Green Belt Poultry Show To Open January 11th

ENTRIES EXPECTED TO SMASH RECORD SET IN 1940

PRIZE WINNING BIRDS OF STATE AND TRI-STATE FAIRS TO BE SHOWN

Featuring prize winning birds shown last fall at the State and Tri-State fairs, and the annual Green Belt Poultry Show, which will be held here January 11, 12, 13, is expected to have its banner exhibit.

The exhibit will be held in the main street building which formerly housed the Lowe Grocery.

In a statement concerning the growth of the show, J. R. Gillham, exhibit director, said today he expected the record entry list of 551 fowls, set last year, to again fall. E. Millier of Amarillo, has been selected to judge the birds, Gillham added.

Ribbons, cash and merchandise premiums will be awarded the winners. All standard birds may be shown and single and pens in both young and old birds may be exhibited.

There will be six classifications: cocks, (malebirds over one year of age), cockerels, (male birds under one year of age), hens, (female birds over one year of age), pullets, (female birds under one year of age), young pens (to consist of two pullets and a cockerel), and old pen (to consist of two hens and a cock). Special awards will be presented to the following:

Best solid colored cock; best solid colored cockerel; best solid colored hen; best solid colored pullet; best solid colored young pen; best solid colored old pen; best parti-colored cock; best parti-colored cockerel; best parti-colored pullet; best parti-colored young pen; best parti-colored old pen.

No entry fee will be charged but each exhibitor will be required to band his birds. The birds must be in by six o'clock Thursday, January 11th, and must be taken from the building between two and six o'clock Saturday, January 13th.

Four birds must be in a class to secure first premium, three to secure second, and two to secure third. Three pens must be in a class to secure first premium, and two to secure second premium.

All birds will be fed and watered free of charge during the show and will be placed in coops with wood floor with litter on same.

Bugbee Oil Co. To Spud In Wildcat Test Well Soon

The Bugbee Oil Co., organized last spring has secured a block of 22,000 acres in the Deep Lake section, 15 miles southeast of Clarendon, and plans to spud in a wildcat test soon.

Eastern capital will be supplied for the test which is to go to depth of 6,000 feet if necessary, stated Mrs. Carter.

Donley Citizens Subscribe Only \$5.50 To Finnish Relief Fund

Donley County citizens were slow this week in answering the appeal issued last Thursday by Captain J. F. Lucey, asking the subscription of money for the relief of guiltless women and children suffering in war-torn Finland.

Only \$5.50 was received at The News office to be forwarded to the state relief headquarters, so the call continues.

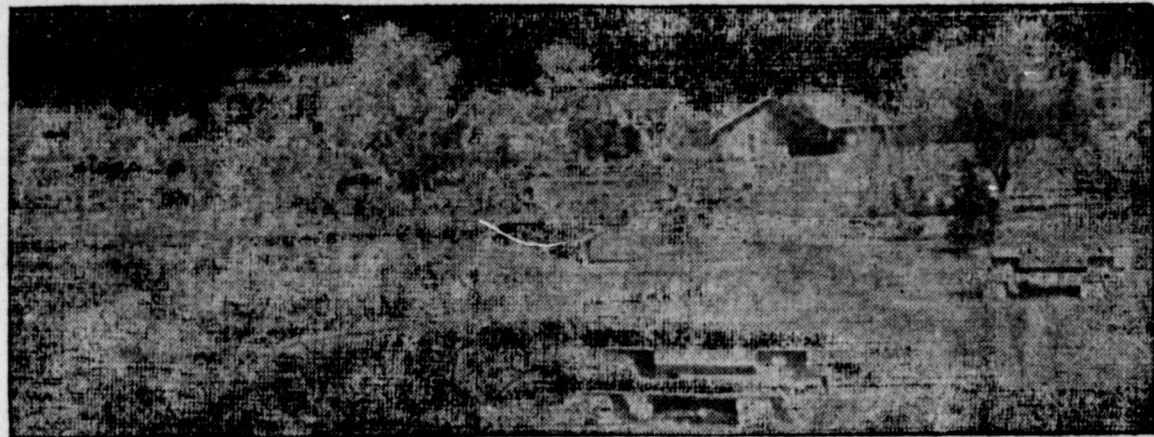

In last week's appeal, Captain Lucey, state director of the relief movement, pleaded forcefully to Texans, whose forefathers themselves, fought for independence against overwhelming odds, to subscribe liberally to the fund to aid those blasted out of their home by the wanton attack of the Red Russians.

With thousands wounded, dying without succor or shelter in the bitter winter of the European Northland, the Finnish armies fight gallantly on to protect the once peaceful villages, town and cities although many are now a shambles of blood, twisted steel and splintered wood.

Automobile Ride On Railroad Tracks Results In Drunk Driving Charge

Maybe he wanted to start the New Year along the straight and narrow.

Sheriff Guy Pierce said this morning that Claude Messer, 24, of Memphis, posted a \$500 bond Sunday on a charge of driving while intoxicated after he had piloted his car almost a mile upon the Fort Worth and Denver railway near Hedley.

The bond was set by Justice of the Peace W. A. Davis in a preliminary hearing Sunday morning.

According to Pierce, Messer was arrested in Hedley Saturday night after he allegedly drove his car from one crossing to the next. He said the tour was made near the Hedley campus. During the ride Messer crossed over a gully of a rail bridge, and besides not making an explanation, he seemed scarcely aware of his acts, the sheriff stated.

Although no other action has been taken, the sheriff said railroad officials had indicated they may sign a complaint charging Messer with obstructing their right-of-way. The charge would be a felony, Pierce added.

Donley County Sheriff Guy Pierce Does Not "Choose To Run" In 1940

Sheriff Guy Pierce does not "choose to run" for re-election in 1940.

The long term Donley County sheriff who has made one of the most outstanding records for a peace officer in West Texas, declared definitely this morning that he would not be a candidate during the political year.

Pierce, who, when the calendars were turned over to January, Monday morning, began his tenth year of service to the county, said his basic reason for withdrawing from politics was his wife: "She's made a hand," he said, "and she deserves a rest. It's been hard on her, staying at the jail alone almost every night. The responsibility of the prisoners has become very trying."

Mrs. Pierce has always aided her husband and during his ten years of office she has been the unofficial jailer. She has become recognized throughout the United States as the nation's youngest warden and has been in acclaim by many large newspapers for her courage and daring in quelling jailbreaks.

Since taking office in 1930, Sheriff Pierce has established a reputation for law enforcement throughout the southwest. Under his regime the crime record book of Donley County has almost been discarded. Violations are now almost entirely in the petty larceny and drunkenness class.

To date, Pierce has not made plans for the immediate future, he said.

SEE BOWL GAME

Mr. and Mrs. Bert Smith, Bert Jr., L. B. Hartzog, and Coach Emil Hutto returned Wednesday evening from New Orleans, where they saw the Tulane - A. & M. Sugar Bowl game Monday. In Dallas Saturday they went to the state final playoff between Lubbock High School and Waco High School.

