This Week Marks End Of Successful Year For Clarendon Schools

Successful Start In First Week Made By Donley Food Stamp Plan

COMMENCEMENT FRIDAY NIGHT IS FINAL EVENT

JUNIOR HIGH GRADS TO HEAR REV. KING FRIDAY MORNING

With two well-attended and very successful programs of the school closing series behind, Clarendon's graduates, College, High School, and Junior High, looked forward today to three more scheduled events which will complete this year's school cycle.

Behind the graduates are two other closing-event programs. The first of these, the Clarendon High School Senior Class Night, was held at the College Auditorium last Friday night, with a capacity crowd in attendance.

High School and Clarendon College graduates participated jointly in baccalaureate services, held at the Methodist Church Sunday evening. Supt. H. T. Burton was in charge of a program of inspirational nature, featured by choir selections of appropriate nature and the baccalaureate sermon, preached by Rev. M. M. Miller, pastor of the Presbyterian Church.

First of the events which are to come is the Junior College commencement, which will take place at the College Auditorium tonight, starting at 8 o'clock. A graduating class of twenty-five members will receive diplomas from Dean R. E. Drennan at the conclusion of a well-rounded program of music and speeches.

By coincidence, it looked Wednesday as though the same fortune was to befall the High School graduating class, which was to hear an address by Deskins Wells of Wellington at commencement exercises Friday night at the First Methodist Church.

Miss Jeanne McDonald, daughter of Mr. and Mrs. W. C. McDonald, was recognized at the annual Texas Technological college Women's Recognition service recently for membership in Alpha Chi, national honorary fraternity, and membership in the Women's Press Club, honorary journalistic society.

Mr. J. H. Braswell left Wednesday morning after an extended visit here with her son, Sam M. Braswell. She will visit in Dallas with her daughter and in other parts of Texas before her return to her home in Mena, Arkansas.

ANNUAL LEGION POPPY DAY TO BE OBSERVED

"Buddy Poppies", honoring the memory of World War I war dead, will be offered to Clarendon citizens Saturday, May 24, with the sale of poppies under sponsorship of the auxiliary of Aubyn E. Clark Post No. 126, American Legion.

Memorial flowers made by disabled veterans will be offered for sale on local streets throughout the day by Auxiliary members, under the leadership of Mrs. G. G. Reeves.

The poppies honor the memory of those who fell in France, and proceeds from their sale aid disabled veterans, their families, and families of war dead who are in need of assistance.

W. LEE O'DANIEL ENTERS SENATE CAMPAIGN

Wading into a contest which may develop into the warmest political race Texas has seen in years, Gov. W. Lee O'Daniel told a radio audience of a state-wide network Monday night that he was in the race for United States Senator from Texas, guided, as he expressed it, "by the hand of fate."

His job in Texas more nearly completed than any other governor's, Gov. O'Daniel said that he had come to believe that his experience in gaining social security and other progressive legislation would now be valuable to the nation as a whole, and especially to President Roosevelt, whom he described as "my old, old friend."

Asked following his broadcast if he intended to resign office to make the Senatorial race, the Governor told reporters flatly that he did not. He had closed his address in a highly emotional vein, almost sobbing as he said: "In going (to Washington) I shall take along with me the ten commandments, the golden rule, an inbred and ineradicable common touch with common man, and I hope, your unceasing prayers."

With the entry of the Governor, the Senatorial race field broadened to include 21 entrants. Some are well known, some are not. Among the leaders who are already stumping the state are Attorney General Gerald C. Mann, Cong. Lyndon Johnson, Cong. Martin Dies, and Sam Morris. The latter, who is known widely for his "Voice of Temperance" talks on a Mexican radio station, was scheduled to speak in Clarendon this afternoon, the first candidate to make a personal appearance here.

Mr. and Mrs. Sid Williams of Goodnight spent Sunday with Mrs. Williams parents, Mr. and Mrs. W. E. Hastings.

Mr. and Mrs. Sid Williams of Goodnight spent Sunday with Mrs. Williams parents, Mr. and Mrs. W. E. Hastings.

SPONSOR EVENTS FOR CELEBRATION BEING PLANNED

DONLEY GIRLS WILL MEET TO PLAN EVENTS SATURDAY AT 4 P. M.

One important phase of the coming Clarendon Celebration will begin to take shape Saturday afternoon of this week, when Donley County girls who are interested in taking part in the local sponsors contest of the Celebration will meet to discuss plans for the event.

Under the chairmanship of Mrs. J. L. McMurtry, the sponsors contest committee met with the celebration rodeo committee last Saturday, when final plans for the event were perfected.

There will be a girl sponsor contest for all girls in Donley County over fourteen years of age, excepting only those who have won first prizes in previous rodeos. The first three place winners in the contest will receive cash prizes of \$40, \$25, and \$15. In connection with this event, the sponsor committee urges that every Donley County community start now with plans to have a sponsor representative, so that the sponsor they select will have time to make arrangements as to costume, mount, etc.

A sponsor contest also will be staged for out-of-county girls, with the same age limit and previous winner restrictions applying. Prizes in this event also will be \$40, \$25, and \$15.

Other events of the celebration program have also been arranged by the sponsor and rodeo committees. These will include a riding contest for boys twelve years old or under, with prizes of \$5, \$3, and \$2 for the winners, and a similar contest for girls. Several forms of entertainment will be provided through the efforts of these two committees, if present plans work out.

The meeting of girl sponsors will be held at the Clarendon Hotel at 4 o'clock Saturday afternoon. Costumes for the event will be considered at that time along with other plans, and all girls who plan to enter are urged to be present.

NOB-KNOCKERS WASTE EFFORT

Wasting their time and energy on a safe which contained no money and was not even locked, knob-knockers spent a useless night's work at the Farmer's Exchange grocery in Clarendon Sunday night.

The would-be safe-crackers entered the building through a back door, releasing a burglar alarm on the way, then attacked the safe with chisels and punches. After knocking the knob off, they "souped" the safe with a nitroglycerin charge and lit a fuse to set it off. Apparently alarmed by a ring on the store telephone, put through by the night operator at the telephone office where the burglar alarm was sounded, the intruders fled in haste, not even staying to notice that the fuse they lit had sputtered out before reaching the nitro charge. Their tools were removed from the store, but were discarded a short distance away, near the Foxworth-Galbraith lumber yard, where they were found Monday by sheriff Guy Wright.

Howard Stewart, store manager, said that no money ever was kept in the safe, and that the burglars could have discovered the fact for themselves by turning the door handle. The safe was badly damaged.

Sheriff Wright arrested a man Monday on suspicion, and was still holding him late this week, while investigation of several leads was being continued.

Mr. and Mrs. Sid Williams of Goodnight spent Sunday with Mrs. Williams parents, Mr. and Mrs. W. E. Hastings.

NEW DONLEY ROAD PROJECT TO START SOON

Donley's County's farm-to-market road situation will be improved to the extent of \$30,429 in new construction soon, announcement of a new WPA project made last week indicated.

The project will start soon, employing 79 workers. Of the full cost, \$12,587 will be furnished by the county. According to Commissioner G. G. Reeves, most of the work done in connection with the new project will be in constructing badly needed new bridges on several roads in various precincts.

Meanwhile, work on the improvement of the Brice highway is going forward, and will be completed in the near future, with good weather. A highway section several miles in length is being surfaced with an asphalt-soil coating mixture, and when completed the new road will be one of the best in the county. Only about three miles of unsurfaced road still remain on this highway in Donley County, and the chances are good that the remainder will be surfaced next year, Mr. Reeves said.

VACATION SCHOOL AT METHODIST CHURCH NEXT WEEK

A Vacation Church School will open at the Methodist Church on Monday of next week, for a one-week session, Rev. J. O. Quattlebaum, Jr., announced this week. All children of Nursery, Beginner, Primary, Junior or Intermediate ages are invited to attend the school, which will be in session each day between the hours of 9 and 11 a. m.

Mrs. J. R. Porter will act as Dean of the school, and she also will be in charge of the Beginner's Department, with the assistance of Mrs. Bill Ray. The course of study in this department will be "Happy Times in Our Church".

The Nursery will be under the supervision of Mrs. Frank White, Jr., assisted by Mrs. R. Y. King. The Primary Department, studying "Bible Homes" will be directed by Mrs. S. M. Braswell, assisted by Mesdames W. W. Taylor, Rayburn Smith, and A. A. Mays.

Mrs. Joe Holland and Mrs. Lester Schull will guide the Juniors in a study, "The Land Where Jesus Lived". The pastor will teach a course in Worship to the Intermediate group, using the text, "O Come Let Us Worship."

Other helpers in the school will be Patti Quattlebaum, pianist, and Naomi Morris, recreation director. Stereopticon views of the Holy Land will be used by the Primary and Junior Departments. A General Worship period from 10:45 to 11 a. m. will be led by the pastor. Parents wishing to visit the school at this time will be welcomed.

Mr. and Mrs. B. C. Stidham of Electra were visitors in the home of Dr. and Mrs. B. B. Harris last Monday.

ONLY \$20 NEEDED TO BALANCE THE CAFETERIA FUND

The \$80 deficit in the school lunch room fund has been cut to about \$20 by contributions, according to report from Principal H. M. Lane, who has asked the News to make one last call to the public for donations to close out with a balanced budget by Saturday of this week.

If you have a will to help this worthy fund, any contribution may be left at any store or The News.

CLOSING PROGRAM SET FOR LELIA LAKE SCHOOLS

ALL-SENIOR PROGRAM TO BE FEATURE OF COMMENCEMENT EXERCISES

Closing activities for the Lelia Lake school will begin on Friday night, May 23, when the elementary grades will present "The Coming of Spring", "The Flag Makers", and "Old Favorites". All are operettas. More than one hundred pupils will participate in this program which will begin at 8:30 o'clock in the school auditorium.

On Sunday night, May 25, the baccalaureate service for the senior class will be held in the school auditorium at 8:30 P. M. Minister James Reynolds will preach the sermon. He is a former Lelia Lake school pupil who is at the present pastor of the Wellington Church of Christ.

Graduation exercises for the Lelia Lake seniors on Thursday night, May 29th, will close their high school work. The program will be distinctly a senior contribution. The place of the usual speaker will be taken by seniors. The following seniors will be awarded diplomas:

Jophine Espey—Valedictorian, Imogene Wisdom—Salutatorian, Chester Lee Scott, Claud Bain, Virginia Carroll, Anita Cook, Bobby Cruse, Mildred Floyd, Calvin Holland, Pearl Jenkins, Virginia Gee Leathers, J. R. Williams.

The seventh grade will close its year's work with its graduation exercise May 30, at 8:30. Rev. Quattlebaum, pastor of the Methodist Church of Clarendon, will speak to the class at that time. The honor members of the class are Evelyn Dean Johnston, valedictorian, and Nova Lee Barker, salutatorian.

45 CERTIFICATES IN FIRST AID

Red Cross First Aid certificates have been issued to forty-five in Donley County who have completed courses under the instruction of W. A. Riney of the Texas Highway Department. Only last week several standard certificates and one advanced certificate was issued to NYA home residents here, who had completed the courses.

Under sponsorship of the Donley County Chapter, American Red Cross, Mr. Riney of the Highway Department staff has conducted several courses without cost to persons who signed up for the work.

Other courses will be taught from time to time, and Mr. Riney will be glad to confer with any who desire to enroll.

