COUNTY SENDS TWO MORE MEN TO DRAFT ARMY

Two men, one of them a Donley County resident and the other a citizen of Clayton, N. M., went into Uncle Sam's Selective Service Army this week, making up the Donley County local board's second call quota for March. Thomas Moffett of Hedley was the Donley County selectee, and he left Tuesday for induction into the service. J. Russell Frazier, who was registered with the local board but later moved from the county, was inducted from his New Mexico home.

The local board's latest quota call for March has been made for four men, and names of those were released by the local board office this week. The men are C. H. Shults, Dewey Lee Brinkley, William Earl Brinkley, and Clifford Osburn. All are volunteers, and all are scheduled to report to the local board at 4 p. m. on March 20, after which they will be placed on a train for transportation to the Army's El Paso induction station.

In answer to a number of inquiries made of the local board recently, board secretary George Ryan displayed this week a notice from state selective service headquarters to the effect that enrollment of a prospective selectee in any of the civilian air training schools would not entitle him to a student's deferment. Quite a number of young men have inquired about this phase of the deferment rules. Mr. Ryan said, and the authorities have furnished the answer to all such inquiries. Instructors, mechanics, and others connected in an instructing capacity with such civilian air training schools, however, may be deferred from army duty if it is shown to the local board that their deferment is necessary to prevent disruption of a vital activity.

PAMPA POSITION IS PROMOTION FOR G. K. READING

G. K. Reading, resident engineer for the Texas Highway Department in Clarendon for the past several months, moved Tuesday with his family, to Pampa, where he has been assigned to a resident engineer's position.

Mr. Reading has been a valued citizen of Clarendon during two periods, the first some years ago, when he was in charge of construction of Highway 287 through this area, and the second when he came here last year to assume supervision over construction work on Highway 18. The Pampa position comes as a promotion, and his friends and associates here will wish him a continued climb upward in his career as engineering worker.

Succeeding Mr. Reading will be J. E. West, who has been transferred from the Amarillo office of the Highway Department to assume a junior resident engineer's post here. Mr. West arrived in Clarendon Wednesday, and will act as supervisor over various improvements and new project highway works in this area in the future.

HAS SCHOLASTIC CENSUS TAKER SEEN YOU?

Have the Clarendon Independent School District census enumerators gotten your returns yet? If not, you are urged to request to phone or see Superintendent Burton, Dean R. E. Drennan or Principal McHenry Lane at your early convenience.

This census must be completed during the month of March and your co-operation is invited to make it a complete one. It means money to the school for all pupils of scholastic age to be enrolled.

Ellis Roberts visited friends and relatives in Bonham over the week-end.

Donley Gets 14 Miles Seal Coat In Highway Program For 1941

Donley County is included in the listings of seal coat programs announced by the highway department for 1941. Eleven miles is on Highway 287, while 3.6 miles is on the first farm-to-market paying South of Clarendon on Highway 18.

This work will likely not start until early summer, and is in addition to the overpass project, and the second farm-to-market paving south on 18.

SHOTGUN BLAST TAKES LIFE OF SKILLET FARMER

Victim of a supposedly self-inflicted shotgun wound, Oscar W. Reemer, 62, died near his home in the Skillet community in north Donley County Saturday.

Members of the victim's family, who had left him alone at the farm home Saturday morning, returned about noon Sunday to find their father lying in a shed on the Dewey Woods place, a short distance from the Reemer farm. Examination of the body disclosed that death had apparently occurred about 24 hours before, and had resulted from a shotgun wound in the head. The death weapon, a 410 gauge single barrel shotgun lay near the body. Sheriff Guy Wright conducted an investigation, and an inquest was held Sunday afternoon by Justice of the Peace Frank Kendall of Precinct 3, who returned a verdict of death by suicide. The victim had been in failing health for some time, and it was believed that worry over his health and financial matters had been responsible for the suicide action.

Survivors include the wife, four sons, and three daughters. Funeral services were held Tuesday.

CHRISTIAN CHURCH OPENS TWO WEEKS REVIVAL MONDAY

Plans were completed this week for a two-weeks revival at the First Christian Church of Clarendon, to start Monday evening, March 17.

Services will be conducted by Bro. Ray J. King, pastor of the Portales, N. M. Christian Church. Bro. King was secretary of the Johnson Bible College for a number of years, and will bring a background of wide experience with his messages.

Opening services will start Monday evening at 7:30 o'clock. Present plans are to bring the Blackburn-Shaw Quartet, noted Amarillo singers, to the church for the first evening services. Following the worship hour, a social hour will be held to acquaint those present with Bro. King. The people of Clarendon are invited to attend all these services.

BILLY RALPH ANDIS TO COMPETE IN ORATORICAL MEET

WILL REPRESENT CLARENDON IN DISTRICT CONTEST AT AMARILLO FRIDAY

Billy Ralph Andis, son of Mr. and Mrs. E. R. Andis of this city and prominent in high school circles, will go to Amarillo Friday evening where he will enter competition in a district oratorical contest, the winner of which will go to a state contest, and on to a national finals for the Eddie Cantor \$4,000 cash scholarship in any college or university in the United States.

The contest is under the auspices of the American Legion, which holds the district, state and national events, and the subject is "We the People", based on the Constitution of the United States and its amendments.

Probably ten or a dozen contestants will compete in the district meet at Amarillo, and Clarendon people will be pulling for Billy Ralph to emulate the recent Clarendon and Donley style by "bringing home the bacon."

CITY WILL BE REPRESENTED AT SHAMROCK FETE

Clarendon will be well represented at Shamrock Monday, when that city entertains its own and visiting Irish at what promises to be the most ambitious of a long series of St. Patrick's Day celebrations.

