#### "Comforts Of Home" Tonight At 8:00

Jealousy will race rampant through several happy marriages, complications will make life uneasy for a number of people, and affairs will get in an involved state tonight, when "All the Comforts of Home" is unveiled for a Clarendon and Donley County audience at the College Auditorium. All the jealous complications, and mixed-up affairs will be in fun, of course, and "All the Comforts of Home" being a "Gay Nineties" production, all the characters are sure to live happily ever after. The show is being presented as a Park Board benefit performance, under joint direction of Mesdames John Knorrp and Ira Merchant. Characters are all Clarendon people, though some

#### OPERATION OF STAMP PLAN STARTS FRIDAY

LOCAL ISSUING OFFICE READY TO START PLAN GOING ON SCHEDULE

The Food Stamp Plan for Donley County will go into operation tomorrow morning, when the City Hall issuing office will start issuing the first orange and blue Food Stamps to underprivileged families who have been certified as eligible to participate in the plan.

Final preparations for starting the plan going were in progress this week, with Surplus Marketing Administration representative Wortham Seale working with A. C. Donnell, local issuing officer, and other local officials. Certification of eligibles was nearing completion also, with this work being done by H. G. Tatum, city-county case worker, at the court house.

When the Food Stamp Office opens, \$2,000 in orange stamps will be available for sale, and over \$11,000 in blue stamps will be on hand for free distribution with orange stamp purchases. Some families will receive one blue for each orange stamp, while others will receive only one blue for each two orange stamps bought. Ratio of the stamps depends upon which type of federal aid the family case is certified for.

Beneficiaries to the plan will include WPA employees, WPA Awaiting Assignment, Old Age Assistance eligibles, Direct Relief Clients, and FSA clients. The plan has been arranged so that no family in the county which is actually in need of food assistance will be refused participation.

Also benefitting from the plan will be Donley County merchants, who will share in an increased amount of business brought about through operation of the plan, and American farmers, whose surpluses are being moved by government purchase for distribution through Food Stamps.

County food retailers met with Mr. Seale Monday night at the court house, for an explanation of their part in the Food Stamp Plan. Participation of retailers will not be county-wide for the first week or so, but practically every county food merchant will be able to accept Food Stamps within a week or so, as interest grows in the plan.

#### VACATION CHURCH SCHOOL PLANS ANNOUNCED

The annual Vacation Church School for Clarendon children and youths will be operated this year from June 2 to 16, it was announced this week by Rev. M. Miller of the Presbyterian church.

The school will be open to all Clarendon children between the ages of 3 and 16. In past years no provision has been made for youngsters between the ages of 3 and 6 years, but this year a special department will be maintained for them, with a competent nurse and supervisor in attendance. This department will be maintained at the Presbyterian Church while Primary and Junior departments will be held in the basement of the Baptist Church. Intermediate students will meet at the Church of Christ.

Classes in the school will be held from 9 to 11:30 a. m. each week day. Faculty members have not all been selected as yet, and a list of these will be announced later.

#### THE WEATHER

Forecast for Thursday: Partly cloudy, probable occasional showers over the Panhandle. Rain since last Thursday: .14 of an inch.

#### LAND OWNERS WILL DISCUSS SOIL CONSERVATION

County agent H. M. Breedlove announced this week that a hearing will be held at the courthouse in Clarendon May 19, regarding the establishment of a soil conservation district in Donley County.

Soil Conservation districts have been set up in many sections of Texas in recent years, since passage of a Soil Conservation Act by the Texas Legislature. Purpose of the districts is to work in cooperation with state and federal agencies in improvement of farming practices to insure less land erosion through wind and rain.

Before a district can be established in Donley County, landowners in the county must manifest their interest in the idea at the coming public hearing. If enough interest is shown after the plan has been explained, the State Soil Conservation Board will call an election to decide whether or not the district is to be established. Landowners vote in the election, and a two-thirds vote in favor of the plan in the county will be entitled to will be sufficient to set up a district.

A representative of the state board will be present to discuss the proposed district and its benefits at the meeting. Mr. Breedlove said, P. G. Haines, soil and water conservation agent from the Texas Extension Service, likely will be on hand also, it was reported.

#### HEREFORD POST WILL BE HOST TO 18th DISTRICT LEGIONAIRES

Hereford Post No. 192 and its auxiliary will be hosts Tuesday to American Legion members of the 18th District in their regular monthly meeting. District Commander J. M. Johnson of Canadian has announced.

Lou J. Roberts of Borger and Colonel Simpson of Amarillo will be the principal speakers at the session, which will start with a feed at 7 a. m., followed by a business meeting starting at 8 o'clock. All Legionnaires of the 18th District have been invited to attend.

#### MAY 24 SET BY LEGION AUXILIARY AS POPPY DAY

America's war dead in the first World War will be honored in Clarendon May 24, when every local citizen will be asked to wear an American Legion poppy as a badge of patriotism.

Plans for the observance of Poppy Day are being made by Aubyn E. Clark Post No. 126 unit of the American Legion Auxiliary, under the leadership of Mrs. G. G. Reeves, who is Poppy Day chairman. All money contributed for the flowers will go into the Legion and Auxiliary funds.

#### MORE HONORS WON BY CLARENDON BAND AT WACO

INDIVIDUAL MEMBERS RANK HIGH IN SOLO EVENT COMPETITION

Clarendon's High School band had its most successful year in history to look back on this week, after winning second and third division rankings against the Southwest's finest Class C bands in contests at Waco last Thursday.

Director Ray Robbins entered the band in two group contests. In marching, performance was ranked in second division for excellence by the judges, and in playing a third division ranking was given. Competition was keen among the twenty-odd bands entered, and judging was strict enough to keep all but one band from winning first division in both contests. Two bands were in first division in the marching event.

An even better average than the band as a whole made was turned in by Clarendon soloists, who brought home first division rankings in two contests, second division in three. Clyde Benton Douglas, flutist, and Lewis Chamberlain, baritone, were ranked in first division for solo work. Young Chamberlain also ranked in second division with his trombone solo, as did Margaret Wadsworth in twirling, and the band's brass sextet, composed of Bracl Kirtley, Fred Johnson, Billy Jack Shelley, and Victor Smith.

The group went to Waco in private cars, and the trip was financed by Clarendon friends. In gratitude for this support, the following sentiments of band members were expressed by Director Ray Robbins:

"The members of the Clarendon High School band wishes to express their sincere appreciation to all the citizens of Clarendon for making the trip to the contests at Waco possible. Also, the band wishes to thank Homer Parsons for graciously taking care of cleaning band caps for all members. The trip was not only very successful, but was an inspiration to all the band members, and it is our hope that next year you will see even a better high school band."

#### HOMER BONES GARAGE IN NEW BUILDING

Homer Bones, who has operated a general auto repair shop in the Caraway building on Highway 287, moved his equipment and fixtures out today, to occupy a new building just east of Wm. Cameron & Son lumber yard on the same street.

The new building was erected for Mr. Bones by Speed Bros. and is of stucco construction. Concrete flooring has been installed throughout, and a wide concrete area in front of the structure will offer additional service room. Mr. Bones expects to finish his move today, and will be ready to welcome his customers at the new location tomorrow.

#### Baccalaureate Exercises For Local Schools Sunday Evening, May 18th At First Methodist Church

Sunday evening, May 18th, 8:00 o'clock, will be held the baccalaureate exercises for the graduates of Clarendon Junior College, Clarendon High School and Clarendon Junior High School.