Bennett Kerbow was in Shamrock Tuesday on business.

Superintendent

Raymond Wilson, superintendent of the Lelia Lake School system, which will close its year's work with commencement exercises this week.

DONLEY SCHOOLS JOIN 12 GRADE MOVEMENT

Donley County schools will join a growing movement in education next year, when they go on a twelve-grade basis. The change in systems came last week, when members of the county school board and principals and superintendents met to discuss the move, and unanimously favored the change to twelve grades.

The twelve-grade movement has been growing rapidly among Texas schools in recent years, and adoption of it marks another step forward, many believe, for Donley County's already progressive school system.

Other business affecting county schools was taken up at a recent meeting of the county school board, when classifications for each county school were set for the coming school year. Subject to later change, the schools were classified as follows:

Elementary: Sunnyview, Windy Valley, Fairview, Goldston, Jericho, Smith, Watkins, Midway, Whitefish, Skillet, Bairfield, Chamberlain, Hudgins, McKnight, and Glenwood.

Bray school was classified as a six-grade school; Ashtola as elementary plus one grade; Martin, elementary plus one; Giles, elementary plus two grades; and Lelia Lake, elementary plus four grades.

Of the schools named, Sunnyview, Windy Valley, Fairview, Smith, Midway, Glenwood, Whitefish, and Bairfield at present are transferring their students, and were classified in case at some future time they should start again with schools in their own districts.

POSTMASTER EXAM HERE SATURDAY

An as yet unknown number of aspirants to the position of postmaster for Clarendon will take a Civil Service examination for the post Saturday, it has been announced by the local Civil Service secretary.

The examination will be given at the Clarendon College Saturday morning, starting around 9 o'clock. Applicants who were certified by the Civil Service Commission to take the examination have been notified to appear at 8:30 a. m., and the examination will start soon after that time.

Reports are that a number of Clarendon residents will try their hand at the examination.

YOUNG READERS ON LIONS PROGRAM TUESDAY NOON

GUIDA MERLE MILLER AND JOHNNY JOHNSON GAIN APPLAUSE

In spite of a heavy rainstorm at noon Tuesday a good attendance at the weekly luncheon of the Clarendon Lions greeted the gavel of Lion President Ralph Andis, and enjoyed the program period of the meeting.

Misses Guida Merle Miller, and Johnny Johnson, were the youthful readers introduced to the club by Lion Penick, and each favored the group with two readings that drew hearty applause from the Lions.

Lion Drennan made announcements of the commencement week programs of the Clarendon schools and invited the membership to attend.

Visitors of the day were Roy C. Wyatt, a new manager here for Cameron & Co., and Dr. J. Gordon Stewart of this city. Both made brief responses.

Ray Palmer was in Turkey Sunday on business.

\$1,100 ISSUED IN FOOD STAMPS SINCE FRIDAY

OFFICIALS REPORT WIDE INTEREST IN PLAN IN ALL SECTIONS OF COUNTY

Donley County's Food Stamp Plan was well along the way to successful operation this week, with a report from the local issuing office showing that \$1,106 worth of blue and orange stamps have been distributed in the five days since the issuing office opened last Friday.

Of this amount, \$473 worth of blue stamps were issued, \$633 of orange. The blue stamps, being issued free with purchases of orange, thus represent \$473 in purchasing power which was not previously available to Donley residents. The Food Stamps issued so far went to serve 84 cases, representing almost thirty percent participation in the plan by those county families who are eligible.

As the plan goes along, the percentage participation should show a steady rise, according to officials, until practically all eligible families in the county are participating in the plan. To speed up this process somewhat, a number of Clarendon merchants this week have sponsored a supplementary advertising section of the News, which is being distributed to every eligible person or family in the county.

ROY C. WYATT IS NEW WM. CAMERON STORE MANAGER

A change in management of the Clarendon yard of Wm. Cameron Lumber Company, to be effective June 1, was announced this week, with the arrival here of Roy C. Wyatt, the incoming manager.

Mr. Wyatt comes to Clarendon from San Angelo, where he was connected with Wm. Cameron Company as yard manager. He has a number of years of experience with the same company behind him, having served as yard manager also in other West Texas cities.

Jimmy Miller, who has been local manager for the Cameron company for a number of years, will resign his position here effective June 1. Mr. Miller had no statement to make as to his future business plans, but promised an announcement in this connection within a week or so.

Mr. and Mrs. Wyatt will assume their permanent residence here late this week, occupying a home belonging to the Mukey Estate on Beauregard street.

Annalynn Barnes left Monday evening for Denver where she will spend the summer with her brother and wife, Mr. and Mrs. Roy Barnes.

THE WEATHER

Some Donley folks were beginning to wish for a little less weather and a little more sunshine this week, as another unseasonal rainy siege drenched farm lands, postponed spring plantings, and damaged some crops. Torrential rains fell over practically the entire county Tuesday, accompanied by hail in some sections.

Weather observer Joe Goldston consulted his rain gauge, announced that it registered .99 inches during Tuesday. Some people who were out in the weather all day, however, were inclined to question the accuracy, not of Mr. Goldston's observing, but of his usually trusty rain-catcher. On questioning, observer Goldston admitted that he, too, was a little doubtful if one inch would cover the day's moisture. Whatever the total, no one could deny that Clarendon had a rain Tuesday. Forecast for today: Rain.

## TEXAS VOTERS AND O'DANIEL

In what appears a perfect state-wide set-up for an easy victory, Gov. W. Lee O'Daniel has done what most observers thought he would do in entering the race for the United States Senate.

In a field of some sixteen or eighteen candidates, it is very evident that there are only four men likely to command any considerable following. With O'Daniel are to be listed Gerald Mann, Martin Dies and Lyndon Johnson.

Sundry thousands of votes will be uselessly divided among the other dozen in the race, but with no run-off there is little doubt that Gov. Lee O'Daniel will poll a large plurality on June 28th over the three contenders named above.

O'Daniel has been a good governor and we believe he will grow into one of the great and useful senators in the long line of those who have represented Texas. He has the character to do it.

## REAL THANKSGIVING DAY IN 1942

According to Presidential announcement the tinkering with the traditional date of annual Thanksgiving in Washington is going to cease after 1941. In other words, America will have a real united Thanksgiving Day in 1942.

Millions of Americans are going to be happy when the commercial difficulties of Thanksgiving are over, and most of us are going to wonder just why we couldn't all observe the fourth Thursday in November in 1941. We have a suspicion that the new deal Thanksgiving will not have much standing this Fall, after its god-parents have cast it off as failing in its purpose.

If we can get our strikes stopped in defense industries, fill the arsenal of Democracy, ship all that is needed to England, deliver it to its destination, convoy or no convoy, break Hitler's life-lines and morale, then Thanksgiving 1942—on the traditional date will be a Thanksgiving Day for Americans indeed.

## A PEEK INTO THE FUTURE

Two paragraphs appearing in Victor Hugo's "Les Miserables," written many score years ago about another dictator who sought to rule the world seems to hold a prophecy of the future of our time. Here they are:

"Was it possible that Napoleon should win this battle (Waterloo)? We answer no. Why? Because of Wellington? No! Because of Blucher? No! Because of God! For Bonaparte to be conqueror at Waterloo was not in the law of the nineteenth century. Another series of facts was preparing in which Napoleon had no place. The ill will of events had long been announced. It was time that this vast man should fall. The excessive weight of this man in human destiny was upsetting the balance. The individual, by himself alone, counted more than the Universe. These plethoras of all human vitality, concentrated

## THE HITCH-HIKERS

## JUST HUMANS

By GENE CARR

"Wot's On Y'mind, Rubie?"  
"Nothin'. I Just Sold My Two Pigeons an' I'm Waitin' for Them to Come Back!"

in a single head—the world mounting to the brain of one man, would be fatal to civilization if they should endure. The moment had come for incorruptible supreme equity to look to it. Probably the principles and elements upon which regular gravitations in the moral order as well as in the material depend, began to murmur, Reeking blood, overcrowded cemeteries, weeping mothers,—these are the formidable pleaders. When the earth is suffering from a usclarge there are mysterious moanings from the depths which the heavens hear.

"Napoleon had been impeached before the infinite and his fall was decreed. He vexed God. Waterloo was not a battle, it was the change of front of the Universe."

## Economic Highlights

Happenings That Affected the Dinner Pails, Dividend Checks and Tax Bills of Every Individual. National and International Problems Inseparable From Local Welfare.

"History shows that the decisive factor in all great wars invariably has been sea power," wrote Rear Admiral Clark H. Woodward, U. S. N., recently. Think back over the major conflicts of history and you'll realize the truth of that. When Drake's fleet destroyed the Spanish Armada, he eliminated one of the greatest threats to English security and safety. When Nelson broke the back of French sea power at Trafalgar, he assured Napoleon's ultimate defeat. Japan, under the brilliant Admiral Togo, made herself a world power to be reckoned with when her fleet routed the Russian navy at Port Arthur. And in World War Number 1, it was the British fleet, under Jellicoe, which forced the German navy to bottle itself up in port after the battle of Jutland, and so made it possible to tighten the blockade which proved to be one of the decisive factors in that sanguinary conflict.

Sea power has always made world history—and it is for that reason that a number of military authorities tend to the belief that Germany's great successes on land, important as they are, cannot win the war for her no matter how far they may be carried. Germany's air power is the best in Europe, and it will be at least a year before British-American production can really rival hers. Her armies are supreme, in size, in equipment, and in generalship. But Germany has no fleet in any way comparable to Britain's. The submarine is a dangerous weapon, but it is extremely limited,

and it has been proven time and again that sufficient surface power is superior to undersea power. Italy had a large fleet the start of this war, but it proved sadly deficient in fighting quality, and a large part of it has been destroyed. German shipyards have been working overtime, but it seems certain that their production has been held to a minimum by British air raids on Kiel, Hamburg, and other ports.

British sea power is tremendously strained. Her ships must police every ocean in the world. They must attempt to bring her merchant ships home with the supplies that are needed to feed her population and arm her fighting forces. That is why British hopes are today pinned to a considerable extent on the American Navy. British strategists are confident that the full participation of our Navy would assure ultimate German defeat.

The American Navy is the largest and most powerful in the world, according to such authorities as Admiral Woodward. Five years from now, if plans go according to schedule, it will also be the fastest navy, and will be infinitely more powerful. And it is the one branch of our fighting services which is ready to go to war right now, if the call is made.

Admiral Woodward believes that if we went to war the job of our Navy in the Atlantic would be fourfold. First, we would occupy and defend all Atlantic islands on the "other side," both to forestall their seizure by the axis, and to strike

at invaders moving out from Europe. Second, we would blockade ports on the Spanish and French West African Coast. Third, we would cooperate fully with the British navy in convoy work. Fourth, we would have to keep large forces about the Panama Canal to defend it from attack.

In the Pacific, a fleet would probably be based at Singapore to keep an eye on Japan. American naval officials think relatively little of the Japanese navy, and are certain we would have little trouble in defending ourselves from Hawaii to the mainland.

A number of authorities feel that Hitler would have taken a far tougher line with us long ago had it not been for the American Navy—that he wants to avoid actual war with us because he fears that the unlimited participation of our fleet would turn the scales against him. It is certainly true that his blockage of England would be made immeasurably more difficult if our destroyers and cruisers were used for convoy work. Our entry into the war would more than double the sea power which the Axis must face.