In past years, Clarendon has joined with Shamrock in helping it celebrate St. Patrick's Day, and this year will be no exception. The local delegation, headed by the Clarendon High Band, will

Many local residents already plan to be with the group, and others, whether they be of Irish extraction, or not, will receive a West Texas welcome in Shamrock, along with a chance to enjoy a big day of entertainment. The band will take part in the main celebration parade, and will represent the city in other celebration musical events.

SERIES OF FARM MEETINGS TO BE STARTED MAR. 17

COTTON STAMPS, WHEAT AND 1941 FARM PROGRAM TO BE DISCUSSED

A series of farm educational meetings, at which subjects of importance to Donley County farmers will be discussed, will be started next Monday by County Agent H. M. Breedlove, he announced this week.

Discussion subjects at each of the meetings will be concerned with wheat problems, the new cotton stamp plan, and a review of the 1940 farm program. Mr. Breedlove said. Of special interest to farmers will be an explanation of the cotton stamp plan, some details of which will be found elsewhere in this issue of the News.

Mr. Breedlove's schedule of meetings will include most sections of the county, with meeting places, dates, and times, was given as follows:

- Giles—Monday, March 17, 9:30 a. m.—Schoolhouse.
- Bray—Monday, March 17, 2:00 p. m.—Schoolhouse.
- Hedley—Monday, March 17th, 7:30 p. m.—Schoolhouse.
- Ashtola—Tuesday, March 18th, 9:30 a. m.—Schoolhouse.
- Goldston—Tuesday, March 18th, 2:00 p. m.—Schoolhouse.
- Lelia Lake—Tuesday, March 18th, 7:30 p. m.—Schoolhouse.
- Skillet—Wednesday, March 19th, 9:30 a. m.—Schoolhouse.
- Whitefish—Wednesday, March 19th, 7:30 p. m.—Schoolhouse.
- Jericho—Thursday, March 20th, 9:30 a. m.—Schoolhouse.
- Clarendon—Thursday, March 20th, 2:00 p. m.—County Agent's Office.

Roy Clayton who has been confined to his home with a seige of the flu for the past week is reported to be much better.

Mrs. W. M. Mace Buried At Lelia Lake On Monday

Funeral services were held Monday afternoon at the Lelia Lake Methodist Church for Mrs. Martha Posey Mace of that community, who died Sunday.

Mrs. Mace was born January 20, 1883, in Tennessee, and was married to W. M. Mace September 2, 1900, at X-Ray, Texas. She had been a resident of Donley county since shortly after her marriage.

Survivors include four children, Mrs. Ileta Bryant of Mojave, California; Mrs. Elmer Kennedy of Lelia Lake, Mrs. Oswell Jones of Lariat, Texas, and Alvin Mace of Lelia Lake; one sister, Mrs. Mollie Mace of Hedley; and one grandson, Raymon Bryant.

Reverend J. O. Quattlebaum, Jr., conducted funeral rites, assisted by Rev. A. S. Forsh interment was in Citizens Cemetery.

WALTER KNORPP IS CANDIDATE FOR CITY MAYOR

Believing that young men today should be more active in civic and governmental affairs, Walter (Buddy) Knorpp has announced his candidacy for Mayor of Clarendon in the election of Tuesday, April 1st.

Mr. Knorpp is a young man of good educational background, and for several years has been connected with the Donley County State Bank, and is therefore familiar with modern business trends. He says he will make no spectacular promises, but will meet the problems of the city in a prompt, decisive and business-like manner as they arise.

Mr. Knorpp solicits the vote of the young men and young women of the city who join him in the belief that there should be more young blood in government and business; and likewise, he invites the support of the mature voters who have a disposition to encourage the ambitions toward service of the younger group. If elected, he promises his best efforts in behalf of Clarendon and her citizenship.

DEAN DRENNAN ATTENDS AUSTIN MEETING PUSHING JUNIOR COLLEGE BILL

Dean R. E. Drennan of Clarendon Junior College left Saturday for Austin where he will join with a group of junior college executives from over the state in urging legislative action on the proposed junior college state aid bill. If passed by the Legislature in its present form, this bill would give a state appropriation of \$50 for each junior college student, lightening the financial load on senior state-operated schools, and assisting the junior colleges of the state to operate on a more ambitious scale.

J. H. HEADRICK IS CANDIDATE FOR MAYOR

The News carries the name this week of J. H. Headrick in the announcement column for Mayor of Clarendon in the election of Tuesday, April 1st. Mr. Headrick has been a prominent citizen and business man of Clarendon for thirty years, and has always stood for the best in moral and material advancement of the community. He has never been elected to public office, although many years ago he was appointed to fill out the unexpired term of a city commissioner who had resigned. He is therefore familiar with the problems that confront the city government of Clarendon.

Mr. Headrick says he promises no great accomplishments if he is elected, but in his candidacy for Mayor he will exert his best judgment and abilities in forwarding the interests of Clarendon and her people, with economy of administration always in the forefront, services being considered. He solicits your vote and influence on this basis.

SHOWS BRING CASH REWARD TO CLUB BOYS

Back at home this week after a thrilling round of fat stock showing, in Clarendon and Amarillo, Donley County boys had financial dividends to show for their labors in stock feeding, in addition to memories of Donley County's most successful show year in history.

Heading the list of money winners, of course, was Johnny Leathers, who gathered up a sizeable cash nest egg on one calf, his grand champion, in addition to receiving a premium price on two other calves which he showed here and at the Amarillo Fat Stock Show.

Billy Thornberry's reserve champion junior calf was a money maker also, bringing him a premium price of about \$175, in addition to cash prizes won here and at Amarillo, and a \$50 gold watch presented to him for the best Panhandle-fed club calf. Billy also sold two other calves at the Amarillo Show for premium prices.