FFA HARMONICA BAND ENTERTAINS LIONS LUNCHEON

DIRECTORS MEETING IS ANNOUNCED FOR NEXT MONDAY NIGHT

The Clarendon F. F. A. Harmonica band highlighted the program of the regular Lions Club luncheon Tuesday noon. J. R. Gillham, program chairman for the month introduced the band members who are Clyde and Carroll Peabody, Billy Smith, William Sullivan, Bailey Estes and judge blower Roy Bulls.

Billy Thornberry was also included on the program and entertained with two piano solos. In the business session, a directors meeting was announced for next Monday night and Ralph Andis, chairman of the membership drive, announced that each Lion obtaining a member during January would be presented with a special Lions Club plaque.

No guests, other than those on the program, were present at the luncheon.

Other members of the program committee for January are Walker Lane and J. W. Adanson.

The club also presented Miss Rhoda Widman with a beautiful gift as appreciation of her service during the past year.

\$116,829.46 HAS BEEN RECEIVED IN AAA CHECKS

PAYMENTS STILL DUE ON 519 FARMS AND 59 RANCHES IN DONLEY

By L. C. NEECE
A total of \$116,829.46 in conservation payments has been received in the county office thru January 3rd. This represents payment on five hundred and thirty seven farms, a total of nine hundred and sixty seven checks having been received.

Payments are still to be made on five hundred and nineteen farms and fifty nine ranches, no range payments having been made to date.

When all checks are in, approximately \$55,000.00 in conservation checks will have been received. This is in addition to the parity payment of \$150,000.00, making a total of \$435,000.00 in AAA benefit payments for Donley County under the 1939 farm and range program.

The deduction factor of 4.1 per cent for administrative expense is applied only to the conservation payment. Because of the fact that work has been speeded up to enable payments to be made during the year in which they are due, and allotments to be issued before planting time, the expense factor is larger than for 1938. Too, the total 1938 payment was made in one payment, and the expense factor was applied to this total payment instead of the last part as was the case in 1939.

SHIPMENT OF 1940 CAR TAGS ARRIVE HERE THIS WEEK

PASSENGER PLATES TO BE PURPLE LETTERING ON WHITE BACKGROUND

Over 2,000 motor vehicles license tags were delivered to tax assessor - collector J. W. Adanson Tuesday to be issued during the 1940 registrations.

Approximately 1,500 passenger cars, 200 commercial and 300 farm tags were in the shipment. The plates, made in the Texas prison, were delivered in a special prison truck.

The passenger car coloring this year will be purple lettering upon a white background. The Donley County numbers, for the first issue, will be from 351-901 to 353-550 inclusive.

Local commercial numbers will range from 61-151 to 61-350 and farm tags will start at 34-952 and continue to 35-250.

Tags cannot be purchased before March 1, and cannot be attached until April 1, which is the deadline for 1940 plates. H. B. Kerbow, deputy tax collector, said this morning.

Robert Nichols, student at Texas University, returned to Austin early this week, after a visit with his parents, Miss Juliette McCall of Austin, holiday guest in the S. T. Nichols home, returned with him.

Donley Singers To Meet In Alanreed Next Sunday

The Shelton Brothers quartette of Shawnee, Oklahoma, and the Phillips Four of Phillips, Texas, will be included in the outstanding musical units to attend the Donley County singing convention meeting in Alanreed, Sunday, January 7, Newt Waldron, president of the association announced this week.

The singing will be held in the high school auditorium. As usual it will be an all-day gathering with basket dinners at lunch time.

Officers to head the association for 1940 will also be elected at the meeting. Waldron said. Besides Waldron, present officers are Bub Heafner, Hedley, vice president and Mrs. Thomas Crawford, Hedley, secretary and treasurer.

Everyone interested in singing is cordially invited, Waldron said.

HEDLEY BANK HAS BUSINESS INCREASE FOR 1939

PAYS DIVIDEND AFTER ADDING TO SURPLUS AND PROFITS FUND

Following a meeting of the stockholders the Security State Bank of Hedley announced this week a six per cent dividend had been paid after an addition had been made to their surplus and profits accounts.

The bank's total resources also showed a substantial increase, and deposits and cash on hand were above last year.

Officers elected at the meeting were J. W. Noel, president; J. B. Masterson, vice president; and C. L. Johnson, cashier.

The board of directors chosen are Tom McDougal, Tommie Potts, M. C. Allen, J. W. Noel, J. B. Masterson.

Other employees of the institution are June Wansley and Mrs. Ruby Naylor.

THREE CANDIDATES FORMALLY THROW HATS IN RING

Three politicians this week issued formal announcements of their candidacy for offices to officially start the ball rolling for the current political year.

First came the announcement by Jess W. Adanson, present tax assessor - collector who asks re-election to that office and includes a clause that if the 1940 census report shows a sufficient drop in population to cause the combination of the office with that of the sheriff's, he will be a candidate for both.

Long-time deputy sheriff Guy Wright followed closely with his announcement for sheriff and like Adanson he included the "if" clause.

District Judge A. S. Moss was the third and asked for re-election.

Clarendon Couple's Baby Wins Wichita Falls Stork Derby

WICHITA FALLS, Jan. 3. — Sharon Kay Slaton, the infant daughter of Mr. and Mrs. Paul Slaton, Clarendon, was announced Wednesday as the first 1940 baby born in Wichita Falls.

Born at 12:44 a. m. on January 1, Sharon Kay will receive a score of prizes from Wichita Falls' merchants who cooperated in the annual stork shower.

The awards, covering virtually every field of baby requirements, were made by Wichita Falls merchants.

Physicians and the Adair hospital this morning reported that a New Year's baby had yet to be born in Donley County. No prizes will be given the first arrival here, however.

FORTY SCHOOLS INVITED TO GREEN BELT JUDGING

DEFENDING CHAMPION BYERS AND TULLIA ARE FIRST TO SEND ENTRIES

Over 40 Panhandle schools are expected to send teams to the annual Green Belt Poultry judging contest which will be held in connection with the show here January 11-13.

Byers, winner of the trophy last year, and Tullia, second place team, are among the first to send in entries. At least seventy-five vocational agriculture students will be here, it is estimated by J. R. Gillham, local F. F. A. advisor.

A silver loving cup will be awarded the winning team and ribbons will go to the ten high individuals. Pete Morrow, Carl Morris and Howard Gibbs will be in charge of grading and clerical work for the contest. Harice Green, Junior Spier, Frank Cannon, Maschil Cole and Ray Bulls will serve as group leaders. Roy Bulls, Carlton Gordon and other members will act as clerks.

AAA RANGE MEETING TO BE HELD MONDAY

There will be a meeting of all Donley County range operators in the county AAA office at 2 p. m. Monday, January 8, it was announced today.

LOCAL BANKS SHOW DEPOSIT INCREASE FOR THREE MONTHS

MORE THAN \$1,262,700 IS NESTLING IN LOCAL BANKS TO SHOW LARGE GAIN

Nestling in Donley County banks this week is approximately \$1,262,756.96 in customers' deposits and that figure shows that persons in this vicinity are exactly \$37,148.23 richer than three months ago when the deposits totaled only \$1,225,608.73.

The figures, which are taken from the combined statements of the four banks, filed in response to a call by the commissioner of banking, points out clearly the improved condition of local business. Cotton and cattle sales and large AAA payments has accounted for much of the increase.