Rev. M. M. Miller, pastor of the First Presbyterian Church, will deliver the sermon, with Supt. H. T. Burton in charge of the program. Mrs. Wilkerson will

#### REPLIES FILED HERE TO HOSPITAL INJUNCTION

Action on the injunction restraining operation of Adair Hospital as a county institution appeared in the office this week, with the filing of replies to the temporary order, and a plea that a show cause hearing be held on the matter. Date for the hearing has not been set as yet, but it is expected that parties to the matter will agree on a hearing date sometime within the next few days.

The injunction, a temporary one, was granted by Judge A. S. Moss some weeks ago, on a plea entered by Dr. B. L. Jenkins. The order restrained the Adair managing board and county commissioners from continuing in an operating contract which had made the hospital a county institution for the past ten years. Replies to the injunction were filed by J. R. Porter, attorney for the hospital, and by J. B. Masterson, in behalf of the board of managers of Adair Hospital.

#### FSA WORKERS AT LIONS LUNCHEON TUESDAY NOON

Lions Walter Allen of Perryton, and Jim Williams of Hereford, FSA staff men of the Panhandle area, together with Donley County Supervisor Burch, will be guests at the Clarendon Lions Club luncheon Tuesday noon. Allen and Williams spoke briefly, giving some details of the FSA plan of operation with particular reference to loans for better water facilities in the farm home.

Other visitors were Clyde Benton Douglas and Lewis Chamberlain, members of the CHS Band who both won first division honors in solo competition at the national contests in Waco last week. Lion Robbins introduced the boys and displayed the second and third division plaques the band won in marching and playing in the contests.

A speaker scheduled for the day failed to arrive and program chairman Walker Lane introduced Lion Penick who regaled the membership with an old-fashioned school-boy declamation, "The Gladiator."

#### Seven bulls were exhibited with Homer Bowling, H. A. Harrison, and F. S. Clark, two, winning "good plus" rating on their bulls, Williams Sullivan, and M. G. Allen received "good" rating on each of their bulls. Lee Christie exhibited "very good" or blue ribbon bull calf.

H. H. Mann won the ten dollars given to the person winning the judging contest in which over eighty Donley County men, women, and children participated. Pete Morrow won the second prize of five dollars, and Verna Lusk and Rev. Forch tied for third place.

All cattle were judged on a classification basis, and the judge commented that quality of entries was excellent, though feeding and care had been neglected to some extent on several entries.

#### TRUSTEES AND PRINCIPALS TO MEET MAY 17

A meeting of the trustees and principals will be held at the court rooms Saturday, May 17, at 10:00 A. M. Mr. W. T. Lofland, Deputy State Superintendent, will discuss the twelve grade plan for Donley County, in order that the County boards will be able to classify the schools.

#### 1941 HONOR GRADS FOR CHS NAMED

First and second honors in the 1941 graduating class of Clarendon High School are as follows:  
Valedictorian—Maxine Robertson  
Salutatorian—Raymond Johnson  
Supt. Burton said these honors were won by fractional margins.  
Hats off, and three cheers for the winners!

#### SHOW CATTLE ARE RANKED HIGH IN CLASSIFICATION

GROWTH OF INTEREST IN DAIRY HERDS SHOWN BY SHOW PARTICIPATION

Forty-one head of registered Jersey cattle were exhibited Saturday at Donley County's first annual registered Dairy Cattle Show, and sponsors of the event said that quality of entries and interest shown by Donley farmers pointed to even more successful dairy events in the county in show years. Entries in the show were judged by Howard Ferguson, Amarillo specialist who is superintendent of the dairy division of the Tri-State Fair.

The bulk of the entries were shown by Clarendon F. F. A. Youths, who exhibited thirty-two head of stock. In the aged cow class, Pete Morrow and F. S. Clark each exhibited one blue ribbon or "Very Good" cows, with Morrow winning the distinction of having the best aged cow. C. L. Knight exhibited two, F. S. Clark two, and Carl Morris, one red ribbon or "good plus" cows, and F. S. Clark exhibited one, William Sullivan and Charles Sullivan one white ribbon or "good" cow.

Nine three year old cows were shown with Carl Morris winning a blue ribbon or "Very Good Rating" on one cow. Charles and William Sullivan, Frank Cannon, and C. E. Griggs each exhibited one "good plus" or red ribbon cow, and F. S. Clark, Lee Christie, H. A. Harrison, and Ray Pittman exhibited one "good" or white ribbon cow each. Clark and Sullivan each exhibited one "good plus" two year old heifer. Seven yearling heifers were exhibited with Pete Morrow, F. S. Clark, and Lee Christie winning "Very Good" rating on one each, and H. A. Harrison, Ray Pittman, Frank Cannon, and William Sullivan winning "good" rating on one each. Five heifer calves were exhibited with C. W. Howard, Carl Morris, and William Sullivan winning "good plus" rating and one each, and H. A. Harrison, Frank Cannon, and Pete Morrow winning "good" rating on one each.

Seven bulls were exhibited with Homer Bowling, H. A. Harrison, and F. S. Clark, two, winning "good plus" rating on their bulls, Williams Sullivan, and M. G. Allen received "good" rating on each of their bulls. Lee Christie exhibited "very good" or blue ribbon bull calf.

H. H. Mann won the ten dollars given to the person winning the judging contest in which over eighty Donley County men, women, and children participated. Pete Morrow won the second prize of five dollars, and Verna Lusk and Rev. Forch tied for third place.

All cattle were judged on a classification basis, and the judge commented that quality of entries was excellent, though feeding and care had been neglected to some extent on several entries.

## LATE MODEL MAN WITHOUT A COUNTRY

If Col. Lindbergh continues his public utterances against the government's foreign policy which has the overwhelming backing of the American people, it is a safe prediction that he will become more vehement and intense in his vitriolic position against England and her gallant fight for Freedom.

That means that still further rifts between Col. Lindbergh and a huge national sentiment, may easily mark him as the 1941 "Man Without a Country".

No more pathetic figure of history than the original "Man Without a Country", which has thrilled every schoolboy for the last half-century as he read and heard repeated the story of a self-willed petulance which denied to one American the rights of citizenship and the respect of his fellows.

Tragedy has already marked the path of Col. Lindbergh, who, up to now, has held the sympathy and admiration of his fellow-citizens. What a towering pity it would be, if he were by his self-willed words of arrogance and petulance bring on himself the punishments of a Late Model "Man Without a Country".

## CONGRATULATIONS, CLARENDON GRADS

As we swing into the final stages of commencement week for Clarendon Junior College and Clarendon High School, The News desires to extend congratulations to the high-class group of young people who are graduating in the classes of 1941.

There is, frankly, a larger demand for initiative and stamina in the character of graduates this year than in any previous year's history of this republic. We recognize that the world offers no rosy-hued pathway to those emerging from school, and for those who cannot continue their studies, the problem is present and perplexing.

Nevertheless, the world today presents the greatest list of problems in every walk of life ever known to the human race. There is, then, opportunity for a career of helpfulness on every hand.

The best wish The News can have for the graduate facing the world in 1941, is that he or she will carefully select the field of life endeavor, and drive into it with all the fire and enthusiasm of youth more intent upon rendering a valuable service and contribution to life than upon the immediate rewards.

## LET'S HAVE NO DECLARATION OF WAR

If, by force of events in Europe we are compelled to fight in giving rightful aid to Britain, or to China in Asia, let the president by all means refrain from calling on Congress for a declaration of war.

If we are forced to fight against the dictators who have thrown away the rule-book of civilized nations covering conduct of war, then we would be foolish to take time to make a declaration. Actions, now are more effective than words.