Other Donley Club boys receiving premium calf prices at Amarillo included Floyd Lewis, three calves; F. G. Crawford, three calves; H. C. Shaw, two calves; and Pete Morrow, Billy Jack Green, Ralph Morrow, Joe Wayne Dhill, Horace Green, and Jack Lewis. The average price paid for these calves was better than 14 cents, with 13 3-4 cents being the low.

Donley club boys came out ahead on their pig entries at the Amarillo Show, with premium prices being paid for practically every animal exhibited. Lowest price paid was 7 3-4 cents, while Jack Ballew's champion eight Hampshire went on the block for 12 cents. Premium prices on pigs went to Bilew, Jim Robertson, C. A. Kirkland, Travis Alexander and J. M. Morris, Ray Robertson, Billy Jack Green, Gene and H. A. Harrison, and Chester McElroy.

Lamb entries in the Amarillo show also proved to be worth extra money to their owners, with C. G. Kirkland, Jack Riley, H. C. Shaw, W. C. Gunter, Jr., Johnnie Phelan, Billy Moreland, Travis Alexander and Billy Jack Green selling show lambs at prices averaging over 10 cents.

DONLEY LIVESTOCK KEEPS MOVING IN WINNING STRIDE

SWINE ENTRIES TAKE FOUR FIRST AT FT. WORTH FAT STOCK SHOW

Donley County club livestock, already secure in a top-ranking position among Panhandle counties, pushed on to new honors this week, as entries in the Fort Worth Fat Stock Show came up for judging.

First place blue ribbons were hung by show judges on four Donley entries in the swine division—the county carload, a county litter entry, and on light and heavy singles entries. Individual winners of prizes, whose names could not be obtained in time to make this issue of the News, will be published here next week, along with other news of county participation in the Ft. Worth event.

Also among the winners at Ft. Worth was the county F. F. A. Dairy Products judging team, which drew blue ribbon recognition and with it a chance to make a trip to Kansas City later in the year. Last year this contest also was won by Donley F. F. A. boys, and that team went on up to win national recognition for its abilities.

MRS. MUSE HOME FROM AMARILLO HOSPITAL

Mrs. Lee Muse was returned to her home here in Clarendon last Sunday from Amarillo where she underwent a major operation and has been in the hospital for the past several weeks. It is reported that she is showing slow but steady improvement.

Lamar and Forest Adamson left Friday for Los Angeles, California, to make their home

Donley County's \$630.80 Grand Champion Club Calf

This Hereford calf, pictured above, brought Johnny Leathers a sizeable cash nest egg and wide recognition last week, in winning Grand Champion honors at the Amarillo Fat Stock Show. The calf was sold to Phillips Co. for 66 cents a pound, and with other prizes won at Amarillo and in Clarendon, brought its owner a total of \$630.80. With Leathers and the champion Hereford is W. O. Culbertson, Dalhart breeder, who furnished the champion 4-H boy with calf for feeding out.

SAFER TRAFFIC AND A LICENSE FEE

A campaign now developed in the 47th Legislature appears to be growing stronger in support of proposals for measures to promote safer traffic conditions on Texas Highways.

Proponents of a \$1.00 fee in the driver's license bill claim there is an increasing amount of public favor for the measure with its fee. Provisions of the bill designate the fee for use in enlarging the Texas highway patrol. The license would be good for two years, making it cost only 50 cents a year, or in the language of safety leaders, "less than a penny a week for accident protection" insurance.

There are those in the legislature who want to cut out the license fee, but there is a growing demand all over Texas for it, because the need for increase in personnel of the highway patrol is evident—if we really want to shut down the alarming fatalities and injuries on our highways.

The Texas press is almost unanimous for definite measures of visible control that safety on Texas highways may be assured.

BUSINESS GETS GREEN SIGNAL

Business over the nation got a green signal of the most tremendous moment in the passage of the famous lend-lease bill by Congress.

Even the wisest economic leaders of the day are unable to calculate the effects of the huge momentum of spending throughout the country. It just can't be estimated, because it is something entirely new for America. Never has so much money been proposed for manufacturing and supplies, so within the next few months we are to see an upswing in all lines never before approached in these United States.

This means that right here in Clarendon—in Donley County—we must prepare for radical changes on the upgrade of business and agriculture as the stupendous advance gets under way.

The change is right here—right now.

TEXAS' 40-YEAR ANTI-TRUST LAWS THREATENED

For over forty years Texas people have had protection of anti-trust laws passed during Jim Hogg's administration, and have been saved millions of dollars thereby.

Under the so-called Fair Trade price-fixing bill now before the legislature this protection will be repealed according to opinion delivered by Attorney General Gerald C. Mann, who rules the bill constitution-but comments: "If the bill becomes a law the anti-trust laws of this state will, by virtue thereof, be repealed to the extent that such laws condemn the 'vicious' price-fixing agreements described in the proposed bill."

More than 40 years ago, a legislature prodded by Jim Hogg's determination, developed for the protection of the Texas public a set of anti-trust statutes which many outstanding legal authorities call the best in the United States. If any portion of these be modified, it is

THAT MEANS ALL OF US

the general opinion here that the hitherto excellent structure will lose practically all of its protective power, and the Texas consuming public will be laid open to every type of price-manipulation exploitation that the anti-trust laws now forbid with sharpest legal teeth. This the legislature has been asked to do by powerful moneyed lobbyists.

This covert attack on Texas' anti-trust protection is likely to be successful unless the people are aroused to protest in omnibus volun down Austin way.

Economic Highlights

Happenings That Affected the Dinner Pails, Dividend Checks and Tax Bills of Every Individual. National and International Problems Inseparable From Local Welfare.