Another indication of better business in Donley County is the fact that loans and discounts for the four banks have been cut by \$83,096.06. The figure on October 2 showed a collective loan figure of \$628,492.89 as against the aggregate of \$545,396.83 as of the close of business December 30.

An intra-mural poultry judging contest for chapter members will be held on January 12th. The gold F. F. A. poultry medals will be awarded to the high-point individual in each of the two vocational agricultural classes.

Panhandle's First Fence Builder And Wife Celebrate Anniversary

PAMPA, Jan. 3. — Residents of Gray county for 48 years, Mr. and Mrs. John Fraser, Sr., celebrated their 50th wedding anniversary at Boydston Thursday, December 28. The pioneer couple home-

stead a section of land and built a home of native stone and lumber when they first came to the Panhandle. They have built two homes since then but one of the walls of the original home still stands.

Mr. Fraser and Miss Margaret Troup were married in Marlin on December 28, 1889. Although they both came from the same part of Scotland, they did not meet until reaching the United States. Mr. Fraser was born in 1866 in Tarland, near Aberdeen, Scotland. In 1886 Mr. Fraser and a brother of his future wife came to America and a year later young Troup was joined by his sister and it was then that Mr. Fraser and Miss Troup met.

Upon his arrival in Gray county, Mr. Fraser joined Morris Knorrp, Sr., of Groom, and the late Col. Charles Goodnight, of Goodnight, in fencing the first land in the southwest part of Gray county and in parts of Carson, Donley and Armstrong counties.

In those days a stagline passed along what is now U. S. Highway 66 and on which the Frasers live 5 1-2 miles east of Groom. The Fraser home was destroyed by a stagline stop and postoffice and given the name Boydston. Mr. Fraser was named postmaster, an office he has held ever since. He is now believed to be the oldest postmaster in point of service in the United States. There has been talk of abandoning the postoffice at the Fraser home where neighbors still get their mail but Mr. Fraser has asked that the office not be discontinued until 1941 when he will have 50 years of service.

Nine children were born to the Frasers and six still survive. All of the children were born in Gray county. They were:

Mrs. Beatrice Fraser Angel, deceased; Buddy Fraser, deceased; Mrs. Marjorie Mae Fraser Emery, residing at the Jack Roach ranch headquarters in Donley county; Mrs. Jennie Watt Fraser Parker, Eagle Pass; John Fraser, Jr., deceased; Mrs. Besie Victoria Fraser Slay, Wellington; William T. Fraser, Pampa; Walter Knorrp Fraser, at home; Mrs. Willie Wilhelma Fraser Inman, residing south of Boydston. There are 16 grandchildren who will join in the celebration.

Fraser's Married 50 Years

Mr. and Mrs. John Fraser, Sr., above of Boydston, who observed their Golden Wedding anniversary with open house from 2 until 8:30 o'clock last Thursday afternoon. The Frasers were married in Marlin in 1889 and two years later moved to Boydston in the southwest corner of Gray County, where they have since made their home. They are well known in Clarendon and Donley County.

THE YEARS OF THE LOCUST

One of the most eventful decades in modern history has ended. And this nation enters a new decade during which, unless all signs are wrong, its people must face and grapple with problems, issues and responsibilities of the most far-reaching character.

The 1930's will be known to the historians of the future as the years of one of the greatest and longest depressions this or any other nation ever experienced. They will be known as years of experiment, of trial and error, of the weighing of our old values and our old traditions. And they will be known as years in which the democratic process was consistently attacked by some of those who called themselves its friends, as well as by those who were its frankly avowed enemies.

From the international point of view, the tragic '30's came to a cynically fitting end in that most ghastly and unnecessary of events—a war which embraces much of the world. In nation after nation the arts of peace have of necessity been put aside, to the end that war may be prosecuted to the utmost. And war destroys more than men and materials and machines and economies and States. It destroys those essential liberties for which men have fought and died in holy causes ever since the world we know began. It destroys those spiritual values which are at the root of all artistic, cultural and humanitarian achievement. It has been truly said that in modern war there can be no victors—there are only the vanquished. It is an ironic commentary on the times in which we live that those nations which are fighting this war in the name of threatened democracy, have been forced to use the methods of the dictators in order to meet the enemy on its own totalitarian terms.

The greatest blessing which this nation possesses today is its physical remoteness from the conflict abroad. That is a position enjoyed by no other of the world's major powers. There is profound wisdom in the attitude of the great majority of the American people who say, in effect—"We can keep out of war—and we will keep out of war." There is no war party in this country—no responsible statesman urges our participation. We can all feel a deep and abiding thankfulness that this is so. Never before was it so important that we Americans keep our heads, in order that we may also keep our liberties. For should this country become involved in war, democracy would vanish here, as swiftly and as surely as it has vanished abroad.

Here in America we have all that is needed to bring a greater prosperity than we have ever known—the industries, the men, the resources. But unless we maintain our basic liberties, material blessings mean nothing.

Look to your health! And if you have it, praise God and value it next to a good conscience.—Izaak Walton.

No free government, or the blessings of liberty, can be preserved to any people but by a firm adherence to justice, moderation, temperance, frugality and virtue, and by a frequent recurrence to fundamental principles.—Patrick Henry.

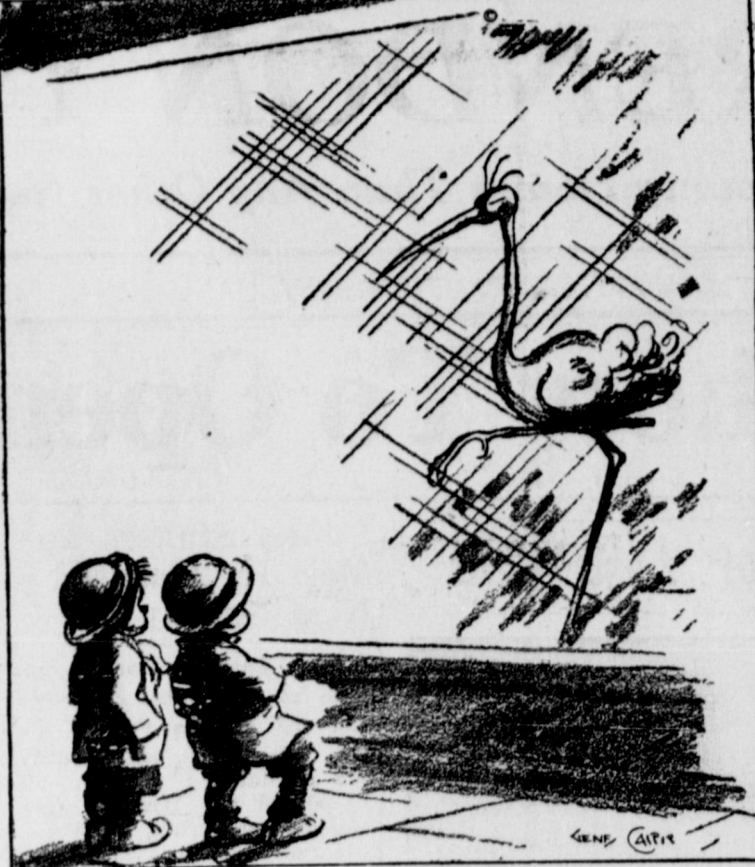

It is a thousand times better to have common sense without education than to have education without common sense.—Robert G. Ingersoll.

