more eggs this year than they did in 1942 says County agent H. M. Breedlove. The increase is equal to about twenty-seven million dozen. They are asked to increase the amount of poultry meat also. Poultry meat, you know, is one commodity which is not rationed.

"To reach the egg goal," Breedlove says, "your flocks and the egg production of each hen will have to be increased. To obtain more poultry meat it will be necessary to increase the number of chicks started, and also the number of fryers and roosters."

To do the job successfully, Breedlove suggests that each producer should plan to start at least

two groups of chicks. Arrange one to come off early—say February or early March—and another as soon as the early group can be removed from the brooder house. It will be an advantage to raise straight run chicks this year. Cockerels could be fed out as heavy fryers and sold at a good price in the spring.

Buy the better grade of chicks from the hatchery to avoid transportation difficulties. He suggests buying chicks as near home as possible.

Helpful things to remember: Don't attempt to economize on feeding. Feed a complete ration, especially the starter ration. Allow each laying hen three square feet of floor space. Allow at least one square foot for each two chicks in a brooder house — one square inch of feeder space per chick, and provide at least one quart of water for each twenty-five chicks.

LIEUT. KENNETH BROWN RETURNS TO BASE

Lieut. Kenneth Brown, a pilot in a bomber squadron, doing patrol duty in the Caribbean Sea area, returned to his home base Sunday after a visit here with his parents, Mr. and Mrs. Frank Brown.

Lieut. Brown has been in the service of Uncle Sam since June, 1941. Previously he had been a member of the Royal Canadian Air Force for one year. He is now doing anti-submarine patrol service and convoy coverage. During the past few months he has visited San Lucia, Antigua, Trinidad, all of the British West Indies; Guayana, Dutch West Indies; British Guiana; Dutch Guiana; Natal Brazil.

He states that he likes his assignment just fine, and "wouldn't trade it for any other job in the world." His wife didn't get to come with him due to transportation problems.

The Army needs more planes, ships, guns. It needs your scrap metal to make them. Give it now.

You can get in the scrap over there by getting in your scrap metal over here.

Don't bet on scraps except the one you'll win by giving your scrap metal to the Army now.

TO THE PRODUCERS OF DONLEY COUNTY:

Walter J. Flynt, Secretary Donley County ACA

Two meetings with farmers have been held on Tuesday at Lelia Lake and Clarendon, and three meetings were held on Wednesday, January 20 at Ashtola, Jericho and Hedley, for the purpose of explaining farm mobilization and the 1943 Farm Production Program.

As increased production is absolutely essential I believe that the information given to farmers at these meetings is of great importance. Farmers will do their part if they only know what is needed. The aim at these meetings is to inform farmers what is needed, what is applicable to this part of the country, and to explain the War Board work sheet, and 1943 farm plan sheet which is to help farmers to figure out how they can best help the production of essential farm products.

The 1943 Crop Insurance Program is now in full swing. We are accepting applications. Each farmer has the rate on each farm in which he is interested, for both 50% and 75% insurance. The closing date for accepting applications is April 15. The percentage added for the loss of seeded has been increased to 20% instead of 19% as in 1942. The maturity date of the insurance premium will not be earlier than October 20, 1943. A greater participation is expected in 1943 than in 1942 due to the fact that a better program has been worked out. The fact that this insurance covers everything except poor farming is one of the greatest factors in selling this insurance, and the fact that the cotton is covered beginning the day it is planted is another coverage not offered by any other type of insurance.

I should like at this time to express my thanks for the cooperation in the 1942 crop insurance program, and to thank each and every one who has had any part in the carrying out of this program. Especially do I appreciate the patience, and fairness of those who took out this insurance.

Each man who has a short crop should turn in his cotton production on his farm as soon as he has completed harvesting, so that we may inspect the cotton and turn a report to the Crop Insurance Corporation. I sincerely regret that a shortage of forms has delayed some of the cases of loss for quite some time. I am sure that we shall be sent a supply of forms at an early date, at which time we shall attend to these matters promptly.

Farmers will not turn a report of the cotton harvested on each farm as in previous years since a change in procedure. The County Office will send each man the total amount of cotton harvested on each farm, then if it is not correct he should come in and have it corrected. Producers should keep all their gin tickets for this purpose.

