Baptist Church To Celebrate Its 50th Anniversary This Sunday

Donley Receives Over Two-Inch Rainfall As Ice Storm Blasts Panhandle

HOME COMING AND OPEN HOUSE TO BE FEATURES

NOTED PASTORS WILL DELIVER SERMONS AT SERVICES

Back in 1890, when the Panhandle of Texas was on the frontier and roamed by buffalos, Elder J. W. Brice, a good old pioneer Baptist preacher who helped many of the struggling churches of the Panhandle, took the lead in organizing the Baptists of Clarendon.

Since the days of Elder Brice, the Clarendon Baptists have carried on his splendid work and on next Sunday, Dec. 1, will celebrate the 50th anniversary of their church.

The occasion will be regarded as a homecoming affair as well as a rally day.

Dr. F. M. McConnell, editor of the Baptist Standard, state Baptist paper, at Dallas, will preach the morning service and Dr. W. R. White, new president of Hardin-Simmons University, will deliver the evening message. Dr. White started his pastoral career at Lubbock. He did such a good job there of building up the church that he was given the pastoral of the Broadway church at Fort Worth. Later on he was called to Oklahoma City, and from there to Abilene where he now serves as head of the university.

Open house for old timers and former pastors will feature Monday evening at the church where an informal program will be given, followed by a reception. Everyone is invited to attend this affair.

In the span of fifty years, the Baptist church has shown a steady growth in membership, having increased from seven in 1890 to 743 today. During the first ten years of life the growth of the church was slow but steady. The total baptisms were but 102. In 1904 the church roll was revised, dropping those who had moved away and leaving the membership only 151. About ten years later the membership was 248. After another ten years, in 1925 the membership was 625.

During the half century of life, 17 pastors, including the present one, Rev. J. Perry King, have served the Clarendon Church.

Records in most of the early churches in Texas were not complete, and that is the case with the Clarendon church. But enough is recorded to show there were ups and downs in the church life during the postulates of several of the early pastors.

The first building was erected on Feb. 14, 1892, according to the records. It was built on the lots where the present building now stands. Ten years later, in July 1902, the records show that the little building was enlarged. Then after another six years, the church bought the two lots adjoining the building and voted to erect a new building. A year later a new building was proposed but nothing was done about it until 1912 when work was started and then completed in 1913—and it was erected, during a time when the church had no pastor. This building is of brick and is the present auditorium of the church. It served for ten years before the present Sunday school annex was added in 1922.

The Sunday school is well cared for now in the completed building, having 13 assembly rooms and 50 class rooms.

The church's first revival meeting was held on Aug. 28, 1892, and was conducted by the pastor, J. W. Brice.

Heads of the departments are: J. Perry King, pastor; S. W. Lowe, chairman of Deacons; O. C. Watson, trustee; C. W. Taylor, head usher; R. A. Hay, clerk and treasurer; Verna Lusk, Sunday school superintendent; Miss Annie Moores, choir director; Mrs. Fred Cooke, W. M. S. president; Miss Leota Rampy, B. T. U. director; Mrs. Allen Bryan, pianist and J. E. Burch, brotherhood president.

Irene Fowler of Amarillo is here visiting in the home of Mr. and Mrs. Bill Johnson.

Donley County Voters To Pass On Road Bond Issues Dec. 28--Total Sum Involved Is \$565,000

Acting on a petition headed by J. W. Noel of Hedley and sixty-nine other property tax-paying voters of the county, the Commissioners Court has ordered a road bond election to be held on Saturday, Dec. 28th, on a proposed bond issue in the maximum sum of \$565,000.00, to improve two state designated highways in Donley County, and one yet to be designed.

The two state highways involved are the Hedley to Collingsworth County line road through McKnight and the gaps in the North and South highway 18, from the Gray County line to the Hall County line, through Clarendon. The road named in addition to these is the road from Hedley North to the Gray County line below McLean. Specified sums for these respective projects are \$140,000; \$225,000; \$200,000.

This proposal is similar to many such in Texas counties, and the bonds if voted cannot by the election order be sold until the state highway department has entered into a contract with the commissioners court to construct and take over for maintenance these stipulated roads, and assume the payment of the bonds, both principal and interest, under the state road bond assumption law, and paid for out of

SHAMROCK GIVEN DISTRICT 3-A GRID TITLE

The Shamrock Irish, tied in first place conference standing with the Clarendon Bronchos, was awarded the district 3-A championship at a district committee meeting at Wellington Monday.

The Irish had defeated the Bronchos in conference play, 12-7, but the committee based its decision on the ineligibility of a Clarendon player, Red Wardlow, who had failed to meet the residence requirement and played in the Lefors game where he suffered a broken arm.

Representatives of Memphis, Wellington and Wheeler voted unanimously in favor of Shamrock. Neither Clarendon nor Shamrock, the schools involved, voted.

Shamrock and Clarendon lost one conference game each. The Irish will play the undefeated Paducah Dragons in a bi-district playoff game at Shamrock on Friday, Dec. 6.

Paducah won the District 4-A title last week by beating Matador.

Amarillo Friday night were Mrs. Allen Bryan, Mrs. Simmons Powell, Mrs. H. R. Beck, Mrs. Harold Bugbee, Miss Mantie Graves and Mr. and Mrs. Pete Koontz.

NEW MINISTER AT METHODIST CHURCH LAST SUNDAY

REV. J. O. QUATTLEBAUM RETURNS HERE AFTER QUARTER OF CENTURY

As announced in The News last week, Rev. J. O. Quattlebaum, Jr., recently assigned to the Clarendon Methodist Church as its pastor, was in his pulpit morning and evening last Sunday. Rev. Quattlebaum is not a

stranger to many in this area since he lived here one year, 1915-1916, serving Clarendon circuit, while he attended Clarendon College on that occasion.

The new minister met with the official board of the church Monday evening and outlined a vigorous program of activities for the various departments of the church for the conference year.

The board held its organization at this session and re-elected J. Roy Bartlett, chairman, and J. T. Patman, secretary-treasurer. G. G. Reeves was named vice-chairman.

Rev. Quattlebaum, with his wife and youngest daughter, Patie, are active workers and are entering into the church and community life in a spirit of warm fellowship and helpfulness. Two older daughters are married and live in other sections of the Panhandle.

SMITH BROS. FIRM SELLS REFINERY

Smith Bros. Oil and Refining Company at McLean sold its Kermit, Texas refinery this past week to the Cabot Carbon Black Company of Pampa, according to an announcement made today by Bert Smith, vice president of the Smith Bros. firm.

The transaction brought over \$1,000,000, of which \$900,000 was cash.

Other Smith Bros. interests in and around Kermit were not involved in the deal.

The deal was consummated at Dallas.

WPA Starts Second Indexing Job At Court House

Three workers started on the second WPA indexing project at the court house this week. The project will consist of indexing the County Surveyor's records. Block and section numbers of every tract in the county, made on new surveys, will be indexed by the workers and then kept up by the county.

The workers will be on this project about three months, and will then index the district court minutes.

The first project, indexing of the commissioners court, was completed recently.

Workers are J. A. Warren, in charge, J. M. Baker, and Mrs. Harriet Kilgore.