There are reports that Hitler may shortly take over what is left of the French navy—Admiral Darlan, Number 2 man at Vichy, is notoriously pro-German and has a deep hatred of England and everything English. If that happens, Hitler will be greatly strengthened—the French cruisers would make excellent raiders and could harass Britain at many exposed points. And in the meantime, high British officials are becoming franker and franker in intimating that the cause of the democracies may be lost unless this country sends its ships in with their guns roaring.

Homer Tucker of Memphis was here on business Tuesday.

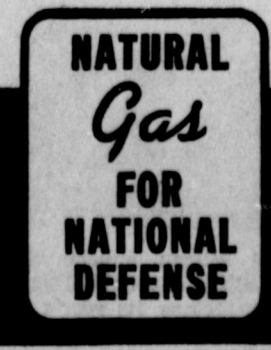

# The Gulf South

### IS ENTITLED TO THE BEST . . . AND GETS IT!

- ★ No other region in the world has any better Natural Gas service than the Gulf South where hundreds of cities and towns are served at the city gates by this Company and associated Companies.
- ★ Through constant research and improvement, our system includes every advancement that contributes to better service. Our more than 6,000 miles of main transmission and gathering lines, compressor stations, gasoline plants, and other equipment are built and maintained on sound, accepted standards of good construction, to provide the most reliable means of delivering this service to Gulf South communities.
- ★ Even more important is the trained, experienced organization of more than 3,000 loyal employees who keep this dependable service going—nothing has been spared.
- ★ These employees believe firmly that the Gulf South is entitled to the best . . . and gets it!

DEPENDABLE NATURAL GAS SERVICE DOESN'T JUST HAPPEN!

# UNITED GAS PIPE LINE COMPANY

# THE FOOD STAMP PLAN

*Means More Food For Your Family Without Spending More Money*

*The Food Stamp Plan is a program in which the local food industry, with the help of city and county officials, is cooperating with the federal government in bridging the gap between over-supply, on the farms, and under-consumption, in the homes, of Donley County residents.*

*The Plan is meant to provide more food for Donley County underprivileged, so that they may have the quantity and quality of food needed to keep up their health. The Plan gives every person who participates extra food for his money, free, and there is no doubt of its benefits to all who will take part.*

*Read the information about Food Stamps in this issue of the News carefully, then plan to take part in the Plan if you are eligible. It will be worth your while, and will benefit all of Donley County as well.*

## Food Stamp Questions Answered

1. Question: Who is eligible to participate in the Food Stamp Plan?

Answer: Any householder living in Donley County who has been certified as receiving or eligible to receive public assistance by the Donley County Department of Public Welfare. These families include cases certified for:

1. Old Age Assistance.
2. WPA (employed workers on a WPA project receiving security wages).
3. WPA-AA (awaiting assignment to a project).
4. Commodity Only (case previously receiving surplus commodities only).
5. Direct Relief.

2. Q.: How will a person know if he is eligible?

A.: Each eligible person will receive a letter from the Surplus Marketing Administration. This letter (with the envelope) is to be brought to the Stamp Issuing Office by the eligible person. An Identification Card will be issued to the client at that time.

3. Q.: Is each eligible person required to participate?

A.: No. Participation is entirely voluntary.

4. Q.: What are the advantages of taking part in the Stamp Plan?

A.: You will be able to buy considerably more food by investing the money you are now spending for food in Orange Stamps. This will enable you to furnish your family more food and will give the advantage of better balanced diets for good health.

5. Q.: Are certified clients required to get their own Stamps?

A.: Yes. It is necessary that the person certified sign certain records before the first Stamps can be issued.

6. Q.: Will it be possible to authorize another person to get Stamps after the first purchase is

made?

A.: Certified clients may designate a member of the family or a friend to act as agent, if absolutely necessary. Identification Card must be signed by person to whom it is issued and must be presented by agent designated. Retail Food Merchants, their employees, or Employees of Issuing Office cannot act as Agents. Authorization of agent forms can be secured at the Issuing Office.

7. Q.: What is necessary in order to get Stamps?

A.: Bring your notification letter to the Stamp Issuing Office and enough cash to buy your Orange Stamps.

8. Q.: Where can Stamps be obtained?

A.: You may receive your Stamps at the Stamp Issuing Office, City Hall, Clarendon, Texas; City Hall, Hedley, Texas; Foxworth-Galbraith Lumber Co., Lelia Lake, Texas.

9. Q.: How are Stamps used?

A.: Take Stamp book to your retail food merchant, purchase products desired and give the merchant correct number and color Food Stamps. Orange Stamps can be used only to purchase food articles for human consumption in the home, and Blue Stamps can be used only to purchase articles on the surplus commodities list. Stamps must be removed from the book in the presence of the food merchant at the time the food is delivered. Stamps must be kept and used by the family to whom they were issued.

10. Q.: What is done with empty book covers?

A.: Covers must be returned to Issuing Office where they were purchased before additional books can be obtained. This will be true of all book covers except those received the last time. For example, your Stamp book cover for the first period must be returned before you can obtain Stamps for the third period. Your book cover for the second period must be returned before you can obtain Stamps for the fourth period. Return empty book covers to the Issuing Office when obtaining additional Stamps.

# Food Stamp Plan Set Up For Benefit Of Donley County Citizenship

## STAMP PLAN IS SUPPLEMENT TO LOCAL RELIEF

PLAN NOT INTENDED TO SUPERSEDE PRESENT RELIEF ASSISTANCE

No reduction of relief grants will result in Texas counties designated for food stamp plan participation when the stamp plan goes into effect, relief clients have been assured.

According to Milo Perkins, administrator to the Surplus Marketing Administration, no action of the federal government should be construed or interpreted that such is intended to supersede present relief assistance. The stamp program is designated to supplement local relief and other forms of public assistance. Every effort is made by federal government authorities to prevent any substitution of funds allocated to more surplus commodities for other relief funds.

If substitution of funds were permitted, the purchasing power made available through the stamp plan would not be additional purchasing power. That net increase in purchasing power is needed if farmers are to enjoy a broader market and if underprivileged families are to get better balanced diets.

Fundamentally, the stamp plan, to justify its existence, must make a material contribution toward raising farm incomes and improving nutrition among our low-income families. This is done only through stabilizing the out-of-pocket expenditures, the blue stamp subsidy being additional purchases.

The orange food order stamp may be exchanged in any registered retail store for any food which is fit for human consumption, provided it is taken home for human consumption. Blue stamps may be used only to purchase agricultural products which are declared in surplus by the secretary of agriculture, and therefore make possible an increase in the consumption of these products.

Within limits, needy families are offered increased amounts of blue stamps as they increase their purchases of orange stamps, so as to provide substantial increment to increase their out-of-pocket expenditures for food, thus further stimulating the demand for food crops.

## WIDE VARIETY OF FOODS IN SURPLUS LIST

Food Stamp users would suffer very little from lack of variety in their meals if they could use only their blue stamps for food purchases. That fact becomes apparent on a glance over the list of commodities listed as surplus in May by the secretary of agriculture.

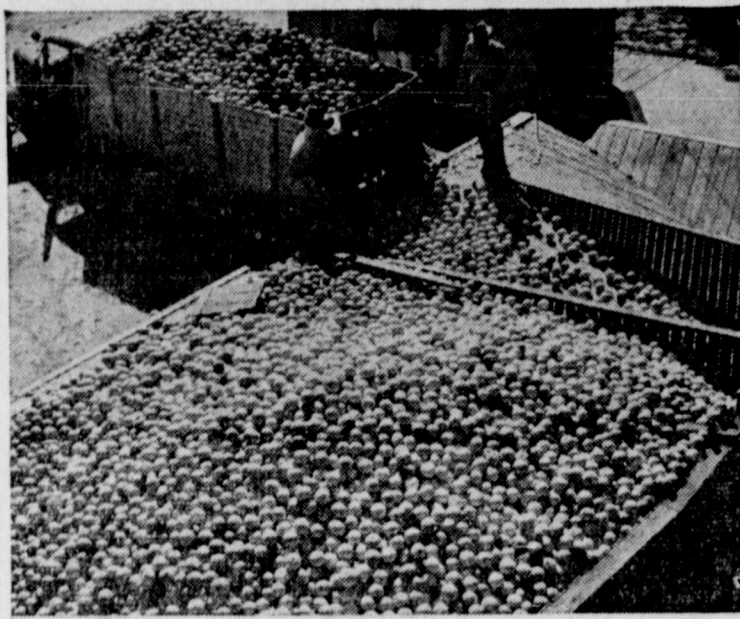

The list includes fresh grapefruit, oranges, apples, carrots, Irish potatoes, butter, raisins, pork lard, all pork except that which is cooked or packed in tin or glass containers, corn meal, shell eggs, dried prunes, hominy grits, dry edible beans, wheat flour, and whole wheat flour. All the commodities listed are obtainable with blue stamps, and with a few supplementary orange stamp purchases of other food articles not on the list, tasty, well-balanced meals to suit any taste could be prepared.

In announcing the May list, Surplus Marketing Administration officials said that the blue food order stamps were responsible for the moving of foods valued at \$335,399 in Texas, during March. In addition, the 4,254 Texas participants in the plan maintained their purchases of food stuffs by buying \$452,010 worth of orange stamps during the month.

Pork products continued to take up about one-third of the free blue stamps issued by the government. Nearly half a million pounds of pork valued at \$68,362 and nearly half a million pounds of pork lard valued at \$36,250 were purchased with the stamps.

Surplus commodities moved included 67,470 pounds of butter valued at \$23,062; 152,375 dozen eggs valued at \$26,762; 2,133,192 pounds of white flour worth \$2,818; rice 94,628 pounds worth \$7,729; and 643,393 pounds of corn meal, 28,042 pounds of hominy grits, 47,096 pounds of prunes, 49,252 pounds of prunes, 141,591 pounds of onions, 1,362,653 pounds of Irish potatoes, and 60,845 dozen oranges.

## Farmers, Merchants, Low-Income Families Benefit From Food Stamp Plan

## STAMP ISSUING SCHEDULE SET FOR ALL CASES

### RATIO OF ORANGE TO BLUE STAMPS FIXED FOR ALL TYPES OF ELIGIBLES

Donley County people who are eligible to participate in the Food Stamp plan will be issued orange and blue stamps according to a fixed schedule, with the proportion of orange stamps to blue stamps issued determined by their classification for federal aid. Blue stamps are issued on a basis of minimum and maximum purchases of orange stamps, and the amount of blue stamps a family may be given varies in different cases.

So that the public generally may understand exactly which persons are eligible, and the extent to which they may participate in the stamp plan, an explanation for each eligible group is given below:

Persons actively employed by the WPA may participate in the stamp plan, receiving free blue stamps in a ratio of 50 per cent of the value of the orange stamps purchased. They will purchase orange stamps as follows:

1. One-person cases shall have a maximum and minimum purchase rate of \$8 per month. Single member cases can be certified for stamps only when actual food need exists, and the client is a householder.
2. Two-person cases shall have a maximum and minimum purchase rate of \$12 per month.
3. Three-person cases receiving more than \$50 per month shall have a maximum and minimum purchase rate of \$18 per month. Three-person cases with an income of between \$32 and \$50 per month shall have a maximum purchase rate of \$18 and a minimum of \$16. Three-person cases receiving \$32 or less per month shall have a minimum rate of \$14 and a maximum of \$18 per month.
4. Four-person cases receiving more than \$50 per month shall have a minimum purchase rate of \$18 and a maximum of \$24 per month. Four-person cases receiving between \$32 and \$50 per month shall have a maximum rate of \$24 and a minimum rate of \$16 per month. Four-person cases receiving less than \$32 per month shall have a minimum purchase rate of \$14 and a maximum rate of \$24 per month.
5. Cases of five or more shall purchase at the minimum rate of \$4 per month for each member of the family, not to exceed 50 per cent of the cash security wage ordinarily received, or may purchase as a maximum not to exceed \$6 per person in the family and will receive 50 cents in free blue stamps for each \$1 in orange stamps.