## WE DON'T NEED AN ARMY CAMP

When we come to consider the Panhandle area for government establishments in National Defense, Clarendon would be fortunate to secure some sort of manufacturing plant, but according to our observations, any army camp for the concentration of any considerable number of men, would be a curse, rather than a help for our town and community.

Considering fuel supply, accessibility, water, and other conditions it would appear that some national defense factory or depot might be located to splendid advantage in the environs of Clarendon. This would call for the immediate enlargement and completion of our emergency air field, and prove much more of a blessing than some kind of a training camp, which many towns seek to get.

Congressman Worley will please take note of this situation when the placement of National Defense establishments comes down to locations in the Panhandle.

## Economic Highlights

Happenings That Affected the Dinner Pails, Dividend Checks and Tax Bills of Every Individual. National and International Problems Inseparable From Local Welfare.

On the third of May, Joseph Alsop and Robert Kintner's widely syndicated Washington column said this: "The President has reached the moment when he must make the most serious decision of his long career. Within the last fortnight the leading figures of the Administration and the most influential military and naval experts have all but unanimously ceased to hope Britain can win this war without active American intervention. The President must therefore decide between war and peace for his country."

It is extremely significant that a good many other Washington writers, along with men in high governmental circles, are making similar statements. The recent aggressive speech of Secretary Knox, in which he said, in effect, that America will fight if and when national interests make war advisable, indicates the way the official wind is blowing. And the President went farther than he has usually gone, in his speech dedicating Woodrow Wilson's birthplace, made on May 4. He said, connecting up the present crisis with that which confronted Wilson in 1917, that this country would fight again whenever its basic freedoms were in danger from any quarter.

This does not mean that there is much likelihood of the President asking Congress to declare war upon the Axis. In official circles, it is believed that there is no end for that—some think that we might become active participants in the war without even completely severing relations between ourselves and Germany. What England wants now is our unlimited naval support and the British government is making it clear to American representatives in London that without that support, Hitler will continue to hold a disastrous advantage.

Lately there were reports that American cargo ships, with American naval escorts, had reached Suez, though the Navy Department at once denied that our ships were being used for convoy purposes anywhere. To many observers, it is evident that the President's extension of our so-called neutrality patrol far into the Atlantic, greatly increases our chances of becoming involved in grave international "incidents." Theoretically, this patrol is simply supposed to spot German subs and raiders and to then inform British convoys and fighting ships of their location. Actually, it would not come as any particular surprise if the Germans attacked our patrol vessels—and our vessels roared into action in reply.

Some influential circles are in favor of using the American

Navy to convoy ships right into British harbors if need be—they make sense to permit our planes and tanks and munitions and other implements of war to be sunk. The finest fighting equipment ever made is of no service to the democracies, on the bottom of the ocean.

What opposition may be expected to the steps that might lead us to war? At the moment, it looks as if Congress will back up the President in any course he may decide upon. The leader of the official opposition, Wendell Willkie, said on May 3 that he is absolutely in favor of delivering the goods to Britain, "whether it be by convoy, airplane accompaniment or any other method deemed best." He is authoritatively reported to have sent the President word that he would support him in any such move. The isolationist groups, of which the America First Committee, with Colonel Lindbergh as its best-known speaker is leader, will fight any further aid-to-England steps, as they have fought all such steps in the past. But, judging by the polls and the temper of Congress, these groups have relatively little public or official support.

Japan may cause trouble—if she threatens Singapore, the Dutch East Indies, French Indo-China, or the Philippines, it will be necessary to keep a large part of our Navy in the Pacific, where it cannot be used for convoy duty. However, we probably could spare the bulk of our destroyers for Atlantic service, and it is these speedy little craft which are most needed for fighting the U-boat menace. Both this country and Britain are also remaking ships into improvised aircraft carriers for use for convoy work. The airplane is an effective weapon against the submarine, both for spotting and attack.

According to Secretary Knox, "In 90 days this nation will be producing more combat equipment than any country in the world, including Germany."

It is true that production has been stepped up fast in essential fields, though some authorities are still far from satisfied with the results. Goods are accumulating for lack of merchant ships to ferry them to England. It also seems true that the quality of some of our weapons, principally airplanes, has been improved by applying to their designs lessons learned on European battlefields.

Biggest advance is said to be the new M-3 tank. This 28-ton monster is supposed to be superior to any of its kind in the world.

## FSA Program Given National Defense Agency Designation

The Farm Security Administration, United States Department of Agriculture, has been designated as a National Defense Agency, according to word received here by John E. Burch, rehabilitation supervisor for the FSA in Donley County.

Federal programs contributing directly or indirectly, or both, to national defense have been given a defense rating by the Federal Government.

Mr. Burch said a chief contribution of Farm Security to national defense is its rehabilitation of farm families who have suffered the plight of economic insecurity.

"The Farm Security Administration does far more than merely loan money to low-income and needy families. Although this agency does make low interest loans to farm families unable to obtain credit from any other source, it has many other programs to assist America's rural families.

"Farm Security," Mr. Burch continued, makes it possible for many low-income rural people to find security of tenure, improved housing and sanitation facilities, improved diet, more stable income and, in many cases, improved medical attention.

There is another phase of the defense program.

FSA families are cooperating in the soil conservation program. They are using sound farm and home practices, rotating their crops, planning to plant cover crops, and they are growing feed for their stock as well.

The rehabilitation supervisor reported that many of the landowners in Donley County have given their tenants long term leases so that live-at-home and soil conservation programs can be carried out. This program, he noted, is also a defense program.

He pointed out that "in these times of stress, long term leases of three to five years are needed to give stability to the tenants and sharecroppers because it gives the tenants an opportunity to improve the fertility of the soil and take advantage of the environmental program of the F. S. A."

Approximately 30 families in Donley County have long term leases and all have written leases for one to ten years, with an option for renewal.

"In designating the Farm Se-

## "I AM AN AMERICAN" DAY — 1941

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA  
A PROCLAMATION

WHEREAS Public Resolution No. 67, approved May 3, 1940 (54 Stat. 178), provides, in part:

That the third Sunday in May each year be, and hereby is, set aside as Citizenship Day and that the President of the United States is hereby authorized and requested to issue annually a proclamation setting aside that day as a public occasion for the recognition of all who, by coming of age or naturalization, have attained the status of citizenship, and the day shall be designated as "I Am An American Day".

That the civil and educational authorities of States, counties, cities, and towns be, and they are hereby, urged to make plans for the proper observance of this day and for the full instruction of future citizens in their responsibilities and opportunities as citizens of the United States and of the States and localities in which they reside:

NOW, THEREFORE, I, FRANKLIN D. ROOSEVELT, President of the United States of America, do hereby designate Sunday, May 18, 1941, as "I Am An American" Day and urge that this day be observed as a public occasion in recognition of our citizens who have attained their majority or who have been naturalized within the past year. And I do call upon all Federal, State, and local officials, and all patriotic, civil, and educational organizations to join in exercises calculated to impress upon all our citizens, both native-born and naturalized, the special significance of citizenship in this Nation.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the City of Washington this 27th day of March, in the year of our Lord, nineteen hundred and forty-one, and of the Independence of the United States of America the one hundred and sixty-fifth.

curity Administration as a National Defense Agency," he said, the National Defense Commission recognizes the fact that a nation that has too many low-income, inadequately housed, fed and clad persons in it, together with those who suffer ill health, cannot be a strong nation in time of peace or war.

## TEXAS BUILDING SHOWS CLIMB DURING MARCH

(In. Texas, May 8.—After a slack month in February, Texas

building in March pushed the year's total nearly back to 1940 levels, the University of Texas Bureau of Business Research reports.