Donley County Cotton Farmers To Vote On December 7th On Cotton Marketing Quotas For 1941

Farmers of Donley County and all cotton growing states of the South will trek to the polls on Dec. 7, to vote on cotton marketing quotas for 1941.

The polls in this county will open at 8:30 a. m. and close at 7 p. m., according to H. M. Breedlove, county agent.

Those eligible to vote in the election are those producers who in 1940 produced or had any interest in the production of cotton.

Voting boxes will be as follows: Midway, at school house; Lella Lake, at Lumber Yard; Whitefish, at school house; Skillet, at school house; Clarendon, at court house; Goldston, at school house; Ashtola, at school house; Hedley, at city hall; Windy Valley, at school house; McKnight, at school house, and Giles, at school house.

For each crop year of 1933, 1939 and 1940 cotton marketing quotas were approved by majorities ranging from 84 per cent to 92 per cent of the farmers voting. Breedlove said that each year less producers went to the polls to vote and is urging that on Dec. 7th all producers in the

county to vote and express their opinion as to whether they want cotton marketing quotas for 1941 or not.

Breedlove stated that some important things to remember in connection to the referendum on cotton marketing quotas was that if the cotton marketing quotas are voted in to effect on December 7 by at least two thirds majority of cotton producers voting, the following four items will be in effect:

1. Producers who plant within their cotton acreage allotment will be eligible for any cotton loans offered.
2. Producers who knowingly over plant their cotton acreage allotments will not be eligible for loans on their cotton except on 1941 cotton in excess of their marketing quotas and then only at 60 per cent of the rate for other producers.
3. Producers who plant within their cotton acreage allotments will pay 3c per pound penalty on cotton marketed in excess of the actual or normal production of their cotton acreage allotments if marketing quotas are in effect in 1941.

Bronchos To Play Post-Season Game Here Friday Night With Matador

Clarendon's powerful Bronchos, winners of a tie in district 3-A running, will play a post-season game with Matador here tomorrow night at 7:45 o'clock.

Coach Warden urges everyone to turn out for the game since the money derived will be used to buy new football sweaters for the boys. "We are badly in need of new sweaters, and this is one chance we have to get them by taking advantage of a post season game," he said.

The Matador team is by no means a second-rater. They come here as a well respected team, having been runner-up in District 4-A and beaten only by Paducah, the winner of the district.

This game should be a top notcher since the Bronchos also have lost only one conference game during the season. The two teams should be rated on even basis.

Admission price will be 50 cents and 25 cents.

FATHER AND SON BANQUET ONE OF BEST EVER HELD

The spirit of good citizenship and patriotism rang out here Tuesday night at the annual father and son banquet at the First Christian Church. Approximately 150 persons attended the affair which was said to be "One of the best ever held in Clarendon."

Dads and sons enjoyed themselves as they talked, ate turkey, and listened to a most inspiring talk by the new Methodist minister, the Rev. J. O. Quattlebaum, who substituted for the Rev. Edgar W. Henshaw who was ill.

Rev. Quattlebaum spoke on the topic of "Fathers and Sons of Yesterday, Today and Tomorrow." He praised the pioneers as courageous men and said that the fathers and sons of today had inherited their work and in turn live today to serve our generations.

"If we are true Americans, true to those fathers and sons of yesterday, we are pledged to do our best and must be determined to bequeath our heritage as they did," he continued.

"The American of tomorrow," the pastor said, "must be ready to serve his country if he is to preserve the cherished things we have, and he must conquer the world of morals."

At the beginning of the program, Billy Ralph Andis gave the son's address in which he told his listeners that a Dad should not be a pal, but someone to advise, sympathize, and to look to for guidance. "I want my dad to be a man to respect, one I can confide in and go to with my problems," he said, "but I don't want my dad to be a hero—or something that I can't attain myself."

COLLEGE ALUMNI RE-NAME PORTER AS PRESIDENT

Ralph Porter of Clarendon was reelected president of the alumni of Old Clarendon college at the third annual reunion here last Sunday.

Other officers named were: Adlie Carpenter of Lefors, reelected first vice president; Leonard King of Childress, reelected second vice president; and Mrs. Rayburn Smith, elected secretary-treasurer.

The Exes set a fixed date for the annual affair, to be held on the second Sunday in October.

Inclement weather cut the attendance to about fifty persons. Approximately 250 had previously made known their intentions of attending.

The feature of the day's program was the old time Chapel exercise at 10 a. m. at which time the former students of the college introduced themselves and stated at what time they attended Clarendon College.

Following a dinner served at the girl's dormitory, the rest of the day was given over to informal visiting and getting re-acquainted.

father's response, said that the right kind of a father was the kind depicted by Billy Ralph Andis. "The gift of fatherhood is the most precious thing bestowed on manhood," Gillham said, "and we have a vocation of a father that we should cherish and follow."

Following the father's response Lewis Chamberlain rendered two

DONLEY ESCAPES FURY OF STORM ON SUNDAY

COMMUNICATIONS WITH AMARILLO AND NORTH PANHANDLE CUT OFF

While Amarillo, Borger, Pampa and other northern Panhandle towns were hit by an ice storm Sunday which caused millions of dollars in damage and isolated the Panhandle capital from the rest of the world, Clarendon and most of Donley County escaped the storm's fury and received a slow, soaking rain that totalled about two and a half inches.

An ice coating of three to five inches extended as far south as Claude, disrupting telegraph and telephone communication and delaying train service.

Trains from the north arrived in Clarendon four and five hours late. Communication to Amarillo and other northern Panhandle points was paralyzed. The local telegraph office was flooded with messages being routed to Wichita Falls, the clearing house for the entire Panhandle.

Farmers throughout the area rejoiced, but at the same time sympathized for their unfortunate neighbors to the north.

The November rainfall this year is the largest in recent years. In November, 1939, only .28 of an inch was recorded, while November, 1938, had only .06 of an inch.

The Fort Worth and Denver Railway telegraph lines went out of commission north of here Sunday morning.

Rain and fog were reported over the Donley County area throughout the day, with the temperature in Clarendon being 36 at noon.

Officials of the Southwestern Bell Telephone Company estimated that between 250 and 300 of its poles were down in the Panhandle.

Clarendon received the heaviest rainfall of the spell Sunday when 1.35 inches fell. The total moisture for the five-day period was 2.48 inches, and for the month 2.52 inches.

The moisture was a tremendous benefit to the farm land of the county, and especially to the wheat growing section in the northern part of Donley.

One Accepted And One Rejected In First Draft Call

One of Donley County's draft quota of two was accepted for the army and the other one was turned down, the local draft board reported today.

Henry Earl Sparks, order No. 937, was the man accepted, and Charles Allen Hunt was the one rejected. Hunt's place will be taken by Vernon Presley who will not be called until the next quota is called.

The local board said from one to four men were volunteering daily, four having signed up Wednesday.

SANTA CLAUS' FIRST LETTER IS RECEIVED BY THE NEWS

Santa Claus' first letter this year arrived in the News office this week and was forwarded on to him at his northland home.

The letter was sent in by Carlyn Lee and Johnnie Gerlach.

Other little boys and girls who want to tell old St. Nick what they want for Christmas can do so by writing Santa in care of the Clarendon News. The letters will be sent on to the north pole where Santa lives.