Persons awaiting assignment to WPA projects are eligible to participate in the food stamp plan, provided they are not regularly engaged in private employment, are householders preparing their own food, and provided that a need for food assistance exists. Maximum and minimum purchase requirements for this group, and for those persons formerly receiving commodity grants only, are as follows:

MONTHLY MINIMUM PURCHASE REQUIRED

Family Size	Orange Purchase	Free Blue
1	\$6	\$3
2	\$8	\$8
3	\$12	\$12
4	\$16	\$16
5	\$20	\$20
6	\$24	\$24
7	\$28	\$28

(or more)

Old Age Assistance clients may receive orange and blue stamps according to the following schedule:

MONTHLY MINIMUM PURCHASE REQUIRED

Family Size	Orange Purchase	Free Blue
1	\$6	\$3
2	\$10	\$8
3	\$12	\$12
4	\$16	\$16
5	\$20	\$20
6	\$24	\$24
7	\$28	\$28

(or more)

Direct Relief cases will participate in the plan on a basis set by the County Welfare Department.

A study of the information above will show that the method of distributing both blue and orange stamps is based on need and on ability to pay, which is the only equitable basis on which such a program could be operated.

Any program involving such a large portion of the public as this needs the cooperation of all concerned. Experience has shown that full cooperation on the part of all citizens and agencies concerned always is good, and there is every reason to believe that cooperation by Donley County people will be forthcoming to make the plan a success in this county.

It is estimated that if terracing needed on farms in the United States were done it would call for moving as much earth as in the digging of 40 Panama Canals.

Nearly 40,000 Texas oil wells have had to be abandoned because of unfavorable producing or economic conditions.

The Food Stamp Plan has a three-way benefit. First, it assists American farmers by helping them move surpluses of farm products such as those shown in the picture at upper left; second, it moves those surpluses into the stores of retail merchants, where they can be disposed of to assist, third, America's low-income families, whose purchasing power is in some instances doubled by participation in the Food Stamp Plan.

Nearly 40,000 Texas oil wells have had to be abandoned because of unfavorable producing or economic conditions.

## Childhood Neglect Given As Cause For Poor Teeth

The high prevalence of faulty dental conditions among draftees when they report for physical examinations is cited by Dr. Geo. W. Cox, State Health Officer, as emphasizing the need for early and regular dental care for children—both at home and under professional supervision.

Doctor Cox stated that dental disease has resulted in the rejection of as high as ten per cent of draftees for regular military service. He attributed these dental defects to failure of the draftees to avail themselves of dental care—even when properly advised—during childhood. Another probable factor was the period of economic depression during which a great deal of needed preventive dental service was allowed to go unattended.

"When the majority of the present draftees were of elementary school age there was little or no development of the present-day dental school health program. These programs, still not as nearly universal as they should be, aim at the double goal of educating the child in the importance of good teeth and securing needed dental care for the child from his family dentist or through school dental clinics. By the first of these two aims it is hoped that children will be led to continue regular dental care in their later years.

"Had the draftees received the initial care that results from this school program, the ill effects of the depression period would probably not have been so markedly reflected in the present day condition of their teeth. Every dental defect that results in the loss of a tooth had a small beginning. Had these and subsequent defects been noted early and corrected, the number of necessarily extracted teeth would have been materially reduced, with, in turn, reduction of the number of draft rejections because of dental defects.

"There is no cure for dental decay, once it is started, other than prompt corrective service by a dentist. It is believed that the efforts now being made to accustom the children to early and regular dental care will prevent the development of conditions similar to those that are now influencing the rejection of draftees. If it does this, it will also result in the improved health of our adult population whether or not a national emergency is faced.

"And good teeth in healthy bodies are as essential in normal as in emergency periods."

While Texas has produced over six and one-half billion barrels of oil so far, it still has at least ten billion barrels more which is unproduced.

## Change In Cotton Equities Transfer Rule Announced

Due to increased cotton prices there is now quite a bit of trading in loan equities of 1938 cotton put in government loan, and in some instances transfer of these equities is being done improperly, through failure to use the CCC Cotton Form R, Walter Flynt, Donley County ACA secretary, said this week.

Cotton in government loan has only recently been released for transfer, in order that the purchase of loan cotton from producers by local buyers for resale to mills might be stimulated and made easier. Previously, these equities could not be transferred, and even now the release of loan cotton is restricted to the use of a standard certificate, CCC Cotton Form R. This form shows that a transfer of equity has been made, and thus undesirable speculating in cotton loan equities will be avoided. Also, the transferee agrees to pay the amount due the Commodity Credit Corporation, as shown by warehouse receipts, within fifteen days after the transfer is made, another bar to speculation.

More than 45,000,000 acres of Texas land are now under lease to Texas petroleum producers for oil and gas production or exploration.

**25 CENT NON-TRANSFERABLE SURPLUS FOOD ORDER**

SUBJECT TO CONDITIONS PRESCRIBED BY THE SECRETARY OF AGRICULTURE

The medium of exchange in the Food Stamp Plan is the stamp shown above. In a smaller size, these stamps are issued in blue and orange colors, and in 25 cent denominations. Orange stamps must be purchased; blue stamps are given free by the government. The Stamps are accepted as cash in purchasing food items which are designated for use by Food Stamp Plan participants.

## ISSUING OFFICE IS LOCATED CONVENIENTLY

Donley County residents who are eligible for Food Stamp assistance will find it an easy matter to secure their stamps, regardless of which section of the county they live in.

Clarendon and its immediate vicinity will be served by the local issuing office, and residents in this area may be issued stamps at the City Hall building every week day except Wednesday.

On Wednesdays, the local office will take to the road, and will open at Hedley and Lella Lake for a period during the day, so that residents of those areas who might not be able to come to Clarendon can be issued food stamps.

The mobile issuing office will be open at the Hedley City Hall each Wednesday morning; and Lella Lake area residents may get their stamps at an office in the Foxworth-Galbraith Lumber Co. building each Wednesday afternoon.

Local and mobile issuing offices will be in charge of A. C. Donnell, who has been named issuing officer for Donley County. Formerly superintendent of WPA activities in Clarendon, Mr. Donnell is well-qualified to handle the responsibilities and details of the food stamp plan. Assistants in the Donley County

## STATE POSTAL RECEIPTS CONTINUE INCREASE

Austin, Texas, May 8—Texas postal receipts continue to climb, current reports of the University of Texas Bureau of Business Research disclose.

Receipts in 39 representative cities last month climbed to \$1,511,546, or 8.3 per cent above March a year ago, and 6.7 per cent ahead of the preceding month.

At \$4,413,678, postal receipts for the first quarter of 1941 stood 7.6 per cent above the same period last year.

issuing office are William D. Wood, Earle D. Jones, Mrs. Harriet S. Kilgore, and Miss Callie Walters.

Eligibles for food stamp assistance must be certified by the county case-worker, H. G. Tatum, before they can be issued stamps. Mr. Tatum has been interviewing and certifying clients at his office in the Court House for two weeks, and his work was about finished late this week. All persons desiring to participate were supposed to be certified before May 15.

## INDIGESTION

may affect the Heart

Gas trapped in the stomach or gullet may set like a hair-trigger on the heart. At the first sign of distress, smart men and women depend on Bell's Peppermint Tablets to get gas free. No laxative but made of the finest-acting medicine known, Bell's Peppermint Tablets. If the FIRST DOSE doesn't prove Bell's Peppermint Tablets better, return bottle to us and receive DOUBLE Money Back. 25c.

## How Would You Like To LOSE 15 lbs. of FAT?

How would you like to safely lose some of that ugly fat in a few weeks without risky drugs or inconvenience? How would you like to lose your double chin, bulging stomach and hips AND along with it regain your natural charm and attractiveness.

Weigh yourself today. Get a bottle of Kruschen Salts (a famous English formula). Then every morning before breakfast take one half teaspoonful in a glass of water—eat wisely—cut out fatty meats, butter, cream and rich pastries—go light on white bread and potatoes.

After 4 weeks weigh yourself again and just see if you haven't lost pounds of ugly fat and gained that "Kruschen Feeling" of greater vivacity, more energy and improved health that so often accompany fat reduction.

REFUSE IMITATIONS! Demand the famous English formula, plain or new effervescent, pleasant, sparkling. Bottle lasts 4 weeks and costs but a trifle. Any drugstore.

## DON'T BE BOSSSED BY YOUR LAXATIVE—RELIEVE CONSTIPATION THIS MODERN WAY

When you feel gas, headache, lousy due to clogged-up bowels, do as millions do—take Feen-A-Mint at bedtime. Next morning—throughout comfortable relief, helping you start the day full of your normal energy and pep, feeling like a million! Feen-A-Mint doesn't disturb your night's rest or interfere with work the next day. Feen-A-Mint, the chewing gum laxative, yourself. It tastes good, it's handy and economical... a family supply, costs only

## FEEN-A-MINT

Today's popularity of Doan's Pills, after many years of worldwide use, surely must be accepted as evidence of satisfactory use. And favorable public opinion supports that of the able physicians who test the value of Doan's under exacting laboratory conditions.

These physicians, too, approve every word of advertising you read, the objective of which is only to recommend Doan's Pills as a good diuretic treatment for disorder of the kidney function and for relief of the pain and worry it causes.

If more people were aware of how the kidneys must constantly remove waste that cannot stay in the blood without injury to health, there would be better understanding of why the whole body suffers when kidneys lag, and diuretic medication would be more often employed.

Burning, scanty or too frequent urination sometimes warn of disturbed kidney function. You may suffer nagging backache, persistent headache, attacks of dizziness, getting up at night, swelling, puffiness under the eyes—feel weak, nervous, all played out.

Use Doan's Pills. It is better to rely on a medicine that has won worldwide acclaim than on something less favorably known. Ask your neighbor!

## DOAN'S PILLS

## "MIDDLE-AGE" WOMEN (38 to 52 Years Old)

HEED THIS ADVICE!

Are you going thru these "trying years"? Are you blue, cranky, NERVOUS, suffer hot flashes, weakness, dizziness, and distress of irregular periods—caused by this period in a woman's life? THEN—

Take famous Lydia E. Pinkham's Vegetable Compound. For over 60 years Pinkham's Compound has helped hundreds of thousands of grateful women to help calm unstrung nerves and to lessen annoying distress due to this functional disturbance.

Lydia Pinkham's Compound is one medicine you can buy today made especially for women. Telephone your druggist right now for a bottle. WORTH TRYING!!

## Twenty-Five In Junior College Graduating Class — Scholarship Declared Above Average

"Scholarship in the Clarendon Junior College graduating class for 1940 is certainly above high among its membership and will likely prove above the average in its average grades", said H. T. Burton, president of the College, here last week. Mr. Burton went on to say that from the very start the pupils of CJC had maintained high average of student ability, which had been proven over and over again by the record of CJC grades in the

CJC senior class expect to enter degree schools of the Southwest next fall, and will likely maintain the local tradition for student ability.