Building for the first quarter of 1941 totaled \$23,747,165 in 37 representative Texas cities, only 3 per cent behind 1940 totals. March building was up to \$8,859,994, 7.6 per cent ahead of March a year ago, and 29.9 per cent above February, 1941 figures.

# ★ 29 MILLION!

## A record never before approached!

★When the 29,000,000th Ford rolled recently from the assembly line, an all-time record for the industry was set. 29,000,000 units built by the same management and all bearing one name—a name that has become one of the best-known trade-marks in the world!

It is significant that this achievement comes at a time when our country is making a mighty effort to re-arm swiftly. For to further that effort, to help speed it along in any possible way, we have offered the vast facilities of the Rouge Plant and every ounce of our experience.

As you read this, a new \$21,000,000 Ford airplane engine plant, started only last fall, is nearly completed. A new magnesium alloy plant, one of the few in the

country, is already in production on lightweight airplane engine castings. Work is right now under way on a new \$18,000,000 plant for mass production of big bomber assemblies. Orders have been filled for military vehicles of several types, including army reconnaissance cars, staff cars and bomb service trucks.

In the midst of this activity for National Defense, building the 29 millionth Ford car is simply one part of the day's work.

The public has acclaimed the 1941 Ford car as the finest in Ford history. Ford Dealers are enjoying their greatest sales and expecting their best year since 1937.

It is good to be producing the things America needs, and to be setting records on the way!

# THE WHIRLWIND!

Published by the Students of Lella Lake High School, Lella Lake, Texas

The final examination schedule has been arranged for the high school and grade school. On May 28th from 8:45-10:25 the fifth period classes will have their exams. From 10:30-12:00 the second period classes will have their exams. From 2:30-3:45 all pupils are free to play.

On May 20th from 8:45-10:25 the fourth period classes will have their exams. The third period classes will have their exams from 10:30-12:00. The first period classes will have their exams from 1:00-2:30. From 2:30-2:45 the high school students will turn in their books.

On May 30th from 8:45-10:25 the high school pupils stay at home. From 10:30-2:30 there will be no exams. The grade school pupils will check in their books from 2:30-2:45.

The teachers will arrange the time for the typing tests.

Honor awards to be given at commencement to the highest ranking student in each class have been determined. These awards based on the scholarship and citizenship for the past year. The second name is the second highest ranking student in each class. In the eighth grade: Frankie Wood 84.25; Geraldine Foster 81.80.

In the ninth grade: Kathryn Grimsley 86.85; James Clark 81.60.

In the tenth grade: Lola Maria Ayers 87.46; Pauline Bain 81.60.

In the eleventh grade: Jophine Espey 90.85; Imogene Wisdom 90.32.

Claude Bain was the highest ranking boy in the senior class. His average was 80.60.

**HOMEMAKING NEWS**

Some people do not believe in teaching homemaking in school. They think its just a waste of time. They say, "Why, my Jane learns all she needs to know about keeping house at home. Anyway, a teacher couldn't teach her at school and help her any on keeping house". The first and second year girls with the help of Miss Rumpy have proved all of this belief wrong. At home they learn just the every day things in making a home, but in the homemaking class at school they not only learn this but many other things

such as the food value of different kinds of food and how to make the plate attractive and how to make menus for many occasions. They learn how to act at all times.

The second year girls have been studying meat the last few weeks. They have learned cuts of different kinds of meat and whether they are tender or tough. Last Monday they had laboratory on steak, liver and pork.

**GUESS WHO**

Member of the junior class—has blond hair, blue eyes—is rather tall and slender—to hear him tell it, he is always a bad boy—is always getting laughs because of that remark—he and his little sis are always having a few little disagreements—he and a certain senior boy are good friends even though this boy and little sis do not get along anymore.

As the time for going to school gets shorter, so do the sensible remark in this paper. You'd be surprised to know how hard it is to keep your mind on one track with races for queen, commencement, picnics, Fu Manchu latest episode and, oh yes, our studies running around up there at the same time. Perhaps, that's the reason that we only have nine months of school. We really need more time for the misplaced cogs to get back into place.

The real trouble with our epoch of today is that they were out all of the night before.

W

Claud: "How did you get that cut on your head?"

J. R.: "Must have bit myself"

Claud: "Don't be silly, how could you bite yourself up there?"

J. R.: "Must have stood on a chair."

W

She: "Don't you love driving?"

He: "Yes, but wait until we get off the campus."

W

Helen: "Gee, but that date last night was fresh."

Rosa: "Why didn't you slap his face?"

Helen: "I did, but take my advice, never slap a guy when

he's chewing tobacco".

W

Mr. Mc.: "Listen, freshman, are you teaching this class or am I?"

Tom: "I'm not."

Mr. Mc.: "Well, then, don't talk like an idiot."

W

L. D.: "Could I try on that suit in the window?"

Clerk: "We'd much rather you use the dressing room."

Anita: "Mmmmmmm, but that popcorn has a heavenly smell!"

F. G.: "Hasn't it? I'll drive a little closer."

Miss Rumpy, calling from hotel room: "There's a chink in the wall."

Clerk: "Well, what do you want for \$2.50, a couple of gigolos?"

Fat Lady: "Boy, call me a taxi."

Bell Hop: "All right, you're a taxi, but you look more like a truck to me."

It seems a general and colonel were walking down the street and as they passed private after private, the colonel would return their salute and then mutter, "The same to you."

"Why," said the general, why do you salute and then say, "The same to you?"

"I used to be a private myself once," said the colonel, "I know what they're thinking."

## LIBRARY NOTES

(By Mrs. C. A. Burton)

The daily press carries the statement that Eve Curie, daughter of the discoverers of radium, and Henry Bernstein, the playwright, have been deprived of French citizenship by Marshall Fottain under the accusation of supporting the Free-French government. Eve Curie took refuge in the U. S. sometime ago, and has been lecturing in this country. She is the author of "Madam Curie" which is the biography of her mother who was the world's greatest woman scientist and twice winner of the Nobel prize.

Also from the daily press comes the news of the death of Clarence Ray Wharton, an outstanding historian of Texas, at his home in Houston. He was 67 years old and the author of ten books, practically all on Texas history. He is said to have had one of the largest private libraries in Texas history in existence. His best work on Texas history was considered to be "San Jacinto, The Sixteenth Decisive Battle".

Sophie Kerr continues to be a pronounced "Feminist", recently making the statement that "American women have behaved with fully as much courage and intelligence as men in the national crisis." This petite, sweet-faced novelist and magazine writer with the deep set eyes is recognized in her literary work for sympathetic portraits of women and the women's world. Mrs. Kerr was born in Denton, Maryland, but makes her home in New York. Several of her books are on our shelves.

William Allen White, editor of the "Emporia Gazette" of Kansas, and author of "A Certain Rich Man" which established his place as a writer, and former head of the committee to Defend America by Aiding the Allies, has received the annual award of "The Churchman", Episcopal bi-weekly magazine, for his outstanding work in promoting good will among all peoples. This award was made on the basis of a pole taken among 800 religious and lay organizations and was presented at the publications annual dinner in New York. Mr. White's books are enjoyed by our readers. The Churchman's award last year went to Mrs. Franklin D. Roosevelt.

The Bible continues to be the world's best seller. The American Bible Society reports that twelve new languages in which it had not previously been published were added to the list last year. Among the new translations were those for the Zuni Indians in New Mexico.