The News will publish all the letters in its special Christmas edition.

THE PROPOSED HIGHWAY BOND ISSUE

In this issue of The Clarendon News will be found the first publication of the notice of a highway bond election for Donley County in the possible aggregate sum of \$565,000. The issue proposes to pave two designated state highways, and one if and when designated, the bonds to be sold only when the state highway department does the construction under the state bond assumption law—in other words, no taxes are to be levied in this county for the retirement of the bonds, since the state will take them over and pay them off from the one cent gasoline tax set aside for the retirement of county bonds for state highway construction.

The News feels that this is one way, acceptable to the state highway department, whereby Donley County can have her North-South highway promptly completed, and such other improvements as provided in the issue. It is not the only way.

If we think this is the quickest way, all conditions considered, to get our highways completed then we should vote the bonds.

If we are afraid of the plan in use in many Texas counties today, then we should reject it.

Study the provisions of the proposed issue, and decide for yourself how you want to vote on Dec. 28th.

THE LONG, DRY, DARK LANE HAS TURNED

With the general heavy rains all over Texas and the Southwest this past week, comes the realization that perhaps at long last the long, dry, discouraging lane has turned, and the dry cycle is passing out.

For some ten years this section of Texas has suffered more from a lack of seasonal rains than any other one factor of economic depression, but it is hard to conceive that with so much moisture in the ground at this season of the year there will not be more moisture coming along as the winter progresses.

Like a lot of our bank accounts the surplus moisture in the earth has been drained to the depths, and the only avenue to better crops is the restoration of that surplus through rains and snows this winter. Had we had storage moisture in the ground this year we would have raised a good crop on what rainfall we received in the growing season.

Yes, the long lane we have been toiling through has turned, and it is still Thanksgiving season, so we may return voluminous thanks to the Great Giver of all good gifts, for the rains, as we confidently look forward to a better year in 1941.

HUGE SALES OF PRESCRIPTION WHISKEY IN TEXAS

Prescription whiskey sales through approximately 500 drug stores in 90 dry counties in Texas totalled for seven months, December 1939 to June 30, 1940, 403,116 gallons delivered on 4,015,684 prescriptions.

Closer home, in Donley County for the first ninety days of 1940, 15,009 prescriptions for liquor were filled.

The Axis' spokesman continues to boast of the dreadful doom that is about to befall Britain and all powers which dare to oppose German-Italian-Japanese ambitions to create a new and revolutionary "world order." But in much of the present boasting there is a hollow and discordant note. For it is a plain fact that today the dictators are winning most of their battles on paper instead of the field of action.

The war, in other words, is not going well, from the Nazi-Fascist point of view. Germany has apparently abandoned hope of invading England—a move which, according to Hitler's original calendar was to have been completed months ago. Her attacks go on, and they do much damage. But there is no evidence to indicate that the plane can win a war or break the morale of a proud and determined people. In the meantime, English plane production, buttressed by imports from this country, moves steadily forward toward the day when Britain will be Germany's equal in the air. Nazi raiders and submarines have sunk an immense amount of British shipping. But Britain's warships, including one or two 35,000-ton super-dreadnaughts, have lately been commissioned.

Greatest fiasco has been that of Italy. One expert recently observed that Germany alone is stronger than Germany and Italy together, and that may very well be true. Italy is one of the least self-contained of nations and Hitler must keep supplying her with materials which he could use to advantage at home. On top of that, the military experts are shaking their heads in amazement over what they regard as the almost incredible stupidity of Mussolini's much-bemaled general staff. The invasion of small, poorly-armed Greece is a vivid example. Italy attempted to use blitzkrieg tactics in a rugged, mountainous country in which there are few roads, and she started in the worst possible season. It was inevitable that her losses would be tremendous. No authority believes that Greece can hold out indefinitely, but Italy's victory will be won at great cost, in prestige no less than in men and material. And in the meantime, England has been able to establish air and naval bases on the Greek islands which are of immense importance in cementing her hold on the Mediterranean.

The British air attack which disabled three Italian battleships and a number of lesser craft is if England reports of the action are true, one of the major victories of this war. It means that the Italian fleet has lost close to half its effectiveness so far as the surface vessels are concerned. And that, in turn means that Britain can now release from the Mediterranean to other places where they are badly needed for purposes of convoy and to hunt down and engage the German raiders which are operating in the mid-Atlantic.

Watch Africa now—the next showdown will probably come there. More and more of French Africa has disavowed the German dominated Vichy government and is throwing in with the "free French" cause led by General De Gaulle. Mysterious General Weygand is now in Africa. He was sent there by the Vichy authorities to hold the colonies. But reports leak out that Weygand may have an entirely different plan in mind—that he may join De Gaulle or, at least, keep the part of Africa

he controls out of an alliance of any kind with Germany. If he does that, it will be a blow to the Axis, which must conquer Africa as a main step in its program for destroying the life-line of the British Empire.

Also watch the Far East. There is quiet on the surface there at the moment, but there is turbulence underneath. Japan has been withdrawing great quantities of troops from China. Some fear she will use them in a foray against French Indo-China and the Dutch East Indies—or, if worst comes to worst, against the Philippines. Ray of hope is provided by Far Eastern experts who insist that Japan knows she is far too weak to provide us into war, and that she will pursue a conservative policy; others that she will go in for experiment on a bigger scale than ever.

For the time being, discount all of those forecasts considerably. Only one man, the President, knows what he plans to do, and he hasn't talked about it publicly. The speeches and statements he has made since the election have been moderate in tone and have not indicated any startling new departures.

It is obvious that the demands of rearmaments that come first in government now. Whatever the Administration thinks is necessary to expanding production with maximum speed, will be done, but no one yet knows what will entail.

Did you ever see a man killed? This newspaperman has written up dozens of killings but I have seen but one—and that was while still a high school student. Waiting for a street car one night, I heard a shot and saw two figures, one in pursuit of the other. They were dark indistinct, like shadows on a window-shade. There were more shots, a scream—and silence.

A small boy's definition of salt: What makes potatoes taste bad when you don't put any on.

Among the many wonderful things around Grandma's old log cabin was the mirror. This looking-glass gave your face a wavy and twisted look, and therefore was much more remarkable than the mirrors we had at home which showed you just like you were.

Instead of chairs at the big dinner table, there was a long bench. And, to store things, you just poked them in the chinks between the logs on the front porch.

Then there was the old, faded copy of Scott's "Lady of the Lake," which had been in the family nearly a hundred years.

And there was the almanac that foretold the weather, not just a day ahead of time but a whole year in advance—and didn't miss it very far, either. (This was not in West Texas, of course). Besides, the almanac was a small compendium of history, poetry and jokes—(ah, I've be-

trayed the secret of where I obtained my favorite stories!)—besides describing the symptoms of every known disease. Fortunately, all of these ailments could be cured by the remedy made by the same company that put out the almanac—a remedy which was revealed by the Great Spirit to an Indian maiden in a dream.

"The greatest gift of God to man is will-power." This was a favorite saying with Dr. A. C. Scott, Sr., founder of the internationally famous Scott & White Hospital and Clinic in Temple. And friends of the celebrated surgeon—whose death occurred a few days ago at the age of 75—say that his own chief characteristic was, having once made up his mind, he stuck to his purpose.