Following is the list of candidates for graduation from Clarendon Junior College Thursday evening, May 22nd, at 8 o'clock when Junior College seniors will receive their diplomas if passage of final examinations is realized:

Edna Earle Alexander, Anna Murie Curry, Odell Davis, Rebecca Eanes, Ernest Evans, Adam Forch, Wilda Faye Gibbs, Billie Lou Gilbert.

LaVerne Goodman, Helen Graham, Callie Mae Gunter, Raymond Hay, Beaty Hillman, Frances Hott, Johnny Leathers, Ruth McDonald.

Maxine Mitchell, Billy Patman, Jonimerle Pickett, Helena Poovey, Eugene Putman, Pauline Riley, Jack Simmons, Jessie J. Tomlinson, Juanita Warden.

## Some Fifty-Seven Candidates For Graduation In Clarendon High Await Passing Of Diplomas

One of the largest and finest classes of seniors in Clarendon High School is awaiting the grades on final exams which tell the tale as to how many will receive their diplomas on graduation night, May 23rd, at the First Methodist Church.

Some seven or eight members of the class have been lost in recent months by marriage, removal from Clarendon, and other causes, but the gallant fifty-seven remaining have worked di-

### HUDGINS NEWS

(By MRS. S. M. HARP)

There was a large crowd out for Sunday School and Church Sunday. Broother Williard filled his regular appointment at 11:00 o'clock but there were no services Sunday night as some wanted to attend the services at Clarendon.

The quilting club met with Mrs. O. L. Jacobs last week. Those present were Mesdames R. W. Fowlkes, John Fowlkes, John Perdue, J. C. Perdue, N. C. Hudson, and S. M. Harp. There were two quilts quilted and the club will meet with Mrs. J. C. Perdue Jr., the 27th.

A few from here motored to the McClellan Lake opening Sunday.

D. W. Heathington spent Thursday night with Sidney Harp.

Sammie Anderson spent Thursday with Melvin Fowlkes.

Mr. and Mrs. S. M. Harp and Sidney spent Sunday with Mr. and Mrs. Jack Foster and family of Bray.

Miss Opal Hudson spent Sunday night with home folks.

Dave Heathington spent one night last week with Jackie Fowlkes.

Mr. and Mrs. M. M. McCracken of Clarendon visited in the N. C. Hudson home Monday.

Sidney Harp spent Saturday with Bobbie Hudson.

### C. H. S. Speaker

HON. DESKINS WELLS

gently on courses to be completed in final examination.

The class closes the high school athletic career of a number of Broncho stars, and some of the best all-round students among the girls are also lost to the school when the diplomas are passed around.

Many of the CHS grads will continue their studies in Clarendon Junior College, while a few will enter other colleges in September.

If all went well on those final exam papers the following will receive their diplomas at the hands of the proper school authorities, Friday evening, May 23:

Billy Ralph Andis, Betty Jo Bartlett, Kitty Ruth Baley, Kenneth Bell, Billie Ruth Bulman, Ray Bulls, Roy Bulls, Agnes Chapman, Lee Christie, Billie Cook, Jean Cook, Pearl Derrick, Nellie Endsley, Ernest Eudy, J. W. Goodman;

L. B. Hartzog, Inez Heathington, Cecil Heckman, Fern Helton, Bud Hermesmeier, Thelma Horton, James Earl Hott, J. A. Howard, Orville Johnson, Raymond Johnson, Geraldine Jordan, Madeline Kelly, John Burton King; Jack Lackey, Jo Alice Lane, Margaret Jean Leathers, Vivian Littlefield, Jimmy Lumpkin, Kenneth Lyle, Fred Lynn, Frank Mahaffey, Ollie McCrary, Bill Mears, Durwood Mears, June Miller, Rex Moore, Roy Morrison, Dorothy Nell Eudy;

Ruth Peden, LaVerne Phillips, George Reeves, Beverly Rhea, Maurice Risley, Jack Roif, Louise Russell, Calvin Salmon, Louise Skinner, Hugh Stewart, Robert Summers, Jean Taylor, Walton Tucker, Mary Williams.

### F. F. A. CHAPTER BOYS COMPLETE PASTURE IMPROVEMENT PROJECT

Members of the F. F. A. chapter completed a pasture improvement project on a twenty-five acre block last week. The members eradicated undesirable growths, ran contour lines, and aided in erecting contour ridges. Each member learned how to set up and run a level and how to run contour lines.

Fifteen of the members have completed pasture improvement work at home this year in an effort to conserve the grasses in their father's pastures. They ran contour lines, constructed ridges, built dams, eradicated undesirable growths, and in a few instances aided in the building of terraces.

### Quail Schools Elect Teachers For 1941-42

At a meeting of the Quail Consolidated School board recently, all teachers were re-elected for another term. T. C. Crabtree was again selected as president of the Board while Henry Wischkaemper was elected secretary. The board also voted to adopt the twelve grade plan, which is to be put into operation next September. Supt. Carl Chaudoin and Principal L. A. Carter were given contracts for two-year terms.

Teachers elected were Velma Sweatt, Mrs. L. C. Merchant, G. S. Dowell, Audrey Boggs, Mrs. G. S. Dowell, B. F. Hooker, B. O. Curran, Mrs. Carl Chaudoin.

### Closing Exercises Set For Quail Schools

Climaxing a series of four closing programs, the commencement exercises for the Quail High School will be held on Thursday evening, June 5, when 29 seniors will receive diplomas. John Deaver, district attorney of Memphis will deliver the commencement address.

John Phipps, pastor of the First Presbyterian Church, of Purcell, Okla., will deliver the baccalaureate sermon to the class Sunday, June 1.

L. O. Cummings, county superintendent, of Wellington, will make the commencement address to the seventh grade class Wednesday evening, June 3. At that time thirty students will receive certificates of promotion to the high school.

A closing program, featuring the various departments of the Quail schools, will be presented Friday evening, May 30.

### COUNTY COURT LEVIES HEAVY SENTENCE IN LIQUOR POSSESSION CASE

A heavy sentence was handed down in county court Monday afternoon, when A. W. Dean was sentenced to 365 days in jail and assessed a fine of \$100 on a charge of possession for sale of liquor. Dean entered a plea of not guilty to the charge, which grew out of his arrest by sheriff

Guy Wright some weeks ago. He faced another trial on the same charge later this week, this charge having been filed Saturday afternoon, when Dean and Roy W. Hunter were arrested by Sheriff Wright. The men were chased down in their automobile on the Amarillo highway, and eight gallons of wine were found in their possession. Hunter pleaded guilty Saturday and was fined \$100 and costs on one charge, \$12 and costs on another.

### Commencement at T. C. U.

Dr. M. E. Sadler of Austin, president-elect of Texas Christian University, will deliver the commencement address to the class of 1941 at that institution, at exercises scheduled for Monday evening, June 2, Baccalaureate sermon will be preached by Rev. O. L. Shelton, Wichita Falls, Sunday morning, June 1. President of the T. C. U. class of '41 is Charlot McKinney, Sulphur Springs.

### MIDWAY

By Betty John Goldston

Mr. and Mrs. W. M. Pickering were in Memphis on business Wednesday.

Miss Reba Higgins, who is taking a beauty course in Amarillo, spent the weekend with her parents, Mr. and Mrs. W. D. Higgins.

Miss Katie Meadors attended to business in Memphis Wednesday. Mrs. John Goldston and Betty John accompanied her, Betty John remaining for a visit with her sister, Mrs. Gene Chamberlain.

Mr. Adams was operated on for appendicitis in the Adair Hospital Sunday.

Mr. and Mrs. Ray Heifner of Amarillo spent Sunday with their parents.

Mrs. Holland and son, Buford, spent Sunday with Eldon Holland, who is in business school in Amarillo.

The Misses Rhodes visited in the Joe Jones home Sunday.

Mr. and Mrs. John Chamberlain visited Mrs. Gene Chamberlain in Memphis Wednesday. Ben Chamberlain is assisting his brother, Gene Chamberlain in the cotton buying business.

Mr. and Mrs. La Verne Goldston and boys spent Sunday with their parents.

Mrs. W. K. Davis is improving steadily.

Mr. and Mrs. John Naylor, Mr. and Mrs. Edwin Eanes, and Mr. and Mrs. Floyd Naylor spent Sunday at McClellan Lake.

Mr. J. A. Meadors has recovered from his recent illness, and is able to be about again.

Mr. Joe Jones, who has been recovering from a long illness, is not so well today (Tuesday).

Mrs. Stone visited her daughter, Mrs. Sue Barnes, who is in the hospital, Saturday. Mrs. Barnes is expected to be brought to her mother's home this week.

Mr. and Mrs. L. L. Taylor and Mr. Potter were guests in the W. K. Davis home.

Mr. and Mrs. Glenn Allen and family of Childress visited in the Davis home Saturday. Guests on Sunday were Mr. and Mrs. Roy Wilson of Alameda, Mr. and Mrs. Howard Davis of Pampa, Ken Davis and Joe Bounds of Amarillo, Mr. and Mrs. Milt Allen and Arthur Davis.

Mr. and Mrs. Durwood Skelton of Clarendon visited with Mrs. Norman Sheppard in the Davis home Sunday.

### MARTIN

By Mrs. J. H. Helton

There was not a very large crowd out for Sunday School Sunday. Everyone come next Sunday.

Mr. and Mrs. Jimmie Johnson and children of Clarendon, Mrs. Frieda Phillips and baby, Frances June Helton, Mr. and Mrs. Edd Wheeler of Ashtola visited. There was quite a few people in the Guy Jones home Sunday, from our community went to McClellan Lake Sunday.

Mrs. Frieda Phillips and baby visited Saturday night and Sunday in the home of her parents, Mr. and Mrs. J. H. Helton.

Howard Gibbs of Dumas visited over the weekend with his parents, Mr. and Mrs. J. C. Gibbs.

Forrest Helton has gone to Claude this week where he will work for Mr. W. T. Hayter. Mrs. S. A. Cousins of McLean visited her parents, Mr. and Mrs. Edwin Baley, Sunday.

Rev. and Mrs. J. E. Kirby of Wellington visited with Rev. and Mrs. G. T. Palmer Friday.

Ethelyn Drennan, Frances Grady and Phebe Ann Buntin of Canyon spent the weekend here with their parents.

Miss Sue Davis of Canyon was houseguest of Jesse Cornell over the weekend.

I will again teach pupils who are deficient in some subjects, or in work for advanced standing, at my home one block south of the Methodist Church Mrs. C. A. BURTON 20-21c

### LOCALS

Mary Elizabeth Hamm, daughter of the late Dr. E. P. Hamm, and Laverne McMurtry, daughter of Mr. and Mrs. J. L. McMurtry, will be among the six hundred and twenty-nine University of Texas students to receive their bachelor of arts degrees at the June 3 commencement.

James Woodrow Bulls, son of Mr. and Mrs. J. R. Bulls, will receive his degree in Chemical Engineering at the June 3 commencement at the University of Texas.

T. C. Thornberry of Goodnight was here on business Monday.

June Power and Don Leary of Memphis visited Mr. and Mrs. Jay Bruce Saturday.

Mr. and Mrs. Jimmie Watters are the proud parents of a baby girl born Monday morning.