One of the best known and best loved American authors is Joseph C. Lincoln. Since the publication of "Cape Cod Bal-lads" in 1902, he has written some forty odd books, every one of which have been popular. One of his most successful was "Blair Attie", written with his son, Freeman. One of our new books of another written by Joseph C. Lincoln and his son, Freeman, "The Ownley Inn", which is described as "a fresh and salty story with the excitement of a real mystery." And another of our

new books is one by Freeman Lincoln alone—"Rebound". This young author served his literary apprenticeship as associate editor of the Ladies Home Journal for four years. During this time he made a name for himself as a writer of short stories. Besides the books written in collaboration with his father, he has written "Nog" and "Sam", and now "Rebound" and "Sam", more than a shelf full of the stories of Joseph C. Lincoln and now of Freeman.

In answer to Anne Lindbergh's "Wave of the Past", R. H. Markham has now written "The Wave of the Future". Markham, a freedom loving American correspondent, stood grimly in Vienna and watched Hitler's troops pillage the house in which he lived. He does not mince words in his denunciation of Hitlerism. He says there are only two sides to this question—there is no neutral course—he either opposes the onslaught of Hitlerism or supports it.

A book for older girls is "Mornings At Seven" by Faye Foster Jay. A romance of Texas; a story of mesquite and orange blossoms; of bandits and love; of rampant rivers and youth; of a young engineer who snapped his fingers at an easy berth in New York and went off to dig ditches somewhere in Texas and there met his fate.

"The White Cliffs" is a very long poem by Alice Duer Miller which expresses completely and beautifully what many Americans feel about England in this dark hour. Of it William Lyon Phelps says, "Not only a very beautiful poem but a wonderful study of the English people."

Maude Diver has written some splendid stories of India which our readers have enjoyed. Now we have a new book of hers, "Sylvia Lyndon", an English story with London as its setting. One critic has said, "Mrs. Diver's books are full of distilled wisdom. Reading them we find a bigger, better, broader thing".

## DONLEY CO. LAND-USE COMMITTEE MEETS HERE

A general discussion of agricultural problems in Donley County featured the meeting last week of the Donley County Land Use Planning Committee, at the County Agent's office in Clarendon.

Heading the list of discussion topics was the problem of general health of Donley County farm residents. As a start on a health improvement movement, the group authorized its secretary, H. M. Breedlove, to mail to all Donley farmers copies of pamphlets setting forth information on proper diets and foods for good health. Individually, members of the committee agreed to work in their own neighborhoods to build up interest in more healthful diets and general living conditions.

Tying in with the diet discussion was an explanation by County Commissioner G. G. Reeves of the Food Stamp program which is to start in the county May 16. The Food Stamp plan has as one of its three principal objectives, Mr. Reeves said, the building of better health by providing a wider variety of wholesome foods, in greater quantities, to underprivileged families.

The committee advised County Agent Breedlove that the grasshopper menace might develop in the county this spring, and all members voted to have the County Agent make application for grasshopper poison and bran to be used in fighting the insects should they appear.

## LAST RITES HELD FOR MRS. DONNELL WEDNESDAY

Mrs. Sarah H. Donnell, one of the oldest Donley County citizens, died at her home in Clarendon Tuesday afternoon. She was 93 years old, and had been in failing health for several years. A native of Missouri, Mrs. Donnell had lived with her son, A. C. Donnell here for the past five years, coming to Clarendon from Silverton, the family home of many years.

Survivors include two sons, A. C. Donnell of Clarendon and B. Donnell of Amarillo, ten grandchildren, and two great grandchildren.  
Funeral services were held at 3:30 o'clock Wednesday afternoon, at Silverton, with Rev. F. M. Beauchamp of the Silverton Methodist Church officiating, assisted by the Presbyterian minister from the Briscoe County district.

## A. L. SWEARINGEN OF ASHTOLA DIED ON MAY 12

Archie E. Swearingen, 44, a farmer in the Ashtola community, died suddenly at his home Monday, May 12, and was buried in Citizens Cemetery at Clarendon Tuesday. A resident near Ashtola for the past four years, Mr. Swearingen had been in supposedly good health prior to his death, which was attributed to heart disease. He was a native of Oklahoma.

Survivors include the wife, Mrs. A. E. Swearingen, and six children, Zollie, Haskell, Ruth, Anna Mae Mary and Elbert D. Swearingen.  
Funeral services were held at the Goodnight Baptist Church with Rev. R. L. Self officiating. Funeral arrangements were in charge of Womack Funeral Home.

## LAST RITES HELD FOR WALTER A. HOLSENBECK

Funeral services were held at the Church of Christ here Monday morning for Walter A. Holsenbeck, a resident of Clarendon for the past five years, who died Saturday.

Mr. Holsenbeck was born in Eatonton, Georgia, January 4, 1869. He married Susie Bellinda Berry in 1902. The wife died a number of years ago, and two of eight children also preceded their father in death. Survivors include the six children, Mrs. R. A. Hodge of Mangum, Oklahoma, Mrs. B. H. Guynes of Rising Star, Texas, Taylor Holsenbeck of Weed, California, Walter T. Holsenbeck of Sunray, Texas, and Mrs. A. V. Bethel of Flomont, Texas. Five brothers and three sisters also survive, one of whom, E. M. Holsenbeck of Oklahoma City, was present for funeral services.

The deceased had been a member of the Church of Christ for 30 years, and last rites were read by Rev. Claud Smith of the Clarendon Church of Christ. Interment was in Citizens Cemetery, under Womack Funeral Home Direction.

## STREET PAVING PROJECT FOR HEDLEY

Seven blocks of street paving in the business district of Hedley is assured, with a possibility of several additional blocks including the churches and school, in a WPA project well on its way to construction, according to a story in the Hedley Informer last week.

New specifications have been sent in to the government agency and when they are approved the work will proceed. Business men of Hedley have almost unanimously made contributions to the project, and with some public donations the sponsors' part will be financed. The Informer urges all speed in the local plans, suggesting that it would be "nice to show the old settlers a town of paved streets when they meet this year."

Mr. Homer McElvany spent the weekend in Prague, Oklahoma, visiting with his mother, Mrs. M. F. McElvany.

Bill Greene, Jr. of Childress was in this city on business Friday.

Mr. and Mrs. Dick Shelton spent Sunday in Memphis.

Visiting in the J. O. Quattlebaum home Saturday were Rev. and Mrs. Quattlebaums' children, Mr. and Mrs. C. R. Ringham and son of Phillips and Mr. and Mrs. Dale Nix of Canadian.

## Local Composer Is Honored By MacDowell Club

Mrs. Millard Word was honored at a concert given by the MacDowell Club of Clarendon, Monday evening, May 12, when she was presented in her own compositions for chorus, piano, and solo.

From the prayerful spirit of the opening number, "The Federated Music Clubs Collect", thru the lilting of the "Spanish Serenade" charmingly rendered by a well-balanced chorus under the perfect direction of their leader, Mrs. H. R. Beck, which opened the program; the delightful solo interpreted with such artistry and sincere understanding by Mrs. E. A. Paschal, leading soloist of Amarillo, former pupil of Bentonelli, Metropolitan and Chicago Civic Opera tenor, and prominent in various offices in musical clubs of the state, ran the gamut of emotions with her audience.

A well chosen interlude was the reading "The Creation" by James Weldon, delightfully given by Mrs. John Knorrpp. The Sonata, played, as were all her numbers by Charlotte Ingham Word herself, held the audience with its harmony, its moods and tempos, expressing, as no other number, the heart of the composer.