COTTON VS. RAYON

Licked to a frazzle by cotton styles in the Paris and New York markets last season, the synthetics apparently are pointing toward a comeback via Hollywood.

Full page advertisements in national magazines of tremendous circulation are scheduled to carry the first blast in February. A large picture company with a famous actress takes the role of saleslady for rayon, as attention-getter for the statement that all costumes used in her new picture are rayon fabrics.

Those familiar with advertising methods smell immediately a cooperative deal under which the company agrees to put in rayon costumes in return for page advertisements paid for by rayon manufacturers featuring the picture.

What the company appears to have overlooked, or at least to have considered more unimportant than the value of the space thus obtained, is the fact that 25 per cent of all the potential theater-goers of the nation depend directly or indirectly upon cotton for their livelihood.

The company may not know of the new zeal with which cotton dependents of nineteen states have started out to market their product. Those dependents do not have the advertising budget with which to provide pages of paid publicity for a movie corporation, but collectively they hold a rather substantial balance of power over box office profits. There is logic in the expectation that the box office appeal will not be helped in the Cotton Belt by glittering announcements that the show's costumes are made exclusively of synthetic fiber.

The way to wealth is as plain as the way to market. It depends, chiefly, on two words—Industry and Frugality. That means, waste neither Time nor Money, but make the best use of both.—Benjamin Franklin.

NOBODY'S BUSINESS

By J. M. GARDNER, JR.

AUSTIN — Newest manifestation of the insatiable appetite of the Washington bureaucratic group for power to regulate the lives and habits of their fellow citizens is the drive to enact the Neely Bill, which should interest every Texas citizen. The Neely Bill, already passed by the Senate, and up in the House during the forthcoming regular session of Congress, proposes to "regulate" the motion picture industry virtually out of business, increase the cost of seeing the movies, reduce the expenditure of the theatres for newspaper advertising, and establish another Federal dictatorship which shall say what pictures theatergoers may see, and which ones somebody in Washington does not regard as suitable.

Reformers Misled
The motion picture industry, by long trial and error, has evolved certain methods of producing and distributing its product. That these methods are efficient and satisfactory both to the industry and the great majority of patrons is self-evident, since anyone living anywhere in the United States may see almost any motion picture that is produced reasonably soon after its production, and at a low price, in a comfortable, modern, well-equipped theatre. The citizen of the smallest town in Texas enjoys this privilege, along with the metropolitan resident. The Neely bill, by abolishing "block booking" and "blind buying," two well-established trade practices, would change all this.

"Block booking" means that a distributor sells a number of his pictures to exhibitors on contract, and "blind buying" means that production of the pictures is not necessarily completed when they are sold. The Neely bill would prohibit an exhibitor buying more than one picture at a time, thereby multiplying by many times the selling cost. It also would prohibit for all practical purposes, the selling of any picture until it has been completed, exactly as if a law would prohibit Henry Ford from contracting to sell an automobile until it was actually off the assembly line, and the dealer could look at it.

Big Boys Play Safe
Reform organizations, women's clubs and others interested in improving the morals of their fellow-citizens, have been misled into endorsing the Neely bill by statements from its sponsors that it would eliminate sex pictures. Actually, the bill makes no provision whatever that would have this effect. Indecent pictures are invariably made by small fly-by-night producers, and sold one at a time. The big

production units, with huge investments, learned long since not to jeopardize these investments by producing pictures which invite public condemnation. Texas citizens who enjoy the movies — and who doesn't? — ought to read the very brief Neely bill and let their Congressmen know what they think of it.

Garner Returns
Returning to Washington for the regular session of Congress, Vice President John Garner, only avowed candidate for the Democratic presidential nomination, left his Valde home this weekend to plunge into national politics. Developments of the next few months will bring to a climax the preliminary sparring among potential candidates, and probably will bring an unequivocal statement from President Roosevelt as to his third-term ambitions. Newest Fortune poll, showing a stronger popular desire for Roosevelt in 1940 than for the next three prospective candidates, including Garner, may indicate how the wind blows. . . . Announcement of Candidates for State office, which usually come soon after January 1, probably will be early this year, as long campaigns are indicated. Latest rumors mention Boyce House, former Ft. Worth newspaperman and magazine writer, as a probable candidate for Land Commissioner against Bascom Giles. Bill McDonald, former Land Commissioner, is reported flirting with the idea of getting into the Railroad Commissioner's race, and Carl Nesbitt, ex-adjutant general, is also reported an avowed candidate for this job, now held by Lon Smith. . . . Har-

ry Knox, Brownwood flour dealer who made good as adjutant general, moved up to a six-year appointment on the Board of Control, giving Gov. O'Daniel a majority of two out of three appointees on this important State purchasing unit. Col. J. Watt Page succeeds Knox as military head of the State. . . . Judge Edwin Lacy, Longview oilman and lawyer, veteran crusader for law enforcement, is newest member of the public safety Commission, succeeding Albert Sidney Johnson, of Dallas, who made a splendid record as chairman and organizer of the State Police, created during the Allred administration. Grover C. Hill, fat and affable cowman from Amarillo, is newest Assistant Secretary of Agriculture at Washington. Hill, manager of most of Ernest Thompson's political campaigns, knows his cows and his politics, too, and numbers his friends in the thousands.

The Commodity Credit Corporation has been authorized to loan up to \$9,000,000 to cooperative peanut grower associations to assist them in carrying out the 1939 diversion program which is administered by the Division of Marketing Agreements.

HELP STOMACH DIGEST FOOD
Without Laxatives—and You'll Eat Everything from Soup to Nuts
The stomach should digest two pounds of food daily. When you eat heavy, greasy, coarse or rich foods or when you are nervous, hurried or chow down—your stomach often pours out too much fluid. Your food doesn't digest and you have gas, heartburn, nausea, pain or sour stomach. You feel sour, sick and upset all over. Doctors say never take a laxative for stomach pain. It is dangerous and foolish. It takes those little black tablets called Bell-sans for Indigestion to make the excess stomach fluids harmless, relieve distress in no time and put you back on your feet. Relief is so quick it is amazing and one 25c package proves it. Ask for Bell-sans for Indigestion.

A. S. MOSS ASKS FOR RE-ELECTION

TO THE CITIZENS OF THE 100TH JUDICIAL DISTRICT:

District Judge A. S. Moss has announced his candidacy for re-election, subject to the 1940 democratic primaries.

Judge Moss is asking a second term as judge of the 100th judicial district composed of Donley, Childress, Hall and Collins-

A. S. MOSS

worth counties. In making his announcement, Judge Moss said: In announcing my candidacy for a second term as District Judge for the 100th Judicial District, I do so with the deepest feeling of gratitude and appreciation for the confidence shown by the Citizenship of our district by placing this office in my trust for the past term.

In submitting my candidacy for my present term, I pledged myself to serve you as honestly, efficiently and fairly as was possible for me to do; and in doing so to perform all the duties of the Court at the lowest cost to the tax payers. I have constantly exerted every effort to fulfill each promise to the best interest of good and uniform law enforcement together with the most economical administration of the responsibilities of the District Court.