Mr. and Mrs. John F. Harlan and daughter of Amarillo spent the weekend with his mother, Mrs. Ormie Harlan.

Reba Higgins of Amarillo spent the weekend here with friends and relatives.

Mr. and Mrs. Roy Marrow of Tucumcari, New Mexico, visited with their parents over the weekend.

Mr. and Mrs. Thomas Perkins of McLean visited friends and relatives here Sunday.

Pauline Watters and Mrs. Eva Attebury were Amarillo visitors Monday.

Mr. and Mrs. Bennett Kerbow returned this week from Cuero, Texas.

Nellie Grady, teacher in the Lakeview schools, visited her parents, Mr. and Mrs. Ralph Grady over the weekend.

Mrs. J. L. McMurtry left Wednesday for Gulf Port, Mississippi, where she will attend the graduation of her daughter, June McMurtry, from Gulf Park Junior College.

Mrs. Josie Mae Sheppard of Long Beach, California, is visiting her parents, Mr. and Mrs. W. K. Davis.

Tedie Beckham of the Rowe Ranch suffered severe facial injuries Wednesday when a falling tree struck him across the face.

Mr. and Mrs. Reid B. Scott of Childress were guests of Mr. and Mrs. Jerome Stocking Friday.

Mrs. Major Hudson was an Amarillo visitor Friday.

Mr. and Mrs. Talmage Mayfield of Houston visited last week with his parents, Mr. and Mrs. W. B. Mayfield.

W. B. Halle of the Halle Ranch in Hutchinson County was in Clarendon Saturday.

Jo Ellen Kennedy spent the weekend here with her mother, Mrs. Ruth Kennedy.

Roy Beverly was in Amarillo on business Monday.

Mrs. A. C. Hartzog and Carl Hartzog of Bovina visited with friends here Saturday.

Mr. and Mrs. W. T. Lowe left Friday for an extended trip to Fort Arthur. From there they will visit in Arkansas, Kentucky, and Tennessee.

Mrs. G. T. Palmer suffered painful back injuries Saturday from a fall on the stairs. She is said to be improving at this time.

Mrs. Genoa Doshier left Friday for Benjamin, Texas, where she will visit with her son, Douglas Doshier.

Mr. and Mrs. Fred Cook returned here Thursday night after an extended visit to Bayside, Corpus Christi, and San Antonio.

Mrs. Herman Barnes was removed from the Adair Hospital Wednesday to the home of her mother, Mrs. Jamie Stone in the Midway community.

### CONSERVATION HEARING IS WELL ATTENDED

Donley County's chances for establishment of a Soil Conservation District rested with the state Soil Conservation Board this week, following a hearing held in Clarendon Monday, when details of the Conservation District plans were explained and discussed by about 50 leading farmers and ranchmen of the county.

The hearing was called after a petition had been filed with the state board, asking that a district be established in the county, and signed by a number of county landowners. W. J. Kennedy, member of the state board, and Luke Ballard, field representative, explained the growing soil conservation movement, then answered questions asked by landowners on various phases of the plan. A report of the hearing will be considered by the state board, which will then decide whether or not a district may be set up. If the board decides favorably an election will be called, so that the sentiments of county landowners may be placed on record.

The soil conservation movement began to attract national attention only about a decade ago, Mr. Kennedy told the gathering. The movement grew as the need for erosion control and soil-saving measures became more apparent, and finally the Department of Agriculture took steps to enable individual states to go to work on the problem. Soil Conservation Acts were passed in 33 states before Texas joined the list two years ago. Since then, 63 districts have been set up in the state.

In established soil conservation districts, each landowner studies his land erosion and conservation problems, then works with his neighbors to help do something about them. Each soil conservation district is a governmental unit, and is entitled to all possible aid from such agencies as the FSA, CCC, WPA, SCS, AAA and the Extension Service. Supervisors are chosen by the farmers, who then present their problems to the supervisors for united actions. Plans for conservation measures are worked out, and technical assistance in making these plans may be available. Financing may be arranged through FSA, or by contributions of district members.

Following talks by Mr. Kennedy and Mr. Ballard, the meeting was concluded with a round table discussion of their problems by the landowners who were present, with county agent F. M. Breedlove as chairman. If the state board decides to call a soil conservation district election, Mr. Breedlove says that meetings will be held all over the county prior to election day, so that all details of the plan may be understood by every landowner.

CALIFORNIA READER OF NEWS OFFERS SUGGESTIONS; COMPLIMENTS F. F. A. WORK

H. J. Edgington, San Gabriel, California News subscriber, included words of praise for Clarendon F. F. A. work and a general agriculture improvement suggestion in a letter to the News this week.

"The work that John Gillham is doing with the (F. F. A.) boys is the best education these boys can get," Mr. Edgington wrote.

Remarking on an observation that California farmers often are sold seed which are not adapted to soil and climatic conditions, Mr. Edgington suggested that experimental farms in Texas as well as in California might be able to do valuable testing work for farmers in each section of the state, if they were established by the government.

Mr. and Mrs. J. D. Swift were in Amarillo on business Monday.

Dudie Gentry of Amarillo visited with friends and relatives here Monday.

### Hospital News

Mrs. R. C. Johnson, who underwent a major operation Saturday morning, is reported to be doing nicely.

W. H. Adams is reported to be improving rapidly after undergoing a major operation Sunday.

The young daughter of Mrs. McCormick of Amarillo and granddaughter of J. S. Morgan, had several stitches taken in her hip after a fall Sunday.

Arthel Gibson, son of L. L.

Gibson of Hedley, underwent an appendectomy Sunday night. A. G. Lane was dismissed Wednesday after having been confined to the hospital several days with pneumonia. He is reported to be improving nicely. James Reed, son of Ben Lovall of Ashtola, underwent an tonsillectomy Wednesday. Mrs. Dick Nobles is reported to be improving and will be dismissed soon. Mrs. G. L. Hahn is improving. Born to Mr. and Mrs. David West, Jr. a daughter named Keila Ann. Mrs. C. S. McWhorter was admitted to the hospital Wednesday as a medical patient.

### Grain-Fed For Flavor

For true flavor, and tenderness in the bargain, we have found in our market experience that only GRAIN-FED BABY BEEF is always the best. For that reason, only the finest Grain-Fed is for sale over our counter. We think you, too, will notice the difference once you give our meat a trial.

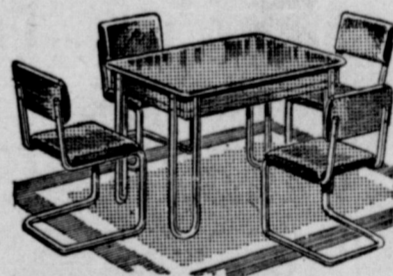

Now that summer is here, lighter meals are sometimes in order. To save you work in the kitchen, we stock a top-quality line of prepared meat, in addition to our own deliciously flavored cooked beef and pork.

## Installation Dinner Ends Year Work Of 1926 Book Club

Another year's activities of the 1926 Book Club were drawn to a close Tuesday night at an installation dinner at the home economics dining hall where officers for the ensuing year were inducted into office.

The dining table was laid in a maritime fashion and place cards, which were small facsimiles of life savers, were used as napkin rings. Diminutive silver ships were used as centerpiece. A flute solo by Clyde Benton Douglas and a song by Mrs. Frank White, Jr. preceded the installation of officers which was presided over by the club's outgoing president, Mrs. J. R. Porter.

The new officers are: President, Mrs. John Knorrp; vice-president, Mrs. Frank White, Jr.; recording secretary, Mrs. C. M. Lowry; corresponding secretary, Miss Lucille Polk; parliamentary, Mrs. M. R. Allensworth; treasurer, Mrs. C. W. Bennett, Jr.; and federation counselor, Mrs. W. C. Thornberry.

Attending were Mesdames M. R. Allensworth, C. E. Bairfield, E. S. Ballew, C. W. Bennett, Jr., Homer Bones, Allen Bryan, L. N. Cox, John Knorrp, McHenry Lane, C. M. Lowry, C. B. Morris, L. B. Penick, J. R. Porter, W. E. Ray, Lester Schull, Rayburn Smith, Paul Smith, W. C. Thornberry, Frank White, Jr., Barcus Antrobus, Fred Buntin.

## Home Demonstration Club Meets With Mrs. A. W. Simpson

The Senior Home Demonstration Club met Friday, May 16, in the home of the club's vice-president, Mrs. A. W. Simpson. The meeting was opened with the reading of the Club Collect by Miss Eta Horned and after a short business session, a round-table discussion of well balanced meals was introduced by Mrs. J. C. Estlack, who was program leader for the afternoon.

Those attending were Mesdames G. A. Anderson, G. W. Antrobus, A. L. Chase, W. A. Davis, J. C. Estlack, M. A. Hahn, Elmer Hayes, El Speed, O. C. Watson, G. C. Heath, and Misses Ida and Eta Horned. Guests were Mrs. J. D. McAdams of Electra and Mrs. Wallace.

### MISSIONARY NOTES

The Women's Society of Christian Services met in their regular weekly circle meeting Wednesday afternoon, May 21, for a mission study on China. Each circle took collection to aid the missionaries in China.

Circle I met with Mrs. M. S. Parsons. Mrs. John Goldston had charge of the devotional and Mrs. U. J. Boston conducted the lesson. There were sixteen members present.

Circle II met with Mrs. R. T. Brown. Mrs. J. M. Acord read the devotional and the lesson was conducted by Mrs. Elba Ballew. There were eight members present.

Circle III met in the home of Mrs. John Gillham with eleven members present. The lesson was conducted by Mrs. Paul Shelton.

Mr. and Mrs. George Bagby leave as house guests this week. Mrs. W. T. Lavit and son, Charles Austin of Houston, and Mrs. Mattie E. Taylor of Seymour.

## Garden Glances Presented weekly by the Garden Club

"America the beautiful lies in the hands of the gardeners"

April showers have truly brought May flowers—pansies, poppies, flax, annual phlox, and the roses.

Poppies are at the height of splendor in the Ralph Key's yard. Lee Bell's garden also presents rare poppies. A. G. Lane's yard gives a rare view of red oriental poppies.

Red climbing roses enhance the lattice garden fence at the home of Mrs. Homer Mulkey, giving the passerby an impression of marvelous beauty. Extending to the roof with grace and charm is the delicate pink rose in the yard of Mrs. L. Ballew. Mrs. Zada Adam's home presents an elegant yellow climbing rose.

The dainty polanthus roses form an outstandingly beautiful and striking hedge at the home of Lon Rundell and Buddy Knorrp.

A rare species of azure blue wild flowers adorn the lots near the Junior high school and attract the attention of all who pass by.

Lawns are blooming more noticeably if they are kept or not given much care. In the well cared for group are included the ones of civic pride, the Donley County Court Yard, the City Park, and the Methodist Church.

A gay splash of color is presented to the tourist who sees the Wisteria gracefully draped over the front of the home of Major Hudson. This beauty spot will greatly impress the traveler of Clarendon's remarkable beauty.

## Dinner Party Honors Mrs. J. T. Patman

Mrs. A. A. Mayes and Mrs. Lollie Bagby were hostesses to a dinner party Monday night, May 19, given at Mrs. Mayes home in honor of the birthday of Mrs. J. T. Patman. After a delightful dinner, the guests enjoyed games of Forty-two throughout the remainder of the evening.