The attention of the public at large remains focused on Europe's war—but the eyes of a good many experts are watching the Far East. For, these experts think there is almost no possibility of our going to war in Europe in the near future. But there is a very definite possibility that we may engage in hostilities with Japan.

This government's attitude toward Nippon has been undergoing important changes. As the United States News puts it, "Attempted appeasement of the Japanese finally is ended. The United States, hereafter, will refuse to be frightened by statements out of Tokio. Vital American interests in the Philippines and in the Dutch East Indies and British Malaya are not to be sacrificed without an effort to defend them. If Japan presses ahead with her present plans in the face of American opposition she must expect war."

Japan means to dominate the Pacific. Her statesmen have said that all of Oceania must be brought within her sphere of influence. Some feel that, as an Axis partner, she intends to make an attempt on Singapore. She is a definite threat to Australia and New Zealand. She has outflanked the Philippines, and she is making angry faces at French Indo China. And she threatens our supplies of rubber, tin and tea.

Evidence of Washington's stiffened policy is found in the almost unanimous House vote in favor of a measure to fortify Guam. Not long ago, a similar proposal was easily defeated. Japan has said that fortifying Guam would be a warlike act. Chief of Naval Operations Stark told Congress that Japanese objections should be "totally disregarded."

If we should go to war with Japan, it is clear that the campaign would have two phases. First, and perhaps most important, would be the economic phase. Of all first-class powers, Japan is the weakest economically. She must import or die. And most of her imports come from us. We have embargoed sales to Japan of machine tools, aviation gasoline and some grades of scrap iron. But she has been buying increasing quantities of our crude oil, cotton, machinery, timber, and other commodities.

Second step in economic war against Japan, after the embargo would be a boycott of imports. Japan's great cash crop is silk. We now buy three-quarters of all her silk production. If we refused to buy from her, her economy would be terribly shaken.

According to the U. S. News, if both Britain and the U. S. were to join in the embargo and the boycott, Japan would find that the source of 75 per cent of her vital supplies was closed to her, and that the market for 75 per cent of her produce was also gone.

It is apparent that the economic weapon could be used against Japan without formally going to war. However, the experts believe that this would simply make war inevitable, in that Japan would have to turn elsewhere for supplies and markets—and that she would have to use military force

to get them. If, for instance, she refused to longer sell her oil, her logical move would be seizure of the oil-rich Dutch islands.

From the strictly military point of view, our naval authorities have good reason for believing we could defeat Japan in combat. Our fleet is larger, has great fire power, and is considered far more efficient. Japanese cities are extraordinarily vulnerable to attack. Our fleet has the finest and largest carrier-based air force in existence. We could blockade Japan—but Japan could not blockade us. We could go on indefinitely without imports. Japan could not. And Japanese resources—and, some say Japanese civilian morale—have been worn thin by the long-drawn-out war in China.

In the event of naval war with Japan, it would be logical for us to use the British base at Singapore. Our own nearest major naval base, Pearl Harbor, is over 5,000 miles from Manila. The Manila base, Cavete, is not yet of formidable dimensions. It is considered certain that the British would welcome our fleet to Singapore with open arms. Japan would go to war with us under heavy handicaps. That being true, would she take the chance of forcing us to fight? The answer to that is difficult. Eastern ways are not Western ways. Japanese samurai tradition is something that is utterly alien to us. Some who have studied the Japanese character believe it not unlikely that Japan might attack us, even though she knew she was certain to lose, in a grand suicidal gesture.

Reports from the highest sources say that Mussolini is virtually Hitler's prisoner. The Gestapo is in Italy. German officials are in key positions in all departments of the Italian government, including the War Office.

No matter how the war ends, Mussolini must lose. He must take Hitler's orders if Germany wins—he will have to accept harsh British peace terms if Churchill's legions win. And, in the meantime, reporters who have left Italy say that anti-Fascist sentiment among the people grows by leaps and bounds.

The top of the mornin' to ye z—and how about a joke or two in the St. Patrick's Day spirit? This is one about two Irishmen who were named Mike and Pat, instead of Pat and Mike, for a change. Mike fell into a gulch and Pat yelled, "Are ye killed? If ye are, speak to me."

Mike replied, "I ain't killed but I'm speechless."

A variant: After Mike had fallen his friend asked, "Are ye killed?" to which Mike replied, "That I am." Pat said, "You're such a liar I don't know whether to believe ye or not." And Mike rejoined, "That proves I'm dead because, if I wuz alive, ye wouldn't dare call me a liar!"

The Irishman speaks in amusing contradictions as shown by his remark about the flea, "When ye put yer finger on him, he ain't there" or his description of a frog, "When he walks, he jumps and when he stands up, he sits down."

Thomas Jefferson once remarked that no system will work of itself—that its efficiency depends upon the individuals who administer it. With this observation of the founder of the Democratic Party in mind, an independent oil man comments on the proposal for a separate oil and gas commission: "How could you expect to get three appointive commissioners better qualified by experience than the three members of the State Railroad Commission? Leaders of the move do not deny that Col. Ernest O. Thompson is one of the best-informed men on oil in the world nor can they deny that Jerry Sadler learned the industry 'the hard way', as a worker on the derrick floor, in laying pipelines and as a refinery worker before becoming a successful independent operator. And Judge Olin Culberson, admittedly an authority on gas, is also fully conversant with oil. So here you have three men, who know the oil industry up one side and down the other, and they are working in harmony for the good of Texas. It's an old baseball maxim, Don't break up a winning team."

An Irish philosopher said, "Single misfortunes never come alone, and the greatest of all possible misfortunes is generally followed by a greater." A salesman said, of some window sashes: "These sashes will last you forever; and, after that, if you have no further use for them, you can sell them as old iron." A lover said, "It's a great comfort to be alone, especially when yer sweetheart is wid ye." A debater upholding ancient architecture as compared with the modern, demand, "Show me a single modern building that has lasted as long

as the ancient ones?"