Further, I pledged myself to assist the executive officers in the honest discharge of their duties in every way that my position required or would per-

mit. Every citizen of this district knows of my efforts to have an impartial and uniform enforcement of the law through the District Court. In every charge delivered to the Grand Jury, and in every other way possible, I have tried to see that the whole of the law was enforced fairly with justice to everyone alike.

As to the economical administration of the duties and responsibilities of the District Court, I submit that in each county the expense has been held near the minimum. Upon the District Judge rests the responsibility of properly planning the course to be followed each term of court to avoid unnecessary expense. I have worked at this job diligently and desire to here express my thanks and appreciation to all of the officers, the grand jurors, the jury commissioners, the trial jurors and the citizenship generally who have worked with the court for the splendid cooperation received from all concerned in assisting toward this goal.

In asking for your support for a second term, I pledge myself if again entrusted with the office, to serve you as I have done in the past, believing that I will be able to render better service by reason of my experience and knowledge acquired while acting as your District Judge.

Trusting that my tenure in office has met with your approval and will merit your vote of confidence, I am,

Sincerely,
A. S. MOSS.

MORROW FIRST IN PEST ERADICATION CONTEST

Pete Morrow won the annual F. A. A. pest eradication contest with 952 points to 784 for Billy Thornberry who finished in second place. C. G. Kirkland, Freeman Helton, and Bobby Harold Smith finished third, fourth, and fifth respectively. Morrow was awarded a gold F. F. A. emblem.

Approximately 450 mice, 110 rats, 623 sparrows, 871 blackbirds, 346 rabbits, 12 prairie dogs, 10 road runners, 11 owls, and 3 crows were killed as a result of the pest contest. A second contest will be held in the spring. Herman Higgins and Bailey Estes won the two contests last year. Cecil Heckman finished second in the two 1939 contests.

California Chef Shares His Citrus Secrets

By BETTY BARCLAY

Every well-known chef has cherished secrets of flavor that have brought fame to his foods and himself. Oranges and lemons answer the "what makes it so good" riddle for many of the foods served by Gus Waser, chef of the famous Los Angeles Biltmore Hotel. As proof of what may be done with these popular California fruits, Mr. Waser demonstrated some of his best known citrus fruit dishes before a recent convention of stewards and caterers.

While some of his suggestions are for more elaborate combinations, others are so simple that any woman may give a "chef's" glamour to many of her everyday foods by following them.

Chief among Chef Waser's citrus secrets is the use of lemons for garnish and flavor accompanying shell fish and other seafoods, vegetables, such as spinach, and beverages, such as tea. These garnishes include decorative fancy slices and practical juice-providing quarters. One Biltmore specialty, easily duplicated in any home is to serve well-chilled melon with two or three lemon quarters. The

lemon heightens the sweetness and flavor of the melon.

"Whipped Sweet Potatoes in Orange Shells" is another good-to-eat and easy-to-prepare novelty of Chef Waser's. This is a colorful and decorative accompaniment for baked ham or the roast fowl of the Thanksgiving and Holiday seasons.

Whipped Sweet Potatoes in Orange Shells

4 cups boiled or baked sweet potatoes
2 tablespoons melted butter
Orange juice to moisten and whip

Whip sweet potatoes with salt, butter and orange juice. Pack into 8 orange shells.

Keep in moderate oven (350° F.) for about 20 minutes, or until heated through. (Serves 8.)
For orange shells, choose fruit with clean skins. The California Navel oranges in season during winter months are especially excellent for this purpose. Cut tops off oranges. Remove juice and pulp, leaving shells clean. Juice is used to whip potato.

LIBRARY NOTES

(By Mrs. C. A. Burton)

More than 150 books were checked out last Saturday afternoon. This is reading weather. What can be more satisfying than a good book, an easy chair beside a good fire on one of these cold nights? And as people often remark as they select their books, they can read everything they can make time for for three months, for the price of one magazine, twenty five cents. And the entire family can read on this membership, taking out four books at the time with a two weeks limit on them. You would find it interesting often to see the selections — "One for myself, one for daddy, one for mother, and one for the tiny sister or the big brother." And we have tried to see that each of them have something they like.

Tommie Goodner, one of our very steady readers among the younger set, brought us a new Tom Swift during the holidays. It had been one of his Christmas gifts — he read it and passed it on that others might enjoy it. Two others of our boy readers have promised us some books.

As we think of many of the lovely books received or purchased by our older readers, read and tucked back into the bookcases to remain there indefinitely untouched, we covet them for our own readers. How much better it would be to pass them on to us now while they are of general interest rather than wait several years and then pass them on when cleaning your shelves of old, out-of-date books. You would be surprised how many of our gift books are of the latter class. How few of the former — yet how much pleasure is given many people with a fresh up-to-date book, either fiction or non-fiction.

The lists for the New Year sound very attractive. One is "1940" by Jay Franklin. It is described as an analysis of the New Deal, a prognostication of the 1940 elections and their influence on the immediate future.

The University of Oklahoma Press at Norman has recently brought out "The Formation of the State of Oklahoma, 1803 - 1906" by Roy Gittinger — a presentation of Oklahoma history from the days of the Indian Territory, with much of history of the various Indian Tribes, through the Civil War and Reconstruction days, and on thru the interesting events which led up to statehood.

Irving Stone, author of "Sail-

ancestry — that is what Scarlett was and Miss Leigh is. Her father was Ernest Richard Hartley, a broker of French descent, in Dorjelling, India, where she was born. Her mother was Gertrude Robinson Hartley of Irish antecedents.

Two new small books on our shelves are from "The People's Library", which is described as "Books for Americans Who Want to Know." The books which can be trusted because a committee appointed by the American Association for Adult Education watches over their fairness and accuracy. They are written in the language of every day speech, and are alive because they are about the most vital subjects of the day. One of these is "Let Me Think" by H. A. Overstreet, who holds the chair of philosophy and psychology at the College of the City of New York. He discusses such questions as whether we work to gain wealth and idleness or if not, what are we working for? Why do minds go dead — and what to do to keep them from doing so — giving principles instead of rules for practical living. The other one is "Which Way America" by Lyman Bryson, Professor of Adult Education in Teachers College, Columbia University and director of the Sunday evening radio program known as "The People's Platform." It is a discussion of Communism, Fascism, and Democracy — a simple, clear, and fair discussion of the beliefs on which the three forms of government are based and the goals toward which it is striving. He discussed Communism as we have it in Russia, Fascism as it is in Italy and Germany, and Democracy as we have it in America, leading the reader to see what

each form of government would mean to him as an individual. Both books were published in 1939.

The average person hears and knows but little of the splendid work done by the W. P. A. in and through library projects. As an illustration, when this service was begun in Georgia, only 44 of the state's 139 counties had public libraries. By May of 1939 there was library service in 138 counties. Five libraries-on-wheels are making the rounds of bookless sections that can be mote regions are served by W. P. A. libraries on horseback or even on foot. A bookmobile, carrying 3,000 volumes, has been bumping over the narrow, twisted roads of Clark County, Ohio, for the last two years. This is only one of many such, staffed by W. P. A. librarians in Ohio, and several other states. Connecticut started its first bookmobile in August, carrying only 300 books, varying in type from "Ferdinand the Bull," to "Mein Kampf". Soon the number had to be increased as well as the variety. In South Dakota, one van carrying 2,000 daily changing volumes is on the road constantly, serving ten counties. A thousand books, carefully selected by W. P. A. workers in the main library of the Indian School in Arizona, are kept in circulation among the Indians of the ten branch schools of the state delivered by trucks.