He graduated in medicine before he was 21, returned to his native town of Gainesville to enter the practice and one of his first patients was a young lawyer, whose throat needed treatment every week-end after strenuous campaigning. The lawyer was running for Congress and his name was Joe Bailey.

Dr. Scott was placed in charge of the Santa Fe Railroad hospital, then newly-established in Temple; built it up steadily; afterwards, founded the King's Daughters Hospital, which has grown into one of the largest in the State; and then he and the late Dr. R. R. White started the hospital which bears their names, paying \$1,000 down on a former convent building, which left them with just \$100 in cash.

His studies in cancer and his philanthropies made Dr. Scott a truly great man. The hospital which he headed at the time of his death has 17 buildings of varying sizes, a staff of 54 physicians and to it annually come thousands from all parts of the South and Southwest and from Mexico, Central and South America. Back of it all was a quiet, modest, kindly man (this writer met him just a few weeks ago and will always treasure the experience) who never tired of working and studying.

"Would you like some pie a la mode?"
"Yes, and put some ice cream on it, too."

Another for the old joke contest:

"The poor, benighted Hindoo, He does the best he kin do; He sticks to his caste From first to last, And for clothes he makes his skin do."

Interesting facts about Temple: The city was the home of two

of the greatest football players in history, Ki Aldrich and Sam Baugh. The Temple Telegram was one of the first newspapers anywhere to use an airplane—this was nearly 20 years ago. The Temple Lions Club is said to have been the first ever organized. And the name of the bus station agent in Temple is Mr. Temple.

Lelia Lake School News

The boys' and girls' teams from Lelia Lake won two games from the Goodnight teams on November 19 at Goodnight.

After a very slow beginning, the Lelia Lake Bluebirds defeated the Goodnight Buffaloes 21-13. At the half, the teams seemed to be very well matched, the score being 8-8; but as the game went on the Bluebirds built up a slow but comfortable lead.

The star of the game was F. G. Crofford, who made 13 of the 21 points.

This was the Bluebird's second game of the season and also their second victory.

The girls' team defeated the Goodnight girls 33-13. At the end of the first quarter, the local team lead 7-0. After a half of tight playing, the Bluebirds were ahead 7-3. The rest of the game was played rapidly, with the final score being Lelia Lake 33, Goodnight 13.

Guess Who

Freshman girl — medium height — blond hair — likes to talk, particularly to the boys — greatest interest is her boy friends — hobby is collecting pocket knives.
Brown, curly hair — walks and talks like a true Westerner — shy around girls except a certain blond — home-grown scientist — hobby is driving a red pickup in Windy Valley.

Answers to last week's Guess Who:

Chester Lee Scott and Josephine Espey.

The Senior Class is to have their portraits made for the class picture, at Alderson's Studio in Clarendon, by December 7, announced Chester Lee Scott, president of the Senior class.

The picture is to be hung in the hall with the pictures of the other classes.

Several improvements in the school were made during the Thanksgiving holidays.

Mr. Wilson and Mr. Sargent installed lavatories in the primary rooms, and Ruben Boyce and Bobby Cruse built a brick walk from the school building to the "dog house".

JESSICA YOUNG, FAMOUS WRITER, PRAISES HOYT'S

AMARILLO RESIDENT FOR 31 YEARS SAYS HOYT'S COMPOUND RELIEVED MUSCULAR PAINS, KIDNEY DISTRESS, CONSTIPATION, DIZZINESS, WEAKNESS

Jessica Morehead Young, popular poet of the Panhandle, says:

MRS. JESSICA YOUNG

"I was failing in health. I tried many remedies, but none was of permanent benefit. Being unable to eat, I was run-down and weak. Sluggish liver and constipation made me lightheaded and dizzy. Food disagreed with me. Night risings and pains in my limbs and back broke my rest.

"Since taking Hoyt's Compound, my appetite and strength have returned. I sleep and eat well, my dizzy spells are gone. My liver works fine. Food agrees with me. I gladly recommend Hoyt's to sufferers from indigestion and systematic weakness!"

Mrs. Young lives at 512 Jackson Street, Amarillo, Texas. Hoyt's Compound is sold by the Douglas & Goldston Drug Store, and by all druggists in this region.

M-M Firm Invites Farmers To Attend Free Movies

Every one of us has at some time or another had the desire to take a trip throughout our great land to view its many places of beauty and interest. But very few of us ever realize our ambition — we either can't afford it or we haven't the time.

Patton and Semrad, your local Minneapolis-Moline Dealers, are now inviting you to take this trip with them free of charge by seeing "This Land of Ours," a free movie production which your MM Dealer is showing at their place of business in Clarendon, located across street from post office on Tuesday, December 3, continuous from 1 until 5 p. m.

"This Land of Ours" takes you through our beautiful national parks, shows you our beautiful mountains, lakes and waterfalls, and takes you to such points of interest as the World's Fair, our largest industrial cities, the great iron mines of Northern Minnesota, and many points of historical interest.

In addition, "This Land of Ours" gives you an insight into farming methods in all parts of our country and shows Minneapolis-Moline modern tractors and farm machines at work on all types of farms. All scenery in "This Land of Ours" is in its natural beauty, since the movie is in full natural color. It has sound and musical accompaniment and a guide explains all points of interest.

This is a show you'll want your whole family to enjoy. It's free to all farmers and interested Clarendon folks. Ask Patton and Semrad, your MM Dealers for complimentary tickets.

FFA boys and 4-H boys are especially invited to attend. A special Preview show will be held on Monday night for those unable to attend the Tuesday showing.

Billie Lou Gilbert spent Thursday in Amarillo visiting with Mr. and Mrs. B. P. Brents, and other friends and relatives.

GROOM'S SIX-MAN TEAM DEFEATS DIVIDE, 39-0

The Groom High School six-man football team defeated the Divide school of Nolan County, 39-0, in a bi-district game played here on a muddy college field last Saturday afternoon.

Undeclared for the past two years, the Groom team kept its record clean by scoring almost at will in every quarter. Only once, early in the second period, did the Divide boys threaten when they passed to the 10-yard stripe where they were halted.

Jack Kuehler, Groom back, led the attack for his team by scoring twice in the first period and once in the fourth.

Kuehler ran fifty yards early in the first quarter to pay dirt, and scored on a pass play.

After Groom had recovered a punt deep in the Divide territory, Crowell scored on a pass in the second quarter. The half ended with Groom leading, 25-0.

In the third period, Andrews took a pass from Kuehler and went over for a touchdown.

Groom's final counter was made by Kuehler in the fourth when he plunged over from the 12-yard stripe.

The Groom team will play its next game at Lamesa.

The starting lineups were: Groom — Crowell and Whatley, ends; Angel, center; Kuehler, Black and Townsend, backs. Divide — Van Landingham and Jones, ends; Kliner, center; McMillan, Mason and Dennis, backs.

Home-Produced Feed Will Be Used On Calf Experiment

LUBBOCK — Use of home-produced feeds in feeding out small bunches of calves is the object of an experiment being conducted by the Texas Technological college animal husbandry department, W. L. Stangel, head professor, said.