Then there was the Irishman who enlisted in the 33rd regiment because he wanted to be near his brother, who was in the 34th. And there was the inlander who visited a port and stood for hours looking at a ship's anchor because "I want to see the feller who swings that pick." And there was an Irishman who saw a hunter shoot a duck high overhead and the bird spun over and plunged to the ground, whereupon Pat said, "Ye wasted yer powder; the fall would have killed it." And an Irish jury brought in this verdict, "We find that the man who stole the mare is not guilty." Hearing that a man had brought a marble coffin, Mike exclaimed, "Sure and a marble coffin would last a man a lifetime."

Some son of the Emerald Isle summed it up with, "Not more than half the lies they tell about the Irish are true."

Here and there: In a brilliant speech recently, Senator Morris Sheppard of Tex-

as pointed out that the United States has become "the great arsenal of democracy" and that the lend-lease bill, "enables us to gain the time necessary for the development of our own defensive armament. The struggling democracies need aid; we need time. Under it, Congress retains the power of the purse."

One witness at a recent hearing in Austin on the scientific load limit bill pounded the desk and yelled that the trucks don't belong on the roads, according to press reports. The United States Postal Service uses 12,000 trucks; should they be put off the highway and the farmer receive his mail twice a week by horse-and buggy? The railroads themselves have 63,000 trucks and the Railway Express (controlled by the railroads) has 10,000 trucks. Units of government—State, county, city and school—have 208,000 trucks. Probably one half pupils in the school system of which the witness is the head are brought to school each morning in buses, which are just a form of trucks.

FIRE DESTROYS RESIDENCE HERE SUNDAY NIGHT

Fire of undetermined origin, fanned by a north wind of gale proportions, roared through a residence in the east section of Clarendon Sunday night, destroying the dwelling and its furnishings, and endangering other residences for blocks around.

The house was occupied by the Guy Durant family, none of whom were at home when the blaze broke out. Passing tourists on highway 287 noticed flames breaking through the building roof and turned in a fire alarm. By the time men and equipment of the local fire department reached the scene the house, practically destroyed, and the difficult fire-fighting conditions made it impossible to save anything but a skeleton of the structure. Sparks and burning embers from the fire were scattered over a wide radius, and only the closest vigilance on the part of the fire-fighters kept other fires from breaking out in the residence section south of the burning building.

The residence was a rent house owned by Mrs. Tren Stargel. Damage to it was reported covered by insurance.

Selective Service Deferment Notice Issued By Official

No request for deferment of a Selective Service registrant from military training will be considered until his local board has sent a questionnaire to him, General J. Watt Page, State Director of Selective Service, declared this week. He also emphasized that a registrant can be deferred only by his local board and that no other group or person in the Selective Service System has jurisdiction until the local board has classified him.

Employers and dependents of prospective trainees who are submitting pleas for deferments in advance of the time when they come up for classification by their local boards, Director Page said, "are merely complicating the work of local boards without service to the interested parties."

Under Selective Service Regulation, local boards must classify registrants according to their order numbers, he pointed out, and said that when the time

\$23,000,000 PAID TEXAS FAMILIES ON 1940 LIFE INSURANCE CLAIMS

Texas families during 1940 received an aggregate of \$23,934,000 from life insurance companies in settlement of death claims the Institute of Life Insurance announced today.

"The flow of life insurance funds into these homes, averaging \$1,995,000 a month in this state, provides a stabilizing factor in the family and business life of every community," Holgar J. Johnson, president of the Institute of Life Insurance, stated in making the figures public.

Of the death benefits paid to families in this state last year, \$20,516,000 was in settlement of ordinary policies, \$2,798,000 in payments on group certificates and \$620,000 in claims on industrial policies.

For the nation as a whole, the life insurance companies paid benefits averaging more than \$303,000 every hour during 1940 an aggregate of \$2,664,339,000.

Death benefits alone accounted for \$113,000 every hour, an aggregate for the year of \$994,995,000. Of this, \$728,965,000 was paid out on ordinary life policies maturing as death claims, \$104,140,000 under group insurance certificates, and \$161,845,000 under industrial insurance policies. The total number of policies maturing as death claims during the year was 1,024,000.

"SMART DOG" FINDS WAY ACROSS 160 MILES OF PANHANDLE TO GET HOME

A smart dog, which managed to find its way across the Texas Panhandle from Clarendon to a farm near Dalhart, has been the subject of considerable daily press comment in the Panhandle lately.

The dog is a registered collie, "Zero" by name. The property of the late Mrs. O. F. Russell of Clarendon, "Zero" was moved to Phil Childers farm near Dalhart for a stay of several months, during which he sired a fine litter of pups. The pups and their parents were moved to Clarendon, and then "Zero" apparently decided the Dalhart home was more to the liking. At any rate he turned up there soon after being taken away, having traveled the whole distance on foot, finding his way by that unerring instinct of direction which so-called "dumb" animals sometimes display to the surprise of their human masters.

FAVORS SAYS HOUSE MEMBERS HOLDING O'DANIEL BILL

HOUSE BUCKS O'DANIEL—PASSES OWN OMNIBUS BILL TO PAY SOCIAL SECURITY

Meeting in a day and night session Monday, members of the Texas House of Representatives passed an omnibus tax bill, various parts of which were calculated to raise over \$23,000,000 yearly, and demonstrated once again the riapparent intention to buck Governor W. Lee O'Daniel's ideas for social security legislation. Governor O'Daniel had offered a bill which would divert about 28 millions a year from the state's general fund to payment of social security, teacher requirement, and other security obligations of the state, but this measure was left behind as the House passed its own bill.