Second WAAC Platoon Enrolled In West Texas

Lieutenant Colonel Marvin B. Durette, Commander of the West Texas Recruiting and Induction District, announced this week that a second platoon of West Texas women had been enrolled for the Women's Army Auxiliary Corps. This platoon consists of thirty-two women and will be known as the South Plains Westernettes.

An unusually large quota has been given the West Texas District. This quota calls for the enrollment of 584 WAACS during January, February and March. Lieutenant Colonel Durette said, "We are depending on each of the 76 counties in the District to supply their quota. We do not want it said that the West Texas District failed to come through."

Enlistment committees are being formed in most of the towns in the District. Women's clubs, civic clubs and other organizations are being asked to help in the recruiting drive. Enlistment chairmen have been appointed in many of the towns and will work with the United States Army Recruiting Service.

The quota for this County calls for the enrollment of 6 women during the period ending March 31st. Each County meeting its quota by this date will receive special recognition by the West Texas Recruiting and Induction District.

Donley County Leader, \$2 a year.

Forty-One States To Revalidate 1942 License Plates

Plans of 41 States and the District of Columbia to revalidate 1942 license plates enables most of the nation's 27,000,000 motorists to write their license numbers, as required by rationing regulations, on all coupons now issued to them. OPA pointed out today.

Holders of "A", "B" and "C" ration books in the seven States that will change plates and numbers for the coming year were warned, however, not to write license numbers on more coupons than they will use before the new license numbers are issued. Dates for issuing new plates will vary with the States.

Notations identifying the coupons with the vehicle for which they were issued are required to protect the holder from misuse of his ration book in case it is lost or stolen. These written identifications also are expected to help detect any counterfeiting of coupons.

For holders of "A", "B", "C" or "D" ration books, except those for fleet, the identification consists of the car license number and the State of registration. Coupons for fleet cars must carry the fleet name. "T" coupons must be endorsed with the War Certificate number, or fleet name. "E" and "R" coupons must have name and address of user written on the back.

While rationing regulations do not require identifications until the coupon is exchanged for a purchase of gasoline, OPA has urged ration holders to write in the proper notations immediately. Besides protecting the book against loss or theft, this procedure will save motorists from the inconvenience and delay of writing on the coupons when they pull up to a service station for gasoline.

Those to visit in the Charlie Young home Wednesday night of last week were Mr. and Mrs. Edd Mooring and family, Hugh and Peggy Stewart, Mr. and Mrs. Carl Tucker and son and J. T. and Bobbie Brock, Mr. and Mrs. Roy Roberson and family.

Beatrice Smith Spent Last Friday with Mr. and Mrs. L. L. Johnson

Bonnie Joe Mooring left Sunday for Florida after being with his parents on a ten day furlough.

Complete Information and Forms for Applying for all of these positions may be obtained from Mr. Hayes at the post office.

Mr. and Mrs. W. A. Hughes of Pampa visited his sister, Mr. and Mrs. L. L. Wood Thursday.

"IT'S AN AMERICAN WORD" ★ Cartoon by Dr. Seuss

and meeting its quota is an American habit!

To help win this War, to help provide the fighting equipment and the fighting men America needs, every American has a job to do.
That job includes saving at least 10% of his income in War Bonds. Your quota, too, is 10%—10¢ out of every dollar you make, 10¢ out of every dollar's worth of pro-

duce you grow and sell.
Start saving in War Bonds today. Get them regularly, not the least you can but the most you can, remembering that they're the finest, safest investment in the world, guaranteed both as to principal and interest by the United States Government.

NOTE—Now You Can Buy War Bonds Through Your Rural Postman!

RED CROSS VOLUNTEER SERVICE

During the year ended last September, Red Cross produced articles totaled almost 2,000,000.

WAR TRAINING

Help meet the nation's manpower needs; go to college next semester. For—

- Pre-induction courses.
• Secretarial training for quick job preparation.
• Aviation, mechanics, radio, pre-engineering.
• Civil Service training.
• Teacher - training and special work for former teachers.
• Pre - professional subjects, some with deferment.
• College degrees in less than three years.

There has never been such insistent need for college-trained men and women. Plan to enter college January 26. Write Registrar for course schedule.