Grain sorghum stubble on the college farm will be used for "roughing in" twenty calves, the roughage to be supplemented with cottonseed cake and possibly some oats pasture in late winter or early spring.

When sudan pasture becomes available, Stangel said, that will be used until late summer. Then the animals will be put on full feed, in lots, with a ration designed to fatten them economically.

"It is our hope to make this experiment as practical as possible so that the farmer may know how to utilize the stubble on his fields and to consume home grown feed," he explained. "We will keep records on feeding and gains and results. The animals will be sold as fat steers at the 1942 show in Fort Worth."

The animals will be used for class work also, students in animal husbandry studying them as calves, feeder calves and fat steers. Stock judges will also use them in judging work. The 50 yearling steers to be delivered this week are from the Spade ranch west of Lubbock.

Don Leary of Estelline visited here Thursday evening.

Jo Ellen Kennedy, who is teaching in Leslie, spent the Thanksgiving holidays here.

Womack Has Broken The Age-Old Funeral Ceremony Tradition

Until recently, age old traditions made the funeral ceremony in Donley County an occasion entirely for departed, thus, to pay homage and mourn a loss. And everything about it. The gloomy settings that have been witnessed, the austere proceedings tended to accentuate rather than assuage grief. Now the Womack Funeral service presents a unique opportunity for imparting peace and consolation, by infusing the service with beauty, dignity and inspiration.

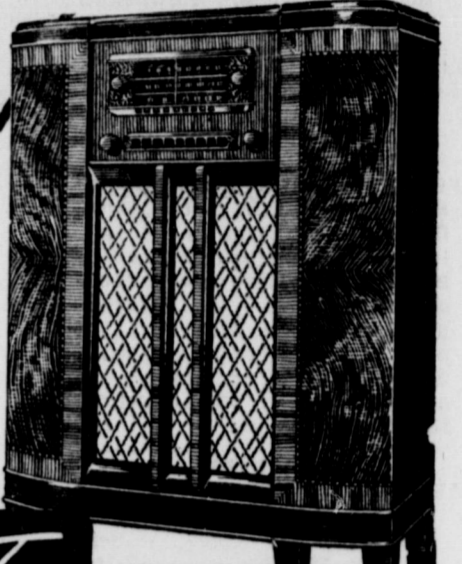

The sound equipment used exclusively by this firm brings an imparting lasting memory to the loved ones and friends, the playing of chimes as you enter the Cemetery, then the playing of vibra Harp and the recent addition of organ music adds much to the settings. The automatic grave closer, another feature used exclusively by this firm leaves an eternal memory. A 1940 LaSalle Funeral Coach and truly New Modernistic Chapel tent that adds beauty to any funeral service. But we must remember that Womack Funeral Homes were First To Bring this to Donley County including the Free Ambulance Service and eventually the other funeral homes will have to render all these services since the Womack Funeral Homes have brought this service to such a high point. 6,341 Bales Ginned in Donley County Prior To Nov. 14

Donley County's nine cotton gins have ginned 6,341 bales of cotton from the 1940 crop prior to Nov. 14, as compared with 6,355 bales for the 1939 crop. This report was issued recently to the Department of Commerce, bureau of the census, Washington, by Van Kennedy.

CHARITY WORKERS ELECT MORRIS PRESIDENT

Meeting Tuesday afternoon at the city hall, officers of the Goodfellows United Charities re-elected C. B. Morris as president of the organization.

Other officers named were: Mrs. Allen Jefferies, vice president; and Roy Clayton, secretary-treasurer.

An investigating and dispersing committee was also elected and consists of Odos Caraway, Mrs. Allen Jefferies, and Ed Dishman.

Mr. Morris said that the set up for the Christmas program would be announced next week.

All clubs and churches in Clarendon are supposed to be represented in support, participation and membership of the charities organization.

L. E. Thompson Attends International Motor Truck Meeting

L. E. Thompson of the Thompson Bros. Co. was in Amarillo Friday the 22nd where he was a guest at a large dealer meeting of the International Harvester motor truck organization.

The occasion was the announcement of a new line of International motor trucks, which Mr. Thompson reports, introduces the new "Green Diamond" engine, latest development of International Harvester in engines built exclusively for trucks.

The new line of trucks shown at the Amarillo meeting consists of five models, all between 1-2-ton and 1 1/2-ton in the complete line of International that includes 51 models in 166 wheel bases, ranging from light delivery units to powerful six-wheelers.

"The new models," says Mr. Thompson "are truly things of beauty and show how completely the designers have combined smart styling, comfort, and safety with capacity for the hard work a truck has to do."

The "Green Diamond" engine in the new Internationals, he says, is a revelation in truck power plant construction for greater power and fuel economy.

LIONS HEAR NEWEST ADDITION TO CITY PASTOR GROUP

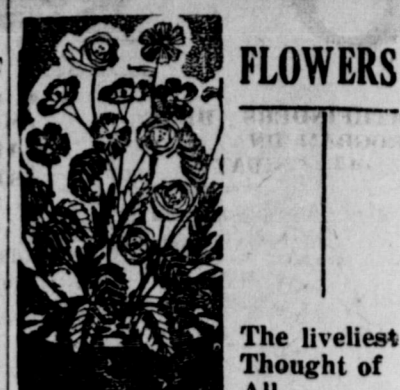

"MAN-POWER" IS SUBJECT OF REV. QUATTLEBAUM TUESDAY NOON

With a splendid attendance present, the Clarendon Lions Club had the pleasure Tuesday of hearing the latest addition to Clarendon's ministerial group, when Rev. J. O. Quattlebaum, Jr., was the program speaker.

Recently arrived here as the new pastor of the Methodist Church, Rev. Quattlebaum chose as his subject, "Man-Power" and discussed the supreme value of the individual in a modern world, declaring that he must be intelligent, courageous, and tender-hearted if he is to serve his day and generation. This approach to a needed patriotism was applauded by the membership, and the minister was invited to come again and enter into the fellowship of the club.

Lion Penick announced the Father and Son Banquet to be held the same evening, and on

request Supt. Burton gave some insides of the status of the District 3-1 football championship, awarded this week to Shamrock by the district committee.

CLAIRENE ALLENSWORTH GETS DEGREE FROM UNIVERSITY OF MEXICO

An honor much sought by American teachers is that of a degree from the University of Mexico City. After attending the internationally known institution for three terms, Miss Ina Clairene Allensworth, daughter of Mr. and Mrs. M. R. Allensworth of this city, has been awarded her Master's degree under date of August 26, 1940.

In addition to the honor and intrinsic value, the certificate made of genuine sheepskin parchment, is a work of art. It is beautifully lettered, and in compliance with Mexican laws, bears a photo of the student to whom issued.

One item of much interest is the fact that federal tax stamps required, and these were placed at the top of the parchment by the University official.

Though head of the Spanish department of the Okmulgee High school for the past few years, Miss Allensworth spent her summers in Mexico City preparing to receive her degree. She continues her work there as a valued member of the faculty of one of Oklahoma's leading educational institutions.

Dr. and Mrs. H. R. Beck and Mrs. Gladys D. Power visited with Mr. and Mrs. B. P. Brents in Amarillo Thursday.

Avis Lee McElvany and Joan Thompson were in Memphis Thursday afternoon.