Mrs. J. L. McMurry with her usual graciousness, welcomed the guests, expressed her gratitude to Mrs. Paschal for her very great contribution, not only to her friend, Mrs. Word, but to the MacDowell Club and Clarendon in the time and effort given to sharing her wonderful talent of song with them.

Members of the MacDowell Club not singing acted as ushers, and at the close of the "Sonata" presented Mrs. Word with gifts of flowers, also telegrams.

A highlight in Clarendon history and in the career of Charlotte Ingham Word was the Monday evening concert.

Mrs. McMurry also wishes to express the gratitude of the Club to the Methodist Church for the use during the year of their auditorium as well as to the newspapers for their generous publicity.

## W. J. Lewis Home Is Scene Of Buffet Dinner

The W. J. Lewis home was the scene of a buffet dinner Saturday night May 10, given by Mr. and Mrs. Lewis in honor of their son, William.

## Pathfinder Club Has Last Meeting Of The Year

The Pathfinder Club had its last meeting of the year Friday, May 9, when it met in the club rooms with Mesdames E. W. Henshaw, B. L. Jenkins, Lee Holland, and J. T. Patman acting as hostesses. All the business for the past year was brought to a close by the president, Mrs. Charlie Bairfield and the club enjoyed the last program until fall, when it will again be active.

The program, under the direction of Mrs. H. R. Beck, was entitled "Poetry and Music". Mrs. Oscar Thomas ably discussed modern trends in music and verse followed by selections of poetry by that beloved poetess, Grace Noll Crowell, read by Mrs. U. J. Boston. A sextet composed of Mesdames J. L. McMurry, Simmons Powell, H. R. Beck, E. W. Henshaw, J. H. Howze, and C. E. Harvey brought delightful entertainment to the members and guests. A piano solo by Sara Beth Lowry and other poetical selections read by Miss Gladys Wallis concluded the program for the afternoon.

The club had as its guests for the afternoon the senior girls of the high school and college.

## Garden Glances Presented weekly by the Garden Club

"America the beautiful lies in the hands of the gardeners"

Now comes the glory month—iris still here, peonies coming into their fullness, and roses at the door.

The brave old bore-infected locusts are blooming in several places and especially pretty on the North side of town.

In the Dr. Stricklin's yard a superb beauty bush is a veritable bower of small pink trumpets.

A bed of rare colored irises in the Chase's yard makes a lovely garden picture, and very beautiful is the blue iris hedge at the Braswell's.

The roses at the Van Kennedy's home are unusually lovely.

Bright pansies edge a flower bed at the Hoy's while at the Sims scarlet verberna makes a gay splash of color.

At the Boston's home, dainty columbines and red phlox are a delightful sight.

If you love your country, show it by making it the most beautiful country in the world.

Mr. and Mrs. W. L. McConnell of Panhandle visited Mrs. McConnell's mother, Mrs. Sarah M. Stocking, here Tuesday.

Jack Lackey was taken to an Amarillo hospital Sunday for an appendicitis operation.

## MIDWAY BIRTHDAY CLUB MEETS WITH MRS. NAYLOR

The Midway Birthday club met with Mrs. John Naylor Thursday honoring the natal day of Mrs. John Chamberlain.

After a short business session in the afternoon, with Mrs. W. M. Pickering presiding, a bridal shower was given Mrs. Inez Grimsley, daughter of Mrs. Scott.

Refreshments were served to Mesdames Henry Melton, Barton, and Miss Vera Morrison who were guests for the afternoon, and to the club members Mesdames W. M. Pickering, John Chamberlain, Scott, Carl Naylor, A. C. Arnold, eGne Chamberlain, A. E. Algren, Hieflner, and John Goldston.

Tea guests were Mesdames Pete Thompson, Ray Heifner, John F. Harlan all of Amarillo, and Misses Imogene Wisdom, Virginia Cook, Betty Jo Adkins of Hedley, Mrs. Verna Lusk, and Mrs. Edwin Eanes of Clarendon. The club will have its next meeting with Mrs. Gene Chamberlain in June at Memphis.

## FRIENDSHIP CLUB MEETS WITH MRS. STOCKING

The Junior Girls Auxiliary met Monday, May 12, at the First Baptist Church with Portia Hay, president, presiding.

The meeting was opened in prayer led by Ardith Warren and the president read the scripture. Songs sung were "America" and "Onward Christian Soldiers". A story entitled "The Farmer Who Would Not Sell His Trees" was told by Dortha Scott followed by another scripture reading and the meeting was dismissed in prayer.

## F. F. A. YOUTHS ENTERTAIN WITH PICNIC

Approximately thirty F. F. A. youths entertained their girlfriends with a picnic at the Word Ranch Monday, May 12. The group left school at 3:45 P. M., rode on a truck to the ranch and played various games until about 6:45 P. M. when the picnic lunch was served. The group returned to town about 8 P. M. The picnic is an annual affair and has grown tremendously the past several years.

### IMPRESSIONS OF WACO

Waco is an unusual town. Maybe I should say city. However, Waco is only slightly larger than Amarillo. Most of the population is made up by students going to Baylor University. The University is located East of town. The campus encloses spacious fields of beautiful grass and huge trees. To a person from the Panhandle of Texas these trees are probably the most interesting things in Waco. Many new buildings have been added to the University. Among these is a new administration building called Pat Neff Hall. This hall is named after the present president of the University, Pat. M. Neff. Mr. Neff is a former governor of Texas.

Another thing of interest is Cameron Park. This park is located along the Brazos River which flows along the edge of town. Cameron Park is named after a Mr. Cameron who once lived in Waco. His home is located in the Park.

Waco is not a city of skyscrapers. It is one of the largest towns of its size to have so few. One could see for miles and miles if it were not for the large trees for the city is located on very level land.

Another striking thing to a person from the Panhandle is that spring is "in full swing" in the middle of February. In the Panhandle in February everything is cold and bare, while in Waco the trees and grass are already green, and there are also flowers in bloom.

In conclusion it can be said that Waco is a very beautiful over-grown town.

### EXAMS

Yes, it's time again for those awful things—exams. The students are really in a faze, turning their books and paying late fines. There are very few people exempted in every thing, so congratulations, your school year is ended. The exams start Wednesday and continue through Tuesday. Good luck to those who take them!

## C. H. S. Band Struts Stuff In National Contest

### BAND RETURNS WITH HIGH HONORS

The band went to Waco with not too big expectations. They returned with high honors. The band played at 8:30 Thursday morning at Waco Hall. From there they sightread in a band house on Baylor Campus. There was a new addition to the contest this year. It was a theory test. Everyone did pretty good on it.

That night at Baylor stadium the bands formed a mass band and played several numbers. Then the marching contest began. Clarendon marched fifth. Clarendon's marching was rated second, and the playing third. This is especially good at the National Contest.

The band played a concert at the Clarendon City Park Sunday afternoon. They played a few numbers before the program and a few afterward. The park board served the band ice cream and cake. Each band member will receive two medals for the rating at Waco. They will really look spiffy now.

### Organizations

#### HOME ECONOMICS

The first year girls, in ending the unit on preparation and table service of breakfast and luncheon, prepared and served three luncheons.

The class was divided and each group was responsible for a certain part of the preparation and serving. These duties were drawn for in order that all the hard work would not be put on one person and all of the easy work given to one.

Each girl invited a guest and four girls and their guests ate at each table. One of the girls was host and one was hostess. One girl was the maid, carrying out the semi-formal style.

#### ANNUAL STAFF DINNER

The Broncho Annual Staff had dinner and danced at the Mexican Inn in Amarillo, Friday night. Later the group attended the Paramount Theatre.