West Texas State College CANYON

in the following four months production exceeded the entire output of that year. The response to the appeal of the American Red Cross for volunteers to take part in this war relief effort has been magnificent. In the cities, work in the Chapters is in full swing all week long, and something of what is being done in the rural areas may be glimpsed in this letter from a production chairman in an agricultural district.

Sewing The Martin Garden Club has turned in 40 children's blouses. The Dorcas Althean Sunday School Class pieced and tacked a quilt. The Hedley Community is still in the lead in the sewing. We issued Mrs. Clyde Bridges 50 pairs of pajamas and a large box of scraps for quilts. The ladies from the Episcopal Auxiliary took 20 soldiers kits to complete. We still have a few of these kits left. The young girls from the Victory Club gave \$1.00 toward the fund for these soldier's kits.

Relief At Last For Your Cough Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back. CREOMULSION for Coughs, Chest Colds, Bronchitis

A FEED for EVERY NEED When you need any kind of feed for stock or poultry be sure to inspect our stock, for we guarantee it to be good. Custom Grinding We are equipped to do your grinding any way you want it done. Profit more by grinding. Thomas Mill & Feed Store

NOTICE TAX PAYERS PAY Your Taxes EARLY!

YOUR 1942 TAXES ARE NOW DUE AND MUST BE PAID ON OR BEFORE JANUARY 31, 1943, TO AVOID PENALTY. We respectfully ask those taxpayers, who can and will to pay their taxes as early as possible to avoid the last minute rush. We, like many businesses are short-handed, and we will be unable to get as much office help as we need for the tax-paying rush that usually comes the last week of January. Both men and women are required to pay a poll tax. Unpaid poll taxes are a lien upon any real or personal property you may own, or come into possession of. Those who are 60 years of age or more are not required to pay a poll tax and are not required to have an exemption to vote; those who have moved into the county since January 1, 1942, are required to have an exemption; those who have become 21 years of age since January 1, 1942 or will become of age during 1943 are required to secure an exemption certificate during January 1943, before they may vote in any of the elections during the year; no charge is made for exemption certificates. When you come in to pay your taxes - - also give us a rendition of your property for next year's taxes. Due to gasoline rationing and the rubber conservation program, we will be unable to call on you as we have in the past. Please lend us your cooperation in this matter.

Guy Wright TAX ASSESSOR-COLLECTOR AND SHERIFF OF DONLEY COUNTY

PLANNING POULTRY PROGRAM

College Station — Uncle Sam wants Texas farmers to produce 11 percent more eggs this year than last, and also to substantially increase poultry meats. Translated into totals, 11 percent means nearly 27,000,000 dozen more eggs than Texas hens laid in 1942. To reach this goal and at the same time furnish more poultry for the pots and ovens, flocks will have to be enlarged by starting more chicks, and their egg laying activity stepped up. This is the opinion of George P. McCarthy, poultryman for the A&M College Extension Service. McCarthy suggests planning the 1943 program to start at least two groups of chicks, one to come off in February or early March, and another as soon as the first group can be removed from the brooder house. Moreover, he adds, it will be an advantage to raise straight run chicks this year. The cockerels could be fed out as heavy fryers and sold at a good price next spring.

AN AMERICAN SOLDIER

An article in the Clay County Leader sums up this matter of war sacrifices about as well as any we've read here it is: "I am the American Soldier. I am a mother's son; I am the pride of a family, and part of a home. I love my life, as you love yours. I am a youth in years and experience in life—yet I am a gambler, betting the highest stakes that a man can wager—my life. "If I win, you win; if I lose, I have lost all. The loss is mine; not yours; and there is a grieved mother, a saddened family and a broken home to which I can never return. "I ask not only for the God-speed and support of my nation in return for laying upon the altar of my country my all. "Will you bet your gold while I bet my blood? Will you hazard your wealth, while I risk my life?" (The foregoing article was handed to us by Mrs. S. G. Evans) Pfc. Price Whitlock of Lubbock and Miss Dorothy Scott of Los Angeles, visited his parents last week. They returned to Lubbock Friday.