Guests included Mr. and Mrs. J. T. Patman, Mr. and Mrs. W. M. Patman, Mr. and Mrs. Bennett Kerbow, Mr. and Mrs. D. O. Stallings, Mrs. Eva Rhodes, Mrs. Florence Hvaass, Mr. A. A. Mayes, and the hostesses Mrs. Mayes and Mrs. Bagby.

### WILLIAMS-BENNETT

W. E. Bennett of Paducah and Miss Oleta Williams of Wellington were married here Saturday. Rev. J. O. Quattlebaum performed the ceremony.

Mr. Bennett was a relief Railway Express agent and has been stationed here for the past two weeks. Mrs. Bennett was a private secretary before her marriage.

They will make their home in Hereford.

### AUXILIARY NOTES

The Junior Girls Auxiliary met in their regular weekly meeting at the Baptist Church Monday, May 19.

The meeting was opened by the president, Portia Hay, with a song, "America". The group was led in prayer by Mrs. Cornelius. During the business session the time of the meeting was changed to four o'clock. The group sang "What a Friend We Have in Jesus" and were dismissed in prayer by Ardith Warren.

There were twelve members present. Next meeting will be Monday, May 26.

### ALICE BAIN IS HOSTESS TO 1930 NEEDLE CLUB

The 1930 Needle Club met Tuesday afternoon, May 20, with Mrs. Alice Bain as hostess for the occasion.

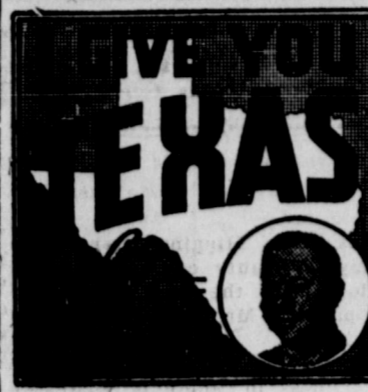

The afternoon was spent in the creation of fancy work and in conversing.

A strawberry desert plate was served to one guest, Mrs. Hodges, and to the members who attended Mesdames Mayben Andis, Marie Patterson, Maggie Hunt, Mozelle Wright, Frances Hilliard, Nina Armstrong and Hazel Lusk.

### COMPLIMENTARY SHOW FOR C. H. S. BAND MEMBERS GIVEN BY PASTIME

Clarendon High School band members were given a couple of hours of free entertainment Saturday night of last week, with the compliments of the Pastime Theatre. The student musicians were admitted free to a regular Pastime feature program in appreciation for the fine success they have achieved this year. Lee Bell, Pastime manager, said.

Mrs. H. T. Warner entered an Amarillo hospital Tuesday where she will undergo a major operation later this week.

The King Ranch must be the center of the world because it is as flat as a floor and the sky comes down at an equal distance all around. Its vastness offers a series of pictures as one traverses it.

Over there is the Santa Gertrudis ranch-house (which can be seen from the highway)—a grand old building with a castle-like tower. Yonder is a Mexican cowboy who barely leans over to unfasten a gate without leaving the saddle. Here is a pasture filled with cattle of the Santa Gertrudis breed—animals of maroon hue with a splash of white on the face, and a hump on the shoulders, (a reminder of the blood of the Brahma cattle from India), and with broad, table-like backs. They look as sleek as contenders for the championships in the judging at the Fort Worth Fat Stock Show.

Many of the Mexicans are members of families that have lived on the ranch for four or five generations. A contrast is furnished by two of these—fat George Garcia, with gray mustache, who moves with dignity; and wily little Maurelio, a lad of not more than 10, who is as much at home on a horse as a Hawaiian youngster is in the water—and he has been ever since he was 5 and used to shinny up into the saddle by the

extensive use of his toes. In fact, when Trainer Egan gave Maurelio his first pair of shoes, the boy had to develop a new technique.

You would enjoy seeing "the Congressman's horse". He belongs to Congressman Richard M. Kleberg and, with a vaquero in the saddle—the Congressman was in Washington—the handsome creature made a long circle, changing gait from time to time; then he would check speed; go on an in-and-out course; pivot; turn around and around; then back up for 75 feet, then turn and back up to the starting point. After that, he sidestepped the width of the paddock and, at last, knelt and allowed his rider to step to the ground. You would want to wave your hat and say "Bravo!"

Everybody knows that the ranch was established by Captain Richard King, who made a fortune steamboating on the Rio Grande more than three-quarters of a century ago and that the brand is the running W or "little snake", as the Mexicans call it. But perhaps everyone doesn't know that Robert J. Kleberg Jr., who is at the head of the ranch, sent to Africa and obtained Rhodes grass, a tall and hardy species which thrives in its new environment.

Because Caesar Kleberg, down at Norias, and others responsible for the management of the ranch are firm believers in wild life conservation, there are numerous deer, turkeys and quail.

All the way to Argentina, the ranch sent for a specially-constructed chute. It is made of iron wood. (You needn't be ashamed; I had never heard of it before, either). The wood is almost as heavy and durable as iron. There is an elaborate device of steel which clamps an animal into position so that dehorning or whatever is called for can be done readily.

Yonder is a pen but—unlike the ones around railroad depots—it is round. That's to keep the cattle from "cornering up", it is explained.

Yes, sir, as impressive as the size of the King Ranch is, stretching in all directions until the eye aches, the attention to the smallest detail is, in its way, equally impressive. Where bolts come through a fence, they do not project but are inset so that a steer can't hurt himself and they've even found a use for old automobile casings—they're nailed to the corners of gate-posts to protect the cattle.

Back again on the highway, the visitor turns for a last look at almost a million acres of waving grass and peaceful cattle and riders that are centaurs-like in grace—and wonders how Houston's battlements of trade and Dallas' streets, choked with humankind, can exist in the same state as all this. Wonderful Texas, with its infinite variety!

Texican topics: Unveiling of a painting of United States District Judge James C. Wilson marks deserved recognition for an able and splendid public official. More than 300 attorneys of the Northern District of Texas participated in the tribute. Judge Wilson has served 22 years on the bench, the signing of his commission being the last act of President Wilson before sailing for the European peace conference. . . . An invitation from Ed Van Zandt of the Jacksonville Daily Progress to attend the eighth annual National Tomato Show and Festival, June 8-10. . . . Thanks for the kind expressions from readers who have been listening to the "I Give You Texas" program which is given over KGKO, 12:45 p. m., each Sunday.

Bonnie McCracken and Mary Smith were Amarillo visitors Sunday.

### GOD HAS Blessed America

If you were standing somewhere outside the world and were told you could choose any country on earth to live in, which one would you, as a woman, pick? Where would you find the greatest amount of personal freedom for yourself . . . the widest range of opportunities for your children . . . the highest standard of living for your family and the most recognition for you as an individual? The answer is not hard to guess. You would choose America! Everything about this big new country has combined to make it serve the individual in his or her "pursuit of happiness." Its vast wealth . . . its variety of climate . . . and above all, its form of government "of the people, by the people and for the people" makes this the best country in the world for women.

The state, in our democracy, exists for the sake of the individual and not the individual for the sake of the state, as in a totalitarian country. The result is a nation of independent, hopeful, ambitious, fearless men and women and rosy children who look forward to a life of the kind they choose to live.

And perhaps that is the most important thing about America in these fearful days. If your son wants to go into business, he may do so. If he wants to be an electrical engineer that, too, is all right. But in a totalitarian country all boys must be fitted into the same pattern. If you have a short wave radio you and your friends can listen to programs from all over the world. In dictator-ridden countries they must listen only to the programs approved by the state. You read what you please and can get hold of. You can say what you please, "right out in the meeting" if you have the courage to stand up in front of your club or your school or Sunday school. In dictator countries you may be arrested for the things you say, even to members of your own family in the privacy of your own home. You can go to church if you like and to whatever church you choose. In totalitarian states religious freedom is a thing of the past. You can save money . . . if you can, at least a little of it almost every month, while in dictator countries more and more of it is confiscated by the state. Probably you have a car and go where you please. Only a few of the very rich women of dictator countries have cars and even they can't go where they please.

And—very important, too—your standard of living is such that you can buy more of the good and necessary things of life than people in other lands. Better goods, and more of them—and a wider choice of goods—all made possible by a free system of industrial enterprise unlike that in other lands.

It's a great country we live in—broad in fertile acres—rich in resources and a free government, blessed by God!

### Shelterbelts Need Cultivation Now

"Approximately 15,000 evergreens have been planted in shelterbelts in Donley County," reports D. S. Miller, Forest Service officer of the Prairie States Forestry Project. "These evergreens will perform a most important job in the shelterbelt pattern. They will provide winter and spring protection when most needed against high winds."

Every year more of these evergreens have been planted in the belts, but due to extreme drought at the time of planting, very few of them have come through successfully. This year, with unusually good moisture conditions, fewer windy days, and rainfall at the right time, has started the evergreens off in a good way. Mr. Miller stated

that check examinations show that at least 95 percent of the trees have developed new roots since they were planted, some trees having a mat of from one to two inch new roots. This is all-important in the final determination of whether or not a tree will pull through the hot summer.

A large number of trees are being protected with shingles and large cans with the tops and

bottoms cut out. Mr. Miller urged that each individual farmer provide additional cans and shingles to protect as many of the evergreens as possible. "Special care should be taken to prevent covering up the young trees when cultivating," Mr. Miller stated in closing.

Mrs. Ben Smith of Plainview is here visiting her sister, Mrs. M. R. Allensworth.

A. G. Lane, who has been confined to the Adair Hospital for the past week with double pneumonia, is said to be rapidly improving at this time.

Mr. and Mrs. R. E. Darnell of Vigo Park are visiting her father, C. W. Taylor.

Mr. and Mrs. L. E. Thompson and Joan visited relatives in Memphis Sunday.

**LUBBOCK LION SEEKS DISTRICT GOVERNORSHIP**

LUBBOCK, May 5—Lubbock Lions club today presented to the 59 clubs comprising District 2-T of Lions International, the name of H. C. (Blueboy) Pender, acting head of the Department of Government of Texas Technological College, as a candidate for District Governor at the annual convention in Amarillo, June 8-10.

Prof. Pender joined the Lubbock club in 1932 and has been an active member and worker since, serving as Vice-President and as President in 1936-37; in 1939-40 Governor A. G. Bearden of Lamesa named him a deputy District Governor and Governor F. V. Wallace last summer offered him the post, which he declined.

As a Lion, he has attended all but two of the district conventions, beginning in 1932; three state conventions and the International convention in Providence, R. I., when he was president-elect of the club.

Lubbock civic and community groups have used Pender's ability and knowledge for years. He is chairman of the Lubbock Housing Authority, charged with handling a \$500,000 housing project for the city; a former president of Lubbock Crippled Children's Council; director of Lubbock Recreation Club; Lubbock Boys' Club and also with the various State and District Teachers Associations and his own professional groups. He is popular as a commencement speaker and has appeared many times before Lubbock civic clubs.

**DRIVERS LICENSE REQUIRED BY VIRTUALLY ALL**

AUSTIN—With few exceptions, every person who operates a motor vehicle in Texas must have a license under the new driver's license law which became effective last week, according to Col. Homer Garrison, Jr., state police director.

There are now three types of licenses—private operators', commercial operators', and chauffeurs'. A person holding a chauffeurs' license may drive any commercial or private vehicle without any other license. A person holding a commercial license may operate under this license either as a commercial or private operator, but not as a chauffeur.

Persons in the service of the United States, when operating vehicles in that capacity, are exempt, as are operators of road machinery or farm implements on the highway.