Governor O'Daniel's bill had reposed in the House Revenue and Taxation committee room since it was offered, and repeated attempts by various members, including Rep. Ennis Favors of Pampa, to dislodge it for floor consideration had been to no avail. In a letter to the News this week, Rep. Favors told of the difficulties some House members were having in getting any of several social security proposals out of committee for House consideration. Social security proposals could not be brought to the floor, he said, and his opinion was that the difficulty arose from one or two causes: either a majority of the members were against raising money for social security legislation, or a majority preferred for the Revenue and Taxation Committee to report a bill of the members' own making in preference to the O'Daniel proposal. As it developed this week, Rep. Favors' last guess was the correct one, and the House majority in favor of its own omnibus tax measure indicated the majority opposition to the O'Daniel plan. The latter, by the way, was finally reported out of committee Monday, but was not brought up for consideration in time to get ahead of the House majority's own revenue-raising bill.

SUNDAY SAND AGAIN SWEEPS ACROSS DONLEY COUNTY AND PANHANDLE

For the second successive Sunday, high winds brought dust and sand across the Panhandle and Donley County last week end, with the latest "duster" differing from previous ones only in that it more more actual hard-rock sand than the usual Panhandle native dust.

The sand drifted across Texas from the North early Sunday afternoon, just ahead of a gale which sped up to a velocity of 35 miles an hour at some points. Dirt, sand, and anything else light and movable picked up in front of the wind, wht a

consequent heavier blow of dirt into houses and business places than is usual, even when "black dusters" come across the plains. In farming sections of the county, wind damage to feed stacks and light buildings was reported in considerable amounts,

and a number of farmers spent much of the day Monday, after the wind had laid somewhat, gathering up the remains of feed stacks which had not been protected against the wind.

NEW DOCTORS WILL BE READY TO BEGIN LOCAL PRACTICE ON TUESDAY

Drs. Keith and Laura Lowell and Dr. J. Gordon Stewart, physicians and surgeons who are moving to Clarendon to establish practice, will be set up in their offices here early next week. Dr. Keith Lowell said Wednesday. The new practitioners had planned to occupy their offices and begin practice this week, but delays beyond their control forced postponement of their plans, and final office arrangements, probably will not be completed until next Tuesday, Dr. Lowell said.

The Drs. Lowell, who came to Clarendon from Kansas City, will be associated in the practice of general surgery, medicine, and osteopathy, and will have office space in the Goldston Building. Adjoining office space will be occupied by Dr. Stewart, who came to Clarendon from Fort Worth, and who will also conduct a general medical and surgical practice.

STATE ADDS \$1763 TO COUNTY SCHOOL FUND

Donley County school finances were in better condition to the amount of \$1763 this week, as a result of a trip to Austin by Miss Ruth Richerson, County Superintendent.

In Austin, Miss Richerson brought to the attention of state school officials several discrepancies in the county's state appropriations, among which was the need for approval of two contract teachers previously not recognized by the state. All the discrepancies were straightened out without difficulty. Miss Richerson said, with the resulting increase of the state appropriation for the 1940-41 school year.

RUTH CORNELL IS BRIDE OF NICK CARTER SUNDAY

Announcement is being made of the marriage of Miss Ruth Cornell of Amarillo, daughter of Mr. and Mrs. J. M. Cornell of this city, to Harold (Nick) Carter, son of Mrs. Ely Carter of Wichita Falls.

The vows were spoken at 10 o'clock Sunday night, March 9, at the home of Peace Justice, Charles Carder, who officiated in the presence of Mr. and Mrs. Stanley Blackburn.

Mrs. Carter was graduated from Clarendon High School in 1937 and from Clarendon Junior College in 1939. She then attended Amarillo Business School and was employed with the Paramount Theatre. She was recently honored as "The Queen of the Southwest."

The couple are now at home in Amarillo where Mr. Carter is employed as an Amarillo Air Service Instructor.

BILLIE JEAN BIGGERS IS BRIDE OF BOB WILSON

Miss Billie Jean Biggers, daughter of Mr. and Mrs. W. D. Biggers of Lubbock, and Mr. Bob Wilson were united in marriage Sunday, March 9, at 4 o'clock p. m. at the home of the bride's parents.

Dr. C. E. Hereford, pastor of the First Baptist Church of Lubbock, read the double ring ceremony before a floral background lighted by white candelabra.

Miss Frances Hoskins of Spearman, Texas, former roommate of the bride, was the only attendant. Mr. P. A. Lyon, also of Spearman, was the best man.

The bride wore a chocolate brown tailored costume with biege accessories. Her corsage was of white gardenias.

Miss Doris Kolb, a cousin of the bride, played "I Love You Truly" as a violin solo. The bridal march from Wagner's "Lohengrin" was played by Miss Ermadel Floyd, also a cousin of the bride. "Liebstraum" was played softly on the violin during the

ceremony. Following the ceremony was a reception at which the bride's cake was cut.

The bride attended West Texas State College and is a member of Gamma Phi sorority.

The groom is the son of Mr. and Mrs. R. P. Wilson of Clarendon, Texas. Mr. Wilson attended school at Clarendon Junior College and West Texas State College and is now employed by the Western Electric Company.

Only members of the family and a few close friends attended the wedding. Out-of-town guests included Miss Elaine Murphy, Miss Vera Beth Hoskins and Mr. Dick Kilgore, all students at Canyon, Texas, and Mr. and Mrs. W. H. Floyd and daughter, Betty, of McLean, Texas.

The young couple will be at home at 2113 23rd St., Lubbock, Texas.