Annual Account of County Clerk

R. Y. KING
County Judge, Donley County, Texas.
EXAMINED AND APPROVED in open COMMISSIONERS' COURT, on this the 11th day of January, A. D., 1943.
R. Y. KING
Presiding Officer, Commissioners' Court, Donley County, Texas

Children Contribute To Victory

There is some service, no matter how small or simple, which every child above toddler age can perform as his contribution to Victory. This war activity must, of course, be suited to the child's age and abilities, says Dosca Hale, specialist in child development for the A&M College Extension Service. Miss Hale, who has discussed war programs with both children and adults in 45 Texas counties during the last two months, reports how one four-year-old in Rusk County has helped salvage old silk hose from the neighbors. A five-year-old invests his pennies in war stamps "to buy guns for Uncle Will."

waste food, they learn to like new dishes and leave a clean plate after each meal. In a number of counties the six and seven-year olds not only are buying war stamps but making scrap books for hospitalized soldiers and sailors, the specialist says. Helping collect waste paper, scrap metal and rubber has impressed children with the importance of their own responsibility. And, Miss Hale says, "This sharing is important as a wholesome outlet for the emotions that war always arouses." Here are other ways boys and girls, especially 4-H Club members, are helping: Sponsoring entertainments to raise money for the Red Cross and service organizations; making cookies and games to send to men in the armed forces, caring for children whose mothers are working in the fields or in defense industries, helping sick neighbors gather their crops, studying first aid and home nursing, and raising "food for fighters."

'Complaining' Is Helping Enemy
McGee Says

Lubbock, Jan. 18—Persons who are "unwilling and complaining" of wartime programs and efforts of county War Price and Rationing boards are participating in a form of sabotage, "lending aid and comfort to the enemy", Texas OPA Director Mark McGee of Fort Worth said on a visit to the Lubbock District of the OPA this week. "It is more important that boys in the fighting forces have rubber than it is that we ever move our cars from the garage," Mr. McGee stated.

Mr. McGee, who addressed groups and met with county boards from surrounding counties at Pampa, Clarendon and Lubbock, presented a merit award to J. Doyle Settle, Lubbock District Rationing Officer and formerly executive assistant to McGee. The certificate, signed by Leon Henderson, Regional Director Max McCullough and McGee, expressed "sincere appreciation for his devotion to his country's needs through the free and patriotic sacrifice of personal interests in the execution of the War Price and Rationing program." The award was presented at an open luncheon of the Lubbock Rotary Club, January 13.

The State Director warned in his speeches that "C card holders had better be sure they are using those 'C' cards for the purpose for which they were issued, or they are going to get their 'C' cards taken in." The state office is not bluffing in its investigation of "C" book gasoline ration usage, he warned.

Sea-Going Hornets

THESE FAST MOTOR LAUNCHES of the Netherlands Navy carry a real sting. Armed with guns and depth charges, they are ready to make things hot for Axis planes or U-boats in the Caribbean. Today the Netherlands is serving the United Nations on the sea not only with naval vessels, but with her large merchant fleet, some ships of which helped land the U. S. expeditionary force in Africa.

"We are going to keep faith with the public and see that these 'C' book holders live up to their agreement."

The State Director spoke at a luncheon sponsored by junior and senior chambers of commerce at Pampa and at a banquet sponsored by Commerce January 12. Howard R. Gholson, Lubbock district OPA manager, and other officials from the district office accompanied the state official and met with county boards to answer questions regarding various phases of the OPA program.

Who's afraid of the 'big bad wolf'? We are, unless you give your scrap metal to the Army now.

Tie a little string around your finger and remember to give your scrap metal to the Army today.

Keep Dairy Cows Comfortable

College Station—A comfortable cow puts more milk into the bucket! A shelter shed deep enough to keep cows dry in cold, rainy weather is the best means of providing comfort, says E. R. Eudaly, dairyman for the A&M College Extension Service. Good dairy cows need to rest, but they won't lie down in mud unless they are exhausted. Exhaustion lowers milk production about as much as wet and cold do. On that account the floor or earth under the shed should be higher than the ground outside and slope outward so that rain which blows in from the open side will run back into the gutter at the outer edge. To assure dryness the floor should be of sand, gravel or shell. Keep the gutter open.