A recent survey showed that 140 bookmobiles throughout the United States are operated by W. P. A. Library project workers, and many, many libraries throughout the various ones are staffed either partly or entirely by W. P. A. workers.

JEANNE BOURLAND WEDS JAMES RAYMOND ROSS

In an impressive candlelight setting, Miss Jeanne Bourland, daughter of Mr. and Mrs. Frank L. Bourland, became the bride of Mr. James Raymond Ross, son of Mr. and Mrs. J. H. Ross of Kinsley, Kansas, at the home of her parents Saturday morning, December 30, at 10:30 o'clock.

Rev. G. T. Palmer, Methodist presiding elder, officiated at the double ring ceremony.

The couple entered together and stood in the French doors under an arch of silver ribbon from which hung small blue and silver bells. At each side of the arch were tall white baskets of white stock and blue delphinium. The bride wore a frock of heaven blue crepe with matching lace jacket and accessories of sweetheart roses.

Mrs. Bourland wore a wine purple dress with a corsage of gardenias, and the bride's sister, Mrs. Robert Dillard, wore a black sheer with a corsage of gardenias.

At the reception following the ceremony the bride cut the two-tier wedding cake, decorated in the bride's chosen colors of blue, white, and silver, and topped with an arch hung with blue and silver bells. Miss Mary Francis Powell presided at the silver coffee and tea service.

The table was laid with white lace over blue and centered with a blue crystal bowl of white stock and blue delphinium, at each side of which were white tapers in silver holders. White chrysanthemums, blue delphinium, and silver tapers in blue crystal holders graced the buffet.

Relatives and a few close friends present at the wedding included Mr. and Mrs. Robert Dillard and sons of Snyder, Mr. and Mrs. S. H. Condron and children, Stuart, Jr., and Marilyn, of Canyon, W. M. Bourland, Mrs. C. C. Powell, Mr. and Mrs. Robert Linder of Floydada.

Misses Margaret Jenkins of Dallas, Naomi Allison of Amarillo, Berkley Ryan and Vera Voland, and Carroll Hudson William Lewis, and Wesley Powell.

Shortly after the ceremony the couple left on a ten day's trip to Santa Fe, N. Mex., and to Kinsley, Kansas, to visit the groom's parents.

For her traveling costume, Mrs. Ross chose a three-piece blue wool suit with white lame blouse and blue accessories.

Mrs. Ross graduated from Clarendon High School and Clarendon Junior College. She was an art student of Mrs. J. W. Evans for several years and was art manager of the Clarendon Press at the time of her marriage.

Mr. Ross finished at the University of Kansas and is a geophysicist with the Stanolind Oil Company.

Mr. and Mrs. Ross will make their home in Clarendon. The couple were honored with a number of dinner parties preceding their marriage.

Miss Adele Hays of Amarillo visited Miss Joan Thompson during the holidays.

WHAT THE NEW YEAR MEANS

The New Year is like a road we have never traveled. We know not what is in front of us. Many people look on New Year's day just like any other day and yet others think it's just a time to have a lot of fun.

There are, of course, some people who are serious as to what the New Year means. It is a time when we should forget the past and look only toward the future.

New Year's Resolutions are often made only to be broken when you get a chance. These resolutions should be made seriously and on something which

you really want to change. Perhaps you should resolve not to drive recklessly in the New Year and you never drive.

But back to the new year — New Year means that we can all have a new chance in life.

Let us all turn over a new leaf, make some good resolutions, and above all, keep them!

GOVERNMENTS

Some definitions of certain governments are:

Communism — A farmer has two cows. You milk the cow and take the milk away from the farmer and use it to feed the workers in shoe factory No. 214637.

Nazism — A farmer has two cows. You milk the cows, take the milk away from the farmer and use it to feed the soldiers in the army Camp 2345.

Socialism — A farmer has two cows. You take one of them away from him and give it to another man who hasn't any cow, but both guys milk their cows and give the milk for the support of the government.

New Dealism — A farmer has two cows. You pay him to kill one of the cows, and when he milks the other, give him a bonus for pouring the milk down the sink.

O'Danielism — A farmer has two cows. The government gets the milk from the both of them — make it up into Hill Billy biscuits and sells it to the people at a 2 per cent sales tax.

COLLEGE NEWS

The Junior College has really been doing things the last few weeks and everyone is having fun. We have already had a number of dances and parties, and we are planning on having many more. For the first entertainment after the Christmas vacation we are planning a picnic for Thursday night.

We are going to have several more parties and dances. The big event of the year will be the first formal prom, which will be held in the near future. Oh! girls your day is coming. We are going to turn C. J. C. into Dogpatch and have a regular Sadie Hawkins day of days. The fun will last two days and will end with a regular Hillbilly dance. These are just a few of the things the College is planning on doing during the remainder of the school year. We want everyone to do his part in order that we may make this a successful season.

F. F. A. NOTES

The Clarendon F. F. A. chapter has just finished the construction of the project markers. All members of the chapter will be required to own one of these.

Pete Morrow, Billy Thornberry and C. G. Kirkland won the pest eradication contest just concluded, ranking in the order named. Work is being begun on the various judging teams. Cecil Morrow, Howard Gibbs, Cecil Heckman, Ray Bulls and Google Horton are working out for the poultry team.

Frank Cannon, George Reeves, Lee Christie, Ray Roberson, Bailey Estes and Clyde Peabody are working on the dairy and livestock judging teams.

Forrest Helton, Horace Green, J. H. Spier and Carl Morris are working on the dairy products team.

"Chick" Gordon, Rex Moore, Maschil Cole, Wayne Naylor, Freeman Helton, Carrol Peabody and Earl Barker are working on grain judging.

Roy Bulls, Carrol Peabody and Clyde Peabody have been condemned to the belt line for not entering the "pest contest". The belt lines will be administered at the next F. F. A. meeting which will be held on Thursday night.

NEW YEAR RESOLUTIONS

Billie Ralph Andis resolves to try to act his age.
Jack Rodgers resolves to change now that Betty Webbs is back.

Joe Hays resolves to stop flirting with no one but Mildred.
Betty Jo Caraway resolves to stop flirting with other boys.

Neel Thompson resolves to start telling the truth. (Ha! Ha!)

Dan Boston resolves to settle down a little.

Freddy Chamberlain resolves to be a woman hater. (They say).
Ruth Hamm resolves to think more and do less.

Mildred Phelps resolves to believe the proverb, "You can lead a horse to water, but you can't make him drink. (Now don't you feel self-conscious, Joe.)"

Katrene Carlile made no resolutions but she does go for a proverb. It is "Nothing ventured, nothing gained."

Jean Taylor resolves to laugh only when something is funny.

Mary Frances Word resolves to abide by all of Jean's resolutions.

Millard Miller resolves never to fall too hard for one woman. You never can tell what might happen.