A non-resident of Texas, if he is at least 16 years old and has a valid license from his own state, is entitled to drive a private vehicle in Texas. A non-resident may drive as a chauffeur in Texas if he is at least 18 years old and has a valid chauffeur's license from his own state. However, if he is driving for a Texas person or firm, he must be licensed in this state.

A non-resident who is 18 years old and comes from a state which does not require drivers' licenses may operate a private vehicle in Texas for 90 days before he is required to obtain a Texas license.

**\$100 Reward Offered For "Old Bill"**

There is a hundred dollar reward out for "Old Bill".

It's the old electric bill that is "wanted", according to Chas. Lowry, local manager of the West Texas Utilities, who announced the reward.

Fifty dollars, he said, will be paid for the oldest bill sent in by any customer of the company on or before June 15, and five dollars each for the next 10 oldest. To be eligible for the reward, he explained, all entries must be dated at least 15 years ago, must be for service in the home, and must be accompanied by a 100-word-or-less letter telling something about the lights and appliances used and the cost at the time the bill was paid.

"All present customers are eligible, except employees," Mr. Lowry said. "The old bill may be for service received from the West Texas Utilities or a predecessor in this community."

Purpose of the "reward", he added, is to compare present-day improved service and lower cost with the "good old days" when oil lamps were first being displaced by better light.

Texas farmers and ranchers receive \$128,000,000 a year from the Texas petroleum industry in lease and royalty payments.

### DONLEY BREEDER SELLS 24 PIGS TO A. & M.

**DONLEY BRED HAMPSHIRE CONTINUE TO WIN FAVOR OVER STATE**

Additional proof that Donley County is one of the recognized pure-bred swine breeding centers of the Southwest came this week when Elba Ballew, Clarendon Hampshire breeder, sold twenty-four head of pure-bred Hampshire pigs to A. & M. College to be distributed over the state.

It is said that A. & M. officials bought the pigs for Sears & Roebuck, who will distribute them to 4-H club boys over the state. Shipping instructions call for Mr. Ballew to deliver eighteen head to Wichita Falls Saturday of this week, while six head will be crated and expressed to San Angelo.

Mr. Ballew's herd is becoming famous over the whole Southwest, and only last week he shipped a registered young Hampshire boar to C. Balthrope of Wichita, Kansas, one of the big swine men of that section of Kansas.

In conversation with a News representative, Mr. Ballew said he had raised 145 head of pigs this spring, and that his herd is now around three hundred head. A visit to his fine farm five miles east of Clarendon is a diversion worth while to one interested in the progress of the county as a fine hog breeding center.

### F. F. A. ANNUAL CONTEST WINNERS ANNOUNCED

Youths from the Martin Community won top honors in F. F. A. Work this year, Adviser J. R. Gillham revealed this week. Lee Christie, chapter president, won the Lions' Club award for the most valuable member in the advanced classes, barely outscoring C. G. Kirkland. Billy Jack Green outscored Ray Pittman to win the first year class award. Christie also will be presented award for having the best project program of the year.

These awards are based on a scorecard giving points for each kind of F. F. A. activity, and each member in the F. F. A. participates in them each year. The Lions' Club has presented a F. F. A. Plaque to the winners of the contest for the past two years. The award will be made at the graduation exercises Friday night.

Awards were made also this week to outstanding members of the Clarendon F. F. A. Chapter for the contests held throughout the school year. Charles Smith was presented a plaque for winning the pest eradication contest. H. C. Shaw won second place in the pest contest in which each member of the chapter participated. Chapter members killed 600 mice, 87 rats, 850 sparrows, 920 blackbirds, 320 rabbits, 181 prairie dogs, 15 crows, and 41 skunks during the contest.

Bobbie Harold Smith and Ray

### FINANCIAL HELP SOUGHT BY LOCAL CEMETERY BOARD

The trustees of the Citizens Cemetery issued an urgent appeal for public donations this week, asking especially for assistance from those Clarendon and Donley County residents who own lots. Recent rains have caused several hundred graves to settle, and considerable expense was incurred in filling in and mounding up the graves damaged, it is said. Grass and weeds also are making inroads on the beauty of the grounds, and to care for expense of maintaining them throughout the summer, more funds will be needed. All that is possible is now being done, the trustees report, but a good job of keeping the cemetery beautiful will require financial support of everyone.

Those wishing to contribute are asked to see W. W. Taylor, Odos Caraway, or A. L. Chase, either of whom will accept contributions.

Pittman were presented plaques for winning top honors in the poultry judging contest held in connection with the Green Belt Foultry Show in January.

Harold Donnell won the award in the shuffleboard contest, nosing out Bobbie Harold Smith. Redell Henson beat Billy Jack Green in table tennis, and Green beat J. F. White to win the award in shiny box. Each member of the chapter participated in each of the above contests.

### FRIDAY 10 A. M. JUNIOR HIGH GRADUATION

**LUCILLE WALLACE, VALEDICTORIAN, MARILYN MAHER, SALUTATORIAN**

One of the interesting programs of Commencement week in Clarendon is the graduating exercises at the Junior High School, set for Friday morning at ten o'clock. Besides the usual plan of the program there are to be special awards in scholarship, penmanship, attendance, and citizenship.

Rev. J. Perry King will bring the graduation address and O. C. Watson, president of the school board will present the diplomas.

Following is the program as announced by H. M. Lane, principal of the Junior High School:

Processional — Mrs. Allen Bryan.

Invocation — Rev. J. O. Quattlebaum.

Song, "God Bless America" — Audience.

Pledge of Allegiance to the Flag — Audience.

Salutatory — Marilyn Maher.

Valedictory — Lucille Wallace.

Address — Rev. J. Perry King.

Presentation of Awards: Jenkins — "Best All Round Awards" — Dr. B. L. Jenkins.

American Legion Auxiliary, Citizenship Awards — Mrs. C. B. Morris.

Penmanship Awards — H. M. Lane.

Perfect Attendance Awards — Supt. H. T. Burton.

Diplomas — Mr. O. C. Watson.

Benediction — Rev. J. O. Quattlebaum.

### S. H. CONDRON TO BE HONORED BY McMURRY

CANYON—Prof. S. H. Condron, head of the West Texas State College department of government, will be given an honorary LL. D. degree by McMurry College of Abilene on May 29, it is announced by President Frank L. Turner of McMurry.

"The college is granting this degree in recognition of his academic attainments, his contributions to Christian Education in the Northwest Texas Conference, and his leadership in lay activities of this conference," President Turner said. "It is the only honorary degree to be conferred

PROF. S. H. CONDRON

by the college this year."

Along with Prof. Condron's degree, McMurry will confer 57 Bachelor's degrees at the coming commencement, and 30 additional degrees in the August commencement.

Prof. Condron long has been prominent in educational activities of this section. After finishing grade school work at Elgin, where he was born, he attended Clarendon high school, finishing there in 1906. He studied two years at Clarendon Junior College then went to Southwestern University to obtain a B. A. degree in 1910. Texas University gave him a M. A. degree in 1912. Later he did graduate work at the University of Texas, University of Colorado, Colorado Teachers College at Greeley, Carnegie Institute of International Law, and the University of Michigan. He was dean of Clarendon College from 1915 to 1927 and president of the college in the latter year.

### FSA Farmers Plan Increased Live-A-Home Practices

Farm families who have little money can't afford to buy all the food they need for a good diet, but they can afford to grow it, Lois I. Waggoner, home management supervisor for the Farm Security Administration, said yesterday in discussing the part farm families have to play in the nationwide drive to assure ample food supplies for the United States and other countries resisting aggression.

"Fact is," Miss Waggoner said, "they can't afford not to maintain cows to furnish a year-round supply of milk, cream and butter; to raise enough chickens to provide meat and eggs all year, instead of just a few months in the spring, and to produce a variety of animals for other kinds of meat, including pork, beef and lamb."

"Farm families in Donley County being assisted in their farm and home operations by this agency are learning that they can have more food and better food for less money by raising bigger gardens, increasing their poultry flocks and feeding a few livestock for home consumption," Miss Waggoner declared.

Miss Waggoner said that although borrowers of the FSA have always followed a live-at-home plan and grown most of their food and feed on the farm, a majority of them are planning to produce more than ever this year. They expect to take full advantage of the opportunity to reduce their own living expenses and at the same time produce additional quantities to meet the national needs for greater supplies.

Among FSA families in Donley County who have increased their poultry flocks and facilities for handling additional numbers of layers this summer and next fall are: Joseph Riffle, Archie Bolden, Eltes Moore, Meral Rattan, William Adams, Guymon Sibley, Richard Adcox, Oscar Hightower, Odell McBrayer and James Robertson.

Mr. and Mrs. Glenn Allen and family of Childress visited his parents, Mr. and Mrs. Dick Allen, over the weekend.

Mrs. W. D. Van Eaton returned home several days ago from Richmond, Virginia, where she has been spending the winter with her daughter, Mrs. Annie Maude James.

Mrs. J. L. Allison returned to her home Sunday after a weeks visit with her son, Clifford Allison, at McLean.

Mrs. M. E. Thornton returned Sunday from an extended visit with her daughters, Mrs. L. J. Douglas at Waxahachie, and Mrs. B. O. Cooper at Tulsa.

Dr. Goss of Tiffin, Ohio, will visit next week with Dr. and Mrs. B. B. Harris.

Mr. and Mrs. E. M. Ozier have as guests this week Mr. C. Shelton of Bartlett; Miss Claire Shelton of Los Angeles, California; and Mrs. Loston Little and sons, Loston Jr. and Lynn, of Temple.

### WHEAT FARMERS WILL VOTE ON QUOTAS MAY 31

The wheat marketing quota, on which farmers will vote May 31, offers a double protection—protection of supplies for the consumer and protection of the market for wheat growers themselves, says Walter J. Flynt, Secretary of Donley County ACA.

The marketing quota insures plenty of wheat for every probable demand by consumers in this country and abroad, Flynt said. A quota on wheat may be proclaimed only when the total supply exceeds a normal year's domestic consumption and exports by more than 35 percent. With exports practically shut off by military blockade, there will be almost 2 bushels of wheat on hand for every 1 which is likely to be consumed this year in the United States.

In view of this supply, marketing quotas are necessary to protect the income of all wheat farmers, Flynt declared. In the last 2 years, the wheat program, principally the loan, has held the United States wheat price 30 to 40 cents above the world price. However, on the face of the large supply in prospect for the coming year, the loan needs the added protection of the marketing quota, he said. Because loans on an uncontrolled surplus would involve too much risk, they are prohibited by law when a wheat marketing quota is voted down.

If the quota is approved, farmers will be able to sell without penalty all wheat they raise on their acreage allotments. The farmer who has seeded within his acreage allotment can sell his wheat just as he always has, and he is also eligible for a Government loan on all his wheat.

The farmer who overplants his allotment may store the wheat produced in excess of the quota. If he sells or uses it a penalty will be collected. If he stores it, he can get a loan on the excess, but at a lower rate than that available to the cooperators.

Mrs. Jeff Lawson was returned to her home from the Adair Hospital Tuesday.

*Congratulations*

**To The Class Of '41**

You are the leaders of tomorrow. Right now you think you are on top of the world, but it will take hard work to attain the goal you have set for yourselves. Keep trying and your success will be certain. Heartiest best wishes, and good luck, to the senior classes of Clarendon High School and Junior College.