Eudaly says that it is a good rule to make the depth of the shed twice its height at the front. The length should be regulated by the number of cows and whether they have horns. Dehorned animals need 30 square feet of floor space each, but those with horns should be allowed 45 square feet. Dairy cows require somewhat warmer shelter than fattening steers. They have no protecting fat, their coats

are scantier and their hides usually are thinner than those of steers. "It is not possible to get maximum milk production unless cows are sheltered from cold," Eudaly explains. "It is not necessary to build anything expensive—a shed which will keep the cows dry and warm will do. But it will not do much good to give the cows shelter and no roughage to eat. Cows were made to eat roughage—meaning silage and hay—and best production cannot be had without it. Texas is short of milk. It is highly important to keep the cows on the job this winter."

OPA Officials Warn Against Fast Driving

Lubbock, Jan. 19—Driving at excessive speed on new war tires of reclaimed rubber was likened by Lubbock district OPA officials today to driving "with a charge of dynamite under each wheel." Attempting to avert accidents which might result from higher speeds on war tires, district officials warned that "war tires will

not stand speeds in excess of 35 miles an hour even though they are capable of delivering thousands of miles of trouble-free service if operated according to factory specifications." Although war tires are labeled with a warning they should not be used at higher speeds, numerous motorists who buy tires never see the warning, since it is destroyed by the dealer when the tire is mounted, officials said. "To the layman, the new war tire appears to be equal in durability to the tire manufactured prior to Pearl Harbor," they explained. "It is true that the ply construction is the same, the tread design and depth the same, but this tire will not stand heat and friction. In West Texas, where distances are so great, excessive speed constitutes one of our major problems in tire abuse."

The only tires being manufactured for passenger cars are of reclaimed rubber and may be sold only to persons who obtain certificates from their War Price and Rationing Boards. REMEMBER PEARL HARBOR - BUY DEFENSE BONDS.

A DOLLAR SAVED, IS A DOLLAR MADE

We are now handling the nationally known, Security Foods, and by feeding same, to your pigs and calves, mixed with water or skimmed milk, you can make whole milk at two cents per gallon. Sell your cream and feed Security food, and produce a better pig or calf than you can on its mother's milk. A trial will convince you. Let us give you literature on this balanced mineral feed. You can save real dollars by feeding Security Milk Foods, and Chic-O-Line Mixed Feeds, and having all of your feed chopped and mixed properly, adding concentrates and thoroughly mix. We have the equipment to do the job, and we both lose money when you fail to let us do it. When in the market for feed of all kinds, phone us.

YOUR BUSINESS APPRECIATED
Simpson's Mill & Feed Store
PHONE 149

"You bet, we're proud of 'em!"

Yes, we are just plumb stuck-up about these men! They're making good soldiers, good sailors, and good marines. One (Captain Tommy Dodson) is missing in Java. One (Pfc. Othello "Doc" Adams) is credited with killing 20 Japs. Thirty of them now are commissioned officers. Two are lieutenant-colonels, five

are majors, five are captains, 17 are lieutenants and one is a Navy ensign. All 150 received training and experience in this organization which is enabling them to render valuable service to their country. While they stand ready to make the supreme sacrifice in the fight for our American way of living, those of us left behind stand united in backing them up with plenty of electric power. And we're proud of the job we're doing here at home, too! There has been no power shortage... either in your home or for Uncle Sam. Back of this ample supply of power

is the American system of FREE ENTERPRISE, which is performing the incredible job of producing the weapons of war with which to win the victory... weapons for all the United Nations. Business management under free enterprise is supplying the brains, the know-how, and manning the production lines that turn out the planes, tanks, ships and guns. The creative genius behind the lines comes from the ranks of industry, not from the muddle of bureaucracy.

WE'LL MAKE YOUR TIRES GO FARTHER Than They Ever Went Before

Today, rubber is vital to America's Victory Drive—and every ounce of it must be kept in the fight! Most of the rubber in use in America is on the tires of our family cars. And the nation-wide Mileage Rationing Program—with its Compulsory Tire Inspections—is aimed at keeping these tires rolling as long as possible! The authorities consider this so important that failure to have tires inspected regularly will prevent you from securing new tires or recaps, will disqualify you for obtaining a new Mileage Ration Book when the first one expires and will result in the revocation of your present Mileage Ration Book! We have been selected as one of your Official Tire Inspection Stations. Let us help keep 'em rolling!