Most of the students resolve to be good and study hard. To be truthful, kind and helpful and honest.

Of course the teachers have resolved to give less work, shorter hours, and higher grades. All for the teachers, we students resolve to:

Arise early in the morning, with a smile upon our face.

And hurry off to school, as if there were a race — And on entering this friendly building, not forget to slow our pace

For greeting us with loving eyes, are the teachers of this place.

Then quietly to our classes we will go, and boy will we study hard; if you teachers just say so.

Why we will be the best kids here all day; if you give shorter hours, and a little pay.

We can be so good you will say you want us to stay. But don't kid us; You're just as anxious to get away.

HIGHLIGHTS OF THE HOLIDAYS

The "highest light" (for the romantic birds) of the holidays was the full moon shining on the first white Christmas since 1930. Many sleds appeared with young people as well as grown-ups to take advantage of the snow as a means of recreation. The hills south of town, formerly a favorite place for sled riding were not used much this year because the streets in town provided more speed and softer spills. The young people of the town displayed their artistic talents in the snow men on their lawns.

The entertainments of the vacation for the younger set included hikes in the snow, a small formal dance at the McDonald's, an informal dance at Mrs. Bigger's, Betty Caraway's, the Grady's, and Madeline Kelly's. Watch parties to greet the New Year were enjoyed by a group of Presbyterian young people at the McDonald's, a small group at Betty Jo's, and a number of individual groups of two's and four's greeted the New Year at their favorite haunts.

I suppose you dance? Surely, I'd love to. That's better than dancing. — Dakota Scientist.

When the donkey saw the zebra He began to switch his tail; "Well, I never," was his comment; "There's a mule that's been in jail." — Independence Student.

THE SEMESTER'S LOVELY GIFTS: EXAMS!

In keeping with the benevolent Christmas spirit, the generous teachers of C. H. S. decided to give a little token of remembrance to each of their pupils! They realize that it isn't much but after all it isn't the gift that counts, but the way it is given! We students realize this more and more, and are constantly reminded of it.

I've never had the privilege of receiving one of these little remembrances, but I'm looking forward with a great, yet shaky anticipation for their arrival.

The teachers of Louisiana do not believe in a gift at this time of the year or a gift of this kind. If only the pupils of that state were not so antagonistic toward its introduction, this noble idea would have been given to them long ago. Always remember that these exams are —

Something old
Something new
Full of horrors
and always blue!
May I wish you a Merry Semester and a happy exam.

BAND NEWS

The high school band will begin work right after mid-term on the music to be played at contest in Plainview. Last year the band entered the contest and did very well considering it was their first time to attend. This year the band expects to do even better. The contest, which is held in April, is a very big affair as bands from all parts of the Panhandle attend. Last year none were entered.

Since the Christmas holidays the band has been working on several popular selections. These include, "Scatter Brain," "Beer Barrel Polka," and "Deep Purple."

DANCE

The student set entertained with an informal dance at the home of Mrs. R. L. Bigger Thursday evening, December 28.

Those present were Misses Dorothy Kerbow of Amarillo, Jean Thompson, Phoebe Ann Buntin, Jacqueline Davis from Lubbock, Madelyn Kelly, Peggy Word, Dorothy Jean Bogard, Ruth Palmer, Adele Hays of Amarillo, Estelle Thornberry, Pauline Malar of Wichita Falls, Peggy Maxwell of Wichita Falls, and June M. Murry.

How Women in Their 40's Can Attract Men

Here's good advice for a woman during her change (usually from 38 to 55), who fears she'll lose her appeal to men, who worries about hot flashes, loss of pep, dizzy spells, upset nerves and moody spells. Just get more fresh air, 8 hrs. sleep and if you need a reliable "WOMAN'S" tonic take Lydia E. Pinkham's Vegetable Compound, made especially for women. It helps Nature build up physical resistance, thus helps give more vivacity to enjoy life and assist eliminating jittery nerves and those disturbing symptoms that often accompany change of life. Pinkham's is WELL WORTH trying.

6 "EXTRA" HELPS quickly relieve DISTRESS of CHILDREN'S COUGHS DUE TO COLDS

DON'T "take chances" with unknown products to relieve discomfort of your child's spasmodic croupy coughs caused by colds. Use "Children's" Mustersole! Mustersole gives such QUICK relief because it's not "just an ordinary salve." Rub it well on your kiddie's chest, throat and back. It soothes and stimulates surface circulation and helps break up local congestion and pain. Its soothing vapors ease breathing 40%. Approved by Good Housekeeping Bureau.

That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its busy and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feet constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

JESS ADAMSON IS AGAIN CANDIDATE

J. W. (Jess) Adamson, elected Tax Assessor - Collector for Donley County in 1938, this week announced that he would be a candidate for re-election to that office, subject to the action of the Democratic primaries. In his announcement, Mr. Adamson said:

I hereby announce my candidacy for reelection to the second term to the office of tax assessor and collector of Donley county, to which the voters of Donley county elected me two years ago. During my first term I have tried to fill the office to the best of my ability and have tried to treat all courteously and I will greatly appreciate your support for my second term.

My announcement covers the office of sheriff and tax assessor and collector, because it is almost certain that the offices will be combined and that the sheriff will be assessor and collector of taxes for the coming

STOCK SHIPMENTS FROM TEXAS SLUMP DURING NOVEMBER

ONLY 7,696 CARS OF ALL CLASSES WERE MOVED FROM TEXAS POINTS

AUSTIN — Following heavier shipments early in the season, November movement of Texas livestock to interstate points and the Fort Worth stock yards slumped 21 per cent, University of Texas agricultural statisticians said today.

Only 7,696 cars of all classes of stock were shipped last month, compared to 9,746 during the like month last year, according to reports to the University Bureau of Business Research.

"Texas had a smaller number the week-end.

Mary Sue Stone spent Sunday night with her sister, Mrs. Buster Riley.

of head to start with last January," Dr. F. A. Buechel, bureau statistician, said "and the bulk of the herds and flocks moved more rapidly than last year."

Noticeable was the 52.1 per cent increase in shipments of hogs, bringing the November movement to 511 cars, due in part to good prices, he added.

"Texas is experiencing an expansion in the hog-raising industry," Dr. Buechel explained. "We should raise still more."

Shipments of cattle totaled 5,214 cars, calves 1,632 and sheep 339.

BUILDING SLUMPS

AUSTIN — While slumping more than a third from the \$10,-541,263 total of October, building permits in 35 Texas cities for November surpassed the November, 1938, figure by 3.7 per cent, the University of Texas Bureau of Business Research has announced.

Permits for last month totaled \$6,654,156 in the 35 cities.

BROTHER OF LOCAL WOMAN RITES ARE HELD IN MEMPHIS

HALL COUNTY RESIDENT FOR HALF CENTURY IS BURIED AT LAKEVIEW

George R. Dickson, Hall County pioneer resident and brother of Mrs. Arthur Benson of Clarendon, was buried in the Union Hill Cemetery at Lakeview Friday afternoon following services at the First Methodist Church in Memphis.

Dickson, a resident of the Memphis and Brice section for half a century, died at his Brice home Thursday morning following a sudden illness. He had been a semi-invalid for 20 years.