MRS. WOMACK HOSTESS TO FRIENDSHIP CLUB

The Friendship Club members were entertained Tuesday afternoon, November 27, in the home of Mrs. Ralph Andis with Mrs. Eva Womack as hostess.

Mrs. C. E. Lindsey, vice president, presided in the absence of the president, Mrs. C. R. Skinner, and opened the meeting by leading the Lord's Prayer. The Scripture was read by Mabel Mongole and it was announced that the next meeting will be in the home of Mrs. J. L. Allison, December 10 and is to be a Christmas Party for which names have been drawn for the exchanging of gifts. Mrs. J. D. Stocking then closed the business session with prayer.

A delicious plate lunch was served to one guest Mrs. Ralph Andis, and to members Mesdames J. L. Allison, L. Ballew, C. E. Lindsey, J. A. Meadors, J. D. Stocking, J. T. Teel, M. E. Thornton, H. Tyree, Glen Williams, Misses Katie Meadors, Mable Mongole and the hostess, Mrs. Eva Womack.

BURTON AND JENKINS CARS DAMAGED IN COLLISION

Two cars, one driven by H. T. Burton, superintendent of schools, and the other by Dr. B. L. Jenkins were badly damaged Monday about 1 p. m., when they collided on the College Boulevard intersection, near the home of Sam Lowe.

Mr. Burton had left his home and was en route to Wellington at the time of the accident. Burton was driving east, toward

town, and Dr. Jenkins was driving west.

The front end of the Burton car was damaged while the Jenkins car was hit in the center of the right side. Neither of the occupants were injured.

Jerry Pratt of Stanford spent the holidays here visiting with friends and relatives.

Glen Allison, who is teaching school in Hereford, spent the Thanksgiving holidays here visiting with friends and relatives.

KNITTING, THE NEW FAD
 During the World War the women of America knitted for the Red Cross. They have started it again and it is becoming a fad. Soon, scenes of girls sitting in groups with their knitting will be seen.

This fad is practical as well as patriotic. It is not done, only for pleasure but to help the Red Cross.

It does not take an intelligent person to knit for it is one of the easiest things to learn. Not only girls knit. Boys, who are supposed to be ignorant of such things, also knit. It is not sissy for a boy to knit for a boy or two would certainly add to a group of girls knitting. If a boy was present, the girls would knit better and faster to show out before him.

Incidentally, if any of you girls want to learn how to knit, you can get free lessons, thread and needles furnished, at the Clarendon Hotel, Mondays and Fridays, after three o'clock. This is for the Red Cross and the sweater must be given to the Red Cross.

So, for a change, girls, let's knit.

FALL FASHIONS

Have you seen? June Miller's gold and brown hooded jacket? Marilyn Sawyer's grey jersey dress? Wanda Craft's tan dress with red cuffs and collar? They are making everyone sit up and take notice.

Don't tell me you haven't seen Anna Lynn Barnes' industriously knitting a green sweater in the sixth period study hall? Or Margaret Fay sporting a tan corduroy suit with matching knee socks? Gerry Ryan's red and grey plaid dress with a black jacket and matching plaid buttons? Take notice and see if you don't think these clothes are attractive.

THE INFLUENCE OF WAR ON STYLES

Up until September 1, 1940, the United States has always depended on Paris for styles. The Vogue and Harper's Bazaar always got their styles and articles from Paris. September the first was the first time that Harper's Bazaar had articles written by Americans. However, French and English designers have come to the United States since France was taken by Germany.

With Paris dressmaking and designing blacked-out, it leaves American dressmaking based on Paris ideas, the original designs. The most beautiful material to work with, and beautiful women to work for, are in America but we are only in the field of experimentation. America's success in this field depends much upon our women. The Parisian went

to her dressmaker so informed that she inspired her designer. In America we never go to our shop to be dressed. When we go there we do not want to raise a row about the seams without knowing how the seams are to be placed. We should learn the quality of the material by the feel and not the eye; it is typical for American women to buy things—because they are pretty not because of the quality of it. We need to know how to accept or reject a new idea or fad. We must learn to see ourselves as others see us and have a definite atmosphere for our dressing.

New materials are influenced by the defense program, also prices. Materials put out by Dupont such as celanese, rayon, nylon are some that are influenced. Maybe you have noticed that the cost of Nylon hose has gone up. This is because Nylon is the best thing to be used for airplane wings and since airplanes are vital to our defense the cost is much higher.

The United States wanted to send some of the excess cotton of our country to Spain. Texas voted against it because it would make the price of cotton materials go up but with a lot of cotton, of course, the cost is low.

Last year the ten best-dressed women of the world were French, English or foreign-born. As much as a million dollars each was spent for these women's clothes last year. We will over-come this because the American women will be the best dressed women in the world. We can do this cheaper, yet be more sensibly dressed.

New York has been trying to be the center of styles—but Hollywood has become the center. We can readily see why. The movie stars and celebrities live there and of course the people would want to get their styles from them.

So we must adjust ourselves to this program. To be more independent about our styles and not depend on France for them.

PEP SQUAD NEWS

The weather conditions prevented the Pep Squad and Football boys from going to McClellan Dam last Tuesday afternoon but that didn't keep them from having a grand time. The group met at Mrs. Gerlach's home where they enjoyed dancing and a weiner supper. Later the group attended the show.

Highlight of the affair were: Mr. Robbins and Miss Wallis carrying on a very interesting conversation.

The blondes and brunettes rushing the coaches.
 Some of the football boys acting so bashful.

It seemed as though this was the "coming out" affair for Katherine May. (Carroll Peabody was the victim.)

We all enjoyed the floor-show staged by Josie and Charlie Ruth. And now, for the fashion parade! Jerry Ryan, Mariam Gordon, Josie Davis and Jean Taylor looked very attractive in slack suits.

Wilma Jean Warren and Coach Warden were the only ones who wore boots. (They were seen dancing together, too.)

Pauline Mays and Mary Jo Shaffer, those "trazy" brunettes, were very noticeable trucking around in their corduroy skirts.

Among those wearing tweed trousers were Clyde and Carroll Peabody and George Reeves.

Almost every boy present wore a football sweater.
 Mr. and Mrs. James, as usual, looked real cute and seemed to enjoy everything immensely.

PEEK-A-BOO!

Boo! Is Bailey Estes in for it now, or isn't he? His rival lives at Goodnight, not Groom.

We saw a certain car full of "skirts" and "pants" headin' west about eleven. Waldron Melton driving! We could not see clearly in the mist (?) but it seemed as if Dan and Weldon were in the car, too. How about it girls!

Seen! Wilma Jean Warren and Ella Gene Speed riding around in a certain car on Thanksgiving Day. (Where?)

BUILDING A TEMPLE OF HEALTH

In Home Making, health is an important topic studied in connection with personal appearance and family relationship. Good health is a great factor in determining the happiness and success of a home.