DOROTHY NELL OLLER IS BRIDE OF EARL EUDY

Friday afternoon, March 7, at 4:30 o'clock, Miss Dorothy Nell Oller, daughter of Mr. and Mrs. J. F. Oller of this city, and Earl Eudy, son of Mrs. W. A. Waters also of Clarendon, were united in marriage in the home of Mrs. Ben Eudy in Memphis, with Rev. Joe Finley, pastor of the First Christian Church of Memphis reading the vows of the beautiful ring ceremony.

The bride wore a red dress with black accessories. The only attendants were Mr. Eudy's cousin, Carl Eudy, and wife of Memphis.

Mrs. Eudy is a member of the graduating class of Clarendon High School of 1941. Mr. Eudy was graduated from Clarendon High School in 1937 and has been employed with the Wm. Cameron Lumber Co., for the past four years.

The couple are at home in an apartment located at Mrs. W. A. Lands.

GIRLS AUXILIARY NOTES

Nine members of the Girls Auxiliary were present on Mon-

day afternoon, March 10, when it met for the regular weekly meeting.

The meeting was opened with "What A Friend" and Faye Phillips then led in prayer. The devotional was Psalms 51 and a business session then followed.

The meeting was then closed with a song, "Love Lifted Me" and Jane Wright dismissed the group.

PROGRAM FOR NEW CLUB YEAR PRESENTED TO C. H. D. CLUB

The Clarendon Home Demonstration Club met in the home of Mrs. C. L. Benson on Friday afternoon, March 7, for their regular meeting.

After a short business session presided over by the club president, Mrs. Benson, the Club Collect was read by Mrs. G. A. Anderson. The roll was then called and was answered with "How to Propagate Plants and Shrubs." Mrs. C. D. McDowell was leader of the program, the subject of which was "Grafting and Budding Tree and Shrubbery." Mrs. Grover Heath was then elected to membership. Mrs. Cap Lane made motion for adjournment to meet with Mrs. A. L. DURWOOD JONES—NELL COOK ARE WED TUESDAY NIGHT

Last Tuesday evening, Miss Nell Cook, daughter of Mr. and Mrs. M. W. Cook of this city, and Durwood Jones, son of Mrs. Frank Williams of Dalhart and formerly of Clarendon, were united in marriage when they spoke the vows of the beautiful ring ceremony in Hollis, Oklahoma.

The bride wore a black dress with black accessories. The

couple was unattended.

Mrs. Jones was graduated from the Clarendon High School in 1936 and from Clarendon Junior College in 1938. She then attended West Texas State College in Canyon and for the past year has taught in the Goldston Schools.

Mr. Jones attended the Dalhart schools and was in the United States Army for a number of years, he is now employed with the Texas Company located here in Clarendon, where the couple will make their home for the time being.

Mrs. Walter Taylor left Tuesday afternoon for Amarillo where she will visit with her daughter, Mrs. Bert Boomer, for the next two weeks.

Farmer's Cotton Stamp

TWENTY FIVE CENT NON-TRANSFERABLE COTTON ORDER

SUBJECT TO CONDITIONS
PRESCRIBED BY THE SECRETARY OF AGRICULTURE

Cotton order stamps, like the one reproduced here, will be issued to farmers cooperating in the new supplementary cotton program by reducing their cotton acreage this year. The stamps can be exchanged for cotton goods at retail stores.

Party Line

When the phone gave two long rings and one short one, Jane Brown lifted the receiver. And then there was the tell-tale click of two other receivers being lifted, for this was a party line. Old Mrs. Allen and Sally Peterson probably. They were both confirmed eavesdroppers, people said. But never mind. It wasn't anything personal Mary had to tell her. Just things about the state political meeting she's been attending and the subject for their next club meeting and something about the school program to be held that night. Let the neighbors listen in all they wanted to! As a matter of fact, it would do them both good. Jane grinned delightedly as her sister, Mary launched into praise of a man Mrs. Allen hated and criticized some one she liked. It must be hard for the old lady to keep from breaking in with a few thoughts of her own.

What would it be like, Jane wondered to live in a country where you were afraid to say what you think even to members of your own family, let alone broadcast them on a busy party line?

"I'll see that the governor hears about this. That's what I'll do. And then you'll see what happens to your job, young lady! It won't be worth two cents." It was Mrs. Sanders, dissatisfied with the work of the County Relief office, who was talking to the investigator assigned to her case.

"That's all right, Mrs. Sanders," the investigator told her. "Go ahead and write. I'd probably do the same thing if I were in your place. But on the other hand, you'd probably do the same thing I am doing if you were in mine."

And then, driving home along the deserted country road past snug looking farm houses where people were saying what they

wanted to, to whom they wanted to, the young investigator smiled. It was a good thing that Mrs. Sanders could say what she wanted to to the governor or any one else, although it would mean some extra work on her part before the thing was settled.

We're a nation of talkers. We say what we think and what we don't think. We complain and we criticize and in most instances get it out of our systems. We have always been talkers. Since the Pilgrims complained of the British and the time when men sat around the stove in the village general store and told each other what President Lincoln ought to do.

We talk in papers, on the radio, on platforms and to each other and no one tells us to look out we better not say that—or shh—we mustn't say this. Because this is America where every man "from the oceans to the prairies" has a right to his own opinions and, come what may, can say what he likes.

\$16,000,000 INFO CIRCULATION?—COTTON STAMP PLAN MIGHT DO IT

COLLEGE STATION, March 13—Texas merchants are eyeing with anticipation the \$16,000,000 worth of cotton stamps the 640,000 cotton farmers in Texas could put into circulation this year—if 100 percent participation in the supplementary cotton program were achieved.

Cotton piece goods, women's dresses and housecoats, men's shirts and pants, children's and infants' clothes, sheets, cotton blankets, and other household goods, work gloves, and stockings are but a few of the articles cotton farmers can buy with the stamps.