HERE ARE THE NEW RULES FOR COMPULSORY TIRE INSPECTION

All "A" book holders must have first official tire inspections by March 31, 1943. "B" and "C" book holders and owners of bulk coupons for fleets must have first inspection by February 22, 1943. "T" ration book holders must have first official tire inspection by February 28, 1943.

DON'T WAIT UNTIL THE LAST MINUTE— HAVE YOURS INSPECTED NOW.

WE HAVE A GOOD STOCK OF GRADE 3 and ALL OTHER TIRES.

Farm Mobilization Goals For 1943 To Be Met By Donley County Farmers

County agent H. M. Breedlove announced this morning that meetings on the Farm Mobilization plan for 1943 were in full swing in Donley county. The meetings just completed were held at Skillet, Lelia Lake, Clarendon, Ashtola, Jericho and Hedley. Weather conditions in the county were very unfavorable for the traveling of country roads during this week and the attendance was rather low.

Breedlove explained how farmers would mobilize in 1943 and utilize every acre of land possible to those crops most essential to the war effort. Farmers in the county were called on to increase egg production, fat hogs, more fat beef, increase milk production and other commodities essential to the feeding of the army that we will need to win the war.

"The farmer will act as a soldier in the supply line," the county agent said, "and his job is to get the food to the boys in the front line. Food is one of the deciding factors and by the cooperation of all farmers and ranchers in the production of these foods and fibers most needed, the army will be well fed and equipped."

Breedlove also stated that in the near future, community committees would be called into a county meetings and educated in the filling out of farm plan sheets. These committees will go to the farms and contact the farmer personally and help him work out a cropping plan for 1943 that will

show increases in those commodities and livestock that he is most equipped to handle and make his contribution to the war effort in this manner.

"This is the one big year for agriculture," Breedlove said, "and all farmers and ranchers are the men of the hour in the home lines, and it is up to them to produce the largest amount of food ever yet in the year of 1943."

Breedlove pointed out that several reasons for increased production was due the vast army that we have in the foreign battle fields that must be fed and also the fast increasing army at home and abroad—that in 1943 approximately 25% of all food produced in the United States will go to Lend-Lease. This means that we must have a larger production in 1943 than we had in 1942 and the past year was one of the largest in history.

This production is to be met in those crops that are of the most importance to the winning of the war, and that is the job that is being done in the counties at this time, advising and helping farmers to plan to plant certain crops, to feed more livestock for market, to put more sows on the farm, to milk more cows and to have more chickens so that more eggs can be put on the market.

"The battle cry of all farmers," Breedlove said, "will be to 'Meet Our Agricultural Goals for the Department of Agriculture and the Boys in the Army in 1943'. This will be one of the deciding blows to the axis powers because well fed soldiers can do the job in a better manner and faster than the underfed. Let us all talk and think about our production goals for 1943 in agriculture and the Mobilization of all farmers will be a mighty army sending food to the front lines."

Praise the Army's mettle by giving it your scrap metal.
—On Pay Day, Buy Bonds—

Loses Three Sons, Aids Bond Drive

PATRIOT—Nelson E. Craig of Indianapolis, Ind., is left with the memories of three sons who have given their lives in the Pacific aboard different ships engaged in battle with the Japanese. A fourth son is in

the same area with the Marines. The elder Craig works in a war job and assists in War Bond drives. He is now engaged in urging Hoosiers to say yes to the requests to convert War Stamp albums into War Bonds.

Rationing—

(Continued from Front page) The letters run from A through Z, except for the letters I and O, which are omitted. Each letter appears on four stamps. Thus, there are four A stamps, four B stamps, and so on. In all, there are 96 blue stamps in ration book No. 2. The stamps will be used in three letter groups. That is, stamps with A, B and C on them will be used during the first ration period. Then stamps with D, E and F will be used during the second ration period. And so on. The length of each ration period will be announced later by the OPA.

Point Values Unknown Since each letter appears on four stamps, and since three letters may be used, a total of 12 stamps may be spent during each ration period.

One of the four stamps under each letter has a figure 3, one has a 5, and one has a 2 and one has a 1. Thus, with three letters in each ration period, the consumer will have three 1-point stamps, three 5's, three 2's and three 1's. This is a total of 48 points per ration period per consumer.