Young people especially need to realize that in building a temple of health, the foundations are laid while they are young. The strength of a foundation is determined by the number of good habits of which it is made. In laying a good foundation, the building material consist of habits to form a correct posture, good digestion, resistance, strong nerves, normal breathing, normal circulation, good muscles, good elimination, and a good disposition. These habits can be formed more easily while a person is young, than after many years of practicing bad habits. The habits formed in every day living have a decided effect upon our later life. How one sits and how one stands affect our bodily shape. How one works and exercises affects the muscles. What one eats and how one eats it affects the digestion. How one dresses affects the shape, breathing and circulation of blood in different parts. How one sleeps and how one works affects the nerves. A balanced diet helps to control many of these conditions. Vitamins, especially, play an important part in correct bodily shape. Vitamin D, the sunshine vitamin, is essential in building strong teeth and bones.

Some weaknesses and defects are not caused by bad habits, but they can usually be corrected, by forming good habits.

BAND NEWS

Mr. Robbins held a band-parents meeting Friday afternoon. They decided to get the band members new caps like the ones worn by the twirlers and drummajors. They also decided to buy some new instruments; bass horn, french horn and an alto clarinet. With these improvements the band will be much better this year than formerly.

The band made approximately \$4.00 on the rummage sale this week. Notify band members of any rummage which is to be donated for sale.

BIRTHDAY CLUB

November 23, the birthdays of two important people were celebrated. Those of our Billy Thornberry and Franklin Pierce.

November 24, three more birthdays were celebrated, those of Marilyn Sawyer and Billy Ray Bell and that of Laurence Sterne.

November 25, found three more important people with birthdays. Our Louise Butler and O. A. Smith, and that of Andrew Carnegie.

Miscellaneous

QUESTION OF THE WEEK

Where had you rather be than at school at the present time?
 Fred Cooke — I had rather be at a picture show, because I get more enjoyment out of it.
 Ruth Hamm — I had rather be at home asleep because on winter mornings school takes up a little too early.
 Millard Miller — I'd much rather be on the paper route.
 Wanda Craft — I would like to be doing something exciting—like flying in an airplane.
 Frank Cannon — I'd rather be on a cruise around the world. That would be more educational and more interesting.
 Wilda Faye Gibbs — I'd rather be at home — not studying. There I can eat any time I wish, as well as sleep.
 Oleta Marshall — I'd rather be in Amarillo eating another turkey.
 Harice Greene — I would like to be in Kansas City judging dairy products — (I hope Uncle John Gillham sees this.)
 Jessie Jay Tomlinson — I'd like to be at home asleep.
 Arlis Ray Allison — I would like to be in the picture show.
 Jerry Howse — Finishing my course in nurse training, because I'm more interested in that.
 W. C. Gunter — I'd like to be sitting back enjoying a good show.

TWO THANKSGIVINGS

by REBECCA EANES
 Two Thanksgivings days are grand
 As for as eating goes
 I'm sure that I could be on hand
 For turkey more than once.
 It would be nice if we could have
 Two holidays from school
 But then we can't of course
 'Cause that's against the rules.

When Is Thanksgiving?

Don't quite know when to celebrate
 I may be a little late
 At least that's what I hear.
 Maybe I'll jest miss plum out
 On turkey dinner, too
 Just because I'm so in doubt!

THE COOKE SISTERS ENTERTAIN

Wednesday evening, November 20, a farewell dance was given by Misses Billie and Jean Cooke honoring Carlton (Chick) Gordon and Marlam Gordon. There were approximately twenty-eight at the gathering. The most interesting dancer to watch, and might be added the most graceful, was Roy Morrison's partner. Another attracted couple was Clyde Peabody and Billie Cooke. (Nice going Clyde.)

Following the dancing, delicious jello salad, open-faced sandwiches, cut in various shapes, cookies, mints and punch were served. Everyone reported having a good time. The only unpleasant thing was the fact that the Gordons' must leave. BR

MARGARET WADSWORTH ENTERTAINS ON THANKSGIVING

Thursday evening, Nov. 21, Miss Margaret Fay Wadsworth entertained a group of friends in her home with a dance. Many of the group were home for the holidays and everyone enjoyed talking and being together again. Freddie Chamberlain and Junie Miller being together seemed quite natural and brought back old memories as well as Betty Jo Caraway and Joe Williams.

After the dance had been going nicely for some time delicious punch and cookies were served. The dance then continued for some time. Margaret gives such nice dances that the guests don't know when to leave. BR

NOTICE OF ROAD BOND ELECTION

THE STATE OF TEXAS,) COUNTY OF DONLEY,) TO THE RESIDENT QUALIFIED ELECTORS OF DONLEY COUNTY, TEXAS, WHO OWN TAXABLE PROPERTY IN SAID COUNTY AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:

TAKE NOTICE that an election will be held on the 28th day of December, 1940, in Donley County, Texas, to determine whether or not bonds shall be issued by said County in the amount of \$565,000.00, for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, in said County, and whether or not ad valorem taxes shall be levied upon all taxable property in said county for the purpose of paying the principal of and interest on said bonds at maturity; and,

IT APPEARING to this Court that said petition is signed by more than fifty (50) qualified resident property tax-paying voters of Donley County, Texas; and, IT FURTHER APPEARING that the amount of bonds to be issued will not exceed one-fourth of the assessed valuation of the real property of said Donley County, Texas;

IT IS, THEREFORE, CONSIDERED AND ORDERED BY THE COMMISSIONERS' COURT OF DONLEY COUNTY, TEXAS:

1. That, pursuant to the aforesaid petition, an election shall be held in said County on the 28th day of December, 1940, which is not less than thirty (30) days from the date of this order, to determine whether or not bonds shall be issued on the faith and credit of said County, in the total principal sum of \$565,000.00, for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, in said County, and whether or not ad valorem taxes shall be levied, annually, on all taxable property in said County for the purpose of paying the principal of and interest on said bonds at maturity, under authority of the Constitution and laws of the State of Texas, particularly Section 52, of Article 3, of the Constitution, and Chapter 16, Acts 1926, First Called Session, as amended; such bonds, if issued, will bear interest at a rate not to exceed 5% per annum, and shall mature at such times as may be fixed by the Commissioners' Court of said County, serially, or otherwise, not to exceed twenty-five (25) years from their date.

2. In event said bonds are authorized by the necessary favorable vote of the qualified electors of said County, voting at such election, the proceeds from the sale thereof shall be applied to the construction, maintenance and operation of the following roads in said County, to-wit:

(a) Road running from Hedley East to the Collingsworth County-line; amount of bond money to be expended therefor not to exceed \$140,000.00;

(b) Road running from Gray County-line South through Clarendon to the Hall County-line; amount of bond money to be expended therefor not to exceed \$225,000.00; and,

(c) Road running from Hedley North to the Gray County-line; amount of bond money to be expended therefor not to exceed \$200,000.00.