Under the supplementary program, a farmer who voluntarily reduces his acreage below the 1941 allotment or the 1940 measured acreage, whichever is smaller, will receive cotton stamps at the rate of 10 cents a pound times the normal yield of underplanted acreage. Share-croppers, tenants or owner-operators may receive up to \$25 worth of stamps this way, while producers on more than one farm, or operators of a farm with two or more tenants, may qualify for a maximum of \$50 worth of stamps. Acreage reduction made to conform with the program will not affect the cotton quota allotment for 1942 or any year thereafter.

Farm Families Urged To Begin Work On Frame Gardens Now

National Defense for the many families in Donley County who are cooperating with the Farm Security Administration, doesn't mean digging air raid shelters, carrying gas masks or learning how to shoot members of an invading army, according to Lois I. Waggoner, home management supervisor for the FSA.

"Nation Defense and home defense to these people," Miss Waggoner said, means digging frame gardens, carrying sacks of fertilizer and learning how to shoot and destroy inadequate diets.

Miss Waggoner announced this week that now is the time for farm families to begin raising early gardens—frame gardens—in order that they may have a long and enjoyable season of fresh vegetables checkfull of fresh flavor, minerals and vitamins.

"Frame gardens," she said, "have long since passed the experimental stage and the era of doubt in the minds of farm families. Last year there were more than 20 of new frame gardens put in by FSA borrower families in Donley County.

"This year," she continued, "we are in a campaign to try to have a frame garden on every farm where the family is working with FSA."

Miss Waggoner explained that the frame garden is not intended to replace the old-fashioned regular out-door garden. The frame garden, however, makes it possible for families to have a sufficient supply of fresh vegetables long before and long after the usual garden season.

"Although a daily diet well planned and well-cooked is worth a whole medicine cabinet full of pills, good gardens—frame and otherwise—mean money in the bank for every family."

The new supplemental AAA cotton program, which provides for more and bigger gardens in the cotton growing areas, and the FSA's Cooperative Purchasing plan for securing garden seeds and supplies at greatly reduced costs in all parts of the country, are expected to mark a new era in farm family garden enterprises

this year. Farm families who wish to join rural America's new crusade of home-defense by digging trenches

for frame gardens may obtain complete instructions from the local FSA office in the Goldston Building at Clarendon.

A Toast (Fruit Juice) to the West Texas Home

It's a well-deserved toast because the average West Texas home, compared to average homes throughout this country and in war-torn nations abroad, enjoys greater comforts, conveniences, and beauty than do average people in any other part of the world today.

West Texas boasts stylish womenfolk, stylish kitchens, and more leisure time from kitchen drudgery—and it's primarily because the average West Texan uses considerably more electric service, so cheap has it become.

Pictured here are three new styles in women's dresses, given an all-American flavor due to the growing supremacy of American designers who also designed the new 1941 Frigidaires to blend into a beautified kitchen for West Texas homes.

The West Texas Utilities, where the new Frigidaires are now on display, points out that the trend toward beautification is even more pronounced in 1941 models, and that "style plus service" is a valuable feature this year.

ROUND-UP FEED AT METHODIST CHURCH

METHODISTS PLAN PARSONAGE IMPROVEMENTS AND OTHER PROGRESS

A representative group of the membership of the Methodist Church enjoyed a "round-up" program and dinner last evening with J. R. Bartlett, chairman of the board of stewards, presiding.

The meeting heard the recommendations of the board for a program of repairs for the parsonage, and a financing plan was outlined to cover the cost. An overhauling of the church organ was also included in an estimate totalling over \$1,200.

A thorough canvas of the membership will be made to secure the total cost of the work on a general basis of a third cash, a third in thirty days and the balance in sixty days.

Rev. J. O. Quattlebaum, Jr., announced plans for the pre-Easter revival, beginning Sunday, March 30th, and invited the prayerful co-operation of the membership.

A short program following the buffet dinner consisted of group singing, a trumpet solo by Carl Bennett, Jr., and a whistling number by Mrs. Lester Schull.

RUSSEL AND AYERS CALF GUESSING CONTEST IS BIG SUCCESS

The calf weight guessing contest held by Russell and Ayers Market last Saturday was quite successful from the standpoint of interest aroused, with 720 persons participating in the guessing. Winners who guessed the exact difference in weight were Mrs. B. F. Kirtley, J. B. Knight, and Harm Smith. Each of the winners received free groceries and meat valued at \$2.50.

Dressed-out difference in the two calves shown was 138 pounds. The club calf dressed 519 pounds or 62 percent, while the Jersey calf dressed out 381 pounds or 52 percent. Interest in the contests have grown every year since the market began them, testifying significantly to the growing interest among Donley County people in breeding and feeding of good beef, since so much progress has been made in this field by F. F. A. and 4-H Club boys.

Mr. and Mrs. George M. Thompson, Mrs. Byron Baldwin, Mrs. Bertha Carter, all of Memphis and Mrs. Joe Brown of Mineral Wells spent Thursday here visiting in the home of Mr. and Mrs. L. E. Thompson.

Mr. and Mrs. Lon Rundell returned Sunday evening from Ft. Worth where they visited for the past week.

Old Beck's Hame String

Remember back yonder when you pulled the plow line over "Beck's" back? The hame string broke. It put the best mule on the farm out of business.

Sometimes a man needs a simple thing like a loan at the right time to make his efforts effective. That's what our Bank is here for—to help people as reliable as old "Beck" put power to their pulling.

Perhaps you have a problem. We do not know all the answers, but it might help just to talk it over. At any rate, you do the pulling, we furnish the hame string, and together we get the plowing done.