During the week sales are frozen, the OPA will announce the point value of the various rationed items. Abundant foods will be assigned lesser value in points. Scarce foods will be assigned greater value in points.

The point values of the rationed goods will be announced in the newspapers and will be posted in grocery stores.

4-H Club Boys Are Contributing To Food Output

County agent H. M. Breedlove says that Texas 4-H Club boys in 1942 produced and sold livestock and livestock products, and poultry and eggs valued at more than \$1,000,000. The actual amount received for the beef calves, swine, sheep, goats, wool, mohair, poultry and eggs they marketed was \$1,099,514.15.

Swine ranked second to beef calves both in weight and value. A total of 14,249 pigs, weighing 2,594,316 pounds went to market and sold for \$334,203.58.

In order of value, the boys sold \$29,123.16 worth of poultry; 535-152 dozen of eggs for \$150,935.33; 4,706 sheep for \$50,361.02; 47,556 pounds of wool for \$18,005.38; 271 dairy cattle for \$19,604.49, and 4,074 pounds of mohair for \$1,843.60.

The boys exhibited 2,844 beef calves, 3,874 swine, 3,061 sheep, 1,828 poultry, 66 dairy animals and 175 goats. They shipped 1,917 sheep, 1,139 swine and 910 beef calves, and the gross returns therefrom was \$156,687.95.

ATTEND FUNERAL J. H. Howze and Mrs. W. L. Landers attended the funeral of their aunt, Mrs. Gilmore at Turkey Thursday (today).

Keep the Japs slap-happy by making Uncle Sam scrap happy. We need your scrap metal now.

Didn't you forget something? Didn't you forget to pile up your scrap metal today?

Donley County Leader, \$3 a year

FSA To Aid Farmers In Production Drive

Donley County farmers are mobilized for war production and those who can add to their output of needed supplies need not be hampered in doing so for lack of funds, according to Claude Moore, rural rehabilitation supervisor for the Farm Security Administration.

"No American farmer," said Mr. Moore, "should be hindered by lack of operating funds this year. Banks and private credit institutions are expanding their credit facilities to fit food production requirements and the federal government has ample credit facilities to meet the particular needs of farm and ranch producers."

The county supervisor said assistance can be given by the Farm Security Administration to those farmers who lack the required security for other loans but whose family labor and land could be put to fuller use in the war program if the funds were available.

He stated that funds are immediately available to small operators for the purchase of farming equipment, feed, seed, livestock, household needs, building repairs, for land rental, clothing, necessary medical care, sanitation facilities and many other needs.

"Farm Security loans this year," he said, "are being directed especially to any small farmers who with such financing can become qualified as essential farm producers under the war-unit rating, by adding to their livestock or poultry or increasing their production of war-rated crops."

Farm and ranch operators who cannot get adequate financing from any other source are urged by Mr. Moore to contact him immediately at his office in the Goldston Building at Clarendon. He cautions against delay in making application for loans because this is the year of all years when operators should have their money on hand at the moment it is needed.

Tire Inspection Dates Advanced

The Donley County War Price and Rationing Board announces that amendment No. 4 to General Order ODT - 21, effective January 15, extends the deadline for initial inspection of all tires mounted on commercial motor vehicles from January 15 to February 28, 1943. Thereafter no local board may issue a certificate for tires, tubes, or recapping service for a commercial vehicle unless the vehicle has been duly inspected and approved by an authorized inspector of the Office of Price Administration every sixty days or every five thousand miles whichever occurs first.

"We have received in addition, information from the Regional Office," the board announces, "extending the deadline on tire inspections for passenger automobiles. Holders of 'A' Ration must have their first inspection by March 31st while 'B' and 'C' Ration holders have until February 28th to have their tires inspected."

Mr. and Mrs. C. T. McMurtry will leave Friday to visit her son, Pat Slaven at Ft. Worth the week end. They will go on to Temple where Mrs. McMurtry will receive medical treatment.

Mrs. Ernest Kelly who has been teaching school at Floydada visited in the home of her parents, Mr. and Mrs. June Taylor last week. She left Monday to join her husband at San Diego, Calif., where he is in the service.

Total University of Texas enrollment for the current long session is 10,042 individuals, only 104 fewer than for last year.