He was a resident of Hall County a year before the county was organized and he operated the first grist mill in Memphis. He was an early day peace officer and worked on the Shoe Bar and Mill Iron ranches. Mr. Dickson was a Master Mason and a member of the Methodist Church.

Other survivors include his wife; five sons, Jim and DeRoy of Santa Anna, California, Edgar of Bakersfield, Boyd of Brice, and Hubert of Dodge City, Kansas; two daughters, Mrs. Tom Oglesby of Los Angeles, and Mrs. Jack Sitton of Amarillo; and another sister, Mrs. W. H. Youngblood of Brice.

Powell Appointed Business Census Enumerator Here

C. C. Powell, Clarendon abstractor and real estate man, was this week named Donley County business enumerator and Tuesday began listing retail and manufacturing concerns for the 1940 census.

Powell said he would begin operation in the east of the county and would canvass the business district of Clarendon last.

All merchants and manufacturers have been urged to cooperate fully with the census enumerator in order that his figures may be complete. The figures will prove valuable to civic workers and local government officials in determining trade trends, etc.

All information will be confidential and will be released only in the aggregate.

Work On City WPA Bridge Begins

Detour signs went up this week as workmen began preparations for the building of the \$12,050 WPA steel and concrete bridge on south Kearney Street.

Approximately 75 men will be used on the structure which will span the flood control ditch at the Connally corner. The labor alone, which will be mostly unskilled, will amount to over fifty per cent of the construction cost. About \$6,635 will be spent in wages.

Club Boys Feeding For Spring Shows

Four-H Club Boys in Donley County are rapidly getting their club projects in readiness for the spring shows. There are twenty-six club calves, and more than one hundred and eighty club pigs are on full feed. All are in excellent condition.

This year's calves and pigs appear to be the best ever fed in this county by club boys. It is expected that more prizes will be won by these boys than any year in the past.

Arrangements are being made to hold this year's local show in a fully enclosed show tent. The date of this show will be March 2nd.

COLORED TOWN HAS OWN HOLIDAY CRIME WAVE

A crime wave all their own swept the colored section of Clarendon. Sheriff Guy Pierce said today listing a burglary, a beserk negro woman and two charges of possession and sale of intoxicating liquor.

Johnny B. Granville was arraigned for the burglary of the house of Walter Alexander. Another negro, Elizabeth (Old Lit) Moore ran amuck and had to be jailed by force and Frank Jones and James Henry King were imprisoned for liquor violations.

Elizabeth Moore was last week judged insane by a county jury but officers have been unable to locate an institution which will admit her.

GUY WRIGHT FOR SHERIFF'S OFFICE

Guy Wright, who for the past six years has served as deputy sheriff of Donley County this week announced his candidacy for the sheriff's office subject to the action of the 1940 Democratic primaries. In his statement Mr. Wright said:

To The People of Donley County: In announcing my candidacy for the Office of Sheriff of Donley County, Texas; I wish briefly to state that I have been a legal resident of Donley County all my life and have served you as Deputy Sheriff for Six (6) years. My record is open for investigation.

I feel that by virtue of my experience and training that I am fully qualified to handle the duties of the office efficiently. I received my education in the Clarendon Public Schools and School of Business Administration of Tyler Commercial College, Tyler, Texas.

I have never sought a public office before, nevertheless, I am fully aware of the duties and responsibilities of the office of Sheriff carries with it. If elected, I assure you an honest and fair administration. My candidacy is not aided or abetted by any party or clique.

And if the 1940 Federal Census should drop the population of Donley County, below the 10,000 mark, and the offices of Sheriff, Assessor and Collector, should be combined, I will be a candidate for the combined offices.

Your influence and careful consideration is earnestly solicited. Sincerely yours, GUY WRIGHT.

HENSHAW TO TALK ON HAWAIIAN ISLES JANUARY 12TH

At the Methodist Church on the evening of Friday, January 12, the Woman's Auxiliary of the Episcopal Church will present the Rev. Mr. and Mrs. Edgar W. Henshaw in "An Evening in Hawaii."

Mr. and Mrs. Henshaw spent thirteen years in the Hawaiian Islands, entered into every phase of life there, and know intimately every Island in the group, and the people of the many races who make up the population. Mr. Henshaw has spoken here in Clarendon a number of times on some phase of Hawaii and there have been numerous requests for a fuller description of the Islands and the people.

The lecture on the 12th will cover many points which have not previously been touched upon. There will be told some of the legends, the early religion, the industries, the beauties of the various Islands, each of which is distinctly different from the others.

Mrs. Henshaw wearing one type of Hawaiian dress, will sing some of the Island songs in both Hawaiian and English.

Those who have previously heard Mr. Henshaw speak on Hawaii have stated repeatedly that his vivid descriptive powers have held his audiences spellbound. There will be no admission charge, but an offering will be received which will be devoted to the work of the Woman's Auxiliary in Clarendon.

PIONEER DONLEY WOMAN DIES IN LELIA SUNDAY

RESIDENT SINCE 1886 BURIED HERE AFTER SERVICES TUESDAY

Mrs. J. H. (Inez) Myers, 83-year-old Donley pioneer died Sunday at her home near Lelia Lake where she had lived since 1886 when she and her husband came to this section to establish a ranch.

Funeral services were held at the First Presbyterian Church in Clarendon with the Rev. M. M. Miller, local pastor officiating.

Mrs. Myers was born in Ohio in 1856 and before her marriage in 1884 was Sarah Inez Wolf. Immediately after the wedding she and Mr. Myers came to Texas to make their home at Chillicothe. After a two-year stay in Chillicothe, the Myers moved to Lelia Lake where they entered the cattle business. Mr. Myers died in 1936.

A long time member of the Presbyterian Church, Mrs. Myers was active until her death. She was prominent in the Donley County Old Settler's Association and at the annual picnic of the organization last year, she was acclaimed the pioneer with the longest period of residence present.

Mrs. Myers is survived by five children, three sons, N. T. Myers and E. R. Myers of Lelia Lake and J. D. Myers of Dayton, Ohio; two daughters, Mrs. E. P. Turley of Fort Worth and Mrs. Ethel Nippert of Lelia Lake.

Burial was in the Citizens Cemetery of Clarendon with Kelson-Womack funeral home of Hedley in charge.

Miss Jacqueline Davis of Lubbock visited in the home of Mr. and Mrs. C. T. McMurtry during the holidays.

The most important quail and dove feed in Texas is the seed of the dove weed or goat weed of which there are about 15 varieties in the State.

Insects destroy from one-fifth to one-tenth of all the crops planted in the United States.

Highway Engineer Is Transferred From Amarillo

James Douglas of Amarillo, division engineer for the Texas Highway Department, will be transferred to Tyler, according to announcement made in Austin by Julian Montgomery, state highway engineer.

Mr. Douglas is being transferred to Tyler because of climatic conditions, Mr. Montgomery said.

J. Guy Lott, who has been stationed at Tyler, will come to this district. Mr. Lott was gassed in the World War and expects the higher altitude of the Panhandle to be better for him, while Douglas prefers the East Texas climate.

Mr. Douglas transferred to Amarillo almost two years ago from Houston on an exchange of posts with W. J. Van London.