Those going were Mr. and Mrs. Rufus White, Miss Madge Hall, Mrs. S. M. Payne, Kitty Ruth Bailey, Jean Cook, Earnest Eudy, Betty Jo Bartlett, Weldon Warren and La Verne Goodman.

Highlights of the evening were: Kitty Ruth Bailey singing "There'll Be Some Changes Made" at the Mexican Inn. Earnest Eudy and Betty Jo Bartlett shagging on down. Miss Hall and Weldon Warren enjoying the frog legs.

#### BAND PERSONALITIES

Name: Billy Mears  
 Instrument: Clarinet (Gobstick)

Billy has been in the band five years. He played in the Amarillo band a year and a half of this time. He returned to Clarendon and helped the band win at Plainview last year. He plays fourth chair solo clarinet. He has been a very valuable member, and all his fellow bandmembers appreciate him very much.

#### LAST ISSUE

This will be the last issue of the "Broncho Range" and the staff wishes to thank each student who have put forth effort to make the paper better.

Special thanks to Mr. Braswell who makes possible the printing and publication of the "Broncho Range." Here's wishing everybody a grand summer vacation until the school year of 41 and 42.

### Society

#### PATHFINDERS ENTERTAIN COLLEGE AND HI SCHOOL SENIOR CLASSES

The Pathfinder Club of Clarendon, entertained the C. H. S. Seniors and the J. C. S. Sophomores Friday, May 10, at the Women's Club room. Mrs. C. B. Morris gave a report on the regional convention of Federated Women's Clubs held at Amarillo. Mrs. Beck then took charge of the program. The first number was a Spanish song, a composition of Mrs. Millard Word, sung by a group of six ladies.

The theme of the program was poetry and music. Mrs. Thomas made a talk on swing, jazz and other types of music.

Miss Gladys Wallis read a poem "The White Cliffs" by Alice Duer Miller. This poem is about a girl of the United States of America who goes to England and marries an Englishman. He fights in the World War and is killed. She stays there and raises her son who in turn fights in the present war.

Mrs. U. J. Boston read some short poems by Grace Noll Crowell and the poem of Miss Johnson who is well-known here.

#### COLLEGE PICNIC AT LAKE McLELLAN

Thursday, May 8, the High School Seniors and College students observed the annual occasion with an all day picnic at Lake McClellan. The students gathered at the school building and motored to the lake by truck. Upon arrival the main attraction was the pier where everyone enjoyed boat riding, swimming and rowing the boats.

After enjoying these sports, the group returned to the picnic grounds and ate their own lunches which they had prepared. Dancing was enjoyed by the group until about 7:30 when they boarded the truck for home.

Everyone returned home tired, but happy with many fond memories to linger through the years to come.

#### CLOSING ACTIVITIES

The seniors of C. H. S. will have their annual class night Friday, May 16, at eight o'clock p. m. in the College Auditorium.

Sunday evening, May 18, at eight o'clock the seniors of High School and Junior College will hear the Baccalaureate Sermon delivered by Rev. M. M. Miller, the Presbyterian Minister.

Thursday evening, May 22, at the College Auditorium will be held the graduation exercises of the Jr. College. Dr. Hill of W. T. S. T. C. will deliver the address.

Mr. Deskin Wells of Wellington, Texas, will deliver the address to the seniors at their graduation exercises Friday evening, May 25, at eight o'clock.

#### FIRST GRADE

Mrs. Headrick has one new pupil. Her name is Doris Marie Smith. Billy Carl Pittman and Eva Lane won the show tickets.

Miss Cross's room won the half holiday from the exhibit.

Arva Zene Smith and Vernon Goldston won the show tickets. Annie Talley and Tommie Murphy won the show tickets.

Mrs. Hart's room won the half holiday. Bennie Shelly and Lama Vee Tatum won the show tickets. Joan May and Calvin McCrary won the show tickets.

All of the rooms made Mother's Day gifts.

### JUNIOR-SOPHOMORE PICNIC

The Juniors and Sophomores left Friday afternoon after school for McClellan Lake for their class picnic. Some went boat riding, a few danced and others enjoyed hikes. After a pleasurable afternoon all started home about 7:30 p. m.

#### WHICH PART OF THE ANNUAL DO YOU LIKE BEST. WHY?

Eugene Putman: Athletics. I'm more interested in that.

Lou Alice Adams. Snap-shots because they have something about everyone.

George Moore: Pictures of the classes because I wanted to see what most of them looked like.

Maxine Mitchell: The picture of the classes because everyone seems to have a more cheerful expression on their faces.

Johnny Leathers: Pictures of the classes because everyone is in that part.

Lois Scoggin: I like the snapshots because it is lots of fun figuring them out.

Jonnimerle Pickett: I like the snapshots because you see everyone as they look everyday.

Billy Lowe: I like the snapshots because there is a greater variety of the campus.

G. G. Reeves: I like the feature picture because they are bigger and you can tell more about them.

Nellie Ree Usrey: I like the snapshots better because that is the way most everyone acts everyday.

## LOSE UGLY FAT

for women and girls who want to

Lose double chin, bulging hips and stomach! No risky drugs. No inconvenience!

Here's the Plan that is appealing to such great numbers of girls and women all over the country to safely reduce excess fat so that the modern new styles will fit more becomingly—

Weigh yourself today. Get a bottle of Kruschen Salts (a famous English formula). Then every morning before breakfast take one half teaspoonful in a glass of water—eat wisely—cut out fatty meats, butter, cream and rich pastries—go light on white bread and potatoes.

After 4 weeks weigh yourself again and just see if you haven't lost pounds of ugly fat and gained that "Kruschen Feeling" of greater vivacity, more energy and improved health that so often accompany fat reduction.

REFUSE IMITATIONS! Demand and get only the genuine Kruschen (the famous English formula), plain or new effervescent, pleasant, sparkling. Bottle lasts 4 weeks and costs but a trifle. Any druggist.

## INDIGESTION

may affect the Heart

Get trapped in the stomach or pulled out like a hair-trigger on the heart. At the first sign of distress smart men and women depend on Peen-A-Mint Tablets to get the free, no laxative but made of the fastest-acting medicine known for acid indigestion. If the FIRST DOSE doesn't prove Peen-A-Mint better, return bottle to us and receive DOUBLE MONEY BACK. 25c.

## MIDDLE-AGE WOMEN

(38 to 52 Years Old)

### HEED THIS ADVICE!

Do you dread these "trying years"? Are you getting moody, cranky and NERVOUS? Do you fear hot flashes, weakening dizzy spells and other annoying symptoms due to female functional disturbances? THEN—

Be smart! Take famous Lydia E. Pinkham's Vegetable Compound. For over 60 yrs. Pinkham's Compound has helped hundreds of thousands of grateful women to go "smiling thru" difficult days, has helped calm such unstrung nerves and lessen annoying female functional "irregularities."

Lydia Pinkham's Compound is the best known and one of the most effective "women's" tonics made. Telephone your druggist right now for a bottle. WORTH TRYING!!