3. As stipulated in the aforesaid petition, if the proposition for the issuance of the proposed bonds is approved by the necessary vote of the qualified electors of said County, voting at such election, the bonds will be issued and sold and the tax levied in payment thereof when and only when the County receives from the State Highway

Commissioner, Precinct No. 1; G. G. Reeves, Commissioner, Precinct No. 2; Claud Nash, Commissioner, Precinct No. 3; Marvin Hall, Commissioner, Precinct No. 4;

being present and participating, came on to be considered the petition of J. W. Noel and 69 other persons, for an election to be held in Donley County, Texas, to determine whether or not bonds of said County shall be issued in the total principal sum of \$565,000.00, for the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, in said county, and whether or not ad valorem taxes shall be levied upon all taxable property in said county for the purpose of paying the principal of and interest on said bonds at maturity; and,

IT APPEARING to this Court that said petition is signed by more than fifty (50) qualified resident property tax-paying voters of Donley County, Texas; and, IT FURTHER APPEARING that the amount of bonds to be issued will not exceed one-fourth of the assessed valuation of the real property of said Donley County, Texas;

IT IS, THEREFORE, CONSIDERED AND ORDERED BY THE COMMISSIONERS' COURT OF DONLEY COUNTY, TEXAS:

1. That, pursuant to the aforesaid petition, an election shall be held in said County on the 28th day of December, 1940, which is not less than thirty (30) days from the date of this order, to determine whether or not bonds shall be issued on the faith and credit of said County, in the total principal sum of \$565,000.00, for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, in said County, and whether or not ad valorem taxes shall be levied, annually, on all taxable property in said County for the purpose of paying the principal of and interest on said bonds at maturity, under authority of the Constitution and laws of the State of Texas, particularly Section 52, of Article 3, of the Constitution, and Chapter 16, Acts 1926, First Called Session, as amended; such bonds, if issued, will bear interest at a rate not to exceed 5% per annum, and shall mature at such times as may be fixed by the Commissioners' Court of said County, serially, or otherwise, not to exceed twenty-five (25) years from their date.

2. In event said bonds are authorized by the necessary favorable vote of the qualified electors of said County, voting at such election, the proceeds from the sale thereof shall be applied to the construction, maintenance and operation of the following roads in said County, to-wit:

(a) Road running from Hedley East to the Collingsworth County-line; amount of bond money to be expended therefor not to exceed \$140,000.00;

(b) Road running from Gray County-line South through Clarendon to the Hall County-line; amount of bond money to be expended therefor not to exceed \$225,000.00; and,

(c) Road running from Hedley North to the Gray County-line; amount of bond money to be expended therefor not to exceed \$200,000.00.

3. As stipulated in the aforesaid petition, if the proposition for the issuance of the proposed bonds is approved by the necessary vote of the qualified electors of said County, voting at such election, the bonds will be issued and sold and the tax levied in payment thereof when and only when the County receives from the State Highway

Commission and the Board of County and District Road Indebtedness definite assurance that the roads hereinabove described will be taken over, acquired or purchased by the State of Texas, and that the principal of and interest on said bonds will be paid out of funds lawfully appropriated or set aside for that purpose by the proper State Agency; provided, however, that nothing herein shall be construed as releasing the Commissioners' Court, or any other county officials, from discharging and performing any and all duties devolved upon them by law in respect of the assessment and collection of the tax to be levied in payment of said bonds, in event the State of Texas should at any time, in the future withdraw its aid to the County in payment of the principal of and interest on said bonds.

4. All persons who are legally qualified voters of said Donley County, Texas, who are resident property taxpayers of said County and who have duly rendered their property for taxation, shall be entitled to vote at said election.

5. All voters desiring to support the proposition to issue the bonds shall have written or printed upon their ballots, the words: "FOR THE ISSUANCE OF BONDS AND THE LEVY OF AD VALOREM TAXES IN PAYMENT THEREOF."

And, those opposed to the proposition, shall have written or printed upon their ballots, the words:

"AGAINST THE ISSUANCE OF BONDS AND THE LEVY OF AD VALOREM TAXES IN PAYMENT THEREOF."

6. The polling places and Presiding Officers of said election shall be, respectively, as follows:

7. The County Clerk of Donley County, Texas, is hereby authorized and directed to cause notice of said election to be published once each week for three consecutive weeks, in some newspaper of general circulation that has been continuously and regularly published for more than one year previous to the date of this order, in Donley County, Texas, and, in addition thereto, by posting notices of such election at four public places in Donley County, Texas, one of which shall be at the courthouse door of said County, for three consecutive weeks prior to said election.

8. A copy of this order, signed by the County Judge of Donley County, Texas, and certified to by the County Clerk of said County, shall serve as a proper notice of said election.

9. The above order having been read in full, it was moved by Commissioner Reeves and seconded by Commissioner Hermesmeier that the same be passed and adopted. Thereupon, the question being called for, the following members of said Court voted "AYE": Commissioners Hermesmeier, Reeves, Nash and Hall; and the following voted "NO": None.

PASSED AND APPROVED, this 21st day of November, 1940.

R. Y. KING, County Judge, Donley County, Texas.

J. H. HERMESMEYER, Commissioner of Precinct Number 1.

G. G. REEVES, Commissioner of Precinct Number 2.

CLAUD NASH, Commissioner of Precinct Number 3.

MARVIN HALL, Commissioner of Precinct Number 4.

The above and foregoing NOTICE OF ROAD BOND ELECTION is issued and given by me, pursuant to authority conferred by the above and foregoing order of the Commissioners' Court of said County, and I hereby certify that the above and foregoing is a full, true and correct copy of the order of said Court, ordering said bond election, and also Minutes showing the passage

thereof. WITNESS MY HAND AND THE SEAL OF THE COMMISSIONERS' COURT OF DONLEY COUNTY, TEXAS, this 21st day of November, 1940.

HELEN WIEDMAN, County Clerk and Ex-Officio Clerk of the Commissioners' Court of Donley County, Texas. (Com. Court Seal).

numbers on his trombone. Verna Lusk, toastmaster, related that the father and son banquets started back in 1921, and have grown from year to year.

He called on Dr. B. L. Jenkins, one of the originators of the father and son banquets, who stated that the present banquet is "the best we've ever had" and that the growth of the father and son banquets was due to the spirit of the Clarendon citizens. Dr. Jenkins announced the two

junior high school winners of the Dad essay contest. Tommy Goodner won first place and James Leslie Palmer second.

Tribute was paid to the oldest father, fathers with five sons present, fathers with boys of draft age, and generations of father, son and grandson.

Billy Ralph Andis was elected president for the coming year, and Rev. M. M. Miller, vice president. Directors named were Clyde Douglas, Jr., Lewis Chamberlain, Charles Lowry and Guy Wright.

Billy Hedrick has gone to Corpus Christi for an indefinite stay with relatives.

CLARENDON NEWS HONORED AMONG 70 TEXAS PAPERS

NAMED MEMBER OF SAFETY SEMINAR AT AUSTIN, DECEMBER 2-3-4

The Clarendon News has been named one among some seventy Texas newspapers, mostly dailies, to membership in the first Texas Seminar, to be held at Austin, December 2-3-4, under the auspices of the Texas Safety Association, with George Clark, executive secretary.

The Seminar is financed by the C. I. T. Safety Foundation of New York City, who bears the expense of all representatives invited, as well as the nationally known speakers to appear on the program. Sam M. Brasswell, News editor, received his credentials the past week from the Foundation.

Speakers for the Seminar will include among others, Dr. Miller McClintock of Yale University, and Arthur T. Robb, editor of Editor and Publisher. Editorial representatives of the seventy-odd Texas papers will participate in the discussions for better safety methods in the state.

CAROL HUDSON TAKES POSITION WITH NYA

Carol Hudson left this past week for Canyon where he will work with the National Youth Administration on the dormitory project.

Hudson will assist Dick Cooke, also of Clarendon, who has charge of the operations there.