## DON'T BE BOSSED

BY YOUR LAXATIVE—RELIEVE CONSTIPATION THIS MODERN WAY

When you feel gassy, headachy, lopy due to clogged-up bowels, do as millions do—take Peen-A-Mint at bedtime. Next morning—thorough, comfortable relief, helping you start the day full of your normal energy and pep, feeling like a million! Peen-A-Mint doesn't disturb your night's rest or interfere with work the next day. Try Peen-A-Mint, the chewing gum laxative, yourself! J. Frank Dobie has done it again—written a darn swell book, perhaps his best—to date. It's called "The Longhorns" and anyone who hereafter undertakes to write on the subject will be like Ruth, "gleaning in the field after the reapers."
There are maturity, sureness of touch and an easy mastery of words. Consider this, "Old Brindle opened his eyes, yawned, got up as deliberate as a ticket agent." Or this picture of a teamster pleading with an ox-team that had become mired, "He talked to them harder than a crap-shooter talking to his 'bones.'" Or this cameo, "The days went by as slow as laboring oxen walk." And just one more nugget, the description of a man with a whip, "He curved the fifteen feet of tapering plaited rawhide through the air—and the ringing crack made the sky brighter."

This man Dobie is a poet.
A reading of old newspapers, no matter of what period, will show that the city, the country or the world was upset about something. It ran like this: The shipping clerk was making more money on stocks than the company president was making running the business, oil was selling at ten cents a barrel and being wastefully produced, stocks were crashing, Japan was ravishing Shanghai, and Germany was arming. Technocracy was the gobb: one month and chain letters the siren of the next.
It wasn't imagination or calamity howling. All those things were happening. They were affecting, did affect, and will affect our lives tremendously.
So we find a thought. And that thought is that if we wait to find a settled time in which to do something, we may wait out our threescore and ten years and die from shock on the last day from some new and startling development wholly unexpected. If you ever intend to build the dog a dry house, read good biography, or learn to carve a turkey, you might as well get started. There's no use waiting for things to settle down. (Handed in by our good friend, Dick Brown of Dallas).

In recent newspaper contests, the Alice Echo took first in one division of South Texas newspapers and the Menard News was first in the other division and the Eagle Lake Headlight took two second place honors; while the Mission Times was third in national competition. All these papers run "I Give You Texas." Could it just be a coincidence? Modesty forbids that I should discuss the subject further.

Mrs. Eunice Johnson Halbert and son, Bill returned to Crowell Saturday after an extended visit here with her parents, Mr. and Mrs. Dave Johnson.

TEXAS JOINS IN COTTON WEEK

Gov. W. Lee O'Daniel, chief executive of the greatest cotton-producing state in the world, signs a proclamation urging Texans to make National Cotton Week, May 16-24, "an outstanding success." All industries and organizations interested in the sale of cotton and cotton products—farmers, ginners, textile manufacturers, chain stores and independent merchants, civic organizations, the extension service and many others—are supporting National Cotton Week as a means of building the domestic market to aid an industry badly crippled by loss of foreign markets. Watching the governor sign the proclamation in Austin are members of the Texas Cotton Week Committee. Shown in the picture (left to right) are L. T. Murray of Waco, general manager of the Texas Cotton Association; Elmore Torn of Longview, agricultural director of the East Texas Chamber of Commerce; Luther Sharp of Dallas, vice president of Agricultural Trade Relations and chairman of the Texas Cotton Week Committee; Governor O'Daniel; Burris C. Jackson of Hillsboro, chairman of the Texas State-Wide Cotton Committee; A. M. Goldstein of Waco, representing the Texas Retail Merchants Association; and Will Bond of Hillsboro, representing the Texas Junior Chamber of Commerce.

#### PIONEER WOMAN BURIED MONDAY AFTERNOON

A Donley County pioneer ranchwoman, Mrs. W. R. Bourland, who came to Donley County 40 years ago, died suddenly at her home in Clarendon Sunday. Funeral services were held Monday afternoon from the family home, with Rev. J. Perry King conducting last rites.

Mrs. Bourland was born at Eddyville, Kentucky, October 22, 1854, the daughter of Lydia Ann and William Bush. In 1856 the Bush family moved to Texas, settling in Grayson County, where Mary Sarilda Bush became Mrs. W. R. Bourland in 1875. In subsequent years Mr. Bourland was engaged in ranching, and the family lived on ranches in Texas and near Duncan, Indian Territory at various times. In 1900 they moved to Donley County, and Mr. Bourland continued ranching until his death in 1922.

She is survived by four sons and two daughters, 15 grandchildren, and 16 great grandchildren. The sons are W. M. (Mack) and Frank of Clarendon, James of Pampa, and Fenn of McLean; and the daughters are Miss Annie Bourland of Clarendon and Mrs. Oscar Jenkins of Dallas.

Grandchildren are Lacy, Ralph, Jack, Lotta, Joe, Fred, George, and Jimmie, and Mrs. Neva Baldwin, children of Mac Bourland; Hazel Dillard and Jean Ross, daughters of Frank Bourland; Charles and May Kate, children of Jim Bourland; Lawrence, son of Finn Bourland, and Mina, daughter of Mrs. Oscar Jenkins.

Great grand children include Richard and Billy, sons of Lacy Bourland; Lotta, Bess, Jimmie Gene, Carolyn, and Kathryn, children of Mr. and Mrs. Baldwin; Jackie, son of Jack Bourland; David Lawrence, son of Joe Bourland; Gary, Lynn, and Ritchie, sons of Mr. and Mrs. Dillard; and Edwin and Betty Sue, sons of Lawrence Bourland.

Funeral services at the home were attended by a large part of the family, in addition to numbers of friends of the deceased residing in Donley and other Panhandle counties. Last rites were read by Rev. King, and a quartet composed of Miss Anna Moores, and Miss Mantie Graves, Buddy Knorpp, and Fred Cook, Jr., with Mrs. Allen Bryan at the piano, rendered appropriate music.

Interment was in Citizens Cemetery, and pall bearers were Fred, Charles, Jack, Ralph, and Lawrence Bourland and Robert Dillard, grandsons of the deceased. Funeral arrangements were in charge of Buntin Funeral Home.

HARMONY CLASS HAS SOCIAL  
The members of the Harmony Class were entertained at the country home of Mrs. Walter Hutchins Thursday afternoon, May 8.

Preceding the social function a short business session was conducted by the president, Mrs. Bones. Games of 42 and dominos were enjoyed throughout that afternoon by the sixteen members and two guests.

#### NEED FUNDS FOR LUNCH PROJECT

A summary of a year's activity and another plea for funds to complete that year financially came this week from the WPA school lunch room, which serves Clarendon children.

Since October 23 the WPA school lunch room, operating in the Junior High building has served lunches 135 days to approximately 75 underprivileged children daily.

The total number of lunches served to date is 12,600. Approximately 2000 of those were paid for at the rate of 15c per meal. The remaining 10,600 were served free to underprivileged children.

Foods consumed in the lunches are from two sources. The Surplus Commodities program of the Federal Government has furnished 7,869 pounds of food, while local funds have bought food to the amount of approximately \$400.

The lunches are prepared and served by a group of four women, all of whom have had much experience in cooking and serving lunches, as well as in the canning of foods.

This lunch room, together with others in Donley and Armstrong counties, is under the supervision of Mrs. Edythe Maher. Much credit is due both Mrs. Maher and the workers for the excellent service to the school and community.

Of the funds spent locally almost \$300 has been realized from paid lunches while local contributions have accounted for approximately \$75.00. These contributions are greatly appreciated by the Clarendon Schools and all others connected with the lunch program. Donations have been made by a great many civic and social clubs, as well as by many individuals, ranging in amounts from \$1 to \$10. Without this help the lunch program could not have been a success.

At this time, with one week to go, there are accounts outstanding of about \$75 while the treasury has only \$31. Approximately \$50 will be needed to finish the job. Anyone wishing to help in this connection is urged to leave his donations with Norwoods Pharmacy, Douglas Goldston Drug Co., Caraways Cafe, or at the office of this newspaper.
